Plan and execute submarine operations in FIFTH Fleet. Ensure safe and secure submarine operations. Stand TASWWO when necessary (on-call watch when not stood up).	
Best part of my job (≤2 lines)	Working at a CTF is rewarding work. Tax-free pay is awesome. Plenty of time for leave and travel, and Bahrain is a launching point for travelling.
Least Favorite Part (≤2 lines)	Bahrain isn't the best overseas destination (but not a bad place to live either!).

## High Vis

HIGH VIS JOBS: Work hours, Travel, Time for Leave, and time for a Master's are all specific to the current Commander. The new Commander will have different preferences regarding the level of support required on a daily basis, for travel, etc. These responses are dependent on who the boss is and not reflective of just the billet of Flag Aide itself.

Teach one class a semester (Intro to Naval Science and Naval Engineering). Advise Freshmen and MIDN assigned a nuclear designator (~30). NR Interview Preparation. Several random collateral duties. Summer Cruise Coordinator, so stay in Atlanta all summer. GT offers military waiver to receive in state tuition. No other benefits. Business school is 5 minute walk from unit. Plenty of time and flexibility to get an Evening MBA (can take some day classes) or any other Master's.	
Best part of my job (≤2 lines)	Mentoring MIDN. Great location, ride bike to work every day. Extremely flexible schedule, especially over school breaks.
Least Favorite Part (≤2 lines)	Nothing is a priority. Uneven workload, high during beginning and ends of semesters.

Duties and Responsibilities (≤5 lines)	
Teach at least one Naval Science class per semester. Nukes generally teach Engineering and Weapons courses. Major collateral duty of Nuclear Programs Officer involves prepping MIDN for nuke interviews. Advise and mentor MIDN and OCs as they develop their leadership skills seeking commissions in USN and USMC. Multiple other collateral duties of larger units fall onto few LT shoulders (UPC, CFL, Training, Safety, MWR, Security Manager, Swim Test Instructor, etc.)	
Best part of my job (≤2 lines)	Teaching in a classroom environment, spreading the good word about being a submariner, sharing sea stories with wide-eyed MIDN.
Least Favorite Part (≤2 lines)	Multitude of collateral duties and administrative programs.

Duties and Responsibilities (≤5 lines)	
Teach Naval Engineering and Naval Weapons (+Cyber/Information Systems), and leadership lab. Prepare MIDN and STA-21 candidates for NR interview. Personally advise 15-20 students. Initiate background investigations and manage clearances. Run command audit program. Administer swim tests. 2-6 weeks per summer supporting summer training events. 1-2 mornings/week 0530 PT. 1 evening/week until 1800. Most days average 0800-1500 with lots of flexibility for PT.	
Best part of my job (≤2 lines)	Flexibility (leave, PT, family schedule). Providing quality instruction to and mentoring future officers. <1 hr drive to Kansas City.
Least Favorite Part (≤2 lines)	Lots of collateral duties distract from class prep or Masters work. Several duties are "the most important thing you do." No tuition benefits from KU.

Does your CMD have a wardroom?		YES	NO
Do you lead a division (/group) of sailors?		YES	NO

  

Duties and Responsibilities (≤5 lines)	
Teach 1-3 classes a trimester to ~25-30 midshipmen. Nuclear Accessions: interview preparation, physicals, mentorship for aspiring submariners. Various collaterals (CACO, CMEO, SAPR, Security manager) <i>only</i> for the 6-7 members of our department. We are not directly in charge of midshipmen; they are managed entirely by DoT – we only actively handle paperwork senior year for those interested in going Active Duty.	
Best part of my job (≤2 lines)	A LOT of free time to get life together and develop professionally; very relaxed environment.
Least Favorite Part (≤2 lines)	Occasionally the strange hierarchy of USMS, Merchant Mariners and USN can be confusing, but that's a very minor issue.

Duties and Responsibilities (≤5 lines)	
Teach 3 classes (1 in fall, 2 in spring). Prepare any MIDN for nuclear interviews and help raise interest in the submarine community. PT at 0600 twice a week. Mentor and develop MIDN. Collateral duties include SAPR POC, PII, AFTP, Personnel Security, Urinalysis Program Coordinator, CFL and many more. There are only 3 JOs and no enlisted, but we are responsible for all the collateral duties a full command would have.	
Best part of my job (≤2 lines)	Working with students can be very fulfilling. Helping prepare future submarine officers.
Least Favorite Part (≤2 lines)	Way too many collateral duties. Memphis has a very poor academic profile, difficult to meet nuke quota.

Assist the new command in transitioning from LDO lead WR to 1120/1170 lead WR. Involves normal JO duties from a sea command such as engineering division officer, QAO, assistant DH, standing duty (EDO/SDO in 3 to 8 section), supporting initial crew certification via trainers and OBTT sessions. Jobs I have had at PCU VERMONT: MPA/CRA/DCA/AENG/QAO/Sea trials OOD. All duties have been heavily administrative as all programs are new and require initial stand up.	
Best part of my job (≤2 lines)	Leading a watch team through once in a life time testing as the boat is built is challenging. Challenges are rewarding.
Least Favorite Part (≤2 lines)	75-85 hour work weeks with periods of 3 section duty, along with ~100 days of 3 section shift work leaves little time to enjoy life outside work.

As ISIC for the DDGs in the DESRON, you are also responsible for tracking manning and material readiness, and coordinating with TYCOM when required.	
Best part of my job (≤2 lines)	Seeing the Navy from a Carrier Strike Group perspective, and learning/using the ASW capabilities of ships and aircraft. (And port visits).
Least Favorite Part (≤2 lines)	Job consists of primarily email and PowerPoint, and the operational tempo of your DESRON could be high depending on when you show up.

Work in the N3 (Operations) Department. Assist in submarine related operations and planning (exercises, WSM/PMI, etc.). As a submariner LNO, supported surface elements in RIMPAC and Submarine Commanders Course. Stand SDO watch monthly, and hold some small collateral billets.	
Does not deploy with a specific CSG.	
Best part of my job (≤2 lines)	Work in beautiful Pearl Harbor, command cares for its sailors- plenty of time when in-port to enjoy time away from work.
Least Favorite Part (≤2 lines)	Not a lot of work as the Submarine Operations officer, always looking for other tasks to stay gainfully employed.

Duties and Responsibilities (≤5 lines)	
Very little to do for SUB duties so I am employed as a part of N5 dept (future plans) with SWO DH as immediate boss. N5 dept writes and presents CONOPS (PPTs) for presentation of exercises to the C5F (3 star) and then writes the exercise EXORDs for the ships. Travel to various countries for planning conferences. May occasionally embark on a DDG, PC, or WPB for 3-10 days. Collateral is running ship rider program.	
Best part of my job (≤2 lines)	Traveling to Qatar, Oman, UAE, Egypt etc for exercise planning conf. Close to many international location for leave.
Least Favorite Part (≤2 lines)	Bahrain is hot in summer. Many things on the schedule change and shift rapidly. We are PPT warriors.

Duties and Responsibilities (≤5 lines)	
Interface with CTF-74 and the surface ships for ASW planning. Underway 4 hour watches most days and in port 8 hour watches (about 1 per week) No duty days. Assist in the operations office with various tasks. Currently managing the schedule and associated products. Making powerpoints and other admin products.	
Best part of my job (≤2 lines)	Living in Japan is great. Deployments offer an opportunity to see new ports. Very reasonable working hours in port (everyone values in port liberty)
Least Favorite Part (≤2 lines)	Most junior officer on the staff so often the random, generic tasks fall to you – professional and wardroom related. Deployments every year.

Duties and Responsibilities (≤5 lines)	
As the Deputy Future Plans and Exercises Officer, responsible for aiding in the planning of all strike group activities. This ranges from uni/multilateral exercises in C5F/C7F and support of combat operations to Fleet Weeks close to San Diego. Work specific to the submarine community is minimal and is generally centered on staff training.	
Best part of my job (≤2 lines)	Developing a thorough understanding of how the "real" Navy works. Doing things that generally aren't done until the O-4/O-5 level.
Least Favorite Part (≤2 lines)	Going on deployment and doing work-ups while on shore tour.

Duties and Responsibilities (≤5 lines)	
You are embarked on a Big Deck Amphibious Ship. I work with Navy planners and Marine counterparts to plan amphibious operations and exercises. On deployment you will also be in charge of tracking Prevention of Mutual Interference as well.	
Best part of my job (≤2 lines)	Working with multiple different organizations and seeing how the other side of the fleet operates.
Least Favorite Part (≤2 lines)	The JO portion of the wardroom is on the small side due to the surface fleet reworking their tour lengths.

Duties and Responsibilities (≤5 lines)	
When deployed, coordinate TASW for the Amphibious Readiness Group (3-4 ships), coordinate MPRA support, and validate training plans. Majority of time is spent assisting the N4 department in monitoring maintenance status and engineering readiness of ships' under the squadron's purview.	
Best part of my job (≤2 lines)	Exposure to a different part of the Navy. Much more free time compared to being attached to boat.
Least Favorite Part (≤2 lines)	Majority of ships were in shipyard during my time at the command, so very little actual TASW. Most of the job was working for the N4 department.

Stand watch as PHIBRON BWC and other tactical watch stations in CWC construct. Advise Commodore and MEU commander on WSM and PMI impacts to ARG operations. Amphibious Warfare Planner. Act as liaison between Sea Combat Commander (SCC "Z") and TASW. Perform multiple significant collateral duties, such as staff legal officer, knowledge manager, staff training officer. Planner in N3 or N5/N7.									
Best part of my job (≤2 lines)		Standing ARG BWC during amphibious operations and exercises. Huge amount of freedom and impact over your SME area and planning efforts.							
Least Favorite Part (≤2 lines)		Multiple collateral duties, SubOps SME is seldom needed, CPR 1, 3 & 5 have SIGNIFICANT IT issues because they are permanently embarked staffs

Other than routing an occasional PMI request message, you really do not deal much with submarine warfare. There are no other 1120's onboard which affords engaging conversations, quickly earned trust, and freedom from micromanagement. Day-to-day job is more ops oriented, assisting with updating near-term schedule. Collateral duties are serving as ISIC Safety and QA Officer (only due to previous course history/billet), which as a staff officer are very manageable.									
Best part of my job (≤2 lines)		Impromptu travel opportunities, different and easier workload than a sub, lending previous engineering/operational experience, good staff climate							
Least Favorite Part (≤2 lines)		Going underway (2-3 mo, 2x/yr), duty (about 1x/wk in port), dealing with ships that can be unresponsive, navigating new refs/disorganized resources
