2. ISSUE 191001: Meritorious Advancement Program (MAP) user roles in NSIPS.

The Meritorious Advancement Program (MAP) is a Navy program to meritoriously advance eligible personnel in paygrades E5 and below to the next higher paygrade. The program is intended to give Commanding Officers the opportunity to recognize their best Sailors by advancing them when they are ready for the next level of responsibility. The program also gives greater authority to commands to better shape the Navy workforce by developing and rewarding its most talented Sailors. MAP is transitioning from a current manual business process to an automated process within the Navy Standard Integrated Personnel System (NSIPS) to improve the Navy's ability to advance its best performing Sailors. This iteration of the project covers the Active Component. A future iteration will cover the Reserve Component.

MAP automated capability was deployed for the Active Component in NSIPS Release 1.4.16.0 on 19 May 2019. The automated process will be implemented beginning with the 2019 Fall MAP season, 1 Sep 31 Oct 2019. A User Implementation Plan is being developed by OPNAV N132 in coordination with USFFC, PACFLT, PERS 2 and the PMW 240 Enterprise Change Management (ECM) team.

The new MAP user roles are:

MAP Command Reviewer
 MAP Reporting Senior
 (Minimum Paygrade E7 required)
 (DD form 577 required to be retained on file)
 MAP ISIC Command Reviewer
 MAP Echelon III Command Reviewer
 MAP Echelon II Command Reviewer
 MAP OPNAV Program Manager

Establishing NSIPS User Accounts. A System Access Authorization Request Navy (SAAR-N) form OPNAV 5239/14 revision 2011 must be on file in NSIPS or completed to establish a MAP role in NSIPS. To begin the process, click on the New Users (NSIPS, CIMS, Web Ad Hoc) link under the SAAR section on the NSIPS Homepage. NSIPS Super FAM is the sole authority to approve OPNAV Program Manager and Echelon II Command Reviewer. All other user roles will be approved by the local PSD NSIPS Access Manager (NAM).

DD form 577. The only MAP user role which requires a DD form 577 is the MAP Reporting Senior. This user will execute a DD form 577 and retain it on file locally at his/her command ready to be provided for audit

readiness purposes.
