# PURPOSE:

The purpose of this Standard Operating Procedure (SOP) is to provide a common process for Customer Commands and Transaction Service Centers (TSCs) to follow during management and administration of a Service Member's Permanent Change of Station (PCS) transfer between Permanent Duty Stations (PDS).

Requirements for the following SOP Roles are identified in this SOP:

# Roles / Responsibilities:

- TSC/Personnel Office Clerk: The role of 'CLERK' as used in this SOP refers to a civilian Clerk, a contractor, or a Command Pay and Personnel Administrator (CPPA) authorized to \*create\* NSIPS transactions.
- TSC/Personnel Office Supervisor: The role of 'SUPERVISOR' refers to a civilian MILPERS or MILPAY Supervisor/Lead/Auditor or a senior Personnel Specialist who is normally designated as a person authorized to \*release\* NSIPS transactions.
- Note: "If the designated supervisor is not a MILPAY lead/auditor, then a TSC Deputy Disbursing Officer (DDO) or other senior designated pay/personnel service representative properly authorized will be required to audit NSIPS transactions and supporting documentation impacting military pay PRIOR to releasing them, so as to ensure accurate and correct DJMS information is transmitted for inclusion into the Master Military Pay Account (MMPA)."
- Command Leadership: CO/XO/CMC and key representatives (on large afloat command may include DHs, Dept LCPO, DIVOs, LCPOs, LPOs depending on organizational structure of the command).
- CPPA: Serves as the primary customer service link between command members and the supporting TSC or Regional Support Center (RSC).
   Duties and responsibilities are defined in MPM 1000-021. The term CPPA identifies personnel assigned the Navy Enlisted Classification (NEC) code of 791F, but for the purposes of this SOP may include Admin representatives who liaise directly with the ship's Personnel Office/TSC.

Note: Recent and future NSIPS programming releases will continue to expand CPPA roles and capabilities within NSIPS. As such, CPPAs may accomplish TSC Clerk assigned steps within this SOP consistent with expanded NSIPS roles and capabilities and servicing TSC/RSC authorization.

Service Member: A person serving in the Armed Forces who may be eligible for the entitlements listed in this SOP.
 Note: For enlisted Service Members, the CCC will be the primary point of contact (POC) for transfer coordination. For officers, Command Leadership (specifically CO and XO) will be the primary POC for transfer coordination.

#### BEST PRACTICES

- Note: Accompanied Overseas Assignment. In accordance with DoD policy, all Service Members will continue to be eligible for world-wide assignment without consideration of sexual orientation. However, host nation law may impact whether a same-sex spouse can accompany the Service Member. Effective 07 October 2016, please refer to the electronic Foreign Clearance Guide (eFCG) as the authoritative basis of determining whether a same-sex spouse (SSS) may be authorized a command-sponsored, accompanied tour, to a given host nation. The eFCG is routinely updated with the latest SSS SOFA Clarification Tracker under section I, paragraph F.1, "DoD PCS Same Sex Spouse Accompanied Tours" annotating where DoD restricts command-sponsorship of same sex spouses of military members and civilian employees. In lieu of distributing the SSS SOFA tracker information by email, posting updates to the eFCG provides an efficient and effective tool that is readily available to all Military Services in a familiar format. The eFCG site is a .mil/gov domain with restricted access for Official U.S. Government Use Only.
- Protect the privacy of Service Members' medical information and history throughout the entire process. Specifically, personal and medical information associated with required transfer and assignment duty screenings, e.g., Operations Duty Screening.

#### Service Member

- Review all "Comply with Items" on BUPERS orders to verify completion of all actions required by the Service Member in order to execute Permanent Change of Station (PCS).
- Obtain Orders endorsement(s) at all I-stops and ultimate duty station, as applicable. NAVADMIN 101/16 identified a deficiency in internal controls that the Navy did not provide
  sufficient evidence to support whether a travel voucher was submitted within the required five working days due to lack of endorsements on the orders as required by MPM 1320-310
  Permanent Change of Station (PCS) Transfer Order Endorsements (e.g., date, time, and place of reporting).

#### **CPPA**

- Maintain access to current forms and utilize NPPSC PCS Transfer Checklist: https://www.mynavyhr.navy.mil/References/Forms/NPPSC-Forms/
- Review PCS orders to verify Service Member completed "Comply with Items" and to ensure that Service Member is processed in accordance with "Comply with Items".
- Also Per PPIB 16-09 NFR 2015-0025 Corrective Action Plans, local CPPA will ensure travelers are aware of the five working day voucher submission requirement and that every effort is made to strictly adhere to the provisions of DoD FMR Vol 9 Chapter 8.

# TSC

- Run Prospective Loss Reports in Navy Standard Integrated Personnel System (NSIPS) weekly as required to identify Service Members within 9 months of their Projected Rotation Date (PRD). If a Service Member does not have Permanent Change of Station (PCS) orders, contact the CPPA immediately.
- Once orders are received, enter transfer data into the local database for tracking and maintain the database throughout the Transfers Process.
- Comply with requirements of NPPSCINST 5220.2 (Series) regarding review of Management Reports.
- Compile CPPA newsletter of recently released NAVADMINs/MPAs/PPIBs that pertain to Transfer processing and encourage discussion at CPPA meetings.
- Refer to MPM 1070-111, as required, to ensure NSIPS/ESR data is accurate and up-to-date when generating documents for submission to OMPF. Information should be verified by
  commands and/or activities responsible for service record entries before Service Members detach from the old duty station and upon reporting to the new duty station. When
  NSIPS/ESR data is missing or in error, commands and servicing personnel support offices shall assist the individual Service Member's effort to resolve the issue as soon as possible.
- Important Internal Control Action: MMPA verification steps within this SOP reflect important internal control actions that cannot be over-emphasized. This applies to the entire transaction process from its initiation and authorization through the final verification of the proper processing of the transaction in summary records. These particular SOP process steps are built-in management design control activities to ensure that all transactions are properly completed and accurately recorded.

### Overall

All personnel are required to comply with all PII/CUI policy guidance per required annual GMT. For further information, refer to the DON CIO website: https://www.doncio.navy.mil/

For Sailors transferring to Type 4 or D duty and found unsuitable due to a medical condition, once overseas screening has been reported per MILPERSMAN 1300-300, commands are directed to report unsuitability findings utilizing Exhibit 3 of MPM 1300-800. Parent commands will ensure operational screenings are completed and reported no later than 30 days after a Sailor is under orders to operational duty.  For enlisted members transferring to an operational command (Type 2) within their first year of active duty, the Navy's entrance physical examination will be considered to satisfy the requirement for an operation screening. Overseas screening, per MILPERSMAN 1300-300/302, is still required to be completed for all orders to Type 3, 4 or 6 duty.  All officers assigned to Type/TAC 2/C will complete an operational screening prior to transferring to the operational unit.
