**Navy Interactive ON-NET (ION) Operator
Certification Program**

- Changed the title to remove CNE. Removed all instances of CNE due to doctrine change. Terminology no longer used per JP 3-12.
- Removed CTN and changed to Cyber Warfare Technician (CWT)
- **Subpara 2a(3)**, changed application time to account for PRD window moving from 9 months to 12 months
- **Subpara 2a(9)**, changed OBLISERV to 60 months per MILPERSMAN 1306-604. ION training track is 18-24 months. Changed the office to match MILPERSMAN responsible office (BUPERS-327)
- **Subpara 3b**, removed ION assessment as a requirement. The ION assessment happens during ION prep training. Updated lettering after removal of subparagraph 3b
- **Subpara 3e**, updated the NAVPERS 1070/613 wording. The wording is an example and wording may vary
- **Para 4**, updated screening process for ION Program Manager
- **Para 5**, updated training to the new ION pipeline
- **Para 6**, added training equivalency for USCYBERCOM-approved training
- **Para 7**, added program disenrollment
- **Para 8**, Added ION NEC removal

(COG: BUPERS-327)
