1 NOV 2010

BUPERS INSTRUCTION 1070.27C

From: Chief of Naval Personnel

Subj: DOCUMENT SUBMISSION GUIDELINES FOR THE ELECTRONIC  
MILITARY PERSONNEL RECORDS SYSTEM

Ref: (a) DoD Instruction 1336.08 of 13 Nov 2009  
(b) MILPERSMAN

Encl: (1) Document Submission Guidelines  
(2) Official Military Personnel File (OMPF) Document List

1. Purpose. To provide guidance for determining which documents should be submitted to Navy Personnel Command (NAVPERSCOM) for filing in officer and enlisted Official Military Personnel File (OMPF). This instruction is a complete revision and should be reviewed in its entirety.

2. Cancellation. BUPERSINST 1070.27B.

3. Background. NAVPERSCOM, Records Management Policy Branch (PERS-313) manages the OMPF per reference (a), maintaining these records in electronic format in the Electronic Military Personnel Records System (EMPRS). The OMPF is a permanent record which contains standard military human resource records information required by the Department of Defense, in addition to pertinent service-specific information required by the Navy. Each Service member will have records as applicable to the events related to their career. These records are of a permanent nature which satisfies statutory and corporate requirements, influence a member's career and benefits, and are essential to personnel administration.

4. Submission of Documents

a. General Guidance. Reference (b) 1070-020, 1070-080, enclosures (1) and (2), and the online OMPF Retain/Delete List referenced in subparagraph 4b below contain document submission guidelines for determining which documents should be forwarded

for filing in the OMPF. Documents submitted which do not meet these retention guidelines, or are not listed therein will be destroyed.

b. OMPF Document List. Enclosure (2) provides a list of the most frequently submitted documents that have been approved for filing in the OMPF. For a complete list of documents approved for filing in the OMPF, an expanded version is available by selecting the "Retain/Delete" link under "What documents are retained in my Official Military Personnel File (OMPF)?" at <http://www.npc.navy.mil/CareerInfo/RecordsManagement/AboutYourRecord/OMPF.htm>.

c. Submission of Documents for Direct Filing in the OMPF

(1) Personnel offices shall electronically submit documents intended for direct filing by using the "eSubmission" application on BUPERS ONLINE. A list of documents that can be electronically submitted is available by selecting the "eSubmission Forms List" link under "Tools" at <http://www.npc.navy.mil/CareerInfo/RecordsManagement/eSubmiss.htm>.

(2) Documents not on the eSubmission Forms List, and documents submitted by activities not authorized to electronically submit documents shall be mailed to the following address:

NAVY PERSONNEL COMMAND (PERS-313)  
5720 INTEGRITY DRIVE  
MILLINGTON TN 38055-3130

(3) Unless otherwise provided in a document's governing directive or in reference (b), submit documents on a daily basis or as soon as possible. Do not include letters of transmittal or explanation. If a combined mailing package is used for multiple addressees within NAVPERSCOM, clearly mark the desired destination on the enclosed documents.

(4) To ensure the integrity of the OMPF, documents will not be accepted directly from the Service member unless specifically authorized by regulation. Service members that discover omissions in their OMPF should contact their personnel office for assistance.

1 NOV 2010

d. Submission of Documents for Both Action and Filing.

Certain documents may require action by NAVPERSCOM before filing in the OMPF. Do not submit these documents twice. Submit the document to the appropriate action office. Upon completion of action, the action office will automatically route the document for filing in the member's record.

e. Identification of Documents.

The name and social security number (SSN) are the principal personnel identifiers used throughout EMPRS. Ensure that both the member's name and SSN are on the document. If necessary, write the member's name and SSN in the top, left-hand corner of each document submitted. The document originator and, where possible, the individual member should verify the SSN entered on the document before forwarding to NAVPERSCOM.

f. Information Pertaining to Third Parties.

Information in a Service member's record must pertain to them, and documents filed therein should not contain personal information pertaining to other individuals unless required by the document's governing directive, or otherwise considered necessary and relevant. Unless it meets these standards, third-party personal information, such as SSN, home addresses, phone number, and dates/places of birth shall be redacted (completely blacked-out) from documents before forwarding to NAVPERSCOM. An example of third-party information considered necessary and relevant is family members or beneficiary information required on the Record of Emergency Data and on various insurance documents.

g. Documents Pertaining to Multiple Members.

If the document contains multiple names, or pertains to multiple members, submit a separate copy for filing in the record of each individual involved with the member's name and SSN underlined or annotated in the upper right hand corner of each page, totally obscuring privacy information pertaining to other members on the documents.

h. Quality of Documents.

The quality of documents submitted for filing has a direct bearing on the readability of records. Original pages or clear, black and white copies are required for filing. Poor quality documents significantly reduce the readability of the record for selection boards, detailers, and other personnel administrators.

1 NOV 2010

5. Changes to Document Lists. Only the documents listed in enclosure (2), or in the online OMPF Retain/Delete List referenced in subparagraph 4b above are filed in the OMPF. Commands may propose changes to the list by forwarding recommendations to NAVPERSCOM (PERS-313). Enclose a copy of the proposed document and justify its retention based on the guidelines contained in enclosure (1).

6. Changes to Documents. When documents listed in enclosure (2) are revised or consolidated, ensure NAVPERSCOM (PERS-313) coordination and approval is obtained prior to distribution. EMPRS requires system changes in order for new or revised documents to be processed. Documents received prior to these actions being taken cannot be processed and are automatically rejected. Forward a copy of the new document with proposed change to NAVPERSCOM (PERS-313) for review and concurrence.

7. Records Management. Records created as a result of this instruction, regardless of media and format, shall be managed per SECNAV M-5210.1 of November 2007.

8. Action

a. Commanding officers (COs) shall:

(1) Make every effort to ensure that documents submitted to NAVPERSCOM (PERS-313) for filing in the OMPF meet the guidelines contained in this instruction; and

(2) Ensure that a copy of this instruction is available for individual use and advertise its location periodically in the plan of the day/plan of the week.

b. COs of appropriate training facilities shall include the provisions of this instruction in the training curricula for personnel in administrative ratings.

D. P. QUINN

Rear Admiral, U.S. Navy

Deputy Chief of Naval Personnel

Distribution:

Electronic only, via BUPERS Web site  
<http://buperscd.technology.navy.mil/>

1 NOV 2010

**DOCUMENT SUBMISSION GUIDELINES**

1. Information Requirements. The following guidelines apply in determining whether or not documents are placed in the OMPF.

a. General. To be filed in the OMPF, all documents (including numbered forms and correspondence) must meet each of the following criteria:

(1) Permanency. Must be required for permanent retention as evidence of policies, operations, procedures, or other decisions.

(2) Non-duplicative. Must not duplicate information found elsewhere in the OMPF. For example, do not submit course completion certificates of the member's NAVPERS 1070/881 Training Education and Qualification History entries. The NAVPERS 1070/881 already reflects the courses. Material identified as a duplicate of documents or information already in the record will be destroyed without notifying the forwarding command or individual.

(3) Single copy/single source. Must be submitted in a single copy from a single source.

(4) Essential. Must contain information essential to personnel administration. The following types of documents should not be submitted for filing in the OMPF:

(a) "Nice to have" or nonessential supporting documentation;

(b) Documents intended solely for the purpose of verifying information available from some other source, e.g., master file automated system; Electronic Service Record (ESR) screen shots instead of required forms;

(c) Documents of a personal nature unless specified on the retain list, e.g., wills, marriage licenses, dependents birth certificates; and

(d) Information that has no potential impact on a member's career.

1 NOV 2010

b. Adverse Material. Any document that reflects unfavorably upon mental, moral, or professional qualifications of an individual is adverse material. Subject to the following rules, all relevant adverse material is filed in OMPF.

(1) Policy

(a) U.S. Navy Regulations, 1990, article 1122, provides that adverse material shall not appear in officer or enlisted fitness reports, performance evaluation reports, or in other related correspondence, unless the members concerned are first afforded an opportunity to submit a written statement regarding the adverse material. Should the members not desire to make a statement, the members shall state so in writing. Should the members refuse to acknowledge their rights or refuse to make a written statement documenting their decision not to make a statement, the CO shall document the refusal in writing.

(b) Adverse material on officers shall be submitted to the appropriate action office for review before it is filed in the OMPF. Commands shall not submit adverse material on officers directly to NAVPERSCOM (PERS-313) for filing in the OMPF.

(2) Reports, Statements, or Correspondence of a Military Nature

(a) Correspondence containing adverse material that the member concerned has been afforded the opportunity to contest, explain, or rebut, whether at a personal hearing or by statement, will be filed without additional referral to the individual. Examples include:

1. Punitive letters of censure;
2. Medical surveys where hospitalization is due to the member's own misconduct;
3. Reports and related correspondence reflecting final approved civil convictions, or actions taken by civil authorities tantamount to conviction, for misconduct, as stipulated in reference (b), 1611-010 (officer) and 1070-320 (enlisted);

4. Reports of non-judicial punishment, courts-martial convictions, boards of inquiry, boards of review, etc.;

5. Relevant memoranda prepared at NAVPERSCOM resulting from official correspondence sent to and received by the member concerned, the reporting senior, or the reviewing officer;

6. Relevant correspondence documenting an officer's removal from a promotion selection board report or a promotion list, and other correspondence related to the promotion process; and

7. Any other material that bears or reflects on the character, performance, professional qualifications and fitness of the officer.

(b) Documents containing adverse material of an official military nature will be filed without referral to the individual concerned, if no purpose would be served by such referral. Examples include:

1. Denials of requests for special duty, special training, reassignment, transfer, discharge, etc.; and

2. Requests by a commander for the reassignment of a member when such request reflects unfavorably on the individual concerned.

(c) Documents containing adverse material of an official military nature will be filed without referral to the individual concerned when the member is unavailable for comment because of misconduct. Examples include:

1. Reports of absentees and deserters, and related correspondence; and

2. Reports and correspondence relating to administrative discharge action where the member is in an unauthorized absentee status at the time or is otherwise unavailable for statement because of the member's own misconduct.

(d) Letters issued by a CO to an officer or enlisted member concerning failure(s) to meet standards of professional performance/conduct.

c. Commendatory Material. Commendatory material is any document which reflects favorably upon a member's mental, moral, or professional qualifications, and which impacts on the mission of the command or the military career of the member.

(1) Copies of signed personal award citations, or certificates in the case of Navy and Marine Corps Commendation and Achievement Medals; and the NAVPERS 1070/880 Award Record that document a member's entitlement or eligibility to wear unit awards, campaign and service medals, non-military U.S. decorations, non-military service awards, foreign military decorations, and marksmanship awards will be filed in the OMPF.

(2) Copies of certificates or letters of appreciation/commendation will not be filed in the OMPF. These should be provided to reporting seniors to document in fitness reports and evaluations.

2. Format Requirements. Documents must meet the following format requirements:

a. Readily Identifiable. Each document submitted must contain the following:

(1) Identification. Member's name and SSN must be on each side of each succeeding page of multiple page documents;

(2) Forms. A form number and title must be preprinted on all forms and included on all local adaptations of numbered forms; and

(3) Miscellaneous Correspondence. A descriptive subject line and SSIC must be included on miscellaneous correspondence and messages.

b. Suitability for Filing. Each document submitted must be suitable for filing.

1 NOV 2010

(1) Legibility. Clearly readable, good quality copy. Originals when possible. No less than first quality paper copies.

(2) Paper Size. Documents submitted must be no larger than 8-1/2 x 11 inches.

(3) Orientation. Right-reading in the vertical position.

(4) Paper Quality. Submit only standard paper stock or approved forms.

c. Economically Designed. Forms and correspondence must be designed for ease of use and processing economy.

(1) Content. Be brief. Reduce each document to essentials.

(2) Single-sided. Avoid using two sides when one will do.

(3) Appropriateness. Ensure every item on each page is justifiable.

(4) Design. Use good design techniques for both computer-generated and preprinted forms and correspondence.
