Note: This article does not apply to definite or indefinite recalls.

2. **Policy**

a. All members of the Selected Reserve and voluntary training unit Sailors must meet the criteria provided in this article in order to be placed in an active duty status per reference (a) voluntary and involuntary Reserve access authorities.

b. Activation criteria are distinct from deployment, area of operation, and or any other screening Sailors may need to fulfill the requirement for which they are being activated.

c. Commander, Navy Reserve Forces Command (CNRFC) may designate an electronic information system as the official data repository for recording and summarizing a Sailor's fulfillment

of the activation criteria provided in this article. An electronically-saved or printed screenshot from the display of the system may be used in lieu of a paper checklist, form, or other means of validating and historically recording a Sailor's fulfillment. Activation criteria are as follow:

(1) Must have less than 16 years of total active military service or unless the Sailor has received an approved waiver per reference (b);

(2) Must be less than 62 years of age for officers unless deferred per reference (a), and less than 60 years of age for enlisted personnel;

(3) Obligated service or Reserve enlistment will not expire sooner than 30 days after the orders report date;

(4) Must have a valid common access card that will not expire sooner than 30 days after the orders report date;

d. Activating Sailors must attest in writing, or e-mail, to the following statement prior to activation: "I attest that there have been no known changes in my medical and dental status since my last periodic health assessment, comprehensive physical (if applicable), and dental exam. Additionally, I have disclosed all known medical conditions to my Navy medical provider in line with established procedure".

3. **Waivers to Criteria.** Reserve Component activation screening criteria may be waived per the procedures below. Waiving a criterion permits a Sailor to transition from reserve status to active duty status without meeting this criterion but does not exempt the Sailor from adhering to the directive establishing it.

a. Per reference (b), the criteria in subparagraphs 2c(1) and 2c(2) may be waived for officers and enlisted personnel;

b. The criteria in subparagraph 2c(2) may be waived for officers per reference (b);

c. The criteria in subparagraphs 2c(3) through 2c(6) may be waived by the commanding officer or delegated representative of the Sailors' ultimate duty station, as stated in their orders;

d. Per subparagraph 2c(11), CNRF may establish and waive this criterion based on the ultimate duty station, location of service, mission requirements, or other conditions;

e. The criteria in subparagraphs 2c(12) and 2c(13) are non-waiverable when activating per reference (a) under sections 12301(b), 12301(d), and 12304(b) authority. The criteria in subparagraphs 2c(12) and 2(c)(13) may be waived by Deputy Commander, Navy Reserve Forces (DCNRF) when activating per reference (a) under sections 12301(a), 12302, and 12304(a) authority, provided the requirements are met prior to reporting to the ultimate duty station.
