-------------------	---------------------------------

1. **Background.** Mobile Environmental Teams (METs) provide short term, on-scene tactical environmental support to operating units, which do not have meteorological, and oceanographic support personnel assigned.

a. METs are equipped to provide a wide variety of support including meteorological and oceanographic forecasts and observations and upper air observations using portable computers, facsimile equipment, satellite receiving equipment, communications and other equipment.

b. In addition, they provide training in observing, recording and reporting surface weather and oceanographic observations.

c. There are currently eight METs located at Norfolk, VA; Rota, SP; Jacksonville, FL; Pearl Harbor, HI; San Diego, CA; Yokosuka, JA; Bahrain and Whidbey Is., WA.

d. Duty with METs is classified as Type 2 or 4 sea duty. Tour length is prescribed rating sea tour or Department of Defense (DoD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. Possession of or eligibility to obtain a SECRET security clearance or higher in accordance with SECNAVINST 5510.30A, appendix F is a requirement.

b. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.
