OBLISERV Authorization Changes MyNavy Assignment Release 4.9a2

Overview

The MyNavy Assignment (MNA) release 4.9a2 changes the way that Sailors apply for and receive Obligated Service (OBLISERV) authorization to reenlist or extend. Formerly, Sailors applied for OBLISERV Authorization via C-WAY before applying for jobs. Now, MNA will automatically generate any necessary OBLISERV request as part of the Sailor’s job application submission.

Critical Role of the Command Career Counselor (CCC)

It is crucial to the functioning of the updated system that CCCs monitor the OBLISERV status of Sailors in their Area of Responsibility and update their OBLISERV intentions in MNA. This is the only way to track OBLISERV once orders are released. CCCs can update OBLISERV intentions via the CCC homepage, as pictured below. Updated OBLISERV intentions allow Detailers to efficiently route applications in a timely manner, grant extensions, and perform other key functions that depend on knowledge of a Sailor’s decision. The CCC also needs to ensure that eligibility data in C-Way is kept up to date, especially the CO’s recommendation. This should be done for all of a Command’s Sailors, not just those in the Orders Negotiation Window (ONW). With the Detailing Marketplace Assignment Policy (DMAP) process, some Sailors will be eligible for orders well outside their ONW.

It is crucial that Command Career Counselors update a Sailor’s OBLISERV intentions and facilitate communications with the Detailer when necessary.

OBLISERV Authorization Changes - MyNavy Assignment Release 4.9a2

Changes to the OBLISERV Process for Sailors

For application-driven OBLISERV Authorization requests, Sailors no longer need to apply for an OBLISERV quota via C-WAY. All C-WAY data is now in MNA and a Sailor simply has to submit a job application via MNA. There is no change to that job application. MNA will automatically apply for OBLISERV Authorization, if necessary. No additional Sailor action is required.

Sailors outside of their ONW who need to reenlist or extend can submit a request via the MNA Sailor Home Page. A Sailor simply needs to click the Submit OBLISERV Request button, as pictured below. This option is only available to Sailors not in their ONW.

Viewing OBLISERV Requirements in the Job Application View

Sailors can view OBLISERV requirements for a specific job in the Job Application Details View as shown below.

Sailors who wish to get an extension of the 30-day window should contact their CCC directly. CCCs and Detailers are advised to act in accordance with MILPERSMAN 1306-106 Time On Station (TOS) and Retainability Obligated Service (OBLISERV) in order to ensure Sailors are not transferred in error.
