Slating Priorities

- Primary** - Finding a job where your talents best align with the tasks the Navy needs you to perform.
Secondary - Finding a job which prepares you for your next milestone selection (CDR Command).
Tertiary - Your preference for job, homeport, or platform assignment.

The Slate

- Please use the attached preferences format and return as an attachment.
- Please submit your Top 15 preferences and only include billets from the attached list.
- List your top 3 platform, billet, and homeport preferences and rank each accordingly.
- Include ANY special considerations for the slate (EFM, COLO, engagements, etc).

Slating process

FITREPs, qualifications, CO's comments, and your preferences are factored in.

Records are graded as Pack ++, Pack +, Pack, or Pack Minus using these guidelines:

- Pack ++** Hard Break Out, Command Rec, > RSCA, EOOW+TAO, Strong CO Endorsement
Pack + Soft Break Out, Command Rec, > RSCA, EOOW+TAO, Strong CO Endorsement
Pack P FITREP & Soft Break, EOOW or TAO, At RSCA, Positive CO Endorsement
Pack - P/SP FITREP, No Command Rec, < RSCA, Neither EOOW nor TAO, Weak/Negative CO Endorsement

Your Official Record

FITREPs and CO's input weigh heavily in slating because those are our best indicators for potential performance in a second DH tour. Please check your PSR and OSR on BOL to ensure FITREPs and

AQDs/qualifications are up to date. This should be part of your personal routine to ensure your military record is board-ready at all times.

Qualifications

You MUST have TAO and EOOW qualifications to grade above “Pack” in the slate and to move on to Command at Sea. If your OSR doesn’t reflect accurately, please send your designation letter to your detailer as soon as able.

Command Input

Your CO will receive an email with the slate attached requesting their input. Please share the billet list with your XO and CO and discuss with them your slate interests. They can be a tremendous asset to you in this process.

Early Command

If you are interested in Early Command, consider applying for the next Early Command board. Historically, Early Command-served officers screen at a rate significantly higher than their peers! By all accounts, Early Command is an incredibly rewarding tour.
