

FY-22 HR Indefinite Recall Board Results

1. Congratulations to the following applicants who were selected for indefinite recall to the 1200 HR Community!

LCDR Alejandro Calvo, 1205
CAPT Juliet Perkins, 1207

2. Competition was tight during the FY-22 HR Indefinite Recall Board, with 12 eligible packages received for only two recall quotas. The results yielded a 17% Board selection rate.

3. Considered in the selection, were **sustained superior performance while accomplishing HR work particularly in HR milestone/leadership positions**, and depth of HR experience/skillsets as evidenced by CO's endorsements, letters of recommendation, fitness reports, resumes, Performance Summary Sheets, and PRIMS Summary of PFA Results. The panel also considered community needs and promotion potential of the candidates.

4. The panel members evaluated all aspects of the applications including education, experience, and performance to assess potential to succeed and objectively select the best and most fully qualified applicants. Future opportunities will be based on community requirements and quotas must be approved per that fiscal year accession plan.
