

THE ASSISTANT SECRETARY OF THE NAVY
(MANPOWER AND RESERVE AFFAIRS)
1000 NAVY PENTAGON
WASHINGTON, D.C. 20350-1000

FEB 09 2023

From: Franklin R. Parker, Assistant Secretary of the Navy
(Manpower and Reserve Affairs)

To: Presidents, FY-24 Active-Duty Navy Commander Line
Promotion Selection Boards

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

Ref: (a) FY-24 Active-Duty Navy and Reserve Officer and Chief
Warrant Officer Promotion Selection Board Precept

Encl: (1) Board Membership
(2) Recorders and Assistant Recorders
(3) Administrative Support Staff
(4) Statutory and Regulatory Promotion Objectives

1. Date and Location

a. The promotion selection boards, consisting of you as presidents, the officers listed in enclosure (1) as members, the officers listed in enclosure (2) as recorders and assistant recorders, and the personnel listed in enclosure (3) as administrative support staff, are ordered to convene at the Navy Personnel Command, Millington, TN, at 0800, February 14, 2023, or as soon as practicable thereafter.

b. The boards shall proceed in accordance with all guidance in this letter, the FY-24 Active-Duty Navy and Reserve Officer and Chief Warrant Officer Promotion Selection Board Precept, reference (a), and (as applicable) the Statutory and Regulatory Promotion Objectives, enclosure (4).

2. Promotion Board Authorized Selections

a. The total number of officers who may be recommended in each competitive category shall be the number that most closely approximates the percentage set forth below of in-zone eligible officers determined as of the date the boards convene. The Chief of Naval Personnel shall determine the number of in-zone eligible officers on the convening date, calculate the number that may be recommended for promotion under the percentages set forth in the FY-24 Active-Duty Navy Officer Promotion Plan, and

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

furnish the number to the boards.

b. If the computation results in a fraction of a number of 0.5 or greater, that fraction is rounded up to the nearest whole number unless that rounded number is itself greater than 95% of the in-zone eligible officers, in which case the fraction is rounded down to the nearest whole number. If the computation results in a fraction of a number less than 0.5, that fraction is rounded down to the nearest whole number. The boards may recommend up to the number provided by the Chief of Naval Personnel.

<u>COMPETITIVE CATEGORY</u>	<u>PERCENT TO SELECT</u>
Unrestricted Line Officer	89
Special Duty Officer (Human Resources)	79
Engineering Duty Officer	95
Aerospace Engineering Duty Officer (Engineering)	87
Aerospace Engineering Duty Officer (Maintenance)	67
Special Duty Officer (Public Affairs)	80
Special Duty Officer (Foreign Area)	78
Special Duty Officer (Oceanography)	85
Special Duty Officer (Cryptologic Warfare)	80
Special Duty Officer (Information Professional)	79
Special Duty Officer (Intelligence)	75
Special Duty Officer (Cyber Warfare Engineer)	67
Special Duty Officer (Maritime Space)	75
Limited Duty Officer (Surface)	68
Limited Duty Officer (Nuclear/Submarine)	67
Limited Duty Officer (Aviation)	70
Limited Duty Officer (General Line)	67

3. Equal Consideration of Officers "In-Zone" and "Above-Zone".

As detailed above, the number of in-zone eligible officers is used only to calculate the total number of selects authorized. There are no individual zone selection limitations or expectations. Accordingly, in determining which officers are best and fully qualified for promotion, you are required to equally consider both above-zone and in-zone officers.

4. Consideration of Officers "Below-Zone". The boards shall identify exceptional officers from below-zone and consider selecting them for promotion to the grade of commander. The boards must ensure that these exceptional below-zone candidates are fully considered for promotion if they meet the best and

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

fully qualified standard. A number not to exceed 10 percent of the total selections authorized for each grade and competitive category may be selected from below-zone unless the number calculated is less than one, in which case the number that may be selected from below-zone is one.

5. Best and Fully Qualified Selection Standard

a. Fully Qualified. All officers recommended for promotion must be fully qualified; that is, each officer recommended must be capable of performing the duties of the next higher pay grade. Officers who do not meet that standard shall not be recommended for promotion. In this era of strategic competition, the Navy needs officers and leaders who are both skilled operators and skilled thinkers who have been exposed to an increasingly complex web of networks, people, and concepts. Our leaders must be evaluated for development of increasing talents in operational employment of naval capabilities, understanding of strategic competition, and exposure to the people, concepts, and educational experiences (including technology) to become transformational in the organization.

(1) Officers fully qualified for promotion demonstrate an appropriate level of both **competence**, as evidenced by a commitment to operational excellence and continual performance improvement, and **character**, as evidenced by the presence of the four core attributes of integrity, accountability, initiative, and toughness. Additionally, officers fully qualified for promotion adhere to Navy and Department of Defense (DoD) ethical standards, are physically fit, and demonstrate loyalty to the Navy Core Values.

(2) The Navy is composed of men and women representing dozens of different ethnic groups and hundreds of cultural heritages. Fully qualified officers must be capable of leading personnel from widely varying backgrounds and mentoring a diverse workforce while executing the Navy's strategic diversity initiatives. The Navy's ability to meet this leadership challenge depends, in part, on having leaders who reflect our very best, including performance, professional experience, and education. This capability is demonstrated by an officer's willingness and ability to be open to the diversity of ideas, experiences, and backgrounds of others. Conversely, factors which demonstrate a lack of this ability include, but are not limited to: substantiated equal opportunity/equal employment opportunity complaints and/or any substantiated finding of

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

hazing, hostile work environment, or maltreatment.

(3) Officers fully qualified for promotion should show a readiness for leading and solving problems at larger and larger scales.

(a) Their performance must reflect Navy Core Values: Honor, accountability for behavior, mindful of the privilege to serve our fellow Americans; Courage, the moral and mental strength to do what is right, with confidence and resolution even in the face of temptation or adversity; and Commitment, joining together as a team to improve the quality of our work, our people, and ourselves.

(b) Upon this foundation of Navy Core Values, they must show a mindset of continuous self-improvement, a desire to "Get Real, Get Better" every day. This includes the ability to: self-assess, to be absolutely honest, humble, and transparent in determining the actual performance of themselves and their teams; self-correct, to apply problem solving frameworks to pursue root cause and solve the Navy's hardest problems in a lasting way; and always learn, to pursue knowledge and apply learning from diverse sources in order to make themselves and their teams better.

(c) In modeling this behavior, they must demonstrate an ability to build teams and rapidly collaborate across diverse organizations to solve problems and achieve lasting outcomes. In doing so, they will model the belief that our people and culture are the Navy's asymmetric advantage, showing dignity and respect for everyone, regardless of background or rank. In addition, they will measure themselves by creating opportunities to remove barriers to individual, team, and Navy warfighting excellence.

b. **Best Qualified.** Among the fully qualified officers, you must recommend for promotion the best qualified officers within their respective competitive category. Proven and sustained superior performance in command or other leadership positions in difficult and challenging assignments is a definitive measure of fitness for promotion. Furthermore, successful performance and leadership in combat conditions demonstrate exceptional promotion potential and should be given special consideration. Each board member shall apply this guidance when deliberating and voting. Additionally, members will use the considerations below to guide their determination of the best qualified

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

officers.

(1) Command, whether at sea or ashore, is fundamentally about preparing for and leading in combat. You should select those officers who seize absolute ownership of their assigned mission and all that goes into its accomplishment. A command's mission is absolutely essential to the Navy's ability to fight and win. Look for those officers that imbue this belief in their team. Look for those that take fierce pride in this obligation. Select the officers that are the example their team reflects and those that embody humility, selflessness, and complete transparency.

(2) You must seek those officers that have been relentless in building a culture of the highest character and a tough, resilient team that wins. Our nation needs and expects their Navy to remain above reproach, as a force they admire and rely upon.

(3) Seek those officers that acknowledge the value of every Sailor and civilian. Consider those that take care of themselves and their teammates, embrace diversity of thought and background, and foster inclusion and connectedness. Seek those that always do the right thing, especially when it is hard. Consider those that keep close watch on their own mental, physical, and emotional health, and the health of those they lead.

c. **Skill Requirements.** The Navy must focus on the skills mandated by current needs and on developing the professional competencies required in our future leadership. The Navy and joint force leadership need to comprise a diverse blend of male and female officers who have excelled in both traditional and specialized career paths. You shall give favorable consideration to the critical competencies/skills developed by officers who have excelled in specialized career paths.

(1) The following guidance, in the form of "minimum" and "requirements" language, addresses particular shortfalls in the Navy. The minimum number should only be attained if there is a sufficient number of officers determined best qualified among those fully qualified officers who address the particular shortfall.

(2) **Critical Requirements.** Currently, the Navy has a critical need for officers with the competencies/skills listed

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

below. The selection minimum number for officers with the identified competency/skills is provided below. This number should only be attained if there are a sufficient number of officers determined best qualified among those fully qualified officers who possess that competency/skill. The specific skills and associated numbers in the below table shall not be interpreted as quotas.

Competitive Category and Grade: LDO (Surface) Commander		
Competency/Skill	Minimum	Requirement
6130 - Surface Engineer	3	13

Competitive Category and Grade: LDO (General Line) Commander		
Competency/Skill	Minimum	Requirement
6480 - Explosive Ordnance Disposal	1	3
6490 - Security	1	9

(3) **Additional Requirements.** In addition to the specific critical needs listed above, the Navy must continue to develop leaders who possess the competency/skill listed in order of significance below. Give due consideration to demonstrated performance and expertise in these areas.

d. **Additional Considerations.** The following are additional considerations in determining the best qualified officers:

(1) **Competence.** In addition to proven and sustained superior performance in command or other leadership positions, competence also includes the following attributes:

(a) **Commitment to Operational Excellence.** Because Mission One for every officer is the operational readiness of our Navy, the best qualified officers will demonstrate an unrelenting commitment to operational excellence. This commitment will be evidenced by mastery of the skills critical to naval warfare. The Navy values service and superior performance on operational fleet and subordinate command staffs.

(b) **Continual Performance Improvement.** . This attribute includes the ability to self-assess and self-correct, using a "Get Real, Get Better" mindset every day. It also includes the ability to develop a culture of learning in the teams they are called to lead, embracing meaningful feedback as an opportunity to get better.

(c) **Education and Professional Development.** The boards will actively seek those officers whose records reflect operational excellence and increasing education, and exposure to strategic concepts. Strategic competition demands leaders who possess the ability to outfight and outthink the adversary.

1. In line with the Secretary of the Navy Memorandum "Continuous Learning for Naval Officers" dated August 26, 2021, the boards shall give favorable consideration to those

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

officers with relevant graduate education, experience in specialized areas, and Navy Professional Military Education and Joint Professional Military Education (JPME). In May 2018, the Unrestricted Line (URL) instituted a board selection process for in-residence graduate education programs. That board selection process ensures that URL officers with superior performance records are afforded the opportunity for in-residence graduate education. Cultivation of our best and brightest officers through in-residence learning enhances critical thinking skills with a direct correlation to enhanced warfighting expertise. Beginning with officers in year group 2015, in-residence graduate education will be required prior to assuming major command. In determining officers who are best and fully qualified for promotion, the boards should give favorable consideration to officers who have obtained relevant graduate degrees while in-residence. Degrees earned through Department of the Navy funded Low-residency Graduate Education Programs (LGEP) fulfill the in-residence graduate education requirement.

2. The Navy values completion of graduate education and development of a subspecialty. Degrees from the Naval Postgraduate School, the Naval War College or equivalent Service institutions, and civilian education programs that result in assignment of a subspecialty code or award of Additional Qualification Designation (AQD) codes are desirable. Proven expertise from an experience tour utilizing that subspecialty in necessary tours is both valued and fundamental to development of Navy leaders.

3. The Navy values competitive scholarships and fellowships, examples of which include: Olmsted Scholar, Marshall Scholar, Rhodes Scholar, White House Fellowship, Secretary of Defense (SecDef) Corporate Fellowship, Tours with Industry, Fleet Scholars Education Program, and Federal Executive Fellowships (e.g., politico-military and cyber).

4. Best qualified officers seek opportunities to broaden their cultural awareness through experiences and education and to enable better communication in a global operating environment.

5. The Navy values the importance of Naval Reserve Officers Training Corps (NROTC), Officer Training Command (OTC), Recruit Training Command (RTC), and U.S. Naval Academy (USNA) duties in building and developing future Navy leaders. When reviewing an officer's qualifications for the

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

next higher grade, you should give favorable consideration to
NROTC/OTC/RTC/USNA assignments.

(d) Individual Augmentee (IA)/Global Support
Assignment (GSA)/Overseas Contingency Operations (OCO)/Irregular
Warfare/Afghanistan-Pakistan Hands (APH) Program Assignment

1. The boards may give favorable consideration to those officers who have displayed superior performance while serving in IA/GSA/OCO/APH assignments in direct support of OCO, Irregular Warfare, and the National Defense Strategy and, in particular, those IA/GSA/OCO/APH assignments that are extraordinarily arduous or which involve significantly heightened personal risk. These individuals are developing valuable combat and nation-building skills under stressful conditions. Such assignments may not be typical of the officer's traditional community career path, and the officer may be rated by a reporting senior unfamiliar with the officer's specialty and the Navy fitness report system.

2. IA/GSA/OCO assignments may take an officer out of the normal community career path for periods up to one and a half years. APH assignments consist of extensive specialized training and multiple, non-standard deployments that may take an officer out of the normal community career path for periods of up to three and a half years.

(e) Encourages both compliance and creativity. We must encourage every officer to think creatively, develop new ideas, take prudent risks, and maximize capabilities through sound management practices. In the context of a changing Navy, officers demonstrating innovative thinking, efficient management skills, prudent risk taking, and effective business practices, may reflect a variety of backgrounds.

(2) **Character.** In addition to competence, the best qualified officers will demonstrate the following attributes:

(a) Possesses and openly demonstrates the four core attributes. The challenges facing our Navy are growing in scope, scale, and pace. To meet these challenges, the Navy needs male and female leaders who have demonstrated estimable character and are prepared for decentralized operations. You should give careful consideration to officers who demonstrate the four core attributes that guide our decisions and actions: integrity, accountability, initiative, and toughness. Integrity may be demonstrated as an individual or as a team member by

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

displaying conduct that is upright, honorable, and by working to strengthen the resolve of their peers, superiors, and subordinates. Accountability may be demonstrated by achieving and maintaining high standards, honestly assessing progress, and adjusting as required. Officers demonstrate initiative by taking ownership, acting to the limit of their authorities, and looking at new ideas with an open mind. Toughness can mean marshalling all sources of strength and resilience, including rigorous training; encouraging the fighting spirit of our people; and providing steadfast support to our families. Officers who demonstrate these core attributes ensure the Navy remains the world's finest navy and deserve your careful consideration when selecting officers who are best and fully qualified.

(b) Builds strong culture and teams while achieving measurable outcomes. You should give careful consideration to officers who demonstrate the following behaviors:

1. Relentlessly builds a culture of the highest character - a tough, resilient team that wins.

2. Acknowledges and honors the value of every Sailor and civilian.

3. Takes care of themselves and their teammates.

4. Embraces diversity of thought and background, and fosters inclusion and connectedness.

5. Always does the right thing, especially when it is hard.

6. Keeps close watch on their own mental, physical, and emotional health, and the health of those they lead.

(c) Demonstrates a commitment to personal and professional growth. You should give careful consideration to officers who broadly embrace a "perform to plan" mindset; use data-driven insights; master the skills critical to naval warfare; and are open to meaningful feedback from seniors, peers, and subordinates alike.

(d) Facilitates connections in self and others. You should give careful consideration to officers who lead with

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

humility and consistently and sustainably inspire their teams to perform at their best. This trait includes active mentorship of those within and outside of their immediate command and/or community and active advocacy for those whom they mentor. It also includes a demonstrated commitment to expansion of competence and continual strengthening of character.

(e) Is loyal to and behaves consistently with the Navy's Core Values. You should give careful consideration to officers who actively pursue what is right and behave consistently with the Navy's Core Values. While we do not embrace a zero-defect officer corps, the best qualified officers will demonstrate consistency between the Navy's Core Values and their on- and off-duty behavior.

(3) Championing a Culture of Excellence. The boards may give favorable consideration to those officers who have well-implemented those programs foundational to the Navy's Culture of Excellence campaign. In doing so, they will have created a sense of inclusiveness and connectedness in creating teams that generate superior outcomes.

(4) Coronavirus Disease 2019 (COVID 19) Stop Movements. Due to COVID-19 and the resultant stop movement, Fitness Report summary groups were altered beyond the Reporting Senior's control and in conflict with his or her intent. Officers receiving Fitness Reports where a Reporting Senior indicated COVID-19 impacted the end result should not be viewed adversely and the COVID-19 impact must be taken in context when viewed with the totality of the record. The boards must take extra care to not disadvantage members for their inability to transfer as a result of the stop movement.

(5) Indo-Pacific Area Expertise Considerations

(a) As indicated in the National Defense Strategy, China is leveraging military modernization and predatory economics to coerce neighboring countries to reorder the Indo-Pacific region to their advantage. As China continues to seek economic and military ascendance, it will continue to pursue a military modernization program that tries to displace the United States to achieve global preeminence in the future.

(b) Recognizing this challenge to U.S. national security interests, special consideration shall be given to officers who have excelled in their knowledge of the political-

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

military affairs and U.S. strategic interests in the Indo-Pacific region.

(6) **Joint Officer Considerations**

(a) Our ability to operate effectively with the other Services is vital to our war-fighting capability. To foster this ability, a number of officers are assigned to joint duty with the Joint Staff, the other Services, and joint organizations. To ensure our ability to conduct joint operations, the Navy is firmly committed to placing as many officers as possible in joint duty assignment billets.

(b) Success in these assignments should be given special consideration, and the statutory joint promotion objectives, delineated in enclosure (4), represent critical requirements that warrant particular consideration when determining which officers are best qualified for promotion. However, these statutory joint promotion objectives do not alter the best and fully qualified selection standard. As such, members shall only select eligible officers who are best and fully qualified for promotion, even if doing so will result in a failure to meet the statutory joint promotion objectives.

(7) **Acquisition Workforce Considerations.** Acquisition Workforce officers possess the qualifications to manage the development, acquisition, and life cycle support of the Navy's current and future platforms and associated systems. The URL, Aerospace Engineering Duty Officers, and Engineering Duty Officer communities all contain Acquisition Workforce officers. In addition, contracting skills are based in the Supply Corps and Civil Engineer Corps. While there are specific needs and backgrounds in each community, there are overarching acquisition skill sets which are valued and found in all of these communities. Officers who possess these skills, regardless of the community to which they belong, are valued and necessary for the health of the Acquisition Workforce, and should be considered in the broad context of the Acquisition Workforce. Examples of these overarching skill sets include technical and operational knowledge of weapons and major weapons systems (e.g., ships and aircraft), Command, Control, Communications, Computers, and Intelligence (C4I), combat systems, unmanned systems, systems engineering, enterprise information systems, and information technology (IT). In determining the best and fully qualified officers for promotion, you shall give equal consideration to outstanding performance whether in an acquisition or non-acquisition position.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

6. Equal Opportunity and Diversity Guidance

a. Diversity is the strength of our Nation. The Navy benefits when we capitalize on the diverse experience, perspective, innovative spirit, background, and ideas in our ranks. Diversity is focused on maximizing the warfighting effectiveness of our Navy by drawing upon the entirety of our talents and backgrounds. Diversity is not founded on statistics, percentages, or quotas. Diversity is about achieving peak performance. Our Navy should draw upon the entire possible set of talents and backgrounds to maximize our warfighting capability, innovate to address new threats and challenges, and take advantage of emergent opportunities.

b. The Department of the Navy is dedicated to equality of treatment and opportunity for all personnel without regard to race, religion, color, sex (including pregnancy), gender, gender identity, sexual orientation, or national origin. The Navy strives to maintain a professional working environment in which any of these bases will not limit a Sailor's professional opportunities. Discrimination on any of these bases is contrary to the Department's core values of honor, courage, and commitment. Accordingly, within this board's charter to determine the officers who are "best and fully qualified," or "fully qualified," as applicable, you must ensure that officers of every race, religion, color, sex (including pregnancy), gender, gender identity, sexual orientation, and national origin are given fair and equitable consideration.

c. Your evaluation of all officers must be fair and equitable. You should be particularly vigilant in your evaluation of records to take care that no officer's promotion opportunity is disadvantaged by service utilization policies or practices. You should evaluate each officer's potential to assume the responsibilities of the next higher grade, including his or her ability to successfully lead a diverse organization, the overriding factor being performance of assigned duties.

d. Impermissible Considerations. Promotion boards are prohibited from considering the following:

(1) The marital status, civilian employment, religion, or volunteer service of an officer;

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

(2) Any information regarding an officer's spouse, including, but not limited to, civilian or military employment, education, race, religion, color, sex (including pregnancy), gender, gender identity, sexual orientation, national origin, and volunteer service;

(3) An officer's previous decision to opt out of a promotion selection board; and

(4) An officer's previous participation in the Career Intermission Program.

e. The Navy has assigned some officers outside of traditional career development patterns (e.g., institutional instructors, diversity officers, recruiting, and equal opportunity billets). These assignments, though greatly beneficial to the Navy, may have foreclosed to the officers so assigned opportunities available to other officers. In addition, other utilization policies or practices, such as those based on statutory restrictions on the assignment of women, may have had an effect on career opportunities. Such assignment practices should not prejudice the selection of these men and women for promotion; to do so may deny the Navy the diversity of talent, background, and experience we should seek and which is necessary for sustained success in our changing world. Successful performance of duties assigned is the key in measuring an officer's potential for promotion; duty performed well by men and women affected by such utilization policies or practices should be given weight equal to duty performed well by an officer not affected by such policies or practices.

f. This guidance shall not be interpreted as requiring or permitting preferential treatment of any officer or group of officers on the grounds of race, religion, color, sex (including pregnancy), gender, gender identity, sexual orientation, or national origin.

7. Unrestricted Line (URL) Considerations

a. Each URL Community has a separate and distinct career path, with milestones and milestone screening boards that do not necessarily correlate to one another. In determining best and fully qualified officers, the board may consider demonstrated superior performance in leadership positions and administrative screening board results as strong indication of future potential. However, the board should not view the absence of

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

such experience or screening negatively where the typical career path does not include opportunities for equivalent leadership positions or screening opportunities across all officers of the URL. As always, sustained superior performance provides positive indication of future potential to serve in the next higher grade.

b. Aviation merit reorder slides guide the following discussion: Naval Aviation is a large and competitive community. Those officers who are consistently recognized as Early Promote performers in competitive summary groups during both sea and shore assignments should receive first priority for merit reordering. Priority should be given to officers who have earned a #1 EP FITREP in a competitive summary group during their department head tour and have been a top 10 percent EP in all prior assignments. TACAIR/Rotary communities value longer periods of recognized performance, but Maritime communities do not discriminate by milestone duration. Naval aviation values follow-on shore tours in nominative assignments and NAE-valued community staff assignments (N98, PERS-43, NAWDC). Priority should be given to officers who earn an EP FITREP in one of these assignments. Finally, additional consideration should be given to officers who have completed graduate education, a tour in Financial Management, Operations Analysis, and/or officers who have completed an IA/GSA.

c. Surface Warfare merit reorder slides guide the following discussion: Surface Warfare is a large and competitive community. Those officers screened for or serving in XO/CO Fleet-up billets with stand-out performance as a DH Afloat (consistent MP/EP breakouts throughout DH tours) should receive first priority for merit reordering. Additional consideration should be given to officers with a completed Master's degree and either breakout performance in Early Command (EP hard break, #1 or #2 soft break) or post-DH stand-out performance in production and/or community tours (CNSP/CNSL, SWSC, N95/N96, NSMWDC, PERS-41).

d. Submarine merit reorder slides guide the following discussion: Those officers recognized as top performers based on squadron rankings while serving (or having served) as a XO afloat, and are recommended for CO afloat should receive first priority for merit reordering. Additional consideration should be given to officers who have been consistently recognized as EP performers in competitive summary groups during both sea and shore assignments.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

e. Naval Special Warfare merit reorder slides guide the following discussion: Those officers recognized as top performers while serving as executive officer who have completed JPME Phase I should receive first priority for merit reorder. Additional consideration should be given to officers who have completed a competitively screened operational tour at either a SEAL Delivery Vehicle Team or Tactical Development and Evaluation Squadron, completed a Sensitive Reconnaissance Operation, demonstrated superior performance on a Flag or Joint staff, completed an in-residence Graduate Education Program, or served in a detailer or community management assignment.

f. EOD is a community with diverse experience at both Naval and Joint commands. Due consideration should be given to those officers who are consistently recognized as Early Promote (EP) performers in competitive summary groups during both sea and shore assignments and should receive first priority for merit reordering.

(1) EOD merit reorder slides guide the following discussion: Priority should be given to officers awarded "EOD EXEC OFF" AQD (KG6) and at/above RSCA during their XO tour and Early Promote during their lieutenant commander staff tour. Additional consideration should be given to officers who have successfully completed JPME Phase I and in-resident Graduate Education Programs.

8. Human Resources (HR) Community Considerations

a. The HR Community provides core human resource expertise to define, attract, recruit, develop, assign and retain America's best talent. Career progression produces HR officers serving in critical roles in leadership and major staff positions. Successful HR officers demonstrate sustained superior performance in all assignments and with increasing responsibilities across three billet types: command and leadership, sea duty (HR 1200 only), and milestone tours. In calendar year 2021, the HR 1200 Community implemented significant changes to their career progression with three distinct career tracks to deliberately develop high expertise competency levels in senior HR officers.

b. Community Values are listed in order of significance for each paygrade.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

c. Officers who have a successful track record of sustained superior performance and an increasing scope of responsibilities in command, leadership, sea duty, staff, milestone tours and/or IA/GSA/OCO/APH assignments, particularly at the current paygrade, indicate potential to succeed at the level of commander.

d. Officers who have developed competency level expertise and completed qualification standard requirements (to include HR command PQS) at the intermediate level or higher in their primary career track indicate potential to succeed at the level of commander. Officers may have to complete tours outside of their primary track to achieve community values. Note: Career Tracks are only applicable to AC 1200 HR officers.

e. Officers who have a master's degree, particularly HR-focused (3XXX) (including Operations Research Analysis, Manpower Systems Analysis, Financial Management, and Education and Training Management, or civilian equivalent, indicate an officer's potential to grasp complex human capital concepts, policy, and analytical accuracy as a leader in the HR Community.

f. Officers who have HR-focused subspecialties (Manpower Systems Analysis, Operations Research Analysis, Financial Management, and Education and Training Management indicate prior application of human capital theories, concepts, policy, and analytical accuracy as an HR leader and are valued by the HR Community.

g. Officers who maintain an industry-recognized HR-related certification have demonstrated the ability to understand and apply human capital theories, concepts, and laws/regulations critical to policy development and execution across the Navy.

h. Successful tours in a joint billet and completion of joint education are valued by the HR Community.

9. Engineering Duty Officer (EDO) Community Considerations

a. Doctoral education is a strategic investment in the future. Advanced graduate education is an important element in maintaining a high velocity learning workforce that is resilient, knowledgeable, ready to address rapid technological advancements, and necessary to help the Navy solve problems, plan, lead, respond, adapt, and innovate in increasingly complex environments. As such, EDOs who obtain a technical doctorate

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

degree from a military service college or civilian institution, either in a Navy-funded billet or independently, should be given favorable consideration.

b. Officers who are top recognized performers over multiple EDO tours should be given first consideration for merit reorder and placed higher on the promotion list. A secondary consideration should be proven performance in EDO assignments such as overseas tours, sea duty, and INSURV, or proven performance in positions of leadership such as officer in charge.

10. Aerospace Engineering Duty Officer (AEDO) (Engineering and Maintenance) Community Considerations

a. Board members should carefully examine an officer's entire record to assess leadership, performance, and career potential.

b. For merit reorder consideration, clear recommendations toward early promotion should accompany recognized sustained superior performance; officers should excel in billets of increasing complexity, responsibility, and scope.

c. Engineering (1510) officers under consideration for promotion to commander should demonstrate superior performance in a designated O-4 experience tour. Officers will have varying degrees of acquisition and operational fleet experience. Both are equally valuable for officers based on the span of the community's lateral transfer window.

d. Maintenance (1520) officers under consideration for promotion to commander should demonstrate superior performance in a designated O-4 experience tour. Officer experience should include organizational and intermediate fleet maintenance experience at sea and ashore.

11. Public Affairs Officer (PAO) Community Considerations

a. PAOs use communication skills, strategies, and tactics to support a commander's objectives. Career progression produces senior PAOs who can lead an organization's communication enterprise and demonstrate an awareness and ability to navigate the dynamics of the information environment to achieve desired communication end states. Successful senior PAOs communicate strategically, demonstrate critical thinking,

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

conduct thorough problem set analysis, execute tactically, and provide astute counsel to flag officers and staffs. Providing direct support to three- and four-star flag officers, and senior executives, including political appointees, is the pinnacle of a PAO's career. As such, sustained superior performance in diverse billets, particularly direct senior leader support, operational staffs, community leadership, Washington, D.C. headquarters, and joint staffs, indicates strong potential for future success, keeping in mind though, that an officer's career track may not include all desired career milestones due to the recently enacted career milestone and progression model.

b. Best qualified PAOs should have a balance of increased leadership opportunity and increasing scope of public affairs responsibility in shore and sea billets. Officers who have successfully completed and have demonstrated superior performance in a lieutenant commander milestone tour, as demonstrated by earning the 7M1 AQD, should be given favorable consideration.

c. PAOs who obtain a post-graduate degree from a military service college or civilian institution, either in a Navy funded billet or independently, should be given favorable consideration.

d. Designation as a JQO, a successful tour in a joint billet, and completion of joint education are valuable in the development of senior PAOs. PAOs who have successfully completed these assignments should be given favorable consideration.

e. PAOs who obtain civilian accreditation in public relations, (AQDs: 7A1, 7A2) or certification as a communication management professional (AQDs: 7C1, 7C2) should be given favorable consideration

f. Considerations for Merit Reorder: Values for merit reorder are listed on the merit reorder slide in order of priority:

(1) Emphasis should be placed on a sustained superior performance throughout their time in grade, with particular scrutiny of their performance in milestone or independent tours.

(2) Officers selected for merit reorder should stand out among those selected for promotion as the best of the group.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

(3) Superior performance in their assigned duties in operational or fleet tours is more important than earning degrees, accreditations and certifications.

12. Foreign Area Officer (FAO) Community Considerations

a. FAOs are the Navy's globally embedded, persistently forward, strategic operators. Career progression produces FAOs who bring assured global access and posture, interoperability with U.S. partners, and positional advantage for the Fleet. FAOs advance Joint Force and Navy global objectives outlined in the National Defense Strategy, the Tri-Service Maritime Strategy and the CNO's NAVPLAN by delivering information, influence, and access advantages and combined lethality with Allies and Partners. Successful FAOs demonstrate sustained superior performance and increasing responsibilities along three billet types: Security Cooperation (OPNAV, Fleet and CCMD Staff or Offices of Defense Cooperation; Human Intelligence and Influence Operations (Defense Attaché Service); and Strategy, Plans, Policy (Navy, Joint, or Inter-Agency staffs).

b. Fully qualified FAOs receive one of five regional AQDs: FAO Q ME AF (Fully qualified CENTCOM FAO), FA Q EA PAC (Fully qualified INDOPACOM FAO), FAO Q WHEM (fully qualified SOUTHCOM FAO), FAO Q EUR (fully qualified EUCOM FAO), or FAO Q AFRICA (Fully qualified AFRICOM FAO). These AQDs require a regionally focused political-military master's degree or equivalent, documented language proficiency at an Interagency Language Roundtable level of two or higher in two of three modalities (listening, reading, speaking) with date of test not greater than two years old, and no less than six months of in-region experience. FAOs still working towards full qualification hold one of five FAO under-instruction AQDs: FAO T ME AF, FAO T EA PAC, FAO T WHEM, FAO T EUR, or FAO T AFRICA. Once qualified, language currency is maintained by retaking the DLPT every two years when most recent score is three or higher in at least two of three modalities, or annually when most recent scores are less than three in any two of three modalities.

c. Non-observed time for language study, master's-level education, and billet specific training (attaché or security assistance) is expected and should not be viewed negatively.

d. For merit reorder consideration, superior performance in arduous overseas assignment(s) typified by one or more of the following: mandatory unaccompanied billets; duty in remote,

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

austere, and challenging locations, typically with unstable governments or significant environmental hazards (poor sanitation, high pollution, weak healthcare facilities, etc.); and/or tours in non-permissive environments usually under authoritarian regimes. In addition, clear recommendations toward early promotion, and especially future flag potential when identified by flag officers, should accompany sustained superior performance, and demonstrated leadership.

e. Fully qualified officers have an "FA" AQD; completion of Joint Foreign Area Officer Phase I (DOD-governed orientation course for new community accessions) and JPME Phase I; Current in a foreign language at 2/2 or above.

f. Best qualified officers demonstrate sustained superior performance leading their peers in at least one FAO billet type.

g. At this level, the FAO Community also values:

(1) Demonstrated leadership advancing NDS objectives versus strategic rivals, regardless of region.

(2) Demonstrated leadership developing Globally Integrated Base Plans, Global Campaign Plans, or Theater Security Cooperation plans, as well as leading GO/FO level international strategic engagements and exercises.

(3) Completion of advanced strategic and operational courses (MSOC, MOPC, JAWS, JIOPC, etc.).

(4) Participation in competitive fellowships, scholarship programs, or continued education focused on strategic warfighting advantage.

13. Information Warfare (IW) Community Considerations

a. The IW Community is comprised of officers in the Oceanography (180X), Cryptologic Warfare (181X), Information Professionals (182X), Naval Intelligence (183X), Cyber Warfare Engineer (184x), and Maritime Space Officer (187X) communities. The IW Community was created to more effectively and collaboratively lead and manage the officers who possess extensive skills in information-intensive specialties. The IW Community aspires to assure command and control, generate predictive battle space awareness, and deliver integrated non-

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

kinetic and kinetic fires, including effective maneuver across cyberspace, the electromagnetic spectrum, and space as a warfighting capability, within fleet and joint force.

b. The Navy needs officers who possess unimpeachable credentials, have deep technical/operational experience in the IW Community domain, are innovative and bold, think creatively and challenge assumptions, and take well-calculated risks to deliver outcomes. As such, board members should view an officer's performance in leadership assignments as an indicator of their ability to lead diverse organizations across the range of IW missions and functions. Best qualified candidates will be top performers and will have experience leading, planning, and executing operations across a range of IW disciplines.

c. As of May 31, 2013, all officers in competitive categories that compose the IW Community began receiving rankings within combined IW summary groups in block 42 of fitness reports. However, officers in competitive categories that comprise the IW Community continue to compete for promotion within their respective individual community categories. As such, summary group position may not fully show an officer's position relative to individual community peers.

d. Merit reorder consideration will be given to those IW officers with sustained superior performance, demonstrating exceptional proficiency within their specific IW Community and across multiple IW disciplines afloat and ashore. Officers considered for merit reorder will possess an outstanding track record when ranked against their peers, within key operational milestone and leadership positions, and continued advancement of qualifications and higher education. Each IW community's specific merit reorder consideration criteria is provided in amplified merit reorder consideration slides and will be followed.

14. Oceanography (OCEANO) Community Considerations

a. The OCEANO community's core mission capability and capacity draws on experience and expertise in the fields of meteorology, oceanography, precise time and astrometry, bathymetry, geophysics, and hydrography, and is focused on providing timely and relevant support to fleet and joint operations. OCEANO officers typically develop foundational expertise in assignments at operational meteorology and oceanography (METOC) commands.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

b. Demonstrated expertise in one or more of the core missions of meteorology, oceanography, precise time and astrometry, bathymetry, geophysics, and hydrography is the foundation of the OCEANO Community. Expertise in multiple warfighting areas is highly valued. OCEANO officers should have balanced professional experience, to include demonstrated leadership, operational proficiency and qualifications, and technical expertise. Proven and sustained superior performance in documented positions of leadership and in difficult, challenging, and arduous operational assignments is the ultimate test of readiness for promotion selection.

c. Education is valuable and highly regarded for OCEANO officers. All officers will participate in advanced education leading to a Master's of Science degree in Meteorology and/or Physical Oceanography. Additional graduate level education is also valued. Officers who have participated in advanced education leading to a technical master's degree or a doctorate degree will have non-observed fitness reports covering significant periods of time in their careers. Board members should still consider these officers competitive for promotion based on their entire record.

d. Officers in the OCEANO Community are eligible for, and generally granted a scientific waiver for the JQO designation requirement for flag officer promotion. However, JPME and joint experience are highly valued.

e. Fully qualified OCEANO commanders will:

(1) Be currently assigned to or have completed a designated lieutenant commander operational milestone tour, with demonstrated operational leadership and experience at sea as senior lieutenants or lieutenant commanders. These assignments include ESG/CSG staff or CVN/LHA/LHD meteorology (OA/QO) division officer.

(2) Have completed a technical post-graduate education with associated subspecialty P- or Q-code.

f. Best of fully qualified criteria is not a checklist, but rather a list of valued skills and achievements beyond the fully qualified criteria listed above that are indicative of officers prepared for selection to the next higher paygrade. The best qualified OCEANO commanders will have:

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

(1) Demonstrated superior performance and leadership in
an operational O-4 milestone tour.

(2) Demonstrated superior performance in demanding and
diverse leadership tours such as executive officer or officer-
in-charge, and/or major staffs, joint positions and TYCOM
staffs.

15. Cryptologic Warfare (CW) Community Considerations

a. Leadership and demonstrated excellence in the CW core
mission areas of signals intelligence (SIGINT), electronic
warfare (EW), and cyber operations are the foundation for
successful CW officers. The CW Community values officers with
deep expertise in the information warfare domain (specifically
electromagnetic spectrum and cyberspace) and a proven record in
cryptologic tours afloat and ashore. Future CW leaders embrace
a diverse range of assignments in support of naval and joint
operations and have experience across the breadth of CW mission
areas to include space or acquisition qualifications.

b. CW officers typically develop deep foundational SIGINT
and cyber expertise in assignments at NIOCs and staffs aligned
with Cryptologic Centers, Cyber Mission Force, and NSA/CSS. CW
officers gain SIGINT and EW expertise in embedded maritime and
expeditionary environments, assigned to surface combatants as
ship's company or afloat staff, NAVSPECWAR commands/units, as a
Direct Support Officer (aboard surface, subsurface, or airborne
platforms), or IAs as an augmentee (Service, national, or
joint). Experience in SIGINT is denoted by the BI-series AQDs,
while EW experience is reflected through the BL-series AQDs. CW
officers gain cyber expertise under the operational control of
U.S. Cyber Command (USCYBERCOM), its naval component command,
U.S. Fleet Cyber Command (FLTCYBERCOM), NSA, and joint arena
(Joint Forces Headquarters/geographic combatant commands).
These commands integrate tactically and operationally with fleet
and joint forces in planning and executing operations worldwide.
Cyber experience is documented through the BO-series AQDs.
Additionally, CW officers make up a significant portion of the
Navy's Space Cadre (VS-series AQDs) and can qualify for the
Navy's Acquisition Corps (Acquisition series AQDs). The CW
Community values officers with experience in Space and
Acquisition.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF COMMANDER

c. Fully qualified CW commanders will be successfully performing in or have successfully completed an O-4 milestone tour.

d. Best of fully qualified criteria is not a checklist, but rather a list of valued skills and achievements beyond the fully qualified criteria listed above that are indicative of officers prepared for selection to the next higher paygrade. The best qualified CW commanders will:

(1) Have demonstrated superior leadership and performance in an O-4 leadership tour (executive officer/officer-in-charge).

(2) Have demonstrated proficiency across more than one CW core mission areas (SIGINT, EW, cyber).

(3) Possess an advanced degree (master's or doctorate).

(4) Have completed JPME Phase I.

(5) Have demonstrated superior performance in OPNAV or TYCOM assignments.

16. Information Professional (IP) Community Considerations

a. Leadership and demonstrated excellence in C4 and Cyber in the maritime environment are the cornerstones of success for IP officers. Future leaders of the IP Community must have a proven record at sea, in shore C4 and Cyber tours, and demonstrated technical IP expertise supporting naval and joint operations. Afloat and ashore tours in different geographic locations are highly valued as they demonstrate a breadth of experience and knowledge of global Navy operations.

b. The IP community gains a significant number of officers through lateral transfer or re-designation, typically at O-3 and O-4. For promotion eligibility purposes, these officers will not have completed the IP- milestone - assignments. As such, the board is encouraged to evaluate an officer's demonstrated sustained superior performance in warfare-appropriate billets (e.g., department head tours) and technical acumen to identify this aspect of a fully qualified officer.

c. Fully qualified IP commanders will:

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

(1) Be in or have completed their O-4 milestone assignment, or equivalent from previous community in the case of O-4 lateral transfers.

(2) Have completed the IP Intermediate Qualification.

d. Best of fully qualified criteria is not a checklist, but rather a list of valued skills and achievements beyond the fully qualified criteria listed above that are indicative of officers prepared for selection to the next higher paygrade. The best qualified IP commanders will have:

(1) Demonstrated sustained superior performance in O-4 milestone assignments.

(2) Demonstrated superior performance in OPNAV or TYCOM assignments.

(3) Completed a technical master's degree or in-residence education.

(4) Completed JPME Phase I.

17. Intelligence (Intel) Community Considerations

a. Leadership, warfighting competence, and sustained superior performance are the hallmarks of a successful naval INTEL officer. Senior Intel officers must possess a well-rounded career that demonstrates proven leadership in operationally-challenging environments, Navy and joint operational warfighting proficiency and expertise in conducting all-source operational Intel (OPINTEL). Intelligence officers are experts on the adversary and threats; therefore, developing deep expertise on our nation's strategic competitors is imperative. The Intel Community also values additional specialty skills, which are documented in records as Intel-specific AQDs (typically 3XX alpha-numeric AQD series). A limited number of naval Intel officer (1830) billets support the DoD-wide, joint-service RAIDER CUTLASS initiative. Officers serving in these billets are extensively screened and trained, perform multiple operational assignments, and expected to complete the same professional milestone and leadership requirements. All officers should demonstrate progress toward completion of advanced education and JQO qualification.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

b. A very limited number of officers will have had the opportunity to serve in command, executive officer or officer-in-charge, and these positions are highly valued. Command/OIC-screened officers lacking a command and executive officer or officer-in-charge tour due to insufficient opportunity shall not be viewed negatively.

c. The Intel Community gains a significant number of officers through lateral transfer or re-designation, typically at O-3 and below. Some officers will have a mix of assignments in both the Intel Community and another Navy community (e.g., aviation, surface warfare, etc.) prior to re-designation into the Intel Community. Both are equally valuable and board members are encouraged to examine an officer's entire record to assess career potential, leadership, and warfighting ability.

d. Fully qualified Intel commanders will:

(1) Be in or have successfully completed O-3/O-4 operational/sea milestone tour.

(2) Have completed JPME Phase 1.

e. Best of fully qualified criteria is not a checklist, but rather a list of valued skills and achievements beyond the fully qualified criteria listed above that are indicative of officers prepared for selection to the next higher paygrade. The best qualified Intel commanders will:

(1) Have superior performance in multiple operational assignments as an O-3 and O-4.

(2) Be a top recognized performer at a competitive Intel center, staff, OPNAV, or TYCOM tour as an O-4.

(3) Have demonstrated proficiency in leading Intel operations.

(4) Have superior performance in an O-4 XO/OIC leadership tour (limited opportunity).

(5) Possess an advanced education degree (master's or doctorate).

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

18. Cyber Warfare Engineer (CWE) Community Considerations

a. The CWE community is built on the foundation of offensive and defensive cyberspace capability development (vulnerability research; development, testing, and deployment of software, hardware, radio frequency (RF) components; data analytics) and values officers with deep technical expertise and operational knowledge of the cyber domain. CWEs are high-demand, low-density leaders and subject matter experts who develop foundational expertise in assignments at NCWDG, U.S. TENTH Fleet/FLTCYBERCOM, and NSA. All CWEs are expected to engage in continuous learning to expand their technical abilities and keep pace with rapidly evolving technologies.

b. The CWE career path changed in Fiscal Year 2019 (FY-19) and moved away from a legacy path that called for CWEs to lateral transfer to the CW or IP designator between five and eight years of commissioned service. Former CWEs were allowed to return to the CWE Community and will have records that show service as a CWE, then as a CW or IP, followed by a return to CWE. Additionally, under the Constructive Grade Credit authorities granted by the FY-19 National Defense Authorization Act, some CWEs may have been accessed into the Navy at a paygrade above ensign due to their advanced education and/or specialized experience. As a result, these officers will have less total time in service (and fewer fitness reports) than their peers competing for promotion to the same paygrade.

c. Part of the recent rapid CWE Community growth has come through lateral transfer in senior paygrades O-4 through O-6. In some of these cases, the transferring officer may not have all of the hands-on development experience expected to be gained while a junior CWE. In these cases, superior performance in the officer's previous designator should be taken into consideration when evaluating an officer's promotion potential.

d. Fully qualified CWE commanders will:

(1) Have demonstrated experience in either offensive or defensive cyber warfare mission areas.

(2) Have demonstrated leadership (e.g., dept, div, team) in previous assignments.

(3) Possess an advanced degree (master's, engineer's, or doctorate) in a technical, cyber related field.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

e. Best of fully qualified criteria is not a checklist, but rather a list of valued skills and achievements beyond the fully qualified criteria listed above that are indicative of officers prepared for selection to the next higher paygrade. The best qualified CWE commanders will have:

(1) Documented expertise across multiple CWE core mission areas (e.g., hardware, software, RF spectrum capability, data analytics), as documented by a record of diverse offensive and defensive tours at warfare centers, fleet staffs, and national assignments.

(2) Demonstrated strong technical leadership of software development teams and/or RF Spectrum/EW capability development teams.

(3) Demonstrated continuous learning to promote a deep technical understanding in CWE-related fields (e.g., computer engineering, cyber operations, computer science, and electrical engineering).

19. **Maritime Space Officer (MSO) Community Considerations**

a. Leadership and demonstrated excellence in the space domain is the cornerstone of success for MSO officers. Future leaders of the MSO Community must have a documented record of outstanding performance in sea and shore tours with emphasis on technical expertise and operational experience in the space domain, integrating Naval, Joint and national space capabilities into maritime operations, or supporting Fleet and Joint commanders. MSOs should be well versed in technical capabilities, authorities for using space systems, adversary space capabilities, and joint and naval warfighting doctrine and operational concepts.

b. The MSO Community is still in its infancy and gains all its officers via lateral transfer or re-designation, typically at the O-3 to O-6 level. For promotion eligibility purposes, the board is encouraged to evaluate an officer's performance and warfare qualifications prior to re-designation to identify those best qualified to serve in more senior MSO positions. The key characteristic the MSO Community needs in its future leaders is demonstrated warfighting competence and leadership.

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

c. Fully qualified MSO commanders will:

- (1) Have demonstrated sustained strong performance.
- (2) Be warfare qualified in any warfare area.
- (3) Have completed JPME I.

d. Best of fully qualified criteria is not a checklist, but rather a list of valued skills and achievements beyond the fully qualified criteria listed above that are indicative of officers prepared for selection to the next higher paygrade. The best qualified MSO commanders will have:

(1) Demonstrated progress toward a graduate degree in a technical or national security-related field of study.

(2) Demonstrated superior performance at major staffs (Fleet HQ/MOC, OPNAV, TYCOM, Combatant commands, Joint commands, etc.).

(3) Documented expertise in space (Space series AQD).

(4) Have qualified as an IW Officer under the IW Community Qualification Program.

(5) Have earned their WTI qualification in any warfare area.

20. **Active Limited Duty Officer (LDO) Considerations.** Active component LDO Officer Summary Groups changed October 1, 2017 to prepare for FY-21 selection boards. FY-24 is year four of promotion within competitive categories. Selection within the aggregate (LDO Line) has changed to four distinct competitive categories (Surface, NUC/SUB, Aviation, and General Line). Consideration for promotion remains fully qualified officers who have demonstrated outstanding leadership and professional acumen commensurate with the opportunities provided in their designator career path. As per each individual competitive category's Career Value Slide, the best qualified officers will have completed Command qualification, will be top performers and will have consistently excelled at leading in operationally challenging environments and staff assignments throughout their career. As of October 1, 2018, the opportunity to qualify and receive a SWO pin was removed and should not be viewed negatively if opportunity after that date did not exist. Refer

Subj: ORDER CONVENING THE FY-24 PROMOTION SELECTION BOARDS TO
CONSIDER OFFICERS IN THE LINE ON THE ACTIVE-DUTY LIST OF
THE NAVY FOR PERMANENT PROMOTION TO THE GRADE OF
COMMANDER

to the SECNAV approved Community Value Slides for amplifying
information on specific valued achievements for each control
grade within the competitive categories.

21. Recommendation for Reorder of Officers of Particular Merit

a. After the boards have determined all best and fully
qualified officers who should be recommended for promotion, it
shall proceed to determine whether any of the recommended
officers are of particular merit to be placed higher on the
promotion list than their lineal number would place them. The
officers recommended for merit-based reordering are, in the
opinion of the majority of the members of the boards, to be
placed higher on the promotion list and in the order
recommended; or, no officers are recommended for merit-based
reordering, in the opinion of the majority of the members of the
boards.

b. A number not to exceed 15 percent of the total
selections authorized for each grade and competitive category
may be placed higher on the promotion list unless the number
calculated is less than 1, in which case the number that may be
placed higher on the promotion list is 1. The boards may
determine that no officers should be placed higher on the
promotion list than their lineal number would place them.

c. Officers of particular merit are those officers whose
records contain documented performance consistently superior to
the performance of other officers recommended for promotion by
these boards.

d. No officer recommended for promotion shall be moved down
on the promotion list except by insertion of the name of an
officer of particular merit above that officer's name.

e. If the boards recommend officers of particular merit be
placed higher on the promotion list, then the boards shall
recommend the order in which those officers should be placed on
the list.

Franklin R. Parker

Statutory and Regulatory Promotion Objectives

PROMOTION SELECTION [BOARD OR BOARDS]

(These objectives DO NOT alter the best and fully qualified selection standard discussed in the convening order.)

1. **Statutory Joint Objectives.** For officers assigned to joint duty within the best and fully qualified standard, the board shall strive to ensure that the following statutory promotion objectives are achieved:

a. Officers who are serving, or have served, on the Joint Staff (JS) are expected, as a group, to be promoted to the next higher grade at a rate not less than the rate for officers in the same grade and competitive category who are serving on, or have served on, Navy Headquarters staff; and,

JS Rate \geq HQ Rate of Selection

b. Officers in the grades of lieutenant commander or above who have been designated as a joint qualified officer (JQO) are expected, as a group, to be promoted to the next higher grade at a rate not less than the rate for all officers in the same grade and competitive category.

JQO Rate \geq Overall Selection Rate for Category

2. **Statutory Acquisition Workforce Objective.** In accordance with 10 U.S.C. § 1731, Acquisition Workforce (AW) officers are expected, as a group, to be promoted at a rate not less than the rate for all line (or the equivalent) officers (both in-zone and below-zone) in the same grade.

AW Rate \geq All Line (or Equivalent) Rate (IZ & BZ)

3. **Regulatory Objective.** Although not contained in statute, the Secretary of Defense has established an additional promotion objective as a matter of policy. Officers who are serving, or have served since their last promotion board, on the staff of the Secretary of Defense are expected, as a group, to be promoted to the next higher grade at a rate not less than the rate for all officers in the same grade and competitive category who are serving, or who have served since their last promotion board, on the Navy Headquarters staff.

OSD Rate \geq HQ Rate of Selection

4. Prior to adjournment, the board must review the extent to which the statutory and regulatory promotion objectives have been met.
