-------------------	---

1. **Program Background.** Camp David provides the President of the United States with a safe and private presidential retreat.

a. Camp David manages a recruiting team which travels to various naval facilities to identify Sailors for assignment to Camp David. The recruiting team conducts record screening and personal interviews with Service members who meet the initial qualification criteria. Once selected, a single scope background investigation will be initiated by the Camp David recruiting team to determine top secret/sensitive compartmentalized information (TS/SCI) eligibility with a yankee white (YW) clearance.

b. Camp David screening procedures require time intensive and costly background investigations. Due to the length of time required to process the TS/SCI with a YW clearance, candidates are screened 14-24 months from projected rotation date (PRD). Candidates with less than 14 months remaining until PRD will require their respective rating detailer's approval. Upon notification from a Camp David recruiting team, Major Washington/Millington Staff Detailer (NAVPERSCOM PERS-4010F) will place a candidate's record in a detailing hold status. This hold status informs the respective rating detailers not to create orders because the candidate is being screened for Camp David. Once a candidate receives a YW clearance and meets all other requirements, per MILPERSMAN 1306-900 and MILPERSMAN 1306-

945, the recruiting team will notify PERS-4010F to create orders to Camp David, with the exception of those candidates recruited directly from "A" school, who will report to Camp David while their YW clearance is being processed.

c. Tour length for all E-1 through E-9 candidates is 36 months.

## 2. Requirements/Qualifications

a. E-1 through E-9 candidates must be in the following ratings:

ABH	Aviation Boatswain's Mate (Handler)
ABF	Aviation Boatswain's Mate (Fuel)
BU	Builder
CE	Construction Electrician
CM	Construction Mechanic
CS	Culinary Specialist
DC	Damage Controlman
EA	Engineering Aide
