2. AC Senior Chief Petty Officers (SCPO) converting into CMDCS rating will be converted upon release of this screening message and are immediately no longer eligible for promotion in their source rating. SCPOs shall verify rating conversion via their Enlisted Service Record (ESR) on NSIPS. If rating conversion has not reflected within 10 days of results release, members are advised to contact the AC CSEL Enlisted Community Manager (ECM). SCPOs will be required to contact the AC CSEL detailer to negotiate for orders and to request a quota for the Command Master Chief/Chief of the Boat (CMC/COB) Course. To avoid delays in the order negotiation process, Senior Chief Petty Officers must ensure their MyNavy Assignment account is updated, EFMP data is current, Spouse Co-Location is on file, and they are Fully Medically Ready (Code 100). Incomplete prerequisites will postpone negotiations. Once a CMDCS is in receipt of orders, they must obligate the required length of service within 30 days. Failure to OBLISERVE within the prescribed 30 days, will result in immediate cancellation of orders. CMDCSs

will not be awarded the 8CSC NEC, nor wear the CMDCS identification badge, until they have successfully completed the CMC/COB course.
