1. **Policy.** Each officer community major command screening board reviews records of Acquisition Corps (AC) qualified Captains and Captains (Sel) to identify those assignable to major acquisition commands.

a. Selectees are placed in a "pool" of assignable officers, which are then available for the Systems Commands slating panels and subsequent Acquisition Workforce Officer Community (AWOC) review in the case of major programs.

b. These officers compete with other candidates, which may include civilians and Marine Corps officers per the best-qualified policy. For more information on the AC program, see MILPERSMAN 1301-700.
