U.S. Navy Uniform Regulations
Summary of Changes (06 November 2023)

8. Chapter 3, Section 6, Fitness Suit, Navy 3601.12

Added:

Uniform Components

Fitness Suit, Navy

Figure 3016.12a-2

Fitness Suit, Navy

Description. The Fitness Suit consists of a unisex, Navy Blue, water repellent, nylon jacket and pants. The nylon fabric offers moisture management and anti-microbial/odor resistant performance features. The jacket and pants each have a gold color heat transfer "NAVY" logo. The jacket and pants may or may not be trimmed in reflective silver piping. All fitness suit jackets will have reflective piping outlining the front zipper fastener.

1) Jacket: The Fitness Suit Jacket is fully lined with a mesh fabric and has a center-front zipper closure with back and underarm air vents. The sleeves are designed to enhance movement and include partial elastic at the wrist. There are two side pockets with zipper and flap closures located on the lower front and a hidden pocket with a zipper fastener on the right chest interior. An adjustable interior waist draw-cord with barrel locks in the jacket pockets provides for waist adjustment. Non-reflective gold heat transfer "NAVY" logos are placed on the left front chest area and on the back, centered above the yoke.

2) Pants: The Fitness Suit Pants are pull-on design with elastic waist and draw-cord for adjustment, fully lined with mesh fabric, two side pockets, and straight leg cut with bottom leg side zipper fasteners at the leg openings. The design also includes a vertical gold-color, heat-transfer "NAVY" logo on the lower right leg.

Manner for Wear. When worn as a uniform, the Fitness Suit jacket and pants will be worn simultaneously as follows: Wear the Fitness Suit jacket squarely over the PTU shirt and zipped at least three quarters up. The sleeve cuffs will extend down to cover the wrist but not beyond the lower knuckle of the thumb. Wear the Fitness Suit pants fully on the waist and over the PTU shorts. The length of the pants shall extend down approximately 1-2 inches off of the floor/deck when wearing athletic shoes. At no time should the pants be of such length as to extend beyond the heel and touch the deck.

Occasion for Wear. The Fitness Suit is designed primarily for group/unit physical training activities and the semi-annual physical readiness test that involve standing, running and exercises on non-abrasive surfaces. The occasion for wear of the Fitness Suit is as follows:

(1) In-Port. The Fitness Suit may be worn **optionally** or as **prescribed** by the Commanding Officer when performing unit/command physical training. When worn during command PT, the jacket and pants will be worn together. The Fitness Suit may also be worn during individual physical fitness activities. When worn for individual PT, the jacket and pants may be worn at the Sailor's discretion.

(2) At Sea. The wearing of the Fitness Suit will be at the discretion of the Commanding Officer.

(3) After Normal Working Hours and During Liberty. The Fitness Suit may be worn both on and off base for liberty unless determined otherwise by the regional commander or unit Commanding Officer. When worn for liberty, individual components of the Fitness Suit may be worn at the Sailor's discretion. Sailors are cautioned to wear a reflective belt or vest when wearing physical training uniform components to conduct outdoor physical activities during reduced visibility hours.

(4) Wear Restrictions and Allowances. The Fitness Suit is not authorized to be worn while in a duty status or when conducting official business on base (e.g. Personnel Support Detachments, medical, dental, legal, etc.), in lieu of the uniform of the day, when working, nor while in a limited or light duty status requiring the wear of a uniform. Pregnant Sailors may wear the Fitness Suit unless components become uncomfortable or tight. In all cases, the Fitness Suit will be worn in such a manner as to reflect credit upon the Navy and the Sailor wearing it.

Occasion For Wear

The Navy blue coverall is designated as a dirty work component worn to perform work that would otherwise soil other Navy uniforms while performing the same task. Wearing of the Navy blue coveralls is limited to the immediate area of assignment in which the work is to be performed.

Commanding Officers can authorize the wear of Navy blue coveralls ashore in environments that place an excessive amount of wear on working uniforms. This policy does not alleviate the command's responsibility to procure coveralls for work in areas that are likely to permanently soil or prematurely destroy the uniform.

Occasion For Wear

The Navy blue coverall is designated as a dirty work component worn to perform work that would otherwise soil other Navy uniforms while performing the same task. Wearing of the Navy blue coveralls is limited to the immediate area of assignment in which the work is to be performed.

Commanding Officers can authorize the wear of Navy blue coveralls ashore in environments that place an excessive amount of wear on working uniforms. This policy does not alleviate the command's responsibility to procure coveralls for work in areas that are likely to permanently soil or prematurely destroy the uniform.

6807. NAVY BLUE COVERALLS

Description

Made of 65/35% Navy blue poly/ cotton fabric with zippered front, buttoned long sleeves, belt loops, and two side pockets and two back pockets.

Correct Wear

Close zipper all the way, button sleeves and wear a belt through all loops, coveralls shall hang approximately 2 inches above the floor as measured from the bottom of the heel of the shoe. Coveralls length should include a 2 inch hem to provide material for adjustments. Embroidered tapes (i.e. name tape and Service tape) is optional, but can be required by the issuing command. Refer to articles 3101.5 and 3101.6 for ownership markings and embroidery guidance. The current command crest/Logo patch may be worn optionally, centered on the right breast pocket. Sleeves may be rolled up at the option of issuing command. When authorized, sleeves will be rolled with the inside out, forming a roll approximately 3 inches wide, and terminating at a point approximately 2 inches above the elbow. When wearing a belt, place the clip to the LEFT of the buckle. The buckle is centered on the zipper flap. When authorized to wear a decorated buckle, which is larger than the standard Navy buckle, it shall be worn centered with the clip end concealed. Rigger belts are also authorized. Wear appropriate shoes, socks and undergarments. Covers (eight point or ball caps) are optional unless prescribed by the issuing command.

35. Article 3603.12 Embroidered Slip-on Rank Insignia

Deleted:

- a. E4 through O10 personnel will wear the black cold weather parka (CWP) slip-on rank insignia on all uniforms with rank tabs. The only exception to this policy is when personnel are actively performing tactical operations requiring the wear of fully camouflaged components. In such cases, the rank insignia worn will match the color and pattern of the uniform it is attached.
- b. Proper wear of slip-on rank insignia requires the rank tab to be inserted in and through the opening of the rank insignia with the embroidered thread facing outward and upright. Center the insignia over the rank tab and secure the bottom of the rank tab on the Velcro patch attached to the component being worn. Enlisted rating specialty insignias and staff corps devices (except Chaplains) are not authorized to be worn on the NWU.
- (1) Rear admirals will wear the regular size embroidered grade insignia. Vice admirals and admirals will wear a slightly smaller size insignia to properly fit on the collar and the chest tab.
 - (2) Line officers (O1-O6) will wear the regular size embroidered grade insignia.
 - (3) Staff corps officers and warrant officers will wear only the grade insignia on the rank tab with the exception of Chaplains. Chaplains are authorized to wear the chaplain staff corps insignia above their grade insignia.
 - (4) Chief petty officers will wear the standard size insignia.
 - (5) Petty officers will wear the standard size insignia.
