COMMAND SCREEN BOARD

3. Board Authorized Selections

a. Eligibility and selection order for each competitive category is outlined in enclosure (3).

b. The maximum number of candidates that may be recommended in each competitive category is listed paragraph 4. Individuals may be recommended for selection in only one competitive category. Flow between competitive categories is diagrammed in enclosure (4).

c. There is no mandate to select the maximum number of selects. Should the board determine that an insufficient number of officers exist in a particular competitive category, this finding will be included in the board report.

d. Qualified/Insufficient Opportunity (QIO). In each competitive category there may be fully qualified officers who fail to select due to limited command opportunity. The board should identify such officers to the Recorder and those names will be annotated in the Recorder's ledger. In the board report, officers selected for QIO will be ranked in order of merit within each competitive category. The QIO list will not be published to the Navy or the public.

(1) The selection of QIOs is authorized for all competitive categories listed in paragraph 4. By a majority vote, the board may deviate from the recommended number of QIOs. Any deviation will be included in the board report.

(2) An individual may be recommended as a QIO in multiple competitive categories.

(3) Should a need arise for an additional major command fill, an officer so identified in the board report shall be considered qualified and additional administrative screen procedures need not be pursued. Officers shall be selected from the board report according to order of merit and subject to their availability for assignment.

(4) QIOs may be on multiple QIO lists until such time as the officer is required to fill a major command billet. Once the QIO officer has been notified of the opportunity to fill a major command assignment, that QIO officer will be considered a major command select.

4. **Best and Fully Qualified Selection Standard.** The following provides aviation specific community requirements, but in no way replaces the best and fully qualified standard discussed in reference (a).

a. **Fully Qualified.** All candidates must be fully qualified and able to perform the duties described in the competitive category for which selected. To be fully qualified, a candidate must have demonstrated the appropriate level of leadership and attained the required T/M/S qualifications.

(1) **Sequential Command at Sea (CVN).** Officers selected for CVN Command should have completed or are currently completing a joint duty assignment.

(2) **Major Command at Sea (Nuclear Power Pipeline).** Officers selected for Major Command at Sea (Nuclear Power Pipeline) create a bank of eligible officers for further screening by the Director, Naval Nuclear Propulsion Program. Following selection by Naval Reactors and successful completion of training, these officers will be assigned as CVN Executive Officers, followed by assignment as commanding officers of a deep draft ship. They will ultimately form a pool from which CVN Commanding Officers will be selected. To preserve eligibility for promotion to flag officer prior to statutory retirement, the board should strive to select officers who have the ability to complete the Nuclear Power Pipeline, satisfy Graduate Education and full Joint Officer Qualification statutory requirements prior to 29 years of commissioned service. Additionally, the board should give consideration to the Aviation Major Command preference sheet for Nuclear Power Pipeline eligible officers. However, this consideration does not replace the foundational tenet of selecting the best and fully qualified candidate.

Subj: ORDER CONVENING THE FY-25 ACTIVE-DUTY AVIATION MAJOR
COMMAND SCREEN BOARD

b. Best Qualified: Among the fully qualified candidates, the board will select the best qualified as Major Commanders. These are the officers who have demonstrated sustained superior performance in operational command while attaining a breadth of experience to include major staff, requirements, personnel/manpower, financial management, or operations analysis assignments. Performance and leadership in combat conditions should be given special consideration. Additionally, best qualified candidates should have:

- (1) Attained advanced T/M/S qualifications required to lead combat operations.
- (2) Completed a joint duty assignment.
- (3) Completed in-residence graduate education.

5. Additional Guidance

a. A recommendation by the board for an eligible officer for any command, as a QIO for any command, or the re-screen of a previously selected officer, is a determination by the board that the officer meets the command screening requirements of reference (b) regarding all categories of command considered by the board. Per reference (c) the Type Commander must review and approve the board results and is specifically granted authority to shift command screened officers between the competitive categories recommended by the board, provided the officer meets the eligibility criteria listed in enclosure (3).

b. To ensure that standards of performance are maintained, the records of those officers previously selected to major command, who have not yet completed their training pipeline for major command, shall be reviewed. Officers previously selected to major command, but who have not yet assumed command for non-fleet up units or assumed the duties of the executive officer/deputy commander/chief of staff position for fleet-up units, shall be re-screened. For Major Command at Sea (Nuclear Power Pipeline), selectees shall be re-screened until assumption of deep draft command. Board members should review these records for indications of a significant decline in performance or for material submitted subsequent to their selection for major command which casts doubt upon their qualifications for major command. Those officers whose records, in the opinion of a simple majority of the board members, contain indications of declining performance shall be reported to the Deputy Chief of Naval Personnel. This report shall include a recommendation regarding their continuance on the Aviation Major Command List.

COMMAND SCREEN BOARD

c. The Official Navy Record Markup Program (ONRMP) will be utilized to “pre-markup” records with fitness report trend lines, individual trait averages above reporting senior cumulative average, rank changes, and tour lines. The board member assigned is responsible to ensure ONRMP’s accuracy during record review.

FY-25 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD
ELIGIBILITY CRITERIA

1. FY-25 Active-Duty Aviation Major Command Screen Board (AMCSB) Eligibility.

Overall eligibility for the FY-25 AMCSB has been determined based on eligible officers meeting the criteria listed below. As promotion zones are not aligned with year groups, individuals are designated into Screen Groups (SG) as set forth in the annual Promotion Zone Forecast message.

a. In-Zone (IZ) Officers. For the FY-25 AMCSB, Active-Duty (AD) Unrestricted Line (URL) officers (13X0 designators) receiving their first “look” (IZ look) are those officers selected for promotion on the FY-24 AD O-6 Line Promotion Selection Board. Those AD officers receiving their first “IZ look” during the FY-25 AMCSB are referred to as SG-03.

(1) Officers who are not eligible for any specific competitive categories in the FY-25 AMCSB, but meet the requirements in paragraph 1.a. are considered to have received their first “look” for major command. Eligibility for a specific competitive category is outlined in section 4. “Competitive Category (Tank) Eligibility.”

(2) All officers eligible for captain on the FY-24 AD O-6 Line Promotion Selection Board who failed to select for promotion to captain will NOT be included in FY-25 AMCSB SG-03 for their first “look.” A URL officer’s first “look” will occur only after the individual has been selected for promotion to captain, regardless of whether the promotion was an IZ promotion or an Above-Zone (AZ) promotion.

b. Above-Zone (AZ) Officers. The group of AD officers receiving their second “look” (AZ Look) are referred to as SG-02. SG-02 is composed of:

(1) Officers previously considered for Aviation Major Command by the FY-24 AMCSB as IZ candidates, but not selected.

(2) Officers who selected for promotion on the FY-23 AD O-6 Line Promotion Selection Board, but due to annual major command quotas and/or specific competitive category eligibility requirements, were not eligible for any competitive categories in the FY-24 AMCSB.

c. Independent Tanks. Officers eligible for Sequential Command at Sea (CVN), Major Command at Sea (Nuclear Power Pipeline), and Second Command In-grade are not associated with specific screen groups. Eligibility for these competitive categories has been determined based on the eligible officer meeting the criteria listed in section 4.

d. Disqualifying Events

(1) Previously Selected/Slated Officers. Officers who have been previously selected for and slated to major command are ineligible for subsequent major command selection with the exception of Sequential Command at Sea (CVN), or a medical disqualification preventing billet assumption.

FY-25 ACTIVE-DUTY AVIATION MAJOR COMMAND SCREEN BOARD
ELIGIBILITY CRITERIA

(a) Second Command-in-Grade. Officers who have been previously selected for and/or slated to Second Command-in-Grade (or equivalent) or Major Command at Sea (Nuclear Power Pipeline) are ineligible for subsequent Second Command-in-Grade selection.

(2) Major Program Management (MPM) Command. Officers designated AC URL MPM-eligible by Naval Air Systems Command are ineligible for aviation major command or Second Command-in-Grade.

(3) Declining Command/Promotion. Any officer who previously declined Aviation Commander Command, Aviation Major Command, or promotion to O-6 is ineligible for the FY-25 AMCSB.

(4) “Don’t Pick Me” Letter Submission. Any officer who submitted a “Don’t Pick Me” letter to any previous Aviation Commander Command Board or Aviation Major Command Board is ineligible for the FY-25 AMCSB.

(5) Resignation, Retirement, and Lateral Transfer. Effective at 0800 CDT on 23 October 2023, all officers with an approved resignation or retirement or who have been selected for lateral transfer to another community are not eligible for the FY-25 AMCSB.

2. Command Classifications

a. Fleet Replacement Squadron (FRS) Commanding Officers. For the purposes of this board, members selected for operational command who served as the commanding officer of an FRS in lieu of an operational command shall be considered operational commanders. For eligibility purposes, successful completion of this FRS command tour shall be equivalent to successful completion of an operational command tour.

b. Test and Evaluation Squadron Commanding Officers. For the purposes of this board, commanding officers of HX-21, VX-20, VX-23, VX-30, VX-31, UX-24, and United States Test Pilot School (USNTPS) shall be considered Operational Training Commanding Officers. For eligibility purposes, successful completion of an HX-21, VX-20, VX-23, VX-30, VX-31, UX-24 or USNTPS command tour shall be equivalent to successful completion of an OP-T command tour.

c. Operational Training (OP-T) and Special Mission (SM) Commands. The classification of OP-T and SM commands has evolved to align with the changing demands of the Naval Aviation Enterprise and U.S. Navy. To avoid confusion with respect to eligibility for specific competitive categories within the FY-25 AMCSB, the following definitions shall be applied to all non-operational Commander Commands. These classifications will apply regardless of the non-operational Commander Command’s classification either at the time of selection or at the time of execution.
