1. Policy

a. Members may not be involuntarily extended beyond expiration of active obligated service (EAOS), or expiration of obligated service (EOS) for Selected Reserve (SELRES) members for the sole purpose of administrative separation (ADSEP) processing. This includes members who are held beyond EAOS/EOS for special court-martial or general court-martial and do not receive punitive discharges; however, voluntary extensions may be requested from Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Branch (PERS-832) or Reserve Enlisted Status Branch/FTS Recall and Conversions (PERS-913).

b. Members who have voluntarily extended service beyond their EAOS or EOS for the specific purpose of medical treatment and are being processed for ADSEP, must be advised that they may decline further medical treatment and request immediate separation without further ADSEP processing.

c. A member who has been processed for ADSEP due to misconduct and is subsequently determined to be not medically qualified for separation, shall not be retained on active duty for medical treatment without the written consent of NAVPERSCOM (PERS-832) or NAVPERSCOM (PERS-913) for SELRES members. (See [MILPERSMAN 1910-218](#)).
