This “Detailing Countdown” will help you perform specific tasks in the eighteen months leading up to your Projected Rotation Date (PRD). Your best chance for successful orders negotiation depends upon completion of each milestone indicated.

### Goal 2: Initiate Reenlistment approval process, if required

*If the end of your reenlistment contract as extended (SEAOS) is before your PRD, you must obtain Career Waypoints (C-WAY) Reenlistment approval and reenlist before you can negotiate orders. If you are approved, you should consider reenlisting long term (up to 6 years).*

1. Determine whether you are required to reenlist and verify C-WAY application, if required.
   - If reenlistment is required, C-WAY should generate an application 18 months prior to your Soft Expiration of Active Obligated Service (SEAOS).
   - If C-WAY did not generate an application, verify that you have more than 24 months of obligated service after your PRD.
     - If you have more than 24 months of obligated service remaining at your PRD, you do not need C-WAY approval to negotiate orders.
     - If you have less than 24 months of obligated service remaining at your PRD, have your CCC contact the Career Waypoints help desk to determine why an application was not automatically generated.
   - *Contact your CCC for more information.*

### Goal 3: Submit Career Waypoint application, if required

You are approaching your PRD window. Perform the following steps:

1. Request Departmental Career Development Board (CDB), per NAVPERS 15878 (series).
2. Submit C-WAY Reenlistment request, if required.
   - Reenlistment requests for SEAOS-based applications begin at 16 months prior to SEAOS.
     - Initiate **Career Waypoint - Reenlistment 3-2-1**. You have eight (8) opportunities to remain on Active Duty (16 to 9 months from SEAOS) and are required to document your intention to reenlist or separate with your Career Counselor via the Career Waypoints system. This “Career Check-in” must occur 16 months in advance of the end of your current enlistment. Results are based on current manning levels and your individual performance. For detailed reenlistment policy guidance specific to your rate and rating, see [NAVADMIN 231/17](http://www.navy.mil).
   - Reenlistment requests for PRD-based applications begin at 15 months from PRD. This is a Special Circumstances Reenlistment request for Sailors with less than 24 months of obligated service remaining beyond their PRD.
