

Enlisted Advancement Worksheet Data Refresh

What's New for You

24 July 2020

What's Changing?

Enlisted Advancement Worksheet (EAW) Data Refresh

This change gives the ESO and the Command/Assistant ESO the ability to refresh the following EAW data sets when not in a "closed" status.

- Refresh EAW data and evaluation data (only a single EAW can be selected)
- Refresh evaluation data (only a single EAW can be selected)
- Refresh evaluation data only (multiple EAWs can be selected)

Note: Selecting any of these three refresh options prompts a message stating that the EAW will be locked for overnight processing.

Message

The EAW will be locked from editing. (31300,55)

Selecting a Refresh option will lock the worksheet from editing until EAW nightly processing is complete. Do you want to continue?

Any existing signatures will be erased when these data elements are refreshed. Comments will not be over-written during data refresh, and will appear unchanged in the refreshed worksheet.

Individual Worksheet Options

On each individual worksheet, there are two refresh options:

“Refresh EAW” refreshes entire worksheet

“Evaluation(s) Only” updates only evaluations

Time in Rate (TIR) Ineligible Sailors

If a Sailor is no longer TIR eligible, and the ESO and the Command/Assistant ESO selects “Refresh EAW” to refresh all data, then a new worksheet will not be created by the system. The ESO will have the option to keep current worksheet or continue with deletion.

Message

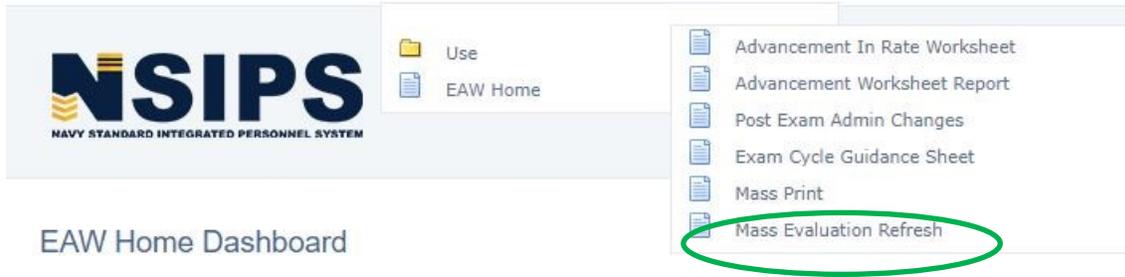

Member is no longer TIR Eligible for this cycle. If the EAW is deleted, it will not be recreated. (31300,56)

Do you want to continue to delete this EAW?

Yes No

Mass Refresh Options

The "Mass Evaluation Refresh" is found under the EAW Use menu.

This option refreshes the Evaluation data for multiple service members. The ESO or Command/Assistant ESO selects the service members and clicks "Save."

The screenshot shows the NSIPS EAW system interface. It includes search filters for Exam Cycle (248), Permanent Duty UIC, Personnel UIC, and Exam Paygrade (E06). Below the filters are 'Select All' and 'Deselect All' buttons. A table displays a list of service members with columns for Refresh Evaluation(s), Exam Cycle, Permanent Duty UIC, Personnel UIC, Name, Status, Duty Status, Exam Grade, Exam Rate, Refresh EAW, RSCA Applied, PMA/RSCA PMA, and PRISE-R Indicator. A 'Save' button is circled in green at the bottom left.

Refresh Evaluation(s)	Exam Cycle	Permanent Duty UIC	Personnel UIC	Name	Status	Duty Status	Exam Grade	Exam Rate	Refresh EAW	RSCA Applied	PMA/RSCA PMA	PRISE-R Indicator
