Ref: (a) SECNAVINST 5430.57G
     (b) SECNAVINST 5370.5B

Encl: (1) Functions

2. Background. Reference (a) assigns the CHNAVPERS IG as additional duty to Naval Inspector General (NAVINSGEN) to perform IG mission and functions. Reference (b) delineates organization and staffing requirements and Department of the Navy (DON) Hotline Program responsibilities for specific fleet and shore echelon 2 commands. Enclosure (1) provides the functions of CHNAVPERS IG. CHNAVPERS is mandated to comply with this regulation. CHNAVPERS' organization is the Bureau of Naval Personnel (BUPERS).

3. Policy. It is DON's policy to maintain the highest level of readiness, effectiveness, discipline, efficiency, integrity, and public confidence. Candid, objective and uninhibited internal analysis of the management, operation, and administration of the DON is essential to achieve this objective. All inquiries into matters affecting the integrity, efficiency, discipline and readiness of the DON shall be conducted in an independent and professional manner, without command influence, pressure or fear of reprisal from any level within the DON. All non-frivolous allegations of misconduct shall be thoroughly and impartially investigated and reported.

4. Organization. Reference (b) requires CHNAVPERS appoint a full-time, dedicated IG reporting directly to CHNAVPERS. The "Inspector General" title must be clearly identified on
organizational charts and elsewhere. The civilian IG shall be in the pay grade of GS-15 (or equivalent) or higher and, per reference (a), be assigned additional duty to NAVINSGEN. Additionally, the force/staff judge advocate or command counsel may not serve as IG at any level of command, as this creates an inherent conflict of interest.

5. Authority and Responsibility

a. General. The CHNAVPERS IG is the senior investigative official under NAVINSGEN and is the principal advisor to NAVINSGEN and CHNAVPERS on all matters concerning investigations, audit follow-up, and inspections. The IG will also serve as an approval authority for echelon 3 or 4 IG designations within BUPERS commands and activities. In addition to the Investigative/Hotline Program, CHNAVPERS designates the IG as program manager for the Command Evaluation (CE), Audit Liaison, Command Inspection, Managers’ Internal Control, and Risk/Opportunity Assessment Programs. The CHNAVPERS IG shall ensure the policy expressed in this instruction is implemented within BUPERS by initiating and conducting, or directing the conduct of, such inquiries as the IG deems appropriate, with particular emphasis on those matters relating to integrity, ethics, efficiency, discipline or readiness afloat or ashore. The CHNAVPERS IG shall follow NAVINSGEN policy and procedures for the conduct of inquiries within the scope of this instruction. The CHNAVPERS IG shall provide NAVINSGEN information independent of the normal subordinate lines of authority and command. All BUPERS personnel shall respond to any request or inquiry by CHNAVPERS IG as if made by CHNAVPERS.

b. Credentials & Badges. Personnel accredited by the CHNAVPERS IG to conduct investigations, audits and inspections are authorized to carry credentials signed by CHNAVPERS. In addition, the IG, Deputy IG, and investigators will be assigned and carry a serialized badge. BUPERS Echelon 3 IG personnel shall be credentialled by CHNAVPERS IG.

c. Access to Information and Spaces. The IG personnel shall have unrestricted access to all persons, unclassified information, and spaces within BUPERS that the IG deems necessary to accomplish the IG mission. Subject to compliance with CHNAVPERS requirements for handling classified material, IG
personnel shall be provided copies, in an appropriate form, of all recorded information the IG deems necessary to accomplish its mission. With respect to classified information and spaces:

(1) Personnel bearing CHNAVPERS IG credentials are certified for access to classified information and shall be presumed to have a “need to know” for access to information and spaces. They shall be granted immediate unrestricted access to all classified through SECRET information and spaces within BUPERS.

(2) The provisions of the DON Information and Security Program regulation shall be followed for granting credentialed personnel access to information and spaces classified above SECRET.

(3) The CHNAVPERS IG and personnel bearing CHNAVPERS IG credentials marked “Intelligence Oversight/Unlimited Special Access” are certified for access to information and spaces dealing with intelligence and sensitive activities, compartmented and special access programs and other restricted access programs in which CHNAVPERS participates. When performing oversight of such programs pursuant to Executive Order 12333 (United States Intelligence Activities), IG personnel shall be presumed to have a “need to know” for access to information and spaces, and shall be granted unrestricted access to all such information and spaces upon compliance with the provisions of the DON Information and Security Programs regulation and presentation of a written certification from the IG stating the bearer is performing an oversight function of the matter for which information is sought.

d. Oaths and Testimony. The IG and credentialed personnel may administer oaths and take testimony under oath.

e. Designated Individual Support. CHNAVPERS IG is authorized to task by name, area, and/or level of expertise, such military and civilian personnel of BUPERS for temporary assignment as the IG determines may be required to carry out its mission and functions. Any related costs (e.g., travel and per diem) for such temporary personnel will be paid by the parent
f. Organization Support. CHNAVERS IG is authorized to task any inspection, investigative, audit, or program oversight organization within BUPERS to provide such support as the IG determines may be required to assist in the performance of its mission and functions.

g. Conflicts of Interest. When a BUPERS organization performing an IG function determines it inappropriate to inquire into a matter due to the existence or appearance of a conflict of interest, bias, prejudice or other circumstance that may place the independence or impartiality of the inquiry in doubt, the matter shall be referred to the next higher office within the IG network. Should CHNAVERS determine it inappropriate for the CHNAVERS IG to inquire into a matter for such reasons, CHNAVERS IG shall request NAVINSGEN task another DON command to conduct the inquiry.

6. Limitations. This instruction shall be construed to avoid interfering with other independent authorized investigations, such as courts of inquiry or investigation under the authority of the Uniform Code of Military Justice or the Manual of the Judge Advocate General and criminal investigations conducted by the Naval Criminal Investigative Service.

7. Action. Addressees shall take such action as is expressed or implied to ensure compliance with this instruction. All BUPERS commanders, commanding officers (COs), and officers in charge (OICs), shall extend full cooperation to the CHNAVERS IG.

8. Records Management. Records created by this instruction, regardless of media, will be managed per Secretary of the Navy Manual 5210.1 of November 2007.

9. Reports. The CHNAVERS IG is the confidential agent of CHNAVERS for obtaining uninhibited self-analysis and self-criticism of the internal management, operation and administration of BUPERS. Therefore, CHNAVERS IG reports are internal memoranda and constitute privileged information that is not releasable outside DON except with specific approval of the
CHNAVPERS IG. All requests from sources outside original distribution for CHNAVPERS IG reports or related correspondence shall be referred to CHNAVPERS IG for coordination and clearance. Classifications and restrictions on the disclosure or use of IG reports shall be strictly observed.
