Calling all prospective Reserve Limited Duty Officers (LDOs) and Chief Warrant Officers (CWOs)!

The Reserve LDO/CWO communities are in search of highly qualified and motivated candidates for potential selection into our respective communities. If you are seeking the next step in career enhancement, this is your time to get the answers and guidance you need to foster this journey.

Some of you...

- have never heard of the LDO or CWO program
- have never seen or interacted with an LDO or CWO
- believe the LDO or CWO program is only for active duty
- believe putting together a package is too hard
- have previously gone through the application process, yet either did not have access to the community or leveraged the community for an appraisal board.

We are here to tell you the above assumptions could not be further from the truth. The Reserve LDO/CWO community is available to assist in this process as long as you display the motivation and determination to succeed.

If you do not know what the LDO or CWO program entails or need a refresher on the application process, you are strongly encouraged to contact your desired community representative(s) listed below:
