

Navy Working Uniform Type III Authorized Boots for Wear

Updated: 05 November 2024

THIS LIST:

- Includes certified and Optional (non-certified) boots authorized for wear with the NWU Type III uniform
- Replaces and supplements authorized boots listed in NAVADMIN 214/17
- Outlines authorized optional boots that are rough-side out coyote and smooth leather brown boots which require Command permission and guidance for wear
- Includes boots no longer authorized for wear
- Does NOT include all authorized organizational boots
- Will be updated periodically to reflect boots added or deleted for authorized wear

DEFINITIONS:

Certified = The Navy Clothing & Textile Research Facility (NCTRF) has inspected the boots and validated that the vendors boot meets or exceeds requirements.

Optional (non-certified) = Commercial boot not certified by NCTRF.

No longer certified = Boot was previously certified by NCTRF but is no longer in production or has been replaced by a newer version boot.

Safety = Boot has a Steel Toe for safety purposes.

Flight Deck = Boot sole is designed to be resistant to Foreign Object Debris (FOD) for Flight Deck use.
