## FAQ

### Q. Who is eligible for this policy?

A. This NAVADMIN applies to all Active Duty (Active Component and Training and Administration of the Reserve (TAR)) Sailors who are eligible for advancement. Sailors must meet time-in-rate requirements and not be eligible for advancement through the Detailing Marketplace Assignment Policy (DMAP).

### Q. What is the MAP Pre-Season?

A. The MAP Pre-Season is the window for commands to verify user hierarchies and unit identification code (UIC) assignments ahead of the season.

### Q. What rates and ranks aren't eligible for MAP Season 1?

A. ABH2, ABF2, GSM2, CS2, MM2, IC2, DC2, and RS2 are not eligible to be mapped during CY 2023 Season One MAP. There are advancement opportunities for those Sailors within the Detailing Marketplace Assignment Policy (DMAP).

### Q. How many Sailors will be MAP'd?

A. MAP will target approximately 20% of total advancements during CY2023. Roughly half of those quotas will be available during Season One.

### Q. Can commands MAP Sailors who require a TIR waiver?

A. NSIPS will automatically determine if an ETP is required using predetermined criteria.

### Q. Is there anything special I need to do in order to MAP a Nuclear-trained Sailor who requires a TIR waiver?

A. Commands wishing to advance a nuclear-trained Sailor without the required TIR must request an ETP to Director, Military Personnel Plans and Policy (OPNAV N13) via the Nuclear Program Manager (OPNAV N133).
