			5.0	4.0	

The member must have the listed NEC in active inventory. SRB entitlement is not based on DNECs, component NECs, or archived NECs found in the member's NEC History.

RATING	NEC	ZONE A	ZONE B	ZONE C	NOTES
AD	0000	30K	← Award Ceiling		1
		1	← Award Level		

	SRB award level and/or award ceiling increased
	Newly added skillset
	SRB award level and/or award ceiling reduction
	SRB award level being eliminated

For reductions and eliminations, it may still be possible to move a previously submitted SRB reenlistment to a date prior to the effective date of the reduction or elimination. If the request was submitted on, or before 25 SEP 2025, it may still meet 35 days from original request submission to the adjusted date of execution. As long as the newly adjusted reenlistment date is also within 365 days of the member's EAOS, or the member is in receipt of unexecuted PCS orders with an unmet OBLISERV, it may be possible to move it. Contact BUPERS 312 for assistance in validating eligibility.

- Notes:**
1. The Navy Enlisted Classification (NEC) 0000, commonly referred to as quad zero, is listed here to establish that Sailors in these ratings/career fields can hold any or no NEC and still be qualified for the SRB provided they meet all other applicable non-NEC related criteria.
 2. An SRB approval for all CT, IS, IT and ITS ratings will be contingent upon the Sailor having a current Single Scope Background Investigation (SSBI) or Tier 5 investigation, an active SSBI/Tier 5 or recent submission of an SSBI/Tier 5 package. Commands must verify the Sailor has a current SSBI/Tier 5, active SSBI/Tier 5 or has submitted an SSBI/Tier 5 package and make a note of this in the comments section of the precertification request.
 3. E-3 to E-6 Sailors only. Sailors selected for E-7 advancement are not eligible for SRB.
