Subj: ORDER CONVENING THE FY-23 FULL TIME SUPPORT/SELECTED
RESERVE AVIATION COMMANDER COMMAND SCREEN BOARD

3. Board Authorized Selections. The total number of officers that may be recommended in each competitive category is listed below:

a. Command Opportunity

(1) FTS command opportunities are listed by community below. FTS officers that meet the eligibility requirements in enclosure (3) will automatically be considered.

<u>Community</u>	<u>Goal</u>

(2) SELRES command opportunities are listed by community below. SELRES officers that meet the eligibility requirements in enclosure (3) must submit an application requesting consideration for SELRES command.

b. Qualified/Insufficient Opportunity (QIO). In each competitive category there may be officers whose records clearly meet selection criteria but miss selection because of limited quotas or because of unexpected elimination of billets. The board should identify such officers to the recorder and those names will be annotated in the board report. In the board report, officers selected as QIOs will be ranked in order of merit within each community and the total number of QIOs is not limited. The list of QIOs is not for public disclosure; names from the QIO list shall be redacted from the overall select list prior to public release of the board results. Should a need arise for an additional officer to fill any Aviation Command Screen Board billet, an officer so identified in the board

report shall be considered qualified and additional administrative screen procedures need not be pursued. Officers shall be selected from the appropriate QIO list contained within the board report subject to assignability and needs of the Navy.

4. Additional Guidance. The below information is provided to clarify community requirements and any specific needs, but in no way should replace the best and fully qualified standard of reference (a).

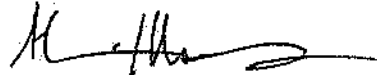

a. Joint Professional Military Education (JPME). Per NAVADMIN 136/10, all Unrestricted Line officers who screen for Commander Command after 15 April 2010 must complete JPME Phase I prior to assuming command.

b. Naval Aviation. Naval Aviation is first and foremost an aerial combat force, and values the attainment of warfare qualifications and leadership both in the air and on the ground. The Naval Aviation Enterprise continues to value the war fighting ability and tactical excellence required for Operational Commanders to excel in combat. Therefore, as an aviation officer progresses in his/her career, achievement of community specific warfare qualifications should be documented in the officer's official record. The ultimate measure of success within the aviation community is sustained performance in operational environments.

c. Bank Review (Re-screen). To ensure that standards of performance are maintained, the records of officers previously selected, but not yet reported to their ultimate command, shall be reviewed. Those officers whose records, in the opinion of a majority of the board members, indicate significant decline in performance, or which contain material subsequent to the last board which casts doubt upon their qualifications for command, shall be reported to the Deputy Chief of Naval Personnel. This report shall include a recommendation regarding continuation as Aviation Commander Command Selects. Officers eligible for re-screen are authorized to administratively participate in the board in accordance with reference (d).

Subj: ORDER CONVENING THE FY-23 FULL TIME SUPPORT/SELECTED
RESERVE AVIATION COMMANDER COMMAND SCREEN BOARD

5. The board need not select to the numbers provided. The authorized number to select should only be attained if there are a sufficient number of candidates determined fully qualified.
