

## DESIGNATOR DESCRIPTION

**LDO 6510 (SUPPLY CORPS)**

Supply Corps Limited Duty Officers are technical specialists in the field of supply and will complete 6 months of Supply Corps school before first assignment. They perform duties in financial management, inventory control, physical distribution systems, contracting, computer systems, operations analysis, material logistics, petroleum management, food services and other related areas in a Naval and joint environment. Experience in these disciplines is acquired through career development, operational/nontraditional operational (expeditionary) tours, and acquired education. Various Additional Qualification Designators (AQD) are earned based on the billet held. Limited duty Supply Corps officers also have management experience in business and logistics systems, which are essential to the operation of the Navy's modern ships, submarines, aircraft and facilities. Supply Corps officers serve worldwide on ships and shore commands. They can be found supporting operations abroad, aboard ships and submarines, or preparing budgets at staff commands.

They can also compete to off-ramp into 3100 Supply Corps staff community before promotion to LCDR, ideally at 6-8 YCS, or retire as a 6510 LDO at 10 YCS.
