Nuclear Enlisted Surface Zone B

Root Cause: Reenlistment timing – mismatch between Zone B requirements and nuclear sea-shore flow (SSF) career path

Zone B reenlistment has the following advantages:

- Opportunity to decompress from intense sea duty and spend time with family
- Earn high bonus monies for shore duty
- Opportunity to complete higher educational degrees
- Opportunity to transfer GI Bill benefits to dependents
- Opportunity to transition to civilian job market
- Set-up for success for SEA-2 w/ ESRP Zone-1 reenlistment
- Half-way towards a military retirement and pension
