(4) In cases where orders are written for less than the PTL and the officer later incurs additional OBLISERV or requests to remain on active duty, the officer will **not** be reassigned prior to completion of the PTL unless in connection with an approved exception. MTS and PTL in the matrix above are the MTS and PTL required at the next duty station.

b. United States Navy (USN) Officers

(1) Retainability for USN officers is limited by statute, which defines maximum service, by LOIs and by resignation/retirement requests.

(a) Statutorily required separation cannot be waived unless the officer is continued on active duty by a continuation/administrative retention board; in such cases, retainability must be satisfied in full prior to issuance of cost PCS orders.

(b) Absence of a resignation/retirement request 6 months prior to the first day of the officer's PRD month makes the USN officer eligible for PCS orders and, once notified of

orders, committed to fulfill the associated tour-length requirement.

(2) When assigning officers who have completed 20 years of total active service or have been continued, OASIS2 must be reviewed by NAVPERSCOM to verify the estimated loss date allows sufficient retainability.

(3) Officers cannot be assigned beyond their estimated loss date unless continued. Questions concerning estimated loss date are handled by NAVPERSCOM, Retirement Fleet Reserve/Disability Retirement Division (PERS-82).

(4) Although an officer may be retained on active duty until completion of PTL, it has been common practice to approve resignation/retirements upon completion of MTS, provided the request meets other OBLISERV and submission requirements.

(a) This policy will remain in effect unless Commander, Navy Personnel Command (COMNAVPERSCOM) determines by competitive category/designator that significant personnel shortages are a compelling military necessity for retention.

(b) In the absence of a request to resign/retire, the officer will serve the full PTL unless an approved exception is granted by appropriate authority.

(5) USN officer order writing decision matrix is as follows:

Retainability	Write Orders	Tour Length/Action
MSR > or = PTL	Yes	PTEXT P73043
MTS < or = MSR < PTL	Yes	PTEXT P73043
MTS < or = MSR	Yes	PTEXT P73044/P73046 (Note 1)
MSR < MTS	Yes	PTEXT P73043 (Note 2)
MSR < MTS	No	Extend PRD to Separation date and retain onboard. (Note 1)

Note 1: Letter of intent or approved RAD.

Note 2: No letter of intent or approved RAD. Less than 6 months from PRD.

(6) MTS and PTL in the matrix above are the MTS and PTL required at the next duty station.

(7) The following officers do not meet retainability requirements and are not issued **cost** orders:

(a) Officers who will be involuntarily retired due to age or time-in-grade limitations.

(b) One-time failure of selection (FOS) officers who will be involuntarily separated if they FOS a second time.

(c) This requirement may be waived under extraordinary circumstances by NAVPERSCOM, Distribution Department (PERS-4) where continuance of a one-time FOS officer (e.g., in an overseas billet) is detrimental to the Navy and to the individual. Considerations include the following:

1. Need for career-enhancing billet to improve promotion opportunity.

2. Need to transition to the civilian sector and individual's suitability for continued overseas duty.

5. **Retainability Exceptions.** Waiver authority for retainability requirements is as follows:

a. Requests to waive retainability of 12 months or less can be approved by NAVPERSCOM (PERS-4).

b. Requests to waive retainability greater than 12 months can be approved only by Chief of Naval Operations (CNO) (N131).

References	<ul style="list-style-type: none"> (a) DoD Instruction 1315.18 of 28 October 2015 (b) SECNAV memo (Establishment of SECNAV Sea Tours) of 20 May 1996 (NOTAL) (c) CNO memo 4000 (Business Rules for Military Billet Reduction) of 18 Dec 1997 (NOTAL) (d) OPNAVINST 1300.15B (e) Joint Travel Regulations (JTR) (f) DIA Directive 1350.100 (Duration of Tours at Defense Attache' Stations) of 24 April 2014) (NOTAL) (g) CJCSI 1330.05B (h) OPNAV N13 PDM for Shared Early Command Apportionment Plan (i) OPNAV N13 PDM for Shared Commander Command Apportionment Plan (j) OPNAV N13 PDM for Shared Captain Command Apportionment Plan
-------------------	---

1. **Policy.** Assignments to activities identified as at sea inside the continental United States (CONUS) and outside the continental United States (OCONUS) will coincide with the Secretary of the Navy (SECNAV) tours per references (a) through (d); these activities are designated by type assignment codes (TAC) "C" and "D." Activities identified as CONUS and overseas shore duty are designated by TAC codes "S," "H," and "O."

a. Navy Personnel Command (NAVPERSCOM) division directors are directed to ensure compliance with SECNAV prescribed sea tour (PST) lengths. Orders will be issued with projected

rotation dates (PRD) set to the PST for CONUS or OCONUS. The PST length for OCONUS must be that of accompanied orders. Overseas shore duty orders will be written per reference (e) for personnel assigned to Navy activities. OCONUS shore tours may be curtailed per reference (a). Personnel Exchange Program (PEP) tours are 24-month accompanied tours, except for aviation designated officers (13XX) in a flying status, these orders will be 30 months. Reference (f) provides tour length requirements for assignment to attachés. Reference (g) provides tour length requirements for Joint Chiefs of Staff tours.

(1) For CONUS tours, communities with variable PST and shore tour lengths (e.g., 24-30 months) will normally write orders for the longer tour length. This variable tour length must be written in the orders, referencing this article as specifically as possible.

(2) When these variable tour lengths are not exceptions as defined in [MILPERSMAN 1301-106](#), no waiver is required for PRDs at or beyond the longer tour length specified in exhibits 1 through 4 of this article. A waiver, approved by the appropriate division director or designated representative, is required for PRDs at the minimum tour length or within the tour length range. If a PRD is less than the minimum community-prescribed tour length in exhibits 1 through 4 and as specified in the officer's orders, the waiver requirements of [MILPERSMAN 1301-106](#) apply.

b. Exhibits 1 through 4 depict SECNAV sea tour lengths and recommended shore tour lengths for officers based upon optimum career progression for specific communities. As such, they represent the required time at sea for officers, however, do not constitute exceptions to shore requirements per references (a) through (j). **This article takes precedence where tour length guidance in this article conflicts with [MILPERSMAN 1300-308](#).**

c. Training and Administration of the Reserve tour lengths are listed with the applicable community tour lengths.

2. Prescribed Tour Lengths for Sea Duty

a. An on-time permanent change of station (PCS) move from sea is one that completes the full PST length. A 1-month early window is provided, if required, to facilitate the timing of schools, incumbent relief, etc. Cases where an existing PRD was incorrectly applied to the sea tour does not constitute

authority to move an officer early. Unless dictated by higher authority or extenuating circumstances, the incorrect PRD will be extended or changed to the correct PST length.

b. A cost PCS move initiates a new PST length. Sea-to-sea PCS moves must be no-cost or low-cost (less than \$1,000) to be designated as a split tour and an exception to full PST lengths. Consecutive no-cost or low-cost split tours may be combined to meet PST lengths.

c. For split tours, the officer should remain at the last command for a minimum of 12 months to preclude readiness issues. Cases of transferring officers in an accounting category code "3XX" status do not constitute a split tour.

d. It is the detailer's responsibility to determine if the prescribed tour length criteria have been met prior to a new PCS funded move. If the criteria have not been met, the detailing officer must obtain waiver approval prior to releasing the orders per references (a) and (d).

Note: See note 2 of section 4.15 for joint billets.					

4.8 Exceptions to Tour Length Guidelines

a. Specialists

(1) Nurse anesthetists, perioperative nurses, orthopedic physician assistants, anesthesiologists (15BX series), pathologists (15MX subspecialty code), surgical sub-specialties (15BX, CX, DX, EX, GX, HX, IX, and JX), radiologists (16YX), pediatric dentists (179X series), and oral surgeons (175X series) per DoD Instruction 1315.18, enclosure 3, subparagraph 3b(12).

Rank	Tour Type	Job Description	Sea Tour	Shore Tour	Remarks
ENS through CAPT	Sea	Carriers	12		
ENS through CAPT	Sea	All other sea duty	24		
ENS through CAPT	Shore			36	- Exception: Twentynine Palms, CA and Lemoore, CA (1 year) - Medical treatment facilities (MTF) with no operating room or for pediatric dentists (1 year unaccompanied or 2 years accompanied)

EXHIBIT 4
NAVY PERSONNEL COMMAND STAFF RESTRICTED LINE OFFICER
DISTRIBUTION DIVISION (PERS-44)
(continued)

Rank	Tour Type	Job Description	Sea Tour	Shore Tour	Remarks
ENS through CAPT	OCONUS			24	- 24 months for accompanied tour lengths per Joint Travel Regulations (JTR), appendix Q. - Guantanamo Bay, Cuba for 12 months unaccompanied or 18 months accompanied (also applies to 1920 labor and delivery nurses) - Iwakuni, Japan for 12 months unaccompanied or 18 months accompanied (also applies to 1920 labor and delivery nurses)
CAPT	Shore	MTF CO or XO	24	24	

b. Newly Accessioned Clinical Specialists. Medical and Dental Corps officers may be assigned a 1-year tour at a CONUS MTF to allow for adequate credentialing but may be assigned directly to an OCONUS facility when at least one fully privileged provider of the assignee's specialty is stationed at the facility. In small communities with only one billet at OCONUS locations, sending a newly accessioned specialist may be considered once other possible fills have been ruled out.

c. Board Certification. Specialty board certification for health professionals is a stated Navy goal. For specialties that need to develop a case file for board certification, duty at isolated facilities with limited case diversity may preclude attainment of board certification. While board certification should be considered in assignments; ultimately, such specialists are required for maintenance of essential clinical services at these facilities.

d. Skill Competency. Preservation of skill competency will be considered for certain specialties with the following tour length exceptions:

EXHIBIT 4
NAVY PERSONNEL COMMAND STAFF RESTRICTED LINE OFFICER
DISTRIBUTION DIVISION (PERS-44)
(continued)

(1) Maximum tour lengths for all surgical specialists (as defined in section 4.8 a(1)), radiologists, pathologists, emergency medicine, and pediatric dentists are as follows:

(a) DoD overseas shore tour lengths:

1. Twelve-month unaccompanied or 18-month accompanied tours at Guantanamo Bay, Cuba and Iwakuni, Japan (to include labor and delivery nurses and orthopedic physician assistants).

2. Two years at Guam; Naples, Italy; Okinawa, Japan; Rota, Spain; Sigonella, Italy; and Yokosuka, Japan.

(b) CONUS time on station tour length of 1 year at Twentynine Palms, CA, with the exception of emergency medicine and radiology, which will be 2 years.

(c) CONUS time on station tour length of 2 years for radiologists to Lemoore, California.

(d) SECNAV tour length of 1 year aboard aircraft carriers.

(2) For specialties such as general internal medicine, pediatrics, and family medicine, no limitations on current DoD or SECNAV tour lengths are required. It is believed that technical skills for the procedures performed by these specialists can be refined easily upon return to a major medical facility or through brief refresher training opportunities. Medical officers classified as "solo providers" who are on-call 24/7 may be assigned to shorter tour lengths in otherwise longer tour areas per DoD Instruction 1315.18.

e. CO and XO assignments will generally be 24-month tours.

4.15 ACQ Professional Community (APC) Tour Guidelines

a. APC officers will generally be assigned to ACQ workforce billets for 36 months.

b. Any officer assigned to a critical ACQ position must agree to stay 36 months minimum.

c. Selected major program management tours are controlled by the Director, Acquisition Career Management Office.

Note 1: Joint tour lengths for LT through CAPT will be per [CJCSI 1330.05B](#).

Note 2: This designator is covered under joint scientific or professional waiver for selection to pay grade O-7; however, officers assigned to a joint duty assignment list billet are required to complete the joint tour length per [CJCSI 1330.05B](#).

MILPERSMAN 1301-112

OFFICER DISTRIBUTION - COMMAND TOUR LENGTHS

Responsible Office	OPNAV (N131)	Phone: DSN COM E-mail	664-5037 (703) 604-5037 Nxag_m131e@navy.mil/
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. Sea Command Tour Lengths and Goals

a. Sea command tours are 27 months with the following exceptions:

Designator	Rank	Tour Lengths
1110	Captain (CAPT)	24 Months
1110	Commander (CDR)	24 Months
1120	CDR (nuclear-powered general-purpose attack submarine/ballistic-missile submarine, nuclear propulsion)	36 Months
1110	Lieutenant Commander	24 Months

(1) **13X0 CDR**

(a) Squadron-command tour lengths of commanding officer (CO) attached to **carrier-based squadrons** are 12-15 months; 24-36 months for a combined executive officer (XO) and CO tour.

(b) The minimum combined tour length for XOs and COs of carrier-based squadrons will be 30 months unless curtailment is approved by Assistant Commander, Navy Personnel Command for Career Management Department (PERS-4).

(c) Tour lengths may be extended to a maximum of 18 months with PERS-4 approval.

(2) **130X CAPT**

Type Duty	Tour Lengths
Initial Major Sea Command	15-24 months
Sequential Tours	18 months
Aircraft Carrier Nuclear Propulsion	36 months
Carrier Air Wing Commander	36 months combined commander and deputy tour

b. CAPTs in major commands of ships will serve for 24-27 months with the following exceptions:

(1) Tours will be for a minimum of 18 months if on a ship which is the first half of a sequential command (e.g., amphibious transport dock ship for 18 months followed by command of an amphibious squadron);

(2) The ship is a conventional aircraft carrier which is the second half of a sequential command tour. Conventional aircraft carrier command tours will be for a minimum of 18 months; or

c. Office of the Chief of Naval Operations Officer Force Shaping Plans and Policies Branch (OPNAV N131) is the final approving authority for **any** short tours of COs (CAPTs) at sea where the tour length is less than the prescribed major or sequential command tour-length policy. OPNAV N131 policy encourages short tours to be held to an absolute minimum, including flag selectees regarding this issue.

2. **Shore Command Tour Lengths**

a. Shore command tour lengths in the continental United States must meet the time on station requirements issued in [MILPERSMAN 1301-104](#).

b. Overseas shore command tour lengths must be issued per Department of Defense area tour lengths policy contained in [MILPERSMAN 1300-308](#).

(1) Tour curtailment or transfer of a shore CO, prior to the completion of a requisite tour, requires PERS-4 waiver approval and will be examined on a case basis.

(2) Consistent with the provisions of [MILPERSMAN 1300-308](#), curtailment may be requested only after the officer is serving in the command billet.

3. **Naval Reserve Officer Training Corps (NROTC) Unit**

Command. In an effort to stabilize the NROTC command position to achieve acceptable unit readiness and improve university interface, NROTC command tour lengths will be 36 months.

4. **Key Managerial Billets.** Senior officers, other than unrestricted line officers, in key managerial billets will be assigned for periods of 4 to 6 years. This policy refers not to just a single billet, but also to directly-related billets in the organizational chain of command.

	MyNavy Portal:	askmncc@navy.mil https://my.navy.mil

1. **Purpose.** To clarify screening and selection procedures for all prospective officer detailer and placement personnel, and to prescribe tour length and reassignment policy for officers assigned to Navy Personnel Command (NAVPERSCOM).

2. **Background.** A proper degree of sensitivity must be maintained in the relationship between NAVPERSCOM and all military members with whom it interfaces, while simultaneously providing the manning continuity necessary to promote a high degree of organizational efficiency. NAVPERSCOM officer detailer and placement billets require careful screening to ensure selected candidates are exemplary representatives of their community and NAVPERSCOM. These positions imbue special confidence requiring access to personal identifiable information (PII) and sensitive Service member information. Any officer selected must be capable of managing this responsibility. Although volunteers are preferred, it is in the best interest of NAVPERSCOM Career Management Department (PERS-4) officer community divisions, as well as the officers they service, the selection process seek multiple candidates for detailing and placement with consideration for diversity.

3. **Requirements for Officer Detailer and Placement Assignment.** Prospective officer detailers and placement officers must meet the following requirements:

a. Have no fitness report (FITREP) trait grade below 3.0 and received a promotion recommendation of promotable or higher in the past 36 months.

b. Have no record of non-judicial punishment, court-martial conviction, or civil conviction within the past 60 months.

c. Have no alcohol-related incidents within the past 36 months.

d. Must be within current body composition standards and passed the most recent regularly scheduled physical fitness assessment.

e. Have no record of financial instability within the past 36 months.

f. Substantiated Family Advocacy Program (FAP) cases for physical abuse are disqualifying while families are in treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges). Members involved in substantiated cases involving child abuse, sexual molestation, or any sexual assaults are disqualified.

g. Be eligible for a secret security clearance.

h. Be recommended by their commanding officer for selection for a detailee or placement billet.

4. **Detailee Nomination Package.** Submit the following documents as part of the nomination package:

a. Commanding officer's letter of recommendation, including a statement whether the officer received any letter(s) of indebtedness or any indications of serious financial problems within the past 36 months.

b. FITREPs for the past 36 months. Ensure Social Security number (full or truncated) is redacted.

5. **Nomination Process**

a. **Tracking.** To ensure a timely demand signal for an incumbent's relief, NAVPERSCOM Shore Placement Branch (PERS-444) will publish and track a monthly spreadsheet of PERS-4 personnel who are 12 months from their projected rotation date. This spreadsheet will include the relief requirement as validated by the respective branch head.

b. Criteria. Communities may nominate preferred candidates; however, final determination of candidates will be approved by the PERS-4 officer community branch head and or division director.

(1) Leveraging our diversity is the key to reaching the Navy's peak potential both as a workplace and as a defense force. Branch heads and division directors will take diversity into consideration and actively work to increase diversity within their divisions.

(2) Officers are best served when detailers and placement officers have recent milestone community experience. Nominated candidates should be upwardly mobile within their respective community.

(3) Whenever possible multiple candidates should be considered for available billets.

6. Selection Criteria

a. Interview. An interview for each qualifying candidate must be conducted by a PERS-4 branch head or senior to determine best fit. This can be accomplished via teleconference, detailing trip, road show career development symposium, or road show.

b. Recommendations. Written recommendations should ensure all requirements as listed in this article have been met and provided to the division director.

c. Selection. PERS-4 officer community division director will have final selection approval.

7. Policy. The following policies have been established for all officers assigned to NAVPERSCOM:

a. Assignments to NAVPERSCOM will be made per [MILPERSMAN 1301-110](#), but in no case for less than 24 months.

b. Reassignment from NAVPERSCOM will be made per [MILPERSMAN 1301-110](#) and per community career progression.

c. Exceptions to these policies must be requested in writing and approved by PERS-4 before permanent change of station orders are negotiated. Exception requests must include report date to NAVPERSCOM, proposed detachment date, and justification for early transfer or career progression variance.

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	-----------	-----------------

References	(a) Public Law 99-433 (b) 10 U.S.C., Chapter 38, Joint Officer Management (c) Joint Travel Regulations (JTR), Appendix Q, Part 1
-------------------	---

1. **Policy.** Reference (a), as amended, establishes a minimum continental United States (CONUS) tour length of 3 years for officers assigned to the joint duty assignment list (JDAL) now contained in reference (b). Joint billets are identified on the billet file with a billet additional qualification designator of JD1 (non-critical joint billet) or JD2 (critical joint billet).

2. **Tour-Length Guidance.** Officers assigned to joint duty assignments (JDAs) will have their projected rotation dates set for a minimum of 36 months when orders are written.

a. If an officer's first tour in a JDA terminates prior to 24 months, the officer can serve subsequent tour(s) to attain full joint duty credit when the minimum tour length is met.

b. Exceptions to the **minimum 36-month** tour requirement (qualifying reassignment with Secretary of Defense (SecDef) tour-length waiver not required) are as follows:

(1) Reassignment is greater than 24 months from the date of arrival into the JDA.

(2) Retirement, release from active duty, or suspension from active duty.

(3) Reassignment for unusual personal reasons (including extreme hardship and medical conditions) beyond the control of the officer or the Navy.

(4) Upon immediate reassignment to another JDAL billet.

(5) Assignment performed outside CONUS. Officers assigned to overseas JDAL billets must comply with the overseas tour lengths established in reference (c).

(a) Full joint duty credit will be granted for overseas assignments only when the officer serves the accompanied tour length not less than 2 years.

(b) If an officer departs prior to completing the accompanied tour length, only cumulative credit will be awarded, regardless of dependent status.

(6) Any officer may depart from a JDA up to 60 days early with an approved joint tour length constructive credit request in order to meet class convening or change of command dates, but not for personal convenience.

(7) Suspension from duty.

3. **Tour-Length Waivers**. A principal objective of reference (a) is to enhance the stability and continuity of officers in joint duty assignments.

a. For that reason, officers assigned to joint billets are expected to complete a full tour of duty. Except as noted above, officers departing joint tours prior to the end of their tours, must have approval from the Office of the Secretary of Defense (OSD) before departure.

b. Navy Personnel Command (NAVPERSCOM) assignment officers will prepare the waiver request for the Principal Deputy Under Secretary of Defense (military personnel policy) signature. NAVPERSCOM, Joint Officer Management and Education/Subspecialty Branch (PERS-450) will provide technical assistance in preparation, formatting, and tracking the request through Navy, OSD, and Joint Chiefs of Staff channels.

c. SecDef will consider waiver requests on a case-by-case basis.

d. Listed below is the specific information that each joint tour-length waiver request must contain:

(1) Current JDA position. Specify if JDA billet is critical.

(2) Assignment history (including previous joint assignment). (Assignment history shows why this officer may be the only officer qualified at the time to fill the position for which he or she must leave the JDA position.)

(3) Concurrence of losing organization via a general/flag officer or senior executive service equivalent memorandum.

(4) Projected assignment (indicate if joint-to-joint assignment).

(5) Projected promotion date (if applicable).

(6) Specific qualifications which make the requested officer uniquely qualified.

(7) Impact on both the officer and the gaining organization if waiver is not approved.

(8) Recommended departure date (from joint assignment).

(9) The number of months the officer will have served in that JDA on reassignment.

(10) Recommendation for full or partial JDA credit.

(11) Explanation for late request (if waiver is submitted less than 60 days from the requested release date).

(12) Officer's career brief (officer's data card as an enclosure).

4. NAVPERSCOM Action

a. NAVPERSCOM, Career Management Department (PERS-4) will ensure each waiver request is reviewed to ensure compliance with these guidelines prior to submitting the requests.

b. NAVPERSCOM, Joint Officer Management Branch (PERS-450)
will:

(1) Review to ensure compliance; and

(2) Submit waiver requests to the Director for Manpower
and Personnel, the Joint Staff, Washington, DC for processing.

------------	------------------

1. **Policy.** Personnel being transferred to operational commands must be screened to ensure successful completion of a full operational tour.

a. Per BUMEDINST 1300.2, an operational suitability screening will be completed for the servicemember only.

b. The suitability screening process and report will be completed within 30 days of receipt of orders.

c. The transferring command will notify the gaining command and Navy Personnel Command (NAVPERSCOM) of the screening results using Exhibit 1. If a delay is anticipated beyond the 30-day deadline, notify the gaining command and NAVPERSCOM with a "status pending" message, stating the reason for delay and anticipated completion date.

2. **Significant Medical Issues.** For significant medical issues identified during screening, contact the gaining command for acceptance per BUMEDINST 1300.2.

a. Any report of unsuitability will require that the transferring command provide the detailed reason(s) for the finding per Exhibit 2.

b. Recommendations from both the transferring command and screening medical treatment facility (MTF) for probable suitable assignment locations for any member found to be unsuitable for assignment to a specific location, are highly desirable.

c. Provide any administrative actions taken (i.e., MED HOLD, MEDBOARD, LIMDU or ADSEP).

OFFICER SPECIAL ASSIGNMENTS - ENSIGN "STASH" ASSIGNMENTS

Responsible Office	CNO (N131)	Phone:	DSN	223-2303
			COM	(703) 693-2303
			FAX	223-1189

1. **Policy.** Newly commissioned officers temporarily assigned to an activity while awaiting initial entry level training where the period between commissioning and convening of initial entry level training (including authorization of appropriate advance leave) is greater than 60 days are assigned as ensign "stashes."

a. Upon commissioning, officers will be assigned to appropriate entry level training. Navy Personnel Command division directors may grant exceptions to this policy, only if Training Command (TRACOM) facilities are unable to accommodate the officer as a student. In that case, the officer will be assigned temporarily to an activity whose mission is related to the officer's specialty, recruiting or training with Assignment Category Code (ACC) 108 or 150.

b. Officers will normally be assigned temporary duty aboard an afloat command, preferably to their ultimate command. Stashing at shore based commands will not normally be approved.

2. **Assignment Procedures.** The following procedures apply for "Ensign Stash" assignments:

a. Requests for an "Ensign Stash" will be directed to the placement officer for the activity making the request.

b. Placement officers will determine "Ensign Stash" availability and, when requests are made, will follow normal procedures in assigning those stashed within the guidelines of the policy stated above.

c. Ensigns stashed for a period longer than 120 days will be assigned for duty permanent change of station (PCS).

MILPERSMAN 1301-202

Officer Special Assignments - Nominative Billets/Nomination of Officers

Responsible Office	NAVPERSCOM (PERS-441)	Phone: COM FAX	(901) 874-4105 882-2676
-------------------------------	--------------------------	-------------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) 5 U.S.C. (b) DoD Instruction 1000.17 of 30 October 2013 (c) DoD Instruction 5210.87 of 30 November 1998 (d) CJCSI 1340.01A (e) DoD Directive 5210.55 of 15 December 1998
-------------------	--

1. **Policy.** The [MILPERSMAN 1301-100](#) series discusses the officer distribution process in detail. To ensure the widest selection of the best qualified officers for nominative positions, commands must be proactive in communication with the cognizant placement officer.

a. Solicitations for nominative billets should be submitted to Navy Personnel Command (NAVPERSCOM) Washington Placement (PERS-441) or NAVPERSCOM Executive Services (PERS-44ES) at least 6 to 9 months before a relief is required on board, or earlier, if necessary.

b. Placement officers require specific acceptance from the command of a nomination prior to issuing orders for a nominative billet.

c. In each case, transmission of personal information will comply with disclosure regulations per reference (a), chapter 5, section 552a, Privacy Act Statement. Personal information will be used for official purposes only. Disclosure of personal information will be minimized when possible. Social Security numbers will be redacted from all supporting documentation, except when required by [SF-86](#) Questionnaire for National Security Positions information in support of White House and other positions of special trust.

Note: Release of officers' official records is authorized by the NAVPERSCOM Restricted Line and Staff Corps Officer Career Management Division (PERS-44).

2. **Formal Nominations.** A **formal** nomination is the proposal of one or more officers by Commander, Navy Personnel Command (COMNAVPERSCOM) to another flag officer, general officer, or political appointee.

a. Solicitations for nominations must be for a funded billet requirement.

b. Unless otherwise specified by the soliciting command, nomination packages will include the following materials to allow sufficient information to make an informed choice regarding the officer(s)'s suitability for the nomination to the position:

- (1) Executive summary;
- (2) Officer summary record;
- (3) Performance summary record;
- (4) Flag letter of recommendation, if going to or through the Chief of Naval Operations' office;
- (5) 5 most recent fitness reports;
- (6) [NAVPERS 1070/884](#) Officer Photograph;
- (7) Officer biography with picture; and
- (8) Other documents required by the formal solicit.

c. To not delay routing, an officer biography with picture will suffice if official photograph is not current for routing. Every effort should be made by the member, in coordination with his or her detailer, to provide a current official photograph.

d. For all nominative positions, nominees are essentially "non-detailable" until a final selection is made, or the nominee is formally released from consideration. Extended delays in final selection **seriously disadvantage the non-selects** and

represent **missed opportunities** to place our best and brightest in other challenging and high-visibility positions.

e. While every effort will be made to support the command, except in unique circumstances and with Assistant COMNAVPERSCOM Career Management Department (PERS-4) concurrence, **nomination packages should be adjudicated by the command within 30 days of receipt**. If no decision is made on a nomination within 30 days of receipt, **PERS-4 may make the nominee available for other assignments**.

3. **Informal Proposals**. An **informal** proposal is the signal of intent of an officer by PERS-44 to fill a billet under its cognizance. An informal proposal will include the officer record brief for the officer proposed to fill a billet. These billets are not nominative. The command will normally have 2 weeks to adjudicate an informal proposal internally, after which the proposed officer will be placed under orders.

4. **By Name Requests (BNR)**. BNRs circumvent the normal nominative process. In order to maintain the integrity and fairness of the nomination process, BNRs must be limited to those instances where only a specific officer has the definable, unique skills and experience required for the billet.

a. A BNR for a nomination will be endorsed by the flag officer, general officer, or political appointee assigned to the command requesting the BNR. A BNR may not be signed "By direction" or "Acting."

b. Requests must meet the following policy requirements:

(1) Include clear justification as to the nature of the work and specific details as to how the requested officer is "uniquely qualified" for the position.

(2) Be a valid and funded billet attached to the same command as the requesting official. Endorsed BNRs from other activities are not authorized.

(3) Be made in a reasonable amount of time prior to the fill date such that any personnel actions required by the request do not adversely affect the activity to which the requested member is currently attached or previously committed by permanent change of station orders (e.g., by creating

unacceptable gaps aboard the losing activity or billet staffed in excess at the gaining activity).

c. Commands must forward BNRs on letterhead to PERS-4 **via the cognizant placement desk**. Placement will facilitate the routing of BNRs for approval. Commands should expect a decision within 30 days of formal receipt.

d. Nomination packages will not be provided for officers requested through a BNR.

e. Activities submitting a BNR must notify the officer who is being nominated for the position.

f. BNRs may be declined based on officer availability, negative impact to career progression, or negative impact to the Navy.

5. **Process**. NAVPERSCOM requires an appropriate amount of time to fairly and properly solicit for the best qualified nominees to serve in nominative positions. In determining the quality of a nominee, assignment officers must consider career timing, milestone opportunity, and career progression, while also considering the potential adverse effect on the losing command. Often, fitness report cycles, board selection results, and operational requirements dictate availability of an officer and must be considered by the soliciting command when determining the necessary lead time.

a. To ensure the cognizant placement desk and assignment officers are screening nominees with the requisite qualifications and experience for the position, solicitations will be submitted formally to PERS-4 **via the cognizant placement desk** using one of the following:

(1) [SD 37](#) Office of the Secretary of Defense Request for Nomination and Position Description of Military Personnel;

(2) [JS-70A](#) Joint Staff 70A, Request for Nomination of Officer Personnel;

(3) Manpower evaluation request (MER); or

(4) Via letterhead from the requesting flag officer, general officer, or political appointee. Exhibit 3 of this article is a sample request.

b. Every effort will be made to identify volunteers to support formal nominations. This does not preclude a qualified officer from nomination. Volunteer status will be clearly stated in the executive summaries forwarded with the nomination packages.

EXHIBIT 1
Billets Requiring Formal Nominations
(Page 1 of 2)

Billets (Note 1)		Nominees
a.	White House	As specified in MER and references (b) and (c)

Navy Personnel Command Executive Services (PERS-44ES)]

Subj: NOMINATION OF OFFICER(S) TO SERVE AS (TITLE OF
NOMINATIVE POSITION) TO THE (TITLE OF FLAG OFFICER,
GENERAL OFFICER, OR POLITICAL APPOINTEE)

Ref: (a) NAVPERS 15560D, Navy Military Personnel Manual

1. (Name of command) is requesting nominations for officers to serve as the (title of nominative position) for the (title of flag officer, general officer, or political appointee). In order to provide proper turnover, the replacement must be selected and in place no later than (day month year).

2. Request one lieutenant commander (O-4) or lieutenant (O-3) nominee who is clearly among the best in the Navy and meets the additional requirements as stated below:

a. Must possess a Top Secret (sensitive compartmented information) clearance.

b. Any amplifying information.

3. In addition to the requirements per reference (a), [MILPERSMAN 1301-202](#), nomination packages should also include (list additional requirements, if applicable.)

4. Selection process will (or) will not include interviews.

5. Direct your questions to (name of point of contact, phone, e-mail).

Request for Nomination of Military Personnel
(Page 2 of 2)

(Use proper letter format)

6. Forward nomination packages to (office title) no later than (day month year). My point of contact is (name of point of contact, e-mail, or phone).

FO/GO/Political Appointee

OFFICER SPECIAL ASSIGNMENTS - AIDE ASSIGNMENTS

Responsible Office	NAVPERSCOM (PERS-44ES)	Phone:	DSN	882-4071
			COM	(901) 874-4071
			FAX	882-2676
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** Flag officer aides are authorized only by the Chief of Naval Operations (CNO) and entitlement is reflected by billets in activity manning documents.

a. The number of aides and their titles are determined concurrently with the establishment of each new flag officer billet.

b. Aides assigned to flag officers of the Restricted Line or Staff Corps will be of the same designator as the flag officer.

c. Designators for Unrestricted Line aides are per activity manning documents.

2. **Types of Assignments**

a. Chief of staff, flag secretary and flag lieutenant billets apply to billets on the staffs of flag officers in command **afloat**; chief of staff, executive assistant, flag secretary, and aide billets apply to **shore** commands.

b. All flag officer aide billets are nominative. Aides will be assigned only when a flag officer is occupying the flag billet. Whenever a flag officer is dual-hatted and both positions have assigned aides, only one aide will be assigned for correlating billets.

3. **Control of Billets**

a. There are three types of aide billets coordinated through Navy Personnel Command (NAVPERSCOM), Restricted Line/

Staff Corps Officer Distribution and Special Placement Division
(PERS-44ES):

- (1) flag lieutenant;
- (2) flag secretary; and
- (3) aide.

b. Chief of staff and executive assistant billets are coordinated by the cognizant placement officer. Assistant Commander, Navy Personnel Command (PERS-4) reviews all nominations for executive assistant positions and military assistant positions to high-level civilian executives.

4. **Aiguillettes**. The wearing of aiguillettes is authorized for naval officer billet codes 9015, 9021, 9082, 9930, and 9935.

5. **Tour Lengths**. The tour lengths for all commander and junior aides (ashore and afloat) is 2 years, with the exception of the 1-year unaccompanied tour with Commander Middle East Forces.

MILPERSMAN 1301-205

OFFICER SPECIAL ASSIGNMENTS - U. S. NAVAL ACADEMY

Responsible Office	NAVPERSCOM (PERS-440)	Phone:	DSN	882-3999
			COM	(901) 874-3999
			FAX	882-2676

1. **Policy**. Officers with poor potential will not be assigned to the U. S. Naval Academy (USNA).

a. Subspecialty requirements for faculty positions will take precedence over all other billet requirements (e.g., warfare specialty), except validated PhD and acquisition billets.

b. At least 70 percent of all 1000 coded billets will be filled by officers possessing a warfare specialty. This results in overall 85 percent warfare specialists assigned to USNA.

c. All captain and battalion officer (commander) billets at USNA are nominative, with candidates subject to a personal interview by USNA prior to issuance of permanent change of station (PCS) orders.

2. **Assignment Procedures**

a. In order to ensure a flexible interview schedule, which does not deny outstanding officers their opportunity for USNA assignment by virtue of inaccessibility for the interview, the following schedule is generally followed:

(1) **Seven months prior** to detachment of incumbent, USNA provides specific requirements for relief, including any special qualifications/qualities desired.

(2) **Five months prior** to detachment of incumbent, Navy Personnel Command (NAVPERSCOM), Special Placement Branch (PERS-444) provides USNA with nominee. In the same time frame, a relief for the nominee is identified.

(3) **Next two months**, USNA conducts personal interview. The appropriate assignment officer assists in liaison; USNA determines location and time of the interview and provides funds for any travel/per diem required. During this period, the

nominee's immediate senior may be contacted by USNA for the purpose of ascertaining the suitability of the candidate's family for assignment to the Academy. If nominee is unacceptable, NAVPERSCOM, Education Placement Branch (PERS-440) makes another nomination and the procedure is repeated.

(4) **Three months prior** to detachment of incumbent, USNA advises NAVPERSCOM (PERS-440) of acceptance of the candidate and orders are written.

(5) **Exceptions** to these policies will be approved by NAVPERSCOM, RL/Staff Corps Officer Distribution and Special Placement Division (PERS-44).

b. Fifteen of the 30 company officer billets will be filled with lieutenant commanders regardless of billet grade requirements. NAVPERSCOM (PERS-440) in conjunction with NAVPERSCOM, Allocation and Statistics Branch (PERS-452) will ensure that billet postings are modified to reflect which fills are to be lieutenant commanders.

c. Lieutenant billets will normally be filled with officers with 4 to 7 years successful commissioned service except in unique circumstances (e.g., a minority officer assignment or nuclear power trained officers). Exceptions to this policy will be made on a case basis and must be approved by NAVPERSCOM (PERS-44) prior to nomination to the Naval Academy.

3. **Projected Rotation Dates (PRDs)**. Projected rotation dates (PRDs) for officers assigned duty at USNA should, with very few exceptions, fall during semester breaks.

a. Orders to USNA will be written with PRDs of December or June, including those with an arrival date other than these months.

b. Exceptions to a December or June PRD are authorized only in the case of retirements, resignations, officers slated to commanding officer/executive officer billets, and as otherwise approved by NAVPERSCOM (PERS-44).

c. If an officer fails selection while assigned to USNA, he/she will normally be allowed to remain until tour completion. Requests for extensions of such officers will not normally be approved.

-------------------	---

1. **Purpose.** To publish policies, information, and guidance pertaining to U.S. Navy participation in the Defense Attaché Service (DAS), and **establish prerequisites and the nomination selection process** for naval officers to DAS. References (a) through (g) are provided as general guidance and education. Exhibits (1) and (2) are germane.

2. **Background**

a. The U.S. Defense Intelligence Agency (DIA) is the executive agent for DAS and is responsible for providing military attachés to foreign governments.

(1) In 1949 the Department of Defense (DoD) established the need for each branch of the military to establish its own attaché system in coordination with the State Department. From July 1951 to March 1952 the Secretary of Defense (SECDEF), at the urging of Joint Chiefs of Staff, established a limited executive agent system in support of attaché operations. The DoD's Office of Special Operations (OSO) negotiated with the Department of State for opening the attaché systems. Upon the activation of the DIA and the subsequent disestablishment of OSO, DIA assumed responsibility.

(2) On 1 July 1965, the DAS officially came under the Director (DIR) DIA. As the executive agents and managers of the attaché system, the Services now manage, operate, and support their individual attaché programs under the auspices of the DIA.

(3) The objectives of the DAS under DIA are twofold:

(a) To provide a more efficient system for the collection of intelligence information for DoD Components; and

(b) To preserve a channel for service-to-service and DoD representational matters of common interest.

b. Reference (a) provides guidance governing Department of the Navy support to the Defense Attaché System; reference (b) provides **policy** on the Navy's Attaché Program; and reference (c) contains policy and guidance for the **operation and management** of the system, and includes definitions of the status, functions, relationships, selection, and training of attaché personnel.

c. The U.S. Navy participates in DAS by providing qualified personnel to serve in the following positions:

(1) **Senior Defense Official/Defense Attaché (SDO/DATT)**. An SDO/DATT is a senior military officer specifically appointed by the Secretary of Defense to represent DoD to the host country. The SDO/DATT is generally responsible for the defense attaché and security assistance offices in the embassy; specific responsibilities and authorities vary. The SDO/DATT is the Chief of Mission's principal military advisor on defense and national security issues, the senior diplomatically accredited DoD military officer assigned to a diplomatic mission, and the single point of contact for all DoD matters involving the embassy or DoD elements assigned to, or working from, the embassy;

(2) **American Legation, U.S. Navy Attaché (ALUSNA)**. The ALUSNA is an officer assigned to the Defense Attaché Office (DAO) and so designated by the DIR DIA. When designated in writing by the DIR DIA, the ALUSNA may serve as **the SDO/DATT's deputy for attaché operations** (as required);

(3) **Assistant ALUSNA (A/ALUSNA)**. An A/ALUSNA is a naval officer assigned to the DAO who performs attaché duties in support of the SDO/DATT, and ALUSNA; and

(4) **Operations Coordinators (OPSCO)**. An OPSCO is an officer, warrant officer, or senior petty officer (E-8 or E-9) assigned as a member of the diplomatic staff of the Chief of Mission to a foreign country as **office manager of U.S. Defense Attaché Office (USDAO) or U.S. Defense Liaison Office (USDLO)**.

3. Policy

a. **Voluntary**. No officer will be ordered to a DAO unless he or she has been briefed on all expected hardships of the particular post (financial, cultural, health, schooling, etc.), and he or she expresses a willingness to accept the assignment with full knowledge of these hardships.

b. **Requisite Information**. Navy Personnel Command (NAVPERSCOM), Information Officer Dominance Corps/Foreign Area Officer (FAO) Branch (PERS-47) will provide requisite information from the Office of the Chief of Naval Operations (OPNAV), Attaché Affairs (N2/N6 IX2) to assignment officers when posting for attaché billets.

c. **Language**

(1) Language fluency is normally a requirement prescribed by the DIA. Instruction to obtain language fluency will be programmed for all prospective attachés. Though not required by DAS, language training is recommended for spouses accompanying the Service member to station.

(2) For all attaché applicants, language aptitude and or proficiency must be listed and proven prior to consideration for acceptance into the DAS.

d. **Assignment Criteria.** In addition to language proficiency and Exhibit 2 requirements, criteria for assignment include the following:

(1) **Performance.** Sustained superior performance in a variety of sea and shore assignments is required. Only officers that are due course will be considered for assignment to the DAS. For the purposes of this MILPERSMAN article, due course officers are those who have not declined a promotion for which they were selected, or failed to select for promotion twice. Waivers may be considered by OPNAV N2/N6 IX2 on a case-by-case basis with strong justification.

(2) **Obligation.** No officer within 5 years of statutory retirement will normally be considered. Exceptions can be made by NAVPERSCOM, Attaché Affairs (PERS-474B) and the assignment officer under special circumstances. Officers are required to complete the fully prescribed tour length for each respective assignment.

4. **Nomination Process and Procedures**

a. **Assessment and Selection.** Naval officers interested in the Attaché Program must first contact **NAVPERSCOM (PERS-474B)** to assess their qualifications and eligibility for an attaché post.

(1) If approved by NAVPERSCOM (PERS-474B) and with the release from the cognizant assignments officer (no exceptions), a nomination package is provided to the prospective candidate for submission to **OPNAV N2/N6 IX2** for interview scheduling and service-level selection.

(2) **Service nominees** are forwarded to **DIR DIA** for final selection approval.

b. **NAVPERSCOM Protocol for Attaché Assignment.** To maintain the high quality of officers nominated for attaché duty, the following procedures will be followed:

(1) **Billet Identification.** The attaché placement officer will identify all attaché billets for which nominations are required at least 18 months in advance of commencement of attaché training. An updated billet listing will be periodically posted on the Navy Personnel Command Web site. A listing of urgent fills will be provided to the assignment division directors via NAVPERSCOM (PERS-47) Director;

(2) **Nominate.** When requirements for specific expertise or designator have been attached to an attaché billet, the community with primary fill responsibility will nominate at least one qualified officer. Officers with designators that are not consistent with the designator requirement attached to the billet will also be considered for nomination on the basis of sustained superior performance, demonstrated language aptitude, graduate level education, and motivation to serve in a DAS assignment. Assignment division directors shall assign personnel under their cognizance to attaché assignments per reference (d);

(3) **Unrestricted Line (URL) Nomination.** Each URL community is encouraged to nominate **one** officer for 1000 or 1050 designated billets. Nominations from restricted line and staff corps communities will also be considered in order to maintain a competitive selection process desired by the Secretary of the Navy per reference (a);

(4) **Multiple Applicants.** NAVPERSCOM (PERS-474B) will screen applicants submitted by the respective warfare communities, and will forward to OPNAV (N2/N6 IX2) for consideration. To the maximum extent possible, NAVPERSCOM (PERS-474B) will provide at least two applicants for any given position;

(5) **Time Frame.** Once a Service member is identified as a viable attaché applicant by NAVPERSCOM (PERS-474B), the member is considered "nondetailable" until final selection is made. All attaché applicants will be required to submit a nomination package to NAVPERSCOM (PERS-474B) and adhere to the application deadline date provided by NAVPERSCOM (PERS-474B). Late submission of the attaché application will serve as grounds for removal as an applicant. The timely submission of the application package is absolutely essential to allow for the interview process and formal nomination to occur.

5. **Training.** Attaché training consists of 12 weeks of Joint Military Attaché School (JMAS) at DIA, Washington, DC. Officers who successfully complete this course are then available for assignment to their assigned country. Country-specific language training is required for most billets and can range from 2 to 8 weeks (refresher training) to the full language training complement of up to 63 weeks.

6. **Training Length.** All attaché assignment tour lengths are established, per reference (e), and may deviate from the tour lengths prescribed by reference (f).

EXHIBIT 1
(Page 1 of 2)

DEFINITION OF TERMS AND ACRONYMS

1. **Defense Attaché System (DAS)**. A centralized system established as an organizational function of the **Defense Intelligence Agency (DIA)**.

(a) It is directed, operated, and maintained by:

(1) DIR DIA;

(2) Military departments; and

(3) Other DoD Components, as directed by SECDEF.

(b) The DAS consists of all:

(1) **Military** personnel assigned as members of diplomatic staff of a mission for the performance of Armed Forces attaché duties; and

(2) **Civilian** personnel assigned to **DATT Offices (DAO)** and **Defense Liaison Offices (DLO)**.

2. **Senior Defense Official (SDO)/Defense Attaché (DATT)**. The senior military officer assigned to a DAO and so designated by the SECDEF and DIR DIA. In special circumstances, the DIR IA may recommend that an officer other than the most senior officer assigned to a DAO be designated as the SDO/DATT.

3. **Defense Attaché Office (DAO)**. The office consisting of personnel, materiel, activities, and facilities for which the SDO/DATT has operating responsibilities. The DAO is a component element of a U.S. diplomatic mission.

4. **Defense Liaison Officer (DLO)**. The office of the DLO consists of personnel, materiel, activities, and facilities for which the DLO has operating responsibilities. It is usually established in newly opened U.S. diplomatic missions that have not yet been elevated to full U.S. embassy status.

5. **Service Attaché**. An officer of a military service assigned to a DAO, designated by the DIR DIA, as an Army, Navy, Marine, or Air attaché; **or** Assistant Army, Navy, or Air Attaché.

EXHIBIT 1
(Page 2 of 2)

DEFINITION OF TERMS AND ACRONYMS

6. **Foreign Area Officer (FAO)**. A commissioned officer who is a regionally focused expert in political-military operations (17xx designator). FAOs serve in Service, joint, and interagency assignments that involve significant interaction with foreign governments, their militaries, and international organizations.

7. **Acronyms Used**

ALUSNA - American Legation, U.S. Navy Attaché

A/ALUSNA - Assistant ALUSNA

DAO - Defense Attaché Office

DAS - Defense Attaché System

DATT - Defense Attaché

DIA - Defense Intelligence Agency

DIR - Director

DLAB - Defense Language Aptitude Battery

DLO - Defense Liaison Office or Defense Liaison Officer

DoD - Department of Defense

FAO - Foreign Area Officer

JMAS - Joint Military Attaché School

NAVPERSCOM - Navy Personnel Command

OPNAV - Office of the Chief of Naval Operations

OPSCO - Operations Coordinator

OSO - Office of Special Operations

SDO/DATT - Senior Defense Official/Defense Attaché

SECDEF - Secretary of Defense

URL - Unrestricted Line

USDAO - United States Defense Attaché Office

USDLO - United States Defense Liaison Office

EXHIBIT 2
(Page 1 of 2)

**PREREQUISITES FOR ASSIGNMENT WITHIN THE
DEFENSE ATTACHÉ SYSTEM**

1. Selection and Nomination Procedures

a. **General.** Assignment of the highest qualified personnel ensures success in accomplishing the mission within the DAS. This exhibit provides the prerequisites for assignments to the DAS.

b. **Responsibility.** OPNAV N2/N6, Attaché Affairs is responsible for the service-level nomination of Navy officers for assignment within the DAS. Initial recruiting, coordination and Bureau-level nomination responsibilities have been discharged to NAVPERSCOM (PERS-474B).

2. Mandatory Qualifications for Prospective Attachés

a. Demonstrate outstanding reliability, initiative, military performance, and ability to adapt to unfamiliar situations;

b. Possess the ability to express oneself well, both orally and in writing;

c. Attaché and family must possess the ability to adapt to foreign cultures and societies, and must be prepared to tolerate differences and hardships associated with living and working overseas;

d. Possess a "top secret" DoD security clearance or have a special background investigation current within the last 4 ½ years, and be eligible for access to sensitive compartmented information. All attaché nominees must also pass a counterintelligence polygraph before reporting to their ultimate duty station;

e. Candidates shall be in full compliance with reference (h) (Physical Readiness Program) and or reference (i) (Marine Corps Physical Fitness Program);

f. Possess social and moral qualities reflecting credit upon the U.S. Navy:

g. Be a U.S. citizen and be free of any family, commercial, or other influences from within any foreign country;

EXHIBIT 2
(Page 2 of 2)

h. If foreign language ability is required, attain a minimum score of 100 on the defense language aptitude battery (DLAB) exam;

i. Successfully complete the overseas screening process, per reference (g), for the location to which the candidate is applying;

j. Family members accompanying the attaché to station must also successfully complete the overseas screening per reference (g); and

k. If a spouse is accompanying the Service member to station, he or she must be a U.S. citizen and or naturalized. Spouse must be able to garner a "secret" level security clearance even if he or she is not accompanying the Service member to his or her ultimate duty station.

3. Desired Qualifications

a. Previous embassy, overseas assignment, intelligence, DAS, or security assistance officer experience is highly desired for applicants seeking SDO or DATT tours;

b. FAO, Olmsted scholar, or an exchange officer experience;

c. Country and regional area experience;

d. Intelligence related work experience;

e. Master's degree and or professional military education;

f. Able to speak intelligently about the U.S. Navy as the senior representative in the country of assignment;

g. Language ability and cultural knowledge of the designated region and or country of assignment; and

h. Be physically qualified to perform all duties and present a proper appearance in military and civilian dress.

MILPERSMAN 1301-208

OFFICER SPECIAL ASSIGNMENTS - NAVY RECRUITING COMMAND

Responsible Office	NAVPERSCOM (PERS-440A)	Phone:	DSN	882-4040
			COM	(901) 874-4040
			FAX	882-2676

1. **Policy.** The recruiting climate for the All-Volunteer Force dictates careful scrutiny of officers selected to direct Navy recruiting efforts.

a. Accordingly, certain billets are designated **nominative billets**.

b. Navy Personnel Command (NAVPERSCOM), Staff/RL Officer Distribution Division (PERS-44) must approve all officers proposed into nominative billets prior to nomination to Commander, Navy Recruiting Command (COMNAVCRUITCOM).

2. **Navy Recruiting Region (NAVCRUITREG) Commanders.**

Nominations for Commander NAVCRUITREG billets (major commands) will conform to the following guidelines:

a. Officers on the major command ashore list who are currently eligible and available for such assignment will be the primary source of nominees.

b. In the event no primary nominees are available, officers with prior major command experience who are available and volunteer for such assignment may be nominated by captain grade assignment officers.

3. **Navy Recruiting District (NAVCRUITDIST) Commanding Officers (COs).** Officers nominated to command NAVCRUITDISTs should be warfare officer commanders or human resource officer commanders.

a. COMNAVCRUITCOM may request nominations of officers who do not meet this criteria on a case-by-case basis.

b. Whenever feasible, the CO of a NAVCRUITDIST will possess a different Unrestricted Line (URL) designator than the executive officer (XO) of that district.

c. Officers screened for command of NAVCRUITDISTs will spend 18 months in the XO billet followed by 18 months as CO.

(1) Officers will be required to "fleet-up" regardless of past recruiting experience.

(2) All NAVCRUITDIST XOs will be filled by command screened officers to fleet up to 18-month NAVCRUITDIST command tours.

d. Selection for NAVCRUITDIST command will be via each community's command screen process. The Command Leadership Course (CLC) will be incorporated into the established NAVCRUITDIST command training pipeline.

4. **Orientation for Newly Reporting Recruiters.** Indoctrination training for newly reporting recruiters is obtained through funded travel to the NAVCRUITCOM Orientation Unit (ORU), Pensacola, FL en route to their ultimate duty stations. NAVPERSCOM assignment officers will liaison with NAVPERSCOM, Education Placement Branch (PERS-440A) to determine the training required for new officer recruiters.

5. **Senior Minority Assistance to Recruiting (SEMINAR) Program.** The SEMINAR Program provides the temporary personal assistance of minority officers to NAVCRUITDISTs. The objective is to improve the Navy's image and cultivate a favorable recruiting climate in minority communities.

MILPERSMAN 1301-209

OFFICER SPECIAL ASSIGNMENTS - NAVAL RESERVE OFFICER TRAINING CORPS (NROTC)

Responsible Office	NAVPERSCOM (PERS-440A)	Phone:	DSN	882-4040
			COM	(901) 874-4040
			FAX	882-2676

1. **Policy.** Officers assigned to Naval Reserve Officer Training Corps (NROTC) units will be assigned a projected rotation date (PRD) that coincides with the end of the academic year or semester/quarter breaks when at all possible.

a. If an incumbent officer's PRD is adjusted, every effort will be made to have the new PRD coincide with the end of the academic year or semester/quarter breaks. Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) has final approval authority for all officers requesting PRD adjustments.

b. Officers with fewer than 2 years remaining until mandatory retirement will normally not be assigned as commanding officers (COs) of NROTC units. The objective is to place into Professor of Naval Science (PNS) billets top quality captains who have clearly demonstrated outstanding professional performance in their warfare areas and have strong leadership records. Seniority cannot be an automatic disqualifier. Captains who are fully qualified for PNS billets may be considered for CO of a NROTC unit as a final tour on a case basis.

c. To provide a broader spectrum of experience, COs and executive officers (XOs) of NROTC units will normally be from different Unrestricted Line (URL) communities.

d. Officers will not be assigned to NROTC units without prior acceptance by the university to which the unit is attached.

e. Officers with poor potential for promotion will not be assigned to NROTC instructor billets.

f. Officers who fail selection for promotion while assigned to a NROTC faculty billet will complete their normal ordered tour. Requests for extension of such officers will not normally be approved.

g. Exceptions to these policies must be approved by NAVPERSCOM (PERS-4).

MILPERSMAN 1301-210

OFFICER SPECIAL ASSIGNMENTS - NAVY RECRUIT TRAINING COMMAND (NAVCRUITRACOM)

Responsible Office	NAVPERSCOM (PERS-444C)	Phone:	DSN	882-4058
			COM	(901) 874-4058
			FAX	882-2676

1. **Policy**. Officers assigned to Navy Recruit Training Command (NAVCRUITRACOM) as Director, Fleet Commander, or Ship's Officer must be promotable officers who have high quality performance and who will project the Navy's best image for new recruits. Only career-oriented officers will be assigned to these key billets.

a. In order to provide the desired level of 100 percent manning, NAVCRUITRACOM billets other than Director, Fleet Commander, or Ship's Officer will be filled with officers whose qualifications, background, experience (including recruiting and training), and availability meet the requirements of the work assigned.

b. Officers who have made known their intention to resign or request release from active duty (RAD), either verbally or in writing, will not be assigned to NAVCRUITRACOM billets.

c. The selectee will be approved by Commanding Officer, NAVCRUITRACOM, Great Lakes, IL, prior to assignment.

MILPERSMAN 1301-211

OFFICER SPECIAL ASSIGNMENTS - NAVY HEADQUARTERS/ STAFF LEVEL EQUAL OPPORTUNITY BILLETS

Responsible Office	CNO (N134E), Navy Equal Opportunity	Phone:	DSN COM FAX	882-4283 (901) 874-4283 882-2617
---------------------------	---	--------	-------------------	--

1. **Policy**. Certain billet assignments require completion of Defense Equal Opportunity Management Institute (DEOMI), Equal Opportunity Program Manager's Course (DD-1512-0003), preferably en route to the assignment, but no more than 6 months after reporting.

2. **Billets Requiring DEOMI Training**

a. **Chief of Naval Operations (CNO) Staff**, Special Assistant to CNO for Equal Opportunity (N00F)

b. **Chief of Naval Personnel (CHNAVPERS) Staff**

(1) CNO (N134)

(2) CNO (N134B)

c. **Naval Education Training Command (NETC)**, Equal Opportunity Program Manager

d. **Diversity Directorate Staff**

(2) CNO (N134E1)

(3) CNO (N134E2)

(4) CNO (N134E3)

3. **Point of Contact (POC)**. Contact DEOMI's Student Management Division, Dean of Equal Opportunity Education for quota assignment at the following numbers:

COM: (321) 494-4923/5381

DSN: 854-4923/5381

MILPERSMAN 1301-212

OFFICER SPECIAL ASSIGNMENTS - NAVY FLIGHT DEMONSTRATION SQUADRON (BLUE ANGELS) ASSIGNMENTS

Responsible Office	NAVPERSCOM (PERS-43)	Phone:	DSN	882-3974
			COM	(901) 874-3974
			FAX	882-2721

1. **Policy.** Selection of the Blue Angels Commanding Officer (CO) is made by Chief of Naval Air Training (CNATRA).

a. The Blue Angels CO selects the other squadron demonstration pilots and support officers, which are subsequently approved by CNATRA.

b. All Blue Angels pilot selections are subject to concurrence of Chief of Naval Operations (CNO), Air Warfare (N88). Navy Personnel Command (NAVPERSCOM) has certain administrative responsibilities in this process, including the screening of applicants and liaison with CNO (N88).

2. **Commanding Officer Applicants.** CO applicants apply to CNATRA with copies to NAVPERSCOM, Aviation Commander Assignment Branch (PERS-431) and the incumbent Blue Angels CO.

3. **Demonstration Pilot Applicants.** Demonstration pilot applicants apply directly to the Blue Angels CO and shall provide copies to CNATRA and NAVPERSCOM.

a. NAVPERSCOM, Aviation Captain Assignment Division (PERS-43) and Air Combat Units Placement Branch (PERS-433), action:

(1) As applications are received, NAVPERSCOM (PERS-433) initiates administrative prescreening to determine each candidate's availability and desirability for assignment to the Blue Angels.

(2) NAVPERSCOM (PERS-43) shall make a determination as to whether a candidate is available and recommended to continue in the application process. Pending this approval, the Blue Angels CO shall execute the remainder of the application and selection process.

(3) NAVPERSCOM (PERS-433) shall provide CNATRA and the Blue Angels CO with a summary of the NAVPERSCOM screening board action on each candidate.

(4) Following selection by the Blue Angels CO and approved by CNATRA, NAVPERSCOM (PERS-433) will forward background resumes on each prospective Blue Angels pilot to CNO (N88). Permanent change of station (PCS) orders will be issued to those selected upon CNO (N88) concurrence.

b. Each pilot/Navy flight officer (NFO) selectee to Navy Flight Demonstration Squadron (NAVFLIGHTDEMRON) will sign a statement of agreement by which the officer agrees to remain on active duty (GREEMAIN) for 2 years following completion of the tour with NAVFLIGHTDEMRON. A signed copy of each agreement will be forwarded to NAVPERSCOM (PERS-433).

4. Non-Pilot Applicants

a. Non-demonstration pilot applicants apply to the team to compose the Blue Angels support officer cadre. Billets include the Administrative Officer, Aircraft Maintenance Officer, Public Affairs Officer, Flight Surgeon, and Supply Officer. Like pilot applicants, non-pilot applicants shall submit applications directly to the Blue Angels CO, with copies to CNATRA and to their appropriate NAVPERSCOM detailer code.

b. NAVPERSCOM action:

(1) As applications are received, the appropriate detailer shall initiate administrative screening to determine each candidate's availability and qualification for assignment to the Blue Angels.

(2) NAVPERSCOM detailers from the respective support officer communities shall provide the team a minimum of two volunteer, prescreened, and viable candidates to participate in the selection process.

(3) Following selection by the Blue Angels CO and approval by CNATRA, PCS orders will be issued to those selected.

MILPERSMAN 1301-213

OFFICER SPECIAL ASSIGNMENTS - RESERVE FLEET LOGISTICS SUPPORT SQUADRON (VR)

	E-mail:		askmncc@navy.mil
	MyNavy Portal:		https://my.navy.mil/

1. **Policy.** Pilots accepting orders to Reserve fleet logistics support squadrons (VR) are assigned to transition training in **C-37, C-40, and C-130** aircraft.

a. Acceptance of orders by active duty pilots for initial training in **C-37, C-40, and C-130** aircraft constitutes their agreement to remain on active duty for a period of time equal to a normal squadron tour (36 months). Fulfillment of this agreement, for which the officer agrees to remain on active duty (GREEMAIN), will commence upon reporting to his or her ultimate duty station following completion of his or her transition training.

b. Training and Administration of the Reserve (TAR) officers who accept assignment to another VR platform after their initial 36-month tour will incur a 30-month GREEMAIN to commence upon reporting to their ultimate duty station following completion of their transition training.

MILPERSMAN 1301-214

OFFICER SPECIAL ASSIGNMENTS - NAVAL LEADERSHIP INSTRUCTOR (FACILITATOR) ASSIGNMENTS

Responsible Office	Naval Leadership and Ethics Center (NLEC)	Phone:	DSN COM FAX	841-6384 (401) 841-6384 841-6386

----------------------	---	--

References	(a) OPNAVINST 6110.1J
-------------------	-----------------------

1. **Policy.** Officers selected for naval leadership instructor (facilitator) assignments must have clearly demonstrated outstanding performance and have strong leadership records. All instructor billets are nominative per [MILPERSMAN 1301-202](#).

2. **Selection Criteria.** Facilitator selection will be based on the following criteria:

a. Selected officers must possess leadership and management experience at the level commensurate with the programs they will instruct. Specific courses criteria include:

(1) Officers selected for the prospective Commanding Officer or the Prospective Executive Officer Leadership Course at the Naval Leadership and Ethics Center (NLEC), Newport, RI must be post-command commanders.

(2) Officers selected for the Senior Leadership Course at NLEC Newport RI or the NLEC detachments in Dam Neck, VA or San Diego, CA must have successfully completed at least one tour as an O5. Experience on a major staff is highly desirable.

(3) Officers selected for the Intermediate Leadership Course at NLEC Newport, RI or the NLEC detachments in Dam Neck, VA or San Diego, CA must have successfully completed a community-specific department head tour or equivalent.

b. Must satisfactorily complete a master facilitator course (1 week) at NLEC Newport, RI.

c. Be within height, weight, and body fat standards per reference (a).

d. Officers on twilight tours are not eligible.

3. **Waiver Requests**. Requests for waivers must be approved by NLEC. Point of contact for waivers is the NLEC personnel officer.

OFFICER SPECIAL ASSIGNMENTS - BRIG/TRANSIENT PERSONNEL UNIT (TPU)/REGIONAL RESTRICTION BARRACKS (RRB)

Responsible Office	NAVPERSCOM (PERS-00D1)	Phone:	DSN	882-4442
			COM	(901) 874-4442
			FAX	882-2626

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	-----------	-----------------

References	(a) OPNAVINST 6110.1H
-------------------	-----------------------

1. Policy

a. Nominations for officer assignment to Brig/Transient Personnel Unit (TPU)/Regional Restriction Barracks (RRB) will be forwarded by the gaining placement officer to Navy Personnel Command (NAVPERSCOM), Corrections and Program Office (PERS-00D1) for preliminary screening.

b. Upon receiving a positive reply from NAVPERSCOM (PERS-00D1), the gaining placement officer will forward a letter to the nominee's commanding officer (CO) requesting their recommendation.

2. Brig/TPU/RRB Officer Screening Criteria

a. If a positive recommendation is received, the gaining placement officer will process orders for the officer.

b. The screening criteria for Brig/TPU/RRB officers include the following:

(1) Have served a minimum of 2 years on active duty.

(2) Should be a promotable officer.

(3) Possess a high degree of adaptability in working with younger military personnel.

(4) If a member is a recently selected Limited Duty Officer (LDO)/Chief Warrant Officer (CWO), must have no record of military disciplinary actions during the last 4 years of military service.

(5) Possess ability to manage a self-contained organizational structure.

(6) Be mature and emotionally stable, possessing good judgment.

(7) Have no obvious disfigurement or other physical or speech impediment, which might subject that individual to contempt or ridicule by prisoners.

(8) Be able to issue commands and instructions clearly.

(9) Demonstrated stability in personal affairs without history of severe domestic or personal problems.

(10) Demonstrated consistency in execution of policy and treatment of others.

(11) Demonstrated poise in stressful situations.

(12) Meet minimum Navy physical fitness assessment standards per reference (a).

3. Naval Consolidated Brig (NAVCONBRIG) CO Screening.

Officers screened for command of NAVCONBRIGs will spend 18 months in the executive officer (XO) billet followed by 18 months as CO. Officers will be required to "fleet up" regardless of their past NAVCONBRIG experience.

a. Selection for NAVCONBRIG command will be via each community's command screen process. The Command Leadership course will be incorporated into the established NAVCONBRIG command training pipeline.

b. The following implementation guidance is provided:

(1) All NAVCONBRIG CO and XO billets will be immediately redesignated as 1000 coded billets.

(2) Tour lengths for incumbent (non-command screened) XOs shall not be shortened to less than 18 months.

(3) Tour lengths for incumbent (non fleet-up) COs shall not be shortened to less than 18 months.

(4) Slating of officers within 6 months of their projected rotation date (PRD) will not be involuntarily altered.

(5) Fleet up XO tour lengths may be shortened to no less than 12 months.

(6) All NAVCONBRIG XOs will be filled by command screened officers to fleet up to 18-month NAVCONBRIG command tours.

References	(a) Public Law 99-433 (b) 10 U.S.C. (c) DoD Instruction 1315.18 of 28 October 2015 (d) NAVSO P-6034, Joint Travel Regulations (JTR) (e) OPNAVINST 1000.16L (f) DoD Instruction 1300.19 of 3 April 2018 (g) CJCSI 1330.05A Joint Officer Management Program Procedures
-------------------	---

1. **Policy.** Reference (a) establishes specific requirements which must be followed by the Military Services to make assignments to billets on the joint duty assignment list (JDAL) contained in reference (b), chapter 38. These requirements include both qualitative and quantitative provisions, which necessitated changes in the management of most officer communities. With the exception of certain scientific, technical and professional communities; reference (b), section 619a specifies that an officer may not be appointed to the grade of rear admiral (lower half) unless the officer has been designated a joint qualified officer (JQO) per reference (b), section 661.

a. Reference (b), chapter 38 states that assignment quality control standards be exercised to ensure an appropriate number of JDAL billets are filled with qualified and promotable officers in order to achieve promotion parity between specific groupings as defined by the law. There is also a requirement to fill 100 percent of JDAL critical billets with JQOs. Reference (b), chapter 38 further requires 50 percent of all JDAL billets

be filled by officers who have the appropriate level of joint qualification.

b. From a distribution perspective, one of the most difficult aspects regarding execution of joint requirements is achieving a balance between the designator community's need to ensure that their best officers are qualified for flag rank, per the law and the law's requirements regarding joint professional military education (JPME) tour lengths and the percentage of JDAL billets that must be filled by JQOs. The senior detailers from each designator community ensure their community is closely coordinating the input of officers by promotion year-group to joint education assignments, that a comprehensive plan exists to meet the flag officer qualification requirements of reference (b), section 619a, and that the plan is carefully monitored. This direction is based upon guidance from higher authority and is necessary to ensure consistent distribution compliance with reference (b), chapter 38. Navy Personnel Command (NAVPERSCOM) division directors must ensure strict compliance with the procedures contained herein.

2. Joint Definitions

a. **Joint Duty Assignment (JDA).** A JDA is an assignment to a billet that provides significant experience in joint matters as defined by reference (b), section 668. The two types of JDAs are standard joint duty assignments (S-JDA) and experience-based joint duty assignments (E-JDA).

(1) **S-JDA.** An assignment to a JDAL billet, subject to the tour length requirement prescribed in reference (b), section 664; reference (c); and reference (d). The JDAL is a consolidated list of S-JDAs approved by the Under the Secretary of Defense (SECDEF) for Personnel and Readiness (USD (P&R)). Policy designating, reviewing, and requesting new billets for the JDAL are contained in references (e), (f), and (g). A critical JDA (subset of JDAL) is a designated JDAL billet, which **must** be filled with a JQO.

(2) **E-JDA.** Non-JDAL joint assignments and experiences that demonstrate an officer's mastery of knowledge, skills, and abilities in joint matters as determined under regulations and policy prescribed by SECDEF. As there is no mandate governing E-JDA tour lengths, E-JDAs may be shorter in duration than S-JDAs; therefore, they may be aggregated to achieve the equivalent of a full tour of duty in an S-JDA.

b. **Joint Qualification Level III and JQO.** An officer who has been awarded the joint qualification designation by the SECDEF with the advice of Chairman, Joint Chiefs of Staff (CJCS).

(1) Officers who have completed applicable JPME and JDA prerequisites are nominated for designation as JQOs by NAVPERSCOM, Career Management Department (PERS-4).

(2) An officer is nominated for designation as a JQO following completion of JPME I, JPME II, and a full joint tour. A full joint tour is obtained by meeting the time requirements in an S-JDA, E-JDA, or a combination of S-JDA and E-JDA credit. A minimum of 24 points is required for the E-JDA, or combined S-JDA and E-JDA path, but some officers may require greater than 24 E-JDA points due to SECDEF "time in position" (TIP) requirement for at least 12 months to be aggregated as a lieutenant commander or above. Officers who complete a full joint tour via an S-JDA billet are not subject to the "time in position" policy. Officers who had 36 accrued points prior to 3 April 2018 will be authorized to use their accrued recency point values towards JQO nomination. Those who had less than 36 points will fall under the new aggregated TIP requirement.

c. **Joint Qualification Level II (JQ2).** An officer who has been designated level II, qualified by the Secretary of the Navy.

(1) Joint qualification level II identifies the officer as a potential candidate to fill a JDA requiring an incumbent with the JQ2 level of qualification.

(2) An officer is nominated for JQ2 following completion of JPME I and any combination of a minimum of 12 accrued E-JDA and or S-JDA points. A full joint tour from an S-JDA tour is equivalent to 24 E-JDA points. S-JDA points are not considered "accrued" until the officer has detached from the JDA.

3. **JPME.** CJCS approved body of objectives, outcomes, policies, procedures, and standards supporting the educational requirements for joint officer management.

a. **Phase I JPME.** The first phase of JPME taught at intermediate Service colleges and other educational programs which meet JPME criteria and are accredited by the CJCS.

b. **Phase II JPME.** A second phase of JPME that enhances JPME phase I instruction and taught only at the Joint Forces Staff College, other National Defense University (NDU) schools, and accredited senior-level Service colleges. JPME phase I and II, or advanced joint professional military education (AJPME) for the Reserve Component in lieu of JPME Phase II, are required for JQO designation.

(1) Completion of phase I is a prerequisite for attending phase II.

(2) Officers may attend phase II without first completing phase I with a CJCS approved direct entry waiver (DEW). Officers attending phase II on a DEW must not receive credit for phase II completion until they have completed phase I. By law, DEWs are restricted to no more than 10 percent of the officers in a given phase II class.

4. **Assignment of Additional Qualification Designation (AQD) Codes.** The following AQD codes identify joint billets and joint personnel. Assignment of officer AQD codes may only be made by NAVPERSCOM, Joint Officer Management and Education/Subspecialty Branch (PERS-450)).

a. **Billets**

AQD Code	Description
JD1	Non "critical" billet on JDAL.
JD2	"Critical" billet on JDAL must be filled by a JQO.
Note: JD1 + JD2 = Total number of JDAL billets	

b. **Officers**

AQD Code	Description
JS1	Full JPME (JS1 = JS7 + JS8).
JS2	Full Joint Tour Credit.
JS4	Joint Qualification Level II.
JS5	Joint Qualification Level III/JQO.
JS6	Joint Qualification Level IV (flag officers only).
JS7	JPME Phase I graduate.
JS8	JPME Phase II graduate.
JS9	Designated as JQO by SECDEF based in part upon completion of a JDA terminated as a

	result of career occupational specialty provisions.
JSA	AJPME graduate.
JSR	NDU JDA deferral per reference (b), section 663.
Note: Joint qualification levels are defined per reference (d).	

5. **JDAs**. These general guidelines will be followed, unless waived per procedures for tour lengths contained in reference (e):

- a. JDA tour lengths are calculated day-for-day.
- b. JDAL incumbents are not relieved until they have served a sufficient length of time to receive full joint tour credit.
- c. Existing guidelines will be followed with respect to permanent change of station moves.
- d. Fifty percent of JDAL billets must be filled by officers who have the appropriate level of joint qualification.

6. **JQO Qualification Waiver Requirements and Submission Procedures**. To ensure requirements of reference (b), chapter 38 are met, only those officers designated as JQOs will be nominated for critical JDAs. JQO qualification waivers must be prepared and submitted per reference (e). Only those waiver requests presenting clear and compelling justification that a JQO is not available and that the waiver is in the best interest of the joint organization will be considered.

7. **NAVPERSCOM Responsibilities**

- a. **NAVPERSCOM, Distribution Management Division (PERS-45)**
 - (1) Coordinate implementation of procedures and information systems necessary to comply with reference (b) provisions.
 - (2) Ensure equitable and appropriate distribution through the billet fill decision process of JDA billets, which are not coded as warfare specific (e.g., 1000/1050 billets).
 - (3) Coordinate consolidation and compilation of information for reports (as appropriate).

(4) Provide distribution officers with appropriate tailored reports, including lists of billets and officers necessary to ensure the execution of proper joint assignment procedures and officer qualification.

(5) Monitor and track the entry, maintenance, and quality assurance of officers' AQDs.

b. NAVPERSCOM (PERS-450)

(1) Serve as distribution coordinator for JDAs regarding the assignment of applicable joint AQDs to officers.

(2) Monitor all assignments to JDA billets through the Officer Assignment Information System.

(3) Review all JQO qualification waiver requests for correctness and comment (as applicable), and maintain historical files of all waiver requests.

(4) Assist in preparation and track requests for tour curtailment when approval of higher authority is required.

(5) Ensure that in the aggregate 50 percent or more of JDAL billets are filled by officers who have the appropriate level of joint qualification.

(6) Monitor and track billets assigned JD1 and JD2 AQD codes, and identify discrepancies and anomalies between the JDAL and Total Force Manpower Management System (TFMMS) billet coding.

(7) Report identified discrepancies and anomalies between the JDAL and TFMMS to the Office of the Chief of Naval Operations (OPNAV), Joint and RS1 Manpower Requirements Branch (N123).

(8) Provide assessment (as required) of aggregate quality of officers assigned to joint duty versus Navy headquarters staff to ensure the promotion parity goals of reference (b), section 662 are met.

c. Placement Officers

(1) Maintain a working knowledge of reference (b), chapter 38 and oversee the implementation of the same within activities for which they are responsible.

(2) Advise NAVPERSCOM (PERS-45) of billet anomalies.

(3) Evaluate promotability of officers nominated to joint billets to ensure that promotion percentages in each activity will be within the limits established by reference (b), section 662. Placement officers will verify statistical promotion data provided to NAVPERSCOM (PERS-450) (as required). Placement officers have the authority to reject proposals which could lower promotion percentages below the appropriate comparable Navy promotion rates.

d. Assignment Officers

(1) Maintain a working knowledge of reference (b), chapter 38 and oversee the implementation of the same within their communities.

(2) Take steps to ensure flag potential officers in their respective communities are carefully screened by promotion year-group to ensure they meet joint duty and education qualification requirements for flag promotion.

(3) Initiate JQO qualification waiver requests within NAVPERSCOM. This will be the first stop within NAVPERSCOM for commander or director of defense agency initiated JQO qualification waiver requests.

(4) Identify a JQO replacement upon notification by placement that a non-JQO is in a critical JDA. If unable, initiate a JQO qualification waiver request.

(5) Prepare tour curtailment waiver packages and coordinate with NAVPERSCOM (PERS-450).

8. OPNAV (N123)) Responsibilities.

a. Identify JDAL billets in TFMMS by assigning the appropriate billet AQD (JD1 or JD2) and the JDAL organization position identification number.

b. Resolve and adjudicate USN TFMMS joint billet coding discrepancies.

c. Coordinate with the Office of the SECDEF, DJCS J1 for the resolution of JDAL billet anomalies in cases where assignment of the billet to the JDAL is inconsistent with the definition of a qualifying billet in reference (b), section 668.

9. **Joint Commands**. Navy officers assigned to JDAs must receive fitness reports using the current Navy fitness report format. Evaluation forms of other Services must not be used. Reports should comment on the officer's performance of joint duties in support of joint matters defined by reference (b), section 668.

MILPERSMAN 1301-217

OFFICER SPECIAL ASSIGNMENTS - NORTH ATLANTIC TREATY ORGANIZATION (NATO) BILLETS

Responsible Office	NAVPERSCOM (PERS-4832)	Phone:	DSN	882-4878
			COM	(901) 874-4878
			FAX	882-2627

1. **Policy**. Officers assigned to North Atlantic Treaty Organization (NATO) billets must have a completed Single Scope Background Investigation (SSBI) **within 5 years** of assignment and must maintain a 5-year periodicity during the course of their assignment.

a. This requirement is designed to provide U.S. officers access to NATO COSMIC Top Secret, which is required for all NATO officers.

b. Since security clearance investigations and adjudications take from 6 to 8 months to complete,

(1) placement officers will post all NATO billets 12 months prior to incumbent's projected rotation date (PRD) and include appropriate security clearance requirements.

(2) assignment officers should identify officers to fill NATO postings 8 to 10 months prior to incumbents' PRD.

(3) any officer identified less than 8 months before the incumbent's PRD must meet the NATO security clearance requirements.

c. If the officer requires an SSBI, PTEXT P71019 will be entered into the orders requesting that the SSBI be initiated to fulfill the requirement that an investigation must have been completed within the past 5 years for any NATO assignment.

d. For NATO assignments, which do not require an SSBI, the message that Navy Personnel Command (NAVPERSCOM), Enlisted Performance and Separations Section (PERS-4832) sends instructing the transferring command to initiate a current investigation is sufficient instruction and eliminates any need to include instructions in orders regarding the investigation.

2. Procedures for NATO Billets

a. Officers ordered to NATO billets require special processing to fulfill security clearance requirements and to determine passport needs.

b. NAVPERSCOM (PERS-4832) is responsible for **certifying** clearances for officers assigned to NATO billets.

c. Prior to issuance of orders to such billets and if a security clearance is necessary, the cognizant placement officer will inform NAVPERSCOM (PERS-4832) by memorandum of the following information:

(1) Full name, rank, last 4-SSN, designator, date and place of birth.

(2) Command for which considered.

(3) Billet title or description.

(4) Estimated date of arrival (EDA) and tour date.

(5) Type of security clearance required or investigation status.

d. NAVPERSCOM (PERS-4832) will indicate the officer's security eligibility by return memorandum.

e. Any change in the information submitted to NAVPERSCOM (PERS-4832) by memorandum must be corrected by memorandum to prevent the security clearance being **certified** in error.

f. Placement officers should include NAVPERSCOM (PERS-4832) as an internal copy to addressee.

MILPERSMAN 1301-219

OFFICER SPECIAL ASSIGNMENTS - LIMITED DUTY OFFICER (LDO) AND CHIEF WARRANT OFFICER (CWO) ASSIGNMENTS

Responsible Office	CNO (N131)	Phone:	DSN	882-2303
			COM	(901) 874-2303
			FAX	882-1189

1. **Policy.** Limited Duty Officers (LDOs) and Chief Warrant Officers (CWOs) are accessed, promoted and continued to fill authorized LDO and CWO billets.

a. The assignment of an LDO or CWO to billets not designated 6XXX or 7XXX, respectively, will result in a gapped LDO or CWO billet.

b. When overriding circumstances dictate, LDOs and CWOs may be assigned to other billets; however, this practice is the exception rather than the rule.

2. **Diving, Salvage, and EOD.** LDO/CWO diving billets are coded with appropriate Naval Officer Billet Codes (NOBCs) and Additional Qualification Designators (AQDs).

a. CWOs qualified in the performance of duties above will be assigned to NOBC/AQD coded billets both at sea and ashore. Should the inventory of qualified CWOs exceed the number of available billets, excess officers may be assigned to billets identified for their technical specialties.

b. LDOs qualified in the performance of duties above will continue to be assigned to billets of their occupational specialties or specific AQD billets of their designators in accordance with the career pattern of the particular LDO community. EOD qualified LDOs will be assigned to billets outside the designator only as inventory allows.

2. **SEALS.** CWO/LDO SEAL billets are coded with appropriate NOBCs and AQDs.

a. CWO/LDO qualified SEALS will be assigned to NOBC/AQD coded SEAL billets both at sea and ashore and in accordance with the appropriate SEAL CWO and LDO career path.

3. LDO Admin (6410)/CWO Ship's Clerk (7410) to Submarine Related 6410/7410 Billets. The following applies to assignment of LDO (Admin) and CWO (Ship's Clerk) personnel, who were enlisted submarine qualified, to specific submarine related 6410/7410 billets and should be implemented as incumbents are transferred at their normal projected rotation date (PRD).

a. All LDO (Admin) and CWO (Ship's Clerk) personnel who were enlisted submarine qualified will be assigned to billets requiring 641X/741X personnel qualified in submarines (AQD SV1). Every effort will be made to adhere to the billet grade level.

b. All submarine squadron and submarine group billets requiring 641X/741X personnel qualified in submarines will be identified as sea duty for rotation/assignment purposes.

c. In the event the inventory of SV1 coded 6410/7410 officers exceeds the number of available SV1 coded 6410/7410 billets, the excess officers may be assigned to other 6410/7410 billets. However, 6410/7410 officers not coded as SV1 will not be assigned to SV1 coded 6410/7410 billets without specific waiver approval from NAVPERSCOM (PERS-41 and PERS-42).

3. Aviation Shore Activity Ground Electronics Maintenance Officers. Prospective Ground Electronics Maintenance Officers (designator 6180, 7180) ordered to aviation shore activities will proceed via the Prospective Electronics Material Officer (PEMO) Training Course if the officer has not previously attended this course.

MILPERSMAN 1301-220

OFFICER SPECIAL ASSIGNMENTS - ENGINEERING DUTY OFFICER (EDO)

Responsible Office	OPNAV (N131)	Phone: DSN COM	664-5037 (703) 603-5037
MyNavy Career Center	Phone: Toll Free E-mail MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil	

1. **Policy.** Because of the unique role of the engineering duty officer (EDO) as a restricted line technical specialist for the design, acquisition and life cycle maintenance of ships and submarines and their systems, combat weapon systems, communications, ship and shore command systems, and space warfare systems, special consideration must be given to the career development of the individual EDO. This career can be divided into two phases - basic and professional.

a. During the basic phase, the officer obtains basic skills as a naval officer and an engineer.

b. The professional phase, which constitutes the majority of an EDO's career, places emphasis on being a technical specialist and is the period during which the officer is a practicing professional EDO.

2. **EDO Basic Phase.** During this phase, an EDO will be assigned to allow maximum opportunity to complete the following career requirements:

a. **Sea Duty.** EDOs should serve at sea early in their careers and obtain their respective warfare qualification. Normally, sea duty will be accomplished as an unrestricted line (URL) officer. Officers entering the EDO Community without a warfare qualification are expected to complete the EDO Dolphin Program per [MILPERSMAN 1210-110](#).

b. **Graduate Education.** Assignment to postgraduate school is essential if the officer does not have an EDO Community-approved subspecialty code before becoming an EDO.

c. **Engineering Duty Qualification Program (EDQP).** All new EDOs are required to complete the EDQP. Priority will be given to first shore duty tour assignment (other than postgraduate school) of new EDOs to commands administering the EDQP.

3. **EDO Professional Phase.** Assignments will emphasize increased officer technical competence by:

a. Increasing experience in the technical specialty (ships and submarines and their systems, combat/weapon systems, communications, ship and shore command systems, information systems and space warfare systems).

b. Increasing involvement in design, engineering, acquisition and life cycle management of systems.

4. **Special Qualifications.** Additional consideration must be given to officers possessing special qualifications to ensure maximum use of their respective qualification. Officers who have:

a. Qualified in submarines, either in the URL or EDO Dolphin Programs, will normally be assigned to billets ashore in type commander staffs, research and development, design and acquisition, fleet maintenance and support of submarines, and at sea in submarine tenders.

b. Qualified as divers, will be assigned at least one diving-related tour during their career.

c. Qualified and hold nuclear additional qualification designations, will be assigned primarily to billets at sea on aircraft carriers and ashore in type commander staffs, research and development, design and acquisition, and fleet maintenance and support of ships and submarines.

d. Navy funded doctoral degrees, will be assigned at least one tour in a command that has billets coded for doctoral degrees during their career.

e. Graduates from the Massachusetts Institute of Technology Naval Construction and Engineering or Nuclear Engineering Curriculum and obtained the 51XX or 52XX subspecialty code can be expected to fulfill assignments in support of ship or submarine design and acquisition or maintenance.

5. **Points of Contact.** Additional information can be obtained by contacting the EDO detailers at Navy Personnel Command. Contact information can be found on the MyNavy HR Web site.

MILPERSMAN 1301-221

OFFICER SPECIAL ASSIGNMENTS – TRAINING AND ADMINISTRATION OF THE RESERVE (TAR)

Responsible Office	NAVPERSCOM (PERS-46)	Phone:	DSN COM FAX	882-4102 (901) 874-4102 882-2755
-------------------------------	-------------------------	--------	-------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil
----------------------	---	--

1. Policy

a. The Training and Administration of the Reserve (TAR) Officer Program is comprised of the following designations:

Designator Codes	Titles
1117	Surface warfare
1127	Submarine warfare
1137	Special warfare
1147	Special Operations
1207	Human resources
1287	Permanent professional recruiter
1317	Naval aviator
1327	Naval flight officer
1527	Aerospace maintenance duty officer
3107	Supply corps

b. These officers direct the training and administration of the Navy Reserve in current fleet operations. To maintain a high level of operational experience in the program, TAR officers in all grades follow the prescribed tour length per MILPERSMAN 1301-110, comparable to their Active Component contemporaries, alternating between Reserve management tours while on shore duty.

2. Application Information. Detailed application procedures and a sample application are available at <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Officer/Reserve-OCM/> to assist in the application

process for each TAR transfer and redesignation board. Active duty and Ready Reserve applicants are considered for release by their respective officer community prior to the given TAR board taking place.

3. **Eligibility.** Reserve officers on active and inactive duty in the unrestricted line, restricted line, and supply corps communities in the grade of lieutenant commander and junior, who have completed their initial active duty obligation and are within 18 months of projected rotation date (PRD), are eligible for selection for TAR designation. Canvasser recruiters who have completed 2 years of recruiting duty are eligible to apply for selection to 1207 designation. Applicants must be able to complete 20 years of qualifying active duty service within 24 years of commissioned service.

4. **Selection.** Applicants will be considered by all TAR selection boards, which meet semi-annually. Applicants will be considered for TAR designation based on the following factors so that those selected will be able to compete on a career basis with their contemporaries:

- a. Age,
- b. Education,
- c. Previous active duty assignments and performance,
- d. Navy Reserve participation, and
- e. Assignability.

5. **Change of Designator.** The community manager is responsible for the submission of designator changes to **XXX7** upon acceptance of TAR designation by the applicant.

a. **For United States Navy (USN) officers (XXX0),** a NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office will be effected upon acceptance to the TAR Program. The community manager will submit changes of designator to **XXX7** upon receipt of a signed copy of NAVPERS 1000/4. For promotion and fitness report purposes, an officer is officially a TAR officer from the date of acceptance of Reserve commission (i.e., signed Reserve NAVPERS 1000/4).

b. **For USN Reserve officers (XXX5) not on the active duty list**, including Selected Reserve, canvasser recruiter, and active duty for operational support (ADOS) officers, their designator is changed to **XXX7** upon execution of recall orders. Effective date for promotion and fitness report purposes is the date the officer reports for recall.

6. **Active Duty Obligation.** As needs of the Navy require, and except as provided for in [MILPERSMAN 1321-100](#), the following obligations are incurred, which must be satisfied prior to resignation of a Reserve commission or release from active duty:

a. Officers recalled to active duty as a TAR officer incur an obligation to serve for a minimum of 3 years in a Reserve program billet or other billet approved by the cognizant TAR assignment officer effective upon execution of recall orders;

b. Officers transferred to TAR from the active duty list incur an obligation to serve for a minimum for 3 years as a TAR officer in the Reserve program billet or other billet approved by the cognizant TAR assignment officer; or

c. Officers must fulfill all commitments resulting from training, education, etc., including postgraduate education, and flight training.

7. **Initial Assignment Policy**

a. The initial assignment policy for TAR is outlined in [MILPERSMAN 1001-020](#). TAR aviation and surface warfare qualified officers' initial assignment is:

(1) If, upon acceptance of the warfare qualified TAR designator (i.e., 1117, 1317, and 1327), the officers are operationally current in their present grade, assignment may be to Reserve program billets (e.g., Navy Reserve centers, and Reserve Force squadrons). Initial assignment of TAR aviators who are operationally current in their present grades will be primarily within Reserve Force squadrons.

(2) If the officer is not operationally current in present grade, initial assignment will be to an operational tour in units (e.g., ships, squadrons, and fleet staffs).

b. TAR officers not warfare qualified but possessing designated subspecialties or significant experience in critical

areas of financial, manpower, or information technology management will be assigned to Reserve management billets to best use their expertise.

MILPERSMAN 1301-222

OFFICER SPECIAL ASSIGNMENTS - SURFACE WARFARE OFFICER (SWO) DEPARTMENT HEAD AND DIVISION OFFICER ASSIGNMENTS TO AFLOAT BILLETS

Responsible Office	NAVPERSCOM (PERS-412)	Phone:	DSN	882-3913/14
			COM	(901) 874-3913/14
			FAX	882-2687

1. **Policy.** Assignment of Surface Warfare Officer (SWO) department heads and division officers to afloat billets will be per Exhibits 1 and 2 respectively. Exceptions to these sequencing plans will be approved by Navy Personnel Command (NAVPERSCOM), Surface Officer Distribution Division (PERS-41).

2. **Department Head Afloat Tours.** Assignment of single, first, and second tour department heads will be as prescribed in Exhibit 1.

3. **Division Officer Afloat Tours.** Typically, officers will be assigned to a 27-month initial division officer tour followed by an 18-month second division officer tour.

a. Exceptions will be considered for special circumstances such as pre-commissioning units and commands that decommission.

b. Assignment of division officers to second tour billets will be per Exhibit 2.

c. Specific billets to be filled by second tour officers will be based upon an individual command's Long Range Training and Requirement Plan (LORTARP) and the career progression needs of each individual officer.

OFFICER SPECIAL ASSIGNMENTS – NUCLEAR QUALIFIED SURFACE WARFARE OFFICERS (SWO) TO CONVENTIONALLY POWERED SHIPS

Responsible Office	OPNAV (N133)	Phone:	DSN COM FAX	225-4192 (703) 695-4192 697-7751
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

1. Policy

a. The Navy Nuclear Power Program requires the highest quality of officers. With the increasing requirement for nuclear trained surface warfare officers (SWO(N)) aboard aircraft carriers, the continued accession, retention, and development of these officers in surface warfare dictate that they be afforded every opportunity for service in the best surface combatants available.

b. Since SWO(N)s spend nearly all of their subspecialty tours in engineering billets, SWOs selected for nuclear training and nuclear qualified SWOs will be assigned to non-engineering billets on Aegis ships or other conventionally powered combatants on a priority basis.

2. Assignment Procedures. The following policies are established to direct assignment of SWO(N)s, to include SWOs both selected for nuclear training and those nuclear qualified.

a. Division Officer Assignment

(1) SWO(N)s ordered to conventionally powered ships will be assigned for 21 months in available non-engineering billets. SWO(N)s will also serve a nominal 28-month second division officer tour in a nuclear powered ship following initial nuclear training.

(2) Midshipmen selecting a ship for their conventional division officer tour will choose from a subset of available ships based on ship type and operational schedule. This subset of ships is based on the following guidelines:

(a) Pre-commissioned units (PCU) and littoral combat ships (LCS) are not available for SWO(N)s for their first tour on a conventionally powered ship, as SWO(N) division officers have highly pressurized career paths which do not allow for the extended time required to complete their SWO qualifications on a PCU or LCS.

(b) As SWO(N)s spend half of their sea duty time in engineering plants, they should be assigned to ships with operational schedules in order to maximize their opportunity for topside maritime experience. Ships with operational schedules advantageous for gaining such experience are assessed and included in the SWO(N) selection subset by Navy Personnel Command (NAVPERSCOM), Surface Junior Officer Distribution Branch (PERS-412) or the Surface Nuclear Placement Officer (PERS-424).

(c) The selection subset will ensure SWO(N) officers are evenly distributed throughout homeports and most ship classes to ensure representation across the fleet.

b. Department Head Assignment

(1) SWO(N)s will normally be assigned to a non-engineering billet on a conventionally powered ship for their first department head tour. SWO(N)s should be assigned to ships with operational schedules in order to maximize their topside maritime experience.

(2) Conventional ship department head tour lengths for SWO(N)s are 18 months, and aircraft carrier (nuclear propulsion) (CVN) principal assistant tour lengths are 24 months. The total tour length for SWO(N) is limited by the requirement to re-establish nuclear proficiency at specified intervals.

c. Commanding officer (CO) and Executive Officer (XO) Assignment

(1) SWO(N)s will be assigned to CO and XO billets at the appropriate time for their seniority and following selection by an administrative screening board.

(2) When required to re-establish nuclear proficiency, SWO(N)s en route to an assignment as CO afloat, CO-special

mission (SM), XO afloat or XO-SM (except CVN damage control assistants or auxiliary officers) must be ordered to a Naval Air Force Atlantic Nuclear Power Mobile Training Team for refresher training.

(3) Assignment of all SWO(N)s must be approved by the Office of the Chief of Naval Operations (OPNAV), Nuclear Propulsion Program Manager (N133) and NAVPERSCOM, Submarine Officer Career Management Division (PERS-42).

MILPERSMAN 1301-224

OFFICER SPECIAL ASSIGNMENTS - PRISONERS OF WAR (POW) REASSIGNMENTS

Responsible Office	OPNAV N131	Phone: DSN COM E-mail:	664-5037 (703) 604-5037 Naxg_m131e@navy.mil
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. Policy

a. Repatriated prisoners of war (POW) are, as a general rule, initially assigned to the duty of their choice, provided they can perform a useful service in that area. Primary emphasis is on the individuals' preference of duty assignment.

b. Repatriated POWs are not reassigned to units which would expose them to recapture in the same area by the same country, or by nations sympathetic to that country, prior to cessation of hostilities with the capturing country.

2. Assignment

a. Assignment officers will monitor returnee assignments very closely and provide the necessary counseling for an early return to the established sea/shore career pattern.

b. Returnees who are not physically qualified or do not desire to return to a previous operational status should be counseled to whatever extent necessary to make them qualified and competitive for subspecialty career, if practical.

c. The following phrase will be added to the personnel screen of each repatriated POWs Officer Assignment Information System (OAIS) file: "Ref: Geneva Convention Art 117 not to be assigned to combat or a combat support billet without clearance."

MILPERSMAN 1301-226

OFFICER SPECIAL ASSIGNMENTS - TRAINING INSTRUCTOR DUTY

Responsible Office	Naval Service Training Command (NSTC) (N13)	Phone:	DSN	792-7600
			COM	(847) 688-7600
			FAX	(847) 688-5589

References	(a) OPNAVINST 1500.75A
-------------------	------------------------

1. **Policy**. Officers assigned to training instructor billets must be sent to instructor training (COI A-012-0077) en route to their assignment. Only officers with high potential for promotion will be assigned to instructor billets.

2. **Screening for High Risk Training**. Assignment to training instructor billets is classified as high-risk, requiring in-depth medical screening. Completion of enclosures (1) through (3) of reference (a) for high-risk courses is required. It is the responsibility of the receiving activity to notify the detaching activity of the requirement.

MILPERSMAN 1301-227

OFFICER SPECIAL ASSIGNMENTS – OFFICERS WITHOUT SECURITY CLEARANCES

Responsible Office	NAVPERSCOM (PERS-834)	Phone: DSN COM E-mail:	882-2090 (901) 874-2090 PERS-834@navy.mil
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC

References	(a) SECNAVINST 1920.6C (b) SECNAV M-5510.30 Personnel Security Program Manual
-------------------	---

1. Policy

a. Department of the Navy policy promotes the readiness of the naval service by maintaining the highest standards of conduct and performance in the officer corps. An officer who fails to attain or maintain a security clearance falls short of this standard per reference (a).

b. Should an officer's security clearance eligibility revocation and or denial be upheld after all appeals as described in reference (b), the officer must be processed for administrative separation from the naval service. The commanding officer must submit an administrative separation request to Navy Personnel Command (NAVPERSCOM), Officer Performance and Separations Branch (PERS-834).

c. Officers whose security clearance eligibility has been revoked or denied, or whose clearance revocation and or denial actions pending, will not be transferred without approval from NAVPERSCOM (PERS-834).

2. Submission of Administrative Separation Request. Follow personally identifiable information guidelines published on Navy Personnel Command Web site under NAVPERS (PERS-834) organization code at <http://www.public.navy.mil/bupers-npc/organization/Pages/NPCWebDirectory.aspx>.

A sample letter format for an administrative separation request follows:

From: Commanding Officer
To: Commander, Navy Personnel Command (PERS-834)
Via: (1) Subject Officer
(2) Commanding Officer
(3) ISIC (if CO is not a Flag officer)
(4) First Flag Officer (if ISIC is not a flag officer)

Subj: REQUEST FOR ADMINISTRATIVE SEPARATION ICO [rank, name, USN, or USNR, designator]

Ref: (a) SECNAVINST 1920.6C
(b) MILPERSMAN 1301-227

Encl: (1) Department of Defense Central Adjudication Facility Navy Section (DoDCAF) ltr [Ser], of [date]

1. As per enclosure (1), DoDCAF denied [rank, name] security clearance due to [reason for denial]. Per references (a) and (b), request [rank, name] be administratively separated with an honorable discharge as continued retention on active duty is not consistent with the interests of national security.

2. [rank, name] does/does not have an active duty obligation. [explanation]

3. [rank, name] will have 10 business days upon receipt of this letter in which to file a statement, the first endorsement to this request, concerning any matters he/she may wish Commander, Navy Personnel Command to consider. Should he/she not desire to make a statement, he/she should express that intention in writing in the first endorsement to this request. Navy Personnel Command will consider any and all materials that [rank, name] wishes to include.

4. My POC for this matter is [rank, name, telephone number, e-mail].

References	(a) OPNAVINST 6110.1J
------------	-----------------------

1. **Policy**. Reference (a) describes the administrative action to be taken for Service members who are in non-compliance with physical readiness standards.

a. Failure of physical fitness assessment will not limit assignment, except when a member cannot obligate for the minimum sufficient obligated service to complete the proposed assignment.

b. Officers who are out of body fat standards may transfer to a permanent change of station per individual special assignment program qualification guidelines.

MILPERSMAN 1301-229

OFFICER SPECIAL ASSIGNMENTS - NAVAL INSPECTOR GENERAL (NAVINGEN) ASSIGNMENTS TO STAFFS OF MAJOR COMMANDS

Responsible Office	NAVPERSCOM (PERS-451)	Phone: DSN COM	882-3516 (901) 874-3516
	NAVINGEN EA (IG POC)	Phone: DSN COM FAX	288-6614 (202) 433-6614 (202) 433-5248

1. **Policy.** Placement officers for commands listed in Exhibit 1 will provide the Navy Inspector General (NAVINGEN) an Officer Summary Record (OSR) and Performance Summary Report (PSR) for prospective nominees for Inspector General (IG) positions.

a. NAVINGEN will then conduct a check of their investigative files and systems of records.

b. NAVINGEN has the authority to disapprove any prospective command IG candidate regardless of the reason.

MILPERSMAN 1301-230
OFFICER SPECIAL ASSIGNMENTS - REASSIGNMENT OF
DISABLED OFFICERS

Responsible Office	NAVPERSCOM (PERS-821)	Phone:	DSN	882-3229
			COM	(901) 874-3229
			FAX	882-2622

1. **Policy**

a. Officers who are amputees, have unilateral blindness, or suffer other disabling injuries may be considered for continuation of active duty **even though unfit** because of physical disability.

b. They can still serve with appropriate assignment limitations. The phrase "serve with appropriate assignment limitations" means an assignment limitation based on the specific impairment involved (i.e., members may be assigned to any duty, except flying, which they are physically capable of performing).

2. **Guidelines**

a. The following guidelines are used in evaluating disabled members who may desire to remain on active duty:

(1) **Amputees.** A member who has suffered a loss of any extremity and cannot be fitted with a functional prosthetic device shall not be considered for retention. A member who has suffered the loss of an extremity and been fitted with a functional prosthetic device may be considered for retention on active duty not involving flying.

(2) **Unilateral Blindness.** Members shall not be considered for retention when they have lost the use of a previously healthy eye by reason of trauma and there are other residual eye disabilities requiring frequent medical care or hospitalization. In those cases where there are no other residual eye disabilities, members may be considered for retention on active duty not involving flying.

(3) **Other Disabling Injuries.** Members unfit because of physical disability involving disabling injuries to other organs

and parts of the body, can still serve with appropriate assignment limitations. The same criteria for retention on active duty are applied as in para. 1b above.

b. Members will not be continued on active duty solely to increase benefits, nor will they be continued unless their employment is justified as being of value to the service.

(1) A member continued under this policy will be reevaluated periodically to assure that further continuance or separation is uniform with the best interest of the government and the member.

(2) Unless the disqualifying condition has progressed to the point where the member becomes unable to serve with appropriate assignment limitations, the member will remain liable to complete any service obligation incurred.

c. Navy Personnel Command (NAVPERSCOM) will consider each case on an individual basis and the final decision will be based upon the circumstances and the needs of the service.

(1) No specific years of service will be required to qualify and members will not be excluded from consideration for continuation solely because they are young or inexperienced.

(2) Requests will be processed by assignment officers, and members who are considered qualified under this policy will be recommended for retention to Secretary of the Navy (SECNAV).

MILPERSMAN 1301-233

SPECIALTY CAREER PATH UPDATE

Responsible Office	NAVPERSCOM	Phone:	DSN	882-3682
	(PERS-41)		COM	(901) 874-3682
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	
References	(a) NAVADMIN 095/19			

1. **General Information.** The Specialty Career Path (SCP) Program is designed to develop a cadre of officers with critical skills in key Navy mission areas. This program is open to unrestricted line (URL) officers as specified in paragraph 4.

a. The following SCP options are open to qualified candidates:

Anti-Submarine Warfare (ASW)
Education and Training Management (ETMS)
Financial Management (FM)
Missile Defense (MD)
Mine Warfare (MIW)
Naval Operational Planner (NOP)
Operations Analysis (OA)
Strategic Sealift (SS)

b. Anti-terrorism/force protection (AT/FP) and shore installation management (SIM) have been removed from the SCP Program. Active duty officers previously in the AT/FP and SIM disciplines may continue to be assigned to non-milestone SCP billets per the policies contained in this article.

c. Effective immediately, SCP commanding officer (CO) and executive officer (XO) milestone boards are discontinued. For officers in inventory who have been already screened, the assignment process in paragraph 6 of this policy will remain in place until the bank of screened officers is exhausted.

2. **Policy.** This article defines the policy, screening criteria, responsibilities and authorities for the management

and execution of SCP personnel to streamline the screening process, maximize career opportunities for SCP officers and optimize manning of SCP billets.

3. **Stakeholders**. For each mission area, the following stakeholders have roles which are outlined below:

a. **Executive Lead Agent (ELA)**. ELAs will be responsible for screening of SCP applicants and providing the list of SCP screened officers to Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4). The ELAs must coordinate with NAVPERSCOM (PERS-4) to:

(1) modernize the SCP billet base,

(2) maintain CO- and XO-equivalent billets for their respective SCP until the current bank of screened SCP officers is exhausted and

(3) define training requirements for their SCP.

b. The following ELAs are assigned:

SCP (AQD)	Executive Lead Agent
ASW (LS3)	Undersea Warfighting Development Command (UWDC)
ETMS (LS0)	Naval Education and Training command (NETC)
FM (LS7)	Office of the Chief of Naval Operations (OPNAV), Program Division (N80)
MD (LS1)	Naval Surface and Mine Warfighting Development Command (NSMWDC)
MIW (LS4)	Naval Surface and Mine Warfighting Development Command (NSMWDC)
NOP (LS8)	OPNAV, Operations, Plans and Strategy (N3/N5)
OA (LS9)	OPNAV, Assessments Division (N81)
SS (LS6)	Military Sealift Command (MSC)

c. **NAVPERSCOM (PERS-4) Liaison Divisions**. The role of NAVPERSCOM (PERS-4) liaison divisions is to act as a single point of contact (POC) for the respective SCP mission area ELAs. The NAVPERSCOM (PERS-4) liaison divisions must assume the following responsibilities:

(1) Maintain responsibility for managing billets and working with detailers on officer assignments and entering additional qualification designations (AQDs),

(2) Coordinate with the ELAs to maintain SCP billet coding and allocation and

(3) Coordinate closely with placement officers on SCP billet and personnel issues.

d. NAVPERSCOM (PERS-4) liaison divisions are designated as follows:

Specialty Career Path	NAVPERSCOM PERS-4 Liaison
Anti-submarine Warfare (ASW)	PERS-42
Education/Training Management (ETMS)	PERS-43
Financial Management (FM)	PERS-44
Missile Defense (MD)	PERS-41
Mine Warfare (MIW)	PERS-41
Naval Operational Planner (NOP)	PERS-44
Operations Analysis (OA)	PERS-44
Strategic Sealift (SS)	PERS-41

e. **Command Placement Officer.** Placement responsibilities for every command containing SCP billets will remain unchanged to ensure a single NAVPERSCOM POC for each command to use when addressing command manning issues.

f. **NAVPERSCOM (PERS-4) SCP Coordinator.** NAVPERSCOM, Surface Warfare Officer Distribution Division (PERS-41), with the direct support of the deputy division directors, will oversee SCP progress and issues while making recommendations to NAVPERSCOM (PERS-4) regarding policy and execution actions required.

4. Eligibility Requirements for Application to SCP

a. Designator Specific Requirements:

(1) 1110: Upon completion of a first department head (DH) tour or upon completion of the first 18 months of a single longer DH tour,

(2) 1120: O-4 (Select), O-4 and O-5 officers that do not have nuclear AQDs or other officers approved by NAVPERSCOM (PERS-42) on a case-by-case basis and

(3) 1310/1320: Upon completion of a DH tour or failure to select for a DH tour for the second time, or opting out of DH selection, if applicable.

b. Officers are eligible for SCP detailing upon completion of current tour, unless milestone/payback tour is required.

c. SCP officers are ineligible for a traditional U.S. Navy CO billet. SCP officers will not be considered at community command boards. SCP CO and XO milestone boards are discontinued effective immediately.

d. Selection as SCP does not relieve an officer of any other pending milestone (if already screened) or payback tours.

e. SCP selection does not guarantee exclusive assignment to SCP billets. Rotation dates, needs of the Navy and career progression will continue to affect the assignment process and officers will still adhere to a parent community sea/shore rotation. Assignment, even to a shore duty position may not always be in an SCP billet.

f. SCP billets are not exclusive to SCP officers and most billets will ultimately be filled by non-SCP Officers due to inventory.

g. SCP is not a manpower draw from the enterprises. Many enterprise billets require skill sets resident within SCP.

h. The following officers are not eligible for SCP:

(1) Full-Time Support Officers,

(2) Officers currently being processed for administrative separation,

(3) Officers who have been detached for cause (DFC) (or are a subject of a pending DFC),

(4) Officers who have submitted a retirement or resignation request (an approved request for withdrawal is required for consideration) and

(5) 1130/1140 officers.

5. **Screening for SCP.** Screening for SCP will be accomplished via an administrative process determined by each individual ELA.

a. Officers desiring to enter one of the disciplines may do so upon application and screening. Once screened, they will be given priority for assignments to billets that develop experience in their specialty during normal sea/shore rotations in their original URL community.

b. Screening for SCP (or previously for SCP milestones) does not guarantee assignment to an SCP billet or SCP leadership position.

c. Screened officers will retain their original designator and will receive an AQD that indicates their area of specialization.

d. ELAs must notify NAVPERSCOM (PERS-4) and appropriate liaison upon accession of new officers into SCP.

e. SCP officers will be considered non-due course and will no longer be eligible for administrative milestone boards in their parent communities.

6. **Assignment Policy**

a. Posting Process

(1) SCP-coded billets will be advertised for fill to all detailers of appropriately screened SCP officers.

(2) SCP billets will be identified in the Officer Assignment Information System with a two-digit alpha-character. The first character will represent the SCP area and the second character will represent the milestone until the milestone-screened officers are exhausted (e.g., CO or XO). Once the current banks of SCP CO- and XO-screened officers are exhausted, milestone billets will be recoded as regular SCP billets.

(3) If an SCP officer is not identified for a posted billet within 180 days of the required fill date, the cognizant placement desk will coordinate with NAVPERSCOM, Distribution Management Division (PERS-45) to task the billet to a distribution division through the billet-fill decision process for fill by a non-SCP officer.

b. Detailer Role. NAVPERSCOM (PERS-4) liaison divisions and associated detailers will monitor the demand signals for various SCP officers and coordinate fills from the inventory of SCP screened officers. Detailers must endeavor to fill SCP-coded billets with SCP-coded officers. If an SCP officer is available and due for the appropriate sea/shore duty and it is determined to be an appropriate assignment, the officer will be detailed to the SCP billet.

c. Approval of CO- and XO-Equivalent Assignments. SCP officers will be approved for CO- and XO-equivalent assignments using a process similar to the current high visibility nomination process, provided they have already screened for these milestones.

(1) The responsible placement desk for a CO- or XO-equivalent assignment will issue a demand signal to the URL distribution divisions no later than 9 months in advance of the desired fill date.

(2) The distribution divisions will advertise the assignment, solicit for interested officers and provide a nomination or regret prior to 6 months in advance of the desired fill date.

(3) The responsible placement desk will forward nomination packages, including a recommendation for the best candidate, to NAVPERSCOM (PERS-4) for approval.

(4) NAVPERSCOM (PERS-4) will approve the nominee(s) to be forwarded to the gaining command for approval.

(5) ELAs may recommend assignment of milestone screened SCP officers. Final approval authority rests with NAVPERSCOM (PERS-4) and the gaining command.

(6) This assignment process will remain in place until the current bank of CO- and XO-equivalent milestone-screened officers is exhausted.

1. **Command, Leadership and Sea (CLS) Policy.** The Human Resources (HR) Community conducts annual CLS billet and major command screening boards. The function of these boards is to screen HR officers for commander (CDR) and lieutenant commander (LCDR) CLS billets, and captains (CAPT) for command and major command billets. The phrase "command, leadership, and sea," is used to designate billets requiring an officer who is administratively screened: "command" delineates commanding officer billets; "leadership" delineates executive officer, deputy commander, and select officer-in-charge billets; and "sea" delineates deployable billets (e.g., aircraft carrier training officers and certain naval special warfare billets). An officer who is screened may be assigned to a CLS billet unless the officer indicates in writing an unwillingness to serve, is de-screened by a subsequent CLS screening board, fails to meet promotion standards, or does not meet additional requirements of a CLS billet. All officers assigned as commanding officer in commands outlined in reference (a), the Office of the Chief of Naval Operations (OPNAV) Military Personnel Plans and Policy Division (N13) Policy Decision Memorandum Shared Commander Command Apportionment Plan, and the HR 1200 Billet List, will be screened via a CLS screening board and subject to the command qualification process per references (b) and (c).

NOTE: The HR 1200 Billet List may be accessed via the MyNavy HR Web site <https://www.mynavyhr.navy.mil/Career-Management/Detailing/Officer/Pers-44-Staff-RL/Human-Resources/>. Reference (c) can be located at <https://cle.nps.edu/portal/xlogin> and is exclusively password protected to HR officers. User IDs and passwords can be obtained by emailing HRCOE.mil@us.navy.mil. HR Training and Administration of the Reserve (TAR) designation code 1207 milestone business rules, additional 1207 related information, and 1207 Microsoft Teams channel are located at: <https://www.mynavyhr.navy.mil/Career-Management/Detailing/Officer/Pers-46-TAR/Human-Resources/>.

a. CLS Screening. All officers will be screened for LCDR CLS, CDR CLS, CAPT command, and major command. CLS opportunity is based on the quantity of officers considered for screening and the number of quotas available. Quotas determined by Navy Personnel Command (NAVPERSCOM) HR Assignments Branch (PERS-4421) are the maximum allowed, however the screening board can select fewer if candidate quality is found to be insufficient.

(1) All officer records will be screened for CLS selection at the CLS board held immediately prior to their "in zone" (or "above zone" if not selected by the first board) promotion selection year. Officers selected for CLS will be slated to a CLS billet, or banked for a future opportunity, immediately upon promotion selection to the next rank.

(2) Officers selected for CLS but not selected for promotion will screen yearly until the officer's selection for promotion to the next rank.

(3) Control grade officers selected for lateral transfer or accession into the HR Community will be considered for CLS screening during the first CLS screening board following selection into the HR Community for their current rank. Lateral transfer officers selected for CLS may be slated to a CLS billet, or banked for future opportunity, for their current rank, unless "in zone" or "above zone" for the next rank. If an officer selected for CLS is under consideration for promotion, the officer will be slated or banked for future opportunity, only if selected for promotion to the next rank.

(4) Officers may request special additional looks.

(a) All additional looks are subject to approval by the HR Community Leader.

(b) Petition is made in writing to the HR Community Leader via PERS-4421 no later than 2 months prior to the board convening date, and must include the reason for the additional look.

(5) The CLS eligible list is generated by PERS-4421 and submitted to NAVPERSCOM Personnel Information Management Department (PERS-3) within the prescribed timeline and updated accordingly until the board convenes.

b. CLS and Major Command Board Membership. Screening is by formal administrative board action per reference (d). PERS-4421 is the sponsor for the board. The board membership shall consist of the HR Community Leader (Active Component (AC) HR flag officer) who serves as the president and four HR CAPTs (AC and TAR) when possible. Every effort will be made to ensure board membership is diverse across the force development, force management, and force requirements and resourcing career tracks, and comprised of those who have completed or are in their major command tour. When this is not possible, written documentation must be kept on file that provides a list of all eligible members and their reason of non-availability. Membership changes with each board and no CAPT (AC or TAR) may serve on two consecutive boards. PERS-4421 will nominate the members, head recorder, and assistant recorders as required for approval by Commander, NAVPERSCOM. Records for LCDR and CDR CLS, CAPT command, and major command are screened by the same panel of board members, but eligible HR officers compete only against officers of the same component (AC and TAR) and pay grade.

c. CLS Assignment or Declination. Any officer who is screened for CLS in grade will be assigned a CLS billet, or deferred and banked until the officer can be assigned to a CLS billet. To maintain a viable bank of CLS-screened officers and provide maximum opportunity for CLS screening, officers will only remain in the bank for 2 years. Officers not desiring to serve in a CLS assignment should review [MILPERSMAN 1301-818](#) and indicate these intentions in writing to PERS-4421.

(1) Officers who do not want to be considered for CLS **prior to the board** should submit a written request for non-consideration (i.e., a "do not pick me" letter) to the board president by the board correspondence deadline.

(2) Once slated to a CLS billet, an officer may not pursue reassignment or billet swap.

(3) If an officer indicates billet declination in writing, is subsequently de-screened by a CLS board, or fails to meet requirements of a CLS billet, the HR detailer will discuss future assignment options with the HR Community Leader.

(a) Any officer slated to a CLS assignment who does not desire orders to that CLS billet, must submit a written statement declining the assignment to PERS-4421.

(b) Officers declining a CLS assignment must acknowledge in their statement that, if approved, their declination will become part of their official service record. Officers declining CLS assignment may include a statement in their declination that explains their reasons.

(c) Officers who have declined a CLS assignment remain eligible for assignment to non-CLS duty subject to the needs of the Navy.

(d) Once approved, the written statement declining CLS assignment will be made part of the officer's official military personnel file (Privileged Information/Field Code 17).

d. **CLS Slates**. Following each set of promotion selection results for promotion to LCDR, CDR, and CAPT, HR detailers will prepare pay grade-specific slates assigning CLS-screened officers to CLS billets for HR Community Leader review and approval.

(1) Officers selected for CLS and promotion will be assigned to a CLS billet as soon as practical after promotion selection.

(2) All CLS-screened officers selected for promotion, as well as all banked CLS-screened officers, will provide a ranked order preference of CLS billets from the slate to the HR detailer by the deadline provided.

(3) HR detailers will consider previous assignments, skill sets, career track, projected rotation dates, proposed fill dates, billet requirements, required subspecialty experience, preferences, and the needs of the Navy when building the CLS slate.

(4) Once the proposed slate is approved by the HR Community Leader, officers slated for CLS assignment will be notified of their next assignment. Any officer who does not accept this assignment during the slating process must submit a declination letter.

(5) Officers selected for CLS and promotion who are not immediately slated will remain in the bank for up to a year beyond their initial slate opportunity, and will be utilized as CLS assignments become available. Officers serving in a milestone billet when selected for CLS and promotion will be given the opportunity to complete his or her milestone assignment prior to being offered a CLS billet. Records of officers in the bank will be reviewed annually to ensure there is no decline in performance. Officers not utilized for assignment by the second slate following his or her CLS and promotion selection will be removed from the bank.

(6) When CLS opportunities arise outside of the annual slating periods, detailers will administratively screen all eligible officers' records and make recommendations to the HR Community Leader for review and approval.

e. CLS Notification. Officers selected by the CLS Board will be notified by the HR Community Leader upon approval of official CLS Board results. Non-selects will be notified by their respective detailer.

f. CLS Screening Exceptions. General policy is that only officers screened for CLS and selected for promotion will be assigned to CLS billets.

(1) On rare occasions, exceptions to this policy may arise when there are no CLS-selected officers available to fill an assignment, thus necessitating assignment of a non-board selected officer with the proper skill sets to a CLS billet.

(2) All non-board selected CLS officers' records will be administratively screened by the head HR detailer who will make

a recommendation to the HR Community Leader for review and approval.

g. Command Qualification. Per reference (d), all officers eligible for command are required to complete the minimum command qualification standards in the manner prescribed by the HR Community per reference (e) prior to screening for command.

2. **Milestone Policy**. Milestone billets are so designated because of the increased complexity of work and or scope of responsibility and as such are subject to the slating process. Officers will be slated to a milestone in their designated career track, when possible.

a. Milestone Eligibility

(1) Officers selected for promotion to LCDR or CDR have two consecutive opportunities for milestone assignment, selection year plus one, at each pay grade.

(2) Officers serving in a CLS billet with a projected rotation date less than 12 months after the milestone slate will be automatically considered for milestone assignment.

(3) Lateral transfers and redesignated officers are eligible for milestone opportunities via self-nomination, or detailer recommendation upon initial entry into the HR Community.

(4) Officers who do not fall into these categories may self-nominate for milestone consideration at any time.

b. Milestone Slate. Milestone slating will occur concurrently with the CLS slating process; however milestones will not be a part of the CLS board process. Additionally, when milestone opportunities arise outside of the annual slating period, detailers will administratively screen all eligible officers' records and make recommendations to the HR Community Leader for review and approval.

c. Milestone Notification. Officers selected for milestone assignment will be notified by the HR Community Leader. Non-selects will be notified by his or her detailer.

d. Milestone Assignment or Declination. Officers who do not want to be considered for a milestone assignment should submit a written request for non-consideration (i.e., a "do not pick me" letter) via the head detailee, PERS 4421, to the HR Community Leader prior to the milestone slating process.

(1) Once slated to a milestone, an officer may not pursue reassignment or billet swap.

(2) If a milestone-slatted officer indicates billet declination in writing, the detailee will discuss future assignment options with the HR Community Leader.

(a) Any officer slated to a milestone who does not desire orders to that specific milestone, must submit a written statement declining the assignment to PERS-4421.

(b) Officers who have declined a milestone assignment remain eligible for assignment to non-milestone assignments, subject to the needs of the Navy.

3. CLS and Milestone Tour Lengths. CLS and milestone tour lengths are addressed in [MILPERSMAN 1301-110](#). Generally, CLS and milestone tour lengths are 24 months (36 months for fleet-up model, overseas assignments, and minimum 22 months for joint billets). However, officers may be moved early to support career progression to ensure opportunity to accomplish Community values.

4. CLS and Milestone Credit. CLS and milestone credit will be awarded per NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications. All exceptions require HR Community Leader review and approval.

5. Service School. HR officers, lieutenant and senior, are eligible to attend Service schools (i.e., Naval War College, Army Command and General Staff College, Air Force Command and Staff College, Eisenhower School, etc.) once screened at an administrative board listed below.

(a) Service School Eligibility. HR officers who have a command or major command qualification (i.e., 2D1, 2D2, or RLC) and hold a professional certification will be screened during the CLS Board. Officers who meet the above eligibility requirements will have their records updated to indicate

"Service school screened" via additional qualification designation 282 or 283, as appropriate. Officers may be slated to a Service school based on the number of available quotas.

(b) Service School Slate. The Service school slate will be determined in conjunction with the CLS and milestone slate. Detailers will review officers' records for eligibility, community value progression, and timing upon completion of CLS and milestone slating. Officers under consideration for Service school quotas will be notified and provided an opportunity to submit a statement prior to the approved slate. The head HR detailer will approve the Service school slate for CDRs and below, and the HR Community Leader will approve the Service school slate for CAPTs and CAPT selects.

MILPERSMAN 1301-235

COMMAND POLICIES AND PROCEDURES – SPECIFIC POLICIES RELATED TO SCREENING ENGINEERING DUTY OFFICERS TO COMMAND OR MAJOR PROGRAM MANAGER ASSIGNMENTS

Responsible Office	NAVPERSCOM (PERS-445)	Phone: DSN COM	882-4090 (901) 874-4090
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil	

References	(a) DON DAWIA Operating Guide (NOTAL) (b) OPNAVINST 1412.14 (c) NAVSEAINST 5400.55 (NOTAL)
-------------------	--

1. **Policy**. A commanding officer (CO) or major program manager (MPM) must be a person of unflinching integrity with exceptional judgment and technical acumen who has proven his or her excellence in both operational and acquisition related assignments, with the ability to provide the requisite leadership of large and complex organizations or programs. Prior to assignment as CO or MPM, all engineering duty officers (EDO) will be command screened to determine eligibility. After successful screening, officers will be assigned as CO or MPM by a separate slating process, per reference (a), or the normal detailing process.

a. The function of the screening board is to recommend and establish a list of officers eligible to serve as COs of acquisition shore commands and as MPMs of programs identified by Assistant Secretary of the Navy for, Research, Development and Acquisition as acquisition categories I and II programs and major program manager-equivalent (MPM-eq) programs in line with reference (a). Reference (a) can be accessed via the Assistant Secretary of the Navy for Research, Development and Acquisition Web site. Not every officer who is screened as eligible for command will be assigned to command.

b. The majority of EDO command opportunities occur at the pay grade of and selection to captain at major shore command (MSC) and MPM positions. Few command opportunities are available to commanders (CDRs), but these billets are not MSC or MPM.

2. Prerequisites for Command Screening

a. In line with reference (b), minimum standards are required for every officer to be eligible to be screened for command via board action and serve in command. The following prerequisites are prescribed for EDOs pursuing commander command:

(1) Complete the EDO qualification program per reference (c), resulting in award of the 1440 designator. Reference (c) may be obtained from Naval Sea Systems Command (NAVSEASYS COM);

(2) Achieve Defense Acquisition Workforce Improvement Act (DAWIA) program management practitioner certification under Back to Basics (BtB) or level II DAWIA certification in any career field under the legacy system;

(3) Achieve acquisition professional membership per reference (a), section 9;

(4) Successfully complete a commander command leadership assessment and be screened by board action for commander command; and

(5) Complete the Command Leadership Course (CLC) prior to assuming command per reference (b).

b. The following prerequisites are prescribed for EDOs pursuing captain or major command:

(1) Complete requirements of subparagraphs 2a(1) through 2a(3) above.

(2) Complete the CLC, Executive Officer Leadership Course, or the Senior Leadership Course (SLC);

(3) Complete the EDO Senior Course;

(4) Successfully complete a captain or major command leadership assessment and be screened by board action for captain command; and

(5) Successfully complete the Major Command Leadership Course (MCLC), if a graduate of the CLC.

3. Command Leadership Assessment

a. The completion of a command leadership assessment is mandatory prior to being screened for command. Command leadership assessments will be comprised of three elements:

(1) An officer-submitted performance package to include an essay (on character, competence, and connections) and a draft command philosophy;

(2) An operational psychological assessment to include a cognitive and personality assessment and a structured interview with an operational psychologist; and

(3) An oral board with the members of the command leadership assessment panel. The command leadership assessment panel will holistically consider the officer performance package (leadership essay and draft command philosophy), operational psychological assessment summary, oral board, and record (officer summary record, performance summary report, and fitness reports) when assessing officers for command.

b. Panel membership for commander command leadership will comprise of one EDO flag officer, two EDO captains who are in or have successfully completed a major command assignment (CO or MPM), and two EDO CDRs who are in or have successfully completed a commanding officer, officer in charge, aircraft carrier combat systems officer, aircraft carrier chief engineer, submarine repair officer, or program manager representative tour as a commander, and one command master chief.

c. Panel membership for captain or major command leadership will comprise of one EDO flag officer, four EDO captains who are in or have successfully completed a major command assignment (CO or MPM), and one command master chief.

d. Upon completion of their deliberations, the command leadership assessment panels will report their results to Navy Personnel Command (NAVPERSCOM) Engineering Duty Officer

Assignments Branch (PERS-445) and inform the individual officers that were assessed. The report to PERS-445 will contain a list of all eligible officers. Names of lieutenant commanders (LCDRs) and CDRs should be separated and arranged in alphabetical order, and the listed should indicate one of the following status:

(1) Eligible for commander command (LCDR only) and assignment of additional qualification designator (AQD) 2D1, or

(2) Eligible for captain or major command (CDRs only) and assignment of AQD 2D3.

e. Command readiness assessment panels and command screening boards will be held on a quarterly basis as directed annually by Commander, Naval Sea Systems Command (COMNAVSEASYS COM).

4. **Command Screen Board**

a. Immediately following the command leadership assessment panel report submission to PERS-445 and debrief of the individual officers that were assessed by the command leadership assessment panel, a command screening board will convene to administratively screen officers for command.

(1) Board membership for commander command screening will comprise of the EDO flag officer and two of the EDO captains that sat the previously held captain or major command leadership assessment panel.

(2) Board membership for captain and or major command screening will comprise of the EDO flag officer and the two EDO captains that sat the previously held commander command leadership assessment panel.

b. PERS-445 will provide an adverse information memo (AIM) and a list of the officers with the 2D1 and 2D3 AQDs to the command screening board president to be reviewed by the voting members as part of the screening process. Board members will also review for recent Navy physical fitness assessment failures in addition to the guidance provided in the convening order.

c. The EDO command screening process is promotion year group (PYG)-based. For example, officers selected for promotion from the Fiscal Year (FY) 2022 (FY22) CDR Selection Board (CDR

PYG22) and officers selected for promotion from the FY22 LCDR Selection Board (LCDR PYG22) were the first PYGs to be eligible for command screening under this process in September 2023. CDRs and LCDRs will have two opportunities (two consecutive years) to command screen.

d. LCDRs who successfully screen for commander command and meet requirements of subparagraphs 2a(1) through 2a(3) will be assigned the 2D2 AQD, denoting command qualified. Those who do not meet requirements of subparagraphs 2a(1) through 2a(3) will have the 2D2 AQD assigned once requirements are met.

(1) CDRs must complete the EDO Senior Course and either the CLC, Executive Officer Leadership Course, or SLC, within 2 years of promotion to CDR. If not completed, the 2D2 AQD will be removed from their record.

(2) PYG21 and senior LCDRs competing for promotion on the FY27 CDR Promotion Board are grandfathered from these requirements and will be assigned the 2D2 AQD prior to the convening of the FY27 Promotion Board.

e. CDRs who successfully screen for captain or major command and meet requirements of subparagraphs 2a(1) through 2a(3) will be assigned the 2D4 AQD, denoting major command screened. Those who do not meet requirements of subparagraphs 2a(1) through 2a(3) will have the 2D4 AQD assigned once requirements are met. PYG21 and senior CDRs competing for promotion on the FY27 Captain Promotion Board are grandfathered from these requirements and will be assigned the 2D4 AQD prior to the convening of the FY27 Promotion Board.

f. Upon completion of its deliberations, the command screen board will report the board's results to Commander, Navy Personnel Command (COMNAVPERSCOM) via COMNAVSEASYSCOM for approval. Selection by the command screen board and approval of the board report designate an officer as command screened. The report will contain a list of all eligible officers. Names of LCDRs and CDRs should be separated and arranged in alphabetical order, and the list should indicate one of the following status:

(1) Screened for commander command (LCDRs only) and assignment of AQD 2D2;

(2) Screened for commander command (LCDRs only) and assignment of AQD 2D2 once requirements of subparagraphs 2a(1) through 2a(3) are met;

(3) Screened for captain or major command (CDRs only);
or

(4) Screened for captain or major command (CDRs only) and assignment of AQD 2D4 once requirements of subparagraphs 2a(1) through 2a(3) are met.

5. **Responsibilities**

a. Designator Advisor (COMNAVSEASYSCOM)

(1) Sets minimum qualification standards for command and establishes the process to formally screen, via administrative board action, officers to command;

(2) Issues annual schedule and PYG eligibility;

(3) Issues convening orders to include membership; and

(4) Recommends all board findings and awarding of the 2D2 and 2D4 AQD for COMNAVPERSCOM approval.

b. NAVSEASYSCOM Engineering Duty Officers Plans and Policies Division(SEA 00T1)

(1) Administers the program;

(2) Prepares correspondence, the annual schedule, and convening orders;

(3) Determines and recommends PYG eligibility to COMNAVSEASYSCOM;

(4) Prepares and executes each command readiness panel and command screening board; and

(5) Contracts and budgets funds for required staff (operational psychologists) and staff travel.

c. PERS-445

(1) Assigns the appropriate AQD (2D1 and 2D3) per the results of the command leadership assessment panel;

(2) Provides an AIM prior to the convening of each command screening board;

(3) Provides a list of the officers with the 2D1 and 2D3 AQDs prior to the convening of each command screening board;

(4) Assigns the appropriate AQD (2D2 or 2D4) upon COMNAVPERSCOM approval and notifies officers of screening status; and

(5) Provides administrative support as established by reference (b) for command screening boards. Reference (b) may be obtained from COMNAVSEASYSCOM.

MILPERSMAN 1301-236

OFFICER SPECIAL ASSIGNMENTS – AVIATION ACQUISITION PROFESSIONAL (AP) UNRESTRICTED LINE (URL) MAJOR PROGRAM MANAGER ELIGIBLE (MPM-E) CAREER PATH

Responsible Office	NAVPERSCOM (PERS-434)	Phone: DSN COM	342-8194/757-8483 (301) 342-8194 (301) 757-8483
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil	

References	(a) CNO WASHINGTON DC 291651Z May 09 (NAVADMIN 165/09) (b) ASN (RD&A) DON DAWIA Operating Guide of 07 Jul 2022 (c) ASN (RD&A) DATM APM Policy Memo of 20 Apr 2022 (NOTAL) (d) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications
-------------------	--

1. **Purpose.** This article addresses the need to maintain a sufficient pool of aviation acquisition professional (AP) unrestricted line (URL) officers qualified to lead major acquisition programs.

2. **Background.** The aviation AP URL major program manager (MPM) eligible (MPM-E) career path was established per reference (a), to develop a select group of AP URL aviators to achieve statutory requirements for MPM selection. Direct association with a major acquisition program, statutory Defense Acquisition Workforce Improvement Act (DAWIA) certification and experience requirements outlined in reference (b), and selection as an AP member, per [MILPERSMAN 1301-700](#) and reference (c), are prerequisites for career progression and ultimately for selection as an MPM. In particular, statutory acquisition experience and advanced program management defense acquisition qualifications requirements require structured career patterns different from aviation URL officers who serve exclusively in their primary warfare specialties.

3. **Aviation AP URL MPM-E Career Path Selection.** Selection for the aviation AP URL MPM-E career path is accomplished by administrative board convened by Commander, Naval Air Systems Command (COMNAVAIRSYSCOM) and announced via naval administrative (NAVADMIN) message, on the official COMNAVAIRSYSCOM Web site at <https://www.navair.navy.mil/Acquisition-Slate-Boards> or other official correspondence. The selection board will typically be held semi-annually, at times concurrent with the COMNAVAIRSYSCOM MPM slating panel. Boards will select between six and nine officers per year. Eligible aviation URL officers must submit a signed application per COMNAVAIRSYSCOM AP URL MPM-E annual charter requirements to be considered. Selection does not obligate officers to enter the aviation AP URL MPM-E career path. The COMNAVAIRSYSCOM Aviation AP URL Officer Community Manager (OCM) manages the selection board and post-selection career paths in conjunction with Navy Personnel Command (NAVPERSCOM) Aviation Officer Distribution Division (PERS-43).

4. **Eligibility Guidelines**

- a. Aviation command screen board selected.
- b. Acquisition professional additional qualification designator (AQD) awarded (AP member) or able to achieve acquisition professional qualifications within 24 months of assignment to a post-command acquisition billet per reference (c).
- c. Officers selected as MPM-E should be able to achieve 24 months of program office-experience and 96 months of total acquisition-experience prior to 26 years of commissioned service to meet acquisition category (ACAT) 1 MPM experience and tenure requirements and or constraints. While a candidate with career timing to meet ACAT 1 MPM requirements is preferred, candidates who only have sufficient career timing to meet ACAT 2, 3, or 4 or MPM equivalent minimums are also eligible.

Note: Officers should attain acceptance into the aviation AP URL MPM-E career path prior to their post-commander command detailing negotiating window to ensure proper coordination and assignment to acquisition positions. Officers completing operational training (OP-T) or special mission (SM) commander command must remain competitive for O-6 pay grade selection, which may require sea duty or sea duty-equivalent orders prior to acquisition coded billet assignment.

5. Assignment Policy

a. Officers must notify the aviation AP URL OCM and PERS-43 of their intent to apply for the aviation AP URL MPM-E career path. The OCM and respective detailer will discuss the post-command detailing process with officers and should cover information contained in subparagraphs 5b through 5f.

b. Officers who are selected must accept entry into the aviation AP URL MPM-E career path by official correspondence to the Aviation AP URL OCM and PERS-43. Accepted officers will be designated via AQD per reference (d) ("A2E" is the assigned AQD for aviation AP URL MPM-E career path officers). Once acceptance is received by PERS-43, detailers will add a personal correspondence note to the officers' record.

c. Accepted officers will be assigned to acquisition billets to compete for major acquisition command and will not compete on the Aviation Major Command Screen Board (AMCSB) for aviation major operational command.

d. For accepted officers, joint specialty officer (JSO) and or joint qualified officer requirements for appointment to pay grade O-7 will be waived in line with the Science and Technology waiver per [MILPERSMAN 1301-700](#) for officers not able to complete JSO requirements due to acquisition-related experience requirements.

e. Officers who are selected, but do not accept, will not be considered for future acceptance into the aviation AP URL MPM-E career path, but may continue to apply for acquisition billets through the normal PERS-43 detailing process.

f. For accepted officers, withdrawal from the aviation AP URL MPM-E career path must be done by official correspondence and will only restore the officer's eligibility for aviation major operational command if executed in advance of the officer's in-zone AMCSB look. Additionally, withdrawal will return the officer to the normal PERS-43 detailing process.

MILPERSMAN 1301-237

OFFICER SPECIAL ASSIGNMENTS – INFORMATION WARFARE COMMUNITY (IWC) OFFICER SELECTION AND ASSIGNMENT TO O-4 MILESTONE AND LEADERSHIP, AND O-5 AND O-6 MILESTONE AND COMMAND BILLETS

Responsible Office	NAVPERSCOM (PERS-47)	Phone:	DSN	882-4342
			COM	(901) 874-4342
			FAX	882-2477
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** Screening for information warfare community (IWC) O-4 milestone and leadership (i.e., executive officer (XO) and officer in charge (OIC) billets) opportunity is by formal administrative board action during the annual IWC O-4 milestone and leadership screening board per annual Navy Personnel Command administrative board precept and additional guidance. Screening for IWC O-5 and O-6 milestone and command opportunity is by formal administrative board action during the annual IWC O-5 and O-6 command and milestone screen board per annual Navy Personnel Command administrative board precept and additional guidance. Any officer selected for milestone, leadership, or command and offered a billet will be assigned to a milestone, leadership, or command billet, unless the officer indicates in writing an unwillingness to serve, (as noted in paragraph 6 below) is de-screened by a later selection board, fails to select to the next rank, or is unable to meet the medical requirements of the billet. Commensurate milestone or command additional qualification designators (AQD) will be awarded upon successful completion of assignment. Officers detached for cause will not be awarded the AQD.

a. Lieutenant Commander (LCDR) O-4 Screening Process

(1) Oceanography (1800/6800) Milestone. Oceanography officers will have two opportunities to be screened for LCDR milestone duty. The first look will occur when officers have reached 6 years of commissioned service and have been onboard an oceanography command for at least 12 months as of the last day of the month prior to the convening of the screening board.

(2) Cryptologic warfare (1810/6810), information professional (1820/6820), and intelligence (1830/6830) milestone. Officers selected for promotion to LCDR will have two opportunities to be screened for LCDR milestone duty. The first look will be in the year of selection (YOS) for promotion and the second look will take place YOS+1.

(3) Leadership (XO and OIC). All IWC officers who are O-4 milestone screened will have two opportunities to be screened for LCDR leadership duty; the first look will be YOS+2 and the second look will take place YOS+3.

b. Commander (CDR) O-5 Screening Process

(1) Oceanography (1800), cryptologic warfare (1810), and intelligence (1830) officers who are selected for promotion to CDR will have two opportunities to be screened for CDR milestone duty. The first look will be YOS for promotion and the second look will take place YOS+1. Officers selected for milestone duty will have three opportunities to be screened for command. The first look will be YOS+1. If the officer is selected for milestone duty on the second milestone look, that officer will immediately be screened for command (the first of three looks). The second and third looks will take place in YOS+2 and YOS+3.

(2) Information professional (1820) officers who are selected for promotion to CDR will have two opportunities to be screened for CDR milestone duty. The first look will be YOS for promotion and the second look will take place YOS+1. Information professional officers are eligible to be screened for command once they are in or complete their O-5 milestone duty. The first look for O-5 command will occur once the member is in an O-5 milestone assignment, and the second and third looks will take place in subsequent years.

c. Captain (CAPT) O-6 Screening Process

(1) O-6 Milestone Screening. Only the information professionals have a screening process for O-6 milestone duty. IP officers selected for promotion to CAPT will have two opportunities to be screened for milestone duty. The first look will be YOS for promotion to CAPT, and the second look will take place YOS+1.

(2) O-6 Command Screening. IWC officers who are selected for promotion to CAPT will have three opportunities to

be screened for major command. The first look will be YOS+1, and the second and third looks will occur YOS+2 and YOS+3. Information professional officers must be milestone screened to be considered for command.

2. **Community Assignments**. IW communities with milestone and or command assignments are noted below:

- a. Oceanography (1800)
 - (1) O-4 milestone
 - (2) O-4 leadership (XO and OIC)
 - (3) O-5 milestone
 - (4) O-5 command
 - (5) O-6 command
- b. Cryptologic Warfare (1810)
 - (1) O-4 milestone
 - (2) O-4 leadership (XO and OIC)
 - (3) O-5 milestone
 - (4) O-5 command
 - (5) O-6 command
- c. Information Professional (1820 and 6820)
 - (1) O-4 milestone
 - (2) O-4 leadership (XO and OIC)
 - (3) O-5 milestone
 - (4) O-5 command
 - (5) O-6 milestone
 - (6) O-6 command

d. Intelligence (1830)

- (1) O-4 milestone
- (2) O-4 leadership (XO and OIC)
- (3) O-5 milestone
- (4) O-5 command
- (5) O-6 milestone (not board screened)
- (6) O-6 command

3. **O-4 Milestone and Leadership Banks.** Officers selected for O-4 milestone or leadership duty who are not immediately assigned to an O-4 milestone or leadership billet are considered "bank" officers and remain available for assignment until promoted to the next rank, fail to select for the next rank, or are otherwise de-screened.

4. **O-5 and O-6 Qualified Insufficient Opportunity (QIO) Officers.** Selections for O-5 and O-6 command may include QIO selectees. These officers will be assigned to a command when a primary selectee is unable to execute command assignment (encumbered), and the bank has been depleted. QIOs will only be informed of their status if called upon to execute a command assignment. The QIO screened officer list will be maintained by the Deputy Director, Information Dominance Corps and Foreign Area Officer Distribution (NAVPERSCOM PERS-47B). QIO designation is only valid during the fiscal year selected. Officers who are not offered an assignment will be returned to their screening group for the next board, unless they have exhausted opportunities for screening.

5. **IWC O-4, O-5, and O-6 Milestone; O-4 Leadership; and Command Tour Lengths.** As a general rule, O-4, O-5, and O-6 milestone; O-4 leadership; and command tour lengths are 24 months per MILPERSMAN 1301-110 (exceptions for billets identified as XO and CO fleet-up). An officer must successfully complete a minimum of 12 months to receive milestone or command credit.

6. Declining IWC O-4, O-5, and O-6 Milestone; O-4 Leadership; or O-5 and O-6 Command Assignments

a. Any IWC officer selected for O-4, O-5, or O-6 milestone duty; O-4 leadership assignment; or command assignment who does not accept orders (when offered) to fulfill that type of assignment will submit, via the officer's detailer, a written statement declining the opportunity to Assistant Commander, Navy Personnel Command (NAVPERSCOM PERS-4). See exhibits.

b. IWC officers declining these assignments will acknowledge in their statement that, if their request is approved, the letter will become part of their official service record. The declination may include a statement regarding their reasons for doing so.

c. IWC Officers who have declined assignment to IWC milestone O-4 (leadership or command) remain eligible for assignment to billets not designated as milestone O-4 leadership or command, and are subject to needs of the Navy.

d. NAVPERSCOM PERS-47B will endorse all statements declining assignment to IWC milestone, O-4 leadership or command, and will ensure appropriate action to ensure compliance with this article.

e. The written statement declining assignment to IWC milestone, O-4 leadership, or command, with official endorsements will be made a part of the officer's official military personnel file (privileged information/field code 17, see MILPERSMAN 1070-020). Additionally, detailers will assign a "personal de-screen" code into the officer's electronic service record. This information will be available for review by future promotion selection boards.

EXHIBIT 1

Declining Milestone Duty Letter (Plain bond/Courier New/10 or 12 pitch)

(Date)

From: LCDR W. T. Door, USN, XXXX (designator)
To: Commander, Navy Personnel Command (PERS-4)
Via: (1) Commanding Officer
(2) Commander, Navy Personnel Command (PERS-47X)

Subj: DECLINING 18XX O-4/5/6 MILESTONE DUTY

1. I respectfully decline the opportunity to be assigned to 18XX O-4/5/6 milestone duty. I understand that this letter will become part of my official record, and that I will no longer be eligible for assignment to 18XX O-4/5/6 milestone duty. **(If desired, a statement of reasons for declining commander milestone duty may also be included.)**

PUBLIC AFFAIRS OFFICER (PAO) MILESTONE AND COMMAND SCREENING QUALIFICATION AND ASSIGNMENT OR DECLINATION

Responsible Office	NAVPERSCOM (PERS-448)	Phone: DSN COM	882-4091 901-874-4091
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) OPNAVINST 1412.14 (b) BUPERSINST 1401.5C (c) NAVPERS 15839I Manual of Navy Officer Manpower and Personnel Classifications (d) CHINFOINST 1301.1A (NOTAL)
-------------------	--

1. **Policy.** The Public Affairs (PA) Community conducts a milestone screening board annually and conducts command screening boards, as required.

a. The function of the milestone board is to screen public affairs officers (PAO) for milestone billets, as identified by the Navy Chief of Information (CHINFO). The term milestone is used to designate a significant billet in grade that requires demonstrated leadership, regional expertise, or PA technical acumen necessitating a closer screening of candidates.

b. The command screening board ensures only the best and most fully qualified officers are eligible for command and aligns with the command qualification process outlined in reference (a).

2. **Milestone Screening.** Screening is a formal administrative board action per reference (b). Navy Personnel Command (NAVPERSCOM) Public Affairs Officer Branch (PERS-448) is the sponsor for the board.

a. The board membership must consist of the following:

1	1650 flag officer, CHINFO, Deputy CHINFO or senior 1650 captain who serves as the president
2	1650 captains who have completed an O5 milestone assignment
3	1650 commanders who have completed an O4 milestone assignment

b. Membership changes with each board, and no Service member may serve on two consecutive boards as a member. PERS-448 will nominate the members, head recorder, and assistant recorder(s) (as required).

c. Milestone screening opportunity is based on the quantity of officers considered for screening and the number of officers needed to fill future billet requirements. Milestone screening opportunity is determined by PERS-448 and is the maximum allowed; however, the screening board may select fewer if candidate quality is found to be insufficient.

d. Officers, lieutenant commander (LCDR) selects, and senior, who are selected for lateral transfer or indefinite recall into the PAO Community will be considered for milestone screening during the board following selection for re-designation into the community. These officers will be given at least one look, regardless of promotion year. However, the number of opportunities will vary depending on the promotion year in consideration before the board. An officer may request to defer board consideration for up to a year to enhance competitiveness of their record. Requests must be submitted in writing to PERS-448, and Service members will be counseled by their detailer on implications of deferral requests.

e. Upon any Service member's third fail to screen, his or her detailer will remove the Service member from future O4 milestone screening opportunities. Officers may request special "additional looks."

(1) All additional looks are subject to the approval of the board president.

(2) Petition to the board president via PERS-448 must be received by the board correspondence deadline and must include the contributing factors that merit the additional look.

(3) Officers who request a special additional look will be notified after the board adjourns as to whether their request was granted.

f. The milestone eligible list is generated by PERS-448 and submitted to NAVPERSCOM Personnel Information Management Department (PERS-3) within the prescribed timeline. PERS-448 will update the milestone eligible list accordingly until the board convenes.

3. **Milestone Notification.** Officers selected will be notified by the CHINFO of milestone board results upon approval of official board results. Detailers will notify non-selects.

4. **Milestone Screen Slates**

a. PERS-448 will prepare a list of milestone billets projected to be filled. Screened officers will provide preferences and personal considerations to PERS-448. The detailers will prepare PAO milestone slates, recommending screened officers to respective milestone billets.

b. Priority of slating will align with seniority.

c. The slate is approved by CHINFO.

d. Once the proposed slate is approved by CHINFO, officers slated for milestone assignment will be notified of their next assignment.

5. **Milestone Assignment.** Once assigned to a milestone billet, an officer may not pursue reassignment or billet swap.

6. **Milestone Bank.** Officers who are screened but unable to be assigned immediately remain in the bank until a milestone assignment becomes available. Records of officers in the bank will be reviewed annually by the detailers to ensure the officers remain eligible for future milestone assignment.

7. **Milestone Screening Opportunity Declination.** Any officer who wishes to decline milestone placement or milestone screening opportunity must submit a declination letter to the board **prior** to its convening date, per the correspondence deadline set for the board.

a. Officers declining must acknowledge in their statement that, if approved, their declination will become part of their official service record. Officers declining milestone screening opportunity may include a statement in their declination that explains their reasons.

b. Officers who have declined milestone screening opportunity remain eligible for assignment to non-milestone duty (1650 or 1000 billets) subject to the needs of the Navy.

c. Once approved, the written statement declining milestone screening opportunity will be made part of the officer's official military personnel file (Privileged Information/Field Code 17).

8. **Milestone Screening Exceptions.** General policy is that only officers screened for PAO milestone will be assigned to milestone billets. Every effort will be made to assign officers screened for milestone first.

a. Exceptions to this policy may arise when there are no screened officers available, thus necessitating assignment of a non-board screened officer for the reason of maximizing fleet readiness.

b. A non-board screened officer slated to fill a milestone billet will be administratively screened by the senior PAO detailer, reviewed by community senior leadership, and approved by CHINFO. The senior PAO detailer will base administrative screening proposals on remaining looks, performance, and availability to fill the billet.

9. **Milestone Tour Lengths.** Per [MILPERSMAN 1301-110](#), the minimum tour length is 24 months and is therefore the standard to earn milestone credit. The additional qualification designation (AQD) 7M1 will be awarded for successful completion of a milestone tour per reference (c).

a. Successful completion is defined as **detachment** from the milestone tour, at or beyond the planned rotation date, with fitness reports that have a promotion recommendation of "promotable" or above and do not contain adverse information.

b. Tour length exceptions will be strictly managed. Exceptions will be considered if an earlier rotation date is dictated by an **exceptional community need** or a **policy**. The

decision to grant an exception will be made by CHINFO, via a recommendation from the PAO senior detailee.

c. CHINFO's approval of an officer's detachment earlier than the minimum tour length obviates the requirement for an officer to request credit.

d. In every case, an officer must meet the definition of successful completion of a milestone to receive the AQD.

10. **Command Screening Board**. A PA command screening board will be conducted per the Public Affairs Officer (165X) Command Qualification Program, reference (d). Access to reference (d) is limited to the Navy PA Community and can be requested via the [Secretary of the Navy SharePoint Portal](#). PERS-448 will be the board sponsor.

a. **Report**. Upon completion of its deliberations, the command screen board must report the board's results to Commander, Navy Personnel Command for approval. Selection by the command screen board and approval of the board report designates an officer as command-screened. The report must contain a list of eligible officers. Commanders, captains, and captain selects should be separated and arranged in alphabetical order, along with their selection status.

b. **Declination of Command**. All officers who volunteer to undergo command screening and who successfully screen for command, are expected to remain eligible to fulfill the requirements of command. Officers screened and slated for command who can no longer perform the duties must follow the provisions of [MILPERSMAN 1301-818](#).

c. **Command Tour Length**. Tour lengths will be 24-36 months per [MILPERSMAN 1301-110](#).

References	(a) Fiscal Year 2021 National Defense Authorization Act (b) Intelligence Community Directive 704
-------------------	---

1. **Purpose.** To establish policy, information, and guidance pertaining to assignment and requirement for officers to perform a screening prior to assignment to Navy Cyber Warfare Development Group (NCWDG) as directed by reference (a), section 1723, subparagraph (b).

2. **Background.** NCWDG employs agile research, development, and acquisition processes to create, test, and deliver innovative material and non-material cyberspace operational capabilities and tactics to satisfy fleet and combatant commander requirements. Additionally, NCWDG performs other functions as designated by the Chief of Naval Operations; Commander, Fleet Cyber Command; and Commander, U.S. TENTH Fleet as the Navy's Center for Cyber Warfare Innovation.

3. **Screening and Selection.** NCWDG billets are available to members eligible for shore duty who meet the requirements of and successfully complete the stringent screenings articulated

in paragraph 4 of this article prior to selection and, as applicable, for execution of orders. Screenings must be performed in full coordination with NCWDG and Navy Personnel Command (NAVPERSCOM) Information Warfare Officer Assignments Division (PERS-47) and Engineering Duty Officer Assignment Branch (PERS-445) detailers.

4. Navy Cyber Warfare Development Group (Unit Identification Codes (UIC) 46439, 49606, and 60506) Eligibility, Requirements, and Guidance

a. The following information warfare officers and engineering duty officers are eligible for duty at NCWDG:

- (1) cryptologic warfare (1810),
- (2) information professional (1820),
- (3) intelligence (1830),
- (4) cyber warfare engineer (1840),
- (5) engineering duty officer (1440),
- (6) cryptologic warfare technician (7810), and
- (7) cyber warrant officer (7840).

b. The following minimum selection criteria requirements must be met for UICs 46439, 49606, and 60506 unless waived by the commanding officer:

- (1) recommended by current chain of command;
- (2) U.S. citizen;
- (3) if applicable, spouse must be a U.S. citizen;
- (4) continued eligibility and current adjudication for top secret/sensitive compartmented information security clearance and special access program security clearance; and

(5) consent to and ability to pass counterintelligence scope polygraph.

c. Selection preference will be given to officers with graduate or undergraduate science, technology, engineering, and math degrees who have performed well in technically demanding assignments in the areas of acquisitions, program management, cyber, technical signals intelligence, and or technical intelligence missions.

d. Additional preference will be given to those officers who have completed one or more tactical tours in their warfare community and have completed all required warfare qualifications.

e. All candidates must be selected by NCWDG through an interview. In coordination with NAVPERSCOM, NCWDG will conduct records screening and personal interviews with officers who meet the initial qualification criteria to ensure that assigned officers possess not only the necessary skills and background to satisfy the scientific and technical demands of the mission, but also have the motivation, commitment, work ethic, and desire to enable NCWDG to be successful in meeting its demanding goals and objectives.

f. Prior to assignment to NCWDG, a security pre-screening interview must be performed as required by reference (b), appendix A. Personnel with high threat associations require NCWDG prior approval before final assignment.

5. Program Selection

a. Detailed application information may be obtained by contacting UICs 46439, 49606, and 60506 via commercial phone at (301) 669-5909 or DSN 659-5909.

b. Command leadership will review application information and will inform detailers of the member's status (if currently screening) or recommendation for the program (if not currently screening). After billet selection has occurred, detailers will provide respective program point of contact information to the member.

6. **Program Non-selection.** Candidates who fail to screen for NCWDG must renegotiate for orders with their respective detailers. All screening failure communications between the members' current duty station and NCWDG must include PERS-47 and PERS-445 detailers. PERS-47 or PERS-445 detailers will subsequently re-detail members per current manning control authority priorities.

MILPERSMAN 1301-500

CONSIDERATION OF ACCESSIONS, INTERSERVICE TRANSFERS, AND RECALLS FOR ACTIVE DUTY PROMOTION SELECTION BOARDS

Responsible Office	CNO (N132D)	Phone:	DSN	223-2325
			COM	(703) 693-2325
			FAX	(703) 614-1189

References	(a) SECNAVINST 1420.1B (b) OPNAVINST 1427.2 (c) DODD 1300.4 of 15 Nov 96
------------	--

1. Policy

a. The following members are placed on the active duty list of precedence under provisions contained in MILPERSMAN 1320-150 and references (a), (b), and (c):

(1) Staff Corps appointees (e.g., Medical Corps, Dental Corps, Medical Service Corps, Nurse Corps, Judge Advocate General (JAG) Corps, Chaplain Corps) ordered to active duty with constructive time.

(2) Officers who have transferred into the Navy from other military services.

(3) Officers recalled to active duty.

b. Placement on the Active Duty List (ADL) may often result in eligibility for consideration of these officers for promotion, in zone or above zone, by an active duty promotion selection board within 1 year. This consideration may not always be in the best interest of individual officers.

c. Officers, except Judge Advocate General Corps and Chaplain Corps lieutenants junior grade, who would be eligible for consideration by a promotion board as an in zone or above zone eligible within 1 year of placement on the ADL will be informed that their eligibility for such

consideration will be deferred unless they specifically request consideration. Deferment of eligibility is intended to provide officers who otherwise would have been in zone or above zone an opportunity to obtain active duty experience, qualifications, and significant evaluation before being considered by a promotion selection board. The officer may waive this deferment and request consideration for promotion, in writing, to the following:

Navy Personnel Command (NAVPERSCOM)
5720 Integrity Drive
Millington TN 38055-0801

The request must be received by NAVPERSCOM (PERS-4802) no later than the convening date of the board.

MILPERSMAN 1301-600

VOLUNTARY AND INVOLUNTARY RECALL/MOBILIZATION OF NAVY'S RESERVE COMPONENT (RC) PERSONNEL

Responsible Office	NAVPERSCOM (PERS-9)	Phone:	DSN	882-4517
			COM	(901) 874-4517
			FAX	882-2910

References	DODD 1215.6 of 14 Mar 1997 10 U.S.C. 12301(a) OPNAVINST 1001.20B OPNAVINST 3060.7A SECNAVINST 1811.4E SECNAVINST 1001.33C SECNAVINST 1300.14B SECNAVINST 3060.2 OPNAVINST 1001.24 JP 4-05, Joint Doctrine for Mobilization Planning
------------	--

1. **Policy.** This article provides an overview of legal references and policy or procedural references which should be consulted for the specific details associated with a given type of recall or mobilization at any given time. That detail may change with time and circumstance.

2. **Background.** The Navy's Reserve Component (RC) is composed of various groups of Reserve and Regular personnel as established by law and Department of Defense (DOD) guidance.

a. In peacetime, as well as in times of crisis or national emergency, units and members within these groups may be called to active duty to augment the Active Component (AC) in fulfilling its mission requirements.

b. Each RC member is subject to the recall/mobilization obligations of the group to which assigned based upon member's assignment at the time a recall or mobilization is declared.

3. **Categories.** RC recall to active duty and order-writing fall into two general categories, which need to be understood when considering the recall or mobilization of RC members per DODD 1215.6.

a. **Training-type orders.** These orders are divided into two subordinate categories.

(1) Inactive Duty Training orders (including regularly scheduled training periods, additional training periods, equivalent training periods, and muster duty).

(2) Active Duty for Training (ADT) (including annual training (AT). Initial Active Duty Training (IADT) and Other Training Duty (ODT).

(a) These type orders are used in peacetime to assign and train RC members.

(b) The majority of these orders are written by Commander, Naval Reserve Force (COMNAVRESFOR) or a designated subordinate to organize the drilling members of the RC into units or individual assignments and to train them.

(c) Commanding Officer, Naval Reserve Personnel Center (NAVRESPERSCEN) New Orleans, LA (a field activity of NAVPERSCOM) also issues these type orders to support training objectives for RC members who assigned under his purview, do not drill regularly, and are not managed in peacetime by COMNAVRESFOR.

b. **Active Duty other than for Training-type (ADOT) orders.** ADOT orders are used to recall or mobilize RC members to active duty under a legal authority to one of various types of active duty.

(1) Understanding these authorities and ADOT-types of orders and their uses is the principal purpose of this article.

(2) Included in ADOT orders are the following:

(a) Active Duty for Special Work (ADSW).

(b) Active Guard and Reserve (AGR) (within Navy, TAR) duty.

(c) Involuntary Active Duty under 10 U.S.C. 12301, 12302/12304.

(3) These orders are always issued by Navy Personnel Command (NAVPERSCOM) or a designated subordinate to authorize the recall or mobilization of RC personnel.

(4) Recall differs from mobilization in that it may be either voluntary or involuntary and does not require a declaration of national emergency by the President or Congress.

(5) The primary voluntary and involuntary ADOT orders used by Navy for members of the RC are as follows:

(a) Voluntary recall for ADSW or One Year Recall (OYR) programs per 10 U.S.C. 12301(d) authority. See OPNAVINST 1001.20B for further guidance.

(b) Voluntary recall for Three Year Recall (3YR) program under 10 U.S.C. 12301(d) authority. See MILPERSMAN 1132-010 for further guidance.

(c) Voluntary Officer General Assignment Recall. See MILPERSMAN 1320-150 for further guidance.

(d) Enlisted General Assignment Recall. See MILPERSMAN 1306-1400 for further guidance.

(e) Enlisted TAR Recall. See MILPERSMAN 1306-1500 for further guidance.

(f) Voluntary recall for medical treatment, studies, or evaluation under 10 U.S.C. 12301(h) authority. See OPNAVINST 3060.7A for further guidance.

(g) Voluntary recall/retention of retired members to/on active duty under 10 U.S.C. 688 authority. See SECNAVINST 1811.4E for further guidance.

(h) Involuntary recall of Selected Reserve (SELRES) and certain members of the Individual Ready Reserve (IRR) for Presidential Reserve Callup (PRC) under 10 U.S.C. 12304 authority. See OPNAVINST 3060.7A for further guidance.

1. Condition: When the President determines it is necessary to augment the AC for an operational mission.

2. Limits: Up to 200,000 members from all services at one time of which not more than 30,000 may be IRR.

3. Duration: Up to 270 days per individual.

(i) Involuntary mobilization of any RC member determined to be in a captive status under 10 U.S.C. 12301(g) authority. Applies to any RC member determined to be in subject

status, regardless of initial recall/mobilization status. See OPNAVINST 3060.7A for further guidance.

(j) Involuntary mobilization for Partial Mobilization of the Ready Reserve (SELRES and IRR combined) under 10 U.S.C. 12302 authority. See OPNAVINST 3060.7A for further guidance.

1. Condition: Declaration of a national emergency by the President.

2. Limits: Up to 1,000,000 Ready Reserve members from all services at one time.

3. Duration: A maximum period of 24 months of active duty for each member. Does not have to be continuous.

(k) Involuntary mobilization for Full Mobilization of the RC (all categories, including Fleet Reserve and Retired USN/USNR) under 10 U.S.C. 12301(a) authority. See OPNAVINST 3060.7A for further guidance.

1. Condition: Declaration of a national emergency by Congress.

2. Limits: None. All units and individuals of the RC regardless of category.

3. Duration: Duration of the conflict plus 6 months.

4. **Additional Resources.** The following instructions are related to RC recall and mobilization information above and may provide additional assistance for specific situations, when required.

a. SECNAVINST 1001.33C, Uniform Training and Retirement Categories for the Department of the Navy Reserve Components.

b. SECNAVINST 1300.14B, Management and Mobilization of Retired Military Members).

c. SECNAVINST 3060.2, Accessing, Activation, Mobilization and Demobilization of the Ready Reserve.

d. OPNAVINST 1001.24, Navy Individual Augmentation Policy and Procedures.

PROFESSIONAL APPRENTICESHIP CAREER TRACK (PACT) PROGRAM

Responsible Office	BUPERS-32	Phone: DSN 882-3096 COM (901) 874-3096 FAX (901) 874-2041 E-mail: pact_admin.fct@navy.mil
---------------------------	-----------	---

MyNavy Career Center	Phone: Toll Free 1-833-330-MNCC E-mail: askmncc@navy.mil MyNavy Portal: https://my.navy.mil/
----------------------	---

Reference	(a) COMNAVCRUITCOMINST 1130.8K
------------------	--------------------------------

1. General Information

a. This article provides policy and execution guidance related to the Professional Apprenticeship Career Track (PACT) Program. It codifies existing policies and supersedes all prior policy guidance.

b. As outlined in reference (a), the Navy PACT Program guarantees an initial apprentice skill training and viable career opportunities for Sailors who maintain eligibility. Designation into a rating will be available at the end of the Sailor's apprenticeship tour.

2. Policy

a. The PACT Program is designed to enlist Sailors into a monitored, general apprenticeship program which provides formal and on-the-job training and leads to a viable career path at the completion of their apprenticeship tour. This program stabilizes the PACT workforce required to accomplish mission essential undesignated work in the Fleet. Eligibility to apply for rating entry within designation paths begins 12 months prior to the Sailor's Projected Rotation Date (PRD) which is set to 24 months after initial assignment to their first Permanent Duty

Station (PDS). PACT Sailors will normally be designated 90 days prior to their PRD. The PACT Program includes three apprenticeship career tracks:

- 1) Aviation PACT (A-PACT);
- 2) Engineering PACT (E-PACT); and
- 3) Surface PACT (S-PACT)

b. PACT Program eligibility standards were developed for each apprenticeship career track based on the list of associated ratings. Sailors in receipt of an initial accession contract into one of the three tracks must meet the established minimum requirements for their chosen track. These requirements are listed in [MILPERSMAN 1306-618](#).

c. Sailors accepted into the PACT Program will attend an initial PACT apprenticeship course for their respective track and receive a follow-on assignment determined by the needs of the Navy to a Fleet unit. Sailors dropped from a previous course of instruction and reclassified into the PACT Program will receive Permanent Change of Station (PCS) orders determined by the needs of the Navy. As a result these Sailors may or may not attend the PACT apprenticeship course.

d. All PACT Sailors will be assigned a 24-month PRD at their first PDS unless the initial assignment is regulated by other policies, i.e., DoD and PRECOM tours.

e. Rating eligibility screening and career progression plans will be developed during the PACT Sailor's reporting Career Development Board (CDB). A rating eligibility screening is conducted using the Career Waypoints (C-WAY) general eligibility screening functionality. Rating eligibility screening produces a list of ratings for which the Sailor is qualified. In addition, Command Career Counselors (CCCs) should encourage their Sailors to take the Job Opportunities in the Navy (JOIN) Assessment to identify their interests. JOIN can be found at <https://www.bol.navy.mil/> and selecting "JOIN" from the BOL application menu. Sailors can use the Sailor Service Access (SSA) option to view their "JOIN" results and the Career Exploration Module (CEM) within C-WAY to identify eligibility requirements for additional ratings of interest. Based on the results of the general rating qualification and Sailor's interest profile, a career progression plan will be developed.

The Career Information Management System (CIMS) is used to document CDBs. All required CDBs must be conducted and documented in CIMS (reporting, 6-month, 12-month, 18-month and 24-month CDBs conducted for PACT Sailors).

f. PACT Sailors who obligate service for 24 months beyond their current Expiration of Active Obligated Service (EAOS) are then eligible for advancement to pay grade E-4 with endorsement from their Commanding Officer or Officer-in-Charge (CO/OIC). PACT Sailors designated via "A" School will be advanced to pay grade E-4 upon completion of all required training for that rating.

3. Definitions

a. PACT is the specific apprenticeship career track into which the Sailor was accessed when entering the Navy, or into which they were later reclassified during training.

b. Rating designation is the process by which a Sailor submits an application to designate into a rating, receives approval, and ultimately becomes a rated Sailor.

c. Designation pathway is the method the Sailor chooses to become designated. Pathway methods are described in section 5.b. of this article.

4. Responsibilities

a. OPNAV (N13) - Director, Military Personnel Plans and Policy (N13) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for PACT designation policy.

b. OPNAV (N132) - Director, Enlisted Force Shaping Plans and Policy (N132) is responsible for developing enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N132) will establish all applicable designation policies.

c. BUPERS-32 - Head, Enlisted Community Management (BUPERS-32) will execute PACT program policies and plans. Additionally, BUPERS-32 will develop an annual PACT accession mission and an estimation on the number of Sailors that will be eligible for designation.

d. BUPERS-33 - Head, Career Waypoints (C-WAY) Program will maintain and update the Rating Identification Engine (RIDE) and Job Opportunity in the Navy (JOIN) Assessment as directed by OPNAV N132 and OPNAV N13.

e. Head, Enlisted Placement Management, PERS-4013 - Manning Control Authorities (MCA) will provide overarching requisition prioritization and guidance to PERS-40 and will display a list of prioritized jobs for PACT Sailor applications within MyNavy Assignment (MNA).

f. Director, Enlisted Distribution PERS-40 will select qualified Sailors for billet assignment based on MCA's priorities.

(1) Ensure assigned rate is accurately delineated in orders. Add rating designation and Obligated Service (OBLISERV) text to orders.

(2) "A" School considerations. Sailors selected for jobs which require an "A" school will be written orders to "A" school. Ultimate duty station orders will be written upon graduation.

g. Command Responsibility. COs and OICs are responsible for managing the careers of PACT Sailors serving at their commands. Commands must balance PACT requirements with designation needs and desires of PACT Sailors. They must ensure the completeness and accuracy of all designation applications and personnel understand and comply with all policies related to PACT designation. Additionally, commands must:

(1) Ensure their CCC and or designated representatives obtain MNA and C-WAY System access;

(2) Ensure applications for PACT Sailors under their cognizance to include those concurrently assigned elsewhere (e.g., Individual Augmentee (IA), Temporary Additional Duty (TAD), etc.) are submitted in conjunction with MNA cycles. If a PACT Sailor has met eligibility requirements for designation but has not earned the command's endorsement for retention, the command will contact Navy Personnel Command (NAVPERSCOM) Shore Special Assignments Branch (PERS-4010) to have the Sailor's PRD changed to match their Soft Expiration of Active Obligated Service (SEAOS).

(3) Validate all Sailor Career Waypoints (C-WAY) qualifications at each CDB.

(4) Sailors may be advanced to E4 if they:

(a) Meet all rating entry requirements

(b) Earned the Chain of Command's recommendation

(c) Incur required obligated service of 24 months beyond their current Expiration of Active Obligated Service (EAOS)

(d) Complete any screening required by their orders (Sea Duty screening, overseas screening, etc.)

(e) Are within 90-days of their original PACT PRD.

Note: PACT Sailors designated via "A" School will be advanced to pay grade E4 upon completion of all required training for that rating.

h. CCC procedures include the following:

(1) Ensure each Sailor is fully qualified in C-WAY. Address any required waivers with BUPERS-32 prior to application.

(2) Review and assist each PACT Sailor with their MNA application. PACT Sailors must be counseled they do have the option to request to remain on board their current command in C-WAY. Command must have a valid vacant billet in MNA for the Sailor's requested rating.

(3) Update applications to reflect changes to Sailors' designation eligibility status;

(4) Ensure applications are submitted before the MNA cycle closes; and

(5) Submit required documents as needed.

Note: Commands encountering challenges with submitting MNA applications should contact the PACT Detailer.

Note: Sailors are encouraged to utilize CDBs and the Career Exploration Module (CEM) in order to determine any actions they can take to expand the list of ratings they are eligible for (e.g., retake the Armed Forces Classification Test (AFCT) to improve their scores in order to expand their rating designation opportunities or earn a driver license, etc.).

i. **Sailor Responsibility.** Sailors are ultimately responsible for their own careers and maintaining all qualifications.

(1) Sailors should use their most recent CDB as a guide in making their career decisions. Additionally, Sailors are encouraged to engage with command leadership to better understand duties, rating requirements, and skillsets unique to each rating. Sailors should use their C-WAY Sailor Self Service Access (SSSA) to verify their rating qualifications. Sailors should utilize the [Navy Credentialing Opportunities Online \(COOL\)](#) website for rating information description, Learning and Development Road Maps (LaDRs), and credentials associated with their perspective rating choices.

(2) With the assistance of their CCC or career development team, Sailors must submit MNA applications within the requisition cycle timeline established by PERS-40.

5. **Rating Assignment**

a. **Rating Qualification.** CCCs will utilize the qualification function in the C-WAY Sailor browser to determine ratings for which a PACT Sailor is qualified.

b. **Submit applications using MNA.** Sailors are selected on the basis of best qualified, needs of the Navy, and their rating entry designation qualifications. PACT Sailors have two designation pathways:

(1) Successful completion of Fleet "A" School and all required training for that rating, or

(2) Designation at 90 days from original PACT PRD

Note: The Information Warfare, Special Warfare, Submarine, Divers, EOD, AW, AC, LN, MC, RP, MA, and Nuclear Power ratings /communities require special screening/package to be submitted via Electronic Personnel Action Request (ePAR) IAW the

applicable MILPERSMAN to BUPERS-32 via the MNCC 13-16 months prior to the Sailor's PRD.

c. For PACT Sailors electing not to OBLISERV for orders, commands must submit a failure to OBLISERV message to PERS-4010. Sailor's PRD will then be aligned to their SEAOS. If not aligned to a valid vacant billet onboard current command, the Sailor will lose the selected rating. If aligned to a valid billet, the Sailor may retain the rating; however, they will forfeit PACT auto advancement opportunity. The Sailor remains eligible for other advancement opportunities, i.e., MAP, NWAE, etc.

d. PACT Sailors not selected for a rating/requisition after three MNA cycles will have their PRD matched to their SEAOS and are limited to the following options:

(1) Remain undesignated and separate at their SEAOS.

(2) Contact BUPERS-3 PACT ADMIN (pact_admin.fct@navy.mil) via their CCC to determine needs of the Navy rating opportunities.

Note: Sailors must complete their remaining military service obligation (MSO) in the Individual Ready Reserve (IRR).

e. Sailors with interrupted service at the first PDS. Sailors who are transferred from first command due to limited duty, medical hold, legal hold, HUMS, pregnancy etc. and are subsequently reassigned may apply via ePAR to BUPERS-32 PACT ADMIN via the MNCC with command endorsement, for designation at their original PRD. Designation opportunities may be limited to non-Class "A" school required ratings if the assignment limitation precludes the Sailor from attending formal training. On the ePAR list rating choices in order of priority. The reasons provided above are not all inclusive.

f. Cancellation of a PCS orders. If PCS orders are cancelled, contact the rating or PACT Detailer as appropriate for further disposition.

6. Disqualifications

a. Substandard Performance. Substandard performance or disciplinary problems are cause for cancellation of a Sailor's

eligibility for designation. Commands are required to document substandard performance issues.

b. Failure to maintain their eligibility for the prospective rating as delineated in [MILPERSMAN 1306-618](#). CCC must update Sailor eligibility status into C-WAY. Additionally, Sailors must:

(1) Have no Non-Judicial Punishment (NJP) within 12 months of "A" School class convening date; and

(2) Be recommended for advancement and retention.

(3) PACT Sailors approved to designate via "A" School and who subsequently fail or are disenrolled should contact PACT Admin for guidance and further disposition.

c. Loss of Retention and/or Advancement Recommendation. If a Sailor has their retention or advancement recommendation rescinded by the CO or OIC, they are no longer eligible for designation. The Command must notify the PACT Detailer at (PERS-4010) to have the Sailor's PRD adjusted to match their SEAOs.

7. Reclassifications to the PACT Program

a. Accession "A" School disenrollment may be reclassified to the PACT Program. Any Sailor in the accession pipeline who is disenrolled from a previous course of instruction and reclassified into the PACT Program must have their PCS orders written to include a 24-month PRD. "A" School disenrollments will fall into the needs of the Navy category under the NETC N33, Supply Chain Operations as outlined in [MILPERSMAN 1236-020](#). After reporting to their PDS, reclassified PACT Sailors are subject to all requirements outlined in this article.

b. PACT Program School Disenrollment. PACT Sailors who fail to complete assigned PACT training may be subject to separation per [MILPERSMAN 1910-125](#).

References	(a) DoD Instruction 5000.66 of 27 July 2017
	(b) ASN (RD&A) DON DAWIA Operating Guide of 7 Jul 2022
	(c) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications
	(d) 10 U.S.C.
	(e) CJCSI 1331.01E

1. **Policy**. The acquisition workforce (AWF) includes all military members who encumber acquisition-coded billets, who have acquisition additional qualification designators (AQDs), or who are acquisition professional members (APM). The junior (lieutenant commander and below) workforce billets available for assignment will serve as important experience builders for the Navy's future APMs.

a. Overall career management of the Navy's acquisition workforce, both military and civilian, is the responsibility of Director, Acquisition Talent Management (DATM) on the Assistant Secretary of the Navy Research, Development, and Acquisition (ASN (RD&A)) staff (see references (a) and (b)).

b. Certain aspects of an acquisition officer's assignment, such as waivers to leave a critical position prior to completion of tenure or to enter a critical position without being an APM member, may require DATM approval. The DATM's office administers a centralized acquisition training and education program and maintains a management information system to support the acquisition workforce.

c. The DATM Military Liaison together with the community managers (i.e., Navy Personnel Command (NAVPERSCOM) Aerospace Engineering Duty Officer (AEDO), Aviation Maintenance Duty Officer (AMDO), Limited Duty Officer, Chief Warrant Officer Distribution Branch (PERS-434) and Bureau of Naval Personnel (BUPERS) Restricted Line Officer Branch (BUPERS-314D/E)), provide guidance and assistance to the Navy's military acquisition workforce.

2. Assignment of Officers to Acquisition Billets

a. All acquisition billets are identified by either a primary or secondary billet additional qualification designator (BAQD) which starts with the letter "A**." The second letter of the BAQD denotes the acquisition functional area of the billet. The third letter indicates whether the billet is non-critical, critical, or a key leadership position. These BAQDs are defined in reference (c).

b. Assignment of officers to non-critical acquisition positions is conducted using the normal order writing process.

c. Assignment to critical acquisition positions (CAP) and key leadership positions (KLP) are closely monitored and controlled. There are statutory restrictions imposed by the Defense Acquisition Workforce Improvement Act (DAWIA) on CAP and KLP billets (see references (b) and (c)).

d. Assistant Commander, Navy Personnel Command Career Management (PERS-4) chops all orders to and from acquisition billets to ensure statutory and regulatory requirements are met.

3. Acquisition Certification and Training

a. Certification process. All acquisition billets require certification within a Department of Defense (DoD)-specified timeframe. The time required to certify depends on the functional area. Officers assigned to KLP billets must be certified in advance.

(1) The billet-rank determines the tier required and the second letter of the BAQD indicates the functional area.

(2) Certification ensures the officers meet the minimum DAWIA required training, education, and experience for the specific billet occupied.

(3) Once those requirements are met, a certification request is submitted to the eDACM Web site: (<https://www.atrrs.army.mil/Channels/navyedacm/Public/Login>) via the "Manage Career" portal.

(4) Once approved and reflected in eDACM, PERS-4 will assign the appropriate AQD in the personnel's record via periodic eDACM database reviews.

b. Training. Acquisition training course quotas are controlled by the Defense Acquisition University.

(1) Permanent change of station en route training is coordinated by the placement officer working with the gaining command.

(2) Other questions concerning acquisition training (tuition assistance, per diem, etc.) should be directed to the eDACM support team.

4. Acquisition Professional Membership (APM)

a. APM consists of officers with minimum levels of acquisition experience, education, and training selected primarily from the following:

- (1) Unrestricted line (URL)
- (2) Engineering duty officer (EDO)
- (3) AEDO and AMDO
- (4) Civil Engineer Corps
- (5) Supply Corps

b. A small number of qualified officers from other communities may also become APM members. Naval officers requesting APM must meet the following minimum criteria:

- (1) Be in pay grades O-4 and above;
- (2) DAWIA certified in any functional area;
- (3) Have a baccalaureate or graduate degree from an accredited institution with at least 12 credits in the following

business-related disciplines: accounting, business, finance, law, contracts, purchasing, economics, industrial management, marketing, quantitative methods, leadership, and organizational management; and

(4) Have 48 months of documented acquisition experience.

c. APM members are assigned to a variety of senior (pay grades 0-5 and above) billets ashore dealing with the entire life cycle of the acquisition process from research and development to disposal considerations. Membership in APM is voluntary.

d. The purpose of APM is to develop a solid corps of professional officers who are well-versed in the acquisition process. This community is carefully tracked in the areas of career management, individual assignments and qualifications, and promotion rates. Data regarding these facets of the APM are regularly provided to the Office of the Secretary of Defense and Congress by the Navy's DATM.

e. The Navy military officer portion of APM is managed by PERS-4. Officers seeking membership are to apply using the APM module in eDACM. The APM AQD is the sole indicator that an officer is a member of the Acquisition Profession.

5. URL Officer Acquisition Policy

a. URL officers, excluding the aviation community, will not be selected into APM until screened and have served in commander command. Prior to being screened for commander command, an officer interested in acquisition should treat it as additional training and qualifications and should take acquisition assignments when non-community tours are possible.

b. An officer may not be appointed to the pay grade of O-7 unless the officer has completed a full tour of duty in a joint duty assignment (JDA) per reference (d); however, this requirement may be waived per section 619a of reference (d) and reference (e) in the case of an officer whose proposed selection for promotion is based primarily upon scientific and technical qualifications for which joint requirements do not exist.

6. Flag Officer Assignment. In general, flag officer acquisition positions require 10 years of acquisition experience

in an AWF position with at least 4 years performed while assigned to a CAP.

a. Additional restrictions apply to specific positions such as program executive officers.

b. References (a) and (b) delineate DoD DAWIA policy concerning reference (d) restrictions on acquisition flag officer billets.

MILPERSMAN 1301-700

ACQUISITION CORPS (AC)

Responsible Office	NAVPERSCOM (PERS-447)	Phone:	DSN COM FAX	882-3837 (901) 874-3837 882-2632
---------------------------	--------------------------	--------	-------------------	--

References	(a) DOD Instruction 5000.66 of 21 Dec 2005 (b) DAWIA Operating Guide of 5 Jan 2007 (c) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications (d) 10 U.S.C. 619 and 1735 (e) CJCSI 1331.01C of 22 Jul 2005
-------------------	---

1. **Policy**. The acquisition workforce includes all military members who encumber acquisition-coded billets, who have acquisition Additional Qualification Designators (AQDs), or who are members of the Acquisition Corps (AC). The more junior (Lieutenant Commander (LCDR) and below) workforce billets available for assignment will serve as important experience builders for Navy's future AC.

a. Overall career management of the Navy's acquisition workforce, **both military and civilian**, is the responsibility of Director, Acquisition Career Management (DACM) on the Assistant Secretary of the Navy Research, Development, and Acquisition (ASN (RD&A)) staff (see references (a) and (b)).

b. Certain aspects of an acquisition officer's assignment may require DACM approval, such as waivers to leave a critical position prior to completion of tenure, or to enter a critical position without being a member of the AC. Among other things, the DACM's office administers a centralized acquisition training and education program and maintains a management information system to support the acquisition workforce.

c. Navy Personnel Command (NAVPERSCOM), Acquisition Workforce Management Branch (PERS-447) is the point of contact (POC) for the Navy's military acquisition workforce and AC issues.

2. Assignment of Officers to Acquisition Billets

a. All acquisition billets are identified by a Billet Additional Qualification Designator (BAQD) (either primary or secondary) which starts with the letter "A*.*" The second letter of the BAQD denotes the acquisition career field of the billet, and the third letter indicates whether the billet is "critical" or not. These BAQDs are defined in reference (c).

b. Assignment of officers to non-critical acquisition positions is conducted using the normal order writing process.

c. Assignment to critical positions is closely monitored and controlled. There are statutory restrictions imposed by the Defense Acquisition Workforce Improvement Act (DAWIA) on critical billets (see references (b) and (c)).

d. NAVPERSCOM (PERS-447) chops all orders to and from acquisition billets to ensure statutory and regulatory acquisition requirements are met.

3. Acquisition Certification and Training

a. **Certification process.** All acquisition billets require certification within 24 months of reporting to a command.

(1) The **billet rank** determines the **level**, and the **second letter of the BAQD** indicates the **career field**.

(2) Certification ensures the officers meet the minimum DAWIA required training, education, and experience for the specific billet occupied.

(3) Once those requirements are met, a certification request is submitted to the Register-Now Web site (<https://www.atrrs.army.mil/channels/registernow/rnswitch.asp>) via the designated approving official at the officer's command for approval.

(4) Once approved, an E-mail confirmation of the approval letter will be sent to NAVPERSCOM (PERS-447) for assignment of an appropriate AQD in the personnel record.

b. **Training.** Acquisition training course quotas are controlled by the Register-Now Web site and Defense Acquisition University (DAU).

(1) Permanent change of station (PCS) en route training is coordinated by the placement officer working with the gaining command.

(2) Other questions concerning acquisition training (tuition assistance, per diem, etc.) should be directed to the DACM.

4. **Acquisition Corps (AC)**. The AC consists of officers with certain minimum levels of acquisition experience, education, and training selected primarily from the following:

- Unrestricted Line (URL)
- Engineering Duty (ED)
- Aerospace Engineering/Maintenance Duty (AED/AMD)
- Civil Engineer Corps (CEC)
- Supply Corps (SC)

A small number of qualified officers from other communities may also become members of the AC.

a. AC members are assigned a wide variety of the more senior (O-5 and above) billets ashore dealing with the entire life cycle of the acquisition process, from research and development to disposal considerations. Membership in the AC is voluntary.

b. The purpose of the AC is to develop a solid corps of professional officers (and civilians) who are well versed in the acquisition process; this community is then carefully tracked in the areas of career management, individual assignments and qualifications, and promotion rates. Data regarding these facets of the AC are regularly provided to the Office of the Secretary of Defense (OSD) and Congress by the Navy's DACM.

c. The Navy military officer portion of the AC is sponsored by NAVPERSCOM (PERS-447). A semi-annual administrative board selects officers for the AC, resulting in the assignment of an AQD of **APM**. **The APM AQD is the sole indicator that an officer is a member of the AC.**

d. There are nearly 800 critical acquisition billets spread among the communities listed above.

(1) To fill one of these billets, an officer must be a Commander (CDR (sel)) or senior and be a member of the AC prior to assignment.

(2) Waivers must be submitted to NAVPERSCOM (PERS-447) and approved by DACM prior to detailing non-AC members to critical acquisition billets.

5. Unrestricted Line (URL) Officer Acquisition Policy

a. URL officers, excluding aviation community, shall not be selected into the AC until screened/served for Commander Command. Prior to being screened for Commander Command, an officer interested in acquisition should treat it as additional training/qualifications and should take acquisition assignments when non-community tours are possible.

b. An officer may not be appointed to O-7 unless the officer has completed a full tour of duty in a joint duty assignment (JDA) per reference (d); however, this requirement may be waived per section 619a of reference (d) and reference (e) if the officer's selection for promotion was based primarily upon Sci-Tech qualifications for which sufficient joint requirements do not exist. When determining whether a waiver is allowed on Sci-Tech qualifications for a community, "sufficient joint requirements exist" when there are general or flag officer billets on the joint duty assignment list (JDAL) for that community.

c. Officers granted Sci-Tech waivers for compliance of the law for promotion to O-7 must serve continuously in the specialized acquisition career field. If assignment to other duty is anticipated, the individual will be required to first serve in a JDA.

6. Flag Officer Assignment. In general, flag acquisition positions require 10 years of acquisition experience, which must include 4 years in a critical billet.

a. Additional restrictions apply to specific positions such as Program Executive Officers (PXOs).

b. References (a) and (b) delineate Department of Defense (DOD) DAWIA policy concerning reference (d) restrictions on acquisition flag billets.

MILPERSMAN 1301-710

COMMAND POLICIES AND PROCEDURES – ACTIVE COMPONENT CHAPLAIN CORPS OFFICER SCREENING AND ASSIGNMENT TO COMMANDER MILESTONE BILLETS

Responsible Office	NAVPERSCOM (PERS-4414)	Phone: DSN COM FAX	882-4092 (901) 874-4092 882-2676
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) SECNAVINST 1730.7E (b) COC memo 1301 Ser N097/19U-146118 (undated) (c) NAVSO P-6034, Joint Travel Regulations (JTR)
-------------------	---

1. Background

a. Per reference (a), the Chief of Chaplains (COC) is the Department of the Navy's Director of Religious Ministry and the Chaplain Corps (CHC) community leader. The COC is responsible for providing advice to Navy leadership on the organization, utilization, and distribution of CHC officers and to the Chief of Naval Personnel on screening boards for CHC milestone billets. Reference (b), or the most recent COC memo, lists the current milestone billets for commanders and is located on the CHC detailer Web page at: <http://www.public.navy.mil/bupers-npc/officer/Detailing/rlstaffcorps/chaplain/Pages/default.aspx>.

b. Officer communities may designate a limited number of their billets as milestones which represent positions of leadership analogous to command. Similar to the command screening process, milestone screening identifies individuals whose records indicate that they possess the leadership abilities required to successfully execute the duties associated with these milestone billets. Success in those billets indicate sufficient development for consideration for senior leadership positions.

c. Selection for milestone is based on a determination of who is best and fully qualified. No officers will be disadvantaged because of their race, religion, color, sex,

sexual orientation, or national origin. Based on the needs of the Navy (reflected in Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) policies, procedures, and processes), selection may not result in assignment to a milestone billet.

2. Milestone Board

a. The milestone screening and selection process is completed by formal administrative boards, which are normally held following the release of the commander promotion lists in coordination with the NAVPERSCOM board schedule. NAVPERSCOM CHC Officer (PERS-4414) or a designated alternate serves as the board sponsor. At a minimum, the board membership must consist of the following:

(1) One CHC flag officer who serves as the president and senior member,

(2) One CHC captain who has served in a commander milestone billet, and

(3) Five unrestricted line captains.

b. No officer may serve on two consecutive boards as a member.

3. Eligibility

a. CHC officers in the grade of commander or those selected for promotion to commander are eligible to have their records screened at the next milestone board conducted and subsequent milestone boards.

b. CHC officers with approved resignations or retirements are not eligible. CHC officers with a statutory retirement date within 36 months after the milestone screening board are not eligible for milestone screening. CHC officers who have failed to select after three opportunities are no longer eligible.

c. Eligible officers must be notified of their eligibility by PERS-4414 and may send letters to the board per [MILPERSMAN 1420-010](#).

d. With the exception of approved NAVPERSCOM waivers, eligible officers are assumed to be universally assignable and world-wide deployable. Those officers who are unwilling to execute orders to a milestone billet must notify the board in writing before the board convenes.

4. **Board Screening Process**

a. PERS-4414, in consultation with the COC, must establish the number of CHC officers that may be selected by the board. An additional 40 percent beyond the number of anticipated vacancies in milestone assignments may be selected as alternates in order to allow slating in compliance with [MILPERSMAN 1301-104](#). If a vacancy cannot be filled by a milestone-selected officer, an alternate will be assigned to fill the milestone billet. That alternate's name will be placed on the milestone screened list.

b. PERS-4414 maintains a list of CHC officers who have been selected for milestone but who have not been assigned due to needs of the Navy.

c. Selected CHC officers remain on the milestone screened list subject to the conditions of paragraph 10 below.

5. **Milestone Slate**. PERS-4414 prepares milestone slates recommending assignment of officers to respective billets per [MILPERSMAN 1301-104](#). The purpose of the slate is to fill milestone billets with officers selected for milestone and to ensure that an officer's experience, qualifications, and other factors, as determined by the COC, are appropriate for the intended milestone assignment. The COC must review the milestone slate, amend it as necessary, and approve the slate prior to assignment.

6. **Declination of Assignment**

a. Officers screened for milestone who do not desire orders to a milestone assignment must submit a written statement declining milestone assignment to NAVPERSCOM Staff/Restricted Line Officer Career Management Division (PERS-44) via PERS-4414. This written statement must include a statement regarding their reasons for declination.

b. Officers screened and selected for a milestone billet who decline assignment will no longer be eligible for a

milestone billet and will be removed from the milestone screened list.

c. Officers who decline assignment to a milestone billet remain eligible for assignment to non-milestone billets, subject to the needs of the Navy.

7. **Milestone Tour Lengths.** CHC milestone tour lengths are governed by joint tour length requirements and officer distribution guidelines pursuant to reference (c) and [MILPERSMAN 1301-104](#).

8. **Needs of the Navy.** Needs of the Navy may sometimes require assignment of a CHC officer to a milestone billet who has either never been screened for a milestone billet or has failed to be selected by a milestone board. The next milestone screening board must add the officer's name to the milestone screened list. Assignment of an additional qualification designation (AQD) is pursuant to the standards outlined in paragraph 9 below.

9. **Additional Qualification Designation**

a. To receive milestone credit and the associated AQD, an officer must appear on the milestone screened list, complete a minimum of 18 months in the assigned milestone billet, and must not have evidence in the officer's official military personnel file (OMPF) that indicates misconduct or substandard performance as defined in [MILPERSMAN 1611-020](#).

b. Time accrued from separate milestone tours may be combined to meet the 18-month requirement, if the officer's OMPF does not contain adverse information as defined in [MILPERSMAN 1611-020](#) from either assignment. Officers who accrue 18 months from separate milestone tours will be awarded the AQD from the tour of greater length.

c. Officers who are assigned to milestone tours with different AQDs are eligible to receive more than one AQD if they meet the minimum 18-month requirement for each assignment.

d. Officers are required to contact PERS-4414 to request assignment of the AQD. PERS-4414 is responsible for assigning the AQD.

10. **Removal of Names from Milestone Screened List**

a. CHC officers on the milestone screened list who decline a milestone assignment for reasons other than approved NAVPERSCOM waivers will be removed from the milestone screened list.

b. Chaplains selected for milestone who submit a request to retire prior to assignment will be removed from the milestone screened list.

c. Each milestone screening board will review the OMPF of each officer whose name appears on the milestone screened list who has not been assigned to a milestone billet. The board will remove the name of any officer from the milestone screened list whose OMPF indicates misconduct or substandard performance as defined in [MILPERSMAN 1611-020](#).

d. PERS-4414 will notify officers whose names have been removed from the milestone screened list.

References	(a) 32 CFR 6 (United States Navy Regulations (1990)) (b) OPNAVINST 5400.45 (c) OPNAVINST 1412.14 (d) OPNAVNOTE 5450 Ser N131/14U114074 of 28 Jul 2014 (Canc: Jul 2015) (e) OPNAV (N131) PDM for Shared Captain Command Apportionment Plan (f) OPNAV (N131) PDM for Shared Commander Command Apportionment Plan (g) OPNAV (N131) PDM for Shared Early Command Apportionment Plan (h) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications, Volume I, Major Code Structures
-------------------	---

1. **Purpose.** This article defines "command" and establishes criteria and eligibility for all types and grades of commands.

2. **Commanding Officer (CO)** Per reference (a), "a commanding officer refers to an officer, either of the line or of a staff corps, detailed to command by competent authority that has authority over all officers or other persons attached to the command, whatever their rank, and whether they are of the line or of a staff corps."

3. **Command at Sea.** Per reference (a), "command at sea" refers to those afloat, deploying, and or operational units defined as sea-going commands under the operating forces of the Navy and Marine Corps found in reference (b). Only administratively screened and selected unrestricted line (URL) officers are eligible for command at sea.

4. **Command Ashore**. Per reference (a), "command ashore" refers to those activities whose defined missions comprise the Shore Establishment of the Department of the Navy, and those shore activities under the operating forces of the U.S. Navy found in reference (b). All administratively screened and selected line and staff corps officers are eligible for command ashore, as appropriate to that officer's line community or staff corps.

5. **Screened for Command**. Per reference (c), every CO, regardless of line community or staff corps, and regardless of the type or grade of command, must be screened. MILPERSMAN 1301-802 and 1301-804 address command screening and command selection.

6. **Command Opportunity**

a. This is defined as the opportunity for an officer to have at least one screened command in grade. Command opportunity is obtained by dividing the community's number of designated and apportioned commands in grade available per year (annual fills) by the number of community officers selected for promotion in a given fiscal year (total year group).

b. Command opportunity is used to determine a community's demand signal for officers. It demonstrates the percentage of officers at a particular grade **going to** command.

7. **Selection Opportunity**

a. This is defined as the opportunity for an officer to select for command across multiple looks. Selection opportunity is obtained by dividing the community's number of designated and apportioned commands in grade available per year (annual fills) by the community's administratively established population of eligible officers (community screen group).

b. Selection opportunity is used to determine a community's selectivity for command. It demonstrates the percentage of officers being **selected for** command.

8. **Grades of Commands**

a. **Major Command - Sequential** (formally "sequential command):" A second screened command to which a captain (CAPT)

is assigned, as designated by the Chief of Naval Operations in reference (d), for which a previous major command is a prerequisite;

b. **Major Command:** A screened command to which a CAPT is assigned, as designated by the Chief of Naval Operations in reference (d) for which commander (CDR) command is a prerequisite for URL officers, and for which CDR milestone or CDR command is a prerequisite for restricted line or staff corps officers;

c. **CAPT Command:** A screened command to which a CAPT is assigned, as designated in reference (e), for which a previous command is not a prerequisite;

d. **CDR Command - Sequential:** Formerly "second in-grade (or bonus) command." A second screened command to which a CDR is assigned, as designated in reference (f), for which a previous CDR command is a prerequisite;

e. **CDR Command:** A screened command to which a CDR is assigned, as designated in reference (f);

f. **Early Command:** A screened command to which a lieutenant commander (or below) is assigned, as designated in reference (g).

9. **Classification of Command.** Billets designated as command are those identified by the following Navy officer billet classification codes listed in reference (h):

a. **Major Command - Sequential**

- CO Afloat (CAPT) - 9236
- CDR Operating Forces Selected (SEL) - 9006
- Area Commander - 9009
- CO Shore Activity (SEL) - 9422
- Major Project Manager (SEL) - 2161

b. **Major Command**

- CO Afloat (CAPT) - 9236
- CDR Operating Forces (SEL) - 9006
- Area Commander - 9009
- CO Shore Activity (SEL) - 9422
- Military Sealift Command (MSC) Commander - 9950
- Major Project Manager (SEL) - 2161

- Naval Attaché * - 9635 See Note 1
- Naval Engineering Research Project Officer - 7959
- Supervisor of Shipbuilding, Conversion, and Repair - 7996

c. **CAPT Command**

- CO Afloat (CDR) - 9235
- CDR/CO Shore Activity - 9421
- Aviation Squadron CO - 8670
- CO Fleet Marine Forces (FMF) Company - 0055
- Convoy Commodore - 9018
- CDR Operating Forces - 9005
- Professor Naval Science - 3277
- Commander, Engineering Assessment - 9345
- Naval Engineering Research Project Officer - 7959
- Supervisor of Shipbuilding, Conversion, and Repair - 7996

d. **CDR Command - Sequential**

- CO Afloat (CDR) - 9235
- CO Special Warfare - 9290
- CDR/CO Shore Activity - 9421
- Aviation Squadron CO - 8670
- CO Construction Forces - 4305
- CO FMF Company - 0055
- CDR Operating Forces - 9005
- Commander, Engineering Assessment - 9345

e. **CDR Command**

- CO Afloat (CDR) - 9235
- CO Special Warfare - 9290
- CDR/CO Shore Activity - 9421
- Aviation Squadron CO - 8670
- CO Construction Forces - 4305
- CO MSC Office - 9470
- CO FMF Company - 0055
- CDR Operating Forces - 9005

f. **Early Command**

- CO Afloat (LCDR) - 9234
- CO Afloat (LT) - 9233
- CO Construction Forces - 4305
- CDR/CO Shore Activity - 9421

Note 1: Only major defense attaché billets specified in reference (c) are major commands.

10. **Command Submission.** The major command review board (MCRB) is convened annually, or as required by the Chief of Naval Personnel per references (c) and (d). The MCRB will be convened to address, validate, or approve all CO billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands, and those commands below the grade of CAPT;

b. The Chief of Naval Personnel will update and publish reference (d) annually based on the results of the MCRB;

c. Office of the Chief of Naval Operations (OPNAV), Director, Military Personnel Plans and Policy (N13) will update and publish references (e) through (g) annually based on the results of the command review board;

d. OPNAV, Head, Officer Plans and Policy (N131) is the point of contact for all CO billet submissions and questions.

References	(a) OPNAVNOTE 5450 Sequential and Major Command Plan (b) OPNAV (N131) Policy Decision Manual (PDM) for Shared Captain Command Apportionment Plan (c) OPNAV (N131) PDM for Shared Commander Command Apportionment Plan (d) OPNAV (N131) PDM for Shared Early Command Apportionment Plan (e) OPNAVINST 1412.14 (f) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classification, Volume II, The Officer Data Card (g) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classification, Volume I, Major Code Structures (h) SECNAVINST 5510.30B
------------	--

1. **Purpose.** This article outlines policies and procedures for screening, selecting, and assigning officers to command units identified in references (a) through (d), and MILPERSMAN 1301-800.

2. **Command Eligibility Screening.** Per reference (e), every commanding officer (CO), regardless of line community or staff corps, and regardless of the type or grade of command, must be screened for command eligibility.

3. **Command Screen Code.** Officers who have been selected for command are assigned a command screen code. It is a five-position alpha-numeric code that describes fiscal year considered, board sponsor, the type of command for which

selected or deselected, and the standing (e.g., primary, alternate, etc.). This code is recorded on the Service member's officer data card. The meaning of each element can be found in reference (f).

4. **Additional Qualification Designation (AQD) Code.** Officers will be assigned a Command Qualification Program AQD code (2D1, 2D2, or 2D3) based on that officer's eligibility for command, qualification for command, and or qualification for major command. AQD code criteria and prerequisites may be found in reference (g).

5. **Executive Officer (XO) to CO Fleet-Up.** Per reference (e), COs who will be relieved by their XOs, as part of a community's fleet-up program, must certify (in writing) the XO is ready to assume command and provide written certification to the immediate superior in command (ISIC) who will endorse the certification to the type commander or community leader (as applicable) with a copy to Commander, Navy Personnel Command. This certification will be made prior to the XO's assumption of command and will discuss the XO's demonstrated leadership performance, personal behavior on-and-off duty, and other professional characteristics as delineated by the type commander or community leader. Officers screened for CO or XO must maintain the necessary performance and qualifications commensurate with their responsibilities or be de-screened per MILPERSMAN 1301-818.

6. **Early Command Policy.** Early command is considered to be equivalent to assignment as an XO (non-fleet-up) or department head. Successful completion of early command does not qualify as subsequent command eligibility screening.

7. **Shore Installation Command Screening.** Navy Personnel Command (NAVPERSCOM) maintains a memorandum of understanding with Commander, Naval Installations Command (CNIC) requiring that all communities receive CNIC endorsement for all shore establishment command slates.

8. **Command Tour Lengths.** All tour lengths are specified in references (a) through (d) and MILPERSMAN 1301-110.

9. **Number of Command Tours and Exceptions.** It is general policy that an officer is assigned to only one screened command in grade. Unrestricted line officers may be assigned to

additional commands in grade as detailed in references (a) through (d) and MILPERSMAN 1301-800.

10. **Policy for Full-Time Support (FTS) Officers.** To ensure FTS community progression, the following procedures must be utilized for administrative boards and officer placement:

a. All administrative boards that screen FTS officers will have representatives from the FTS officer community who will be utilized as members of selection and screening boards for which their experience and performance qualify them;

b. FTS pilots and naval flight officers are screened for Navy Reserve commands during the aviation major command screen board and aviation command screen board;

c. FTS officers may be considered by all appropriate screening boards and compete on the basis of qualifications;

d. Quotas will not be established for FTS officers in the screening process; however, boards will be briefed on the unique aspects of FTS officer career patterns;

e. Command of reserve force units (echelons 4 and 5) will alternate between Selected Reserve (SELRES) officers and active duty officers (either FTS or USN). A SELRES officer in an active duty status for the duration of the XO and or CO tour may fill the position of the active duty officer.

11. **Security Clearance Requirements.** Officers ordered to CO or XO billets must comply with reference (h) clearance and access level requirements.

12. **The Charge of Command.** All ISICs will ensure prospective COs review exhibit 1 and sign a copy of exhibit 2 prior to assumption of command. ISICs will retain signed copy for official record. This applies to all officers in command, to include flag officers.

13. **Transfer of Command Reports.** When orders are generated for an officer to command any Navy activity (at sea and ashore), Chief of Naval Operations (OPNAV) UIC 00011 must be included as an "info addressee".

14. **Major Command - Sequential Screen Procedures.** Major command - sequential screening is by administrative board

action. NAVPERSCOM, Career Management Department (PERS-4) community codes will be the board sponsors to designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses major command - sequential screening.

15. **Major Command Screen Procedures.** Major command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors to designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses major command screening.

16. **Captain Command Screen Procedures.** Captain command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors to designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses captain command screening.

17. **Commander Command - Sequential Screen Procedures.** Commander command - sequential screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors to designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses commander command - sequential screening.

18. **Commander Command Screen Procedures.** Commander command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors to designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses commander command screening.

19. **Early Command Screen Procedures.** Early command screening is by administrative board action. NAVPERSCOM (PERS-4) community codes will be the board sponsors to designate recorders for each of its separate boards. MILPERSMAN 1301-804 specifically addresses early command screening.

20. **Preparation and Approval of Command Screen Slates**

a. Following screening of officers for command, the respective community distribution division prepares command slates, assigning screened officers to commands.

b. All slates must be reviewed and endorsed by the respective community leaders.

21. **Command Submission.** The major command review board (MCRB) is convened annually or as required by the Chief of Naval Personnel per references (a) and (e). The MCRB will be convened to address, validate, or approve all major command billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands and those commands below the grade of captain.

b. The Chief of Naval Personnel will update and publish reference (a) annually based on the results of the MCRB.

c. Office of the Chief of Naval Operations (OPNAV), Director, Military Personnel Plans and Policy (N13) will update and publish references (b) through (d) annually based on the results of the command review board.

d. OPNAV, Head, Officer Plans and Policy (N131) is the point of contact for all CO billet submissions and questions.

Exhibit 1
CNO Memorandum for All Prospective Commanding Officers
(The Charge of Command)

CHIEF OF NAVAL OPERATIONS

April 6, 2018

The Charge of Command

Ref: (a) 10 U.S.C. §5947
(b) U.S. Navy Regulations (1990)

Encl: (1) ADM Ernest King CINCLANT Serial 053 of January 21, 1941
(2) Hobson's Choice (Wall Street Journal, 1952)

The Privilege of Command

1. As a prospective or serving Commander or Commanding Officer, you have been identified as worthy of the privilege of command. The decision to select you for command was not made lightly; you were selected based on your demonstrated past performance and the **trust and confidence** that senior Navy officers have in you to lead Sailors under your charge.
2. Command is the foundation upon which our Navy rests. **Authority, responsibility, accountability, and expertise** are four essential principles at the heart of command. Effective command is at risk if any of these principles is lacking or out of balance.
3. You accept the extraordinary responsibility of command with full regard for its consequences. It is the duty of every Commanding Officer to understand his or her authorities and responsibilities prior to assuming command, which are clearly laid out in statute and regulations as outlined below.

The Scope of Command

1. **"All Commanding Officers and others in authority** in the naval service are required to show in themselves a good example of virtue, honor, patriotism, and subordination; to be vigilant in inspecting the conduct of all persons who are placed under their command; to guard against and suppress all dissolute and immoral practices, and to correct, according to the laws and regulations of the Navy, all persons who are guilty of them; and to take all necessary and proper measures, under the laws, regulations, and customs of the naval service, to promote and safeguard the morale, the physical well-being, and the general welfare of the officers and enlisted persons under their command or charge." (Ref (a))
2. **"Commanders** shall be responsible for the satisfactory accomplishment of the mission and duties assigned to their commands. Their authority shall be commensurate with their responsibilities. Normally, commanders shall exercise authority through their immediate subordinate commanders." (Ref (b), Paragraph 0702)
3. **"The responsibility of the Commanding Officer** for his or her command is absolute, except when, and to the extent to which, he or she has been relieved therefrom by competent authority, or as provided otherwise in these regulations. The authority of the Commanding Officer is commensurate with his or her responsibility. While the Commanding Officer may, at his or her discretion, and when not contrary to law or regulations, delegate authority to subordinates for the execution of details, such delegation of authority shall in no way relieve the commanding officer of continued responsibility for the safety, well-being and efficiency of the entire command." (Ref (b), Paragraph 0802)

The Standards of Command

1. There are two standards to measure officers in command. The first is the standard for criminal behavior, which should be well known to you. The second — and higher standard — is trust and confidence, both with the American people we are sworn to protect and across all levels of the chain-of-command.
2. **A Commander's competence and character lead to trust and confidence.** Commanders can only feel comfortable delegating their authority — sending subordinate Commanding Officers and their teams over the horizon and into harm's way — with the knowledge that those CO's are both technically competent and share their values. If so, their teams will win — performing at or near their theoretical limits — and they will always come back stronger than when they left.
3. Trust and confidence are the two coins of the realm that enable decentralized command and operations at sea; they are the key to our effectiveness as a force. Work hard to build and guard trust and confidence.

J.M. RICHARDSON
Admiral, U.S. Navy

References	(a) OPNAVINST 1412.14 (b) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classification, Volume II, The Officer Data Card (c) OPNAVNOTE 5450 N131/Ser N1/114102 of 15 Oct 2019 (Canc: Oct 20) (d) OPNAV (N131) Policy Decision Memorandum (PDM) for Shared Captain Command Apportionment Plan (e) OPNAV (N131) PDM for Shared Commander Command Apportionment Plan (f) OPNAV (N131) PDM for Shared Early Command Apportionment Plan (g) COMNAVSURFPAC/COMNAVSURFLANTINST 1412.2
-------------------	--

1. **Purpose.** This article outlines administrative board procedures for formal command screening. Navy Personnel Command (NAVPERSCOM) Career Management Department (PERS-4) community codes will be the board sponsors and designate recorders for each separate board.

2. **Command Screen Board Eligibility.** Reference (a) and the appropriate community-specific command qualification program authorize the designation "eligible for command" and "qualified for command" and establish the general criteria required for qualification and validation. "Eligible for command" is a mandatory prerequisite for selection to command. "Qualified for command" is a mandatory prerequisite for assuming command. Additional qualification designation code criteria and prerequisites can be found in reference (b). Candidates for

early command must be "qualified for command" per reference (a) and the appropriate community-specific command qualification program. Early command qualification does not designate an officer as "qualified for command" at the grade of commander and higher.

3. **Command Screen Board Composition.** Board presidents will be flag officers designated by each community. Board members are flag officers, captains, and commanders designated by each community who have served in the appropriate grade of command. Membership changes with each board.

4. **Preparation and Approval of Command Screen Slates.** Following screening of officers for command, the respective community distribution division prepares command slates, assigning screened officers to command.

a. All slates must be reviewed and approved by the respective community leaders.

b. Commander, NAVPERSCOM maintains a memorandum of understanding with Commander, Naval Installations Command (CNIC), requiring all communities receive CNIC endorsement for all shore installation command slates.

5. **Command Screen Board Procedures.** NAVPERSCOM board actions and responsibilities for respective communities include:

a. The appropriate PERS-4 officer distribution division will be the board sponsor and designate recorders for the board. Eligibility zones, milestone and or command prerequisites (if any), a list of officers to be considered by the board, and selection quotas will be provided in concert with the appropriate flag sponsor or community lead. Exhibit 1 addresses board actions and prerequisites for screening.

b. A special "additional look" will be available upon constituent petition when it can be shown the officer was somehow disadvantaged, or the officer's record was unfairly considered during the normal selection process, or when justified by exceptional circumstances.

(1) Petition is made in writing to the selection board president via NAVPERSCOM Surface Officer Distribution Division (PERS-41), Submarine Officer Distribution Division (PERS-42), Aviation Officer Distribution (PERS-43), Staff/Restricted Line

Distribution (PERS-44), Full-Time Support (FTS) Distribution (PERS-46), or Information Warfare Community and Foreign Area Officer (PERS-47), who will recommend to the board president to include or exclude the petitioner's record from the board.

(2) Additional-look selectees will count against the last normal-look select quotas for the next junior year group.

6. **Major Command - Sequential Screen.** PERS-4, PERS-41, PERS-42, and PERS-43 are responsible for selecting major command screened officers for sequential command for possible assignment to billets designated in reference (c).

a. Officers currently serving in major command or having served in major command are eligible for major command - sequential screening.

b. PERS-41, PERS-42, and PERS-43 are responsible for establishing eligibility zones and selection opportunity for their boards.

7. **Major Command Screen.** PERS-4 community codes are responsible for selecting a bank of officers to fill the billets designated in reference (c).

a. PERS-41 and PERS-43 are responsible for establishing eligibility zones and selection opportunity for their boards. Commander command is a prerequisite.

b. PERS-42, PERS-44, PERS-46, and PERS-47 are responsible for establishing eligibility zones and selection opportunity for their boards. An established community command or milestone is a prerequisite.

8. **Captain Command Screen.** PERS-4 community codes are responsible for selecting a bank of officers to fill the billets designated in reference (d).

9. **Commander Command - Sequential Screen.** PERS-41 and PERS-43 community codes are responsible for selecting a bank of officers to fill the billets designated in reference (e). Eligibility begins after an officer has received a competitive fitness report while in commander command and continues until in zone for selection to captain.

10. **Commander Command Screen.** PERS-4 community codes are responsible for selecting a bank of officers to fill the billets designated in reference (e) and for establishing eligibility zones and selection opportunity for their boards.

a. PERS-4 community codes will ensure competitive grouping for selection is arranged by screen groups within the individual operational communities.

b. A screened executive officer (XO) in a surface or aviation squadron normally fleets-up to commanding officer upon completion of a successful XO tour.

11. **Early Command Screen.** PERS-4 community codes are responsible to fill the billets designated in reference (f).

a. PERS-41 is responsible for the surface warfare unrestricted line officer (111X) early command board. Eligibility is established per reference (g).

b. PERS-42 is responsible for the limited duty officer line officer submarine (62XX)/nuclear (640X) dry dock early command board. Command billets are to be screened and selected per reference (a).

c. PERS-46 is responsible for the Navy Reserve line officer (1XX7) Navy operational support center command board. PERS-46 will establish the eligibility criteria and determine selection quotas.

12. **Command Submission.** The major command review board (MCRB) is convened annually, or as required by the Chief of Naval Personnel (CHNAVPERS) per references (a) and (c). The MCRB will be convened to address, validate, or approve all major command billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands and those commands below the grade of captain;

b. CHNAVPERS will update and publish reference (c) annually, based on the results of the MCRB;

c. Office of the Chief of Naval Operations (OPNAV) Director, Military Personnel Plans and Policy (N13) will update

and publish references (d) through (f) annually, based on the results of the command review board;

d. OPNAV, Head, Officer Plans and Policy (N131) is the point of contact for all CO billet submissions and questions.

References	(a) U.S. Navy Regulations (1990)) (b) OPNAVINST 5400.45 Standard Navy Distribution List (c) OPNAVINST 1412.14 (d) CNICINST 1412.1 (e) OPNAVNOTE 5450 Ser N1/3U121000 of 22 Jan 2013 (f) DON DAWIA Operating Guide of 21 Dec 2011 (g) OPNAVINST 1211.8C
-------------------	--

1. **Purpose.** This article defines "command ashore" and establishes procedures for the nomination and designation of all types and grades of command ashore, as well as eligibility, selection, and assignment criteria for commanding officers of commands ashore. "Command at sea" is addressed in MILPERSMAN 1301-800.

2. **Command Ashore.** "Command ashore" refers to those activities whose defined missions comprise the shore establishment of the Department of the Navy and those shore-based activities of the Navy operating forces.

3. **Command Ashore - Installations.** Per references (a) and (b), "command ashore - installations" refers to command of regions, installations, and activities under the command of the Commander, Navy Installations Command (CNIC).

a. **Officer Eligibility, Selection, and Assignment Criteria.** CNIC establishes eligibility criteria, selection, and assignment procedures for command of Navy installations. All administratively screened and selected officers are eligible for command ashore - installations per references (a), (c), and (d).

b. **Command Nomination Criteria and Designation Procedures.** CNIC designates installations as commands or major commands, and submits a list of commands to the major command review board (MCRB) for review and approval per reference (e).

4. **Command Ashore - Shore Activity.** Per reference (a), "command ashore - shore activities" are activities that comprise the shore establishment of the Department of the Navy or the shore-based activities of the Navy operating forces found in reference (b).

a. **Officer Eligibility, Selection, and Assignment Criteria.** All administratively screened and selected officers are eligible for command ashore - shore activity (as appropriate) to an officer's line community or staff corps per references (a) and (c).

b. **Command Nomination Criteria and Designation Procedures.** MCRB stakeholders nominate activities for command designation to the MCRB for final promulgation per reference (e). When considering an activity for designation as a command ashore, both objective and subjective support factors and capabilities will be considered. Such factors and capabilities include:

(1) Mission with regard to organizing, training, equipping, or otherwise supporting the naval combat forces for prompt and sustained combat incident to operations at sea;

(2) Responsibility with regard to the preparation of naval combat forces necessary for the effective prosecution of war;

(3) Responsibility as immediate superior in charge (ISIC), or authority over subordinate commands;

(4) Military and civilian manning levels;

(5) Operations and maintenance funding levels;

(6) Operational tempo; and

(7) Plant replacement cost.

5. **Major Program Manager.** Major program manager billets are those acquisition programs whose responsibility and authority,

management complexity, technical factors, business factors, and priority designate them by the Assistant Secretary of the Navy (Research, Development and Acquisition) (ASN(RDA)) as equivalent to major command. Major program managers are authorized to wear the command ashore insignia per MILPERSMAN 1210-180.

a. Officer Eligibility, Selection and Assignment Criteria.

All acquisition-qualified and administratively selected officers are eligible for assignment to a major program manager billet per reference (f).

b. Major Program Manager Billet Nomination Criteria and Designation Procedures. ASN(RDA) designates acquisition programs as major program manager billets and establishes selection and assignment procedures per reference (g), and submits a list of major program manager billets to the MCRB for promulgation per reference (e).

6. Procedures for Command Ashore Nomination and Designation.

The MCRB is convened annually or as required by the Chief of Naval Personnel per references (c) and (e). The MCRB will be convened to address and validate or approve all commanding officer ashore billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands and those commands below the grade of captain.

b. The Chief of Naval Personnel will update and publish reference (e) annually based on the results of the MCRB.

c. Director, Military Personnel Plans and Policy (OPNAV N13) will update and publish the list of captain, commander, and early commands annually via policy decision memorandum, based on the results of the command review board.

d. Head, Officer Plans and Policy (OPNAV N131) is the point of contact for all commanding officer billet submissions and questions.

COMMAND POLICIES AND PROCEDURES - ACQUISITION CORPS (AC) MAJOR ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-447)	Phone:	DSN	882-3837
			COM	(901) 874-3837
			FAX	882-2632

1. **Policy**. Each officer community major command screening board reviews records of Acquisition Corps (AC) qualified Captains and Captains (Sel) to identify those assignable to major acquisition commands.

a. Selectees are placed in a "pool" of assignable officers, which are then available for the Systems Commands slating panels and subsequent Acquisition Workforce Officer Community (AWOC) review in the case of major programs.

b. These officers compete with other candidates, which may include civilians and Marine Corps officers per the best-qualified policy. For more information on the AC program, see MILPERSMAN 1301-700.

MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC(6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) OPNAVINST 1301.10C (b) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications, Volume 1, Part D (c) NAVSO P-6034, Joint Travel Regulations (JTR) (d) DoD Instruction 1315.18 of 28 October 2015 (e) DIAD 1350.100, Duration of Tours at Defense Attaché Stations of 24 Apr 2014
-------------------	--

1. **Milestone Screen for Commander (O-5) Milestone Duty.** The Foreign Area Officer (FAO) Milestone Program was established per reference (a). Milestone screening is conducted by formal administrative board action. Navy Personnel Command (NAVPERSCOM) Information Warfare Community and Foreign Area Officer Assignments Division (PERS-47) is the sponsor for the board. The board membership must consist of, at a minimum, the following:

1	Flag officer who serves as the president and senior member (normally the senior FAO flag officer or FAO community sponsor)
4	FAO captains (no two members should be from the same region)

With the exception of the board president, no officer may serve on two consecutive boards as a member. FAOs become eligible for milestone screening once selected for O-5 and all officers are eligible for two consecutive looks, except for those previously considered for milestone selection. Officers selected for promotion to commander in their parent communities who are subsequently selected for lateral transfer into the FAO community may also be considered for milestone screening, but the window of eligibility must not exceed 3 years from the date

of their selection for O-5. Letters to the milestone screen board must be submitted per standard board correspondence procedures.

a. Selection opportunity for commander milestone duty is based on the size of the screen group and the number of quotas available. The goal will be adjusted based on manning needs of the FAO community, but will be approximately 60 percent overall.

b. In rare cases, individual FAOs may receive an additional board screening. An additional board screening may be approved upon constituent petition where it can be demonstrated that the officer was disadvantaged for selection or that the officer's record was unfairly considered during the normal selection process.

(1) A petition for an additional board screening must be made in writing by the requesting member to the FAO community sponsor via the senior Navy FAO. The petition must be received no later than 30 days prior to the board convening. Approval is at the sole discretion of the community sponsor.

(2) Officers awarded an additional board screening beyond the standard two screenings will be considered in the "second look" screen group.

c. The screen board may elect to designate officers as qualified insufficient opportunity (QIO). Officers designated QIO will be considered eligible to serve in a milestone tour and receive the appropriate additional qualification designators (AQD) if they are activated "FM1" for milestone selection and subsequently assigned to a milestone billet "FM2" for milestone completion. QIOs will be activated in order of merit as delineated by the milestone selection board. If an officer is selected to a QIO status but not activated, the QIO selection will expire at the convening of the subsequent milestone screen board. Those designated as QIO will not be notified unless activated.

d. To allow for flexibility in detailing, all eligible personnel are screened to a "bank" of milestone selected officers, rather than discrete billets. Milestone screened officers who have not yet reported to a FAO commander milestone billet are held in the bank for appointment to a milestone billet, as assigned by the senior detailer and approved by the FAO community sponsor or senior Navy FAO (as delegated). The

records of officers in the bank are rescreened annually by the board to verify continued eligibility for milestone assignments. Records must be monitored for declining performance, e.g., any mark below 3.0 or individual promotion recommendation of significant problems or progressing, or other adverse information e.g., return to Service. Officers identified by the board as exhibiting a substantial decline in performance will be removed from the bank and have any previously awarded "FM1" AQD removed from their record.

2. **Assignment Policy.** The FAO milestone slate is approved by the FAO community sponsor or senior Navy FAO, as delegated prior to execution. All officers who screen for FAO milestone duty will be assigned to a milestone billet at the earliest opportunity, unless the officer is unable to meet the security or overseas screening requirements of the milestone billet, is de-screened by a later selection board, or declines milestone assignment.

a. Officers who do not decline milestone assignment are committing to serve in any milestone billet in line with the needs of the community and as approved by the FAO community sponsor. Officers unwilling or unable to be assigned to any milestone billet are strongly encouraged to submit a "Don't Pick Me" letter to the president of the FAO milestone screen board.

b. In order to maintain a viable bank of milestone eligible officers, maximize opportunity for milestone screening, and provide stability for the milestone slating process, officers not desiring to be assigned to a milestone billet may only decline milestone assignment, in writing, within 6 months of milestone selection notification.

c. Officers wishing to decline a FAO milestone assignment will submit a written request to the FAO community sponsor. If approved by the FAO community sponsor, PERS-47 will endorse the statement declining FAO milestone assignment and take action to ensure appropriate documentation and compliance with this article. The written statement declining FAO milestone assignment and official endorsements will be made part of the officer's official military personnel file (privileged information/field code 17 {FC-17}), see [MILPERSMAN 1070-020](#). This information will be available for review by future administrative or statutory boards.

3. **Detailing to FAO Milestone Billets.** Only officers screened for FAO milestone assignment will be detailed to FAO milestone billets.

a. Exceptions to this policy may arise when there are no milestone screened officers or QIOs available, thus requiring assignment of a non-screened officer to maximize community readiness and meet operational distribution requirements. In these infrequent cases, the FAO community sponsor or senior Navy FAO (as delegated) will approve the non-screened officer for assignment to the milestone billet. The non-screened FAO will not receive an AQD to indicate "FM1," but may petition community leadership for award of the "FM2" AQD after successfully completing the milestone tour per reference (b). Actual approval of the "FM2" AQD is at the sole discretion of the FAO community sponsor.

b. The same exception applies to those who are senior to the milestone process or laterally transfer into the community after their window of eligibility for milestone selection. If assigned to a milestone billet, such officers may request award of the "FM2" AQD, but not "FM1," after successfully completing the milestone tour per reference (b).

Note: In the unlikely event a senior accession (as described in subparagraph 3b above) completed a tour in his or her parent community that was functionally equivalent to a FAO milestone billet, the officer may request the "FM2" AQD, but not "FM1," based on that previous experience. Functionally equivalent billets are defined as being out of the continental United States (OCONUS) staff, attaché, or security cooperation billets with similar levels of leadership, responsibility, and international relations and foreign policy significance as those on the approved FAO milestone billet list. Any such request must be submitted via the FAO officer community manager with actual approval of the "FM2" AQD at the sole discretion of the FAO community sponsor.

4. **Milestone Tour Lengths.** FAO milestone tour lengths are per references (b) through (e).

5. **FAO Milestone Process Changes and Legacy Selections.** The FAO captain (O-6) major milestone selection board is currently suspended until the FAO community sponsor directs reinstatement. FAOs previously approved milestone-related AQDs will retain the applicable AQDs.

MILPERSMAN 1301-810

COMMAND POLICIES AND PROCEDURES - COMMAND OF MAJOR LABORATORIES

Responsible Office	NAVPERSCOM (PERS-444E)	Phone:	DSN	882-4101
			COM	(901) 874-4101
			FAX	882-2676

1. Policy

a. Captains (CAPTs) of several designators are eligible to command major laboratories. The growth of major projects in naval systems commands has required the qualification of CAPTs in weapon systems acquisition techniques to direct them.

b. Chief of Naval Personnel (CHNAVPERS) takes a direct, personal interest in the selection of commanding officers (COs) for these vital major commands.

2. Selection Criteria. The criteria for selection of officers to command naval systems commands' research and development centers closely resembles those used for selection to a major program manager (MPM).

a. Unrestricted Line (URL) CAPTs must have screened for either major shore command or as MPM.

b. Restricted Line (RL) CAPTs must have screened as MPM.

c. Laboratory COs are

- proposed by Navy Personnel Command (NAVPERSCOM) from major shore commander candidate lists;
- selected by Chief of Naval Research (CNR); and
- approved by Assistant Secretary of the Navy Research, Development and Acquisition (ASN (RD&A)).

d. Placement officers ensure concurrence of ASN (RD&A) prior to issuing orders for COs.

------------------	---

1. **Policy.** All officers assigned to Reserve Component commands (RCC) and Navy operational support centers (NOSC) will be administratively screened prior to assignment. These officers are subject to the command qualification processes outlined in references (a) and (b). Additionally, full time support (FTS) human resources (HR) officers assigned to command positions (other than RCCs and NOSC) and designated in reference (c) are subject to the command qualification processes outlined in references (a) and MILPERSMAN 1301-234.

a. Officers will be screened to ensure only fully qualified officers of the appropriate grade are ordered to command.

b. Navy Personnel Command (NAVPERSCOM), Full Time Support Distribution and Augmentation Division (PERS-46) is the board sponsor of the administrative screen board.

2. FTS Unrestricted Line (URL) and HR Captain Major Command Screening for RCC Major Command. Officers selected for Reserve Major Command must meet the "best and fully qualified" criteria. To be eligible, officers must

- a. not have an approved resignation or retirement;
- b. not previously declined command;
- c. not have been selected for non-continuation; or
- d. be continued past their first gate.

3. Command Screening of FTS URL and HR Captains and Captain (selects) for O-6 NOSC Command. Officers selected for O-6 NOSC command must meet the "best and fully qualified" criteria. To be eligible, officers must

- a. not have an approved resignation or retirement;
- b. not previously declined command; or
- c. not have been selected for non-continuation.

4. Command Screening of FTS, Active Duty, and Selected Reserve Commanders through Lieutenants for NOSC O-5 and Below Command. The following procedures apply to all NOSC commanding officer billets below the rank of captain. Officers selected for NOSC command must meet the "best and fully qualified" criteria. To be eligible, officers must

- a. not have an approved resignation or retirement;
- b. not previously declined command;
- c. not have an interservice transfer pending; or
- d. not be a one-time failure of selection (FOS) to lieutenant commander or captain.

5. Command Screening of FTS HR Officers for Commands Other Than RCCs and NOSCs. FTS HR officers selected for command other than RCC or NOSC must meet the "best and fully qualified" criteria. To be eligible, officers must

- (a) not have an approved resignation or retirement;
- (b) not previously declined command;
- (c) not have an interservice transfer pending;
- (d) not be a one-time failure of selection to lieutenant commander or captain; or
- (e) have completed the HR PQS and HR command qualification oral board

References	(a) OPNAVINST 5430.48E (b) OPNAVINST 5450.215D (c) BUMED ltr 1301 Ser M00C/15UNM00C40044 of 16 Mar 2015 (d) NAVSO P-6034, Joint Federal Travel Regulations (JFTR) (e) BUMEDNOTE 1410 BUMED-M09 of 19 May 2016 (Canc: May 2017)
-------------------	---

1. Background

a. Per references (a) and (b), The Navy Surgeon General is the principal advisor to the Chief of Naval Operations (CNO) on the provision of centralized and coordinated policy development, guidance, and professional advice on health service programs for the Department of the Navy (DON). The Navy Surgeon General is responsible for providing advice to Navy leadership on the organization, utilization, and distribution of medical department officers and for screening boards for medical department milestone billets. Reference (c) lists the Navy medical department milestone billets.

b. Officer communities may designate a limited number of their billets as milestones, which represent positions of leadership analogous to command. Similar to the command screening process, milestone screening identifies individuals whose records indicate they possess the leadership abilities required to execute the duties associated with milestone billets. Screening for milestone duty is to ensure only the best and fully qualified are assigned to milestone positions.

2. Eligibility

a. Medical department officers in the grade of commander or those whose names appear on the commander promotion list are eligible to have their records screened at the next milestone board conducted. Lieutenant commanders who desire to be screened at the milestone board require a signed letter of endorsement by their respective corps chief.

b. Medical department officers in the grade of captain or those whose names appear on the captain promotion list are eligible to have their records screened at the next milestone board conducted.

c. Medical department officers with approved resignations or retirements are not eligible. Officers whose statutory retirement date precludes completion of the minimum activity tour after the milestone screening board are not eligible.

d. Medical department officers must meet body composition assessment and physical fitness assessment standards to be eligible.

3. Application Process

a. Navy Personnel Command (NAVPERSCOM), Medical Corps Officer Branch (PERS-4415) and the Bureau of Medicine and Surgery (BUMED) will release guidance via reference (e) in the second quarter of each fiscal year announcing the medical department milestone screening board dates, eligibility requirements, application process, and the deadline for application submission.

b. Officers desiring to be screened for the upcoming year must submit an application containing the following documents before the advertised deadline:

(1) Completed screening application with signature, date, and identification of the milestone categories for which member is requesting to be screened;

(2) Commanding officer's letter of recommendation

(3) Curriculum vitae and biography; and

(4) Current fitness report.

c. The preferred method for submitting an application with scanned copies of signed documents attached is via encrypted e-mail to Deputy, Medical Corps Officer Branch (PERS-4415A at: PERS-4415_ALPHA@NAVY.MIL).

d. Only applicants who submit an application package prior to the submission deadline and meet the criteria listed in NAVPERSCOM (PERS-4415) and BUMED guidance will be eligible for screening. BUMED guidance is promulgated in the second quarter of each fiscal year via a BUMEDNOTE that is distributed by e-mail from the BUMED, Corps Chief's Office (BUMED M-1).

4. Milestone Board Membership

a. The milestone screening process is completed by a formal administrative board. NAVPERSCOM (PERS-4415) or a designated alternate serves as the board sponsor. At a minimum, the board membership is approved by the Navy Surgeon General and must consist of the following:

<u>(1)</u>	Medical department flag officer who serves as the president and senior member
<u>(2)</u>	Medical Corps flag officer or post-command captain
<u>(3)</u>	Nurse Corps flag officer or post-command captain
<u>(4)</u>	Dental Corps flag officer or post-command captain
<u>(5)</u>	Medical Service Corps flag officer or post-command captain

b. No officer may serve on two consecutive boards as a member, except in cases where there is only one flag officer available to represent a specific corps. NAVPERSCOM (PERS-4415) will assign the head recorder and assistant recorders as required.

5. Quota Determination. Milestone screening quotas are established annually by the Navy Surgeon General based upon the number of opportunities coming available in the upcoming fiscal year.

6. Release of Results

a. The results of the screening board are approved by Commander, Navy Personnel Command (COMNAVPERSCOM). Approved

board results are forwarded by the Branch Head, Medical Corps Officer Branch (PERS-4415) to the Navy Surgeon General.

b. Screening for milestone positions is valid for 1 year only. Applicants not selected may apply in subsequent years if they meet eligibility criteria.

7. Milestone Slating

a. Following approval of the screening board results, medical department detailers must prepare milestone slates, proposing screened officers to respective billets, taking into consideration: skill sets, projected rotation dates, proposed fill dates, subspecialty experience required, preferences, and the needs of the Navy. The purpose of the slate is to ensure that an officer's experience, qualifications, and are appropriate for the milestone assignment.

b. BUMED must review the milestone slate, amend it as necessary, and approve the slate prior to the assignment process.

c. Milestone screened officers not slated will remain available for consideration if unplanned openings occur during the fiscal year in which they were screened. If no assignment is available, officers will be required to rescreen the following year.

8. Milestone Screening Exceptions

a. As general policy, only milestone screened officers will be assigned to milestone billets. Every effort will be made to assign screened officers prior to any alternate being assigned.

b. On rare occasions, exceptions to this policy may arise when there are no milestone screened officers or alternates available, thus necessitating assignment of a non-board screened officer with the proper skill sets to a milestone billet. In this instance, a non-screened officer would need to be administratively screened and approved by the Navy Surgeon General.

9. Milestone Tour Lengths. Milestone tour lengths are governed by joint tour length requirements and officer distribution guidelines pursuant to references (d) and MILPERSMAN 1301-104.

MILPERSMAN 1301-816

COMMAND POLICIES AND PROCEDURES - NAVY RECRUITING DISTRICT EXECUTIVE OFFICER (XO) TO COMMANDING OFFICER (CO) FLEET-UP POLICY

Responsible Office	OPNAV (N131)	Phone:	DSN COM	664-5013 (703) 604-5013
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** Navy recruiting district (NAVCRUITDIST) commanding officers (COs) will be afforded greater exposure to the recruiting process and environment prior to assuming command by serving as executive officers (XOs) at the NAVCRUITDIST which they are slated to command.

2. **Procedures**

a. Officers screened for command will spend 18 months in the XO billet followed by 18 months as CO.

b. Officers will be required to fleet up regardless of their past recruiting experience.

c. Selection for NAVCRUITDIST command will be via a formal community administrative command screening board process.

d. The following courses will be incorporated into the established NAVCRUITDIST command training pipeline:

(1) Navy Recruiting Prospective Executive Officer Course;

(2) Command Leadership Course; and

(3) Prospective Commanding Officer/Prospective Executive Officer Navy Military Justice Course.

MILPERSMAN 1301-818

PROCEDURES FOR OFFICERS NOT DESIRING ORDERS TO COMMAND OR EXECUTIVE OFFICER

Responsible Office	NAVPERSCOM (PERS-451)	Phone: DSN COM	882-4518 (901) 874-4518
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

Reference	(a) OPNAVINST 1811.3A
------------------	-----------------------

1. **Procedures for Officers not Desiring a Command Assignment.**

When an officer has been screened for command but does not desire orders, the following procedures apply:

a. An officer indicating non-acceptance of these orders will be required to submit an official request to Assistant Commander, Navy Personnel Command for Career Management (PERS-4). This letter and the results of subsequent actions will become part of the officer's official record.

b. Upon receipt of a written request to decline orders to command, cognizant division directors will originate a memorandum to PERS-4 for signature, discussing the relevant circumstances considered by the division and the recommended cause of action.

c. If retirement in lieu of orders is considered, reference (a) applies. However, any remaining obligations must be fulfilled prior to retirement eligibility.

d. Final disposition of all requests will be determined by PERS-4.

e. The decision to decline command is a professional decision made by the officer concerned.

(1) This decision is limiting, however, only with respect to assignment to command.

(2) An officer who has not accepted command remains eligible for assignment, subject to the needs of the Navy and any remaining obligated service.

2. **Procedures for Command De-Screening.** Prior to assignment of screened officers to command, assignment officers, placement officers, assignment division directors, and commands should screen each record to ensure there has been no decline in an officer's performance. Documentation of de-screening recommendation must be forwarded to ACNPC (PERS-4) for final determination.

a. A notification letter of final determination will be sent to the affected officer.

b. Command boards will review records of those officers previously screened, but not yet assigned, to ensure there is no decline in performance subsequent to the original screening.

3. **Procedures for Officers not Desiring an Executive Officer (XO) Assignment.** When an officer has been screened for XO but does not desire orders, the following procedures apply:

a. An officer indicating non-acceptance of these orders will be required to submit an official request to PERS-4. This letter and the results of subsequent actions will become part of the officer's official record.

b. Upon receipt of a written request to decline orders as XO, cognizant division directors will originate a memorandum to PERS-4 for signature, discussing the relevant circumstances considered by the division and the recommended course of action.

c. If retirement in lieu of orders is considered, reference (a) applies. However, any remaining obligations must be fulfilled prior to retirement eligibility.

d. Final disposition of all requests will be determined by PERS-4.

e. An officer who has declined the orders remains eligible for assignment, subject to the needs of the Navy and any remaining obligated service.

4. **Procedures for De-Screening for XO.** Prior to assignment of screened officers as XO, assignment officers, placement

officers, assignment division directors, and commands should screen each record to ensure there has been no decline in an officer's performance. Documentation of de-screening recommendation must be forwarded to ACNPC (PERS-4) for final determination.

a. A notification letter of final determination will be sent to the affected officer.

b. XO boards will review records of those officers previously screened, but not yet assigned, to ensure there is no decline in performance subsequent to the original screening.

MILPERSMAN 1301-820

COMMAND POLICIES AND PROCEDURES - COMMAND - EXECUTIVE OFFICER (XO) ASSIGNMENT COORDINATION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4187
			COM	(901) 874-4187
			FAX	882-2693

1. **Policy.** Grade assignment officers carefully coordinate assignment of commanding officers (COs) and executive officers (XOs) with placement officers.

a. To the extent feasible, assignments will be made for effectiveness of the two top leadership positions within the chain of command.

b. At least 8 weeks will separate the rotation dates of the CO and XO of a command, except for aviation squadrons in which the XO fleets up to CO.

c. Exceptions may be authorized by Navy Personnel Command (NAVPERSCOM) placement division directors, after the cognizant activity placement officer has liaised with the command and taken all possible action to alleviate adverse impact.

2. **CO and XO 1000 Designator Billets.** The list of Unrestricted Line (URL) commander (CDR) commands will be validated annually by Chief of Naval Operations (CNO), Military Personnel Plans and Policy Division (N13) and NAVPERSCOM, Distribution Department (PERS-4).

a. An equitable apportionment of 1000/1050 designator CDR billets will be established by CNO (N13) annually.

(1) Based on this apportionment and projected vacancies, a command allocation plan will be published annually after NAVPERSCOM (PERS-4) approval.

(2) This plan will identify the specific commands and the number of commands to be allocated to each of the URL communities.

b. Once the official apportionment has been promulgated by CNO (N13), the following procedures apply:

(1) NAVPERSCOM, Allocation and Statistics Branch (PERS-452) will prepare a list of all CDR 1000/1050 designator command billets which will become available within a minimum 24-month period beginning with October of that year. NAVPERSCOM (PERS-452) will send this list to placement officers for review.

(2) Placement officers will review this list for completeness, correct projected rotation dates (PRDs) of incumbents, and annotate billets to reflect requests for particular designators based on known requirements (if any). Placement officers will return these changes to NAVPERSCOM (PERS-452).

(3) NAVPERSCOM (PERS-452) will then send an updated list to the appropriate assignment officers.

(4) From this list, assignment officers will identify the billets they desire and forward this information to NAVPERSCOM (PERS-452). Billets which have been previously allocated to a specific community are not available for selection unless a mutually agreed upon exchange is approved by NAVPERSCOM (PERS-4).

(5) NAVPERSCOM (PERS-452) will chair a meeting of the appropriate assignment and placement officers to discuss the proposed allocation of command billets. The proposed allocation plan will be subject to final approval by NAVPERSCOM (PERS-4), then immediately distributed to assignment and placement officers.

(6) NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451) will arbitrate cases of conflict and prepare documentation to forward to NAVPERSCOM (PERS-4) for a final decision, when necessary.

(7) Placement officers may post the identified billets, once NAVPERSCOM (PERS-4) has approved the allocation plan.

c. Lieutenant commander (LCDR) 1000/1050 designator CO and XO billets are not involved in the above procedure. These billets will be allocated in the normal billet fill decision (BFD) process based on inventory and placement officer recommendation.

3. COs And XOs of Medical Treatment Facilities (MTFs) Providing Inpatient Care

a. Normally, the CO or the XO will have a Master's degree in management. NAVPERSCOM retains waiver authority.

b. XO's will normally "fleet up" to CO.

(1) Naval Hospitals San Diego, CA; Oakland, CA; Portsmouth, VA; and National Naval Medical Center Bethesda, MD are exempt.

(2) CO/XO total tour length will generally be 36-48 months (allowing 18-24 months XO/18-24 months CO rotation).

4. **Officers assigned as CO, XO, or Diving Officer of ships.** Officers assigned as CO, XO, or diving officer of ships with a primary mission involving diving are to be experienced divers per MILPERSMAN 1210-140. COs and XOs of a Destroyer Tender (AD), Repair Ship (AR), or Submarine Tender (AS) are not required to be experienced divers.

MILPERSMAN 1301-824

COMMAND POLICIES AND PROCEDURES - MAJOR FLEET READINESS CENTER EXECUTIVE OFFICER (XO) TO COMMANDING OFFICER (CO) FLEET UP POLICY

			COM	301-757-8481
			FAX	757-1526
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** The major fleet readiness center (FRC) commanding officers (COs) will be afforded greater exposure to the industrial manufacturing process and environment prior to assuming command by serving as executive officers (XOs) at the FRCs at which they are slated to command.

2. **Procedures**

a. Officers screened for command will spend 24 months in the XO billet followed by 24 months as CO.

b. Selection for major FRC command will be via Naval Air Systems Command Acquisition Corps assignment slating panel.

c. The Major Command Leadership course will be required as part of the command training pipeline for the FRCs.

	E-mail:		askmncc@navy.mil
	MyNavy Portal:		https://my.navy.mil/

1. Policy

a. The Shore Station Senior Leadership (SSSL) Course is a program of instruction conducted over 3 weeks and facilitated by Commander, Navy Installations Command (CNIC). SSSL includes the Senior Shore Leadership Course (SSLC) for 2 weeks followed by the Emergency Management Senior Leadership Course (EMSLC) for 1 week. The SSSL Course prepares senior shore installation leaders, with an emphasis on prospective commanding officers (PCO) and prospective executive officers (PXO), to effectively lead and manage assigned resources to provide cost-wise shore services, and support shore force capabilities to meet Navy strategic objectives. The course is also recommended for prospective command master chiefs (PCMDCM).

b. Comprehensive course requirements for shore senior leadership consist of the following courses: SSSL Course, Navy Justice School Senior Leader Legal Course, and the Senior Command Leadership Course.

c. The SSSL Course is mandatory for PCOs, PXOs, and strongly recommended for non-CNIC flag officers, regional chiefs of staff, select civilian leadership, and PCMDCMs. Navy Personnel Command (NAVPERSCOM) Special Placement Branch (PERS-440) and NAVPERSCOM Shore Placement Branch (PERS-444) manage quotas for officers attending SSSL courses under NAVPERSCOM sponsorship.

2. **Procedures for Ordering Students to the SSSL Course**

a. Students Attending Incident to Permanent Change of Station (PCS) Orders. Normal order writing procedures apply. In addition, proposals will be routed via PERS-444 for quota control and course booking during the PCS.

b. Students Attending on Temporary Additional Duty (TEMADD) Under NAVPERSCOM Orders. Students, whose en route timing will not permit attendance in lieu of PCS orders, will attend the course TEMADD prior to detaching from their present duty station. Funding will be provided by their parent commands.

3. **Reporting**. Students ordered to the course will be directed to report to the:

"CNIC Shore Station Senior Leadership Course, Washington, DC, no later than 0800, (date of class start), temporary duty under instruction (TEMDUINS) for about 3 weeks."

Contact	Or
CNIC (N000) Commander's Action Group COMM: (202) 433-4441 DSN: 288-4441	NAVPERSCOM (PERS-444) COMM: (901) 874-4061 DSN: 882-4061

The SSLC Course is located at **Washington Navy Yard, 716 Sicard Street, Building 111, Washington, DC 20375-5410.**

4. **Special Notes**

a. It is recognized that some conflicts will arise in scheduling students to this course. The following notes should be considered:

(1) The practice of ordering students TEMADD from their present command to a school to benefit a future command is the exception, not the rule.

(2) The Secretary of the Navy (SECNAV) shares a strong interest in the program's success. These procedures have been adopted following serious consideration and acknowledgment of

the program's importance to meeting the Navy's strategic objectives to support the fleet, fighter, and family.

(3) Scheduling problems should be resolved on a case-by-case basis with the Service member's present command and or detailee.

(4) SSSL Course priority will be given to officers attending the Chairman of the Joint Chief of Staff Level IV Antiterrorism Executive Seminar.

b. Students assigned to the course will be sent complete course information forms and check-in guidance 5 weeks before the course start date. Students needing additional information can contact CNIC, Commander's Action Group (CAG) Training Chief at COMM: (202) 443-4441 or DSN: 288-4441.

c. It is recommended that students access current SSLC, EMSLC, and installation information at www.cnic.navy.mil/sslc.

d. PXOs and PCOs assigned to transient personnel units are not required to take EMSLC.

5. **Exhibits**. Exhibits 1 through 3 are provided for information.

References	(a) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications, Volume I, Major Code Structures (b) DODD 1322.10 of 26 Aug 2004 (c) OPNAVINST 1520.23B (d) OPNAVINST 1520.24B (e) SECNAVINST 1520.7F (f) CNO Memorandum OP-01A of Oct 89 (g) USNAINST 1560.3D
------------	--

1. **General Information.** The subspecialty management system is structured to ensure technical and managerial requirements of the Navy are met by developing subspecialty expertise in officers.

a. Subspecialties are developed through concentrated experience in a subspecialty field, or by virtue of graduate education.

b. Because over 85 percent of the requirements for captains (CAPTs) are ashore, with over half of these billets specifically requiring subspecialists, it is essential that officers realize career progressions in subspecialty areas as an adjunct to their warfare development.

c. Such development is necessary to ensure a sufficient base of senior grade officers with the expertise required across the spectrum of top management positions.

d. Lists of subspecialty codes can be found in reference (a).

e. Other MILPERSMAN articles pertaining to graduate education and service colleges are as follows:

Topic	See MILPERSMAN
Graduate Education	1301-902
Service Colleges	1301-904

2. **Graduate Education and the Subspecialty System.** Graduate education constitutes the heart of the subspecialty system. To develop the officer inventory to meet subspecialty requirements, the Postgraduate (PG) Quota Plan is developed at Chief of Naval Operations (CNO) (N131E3).

a. Fundamental to the PG Quota Plan methodology is the assumption that officers, once educated, will be assigned to a series of subspecialty billets throughout their careers.

b. Assignment of officers to other than subspecialty development tours when available for such assignment (e.g., not operational or student) results in not meeting technical and managerial requirements. Additionally, PG education rapidly becomes outdated if not put to use in a timely manner.

c. Department of Defense (DOD) guidelines require graduates of military service-funded education programs to be properly utilized.

d. To help meet the professional development system goal of blending the sea/operations specialist with the technical/managerial subspecialist, many officers with the required academic qualifications and proven professional performance standards and personal desire receive full-time graduate education. This education normally takes place during the first or second shore tour.

e. This graduate education supports the officer subspecialty system and is designed to complement the officer's operational training. Most officers attend Naval Postgraduate School (NAVPGSCOL) in Monterey, CA while others attend civilian institutions at government expense. For more information refer to reference (b).

3. **Subspecialist Assignment Policy.** As outlined in reference (b), any assignment of officers who have received Navy-funded graduate education outside of their warfare specialties

should achieve maximum utilization of subspecialty qualifications.

a. An officer completing a Navy-sponsored graduate education program is assigned to a utilization tour "at first opportunity."

(1) Normally, this immediately follows the duty under instruction (DUINS) period; however, this is not to preclude key operational tours essential to warfare qualifications.

(2) If an immediate utilization tour would deter the officer from a key operational tour (such as department head, executive officer (XO), or command), the utilization tour may be postponed until completion of the operational tour.

(3) All aviation officers (13XX) graduating from naval graduate education programs and being assigned to operational tours will, whenever possible, be assigned to flying billets (DIFOPS). This policy is in effect so that aviation career incentive pay (ACIP) flight gate problems will not interfere with subsequent shore subspecialty utilization tours.

(4) This policy does not apply to those few senior officers who have already satisfied flight gate requirements. Bonus or follow-on operational tours in grade for subspecialists are closely examined in light of total Navy requirements.

b. Assignments of officers with Navy-funded graduate education are to direct utilization, operational or student tours, or be waived by Navy Personnel Command (NAVPERSCOM), Assistant Commander Navy Personnel Command for Career Management Department (PERS-4) through the procedures outlined in this article.

c. In making assignments for subspecialists, positive utilization in the subspecialty field is expected. Assignment of **all** subspecialty-coded officers (graduate educated, proven subspecialist) requires approval from NAVPERSCOM, Subspecialty Management Branch (PERS-45E). The assignment officer will submit assignment waiver forms per procedures in this article.

d. All assignments requiring a waiver are resolved by the assignment officer prior to preparation of any order nomination or external dissemination of nomination packages.

4. **Subspecialty Accountability.** Since significant funds are allocated to the education of officers leading to designation as subspecialists, high congressional interest exists in ensuring these funds are properly utilized.

a. The Navy has been tasked by DOD to track the utilization of service-funded education in complying with DOD education utilization guidance. Oversight agencies routinely verify the success of the officer distribution process in complying with DOD policy. **NOTE:** NAVPERSCOM (PERS-4) employs a "utilization code" concept to analyze the utilization of subspecialties in response to congressional, DOD, and other high-level inquiries. The code is entered on the Officer Assignment Information System (OAIS) assignment proposal.

b. Utilization codes (Exhibit 1) are based on the relative degree of utilization of an officer's subspecialty. Primary emphasis is placed on utilization of graduate education. The various utilization codes are dependent on the officer's most significant subspecialty level. NAVPERSCOM (PERS-45E) determines the appropriate utilization code for each assignment involving a subspecialty-coded officer upon receipt of the OAIS proposal.

5. **Subspecialty Waivers.** A waiver granted by NAVPERSCOM (PERS-4) is required for the assignment of all officers (O-3 to O-6) who have received Navy-funded graduate education (subspecialty codes G, F, P, Q, M, N, C, or D).

- a. The only exceptions are when the proposed assignment is
- (1) a direct or closely related utilization tour in the officer's primary subspecialty (utilization code D or E);
 - (2) an operational tour required to keep current in the officer's warfare specialty (utilization code A); or
 - (3) an educational tour (utilization code B).

b. On proposals requiring waivers, assignment officers explain any special circumstances that preclude a utilization tour using the "Assignment Notes" field of the proposal section of OAIS.

(1) To avoid potential embarrassment in the case of waiver disapproval, assignment and placement officers do not commit to their constituents on subspecialty assignments until the waiver has been approved.

(2) In cases involving assignment of officers without a subspecialty code, submission of a waiver is not required.

c. Assignment officers are encouraged to look ahead and plan assignments for their officers, which allows the individual to

pursue subspecialty development and permits the Navy to maximize the return of the graduate education investment. When an assignment will require a waiver under the guidelines of this article, assignment officers are to request a waiver in advance of order preparation to avoid last-minute waiver reviews, possible disapproval, and the attendant delay and potential embarrassment.

6. Assignment of Officers Possessing Ph.D. Education.

Ph.D. officers below flag rank are assigned to Ph.D. utilization billets whenever they are not being assigned to key operational tours, or whenever there are not overriding circumstances approved by NAVPERSCOM, Restricted Line (RL)/Staff Corps Officer Distribution/Specialist Division (PERS-44).

a. If a properly coded Ph.D. billet is not available, the Ph.D. officer is assigned to a lesser-coded requirement, such as a Q or P code. NAVPERSCOM (PERS-440) will not do this without a thorough billet search.

b. Conversely, no non-Ph.D. officer is assigned to a Ph.D. billet without a thorough inventory search by NAVPERSCOM (PERS-440).

c. Recognizing DOD interest in personnel stability and NAVPERSCOM (PERS-4) policy on adherence to projected rotation dates (PRDs) to optimize Ph.D. utilization, PRD adjustments outside of the normal window are almost certainly required.

d. In all assignments involving Ph.D. officers and/or Ph.D. billets, assignment officers consult with NAVPERSCOM (PERS-440).

7. Description of Graduate Education Programs

a. **Doctoral Programs.** Reference (c) refers. This program allows study at the doctoral level in fields consistent with needs of the Navy, undertaken at NAVPGSCOL Monterey, CA, and for some curricula, at certain civilian education institutions. This program includes those who are continued on from PG programs as well as direct inputs to doctoral level studies.

b. **Postgraduate Programs.** Reference (c) refers. These programs allow for extension of previous studies at the PG level to meet education skill requirements supporting billet requirements. They are conducted at the NAVPGSCOL Monterey, CA; civilian educational institutions; and DOD-sponsored schools.

c. **Scholarship Program.** Reference (d) refers. This program permits selected military personnel to accept deserved honors and relieves the government of some training expenses. Military personnel are authorized to attend school as scholarship students while on active duty, subject to an annual quota and contingent upon sustained professional performance.

d. **Law Education Program.** Reference (e) refers. This is a fully funded program, which permits board-selected officers to pursue a law degree as full-time students at an accredited law school. Orders under this program are contingent upon an officer's acceptance of the program's obligated service (OBLISERV) and the agreement to change to designator 250X.

e. **Olmsted Scholars**

(1) The Olmsted Scholars Program allows five Navy or Marine Corps officers per year to study overseas. Per reference (f), Olmsted scholars are afforded an opportunity to obtain a United States (U.S.) recognized Master's degree.

(2) Olmsted Scholars are given this opportunity to obtain their Master's degree within the following guidelines:

(a) Olmsted Scholars are afforded an opportunity to complete an U.S. recognized Master's degree either immediately following Olmsted schooling or following an operational tour.

(b) Olmsted Scholars can complete a U.S. recognized Master's degree at NAVPGSCOL Monterey, CA or a civilian university. Officers electing to complete their Master's degrees at a civilian university will bear the educational costs themselves. The Olmsted Scholar Program provides an Advanced Degree Program Grant (currently \$2500) to assist officers attending civilian universities.

(c) Olmsted Scholars have up to 1 year to complete their Master's degrees at NAVPGSCOL Monterey, CA or a civilian university. Officers who complete their degree requirements stateside will receive a P subspecialty code. Officers who do not complete their degree requirements will receive a G subspecialty code.

(d) Exceptions to the above policy require NAVPERSCOM (PERS-4) approval.

f. **Voluntary Graduate Education Program.** Reference (g) refers. A fully funded program, which permits a limited number of highly qualified Naval Academy midshipmen to receive P-coded

graduate education from Washington, DC area universities during period covering last semester at the Naval Academy and first 6 months after commissioning.

-------------------	--

1. Policy

a. Administrative screening and selection boards are utilized to select officers for graduate education. Assignment to any course of study depends on the availability of the individual officer, yearly quotas in the particular curriculum, and agreement by the officer to incur the required obligated service (OBLISERV).

b. Administrative Screening for Postgraduate (PG) Education

(1) Administrative screening is required for Unrestricted Line (URL) and Restricted Line (RL) officer (except 14xx and 18xx communities) for selection to PG education.

(2) Administrative screening for Staff Corps PG education pertains only to officer names that do not appear on the current board selected list of PG eligible candidates, and are considered only when banked assets have been exhausted and curriculum input goals cannot be achieved.

2. Screening Requests

a. Formal or informal administrative screening requests for PG education shall be initiated only when the officer

(1) will fulfill a community PG requirement,

(2) has the educational background (or is established on a Naval Postgraduate School (NPS) approved academic improvement program) which satisfies the entrance requirements for the proposed academic program, and

(3) is considered promotable within the community.

b. In no case will an administrative screen be conducted that does not address a specific community/Navy need.

3. Administrative Screening Procedures

a. A **Postgraduate Education Nomination Form**, Exhibit 1, furnished by Navy Personnel Command (NAVPERSCOM), Professional Development Education/Subspecialty Branch (PERS-440), is originated by the assignment officer and forwarded with the Officer Master Personnel File (OMPF) and Officer Data Card (ODC), **via** the assignment division officer director **to** NAVPERSCOM, Graduate Education/NROTC Placement (PERS-440B).

b. NAVPERSCOM (PERS-440) then routes the board sheet to NAVPERSCOM, Restricted Line/Staff Corps Officer Distribution/Specialist Branch (PERS-44) for final determination.

4. **Selection Procedures for Captain (CAPT)/Commander (CDR) for Graduate Education**. Each potential CAPT/CDR input into a graduate program will be screened.

a. The following officers will do the screening:

(1) The candidate's cognizant division director.

(2) NAVPERSCOM (PERS-440) for determination of requirements.

(3) NAVPERSCOM (PERS-44).

(4) NAVPERSCOM, Career Management Department (PERS-4) (Commander, Naval Personnel Command (COMNAVPERSCOM) for Captains) for final determination.

b. The assignment officer initiates this screen by drawing the candidate's OMPF record, attaching a CAPT/CDR education board sheet (available from NAVPERSCOM (PERS-440)), and routing the package through the appropriate review chain for comment.

c. Final approval from NAVPERSCOM (PERS-4) is required **prior** to nominating the individual for orders.

5. **Curriculum Shifts for Graduate Education.** Curriculum shifts for enrolled officer students are considered only when it is clearly in the best interest of the students and the Navy.

a. Curriculum shifts are limited to the following categories of officers:

(1) When shifting from one technical curriculum to another technical curriculum.

(2) When shifting from a nontechnical curriculum to a technical curriculum.

(3) When shifting from a nontechnical curriculum to another nontechnical curriculum.

(4) When academic difficulty dictates.

b. Staff Corps officers desiring a shift from their board selected curriculum must request so in writing to their detailer. The detailer then initiates an administrative screening.

c. URL officers desiring to enroll in curricula limited to certain RL, the RL/Staff Corps transfer board must select Staff Corps.

d. Curriculum Shift Procedures:

(1) Upon receiving written request and endorsement letter from officer, NAVPERSCOM (PERS-440B) will forward approval sheet to the assignment branch head for review. The assignment branch head will initial eligibility determination and route sheet to NAVPERSCOM (PERS-440).

(2) NAVPERSCOM (PERS-440) then routes the Board Approval Sheet to NAVPERSCOM (PERS-44) for final determination.

6. Reporting, Convening and, Graduating Dates Policy.

NAVPERSCOM (PERS-44) promulgates reporting, convening, and graduating dates for the various graduate education courses each year. Normally an officer is ordered to report for duty under instruction (DUINS)/duty involving flying denied under instruction (DIFDENINS) not later than 3, nor earlier than 3, working days prior to the class convening date (CCD).

a. **Reporting.** Officers ordered for DUINS for PG education will be assigned by COMNAVPERSCOM to report for administrative purposes to the nearest geographically available naval activity capable of providing this support.

b. **Slating.** NAVPERSCOM (PERS-440) promulgates loading plan quotas required from each assignment section to meet the Navy's requirements. Final slating for each input is completed not later than 6 months prior to the scheduled convening date. Chief of Naval Personnel (CHNAVPERS) is committed to maximum filling of graduate education quotas with quality officers.

c. **Detachment Policy.** The detachment date for graduating officers from education programs is on or before the third working day following graduation. Exceptions to this policy must be approved in advance by NAVPERSCOM (PERS-44).

7. Graduate Education in English, History, and Physical Education. No officers will be ordered into full-time, fully funded education programs in support of billets requiring studies in English, History, or Physical Education fields.

8. Dual Master's Degree

a. NAVPERSCOM (PERS-44) has final approval authority (on a case-by-case basis) for officers to attend a second fully funded PG education program provided that

(1) the officer has laterally transferred, and

(2) the officer does not have a level "P" or higher subspecialty code that is utilized in the gaining community.

b. Nominations are submitted by the gaining community assignment officer to NAVPERSCOM (PERS-440B) utilizing the **Postgraduate Education Administrative Screening Sheet**.

c. Officers with Master's degrees obtained at other than Navy expense which satisfies all criteria for subspecialty code assignment are assigned to PG Master's curricula only after all other sources have been exhausted.

(1) The cognizant detailing division director files appropriate documentation of the need to send such an officer in the officer's personal record.

(2) Officers with Master's degrees which were non-Navy-funded and which do not meet requirements for coding as a subspecialist at the Master's level are designated a general **P subspecialty code** and are eligible for selection and assignment to PG school.

9. OBLISERV Requirements

a. Active duty (ACDU) officers participating in Navy-funded graduate education on a full-time, part-time or off-duty basis will incur an ACDU obligation of 3 years after completion of, or withdrawal from, education programs. This obligation will be served concurrently with any other obligation

(1) This includes both residential and distributed learning programs, unless otherwise specified.

(2) This does not apply to educational programs leading to a certificate or a certification or to education received as a result of voluntary education programs such as tuition assistance, the Veterans' Education Assistance Program (VEAP), or the Montgomery GI Bill (MGIB). These programs are covered under separate directives and instructions.

(3) This does not apply to graduate education in health and theology disciplines, the law education program, PHD programs, education received at Service Colleges, scholarship, or fellowship programs. These programs are covered under separate directives and instructions.

(4) Nuclear trained officers should refer to MILPERSMAN 1520-050 for more information.

(5) Naval Reactor Engineering Officers (1220)
should refer to reference (a).

b. **Determination.** In determining OBLISERV incurred for all other professional development education, specific governing directives listed below must be consulted in each case. The entire period of DUINS status from each date of reporting to date of detachment is used as the basic multiple when computing OBLISERV.

<u>PROGRAM</u>	<u>GOVERNING DIRECTIVE</u>
<u>Fully-funded:</u>	
Graduate Education	OPNAVINST 1520.23B and current NAVADMIN
Doctoral Program	OPNAVINST 1520.23B
Armed Forces Health Profession Scholarship	OPNAVINST 1520.39
Law Education Program	SECNAVINST 1520.7F
<u>Non-fully funded:</u>	
Scholarship/Fellowship Tuition Aid	OPNAVINST 1520.24B CNETINST 1560.3D
<u>Professional Development Non-Degree:</u>	
White House Fellows	MILPERSMAN 1301-904
Navy Federal Executive Fellowship	OPNAVINST 1500.72F
Naval Aviation	MILPERSMAN 1542-010
Naval Nuclear Power	MILPERSMAN 1520-050
Naval Submarine School	MILPERSMAN 1520-030
Surface Warfare Dept Head	MILPERSMAN 1520-040
Line/Staff Transfer	MILPERSMAN 1212-010

c. **Release from OBLISERV.** Upon receipt of a request for resignation or release from active duty (RAD), the assignment officer needs to ensure that OBLISERV arising from education related agreements has been fulfilled, or if it is determined an officer may be separated before the end of OBLISERV, the officer must repay monies on a prorated basis prior to final separation. The waiver of OBLISERV is at the discretion of the Navy and will usually not be approved.

10. **Medical Corps Officers Utilization.** The Surgeon General has asked that Medical Corps assignment policy reflect **4-year** minimum utilization for specialists. The following distribution policy is in effect:

a. Medical Corps officers awarded a subspecialty code upon completion of residency/fellowship training will be assigned only to appropriately coded billets for a minimum of 4 years. This does not imply that the 4 years must be served at the same duty station.

(1) Beyond this initial 4-year utilization requirement, Medical Corps assignment policy will continue to match billet and officer qualifications, ensuring assignment of best-qualified officers within other current assignment policy constraints.

(2) Exceptions will be granted at the NAVPERSCOM division director's level following prior coordination with Bureau of Medicine and Surgery (BUMED).

b. **Graduating Medical Interns.** All graduating interns (general medical officers (GMOs)) will be assigned to an operational tour prior to selection to Graduate Medical Education Level 2 (GME2). Waivers will be considered on a case-by-case basis. The approving authority for these waivers is NAVPERSCOM (PERS-44).

11. **Processing of Transcripts.** All transcripts of undergraduate and graduate course work completed by an officer must be forwarded to NAVPERSCOM, Subspecialty Management (PERS-45E) for entry into the ODC. NAVPERSCOM (PERS-45E) will forward transcripts to NAVPERSCOM, Receipts Control Section (PERS-312C) for entry into the OMPF. Officers should also send transcripts to NPS (Code 01B3), Monterey, CA, at the earliest feasible date following completion of such work.

a. **Academic Profile Code (APC).** NPS is responsible for assigning APCs to all officers. This code consists of a **3-digit** number, which describes an officer's academic background. NAVPERSCOM (PERS-440B) uses the APC to determine curriculum eligibility of officers. The APC is derived as follows:

(1) **1st digit** - Quality Point Rating (QPR) code representing the cumulative grade averaging on a **0 to 5 scale**.

(2) **2nd digit** - Math qualifications code on a 0 to 6 scale. The scale is directly keyed to the math requirements for various curricula and completely ordered so that a **grade of 3**, for example, would satisfy the requirements typified by 3, 4, 5, or 6.

(3) **3rd digit** - Technical qualification code on a 0 to 5 scale. This code is used for technical curricula requiring a calculus-based physics sequence for entrance.

(4) The following tables are used to assign the codes:

QPR CODE		
Code No.	Grade	QPR Range
0	A-/A	3.60-4.00
1	B+	3.20-3.59
2	B-/B	2.60-3.19
3	C+	2.20-2.59
4	C	1.90-2.19
5	C-	0-1.89
NOTE: Repeat courses and failures are included in the QPR calculations.		

MATH CODE	
Code No.	Meaning
0	Significant post-calculus math with B average.
1	Two or more calculus courses with B+ average.
2	Two or more calculus courses with C+ average.
3	One calculus course with a grade C or better.
4	Two or more pre-calculus courses with B average or better.
5	At least one pre-calculus course with C grade.

TECHNICAL CODE		
Code No.	Significant Upper Division Courses in Pertinent Physics (Calculus-Based)	Courses in Engineering/Physical Science
0	Ignore	B+ average
1	Ignore	C+ average
2	Complete sequence taken	B+ average
3	Complete sequence taken	C+ average
4	At least one course with	C grade
5	None	
NOTE: Significant coverage includes a major strong minor in a pertinent (ME, AE, EE, physics) discipline.		

b. Example of the assignment and use of APCs in determining if an officer is qualified for direct or indirect input:

(1) An officer has an **overall QPR of 3.10**, has taken pre-calculus courses with **grades of A and B**, a full year of physics with **grades of C and C+**, and no engineering courses. The **AP Code is 243**.

(2) The officer desires to enter a technical curriculum with entrance requirements as follows:

For direct entry: 323
For indirect entry: 334
(3 months Engineering Science)

NOTE: These codes are unique to each curriculum.

c. The above officer is **not** qualified for entry. Completion of calculus with a C or better via self-study would qualify the officer for indirect entry via Engineering Science.

1. General Information

a. Service and joint colleges include the Naval War College (NWC), National Defense University (NDU) (comprised of the National War College, the Dwight D. Eisenhower School for National Security and Resource Strategy (ES), and the Joint Forces Staff College (JFSC)), the Service colleges of the other Military Services, and the international Services' colleges. The list of Service and joint colleges is provided in exhibit 1 (subject to change). Those institutions accredited by the Chairman, Joint Chiefs of Staff (CJCS) satisfy an officer's requirement for joint professional military education (JPME), a prerequisite for designation as a joint qualified officer (JQO). See references (a) through (c).

b. These colleges have historically played a major role in the professional development of the leadership of the U.S. Military Services by providing broadening education to prepare officers for greater responsibility.

c. The individual Services' and joint colleges' varying curricula emphasize different aspects and levels of Service and joint functions, resource management, and national strategy and policy.

d. Attendance at a Service or joint college is considered a significant milestone in the professional development of a naval officer. This opportunity is designed to enhance the competence of officers with high promotion potential who are selected for attendance through advanced professional military education. This improves their capability to provide intellectual leadership and to exercise sound judgment in defense matters.

2. Policy

a. Chief of Naval Personnel is committed to filling Service and joint college quotas with quality officers.

b. Any officer proposed and accepted by Navy Personnel Command (NAVPERSCOM) Officer Education Placement Branch (PERS-440) for a Service and joint college student quota is not to be detailed elsewhere, unless a fully qualified replacement is identified and specifically approved by PERS-440.

3. Assignment Policy for JPME. Reference (c), section 661, directs the Navy to ensure that approximately one-half of O-5 and above joint duty assignment list (JDAL) billets are filled by officers who have the appropriate level of joint qualification.

a. To the maximum extent that career timing may allow, JPME phase I and phase II should be viewed as en route preparation for a joint tour. To most effectively use the Navy's limited phase I and phase II quotas and meet expectations of joint commanders, a concerted effort is needed to identify officers for joint follow-on duty as early as possible in the professional military education process.

(1) Navy personnel policy mandates that all unrestricted line commanding officers will complete JPME phase I prior to assuming command. Navy officers, whose career timing does not support in-residence attendance, or for whom no in-residence quota is available, have several options for completion of JPME phase I, including non-resident fleet seminar programs and other distance learning programs which contain JPME phase I embedded in certain curricula at the Naval Postgraduate School.

(2) Reference (c), section 619a, mandates all active duty list officers must be JQO prior to promotion to the rank of flag officer. Secretary of Defense (SECDEF) waivers are available for officers whose promotion is based primarily upon scientific and technical qualifications for which joint requirements do not exist and in cases of Medical Corps, Dental Corps, Nurse Corps, Medical Service Corps, Chaplain Corps, and judge advocate officers. JPME phase II is only offered via in-resident Service colleges or at JFSC. Logical candidates for JPME phase II at JFSC are officers with a projected rotation date within a month of the start of the JPME phase II class who completed JPME phase I but have not completed JPME phase II.

b. NAVPERSCOM Special Assistant for Joint Officer Management Branch (PERS-451) will assign JPME phase II quotas at JFSC and provide class date information to assignment and placement officers.

4. **Assignment Policy for NDU.** Reference (c), section 663, directs the assignment of all JQOs, and greater than 50 percent (defined as 50 percent plus one) of all other officers graduating from NDU (ES, NWC, and JFSC) to joint duty as their next assignment. The joint duty assignment requirement for JQOs may be waived by SECDEF on a case-by-case basis. Of the 50 percent plus one NDU outplacement requirement, at least one-half of the officers are required to report directly to a joint duty assignment. However, for NWC and ES, a maximum of one-half of that 50 percent plus one requirement can be deferred by one tour to accommodate career milestone and timing requirements as allowed by SECDEF procedures. For officers graduating from the Joint Advanced Warfighting School (JAWS), 100 percent must be assigned to JAWS graduate-coded joint duty as their next assignment. Director, Joint Staff-level waivers may be considered on a case-by-case basis.

Example: With an ES graduating class of 100 Navy officers, a minimum of 51 officers from that graduating class is required to go to a joint duty assignment following graduation. Of those 51 officers, no more than 25 may be deferred by one tour.

a. A joint duty assignment is defined as one that provides significant experience in joint matters. SECDEF publishes a JDAL of qualifying billets. Joint billets are identified with a billet additional qualification designation (AQD) of JD1 (non-critical joint billet). An AQD JD2 billet (critical joint billet) requires fill by a JQO.

b. Prior to assignment to NDU, detailers must indicate to PERS-451 the joint follow-on assignment expectation for each proposed student to aid in tracking and planning follow-on assignments per statutory requirements.

c. At least 6 months prior to graduation, detailers will provide inputs to PERS-451 for a follow-on assignment for each student to comply with statutory requirements.

5. **Eligibility**

a. Service college programs are for selected active duty, Selected Reserve, Inactive Reserve, and Training and Administration of the Reserve officers in the pay grades O-5 and O-6 for senior level colleges (SLC) and O-4 for intermediate level colleges (ILC).

b. Resident attendance at an ILC is not a prerequisite to selection for an SLC, nor should it preclude resident attendance at an SLC. However, JPME phase I is a prerequisite for SLC attendance.

c. Normally, an officer is assigned to only one Service college at a given level; however, a very limited number of officers may attend more than one course at the senior level.

6. **Service College Quotas.** Office of the Chief of Naval Operations (OPNAV) Warfighter Development Division (N71) issues the Strategic Education and Alignment Plan which directs the necessary distribution of Navy officers to the various Service and joint colleges. The CJCS mandates the level of participation of naval officers at other Military Service and joint colleges according to statutory requirements for those institutions to maintain joint accreditation.

a. Quotas to Service and joint colleges are distributed among various detailing communities per community inventory and representation on the JDAL.

b. Officers will be assigned to Service and joint colleges per the JPME quota plan and Community inventory.

7. **Service College Selection**

a. Chief of Naval Operations (CNO) strongly supports the importance of Service college attendance as a significant

milestone in the professional development of a naval officer. The overall objective is to develop a cadre of professional naval officers who are able to lead, plan for, and employ naval, joint, and combined forces in support of national objectives. In the long term, CNO desires that only our top performing officers, primarily post-command officers, attend SLC programs.

b. Administrative boards will screen the most fully qualified due-course officers for top-line, key competitive in-residence JPME opportunities per reference (d).

c. Officers will be screened in conjunction with milestone screen boards for ILC and SLC, respectively. Officers who have screened for, or who have remaining looks for the next community milestone, are considered due-course and are eligible for Service and joint college assignments. Exhibit 2 provides eligibility requirements for all officers. Exceptions to these requirements will be adjudicated on a case-by-case basis by PERS-440.

d. Officers remain selected for a Service or joint college until they fail to select to the next higher rank, with the exception of a selection failure to the rank of captain (CAPT) or officers competitive for next career milestone at the O-5 or O-6 pay grade and have no more than 23 years of commissioned service at class convening date. All officers selected for promotion to CAPT are considered to be selected for SLC, unless they have previously attended while holding the rank of commander (CDR).

e. To ensure officers attending Service and joint colleges demonstrate the potential to provide intellectual leadership and sound judgment at the highest levels of defense, all nominations for Service and joint colleges must be administratively screened by NAVPERSCOM for continued eligibility before final assignment. Nominees for these programs must be the highest-quality officers.

f. The following minimum qualifications must be met before an officer is assigned to a Service or joint college:

(1) All O-5 officers must have no more than 23 years of commissioned service at class convening date. All O-6 officers must have no more than 24 years of commissioned service at class convening date. There is no maximum age for an O-6, provided

the officer has sufficient time on active duty remaining to complete the required obligated service (OBLISERV);

(2) The minimum rank for ILC is O-4 select and O-5 select for SLC. Rank waiver approval rests with Assistant Commander, NAVPERSCOM for Career Management (PERS-4). Detailers will initiate waiver requests and route to PERS-4 for approval via PERS-440C and NAVPERSCOM Staff/RL Officer Career Management Division (PERS-44). Rank waivers are only considered for officers attending the Navy ILC and SLC. Education waiver approval guidelines are listed in exhibit 2. Any exceptions to these guidelines will be vetted through NWC. The waiver package will consist of an endorsement by the detailing division director and the officer's performance summary record;

(3) Undergraduate degree from an accredited institution;

(4) Personal desire to attend;

(5) Ability to perform and contribute at the graduate level;

(6) Community recommendation;

(7) Potential for continued leadership and management growth;

(8) Potential to promote to CDR (failure of O-5 selection disqualifies an officer from attending). Failure of selection to O-6 is allowable;

(9) Follow-on joint duty potential;

(10) Must have passed or been excused from the most recent physical fitness assessment;

(11) SLC, to include NDU, JFSC, and the Service colleges, will exclusively teach JPME phase II and completion of JPME phase I credit will be a prerequisite. Direct entry waiver (DEW) approval for officers who do not have JPME phase I and who are proposed for SLC rests with the Joint Staff and are limited by law to no more than 10 percent of the convening class. DEW for Navy personnel will be routed via PERS-440 for forwarding by PERS-451 to the Joint Staff for approval;

(12) Officers attending an international college must be sufficiently fluent in the language of the host country to undertake the course of instruction. Preparatory language training may be provided (if necessary); and

(13) Sufficient time for service obligation must be considered in the assignment process.

8. NDU and Service College Descriptions

a. Naval War College (NWC). The mission of the NWC is to enhance the professional capabilities of its students to make sound decisions in command and management positions and to conduct research leading to the development of advanced strategic and tactical concepts for the future employment of naval forces. Courses available include the College of Naval Warfare Course for CDRs and CAPTs and the Command and Staff Course for LCDRs.

b. National Defense University (NDU)

(1) NDU is involved with the development of officers for the exercise of joint high-level policy and staff functions. Focus is placed on the study of interdependence of the factors of national power, as well as the economic and industrial aspects of national security and resource management.

(2) Officers may attend the National War College or the ES only if their effective date of promotion to O-5 falls on or before 1 August of each respective academic year. This policy ensures the desired level of seniority for students attending these institutions, thereby, enhancing the overall educational experience.

c. Joint Forces Staff College (JFSC)

(1) The mission of the Joint and Combined Warfighting School (JCWS) is to produce graduates capable of creatively and effectively planning operational-level warfighting for joint and combined military forces while integrating the effects of the U.S. Government, nongovernmental organizations, and international organizations to ensure the success of combatant and joint task force commanders operating within an uncertain operational environment.

(2) The mission of JAWS is to populate the joint staff and combatant commands with officers expert in the joint planning processes and capable of critical analysis in the application of all aspects of national power across the full range of military operations. Students must be capable of synergistically combining existing and emerging capabilities in time, space, and purpose to accomplish operational or strategic objectives.

d. Other Service Colleges

(1) Assignment of naval officers to other Service colleges is critical to promote understanding of Navy capabilities and achieving the joint diversity required for each institution to maintain its JPME accreditation status.

(a) As the institution authorized to grant JPME accreditation, CJCS has directed that the seminar mix for ILC and SLC institutions should include at least one officer from each of the two non-host Military Departments.

(b) Per reference (c), section 2155, the percentage of students enrolled in any JPME who are officers of the host Service, may not exceed 60 percent with the remaining Services proportionally represented. The Strategic Education and Alignment Plan issued by OPNAV (N71) is based on annual CJCS direction that distributes quotas among the various sea Service components, Navy, Marine Corps, and Coast Guard.

(2) Navy officers will be assigned to the Air Force, Army, and Marine Corps Service colleges per JPME quota plan.

(3) Unrestrictedline officers must be assigned to various international military colleges where PME is provided.

(4) Exchange and country-to-country agreements have been established. Quotas for international military colleges must be incorporated into the JPME quota plan.

9. OBLISERV for Service Colleges

a. Officers accepting orders to the U.S. or international Service colleges incur an active duty obligation of 2 years, commencing upon completion of the course of instruction. The obligation is served concurrently with any other service obligation. While completing JPME requirements at an ILC or

SLC, officers may earn a master's degree if offered by the institution. There is no additional service obligation for a master's degree obtained as a result of pursuing JPME (i.e., a master's degree from a war college obtained while attending JPME phase I or JPME phase II).

b. A member will incur a 2-month obligation for each month of language training provided in preparation for assignment to an international military college. This obligation as a result of language training commences upon completion of the language training and is served concurrently with any other service obligation.

c. No OBLISERV is incurred by attendance at JCWS.

10. **Fellowship Programs.** JPME credit for participation in certain fellowship programs such as the Federal Executive Fellowship, White House Fellowship, SECDEF Corporate Fellowship, and the Legislative Fellowship do not satisfy joint matters learning areas specified by reference (c), section 106A, for award of JPME credit.

EXHIBIT 1
SERVICE COLLEGE LIST

Domestic Service Colleges:

Senior	Intermediate
College of Naval Warfare (CNW) at Naval War College (NWC)	College of Naval Command and Staff (CNCS) at Naval War College
Air War College (AWC)	Air Command and Staff College (ACSC)
Army War College (USAWC)	Army Command and General Staff College (ACGSC)
USMC Top Level School (MCWAR)	Marine Corps Command and Staff College (MCCSC)
Space Force Senior College	Space Force Junior College

Joint JPME Institutions:

Senior	Intermediate
National War College	
Dwight D. Eisenhower School for National Security and Resource Strategy (ES)	
Joint Advanced Warfighting School (JAWS)	
Joint Combined Warfighting School (JCWS)	

International Military Colleges:

Senior	Intermediate
Argentine National Defense School	Argentine Naval War College in Command
Australian Defense College	Australian Joint Staff College
Indian National Defense College	Brazilian Naval War College
Inter-American Defense College	Canadian Forces Command and Staff College
Israeli Defense Force National Defense College	Baltic Defense College
Japanese National Institute for Defense Studies	Belgian Defense College Advanced Staff College
North Atlantic Treaty Organization Defense College	Brazilian Naval War College

Senior	Intermediate
Pakistan National Defense College	Canadian Forces Joint Command and Staff College
Peruvian Naval War College	Chilean Naval War College
South African Navy Command and Staff College	French Joint Defense College
Turkish National Security College	German General/Admiral Staff College
	Indian Defense Service Staff College
	Indonesia Naval Command and Staff College
	Italian Joint Services College
	Japanese Maritime Self Defense Force Staff College
	Korean Naval Command and Staff College
	Singapore Command and Staff College
	Spanish Armed Forces Joint Staff and Command Course
	Western Hemisphere Institute for Security Cooperation
	Uruguayan Naval War College

EXHIBIT 2
WAR COLLEGE ELIGIBILITY GUIDELINES

SENIOR WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
Captain (CAPT)	All CAPT	Must have no more than 24 years of commissioned service at class convening date
Commander (CDR)	All CDR	Due-course officers who have screened for or still have looks remaining, competitive for next career milestone at the O-5 or O-6 pay grade and have no more than 23 years of commissioned service at class convening date

INTERMEDIATE WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
Lieutenant Commander (LCDR)	Unrestricted line Restricted line and staff corps	Due-course officers who have screened for or still have looks remaining and are competitive for next career milestone at the O-4 pay grade.

Note: Officers remain selected for a Service or joint college until they fail to select to the next higher rank, with the exception of a selection failure to the rank of CAPT or officers competitive for next career milestone at the O-5 or O-6 pay grade and have no more than 23 years of commissioned service at class convening date.

EXHIBIT 3
NAVY PERSONNEL COMMAND CAREER MANAGEMENT DEPARTMENT (PERS-4)
RANK WAIVER GUIDELINES

SENIOR WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
Lieutenant commander (LCDR)	Post department heads	Clear contenders for O-5 command or milestone
LCDR	Restricted line and staff corps	Clear contenders for O-5 command or milestone
** Naval War College (NWC) is the only Service college that will accept LCDRs into a senior course. Waiver authority is at NAVPERSCOM (PERS-4). Exceptions adjudicated by Assistant Commander, Navy Personnel Command for Career Management (PERS-4) on a case-by-case basis.		

INTERMEDIATE WAR COLLEGE		
Rank	Candidate Pool	Eligibility Requirement
Lieutenant (LT)	Post first shore tour (aviation)	Sustained superior performance and on track for next career milestone.
LT	Post division officer (surface and submarine)	Sustained superior performance and on track for next career milestone.
** NWC is the only Service college that will accept LTs into an intermediate course. Waiver authority is at PERS-4. Exceptions will be adjudicated PERS-4 on a case-by-case basis.		

MILPERSMAN 1301-906

NAVY OFFICER LEADERSHIP CONTINUUM TRAINING

Responsible Office	NAVPERSCOM (PERS-452)	Phone: DSN 882-4058 COM (901) 874-4058
	Naval Leadership and Ethics Center (NLEC)	Phone: DSN 841-3316 COM (401) 841-3316
MyNavy Career Center		Phone: Toll Free 1-833-330-MNCC (6622) E-mail: askmncc@navy.mil MyNavy Portal: https://my.navy.mil/

References	(a) OPNAVINST 1412.14 (b) OPNAVNOTE 5450 (published annually) (c) NAVPERS 15839I, Vol I Manual of Navy Officer Manpower and Personnel Classifications Major Code Structures (d) Navy Leader Development Framework (version 3.0) of May 2019
-------------------	--

1. **Purpose.** To establish procedures and requirements for officers to attend leadership continuum training.

2. **Background.** Reference (a) sets the minimum standards for qualifying and screening officers for command. Reference (b) publishes the updated unrestricted line (URL) command - sequential; URL major command at sea; URL major command ashore; URL major defense attaché; restricted line and Staff Corps major command lists annually. Reference (c) includes all approved additional qualification designators (AQD). Reference (d) directs and specifies attendance and completion of Navy officer leadership continuum school-based training. This training must be accomplished prior to commencing duties in a milestone billet or as soon as practicable thereafter.

3. **Policy.** Per reference (d), exhibit 1 outlines the officer leadership training continuum.

a. All officers will complete the Division Officer Leadership Course (DIVOLC) prior to or during their first tour following accession training. Each community will implement, administer, and

facilitate DIVOLC tailored to its community needs but employing the curriculum published by Navy Leadership and Ethics Center (NLEC) as the baseline standard. If required, NLEC can facilitate "train the trainer" DIVOLC offerings to assist a community in becoming self-sufficient.

b. The Intermediate Leadership Course (ILC) is required for all officers between seven and 12 years of commissioned service; it may be conducted in conjunction with other required community-specific training. For communities with an established department head (DH) pipeline, per exhibit 1, ILC will be taught by NLEC personnel at the location of the community's DH pipeline training. Communities without an established DH pipeline will attend the ILC at NLEC Headquarters (HQ) Newport, Rhode Island or NLEC regional command sites at Dam Neck, Virginia or San Diego, California. Communities may coordinate with NLEC to have a mobile training team (MTT) deliver the course at a community-convenient location.

c. All officers who have been selected for or newly promoted to Commander (O-5) but are not on a community-specific command track will attend the Senior Leadership Course (SLC). Due to the number of officers requiring SLC and class size limitations, officers who have been selected for a training path requiring their attendance at the prospective executive officer (PXO) and or prospective commanding officer (PCO) leadership courses will not attend SLC. SLC will be conducted at NLEC HQ Newport, RI or NLEC regional command sites at Dam Neck, VA or San Diego, CA. SLC will also be offered by MTTs at select locations around the fleet. Attendance at SLC does not preclude future opportunities for selection to a command track.

d. Reference (a) states that command leadership training is mandatory for all officers serving in command positions. All PCOs receive this training by attending the PCO course via an intermediate stop at NLEC. Officers en route to initial command must attend the PCO Course prior to assuming command. Captains (O-6) en route to a subsequent command that have attended the PCO Course and successfully completed O-5 command (not milestone billet) will attend the Major Command Course (MCC). To comply with reference (a), prospective major command officers who have not previously completed the PCO Course will attend a hybrid course consisting of one week at the PCO Course followed by one week at the MCC.

NOTE: Aerospace Engineering Duty and Aerospace Maintenance Duty O-6 officers who are selected to command and acquisition corps major command listed in reference (b) will attend MCC only.

e. Officers who have attended the PCO or MCC, who served in a commander command or major command billet and are subsequently ordered to a second command in the same billet grade, are not required to attend the same NLEC course if it has been less than four years since last attendance. If it has been greater than four years since their last attendance, the officer must attend the appropriate NLEC course again. Officers en route to fleet-up commanding officer (CO) billets must attend the PCO course.

f. Post-major command officers heading to sequential command of a command listed in reference (b) may attend the two day Sequential Major Command Course (SMCC).

g. All PXOs receive leadership training via an intermediate stop at NLEC while on permanent change of station (PCS) orders en route to their leadership assignments. Officers who have previously attended the PXO Course will not be required to attend the course again upon selection to a subsequent executive officer (XO) assignment. Officers en route to an officer in charge (OIC) tour may attend the PXO course on a case-by-case basis.

h. The Command Spouse Leadership Course (CSLC) is offered at NLEC for the spouses of PCOs. The intent is for spouses to attend this course one time only while the active duty member is attending command leadership training. An invitation for spouses will be included in the PCOs' orders, with the requirement to confirm the spouses' attendance with NLEC.

4. **Action**. For courses conducted as part of a billet-specific training pipeline, detailers remain responsible for ensuring the appropriate NLEC course quotas are obtained prior to completing orders for their constituents. Additional direction includes:

a. PCS orders for officers en route to DH leadership tours who do not receive ILC during an existing community pipeline or via MTT will include an intermediate stop for leadership training at an NLEC site.

(1) Quotas are obtained directly through the Enterprise Naval Training Reservation System. Exhibit 2 lists primary sites where ILCs are delivered.

(2) Orders to ILCs must be approved and written at least 4 weeks prior to class convening dates. NLEC must approve quotas added within 4 weeks to ensure adequate time for the attending officer to complete specified prerequisites.

b. Attendance at the PCO Course is mandatory prior to assuming command, unless waived by Chief of Naval Personnel per reference (a). Quotas for the MCC, PCO Course, PXO Course, and SMCC are requested through Navy Personnel Command Allocation and Statistics/Space Requirement Analysis/Space Cadre Branch (PERS-452) and guided by the below business rules:

(1) Orders to NLEC must be approved and written at least 6 weeks prior to class convening dates. Any orders written within that timeframe must be approved by NLEC.

(2) Detailers will coordinate with PERS-452 in the selection and management of MCC, PCO Course, PXO Course, and SMCC quotas. PERS-452 will maintain and make available to the appropriate stakeholders a listing of available course quotas. These quotas will be further disseminated to each community on a fair-share basis in order to facilitate maximum course effectiveness and even course loading. Maximum/minimum student loads for each course are: PCO 42/15, PXO 25/8, and MCC 14/6.

(3) As a variety of designators is essential for peer-to-peer interaction and learning, the PCO Course should be limited to no more than 15 officers of a single designator, with 8 being the limit for the PXO Course, and 3 for the MCC.

c. Any officer unable to attend the leadership course appropriate for their next billet must receive a waiver from the Deputy Chief of Naval Personnel (BUPERS-00B).

d. Per reference (c), upon successful completion of the applicable leadership course, detailers will ensure the appropriate AQDs are updated in the Officer Assignment Information System.

e. Officers with fewer years of commissioned service than would normally be indicated by their paygrade will attend the leadership course most commonly associated with their paygrade or billet. For example, a medical professional directly commissioned as a lieutenant commander (O-4) would attend the ILC vice DIVOLC.

EXHIBIT 1
OFFICER LEADERSHIP DEVELOPMENT COURSES
Division Officer Leadership Course (DIVOLC) [CIN: P-7C-0100]

Each community is responsible for conducting formal schoolhouse junior leadership training. Communities must employ NLECs offering or develop their own courses, using the NLEC curriculum as a baseline.

Intermediate Leadership Course (ILC) [CIN: H-7C-0104]

For officers, typically O-3/O-4, between 7-12 years of commissioned service.		
Communities Receiving ILC During DH Pipelines	Communities Receiving ILC at NLEC HQ, NLEC Regional Command Sites or Via MTT	
Surface	Aviation, Aviation Maintenance Duty Officer, Aerospace Engineering Duty Officer, Engineering Duty Officer	Medical, Dental, Nurse, and Medical Service Corps
Submarine	Explosive Ordnance Disposal Warfare	Civil Engineer Corps
Supply	Special Warfare	Human Resources Foreign Area Officer
	Information Warfare Corps	Limited Duty Officer and Chief Warrant Officer
	Public Affairs Officer	Judge Advocate General

Senior Leadership Course (SLC) [CIN: H-7C-0107]

For officers newly selected to O-5, not on a community-specific path leading to attendance at the PXO or PCO courses and heading to fleet-wide billets commensurate with that rank. Due to the number of officers requiring SLC and class size limitations, officers who have been selected for a training path requiring their attendance at the PXO and or PCO leadership courses will not attend SLC. Attendance at SLC does not prohibit future opportunities for selection to a command track.

Prospective Executive Officer Course (PXO) [CIN: P-1B-0005]

For officers, typically O-4 and above, going to designated XO or "XO equivalent" billets and officers en route to OIC tours.

Prospective Commanding Officer Leadership Course (PCO) [CIN: P-1B-0004]

The PCO course is required of all PCOs, lieutenant (O-3) through captain (O-6). All officers en route to initial command must attend the PCO Course prior to assuming command. Officers who have attended the PCO Course and served in a commander (O-5) command billet and are subsequently ordered to a second command in the same billet grade are not required to attend the PCO Course if it has been less than 4 years since last attendance. If it has been greater than 4 years, the officer must attend the PCO Course again. Officers en route to fleet-up CO billets must attend the PCO Course.

Major Command Leadership Course [CIN: P-1B-0060]

O-6 officers en route to subsequent command of a command listed in reference (b) must attend the MCC prior to assuming command. O-6 officers en route to subsequent command who have attended the PCO Course and successfully completed O-5 command will attend MCC. Prospective major command officers who have not previously completed the PCO Course will attend a 1-week hybrid course at the PCO Course and 1 week at the MCC.

NOTE: Quotas for the MCC, PCO Course, PXO Course, and SMCC should be obtained directly from the PERS-452 point of contact provided in exhibit 2.

References	(a) 10 U.S.C. (b) National Defense Authorization Act for Fiscal Year 2020 (c) VCNO memo 5370 Ser N09/19U112904 of 22 Apr 2019 (d) 5 CFR (e) DoD Directive 5500.07 of 15 May 2024 (f) JAGINST 5800.7F (g) Manual for Courts-Martial, 2024 (h) CNO WASHINGTON DC 292208Z Jan 20 (NAVADMIN 025/20)
-------------------	--

1. **Purpose**. To establish a milestone-based legal training continuum for Navy prospective flag officers, commanding officers, executive officers, senior enlisted leaders, and all other officers to attend legal training courses prior to assuming a leadership position within their career continuum.

2. **Background**. Reference (a), section 5947, establishes the duty of all United States Navy commanding officers to ensure the exemplary conduct of all officers and enlisted personnel under their charge of command. To execute this duty, senior Navy leaders must understand military law and how to affect its purposes to promote justice, to assist in maintaining good order and discipline in the Military Services, and to promote efficiency and effectiveness in the military establishment. References (b), sections 540A and 540B; (c); (d), sections 2638.308; and (e) through (g) address many of the legal issues that senior leaders must be prepared to effectively and fairly address, to include military justice, fair and impartial

disposition of alleged offenses, investigations, Government ethics, and standards of conduct.

3. Policy

a. To ensure leaders are properly trained on legal policy and procedures, a legal training continuum has been established to provide milestone-based legal training to naval officers that addresses the legal requirements and challenges associated with incremental leadership responsibilities. The legal training continuum consists of courses at the junior officer, intermediate leader, and senior leader milestones.

b. To properly train all members of the command leadership triad to address legal issues that arise in their units, all prospective commanding officers (PCO), executive officers (PXO), and command master chiefs (PCMC) and chiefs of the boat (PCOB) are required to attend the Naval Justice School's Senior Leader Legal Course (SLLC).

c. All PCOs, PXOs, and PCMCs and PCOBs receive mandatory leadership training via an intermediate stop at the Naval Leadership and Ethics Center (NLEC).

d. Command leaders who served in a commander (O-5) command or major command billet and who are subsequently ordered to a second command in the same billet grade are not required to re-attend SLLC if it has been less than 4 years since last attendance. This applies to COs, XOs, officers in charge (OIC), and command senior enlisted leaders. If it has been more than 4 years since last attending SLLC, personnel are required to attend SLLC again. XOs serving in fleet-up billets are not required to attend SLLC once they take command, if they attended SLLC as part of their PXO pipeline.

e. OICs are required to either attend SLLC or receive face-to-face legal training by the senior staff judge advocate (SJA) in their chains of command. On a case-by-case basis, non-command track senior officers may attend SLLC if the immediate superior in command determines additional legal training would benefit those officers in the execution of their duties.

f. Placement officers are responsible for ensuring SLLC course quotas are obtained for all PCOs, PXOs, PCMCs and PCOBs, and OICs before completing orders for their constituents.

g. Commanding officers who attended SLLC prior to taking commander (O-5) command and who are subsequently selected for major command, are required to attend SLLC before taking major command. This requirement extends to all major commanders, to include sexual assault initial disposition authorities.

h. Building on previous legal training provided at SLLC, flag officers will receive additional legal training at the New Flag and Senior Executive Training Symposium (NFLEX). Training provided at NFLEX is a supplement to, not a replacement for, face-to-face legal training provided through operational chains of command by an SJA.

i. SJAs to a flag officer in command are required to provide legal training on Government ethics and standards of conduct, military justice, and other matters pertinent to the command within 90 days of the flag officer assuming duties; legal training will be required annually. This training is in addition to, and may be conducted in conjunction with, annual Government Ethics and Standards of Conduct training required by references (d), section 2638.308; (e); and (h).

4. **Action**

a. Community leads, as designated per reference (h), must:

(1) Ensure their personnel receive milestone legal training.

(2) Coordinate with Naval Justice School to ensure delivery of legal training to their division officers and department heads, or equivalents, within their training pipelines.

b. Naval Justice School must execute the following milestone legal courses:

(1) For junior officers or division officer-equivalents, an online legal training course will be implemented in training pipelines at community lead's discretion.

(2) For department head or equivalents, an in-person half-day legal course will be implemented in training pipelines at community lead's discretion, in coordination with Naval Justice School, as to specific timing and location.

(3) The SLLC for PCOs, PXOs, OICs, PCMCs, and COBs.

c. PCS orders for officers and senior enlisted members en route to leadership tours will include an intermediate stop for SLLC.

d. Quotas are obtained directly through the Enterprise Naval Training Reservation System (eNTRS). Contact information for Navy Personnel Command and Naval Justice School is provided for quota support only.

e. Any officer or senior enlisted member unable to attend SLLC en route to a leadership tour must request a waiver through their community manager who must be approved by the Deputy Chief of Naval Personnel (BUPERS-00B). This waives attendance en route to the leadership tour, but the officer or senior enlisted member remains obligated to attend SLLC as close to commencement of the leadership tour as possible. Judge advocates and legalmen serving in leadership billets are excluded from the requirements of this article because their career legal training is considered to have met this article's training requirement.

f. Office of the Chief of Naval Operations (OPNAV) Flag Matters Office (N00F) will partner with the Office of the Judge Advocate General (OJAG) to review and deliver the legal training requirements for new flag officers. Review of the NFLEX legal training curriculum should occur at least annually and may be more frequent when warranted by circumstances and or changes in the law or governing directives.

References	(a) BUPERSINST 1080.53, Enlisted Distribution and Verification Report Users' Manual (EDBRMAN) (b) OPNAVINST 1000.16K
-------------------	---

1. **Purpose**. This article addresses the Enlisted Distribution Management System for active duty United States Navy (USN) personnel.

2. **Background**

a. Billet control, personnel procurement, training, and distribution are processes in the Enlisted Distribution Management System. Authorized billets are the Navy's yardstick for measuring personnel management's ultimate objective of placing the right Sailor in the right job.

b. Procurement and training managers, major manpower claimants, and fleet commanders are continually striving to build the personnel base to support the requirements while personnel distributors (Navy Personnel Command (NAVPERSCOM) and manning control authorities (MCAs)) are faced with the challenge of how to best assign personnel excesses and shortages to most nearly meet the billet requirements.

3. **Distribution Management Controls**

a. **Functions of Distribution Management Controls.** To support Deputy Chief of Naval Personnel's (DEPCHNAVPER) responsibility for controlling assignment of enlisted personnel and fleet commander's responsibility for readiness of activities under their command, three distinct and separate functions of

enlisted distribution management controls were established. These are **allocation control**, **manning control**, and **assignment control**.

(1) **Allocation Control**. Allocation control is the function of allocating available personnel resources to the MCAs, NAVPERSCOM, and or U.S. Fleet Forces. **For USN/Full Time Support (FTS) personnel**, this control is exercised by NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013).

(2) **Manning Control**. Manning control consists of two functions - manning and placement.

(a) **Manning** is the function of determining the quality, quantity, and priority for assignment of personnel to all billets within a composite.

(b) **Placement** is the function of communicating unit personnel vacancies to the assignment control authorities (ACAs) and directing the order in which these vacancies are to be filled.

(3) **Assignment Control** is selecting, detailing, and ordering of particular Sailors to fill requisitions per manning levels and priorities designated by the MCA.

(a) **For USN/FTS personnel**. NAVPERSCOM, Enlisted Distribution Division (PERS-40) is the ACA for all USN/FTS personnel.

(b) **Availability Time Table**. A Sailor becomes available to the ACA for detailing purposes 9 months prior to the Sailor's projected rotation date (PRD), but the ACA cannot move them more than 3 months early or 4 months late without MCA concurrence.

b. **Assignment of an Activity to an MCA**. All activities are assigned to one of two MCAs. All sea commands and commands in direct support of the fleet fall under Commander Fleet Forces Command. All other shore duty relating to training, recruiting, and joint commands remain under Commander Naval Personnel Command.

c. **Availability Time Table**. A Sailor is an asset under the control of the MCA from the time of issuance of orders to an activity under that MCA, until 3 months prior to the Sailor's PRD.

4. Supporting Information Systems

a. To support allocation, manning, and assignment control functions, three automated personnel management information systems have been developed. They are as follows:

(1) **Projection System**, supporting the allocation control function.

(2) **Navy Manning Plan (NMP)**, supporting the manning function.

(3) **Personnel Requisition System**, which supports the placement function.

b. These systems assist personnel managers to allocate total Navy personnel resources to the major composites, apportion available personnel assets among activities within a composite, and measure personnel needs while establishing activity's priorities for the assignment of personnel.

5. Projection System

a. **Functions.** The projection system has two major functions as follows:

(1) **Personnel Strength Projection.** The first function is to predict what the Navy distributable personnel strength will be 9 months in the future. **NOTE:** These predictions are based on the number of personnel already assigned to commands, a survey of Sailors who are under orders to be transferred from one requirement to another, and measurement of personnel available for assignment.

(2) **Personnel Allocation.** The second function is to equitably allocate available personnel assets to each composite.

b. **Distributable Communities.** For distribution purposes, Navy enlisted personnel are assigned to distributable communities. Distributable communities are specified Navy Enlisted Classifications (NECs) or ratings composed of billets. They are also personnel who are on board for duty and not in the Sailors' account as students, transients, patients, prisoners, or holdees who are counted using the assigned rate fields in Exhibit 1, or distribution NEC fields as shown in reference (a).

(1) **Management of Distributable Community.** NAVPERSCOM (PERS-4013) exercises management control over all distributable communities by establishing, maintaining, publishing and controlling the hierarchy of the structure of distributable communities. They analyze and coordinate actions on all recommended changes and implement approved changes to the structure of distributable communities.

(2) **Management by Ratings or NEC.** Normally, personnel assets and billets are managed by ratings; however, because of highly specialized training, certain members and billets are managed by NEC independent of rating. When NAVPERSCOM (PERS-4013) determines that an NEC will be managed as a distributable community, independent of rating, the NEC is designated either "**Closed Loop**" or "**Transitory**." The distinction between these two NEC categories is based on the manner in which personnel are projected for assignment.

(a) **Closed Loop NEC.** The Closed Loop NEC distributable community consists of personnel who are projected and assigned to consecutive tours within that NEC skill area.
NOTE: A Closed Loop NEC distributable community is normally associated with one rating or group of ratings sharing a common occupational skill in which the Sailor has earned a highly specialized talent within Sailor's general rating experience. This Sailor is managed based solely on this NEC skill.

(b) **Transitory NEC.** The Transitory NEC distributable community consists of a variety of ratings sharing a common supplemental skill which may not be generically associated with the Sailor's actual rating.

1. This Sailor is managed by the NEC only during the period in which the Sailor is serving in a requirement requiring that NEC skill. Upon completion of a Transitory NEC tour, the member is reassigned to a requirement within Sailor's primary rating.

2. A complete list of distributable community NECs and ratings is available through the Active Readiness Information System program.

3. All enlisted personnel and billets belong either to an NEC distributable community or a rating distributable community.

4. Rating distributable communities are normally established within both the sea **and** shore composites; however, NEC distributable communities may be established in either the sea composite, shore composite, or both.

5. NECs which are not defined as distributable communities, but which are used to identify **special categories** of personnel assignments, are called **pseudo distributable community NECs**.

6. NAVPERSCOM (PERS-4013) also maintains the pseudo distributable community NEC listing. See Exhibit 2.

c. Billet Structure Subdivision

(1) **Subdivision by Detailing Composites.** Having determined the Sailors and billets which will be managed by rating or NEC, the total Navy billet structure is subdivided into detailing composites.

(a) **Sea or Shore Subdivision.** The first division designates billets as either sea or shore. This sea/shore division indicates whether a billet is counted as sea duty or shore duty for personnel rotation.

1. **Shore Composite.** If an activity has a sea/shore Type Duty Code "1" (CONUS shore duty) or "6" (overseas preferred shore duty), the activity's billets are placed in the **shore composite**.

2. **Sea Composite.** The remainder of the billets (i.e., sea/shore Type Duty Codes "2," "3," and "4") are placed in the **sea composite**.

a. **Sea Composite Subdivisions.** The sea composite is further subdivided into the following:

(1) **Submarine billets.**

(2) **Non-submarine billets.** The non-submarine composite is termed the "sea-surface/air" composite.

(b) **Shore, Sea-Surface/Air, and Sea-Submarine Subdivisions.** The shore, sea-surface/air, and sea-submarine composites are again subdivided into seven pay grades (e.g. pay

grades E-1 through E-3 are considered one pay grade in this division).

(c) **Pay grade Subdivisions.** Finally, each pay grade is subdivided into two MCAs representing the billets for which each MCA has responsibility.

(2) **Strength Projection/Personnel Asset Allocation.** The end result is to project future personnel strength and allocate personnel assets to each MCA by pay grade within the rating or NEC.

6. **Navy Manning Plan (NMP).** Since distributable personnel assets rarely equal manpower requirements, distribution managers are faced with the problem of how best to utilize assets, which are short, or in excess of manpower requirements.

a. **Manning Plan for Distribution of Assets.** Solution of this problem requires a "manning plan" which will determine how shortages and excesses shall be distributed. This plan is termed the NMP. Using the projected level of assets for a composite and the billets authorized (BA) each activity, the NMP determines the most equitable level of manning an activity can expect for each detailing composite.

b. **Normal or Directed Manning Procedures.** The manning plan of a rating is determined under either "**normal**" or "**directed**" manning procedures.

(1) **Normal.** Determination of an activity's NMP under normal procedures indicates the activity plan is representative of its "fair share" of the predicted personnel assets for the MCA and composite.

(2) **Directed.** Directed manning indicates a Chief of Naval Operations (CNO) or MCA's decision to man the activity at a level other than normal manning.

c. **NMP Procedure Determination Rule.** The procedure under which an activity's manning plan has been determined is indicated by the NMP rule displayed per section 5 of reference (a).

(1) A **numeral 1** or **2** as the first digit of the NMP rule indicates the activity's manning plan was determined under directed manning procedures. **NOTE: Numeral 1** indicates manning at a level other than 100 percent and **numeral 2** indicates 100 percent manning of BA.

(2) The **numeral 9** means the activity's manning was determined under normal (fair share) procedures. Since directed manning reflects a CNO or MCA decision, no "fair share" computation techniques are applied to these plans.

(3) Prior to computing a **normal** manning plan, all **directed** manning billets and personnel assets committed to those billets are **subtracted** from the total number of billets and assets allocated to the MCAs.

7. **Personnel Requisition System.** The Projection System predicts the level of personnel assets and provides a base upon which the MCA can build a manning plan to apportion the assets to each activity. Each MCA must communicate their activities' qualitative and quantitative personnel needs to the ACA. This communication is provided by the Personnel Requisition System.

a. Personnel Requisition Functions

(1) Measure activity personnel needs to bring the activity first to its manning plan and second, if assets become available, from manning plan to full BA. These needs are communicated as personnel requisitions.

(2) Communicate to the ACA in what priority sequence personnel are to be assigned to activities to fill their requisitions.

b. Measurement of Personnel Needs. The Personnel Requisition System measures the personnel needs of each activity for the forthcoming 9 months by comparing projected on board assets to the NMP and NMP to BA.

(1) The result of this measurement is a personnel requisition indicating to the ACA the rating or NEC required by the activity and the month in which the Sailor is required on board.

(2) The requisition specifies whether the Sailor is needed to bring the activity to NMP ("N" requisition); BA ("A" requisition); or represents a pay grade imbalance ("P" requisition).

c. Sequence of Assignments - Priority to Certain Activities for Personnel Assignment. The CNO and the MCAs have directed that certain activities be given priority in the assignment of

personnel assets. These priorities are termed **CNO Priority 1 and 2**, and **MCA Priority 3**.

(1) Reference (b) contains a detailed explanation of these priorities, their usage, and how personnel assets are allocated to meet the priorities.

(2) The priority that is assigned to a rating or NEC within an activity is indicated by the second digit of the NMP rule displayed in section 5 of reference (a).

(a) A "0" indicates no priority.

(b) A "1," "2," or "3" indicates a **CNO priority 1 or 2**, and **MCA priority 3**.

(3) Within each priority, the MCAs have further directed that requisitions be arranged in a sequence based on a sum of factors as the date the member is needed (take-up month), the activity's percentage of manning, deployment status, and mission assignment.

(4) The result is an arrangement of all activity requisitions in a priority order, which indicates to the detailee the MCA's desired sequence in which the requisitions are to be filled.

8. **System Dynamics**. The supporting systems for enlisted distribution operate to optimize future assignments considering all personnel transactions that are planned and recorded in the personnel management information system. This information is constantly changing.

a. **Accurate Accounting is Critical**. Correct reflection of an activity's needs in the personnel requisition is completely dependent on timely and accurate personnel and billet accounting. It is extremely important that activities thoroughly review reference (a) and manpower authorization to ensure their accounts are accurate.

b. **Reassignments**. The re-assignment of personnel prior to established PRD adversely impacts unit stability and Sailor morale; therefore, reassignments will not be made solely for the purpose of "leveling" where excesses have been created as a result of advancements.

(1) Efforts to achieve planned levels of NMP will be primarily concentrated on reduction of excesses by normal attrition and assignment of rotating personnel and accessions to NMP vacancies.

(2) Should normal rotation of personnel not satisfy a critical manning situation, reassignments of Sailors prior to their PRD may be required.

(3) Such reassignments shall be kept to a minimum and will be accomplished only upon the direction of NAVPERSCOM (PERS-4013) with approval from the respective MCA.

(4) Reassignment due to decommissioning/inactivation or major billet reductions shall be per MILPERSMAN 1306-1100 procedures.

c. **Operational Readiness is Paramount.** The ACA must issue orders as far in advance as practical when responding to the needs and desires of Sailors. The MCA must continually refine vacancies and priorities in evaluation of ever changing unit readiness. These two goals sometimes operate in opposition to each other; however, the readiness of operational units is paramount. Although the initial assignment decision rests with the ACA, the operational requirements of the MCA will be a primary factor in the process.

9. Inquiries and Correspondence

a. **Point of Contact (POC) for Unit Enlisted Manning.** Since the ACA responds only to deficiencies and priorities identified and directed by the MCAs, activities must ensure that all inquiries and correspondence regarding unit enlisted manning are addressed to NAVPERSCOM (PERS-4013), which performs the placement function as agent for the MCAs.

b. **POC - For Enlisted Personnel Matters that Affect Unit Manning.** Exhibit 3 provides the POC for correspondence concerning enlisted personnel matters that affect unit manning.

-------------------	---

1. Policy

a. **Rotation Pattern**

(1) The normal rotation pattern, also referred to as "sea/shore flow," throughout a career is a repetition of assignments at sea and ashore. The type of duty to which a Sailor will be reassigned is dependent upon completion of the sea or shore tour as specified in this article. To the maximum extent possible, initial assignments will be to sea duty afloat upon completion of initial entry training.

(2) This sea/shore flow pattern may be modified in individual cases due to variables such as assignment to duty overseas (either at sea or ashore) or for an entire rating with a billet orientation that is primarily within the continental United States (CONUS) and outside the continental United States.

b. **Discipline/Reassignment/Detachment for Cause**

(1) Nonperformance of duty or "problem personnel" will not be sufficient reason to transfer Sailors in response to command efforts "to get rid of them."

(2) In all cases of detachment for cause, full documentation and a determination of the advisability of separation processing will be made prior to reassignment.

Commander, Navy Personnel Command (NAVPERSCOM) has final approval authority for all enlisted detachments for cause.

c. **Assignment.** Enlisted detailers will adhere to the following policies pertaining to the assignment of enlisted Sailors. Neither race, creed, color, national origin, nor sex (except where stipulated per reference (a)) will be factors in nomination and assignment of Sailors.

(1) **Required Skills.** Sailors' skills must be appropriate for the billet, or training en route will be accomplished when possible.

(2) **Cost Factors.** Permanent change of station (PCS) orders will emphasize minimizing monetary expenditures while maximizing use of personnel skills and qualifications.

(3) **Family Considerations.** When possible, Sailors who have family member(s) in primary or secondary school will transfer during school breaks.

(4) **Equitable Distribution - Activity.** Sailors will be equitably distributed to all activities by experience and skill in proportion to billets authorized (BA) or Navy manning plan. Manning of an activity in excess of authorized billets is not authorized, unless Navy-wide excesses exist in a specific community.

(5) **Equitable Distribution - Personal.** Sailors will be assigned to a variety of duty assignments to gain experience necessary to advance and excel within their rating.

2. **Background**

a. Rotation among sea, shore, and overseas activities is directly influenced by the number of personnel available for assignment, BA, qualifications of Sailors, time on station, and PCS funding. Obligated service (OBLISERV) is required for transfer to a new duty location to provide for both personnel and command manning stability. Using projected authorizations, personnel inventory projections, and historical data sea/shore flow lengths have been developed for all communities.

b. DoD has established overseas tour lengths for all overseas areas where Sailors are stationed, and they generally reflect the desirability of duty in that area.

c. Tour lengths applied to the sea duty commencement date, shore duty commencement date, or date of departure from CONUS determine a Sailor's projected rotation date (PRD). The PRD is a planning date and reassignment may occur at other than the PRD due to needs of the Navy.

3. **Orders Negotiation.** The orders negotiation window is defined as the **9 to 7 month** period prior to the first day of a Sailor's PRD month per reference (b).

a. Early engagement prior to the negotiation window by the command retention team (to evaluate a Sailor's career aspirations and requirements) is highly encouraged.

b. At **9 months** prior to PRD, Sailors may begin negotiating with detailers and applying for jobs via **Career Management System/Interactive Detailing**.

c. Sailors who fail to negotiate orders upon reaching the **6-month** mark prior to PRD will be considered for a "Needs of the Navy" assignment and will be issued priority manning control authority (MCA) orders.

4. **Transfers Necessitated by or Restricted as a Result of Civil Involvement or Military Disciplinary Action.** When a Sailor commits or is accused of committing a civil or military offense which necessitates the Sailor's continued presence in the area for the purpose of civil or military hearings, trials, etc.; the Sailor will not normally be reassigned from the area.

a. For purposes of this article only, the following circumstances constitute reassignment:

(1) Transfer to a new duty station.

(2) Expiration of temporary additional duty (TEMADD) orders from a parent activity away from the area which would require the Sailor's return to the parent activity's locale. In circumstances involving military offenses only, returning to parent activity for disciplinary action may be appropriate.

(3) If a Sailor is attached to a mobile activity (e.g., ship, squadron, etc.), departure of the activity from the area.

b. Requests for disposition instruction in all such cases will be forwarded via the chain of command to NAVPERSCOM, Enlisted Distribution Division (PERS-40).

c. Requests for professional apprentice (E, A, S PACT) personnel will be addressed to NAVPERSCOM, Shore Special Programs Assignment Section (PERS-4010).

d. Requests must include details of the circumstances surrounding the case and recommended course of action.

5. **Sea and Shore Tour Lengths and Variations.** The length of tours at sea and ashore for each rating depends primarily on the ratio of shore billets to sea billets. Every effort is made to achieve the Chief of Naval Operations goal of a **3-year-sea/3-year-shore** rotation pattern.

a. The minimum tour at sea is **3 years**; the maximum is **5 years**.

b. Tour lengths are published by naval administrative messages.

6. **Sea Intensive Ratings**

a. A sea intensive rating is defined as a rating that has a sea/shore flow of 48/36 or greater.

b. Sea/shore flow ratios of 47/36 or 48/37 are not classified as sea intensive.

7. **Sea/Shore Flow**

a. Changes in sea/shore flow will be implemented so that Sailors within **6 months** of PRD will not be affected.

b. If a tour length is decreased, Sailors whose PRDs fall in the next fiscal year will remain in that fiscal year.

8. **Cross-Decking.** Cross-decking is the permanent reassignment of Sailors prior to PRD for the purpose of improving manning in critical skill areas and must be approved by the cognizant MCA.

a. Cross-decking is a last resort action when manning deficiencies cannot be resolved through the normal assignment process.

b. PCS costs will be considered when cross-decking and the use of Sailors already in the same homeport will be maximized.

c. A minimum period of **6 months** between deployments is required for Sailors who are cross-decked from one ship or squadron to another (except for assignments to SSBN/SSGNs).

d. Due to the unique nature of Ship, Submersible Ballistic Nuclear (SSBN)/Ship, Submersible Guided Nuclear (SSGN) operations; a minimum period of **30 days** in an off-crew status is required for Sailors who are cross-decked from an SSBN/SSGN to another submarine.

e. Sailors who volunteer may be reassigned earlier than the **6-month** period between deployments.

f. Sailors should have a minimum of **7 months** OBLISERV remaining, except when the proposed transfer is a cost transfer outside the same homeport/corporate limits, in which case the Sailor should have a minimum of **24 months** OBLISERV remaining.

g. Based on readiness requirements, the cognizant MCA may (with an approved NAVPERSCOM waiver) authorize cross-decks from new construction ships (after commissioning) prior to the Sailor completing 24 months on board.

9. **Diverts**. Diverts are order modifications of Sailors due to higher priority requirements. Diverts must have MCA concurrence.

10. **TEMADD Assignments**. TEMADD is a short-term additional duty assignment directed and executed by the type commander, as authorized by the appropriate MCA. The TEMADD assignments are normally between units of a similar type duty.

11. **Partial Sea Duty Credit Compensation for TEMADD Periods Spent at Sea while Attached to Shore**. Sailors who are assigned to an activity classified as shore duty (i.e., sea/shore type duty code "1" or "6") and are directed by higher authority to perform TEMADD **on board** an activity classified as sea duty

(i.e., Sea/Shore Type Duty Code "2" and "4") may request compensation in the form of partial sea duty credit from NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451).

a. TEMADD from Type Duty Code "1" or "6" to Type Duty Code "2" and "4." Sailors may request extension of current PRD or reduction of Prescribed Sea Tour (PST) upon return to sea duty. **Each** occurrence must meet the "days away" requirement based on the adjustment scale below. Sailors under orders at time of request will have their PST reduced for the TEMADD period **at sea**.

b. Partial sea duty credit may be authorized on a case-by-case basis under certain circumstances by NAVPERSCOM (PERS-451) for TEMADD assignment to a sea duty activity. Sea duty must be classified as Type Duty Code "3" or permanent assignment to a unit that requires Sailors to be on board a Type Duty Code "2" or "4" command while at sea, depending on but not limited to such factors as the type of mission, environment, and conditions under which the mission is performed. Requests from Sailors permanently assigned to units that require duty on board vessels while at sea (e.g., Afloat Training Group) must include actual day-by-day accounting of time spent on board while at sea in lieu of TEMADD orders.

DAYS AWAY	CREDIT MONTHS
1-30	0
31-60	1
61-90	2
91-120	3
121-150	4
151-180	5
181-210	6
211-240, etc.	7

c. Each request must indicate the Sailor's choice of current PRD extension or reduction of PST. The following substantiating documents are required:

(1) TEMADD orders detailing exact "from" and "to" dates.

(2) A letter signed by the Sailor's Commanding Officer ("By direction" not authorized) showing number of days actually

on board a command classified as Type Duty Code "2" or "4" sea duty.

d. Certified copies of TEMADD orders must show the **exact** departure and return dates, also the time onboard a command classified as Type Duty Code "2" or "4" sea duty for the days to count. Sailor must have reported onboard a command classified as Type Duty Code "2" or "4" sea duty for the time to be credited as sea duty.

e. Sailors will not normally receive sea duty credit if they are on full per diem (i.e., messing **or** berthing out in town).

f. Forward requests for PRD extension on shore duty to the Sailor's detailer with supporting documentation indicated above.

g. Forward requests for PST reduction to the Sailor's detailer with supporting documentation as indicated above.

12. **Pregnancy Assignments.** Sailors who become pregnant while assigned to sea duty will be transferred to shore duty prior to their 20th week of pregnancy. Sailors will be transferred to shore duty for the duration of the pregnancy and 12 months post delivery per references (c) and (d).

13. **Limited Duty (LIMDU) Assignments.** Sailors who become sick or injured while assigned to sea duty will be transferred to a servicing Transient Personnel Unit (TPU) until an Abbreviated Medical Review Board is completed. TPU will submit a YH availability report to NAVPERSCOM, Transient Prisoners Patients and Holders Division (PERS-4013C1), which will make the LIMDU assignment as per MILPERSMAN 1306-1202.

MILPERSMAN 1306-102

TYPE DUTY ASSIGNMENT CODES

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4186 (901) 874-4186 882-2693
---------------------------	--------------------------	--------	-------------------	--

References	(a) OPNAVINST 1300.15A (b) OPNAVNOTE 5400 (Standard Naval Distribution List (SNDL))
-------------------	--

1. **Type Duty Classification Codes.** Five types of duty designations or "types" are used to identify commands for establishment of sea/shore rotation. Each of these types of duty is credited as sea or shore duty for rotation purposes.

a. The types of duty are reflected in each command's Enlisted Distribution and Verification Report (EDVR) as a sea/shore code (SSC).

b. These codes are assigned and, when required, changed by Navy Personnel Command (NAVPERSCOM), Distribution Department (PERS-4).

c. To determine Type Duty Codes, the following criteria applies:

(1) **Shore Duty (Sea/Shore Type Duty Code "1"):**

(a) Duty performed in United States (U.S.) (including Hawaii and Anchorage, Alaska) land-based activities where members are not required to be absent from the corporate limits of their duty station in excess of 150 days per year.

(b) Long term schooling of 18 or more months.

(2) **Sea Duty (Sea/Shore Type Duty Code "2"):**

(a) Duty performed in commissioned vessels and deployable squadrons homeported in the U.S. (including Hawaii and Alaska).

(b) U.S. land-based activities and embarked staffs, which require members to operate away from their duty station in excess of 150 days per year.

(3) **Overseas Remote Land-based Sea Duty (Sea/Shore Type Duty Code "3"):** Duty performed in a land-based activity, which does not require members to be absent more than 150 days per year, but is credited as sea duty for rotational purposes only due to the relative undesirability of the geographic area.

(4) **Overseas Sea Duty (Sea/Shore Type Duty Code "4"):**

(a) Duty performed in commissioned vessels and deployable squadrons homeported overseas.

(b) Overseas land-based activities and embarked staffs, which require members to operate away from their duty station in excess of 150 days per year.

(5) **Overseas Shore Duty (Sea/Shore Type Duty Code "6"):** Duty performed in overseas land-based activities, which are credited as shore duty for rotational purposes. Members are not required to be absent from corporate limits of their duty station in excess of 150 days per year.

2. **Type Duty Redesignation.** When the mission, functions, or the relative desirability of the location of an activity changes, it may be appropriate to submit a request for change in Type Duty Code as described below. Periodic reviews of type duty designations will be requested to ensure compliance with the criteria established in para. 1.

a. Submit the request to NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451) via the appropriate chain of command.

b. The appropriate immediate superior in the chain of command (ISIC) and manpower claimant must endorse all requests. Requests will be returned without action if not accompanied by the proper endorsements.

c. Minimum supporting documentation must include the following:

(1) Mission description.

(2) Individual personnel TEMPO (ITEMPO) concerns.

(3) For Sea/Shore Type Duty Code "3" requests, completed Tour Site Survey Data Sheet (included in reference (a)).

(4) Tabulation of number of days away from parent command during the last 2 years (6 months for newly established commands), using the format below.

NOTE: Divide number of days away by the total number of billet incumbent(s). 24 hours = 1 day.

SAMPLE FORMAT:

UIC: 01234

From: 1 October 2003

To: 1 October 2004

BSC	AUTH BILLETS	#PERS ASSIGNED	#DAYS AWAY
0010-PNC	1	1	150
0020-YNCR	1	1	160
0030-SK1	1	0	0
TOTAL	3	2	310

$310/2 = 155$

3. Type Duty Designation for Remote Land-Based Sea Duty.

Relative desirability of a geographic area will be considered when establishing type duty designation for remote tours and for Navy billets assigned to non-DOD activities.

a. Requests must be submitted using reference (a) Tour Site Survey Data Sheet in addition to the guidelines established in para. 2.

b. When two or more activities are in the same geographic area, the area coordinator (OPNAVNOTE 5400, part 2 section 4) is responsible for submitting a coordinated request.

c. The Tour Site Survey must include general information on the activity, population, geographic location, climate, housing, medical and dental support, education support, support services, transportation, social customs, and sociopolitical conditions.

MILPERSMAN 1306-104

PROJECTED ROTATION DATE (PRD)

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4185 (901) 874-4185 882-2693
---------------------------	--------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

Reference	(a) CNO Washington DC 031833Z Dec 12 (NAVADMIN 361/12)
------------------	---

1. **Policy**. A projected rotation date (PRD) for a member's next tour is established when assignment orders are written. This PRD is based on a member's pay grade or projected pay grade (in the case of selects) at the time orders are written, and the community in which member will serve at the new duty station. There is no requirement to move members at their PRD, unless they are completing a required Department of Defense (DoD) tour overseas, or they have served the maximum amount of consecutive sea duty. The following applies:

a. Once established, PRDs may or may not be affected by advancement or reduction in rate.

b. A PRD will not normally be changed once established, unless there is a change made to the current sea/shore flow enlisted career path outlined in reference (a).

c. Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) is authorized to adjust a PRD to that of the senior pay grade for members who are advanced in grade during their current tour.

d. Decisions to adjust a PRD will be based on overall manning within the command, projection of future assets to fill to the new PRD, and most importantly, to enhance the career development of the incumbent at the new pay grade.

2. **Establishing PRDs**. PRD determinations are based upon the following guidelines:

- a. Distribution rates and Navy enlisted classification;
- b. Spouse co-location tours, which are typically aligned with the member going to sea duty;
- c. DoD area tours;
- d. PRD is determined without regard to obligated service (OBLISERV), except for overseas tours;
- e. PRDs will be established to reflect an accompanied tour for members with primary family members, or the all others tour for members who elect an unaccompanied tour;
- f. PRDs are established as follows:
 - (1) **Continental United States (CONUS)** - Month member reports to new duty station.
 - (2) **Outside continental United States** - Month member departs CONUS.
 - (3) **Sea Duty (Type 2)** - Based on full prescribed sea tour (PST) and sea shore flow enlisted career path outlined in reference (a).
- g. For first-term members, see MILPERSMAN 1306-126.

3. **Recording PRDs**. When assignment orders are written, the PRD will be reflected in the ultimate activity's Enlisted Distribution and Verification Report (EDVR).

4. **PRD Verification**. PRD verification is the responsibility of both the transferring and receiving activities. Tour length options available to the member, whether made before transfer or after being received aboard the new duty station, directly affect the PRD; therefore, it is essential that all such decisions be reported immediately by the transferring command or within 90 days after the member reports for duty by the receiving command. Reports shall be submitted to the cognizant assignment control authority, including circumstances and a recommended PRD.

a. PRDs will be verified in conjunction with service record and EDVR verification. If a PRD has not been assigned or appears erroneous, submit a PRD adjustment request.

b. A certified copy of NAVPERS 1070/605 History of Assignments will be forwarded to the appropriate detailer. NAVPERS 1070/605 may be accessed via the following link provided: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

5. **PRD Adjustment/Change**

a. PRDs cannot be changed by personnel diary entry.

b. NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) will continue to process requests for submarine-designated 1 and 2 members.

c. All inquiries for Professional Apprentice Career Track SN/AN/FN will be addressed to NAVPERSCOM, Shore Special Programs Branch (PERS-4010).

d. PRD inquiries for situations not listed above will be addressed to the appropriate NAVPERSCOM code.

e. Requests for PRD adjustment for the following reasons will be addressed to the NAVPERSCOM (PERS-4013) contact listed on command's EDVR:

(1) Enlisted Manning Inquiry Report for a careerist indicating intention not to reenlist at expiration of active obligated service;

(2) Discrepancies found by NAVPERSCOM (PERS-4013) placement coordinators when staffing pre-deployment Personnel Manning Report or EDVR; and

(3) Members assigned to new construction or transitioning units.

f. Requests for adjustments of overseas tour PRDs shall be submitted by letter to NAVPERSCOM (applicable detailer). Such requests must contain sufficient information to facilitate an accurate determination. Examples of situations in which PRDs require adjustments:

- (1) Correction of erroneous PRDs;
- (2) Members reporting without family members, with movement of family members subsequently authorized;
- (3) Family members arriving in a "tourist status," or newly acquired family members who subsequently become "command sponsored" family members;
- (4) Return of family members not at the option of member, or as a result of misconduct; or
- (5) Member voluntarily elects to serve accompanied tour.

6. **PRD Detailing Window.** Detailers may issue orders directing transfer up to 6 months prior to PRD, and up to 6 months after the established PRD. This PRD detailing window provides flexibility for an individual in negotiating orders, and for the detailer to accommodate duty preferences while meeting enroute-training requirements. It also provides a larger pool of members to match to requirements, improving fleet readiness by reducing billet gaps of key positions at sea and correcting sea/shore imbalances in some ratings.

7. **Special Procedures for PRD Management of Advanced Electronic Field (AEF) Program Members.** AEF Program members may be assigned to sea after completion of "A" School for a period of 18 months to gain at-sea experience prior to assignment to their guaranteed advanced training.

a. PRDs for these members are phased to ensure that sufficient members return to training to fill established "C" School quotas.

b. Consideration for adjustment of these PRDs will be given on a case basis (e.g., to complete a cruise, complete submarine qualifications) contingent upon favorable endorsement by the command and no resulting vacant "C" School seat.

8. **PRD Adjustments/Order Modifications to Accommodate Delivery Dates for Family Member's Child (Baby Holds).** On a case-by-case basis, requests for PRD adjustments/modification of orders will be considered, and normally approved, to preclude family members' travel within 6 weeks on either side of estimated delivery date.

a. If special circumstances warrant, extensions beyond 6 weeks may be granted. A doctor's statement is not required by NAVPERSCOM; however, command approval shall be based on locally available documentation.

b. Unless otherwise directed, message request shall be submitted to NAVPERSCOM (info all concerned), and provide estimated delivery date in addition to any substantiating information.

9. **Broken Service**. Members separated from naval service while serving on sea duty, and subsequently returned to active duty within 90 days or within 6 months of separation (if assigned RE-R1 reenlistment code) will be assigned as follows:

a. **Zero to Six Months Remaining on PST** - Assigned to shore duty.

b. **Seven Months or More Remaining on PST** - Assigned to sea duty for a period of 12 months or the completion of PST, whichever is greater.

c. For members serving ashore and electing to be separated from active duty, their shore tour will be considered completed, regardless of the amount of time remaining on their normal shore tour. In the event such members later reenlist, they will normally be reassigned to sea duty.

MILPERSMAN 1306-106

TIME ON STATION (TOS) AND RETAINABILITY OBLIGATED SERVICE (OBLISERV)

Responsible Office	NAVPERSCOM (PERS-451)	Phone: DSN COM FAX	882-4518 (901) 874-4518 882-2595
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) DoD Instruction 1315.18 of 28 October 2015 (b) OPNAVINST 1300.15B (c) NAVSO P-6034 Joint Travel Regulations (JTR) (d) DoD Directive 1100.4 of 12 February 2005
-------------------	---

1. **Purpose.** When considering enlisted Service members for permanent change of station (PCS) transfer, references (a) through (d) and this article must be reviewed to ensure time on station (TOS) and retainability requirements are met.

2. **Policy.** The following general policies apply to the assignment and reassignment of enlisted Service members, unless exempted by other articles or specifically waived by Commander, Navy Personnel Command (COMNAVPERSCOM), Career Management Department (PERS-4). Authority to deviate from these policies rests with Office of the Chief of Naval Operations (OPNAV) Director, Military Personnel, Plans, and Policy Division (OPNAV N13).

3. **TOS Requirement for Reassignment.** TOS is the period of time established for tours in specific geographic locations in the continental United States (CONUS), overseas, or at sea before executing a PCS transfer.

a. TOS requirements are established to enhance operational readiness by stabilizing Service members in units in order to help reduce PCS costs and improve the quality of life by reducing personal or family turbulence.

b. When all other factors are equal, TOS is the primary consideration in selecting Service members for reassignment.

c. The TOS requirement for all assignments within CONUS is 36 months. The TOS requirement for overseas assignments is the applicable (unaccompanied or accompanied) Department of Defense (DoD) area tour for overseas locations listed in reference (c), and on the [DoD Web site](#), or the specified overseas sea duty tour length as defined in [MILPERSMAN 1300-308](#) for enlisted. TOS may be satisfied by one or more tours at the same permanent duty station or those in close proximity to each other. For example:

(1) A PCS transfer before completing a 36-month tour from a command in Norfolk, VA to a command in Little Creek, VA would normally fulfill the TOS requirement because the commands are in the same geographic area. A transfer from Arlington, VA to Norfolk, VA before completing 36 months on board would violate the TOS requirement because the commands are not considered to be in the same geographic area.

(2) A PCS transfer within the same overseas geographic area before completing the required DoD area tour would not break TOS or create the requirement to restart a new DoD area tour at the new command.

d. TOS in CONUS is computed inclusively from the month of arrival to the month of departure. TOS overseas is computed from the date of departure from CONUS to the date of return to CONUS, excluding authorized leave en route.

e. Service members may be reassigned before completing the minimum TOS requirement under certain circumstances. TOS waivers may be granted on a case basis by NAVPERSCOM (PERS-4).

f. In the case of two PCS transfers within the same fiscal year, a Secretary of the Navy finding may be required for payment of a second dislocation allowance (DLA). See [MILPERSMAN 1300-400](#).

g. Sea duty tour lengths are prescribed by the Secretary of the Navy.

h. Authorized exceptions (TOS waiver not required) to TOS requirements include:

(1) Reassignment to an overseas or sea tour,

(2) Twenty-four months TOS prior to transfer in sea-intensive communities, as prescribed in the current sea shore

flow naval message (NAVADMIN) who are assigned from shore to sea duty,

(3) Accession or reassignment to a different duty station for initial skill training or separation,

(4) Reassigned to a different duty station for training or educational purposes,

(5) Reassignment due to major weapon-system change or unit conversion (e.g., change of one type of aircraft to another); this exception does not cover moves associated with replacing Service members selected for new weapons systems or units,

(6) Permitted the option to retrain into a new specialty and location in conjunction with reenlistment; requires 12 months TOS prior to transfer,

(7) Permitted the option to select another location in conjunction with an established program to keep military couples together (spouse co-location per [MILPERSMAN 1300-1000](#)); requires 12 months TOS prior to transfer,

(8) Assignment to the Office of the Secretary of Defense, Office of the Chairman of the Joint Chiefs of Staff, or the Defense Agency where tenure is limited by statute or the provisions of reference (a) to a shorter tour,

(9) Service under reference (c), which prescribes different assignments for management positions in the support activities,

(10) Reassignment under the Exceptional Family Member Program or for humanitarian reasons,

(11) Reassignment to a different duty station in preparation for a unit deployment or move, or rendered excess as a result of such a deployment or move,

(12) Service member considered for reassignment is a first-termer,

(13) Disqualification for duty as a result of loss of security clearance, professional certification, nuclear certification, or medical qualification to perform, and upon

determination that no vacant billet exists within the limits of the same geographic location in which the Service member may serve pending requalification or recertification,

(14) Reassignment as prisoners, including assignments to and from confinement or reassignment for the purpose of standing trial,

(15) Reassigned from patient status,

(16) Curtailment for the purpose of traveling outside of the travel restriction for pregnancy of the Service member or spouse, or reassignment for the purpose of receiving adequate medical care, including curtailment of female Service members from unaccompanied tours because of the lack of adequate obstetric care,

(17) Involvement in incidents that may cause serious adverse publicity or embarrassment for the U.S. Government, which may jeopardize the mission, or indication that the Service member may a potential defector,

(18) Threatened with bodily harm or death and circumstances are such that military and civilian authorities are unable to provide for continued safety of Service members or their dependents, provided the threats and circumstances are verified by appropriate investigative agencies (e.g., Navy Criminal Investigative Service and Office of the Judge Advocate General),

(19) Completion or failure to complete a training or education program required for follow-on orders,

(20) Reassignment via a low cost move (LCM). LCM is a PCS move for which the total expected cost, including the Service member's travel and transportation allowances and DLA (if applicable) does not exceed \$1,000.00,

Note: LCMs are not curtailments and do not require general or flag officer waivers of TOS that are required for other moves. It is not necessary to adjust the Service member's original tour completion date, nor for the Service member to have retainability beyond the original tour completion date.

(21) Completion of a full tour of duty in a joint assignment waived by Director, Officer and Enlisted Personnel

Management, under the Deputy Assistant Secretary of Defense for Military Personnel Policy per reference (a), and the action would otherwise require a waiver of a TOS requirement,

(22) Makes an unrestricted report of being sexually assaulted and who is granted an expedited transfer, or a Service member who is an alleged offender of a sexual assault whom the Service-designated approving authority selects for expedited transfer,

(23) Rendered in excess due to:

(a) Unit inactivation,

(b) Base closure or consolidation,

(c) Organization or staffing changes,

(d) Reclassification or other actions changing the occupational specialty or skill designator of a Service member,

(e) Disqualification for duty as a result of loss of security clearance, professional certification, nuclear certification, or medical qualification to perform, or relief from duty for cause, or

(f) Promotion to E-8 or E-9.

4. **Retainability/Obligated Service (OBLISERV) Requirements for Reassignment.** Retainability is the minimum amount of active OBLISERV a Service member must have upon arrival at a new duty station after a PCS transfer, both in CONUS and overseas. For Service members executing an LCM, additional retainability beyond the original tour completion date is not necessary.

a. OBLISERV is required before reassignment to ensure Service members complete the prescribed tour. Waivers of OBLISERV requirements may be granted on a case basis by NAVPERSCOM, Enlisted Distribution Division (PERS-40).

b. Service members must not be transferred from their present duty station without obtaining the required OBLISERV for the prescribed tour.

c. The transferring command is required to obtain the applicable OBLISERV or report non-compliance via naval message

to NAVPERSCOM (PERS-40) within 30 days of receipt of PCS orders. If PCS orders do not specify any required OBLISERV, the transferring command must contact NAVPERSCOM (PERS-40) for clarification and direction.

d. Personnel who refuse to incur the OBLISERV directed in their orders will have their record flagged per [MILPERSMAN 1306-125](#). For Service members directed to use Career Waypoints (C-WAY), this record flag will result in forfeiture of their C-WAY reenlistment application approval quota, and they will be coded as "Intends to Separate" in C-WAY. Depending on the amount of OBLISERV that the Service member has remaining, NAVPERSCOM (PERS-40) will decide where the Service member will be assigned for the remainder of their current contract, based on the needs of the Navy.

e. OBLISERV will be acquired by reenlistment or extension of enlistment. For Service members who could possibly suffer monetary loss (selective reenlistment bonus (SRB) or reenlistment bonus entitlement), refer to the current SRB NAVADMIN. OPNAV, Pay and Compensation Policy Branch (N130D) is the approval authority for exceptions to policy for Service members who could suffer possible monetary loss in the Enlisted Supervisory Retention Pay Program.

f. Early SRB reenlistment/extension can be granted for personnel in receipt of PCS orders to meet the OBLISERV requirement. Refer to the current SRB NAVADMIN message.

g. The following requirements are minimums only, which allows NAVPERSCOM (PERS-4) to authorize transfer when the Service member refuses to OBLISERV for the full tour. Additional OBLISERV may be required for special programs or schools. Fleet Reserve eligible personnel must comply with [MILPERSMAN 1830-040](#).

TRANSFER FROM	TRANSFER TO	OBLISERV
CONUS Shore or Sea	CONUS Shore Duty	2 Years
CONUS Shore	CONUS Sea Duty	1 Year
Anywhere Overseas	OVERSEAS Sea or Shore Duty	DOD Area Tour

h. Activities receiving personnel with insufficient OBLISERV must report OBLISERV violations via a personnel arrival without OBLISERV report message (exhibit 1) to transferring command. Inform the transferring command's immediate superior

in command (ISIC), COMNAVPERSCOM (appropriate detailer), and cognizant manning control authority.

5. **Personnel Approaching Fleet Reserve/Retirement Eligibility.**

Personnel who have completed 17 or more years of active duty, in addition to OBLISERV requirements, must sign a permanent [NAVPERS 1070/613](#) Administrative Remarks entry agreeing to remain on active duty for the period of time required to complete the applicable tour prescribed for the overseas area to which assigned.

a. Transfer to the Fleet Reserve or Retired List will not normally be authorized prior to completion of the prescribed overseas tour.

b. Personnel approaching retirement eligibility are cautioned that the requirement to complete the applicable tour for the overseas area may disallow their eligibility to request a twilight tour.

ENLISTED MANNING INQUIRY REPORT (EMIR)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone: DSN COM	882-4360 (901) 874-4360
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Purpose**. To provide procedures to units for submitting a Navy-wide Enlisted Manning Inquiry Report (EMIR).
2. **Policy**. All sea and shore activities, except submarines and submarine support staffs, will submit an EMIR message to report significant manning issues that directly impact operational readiness. Submarines and submarine support staffs, sea and shore, will report personnel deficiencies per fleet and force commanders' directives.
3. **EMIR Procedures**. The following procedures are applicable to the EMIR:
 - a. **Shortage Notification and Criteria**. The EMIR notifies the type commander and other personnel readiness stakeholders of a command's concern regarding significant enlisted personnel shortages affecting readiness. To warrant submission of an EMIR, the personnel shortage must meet one of the following categories:
 - (1) **Rating Manning**. Current onboard (COB) manning or projected onboard (POB) manning in the applicable rating or closed loop/transitory Navy enlisted classification (NEC) code meets the following criteria:
 - (a) rating supervisory shortfall of less than 70 percent manned, or
 - (b) gapped 1 of 1 authorized billets leading to readiness impact.
 - (2) **Critical NEC (CNEC)**. COB manning or POB manning for the CNEC does not meet approved Defense Readiness Reporting System - Navy (DRRS-N) CNEC threshold.

(3) **Readiness.** The commanding officer's assessment is that personnel shortage has a significant effect on unit readiness as reported in DRRS-N.

b. **EMIR Limitation.** The EMIR must not be used for reporting general manning shortfalls in the activity, or for reporting unplanned losses of personnel having no significant effect on unit readiness. These events should be communicated with the command's Navy Personnel Command placement coordinator.

c. **EMIR Submission.** Do not submit an EMIR until the Service members are a permanent loss from the activity. The appropriate loss entry must be submitted via Navy Standard Integrated Personnel System (NSIPS) to initiate appropriate personnel requisition.

ENLISTED DUTY PREFERENCE

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

1. **Policy.** Recognizing that sea/shore rotation requirements of Naval Service necessitate permanent changes of station during a career, the Navy has provided a vehicle, the Enlisted Duty Preference, by which members may express assignment desires to their assignment control authority (ACA).

a. The Enlisted Duty Preference provides the ACA with valuable, timely information to consider when effecting Sailor assignment decisions.

b. Detailers often have a range of assignment options available in a given circumstance. In cases where members have no Enlisted Duty Preference, assignments may be made to the highest priority requirement without consideration of member's preferences.

2. **Submitting Enlisted Duty Preference.** Detailing is a process whereby the detailer matches available personnel assets and their desires with existing Navy-wide requirements. The preferred submission of desires is through the Career Management System Interactive Detailing (CMSID) portal between the member's 13- to 10-month projected rotation date (PRD) window; however, the Enlisted Duty Preference form can be submitted at any time to convey the member's duty desires. In the event a short-fused requirement is levied, detailers would prefer to offer the billet to a member desiring the billet/location, vice forcing someone else into it.

a. **Member's Responsibility.** It is emphasized that submission of Enlisted Duty Preference is a member's responsibility.

b. **Submission Method.** The method of submitting Enlisted Duty Preference is online via <https://www.cmsid.navy.mil/>.

c. **Calculation of Preferences.** The submission of realistic duty preferences is important. Individual preferences annotated

on the Enlisted Duty Preference are used in calculating the presentation on the Sailor's homepage. The table present on the Sailor's homepage called "First 5 Jobs Matching Your Preferences" display open positions matched to the Sailor's rate, paygrade, and Navy Enlisted Classifications (NECs) and preferences.

d. **Provide Additional Information.** The remarks section has been incorporated to allow members to indicate any information for which no provision is available and which would be useful to the detailee. Examples of such information are as follows:

(1) Any skills possessed by the member not identified by NEC.

(2) Amplifying Exceptional Family Member (EFM) or Individual Education Plan (IEP) affected family members.

(3) Expected delivery date, if wife is pregnant.

(4) When married to another servicemember, list spouse's full name, military service, SSN, rate, and present duty station.

e. **Submission Time.** It is recommended Enlisted Duty Preference be submitted at the mid-tour point, or no later than 13 months prior to PRD, or anytime thereafter when changes in significant personal data occur (family member status, location of household goods (HHG), etc.).

MILPERSMAN 1306-112

NAVPERS 1306/7, ENLISTED PERSONNEL ACTION REQUEST

Responsible Office	NAVPERSCOM (PERS-40)	Phone:	DSN COM	882-4184 (901) 874-4184
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U-ASK-NPC

1. **Background.** NAVPERS 1306/7 Enlisted Personnel Action Request was devised and automated to provide a standard Navy-wide format for authorized command representatives to assist Sailors in the submission of requests to cognizant enlisted detailers.

2. **Submission of Requests.** Multiple requests on the same form are not allowed. All requests shall be processed and forwarded to the cognizant ACA by authorized command representatives regardless of the command's positive or negative recommendation or endorsement.

a. **Transmission Method.** Requests to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution and Readiness Branch (PERS-40) or Reserve Personnel Management Division (PERS-913) can be submitted via <https://www.bol.navy.mil>, mail or encrypted e-mail to the cognizant NAVPERSCOM assignment desk.

(1) Bureau of Naval Personnel (BUPERS) Online (BOL) provides pull-down menus to aid authorized command representatives in submitting requests to the correct department and provides a copy to the submitting command. An electronic (on-line) submission provides personnel security and eliminates mailing or facsimile transmission of requests. The electronic submission is the preferred method of submission, except for "A" School requests, rate conversion, and extension of enlistment cancellation requests which must be submitted via hard-copy due to required documentation.

(2) Attachments for the electronic NAVPERS 1306/7 can be made after the "submit request" has occurred. The command point of contact line will be used by the system to generate a return copy of the text version. Once this has been received by the command, attachments can be scanned and forwarded with the request to the cognizant NAVPERSCOM assignment desk.

(3) If mailed or sent via encrypted e-mail, addresses and office codes can be located on-line at <http://www.public.navy.mil/bupers-npc/Pages/default.aspx>.

(a) All electronic correspondence (e-mail) regarding Navy Personnel which contains names, SSNs, or other identifying information, must be digitally signed and public key infrastructure encrypted. In the event that encryption is not possible, the only other authorized means of electronically transmitting personally identifiable information is through use of [Department of Defense \(DoD\) Safe Access File Exchange \(SAFE\)](#).

(b) Any hard-copy correspondence must be pre-coordinated before mailing to the BUPERS or NAVPERSCOM codes for action. If used, all hard-copy correspondence regarding Navy personnel which contains names, SSNs, or other identifying information must:

(c) Be double-wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties."

(1) Use DD 2023 Privacy Act Data Cover Sheet (as appropriate).

(2) Be mailed to only those with an official need to know.

(3) Be sent via a mailing service that can provide tracking information.

(4) Be handled and destroyed per Department of Defense privacy directives.

b. **Addressees.** Requests are to be sent directly to the following:

	Send request to...	for...
--	--------------------	--------

(1)	NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010)	non-designated Professional Apprenticeship Career Track Sailors (PACT) (aviation, A-PACT; engineering, E-PACT; and surface, S-PACT).
(2)	NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010S)	"A" School requests (only hard copies accepted).
(3)	NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403)	submarine program volunteers.
(4)	NAVPERSCOM, Enlisted Career Progression Branch (PERS-81)	whether the command endorsement is favorable or unfavorable.
(5)	Enlisted Community Management Division (BUPERS-32)	high year tenure waivers.

3. **Resubmission of Requests.** Although resubmission is by no means discouraged, consideration should be given to the processing time required and the large volume of correspondence processed by each office. The possibility of a member's request being lost is an unfortunate reality. When a reasonable length of time (30 days from receipt date) has passed since original submission and no reply has been received, recommend contacting the responsible office prior to resubmitting the request.

4. **Cancellation of Requests.** To cancel a request, submit a new NAVPERS 1306/7 requesting cancellation. The request should provide specifics as the member may have more than one request on file (do not include new requests). This requirement is specifically intended to eliminate confusion with new desires and cancellation requests.

5. **Limitations of NAVPERS 1306/7 Usage.** Although the title "Enlisted Personnel Action Request" implies universal application for requests of any nature, in many cases the form is used incorrectly.

a. As a general guideline, the form is to be used to request any **program, school, reassignment, or special duty** for which a particular requesting format is not already specified.

(Some examples for which particular formats are specified are humanitarian assignment and reenlistment incentives.)

b. The most common misuse of NAVPERS 1306/7 is the **unsubstantiated request for reassignment**. A member must have sufficient justification to warrant reassignment prior to projected rotation date. If sufficient justification is provided, request will be brought to the cognizant detailing authority's attention.

6. **Endorsement Considerations**. This article will not dictate the command's in-house process for submitting NAVPERS 1306/7. Commands are responsible for pre-screening members for program eligibility prior to endorsing the request. Requests submitted by the command's designated representative will be considered endorsed by the commanding officer unless otherwise indicated in the comments section. To prevent manning presumptions, endorsements should address acceptable gap, relief requirement, and waiver issues (as applicable). Unless otherwise held by factors contained in the command endorsement, detailers will attempt to fulfill the request for the period indicated in the "Requested Action" block.

7. **Additional Clerical Instructions**. To ensure a timely and correct response is afforded each request, the information contained therein must be complete, current, and verified for accuracy. The below items are sources of inordinate delay and may result in an inappropriate or delayed response:

a. **Invalid points of contact addresses, incorrect phone numbers, and incorrect e-mail addresses**. These cause serious problems when the command cannot be contacted and missed opportunities occur.

b. **Request is submitted to the wrong department**. This severely impacts submissions that require deadlines. NAVPERSCOM is a large organization with many departments that handle various administrative tasks. Correct department information can be located on-line at <http://www.public.navy.mil/bupers-npc/organization/Pages/NPCWebDirectory.aspx>.

c. **Inaccurate personal data (Name, Rate, SSN, last four digits of SSN, etc.)**. Verification of the member's name and last four of SSN is an absolute must as the enlisted master file searches by name and last four of SSN.

MILPERSMAN 1306-114

EARLY RETURN FOR CAUSE (ERFC) OF ENLISTED PERSONNEL

Responsible Office	NAVPERSCOM (PERS-40HH)	Phone :	DSN	882-3542
			COM	(901) 874-3542
			FAX	882-2647
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone :	Toll Free	1-866-U ASK NPC

1. Policy:

a. Service members assigned duty overseas act as ambassadors of the United States (U.S.) and the U.S. Navy. As such, their performance within a host country must continue to bring credit and maintain the highest standards of personal behavior. **Early Return for Cause (ERFC)** is the removal of enlisted personnel from an overseas tour before their normal projected rotation date (PRD), as a result of proven unfavorable interactions with the host nation, or as a result of disciplinary action that calls into question the ability of a member to continue in an overseas assignment.

b. ERFC is one of the strongest administrative actions used and should only be requested when all other efforts (i.e., training, counseling, guidance, treatment, etc.) are exhausted. ERFC will not be used in lieu of disciplinary action or administrative discharge, nor is it an excuse to transfer a problem Sailor to another command. It will not be used to transfer a member with sub-standard work performance or evaluation marks. ERFC is not necessarily a bar to either retention or re-enlistment eligibility.

c. Commands requesting ERFC of members should understand that approval of their request will result in a gapped billet until a relief can be identified. Judicious use of the article is cautioned since all approvals of ERFCs will require the use of unexpected and unplanned permanent change of station (PCS) funds which could result in delay or cancellation of some other priority manning action.

2. **Procedures:**

a. **Report Submission:**

(1) All requests for **Fault Early Returns** must be submitted as an **Early Return for Cause Request (ERFCR)** (Exhibit 1) by message.

(2) Ensure the ERFCR is submitted in the format provided in Exhibit 1 including all "to" and "info" addressees. Failure to comply could result in unnecessary processing delays.

(3) Requests for early return will be submitted expeditiously and ensuring all required information is provided. These requests may involve situations requiring timely action to be taken due to the nature of the circumstances involved. An understanding of all the factors that necessitated the request submission is required prior to making a decision. Submission of a partial request is discouraged as it delays the timely processing of the request. Inclusion of additional information to ensure clarity and provide justification for submitting the request is strongly recommended.

(4) Requests for ERFC will be submitted to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40HH). Type commanders (TYCOMs) must notify NAVPERSCOM (PERS-40HH) within 5 days of requesting commander's message date/time/group of their concurrence or non-concurrence with the submitting commander's request.

b. **Transfer/Assignment Decision.** NAVPERSCOM will decide each case on its merits. If request for early return is approved, ensure the appropriate service record entry is completed on NAVPERS 1070/613, Administrative Remarks, indicating reason for submission of request.

(1) Approved requests will result in the transfer of member and family member(s) to an assignment for which eligible. Eligibility will be based upon requisition priority and sea/shore rotation to valid billets of member's rate. Assignments made due to ERFC issues do not alter sea or shore rotation.

(2) Orders directing transfer will normally be issued within 21 days. Detachment from current duty station will be directed to take place within 60 days of orders being released.

c. **Improper Overseas Screening.** Ensure all facts that are related to an improper screening are documented and reported in an Overseas Screening Deficiency Report (OSDR) as required, per MILPERSMAN 1300-306, prior to submitting an ERFCD. The OSDR will be listed as a reference in the ERFCD.

d. **Host Nation Relationship.** Incidents whereby the Navy's relationship with the host nation is discredited or there is a negative reflection on the U.S. because of a Sailor's behavior in the local community, will not be tolerated. Such incidents will be given prompt attention and ERFCDs will be acted on immediately. Our Sailors represent not only the Navy overseas, but are also ambassadors of the U.S. Their conduct in the local civilian community must be above reproach.

3. Early Return for Cause Request (ERFCD)

a. An ERFCD will be submitted when an overseas command determines that justification exists to meet the criteria established in paragraph 1.

b. The ERFCD (Exhibit 1) is sent to the following:

For...	Message Addressee...	And...	Info...
Enlisted Members (to include FTS and non-designated SN/FN/AN)	COMNAVPERSCOM MILLINGTON TN (PERS-40/PERS-40HH)	* MCA * TYCOM	* Fleet Commander * ISIC * Last Permanent Duty Station (improper screening)

PRESCRIBED SEA TOUR (PST)/NORMAL SHORE TOUR (NST)

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4187
			COM	(901) 874-4187
			FAX	882-2693
	NAVPERSCOM (PERS-40MM)	Phone:	DSN	882-4965
			COM	(901) 874-4965
			FAX	882-2647

Exhibit	1. Sample SDCD Correction Letter
---------	----------------------------------

1. **Prescribed Sea Tour (PST)**. Sea tours are prescribed for communities as reflected in the current sea/shore rotation NAVADMIN message. Normally, the sea tour shall not exceed 5 years or be less than 3 years in duration.

a. Once members commence a sea tour, they are expected to complete the PST for the rate/rating held (or selectee rate/rating held) at time of the initial assignment to sea duty regardless of subsequent advancement (i.e., an IT3 ordered to sea duty will complete a 45-month PST, even though subsequently advanced to IT2 and reassigned to a new duty station during that sea tour).

b. Sea tours listed in latest effective NAVADMIN are subject to revision as manning considerations allow.

c. See MILPERSMAN 1306-104 for projected rotation date (PRD) changes when sea/shore rotation changes for an entire community.

d. PST for first-term personnel will be established per MILPERSMAN 1306-126.

e. Rotation for female personnel is outlined in MILPERSMAN 1306-114.

2. **Sea Duty Commencement Date (SDCD)**. A tour of sea duty starts when an individual reports to a permanent duty station (PDS) classified as sea duty (type duty code 2, 3, or 4).

a. Once the sea tour has started, the SDCD will be adjusted forward for periods of 30 days or more served in the following types of duty:

- (1) Unauthorized Absence (UA).
- (2) Duty Under Instruction (DUINS).
- (3) Temporary Duty/Temporary Additional Duty (TEM DU/TEM ADD).
- (4) Limited Duty (LIM DU).
- (5) Humanitarian Assignment (HUMS).
- (6) Separation from active Naval Service for a period of up to 3 months.
- (7) Pregnancy Tour.
- (8) Special Programs.

b. The adjustment period is computed **from** the day member departs from a sea duty command **to** the day member reports back to a sea duty command. Only full 30-day periods will be counted. For example:

DETACH DATE	REPORT DATE	TOTAL TIME SPENT	ORIGINAL SDCD	NEW SDCD
11 NOV 01	08 FEB 02	2 months, 28 days	OCT 99	(+) 2 months = DEC 99
25 FEB 02	28 MAR 02	1 month, 3 days	JAN 02	(+) 1 month = FEB 02
05 APR 99	17 SEP 00	1 year, 5 months, 13 days	DEC 97	(+) 17 months = MAY 99

c. Sea tours will be terminated upon a member's transfer to a PDS classified as shore duty (type 1 or 6), to TEM DU or TEM ADD 18 months or longer, or separation from active Naval Service for more than 3 months.

d. Historically, members reverting to enlisted status from warrant or limited duty officer (LDO) have been immediately assigned to sea duty to start the PST for their rating.

(1) Since new warrant or LDOs are initially assigned to sea duty, this will result in a double sea tour in some cases.

(2) Members reverting to enlisted status will receive consideration for sea duty served as an officer.

e. The SDCD must be recorded on NAVPERS 1070/605 (7-06), History of Assignments, in the service record. In block 2 of NAVPERS 1070/605 record SDCD (e.g., **USS NEVERSAIL (DD-101) NORVA SDCD: 99NOV**).

f. **To correct SDCD**, forward requests by E-Mail (preferred), letter, or facsimile (fax) to Navy Personnel Command (NAVPERSCOM), Distribution Management and Procedures Branch (PERS-451) using the sample format in Exhibit 1 (not required for E-Mail). For a small number of corrections, provide the same information for the member(s) shown in Exhibit 1 in the body of the E-Mail. For larger numbers of corrections, use a table or spreadsheet and attach to the E-Mail.

(1) A point of contact with E-Mail address and phone number is required on all requests.

(2) Copies of NAVPERS 1070/605 are not required, nor desired, unless specifically requested by NAVPERSCOM (PERS-451).

(3) E-Mail requests to pers451@navy.mil.
Mail/fax to:

Navy Personnel Command (PERS-451)
5720 Integrity Drive
Millington, TN 38055

Fax: (DSN) 882-2693, or
(COM) (901) 874-2693

3. **Normal Shore Tour (NST)**. NSTs are prescribed for each rate and some Navy Enlisted Classifications (NECs) as reflected in the latest effective NAVADMIN.

a. The tour length is directly affected by the ratio of sea billets to shore billets.

b. In order to provide stability and an opportunity for a reasonable period of time ashore with family and friends, a minimum normal continental United States (CONUS) shore tour of 24 months is established.

c. For first-term personnel, see MILPERSMAN 1306-126.

4. **Shore Duty Commencement Date (SHDCD)**. Tours of shore duty commence when members first report for duty at an activity designated type 1 or 6 duty, and terminate when members complete the NST for their rating, or voluntarily return to sea duty prior to completion of NST.

a. If last PDS was classified **sea duty** (type 2, 3, or 4 duty), SHDCD will be established as month and year reported.

b. If last PDS was classified **shore duty** (type 1 or 6 duty), SHDCD should already be recorded in service record and no further entry need be made. **If SHDCD is not recorded, request determination from NAVPERSCOM (PERS-451).**

c. Shore duty commencement dates will be automatically updated when the member is diaried on board; however, commands should enter newly established SHDCDs on NAVPERS 1070/605 in the enlisted service record upon the member's reporting aboard. The date should be verified once reflected in the Enlisted Distribution and Verification Report (EDVR).

d. SHDCD will be reviewed when service record is verified.

(1) In the event SHDCD cannot be determined, or it appears to be erroneous, request determination from NAVPERSCOM (PERS-451).

(2) When SHDCD is reflected in the EDVR, make entry on NAVPERS 1070/605 in the Enlisted Service Record, citing EDVR as authority. No diary entry required.

5. **Shore Duty Curtailment**. Personnel serving on a NST who desire to return to sea duty may submit NAVPERS 1306/7 (1/03), Enlisted Personnel Action Request to NAVPERSCOM via their commanding officer (CO) for shore tour curtailment.

a. Favorable consideration will be given such requests provided

(1) member is not serving in a critical billet, (i.e., MAGG, Joint Command, Company Commander, etc);

(2) member is serving on type duty classified as sea/shore code 1 or 6;

(3) non-career member agrees to obligate for at least 24 months from date of reporting on board new command;

(4) member will have completed at least 24 months onboard at transfer; and

(5) such transfer is in the best interest of the Navy.

b. Requirement of remaining on board current shore duty for 2 years will be waived on a case-by-case basis. Factors that will affect a waiver of the 2-year onboard requirement are

(1) projected manning at present duty station.

(2) sea-to-shore manning of member's rate/rating.

(3) permanent change of station (PCS) costs for member and required relief.

(4) whether or not a Secretary of the Navy Finding (SECNAV FIND) is required for a second dislocation allowance (DLA) payment within the same fiscal year.

c. Members whose approved early reassignment would create a vacancy at current activity, requiring PCS move for relief, will not normally be approved unless by command endorsement; a gapping of billet will be acceptable.

d. Members who voluntarily terminate their tour of shore duty by executing the option to return to sea, as specified in this article, will commence a new PST on reporting to their new sea command.

e. Requests for voluntary shore duty curtailment by members on recruiting duty shall be submitted by members via their chain of command to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010).

(1) Each case will be evaluated by NAVPERSCOM based upon available PCS funds and overall manning at sea in the member's rating.

(2) Upon approval, the member will be transferred to sea duty without a relief.

(3) The command will not receive a relief prior to the member's original PRD.

6. GENDETS Advance to an Aviation Rating, Sea/Shore Rotation.

GENDETS advanced to aviation ratings in activities where no billets exist will be reassigned. Upon notification of advancement, members should contact their rating detailer to determine their options. If no contact is made within 60 days, it will be assumed member is not willing to obligated service (OBLISERV) and will be assigned accordingly.

ACTIVITY TOUR UPON COMPLETION OF AN OVERSEAS DEPARTMENT OF DEFENSE (DOD) AREA TOUR

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

References	(a) DODI 1315.18 of 12 Jan 05
-------------------	-------------------------------

1. **Policy.** Members in certain ratings who have otherwise completed the required DOD area tour identified in reference (a) may still have time remaining on their Prescribed Sea Tour (PST) or Normal Shore Tour (NST). The following procedures are in effect for the reassignment of such members.

2. **Procedures for Members Completing DOD Area Tour (Type Duty Code "3" and "4").** Members who complete a DOD area tour and have time remaining on their PST will be reassigned per the following:

a. **0-6 months.**

(1) Remain on board to complete PST or longer tour.

(2) Transfer to shore duty for normal tour. Members must have, or agree to acquire, a minimum 12 months obligated service (OBLISERV) to be eligible for assignment ashore.

(3) Members who do not desire to acquire necessary OBLISERV will be extended on board to complete PST or expiration of active obligated service (EAOS), whichever is less.

b. **7-11 months.**

(1) Remain on board to complete PST or longer tour.

(2) Transfer to continental United States (CONUS) sea duty to complete 12-month minimum tour. For members with a 5-year PST, the activity tour will be 12 months or completion of PST, whichever is longer. The remaining PST may be waived by Navy Personnel Command (NAVPERSCOM), Distribution Department (PERS-4) for additional OBLISERV.

(3) Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS. If member elects a Chief of Naval Operations (CNO) Priority 2 shore assignment (i.e., recruiting, physical security, recruit division commander (RDC) billet), a waiver of up to 24 months PST will be considered.

c. 12 months or more.

(1) Remain on board to complete PST or longer tour.

(2) Transfer to CONUS sea duty with projected rotation date (PRD) established to provide 12 months at new command or to complete PST, whichever is longer.

(3) Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS. If member has less than 24 months remaining on PST, a waiver of up to 24 months will be considered if member elects a CNO Priority 2 shore assignment (i.e., recruiting, physical security, RDC billet).

d. The maximum involuntary extension for sea duty aboard a unit homeported in any overseas area will not exceed PST or EAOS, whichever is less.

e. Members whose EAOS is within 11 months after the PRD from the members' current area tour will be automatically extended to EAOS if necessary OBLISERV is not acquired for normal rotation.

f. Members assigned from overseas units (Type Duty Code "4" less Hawaii) to CONUS-based sea duty to complete their PST will be ordered for a period of 1 year or time required to complete PST, whichever is longer. Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS.

3. Procedures for Members Completing DOD Area Tour (Type Duty Code "6" less Hawaii). Members who complete a DOD area tour and have time remaining on their NST will be offered the following options:

a. 1-6 months.

(1) Remain on board to complete NST.

(2) Transfer to sea duty to start PST. Requires 12 months retainability per MILPERSMAN 1306-106.

b. **7-11 months.**

(1) Remain on board to complete NST.

(2) Transfer to sea duty to start PST. Requires 12 months retainability per MILPERSMAN 1306-106.

(3) Transfer to shore duty to complete their NST; however, in the interest of cost effectiveness this would be a move to a **fleet** concentration area where the member can expect to receive orders for follow-on assignment to sea duty. Members must have, or agree to acquire, a minimum of 12 months OBLISERV at new command to be eligible for assignment to CONUS.

c. **12 months or more.**

(1) Remain on board to complete NST.

(2) Transfer to sea duty to start PST.

(3) Transfer to another shore duty activity near a **fleet** concentration area for completion of NST.

MILPERSMAN 1306-120

COMMANDING OFFICER SHIPBOARD OPERATIONAL HOLDS (OPHOLD)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone:	DSN COM FAX	882-4428 (901) 874-4428 (901) 874-2066
---------------------------	---------------------------	--------	-------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) FLTFORCOM/NAVPERSCOMINST 1300.1A (b) OPNAVINST 1300.15A (c) 10 USC §5540 (d) DoD 7000.14-R, Financial Management Regulation Manual, Vol 7a
-------------------	---

1. **Policy.** As outlined in reference (a), an operational hold (OPHOLD) is a personnel action which impacts a member under orders from a sea duty command, serving in any type 4 duty unit (overseas sea) or type 2 duty (continental United States sea). An OPHOLD can significantly disrupt the lives of Sailors and the efficiency of the distribution system. It shall be reserved for extraordinary circumstances at sea duty commands only.

a. Commanding officers (COs) of type 2 duty units may request OPHOLD for members with orders for up to 12 months.

b. COs of type 4 duty units may request OPHOLD for members with orders for up to 2 months beyond the Department of Defense (DoD) area tour applicable to the member. Per reference (b) and on a case-by-case basis, Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) may also involuntarily extend members up to 180 days if their presence is required to meet critical and immediate operational needs.

2. Guidance

a. COs may request OPHOLD status for members in the following circumstances:

(1) When loss of the member results in or exacerbates a degradation of personnel operational capability on a type 2 or type 4 duty unit.

(2) When, in the opinion of the CO, other appropriate justification exists.

b. COs should **not** request OPHOLD in the following circumstances:

(1) If the services of the member can be spared without affecting mission accomplishment.

(2) Members may not be involuntarily extended beyond their expiration of active obligated service (EAOS) without specific approval. MILPERSMAN 1160-050 refers.

c. During the OPHOLD decision process, the member's orders will be evaluated by Commander, Navy Personnel Command (COMNAVPERSCOM) for potential cancellation.

(1) If the orders are cancelled, the member will be required to re-negotiate via [MyNavy Assignment](#) (MNA). No adjustments to the member's current projected rotation date will be made, unless directed by COMNAVPERSCOM and agreed to by the manning control authority.

(2) OPHOLDS submitted for personnel under orders issued to honor a reenlistment incentive shall note this fact and contain comment concerning the member's desire to delay, cancel, or request an alternate incentive.

d. Premium pay for being held past an EAOS, under certain conditions, which is authorized under reference (c) and implemented in MILPERSMAN 1160-050, is triggered by holding someone at an afloat command, in foreign waters, involuntarily, for operational purposes, in the public interest (as determined by the senior officer afloat), past his or her EAOS. Reference (d), chapter 1, section 010304 also gives specific eligibility criteria.

3. **OPHOLD Reporting.** COs who wish to delay execution of orders, per this article, shall request such action by message to COMNAVPERSCOM MILLINGTON TN//PERS4013// with a copy to:

- unit commander,
- type commander,
- fleet commander,
- Commander, United States Fleet Forces Command
(COMUSFLTFORCOM) NORFOLK VA
- Commander, United States Pacific Fleet (COMPACFLT) PEARL
HARBOR HI
- COMNAVPERSCOM MILLINGTON TN (appropriate detailer), and
- receiving command.

This report is to be made as soon as the necessity for an OPHOLD is determined.

a. Except in emergency situations, this report should be made at least 90 days prior to transfer month.

b. This report will indicate the month and year to which orders are requested to be delayed.

c. Request will indicate if the member is a volunteer or not.

MILPERSMAN 1306-122

PERMANENT CHANGE OF STATION (PCS) AND PERMANENT CHANGE OF ACTIVITY (PCA) MOVE DETERMINATION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	DODI 1315.18 of 12 Jan 05
-------------------	---------------------------

1. General Information

a. **Permanent Duty Station (PDS)** is defined as follows:

(1) The post of duty or official station, including a ship to which a member is assigned or attached for duty other than "temporary duty (TDY)" or "temporary additional duty (TAD)."

(2) The limits of such posts of duty or official station will be the ship, or the corporate limits of the city or town in which the member is stationed.

b. **Moves** are classified as either **permanent change of station (PCS)** or **permanent change of activity (PCA)** as defined below:

(1) **PCS:** The assignment, detail, or transfer of a member of a unit to a different PDS under competent orders that do not specify the duty as temporary nor provide for further assignment to a new PDS, or direct return to the old PDS.

(2) **PCA:** Any no-cost (zero cost) assignment, detail, or transfer of a member from one unit identification code (UIC) to another UIC within the same PDS.

2. **Classification of Moves**. Moves are further classified per their associated costs as follows:

a. **Cost PCS Move**

(1) A change of PDS for which the PCS costs exceed \$1,000.

(2) This type of move always requires the follow-on assignment of full Department of Defense (DOD) or Secretary of the Navy (SECNAV) prescribed tour length, as applicable.

b. **Low-cost PCS Move**. Any change of PDS for which the PCS costs do not exceed \$1,000. There is no requirement to adjust the original tour completion date, see reference (a).

c. **No-Cost PCA Moves**

(1) A reassignment which does not involve a change of PDS. For example, an In-Place Consecutive Overseas Tour (IPCOT) or a reassignment from the Navy Annex (Arlington) to the Pentagon (Arlington).

(2) There are no entitlements associated with PCAs, except for Consecutive Overseas Tour leave travel in the case of IPCOT.

MILPERSMAN 1306-124

TOUR EXTENSIONS AND SPLIT TOURS

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

1. **Voluntary Tour Extensions.** Members desiring to extend their current tour of duty should initiate a NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40). The request should be submitted between 9 to 12 months prior to the member's projected rotation date (PRD) and be recommended by the member's commanding officer (CO).

a. To be eligible for consideration of tour extension under the provisions of this article, personnel must

(1) not be in receipt of permanent change of station (PCS) orders.

(2) have CO's recommendation.

b. Requests from personnel serving on types 3, 4, and 6 duty must contain a statement concerning suitability for continued overseas service per MILPERSMAN 1300-300. **The suitability determination shall include family member considerations if on an accompanied tour.**

2. **Voluntary Tour Extension Approval Criteria.** Extensions will normally be granted in 12-month increments on a case basis, considering fleet/sea/shore balances for each rating. After approval of an extension by NAVPERSCOM (PERS-40), the extension will not normally be canceled unless an exceptional hardship exists.

a. Extensions of less than 12 months in length may be approved in special circumstances (e.g., to complete deployment, etc.).

b. Request for extension in current command (type 2, 3, or 4 duty) will normally be approved so long as such extension does not result in manning in excess of billets authorized in the command's manpower authorization for the member's rating.

c. Request for extension in current command (type 1 and 6) is normally not solicited nor approved, except in times of PCS constraints.

d. Non-career designated personnel must incur sufficient obligated service (OBLISERV) requirements to complete tours as extended.

e. If extension on board is not feasible due to manning in excess, member will be offered the option of transferring to another sea duty command in the same homeport/area.

f. If another command in the same homeport/area is not available, member may extend for assignment to a command in another homeport/area with the following stipulations:

(1) A minimum of 2 years OBLISERV will be required.

(2) Where en route training in excess of 4 weeks is necessary, a minimum of 2 years OBLISERV plus training time will be required.

g. To avoid the inequity that could result from an individual serving for an extended period in a preferred assignment, extensions will always be considered on a case basis.

h. Requests to extend overseas are covered in MILPERSMAN 1300-310 and 1306-300.

i. Personnel shall submit NAVPERS 1306/7 via the chain of command to request sea tour extensions.

j. Personnel submitting a NAVPERS 1306/7 request to adjust PRD to expiration of active obligated service (EAOS) with the intent to separate will have their enlisted master file record flagged.

(1) Depending on active duty time remaining, the request may be disapproved and needs of the Navy orders issued.

(2) If a request to match PRD to EAOS is received with no stated reason, it will be considered intention to separate.

3. Involuntary Tour Extensions

a. During periods of PCS funding constraints, NAVPERSCOM may be required to extend personnel involuntarily on tours in the same unit or homeport/area.

b. Maximum Department of Defense (DoD) area tour for accompanied by family member/all others will not be exceeded, except as provided per MILPERSMAN 1300-308.

4. Split Tour. **Split tours** are defined as PCS assignment between two activities in the same geographic location.

a. **Same geographic location** is defined as any PCS move for which the total expected cost, including member's travel and transportation entitlements, does not exceed \$1,000.00.

b. Any PCS move that exceeds the \$1,000.00 becomes a cost move and is considered as an assignment outside of the geographic location.

c. Except as indicated below, members may request split tour reassignments effective at any time after they have served 24 months at the same activity, and provided at least 24 months remain on their current sea or shore tour, or continental United States (CONUS) or outside continental United States (OCONUS) tour.

(1) Members whose sea or shore, CONUS or OCONUS, tour is less than 49 months may request a split tour after 24 months, if they agree to serve 24 months (regardless of prescribed sea tour/normal sea tour) at the second assignment and have sufficient obligated service to complete the 24 months.

(2) Split tour assignments will be made at no cost to the government.

5. Split Tour Eligibility Requirements

a. The following requirements must be met prior to submission of request for a split tour:

(1) Overall evaluation of no lower than 3.0 for the past 24 months.

(2) No mark below 3.0 in the past 24 months.

(3) Have a clear record, no nonjudicial punishment (NJP) during the previous 24 months.

(4) Recommended for advancement and retention.

b. Favorable consideration of the above request is contingent upon

- manning level at present command,
- availability of billet requested within the geographic location of present duty station,
- training and/or travel costs involved, and
- recommendation by the CO.

c. Eligible personnel should submit requests on NAVPERS 1306/7.

d. An approved request will be effected 5 to 7 months after receipt of request in order to program a relief.

e. Split tour assignment is contingent upon

(1) member's prior execution of NAVPERS 1070/613 (7-06), Administrative Remarks entry acknowledging the conditions of the assignment; and

(2) executing NAVPERS 1070/621 (1/00), Agreement to Extend Enlistment to acquire sufficient OBLISERV, if required, prior to transfer.

References	(a) DODI 1315.18 of 12 Jan 2005 (b) OPNAVINST 1300.17A (c) FLTFORCOM/NAVPERSCOMINST 1300.1
-------------------	--

1. **Background.** In keeping the fleet appropriately manned with quality Sailors, judicious use of permanent change of station (PCS) funds is a strategic imperative for the Navy. Sailors not willing to obligate for their next set of orders have a negative impact on overall manpower readiness, retention, and advancement opportunities for their fellow Sailors. When considering members for PCS transfer, detailers must consider time on station (TOS) and retainability requirements as prescribed by MILPERSMAN 1306-106 and references (a) and (b). MILPERSMAN 1306-106 further details that members are required to obligate service (OBLISERV) before reassignment to ensure they complete the prescribed tour, except where Department of Defense (DoD) tours are greater. In addition, waivers of OBLISERV requirements may be granted on a case-by-case-basis by Navy Personnel Command (NAVPERSCOM).

2. **Policy.** Sailors who elect not to meet the minimum (OBLISERV) requirements for their reassignment will have their enlisted master file record flagged. This includes Sailors who:

a. Submit a NAVPERS 1306/7 Enlisted Personnel Action Request to adjust projected rotation date (PRD) to match expiration of active OBLISERV, as extended (expiration of active obligated service (EAOS)/soft expiration of active obligated service (SEAOS)), stating their intention to separate. Per MILPERSMAN 1306-124, a record will also be flagged if the

request is to match PRD to EAOS/SEAOS with no stated reason listed on the NAVPERS 1306/7;

b. Submit NAVPERS 1306/7 requesting early separation;

c. Submit a NAVPERS 1306/7, message, or correspondence to their respective Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32), indicating intent to separate at EAOS/SEAOS;

d. Refuse to OBLISERV for orders. If a Sailor refuses to OBLISERV to their prescribed tour, but has sufficient contract time to meet retainability, as outlined in MILPERSMAN 1306-106, orders may be modified to complete follow-on tour assignment until EAOS.

3. **Implications.** Once a Sailor's enlisted master file record is flagged, the Sailor:

a. Forfeits his or her Career Waypoints-Reenlistment (C-WAY-REEN) application quota approval (if in receipt of one). The quota will be revoked and the Sailor will be counted as "Intends to Separate (ITS)" in C-WAY-REEN;

b. Will be issued needs of the Navy orders, if the Sailor has 12 months or more remaining between PRD and EAOS/SEAOS. In certain cases, orders may be issued to an immediate deployer despite the Sailor having less than 12 months until EAOS/SEAOS.

4. **Personnel Manning Reports (PERSMARs).** Requirements for PERSMAR submission are delineated in reference (c). When a PERSMAR is received by Navy Personnel Command's (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013), and a Sailor is listed as "Intends to Separate," in most cases, the PRD will be adjusted to the EAOS/SEAOS, and the record will be flagged for separation. However, if a Sailor is listed as "Intends to Separate," no action will be taken regarding PRD adjustment or record flag until a NAVPERS 1306/7 or signed NAVPERS 1070/613 Administrative Remarks (Page 13) is received, stating the Sailor's intent to separate. Commands are reminded that when submitting a command PERSMAR, if the Sailor is unsure or is early in his or her career, it is best to list the Sailor's career intentions on the PERSMARs as "Undecided," vice "Intends to Separate."

5. **Requirements for Removal of Record Flag/NAVPERSCOM Action.** If a Sailor later changes his or her mind and would like to remain on active duty, the following actions will take place:

a. Sailor must submit a NAVPERS 1306/7 to his or her rating detailer, requesting removal of the record flag and stating the Sailor's career intent.

b. Detailer will staff the request to NAVPERSCOM's Special Assistants Branch (PERS-4015) for review, who will then attach the original request that caused the flag and forward it to NAVPERSCOM's Special Assistant to the Director, Enlisted Distribution Division (PERS-40BB) for review.

c. NAVPERSCOM (PERS-40BB) will staff to the Career Waypoints (C-WAY) help desk at BUPERS-32 for Enlisted Community Manager (ECM) review and concurrence. Any changes made by BUPERS-32 which reset the Sailor's status in C-WAY must be annotated in the Sailors' C-WAY notes files.

d. NAVPERSCOM (PERS-40BB) will make the final decision, based on BUPERS-32's input, and will inform rating detailer and C-Way help desk of approval or disapproval.

e. If the request to delete the flag is approved and the Sailor previously had a C-WAY-REEN quota, that quota will be reinstated. If the Sailor never received a C-WAY-REEN quota, the application will be reset to compete for a reenlistment quota.

6. **Summary**

a. Requests for record flag removal will not normally be approved for Sailors within 6 months of their EAOS/SEAOS; each request for flag removal will be adjudicated on a case-by-case basis by NAVPERSCOM and BUPERS-32.

b. Chains of command and command career counselors should counsel Sailors regarding their decision to separate, utilizing career development boards (CDB), prior to any submission of notification of the Sailor's intent to NAVPERSCOM.

FIRST-TERM PERSONNEL ASSIGNMENT POLICY

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) OPNAVINST 1300.15A (b) DoD Instruction 1315.18 of 12 Jan 05 (c) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Appendix Q
-------------------	---

1. **Policy.** First-term members are those who are serving on their first enlistment contract including operative extensions (other service veterans (OSVET) and Navy veterans (NAVET) are not first termers).

a. **Members on a 3-year or less contract** will be given no more than one assignment (**exclusive of initial basic and skills training**) before their expiration of active obligated service (EAOS). If required to serve in a dependent-restricted tour overseas, they will be assigned to no more than two different geographic locations.

b. **Members on an initial enlistment of more than 3 but less than 4 years** will be given no more than one continental United States (CONUS) assignment before their EAOS following **initial basic and skills training**. The member will be issued a planned rotation date (PRD) equal to his/her prescribed sea tour (PST) for their initial assignment, unless the initial assignment is regulated by a Department of Defense (DoD) area tour. If overseas assignment is required, members shall be given no more than two assignments before their EAOS.

c. **Members on an initial enlistment of more than 4 but less than 5 years** will be given no more than two assignments in different locations before their EAOS following **initial basic and skills training**, regardless of tour length. The member will be issued a PRD equal to his/her PST for their initial

assignment unless the initial assignment is regulated by a DoD area tour.

d. **Members on an initial enlistment of more than 5 years** will not be given more than three assignments in different locations, provided one is an overseas location before their EAOS following **initial basic** and **skills training**, regardless of tour length. The member will be issued a PRD equal to his/her PST for their initial assignment unless the initial assignment is regulated by a DoD area tour.

e. **Members on their second assignment** can be ordered overseas if they have the required obligated service (OBLISERV) for the Department of Defense (DoD) area tour.

f. **Members electing to reenlist** will complete their PST at their initial assignment, unless the initial assignment is regulated by a DoD area tour or they are authorized to curtail their sea tour by negotiating through a reenlistment incentive program.

g. **Members with 6 years initial OBLISERV** assigned to a sea duty activity for their first permanent duty station (PDS) and guaranteed advanced training, will be reassigned to receive training upon completion of a special 18 to 24-month sea tour. Upon completion of training and reassignment to sea duty, sea duty commencement date and projected rotation date (PRD) adjustments (to coincide with their EAOS or completion of PST, whichever is less) should be requested by the gaining activity, per MILPERSMAN 1306-101.

h. **Professional Apprentice Career Track (PACT)** Sailors will be assigned a 24 month tour length/PRD, regardless of location or type duty of their first permanent duty station assignment, in order to align their rotation date with their contract A-school guarantee. If a PACT Sailor becomes designated during this initial 24-month assignment (via a rating examination), their PRD will be adjusted to the appropriate PST for that rating, unless the initial assignment is regulated by a DoD area tour.

2. PRD and Tour Lengths

a. CONUS

(1) Members **initially** assigned to CONUS shore duty will be assigned a 24-month tour, with the exception of those rates identified as having an INUS/OUTUS (within the continental United States/and outside the continental United States) rotation vice sea shore flow (SSF). Members will be assigned to sea duty (type 2 or 4) upon completion of an initial assignment to a 24-month shore tour.

(2) Members assigned to sea duty home ported in CONUS will be assigned a tour length to match their PST.

(a) PRD will be set to match PST.

(b) Exceptions to this rule are ships and units homeported in CONUS, but operating in an overseas area for 1 year or more. PRD will be set for a 1-year tour for these types of units.

b. Overseas

(1) Members assigned to overseas duty will be assigned a PRD of 36 months or the accompanied tour length, whichever is less, with the exception of Hospital Corpsmen (shore duty) and PACT Sailors, which will be 24 months. First-term duty in Alaska and Hawaii is 36 months unless otherwise specified. After completion of the 36-month tour, first-term members will be assigned per first-term limitations outlined in this article and reference (a) and (b).

(2) First-term members may be eligible for Overseas Tour Extension Incentive Program (OTEIP) benefits. See MILPERSMAN 1306-300 for details.

c. **Ratings without SSF.** Ratings identified as having a career path not defined by SSF will be assigned per the latest effective NAVADMIN for SSF. All outside continental United States (OCONUS) shore duty assignments must comply with DoD area tour lengths listed in reference (c).

d. **Tour length for members ordered to shore duty for their first tour will normally be for a maximum of 24 months.** With some exceptions, the assignment process goal is for first-term

members to be available for assignment to sea duty during their first enlistment.

3. **Floating Dry Dock Assignment**

a. **Four-year obligation personnel.** First 2 years of enlistment will encompass entry level training (Recruit Training Center (RTC) and "A" School) and floating dry dock duty. Last 2 years of enlistment, member will be assigned to sea duty.

b. **Three-year obligation personnel.** Member will not be detailed to floating dry dock.

4. **HM "A" School Graduates.** Members assigned an initial CONUS or OCONUS shore tour will be assigned a PRD of 24 months and sea tour PRD of 36 months.

5. **Members Under Age 18.** At no time will an enlisted member under the age of 18 be issued orders that require **reporting** to an operational command (Type Duty Code 2, 3, or 4).

a. When practical, use the training pipeline to ensure members will reach their 18th birthday before reporting (diaried aboard) to their PDS.

b. In situations where using the training pipeline will not satisfy the age requirement, assign member to Type Duty Code 1 or 6, per this article.

MILPERSMAN 1306-128

ROTATION FOR CONSTRUCTION RATING PERSONNEL

Responsible Office	NAVPERSCOM (PERS-401)	Phone:	DSN	882-3571
			COM	(901) 874-3571
			FAX	882-2716

1. **Policy**. Every Naval Mobile Construction Battalion (NMCB) or Amphibious Construction Battalion (ACB) member (Seabee) can expect to complete an isolated tour sometime during a career. Members assigned to isolated tours can expect a split sea tour by beginning a prescribed sea tour on isolated duty, and then completing a follow on sea tour, generally in a NMCB.

a. Based on the nature of Seabee assignments, occupation field 13 (OF 13) members assigned to isolated tours are no longer eligible for advanced assignment guarantee per MILPERSMAN 1306-200.

b. Personnel shall be assigned to the sea components of ACB without regard for gender.

c. Prior to reporting to either a NMCB or ACB tour, all personnel (OF 13 and non-OF 13) will be required to complete the 2-week Seabee replacement training at either the 20th Seabee Readiness Group located at Gulfport, MS or 31st Seabee Readiness Group located at Port Hueneme, CA.

MILPERSMAN 1306-130

POST-CONFINEMENT ASSIGNMENT PROCEDURES

Responsible Office	NAVPERSCOM (PERS-40)	Phone:	COM	(901) 873-5170
			FAX	(901) 873-5254

1. Policy

a. MILPERSMAN 1626-030 and 1640-060 through 1640-100 state members who are confined for 31 days or more will normally be returned to their previous duty station, and members confined while en route to a new duty station will be reassigned to another comparable duty assignment. Occasionally there will be circumstances in which the return of a released prisoner would not be in the best interest of the command or the individual.

b. In these cases commanding officers (COs) should, **at the time of confinement**, submit a message to Navy Personnel Command (NAVPERSCOM) (applicable detailer) requesting the member **not** be returned to the command. NAVPERSCOM will institute action for reassignment of the member to another comparable duty assignment. The message shall be submitted per the below guidelines:

(1) **For rated/designated members** the message shall be sent to NAVPERSCOM (applicable detailer).

(2) **For non-rated/non-designated members** the message shall be sent to NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013C).

(3) The activity where the brig is located and the local discipline/pass office which serves the brig must be information addressees to allow for proper submission of the availability report.

(4) The message must state the date the member was confined or transferred temporary duty (TEM DU) for confinement and the reason why the member should not be returned to the command, e.g., loss of security clearance, loss of Navy Enlisted Classification (NEC) qualification, morale, and/or member's return would cause high security risk of member's well-being.

2. **Type of Transfers**. Members transferred to a Naval Consolidated Brig (NAVCONBRIG) are divided into the following two separate types of transfers:

a. Members being transferred for 30 days or less, who are assigned under temporary additional duty (TAD) orders.

b. Members who are assigned for 31 days or more who are assigned under TEMDU orders.

3. **Members pending Punitive Discharge**. Chief of Naval Personnel (CHNAVPERS) may suspend a punitive discharge of members confined in NAVCONBRIGs.

a. The CO of a NAVCONBRIG will request reassignment of such member to a duty station other than the member's duty station at the time of court-martial.

b. If applicable, a reassignment request by the brig will address loss of security clearance, loss of NEC qualifications, and change in rate.

MILPERSMAN 1306-132

REASSIGNMENT OF ENLISTED PERSONNEL ASHORE - COMPLETION OF TOUR (COMPTOUR)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone	COM	(901) 874-4381
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** A completion of tour (COMPTOUR) is the reassignment of personnel prior to projected rotation date (PRD) from one shore activity to another shore activity for the purpose of resolving a critical manning situation.

a. It is used as a last resort action when manning deficiencies cannot be resolved through the normal process.

b. A nominee for this type of reassignment must be serving in the requested rate and have **12 or more months remaining until PRD.**

c. All attempts will be made to make the reassignments via no-cost permanent change of station (PCS) orders.

d. Reassignments that incur PCS costs must be effected per MILPERSMAN 1306-106.

MILPERSMAN 1306-134

ASSIGNMENT POLICY WHEN NOT IN COMPLIANCE WITH PHYSICAL READINESS STANDARDS

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	-------------------------	------------------	-----------------

References	OPNAVINST 6110.1G NAVMED P-117, Manual of the Medical Department
-------------------	---

1. **Policy**. OPNAVINST 6110.1G and NAVADMINs describe the administrative action to be taken for members who are in noncompliance with physical readiness standards.

a. Failure of physical fitness assessments will not limit assignments except when a member cannot obligate for the minimum obligated service (OBLISERV).

b. Members who are out of standards may transfer; however, assignment to certain duties (e.g., instructor, recruiting, etc.) will continue being restricted to members who are within standards. Select schools may require members to report within Body Composition Assessment (BCA) or Physical Readiness Test (PRT) standards in order to be accepted for training, or require members to be within standards to graduate. Contact community detailers or school commands for guidance. Certain communities may require members to remain within BCA or PRT standards to retain standing in that community. Contact community detailers or school command for guidance.

c. Individuals not in standards and currently under sea duty orders shall contact the medical department representative (MDR) performing the screening so that the Sailor's next command can be notified of body composition percent.

d. If individuals report at next command significantly out of body composition percent, are found unable to perform duties on platform, or MDR finds Sailor is not compatible for platform, refer to NAVMED P-117, article 15-30.

MILPERSMAN 1306-136

SECURITY LIMITATIONS FOR SURFACE NUCLEAR POWERED SHIPS

Responsible Office	NAVPERSCOM (PERS-403)	Phone: DSN	882-3636
		COM	(901) 874-3636
		FAX	882-2638

1. **Policy.** Personnel who are not United States (U.S.) citizens will not be assigned to surface nuclear powered units in commission, overhaul, or new construction with exception of personnel from the following ratings: ABE, ABH, AD, AM, AME, AMH, AMS, AS, AF, PR, PS, and CS.

a. Non-U.S. citizens shall not have access to naval nuclear propulsion information (NNPI) and nuclear propulsion plant spaces.

b. The above ratings (if assigned to an NNPI unit identification code) shall only be assigned to aircraft carriers (nuclear) (CVNs).

2. **Security Limitations for Nuclear Repair Facilities.** Personnel who are not U.S. citizens will not be assigned to nuclear repair facilities, including the repair departments of nuclear capable submarine and destroyer tenders (AS/AD).

VOLUNTARY SEA DUTY PROGRAM

Responsible Office	NAVPERSCOM (PERS-4013)	Phone:	DSN COM FAX	882-4360 (901) 874-4360 882-XXXX
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) OPNAVINST 6000.1 (b) CNO ltr 7220 Ser N13/067 of 26 Apr 13 (PDM 008-13 Sea Duty Incentive Pay Program) (NOTAL)
-------------------	---

1. **Policy**. The Voluntary Sea Duty Program (VSDP) is a voluntary program that encourages Sailors from all ratings and all pay grades to serve on Type 2/3/4 activities (subject to eligibility requirements and restrictions) to extend their enlistment in their current sea duty billet beyond their prescribed sea tour (PST), to terminate shore duty and accept new orders to a sea duty billet, or to accept back-to-back sea duty orders beyond their prescribed sea/shore flow (SSF). The sea duty assignment may be on board ships, squadrons, or other qualified sea duty assignments.

a. Sailors accepted into the VSDP will be able to defer their Career Waypoint-REENLISTMENT (C-WAY-REEN) application window to the minimum obligated service (OBLISERV) required for the orders negotiated as outlined in MILPERSMAN 1306-106. Additionally, volunteers will benefit from geographic stability, the opportunity to negotiate for choice orders, and high year tenure (HYT) waiver consideration.

2. **Policy Exceptions**. Requests for exception to this policy are to be routed via the applicable chain of command and endorsed by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) with final determinations made by Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training, and Education Policy (OPNAV N13).

3. Eligibility

a. VSDP is open to all ratings and all pay grades volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP; however, for those Sailors on shore duty beyond normal shore tour (as determined by SSF), in a limited duty status or holding a nuclear Navy enlisted classification (NEC) (33XX), and per paragraph 5 restrictions requests for VSDP will not be approved. Volunteers will be assigned to sea duty commands within the same geographic location as the current shore duty command, if available and requested. Out of area moves will be considered if the Sailor holds a critical NEC or requests a particular geographic location. Full time support Sailors will be considered for assignment to valid USN requisitions. All requests, regardless of command recommendation, will be forwarded to NAVPERSCOM, Enlisted Distribution Division (PERS-40) for disposition. Requests will be reviewed to ensure early transfers will not significantly impact the Sailor's current command. When the command does not support a request and it is determined that the Sailor's skills are in critical need in the fleet, the request will be adjudicated by NAVPERSCOM (PERS-40) after coordination with the manning control authority (MCA). Losing commands may appeal to their respective MCA via their business support office and type commander.

b. C-WAY-REEN Deferment. Sailors will not require a C-WAY-REEN application quota to execute a short term extension (STE) in order to accept orders, or extend in place under VSDP provided they meet the C-WAY-REEN criteria described below. A waiver for STE is not authorized solely to complete the original PST; at least 12 additional months of sea duty is required to use the STE waiver for VSDP. At the conclusion of the STE, a C-WAY-REEN application quota will be required to complete the PST, PCS transfer, or request to reenlist. Eligibility criteria for C-WAY-REEN deferment:

(1) No evaluation performance trait mark below 3.0 for the last 3 years;

(2) No PFA failures during the last 2 years and no more than 1 failure in the previous 4-year-period from the date of screening approval;

(3) No nonjudicial punishment during the last 2 years;

- (4) Pass sea duty screening;
- (5) Be recommended for retention and advancement; and
- (6) Must have at least 1 year remaining until their current projected rotation date (PRD).

c. HYT Waivers. Depending on rating, sea duty manning, and the impact to future advancements, HYT waivers will be considered on a case-by-case basis for enlisted Sailors volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP. The length of HYT waivers must meet, but not exceed, retainability requirements for the minimum amount of active obligated service a member must have upon arrival at a new duty station, per MILPERSMAN 1306-106, after a permanent change of station (PCS) transfer, both in continental United States (CONUS) and outside the continental United States (OCONUS). If a HYT waiver is approved for VSDP and the Sailor does not execute orders negotiated for this program for any reason, the HYT waiver will be rescinded by the Head, Enlisted Community Manager (BUPERS-32). In addition, once Sailors negotiate and accept orders or extend at sea, subsequent requests to transfer to the Fleet Reserve before the HYT waiver expires will be disapproved.

d. Servicewomen in an operational deferment status are eligible for VSDP, per reference (a), which allows Servicewomen on post-birth 12-month operational deferment to request to terminate deferment at any point after convalescent leave. Waivers will be granted on an individual basis and must include endorsements from the member, current or prospective operational command, and member's health care provider. These Sailors may execute a STE to obtain required OBLISERV for transfer (when necessary) if they return to sea duty at least 6 months early. C-WAY-REEN approval is required if the Sailor desires to reenlist.

e. Sea Duty Incentive Pay (SDIP). Sailors eligible to receive SDIP, per reference (b), are also eligible for VSDP and should request to receive SDIP in conjunction with VSDP. VSDP does not change eligibility or benefits for the SDIP Program. There are three programs associated with SDIP and are summarized as follows:

(1) Sea duty incentive pay - extension (SDIP-E) incentivizes Sailors to voluntarily extend their sea duty assignments on board their current sea duty command when assigned to ships, submarines, or aviation squadrons for rotational purposes by a minimum of 12 months and a maximum of 48 months beyond their PST.

(2) Sea duty incentive pay - back-to-back (SDIP-B) incentivizes Sailors to voluntarily extend their sea duty when assigned to a type 2/4 command for rotational purposes upon transfer to ships, submarines, or aviation squadrons by a minimum of 12 months and a maximum of 48 months beyond their PST.

(3) Sea duty incentive pay - curtailment (SDIP-C) aims at incentivizing Sailors to voluntarily curtail their shore duty assignments a minimum of 6 months prior to their original PRD and return to sea duty assignments on a ship, submarine, or at an aviation squadron for a minimum of 12 months and a maximum of 48 months beyond their PST.

Annotation of the specific SDIP Program the Sailor wishes to apply for must be included on the VSDP NAVPERS 1306/7 Enlisted Personnel Action Request. Approval for SDIP will be sent out in a separate naval message after the VSDP message of approval or disapproval. A Sailor can be approved for VSDP, but disapproved for SDIP based on specific eligibility requirements and vice versa. SDIP eligibility requirements and applications procedures are outlined in reference (b). NAVPERS 1306/7 may be accessed by using the following Web address:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

f. Department of Defense (DoD) Area Tour Considerations. Sailors serving overseas or in a DoD area tour can request to extend their current sea tour, curtail their current shore tour if they remain in the same geographical area, or request back-to-back sea duty in any area of their choice. Per MILPERSMAN 1160-040 policy regarding consecutive overseas tours remains in effect.

g. Special Warfare (SPECWAR) Considerations. Sailors assigned to SPECWAR support in any rating can request to extend their current sea tour or request a back-to-back sea tour as part of VSDP. Additionally, Sailors serving on an individual augmentation (IA) tour can request back-to-back sea duty as part

of VSDP. In both categories mentioned; however, Sailors will not be authorized to curtail their current tour as part of the VSDP.

h. Spouse Co-Location Tour Considerations. Sailors assigned together as part of spouse co-location tours are eligible for VSDP; however, a request for VSDP will be considered a cancellation of their spouse co-location requests. If both spouses wish to participate in VSDP, they should first consult with their respective detailer.

i. Shore Special Program Considerations. Sailors currently serving in a Shore Special Program, but not in a Special Programs billet, may submit a VSDP request (e.g., Sailors attached to an administration department at a school command may be eligible, but impact to the command's mission will be carefully prioritized).

4. **Procedures**. The following procedures and guidelines will be followed:

a. Desirable Orders. Sailors who have applied for VSDP will not be required to accept a billet they do not desire. Detailers will work with them during two [MyNavy Assignment \(MNA\)](#) cycles to find desirable orders. If no match is found during this time period, the current VSDP application will expire and those Sailors still interested in VSDP must reapply. VSDP orders will not be cancelled for Sailors who subsequently receive an approved reenlistment quota after VSDP orders have been negotiated.

b. In all cases where PCS orders are required, the orders will be written for the entire PST and a STE on the current enlistment will be used to meet retainability. This STE will not require a C-WAY-REEN application quota. Sailors will be required to apply for a C-WAY-REEN application quota to complete the time remaining for a full sea tour.

c. C-WAY-REEN. Sailors volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP will be allowed to apply for C-WAY-REEN authorization to OBLISERV for VSDP. Sailors in the C-WAY-REEN eligibility window who wish to apply for VSDP must have their VSDP application submitted for consideration no later than the last day of the month, 2 months prior to their final in-rate reenlistment application.

d. Geographic Stability and Negotiating of Orders. As a key component and incentive of VSDP, geographic stability and duty station preference requests will be considered by the detailers on a case-by-case basis for Sailors volunteering to curtail shore duty and return to sea, extend at-sea, or accept back-to-back sea duty orders as part of VSDP.

e. Sailors on shore duty must submit their VSDP request through their chain of command no later than 12 months prior to their PRD to ensure receipt by NAVPERSCOM (PERS-40), using NAVPERS 1306/7. Requests received by NAVPERSCOM (PERS-40) beyond that point will be returned without action. VSDP requests for Sailors who have completed less than 24 months on their current shore tour will be considered on a case-by-case basis based on orders requested and current command manning. It is desired that shore duty Sailors complete an 18 to 24 month tour at their present command prior to executing new VSDP orders; however, it is not required.

(1) Upon receipt of NAVPERS 1306/7, the rating detailer will review the Sailor's eligibility for VSDP and forward the request to NAVPERSCOM, Enlisted Placement Management Branch (PERS-4013) for adjudication. If the application is approved, the rating detailer will contact the Sailor and directly negotiate with them using the current [MNA](#) cycle's jobs. Sailors will be allowed to select from jobs currently advertised on [MNA](#), but will NOT be able to apply for the jobs in [MNA](#) due to [MNA](#) gate restrictions. The Sailor **must** coordinate their selections with their detailer. If no advertised billets in [MNA](#) interest the Sailor, and after consultation with NAVPERSCOM (PERS-4013), other non-advertised high priority jobs in the geographic area of interest may be made available for selection. If approved for VSDP and an HYT waiver is required, the member will submit an HYT request, per MILPERSMAN 1160-120, once orders have been negotiated. The HYT request shall contain the number of months requested, and duty station negotiated or length of requested extension at current sea duty command. If the application is disapproved or the Sailor is deemed ineligible, the rating detailer will inform the Sailor via official correspondence.

(2) If no agreement can be made within 2 [MNA](#) cycles, the request will be returned disapproved. If a job assignment is agreed to by all concerned, the detailer will coordinate the transfer date to optimize training opportunities and meet the requisition fill date. In all cases where PCS orders are

required, orders will be written for the entire PST and an STE on the current enlistment used to complete the retainability OBLISERV. This STE will not require a C-WAY-REEN quota. Sailors are required to apply for a C-WAY-REEN quota to complete the time remaining for a full sea tour.

f. Sailors currently on sea duty should submit requests for a back-to-back sea tour 9 to 12 months prior to their PRD. If the request is approved, they will be able to negotiate for a sea duty tour following VSDP guidelines through month 8, at which time, they must have selected a set of orders or have their request returned with no action taken on the request. If returned, they will have 1 [MNA](#) cycle to negotiate for shore duty orders. Approvals of back-to-back sea duty tours should not create a billet gap for the losing sea duty command prior to the Sailor's original PRD, unless readiness requirements for the prospective command override this consideration.

g. Sailors requesting an extension at their current sea duty command should do so prior to entering their order negotiation window not later than 9 months prior to their PRD. Requests to extend at sea may be submitted at any time during the tour provided C-WAY-REEN guidelines in paragraph 4c above are followed.

h. STE Information.

(1) STE increments outlined in MILPERSMAN 1160-040 are waived for VSDP. A C-WAY-REEN quota is not required to execute a STE in order to accept orders or extend in place beyond current PST under the VSDP Program provided applications meet eligibility requirements. A waiver for STE is not authorized solely to complete the original PST; at least 12 additional months of sea duty is required to use the STE waiver for VSDP. A C-WAY-REEN quota will be required once the member re-enters a C-WAY-REEN window for PRD or soft expiration of active obligated service. Sailors desiring to reenlist in order to obtain the required OBLISERV for VSDP must follow C-WAY-REEN procedures contained in paragraph 4c.

(2) Sailors currently in sea duty assignments must extend beyond their PST for a minimum of 12 months, but not to exceed 24 months of additional PST.

(3) Sailors terminating shore duty early to go to sea may extend for 12 months to a maximum of 36 months provided they

exactly match the minimum OBLISERV required for the orders accepted (12 months unaccompanied for type 3 duty OCONUS), 24 months for CONUS or unaccompanied OCONUS, or 36 months accompanied OCONUS (e.g., a shore-duty Sailor within 5 months of end of active obligated service (EAOS) would have to extend for 31 months to obtain OCONUS orders).

(4) Sailors who do not execute orders negotiated for this program for any reason will have their extension rescinded. Authority to execute an STE with C-WAY-REEN deferment under this program is granted only after the NAVPERS 1306/7 request has been approved by NAVPERSCOM (PERS-40) and Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32).

i. STE Limitations. STE's in support of this program are limited as follows:

(1) Enlisted contracts cannot be extended for more than 48 aggregate months;

(2) A single extension greater than 36 months is not authorized;

(3) A maximum of three extension agreements, per enlistment, are authorized if the Sailor is accepted for orders under this program. Extension agreements authorized during initial recruit enlistment contracts for 6-year obligation enlistment programs (e.g., nuclear power or advanced training programs) do not count against the three extensions authorized per enlistment contract;

(4) No extension, in any circumstance, can take a Sailor (E-5 and below) beyond 14 years of service, and Sailors must not have more than 13 years of service on the day the STE commences; and

(5) Extensions can be executed without C-WAY-REEN approval once orders have been negotiated with NAVPERSCOM (PERS-40) and the Sailor has met all eligibility C-WAY-REEN deferment requirements.

5. **Restrictions.** VSDP requests will not be approved for any of the following conditions:

a. Prior C-WAY-REEN application was denied and member was

told to separate;

b. The member is currently being processed for administration separation; and

c. The member is not selected for continuation or retention.

6. **Oversight**. NAVPERSCOM (PERS-4013) will provide VSDP Program metrics reports to OPNAV, Force Shaping Plans and Policy Branch (N132) on a monthly basis.

MILPERSMAN 1306-200

ISOLATED DUTY TOURS

Responsible Office	NAVPERSCOM (PERS-451)	Phone: DSN COM	882-4518 (901) 874-4518
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

Reference	(a) OPNAVNOTE 4600 (annual)
------------------	-----------------------------

1. **General Information.** Overseas isolated duty consists of the geographical areas noted in MILPERSMAN 1300-304 where family members are not authorized, and USNS ships (except USNS COMFORT and USNS MERCY) and units listed in reference (a).

a. Members assigned to the units identified above will be offered the option of reassignment to their previous continental United States (CONUS) duty station area, or given an advanced assignment to the next duty station area in CONUS if they complete the tour to projected rotation date (PRD) as assigned.

b. Reassignment shall be based on valid requirements and in consonance with the appropriate sea/shore rotation.

c. Enlisted members residing in government quarters in a CONUS fleet concentrated area, who elect an overseas unaccompanied tour where accompanied tours are authorized, are entitled to a home basing guarantee per this article, and may maintain residences for their families in government quarters while serving their unaccompanied tours.

d. Upon selection for an overseas isolated duty tour, members may elect from the following options, subject to eligibility for available billets:

(1) **Return to area of previous CONUS duty station.**
Members electing this option may return to the area of their previous CONUS duty station. The intent is to permit geographic stability for member's family over three assignment periods.

(2) **Choice of the top half of the current requisition.**
Members electing this option must specify a requisition and may choose an assignment for which they are eligible, or qualify for prerequisite training, from the top half of that requisition.

e. Options should be submitted via [MyNavy Assignment](#).

f. Seabees are not eligible for the above options.

g. The requisition process will provide visibility of available requirements nine months prior to the member's PRD. Detailers will be able to negotiate assignments, based on elected options, after that point.

h. Upon notification of guaranteed assignment, make the following entry on NAVPERS 1070/613 (10/81), Administrative Remarks:

"I understand that my guaranteed assignment may be canceled or changed as the needs of Navy dictate if I execute any of the following family member travel entitlements: Shipment of household goods (HHG) (except those shipped to my isolated duty station for my use); non-temporary storage of HHG (except members without family members); and receipt of with family member dislocation allowance."

OVERSEAS TOUR EXTENSION INCENTIVES PROGRAM (OTEIP)

Responsible Office	NAVPERSCOM (PERS-40CC)	Phone: DSN COM FAX	882-3550/3502 (901) 874-3550/3502 882-2647
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) 10 U.S. Code §705 (b) 37 U.S. Code §314 (c) DoD Instruction 1315.18 of October 28, 2015 (d) Joint Travel Regulations par. 7005 (e) OPNAV Instruction 4650.15B of 15 Dec 2011 (f) DFAS - DJMS Procedures Training Guide, Chapter 14 (g) Military Pay Advisory (MPA) 29/14
-------------------	--

1. **Policy.** Overseas Tour Extension Incentives Program (OTEIP) offers eligible enlisted members the opportunity to choose one of four incentive options for an extension of the Department of Defense (DoD) overseas tour length of 12 months or more.

a. The following options are available:

(1) **Option A** - \$80 per month special pay for each month during the period of the extension.

(2) **Option B** - 30 days rest and recuperation (R&R) absence during the period of extension.

(3) **Option C** - 15 days R&R absence, plus round trip transportation at Government expense from the location of the extended tour of duty to the port of debarkation in the **continental United States (CONUS)** and return during the period of extension. Members authorized OTEIP extensions longer than 12 months are entitled to receive 20 days R&R absence.

(4) **Option D** - \$2,000 lump sum payment on the first day of the 12-month extension.

b. The elected OTEIP option may not be used prior to the extension period reflected on the NAVPERSCOM authorization message or prior to member obtaining sufficient obligated service.

c. An extension overseas required for command sponsorship of family member(s) will not be used as an extension for eligibility under this program.

d. The authority and guidance for the OTEIP incentives are contained in references (a) through (g).

e. A request for extension in an overseas area need not be for the same command.

(1) An extension of at least 12 months may be granted for a new command or permanent duty station (PDS) if the new assignment satisfies the prescribed DoD tour length at the new activity.

(2) This exception is only used in conjunction with a decommissioning or billet reduction when a member is not being reassigned for a full DoD tour.

(3) In these circumstances, the extension must be for a minimum of 12 months, or the unaccompanied tour length at the new area, whichever is greater.

f. Incentive options may not be granted without receipt of approval authorization from Navy Personnel Command (NAVPERSCOM), OTEIP Manager (PERS-40CC).

g. Consecutive overseas tour (COT) leave entitlement is earned when a member is assigned to back-to-back complete DoD tours. OTEIP is earned for extensions of at least 12 months beyond the current DoD tour.

Note: Upon receipt of the OTEIP authorization message, the command should retain one copy in member's command career counselor folder, provide a copy to member, and ensure the supporting personnel support detachment (PERSUPP DET) or personnel office (PERSOFF) receives a copy with the appropriate NAVPERS 1070/613 Administrative Remarks as described in paragraph 6, below.

2. **Eligible Members.** The following enlisted members are eligible for OTEIP:

a. Members serving overseas on Type "3," "4," or "6" duty and members serving in Alaska and Hawaii on Type "2" duty. Personnel must complete the prescribed DoD area tour (accompanied for those taking dependents, unaccompanied for those who do not take dependents) before being eligible for OTEIP.

b. Members serving outside these areas on temporary additional duty (TEMADD) in excess of 179 days during any 12-month period will not be eligible for OTEIP.

c. A member assigned to a dependent-restricted tour location who extends for a minimum of 12 months beyond the prescribed DoD tour length may elect either the OTEIP or COT leave travel entitlement, not both.

3. **OTEIP Benefits for First-Termers.** First-term members assigned to an overseas PDS will be eligible for OTEIP following completion of the prescribed DoD area tour.

a. Members must complete the accompanied tour length for those with command sponsored dependents on station, or the unaccompanied tour length for single Sailors without dependents, or the unaccompanied tour length for those with dependents electing to serve an unaccompanied tour.

b. A single member assigned to Type "4" duty for a 36-month sea tour in Japan where the DoD unaccompanied tour is 24 months would be OTEIP-eligible for the third year.

c. OTEIP benefits are not automatic and must be requested.

Note: This policy is modified to include all members whose assigned tour exceeds the DoD tour length by at least 12 months.

4. **Request Procedures.** Submit requests for voluntary extensions of 12 or more months to NAVPERSCOM (PERS-40CC), not more than 18 months or less than 12 months, prior to current projected rotation date (PRD).

a. Commands may submit requests using **one** of the following methods:

(1) NAVPERS 1306/7 Enlisted Personnel Action Request, or letter signed by the commanding officer or delegated signature authority directly to the MyNavy Career Center (MNCC) at askmncc@navy.mil;

(2) or Naval message (exhibit 1).

b. Do not resubmit requests, unless a request is verified as not received by NAVPERSCOM (PERS-40CC).

c. Requests must include the following:

(1) Recommendation by the command;

(2) The specific time frame of the requested extension period or the specific time frame of OTEIP eligibility, if requesting OTEIP benefits when no PRD adjustment is needed;

(3) Member's elected option (A, B, C, or D); and

(4) Location of dependents for those members with dependents whether serving accompanied or unaccompanied.

Note: Activities must allow 30 days processing time for OTEIP request before contacting cognizant detailer for status update.

5. **Approval Factors.** Approval of OTEIP requests will be based on the following factors:

a. Current manning and priorities (needs of the Navy);

b. Need for the member at a Type "2" or "4" unit (shipboard duty), if on Type "3" duty;

c. Status of relief;

d. Timeliness of request (submission should be at least 9 months, but not more than 18 months prior to PRD); and

e. Need for member at a Chief of Naval Operations (CNO) priority billet (i.e., instructor, recruiter).

6. **Approval by NAVPERSCOM**

a. **Personnel Authorized Incentive Option A**

(1) The command must:

(a) Prepare the following NAVPERS 1070/613 utilizing Navy Standard Integrated Personnel System (NSIPS). Complete the NAVPERS 1070/613 panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION A

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option A for my overseas extension of ____ months for the period ____-____.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain signatures from the member and witness, and submit signed NAVPERS 1070/613 with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(2) The PERSUPP DET or PERSOFF must:

(a) Verify the NSIPS NAVPERS 1070/613 Administrative Remarks entry and submit NAVPERS 1070/613 to the Official Military Personnel File (OMPF).

(b) Authorize the OTEIP payment per reference (f).

b. **Personnel Authorized Incentive Option B**

(1) The command must:

(a) Authorize R&R absence and complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION B

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option B for my overseas extension of _____ months for the period ____-____.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain signatures from the member and witness, and submit signed NAVPERS 1070/613 with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(2) The PERSUPP DET or PERSOFF must verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

Note: Option B benefits may be taken during one period or incrementally at the CO's discretion. Benefits must be used during operative period of extension and may not be used in conjunction with permanent change of station transfer or separation leave.

c. **Personnel Authorized Incentive Option C.** The accounting data in the NAVPERSCOM OTEIP approval message will be provided to personnel authorized incentive Option C. In order to allow local administrative support personnel sufficient processing time, change requests to Option C should be submitted to NAVPERSCOM by using one of the following methods: BOL PAR, NAVPERS 1306/7, letter, or naval message to NAVPERSCOM (PERS-40CC) not less than 30 days prior to the proposed commencement of travel. Travel for members serving in Type "4" units electing incentive Option C will originate from and return to the unit's homeport.

(1) The command must:

(a) Authorize R&R absence, plus round trip transportation at Government expense from the location of the extended tour of duty to the CONUS port of debarkation and return during the period of extension;

(b) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION C

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option C for my overseas extension of ____ months for the period ____-____. I plan to travel during the period ____-____. I understand that no per diem, meals, or lodging are authorized in connection with this travel, and that no transportation or per diem has been authorized for dependents.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(c) Print NAVPERS 1070/613, obtain signatures from the member and witness, and submit signed NAVPERS 1070/613 with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(d) Submit order request via NSIPS, and cite the authority for R&R absence as MILPERSMAN 1306-300 upon receipt of the accounting data.

(e) Confirm TEMADD orders reflect, "Travel by Government air is directed where available; otherwise, commercial air authorized as arranged by a Navy Passenger Transportation Office (NAVPTO) or other designated direct port-call activity."

(f) Ensure leave will commence and terminate at the appropriate CONUS port of debarkation and embarkation. Free baggage allowance is two pieces of checked baggage (each piece not to exceed 62 linear inches or 70 pounds) and one "carry-on" bag (not to exceed 45 linear inches). No excess baggage is authorized.

(g) Verify return transportation is arranged prior to departure of the member from the overseas location. This may be accomplished by the overseas NAVPTO or other designated direct port-call activity.

(2) The member is entitled to transportation from the location of the extended tour of duty to the nearest port of embarkation providing travel to the United States (U.S.), then to the nearest port of debarkation in the U.S. and return.

(3) The PERSUPP DET or PERSOFF must verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

d. Personnel Authorized Incentive Option D

(1) The command must:

(a) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Subject: OVERSEAS TOUR EXTENSION INCENTIVE - OPTION D

Remarks: As authorized by MILPERSMAN 1306-300, I desire to exercise incentive Option D payment for my overseas extension of _____ months for the period _____-_____. I understand that if I fail to fully complete the 12-month overseas extension, the Government is authorized to recoup the unearned prorated portion of the lump sum payment.

Approving Officer Signature: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain signatures from the member and witness, and submit signed NAVPERS 1070/613 with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(2) The PERSUPP DET or PERSOFF must:

(a) Verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

(b) Authorize the OTEIP payment per references (f) and (g).

7. **Changing of Incentive Options.** When member is unable to take advantage of the originally elected option due to operations, schedules, or personal preference, member may request a change in elected option; take the following actions.

a. The command must

(1) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Remarks: As authorized by MILPERSMAN 1306-300, I desire to change my previously elected OTEIP option from ____ to _____. I certify that I have neither received, nor executed any portion of my previously elected option for the period of extension _____ to _____.

Member authorized change of option from ____ to ____ for period of extension from _____ to _____.

Approving Officer Signature: Enter the name and title of the approving officer (must be the CO or designee with "by direction" authority) in the appropriate blocks followed by the date the member and approving officer will sign the NAVPERS 1070/613.

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(2) Print NAVPERS 1070/613, obtain signatures from the member and witness, and submit signed NAVPERS 1070/613 with a copy of the OTEIP authorization message to the servicing PERSUPP DET or PERSOFF.

(3) Submit OTEIP change requests to NAVPERSCOM (PERS-40CC) using one of the following methods: BOL PAR, NAVPERS 1306/7, naval message, or letter signed by CO or delegated signature authority. Option change requests must indicate which option member was previously authorized, time frame of the previously authorized OTEIP period as verified by NAVPERSCOM

authorization message, which OTEIP option member now desires, and the affirmative statement certifying that the member hasn't received or executed any portion of the previously authorized OTEIP benefits.

b. The PERSUPP DET or PERSOFF must verify the NSIPS Administrative Remarks entry and submit NAVPERS 1070/613 to the OMPF.

8. Canceling Extensions

a. Cancellation requests may be submitted using one of the following methods: BOL PAR, NAVPERS 1306/7, naval message, or letter to NAVPERSCOM (PERS-40CC). Cancellation requests must include reason for the cancellation request, affirmation certifying whether or not the member has used any portion of the OTEIP benefits, CO's recommendation, and indication on whether or not a gap in the billet is acceptable.

b. Members who elect Option D and do not complete the 12-month extension must refund to the Government a prorated recoupment of the unearned portion of the benefits. Secretary of the Navy may waive the obligation of a member to reimburse the Navy if he or she determines that circumstances warrant the waiver.

(1) Waiver requests may be submitted to NAVPERSCOM (PERS-40CC) using one of the following methods: BOL PAR, NAVPERS 1306/7, naval message, or letter signed by CO or delegated signature authority.

(2) Waiver requests must include justification.

c. Every effort must be made to ensure the member uses the entitled incentive option during the operative period of extension.

(1) Incentive options involving R&R absence cannot be authorized retroactively.

(2) Retroactive monetary entitlements are payable only with authorization from NAVPERSCOM (PERS-40CC).

(3) Requests for retroactive payment must include the reason why the option was not requested or used during the eligibility period of extension.

(4) The command must:

(a) Complete the NSIPS Administrative Remarks panel as follows:

Authority: MILPERSMAN 1306-300

Permanent: Yes

Date: Select Date Prepared

Remarks: I acknowledge that I have received no benefits for the period ____ - ____ under the Overseas Tour Extension Incentives Program (OTEIP).

Approving Officer: (Signature of commanding officer or designee with "by direction" authority).

Witness Signature: Enter the name and title of the witness in the appropriate blocks followed by the date the member and witness will sign the NAVPERS 1070/613.

Member Signature: Select the date the member will sign.

(b) Print NAVPERS 1070/613, obtain the member and witness signatures, and submit it to the servicing PERSUPP DET or PERSOFF.

(5) The PERSUPP DET or PERSOFF must verify the NSIPS Administrative Remarks entry and submit the NAVPERS 1070/613 to the OMPF.

MILPERSMAN 1306-400

SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3633 (901) 874-3633 882-2638
---------------------------	--------------------------	--------	-------------------	--

1. **Purpose.** To provide information and procedures pertaining to submarine duty. For information concerning instructor duty, overseas area assignments, etc., for submarine qualified personnel refer to the applicable article for general procedures. Other MILPERSMAN articles pertaining to submarine duty are as follows:

Topic	See MILPERSMAN
Qualification for Assignment to Submarine Duty	1306-402
Request for Submarine Training and Assignment	1306-404
Reassignment of Qualified Submariners	1306-406
Performance Monitoring Team (PMT)	1306-408
Chief of the Boat	1306-410
New Construction/Overhaul (OVHL)/Depot Modernization Program (DMP)/Conversion or Deactivation/Decommissioning (DECOM)	1306-412
Special Procedures for Assignment of SSBN Personnel	1306-414
Processing of Personnel Disqualified from Submarine Duty	1306-416
Submarine NR-1 and Deep Submergence Unit (DSU) Duty	1306-418
Assignment to Flag Writer Training for Submarine Qualified Yeoman	1306-420
Assignment to Electronic Surveillance/Support (SSEP) Groom Teams	1306-422
Physical Qualifications for Submarine Duty	1306-424

2. **Initial Submarine Training.** Initial submarine training is a 5-week basic course of instruction conducted at Naval Submarine School (NAVSUBSCOL), Groton, CT.

a. The purpose of the school is to provide basic training to assist personnel of all ratings to successfully complete the transition to submarine duty.

b. Enlisted personnel who volunteer for submarine duty are normally assigned to this school prior to reporting to their first submarine.

c. Waivers of attendance at NAVSUBSCOL may only be granted by Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403), with the approval of

- Commander, Submarine Force U.S. Atlantic Fleet (COMSUBLANT), or
- Commander, Submarine Force U.S. Pacific Fleet (COMSUBPAC),

as applicable.

d. Graduates of NAVSUBSCOL are assigned to duty aboard a submarine in commission or under construction.

e. Nuclear trained personnel will not normally attend NAVSUBSCOL.

MILPERSMAN 1306-402

QUALIFICATION FOR ASSIGNMENT TO SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone: COM	(901) 874-3633

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil
-----------------------------	--	--

References	(a) SECNAVINST 5510.35D (b) NAVMED P-117, Manual of the Medical Department (MANMED) (c) SECNAVINST 5510.30C (d) SECNAVINST 5510.36B (e) COMNAVCRUITCOMINST 1130.8Q (f) MOA between U.S. DoD/U.S. Navy and Australia DOD/Royal Australian Navy (Subj: Exchange of Defense Personnel) (undated) (NOTAL) (g) 22 CFR 1
------------	--

1. **Policy.** Candidates must exhibit the highest standards of personal conduct and reliability involving the operation and maintenance of submarines. Except for nuclear-trained personnel who are otherwise screened, all personnel being initially screened for submarine duty should be evaluated using the standards of eligibility per reference (a). All requirements for Royal Australian Navy (RAN) trainees participating in the Australia, United Kingdom, and United States (AUKUS) Program (herein after "AUKUS trainees") are contained in exhibit 1.

2. **Qualification Requirements**

a. **Time.** All volunteers for submarine duty are required to complete **not less** than a 36-month initial sea tour prior to being eligible for shore duty, regardless of prior sea time. This commitment will ensure all new submariners are given adequate experience on board submarines.

b. **Required Statement**

(1) All candidates must sign the following entry on [NAVPERS 1070/613 Administrative Remarks](#) prior to transfer to submarine training:

"I hereby volunteer for duty in any type of submarine in the Atlantic or Pacific Fleet. I understand my minimum initial sea tour will be 36 months, regardless of prior sea duty. I also agree to extend my enlistment or reenlist, if necessary, to meet obligated service (OBLISERV) requirements per MILPERSMAN 1306-604."

Member's Signature

Witnessed: _____

(2) If the Service member refuses to sign this entry or is not a volunteer, hold orders in abeyance and notify Navy Personnel Command (NAVPERSCOM) Nuclear Power/Submarine Distribution Branch (PERS-403).

c. **Rate and Rating**

(1) The following criteria are required for initial training or initial assignment to submarine duty:

(a) Be in the pay grades of E-1 through E-6. Personnel in the pay grade of E7 will be considered on a case-by-case basis by PERS-403.

(b) Source ratings:

1. Hospital corpsman (HM) (Navy enlisted classification L01A)

2. Machinist's mate, non-nuclear, auxiliary (submarines) (MMA)

- 3. Culinary specialist (submarines) (CSS)
- 4. Logistics specialist (submarines) (LSS)
- 5. Yeoman (submarines) (YNS)
- 6. Electronics technician, navigation
(submarines) (ETV)
- 7. Information systems technician (network
(ITN), (electronic warfare) (ITE), and (communications) (ITR)
- 8. Torpedoman's mate (TM)
- 9. Missile technician (basic) (MT)
- 10. Fire control technician (basic) (FT)
- 11. Sonar technician (submarines) (STS)

(c) Nuclear-trained personnel:

- 1. Electronics technician, nuclear power (ETN)
- 2. Electrician's mate, nuclear power (EMN)
- 3. Machinist's mate, nuclear power (MMN)

(2) Volunteers into the advanced electronics field (MT) and submarine electronics computer field (SECF) (ETV, FT, STS) ratings must incur the OBLISERV for entry into these ratings as necessary.

(3) Personnel not currently in a submarine source rating must include a rating conversion request (lateral or Selected Conversion and Reenlistment Program) in the submarine volunteer request.

(4) Personnel in the HM rating must have completed 6 years total active service with a minimum of 2 years in the pay grade of E-5.

d. **Armed Services Vocational Aptitude Battery (ASVAB).**

Candidates must meet ASVAB criteria found in the 1306-618 Rating List on the Career Waypoints page at <https://www.mynavyhr.navy.mil/Career-Management/Career-Counseling/C-WAY/>, under the Conversion References menu.

e. **Physical.** Candidates must be physically qualified for submarine duty per reference (b), article 15-106, except as set forth herein.

(1) A physical for submarine duty must specifically state, "qualified or "not qualified" for submarine duty" in block 77 on [DD 2808 Report of Medical Examination](#).

(2) Physical examinations more than **a year** old will not be accepted.

(3) Recommendations for waiver of visual defects in excess of the standards prescribed per reference (b), article 15-106 to include defective color vision, must be forwarded to PERS-403 via Bureau of Medicine and Surgery (BUMED) Medical Operations and Plans Department (N3) for determination. This is also applicable for all borderline or questionable cases.

(4) Applicants concerned about their physical eligibility for submarine duty in this regard should consult reference (b), article 15-106. Questions should be referred to PERS-403 via BUMED Fleet Programs Division (N10F).

(5) Some activities will not have all the facilities necessary to conduct the entire submarine physical per reference (b), article 15-106. To prevent undue delay in preparing a request for submarine training, those portions of the submarine physical which cannot be performed due to lack of facilities may be noted on [DD 2808](#) and [DD 2807-1 Report of Medical History](#) and forwarded with [NAVPERS 1306/7 Enlisted Personnel Action Request](#) to askmncc@navy.mil. These portions of the physical will be performed upon arrival at Basic Enlisted Submarine School. Although not required, it is strongly recommended that an undersea medical officer reviews the physical.

f. **Age.** Personnel commencing submarine training may not be more than 30 years of age. PERS-403 will consider age waivers on a case-by-case basis.

g. **Discipline.** Candidates must have clear records that do not contain official entries indicating a conviction by court-martial or non-judicial punishment (NJP) awarded during the past 24 months. Requests for clear record waivers must be forwarded to PERS-403 and will be considered on past performance and current commanding officer's (CO's) recommendation. A single case of NJP may be waived without reference to PERS-403 when, in the opinion of the applicant's CO, the offense was minor and not typical of the Service member's projected performance profile.

h. **Security Clearance**

(1) The course of instruction taught at Basic Enlisted Submarine School requires a Confidential security clearance, and duty on board nuclear-powered submarines requires a Secret clearance. For well-motivated candidates who unquestionably meet all other eligibility requirements for submarine duty, a national agency check (NAC) request should be initiated simultaneously with submission of [NAVPERS 1306/7](#), provided an entrance national agency check has not previously been completed. If a NAC cannot be completed prior to transfer, a request for an Office of Naval Intelligence (ONI) NAVPERSCOM record check, to be used as a basis for interim clearance, must accompany the request forms. All requests for investigation must be submitted per references (c), (d), (e), and [MILPERSMAN 5510-010](#). Strict compliance with the security requirements of this article is mandatory.

(2) Personnel in the YN and ETV ratings must have had a background investigation completed in the past 5 years or have initiated a request for same.

i. **Performance.** Candidates must have a consistent record of above average performance or a demonstrated trend towards improved performance. No mark below 3.0 is allowed. This requirement is applicable to the last two regular enlisted evaluations only. Special evaluations submitted solely for the purpose of increasing performance marks to qualify for submarine duty, will not be accepted. In special cases, PERS-403 may grant waivers to this subparagraph.

j. **Drug Use**

(1) Personnel with a history of in-service drug use will **not** be accepted for submarine duty.

(2) Personnel with a history of pre-service experimental use of marijuana may be granted a waiver for submarine duty in the following situations:

(a) Disclosure is made and has been waived by the commanding officer of the respective Navy Talent Acquisition Group (NTAG) per reference (e).

(b) Any disclosure of experimental pre-service use of marijuana after enlistment can be waived **only** by PERS-403.

(c) Personnel with a history of pre-service drug misuse, other than marijuana, will not be accepted for submarine duty.

k. **Citizenship**. Only United States citizens are eligible for duty in the submarine force.

EXHIBIT 1
**Policy for Trainees of the Australia, United
Kingdom, and United States (AUKUS) Program**

1. **Policy.** The Australia (AU), United Kingdom (UK), and United States (U.S.) (AUKUS) Program is a partnership between the three countries that will provide a conventionally-armed nuclear-powered submarine force to Australia per reference (f). In support of this goal, until the Royal Australian Navy (RAN) is sovereign-ready, AUKUS trainees will be accessed into U.S. training pipelines and will serve on board U.S. submarines. AUKUS trainees will meet or exceed U.S. requirements except as noted below. For questions or waiver submissions contact Commander, Submarine Forces (COMSUBFOR) at CSL_AUKUS@us.navy.mil.

a. All AUKUS trainees will arrive in the U.S. as "finished Sailors," having already completed initial training (RAN Recruit School and any specialized training deemed appropriate by the parent nation) and meeting all medical and academic requirements for induction into their selected U.S. training pipeline. Some trainees will be prior Collins Class enlisted Sailors who are converting to nuclear submarine duty. Additionally, RAN Sailors will report to their initial U.S. training command with the appropriate level of security clearance (referred to as positive vetting (PV) or negative vetting (NV)) consistent with pipeline training requirements. At a minimum, RAN Sailors are required to have the equivalency of a Secret security clearance (NV level 1).

(1) Service members within the submarine electronics computer field (SECF) in the electronics technician, navigation (submarines) (ETV), fire control technician (basic) (FT), and sonar technician (submarines) (STS) ratings require a single scope background investigation (SSBI), equivalent to a RAN NV level 2 and or a PV.

(2) Service members in the yeoman (submarines) (YNS) rating require an SSBI, equivalent to a RAN NV level 2 and or a PV.

2. Qualification Requirements

a. Volunteer statements and minimum initial sea tour limits of subparagraphs 2a and 2b above do not apply. RAN initial sea tour lengths will be a nominal 36 months and may vary from 33-39 months.

b. Armed Services Vocational Aptitude Battery (ASVAB). AUKUS trainees will be assigned using an Australian aptitude assessment and will not complete the ASVAB.

c. Age. AUKUS trainees may commence submarine training between the ages of 18 and 55.

d. Conduct. RAN trainees will meet U.S. conduct requirements for enlistment in submarine programs per reference (e). Applicants must demonstrate maturity without emotional or mental health issues. Follow reference (e), volume IV, section 010402, subparagraph f (for character) and subparagraph g (for drug usage) to determine if a waiver is required.

e. Performance. The RAN will assess performance of potential AUKUS trainees using their own performance appraisal system.

f. Citizenship

(1) AUKUS trainees who are exclusively Australian citizens, either by birth or who are naturalized citizens and were born in any country other than those defined in reference (g), chapter I, subchapter M, part 126, section 126.1, are eligible.

(2) AUKUS trainees and immediate family members with U.S., UK, or AUS citizenship or dual citizenship with the U.S., UK, or AUS are eligible and do not require a waiver.

(3) Per reference (e), dual-citizenship is no longer disqualifying, and renunciation is no longer required provided that dual-citizenship does not include a restricted country as defined in reference (g), chapter 1, subchapter M, part 126 section 126.1. Dual citizenship of AUKUS trainees will be reported in the candidate's nomination package and will require a waiver except as outlined in

subparagraph 2f(2).

(4) AUKUS trainees with immediate family members who maintain citizenships with any countries except those outlined in subparagraph 2f(2) will be reported in the candidate's nomination package and will require a waiver.

g. **Appearance**. AUKUS trainees will wear RAN uniforms. They will follow RAN grooming standards, which closely align to U.S. grooming standards with some minor exceptions.

h. **Waiver Authority**. All waivers to the above requirements will be considered on a case-by-case basis. Waivers will be submitted to COMSUBFOR utilizing [NAVCRUIT 1133/39 Waiver Brief Sheet](#) or form as modified by COMSUBFOR and supporting documentation per reference (e).

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

1. **Submission of Requests for Submarine Training.** Enlisted personnel who meet the requirements of MILPERSMAN 1306-402 may submit their requests via their commanding officer (CO) to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) on **NAVPERS 1306/7 (5/02), Enlisted Personnel Action Request**, with current forms listed below attached:

- DD Form 2807-1 (Rev. 10-03), Report of Medical History
- DD Form 2808 (Rev. 10-05), Report of Medical Examination

a. In the "REQUEST ACTION" section of NAVPERS 1306/7, insert "INITIAL SUBMARINE TRAINING." COs shall include specific comments on factors listed in MILPERSMAN 1306-402. All applicable blocks must be completed.

b. The physical examinations cannot be older than 1 year and must state, "qualified for submarine duty."

c. Copies of the last two enlisted performance evaluations should be included.

2. **On Board for Duty.** All personnel who are on board for duty at an activity and are not in receipt of orders may apply for Enlisted Basic Submarine School.

a. With the exception of submarine candidates ordered direct from Class "A" Schools and recruit training, personnel must serve at least 1 year onboard their current activity before they can be **ordered** to Enlisted Basic Submarine School.

b. It is desirable that applications be submitted approximately 9 months early to permit ordering relief.

3. **Transient Status**

a. Members in a transient status, other than those available to NAVPERSCOM for assignment, are ineligible to apply for initial submarine training/duty until after reporting to their ultimate duty station.

b. Members awaiting assignment by NAVPERSCOM may, if qualified per MILPERSMAN 1306-402, indicate their desire for submarine training in availability reports.

4. **Attending Naval Schools**. Personnel attending naval schools in a nonreturnable status, who desire to volunteer for initial submarine training, may volunteer for initial submarine training per MILPERSMAN 1306-402.

5. **Submarine Duty Assignment**. Personnel selected for submarine training will be ordered to the Naval Submarine School (NAVSUBSCOL), Groton, CT, for the 5-week basic course of instruction. Orders to the school will read "For temporary duty under instruction and for further assignment by NAVPERSCOM to duty in submarines in the Atlantic or Pacific Fleet," or will be issued for ultimate assignment to a submarine via 5 weeks of Enlisted Basic Submarine School.

6. **Inability to Comply with Orders**. Noncompliance with orders to submarine training for any of the following reasons shall be reported as indicated:

a. **Insufficient obligated service (OBLISERV) and member refuses to extend or reenlist as necessary.** Submit message request to NAVPERSCOM (PERS-403) for cancellation of orders, with an information copy to all concerned. Include an explanation of relevant circumstances.

b. **Operational commitments or other factors preclude reporting by date specified.** Hold orders in abeyance. Request modification of the reporting date from NAVPERSCOM (PERS-403) by message, explaining the circumstances.

c. **Member no longer eligible for training because of physical or other reason.** Request cancellation of orders by message from NAVPERSCOM (PERS-403) with an information copy to all concerned. Include a brief explanation of relevant circumstances.

7. Assignment upon Graduation. During the fourth week of submarine training, students will receive their ultimate duty station orders. Graduates will be assigned to duty aboard a submarine in commission, or to a submarine under construction for a period of not less than a 36-month tour, regardless of present sea duty commencement date. This does not preclude assignment of submarine school graduates to a service school prior to initial assignment to a submarine.

8. Submarine Qualification Program. The submarine qualification program leading to the designation "Qualified in Submarines" is addressed in MILPERSMAN 1220-040.

9. Reenlistment of Submarine Qualified Navy Veterans (NAVETS). NAVPERSCOM, Enlisted Community Manager Submarine Personnel Advisory Section (PERS-4011D9) approval is required for an (SS) qualified Navy veteran (NAVET) to reenlist.

a. These personnel are screened to determine if they will be assigned within the submarine community. Personnel not screened, or disapproved for submarine duty prior to reenlistment, are assigned by the surface detailer and are not eligible for Continuous Submarine Pay (CONSUBPAY).

b. If a member was reenlisted without NAVPERSCOM (PERS-4011D9) screening and approval, member must submit a reinstatement request per MILPERSMAN 1306-416.

c. Assignment detailers are not authorized to discuss possible assignment with NAVETS until they have been screened and approved by NAVPERSCOM (PERS-4011D9) and have returned to active duty.

d. Personnel not approved for return to submarine duty are entitled to wear the Enlisted Submarine Warfare Breast Device.

MILPERSMAN 1306-406

REASSIGNMENT OF QUALIFIED SUBMARINERS

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3617
			COM	(901) 874-3617
			FAX	882-2638

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED) (b) OPNAVINST 7220.15
------------	---

1. **Policy.** Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) desires that submarine qualified members be assigned duty within the submarine force if valid manning requirements exist.

2. **Reassignment of Qualified Submariners to Submarine Duty**

a. Enlisted members serving on duty outside the submarine force will be ordered to duty within the force at their projected rotation date (PRD), provided such manning requirements exist.

b. The Job Advertising and Selection System (JASS) found at www.jass.navy.mil may be used to identify submarine duty preferences. Submarine qualified members who no longer hold an Enlisted Designator 1 (Divers, Explosive Ordnance Disposal, Sea-Air-Land, Career Recruiter, etc.) must submit NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request for reinstatement of Enlisted Designator 1 and return to submarine duty.

c. Members who converted to a non-submarine source rating (MA, NC, etc.) must include a request for lateral conversion back to a submarine source rating, and if applicable, NAVPERS 1221/6 (6/06), Navy Enlisted Classification (NEC) Change Request for assignment of submarine specific NEC. See MILPERSMAN 1306-416 for amplifying instructions on how to apply for submarine reinstatement.

3. Qualification in Submarines by Members in Non-Submarine Source Ratings

a. MILPERSMAN 1220-040 specifies the criteria to be designated "Qualified in Submarines."

b. Waivers may be granted by NAVPERSCOM (PERS-403) for members serving temporary additional duty (TAD) on board a submarine who complete the on board requirements for qualification. A request for such a waiver must include an endorsement by the submarine commanding officer (CO) and submarine type commander (TYCOM). Members approved for such a waiver will be assigned Submarine Designator 7 (SG). **NOTE: Members in this category are not entitled to Continuous Submarine Pay (CONSUBPAY).**

4. Return to Submarine Duty following Limited Duty (LIMDU).

Non-nuclear trained submarine designated members on LIMDU, found fit for full duty by a Physical Evaluation Board (PEB), require further medical screening per reference (a), article 18 to ensure the member is qualified for submarine duty.

a. Prior to submitting a class "YJ" Availability Report the member's medical record must be screened by an Undersea Medical Officer to verify physical qualification per MILPERSMAN 1306-1200 through 1306-1210. The doctor's name and the statement "found physically qualified for submarine duty" must appear in the remarks section of the YJ Availability Report. A class "YJ" Availability Report submitted without this information will be canceled. If an Undersea Medical Officer is not available, a submarine physical must be completed per reference (a), article 15.

b. Nuclear trained submarine members are addressed separately in MILPERSMAN 1306-1206.

5. Transfer out of the Submarine Force. Members approved for permanent transfer to a community outside the submarine force, or assigned a rating or NEC which is non-submarine specific (i.e., HM training, Career Recruiter Force, Second Class Diver training, etc.), will be assigned Submarine Designator 7 (SG).

a. This entitles the member to wear the submarine warfare breast insignia, but member is no longer eligible for CONSUBPAY. The assignment of Submarine Designator 7 (SG) is made effective the date of the rating change or NEC assignment.

b. If a member requests release from the non-submarine community and desires to return to submarine duty, member must include a request for reinstatement to the submarine force.

c. Reinstatement to submarine duty for these members is not automatic and is approved only by NAVPERSCOM (PERS-403); or for HM Submarine Independent Duty Corpsman (IDC), NAVPERSCOM (PERS-403) and Chief of Naval Operations (CNO), Nuclear Enlisted Program Manager (N133D).

6. **Maximum Tour Length away from Submarine Duty.** Reference (b) allows submarine designated members to draw CONSUBPAY while not serving on board a submarine if they maintain an obligated service (OBLISERV) of 14 months beyond the non-submarine duty PRD (if otherwise eligible), in order for the member to rotate back to submarine duty.

a. The intent of this requirement is that submarine qualified members return to submarine duty on a normal sea/shore rotation throughout their career.

b. Members who remain away from submarine duty for more than 5 years maximum, by virtue of an additional non-submarine tour of duty or PRD extension, will be screened by NAVPERSCOM (PERS-403) prior to returning to submarine duty.

c. Members who elect to remain on non-submarine duty will be assigned Submarine Designator 5 (SQ). This entitles a member to continue to wear the enlisted submarine warfare breast insignia, but member is no longer entitled to CONSUBPAY and is not to be assigned to submarine duty without NAVPERSCOM (PERS-403) approval.

MILPERSMAN 1306-408

PERFORMANCE MONITORING TEAM (PMT)

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. **Purpose.** To provide information and guidance for submission of request for assignment to Performance Monitoring Team (PMT).

2. **Background.** PMTs, formerly Ship System Maintenance Monitoring Support Detachments, were established in the early 1970s to assist in development and operation of the SSBN Extended Operating Cycle and the accompanying Extended Refit Period. Because this concept proved so successful, additional detachments have been established to support SSN submarines. All detachments have been redesignated as PMTs. PMTs are located at all submarine homeports.

3. **Tour Length**

a. **Non-nuclear personnel.** Due to technical expertise and close contact with civilian technical engineers, PMT tours for non-nuclear personnel will be 36 months. For sea/shore duty determination, the tour will be the same as for the corresponding submarine staff.

b. **Nuclear personnel.** They will be assigned to a 36-month PMT tour in the continental United States (CONUS) to count as shore duty for rotation. Upon completion, they will be reassigned to an operational nuclear powered ship for the prescribed sea tour.

4. **Eligibility Requirements.** Members requesting assignment to a PMT must be eligible for the type duty at the location requested.

a. Nuclear trained personnel must complete a minimum of 48 months at sea in an operational billet prior to assignment and be Engineering Watch Supervisor qualified.

b. Due to the nature of the evaluation and data collection procedures used in a PMT, members in paygrades below those of MILPERSMAN 1306-408 will not normally be assigned to a PMT.

c. All members requesting assignment to a PMT should be of high professional quality and adept at communicating effectively with both civilian and military personnel. Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) will screen each volunteer prior to assignment.

5. **Submission of Requests**. The applicant should arrange an interview with an officer in charge (OIC) of a PMT whenever possible. In conjunction with the interview, requests should be submitted to the member's respective detailee on NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request, approximately 9 months prior to member's projected rotation date (PRD).

MILPERSMAN 1306-410

CHIEF OF THE BOAT

Responsible Office	NAVPERSCOM (PERS-403)	Phone: DSN COM	882-3626 (901) 874-3626
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) NAVPERS 18068F, Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications (b) OPNAVINST 1306.2H
------------	--

1. Policy

a. Chief of the boat (COB) is assigned by billet and identified by Navy enlisted classification (NEC) 8COB in line with reference (a).

b. COB tour lengths are normally 36 months. Extensions are not normally approved, except for special cases such as overhaul and change of homeport stability.

2. Eligibility. Personnel to fill COB billets are Service members who hold secondary NEC 8COB.

a. **Submarine Service members** must be E-9, E-8 or E-8 (selectee) to be eligible for this NEC.

b. **Nuclear-Trained Service Members:**

(1) Assigned to a COB billet must be E-9, or if E-8, must be eligible for transfer to the Fleet Reserve.

(2) Who are assigned COB will not be assigned duties in connection with supervision, operation, maintenance or training in nuclear propulsion plants; they will concurrently be assigned primary NEC N59X. Strategic Weapons System Service members assigned as COB will concurrently be assigned primary NEC T36A.

3. **Identification/Selection.** Commanders and commanding officers are responsible for identifying outstanding Service members, who have demonstrated excellence in leadership and managerial qualities, for assignment of COB NEC 8COB.

a. Upon initial selection of an eligible candidate, commanders and commanding officers will submit [NAVPERS 1221/6](#), Navy Enlisted Classification (NEC) Change Request, recommending assignment of secondary NEC 8COB:

Via	To	Copy to
Parent submarine group/squadron commander Note: For shore-based activities, NAVPERS 1221/6 should be submitted via the submarine group/squadron commander geographically located nearest the Service member's current command	Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Distribution Branch (PERS-403)	Commander, Submarine Force U.S. Atlantic Fleet (00A) or Commander, Submarine Force U.S. Pacific Fleet (003) (as appropriate) NAVPERSCOM, Enlisted Placement Management Branch (PERS-4013)

b. Justification is required on [NAVPERS 1221/6](#). [NAVPERS 1221/6](#), block 7, is the commanding officer's recommendation of suitability, which verifies the Service member meets the selection requirements outlined in reference (b), chapter 3 and [MILPERSMAN 1306-935](#) for assignment as command master chief (CMC).

c. A statement is required that affirms the Service member is a volunteer for assignment as COB, in line with the needs of the Navy, on [NAVPERS 1070/613](#), Administrative Remarks (permanent entry), executed via Navy Standard Integrated System (NSIPS) (enlisted service record), and forwarded to Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) to file into the official military personnel file.

4. **Interview, Screening, and Assignment**

a. The submarine group/squadron commander will form an interview and screening board, which should include the CMC and two currently serving COBs.

b. The board will conduct the required interviews and screening and forward a recommendation for the submarine group or squadron commander's recommendation and comments.

c. The group or squadron commander will subsequently forward the endorsed [NAVPERS 1221/6](#) to PERS-403.

d. NAVPERSCOM COB/Submarine CMC Detailer (PERS-403EH) will formally screen each recommendation and [NAVPERS 1221/6](#) by reviewing the Service member's service record and enlisted master file, and the Navy Central Registry to certify the Service member meets all qualifications listed in reference (b), section c.

e. Coordination with submarine type commands (TYCOM) attempt to align prospective COBs to available billets. However, Service members should expect to be assigned per balancing needs of the Navy with COB assignment. Qualified Service members are eligible for assignment to a COB billet once released by their rating detailer. However, assignment to a COB billet is not assured.

f. The COB candidate will attend the COB/CMC Course (CDP 788J) at the Naval Leadership and Ethics Center (NLEC) Newport, RI prior to reporting to initial COB assignment.

g. Upon assignment as COB, reference (b), chapters 3, 4, 5 and 7 apply.

h. Upon completion of the COB/CMC Course and reporting to and being gained at the prospective command, PERS-403EH will assign NEC 8COB.

5. **Projected Loss**. Since COB reliefs are programmed approximately 6 to 9 months in advance, it is essential that PERS-403EH be advised of the command's intentions and those of the incumbent COB. The following procedures must be utilized to minimize the possibility of gapping this critical billet.

a. If incumbent COBs desire to extend their projected rotation date on board, they must submit [NAVPERS 1306/7](#), Electronic Personnel Action Request, with the command's endorsement, to PERS-403, via the appropriate chain of command.

b. If an early relief from PERS-403EH assets is desired or required, a message or letter must be submitted per [MILPERSMAN 1306-104](#). Ensure desired reporting date is included.

c. Extensions of COB tours require TYCOM approval.

d. Fleet-up to COB from on-board assets will not be approved. Should the unplanned loss of the incumbent COB necessitate a temporary fleet-up of an on-board asset while a permanent replacement is being located, approval of the TYCOM is required.

e. Whichever procedure is elected, prompt correspondence with PERS-403 is essential to facilitate an orderly and timely relief.

6. **Removal of COB Designation NEC 8COB**

a. In the event it becomes necessary to disqualify a Service member from further duty as COB (either for administrative or other reasons), the commanding officer must submit [NAVPERS 1221/6](#) recommending removal of NEC 8COB to PERS-403EH, via the parent submarine group/squadron commander and TYCOM, together with justification to support NEC removal.

b. In the event NEC removal is derogatory in nature, Service members will be afforded an opportunity to make a statement on their own behalf.

(1) This statement will be appended to [NAVPERS 1221/6](#).

(2) In lieu thereof, Service member may signify acknowledgment on [NAVPERS 1221/6](#), block 7.

(3) Removal of a serving COB's NEC requires submission of a "Detachment for Cause" request per [MILPERSMAN 1616-010](#).

MILPERSMAN 1306-412

NEW CONSTRUCTION, OVERHAUL (OVHL), DEPOT MODERNIZATION PERIOD (DMP), CONVERSION, DEACTIVATION, OR DECOMMISSIONING (DECOM)

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1 (b) DoD 7000.14-R, Financial Management Regulations, Military Pay Policy and Procedures-Active Duty and Reserve Pay, Volume 7A (c) COMSUBLANT/COMSUBPACINST 1306.1B
-------------------	---

1. Policy

a. Members will be ordered to crews of nuclear-powered submarines under construction and to ship, submersible, ballistic, nuclear (SSBNs) undergoing overhaul (OVHL) in two or more discrete increments.

b. Certain crew members of submarines under construction or OVHL should be stabilized to ensure the submarine commences the construction or OVHL with an adequate number of members who will remain on board throughout the shipyard period and a reasonable period thereafter to provide necessary continuity and a training base for members reporting later in the construction or OVHL period. Members who are stabilized will commence rotation off the ship per the following schedule:

(1) **Ship, Submersible, Nuclear (SSN) New Construction:**
Twelve months after commissioning date.

(2) **SSBN Trident New Construction:** Eighteen months after commissioning date.

(3) **SSN OVHL:** Twelve months after OVHL completion.

(4) **SSBN (All) OVHL:** Thirteen months after OVHL completion.

2. **References.** Commanding officers (COs) and executive officers of new construction, OVHL, depot modernization period (DMP), conversion, deactivation, or decommissioning (DECOM) units should review this article for specific requirements. The following additional references should also be reviewed:

Topic	Reference
Member's travel and or per diem	Reference (a), volume 1, chapters 4 & 5
Family member(s) travel	Reference (a), volume 1, chapter 5, part C
Transportation of household goods	Reference (a), volume 1, chapter 5, part D
Dislocation allowance	Reference (a), volume 1, chapter 5, part G
Trailer allowance	Reference (a), volume 1, chapter 5, part F
Family separation allowance	Reference (b), volume 7A, part 3
Manning requirements	Reference (c)

3. **Manning Procedures for New Construction Submarines.** Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignments Branch (PERS-403) will exercise assignment and manning control for all enlisted manning requirements, with the exception of non-designated seaman (SN) and fireman (FN), until manning control is shifted to NAVPERSCOM, Enlisted Placement Management Branch (PERS-4013) at commissioning. Thereafter, manning requirements will be handled in the normal fashion by the designated manning control authority (MCA).

a. **Filling Requirements.** Enlisted manning requirements for new construction submarines will be filled by volunteers and other eligible members who become available for assignment from sea or shore activities in the appropriate time frame.

b. **Nominating Additional Members.** When these sources are exhausted, the gaining MCA will be required to nominate additional members from the MCA's assets to complete the manning. NAVPERSCOM (PERS-403) will issue a modified personnel deficiency report to NAVPERSCOM (PERS-4013) with a copy to the

gaining MCA, type commander (TYCOM), and present immediate superior in command (ISIC).

c. **Screening.** All rated members and designated SN and FN volunteers or nominees for assignment to new construction submarines will be screened per this article and approved by NAVPERSCOM (PERS-403) prior to issuance of orders.

d. **NAVPERSCOM (PERS-4013) Responsibility.** NAVPERSCOM (PERS-4013) will ascertain eligibility and issue assignment directives for non-designated SN and FN.

e. **Control Arrival at Submarines.** To provide for efficient utilization of critical, highly trained and skilled manpower, NAVPERSCOM (PERS-403) will ensure that members do not arrive at the submarines significantly earlier than when they can be effectively utilized.

f. **Modify Manning Directives.** The status of the submarines will be monitored by NAVPERSCOM (PERS-403), and manning directives will be modified as dictated by changes in the construction schedule.

g. **Issue Manning Directives.** To provide timely manning for submarines, NAVPERSCOM (PERS-403) will issue manning directives to NAVPERSCOM (PERS-4013) per the following schedule:

(1) **Twelve Months Prior to First Increment Manning Date.** NAVPERSCOM (PERS-403), along with submarine TYCOMs, will issue manning directives for new construction submarines to the MCA and NAVPERSCOM (PERS-4013).

(2) **Nine Months Prior to Reporting Date for Each Increment.** NAVPERSCOM (PERS-4013) will ensure manning requirements reflect in the personnel requisition.

(3) **Six Months Prior to the Reporting Date for Each Increment.** NAVPERSCOM (PERS-403) will identify all members who have been approved for assignment. Should NAVPERSCOM (PERS-403) exhaust all options to identify qualified members to meet requirements, NAVPERSCOM (PERS-4013) will be tasked to initiate action to obtain additional qualified members to fill remaining requirements.

(4) **Four Months Prior to the Reporting Date for Each Increment.** NAVPERSCOM (PERS-403) will issue assignment

directives for members who have been approved for assignment utilizing requisition numbers from the personnel requisition.

(5) Thereafter, assignment directives will be issued as additional members are identified.

(6) When manning the precommissioning unit is complete, in conjunction with the commissioning of the submarine, NAVPERSCOM (PERS-403) will notify (PERS-4013,) and the MCA will be shifted to the respective fleet commander effective upon the date of commissioning.

4. Engineering Department Manning

a. The first increment engineering department allowance of each new construction nuclear submarine will be filled with a majority of sea-experienced nuclear propulsion plant operators.

b. The reporting date for these members is keyed to propulsion plant construction events. The remaining nuclear propulsion plant operators will report at a later increment date.

5. Members Approaching Fleet Reserve Eligibility. Members with more than 17 years active service (as of their tentative reporting date to a new construction submarine) who are volunteers for this duty must be required to execute the following (permanent or temporary) NAVPERS 1070/613 Administrative Remarks entry within the Navy Standard Integrated Personnel System electronic service record, and forward a copy with their request for this duty:

"If selected for new construction submarine duty in a ship with a reporting date of _____, I agree to remain on active duty until 12 months (18 months for a Trident submarine) subsequent to the commissioning date of the submarine to which I am assigned."

Member's Signature

Witnessed: _____
C. J. WIRTZ
LCDR, USN, Personnel Officer

6. **Establishing or Adjusting Projected Rotation Dates (PRD).**

While every command should establish a comprehensive PRD management plan, the following guidelines are provided:

a. **New Construction Submarines.** Members must understand they will be required to remain ordered to crews of nuclear powered submarines under construction on board for the following:

(1) **SSN New Construction:** Twelve months after commissioning.

(2) **SSBN New Construction:** Eighteen months after commissioning.

b. **OVHL, DMP, and Conversion Submarines**

(1) Members ordered to a submarine undergoing OVHL, DMP, or conversion will normally be assigned for at least 24 months.

(2) PRDs should thereafter be adjusted to reflect at least 12 months on board after completion for an SSN and 13 months after completion for an SSBN.

(3) Since a submarine may be delayed in construction or completing a shipyard period, COs should establish a department or division rotational plan to ensure an equitable portion of the crew rotates at any one time during and after the shipyard period.

c. As discussed further in this article, the CO will submit a letter to NAVPERSCOM (PERS-403) with an enclosure to include a personnel manning status which will recommend PRDs for all enlisted members attached to the unit. The forwarding cover letter should contain the "in service" date.

7. **Submission of Requests by Nuclear-Trained Members for Assignment to New Construction Submarines.** Except for a small number of prototype graduates ordered directly to new construction duty, nuclear-trained members must complete at least 12 months in an operational nuclear billet prior to being ordered to new construction duty.

a. Members who are sea-experienced should have qualified for watch stations which are commensurate with their rate and Navy enlisted classification (NEC).

b. In addition to meeting the minimum requirements for new construction set forth in this article, nominations will be reviewed in light of the billet for which recommended and the records of members already accepted for that billet.

c. Normally, members awaiting a Selective Training and Reenlistment (STAR) or other reenlistment benefit will not receive that benefit until at least 12 months after commissioning (18 months for SSBNs).

d. Obligated service (OBLISERV) requirements associated with a particular benefit must still be met when the member ultimately resubmits a request for the benefit that was previously guaranteed as a reenlistment incentive.

e. COs are requested to furnish NAVPERSCOM with the following information with respect to each nominee:

(1) Extent of watch qualifications attained.

(2) Certified copies of the last two evaluations on NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1/E-6).

(3) Whether STAR or other reenlistment benefit is pending and whether candidate is willing to defer it (if applicable).

8. **Submission of Requests from Non-Nuclear-Trained Members for Assignment to New Construction Submarines.** Petty officers and designated strikers who meet the qualifications of this article may submit their requests using NAVPERS 1306/7 Enlisted Personnel Action Request to NAVPERSCOM (PERS-403). Requests from non-designated SN and FN members must be forwarded to NAVPERSCOM (PERS-403) via the CO. In the requested action section, insert "NEW CONSTRUCTION SUBMARINES." A non-career applicant must indicate his willingness to extend his enlistment or reenlist (if necessary) to obtain the **required OBLISERV of 24 months or meet OBLISERV required by this article, whichever is longer.** When extensions are executed, insert the following in the reason block of NAVPERS 1070/621 Agreement to Extend Enlistment: **"New Construction Manning."**

a. **Previous Assignment Benefits**

(1) Members awaiting STAR or reenlistment assignment benefits must indicate in writing they are willing to waive or delay such assignment benefits until they have been onboard 12 months after commissioning or 18 months for Trident submarines.

(2) OBLISERV requirements associated with a particular benefit must be met when the member ultimately resubmits a request for the benefits, which were previously guaranteed as a STAR and other reenlistment incentive.

b. **Additional Information on Requests.** In the CO's comments and recommendations section of NAVPERS 1306/7, the CO must provide complete information on the items listed below plus any other relevant comments desired:

(1) Security clearance.

(2) Special training (service schools attended and completion dates of each).

(3) Extent of watch qualifications attained.

9. **Training En Route to New Construction Crews**

a. **Categories.** En route training requirements for members assigned to the precommissioning crew of a submarine completing construction are classified in distinct categories as follows:

(1) **NEC Training:** Courses of instruction that assign a specific NEC upon completion of training which is required to meet the skill requirements specified in the unit's manpower authorization.

(2) **Factory Training:** Courses of instruction on maintenance and operation of new systems and equipment which are taught only by contractor personnel and which may or may not yield an NEC upon completion. Members will only receive this training en route if class convening dates are available prior to increment manning dates.

(3) **Precommissioning Training:** Non-NEC producing courses of instruction available at fleet training centers (FTCs) which are required to meet designated TYCOM requirements; such as firefighting, damage control, refresher training, personnel qualification standards, and human resource management.

(4) **Non-NEC Producing Maintenance, Operator, and Team Training:** Courses of instruction on maintenance and operation of systems and equipment which are taught in Navy FTCs and do not assign the member an NEC upon completion of training.

b. **Assignment to En Route Training Pipeline.** To ensure effective management of permanent change of station (PCS) funds (military personnel, Navy), temporary duty under instruction (TEMDUINS) funds (training less than 20 weeks), and per diem funds (operations and maintenance, Navy), the following pertains to the assignment of members to the en route training pipeline:

(1) NAVPERSCOM assumes the responsibility for primary NEC training and factory training for equipment and systems to be installed on new construction submarines. With the exception of nuclear-power-trained members, some civilian factory training class convening dates are not available prior to established increment manning dates. Rather than gap those billets, NAVPERSCOM (PERS-403) will directly transfer the member to the new construction submarine, and the member will attend that training on a temporary additional duty (TAD) basis. Precommissioning units should closely monitor and liaise with their TYCOM and ISIC to ensure those members receive training as soon as practical.

(2) NAVPERSCOM (PERS-403) will not normally include non-NEC producing maintenance, operator, and team training TEMDUINS assignments in PCS orders. It is assumed this training will be accomplished on a TAD basis (funded by appropriate TYCOM or warfare sponsor) after member's arrival at the permanent duty station; however, in the case of submarines completing construction, non-NEC producing operator and maintenance training may be provided for members assigned to precommissioning crews on an individual case basis. This will be done if it can be reasonably determined that the member concerned has not previously had this training or received on-the-job instruction in these systems.

10. **Qualifications to be Met Prior to Transfer to New Construction**

a. **Disciplinary Record.** The transferring command will conduct a records review of enlisted members ordered to ships under construction to ensure no prior conviction by court-martial or nonjudicial punishment, and no civil violation other than minor traffic offenses for the previous 12 months.

b. **Minimum Requirements.** The following minimum requirements must be met:

(1) No indebtedness problem of a serious or chronic nature (i.e., the receipt of more than one letter regarding a delinquent account).

(2) No history of instability or serious health problems of a probable recurrent nature during the past 12 months.

(3) No evaluation or fitness report mark below 3.0 in any category for the past 12 months.

(4) For members who have received significant training en route to a new construction unit, a minor deviation from the above standards while undergoing training will not normally result in cancellation of orders to the new construction ship.

c. **OBLISERV.** COs must notify NAVPERSCOM (PERS-403), within 10 days of receipt of the assignment directive, if the member does not desire to acquire OBLISERV for such assignment.

d. **Disqualification.** If a member fails to meet any of the above minimum requirements, COs must notify the appropriate assignment control authority (ACA) and NAVPERSCOM (PERS-403) within 10 days of receipt of the assignment directive of the specific disqualifying factors and hold the assignment directive in abeyance pending direction from the ACA.

e. **Disqualification Waivers**

(1) A waiver of disqualifying criteria may be requested from the appropriate ACA, if recommended by the CO.

(2) In other cases where critical skill areas are involved, the ACA may waive disqualifying criteria.

11. **Procedures for Splitting New Construction SSBN Crews.**

The following procedures will be followed in determining the split of the new construction crew members for assignment of either **blue** or **gold** crews upon commissioning of the submarine.

a. **Unique Situations.** While each member assigned to a new construction SSBN is issued orders to a certain crew, there may develop situations that require moving a few members to the other crew.

b. **Six Months Prior to Scheduled Commissioning of an SSBN.** Both COs will ensure the following is received by NAVPERSCOM (PERS-403):

(1) **Forward Letter.** An SSBN manning letter using the format contained in exhibit 1 for both blue and gold crews. This letter must be forwarded via the submarine group (SUBGRU) Commander and NAVPERSCOM (PERS-4013) with a copy to the parent TYCOM.

(2) **Recommend PRD.** A PRD will be recommended for each member assigned. Equitable distribution of members between both crews by pay grades and experience must be considered. Three principal assignment constraints should be observed in the recommendation of PRDs:

(a) Members must have completed a minimum 24-month activity tour.

(b) PRDs must conform to the patrol schedule (PRD month in which the 15th day subsequent to exchange of command date falls).

(c) Recommended PRD may not exceed the maximum sea tour (5 years), unless the affected member has signed NAVPERS 1070/613 entry volunteering to extend his sea tour (as required).

c. **Issue Orders.** PCS orders will be issued by NAVPERSCOM (PERS-403) for every enlisted member assigned prior to commissioning of the SSBN.

d. **Moving Members and Families.** Trident submarines **will not** move members and families from new construction location to established homeport on "homeport change certificates."

12. **Procedures for New Construction SSN Crews.** The following action will be completed by the CO of new construction SSNs.

a. **Six Months Prior to the Scheduled Commissioning of an SSN.** The CO will ensure the SSN manning letter, using the format in exhibit 1, is forwarded to NAVPERSCOM (PERS-403) via the parent ISIC and NAVPERSCOM (PERS-4013). The ISIC should ensure a copy is forwarded to the parent SUBGRU and TYCOM at that time.

b. **Recommend PRD.** A PRD will be recommended for each member assigned utilizing the following three principal assignment constraints:

(1) Members must have completed a minimum of 24 months.

(2) PRDs should support the ship's schedule as known at that time.

(3) Recommended PRD may not exceed the maximum sea tour (5 years), unless the affected member has signed NAVPERS 1070/613 entry volunteering to extend his sea tour (as required).

c. **Two Months Prior to the Scheduled Commissioning of the SSN.** The following actions should occur:

(1) NAVPERSCOM will reply to the SSN manning letter. Included in this reply will be PRD adjustments and deviations with an explanation, should a requested PRD be disapproved.

(2) PCS orders will be issued by NAVPERSCOM (PERS-403) for every enlisted member assigned prior to commissioning of the SSBN.

13. **Special Procedures for SSN OVHL and DMP.** To the maximum extent possible, members selected for assignment to an SSN OVHL or DMP should have sufficient OBLISERV to complete the shipyard period, plus 12 months thereafter.

a. **Rotate Personnel.** The CO of the OVHL or DMP period should plan to rotate some members during the shipyard period to avoid high personnel turnover at the completion of the OVHL or DMP.

b. **Pending STAR and Selective Conversion and Reenlistment (SCORE) Benefits.** Members with pending STAR and SCORE benefits should not be assigned to OVHL and DMP if such assignment will cause an undue delay in receiving their benefits and the members are unwilling to accept such a delay.

c. **Fifteen Months Prior to the DMP or 13 Months Prior to the OVHL Commencement Date.** The following actions should occur:

(1) TYCOM should request augment billets be assigned to the unit by the MCA.

(2) NAVPERSCOM (PERS-4013) should ensure the necessary requisitions are in place to reflect the detailee's 9-month requisitions.

d. **Six Months Prior to the OVHL or DMP Commencement Date.** SSN CO must ensure a letter recommending OVHL and DMP crew makeup is received at NAVPERSCOM (PERS-403) via parent SUBGRU commander and NAVPERSCOM (PERS-4013) with a copy to the parent TYCOM.

(1) As an enclosure to this letter, use exhibit 1 that will list every billet, including the additional OVHL and DMP augment billets listed in reference (c).

(2) When submitting this letter, nominate non-selectees for a pre-OVHL and DMP PRD which is consistent with the ship's present schedule and which will either coincide with their end of active OBLISERV or permit completion of 24 months for those members upon their reassignment.

e. **Response.** NAVPERSCOM (PERS-403) and NAVPERSCOM (PERS-4013) for non-designated SN and FNs will reply to this letter indicating members who will remain aboard for OVHL or DMP and will adjust recommended PRDs (as appropriate).

f. **Augments**

(1) Augment members must be ordered to report 6 months prior to commencement for SSN OVHL or 4 months prior to commencement of DMP.

(2) The OVHL or DMP executive officer should maintain liaison with NAVPERSCOM (PERS-403) OVHL or DMP coordinator to ensure augment members are identified.

14. **Procedures for SSBN Deactivation and DECOM.** The DECOM crew of an SSBN is comprised of selected members from the pre-DECOM blue and gold crews.

a. **OBLISERV.** To the maximum extent possible, members selected for assignment to a DECOM should have sufficient OBLISERV to complete the period of the DECOM.

b. **Pending STAR and SCORE Benefits.** The members with pending STAR and SCORE benefits should not be assigned to the DECOM period if such assignment will cause undue delay in receiving their benefits and the members are unwilling to accept such a delay.

c. **Ten Months Prior to DECOM Commencement Date.** NAVPERSCOM (PERS-4013) should ensure the necessary requisitions are in place to reflect in the detailer's 9-month requisition.

d. **Six Months Prior to DECOM Commencement Date.** The following actions should occur:

(1) SSBN COs must ensure a joint letter recommending DECOM crew makeup is received at NAVPERSCOM (PERS-403) via parent SUBGRU command and NAVPERSCOM (PERS-4013), with a copy to parent TYCOM. Use exhibit 1 as an enclosure to this letter to list every billet on the most recent blue crew enlisted distribution verification report, whether or not members can be identified from either crew.

(2) When submitting this crew makeup letter, nominate non-selectees for a pre-DECOM PRD which is consistent with the patrol schedule and which will either coincide with their expiration of active obligated service (EAOS) or permit completion of a minimum activity tour (24 months) for those members upon their reassignment.

(3) NAVPERSCOM (PERS-403) and NAVPERSCOM (PERS-4013) for non-designated SN and FN will reply to this letter indicating members who will remain on board for DECOM and will adjust PRDs (as appropriate).

15. **Special Procedures for SSN Deactivation and DECOM.** To the maximum extent possible, members selected for assignment to an SSN DECOM should have sufficient OBLISERV to complete the shipyard period.

a. **Pending STAR and SCORE Benefits.** Members with pending STAR and SCORE benefits should not be assigned to the DECOM period if such assignment will cause undue delay in receiving their benefits and the members are unwilling to accept such a delay.

b. **Ten Months Prior to the DECOM Commencement Date.** NAVPERSCOM (PERS-4013) should ensure the necessary requisitions are in place to reflect in the detailee's 9-month requisition.

c. **Six Months Prior to the DECOM Commencement Date.** SSN COs must ensure a letter recommending DECOM crew makeup is received at NAVPERSCOM (PERS-403) via parent SUBGRU commander and NAVPERSCOM (PERS-4013) with a copy to the parent TYCOM.

(1) Use exhibit 1 as an enclosure to this letter to list every billet.

(2) When submitting this letter, nominate non-selectees for a pre-DECOM PRD which is consistent with the ship's present schedule and which will either coincide with their EAOS or permit completion of 24 months for those members upon their reassignment.

(3) NAVPERSCOM (PERS-403) and NAVPERSCOM (PERS-4013) for non-designated SN and FN will reply to this letter indicating members who will remain aboard for DECOM and will adjust PRDs (as appropriate).

SPECIAL PROCEDURES FOR ASSIGNMENT OF SSBN PERSONNEL

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3626 (901) 874-3626 882-3626
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** National priorities accorded the Fleet Ballistic Missile Strategic Weapons System and the Nuclear Power Program dictate an exceptional degree of combat readiness.

a. The unique nature of nuclear submarine operations demands a personnel allowance, which provides a delicate balance between requirements for special skills, watch stations, and submarine safety.

b. To ensure the stability necessary to maintain that balance, special procedures for crew rotation have been established.

2. **Ship, Submersible, Ballistic Nuclear (SSBN) and Ship, Submersible, Nuclear (SSN) Tour Adjustments.** Unanticipated losses caused by illness, disqualification, humanitarian reassignment, etc., may necessitate extending projected rotation dates (PRDs) of remaining members in the same rating or technical experience level to maintain manning stability.

a. Requests for changes to PRDs should be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) per MILPERSMAN 1306-104.

b. All requests for PRD extensions must indicate whether the member is a volunteer or nonvolunteer, and whether the member has a Selective Training and Reenlistment (STAR)/Selected Conversion and Reenlistment (SCORE) benefit pending.

c. When sufficient qualified/sea-experienced volunteers are not available to fill certain high priority shore duty/new construction requirements in the case of nuclear trained and Trident/Poseidon personnel, NAVPERSCOM (PERS-403) will order

personnel from nuclear submarine crews at PRD as necessary to fill these billets.

3. **Action by the SSBN Commanding Officer (CO).** Members who, upon completion of a deterrent patrol, have insufficient obligated service (OBLISERV) to complete the subsequent patrol must be identified. (Insufficient OBLISERV applies to those cases wherein a member's end of active obligated service (EAOS) is earlier than 5 days subsequent to the post-patrol exchange of command date).

a. To improve the number of days members are assigned to operational units in the billet for which they are trained, the procedure described below is to be followed.

b. During on-crew period A, SSBN COs review noncareer designated members whose EAOS occurs more than 90 days after period C, and who have insufficient OBLISERV to complete period E (see table below for identification of periods A through E).

A	B	C	D	E
ON-CREW	OFF-CREW	ON-CREW	OFF-CREW	ON-CREW
REVIEW/COUNSEL	NOMINATE		TRANSFER	

c. The following sequence of events must take place:

(1) During on-crew period A, members are identified who do not have sufficient active OBLISERV to complete on-crew period E.

(2) Members who decline to OBLISERV to complete on-crew period E will be nominated by the end of the first week of training of off-crew period B for transfer after on-crew period C.

(3) Members will complete on-crew period C, and **within 15 days of return** to homeport, be transferred by NAVPERSCOM (PERS-403). Every effort will be made to assign these members to another submarine in the same homeport.

(4) When the SSBN is establishing its PRD management plan, the following rule will be adhered to:

(a) If the SSBN crew returns from patrol **between the 1st through 15th of a month**, the member's PRD will be established as the same month of return from patrol.

(b) If the SSBN crew returns from patrol **after the 15th of the month**, the member's PRD will be established for the following month.

d. COs must submit a PRD change request for all members identified by the review, or request authority from NAVPERSCOM (PERS-403) to unconditionally extend a member for a period of less than 24 months per MILPERSMAN 1160-040.

e. All applicable members must be informed of the policy, and, after approval of the PRD change request or the unconditional extension by NAVPERSCOM (PERS-403), they will be required to extend their enlistments to coincide with their newly established PRD or for the period of the authorized unconditional extension (as applicable).

f. Extensions will normally be executed on an official Navy Standard Integrated Personnel System (NSIPS) printed NAVPERS 1070/621 Agreement to Extend Enlistment; however, if NSIPS is not available to generate the document prior to the expiration of the Sailors contract, NAVPERS 1070/621 may be downloaded from the NAVPERSCOM Web page and executed manually. All NAVPERS 1070/621's executed manually must be submitted to the servicing personnel office to be entered into NSIPS prior to submission to the official military personnel file. Such extensions will not be beyond the **month in which the 15th day after change of command falls**.

4. **Post-Patrol SSBN Manning Message and Post-Patrol SSBN Manning Report.** Upon completion of the above review and at the beginning of period B, the CO will submit an SSBN Post-Patrol SSBN Manning Message or Post-Patrol SSBN Manning Report (contained in exhibits 1 or 2) to support personnel manning for period E as shown in the above paragraph.

PROCESSING OF PERSONNEL DISQUALIFIED FROM SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

References	NAVMED P-117, Manual of the Medical Department SECNAVINST 5510.3A SECNAVINST 5510.35A NAVPERS 18068F, Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications OPNAVINST 5355.3B SECNAVINST 7220.80E
------------	--

1. **Policy.** Because of the special safety and reliability aspects of operating submarines, the need to provide for disqualification for duty in submarines in certain instances is clear. Disqualification for duty in submarines is an administrative procedure invoked to preclude reassignment of a member to another submarine command.

a. Disqualification for duty in submarines supplements the disciplinary and administrative actions that may be required to effect satisfactory performance, and is not an end in itself.

b. There are a few situations where a member is unable to meet the physical standards for submarine duty through no fault or lack of diligence on the member's part. In these few cases, disqualification is an appropriate course of action by itself.

c. Disqualification for duty in submarines shall not be used as a substitute for required disciplinary and/or administrative action. Particular care shall be exercised to ensure that disqualification is not used to effect the transfer of members to other duty when they do not clearly meet the established high standards for continued Naval Service.

2. **Categories and Reasons.** There are two categories of disqualification for duty in submarines, one of which must be cited in **every** disqualification recommendation.

a. **Disqualified Category.** Members removed from submarine duty in the disqualified category are not normally eligible for return to submarine duty at any future date. Reasons for disqualification are as follows:

(1) Inability to qualify or failure from a training pipeline leading to assignment to submarine duty.

(2) Inability to requalify (SS) members only.

(3) **As a result of disciplinary and/or administrative action resulting in (list one)**

(a) disqualification prior to separation,

(b) discharge detachment for cause,

(c) unauthorized absence in excess of 30 days,

(d) classification as a conscientious objector or homosexuality,

(e) a change in rating,

(f) Navy Enlisted Classification (NEC) removal,

(g) security clearance,

(h) substantiated family advocacy sexual abuse case,

(i) ineligibility for the Personnel Reliability Program (PRP) when such action precludes further service in submarines, or

(j) other such disqualifying action (specify).

(4) Unreliability due to drug/alcohol abuse.

(5) Stress reaction, emotional instability, or suicide attempts/gestures.

(6) Environmental unadaptability (including claustrophobia).

NOTE: Disqualification for stress reactions, emotional instability, suicide attempts/gestures, or for environmental unadaptability must include psychiatric/psychological consultation

b. Physically not Qualified Category

(1) Members found not physically qualified may reapply for return to submarine duty when they again meet the physical requirements set forth in NAVMED P-117, article 15.

(2) Requests for reinstatement must be submitted via the chain of command and Bureau of Medicine and Surgery (BUMED) (MED-21) to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403). Reasons for disqualification are as follows:

(a) Failure to meet the physical requirements for submarine duty contained in NAVMED P-117, article 15. For administrative purposes, physical disqualification will be limited to members with a duly diagnosed medical condition such as an ulcer, lung disorder, neurosis, etc. Organic brain syndrome may also be used for physical disqualification.

(b) All too often the medical problem, which renders a member not physically, qualified for submarine duty also renders the member not physically qualified for **all** duties of the member's rate at sea or on foreign service (full duty). When considered appropriate, recommendations for medical board action or administrative separation will be initiated in addition to disqualification for duty in submarines.

(3) A waiver of the physical standards for submarine duty should be considered in all appropriate cases. Waivers may be recommended with qualified and documented medical advice. Considered action will be on the basis of the member's condition, the risk it places on the member's continued health and safe reliable submarine operations.

(4) Waiver requests should be submitted to NAVPERSCOM (PERS-403) via BUMED (MED-21). For members assigned to submarine duty, submit waiver request via immediate superior in command (ISIC), type commander (TYCOM), and BUMED (MED-21).

(5) Questionable Cases. When the category or reason to be cited in a disqualification recommendation cannot be determined, guidance should be requested from NAVPERSCOM (PERS-403).

3. **Disqualification Authorities**. NAVPERSCOM and Commander, Submarine Force, U.S. Atlantic Fleet (COMSUBLANT)/Commander, Submarine Force, U.S. Pacific Fleet (COMSUBPAC) are the ultimate authorities for submarine disqualification.

a. Submarine commanders will act only on the cases of members who are under their administrative or operational command.

b. NAVPERSCOM (PERS-403) will act on all other cases such as members in transit, in school commands not under the force commander's control, or in nonsubmarine shore commands for duty.

c. Except for disqualification involving physical disqualification; or disqualification of submarine-qualified members by reason of environmental unadaptability, stress reaction, or emotional instability which have not been resolved by administrative action; the following commanders are authorized to approve disqualifications:

(1) Submarine group/squadron commanders.

NOTE: Disqualification authority may be delegated in writing to chief of staff/chief of staff officer.

(2) Submarine base commanding officers (COs).

(3) COMSUBLANT Deputy Chief of Staff Personnel Readiness.

(4) COMSUBPAC Assistant Chief of Staff (ACOS) for Personnel and Training.

d. NAVPERSCOM (PERS-403) and COMSUBLANT/COMSUBPAC, as the disqualification authority, will review each disqualification action and retain the prerogative to direct final action and to disqualify members in either disqualification category.

e. In an effort to minimize delays in processing submarine disqualification cases, NAVPERSCOM (PERS-403) has been

designated the NAVPERSCOM point of contact (POC) for these matters.

(1) All message traffic to NAVPERSCOM concerning disqualification matters should be sent to NAVPERSCOM (PERS-403F), who will monitor timely completion of actions.

(2) Procedures for removal of security clearances and eligibility for PRP require written acknowledgments from the member. Correspondence concerning these matters should be addressed to

(a) NAVPERSCOM, Personnel Performance, Security and Separations Division (PERS-83), for security clearance issues per SECNAVINST 5510.3A, and

(b) Chief of Naval Operations (CNO), Special Assistant for Naval Investigation Matters and Security (N09N) for Personal Reliability Program (PRP) issues per SECNAVINST 5510.35A.

4. **Assignment of Designator 8 (SP)**. All members disqualified from submarine duty will normally be assigned to a submarine support command for a 2-year tour, or to complete prescribed sea tour (PST) or normal shore tour (NST), whichever is longer. Submarine Designator 8 (controlled by NAVPERSCOM (PERS-403)) will be assigned.

a. Nuclear-trained members found physically disqualified from submarine duty, but remain qualified for the nuclear field, will be assigned to surface nuclear duty.

b. Members who require forced rating conversion by virtue of PRP decertification or security clearance revocation will normally be converted to a rating consistent with assignment to a submarine support billet.

c. Assignment to submarine support can only be made to a valid billet, and normally in the same geographic area.

(1) If forced rating conversion is not required, members will retain their submarine source rating and, if applicable, Navy Enlisted Classification (NEC) codes.

(2) If there is no valid submarine support billet available, or the cognizant surface detailee has a valid billet

which can be filled by a member, the submarine detailer must receive approval from the manning control authority (MCA) via Enlisted Placement Management Center (EPMAC) to assign a submarine disqualified member directly to duty in the surface fleet.

(3) If authorization is granted by the MCA, the submarine Designator 8 will be removed.

d. Members assigned to a submarine support billet will be assigned a 2-year projected rotation date (PRD). At the completion of the 2-year submarine support tour the following options are available:

(1) Retain Designator 8 and continued assignment to submarine support duty.

(2) Release from Designator 8 and made available for general detailing by the surface community. This may require forced rating conversion. If member decides to be released, member must submit NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request, requesting release to surface community and removal of Designator 8 and, if applicable, forced rate conversion. If approved for release, member's command must submit NAVPERS 1221/1 (Rev. 06-92), Navy Enlisted Classification (NEC) Change/Recommendation per NAVPERS 18068F, volume II for NEC removal if NECs are submarine related.

(3) Request reinstatement to submarine duty, as explained in this article.

(4) In cases where members are being administratively separated, a submarine disqualification package (Exhibit 1) will be utilized and forwarded to NAVPERSCOM (PERS-403F) prior to separation.

e. For all members not under disqualification authority of COMSUBLANT or COMSUBPAC (shore commands outside the submarine community, school commands, recruiting, etc.), the recommendation for disqualification will be submitted directly to NAVPERSCOM (PERS-403) in the format of Exhibit 1.

5. **Correspondence.** All correspondence to NAVPERSCOM (PERS-403) or CNO, Nuclear Power Program Manager (N133) relating to submarine disqualification (and associated NEC removals or

rating change) of enlisted members shall also be addressed to NAVPERSCOM (PERS-403F).

a. To speed processing of disqualification cases, message notification of each case must be sent to NAVPERSCOM (PERS-403) as soon as the decision to disqualify has been finalized.

b. Exhibit 2 provides the format for this message. NAVPERSCOM (PERS-403) will act as the NAVPERSCOM POC for all submarine disqualification matters.

c. Correspondence (or copies thereof) to activities external to NAVPERSCOM shall continue to be sent per applicable instructions. NAVPERSCOM (PERS-403) will be notified of all submarine disqualifications. This is a critical tool for management of the submarine enlisted community. All messages or letters for final submarine disqualification must be sent "info" or "copy to" to NAVPERSCOM (PERS-403).

6. **Rating Changes**. When rating changes are required as part of the disqualification process or the removal of a Designator 8, a rating change recommendation should be submitted to NAVPERSCOM (PERS-403) as soon as disqualification action has been approved.

a. To best match the member's previous training, experience, and needs of the Navy, choices should normally be made per the guidance in Exhibit 3.

b. Recommendations from the CO are encouraged in addition to the choices submitted by the member.

c. It is strongly recommended that choices submitted by the member be realistic. Members who have received extensive training in their present rating will not normally be assigned to ratings requiring extensive additional training or to those overmanned in rating and paygrade.

d. If none of the choices made by the member are feasible, a rating selection will be made by NAVPERSCOM per needs of the Navy and recommendations submitted by the CO. **NOTE:** With few exceptions, disqualified members are assigned to a submarine support billet and rating conversion must be consistent with ratings normally assigned to such billets.

e. Rate changes should not be submitted until the following actions have been completed (as applicable):

(1) Permanently PRP decertified.

(2) Security clearance removed/revoked.

(3) Submarine disqualification package received by NAVPERSCOM (PERS-403).

f. Rate change submission **should not** be included in an availability report.

7. **Availabilities**. Members being disqualified shall be made available as follows:

a. Availabilities should not be submitted until the submarine disqualification package has been forwarded to NAVPERSCOM (PERS-403).

b. Nonsubmarine designated E-3 and below. Should be made available to EPMAC as soon as the disqualification is finalized and the member is available for transfer.

c. All availability correspondence for submarine designated E-3 and above shall be addressed to NAVPERSCOM (PERS-403) using class DG avail code. Any other submissions may cause further delay in transfer of disqualified members.

d. Upon receipt of availability, NAVPERSCOM (PERS-403) will ensure the following administrative actions have been completed prior to entering the availability:

(1) Receipt of submarine disqualification package.

(2) Removal of submarine enlisted designator.

(3) NEC removal/change, if applicable.

(4) Rate conversion, if applicable.

(5) Assignment of Designator 8(SP), if applicable, (assigned by NAVPERSCOM (PERS-403)).

8. **Striker Identification Removal**. There is no requirement to **convert** disqualified E-3 submarine members to another rating if they are designated strikers. Striker designator removal may be required for submarine specific ratings. Approval must be

obtained from NAVPERSCOM, Active Enlisted Advancements/
Incentives Branch (PERS-811) for striker designator removal.

9. **PRP/Security Clearance/NEC Removal**. Removal of a member from the PRP or revocation of the member's security clearance can significantly decrease the member's ability to function at a subsequent duty station or in another rating.

a. Removal from the PRP and revocation of security clearance **should not be performed automatically** as part of the disqualification process, but should be based solely upon the merits of each case. Similarly, NECs, which are not unique to the submarine force, should not automatically be recommended for removal.

b. Submarine disqualification by reason of NEC removal will require approval of NAVPERS 1221/1 by EPMAC via NAVPERSCOM (PERS-403), prior to processing for submarine disqualification. Nuclear NEC removal will require approval by CNO (N133D) prior to submarine disqualification.

c. In cases where members are submarine disqualified when forced rating conversion is required and hold a submarine related NEC, submission of NAVPERS 1221/1 is required after submarine disqualification has been completed and forwarded to NAVPERSCOM (PERS-403).

10. **Procedures for Requesting Reinstatement to Submarine Duty**. Members previously assigned the submarine designator (SS)/(SU) may request reinstatement to submarine duty.

a. **Time Frame**. Requests for reinstatement to submarine duty must be submitted within 5 years from the date of disqualification.

b. **Authority**. NAVPERSCOM (PERS-403) is the submarine reinstatement authority in all cases and will assign the (SS)/(SU) submarine designator, as appropriate.

c. **Recertification**. HM Submarine IDC's must request reinstatement from NAVPERSCOM (PERS-403), via CNO, Enlisted Plans and Career Management Branch (N132D), and "clinically" recertify prior to "refresher training" to be eligible for PCS orders to a submarine and reinstatement.

d. **Submarine Designator Assignment Date.** If approved, the submarine designator will be assigned the date the reinstatement approval letter is signed for members who were medically disqualified. For all others, the submarine designator will be assigned upon reporting on board an operational submarine for duty.

e. **Reinstatement for "Physically not Qualified" Members.** Members who were physically disqualified may request reinstatement if the medical problem no longer exists, or has remained asymptomatic for a minimum of 2 years without benefit of medication, special diet, or **continuing therapy**. In all cases, a waiver of the medical standards must be submitted. The format for requesting reinstatement is as follows:

(a) Submit NAVPERS 1306/7 requesting reinstatement of the (SS)/(SU) designator and waiver of physical standards for submarine duty to NAVPERSCOM (PERS-403F) via local chain of command and BUMED (MED-21).

(b) As enclosure (1) include all applicable medical documentation and a current submarine physical as required by NAVMED P-117, article 15-69.

f. **Reinstatement for Alcohol Abuse**

(1) Members disqualified by reason of alcohol abuse per this article may be considered for return to duty in submarines after fulfilling the provisions of OPNAVINST 5355.3B.

(2) A request for reinstatement to submarine duty after disqualification for alcohol abuse must be submitted strictly per OPNAVINST 5355.3B using the format of Exhibit 4.

(3) If reinstated, the member will be assigned to submarine duty in a submarine unqualified (SU) status at PRD using normal assignment procedures. The (SU) designator will be assigned effective the date of reporting to a submarine.

g. **Reinstatement for All Others (Demonstrated Unreliability, Security Clearance Removal, etc.).** Submit NAVPERS 1306/7 requesting reinstatement of the (SS)/(SU) designator and provide a statement concerning the reason for disqualification. Members will include a copy of a current (within 6 months) submarine physical and copies of their last three performance evaluations as enclosures.

11. Pre-Service Drug Abuse Waivers for Previously Undisclosed and/or Undocumented Usage

a. If, subsequent to assignment to submarine duty, a pre-service drug abuse is disclosed or identified and there is no documented waiver, a waiver request must be submitted to NAVPERSCOM (PERS-403), info to the ISIC and TYCOM (directly to NAVPERSCOM (PERS-403) for members not assigned under a submarine TYCOM).

b. A waiver will be considered only for experimental use of marijuana. A signed statement from the member defining the extent of usage is required.

12. Limited Waiver of the Physical Standards for Submarine Duty. Senior enlisted members (generally construed to mean senior E-7 and above), found not physically qualified for submarine duty may be granted a limited waiver of the physical standards for submarine duty.

a. This limited medical waiver will be granted by NAVPERSCOM (PERS-403), only on the advice of BUMED (MED-21) on a case-by-case basis, so the member will be able to ride a submarine for short periods of time (i.e., sea trials, weekly operations).

b. Members will be considered for a limited waiver only if recommended by the cognizant squadron or group commander, TYCOM, and BUMED (MED-21), and only if a valid need for the member's services exists.

c. The member, if approved, shall **not** be assigned to submarine duty, will be assigned submarine Designator 8(SP), and shall **not** be eligible for continuous submarine pay (CONSUBPAY). The limited medical waiver will be granted by letter to the member's parent command.

d. If granted a limited medical waiver, members must notify the staff to which assigned of their medical status, and the staff shall be responsible for ensuring members are physically able to ride a submarine on a limited basis.

e. A verification of the member's medical condition must be made by a submarine medical officer at least annually.

f. Members will be eligible for Operational Submarine Duty Incentive Pay (OPSUBPAY) per SECNAVINST 7220.80E, as they shall be considered "Qualified in Submarines with Limited Medical Waiver." A member granted a limited waiver will not be eligible for assignment to a precommissioning unit or to a submarine in overhaul unless NAVPERSCOM (PERS-403) and the responsible group and TYCOM concur.

g. An member granted a limited waiver currently serving in a precommissioning unit or in a submarine in overhaul may remain aboard that ship until post-shakedown availability (PSA) sea trials or post-overhaul sea trials have been completed.

EXHIBIT 1

RECOMMENDATION FOR DISQUALIFICATION FROM DUTY IN SUBMARINES AND, WHEN APPLICABLE, RELATED ADMINISTRATIVE ACTIONS FOR COMMANDS NOT UNDER COMSUBPAC OR COMSUBLANT DISQUALIFICATION AUTHORITY.

(Use proper letter format containing the following.)

From: Commanding Officer, _____
To: Commander, Navy Personnel Command (PERS-403)

Subj: RECOMMENDATION FOR DISQUALIFICATION FROM DUTY IN
SUBMARINES

Ref: (a) NAVPERS 15560D, Naval Military Personnel Manual,
Article 1220-040
(b) NAVPERS 15560D, Naval Military Personnel Manual,
Article 1306-416
(c) SECNAVINST 5510.35A (when applicable for PRP)
(d) SECNAVINST 5510.3A (when applicable for security
clearance)
(e) Current CREO/REGA NAVADMIN

Encl: (1) Member's statement (not required for "physically not
qualified" category)
(2) Copy of NAVPERS 1221/1 (Rev. 06-92), Navy Enlisted
Classification (NEC) Change/Recommendation (if a
nuclear-trained operator, mail original to CNO
(N133D))
(3) Copy of last three enlisted evaluation reports (not
required for "physically not qualified" category)
(4) Copies of enlisted service record pages documenting
substandard performance and disciplinary action (not
required for "physically not qualified" category)
(5) Medical data (for "physically not qualified" category
only)
(6) Any other pertinent data
(7) Copies of counseling sheets (or summary if not
available)

1. Per references (a) and (b), (rate/designator, full name,
branch, SSN, NECs) is recommended for disqualification from duty
in
submarines. Disqualification category is _____. When
applicable, the last sentence in this paragraph should read,

EXHIBIT 1 (Continued)

"Member's signed statement concerning disqualification and the associated administrative actions listed below are contained in enclosure (1)."

2. The following actions have been taken in this case:

a. Temporarily/Permanently (omit one) decertified for duty under the Personnel Reliability Program per reference (c).

b. Personnel security clearance for (indicate level of clearance) has been denied/revoked (omit one) per para. 17-208 of reference (d). Cite applicable portion(s) of para. 16-102.2 which describe the reason(s) for such action. If the member's clearance has been changed from a higher to a lower category for cause other than purely administrative reasons, so state and give specifics.

c. Change of rating to (1)_____, (2)_____, (3)_____, in order of priority, is recommended. The "open rates" list contained in reference (e) has been considered in making this recommendation. Rate/Member's last name, state member's preferences, and commanding officer's concurrence or reason for not recommending them.

d. Recommend enclosure (2) NAVPERS 1221/1 be approved.

3. Detailed comments on this recommendation are as follows:

4. By reference (cite letter or message) subject member is being processed for a discharge per NAVPERS 15560D, article (state appropriate article). Enclosures (1) through (7) refer. If member is not being processed for discharge, a statement is required stating reason for not processing member for discharge.

Signature

Copy to:

CNO (N133D) (Nuclear-trained members only (Advance)

EPMAC (EP-42)

Service Record (Transient holding activity if applicable)

EXHIBIT 2

SAMPLE DISQUALIFICATION MESSAGE

(Use the proper message format containing the following.)

```
FROM:  Originating Activity
TO:    COMNAVPERSCOM MILLINGTON TN//PERS403//
INFO:  EPMAC NEW ORLEANS LA//    //
BT
UNCLAS //NO1306//
MSGID/GENADMIN/          /
SUBJ/SUBMARINE DISQUALIFICATION NAVPERSCOM (PERS403)//
RMKS/1.  RATING, NAME, SSN, NEC DISQUALIFIED FROM SUB DUTY ON DATE BY
REASON OF _____.  SNM PERMANENTLY REMOVED FROM PERSONNEL
RELIABILITY PROGRAM.  SECURITY CLEARANCE REMOVED/REVOKED.
RECOMMENDED/NOT RECOMMENDED FOR ASSIGNMENT TO SUBMARINE SUPPORT
ACTIVITY.
BT
```

NOTES:

1. The disqualification message should not be submitted until the submarine disqualification package has been forwarded to NAVPERSCOM (PERS-403).
2. Only applicable information in para. 1 need be submitted. Not all of the actions in the sample will be applicable in every case.
3. Members disqualified from submarine duty, but not processed for discharge from the Naval Service will normally be assigned to a submarine support activity for a minimum of 2 years. Members unsuitable for such assignment should be processed for discharge from the Naval Service.
4. In cases where NEC removal is being recommended for a reason other than drug abuse, for non-nuclear members, submission of NAVPERS 1221/1 is required per NAVPERS 18068F, volume II.
5. Availability Report. After all administrative actions (i.e., rating change, NEC removal, PRP decertification, and security clearance removal/revocation, as appropriate), submit the enlisted availability to NAVPERSCOM (PERS-403) (and other necessary addressees).
6. For nuclear-trained members a NAVPERS 1221/1 must be submitted, for cases other than drug related disqualification, **prior to submission** of the disqualification message. Do not submit disqualification message or availability report until removal of NEC is approved.

EXHIBIT 3

RATING CONVERSION

1. Members being disqualified from submarine duty who are in ratings that are unique to the submarine force or that normally require PRP eligibility must convert to other ratings when disqualified. The choice should normally be made using the following guidance:

MT	STS	TM	FT
OS	*STG	OS	OS
#*AT	OS	MS	FC
EM	EM	BM	IC
*IC	#*AT	BT	EM
*ASE	OT	ABE	MM
MS	*ASE	MM	GM
BM	MS	AK	DS
#*AE (E-4)	BM		
BT (E-4)	#*AE (E-4)		
MM (E-4)	BT (E-4)		
AK (E-4)	MM (E-4)		
	AK (E-4)		
<p>* Must normally be eligible for PRP.</p> <p># When member requests and is recommended for conversion to these ratings. Exhibit 1 must provide additional remarks/information.</p>			

2. Rating conversions should normally be to those ratings consistent with submarine support assignments.

3. The above choices should be forwarded to NAVPERSCOM (PERS-403), in the format of Exhibit 1, by the applicable activity as soon as the disqualification decision has been finalized.

EXHIBIT 4

SAMPLE REQUEST FOR REINSTATEMENT IN SUBMARINE (DRUG/ALCOHOL) (Use proper letter format containing the following.)

From: Name/Rate/SSN
To: Commander, Navy Personnel Command (PERS-403)
Via: (1) Commanding Officer,
(2) Commander Submarine Force, U. S. Pacific Fleet/
U. S. Atlantic Fleet (as applicable)

Subj: REINSTATEMENT IN SUBMARINES

Encl: (1) Most recent Drug/Alcohol Abuse Report on member
(2) List of dates and results of urinalysis tests (if
applicable) since submarine disqualification

Ref: (a) OPNAVINST 5355.3B

1. I request reinstatement in submarines.

2. I was disqualified from submarines due to alcohol dependency
on _____. Since that time I have been made aware of the
physical and mental effects of alcohol abuse and I reject abuse
of alcohol.

3. To substantiate my freedom from substance abuse I volunteer
for participation in a urinalysis screening program for 1 year
after reassignment to a submarine.

MILPERSMAN 1306-418

SUBMARINE NR-1 AND DEEP SUBMERGENCE UNIT (DSU) DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. **Submarine NR-1 Duty.** Submarine NR-1 is a nuclear-powered, deep-diving oceanographic vessel home ported in Groton, CT.

a. The crew is composed of 4 officers and 22 enlisted members. Fifteen of the enlisted billets are for nuclear-trained, enlisted members. The remaining 7 enlisted billets are for:

- 1 submarine qualified yeoman
- 1 senior storekeeper (Navy Enlisted Classification (NEC) 2815)
- 1 junior storekeeper
- 1 independent duty corpsman and
- 3 submarine-qualified electronic technicians.

b. Tour length on Submarine NR-1 is 3 years for all personnel.

c. All nuclear-trained enlisted billets are for active nuclear NECs. All nuclear operators assigned qualify as Engineering Officer of the Watch.

d. **Prerequisites** for Submarine NR-1 duty for nuclear-trained enlisted members:

(1) Upper-half class standing at Nuclear Power School and Nuclear Power Training Unit (NAVNUPTWTRAU) (no waivers will be considered).

(2) No performance trait evaluation marks in the lower two marking areas (1.0 and 2.0) in all categories for the last three reporting periods.

(3) Qualified in submarines and as Engineering Watch Supervisor (senior-in-rate watch station qualification will be considered on a case basis).

(4) Paygrade: E-5 or E-6.

(5) Approximately 5 to 12 years experience in the Navy. Approximately 3 years sea experience on an operational nuclear propulsion plant.

(6) Favorable commanding officer (CO) endorsement.

e. Department of Energy, Naval Reactors Representative's Office (NAVREACTREPOFC PH HI) personnel perform **final selection** of nuclear-trained enlisted members for duty on Submarine NR-1 through a series of interviews.

f. **Requests** for Submarine NR-1 duty, including support personnel, should be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) on NAVPERS 1306/7 (Rev. 01/03), Enlisted Personnel Action Request; last three evaluation reports; and class standings on NAVPERS 1070/604 (Rev. 3-05), Enlisted Qualification History.

2. **Deep Submergence Unit (DSU)**. DSU is a highly specialized command under the cognizance of Commander Submarine Development Squadron 5, based in San Diego, CA.

a. DSU consists of several unique detachments tasked with submarine rescue, oceanographic research, search and recovery operations, and diving/salvage operations.

b. DSU organization is as follows:

- (1) DSU Deep Submergence Unit (parent command).
- (2) DET MYSTIC Deep Submergence Rescue Vehicle (DSRV-1).
- (3) DET AVALON Deep Submergence Rescue Vehicle (DSRV-2).
- (4) DET TURTLE Deep Submergence Vehicle (DSV-3).
- (5) DET SEA CLIFF Deep Submergence Vehicle (DSV-4).
- (6) DET UMV Detachment Unmanned Vehicles.

c. **Prerequisites.** The following requirements are prerequisites for assignment to DSU:

(1) Have successfully completed a prescribed submarine tour (where billet requires).

(2) Be qualified in submarines (where billet requires) and qualified on senior-in-rate watch station.

(3) For assignment to DSRVs or DSVs, be qualified in all respects to attend Navy Scuba School. All candidates must be screened prior to detaching from present command.

(4) For divers assigned to DET UMV, hold required NEC and be current in all required qualifications.

(5) Favorable CO endorsement.

c. **Requests** for DSU duty should be submitted on NAVPERS 1306/7 to:

- NAVPERSCOM (PERS-403) for submarine personnel
- NAVPERSCOM (PERS-401), Seabee/UDT/EOD/SEAL Assignment Branch for divers

MILPERSMAN 1306-420

ASSIGNMENT TO FLAG WRITER TRAINING FOR SUBMARINE QUALIFIED YEOMAN

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

1. **Policy.** Submarine qualified yeomen requesting assignment to flag writer training will be screened per MILPERSMAN 1306-900. In the event a member is approved for assignment to flag writer training, they will be assigned Submarine Designator 5(SS). Flag writers desiring reentry into the submarine force will be rescreened, and if manning permits, will be allowed reentry.

MILPERSMAN 1306-422

ASSIGNMENT TO SUBMARINE SURVEILLANCE EQUIPMENT PROGRAM (SSEP) GROOM TEAMS AND SUPPORT BILLETS

Responsible Office	NAVPERSCOM (PERS-403)	Phone: COM	(901) 874-4312
-----------------------	--------------------------	------------	----------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-866-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil
----------------------	---	--

1. General Information

a. Submarine Surveillance Equipment Program (SSEP) groom teams certify and calibrate electronic support, periscope, and sound navigation and ranging (SONAR) systems on deploying Atlantic and Pacific fleet submarines. They also install, test, and certify special mission support equipment and recording systems in support of type commander (TYCOM) and Office of Naval Intelligence (ONI) missions.

b. SSEP groom teams support the TYCOM. They are located in Groton, CT and Pearl Harbor, HI and have assigned shore duty billets.

2. Tour Lengths. All assignments to SSEP groom teams (information systems technician (submarines), electronic warfare (ITE) and sonar technician (submarines) (STS)) are for a tour length of 42 months, which provide a 6-month on-site training period, followed by a 36-month tour. Support personnel (i.e., yeoman (submarines) (YNS); information systems technician (submarines), network (ITN); and logistics specialist (submarines) (LSS)) tour lengths are 36 months. Obligated service to complete the tour length is required prior to transfer.

3. Eligibility Requirements. The following criteria must be met to be qualified for SSEP duty:

a. Be submarine-qualified and in the pay grade of E-5 or above.

b. Have a minimum of 2 years at-sea experience in the maintenance and operation of ship submersible (nuclear), ship submersible (ballistic nuclear), or ship submersible (guided nuclear electronic surveillance) or SONAR system (ITE and STS).

c. Be eligible for a Top Secret sensitive compartmented information clearance based on a favorable single scope background investigation (ITE, ITN, and YNS).

d. Be recommended by commanding officer and the Officer in Charge (OIC), SSEP.

e. Have no nonjudicial punishment for previous 36 months.

f. Must be a qualified SONAR supervisor at last sea-going command (STS only).

g. Must have AN/BLQ-10 operational experience or be a graduate of the AN/BLQ-10 Maintenance Course (ITE). ITE applicants without AN/BLQ-10 experience should be sent to the AN/BLQ-10 Maintenance Course prior to reporting to SSEP.

h. Must have an active government travel card.

i. Must have a current U.S. passport.

j. Must be qualified command pay and personnel administrator (YNS only).

4. **Submission of Requests**

a. Requests for assignment to SSEP groom teams and support billets must be submitted via e-mail to the OIC of the SSEP groom team for which assignment is requested. Submit request to Commander, Submarine Force, U.S. Atlantic Fleet (COMSUBLANT) SSEP OIC: [SSEP NWLN ALL OFFICERS@navy.mil](mailto:SSEP_NWLN_ALL_OFFICERS@navy.mil) or Commander, Submarine Force, U.S. Pacific Fleet (COMSUBPAC) SSEP OIC: [PRLH CSP SSEP OIC@navy.mil](mailto:PRLH_CSP_SSEP_OIC@navy.mil). Selection to this billet will occur once the screening package has been reviewed by the applicable SSEP division and approved by the SSEP OIC. Orders will only be written once SSEP screening is completed.

b. Requests must include the following documents:

(1) Current copy of NAVPERS 1070/881 Training, Education, and Qualification History (generated through Navy Standard Integrated Personnel System (NSIPS)) electronic service record (ESR);

(2) All [NAVPERS 1616/26](#) Evaluation Report and Counseling Record (E-1 - E-6) or [NAVPERS 1616/27](#) Evaluation and Counseling Record (E-7 - E-9) evaluations for 5 years prior to submission of the request;

(3) Completed [NAVPERS 1306/92](#) Special Program Screening (**all sections**); and

(4) Physical fitness assessment detailed report from the Physical Readiness Information Management System (PRIMS) from the most recent completed cycle.

MILPERSMAN 1306-423

ASSIGNMENT TO UNDERSEA SURVEILLANCE BILLETS

Responsible Office	NAVPERSCOM (PERS-403DH)	Phone:	DSN COM FAX	882-3636 (901) 874-3646/3626 874-2638
	NAVPERSCOM (PERS-406)	Phone:	DSN COM FAX	882-3769 (901) 874-3769/3791 874-2645

Reference	(a) OPNAVINST 1300.15A
------------------	------------------------

1. General Information

a. Undersea surveillance (UNDERSEASURV) supports the theater anti-submarine warfare commander; Commander, Undersea Surveillance (CUS), naval oceanographic processing facilities (NOPF), United States defense attaché offices, and other national agencies in support of theater and national mission requirements. These entities support the anti-submarine warfare command and tactical forces by detecting, classifying, tracking, and providing timely reporting of information on submarines, and gathering long term oceanographic and undersea geological information.

b. UNDERSEASURV commands are located in Dam Neck, VA and Whidbey Island, WA.

c. UNDERSEASURV detachments are located in Naples, Italy and Oslo, Norway.

2. Tour Lengths. Assignments to UNDERSEASURV commands and detachments are per reference (a).

3. **Eligibility Requirements.** The following criteria must be met to qualify for:

a. CUS/NOPF Operation Control Center (OPCONCEN):

(1) Single scope background investigation (SSBI)/Tier 5 for access to materials classified top secret (TS) and eligibility for access to sensitive compartmented information (SCI) and special access programs (SAPs). The Service member may not be eligible for assignment if in a close personal relationship with or married to a foreign national. Additionally, the Service member may not be eligible if the family member(s) of the spouse are foreign nationals; and

(2) NAVPERS 1306/92 Special Program Screening with all sections completed and signed by the commanding officer CO or officer in charge (OIC) submitted per paragraph 4a below. NAVPERS 1306/92 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/milpersman/Pages/default.aspx>.

b. **UNDERSEASURV Detachment Italy:**

(1) Minimum of one successful Integrated Undersea Surveillance System (IUSS) NOPF tour;

(2) Attained IUSS qualification as tactical watch officer and qualification as IUSS watch supervisor;

(3) SSBI/Tier 5 for access to materials classified TS and eligibility for access to SCI and SAPs. The Service member may not be eligible for assignment if in a close personal relationship with or married to a foreign national. Additionally, the Service member may not be eligible if the family member(s) of the spouse are foreign nationals;

(4) Applicants will be interviewed and approved by CUS, Intelligence Directorate (N2);

(5) Must be suitable for multiple daily interactions with senior (O-5 and above) Commander, Sixth Fleet staff members; and

(6) NAVPERS 1306/92 with all sections completed and signed by the CO or OIC and submitted per paragraph 4b below.

c. **UNDERSEASURV Detachment Norway:**

(1) Minimum of one successful IUSS NOPF tour;

(2) SSBI/Tier 5 for access to materials classified TS and eligibility for access to SCI and SAPs. The Service member may not be eligible for assignment if in a close personal relationship with or married to a foreign national. Additionally, the Service member may not be eligible if the family member(s) of the spouse are foreign nationals;

(3) Applicants will be interviewed and approved by CUS (N2);

(4) Must be suitable for multiple daily interactions with senior embassy staff and members of a host Government; and

(5) NAVPERS 1306/92 with all sections completed and signed by the CO or OIC and submitted per paragraph 4b below.

4. **Submission of Requests**

a. Requests for assignment to CUS/NOPF OPCONCEN:

(1) Submitted via [MyNavy Assignment](#) (MNA). Navy Personnel Command will select the member as "pending suitable screening".

(2) Complete and submit NAVPERS 1306/92 and forward to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Distribution Branch (PER-403) for Sonar Technician Submarine (STS) or Combat Distribution Branch (PERS-406) for Sonar Technician Surface (STG). If the member does not have an adjudicated SSBI/Tier 5, the CO will annotate in the CO's comments of NAVPERS 1306/92 when the SSBI/Tier 5 was initiated.

(3) Member's orders to the command will be released once they have screened "suitable" per paragraph 3.

b. Requests for assignment to UNDERSEASURV detachments Italy and Norway:

(1) Submitted via [MNA](#). Navy Personnel Command will select the Service member as "pending suitable screening" and nominate the member to CUS (N2) to begin the screening process;

(2) Complete and submit NAVPERS 1306/92 and forward to NAVPERSCOM (PERS-403) for STS or NAVPERSCOM (PERS-406) for STG. If the member does not have an adjudicated SSBI/Tier 5, the CO will annotate in the CO's comments of NAVPERS 1306/92 when the SSBI/Tier 5 was initiated;

(3) Complete Overseas Screening; and

(4) Member's orders to the command will be released once the service member is screened "suitable" as per paragraph 3.

MILPERSMAN 1306-424

PHYSICAL QUALIFICATIONS FOR SUBMARINE DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-3633
			COM	(901) 874-3633
			FAX	882-2638

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED), Article 15-106
-------------------	---

1. **Policy**. All submarine designated personnel, including those recruited for or who volunteer for submarine duty, must be found physically qualified for submarine duty per reference (a).

2. **Procedures**

a. Prior to transfer to a submarine or to submarine training, the transferring command must ensure a submarine physical has been completed, or is up to date, and no medical waivers are required or pending.

b. Periodic tests, shots, etc., must be complete.

c. All orders issued by Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403) for submarine duty, or to initial submarine training, must specify the above requirements and be completed **prior to transfer**.

3. **Noncompliance**

a. Personnel transferred without meeting the above physical standards are a detriment to the readiness of the fleet, or may cause the loss of training quotas.

b. The transferring command, receiving command, NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013), and type commander will be notified immediately, by message, of any transfer not in compliance with this article.

MILPERSMAN 1306-425

ASSIGNMENT TO – NAVY DATA COMMAND BILLETS

Responsible Office	COMUNDERSEASURV (N1)	Phone: DSN	(757) 492-5124/ 5122/5123
		COM	(757) 492-5124
		FAX	(757) 492-7138

MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

Reference	(a) DoD Instruction 1315.18 of 28 October 2015
-----------	--

1. General Information

a. Navy Data Command (NAVDATACOM) provides critical operational reports to Seventh Fleet task force commanders and warfighters in support of their mission to project power, provide a forward presence, and maintain mutual defense agreements of the United States and allied interests.

b. NAVDATACOM located in Yokosuka, Japan also has a detachment (DET) in Okinawa, Japan and a DET in Yokohama, Japan.

2. Tour Lengths. Assignments to NAVDATACOM, NAVDATACOM DET Okinawa, and NAVDATACOM DET Yokohama are made per reference (a).

3. Eligibility Requirements. The following criteria must be met to qualify for NAVDATACOM duty:

a. Complete section A and question 2 of section D on [NAVPERS 1306/92](#) Special Program Screening,

b. E-6 and below Service members (except members in the information systems technician (IT), information systems technician (submarines) (ITS), yeoman (YN), and yeoman (submarines) (YNS) ratings) must meet the following special-access programs' security eligibility requirements at the time of arrival at NAVDATACOM Yokosuka, NAVDATACOM DET Okinawa, or NAVDATACOM DET Yokohama:

(1) Hold an adjudicated Secret clearance with completed investigation date within the last 6 years.

(2) If the Service members' Secret clearance investigation date is outside the 6-year requirement, then Continuous Evaluation (CE) enrollment is acceptable in lieu of a Department of Defense (DoD) periodic reinvestigation.

c. Service members in the IT, ITS, YN, and YNS ratings, and all E-7 and above must meet the following special access programs' security eligibility requirements at the time of arrival at NAVDATACOM Yokosuka, NAVDATACOM DET Okinawa, or NAVDATACOM DET Yokohama:

(1) Complete a Top Secret personal security investigation with eligibility for sensitive compartmented information and special access programs.

(2) If the Top Secret clearance investigation date is outside the 5-year requirement, then CE enrollment is acceptable in lieu of a DoD periodic reinvestigation.

d. Have no non-judicial punishment for the previous 36 months.

e. Members may not be eligible for assignment if married to a foreign-national or if their spouses' family member(s) are foreign nationals.

4. **Submission of Requests.** To request assignment to NAVDATACOM Yokosuka, NAVDATACOM DET Okinawa, or NAVDATACOM DET Yokohama, Service members must submit an application via [MyNavy Assignment](#). If selected, members must complete required screening outlined in subparagraphs 4a through 4d within 30 days from receipt of orders.

a. E-6 and below Service members (except members in the IT, ITS, YN, and YNS ratings) complete and submit [NAVPERS 1306/92](#) and forward to Commander, NAVPERSCOM (COMNAVPERSCOM) (Attn: Detailer) via e-mail to askmncc.fct@navy.mil. If the member does not have an adjudicated Secret clearance within the last 5 years, the commanding officer (CO) will annotate in the CO's comments of [NAVPERS 1306/92](#) when the Secret personal security investigation was submitted.

b. Service members in the IT, ITS, YN, and YNS ratings, and all E-7 and above complete and submit [NAVPERS 1306/92](#) and forward to COMNAVPERSCOM (ATTN: Detailer) via e-mail to askmncc.fct@navy.mil. If the Service member does not have an adjudicated Top Secret clearance, the CO will annotate in the CO's comments of [NAVPERS 1306/92](#) when the Top Secret personal security investigation was submitted.

c. Service members will forward current Pre-Screening Questionnaire (PSQ) obtained from the Defense Counterintelligence and Security Agency Web site at <https://www.dcsa.mil/mc/isd/special/templates/> to Commander, NAVDATACOM Yokosuka Japan (ATTN: Security Manager) via e-mail to M-YO-NDCSECMGR@fe.navy.mil. For any "yes" responses to the PSQ, provide the supplemental template (PSQ templates 1 through 5) associated with the "yes" field.

d. If circumstances have changed that require an update to the member's [SF86](#) Questionnaire for National Security Positions, he or she must contact his or her current command security manager. For NAVDATACOM personnel security matters e-mail M-YO-NDCSECMGR@fe.navy.mil.

MILPERSMAN 1306-500

NUCLEAR POWER TRAINING PROGRAM

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. **Purpose.** To provide information and procedures pertaining to the Nuclear Power Training Program. Other MILPERSMAN articles pertaining to the Nuclear Power Training Program are as follows:

Topic	See MILPERSMAN
Qualification for Assignments	1306-502
Requests for Assignment	1306-504

2. **Policy.** Highly motivated and trained technicians are required to maintain and operate the Navy's nuclear powered submarines and surface ships, and shore based training facilities. To meet those requirements, the Navy has established a nuclear power training program through which qualified volunteers may attain the necessary expertise.

3. **Naval Nuclear Propulsion Program (Surface/Submarine)**

a. This program consists of approximately 12 months academic training, followed by approximately 6 months operational and maintenance training at a land-based reactor prototype site.

b. Applicants volunteering for this program should be advised that most of the training will be in a new technical field and is not limited to the professional aspects of any particular rating.

c. Training is divided into the following three major phases:

(1) **Nuclear Field "A" School.** Each candidate is classified into one of three ratings: Electronics Technician (ET), Electricians Mate (EM), or Machinist Mate (MM). Each has

a class "A" school with varying course lengths. These courses are taught at the Naval Nuclear Power Training Command (NNPTC) in Charleston, SC. The courses cover in-rate theory and equipment specific to a naval nuclear propulsion plant.

(2) **Basic Nuclear Power Course.** This course is 24 weeks long and is taught at NNPTC in Charleston, SC. Students receive a theoretical background in nuclear propulsion technology and other subjects required for the operational training phase which follows.

(3) **Nuclear Propulsion Plant Operator Course.** This 26-week operational training course is conducted at one of the nuclear propulsion reactor prototype plants (Naval Nuclear Power Training Unit (NAVNUPWRTRAU)) located at Ballston Spa, NY or Charleston, SC. At NAVNUPWRTRAU, students gain realistic practical experience by operating the prototype propulsion plant as a member of a watch section, while working with experienced nuclear propulsion plant operators and supervisors.

MILPERSMAN 1306-502

QUALIFICATIONS FOR ASSIGNMENT TO NUCLEAR PROPULSION PROGRAM SCHOOLS

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4696
			COM	(901) 874-4696
			FAX	882-2638

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED)
	(b) NAVMED P-5055, Radiation Health Protection Manual
	(c) Manual for Courts-Martial, United States (2005 Edition)
	(d) SECNAVINST 5510.30B

1. Suitability for the Nuclear Propulsion Program

a. **Academic Prerequisites.** The Nuclear Propulsion Program schools are academically difficult, and a sound understanding of mathematics, physics, and chemistry is necessary for successful completion.

b. **Motivation.** Strong motivation, interest in the program, and willingness to work diligently in the academic and operational training phases are important prerequisites for the program.

c. **Reliability.** While the highest standards of personal conduct and reliability are required of all members of the Naval Service, it is especially important that members assigned to duty involving operation, maintenance, and supervision of naval nuclear propulsion plants are of unquestioned reliability.

d. **Applicant Evaluation.** Conscientious efforts are necessary to examine and evaluate each applicant's character, background and potential for meeting program requirements.

2. **Requirements for Assignment to the Nuclear Propulsion Program.** Responsibility for determining members' qualifications rests with the commanding officer (CO). Prior to recommending

members for the Nuclear Propulsion Program, COs interview and evaluate nominees per the following requirements:

a. **Paygrade/Occupational Area.** Be paygrade E-2 through E-6 on active duty.

(1) Members selected for the program will be placed in one of three nuclear operator categories (mechanical, electrical or reactor operator) at the beginning of basic Nuclear Power School based on experience and needs of the program.

(2) Members will be converted to the source rating appropriate to their operator training (MM, EM or ET) upon successful completion of the Nuclear Field "A" School course.

b. **Motivation.** Be motivated for the program and aware of the demanding academic effort required to complete the training program (e.g., general study and class time usually totals at least 12 hours per day).

c. **Scores**

- $MK + EI + GS + AR = 252$, or

- $VE + AR + MK + MC = 252$

Fleet personnel do not have to take the Navy Advanced Placement Test (NAPT).

d. **High School Diploma.** Have a high school diploma.

e. **Algebra.** Have completed at least 1 year of high school level algebra with no less than a "C" (70 - 79% on a 100% base).

f. **Chemistry, Physics, or other Sciences.** Should have completed high school level or higher instruction in chemistry, physics, or other sciences.

g. **Age.** Have not reached 25th birthday on class convening date at Nuclear Power School.

h. **Physical.** Be physically qualified per

(1) reference (a), article 15-106 and reference (b) for members applying for **submarine duty**; or

(2) reference (a), article 15-103 and reference (b) for personnel applying for **nuclear field duty**.

i. **Academic Performance.** Have demonstrated good academic performance at Class "A" and other service schools (evidenced by a standing within the upper half of the class).

NOTE: Members who did not stand in the upper half of the above schools will be considered on a case basis if other evidence of academic achievement clearly indicates potential to successfully complete nuclear propulsion training.

j. **Citizenship.** Be a U. S. Citizen.

k. **Active Service.** Not have completed more than 4 years active service on class convening date for Nuclear Power School. Waivers will be considered on a case basis for particularly outstanding candidates.

l. **Disciplinary Record.** Have a clear record for at least 1 year insofar as the CO can determine by inspection of current service record, and not more than one minor offense during the past 2 years. (A minor offense is defined in reference (c), chapter 128.b.)

(1) **Convictions.** Members convicted of a serious offense will not be accepted. (A serious offense is one that may jeopardize eligibility for security clearance, such as theft or an offense that suggests unreliability.)

(2) **Drug Abuse.** Evidence of drug abuse is disqualifying; however, a waiver may be granted for preservice experimental use of marijuana. This waiver policy applies only to preservice use of marijuana which was of a clearly experimental nature and was acknowledged by the individual during recruitment.

(3) **Other.** Cases may arise which, in the judgment of the CO, do not clearly fall within the disciplinary guidelines provided above. In such cases, recommendations containing supporting information should be submitted to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403F) for decision.

m. **Performance.** Must have overall performance marks of 3.0 or better, with no individual performance trait marks below 2.0 for 2 years prior to entry into Nuclear Power School, except for

cases in which one minor offense has resulted in an evaluation trait mark below 3.0. Selection for nuclear propulsion training will depend on the nature of the minor offense and an evaluation of the member's overall performance record.

n. Security Clearance. A security investigation and clearance are required for the Nuclear Propulsion Program.

(1) A SECRET clearance is required for all students prior to the commencement of training in the Nuclear Propulsion Program. The requirements for granting a SECRET clearance are contained in reference (d).

(2) Prior to completion of the CO's endorsement on a member's request for entry into the Nuclear Propulsion Program, it must be determined if the appropriate security documents are available in the service record. If they are not, a National Agency Check (NAC) request must be submitted simultaneously with the submission of member's NAVPERS 1306/7 (Rev. 1/03), Enlisted Personnel Action Request.

(3) The member cannot be ordered to Nuclear Field "A" School until a satisfactory NAC is completed and documented in the service record.

MILPERSMAN 1306-504

REQUESTS FOR ASSIGNMENT TO NUCLEAR PROPULSION TRAINING

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN	882-4933
			COM	(901) 874-4933
			FAX	882-2638

1. Policy

a. Requests for assignment to nuclear propulsion training and ultimate assignment to surface ship or submarine duty shall be submitted by qualified members per MILPERSMAN 1306-502 to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignment Branch (PERS-403F) on NAVPERS 1306/7 (01/03), Enlisted Personnel Action Request.

b. Members may indicate they are volunteers for submarine duty; however, ultimate assignment to submarine duty cannot be guaranteed unless the applicant is already qualified in submarines (SS designator).

2. Service Record Entry. The following entry must be made on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks in the member's service record prior to submitting a request for assignment to the Naval Nuclear Propulsion Program:

Date: "I understand the requirements that I must fulfill if selected for the Naval Nuclear Propulsion Program per provisions of MILPERSMAN 1160-040, 1160-080, 1306-502 and 1510-030."

Member's Signature

Witnessed: _____
J. ELLIS
LCDR, USN, Personnel Officer

3. **Forwarding Endorsement**. The following information must be included in the forwarding endorsement:

- a. Member has/has not been selected for officer status.
- b. Member has/has not been previously selected for the Naval Nuclear Propulsion Program.
- c. Statement that applicant has been determined to be physically qualified and that additional physical examination records DD Form 2808 (Rev. 10-05), Report of Medical Examination and DD Form 2807-1 (Rev. 3-07), Report of Medical History have been completed and are submitted as enclosure (1).
- d. Copy of high school transcripts, and college transcripts (if applicable).
- e. Copy of NAVPERS 1070/604 (Rev. 3-05), Enlisted Qualifications History.
- f. Copy of NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record covering the last 2 years.
- g. Justification for waiver of any program eligibility requirements.
- h. Commanding officer's statement as to the applicant's potential to successfully complete Nuclear Propulsion Training.

4. **Previously Assigned to Nuclear Training and Disenrolled for Alcohol Dependency**

- a. Requests for reassignment to nuclear propulsion training for members who were disenrolled for alcohol dependency prior to completion of training may be considered after successful rehabilitation and a 180-day observation period, at least 90 days of which must be at the member's endorsing command.
- b. During this period the member must demonstrate exemplary performance and freedom from alcohol abuse. The following additional information must be included with the request:

(1) Member's statement that he has been made aware of the physical and psychological effects of alcohol abuse, rejects any

further abuse, and supports the Navy and Nuclear Power Program drug and alcohol policy.

(2) A copy of the latest NAVPERS 1616/26 or special evaluation documenting the member's performance and attitude toward further alcohol abuse.

(3) A statement of the type treatment received by member.

5. **Requirements to be Met prior to Transfer.** The member's command shall ensure the requirements listed below are met prior to transfer.

a. **Obligated Service (OBLISERV)**

(1) Members selected for assignment to nuclear propulsion training must have a minimum of 48 months active OBLISERV at time of reporting to Nuclear Power School (NPS).

(2) Members who will have completed less than 2 years active service on reporting to NPS must extend or reenlist to ensure a minimum aggregate active service of 6 years.

(3) Members may reenlist or extend their enlistments, if qualified in all other respects, to obtain the required active OBLISERV.

(4) United States (U.S.) Naval Reserve must convert to U.S. Navy.

(5) Instructions concerning reenlistment and voluntary extensions of enlistment are contained in MILPERSMAN 1160-030 and 1160-040.

(a) Members extending to meet OBLISERV requirements and selected for Nuclear Surface Ship assignment will have the opportunity to reenlist at the completion of prototype training, dropping the inoperative extensions executed to obtain sufficient OBLISERV for nuclear surface operators to compute Selective Reenlistment Bonus (SRB).

(b) If an extension would become operative prior to completion of nuclear propulsion training, then two extensions should be utilized; one extension to allow completion of the training and a second extension to complete the 48-month OBLISERV requirement.

b. **Documentation.** When NAVPERS 1070/621 (1/00), Agreement to Extend Enlistment or NAVPERS 1070/622 (1/00), Agreement to Recall or Extend Enlistment is executed to attain active OBLISERV required, the following entry shall be made as the NARRATIVE REASON for extension:

"Training - Nuclear Field Program (MILPERSMAN 1306-500 and 1510-030). I understand this extension becomes binding upon execution and thereafter may not be cancelled except as set forth in MILPERSMAN 1160-040 and 1160-080."

6. **Cancellation.** If a member does not desire to obligate himself as required, retain member on board and submit message notification to NAVPERSCOM (PERS-403F), who will then issue cancellation orders.

7. **Preparation for NPS**

a. Members interested in the Naval Nuclear Propulsion Program should complete a refresher course in basic mathematics.

b. Additional review in basic physics and chemistry should also be accomplished. Completion of this study, while not mandatory, will assist in the successful completion of Nuclear Propulsion Training.

8. **Assignment to Nuclear Field "A" School.** Members who are selected for Nuclear Propulsion Training will be assigned to Nuclear Field "A" School for up to 28 weeks training.

a. Members whose present rating is EM or ET will be required to successfully complete abbreviated courses covering topics essential to support the NPS curriculum.

b. MM3 and members in other ratings will be required to successfully complete the entire "A" School curriculum prior to commencing NPS.

MILPERSMAN 1306-600

SERVICE SCHOOLS

Responsible Office	NAVPERSCOM (PERS-4010)	Phone:	DSN COM FAX	882-3865 (901) 874-3865 882-2760
---------------------------	---------------------------	--------	-------------------	--

1. **Scope.** This article and its subarticles provide information and procedures pertaining to service schools:

Topic	See MILPERSMAN
Eligibility requirements.	1306-602
Determining obligated service (OBLISERV) requirements.	1306-604
Service school quotas.	1306-606
Class "A" School opportunities.	1306-608
Implementing the Guaranteed Targeted Enlistment Program.	1306-610
Foreign nationals and immigrant aliens.	1306-612
Granting leave in conjunction with such orders, family members' travel, and shipment of household goods (HHG) incident to orders to service schools.	1306-614
Determining the disposition of ineligible candidates who report to service schools.	1306-616
Listing of "A" School requirements.	1306-618

2. **Assignment upon Completion of Course of Instruction**

a. Assignment after training will be determined by the member's eligibility for sea or shore duty.

b. Members who reported to temporary duty under instruction (TEMDUINS) or duty under instruction (DUINS) from sea duty, who have more than 6 months remaining until completion of their prescribed sea tour, shall normally be returned to sea duty for a period of at least 12 months, or until completion of their prescribed sea tour, whichever is longer.

MILPERSMAN 1306-602

CLASS "A" AND SERVICE SCHOOL REQUIREMENTS

Responsible Office	BUPERS-32	Phone:	DSN COM FAX	882-2678 (901) 874-2678 882-2063
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) NAVEDTRA 12061, Catalog of Nonresident Training Courses (b) NAVMED P-117, Manual of the Medical Department (MANMED) (c) OPNAVINST 6001.1C Navy Guidelines Concerning Pregnancy and Parenthood (d) OPNAVINST 5350.4D (e) SECNAVINST 5510.30B Department of the Navy (DON) Personnel Security Program (PSP) (f) OPNAVINST 6420.1A Physical Requirements for Non-Submarine Personnel Embarked on Submarines (g) NETCINST 1500.9 Training Requirement Identification and Resource Sponsor Commitment
-------------------	--

1. **Purpose.** To establish and prescribe requirements, guidelines, and procedures for prospective Class "A" and Service school candidates.

2. **Eligibility Requirements.** Candidates for Class "A" or Service school must meet the general requirements described herein and the specific prerequisites for each school as set forth in reference (a) or other appropriate directives.

a. **Entrance Standards and Security Clearance**

(1) Commanding officers (COs) must screen candidates to ensure they meet school entrance standards, including appropriate security clearance requirements.

(2) Qualified personnel in pay grades E-1 through E-3 will be assigned to schools on an individual request basis. With the exception of rating conversion, personnel selected for

advancement or already advanced to E-4 will not normally be considered for Class "A" school.

b. **Physical.** Members must have passed most current physical readiness test and be within body composition assessment standards, in addition to being physically qualified for transfer per reference (b), article 15-30.

(1) Those requiring medical attention that will interrupt completion of course of instruction must not be transferred to any school.

(2) Refer to reference (c) for assignment of pregnant Navy members to school. Recommendation from the medical officer must be forwarded to Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32).

c. **Education.** When high school graduation is a prerequisite for a particular Service school, successful passing of the high school level general educational development (GED) test will be accepted for qualification.

d. **Suitability Evaluation.** COs must ensure that members selected for transfer to Navy Service schools are well suited to the course of instruction, as well as the type of work associated with the training.

(1) The basis for evaluation should include performance, military behavior, physical characteristics, mental aptitude, applicable Navy test scores, civilian occupations, previous training, experience, hobbies, and interests.

(2) Initiative in pursuing college education, completing Navy courses, and participation in post-secondary, adult, and continuing education program courses should be factors in recommending a member for a specific "A" school. Grades received in any of the courses completed will also be considered during the screening process.

(3) All commands are reminded that fleet "A" school candidates will make a permanent impression on recruit accessions that make up most of the "A" school population; therefore, all COs are urged to endorse only the best in the fleet for assignment.

(4) If the unit is or will be deployed in the near future, the suitability evaluation must include the date the member will be made available for school by the command.

(5) Include the three most recent NAVPERS 1616/26 Evaluation Report and Counseling Record (E1 - E6) forms with suitability evaluations.

e. **Disciplinary Record.** Candidates must not have a record of conviction by any court-martial, nor have more than one non-judicial punishment (NJP) during the 18 months preceding assignment to school. Waivers for more than one NJP should be submitted to BUPERS-32 per paragraph 6 below.

f. **Time on Board**

(1) Fleet applicants may submit requests after completion of 12 months on board their current permanent duty station.

(2) Applicants assigned to their initial first duty station must also complete a minimum of 12 months on board prior to submission of requests for assignment to Class "A" or Service school, and must have a minimum of 18 months on board prior to transfer.

(a) Rated personnel must have 24 months on board prior to transfer.

(b) Participation in Navy-wide advancement examinations for open ratings and assignment via returnable quota (accounting category code (ACC) 341 schools only) remain an option for overseas commands. Waivers for up to 12 months of the required Department of Defense tour will be handled on a case-by-case basis and must be fully justified on NAVPERS 1306/7 Enlisted Personnel Action Request. NAVPERS 1306/7 may be accessed using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

g. **Active Obligated Service (OBLISERV).** Candidates must be eligible to extend or reenlist, per MILPERSMAN 1160-030 and 1160-040, and be willing to incur active OBLISERV per MILPERSMAN 1306-106 and 1306-604.

h. **Pending "A" School Request and Advancement Examination Participation.** Non-designated personnel who have an "A" school

request pending, or who have been approved for attendance at an "A" school, are not authorized to participate in an advancement examination for any other rating until completion of the "A" school. Once a member participates in an advancement examination, member may not request an "A" school for a different rating until the results of the Navy-wide advancement examination are released.

Note: Per MILPERSMAN 1510-030, advancement is not automatic for the Advanced Electronics Field (AEF), Advanced Technical Field (ATF), and Nuclear Field (NF) Programs. Sailors who begin and attrite from the AEF, ATF, and nuclear power training programs and are reclassified or force converted into either the AEF or ATF Program are not eligible for any payment of enlistment bonus for their new rating. However, they are eligible for accelerated advancement to E-2 along with their other AEF and ATF counterparts effective on the date of reclassification into the program.

3. **Recruit Input.** Recruits are assigned to "A" school by BUPERS-32.

a. Per MILPERSMAN 1306-618, some recruits may be granted an armed services vocational aptitude battery (ASVAB) test score waiver for assignment to Class "A" school.

b. Service record entries or reports of ineligibility set forth in this article are not required for recruits.

4. **Submission of Requests**

a. Per MILPERSMAN 1306-611 Professional Apprenticeship Career Track (PACT) Program, PACT Sailors will apply for Class "A" or Service school via the Career Waypoints (C-WAY)-PACT module.

b. Fleet Sailors with less than 14 years of service (between active duty service date and soft expiration of active obligated service (as extended)) who desire to laterally convert to another rating requiring Class "A" school, will apply for lateral conversion via the C-WAY-Reenlistment (C-WAY-REEN) module per MILPERSMAN 1440-010 Conversion Authorization.

c. Procedures and Information Requirements. Requests for Class "A" or Service school should be forwarded to the desired rating's cognizant enlisted community manager within BUPERS-32

using a hardcopy NAVPERS 1306/7 (not an electronic BUPERS ACCESS copy), and must include the following information:

(1) Command Endorsement. The command endorsement must certify the candidate has no history of in-service or prior service alcohol or drug abuse (alcohol and drug abuse is defined per reference (d)) or an offense involving the introduction, possession, or use of marijuana, narcotics, or other controlled substances. Waivers for pre-service experimental (one-time) use of marijuana will be considered on a case-by-case basis. Pre-service or in-service use of other drugs or any abuse of alcohol will not be waived. Required certification may be provided in the comment section of NAVPERS 1306/7 via memorandum or message.

(2) ASVAB Scores. All scores in the ASVAB test indicated on NAVPERS 1070/886 Member Data Summary. NAVPERS 1070/886 may be accessed using the following Web address:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

Note: If the member has taken the Armed Forces Classification Test, forward a certified copy of the new NAVPERS 1070/886 Member's Data Summary as an enclosure to the member's request.

(3) Evaluations. All submission requests must include the most recent NAVPERS 1616/26 reports. Up to three evaluation reports should be included in the request, unless otherwise specified in paragraph 5 below. Evaluations submitted must be chronologically continuous (i.e., day-for-day accountability of the member up through the most recent evaluation).

5. School Requirements

a. Candidates and COs should be cognizant of specific school requirements as set forth in reference (a) prior to submission of documentation to support waiverable selection requests.

b. Specific Requirements for Designated Schools

(1) Air Traffic Controller (AC) "A" School

(a) Members must be physically qualified per reference (b), article 15-69 within 120 days of the class convening date.

(b) BUPERS 32 will notify the command of selection and request the physical be completed. It is imperative that BUPERS-32 is notified if the physical cannot be completed and or if the member is not qualified before the member transfers.

(2) Naval Aircrewman (AW) "A" School. Forward copy of completed NAVPERS 1070/613 Administrative Remarks, per MILPERSMAN 1220-010, pertaining to the Aircrew Program.

(3) Cryptologic Technician (CT)/Intelligence Specialist (IS) "A" School.

(a) All requests for CT and IS "A" school must include a copy (not original) of a newly prepared SF 86 Questionnaire for National Security Positions and a personal screening interview by a special security officer. See reference (e) for general form preparation.

(b) Do not initiate a Tier 5 (T5) background investigation prior to submitting the request for CT/IS "A" School, unless specifically directed by BUPERS-32. If selected, orders to school will direct initiation of a T5. Submit a T5 as soon as possible following receipt of orders to CT/IS "A" School. Any delay in submission of required paperwork to the Department of Defense, Central Adjudication Facility (DODCAF), Washington, DC will preclude student from convening on the scheduled class convening date.

(c) Fingerprint cards are not desired.

(d) Both the applicant and applicant's immediate family member(s) must be U.S. citizens. A waiver for U.S. citizenship requirement for immediate family may be considered due to a "compelling need." Include an intelligence risk assessment and a foreign contact interview with the waiver. Only DONCAF may authorize these waivers based on CT enlisted community manager's recommendation for severely undermanned CT branches.

(e) Generally, moral turpitude offenses are disqualifying.

(f) Former Peace Corps volunteers are not eligible.

(g) Must be a high school graduate or equivalent GED, college preparatory training, home study, or other

equivalency. If not a diploma graduate, applicant must provide a high school transcript verifying successful completion of the tenth grade.

(4) Cryptologic Technician (Interpretative) (CTI) "A" School

(a) May be assigned to duty in submarines or duty involving aerial flight. Reference (b), chapter 15 and reference (f) pertain.

(b) Defense language aptitude battery (DLAB) requirement for all languages is 110 or better. This minimum score may be waived on a case-by-case basis for native speakers of certain languages. Request DLAB tests through the Naval Education and Training Professional Development and Technology Center Pensacola, FL. The Defense Language Proficiency Test requires a minimum score of Listening 2+ and Reading 2+ to qualify for direct conversion as a native linguist. Only candidates applying for direct conversion who are fluent in a foreign language need to take this exam per reference (g).

(5) Religious Program Specialist (RP) "A" School. All requests must include a chaplain's endorsement.

(6) Mineman (MN) "A" School

(a) Have no uncorrectable condition which precludes assignment overseas per MILPERSMAN 1306-600 through 1306-618.

(b) Request must include specific remarks from the CO on the member's suitability for overseas duty.

(c) Temporary medical or dental problems that can be corrected prior to "A" school are not disqualifying.

(7) Hospital Corpsman (HM) "A" School

(a) Personnel applying for hospital corpsman training are required to have an ASVAB composite of 156 (VE+MK+GS).

(b) Must have no record of conviction of court-martial or non-judicial punishment during the 18 months preceding assignment to "A" school.

(c) Must be within body composition assessment standards and must not have failed their most recent physical fitness assessment (PFA) or any two of the last four PFA's preceding assignment to school.

(d) Must be found worldwide assignable for potential operational and overseas assignments, and must maintain worldwide assignable status throughout "A" school.

(e) Must be informed they will be assigned to duties involving direct patient care and clinical services and may be assigned to the Fleet Marine Force for duty.

(f) Requests must include a copy of all NAVPERS 1616/26 evaluations.

(g) COs are encouraged to consult with local medical department representatives to further determine a candidate's suitability for medical duty.

(h) A licensed physician or dentist, or any graduate of a medical or dental school in any country is not eligible for entrance into the HM rating.

(i) Applicants meet standards as requirements are strictly adhered to for accession into the HM community.

(8) Submarine Rating Schools

(a) Member must be a volunteer for submarine duty, per MILPERSMAN 1306-400, and meet physical standards per reference (b).

(b) Generally, moral turpitude offenses are disqualifying.

(c) No history of drug abuse.

(9) Temporary Duty Under Instruction (TEMDUINS) and Duty Under Instruction (DUINS). All assignments to AW/CT/HM "A" school will be made on a TEMDUINS/DUINS (non-returnable) basis due to follow-on training requirements.

6. **Requests for Waiver of Eligibility Requirements**

a. Waiver of eligibility requirements (except requirements involving security clearance, OBLISERV, requisite training/physical standards for personal safety) contained in MILPERSMAN 1306-618 may be requested for members who have exceptional potential.

b. Waiver requests must be submitted in the CO's endorsement to the quota request and must include the following:

(1) Specific deficiency and full justification for waiver. In cases of ASVAB test score waiver, list all available scores separately.

(2) Length of time the member has been striking for the rating for which training is requested, and comments concerning the member's civilian experience as it relates to the requested course of instruction.

(3) Evaluation of the member's overall potential to the Navy, including the member's career intentions and leadership potential.

(4) Courses the member has completed which will enhance the prospect of successful school completion.

c. When a waiver has been granted, an appropriate NAVPERS 1070/613 entry must be made prior to the candidate's transfer to school.

7. **Re-Interview and Reclassification**

a. For re-interview or reclassification of personnel disenrolled from a Class "A" school, see MILPERSMAN 1236-020.

b. Reclassification to a second "A" school will only be approved if applicant is fully qualified and recommended to a less technical and demanding Class "A" School Program.

Note: Voluntary drops will be availed to the fleet as PACT members per MILPERSMAN 1306-611.

MILPERSMAN 1306-604

ACTIVE OBLIGATED SERVICE (OBLISERV) FOR SERVICE SCHOOLS

Responsible Office	BUPERS-328	Phone:	DSN	882-2533

		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) NAVPERS 18068F Navy Enlisted Occupational Standards Volume I (b) OPNAVINST 1160.8B
-------------------	---

1. **Policy.** Commanding officers (CO) of transferring activities will ensure the active obligated service (OBLISERV) outlined in this article is completed prior to personnel transfers. Waivers of this requirement normally will not be approved.

a. Unless otherwise directed in [MILPERSMAN 1306-618](#) or reference (a), OBLISERV for "A" and "C" schools and factory and contractor training is computed from the class convening date. OBLISERV must be incurred prior to permanent change of station, temporary additional duty, or temporary duty under instruction transfer to the school by executing either:

- (1) [NAVPERS 1070/621](#) Agreement to Extend Enlistment,
- (2) [NAVPERS 1070/622](#) Agreement to Recall or Extend Active Duty, or
- (3) [NAVPERS 1070/601](#) Immediate Reenlistment Contract.

Note: If the length of the Service member's current enlistment contract is sufficient to cover the OBLISERV required in subparagraph 3b below, additional OBLISERV is not required. This policy also applies to returnable quotas.

b. If reenlistment and or obtainment of OBLISERV prior to transfer will cause loss of selective reenlistment bonus (SRB),

a member may request the following OBLISERV options from Bureau of Naval Personnel (BUPERS) Selective Reservists and Fleet Training Support Branch (BUPERS-328):

(1) A [NAVPERS 1070/613](#) Administrative Remarks (Page 13) entry in lieu of hard OBLISERV.

(2) OBLISERV to Train (OTT) per reference (b) and most recent SRB naval administrative message.

2. Procedures

a. For non 5 or 6 year obligation (YO) Sailors, when preparing the [NAVPERS 1070/621](#) and or [NAVPERS 1070/622](#) the reason will be "To meet OBLISERV requirements upon graduation from (name of course) course of instruction per [MILPERSMAN 1306-604](#), I understand this extension becomes binding upon execution and, thereafter, may not be cancelled except as set forth in [MILPERSMAN 1160-040](#)."

b. In the event a fleet input student completes the course of instruction in less than the scheduled course length, initial OBLISERV may be reduced by the schoolhouse CO to correspond to the actual time spent under instruction. If the student transfers from schoolhouse prior to OBLISERV adjustment, correspondence requesting adjustment of OBLISERV under such circumstances must be forwarded to BUPERS-328 with copies of all related [NAVPERS 1070/604](#) Enlisted Qualification History, [NAVPERS 1070/880](#) Awards Record, [NAVPERS 1070/881](#) Training Education and Qualification History, and [NAVPERS 1070/613](#).

c. For non 5/6YO Sailors (in addition to subparagraphs 2a and 2b requirements), a member acquiring an additional OBLISERV for a course of instruction will also execute and sign a [NAVPERS 1070/613](#) entry of understanding concerning OBLISERV payback for disenrollment. An example statement is as follows:

"Having executed an extension of my current enlistment to obtain sufficient OBLISERV for (course of instruction/course identification number), I understand that in case of my disenrollment prior to completion of that course of instruction, the extension may be cancelled and a new extension executed per the service requirements of [MILPERSMAN 1306-604](#)."

Member's Signature

Witnessed:

L. Kimble
CDR, USN, Personnel Officer

d. OTT eligible members must submit their requests for permission to use the OTT option to BUPERS-328 via their COs.

3. **Active OBLISERV for Schools**. OBLISERV requirements, per course lengths, for members assigned to single service schools or consecutive service schools will be determined by using the below chart in subparagraph 3b.

a. Active OBLISERV must not, in any case, exceed 72 months.

b. The following table outlines required OBLISERV for schools not identified in [MILPERSMAN 1306-618](#):

Course Length	OBLISERV	Course Length	OBLISERV
01-03 weeks	06 months	15-22 weeks	30 months
04-06 weeks	12 months	23-30 weeks	36 months
07-08 weeks	18 months	31-38 weeks	42 months
09-10 weeks	20 months	39-46 weeks	48 months
11-12 weeks	22 months	47-52 weeks	54 months
13-14 weeks	24 months	53 weeks or greater	60 months

c. The following notes apply to 30-60 months OBLISERV:

(1) This provision does not apply to "C" schools less than 11 weeks in duration for which 24 months OBLISERV from graduation is required for SRB-eligible Navy enlisted classification (NEC) codes.

(2) This provision is not applicable to nuclear power NECs 3353-3396 or to training pipelines associated with initial 6-YO recruiting programs (advanced electronics field (AEF) and

advanced technical field (ATF)). This provision applies for those who have either converted to a rating to be eligible for this training or for those non-designated members who later strike for a rating to be eligible for this pipeline training.

4. **6-YO Programs**. Various programs require a total of 6 years active duty obligation. The AEF, ATF, and nuclear field programs require a 4-year enlistment and a concurrent two-year extension of active duty obligation. These programs are set forth in [MILPERSMAN 1510-030](#).

5. **5-YO Programs**. In addition to academic requirements, all members must acquire an aggregate of 5 years total active OBLISERV to qualify for "A" School training in the following ratings (regardless of "A" School length):

(AC) Air Traffic Controller	(ETS) Electronics Technician Submarines
(AW) Aviation Antisubmarine Warfare Operator	(FT) Fire Control Technician
(BU) Builder	(HM) Hospital Corpsman (HM DA)
(CE) Construction Electrician	(MC) Mass Communications Specialist
(CM) Construction Mechanic	(STS) Sonar Technician Submarines
	(SW) Steelworker
(EA) Engineering Aide	(UT) Utilitiesman
(EO) Equipment Operator	

a. Members with an aggregate of 5 years active OBLISERV, who will not have at least the minimum OBLISERV remaining on their enlistments as set forth in this article, must agree to extend their enlistments for the required minimum obligation to become eligible for one of the above schools.

b. The Surgeon General has waived the HM "A" school requirement for sea-air-land team candidates receiving medical training.

c. Fleet inputs or lateral conversions for HM and AC 5-Year Program "A" school candidates require 48 months minimum OBLISERV as of class convening date.

d. Fleet inputs or lateral conversion master-at-arms, legalman, builder, construction electrician, construction

mechanic, engineering aide, equipment operator, steelworker, and utilitiesman candidates require 48 months minimum OBLISERV upon graduation from course of instruction.

6. **Acquiring Active OBLISERV.** Members may reenlist or extend their enlistments (if qualified) to obtain the required active OBLISERV.

a. Instructions concerning reenlistment and voluntary extensions of enlistment are contained in [MILPERSMAN 1160-030](#) and [MILPERSMAN 1160-040](#).

b. Hard OBLISERV is required for all members attending "A" and "C" schools and factory and contractor training (**except** those attending "A" and "C" schools under the Selective Conversion, Reenlistment, and Lateral Conversion Programs).

c. Waivers of OBLISERV normally will not be approved.

d. Members who fail to incur sufficient OBLISERV (as required) will be dropped from a school upon reporting or at the time the discrepancy is discovered.

(1) If not separated, they will immediately be made available for general duty assignment.

(2) If the member is designated and reports to a new command, where the OBLISERV discrepancy is discovered, the new command must notify BUPERS-328 for authorization to remove the striker designation. If a member is in excess as a non-designated seaman, airman, or fireman, make the member available for needs of the Navy assignment.

(3) Under no circumstance will a member be allowed to remain in school, become designated, or remain designated without fulfilling the requirements for OBLISERV as set forth in this article.

(4) All members should be counseled on the requirement for Navy Personnel Command's approval for reenlistment.

7. **Extensions of Enlistment**

a. Reason Entries. When [NAVPERS 1070/621](#) or [NAVPERS 1070/622](#) is executed to attain active OBLISERV required for a

course of instruction, one of the following narrative reason entries (as appropriate) must be made:

(1) Fleet input students - refer to subparagraph 2a of this article.

(2) Initial entry students other than nuclear field: "Training for AEF, ATF, five-year obligor (5-YO) Program, or other training (cite applicable authority, e.g., PERS-TC, etc.). I understand this agreement becomes binding upon enrollment in the course of instruction for which it is executed and, thereafter, may not be cancelled, except as set forth in [MILPERSMAN 1160-040](#) and [MILPERSMAN 1510-030](#)."

(3) Nuclear field: "Training (Nuclear Field (NF) Program, accelerated advancement to E-4, [MILPERSMAN 1510-030](#). I understand this extension becomes binding upon execution and, thereafter, will not be cancelled."

b. Cancellation or Adjustments of Extensions. Refer to [MILPERSMAN 1160-040](#). For non-5/6-YO members disenrolled from "A" or "C" schools, OBLISERV will be computed per the table in subparagraph 3b of this article.

c. OBLISERV of 5/6-YO Program Disenrollees. Refer to [MILPERSMAN 1160-040](#) and [MILPERSMAN 1510-030](#).

MILPERSMAN 1306-611

PROFESSIONAL APPRENTICESHIP CAREER TRACK (PACT) PROGRAM

Responsible Office	BUPERS-32	Phone: DSN 882-3096 COM (901) 874-3096 FAX (901) 874-2041 E-mail: pact_admin.fct@navy.mil
---------------------------	-----------	---

MyNavy Career Center	Phone: Toll Free 1-833-330-MNCC E-mail: askmncc@navy.mil MyNavy Portal: https://my.navy.mil/
----------------------	---

Reference	(a) COMNAVCRUITCOMINST 1130.8K
------------------	--------------------------------

1. General Information

a. This article provides policy and execution guidance related to the Professional Apprenticeship Career Track (PACT) Program. It codifies existing policies and supersedes all prior policy guidance.

b. As outlined in reference (a), the Navy PACT Program guarantees an initial apprentice skill training and viable career opportunities for Sailors who maintain eligibility. Designation into a rating will be available at the end of the Sailor's apprenticeship tour.

2. Policy

a. The PACT Program is designed to enlist Sailors into a monitored, general apprenticeship program which provides formal and on-the-job training and leads to a viable career path at the completion of their apprenticeship tour. This program stabilizes the PACT workforce required to accomplish mission essential undesignated work in the Fleet. Eligibility to apply for rating entry within designation paths begins 12 months prior to the Sailor's Projected Rotation Date (PRD) which is set to 24 months after initial assignment to their first Permanent Duty

Station (PDS). PACT Sailors will normally be designated 90 days prior to their PRD. The PACT Program includes three apprenticeship career tracks:

- 1) Aviation PACT (A-PACT);
- 2) Engineering PACT (E-PACT); and
- 3) Surface PACT (S-PACT)

b. PACT Program eligibility standards were developed for each apprenticeship career track based on the list of associated ratings. Sailors in receipt of an initial accession contract into one of the three tracks must meet the established minimum requirements for their chosen track. These requirements are listed in [MILPERSMAN 1306-618](#).

c. Sailors accepted into the PACT Program will attend an initial PACT apprenticeship course for their respective track and receive a follow-on assignment determined by the needs of the Navy to a Fleet unit. Sailors dropped from a previous course of instruction and reclassified into the PACT Program will receive Permanent Change of Station (PCS) orders determined by the needs of the Navy. As a result these Sailors may or may not attend the PACT apprenticeship course.

d. All PACT Sailors will be assigned a 24-month PRD at their first PDS unless the initial assignment is regulated by other policies, i.e., DoD and PRECOM tours.

e. Rating eligibility screening and career progression plans will be developed during the PACT Sailor's reporting Career Development Board (CDB). A rating eligibility screening is conducted using the Career Waypoints (C-WAY) general eligibility screening functionality. Rating eligibility screening produces a list of ratings for which the Sailor is qualified. In addition, Command Career Counselors (CCCs) should encourage their Sailors to take the Job Opportunities in the Navy (JOIN) Assessment to identify their interests. JOIN can be found at <https://www.bol.navy.mil/> and selecting "JOIN" from the BOL application menu. Sailors can use the Sailor Service Access (SSA) option to view their "JOIN" results and the Career Exploration Module (CEM) within C-WAY to identify eligibility requirements for additional ratings of interest. Based on the results of the general rating qualification and Sailor's interest profile, a career progression plan will be developed.

The Career Information Management System (CIMS) is used to document CDBs. All required CDBs must be conducted and documented in CIMS (reporting, 6-month, 12-month, 18-month and 24-month CDBs conducted for PACT Sailors).

f. PACT Sailors who obligate service for 24 months beyond their current Expiration of Active Obligated Service (EAOS) are then eligible for advancement to pay grade E-4 with endorsement from their Commanding Officer or Officer-in-Charge (CO/OIC). PACT Sailors designated via "A" School will be advanced to pay grade E-4 upon completion of all required training for that rating.

3. Definitions

a. PACT is the specific apprenticeship career track into which the Sailor was accessed when entering the Navy, or into which they were later reclassified during training.

b. Rating designation is the process by which a Sailor submits an application to designate into a rating, receives approval, and ultimately becomes a rated Sailor.

c. Designation pathway is the method the Sailor chooses to become designated. Pathway methods are described in section 5.b. of this article.

4. Responsibilities

a. OPNAV (N13) - Director, Military Personnel Plans and Policy (N13) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for PACT designation policy.

b. OPNAV (N132) - Director, Enlisted Force Shaping Plans and Policy (N132) is responsible for developing enlisted force management policy in support of the Deputy Chief of Naval Operations (N1). As such, OPNAV (N132) will establish all applicable designation policies.

c. BUPERS-32 - Head, Enlisted Community Management (BUPERS-32) will execute PACT program policies and plans. Additionally, BUPERS-32 will develop an annual PACT accession mission and an estimation on the number of Sailors that will be eligible for designation.

d. BUPERS-33 - Head, Career Waypoints (C-WAY) Program will maintain and update the Rating Identification Engine (RIDE) and Job Opportunity in the Navy (JOIN) Assessment as directed by OPNAV N132 and OPNAV N13.

e. Head, Enlisted Placement Management, PERS-4013 - Manning Control Authorities (MCA) will provide overarching requisition prioritization and guidance to PERS-40 and will display a list of prioritized jobs for PACT Sailor applications within MyNavy Assignment (MNA).

f. Director, Enlisted Distribution PERS-40 will select qualified Sailors for billet assignment based on MCA's priorities.

(1) Ensure assigned rate is accurately delineated in orders. Add rating designation and Obligated Service (OBLISERV) text to orders.

(2) "A" School considerations. Sailors selected for jobs which require an "A" school will be written orders to "A" school. Ultimate duty station orders will be written upon graduation.

g. Command Responsibility. COs and OICs are responsible for managing the careers of PACT Sailors serving at their commands. Commands must balance PACT requirements with designation needs and desires of PACT Sailors. They must ensure the completeness and accuracy of all designation applications and personnel understand and comply with all policies related to PACT designation. Additionally, commands must:

(1) Ensure their CCC and or designated representatives obtain MNA and C-WAY System access;

(2) Ensure applications for PACT Sailors under their cognizance to include those concurrently assigned elsewhere (e.g., Individual Augmentee (IA), Temporary Additional Duty (TAD), etc.) are submitted in conjunction with MNA cycles. If a PACT Sailor has met eligibility requirements for designation but has not earned the command's endorsement for retention, the command will contact Navy Personnel Command (NAVPERSCOM) Shore Special Assignments Branch (PERS-4010) to have the Sailor's PRD changed to match their Soft Expiration of Active Obligated Service (SEAOS).

(3) Validate all Sailor Career Waypoints (C-WAY) qualifications at each CDB.

(4) Sailors may be advanced to E4 if they:

(a) Meet all rating entry requirements

(b) Earned the Chain of Command's recommendation

(c) Incur required obligated service of 24 months beyond their current Expiration of Active Obligated Service (EAOS)

(d) Complete any screening required by their orders (Sea Duty screening, overseas screening, etc.)

(e) Are within 90-days of their original PACT PRD.

Note: PACT Sailors designated via "A" School will be advanced to pay grade E4 upon completion of all required training for that rating.

h. CCC procedures include the following:

(1) Ensure each Sailor is fully qualified in C-WAY. Address any required waivers with BUPERS-32 prior to application.

(2) Review and assist each PACT Sailor with their MNA application. PACT Sailors must be counseled they do have the option to request to remain on board their current command in C-WAY. Command must have a valid vacant billet in MNA for the Sailor's requested rating.

(3) Update applications to reflect changes to Sailors' designation eligibility status;

(4) Ensure applications are submitted before the MNA cycle closes; and

(5) Submit required documents as needed.

Note: Commands encountering challenges with submitting MNA applications should contact the PACT Detailer.

Note: Sailors are encouraged to utilize CDBs and the Career Exploration Module (CEM) in order to determine any actions they can take to expand the list of ratings they are eligible for (e.g., retake the Armed Forces Classification Test (AFCT) to improve their scores in order to expand their rating designation opportunities or earn a driver license, etc.).

i. Sailor Responsibility. Sailors are ultimately responsible for their own careers and maintaining all qualifications.

(1) Sailors should use their most recent CDB as a guide in making their career decisions. Additionally, Sailors are encouraged to engage with command leadership to better understand duties, rating requirements, and skillsets unique to each rating. Sailors should use their C-WAY Sailor Self Service Access (SSSA) to verify their rating qualifications. Sailors should utilize the [Navy Credentialing Opportunities Online \(COOL\)](#) website for rating information description, Learning and Development Road Maps (LaDRs), and credentials associated with their perspective rating choices.

(2) With the assistance of their CCC or career development team, Sailors must submit MNA applications within the requisition cycle timeline established by PERS-40.

5. Rating Assignment

a. Rating Qualification. CCCs will utilize the qualification function in the C-WAY Sailor browser to determine ratings for which a PACT Sailor is qualified.

b. Submit applications using MNA. Sailors are selected on the basis of best qualified, needs of the Navy, and their rating entry designation qualifications. PACT Sailors have two designation pathways:

(1) Successful completion of Fleet "A" School and all required training for that rating, or

(2) Designation at 90 days from original PACT PRD

Note: The Information Warfare, Special Warfare, Submarine, Divers, EOD, AW, AC, LN, MC, RP, MA, and Nuclear Power ratings /communities require special screening/package to be submitted via Electronic Personnel Action Request (ePAR) IAW the

applicable MILPERSMAN to BUPERS-32 via the MNCC 13-16 months prior to the Sailor's PRD.

c. For PACT Sailors electing not to OBLISERV for orders, commands must submit a failure to OBLISERV message to PERS-4010. Sailor's PRD will then be aligned to their SEAOS. If not aligned to a valid vacant billet onboard current command, the Sailor will lose the selected rating. If aligned to a valid billet, the Sailor may retain the rating; however, they will forfeit PACT auto advancement opportunity. The Sailor remains eligible for other advancement opportunities, i.e., MAP, NWAE, etc.

d. PACT Sailors not selected for a rating/requisition after three MNA cycles will have their PRD matched to their SEAOS and are limited to the following options:

(1) Remain undesignated and separate at their SEAOS.

(2) Contact BUPERS-3 PACT ADMIN (pact_admin.fct@navy.mil) via their CCC to determine needs of the Navy rating opportunities.

Note: Sailors must complete their remaining military service obligation (MSO) in the Individual Ready Reserve (IRR).

e. Sailors with interrupted service at the first PDS. Sailors who are transferred from first command due to limited duty, medical hold, legal hold, HUMS, pregnancy etc. and are subsequently reassigned may apply via ePAR to BUPERS-32 PACT ADMIN via the MNCC with command endorsement, for designation at their original PRD. Designation opportunities may be limited to non-Class "A" school required ratings if the assignment limitation precludes the Sailor from attending formal training. On the ePAR list rating choices in order of priority. The reasons provided above are not all inclusive.

f. Cancellation of a PCS orders. If PCS orders are cancelled, contact the rating or PACT Detailer as appropriate for further disposition.

6. Disqualifications

a. Substandard Performance. Substandard performance or disciplinary problems are cause for cancellation of a Sailor's

eligibility for designation. Commands are required to document substandard performance issues.

b. Failure to maintain their eligibility for the prospective rating as delineated in [MILPERSMAN 1306-618](#). CCC must update Sailor eligibility status into C-WAY. Additionally, Sailors must:

(1) Have no Non-Judicial Punishment (NJP) within 12 months of "A" School class convening date; and

(2) Be recommended for advancement and retention.

(3) PACT Sailors approved to designate via "A" School and who subsequently fail or are disenrolled should contact PACT Admin for guidance and further disposition.

c. Loss of Retention and/or Advancement Recommendation. If a Sailor has their retention or advancement recommendation rescinded by the CO or OIC, they are no longer eligible for designation. The Command must notify the PACT Detailer at (PERS-4010) to have the Sailor's PRD adjusted to match their SEAOs.

7. Reclassifications to the PACT Program

a. Accession "A" School disenrollment may be reclassified to the PACT Program. Any Sailor in the accession pipeline who is disenrolled from a previous course of instruction and reclassified into the PACT Program must have their PCS orders written to include a 24-month PRD. "A" School disenrollments will fall into the needs of the Navy category under the NETC N33, Supply Chain Operations as outlined in [MILPERSMAN 1236-020](#). After reporting to their PDS, reclassified PACT Sailors are subject to all requirements outlined in this article.

b. PACT Program School Disenrollment. PACT Sailors who fail to complete assigned PACT training may be subject to separation per [MILPERSMAN 1910-125](#).

			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulation (JFTR), Volume I
-------------------	--

1. **Transfer Orders**. Personnel approved for school quotas will be transferred per provisions of MILPERSMAN 1320-300 and its subarticles. NAVCOMPT 536 (12-79), Standard Transfer Order (STO) should be prepared per MILPERSMAN 1320-300 and its subarticles, and the transfer directive. Information to be included in the STO is as follows:

a. **Type Quota/Convening Date/Authority**. The NAVCOMPT 536 must specify the type of quota (Temporary Duty under Instruction (TEMDUINS) or Duty under Instruction (DUINS)), convening date of the class for which member is being transferred, and authority for transfer.

b. **Transportation**. Government transportation shall be used, where practicable, as outlined in MILPERSMAN 1320-300 and its subarticles.

c. **Travel**. Where applicable, travel is authorized per MILPERSMAN 1320-100.

d. **Travel for Family Members/Shipment of Household Goods**. Entitlement to travel for family members and shipment of household goods, where applicable, shall be per reference (a).

e. **Report Date**. To keep expenditures to a minimum, personnel ordered to TEMDUINS/Temporary Additional Duty under Instruction (TEMADDINS) shall be transferred to report no earlier than the day preceding the class convening date of the school, except when transportation dictates otherwise and greater economy can be effected by use of other modes of travel (i.e., available government transportation).

2. Family Member Travel and Household Goods Information.

Entitlement to travel of family members and movement of household goods under examples of types of quotas listed in MILPERSMAN 1306-606 is as follows:

a. TEMDUINS quotas **do not** constitute a permanent change of station (PCS).

(1) Entitlement to family members' transportation and movement of household goods at government expense **are not** authorized.

(2) A temporary change of station weight allowance for members of eligible paygrade may be authorized at government expense from the member's permanent duty station to the temporary duty station, and then to the new permanent duty station.

b. DUINS quotas are a PCS, and movement of family members and shipment of household goods at government expense **are** authorized, if otherwise eligible.

c. Commands must ensure that enlisted personnel are properly advised, prior to transfer to school, as to whether or not transportation of family members and shipment of household goods at government expense are authorized.

3. Granting of Leave

a. Fifteen days leave will normally be granted upon detachment from apprenticeship training, fundamental training, "A" or "C" schools, as appropriate.

b. Schools will only grant leave to personnel received on TEMADDINS orders upon completion of course of instruction when it is specifically authorized in the transfer order.

Reference	(a) OPNAVINST 5350.4D
------------------	-----------------------

1. **Policy**. When a Service member reporting to a school command is not fit for full duty, is not qualified for the course of instruction (waiver has not been granted), requires medical attention that will not allow for an uninterrupted course completion, or has administrative action pending from the last duty station, the following procedures in paragraphs 1a and 1b below must be followed.

a. Report circumstances to Navy Personnel Command (NAVPERSCOM), Shore Special Programs Distribution Branch (PERS-4010S) by message with an information copy to Naval Education Training Command, Accession Detailing Branch (N33), and the Service member's last duty station.

b. Provide all information required in the availability report, and include one of the following recommendations for disposition of the Service member:

(1) Retain on board for course of instruction

(2) Do not enroll in course of instruction, and ensure the following information is reported:

(a) Type of administrative action pending;

(b) If unfit for medical reasons, include diagnosis, extent of disability, date problem was recorded in health record, the expected duration of the illness, and whether a transfer physical was received;

(c) Present location of family members; and

(d) Whether or not dislocation allowance was advanced or paid.

2. **Drug Abuse**. Any Sailor determined to be using, possessing, promoting, manufacturing, or distributing drugs and or drug paraphernalia (in violation of applicable provision of reference (a), Federal, State, local statutes, or this instruction) must be disciplined (as appropriate) and processed for administrative separation per reference (a). Service members diagnosed as drug dependent must be offered treatment prior to separation.

Note: Waivers of this policy will not be approved.

3. **Eligibility for Reclassification**. Service members will not be considered eligible for reclassification, except as follows in paragraph 3a and 3b below.

a. **Forced or Special Conversions**. Circumstances, results of disciplinary action, and rating choices must be provided to NAVPERSCOM, Community Management Support Branch (BUPERS-328) by message for designated or rated Service members who are not eligible for retention in their current ratings. Service members will be considered for direct conversion only.

b. **Recruiting Selective Conversion Reenlistment (RESCORE) or Prior Service (PRISE) III Program**

(1) For Service members attending "A" school in conjunction with enlistment guarantee conversion under the RESCORE or PRISE III Program who fail, or are no longer qualified for the specific "A" school, notify NAVPERSCOM (PERS-4010S) as required by MILPERSMAN 1133-060.

(2) Training commands are required to have the dropped students undergo a professional development board, endorsing further assignment to another "A" school.

(3) A designated classifier at the school command must screen for ratings which the student is fully qualified and report the recommendations through the availability process.

4. **"A" School Assignment.** Enlisted Community Managers (BUPERS-32) will assign a school based on needs of the Navy. Assignment to another "A" school is not guaranteed.

References	(a) COMNAVCRUITCOMINST 1130.8 (b) OPNAVINST 1220.2 (c) SECNAVINST 5510.35
-------------------	---

1. **General Information.** This article provides rating entry and Class "A" School requirements for accessions during initial classification (i.e., individuals enlisting, known as "future Sailors" at military entrance processing stations (MEPS)), reclassification at Navy Recruit Training Command (RTC) or at naval training activities, fleet Sailors who desire lateral conversions referenced in MILPERSMAN 1440-010, fleet Sailors who require forced conversion referenced in MILPERSMAN 1440-011, and Professional Apprentice Career Track (PACT) Program Sailors designating into permanent rating referenced in MILPERSMAN 1306-611. See reference (a) for rating requirements based on accession programs.

2. **Policy**

a. Class "A" School and minimum rating entry requirements are based on continued analysis of training curriculum, training outcomes, and on-the-job performance standards. Minimum rating entry requirements include mental (Armed Services Vocational Aptitude Battery (ASVAB) and special classification tests), medical, security clearance, and conduct attributes. Additional requirements are applicable for certain communities (e.g., legalman, religious personnel, nuclear, and special warfare/special operations). Basic rating entry standards may be accessed on the Navy Personnel Command (NAVPERSCOM) Web site address: <http://www.public.navy.mil/bupers-npc/career/careercounseling/Pages/default2.aspx> and within the Career Waypoints (C-WAY) System. Standards are defined for

classification and reclassification during accession and training, and for conversions and designations in the fleet.

b. Class "A" School and rating entry minimum standards are gender neutral and avoid reference to masculinity and femininity and their cultural associations.

Note: Although motivation is a major factor in completing many courses of instruction, there is a direct relationship between ASVAB test scores and the training success rate required for career progression.

c. C-WAY is the authoritative system for rating entry standards. C-WAY maintains all minimum rating entry qualification standards and provides an estimation of fit between the Sailor and rating match. The C-WAY System provides a functionality to support a comprehensive Sailor screening based on current ASVAB, physical, and conduct standards. C-WAY screening results in a list of ratings in which the Sailor is qualified to perform.

(1) For initial classification at MEPS, classifiers must use the current Navy Recruiting Classification System. The Navy Recruiting Classification System interfaces with C-WAY to provide a list of ratings for which the "future Sailor" is qualified and a classification opportunity exists. Policy and guidance related to initial classification process are available in reference (a).

(2) For reclassification at RTC, Class "A" School, and "C" School, classifiers must use the C-WAY-Reclassification Module. The C-WAY System will provide a list of ratings for which the Sailors are qualified and a reclassification opportunity exists. Policy and guidance related to reclassification processes are available in MILPERSMAN 1236-020 and reference (b).

(3) For PACT Sailor designation, command career counselor (CCC) must use C-WAY-PACT Designation Module within the C-WAY System. The system will provide a list of ratings for which the PACT Sailor is qualified and a designation opportunity exists. Policy and guidance related to PACT Sailor designation policy and processes are available in MILPERSMAN 1306-611.

(4) For lateral conversions, C-WAY applies only to rated Sailors E-3 through E-6 with 14 years or less of service, CCC

must use C-WAY-Reenlistment Module within the C-WAY System, except for nuclear applications processed per MILPERSMAN 1306-504. Rated E-6 Sailors with over 14 years of service and E-7 and above will submit lateral conversion requests per MILPERSMAN 1440-010 and the specific rating MILPERSMAN. The system will provide a list of ratings for which a Sailor is qualified and a conversion opportunity exists. Policies and guidance related to lateral conversions are available in MILPERSMAN 1440-010 and 1160-140.

(5) For forced conversions, CCC must follow the process and policy stated in MILPERSMAN 1440-011.

3. Roles and Responsibilities

a. Office of the Chief of Navy Personnel, Military Personnel, Plans, and Policies Division (OPNAV (N13)) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (OPNAV (N1)).

b. OPNAV, Enlisted Force Shaping Plans and Policies Branch (N132) is responsible for developing enlisted force management policy in support of the Deputy Chief of Naval Operations, (OPNAV(N1)). As such, OPNAV (N132) will establish all applicable Class "A" School and rating entry standards. OPNAV, Navy Selection and Classification Office (N132G) provides oversight for the enlisted classification policy and program. OPNAV (N132G) is responsible for development, evaluation, and improvement of methods, techniques, and procedures for administration of the Enlisted Personnel Classification Program, see MILPERSMAN 1200-050. OPNAV (N132G) is the approving authority for Class "A" School and rating entry standards.

c. Nuclear Enlisted Community Manager (ECM), (OPNAV(N133)) in coordination with OPNAV (N132) and BUPERS, Enlisted Community Management (BUPERS-32) serves as the adjudicator for all nuclear-trained personnel.

d. Navy Recruiting Command (NRC) is responsible for all initial/accession classification actions. NRC, per OPNAV (N132) guidance, recruits applicants to fill accession goals and processes initial classification contracts ensuring compliance with Class "A" School and rating entry requirements.

e. Production Management Office (PMO) (BUPERS-6) is responsible for executing Post Accession Reclassification

Program, see MILPERSMAN 1236-020. PMO must develop reclassification quotas and adjudicate reclassification actions for individuals who require program changes post accession at RTC, "A" School, or "C" School prior to arriving at their permanent duty station (PDS).

f. Head Enlisted Community Manager (BUPERS-32), in coordination with OPNAV (N132), is responsible for managing individual ratings. Head Enlisted Community Manager (BUPERS-32) must manage individual rating quota plans and adjudicate all lateral conversions and PACT designation applications as directed by OPNAV N13 and delineated by Military Community Management (BUPERS-3). Career Waypoints (C-WAY) Program Manager (BUPERS-33) is responsible for C-WAY execution.

g. NAVPERSCOM, Career Administration Division (PERS-81) is responsible for processing and adjudicating forced conversion packages via MILPERSMAN 1440-011.

h. NAVPERSCOM, Shore Special Assignments Branch (PERS-4010) is responsible for processing approved conversions, adjusting PRDs, and writing PCS orders as applicable.

i. NAVPERSCOM, Nuclear Power/Submarine Assignments Branch (PERS-403) is responsible for processing submarine and nuclear-approved conversions, adjusting PRDs, and writing PCS orders as applicable.

j. Immediate Superior in Command (ISIC) career counselors will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all applicable Class "A" School and rating entry standards and C-WAY related policies.

k. Command Responsibility. Commanding officers and officers-in-charge, hereinafter referred to as commanding officers, are responsible for the completeness and accuracy of all applicable C-WAY and other applications. Commanding officers must ensure that their command personnel understand and comply with applicable Class "A" School and rating entry requirements and C-WAY related policies.

l. Sailor Responsibility. Sailors are ultimately responsible for their own careers. Not being aware of Navy policies will not justify additional reviews requesting designation or conversion actions. Sailors should use their most recent career development boards (CDB) as a guide in making

their career decisions. Additionally, Sailors are encouraged to engage other Sailors already designated in ratings, in which they have interest, to better understand duties, rating requirements, and skill sets unique to each rating. Additionally, Sailors are strongly encouraged to use Job Opportunities In the Navy (JOIN) <https://join.sscno.nmci.navy.mil/> to identify their interests and CEM within C-WAY System to identify eligibility requirements for additional ratings of interest.

Note: Career Exploration Module (CEM) assists in determining correctable deficiencies that would otherwise render Sailors ineligible for desired ratings (e.g., retake the Armed Forces Classification Test (AFCT), in-service version of the ASVAB, to improve their scores in order to expand their rating entry opportunities, apply for security clearance, or earn a driver's license, etc.).

4. Waivers

a. All rating requirement waivers for "future Sailors" will be processed per reference (a).

b. BUPERS, Enlisted Community Management (BUPERS-32) ECM or OPNAV, Nuclear Propulsion Program Management Branch (N133) may grant rating requirement waivers under certain conditions for accession and fleet Sailors.

(1) Post accession Sailors at RTC may submit rating requirements waivers to BUPERS-32 or OPNAV N133 per reference (a).

(2) A fleet Sailor who has shown a particular aptitude for a rating and is considered an exceptional candidate may request a waiver via command endorsement, refer to MILPERSMAN 1440-010. Based on command endorsement and quota availability, BUPERS-32 will consider granting waivers on a case-by-case basis for Sailors requesting lateral conversion.

c. ASVAB waivers

(1) No waivers authorized for single score minimum requirement (e.g., Minimum WK = 45);

(2) Six points (maximum) on two test score combinations (i.e., VE + AR);

(3) Nine points (maximum) on three test score combinations, (e.g., VE + MK + GS);

(4) Twelve points (maximum) on a four score combination; including where a score is doubled (e.g., AR + 2MK + GS).

Note: Retest of ASVAB. Although this paragraph provides an avenue for members who do not meet Class "A" School or rating entry requirements, retesting using the AFCT is advised to meet minimum scores, see MILPERSMAN 1236-010.

d. Admitted pre-service drug usage concerning fleet Sailors.

(1) For ratings which stipulate "no history of drug usage," waivers for top performing Sailors with admitted pre-service drug usage will be considered on a case-by-case basis. For waiver requests, submit NAVPERS 1306/7 Enlisted Personnel Action Request to the appropriate NAVPERSCOM (BUPERS-32) ECM. Sailors must be able to obtain the appropriate security clearance to be eligible for the rating to which they are requesting to convert. Sailors will be granted tentative conversion approval pending the adjudication of their security clearance from the Department of Defense Central Adjudication Facility (DODCAF). If the adjudication results in the Sailor not being able to obtain the appropriate security clearance, the Sailor will not be able to convert into that rating.

(2) For submarine and nuclear field duty enlisted ratings, pre-service substance abuse waivers may be granted for marijuana only per MILPERSMAN 1306-402 and MILPERSMAN 1306-502. For these ratings submit NAVPERS 1306/7 waiver request to Navy Personnel Command (NAVPERSCOM) (PERS-403) or OPNAV (N133). Additionally, submarine/nuclear personnel requirements for the Personnel Reliability Program (PRP) are listed in reference (c).

References	(a) DoDI 1315.18 of 12 Jan 05
------------	-------------------------------

1. **Policy.** There are occasions when reassignment of a member to a specific area would be highly beneficial to the member from a morale standpoint, but not operationally necessary or justifiable in view of the expenditure of Government funds required. Permanent change of station (PCS) transfers of this nature must normally be made on a low-cost or no-cost to the Government basis.

a. Low-cost exchange of duty must meet the costing criteria of a low-cost PCS move set forth in reference (a) (currently \$1,000 or less).

b. No-cost exchange of duty must meet the mileage criteria of no more than 30 miles away from Service member's present duty station (geographic location).

c. Exchanges of duty are not authorized for transfers from continental United States (CONUS) to overseas, or vice versa. For personnel stationed overseas, no change of entitlements will occur. Check with the command financial specialists for assistance.

2. **Eligibility Requirements**

a. Complete at least 12 months on board present duty station at the time the exchange of duty actually occurs;

b. Be not in receipt of PCS orders;

c. Be of identical rate and rating, serving in the same type duty classification code, or if present assignment is based on a Navy enlisted classification (NEC) code requirement, the same NEC; and

d. Receive approval by each Service member's commanding officer (CO) and Navy Personnel Command (NAVPERSCOM).

3. **Waivers**. If both COs involved approve of the exchange of duty, detailers and NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) may authorize waivers of pay grade and or NECs on a case-by-case basis. Refer to the command's Enlisted Distribution Verification Report (EDVR) to verify if specific NECs are required for the billet(s).

4. **Criteria**. Personnel serving on shore duty are eligible for exchange of duty only with personnel serving on shore duty, and those serving on sea duty are eligible for exchange of duty only with those serving on sea duty.

a. Both Service members involved must have sufficient time remaining on their normal shore tour (NST) or prescribed sea tour (PST) to have a minimum of 12 months at the new command.

b. Due to the lengthy qualification time involved with nuclear propulsion plants, nuclear trained personnel are required to have sufficient time remaining to complete a 24-month tour at the receiving command.

c. Submission and approval of a request for exchange of duty will constitute a voluntary extension on sea duty in cases where insufficient time remains on the member's current PST.

d. Exchange of duty requests involving males swapping with females and vice versa must be approved by the NAVPERSCOM Women in Ships Coordinator, (PERS-4013B4H) due to limited female berthing on board some vessels.

e. Travel outside CONUS via air mobility command is not authorized. Fleet commanders may authorize utilization of fleet units for transportation where practicable and feasible.

5. **Procedures**. NAVPERSCOM will provide a database on the BUPERS online Web site <https://WWW.BOL.NAVY.MIL>. Service members can log on and enter their request or search for possible exchange of

duty. Once an exchange of duty is found, each member desiring the exchange of duty must submit NAVPERS 1306/7 Enlisted Personnel Action Request per MILPERSMAN 1306-112. NAVPERS 1306/7 is available at: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/Pages/default.aspx>

a. The following data is necessary to complete an online exchange of duty request:

(1) Rate (and prospective rate if authorized advancement);

(2) Homeport location (geographic location of current duty station);

(3) Three choices for the new location where member wishes to serve;

(4) Primary NEC code and secondary NEC code if required per member's command EDVR. Do not enter NEC(s) if member's billet does not require them, as it can eliminate others from being able to exchange duty with member;

(5) Expiration of active obligated service - year and month; and

(6) Projected rotation date (PRD) - year and month.

b. Exchange of duty information will be deleted from the BUPERS access data base 12 months prior to member's PRD.

6. **Submission of Request for Exchange of Duty**

a. Once a match is found, submit a NAVPERS 1306/7 at least 30 days prior to the desired date of transfer to the appropriate detailee via both COs, info copy to NAVPERSCOM (PERS-4013).

b. Submit requests from non-designated aviation, engineering, and surface professional apprenticeship career tracks (A-PACT, E-PACT, S-PACT) Sailors to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010).

7. **Forwarding Endorsement on Request for Exchange of Duty.** In the forwarding endorsement, each CO must include the following information:

a. A definite recommendation indicating approval or disapproval. If disapproval is recommended, state reason(s).

b. Any pertinent command-related dates (i.e., scheduled change in homeport, deployment schedules, etc.).

8. **Submission of Expedient Request for Exchange of Duty**

a. In certain instances, the time involved may preclude forwarding exchange of duty requests as delineated above (e.g., deployed units, units facing imminent deployment, and other rare instances where, in the judgment of the CO involved, speed is essential).

b. In these instances, after approval of both COs involved, approval may be obtained from the detailee via message. Allow a minimum of 5 working days for responses.

Exchanges of duty for personnel stationed overseas are only authorized when no change of entitlements will occur. Check with the command financial specialists for assistance.

3. **Waivers**. If both COs involved approve of the exchange of duty, detailers (Assignment Control Authorities (ACA)) and NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) may authorize waivers of paygrade and/or NECs on a case-by-case basis. Refer to the command's Enlisted Distribution Verification Report (EDVR) to verify if specific NECs are required for the billet(s).

4. **Criteria**. Personnel serving on shore duty are eligible for exchange of duty only with personnel serving on shore duty, and those serving on sea duty are eligible for exchange of duty only with those serving on sea duty.

a. Both servicemembers involved must have sufficient time remaining on their normal shore tour (NST) or prescribed sea tour (PST) to have a minimum of 12 months at the new command.

b. Due to the lengthy qualification time involved with nuclear propulsion plants, nuclear-trained personnel are required to have sufficient time remaining to complete a 24-month tour at the receiving command.

c. Submission and approval of a request for exchange of duty will constitute a voluntary extension on sea duty in cases where insufficient time remains on the member's current PST.

d. Exchange of duty requests involving males swapping with females and vice versa must be approved by the NAVPERSCOM, Women in Ships Coordinator (PERS-402D) due to limited female berthing on board some vessels.

e. Travel outside CONUS via Air Mobility Command is not authorized. Fleet commanders may authorize utilization of fleet units for transportation where practicable and feasible.

5. **Procedures**. NAVPERSCOM will provide a database on the BUPERS Online Web site <https://WWW.BOL.NAVY.MIL>. Servicemembers can log on and enter their request or search for possible exchange of duty. Once an exchange of duty is found, each member desiring to exchange of duty must submit NAVPERS 1306/7

(Rev. 1-03), Enlisted Personnel Action Request per MILPERSMAN 1306-112.

a. The following data is necessary to complete an online exchange of duty request:

(1) Rate (and prospective rate if authorized advancement).

(2) Homeport location (geographic location of current duty station).

(3) Three choices for the new location where member wishes to serve.

(4) Primary Navy Enlisted Classification (PNEC) code and Secondary Navy Enlisted Classification (SNEC) code if required per member's command's EDVR. Do not enter NEC(s) if member's billet does not require them, as it can eliminate others from being able to exchange duty with member.

(5) Expiration of active obligated service (EAOS) - year and month.

(6) Projected rotation date (PRD) - year and month.

b. Exchange of duty information will be deleted from the BUPERS Access data base 12 months prior to member's PRD.

6. **Submission of Request for Exchange of Duty**

a. Once a match is found, submit a request at least 30 days prior to the desired date of transfer on NAVPERS 1306/7 to the appropriate detailer via both COs, info copy to NAVPERSCOM (PERS-4013).

b. Submit requests from non-designated SN/FN/AN personnel to NAVPERSCOM (PERS-4013).

7. **Forwarding Endorsement on Request for Exchange of Duty.** In the forwarding endorsement, each CO must include the following information:

a. A definite recommendation indicating approval or disapproval. If disapproval is recommended, state reason(s).

b. Any pertinent command-related dates (i.e., scheduled change in homeport, deployment schedules, etc.).

8. **Submission of Expedient Request for Exchange of Duty**

a. In certain instances, the time involved may preclude forwarding exchange of duty requests as delineated above (e.g., deployed units, units facing imminent deployment, and other rare instances where, in the judgment of the CO involved, speed is essential).

b. In these instances, after approval of both COs involved, approval may be obtained from the ACA, detailer, or NAVPERSCOM via message. Allow a minimum of 5 working days for responses.

		DSN	882-3523
		COM	(901) 874-3523
		FAX	882-2647

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	---------------------	-----------------

References	(a) BUMEDINST 1300.2A (b) NAVMED P-117, Manual of the Medical Department (c) SECNAVINST 1850.4E (d) SECNAVINST 5300.30C
-------------------	--

1. **Purpose**. To establish the requirement for commanding officers to perform an operational screening after a member in their command receives permanent change of station (PCS) orders to operational duty.

2. **Policy**. Operational screening determines suitability of Sailors transferring to Type 2, 3, and 4 duty. For Sailors transferring to Remote/Isolated Duty or Overseas Duty (Type 6), refer to MILPERSMAN 1300-300 for applicable screening procedures.

a. The responsibility for operational screening lies with the Sailor's parent command. Screening Military Treatment Facility (MTF) responsibilities are outlined in references (a) and (b). Parent commands will ensure operational screenings are completed within the timelines in paragraph 3.

b. For Sailors transferring to an operational command within their first year of active duty, the Navy's entrance physical examination will be considered to satisfy the requirements of an operational screening.

c. An operational screening must be completed no later than 30 days after a Sailor is under orders to operational duty.

d. For Sailors who have been disqualified from any program (e.g., submarine, nuclear, air crew duty) due to medical limitations and are requesting conversion, an operational screening must be completed prior to any conversion request being considered. Ensure submarine disqualification or medical waiver process has been completed prior to submission of the operational screening report.

3. **Reporting Requirements.** For personnel found able to return to duty (RTD) after temporary limited duty (TLD) or "Fit for Continued Naval Service" by the Physical Evaluation Board (PEB), responsibilities are outlined in MILPERSMAN 1300-801.

a. For medical limitations identified during operational screening, contact the gaining command and Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40BB/applicable detailer) for acceptance per this article and reference (a).

b. If a delay in operational screening is anticipated, notify the gaining command and NAVPERSCOM (PERS-40BB) utilizing Exhibit 1, with a "status pending" message, stating the reason for delay and anticipated completion date.

c. For Sailors found **Suitable**: The transferring command will document suitability screening using Exhibit 2 and attach to transfer package.

d. For Sailors found **Unsuitable**:

(1) The transferring command will notify the gaining command and NAVPERSCOM (PERS-40BB) using Exhibit 3.

(2) Ensure report of unsuitability contains the following:

(a) Detailed reason(s) for the finding to include ICD-9 code(s).

(b) Recommendations from the screening MTF regarding medical limitations, prognosis, and indicated administrative actions (e.g., placement on TLD, referral to PEB).

(c) Recommendation from the commanding officer.

(3) Commands with officers who are found unsuitable for operational duty will send an operational unsuitability message to their respective detailer.

4. **NAVPERSCOM Action.** Upon receipt of an unsuitable for operational duty message, NAVPERSCOM (PERS-40BB) will place the 0090 (Not Operationally Suitable) Navy Enlisted Classification (NEC) code in the Sailor's Enlisted Master File (EMF).

a. **For enlisted Sailors**, disposition recommendations will come from the respective detailer and enlisted community manager (ECM). NAVPERSCOM, Disability/Retirements/Limited Duty (LIMDU) Branch (PERS-821), Medical Liaison Officer will coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

b. **For officers**, recommendations will come from the respective detailer, placement officer, and officer community manager. NAVPERSCOM (PERS-821) Medical Liaison Officer will coordinate with BUMED, force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

c. **For both officers and enlisted**, one of the following actions will result if the Sailor is not placed on TLD or referred to PEB:

(1) If a prospective gaining command with medical capabilities appropriate for supporting the Sailor's limitations can be identified, assignment orders will be issued.

(2) If a valid requirement exists at the current command, retain the member until expiration of active obligated service (EAOS) or minimum service requirement (MSR), unless needs of the Navy dictate otherwise.

(3) **For enlisted Sailors only**, one of the following additional actions may result:

(a) As dictated by needs of the Navy, an enlisted Sailor may be allowed to extend/reenlist provided the Sailor can be detailed per MCA priorities. This is different from the first option in that it allows Sailors who are unsuitable for some operational jobs to go to other hard-to-fill jobs.

(b) The Sailor will be instructed to contact his/her command career counselor (CCC) regarding submission of a conversion package to NAVPERSCOM, Active/Reserve Enlisted Career Program Division (PERS-81). COs and CCCs should be aware that most Navy ratings require a Sailor to be world-wide assignable and if the Sailor has been found to be operationally unsuitable, the request for conversion may be disapproved.

(c) If none of the above options apply, the enlisted Sailor's command will be directed to initiate administrative separation (ADSEP) processing per MILPERSMAN 1910-120 by reason of "not worldwide assignable."

5. Administrative Separation (ADSEP)

a. Sailors administratively separated by reason of being "not world-wide assignable" per MILPERSMAN 1910-120 **must not** have a disability as defined in reference (c).

b. Sailors who are awaiting PEB findings will not be administratively separated until conclusion of the PEB process.

c. If an administrative board is required prior to a separation determination, the administrative board may not disregard or change the diagnosis of a medical officer. Sailors can introduce evidence as to the impact that such diagnosis may have on their potential for productive future naval service.

6. Human Immunodeficiency Virus (HIV) Personnel.

Personnel enrolled in the HIV program are governed under reference (d) and are not included in this article.

EXHIBIT 1

References	(a) NAVSO P-6034, Joint Travel Regulations (JTR) (b) OPNAVINST 6110.1J (c) OPNAVINST 4650.17
-------------------	--

1. **Policy**. Personnel assigned to all new construction surface ships will first report to the ship's pre-commissioning detachment (PRECOMMDDET) or pre-commissioning unit (PRECOMMUNIT), located at either Fleet Training Center (FTC) Norfolk, VA, or FTC San Diego, CA, depending on the ship's prospective homeport. After a 2-month training period, most personnel will report to their respective shipyard.

2. **Entitlements**

a. **Personnel Ordered for Duty in Connection with Fitting Out (DUTY CFO) Accounting Category Code (ACC-106)**. A Service member ordered either to the PRECOMMDDET or PRECOMMUNIT for a period in excess of 6 months would report DUTY CFO. This will entitle the member to move family members and household goods to that location.

(1) Approximately 4 months prior to the ship being placed in service, a second set of permanent change of station (PCS) orders will be issued, entitling the Service member to move family members and household goods to the ship's homeport.

(2) Detailers are authorized to offer sea duty credit for time served, up to 12 months, while assigned in ACC-106 at

either the PRECOMMDDET or PRECOMMUNIT to be applied towards ACC-100 to the delivering UIC.

(3) Service members ordered DUTY CFO are **not** entitled to per diem.

(4) For specific entitlement information, reference (a), consult chapter 5, part B.

b. **Personnel Ordered for Temporary Duty in Connection with Fitting Out (TEM DU CFO) (ACC-352).** Personnel who are assigned to the PRECOMMUNIT for less than 6 months prior to the ship's placement in service will report to that site TEM DU CFO.

(1) Personnel who report TEM DU CFO may be authorized to draw per diem. The authorization for per diem will cease when the Service member reports to an activity for duty.

(2) Personnel who report TEM DU CFO are only authorized to move family members and household goods to the post-commissioning homeport of the activity where they are reporting for duty, if prior to the issuance date.

(3) Service members will not receive sea duty credit for the time served in ACC-352.

(4) Service members will not be entitled to move family members and household goods to the ship's prospective homeport until Chief of Naval Operations (CNO) makes the official homeport announcement.

(5) For more specific entitlement information, consult reference (a), chapter 4, part C.

3. **Qualifications for Assignment.** The pre-commissioning period of a unit undergoing new construction or conversion is a fast paced, demanding period that requires the highest level of performance from each individual assigned. This period requires intensive effort to establish the administrative and training readiness of the unit for future operations. Additionally, the PRECOMMUNIT is not equipped to handle excessive personnel-related administrative burdens. In view of this, all personnel ordered to duty on new construction surface ships must meet the following minimum standards:

a. No prior conviction by courts-martial and not currently in a legal hold status or pending administrative separation.

b. No non-judicial punishments or civil violations, other than minor traffic offenses, for the past 12 months.

c. Currently within height, weight or body fat standards, and member has passed the most recent regularly scheduled physical fitness assessment per reference (b).

d. No indebtedness problems of a serious or chronic nature.

e. No history of serious physical or mental health problems of a probable or recurrent nature.

f. No evidence of drug abuse in the past 12 months. pre-service drug experimentation is not a disqualifying factor.

g. No alcohol-related incidents in the past 12 months.

h. Must be a U.S. citizen if assigned to a nuclear-powered ship; however, the following rates can be assigned to a nuclear aircraft carrier without being a U.S. citizen: aviation boatswain's mate-equipment (ABE), aviation boatswain's mate-handling (ABH), aviation machinist's mate (AD), aviation structural mechanic (AM), aviation structural mechanic - equipment (AME), aviation support equipment technician (AS), master chief aircraft maintenanceman (AFCM), culinary specialist (CS), aircrew survival equipmentman (PR), and personnel specialist (PS). Non-U.S. citizens must never have access to naval nuclear propulsion information (NNPI) and nuclear propulsion plant spaces.

Note: If Service members have attained U.S. citizenship via naturalization, they must update their official service record data via the personnel office or the servicing transaction service center/personnel support detachment.

i. Performance marks of at least 3.0 in all traits, be recommended for retention, and receive a promotable or higher recommendation for the previous 24 months.

j. Must be able to complete obligated service (OBLISERV) requirements for current or prospective paygrade prior to high year tenure (HYT). If applicable, HYT waivers must be approved prior to issuance of orders or authorization to transition.

4. **Assignment to Ships Under Construction or Conversion.**

Personnel desiring assignment to ships under construction should contact their respective rating detailers regarding new construction billet availability and to obtain further guidance on requesting new construction duty. Personnel may also be referred by their rating detailer to Navy Personnel Command (NAVPERSCOM) Sea Special Programs Distribution Branch (PERS-409) in order to meet the readiness needs of ships under construction or conversion.

a. Nuclear Power-Trained Personnel. Except for a small number for prototype graduates ordered directly to new construction duty, nuclear power-trained personnel must complete at least 12 months in an operational nuclear power billet prior to being assigned to new construction duty. Service members who are sea experienced must be qualified for those watch stations that are commensurate with their rate and Navy enlisted classification code.

b. Previous Benefits. Service members awaiting selected training and retention (STAR) or reenlistment assignment benefits must indicate in writing that they are willing to waive or delay such assignment benefits until they have completed a 24-month OBLISERV requirement after ship's placement **in-service**. OBLISERV requirements associated with a particular benefit must be met when the individual ultimately resubmits a request for the benefits which were previously guaranteed as a STAR or other reenlistment incentive.

c. Commanding Officer (CO) Endorsement. COs are required to make comments concerning the Service member's suitability for assignment, utilizing the criteria set forth in paragraph 3. Additionally, COs are requested to provide the following information regarding the member:

- (1) Extent of watch qualifications attained
- (2) Special training (Service school attended and completion date of each)
- (3) Agreement to incur sufficient OBLISERV, if applicable
- (4) Security clearance

(5) Whether STAR or other reenlistment benefits are pending, and whether the Service member is willing to waive or defer it, if applicable

(6) For nuclear power-trained personnel, include certified copies of last two [NAVPERS 1616/26](#) Evaluation Report and Counseling Record (E1-E6).

5. **Suitability Determination and Reporting Requirements.** The transferring command will determine suitability or unsuitability for assignment to new construction duty within 15 days of receipt of the assignment directive and submit a report of suitability or unsuitability for rated personnel to PERS-409 and NAVPERSCOM Enlisted Placement Management Branch (PERS-4013) for undesignated personnel.

a. Determination of suitability will be based on the criteria identified in paragraph 3 and will include a review of service and training records as well as service treatment records.

b. If a Service member fails to meet any of the minimum standards outlined in paragraph 3, submit a report of unsuitability to PERS-409 and or PERS-4013, specifying the disqualifying factors, and hold the assignment directive in abeyance pending direction.

c. Should circumstances following an initial finding of suitability later make Service member unsuitable for assignment, submit a report of unsuitability as soon as possible.

Note: Transfer evaluation marks below the minimum standards identified in paragraph 5 are disqualifying and a report of unsuitability is required.

d. Use of [NAVPERS 1300/18](#) New Construction Screening is required.

6. **Waivers.** If a Service member fails to meet the minimum requirements, a waiver for disqualifying criteria may be requested from PERS-409 and or PERS-4013 as appropriate, if recommended by the transferring command CO. NAVPERSCOM retains final waiver approval.

7. **Personnel Stability.** Service members who have completed their prescribed sea tour will only be considered for assignment

to ships under construction if they indicate their volunteer status in writing or in response to a request submitted to PERS-409 and have approval granted to extend at sea for the additional time required to meet the required OBLISERV.

a. OBLISERV Requirements. Personnel assigned to ships under construction or conversion will be required to incur sufficient OBLISERV to complete a minimum of 24 months on board after ship's placement in-service or minimum Department of Defense (DoD) area tour for those units assigned overseas. A slippage in the date will **not** incur additional OBLISERV.

(1) Requests for transfer to Fleet Reserve will not be favorably endorsed for effective dates prior to 24 months after ship's placement in service.

(2) Must possess required OBLISERV appropriate for the length of training per [MILPERSMAN 1306-604](#).

(3) Must possess required OBLISERV prior to execution of orders per [MILPERSMAN 1306-106](#).

b. Assigning Projected Rotation Dates (PRD). In all cases, PRDs will be assigned for not less than 24 months from the date of ship's placement **in-service**, additionally:

(1) For personnel without prior sea duty, PRDs are assigned:

(a) To PST for Service members on second or subsequent enlistment.

(b) To PST for Service members on first enlistment.

(2) For personnel with prior sea duty, PRDs are assigned to PST, but not less than 24 months after ship's placement **in-service**.

8. **PCS Orders to Ships Under Construction at Civilian Shipbuilding Companies or Yards.** A PRECOMMUNIT for each ship under construction at a civilian shipbuilding company or yard has been established with its assigned location the same as the civilian shipbuilding company or yard.

a. These units allow processing of electronic PCS orders for Service members assigned to, and detached from, DUTY CFO or TEMDU CFO at the ship's construction site.

b. Reporting and detaching procedures for PCS orders to ships under construction are provided in exhibit 1 of this article.

EXHIBIT 1

REPORTING AND DETACHING PROCEDURES FOR PCS ORDERS TO SHIPS UNDER CONSTRUCTION

1. DUTY CFO (6 MONTHS OR MORE)

a. Two sets of PCS orders will be issued by NAVPERSCOM when the detailer determines that the delivery date of the vessel will be 6 months or more from the Service member's estimated date of arrival (EDA) at the ship's PRECOMMUNIT based on the current ship's phasing plan (CSPP).

b. The following procedures apply:

(1) Service member's first PCS orders will be to the ship's PRECOMMDDET or PRECOMMUNIT, located at the construction or conversion site. Upon arrival, the member will report to the appropriate reporting senior for "DUTY CFO at (shipbuilding company/yard)."

No per diem entitlements exist. PCS entitlements are to the PRECOMMUNIT's assigned permanent duty station (PDS). Members assigned to FORDU CFO (ACC-106) may be entitled to transportation costs from ship's construction site to the assigned initial homeport (if different from the construction site) or to where the family members are residing per reference (a), para U7115-B.

(2) Service member's second PCS orders will be issued upon release of the CNO message assigning the initial homeport for the vessel. The unit identification code (UIC) of the PRECOMMUNIT will be activated and assigned the area/type/city code (ATC) as of the date of the CNO message. The orders will include the following personnel text (PTEXT) (P62038):

"ON _____ CNO ASSIGNED (city, state/country) AS THE HOMEPORT FOR (vessel's name and hull number) EFFECTIVE UPON COMMISSIONING. A COPY OF THIS MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS AND TO THE NAVY PASSENGER TRANSPORTATION OFFICE ARRANGING DEPENDENT TRAVEL."

c. These orders will detach the Service member from "DUTY CFO" (ACC-106) with the PRECOMMUNIT and direct the member to report to the vessel for duty (ACC-100) on board when placed "IN SERVICE." No per diem entitlements exist. PCS entitlements are

to the homeport assigned by the CNO, or designated place if assigned to unusual arduous sea duty under reference (a), paragraph 5222-D and reference (c). These orders to sea duty meet DoD time on station (TOS) exemption and no waiver is required.

2. TEM DU CFO (LESS THAN 6 MONTHS)

a. Service members will be issued 1 set of PCS orders by NAVPERSCOM when the detailee determines that the delivery date of the vessel will be less than 6 months from the member's EDA at the ship's PRECOMMUNIT based on the CSPP.

b. When orders are issued **after** the CNO message has been released, assigning the ship's initial homeport, the Service member will be ordered to report to the PRECOMMUNIT UIC (intermediate activity) for "TEM DU CFO (ACC-352) AT (shipbuilding company or yard.)" Upon detachment from TEM DU CFO, the member will be "DUTY (ACC-100) ON BOARD WHEN PLACED IN SERVICE." The orders will include the following PTEXT (P62038):

"ON _____ CNO ASSIGNED (city, state/country) AS THE HOMEPORT FOR (vessel's name and hull number) EFFECTIVE UPON COMMISSIONING. A COPY OF THIS MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS AND TO THE NAVY PASSENGER TRANSPORTATION OFFICE ARRANGING DEPENDENT TRAVEL."

c. Per diem cost will incur if the initial homeport of the vessel is not the same as the construction site. If the initial homeport and the construction site are the same, per diem stops as soon as permanent quarters are occupied, or on the date the Service member's assignment is changed from TEM DU CFO (ACC-352) to DUTY (ACC-100), per reference (a), para U4105-A. Also see reference (a), para U4102-G. PCS entitlements are to the vessel's initial homeport assigned by CNO, or to designated place if assigned to unusual arduous sea duty under reference (a), paragraph U5222-D and reference (c).

d. If the Service member occupies permanent quarters in anticipation of the construction site and the homeport being the same, per diem ceases when the homeport is assigned and it is the same as the construction site. Entitlements to dependents' transportation are not to exceed the cost of that from the old permanent duty station to the initial homeport, unless the vessel will be designated as unusually arduous sea duty when

commissioned. TEMDU CFO is not considered indeterminate temporary duty under purview of reference (a), chapter 4, part G.

3. ORDERS TO A VESSEL REMAINING AT THE CONSTRUCTION SITE FOR 6 MONTHS OR MORE AFTER COMMISSIONING (FOR POST COMMISSIONING WORK) AND CNO ASSIGNS THAT SAME SITE AS SHIP'S INITIAL HOMEPORT.

a. Procedures for assigning Service members to TEMDU CFO (ACC-352) or DUTY CFO (ACC-106) are the same as previously specified.

b. In PCS orders detaching Service member from DUTY CFO (ACC-106) and directing them to report for DUTY (ACC-100) and the initial homeport assignment location is the same as the PRECOMMUNIT (construction site) no PCS entitlements should incur. However, in some situations they may incur, depending upon decisions made by the member (regarding transportation of family members/household goods) under previous PCS orders to DUTY CFO (ACC-106). These orders to sea duty meet DoD TOS exemption and no waiver is required.

c. In orders where Service member is directed, upon completion of TEMDU CFO (ACC-352), to report for DUTY (ACC-100) on board when placed in-service, PCS entitlements, if any, are from the old permanent duty station to the initial homeport (same as the PRECOMMUNIT UIC location/construction site). Again, once the member occupies permanent quarters, or on the date the member's assignment is changed from TEMDU CFO (ACC-352), or temporary additional duty (TAD), to DUTY (ACC-100) entitlements to per diem stop per reference (a), para U4105-A.

d. Six months prior to completion of the post-commissioning work, CNO issues a homeport "change" from first (initial) homeport (same as construction site) to the ultimate homeport. When appropriate, Service members on board will receive a homeport change certificate, which entitles them to a PCS move from the initial homeport (construction site) to the new homeport.

4. PROCEDURES IN CONNECTION WITH SHIP DELIVERY SLIPPAGES

a. All personnel ordered to TEMDU (ACC-352) in connection with precommissioning training at fleet training centers, or TEMDU CFO (ACC-352) with the PRECOMMUNIT at the construction site, are so ordered with the understanding that "no period of

TEMDU at any 1 location, from the best information available at the time orders are written, is anticipated to be in excess of 6 months." When the appropriate authority officially determines that a slippage in ship delivery of the vessel will occur, NAVPERSCOM will be notified by the Program Office.

b. To ensure per diem payments to Service members assigned to TEMDU (ACC-352) at FTC, or TEMDU CFO (ACC-352) are not suddenly terminated, NAVPERSCOM or CO/prospective CO (PCO), PRECOMMUNIT, will be responsible for the following procedures:

(1) Additional Period **Exceeds** 6 Months. Slippage occurs after personnel have reported for TEMDU (ACC-352) pre-commissioning training at FTCs, or TEMDU CFO (ACC-352) with PRECOMMUNIT at the construction site, and the remaining time from the date the determination is made until the new projected commissioning date will exceed 6 months. NAVPERSCOM (PERS-409) and (PERS-4013) for non-designated enlisted personnel, will issue appropriate order modifications, changing the Service member's status at:

(a) **FTCs:** Status from TEMDU CFO (ACC-352) pre-commissioning training to DUTY (ACC-106) commissioning training; or

(b) **PRECOMMUNITs:** From TEMDU CFO (ACC-352) to DUTY (ACC-106)

(c) **FTCs and PRECOMMUNITs:** disband the precommissioning detail in the case of extreme (greater than 6 months) slippage of ship's delivery date.

(2) Additional Period is **Less** Than 6 Months. Slippage occurs after personnel have reported to FTCs for TEMDU (ACC-352) pre-commissioning training, or PRECOMMUNITs for TEMDU CFO (ACC-352) and the remaining period of time until the vessel's commissioning, or placement in-service (for USNS ships), date is less than 6 months, the following procedures will apply for:

(a) **FTCs:** PERS-409 and PERS-4013 for non-rated or non-designated enlisted personnel, will issue appropriate order modifications. These modifications will either change the Service member's status from TEMDU CFO (ACC-352) pre-commissioning training to DUTY (ACC-100) pre-commissioning training, or extend present period of TEMDU CFO (ACC-352) pre-

commissioning training for an additional period (not to exceed 6 months from date of NAVPERSCOM order modification).

(b) **PRECOMMUNITIS:** The PCO of the vessel under construction is authorized, under [MILPERSMAN 1320-030](#), to modify NAVPERSCOM orders to military personnel under his or her command to extend their present period of TEMDU CFO (ACC-352). The modification will be an endorsement to Service member's orders to extend their present period of TEMDU CFO for an additional period not to exceed 6 months from date of endorsement. The endorsement will include:

1. Date the TEMDU CFO is extended,
2. Reason for such extension,
3. New estimated date of completion of TEMDU CFO (which cannot exceed 6 months (or 180 days) from the date the TEMDU CFO is extended), and
4. Copies of endorsement modification(s) will be forwarded to NAVPERSCOM PERS-409 or PERS-4013 for all non-rated/non-designated enlisted personnel. NAVPERSCOM will use these copies to **manually** update the Service member's master record or file accordingly.

c. In order to account for and protect payments of per diem, orders which specify any kind of TEMDU (including CFO) followed by the words "FOR APPROXIMATELY ____ DAYS" must be modified to reflect any additional or expanded period of assignment. This is not necessary for relatively insignificant extensions of 7 days or less when the period of TEMDU or TEMDUINS is more than 30 days, or 3 days or less when the period of TEMDU or TEMDUINS is less than 30 days.

d. If any additional slippage of commissioning, or placement In-Service of USNS ships date occurs, appropriate action(s) outlined above will again be required.

MILPERSMAN 1306-803

SPECIAL PROCEDURES FOR NEWLY ESTABLISHED/ RECOMMISSIONED NAVAL CONSTRUCTION FORCE (NCF) UNITS

Responsible Office	NAVPERSCOM	Phone:	DSN	882-3655
	(PERS-401)		COM	(901) 874-3655
	(PERS-4013)		FAX	882-2716

1. Policy

a. The procedures in this article are applicable to newly established or newly recommissioned Naval Construction Force (NCF) Units.

b. Navy Personnel Command (NAVPERSCOM), Seabee/SEAL/SWCC/EOD Diver Assignments Branch (PERS-401) is the placement monitor for newly established or recommissioned NCF Units.

2. Manning Levels. NCF Units newly established or recommissioned are manned to levels directed by Commander, U.S. Fleet Forces Command (COMUSFLTFORCOM).

3. Manning Increments

a. **Newly Established/Recommissioned Units.** Personnel assigned to all new NCF Units will report to the Precommissioning Unit (PRECOMMUNIT), located at either Naval Construction Battalion Center (NCBC) Gulfport, MS or NCBC Port Hueneme, CA, depending on the unit's prospective homeport.

b. **Nucleus Crew.** The nucleus crew consists of 80 percent of the unit's manning, will receive precommissioning (PRECOM) training at the appropriate NCBC, and report 12 months prior to the unit deploying. They are responsible for the establishment of the unit's organization.

4. Training. The en route training requirements for personnel assigned to the PRECOM crew of newly established/recommissioned units are classified into the following categories:

a. **Navy Enlisted Classification (NEC) Training.** Courses of instruction that assign a specific NEC upon completion of training and are required by the activity's manning documents.

b. **Seabee Replacement Training (SERT).** Non-NEC producing courses of instruction, which are required to meet type commander (TYCOM) requirements or can be completed at the Naval Construction Regiments (NCR).

5. **Funding Policy.** To ensure effective management of permanent change of station (PCS) and training funds, NAVPERSCOM will only fund en route NEC and SERT training.

6. **Personnel Stability.** Members who have completed their prescribed sea tour (PST) will only be considered for assignment if they indicate their volunteer status via a NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request submitted to NAVPERSCOM (PERS-401) and have approval granted to extend at sea for the additional time required to meet the projected rotation date (PRD).

a. **Obligated Service (OBLISERV) Requirements.** Personnel assigned to newly established/recommissioned units will be required to incur sufficient OBLISERV to complete a minimum 24 months on board.

(1) Requests for transfer to Fleet Reserve will not be favorably endorsed for effective dates prior to 24 months on board.

(2) Personnel must possess required OBLISERV appropriate for the length of training per MILPERSMAN 1306-106.

b. **Assigning PRDs**

(1) In all cases PRDs will be assigned for not less than 24 months upon reporting on board.

(2) For personnel without prior sea duty, PRDs are assigned

(a) to PST for members on second or subsequent enlistment.

(b) to expiration of active obligated service (EAOS) for members on first enlistment.

MILPERSMAN 1306-804

NEWLY ESTABLISHED OR TRANSITIONING AIRCRAFT SQUADRONS

Responsible Office	NAVPERSCOM	Phone:	DSN	882-2325
	(PERS-404EL)		COM	(901) 874-2325
	(PERS-4013)		FAX	882-2642

1. **Policy**. The procedures outlined in this article are applicable to newly established squadrons, squadrons transitioning to a new model aircraft and the introduction of prototype aircraft into the fleet.

a. Transitioning and newly established squadrons will be manned per fleet manning levels except in those cases where priority manning has been authorized by Chief of Naval Operations (CNO).

b. In some instances, aviation units faced with major configuration changes having an effect on manning requirements in selected ratings do not fall into the above categories. Examples would be the installation of a new fire control system or Anti-Submarine Warfare (ASW) sensor system. In these cases, type commanders (TYCOMs) should request that Navy Personnel Command (NAVPERSCOM) implement the special stability options discussed later in the article for those ratings or Navy Enlisted Classification (NEC) codes most affected by the update.

c. NAVPERSCOM Points of contact concerning assignments and manning for newly established and transitioning aircraft squadrons:

- New Construction Section (PERS-404EL) and
- Enlisted Personnel Readiness and Support Branch (PERS-4013)

d. In transitioning aircraft squadrons, all personnel will remain on board to complete prescribed sea tour (PST)/normal shore tour (NST) except those personnel in ratings receiving transition training. These personnel are subject to other criteria as outlined in this article.

2. **Assignment Qualifications**. Assignment criteria set forth herein will apply to personnel reporting to newly established or transitioning aircraft squadrons within **12 months** of establishment or commencement of transition.

a. Reassignment under the provisions of this article will not normally be approved once an individual has reported on board a newly established or transitioned squadron for duty.

b. Members volunteering for/ordered to duty in newly established or transitioning aircraft squadrons must meet the following requirements:

(1) **Indebtedness.** No indebtedness problem of a serious or chronic nature (waiverable).

(2) **Health.** No history of instability or serious health problems of a probable recurrent nature during the past **12 months.**

(3) **Performance.** No mark below 3.0 in any category or below 3.0 overall during the previous **24 months.** Evaluation marks received from Navy Recruit Training Command, Service School Commands, on members who have never served at a permanent duty station; or marks received during active duty for training for USNR members, are not considered disqualifying for duty in newly established or transitioning aircraft squadrons.

(4) **Disciplinary History.** No prior conviction by courts-martial, nonjudicial punishment (NJP), and no civil violations other than minor traffic offenses for the past **12 months.**

(5) **Obligated Service (OBLISERV).** Members must be able to complete OBLISERV requirements for current or prospective paygrade prior to high year tenure (HYT). Waivers to HYT must be approved prior to issuance of orders/authorization to transition.

3. **OBLISERV Requirements.** The following applies to personnel being assigned to an establishing or transitioning aircraft squadron.

a. **OBLISERV for a newly establishing aircraft squadron.** Minimum OBLISERV of **24 months** from the establishment date or completion of transition is required for personnel being assigned to an establishing/transitioning aircraft squadron that is moving from CONUS to CONUS.

b. **Prior to transfer the individual is required to incur the required additional OBLISERV.**

(1) Minimum OBLISERV of **24 months** from the establishment date or completion of transition is required for personnel being assigned to an establishing/transitioning aircraft squadron that is moving **from OCONUS to CONUS**.

(2) Members moving from **CONUS to OCONUS** have to complete the DOD minimum tour of the area being assigned from the establishment date or completion of transition for an establishing/transitioning aircraft squadron.

(3) Prior to transfer the individual is required to incur the required additional OBLISERV.

c. **OBLISERV for a transitioning aircraft squadron.** The following applies to personnel that elect to remain on board a transitioning aircraft squadron and receive transition training:

(1) Amount of OBLISERV requirement/extension of projected rotation date (PRD) in order to receive transition training is computed from class graduation date and is dependent on the length of training received. The following is to be utilized when calculating OBLISERV/PRD extension requirements.

Length of Training	Amount of required OBLISERV/PRD extension
1-3 weeks	6 months
4-6 weeks	12 months
7-8 weeks	18 months
9-10 weeks	20 months
11-12 weeks	22 months
13 or more weeks	24 months

(2) Personnel who volunteer to remain on board to complete the transition and receive additional training must incur additional OBLISERV and agree to extend on board if required per the above chart up to a maximum of **24 months**.

(3) The following NAVPERS 1070/613 (Rev. 7-06)), Administrative Remarks entry must be made for personnel who require an extension beyond their normal PST:

Date: "In consideration for assignment to _____ transition program, I agree to remain on sea duty for a period of (refer to chart above) months from completion of transition training, unless such requirement is specifically waived by NAVPERSCOM."

Member's Signature

WITNESSED: _____
Name, Rank, and Title of Witnessing Officer

(4) Additional OBLISERV requirements for personnel who volunteer to remain on board to receive transition training cannot be satisfied by a NAVPERS 1070/613 entry in member's service record.

4. **Stability Period.** To afford maximum stability, personnel who arrive onboard a newly established or transitioning aircraft squadron will not normally be eligible for transfer until they have completed **24 months** on board after transition or establishment. This requirement may be waived where members are on board in excess of both rating/NEC allowances, with the approval of the manning control authority (MCA).

5. **Previous Assignment Benefits.** Members guaranteed previous assignment benefits (Selective Training and Reenlistment (STAR), Selected Conversion and Reenlistment Program (SCORE), Reenlistment Incentive, etc.) must indicate in writing that they are willing to waive or delay such benefits until they have been on board **24 months** after transition or establishment.

a. OBLISERV requirements associated with a particular benefit must be met when the member ultimately resubmits a request for the benefits previously guaranteed.

b. A copy of the member's waiver/delay shall be forwarded to NAVPERSCOM (PERS-404EL).

6. **Request Procedures.** Personnel desiring to volunteer for newly established or transitioning aircraft squadron duty shall submit requests utilizing the NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request.

a. Commanding officers (COs) are required to make comments concerning the member's suitability for assignment utilizing criteria set forth in this article.

b. Additionally, include comments concerning member's special training (service schools attended and completion dates) and agreement to incur sufficient OBLISERV, if applicable.

7. **Transferring Command's Responsibility**. The transferring command will conduct a review of the member's service record to ensure that the member meets the criteria and OBLISERV set forth in this article.

a. COs shall notify NAVPERSCOM (PERS-404EL) within **10 days** of receipt of the assignment directive if a member fails to meet the minimum requirements or does not desire to acquire OBLISERV (specify disqualifying factors).

b. Hold assignment directive in abeyance pending NAVPERSCOM (PERS-404EL) determination. If NAVPERSCOM (PERS-404EL) reply is not received within **30 days**, initiate tracer action.

8. **Transitional Assets**. COs of transitioning aircraft squadrons shall screen all on board personnel to determine that the requirements of this article have been complied with. Personnel not qualified for transitioning aircraft squadrons shall be made available for reassignment.

9. **Adjustment of Sea Duty Commencement Date (SDCD)**. SDCDs will be established and reported per MILPERSMAN 1306-116. COs of units undergoing construction, conversion or transition should refer to MILPERSMAN 1306-116 for adjustment procedures.

10. **Adjustment of PRD**. PRDs of all personnel assigned to newly established or transitioning aircraft squadrons will be established to allow for required **24 months** after establishment or completion of transition or member's PST for their rating/NEC, whichever is greater.

a. In order to ensure that all key members are not transferred immediately at the end of the stabilization period, **12 months** prior to the end of the stabilization period, the CO shall review the command's Enlisted Distribution and Verification Report (EDVR) and make PRD adjustment recommendations, with a certified copy of NAVPERS 1070/605 (Rev. 7-06), History of Assignments to NAVPERSCOM, Enlisted Distribution Division (PERS-40), with information copy NAVPERSCOM (PERS-4013).

b. PRD adjustments will be a **maximum plus or minus 90 days** from the original PRD.

c. When recommending PRD adjustments, such factors as time remaining on active duty, time remaining on PST, and the desires of the individual should be considered.

d. Waiver requests must be made to NAVPERSCOM (PERS-404EL) and include justification.

e. Adjustment of OBLISERV requirements will be handled on a case-by-case basis.

11. **Assignment of Personnel to Activities Involved in the Introduction of Prototype Aircraft.** NAVPERSCOM (PERS-404EL) will assign all personnel to duties directly related to the introduction of prototype aircraft, which will include factory training, acceptance, evaluation trials, and fleet introduction phases.

a. NST lengths will be adjusted to ensure that critical skills continue to be used where required.

b. Personnel specially selected/trained for new basic model aircraft introduction will be distributed apart from normal rotation since their assignment to duties directly related to the new aircraft program is essential.

c. NAVPERSCOM (PERS-404EL) will promulgate a notice soliciting volunteers, establishing eligibility requirements, and specifying the method of submitting requests for duty in the introduction of prototype new basis model aircraft. The notice will be distributed approximately **24 months** prior to fleet introduction of the aircraft.

12. Newly Established or Transitioning Aircraft Squadrons
Time Table

Legend: BTD - Beginning Transition Date MCT - Member Completes Training CTD - Complete Transition Date ED - Establishment Date		
Date	Action	Responsibility
12 months prior to BTD/ED	Determination of ED or BTD, BTD/CTD and Official Notification of ALCON	Cognizant Type Commander
12 months prior to BTD (transition only)	Screen on board personnel for transition eligibility and desires. Submit message to NAVPERSCOM (PERS- 404 and PERS-4013) of transitioning personnel and non-transitioning personnel with avail date for reassignment. (Refer to Exhibit 1 for proper format.) Execute OBLISERV agreement for transitioning personnel and notify NAVPERSCOM.	Squadron CO Squadron CO
9 months prior to BTD/ED	Generate requisitions to fill vacancies created by non-transition personnel and new billets as provided by OPNAV.	NAVPERSCOM (PERS-4013)
9-6 months prior to BTD	Assign personnel to squadron via appropriate training pipeline or direct (as required) to fill any vacancy not filled by on board assets.	NAVPERSCOM
BTD/ED	Begin transition/establishment	SQUADRON CO
BTD/ED & 12 months	Screening requirement for newly assigned personnel terminate per MILPERSMAN 1306-804.	NAVPERSCOM
CTD	Complete transition	SQUADRON CO
CTD/ED & 12 months	OBLISERV requirements from CTD/ED and 24 months for prospective gains ceases. Review unit EDVR and make staggered PRD adjustment recommendations to NAVPERSCOM.	NAVPERSCOM SQUADRON CO

COMMAND POLICIES AND PROCEDURES - SHORE STATION SENIOR LEADERSHIP (SSSL) TRAINING REQUIREMENTS

Responsible Office	NAVPERSCOM (PERS-440/444)	Phone:	DSN	882-4040
			COM	(901) 874-4040
			FAX	882-2676

MyNavy Career Center	Phone:	Toll Free	1-833-330-6622
	E-mail:		askmncc@navy.mil
	MyNavy Portal:		https://my.navy.mil/

1. Policy

a. The Shore Station Senior Leadership (SSSL) Course is a program of instruction conducted over 3 weeks and facilitated by Commander, Navy Installations Command (CNIC). SSSL includes the Senior Shore Leadership Course (SSLC) for 2 weeks followed by the Emergency Management Senior Leadership Course (EMSLC) for 1 week. The SSSL Course prepares senior shore installation leaders, with an emphasis on prospective commanding officers (PCO) and prospective executive officers (PXO), to effectively lead and manage assigned resources to provide cost-wise shore services, and support shore force capabilities to meet Navy strategic objectives. The course is also recommended for prospective command master chiefs (PCMDCM).

b. Comprehensive course requirements for shore senior leadership consist of the following courses: SSSL Course, Navy Justice School Senior Leader Legal Course, and the Senior Command Leadership Course.

c. The SSSL Course is mandatory for PCOs, PXOs, and strongly recommended for non-CNIC flag officers, regional chiefs of staff, select civilian leadership, and PCMDCMs. Navy Personnel Command (NAVPERSCOM) Special Placement Branch (PERS-440) and NAVPERSCOM Shore Placement Branch (PERS-444) manage quotas for officers attending SSSL courses under NAVPERSCOM sponsorship.

2. **Procedures for Ordering Students to the SSSL Course**

a. Students Attending Incident to Permanent Change of Station (PCS) Orders. Normal order writing procedures apply. In addition, proposals will be routed via PERS-444 for quota control and course booking during the PCS.

b. Students Attending on Temporary Additional Duty (TEMADD) Under NAVPERSCOM Orders. Students, whose en route timing will not permit attendance in lieu of PCS orders, will attend the course TEMADD prior to detaching from their present duty station. Funding will be provided by their parent commands.

3. **Reporting**. Students ordered to the course will be directed to report to the:

"CNIC Shore Station Senior Leadership Course, Washington, DC, no later than 0800, (date of class start), temporary duty under instruction (TEMDUINS) for about 3 weeks."

Contact	Or
CNIC (N000) Commander's Action Group COMM: (202) 433-4441 DSN: 288-4441	NAVPERSCOM (PERS-444) COMM: (901) 874-4061 DSN: 882-4061

The SSLC Course is located at **Washington Navy Yard, 716 Sicard Street, Building 111, Washington, DC 20375-5410.**

4. **Special Notes**

a. It is recognized that some conflicts will arise in scheduling students to this course. The following notes should be considered:

(1) The practice of ordering students TEMADD from their present command to a school to benefit a future command is the exception, not the rule.

(2) The Secretary of the Navy (SECNAV) shares a strong interest in the program's success. These procedures have been adopted following serious consideration and acknowledgment of

the program's importance to meeting the Navy's strategic objectives to support the fleet, fighter, and family.

(3) Scheduling problems should be resolved on a case-by-case basis with the Service member's present command and or detailee.

(4) SSSL Course priority will be given to officers attending the Chairman of the Joint Chief of Staff Level IV Antiterrorism Executive Seminar.

b. Students assigned to the course will be sent complete course information forms and check-in guidance 5 weeks before the course start date. Students needing additional information can contact CNIC, Commander's Action Group (CAG) Training Chief at COMM: (202) 443-4441 or DSN: 288-4441.

c. It is recommended that students access current SSLC, EMSLC, and installation information at www.cnic.navy.mil/sslc.

d. PXOs and PCOs assigned to transient personnel units are not required to take EMSLC.

5. **Exhibits**. Exhibits 1 through 3 are provided for information.

-------------------	--

1. **Policy.** To request assignment to a special program, contact rating detailer for release to a special program assignment or submit NAVPERS 1306/7 Enlisted Personnel Action Request to applicable detailer at Navy Personnel Command (NAVPERSCOM) approximately 12-15 months prior to member's projected rotation date.

a. It is the responsibility of the commanding officer, command master chief, chief of the boat, or senior enlisted advisor, as well as several other key personnel, to ensure all applicants are fully endorsed/qualified for the specific program.

b. This article provides basic procedures for screening, reporting, and requesting information for transfer to a special program. Refer to other pertinent MILPERSMAN 1306 articles for further screening requirements.

(1) NAVPERS 1306/92 Special Program Screening form will be completed as required. Access to this form is located at <http://www.npc.navy.mil/ReferenceLibrary/Forms/NAVPERS/>.

(2) Exhibit 1, Special Program Suitability/Unsuitability Report will be submitted for all special program applicants once a suitability determination has been made.

(3) Exhibit 2, Special Program Waiver Request will be utilized when a wavier is warranted.

(4) Exhibit 3, Special Program Screening Deficiency Report will be submitted as required when deficiencies in the screening process are noted.

2. Background

a. In order to provide guidance on the ever-increasing complexity of the Navy's mission, it is frequently necessary to establish special programs to perform support functions that are not identified by existing ratings.

b. The following MILPERSMAN articles provide information on specific programs and their additional requirements.

Assignment to Navy Information Operations Command (NIOC) Maryland - Fleet Information Operations Center (FIOC) Special Projects/Sea Duty (UIC 48549) and National Security Agency/Central Security Service (NSA/CSS) Special Projects/Sea Duty (UIC) 48547)	1306-989

3. **Qualifications**. Commands will ensure the following requirements are met prior to transfer:

a. Members requesting a special program must understand that these programs coincide with normal sea/shore rotation. If member is bound for sea duty, the special program will be a sea going program. If member is bound for shore duty, the special program will be for shore.

b. Members must be released by their rating detailer to qualify for a special program.

c. Individuals selected for special programs are expected to meet or exceed Navy physical fitness standards per reference (a).

d. Any person selected for a special program involving the education or orientation of military or civilian personnel will have a favorable national agency check or entrance national agency check on file. Many special programs require a security clearance and member is to acquire the security clearance specified in the program description prior to transfer per reference (b).

e. Individuals qualified for a special program will have the required obligated service (OBLISERV) to complete the normal tour of duty.

(1) Members must have current approval from Career Waypoint Reenlistment process or have sufficient OBLISERV on current contract prior to issuance of permanent change of station orders.

(2) Careerist with 15 or more years of active service must complete minimum tour of duty prior to being authorized to transfer to the Fleet Reserve. A NAVPERS 1070/613 Administrative Remarks entry will be made certifying the member understands and agrees.

(3) Members who are unwilling to incur required OBLISERV are not eligible for transfer to special programs. Retain member on board and send an unsuitability report to NAVPERSCOM (appropriate code) via message.

f. Commanding officers will ensure members are fully qualified for assignment. The commanding officer's signature on NAVPERS 1306/92 is the endorsement.

(1) Report suitability/unsuitability determinations utilizing Exhibit 1.

(2) Submit a waiver (if warranted) utilizing Exhibit 2.

4. **Waivers**. Special screening qualifications are required for all special programs; however, waivers are granted on a case-by-case basis.

a. With the exception of security clearances and prerequisite training required for personal safety, waivers of published requirements will be considered if the member has exceptional potential for success in a given program.

b. Waivers are submitted to NAVPERSCOM (applicable code or specified special program manager).

c. Supporting documentation and the commanding officer's endorsement should accompany all waiver requests.

d. Use the message format in Exhibit 2 for waiver messages.

NOTE: Several qualifications will indicate non-waiverable in the MILPERSMAN associated with a given special program. These requirements cannot be waived for that specified program.

5. **Unsuitable After Transfer to a Special Program.** After a member has been transferred to a special program and has been determined unsuitable, due to no fault of the member (e.g., medical, program disestablishment, etc.), the member will be considered for other special programs for which the member is qualified or released back to his or her rating detailer via message to NAVPERSCOM, Enlisted Distribution Division (PERS-40) and rating detailer.

a. Negotiations with member and detailer for reassignment will occur for the remainder of the prescribed sea/shore tour. If member is within 12 months of completion of normal shore tour, the member will return to sea duty.

b. If the reassignment is the fault of the member, then the member will be reassigned by the in-rate detailer based on requisition priority.

6. **Special Programs Screening Deficiency Report (SPSDR).** Exhibit 3 provides the format for submitting a SPSDR. This message is used to report discrepancies discovered as a result of the screening, which is conducted by the transferring command and sent to PERS-4010 and applicable detailer (Info the receiving command).

MILPERSMAN 1306-901

NAVY FOOD MANAGEMENT TEAMS (NFMTs)

Responsible Office	NAVPERSCOM (PERS-402B)	Phone:	DSN	882-3741
			COM	(901) 874-3741
			FAX	882-2637

1. **Background.** Navy Food Management Teams (NFMTs) provide technical and management assistance to Culinary Specialists (CS) in operation of enlisted dining facilities and afloat officer messing facilities, with on-the-job instruction in areas of food preparation and service, mess management, and sanitation.

a. Their mission is to assist both fleet units and shore activities in improvement of food service operations staffed with Navy CSs. These teams are located at Norfolk, VA; New London, CT; Yokosuka, JA; Bremerton, WA; Mayport, FL; San Diego, CA; and Pearl Harbor, HI.

b. Tour length will be normal CS shore tour or Department of Defense (DOD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. NFMTs are composed of CSs in paygrades E-7 and above who have completed CS "C" School, Management Principles Course, and Instructor's Training prior to reporting for team duty.

b. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900).

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-902

REGIONAL MAINTENANCE CENTER (RMC)/SHIP REPAIR FACILITY (SRF) PROGRAM

Responsible Office	NAVPERSCOM (PERS-402)	Phone:	DSN	882-3610
			COM	(901) 874-3610
			FAX	882-2734

1. Policy

a. Duty assignments at Regional Maintenance Center (RMC)/Ship Repair Facility (SRF) are in fleet concentration areas both continental United States (CONUS) and overseas.

b. Duty with RMCs/SRFs is classified as shore duty.
Exceptions are as follows:

Location	Classification
RMC/SRF detachments in Manama, Bahrain	Type 3, Overseas Shore Duty- Shore Duty Credit
Naples, Italy	Type 4, Non-Rotated Sea Duty
Yokosuka and Sasebo, Japan	Type 6, Preferred Overseas Shore Duty

2. Background

a. RMCs and SRFs provide a cadre of versatile, technical personnel to improve fleet engineering, electronics, logistics, and weapons readiness through informal classroom training at the various RMC/SRF sites and by providing technical assistance through on-the-job training on board fleet units.

b. Tour length will be the prescribed rating shore tour or Department of Defense (DoD) area tour for overseas assignments.

3. Requirements/Qualifications

a. Members in paygrades E-6 through E-9 that are applying for technical or fleet assist type billets must first be screened and approved by the local RMC/SRF based on the following:

(1) Broad background in various type hulls, mechanical, electrical, weapons, or electronics equipment, as appropriate.

(2) Excellent technical ability; ability to work on own initiative and with others.

(3) Suitability for duty; no record of drug or alcohol abuse, or any infraction that would impede member's ability to perform the RMC/SRF mission.

(4) Overall performance evaluations of "Promotable" or better for the past 4 years.

(5) Instructor/facilitator training prerequisite is desired; however, instructor training may be gained enroute.

b. It is expected that RMC/SRF leadership will engage the rating assignment officers (RAOs) on personnel that they have observed and desire to be ordered to these billets. RAOs, branch heads, and Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40) will ensure that any concerns from RMC/SRF leadership are taken into consideration when making final decisions on filling these billets.

c. Transferring commanding officers must complete Sections A, C, and D1 and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form (Exhibit 1 of MILPERSMAN 1306-900) on behalf of candidates' nomination for this duty.

MILPERSMAN 1306-904

BRIG/TRANSIENT PERSONNEL UNIT (TPU)/TRANSIENT PERSONNEL DETACHMENT (TPD) STAFF

Responsible Office	PERS-4010E	Phone: DSN COM FAX	882-3872 (901) 874-3872 882-2646
-------------------------------	------------	--------------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavyHR Web site:	1-833-330-MNCC(6622) askmncc@navy.mil https://www.mynavyhr.navy.mil/
----------------------	---	---

1. **Background.** Brigs, transient personnel units (TPU), and transient personnel detachments (TPD) are located throughout the United States and overseas. Duty assignments to brigs, TPUs, and TPDs provide exceptional opportunities for Service members to gain new skills, enhance leadership qualities, and experience new challenges in addition to their military specialty.

2. **Requirements and Qualifications.** Service members must be in paygrades E-4 and above, have a minimum of 24 months of active duty, no history of financial difficulties, no record of conviction by court-martial or non-judicial punishment during the past 36 months, no civil court convictions since joining the military (other than minor traffic violations), and no documented in-Service drug use. Additionally, to be eligible for assignment, Service members must be mature, and maintain a clear record of positive conduct and work performance during their assigned tour aboard a military confinement facility.

a. **TPU or TPD.** Service members in paygrades E-5 and above are eligible for TPU or TPD staff duty. Service members being screened for TPU should demonstrate leadership and supervisory abilities.

b. **Brig Staff.** Service members in paygrades E-4 and above are eligible for brig staff duty. Service members contemplating brig staff duty should be aware that any obvious disfigurement, or

physical or speech impediment might subject them to contempt or ridicule by prisoners or undermine their control of prisoners. Service members selected for assignment to a brig staff will be ordered to attend naval correctional specialist training (Navy enlisted classification (NEC) 826A), at Center for Security Forces, Chesapeake, VA before reporting to their ultimate duty station. Due to Service members' job requirements for which possession of weapons may be authorized, Service members with open Family Advocacy Program cases are ineligible. Additionally, Service members convicted in any court of a misdemeanor crime of domestic violence are ineligible for assignment.

c. **Correctional Counselor.** Service members being considered for duty as a correctional counselor (NEC 810A) must:

- (1) Have NEC 826A designation,
- (2) Have 6 months experience assigned to a brig staff (This requirement will be waived for Service members who receive overseas assignment. Service members will be attending NEC 810A training en route to their gaining command),
- (3) Be in the paygrade E-5 or above,
- (4) Have at least a year remaining aboard upon completion of NEC 810A training, and
- (5) Be screened by the brig staff prior to being ordered to NEC 810A training at Center for Security Forces.

d. **Special Program Screening.** Complete sections A, B, C, D (omit D1, D4, D6, D10, D11, D12, and D13), and commanding officer's endorsement on [NAVPERS 1306/92](#) Special Program Screening and exhibit 1 of [MILPERSMAN 1306-900](#). TPU and TPD candidates must also complete section D3 of [NAVPERS 1306/92](#) and have a valid driver's license. No waivers will be granted for section D3.

e. **Security Clearance.** Assignment to brig staff duty requires a secret level security clearance.

f. **Tour length.** Tour length will be 36 months or Department of Defense area tour for overseas assignments.

g. **Obligated Service.** Required obligated service for brig, TPU, or TPD duty is 36 months.

MILPERSMAN 1306-905

COMMAND CAREER COUNSELOR PROGRAM

Responsible Office	NAVPERSCOM (PERS-40)	Phone:	DSN COM FAX	882-2978 (901) 874-2978 882-2041
---------------------------	-------------------------	--------	-------------------	--

Reference	(a) OPNAVINST 1040.11E
------------------	------------------------

1. Background

a. The Command Career Counselor Program allows members in ratings other than Navy counselor to assume full-time command career counselor billets. These members are assigned to assist commanding officers and unit commanders in maintaining an effective career counseling program as outlined in reference (a).

b. Tour length will be 36 months.

2. Requirements and Qualifications

a. To qualify for selection as a command career counselor, a member must be in a paygrade E-6 through E-9.

b. Required Armed Services Vocational Aptitude Battery (ASVAB) scores:

(1) $VE + MK + GS = 156$

(2) Line score waiver will be considered up to 9 points. If ASVAB test scores are revised, most recent guidance will apply.

c. Complete section A of [NAVPERS 1306/92](#) Special Program Screening (exhibit 1 of [MILPERSMAN 1306-900](#)).

d. Required obligated service for this program is 36 months.

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume 1, Navy Enlisted Occupational Standards (b) OPNAVINST S1510.9G
-------------------	---

1. **Background.** The requirement exists for a small number of the following submarine and surface qualified members to participate in the Acoustic Intelligence (ACINT) Specialist Program:

a. **Surface Sonar Technicians (STG)** at the Office of Naval Intelligence (ONI), Suitland, MD (Washington, D.C. area) and all ACINT Specialist fleet support concentration areas.

b. **Submarine Sonar Technicians (STS)** at the Office of Naval Intelligence, (ONI), Suitland, MD (Washington, D.C. area) and all ACINT Specialist fleet support concentration areas.

2. **Requirements/Qualifications**

a. Applicants for assignment to this program must:

(1) Meet requirements set forth in reference (a).

(2) Be in pay grade E-6 through E-8 with 15 years or less active service at the beginning of training. E-7 and E-8 candidates with greater than 15 years will be considered on a case-by-case basis.

(3) Interview/screen with a qualified ST-708B.

(4) Have outstanding command of oral and written English language. Reference (b) refers.

b. Complete sections A and C of NAVPERS 1306/92 Special Program Screening and exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service for this program is 48 months after receiving the ST-708B Navy enlisted classification (NEC).

d. The following qualifications and requirements are recommended prior to applying for the ACINT Specialist Program:

(1) Qualified senior at sea watch stations sound navigation and ranging (SONAR) supervisor;

(2) Chief of the watch;

(3) Duty chief;

(4) Diving officer of the watch;

(5) Combat systems officer of the watch;

(6) Combat systems coordinator; and

(7) Surface warfare coordinator.

3. **Manpower Management/Billeting Responsibilities**

a. Deputy Director, Farragut Technical Analysis Center is the overall billet manager for all ST-708B NEC coded billets per reference (b). All ST-708B billets world-wide (STS and STG) will not be dissolved, moved, or converted without concurrence from Deputy Director, Farragut Technical Analysis Center or ACINT Specialist Program Manager.

b. The ACINT Specialist Program Manager, designated by the Deputy Director, Farragut Technical Analysis Center, will coordinate manpower fill requirements with Navy Personnel Command (NAVPERSCOM), Combat Systems Assignment Branch (PERS-406EU) and NAVPERSCOM, Submarine Weapons Branch (PERS-403) for generation of PCS orders. Detailers will coordinate with the ACINT Specialist Program Manager prior to adjusting projected rotation dates and generating orders.

MILPERSMAN 1306-907

NAVY CEREMONIAL GUARD

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone: DSN COM FAX	882-3880 (901) 874-3880 882-2643
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC(6622) askmncc@navy.mil https://my.navy.mil/

References	(a) DoD Directive 5210.55 of 15 December 1998 (b) DoD Instruction 5210.87 of 30 November 1998
-------------------	--

1. Background.

a. Established in 1931, the United States Navy Ceremonial Guard is the official ceremonial unit of the Navy. Located at Joint Base Anacostia-Bolling, Washington D.C., the Navy Ceremonial Guard's primary mission is to represent the Service in presidential, Joint Military Services, Navy, and public ceremonies in and around the nation's capital. Sailors of the Navy Ceremonial Guard participate in some of our nation's most prestigious ceremonies to include presidential inaugurations and arrival ceremonies for foreign dignitaries.

b. In addition, the Navy Ceremonial Guard serves as the funeral escort and conducts all services for Navy personnel and dependents buried in Arlington National Cemetery. Tasking for ceremonies comes from the President of the United States, the Secretaries of Defense and Navy, the Chairman of the Joint Chiefs of Staff, the Chief of Naval Operations, and the Commandant, Naval District Washington. Elements of the command, such as the drill team and color guard, have represented the Navy in public events around the world.

2. Policy

a. Non-petty officers (POs) are assigned directly from Recruit Training Command (RTC). Recruits who volunteer and are accepted for ceremonial guard duty must execute [NAVPERS 1070/613](#) Administrative Remarks acknowledging the delayed entry into the

guaranteed program for which they enlisted until completion of the prescribed tour with the ceremonial guard.

b. Sailors who are selected from RTC and volunteer for assignment to the United States Navy Ceremonial Guard will forego participation in the Navy-wide advancement examination for the duration of their 24 month tour. Upon successful completion of a 24 month tour and graduation from their contracted rating "A" school, they will be authorized advancement to E-4.

c. Sailors of contracted ratings which are "A" school required and of ratings which are not "A" school required will equally adhere to this policy.

d. Sailors with 23 months or less remaining on their current contract must incur obligated service for advancement. Sailors with 24 months or more remaining on their current contract will not be required to obligate service via [NAVPERS 1070/613](#).

e. Sailors who did not enlist for a guaranteed program may request any program for which they qualify within 12 months prior to completion of their tour. This does not preclude any Sailors of the ceremonial guard from subsequently requesting "A" school or transfer to sea duty. Requests of this nature may be expected to receive favorable consideration if the Sailor is otherwise eligible and a requirement exists.

f. Chief petty officers (CPO) and POs eligible for shore duty will be released by their rating detailers to the ceremonial guard detailer, NAVPERSCOM Shore Special Programs Assignment Section (PERS-4010D). PERS-4010D will send a screening message to the command concerned. The command will comply with [MILPERSMAN 1306-954](#) for recruit division commander (RDC) positions and [MILPERSMAN 1306-945](#) for non-RDC positions in completion of the screening. Additionally, within 30 days, the command will submit the Sailor's:

- (1) Last six evaluations,
- (2) Awards (Navy and Marine Corps Achievement Medal and awards of higher precedence),
- (3) A full length photo in the uniform of the day, and

(4) Physical Readiness Information Management System (PRIMS) information.

3. Requirements and Qualifications

a. Prospective candidates of the ceremonial guard, E-1 to E-9, must meet the following minimum qualifications:

(1) Height (waivers considered)

(a) Men: Minimum 6'0"

(b) Women: Minimum 5'10",

(2) Be able to participate in public ceremonies without glasses (contact lenses are acceptable),

(3) Be capable of strenuous marching, drilling, and prolonged standing,

(4) Have outstanding appearance and military bearing, and

(5) Possess no tattoos which show in a short sleeve uniform (waivers considered).

b. Prospective candidates, E-4 to E-9, must have the following additional qualifications:

(1) No trait below 3.0 for the past three evaluation periods,

(2) Be high-caliber individuals to serve as sharp military role models for junior Sailors, and

(3) Achieve overall physical readiness test category good or higher and within height, weight, and body composition assessment standards.

c. The Commanding Officer (CO) will personally interview all prospective ceremonial guard staff CPOs.

d. The Command Master Chief position for the ceremonial guard is a Chief of Naval Operations directed billet and must be filled by a qualified and screened candidate meeting all other ceremonial guard qualifications.

e. All prospective Sailors of the ceremonial guard must meet the criteria for nomination to Presidential support activities, per reference (a) and reference (b), enclosure (4).

f. COs will verify, via [NAVPERS 1070/613](#), the candidate meets requirements for nomination to Presidential support activities.

g. Sailors must have a favorably completed National Agency Check with local check within the last 36 months preceding nomination to Presidential support activities.

h. Tour lengths for ceremonial guard personnel are as follows:

(1) E-1 to E-3 personnel will serve 24 months

(2) E-4 to E-9 personnel will serve 36 months

(a) [NAVPERS 1070/621](#) Agreement to Extend Enlistment

(b) [NAVPERS 1070/601](#) Immediate Reenlistment Agreement

MyNavy Career Center	Phone: Toll Free Email: MyNavy Portal:	1-833-330-MNCC(6622) askmncc@navy.mil https://my.navy.mil
----------------------	--	---

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications (b) NAVMED P-117, Manual of the Medical Department (c) NAVSEA SS521-AG-PRO-010, U.S. Navy Diving Manual (d) OPNAVINST 1160.8B (e) OPNAVINST 5350.4E (f) NAVPERS 15665J, U.S. Navy Uniform Regulations (g) OPNAVINST 6110.1K
-------------------	---

1. **Background.** A limited number of construction rating personnel are needed as construction divers (CD) for underwater construction, repair, maintenance, and inspection. CDs are primarily assigned to underwater construction teams (UCT), but also serve in critical roles at Naval construction groups (NCG), Naval construction regiments, Naval Facilities and Engineering Expeditionary Warfare Center, dive lockers, and training commands.

2. **Purpose.** This article discusses personnel aspects of the Seabee CD Program. The following topics are covered:

Topic	See Paragraph
Suitability for assignment	3
Navy enlisted classification (NEC) codes	5
Mentorship Program	6
Program entry requirements	7
Applying for the Program	8
Program screening requirements	9
Program screening process	10
NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire	10
Transfer to initial training	11
Voluntary NEC revocation	12
Involuntary NEC revocation	13
Reinstatement	14
Supervisory status	15
Periodic requalification	16
Rotational patterns for CD personnel	17
Advanced diver training	18
Disenrollment from advanced diver training	19
Insignia and designation	20
Report of Screening for Seabee CD Program	Exhibit 1
CD physical screening testing standards and procedures	Exhibit 2

3. **Suitability for Assignment.** The distinct purpose and nature of duties involved in the Seabee CD Program requires strict adherence to eligibility criteria, application procedures, and policy for assignment in the Seabee CD Program.

4. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members in the Navy, it is especially important that members assigned to duty involved with the performance and supervision of Navy diving and Seabee CD operations have unquestioned personal conduct, reliability, judgment, and adherence to military regulations.

5. **(NEC) Codes**. The Seabee CD Program consists of the following NEC codes listed in career progression: B17A, B16A, and B18A. Reference (a) further describes each of the NEC codes to include qualification requirements.

NEC	Designation
B17A	Basic Engineer Diver (BED)
B16A	Underwater Construction Technician Advanced (UCT-A)
B18A	Master Construction Diver (MCD)

6. **Mentorship Program**. Interested candidates should be identified as early in their career as possible, to include while at their source-rating A school and work directly with the CD Program recruiters to begin career planning and preparation to become CDs. CD recruiters are located within the geographic concentration areas to assist with completing application packages and guide candidates in physical and mental preparation. As soon as the candidate has decided to apply for the CD Program, but no later than 13 months prior to the member's projected rotation date (PRD), the candidate submits [NAVPERS 1306/7](#) Electronic Personnel Action Request to his or her rating detailer via MyNavy Career Center (MNCC) Human Resources Service Center (HRSC) requesting to be released to Navy Personnel Command (NAVPERSCOM) Seabee CD detailer (PERS-401C) to apply for the CD Program. The CD detailer will then assist by:

- a. Communicating with the candidate on the earliest the candidate can attend basic engineer diver training, pending a completed application and favorable endorsement from the candidate's commanding officer (CO).
- b. Designate a timeline required to submit a completed CD application package. The Seabee CD detailer will release the candidate back to his or her rating detailer if the candidate fails to meet the designated timeline for submitting an application.
- c. Advocate for the candidate in communicating with the CD recruiter and the candidate's parent command.
- d. Verify with the CD recruiter on the candidate's preparation to attend basic engineer diver training.

7. **Program Entry Requirements.** Unless specified "no waiver," Bureau of Naval Personnel (BUPERS) Enlisted Community Management Expeditionary Branch (BUPERS-329) may waive one or more entry requirements, if the applicant is considered otherwise qualified. Due to the cost of permanent change of station orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting requests for CD training must strictly adhere to the policy and requirements specified in this MILPERSMAN article as set forth below:

- a. **Duty Status.** Be on active duty.
- b. **Source Rating.** Be in one of the following Seabee ratings: builder (BU), steelworker (SW), engineering aide (EA), utilitiesman (UT), construction electrician (CE), equipment operator (EO), or construction mechanic (CM). Conversion to the Seabee ratings will be conducted per [MILPERSMAN 1440-010](#).
- c. **Experience.** Have at least 18 months of in-rate experience. Exceptions will be considered based on performance and experience. All exceptions must be recommended by a construction master diver and approved by BUPERS-329.
- d. **Sex.** No restrictions.
- e. **Age Requirement.** Be 30 years of age or less when application is received at PERS-401C.
- f. **Rate.** Be in the pay grade E-6 or below. **No waivers.**
- g. **Armed Services Vocational Aptitude Battery (ASVAB).** Seabee CD candidates already meet ASVAB rating requirements as part of their current rating.
- h. **Medical Requirements.** Meet medical standards per reference (b), article 15-102, diving duty examination and standards.
- i. **Examination Waivers.** Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (b), article 15-102. Medical waivers originate from the member, addressed to BUPERS-329 via Bureau of Medicine and Surgery (BUMED) Branch Head Undersea Medicine (N10F2). Consult with a local Navy undersea medical officer (UMO) or undersea medical examiner (UME) for content and format

for medical waivers (if necessary). A color blind waiver of physical standards for diving duty may be recommended notating the member is not authorized to dive with the Mark 16 electronic controlled underwater breathing apparatus.

j. **Hyperbaric Pressure Test**. Administered per reference (c), hyperbaric pressure tests may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

k. **Obligated Service (OBLISERV)**. The OBLISERV requirement for attending Seabee CD initial training is 48 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel. COs must ensure applicants understand "OBLISERV to train)" options specified in [MILPERSMAN 1306-106](#) and per reference (d). **No waivers.**

l. **Performance Standards**. Evaluation trait marks 3.0 or above in last three evaluation reports.

m. **Non-judicial Punishment (NJP) or Court Conviction**. The applicant may not have an NJP, court-martial, or serious civil court conviction during the 12 months prior to the application.

n. **Security Clearance**. Meet eligibility requirements for a Secret clearance based on a national agency check with local agency and credit checks. **No waivers.**

o. **Physical Fitness**. Pass the physical screening test per Seabee CD physical screening testing standards and procedures in exhibit 1. **No waivers.**

p. **Recommendation**. Be recommended for initial training by the member's current CO.

8. **Applying for the Program.** Applicants who are applying for the program must take the following steps:

Step	Action
1	Member submits a NAVPERS 1306/7 at least 13 months from PRD to his or her rating detailer, via MNCC, requesting to be released to the CD detailer (PERS-401C). This is necessary to prevent the member from entering into their MyNavy assignment negotiation window. Waivers for this requirement must be approved by PERS-401C.
2	Contact PERS-401C to locate the nearest approved screening activity.
3	Undergo screening process
4	Receive Report of Screening for Seabee CD Program, exhibit 1
5	Assemble program screening package
6	Submit application package via MNCC

9. **Program Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A civil Engineer Corps diving officer or master construction diver (NEC B18A) can conduct the screening.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any diving explosive ordnance disposal (EOD); sea, air, and land (SEAL)/ special warfare combat crewman (SWCC); UCT command or Navy Recruit Training Command (NAVCRUITRACOM). NCG and UCT commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands, due to geographic isolation or absence of approved screening personnel, must be coordinated through and approved by PERS-401C.

10. **Program Screening Process.** The screening activity must ensure completion of the following:

Step	Action	Per
1	Interview the applicant	Subpara 10a
2	Complete a diving medical examination on NAVPERS 1200/6 and annotate on NAVMED 6150/2 Special Duty Medical Abstract	Subpara 10b
3	Conduct a physical screening test	Subpara 10c
4	Conduct a hyperbaric pressure test	Subpara 10d
5	Submit a request for program entry	Subara 10e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing training and subsequent Seabee CD career assignments. The interviewer will conduct the following:

(1) Discuss the nature of the Seabee CD Program with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's service record to fully assess past performance, program entry effect on professional development, and potential for successfully completing initial training.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the physical screening test.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete the report of screening for Seabee CD Program, exhibit 1.

(a) All program entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend initial training.

b. **Conduct a Diving Medical Examination, Complete Medical Screening on [NAVPERS 1200/6](#), and annotate [NAVMED 6150/2](#)**. Per reference (b), diving medical examinations are completed using [DD 2807-1](#) Report of Medical History and [DD 2808](#) Report of Medical Examination. Reference (b) provides all requirements for completing the diving medical examination. The screening activity must ensure all documentation is correctly completed and the applicant meets the physical qualification standards for diving duty and document it on the report of screening for Seabee CD Program, exhibit 1.

(1) **Approved Location**. The diving medical examination may be conducted at any military medical facility capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner**. Per reference (b), article 15-102, the diving medical examination may be conducted by any physician or other licensed independent practitioner, but a UMO/UME must review and countersign all examinations. By definition, a UMO/UME has completed the Undersea Medical Examiner Course at the Naval Undersea Medical Institute. BUMED (N10F2) can provide contact information for regional UMOs and UMEs for activities without ready access to local UMO and UME support.

(3) **Medical Documentation**. Required medical documentation follows:

(a) Diving Medical Examination

1. [DD 2807-1](#) Report of Medical History
2. [DD 2808](#) Report of Medical Examination

(b) [NAVPERS 1200/6](#) must be completed at the time of the initial diving medical examination and placed in the Service

member's medical record. The screening activity must ensure that this form, along with the diving medical examination, is reviewed and updated within 1 month of actual transfer for training. [NAVPERS 1200/6](#) is available on the MyNavy HR Web site <https://www.mynavyhr.navy.mil/References/Forms/NAVPERS/>.

(c) [NAVMED 6150/2](#) will also be completed at the time of the diving medical examination. If the Service member was found physically qualified for diving duty, the annotation is "PQ Diving Duty."

(4) **Validity.** The initial diving medical examination is valid for a 24-month period prior to reporting to training. Candidates who have not reported to CD training within the 24-month period must have their diving medical examination (using [DD 2807-1](#) and [DD 2808](#)) and [NAVPERS 1200/6](#) performed by a UMO/UME, then re-submitted to PERS-401C.

c. **Conduct the Physical Screening Test.** The physical screening test is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the physical screening test per exhibit 2 of this MILPERSMAN article.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Physical screening test standards are identical for both male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (c). Hyperbaric pressure test is waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

e. **Submit a Request for Program Entry.** Upon satisfactory completion of the screening process, applicants will submit their package with a [NAVPERS 1306/7](#) to PERS-401C via MNCC.

(1) [NAVPERS 1306/7](#) will reference this MILPERSMAN article and must include the following statement:

"Per MILPERSMAN 1306-912, I volunteer for Seabee CD duty and request assignment to initial training. I agree to serve on active duty for a period of 48 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command. I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as a Seabee CD and NEC B17A during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Required enclosures are listed below:

Enclosure (1)	DD 2807-1 Report of Medical History
Enclosure (2)	DD 2808 Report of Medical Examination
Enclosure (3)	NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire
Enclosure (4)	NAVMED 6150/2 Special Duty Medical Abstract
Enclosure (5)	Exhibit 1 of this MILPERSMAN article, Report of Screening for Seabee Construction Diver (CD) Program
Enclosure (6)	NAVPERS 1616/26 Evaluation Report and Counseling Record (E1-E6) (for previous 3 years including any special or transfer evaluations)
Enclosure (7)	ASVAB scores, as documented on NAVPERS 1070/886 Member Data Summary
Enclosure (8)	Hyperbaric Pressure Test Results (provide memorandum stating waiver justification if not completed)

11. Transfer to Initial Training

a. Physical Condition Verification. The member's physical condition must be verified by performing the physical screening test between 20 and 45 days prior to transfer to initial training. Test results will be placed in the member's service record. Personnel who fail the physical screening test prior to transfer will retest approximately 15 days prior to transferring. If members fail again, they will have their orders held in abeyance and PERS-401C will be notified by message.

b. **Medical Rescreening.** The screening activity will ensure the Service member's diving medical examination and [NAVPERS 1200/6](#) are reviewed for correctness and updated (as needed) within 1 month prior of actual transfer for training. This process is to identify any changes in health that have occurred since the original exam that may be disqualifying for diving duty. This review must involve a review of the medical record to include the electronic health record and also directly asking the candidate if there have been any significant changes to his or her health since the initial exam and screening. This review and update can be conducted by a diving medical technician (DMT, DMT-IDC, or NECs L27A or L28A) or UMO/UME. [SF-600](#) Chronological Record of Medical Care entry must be made indicating whether or not the member continues to meet the physical qualification standards and whether or not his or her medical documentation is in order. The importance of this review cannot be overstated. Members found to be not physically qualified when reporting for dive training will be returned to the fleet.

c. **Disqualifying Condition.** Personnel in receipt of orders to attend initial training who develop or incur any possible disqualifying condition, to include physical conditioning, medical issues, performance standards, non-judicial punishment, or security clearance eligibility are required to notify PERS-401C by naval message.

12. **Voluntary NEC Revocation**

a. **Request for Removal of NEC.** Members who request to be assigned to billets not coded with the B17A, B16A, or B18A NECs must first submit a request to have their CD NEC removed or archived to BUPERS-329 **via** their CO. Personnel are required to submit [NAVPERS 1306/7](#) and [NAVPERS 1221/6](#) Navy Enlisted Classification (NEC) Change Request.

b. **Request Reasons and Statement.** The request must include the member's reasons for removing NEC and the following statement:

"I understand removal of my assigned Navy enlisted classification (NEC) (fill in) will result in termination of special or hazardous duty pay and reassignment to a non-NEC billet, not necessarily at my present command."

c. **Further Training, Assignment, and OBLISERV.** Members who voluntarily request NEC removal normally will not be approved for further voluntary training or assignment in other diver, EOD, SEAL, or CD programs. Member must serve the remainder of original OBLISERV incurred as the result of initial training in a non-NEC billet, unless released at an earlier date by PERS-401. Contact BUPERS-329 for information on reverting to a component diving NEC.

13. **Involuntary NEC Revocation**

a. **CO Determination.** COs may recommend revocation of a member's NEC(s) by submitting [NAVPERS 1221/6](#) to BUPERS-329. This revocation must not be used as a punitive measure but based on the CO's determination that the member is no longer suitable for assignment to billets requiring the NEC. [NAVPERS 1221/6](#) must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC.

b. **Required Statement.** Recommendations to revoke an NEC must include the statement in subparagraph 11b and one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

c. **Revocation Reasons.** Primary reasons for revocation of NEC include (but are not limited to) the following:

(1) **Non-Performance of Duties.** Failure or unwillingness to perform duties required of the NEC;

(2) Failure to maintain NEC eligibility, or

(a) Permanent revocation by Defense Counterintelligence and Security Agency Adjudication and Vetting Services (DCSA AVS) of the member's security clearance

(b) Permanent physical disability.

(3) Professional Performance

(a) Culpable negligence

(b) Breaches of diving safety or regulations

(c) Loss of CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct

(4) Alcohol Use Disorder. Personnel identified as having alcohol use disorder will be locally suspended by their CO from duty pending the outcome of screening, disciplinary counseling, and or rehabilitation procedures as outlined in reference (e). At any time during or upon completion of those proceedings, COs have the following options:

(a) If a counseling and rehabilitation program appears **likely to succeed**, the member will remain assigned to the command in a non-CD program NEC status and will have a program developed per reference (e). Commands will submit [NAVPERS 1221/6](#) to BUPERS-329 to effect suspension of the Seabee CD Program-related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's Seabee CD Program-related NEC.

Note: Alcohol use disorder of any severity is disqualifying for diving duty per reference (b) and the Service member will require a waiver of the physical standards, granted by BUPERS-329, prior to a return to diving duty.

(b) If the member **does not demonstrate the expected level of recovery in rehabilitation treatment**, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. The command

will submit [NAVPERS 1221/6](#) to BUPERS-329 to revoke the Seabee CD Program-related NEC.

(c) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, State, or Federal law; or the Uniform Code of Military Justice) **or substandard service**, and who are found in need of treatment will be placed in a non-diving-related NEC status pending outcome of required treatment. Commands will submit [NAVPERS 1221/6](#) to BUPERS-329 to suspend the Seabee UCT Program-related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's Seabee CD Program related NEC.

(5) **Substance Use**. Members identified as having used drugs, per reference (e), are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in [MILPERSMAN 1910-146](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-329 to revoke the Seabee CD Program-related NEC.

Note: NEC revocation must not be used as a substitute for required disciplinary, punitive, and or administrative action. Particular consideration must be exercised to ensure NEC revocation is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

14. **Reinstatement**

a. **Request**. Personnel whose NEC was previously removed by either voluntary or administrative action may request reinstatement of their former NEC by submitting [NAVPERS 1306/7](#) to BUPERS-329 via their present CO. If approved, COs will submit [NAVPERS 1221/6](#) to BUPERS-329.

b. **Request from Personnel Separated**. Personnel separated from the Navy may request reinstatement of their former NEC, if qualified and recommended for reenlistment in the NEC at time of separation, by submitting [NAVPERS 1306/7](#) to BUPERS-329.

15. **Supervisory Status**. There are certain situations in which personnel are unable to meet the physical standards for Seabee CD duties, to include diving and demolition operations, through no fault or lack of diligence on their part. In these few cases, personnel whose significant Seabee CD experience is of

continued value to the Navy may apply for "Supervisory Status" designation and remain in the Seabee CD Program.

a. **Eligibility.** Personnel serving in the pay grades of E-7 through E-9 with NEC B16A or B18A may request designation for "Supervisory Status" by submitting [NAVPERS 1306/7](#) via their CO and BUMED (N10F2), to BUPERS-32. Request must contain the following:

Enclosure (1)	Results of a recent diving physical examination
Enclosure (2)	A brief synopsis of previous NEC-related experience

b. **Designation.** If approved, BUPERS-329 will designate personnel in either "Supervisory Status, Diving" or "Supervisory Status, Non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by the CO,

(2) BUMED (N10F2) recommendation concerning waiver of physical standards,

(3) The member's eligibility, as specified in NECs below:

Supervisory Status Only (Categories) Eligibility Criteria	<u>B16A/B18A</u>
Diving Status (requalification dives only)	Yes
Minimum years service in NEC	N/A
Maximum years total service	30
Qualified for sea duty	Yes
Non-Diving Status	Yes
Minimum years service in NEC	N/A
Maximum years total service	30

(4) Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" will be limited to a maximum of 5 percent of an activity's onboard diving-related billet allowance, or less, if the number will be detrimental to operational capability.

c. **Disapproval.** If disapproved, members will have their Seabee CD NEC revoked per paragraph 12 of this MILPERSMAN article.

d. **Periodicity of Supervisory Status.** Designation of personnel for "Supervisory Status, Diving" or "Supervisory Status, Non-diving" must be made to coincide with required diving duty physical examination tenure. Extension of "Supervisory Status" must be requested to coincide with completion of diving duty physical examinations. Personnel designated "Supervisory Status, Diving/Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

e. **Assignments.** Personnel designated "Supervisory Status, Diving" are assignable to sea duty, eligible for diving pay per their current NEC, and limited to performing supervisory, inspection, and or re-qualification dives only as specified in [MILPERSMAN 1220-100](#).

f. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will not normally be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" must not dive.

16. **Periodic Regualification**

a. **Maintain Proficiency.** Periodic requalification of Seabee CD Program personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining Individual Qualification without lapse.

b. **Specific NEC Regualification.** For policy on specific NEC requalification, refer to [MILPERSMAN 7220-090](#) Hazardous Duty Incentive Pay for Diving Duty.

17. **Rotational Patterns for CD Personnel.** Rotation of Seabee CDs is in a "closed loop" of billets for NECs B16A, B17A, and B18A. Billets outside the Seabee CD primary NEC (PNEC) code community are available on an exceptional basis to enhance

construction rating skills and are limited due to the high demand of CD personnel in diving billets. These limited assignments are made jointly by the Seabee CD and rating detailers. While assigned these billets, members will retain their PNEC and are required to maintain diving qualification per [MILPERSMAN 7220-090](#). The assignment is considered duty involving the performance of diving, and the member is entitled to applicable pay per reference (f). Upon completion, and prior to the return to a Seabee CD billet at PRD, diver qualification must be verified by PERS-401C.

18. **Advanced Diver Training.** Volunteers for additional diver training (NECs B16A and B18A) must satisfy specific requirements stated below; be physically qualified per reference (b), article 15-102; and be recommended by the command master diver (NEC B18A) with CO's concurrence prior to assignment to advanced diver training.

a. **(UCT-A) (NEC B16A) Minimum Requirements.** Volunteers must currently be qualified as follows:

(1) BED (NEC B17A), with a minimum of a complete sea tour as a CD in an NEC B17A billet.

(2) In the pay grade of E-5 or above. Personnel in the pay grade of E-4 with a minimum of 4 years of sea duty may apply for a waiver to attend advanced training. Waivers will be issued on a case by case basis by BUPERS-329.

(3) OBLISERV for 36 months from class graduation date.

(4) Complete military diver items as currently required by local command personnel qualification standards (PQS).

b. **Master Construction Diver (NEC B18A) Minimum Requirements.** Volunteers must currently be qualified as follows:

(1) **Recommendation and Endorsement.** Command master underwater construction diver of diving activities will recommend individuals holding UCT-A (NEC B16A) personnel for CO approval. COs will endorse the application for participation in the Master Diver Course as specified in [MILPERSMAN 1220-100](#) exhibit 3, Request for Master Diver Course, provided the candidate fulfills all prerequisites below.

(2) **Review of Packages.** PERS-401C and BUPERS-329 will annually review all submitted packages and categorize packages for attendance.

(3) **Prerequisites.** Member must:

(a) Have served a minimum of 2 years from date of frocking or advancement to E-7.

(b) Hold NEC B16A underwater construction technician-advanced.

(c) Complete the following career progression through the Seabee community:

E-1 through E-5	Attended construction rating "A" School and completed a minimum 12-month Seabee tour.
E-3 through E-6	Achieved B17A NEC and served one sea tour
E-5 through E-7	Achieved B16A and served one dive tour
E-7	Served as an UCT construction dive detachment (CDD) leader for one 24-month fleet response training plan cycle.

(d) Be qualified at the highest level of diving supervisor at present command and must have been qualified as a surface supplied air diving supervisor as an UCT-A (NEC B16A).

(e) Be qualified as Seabee combat warfare specialist and all required command qualifications at present command.

(f) Have no marks less than 3.0 in the last 36 months on the below listed reports as applicable. Must be marked promotable for advancement.

1. [NAVPERS 1616/26](#);

2. [NAVPERS 1616/27](#) Evaluation and Counseling Record (E-7 through E-9).

(g) Have 36 months OBLISERV from class graduation date to fill a normal 36-month master underwater construction diver (B18A) tour.

(h) Have successfully passed written Master Diver Course pretest administered by Naval Diving and Salvage Training Center. The validity of this test must be for 18 months from the date of the letter notification of test results. Failure to maintain eligibility by annual completion of the test will remove individuals from consideration for training.

(i) Have completed Salvage Diving Officer Course of instruction via Navy E-Learning.

(j) Have completed surface supplied complete mixed gas (Helium Oxygen) and MK6 training.

(4) Submit course request, [MILPERSMAN 1220-100](#), exhibit 3, request for Master Diver Course; and completed package to PERS-401C with the following enclosures:

(a) Copy of service record [NAVPERS 1070/613](#) Administrative Remarks entry indicating the individual's designation as a qualified diving supervisor.

(b) Copies of [NAVPERS 1616/26](#), [NAVPERS 1616/27](#), or [NAVPERS 1610/2](#) regular, transfer, and special evaluations and fitness reports for the most recent 3 years.

(c) Local screening and training process letters of completion.

(d) Awards and letters of recommendation and or appreciation pertinent to determining performance, professionalism, potential, etc.

(e) [NAVPERS 1070/613](#) entry agreeing to satisfy 36 months OBLISERV from class graduation date. The member will sign a "temporary" entry and submit to his or her serving transaction support center (TSC) or personnel office for entry into Navy Standard Integrated Personnel System (NSIPS) and electronic service record (ESR) upon approval.

(f) Special duty request on [NAVPERS 1306/7](#) indicating a desire to participate in Master Diver Course.

(g) CO's recommendation letter. Must address candidate's leadership, supervisory abilities, and technical expertise.

19. **Disenrollment from CD Diver Training**

a. **Involuntary Disenrollment**

(1) **UCT-A**. Members involuntarily removed from UCT-A training for failure to meet physical or academic standards will retain their NEC B17A and be made available to their detailer for assignment. These personnel will be allowed to return for advanced UCT training at the end of their next duty assignment. A second failure will result in NEC B17A revocation and assignment to a non-diving billet.

(2) **MCD Evaluations**. Members involuntarily removed from master diver evaluations for failure to meet academic standards will retain their NEC B16A and be made available to their detailer for assignment. PERS-401C will reassign personnel to the Master Diver Evaluation Course based on the recommendation of the master diver (MDV) evaluation panel. Subsequent failures may result in removal of NEC B16A revocation and assignment to a non-diving billet.

b. **Voluntary Disenrollment**

(1) **UCT-A Training**. Members who voluntarily disenroll from advanced UCT training for other than emergency reasons must have their NEC B17A revoked and be assigned to a non-diving-related billet. The training activity may provide a valid justification and recommend approval for disenrollment to BUPERS-329.

(2) **MCD Evaluations**. Members who voluntarily disenroll from MDV evaluations for other than emergency reasons will retain their NEC B16A and be made available to their detailer for assignment. PERS-401C will not reassign these personnel to the Master Diver Evaluation Course. Personnel disenrolling for emergency reasons may be reassigned to the course based on seat availability. Recommendation of valid justifications for disenrollment will be made by the training activity to BUPERS-329 for approval.

20. **Insignia and Designation**

a. **Diving Insignia**. Upon fulfillment of the appropriate course of instruction, Seabees will be authorized to wear the following diving insignia per reference (f):

(1) Underwater Insignia, Diver, Second Class. This insignia is authorized upon successful completion of basic UCT training and award of NEC B17A.

(2) Underwater Insignia, Diver, First Class. This insignia is authorized upon successful completion of advanced UCT training and award of NEC B16A.

(3) Underwater Insignia, MDV. This insignia is authorized upon successful completion of MDV evaluations and award of NEC B18A.

b. **Diver Designation**

(1) When members have been qualified as a BED, they will sign the following "permanent" [NAVPERS 1070/613](#) entry and submit to their servicing TSC or personnel office for entry into NSIPS ESR. The servicing TSC or personnel office will electronically submit (E-submit) the document to the official military personnel file (OMPF). The entry must cite this MILPERSMAN article as the "Authority" for entry:

"(Date): Qualified Basic Engineer Diver this date and assigned the "DV" designator."

(2) When members have been qualified as a master construction diver, they will sign the following "permanent" [NAVPERS 1070/613](#) entry and submit to their servicing TSC or personnel office for entry into NSIPS ESR. The servicing TSC or personnel office will (E-submit) the document to the OMPF. The entry must cite this MILPERSMAN article as the "Authority" for entry:

"(Date): Qualified Master Construction Diver this date and assigned the "MDV" designator."

c. **Disqualification or NEC Removal**

(1) Upon voluntary removal of NECs B17A, B16A, or B18A per paragraph 11, or when NECs B17A, B16A, or B18A are removed through disciplinary or administrative action per paragraph 12, members are considered disqualified as CDs.

(2) Members who are disqualified as a BED or UCT-A will sign the following "permanent" [NAVPERS 1070/613](#) entry and submit to their servicing TSC or personnel office for entry into NSIPS ESR. The servicing TSC or personnel office will (E-submit) the document to the OMPF. The entry must cite this MILPERSMAN article as the "Authority" for entry:

"(Date) Failed to maintain qualification as a construction diver (include specifics for disqualification). Member has been informed that, as of this date, member is disqualified and no longer authorized to wear diving insignia or use the "DV" designator as a part of member's rating."

(3) After being notified of their disqualification, members must have appropriate comments entered in the next periodic fitness report or evaluation and are no longer authorized to wear the diving insignia.

(4) Members who are disqualified as a master construction diver will sign the following "permanent" [NAVPERS 1070/613](#) entry and submit to their servicing TSC or personnel office for entry into NSIPS ESR. The servicing TSC or personnel office will (E-Submit) the document to the OMPF. The entry must cite this MILPERSMAN article as the "Authority" for entry:

"(Date) Failed to maintain qualification as an underwater construction technician (include specifics for disqualification). Member has been informed that, as of this date, member is disqualified and no longer authorized to wear diving insignia or use the "MDV" designator as a part of member's rate."

After being notified of their disqualification, members must have appropriate comments entered in the next periodic fitness report or evaluation and are no longer authorized to wear diving insignia.

(5) Members whose NECs B17A, B16A, or B18A are involuntarily removed as a result of a permanent physical disqualification are authorized to continue to wear the appropriate diving insignia and continue to utilize the appropriate designator if recommended by their CO and approved by BUPERS-329.

EXHIBIT 1
REPORT OF SCREENING FOR SEABEE CONSTRUCTION DIVER(CD) PROGRAM
(Use proper letter format.)

From: (screening activity)
To: Commander, Navy Personnel Command (PERS-401C)

Subj: REQUEST FOR SEABEE DIVER PROGRAM

Ref: (a) NAVPERS 15560D, Naval Military Personnel Manual
(MILPERSMAN)

1. (rating, name), currently attached to (member's present command), was screened for conversion to the Seabee Construction Diver (CD) Program per reference (a), MILPERSMAN 1306-912.

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date) (interviewer should include any significant findings pertinent to selection or non-selection of member for requested training.)

(1) Does the applicant totally understand the mission and scope of the program? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during BED "C" School and what will be expected of him or her? Yes _____ No _____

(3) Do you believe the applicant's motivation for entry into the program is a sincere desire for professional growth and achievement and not solely for the money or as a method to escape his or her present circumstances, etc? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the CD Program? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

Subj: REQUEST FOR SEABEE DIVER PROGRAM

(6) Does the applicant have any financial, marital, or other hardships that would impede his or her ability to concentrate on and complete the training? Yes _____ No _____

b. Physical screening test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Hyperbaric test conducted by: (name, rank, position, command or facility, date) or waived (state justification.)

d. Medical Screening. The diving medical examination, [NAVPERS 1200/6](#) U.S. Military Diving Medical Screening Questionnaire and [NAVMED 6150/2](#) Special Duty Medical Abstract were correctly completed and annotated and the Service member was found physically qualified for diving duty by an undersea medical officer? Yes ___ No___

e. Eligible for Secret security clearance based on a national agency check with local agency and credit checks? Yes _____ No_____

3. Based on (satisfactory or unsatisfactory) completion of this screening and per rating conversion entry requirements per reference (a), the member (is or is not) recommended for the Seabee UCT CD Program. (If member is not recommended, state reason(s).)

(Signature)

Copy to:
Member's present command

EXHIBIT 2
CONSTRUCTION DIVER
PHYSICAL SCREENING TESTING STANDARDS AND PROCEDURES

1. **Overview:** The construction diver (CD) physical screening test (PST) must be completed as a single event. All candidates must meet the minimum scores listed below to receive a contract or to maintain eligibility in their programs. Candidates will complete each required physical event standards per paragraph 2 and in the following sequence:

a. **PST Sequence**

- 500 yard swim
- 10 minutes rest
- Maximum push-ups in 2 minutes
- 2 minutes rest
- Maximum curl-ups in 2 minutes
- 2 minutes rest
- Maximum pull-ups (no time limit)
- 10 minutes rest
- 1.5 mile run

b. **Minimum Scores:** All candidates must meet the minimum standards for their respective programs at each phase of the selection and training pipeline. Minimum scores are subject to change via this medium or Commander, Navy Recruiting Command (COMNAVCRUITCOM); Navy Recruit Training Command (NAVCRUITRACOM); or enterprise instruction as applicable. As soon as feasible, new scores will be updated in this MILPERSMAN article. Candidates should strive to achieve significantly more than the minimum standards listed below.

c. **CD Minimum Standards:**

- Swim: 14:00
- Push-ups: 42
- Curl-ups: 50
- Pull-ups: 6
- Run: 12:45

2. Event Standards and Test Procedures

a. Swim Event

(1) The swim is a timed 500-yard (450 meter) swim. The participant must complete the swim as quickly as possible using the side-stroke or the breaststroke. Both strokes must be conducted without an overhand recovery (i.e., the swimmer's hand must remain below the surface of the water).

(2) Event must only be conducted in a standard 25- or 50-yard/meter swimming pool.

(3) The uniform for the swim portion must be any swimsuit.

(4) The swim event must be conducted as follows:

(a) Swimmers enter water.

(b) Timer must signal start.

(c) Participant will call out lap number as each lap is completed.

(d) Swimmers may push off from sides with hands and feet after each pool length.

(e) Resting is permitted by conducting survival float or treading water. Participant must not stand on the bottom of the pool or hang on the sides or lane lines.

(f) Goggles and facemasks are optional, but swimmers must **not** use swim caps, ear plugs, fins, snorkels, wetsuit, flotation, and or propulsion devices.

(g) Upon completion of final lap, participant will call out "Time," and the timer will call out the time to the nearest second.

(h) Participant then reports time to recorder.

(5) Event is ended if participant:

(a) Completes the prescribed distance.

(b) Receives or requires assistance from lifeguard or other person.

(c) Uses an overhand recovery at any time.

(d) Uses the bottom, side of the pool, or lane lines to stand or rest.

b. **Push-ups Event**

(1) The push-up event will be conducted per reference (g) and these pictures will help testers evaluate whether a push-up is performed properly. Push-ups executed by the candidate using improper form should not be counted toward the candidate's total.

Figure 1: The "Up" position of the push-up - notice the arms are straight and the back, buttocks, and legs are in line.

Figure 2: The “Down” position of the push-up - notice the arms form right angles and the back, buttocks, and legs are in line.

Figure 3: The “Down” position of the push-up.

(1) Push-ups must be performed on a firm or suitably padded, level surface.

(2) Push-ups must be performed as follows:

(a) Participant must begin in “front-leaning rest” position, palms of hands placed on floor directly beneath or slightly wider than shoulders. Both feet must be together on floor.

(b) Back, buttocks, and legs must be straight from head to heels and must remain so throughout test. Toes and palms of hands must remain in contact with floor. Feet must not contact a wall or other vertical support surface.

(c) Timer must signal start for participant and call out 15-second time intervals until 2 minutes have elapsed.

(d) Participant must lower entire body as a single unit by bending elbows until the arm forms a right angle.

(e) Participant must return to starting position by extending elbows, raising body as a single unit until arms are straight.

(f) Participant may only rest in the up position while maintaining arms, back, buttocks, and legs in straight position.

(4) Push-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the participant's partner. Incorrect push-ups must not be counted. Participants will receive a verbal warning for any incorrect push-up. Results for event ended in less than 2 minutes must be number of push-ups properly performed at time of termination.

(5) Event is ended if participant:

(a) Touches deck with any part of body except hands and feet.

(b) Raises one or both feet or hands off deck or ground.

(c) Fails to maintain back, buttocks, and legs straight from head to heels.

(d) Receives more than two verbal warnings for executing incorrect procedures.

c. Curl-Up Event

Figure 4: The "Down" position of the curl-up. Notice the partner holding the member's feet. Any other means of securing the member's feet is not authorized. Participant's buttocks remain on ground throughout curl-up, about 10 inches from heels.

Figure 5: The "Up" position of the curl-up - notice elbows touch thighs no more than 3 inches below the knees while hands remain in contact with shoulders and chest.

(1) Event must be conducted with partner on a level surface, a blanket, mat, or other suitable padding.

(2) Curl-ups are conducted as follows:

(a) Participant must start by lying flat on back with knees bent and heels approximately 10 inches from buttocks. Arms must be folded across and touching chest with hands touching upper chest or shoulders.

(b) The participant's feet must be held to the deck by a partner's hands. Any other means of securing the member's feet is not authorized.

(c) Timer must signal start for participant and call out 15-second time intervals until 2 minutes have elapsed.

(d) Participant curls body up, touching elbows to the thighs no more than 3 inches below the knees while keeping hands in contact with chest or shoulders.

(e) After touching elbows to thighs, participant lies back, touching lower edge of shoulder blades to deck.

(f) Participant may rest in the up or down position, but hands must remain touching upper chest or shoulders. When resting in the up position, participant may not place elbows on top of knees to rest. Participant must only rest with elbows touching thighs.

(3) Curl-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the participant's partner. Incorrect curl-ups must not be counted. Participants will receive a verbal warning for any incorrect curl-up. Results for event ended in less than 2 minutes must be the number of curl-ups properly completed at time of termination.

(4) Event is ended if participant:

- (a) Lowers legs,
- (b) Raises feet off ground or floor,
- (c) Lifts buttocks off ground or floor,
- (d) Fails to keep arms folded across and touching chest,

(e) Fails to keep hands in contact with chest or shoulders,

(f) Remains in the down position for more than 5 seconds, or

(g) Receives more than two verbal warnings for executing incorrect procedures.

d. **Pull-Ups Event**

Figure 6: The "Down" position of the pull-up - notice the arms are fully extended.

Figure 7: The "Up" position of the pull-up - notice the up position has been reached once the chin is even with the top of the bar.

- (1) Event must be conducted at a pull-up bar.
- (2) Proctor will inform the participant to begin the event, at which time participant mounts the bar and begins the event at own pace.
- (3) Pull-ups are conducted as follows:
 - (a) Participant must mount the bar, starting with arms and shoulders fully extended in a dead hang.
 - (b) Participant must pull body up to bar until chin is even with or above the top of the bar.
 - (c) Participant must not use lateral, forward, or backward "kipping" motion while performing a pull-up. Participant may cross or uncross legs if desired.
 - (d) After chin has passed the bar, participant must return to the starting position to complete the repetition.

(e) Participant may rest in the hanging position at any time.

(f) Event is completed when participant dismounts the bar.

(4) Pull-ups are repeated correctly as many times as possible with no time limit and at participant's own pace. Incorrect pull-ups must not be counted. Results for event must be the number of pull-ups properly completed upon dismounting the bar.

(5) Event is ended if participant:

(a) Touches anything other than the horizontal portion of the pull-up bar, or

(b) Removes hands from bar.

(6) Participant will report push-ups, curl-ups, and pull-ups completed to the recorder after completing the pull-ups.

e. **Run Event**

(1) The run is a timed 1.5-mile run to be completed as quickly as possible. Uniform for the timed-run is running shoes and shorts.

(2) Event must be conducted on a flat, solid surface as follows:

(a) Participant must stand at start line.

(b) Timer must signal start and call out time intervals until completion of test.

(c) Participant calls out lap number when passing timer.

(d) Upon completion of final lap, participant will call out "Time," and the timer will call out the time to the nearest second.

(e) Participant then reports time to recorder.

(3) Event is ended if participant:

(a) Stops running or walking other than to retie shoelace or remove foreign object from shoe,

(b) Completes 1.5 miles, or

(c) Deviates from prescribed course.

MILPERSMAN 1306-913

FLAG OFFICER WRITER (NEC 791D)

Responsible Office	NAVPERSCOM (PERS-44ES1)	Phone: DSN COM	882-3732 (901) 874-3732
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. Background

a. Flag officer writers (Navy enlisted classification (NEC) 791D) are assigned to the personal staff of a general officer and or flag officer (GO/FO) to provide administrative assistance and enable the officers they support to devote a larger portion of their time to other important matters.

b. Flag officer writer assignments are made without regard to sea or shore rotational considerations.

c. Flag officer writers will remain in the program for a minimum of 36 months, which will begin upon reporting to the first flag officer writer billet.

d. Flag officer writers must submit all requests to change projected rotation date) via the administrative chain of command to Navy Personnel Command (NAVPERSCOM) Flag Writer Program Manager (PERS-44ES1) using [NAVPERS 1306/7](#) Electronic Personnel Action Request via MyNavy Portal (MNP).

2. Requirements/Qualifications. To qualify for selection as a flag officer writer, a Service member must:

a. Warfare-qualified YN1 and above with a minimum of 6 years total Service or at least 1-year time-in-rate serving on active duty. YN2s will be consider for the program on a case-by-case basis, see waiver paragraph 11.

b. Be able to handle stressful environments and possess the flexibility to work arduous hours. Applicants married to other military Service members and military single parents should give due consideration to assignment policies governing flag officer writers before applying for this program.

c. Must have 36 months of obligated service from the report date of the first flag officer writer assignment.

d. Must be within body composition assessment (BCA) standards and have passed the most recent physical fitness assessment (PFA). Service members who were medically waived from the most recent PFA must have passed the last calendar year PFA.

e. While in the program, each Service member's personal conduct, both on and off-duty, must always be of the highest caliber. If Service members are unable to maintain good order and discipline, receive any civil or military conviction (less minor traffic violations), are unable to maintain physical readiness standards, or are deemed unsuitable for flag officer writer duty by the GO and or FO or PERS-44ES1, they will be released from the program and returned to the normal rating detailer for immediate re-assignment.

3. Process

a. Submit a [NAVPERS 1306/7](#) via MyNavy Portal (MNP) to NAVPERSCOM, Administration/Deck/Security/Supply Distribution Branch (PERS-405) via the administrative chain of command to request to be released to screen for the flag officer writer program.

b. Upon successful requirement and qualification screening, PERS-44ES1 will contact the member to discuss the next program steps and provide the regional coordinator contact information.

c. The Service member is responsible for gathering and forwarding a complete package to the regional coordinator within 30 days of rating detailer release. Package includes:

(1) Commanding officer or officer in charge (CO and or OIC) letter of recommendation,

(2) A biography listing all duty stations, inclusive dates and duties,

(3) Evaluations for the past 5 years,

(4) Completed [NAVPERS 1306/92](#) Special Program Screening,

(5) If applicable (in the paygrade of E-5 only), signed special request chit via the Service member's CO and or OIC to PERS-44ES1,

(6) Interview appraisal sheets from the regional coordinator.

d. The regional coordinator will contact the Service member and set up an interview with a minimum of three flag officer writers (if possible) using [NAVPERS 1236/13](#) Flag Writer Interview Sheet.

The purpose of the interview is to:

(1) Discuss the nature of the program with the candidate to include training, duty assignments, advancement, etc.

(2) Determine the candidate's reasons for volunteering and assess the candidate's motivation to serve as a flag officer writer and complete initial training.

(3) Review performance evaluations to assess past performance and potential for development.

e. After the interview, the regional coordinator will forward a complete package to PERS-44ES1 for final approval.

f. Once a Service member is accepted into the Flag Writer Program, PERS-44ES1 will coordinate with the Service member for their first flag officer writer assignment.

4. Attendance at YN "C" School

a. Selected Service members are required to attend the Navy Flag Officer Writer Course (CIN: A-511-0015). Upon successful completion of the course, students are awarded NEC 791D.

b. All Service members attending this course will complete a check-in BCA upon reporting for training, and any Service member found not to be within BCA standards will be dropped from training, returned to regular rating detailer, and made available for immediate needs of the Navy detailing.

c. Permanent change of station (PCS). Prospective flag officer writers will receive PCS en route orders to his or her first flag officer writer assignment.

d. Temporary duty (TDY). Service members requesting to attend the Navy Flag Officer Writer course under TDY orders may submit a (NAVPERS 1336/3) Special Request/Authorization via his or her CO and or OIC to PERS-44ES1 to obtain a course quota. All course quota requests will be approved or disapproved by PERS-44ES1. Service members attending the flag writer course under an approved TDY quota will be funded by his or her parent command.

e. Service members attending the Navy Flag Officer Writer course are required to sign [NAVPERS 1070/613](#) Administrative Remarks regarding their physical readiness, personal conduct, and program entry requirements. [NAVPERS 1070/613](#) will remain on file with PERS-44ES1.

Date _____

By signing this [NAVPERS 1070/613](#) Administrative Remarks upon completion of Navy Flag Officer Writer course, I agree to the following standards:

PHYSICAL READINESS

Per [MILPERSMAN 1306-913](#) Flag Officer Writer (NEC 791D), I understand that I must maintain physical readiness standards per OPNAVINST 6110.1k. I also understand that if I am unable to maintain physical readiness standards I will be released from the program and returned to the normal rating detailer for follow-on assignment based on the needs of the Navy.

PERSONAL CONDUCT

I understand that my personal conduct, both on- and off-duty, must always be of the highest caliber. If I am unable to maintain good order and discipline, receive any civil or military conviction (less minor traffic violations), or if I am deemed unsuitable for flag officer writer duty by the flag officer, that will serve as grounds for release from the program, and I will be returned to the normal rating detailer for follow-on assignments based on the needs of the Navy. I also understand all involuntary NEC removed reasons per [MILPERSMAN 1306-913](#).

PROGRAM ENTRY REQUIREMENT

I understand that I have entered the flag officer writer program for a minimum period of 36 months. The 36 months will start on the report date of my first flag officer writer assignment. I understand that I may be released from the program at any time for any of the above reasons, removal of my NEC, and returned to my normal rating detailer. I may request to return to my normal rating detailer upon completion of the 36 months, provided I complete the tour to which I am assigned at that time.

MEMBER: _____
SIGNATURE

WITNESS: _____
SIGNATURE

5. Detailing

a. Detailing for assignments is managed by PERS-44ES1. Flag officer writers are expected to complete his or her assigned tour before screening to a new assignment.

b. If available billets are open for application during the [MyNavy Assignment](#) (MNA) cycle, Service members are to forward items outlined in subparagraph 3c, with the exemption of [NAVPERS 1236/13](#) to the program manager prior to applying to the billet.

6. **Disqualifying Condition.** Service members accepted to the program or in receipt of orders to attend initial training, who develop any possible disqualifying condition including physical readiness, medical issues, performance standards, non-judicial punishment, or security clearance eligibility, are required to notify PERS-44ES1 immediately.

7. **Program Release.** A flag officer writer may request release from the program upon completion of the required 36 months. Requests must be submitted to PERS-44ES1 via the administrative chain of command using [NAVPERS 1306/7](#) via MNP.

8. **Involuntary NEC Removal**

a. GO and or FO Determination. GO and or FO may recommend revocation of a Service member's NEC by submitting a flag release letter to PERS-44ES1. This revocation must not be used as a punitive measure but is based on the GO and or FO's determination that the Service member is no longer suitable for assignment to billets requiring NEC 791D.

(1) Required Statement. Recommendations to remove NEC 791D must include the following statement: "The Service member is no longer suitable to serve on flag staffs requiring the NEC 791D and is released for assignment to rating billets."

(2) Example of letter:

From: Commander, Navy Personnel Command
To: Flag Writer Program Manager, Navy Personnel Command (PERS-44ES1)
Subj: FLAG RELEASE ICO YN1(SW/AW) IMA G. SAILOR, USN

1. YN1(SW/AW) sailor is released from flag hold as my flag officer writer. The Service member is no longer suitable to serve on flag staffs requiring the NEC 791D and is released for assignment to rating billets. I understand and accept that there may be a billet gap of 6-9 months.

2. My point of contact, Captain John Smith, Chief of Staff, may be reached at john.smith@navy.mil.

Note: The flag release letter will not be placed into the Service member's official record, but will remain on file with PERS-44ES1.

b. Revocation Reasons. Primary reasons for revocation of NEC include, but are not limited to the following:

(1) Non-performance of duties. Failure or unwillingness to perform duties required of the NEC.

(2) Failure to maintain NEC eligibility. Permanent revocation by the Department of the Navy, Central Adjudication Facility of Service member's security clearance.

(3) Professional performance

(a) Breaches of ethical regulations.

(b) Loss of flag or general officer's confidence in the Service member's ability to exercise sound judgment, reliability, and personal conduct.

(4) Detailing outside of PERS-44ES1. Communicating with GO and or FO or his or her staff on future assignments.

9. NAVPERS 1070/613 and personal conduct violations. Flag officer writers will automatically be released from the program for violating any portion of NAVPERS 1070/613 entry described in subparagraph 4e and for personal conduct violations described subparagraph 8b. Service members will be returned to PERS-405 for detailing through MNA.

10. **By Name Request (BNR)**

(a) A Service member requested by name to be a flag officer writer must provide items outlined in subparagraph 3c, with the exemption of NAVPERS 1236/13, to the program manager.

(b) Upon completion of the flag tour, Service member will return to the rating detailer for future assignments, unless the Service member submits a NAVPERS 1306/7 via MNP to request to remain in the flag officer writer program. Requests will be routed to the rating detailer for disposition.

(c) BNRs for Service members already in the program will be sent to PERS 44ES1, final approval to be provided by (NAVPERSCOM) Career Management Department (PERS-4). If member is not in the Flag Officer Writer Program, requests should be sent to the applicable rating detailer via PERS-44ES1. PERS-4 is approval authority for all BNRs.

(1) Example of letter:

From: Commander, U.S. Pacific Fleet
To: Commander, Navy Personnel Command (PERS-4)
Via: (1) Program Manager, PERS-44ES1
(2) Navy Personnel Command, PERS-405

Subj: BY NAME REQUEST ICO YN1(SW/AW) IMA G. SAILOR, USN

1. I have selected YN1(SW/AW) Sailor as my flag officer writer. Request she receive order to UIC 00000 with a report date of (month, year).

2. My point of contact, Captain John Smith, Chief of Staff, may be reached at john.smith@navy.mil.

11. **Waiver.** Candidates in the paygrade of E-5 must have a minimum of 6 years total Service serving on active duty. Non-warfare qualified Service members will not be approved for screening. It is the Service member's responsibility to ensure requirements and or qualifications are met prior to screening. Special request chit needs to be sent to PERS-44ES1 for consideration.

12. **Submarine and Training and Administration of the Reserve (TAR) YN.** Submarine and TAR YNs serving in flag officer writer tours who desire to serve in follow on tours must submit conversion packages to surface YN.

13. **Senior Enlisted Marketplace (SEM).** Service members screened for SEM must apply for jobs in the next higher paygrade in [MNA](#). If you have any questions, please contact PERS-44ES1 or the rating detailer.

MILITARY ASSISTANCE ADVISORY GROUPS (MAAGS) , MILITARY GROUPS, NORTH ATLANTIC TREATY ORGANIZATION (NATO) COMMANDS, JOINT STAFFS, ATTACHÉ (EMBASSY) DUTY, AND SIMILAR ACTIVITIES

Responsible Office	NAVPERSCOM (PERS-4010G)	Phone:	DSN	882-4583
			COM	(901) 874-4583
			FAX	882-2646
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Background

a. This article prescribes the procedures by which enlisted members may request assignment to duty in military assistance advisory groups (MAAGS), military groups, North Atlantic Treaty Organization (NATO) commands, joint staffs, attaché (embassy) duty, or similar activities.

b. The largest percentage of billets presently established within these special activities are for the YN, IT, and ET ratings (pay grades E-4 thru E-8).

c. Some requirements do exist; however, for a variety of other ratings and Navy enlisted classifications (NECs). Interested members may contact the MAAGS desk at Navy Personnel Command, Shore Special Programs Assignment Branch (PERS-4010G) to determine if a requirement exists for a particular rating, pay grade, or NEC.

d. Tour lengths will be 36 months in the continental United States or Department of Defense area tour for overseas assignment.

2. Requirements and Qualifications

a. For assignment to some activities, foreign language qualifications are desirable, but not mandatory. Members assigned to billets with mandatory foreign language qualifications will be assigned a course of instruction at the Defense Language Institute.

b. Complete sections A, B, C, and D of NAVPERS 1306/92 Special Program Screening Form and exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service for this program is 36 months.

d. Members being considered for assignment to embassy duty must meet the following minimum qualifications:

- (1) Pay grade E-5 or higher.
- (2) Must be able to obtain a top secret sensitive compartmented information security clearance.
- (3) No nonjudicial punishment or civilian convictions within the last 36 months.
- (4) No record of drug or alcohol abuse.
- (5) Excellent moral character and sound judgment.
- (6) No financial problems.
- (7) Member and all immediate family member(s) must be United States citizens.
- (8) Member and family member(s) must be screened for isolated overseas duty.
- (9) Ability to type 40 words per minute.
- (10) Upon selection, member must pass a counterintelligence scope polygraph exam.
- (11) Minimum Defense Language Aptitude Battery score of 100 (for countries requiring language training). If qualified, members will be required to submit a nomination package to the Office of Naval Intelligence, Washington, D.C. for final approval.

NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free E-mail:	1-866-U ASK NPC uasknpc@navy.mil	

1. Background

a. This program requires assignment of members to full-time instructor duty ashore, earning Navy enlisted classification (NEC) 812A.

b. Tour lengths will be 36 months or Department of Defense area tour for overseas assignments.

2. Requirements/Qualifications

a. Required Armed Services Vocational Aptitude Battery (ASVAB) scores: Combined WK-GCT/AR-ARI of 101 or 2-year college degree or higher.

b. Must have a warfare designator (if afforded the opportunity).

c. Must be a petty officer E-6 through E-9.

d. Must present a sharp military appearance and obtain a personal interview with the nearest center for personal and professional development (CPPD) location, coordinated through CPPD headquarters at NAS Oceana/Dam Neck Annex, Virginia Beach, VA.

e. Complete sections A and D of NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

f. Required obligated service for this program is 36 months.

g. Personnel requesting orders to CPPD headquarters staff (UIC - 3474B) will be assigned to a training management position and must meet the following requirements:

(1) Be in pay grades E7-E9

(2) Hold NEC 812A or be able to complete training to gain NEC prior to reporting for duty.

(3) Meet one or more of the following:

(a) Completed a previous instructor tour (NEC 805A) (certified master training specialist or afloat training specialist designation is strongly recommended).

(b) Completed a previous training manager or learning standards office tour.

(4) Completed a personal interview with a CPPD headquarters representative prior to receiving orders.

3. **Waiver Requests.** Requests for waivers of above criteria must be approved by the Director of Training, CPPD.

MILPERSMAN 1306-916

NAVY DRUG AND ALCOHOL COUNSELOR AND INTERN

Responsible Office	NAVPERSCOM (PERS-407CG)	Phone:	DSN COM FAX	882-4573 (901) 874-4573 882-2646
---------------------------	----------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) NAVMED P-117, Manual of the Medical Department (b) OPNAVINST 5350.4D (c) OPNAVINST 6110.1J (d) BUMEDINST 5353.4B, Standards for Provision of Substance Related Disorder Treatment Services
-------------------	---

1. **Program Background.** This program requires assignment of personnel to full-time counselor duty afloat and ashore. Counselors perform assessments and intake interviews, develop treatment plans, maintain statistical data on patients' progress, prepare summary reports, and conduct individual and group counseling. Counselors also conduct crisis intervention, aftercare planning, referral, prevention, outreach, and other educational services related to alcohol and drug disorders, and provide counseling in other areas as prescribed by program sponsors. Counselors are charged with maintaining the highest code of standards as required by counselor code of ethics and maintaining a current knowledge of substance abuse disorders and other related co-occurring disorders per references (a) and (b).

2. **Policy**

a. Service members first earn secondary Navy enlisted classification code (SNEC) L39A as a Navy drug and alcohol counselor intern. After serving as a SNEC L39A for a minimum of 12 months and meeting all requirements per Naval School of Health Science (NSHS), Service members may submit substantiating documentation to NSHS for assignment of Navy drug and alcohol counselor SNEC L40A. Once SNEC L40A is assigned, component SNEC L39A will be automatically dropped.

b. Personnel rotating from an existing counselor shore billet will be screened by Navy Personnel Command, Medical Distribution Branch (PERS-407CG) for a counselor sea billet (type duty code 2, 3, or 4). If one is available, the Service member may be assigned to that billet. If no counselor sea billet is available, the Service member will be carefully reviewed and considered for follow-on shore tour.

c. Initial intern or counselor tour length with SNEC L39A or L40A will be 36 months or Department of Defense area tour length.

3. Requirements/Qualifications

a. To qualify for assignment as SNEC L39A, the Service member must:

(1) Express a desire and willingness to perform the required duties and tasks.

(2) Be a hospital corpsman in the pay grade E-5 through E-9.

(3) Be able to communicate well in both oral and written formats and able to successfully complete college-level courses of instruction.

(4) Actively participate in a recovery program and have continuous sobriety with no indication of substance abuse for the previous 24-month period if Service member has a history of substance abuse and treatment.

(5) Have no non-judicial punishments or courts-martial in the previous 36 months. Waivers will be considered on a case-by-case basis.

(6) Demonstrate stability in personal affairs and present a positive role model.

(7) Be mentally and medically fit for duty per reference (b).

(8) Be within current body composition standards and passed the most recent regularly scheduled physical fitness assessment per reference (c).

(9) Upon completion of application NAVPERS 1306/100 Navy Drug and Alcohol Counselor School Application, Service member will be interviewed and recommended by a certified Navy drug and alcohol counselor per reference (d). The interview will be documented on NAVPERS 1300/101 Navy Drug and Alcohol Counselor School Interview. NAVPERS 1306/100 and 1306/101 may be accessed at the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(10) Complete the Navy Drug and Alcohol Counselor Course.

b. To qualify for assignment as a Navy drug and alcohol counselor SNEC L40A, Service member must serve as an SNEC L39A for minimum of 12 months, meet all requirements per NSHS, and submit approval documentation to NSHS. Once SNEC L40A is assigned, component SNEC L39A will be automatically dropped.

c. Complete section A of NAVPERS 1306/92 Special Program Screening and exhibit 1 of MILPERSMAN 1306-900. NAVPERS 1306/92 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

d. Required obligated service for this duty is 36 months.

MILPERSMAN 1306-917

NAVY COMMAND CLIMATE SPECIALIST (CCS)

Responsible Office	NAVPERSCOM (PERS-4010D1)	Phone:	DSN	882-3862
			COM	(901) 874-3862
			FAX	882-2646

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

1. **Background.** The Navy's Command Climate Specialist (CCS) Program provides a valuable asset that stimulates a free-flow of communication at all levels within the chain of command. CCSs provide briefings, training, and assist visits to subordinate and area commands. Additionally, assigned CCSs strengthen the chain of command by keeping the leadership team aware of existing or potential command climate related issues, as well as procedures and practices that affect the mission, readiness, welfare, and morale of Sailors in the command.

a. This program requires assignment of Service members to a full-time climate specialist duty afloat and ashore.

b. Assignment to a CCS billet is contingent upon successful completion of both the Equal Opportunity Advisor Primary Course and the Navy Service Specific Course at the Defense Equal Opportunity Manager Institute, and awarding of Navy enlisted classification (NEC) 809A.

c. CCSs are assigned to major shore commands, aircraft carriers, amphibious assault ships, assault craft units, instructor billets, and other echelon 3 commands with subordinate unit identification codes.

d. Service members are required to complete 2 full consecutive CCS tours. Director, Navy Equal Opportunity Program Office (OPNAV N173) has identified CCS billets requiring a second tour as a CCS. These billets will be filled by second tour CCSs regardless of sea and shore flow requirements. CCSs completing their first tours, who are not waived from second tour (as noted in paragraph 1e) upon entering their negotiating window, will be detailed to second tour requirements. If there is not a second tour requirement, CCSs will be allowed to select another first tour CCS billet. If there are not any CCS billets

available when the Service members are negotiating their second CCS tour, the members may be returned to their rating detailer for an in-rate assignment.

e. Navy Personnel Command (NAVPERSCOM) recognizes that some ratings possess critical training or NECs that will not normally allow those Service members to be released by rating detailers for 2 tours. Additionally, high year tenure (HYT) limits may preclude members from completing two tours. Service members in these situations who are interested in serving a single tour as a CCS may have the second tour requirement waived by the Director, Shore Special Programs Branch (NAVPERSCOM PERS-4010). Service members interested in this option must submit NAVPERS 1306/7 Enlisted Personnel Action Report requesting detail as a CCS with a waiver from the second tour requirement. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>. Service members requesting such waiver should specify why they are unable to serve 2 tours (e.g., nuclear trained, normal sea tour in rate requirements for advancement eligibility, HYT date allows only one assignment, etc.).

f. When CCS applicants approach their projected rotation date (PRD) from non-CCS billets, the rating detailer will nominate them to CCS Detailer (PERS-4010D1) for assignment to valid CCS requirements. Members interested in CCS duty are encouraged to request release to special programs for CCS duty via NAVPERS 1306/7 Enlisted Personnel Action Request prior to entering their normal detailing window 13-15 months prior to PRD. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

g. Service members completing their second CCS tour who desire to remain in the CCS Program for a third tour must submit NAVPERS 1306/7 via OPNAV N173 requesting such assignment.

h. Tour lengths will be per rating sea and shore flow or Department of Defense area tour for overseas assignment.

2. Requirements/Qualifications

a. To be eligible for selection for a CCS assignment, Service members must be E-6 through E-9 and interviewed by an approved CCS. Applicants must contact OPNAV CCS Community

Manager (OPNAV N173) to arrange for an interview: Commercial
(901) 874-4561/DSN 882-4561.

b. Complete NAVPERS 1306/92 Special Programs Screening, sections A and D. NAVPERS 1306/92 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

c. Required obligated service for each CCS tour is 36 months.

NAVAL SUPPORT UNIT, STATE DEPARTMENT

Responsible Office	NAVPERSCOM (PERS-401)	Phone:	DSN	882-3571
			COM	(901) 874-3571
			FAX	882-2716
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED) (b) SECNAVINST 5510.30B (c) NAVSO P-6034, Joint Federal Travel Regulations, Volume I
-------------------	--

1. **Background.** The Naval Support Unit (NSU), State Department provides Seabee support to the U.S. Department of State (DoS) on a continuing basis.

a. This program involves construction, renovation, maintenance, and repair work in sensitive and secure spaces; including installation, maintenance, and repair of technical security systems, high security locks, and security surveillance of foreign contract construction within the DoS facilities overseas.

b. Seabees selected for duty with this unit will undergo approximately 24 weeks of specialized training and indoctrination in the Washington DC metro area prior to assignment to the temporary duty (TDY) pool or a foreign post.

c. Sea duty tours with this unit typically consist of a 6-12 month unaccompanied tour, followed by a 30-36 month overseas accompanied tour. Although members may provide their input on desired assignments and locations, final assignment will be based on operational requirements at the time.

d. Shore duty billets consist of:

(1) One Civil Engineer Corps (CEC) officer (5100)
(officer in charge);

(2) Five occupational field (OF)-7 personnel (E-9 assistant officer in charge, E-8 operations chief, E-7 training chief, E-6 assistant training petty officer, and E-6 assistant operations petty officer); and

(3) Five non OF-7 personnel (PS1 pay and disbursing, PS2 administration and passports, YN1 security manager/awards/EVALS, NC1 career counselor, and yeoman chief (YNC)). All other personnel assigned to naval support unit will be on sea duty.

e. All personnel assigned to the unit are required to wear civilian clothing, unless otherwise directed. A civilian clothing allowance will be paid upon execution of orders to NSU. Officers are not entitled to a clothing allowance.

f. Applications for assignment to the unit are accepted from selected construction ratings (OF-7) and fleet (YN, NC, and PS) personnel.

g. Tour length will be at least 48 months for unit identification code (UIC) 30002 (sea).

h. Tour length will be at least 36 months for UIC 65498 (shore).

2. Requirements/Qualifications

a. Personnel desiring assignment to the NSU must meet the following requirements:

(1) All overseas screening requirements for the member and member's family per MILPERSMAN 1300-300 through 1300-316.

(2) If married, have no more than three family members, including expected.

(3) E-5 and above in one of the following ratings: BU, CE, UT, EA, SW, CM, or EO.

(4) E-5 through E-7 in one of the following ratings: YN, NC, or PS.

(5) Be a United States citizen and speak and write English proficiently.

(6) The Special Program screening shall cover 60 months of service vice 36 months.

(7) Personnel must have a current physical health assessment and be physically qualified per reference (a).

(8) No exceptional family member codes, dependent development concerns, or maintenance phase treatment will be accepted. Only class 1 and 2 dental readiness is accepted.

b. Applications should be submitted to:

<p>Officer in Charge Naval Support Unit SA-14 Suite 210 (DS/STO/NSU) Washington, D.C. 20522-1403</p>
--

(1) Application packages must include:

(a) NAVPERS 1306/7 Enlisted Personnel Action Request with command recommendation;

(b) Last five evaluations; and

(c) Last five physical fitness assessment scores (Physical Readiness Information Management System printout) and a full length color photo; and

(d) NAVMED 1300/1 Medical, Dental, and Educational Suitability Screening for Service and Family Members (overseas screening form).

(2) Appropriate endorsements will be made concerning qualification and shall be forwarded to Navy Personnel Command NAVPERSCOM, Seabee/SEAL/SWCC/EOD/Diver Assignment Branch (PERS-401) for appropriate action.

c. Applicants should verify that their electronic service record is up to date and accurate to ensure full consideration in the screening process.

d. Applicants shall read MILPERSMAN 1306-900 and follow all applicable instructions when applying for assignment to NSU. Complete NAVPERS 1306/92 Special Program Screening. Special screening must cover 60 months vice 36 months.

e. Required obligated service for this program is 48 months on sea (UIC 30002) and 36 months on shore (UIC 65498).

3. **Special Security Requirements.** Per reference (b), applicant's electronic service record must be screened to determine if it contains valid documentation of a satisfactory security clearance eligibility to qualify for a single scope background investigation (SSBI).

a. NSU will initiate a SSBI investigation for the required top secret/sensitive compartmented information access. Do not have your current command initiate your investigation.

b. Investigation packages must be submitted within 10 working days after receipt of NSU's initiation of SSBI e-mail from the NSU Security Manager.

c. The complete investigation package must be submitted electronically via the Electronic Questionnaires for Investigations Processing (e-QIP) System to U.S. Office of Personnel Management.

(1) Forward the following to the address provided below via **Federal Express/UPS/DHL only**:

(a) Two original fingerprint cards (left hand, then right hand).

(b) Signature pages of e-QIP forms signed and dated.

Forward fingerprint card and signature pages via FEDEX/UPS/DHL only to:

<p>Naval Support Unit Attn: Security Manager 1400 Wilson Blvd, Suite 210 Arlington, VA 22209</p>
--

4. **Additional Special Requirements**

a. Prior to an applicant's arrival at NSU, applicants must complete the Navy Electricity and Electronics Training Series Modules 1-4 with no less than 3.0 average; Human Trafficking; Force Protection level I; and Code of Conduct level B on Navy E-Learning for the current fiscal year; as well as any other required training as directed. Upon arrival and check into NSU,

applicants must turn in all completion certificates to the training officer. Personnel reporting for the first class of any fiscal year shall wait until October to complete annual general military training courses.

b. Forward a statement to **operations chief, naval support unit** within 15 working days from the date the applicant has been determined as physically qualified per reference (a), section III. Ensure **SF88 Medical Record - Report of Medical Examination** and **SF93 Medical Record - Report of Medical History** records have been completed and are submitted as enclosure (1). Insert in block 5 of SF-88 and SF-93 the purpose of examination, "NAVSUPPU STATE DEPT CANDIDATE."

c. Housing recommendations for family member(s)

(1) The entire tour at NSU UIC 30002 is considered **sea duty** (sea/shore code 2). When a member initially reports, they may be assigned to the TDY pool.

(2) Upon receiving an assignment to a post at a specific overseas location, the member will receive a set of DOS permanent change of station orders. These orders are unique to the NSU and do not change the official Navy status of the member; the member is still assigned to **UIC 30002, located in Washington, DC, serving on sea duty (sea/shore code 2)**. The member and family member(s) are entitled to only those benefits under reference (c), which apply to members serving on sea duty (sea/shore code 2). Members serve overseas within the DOS, but are considered as serving in Washington, DC for any and all Navy purposes.

(3) Reference (c), chapter 5 describes entitlements and is the correct reference for transportation of family member(s) and household goods (HHG) for personnel assigned to the NSU.

(4) Ensure Sailors understand reference (c), chapter 5 before making any arrangements to move family member(s) and HHG. Members do not qualify for any benefits granted to personnel assigned overseas duty under normal Navy orders. Members remain assigned to Washington, DC for their full tour at the NSU, even though they will be residing overseas within the NSU.

MILPERSMAN 1306-919

NAVY FLIGHT DEMONSTRATION SQUADRON (NAVFLIGHTDEMRON) (BLUE ANGELS)

Responsible Office	NAVPERSCOM (PERS-404)	Phone:	DSN	882-3692
			COM	(901) 874-3692
			FAX	882-2642

1. **Background.** The permanent duty station of Navy Flight Demonstration Squadron (NAVFLIGHTDEMRON) (Blue Angels) is Naval Air Station, Pensacola, FL.

a. Normally, applicants will be interviewed and their records screened by a representative of the Blue Angels.

b. Most billets are for paygrades E-5 and E-6; however, qualified, highly motivated personnel of lower paygrades will be considered.

c. Requirements exist for personnel in the AD, AE, AME, AM, AO, AS, AT, AZ, DM, PH, PR, SK, and YN ratings.

d. Tour lengths will be 36 months.

2. **Requirements/Qualifications**

a. The Blue Angels or the approving authority will contact Navy Personnel Command.

b. Detailed application information is available at www.navy.com/blueangels.

c. Complete sections A, B, C, D3, and D5 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

d. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-920

USS CONSTITUTION

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN COM FAX	882-3878 (901) 874-3878 882-2646
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

1. **Background.** USS CONSTITUTION is an important part of American heritage and the history of our Navy. Having earned her nickname "Old Ironsides" during the War of 1812, USS CONSTITUTION is the oldest commissioned warship afloat in the world. USS CONSTITUTION, America's "Ship of State," is permanently berthed in Boston, MA. The crew is tasked with promoting, protecting, and preserving the ship. The ship receives approximately half a million visitors annually and is the Navy's platform for receiving senior officers, high ranking government officials, and heads of state.

2. **Policy**

a. Non-petty officers are normally screened directly from a Recruit Training Command activity by the command master chief (CMDCM) or command senior chief (CMDCS) of the USS CONSTITUTION. Recruits who volunteer and are accepted for duty onboard USS CONSTITUTION must sign a [NAVPERS 1070/613](#) Administrative Remarks, acknowledging delayed entry into whichever guaranteed program they originally enlisted for, until completion of their prescribed tour onboard USS CONSTITUTION.

b. Sailors who are selected from Recruit Training Command and volunteer for assignment to USS CONSTITUTION will forego participation in the Navy-wide advancement examination for the duration of their 24-month tour. Upon successful completion of a 24-month tour and graduation from their contracted rating "A" schools, Sailors will be authorized advancement to E-4.

c. Sailors of contracted ratings which are "A" school-required and of ratings which are not "A" school-required will equally adhere to this policy.

d. Sailors with 23 months or less remaining on their current contract must incur obligated service for advancement. Sailors with 24 months or more remaining on their current contract will not be required to obligate service.

e. Service members who did not enlist for a guaranteed program may request any program for which they qualify within 12 months prior to the end of their tour. Service members can expect to receive a favorable consideration if they are otherwise eligible and a requirement exists.

f. Chief petty officers (CPOs) and petty officers (POs) are selected from those eligible for shore duty.

g. Tour lengths are as follows:

(1) E-1 through E-3 will serve 24 months

(2) E-4 through E-9 will serve 36 months

h. USS CONSTITUTION is the approving authority for requests and will coordinate with Navy Personnel Command (NAVPERSCOM).

3. Requirements and Qualifications

a. Sailors seeking to volunteer for duty onboard USS CONSTITUTION must be able to interact with the public with maturity and tact and project themselves to be model representatives of the U.S. Navy with impeccable appearance and military bearing. CPOs and POs must be of the highest caliber and ready to serve as role models and strong leaders for junior crew members.

b. All volunteers being considered for duty onboard USS CONSTITUTION must meet the following **minimum** qualifications:

(1) Armed Services Vocational Aptitude Battery scores:

(a) Work Knowledge (WK) = 50

(b) Verbal Expression (VE) = 50

(2) No record of non-judicial punishment within the last 36 months;

(3) No driving under the influence or driving while intoxicated convictions within the last 5 years;

(4) No record of financial instability within the last 36 months;

(5) No evaluation or fitness report traits below 3.0 within the last 36 months;

(6) Must pass the most recent physical fitness assessment (PFA) and have a smart military appearance;

(7) Must be fit for full duty (medical and dental) without any limitations or disabilities which would preclude service onboard a ship;

(8) Must not have any tattoos visible in short-sleeves or skirts (waiverable);

(9) Must not be afraid of heights; and

(10) Non-POs must be unmarried and without dependents.

c. Complete all sections of [NAVPERS 1306/92](#) Special Program Screening, [MILPERSMAN 1306-900](#), exhibit 1.

d. Required obligated service for this program is 36 months for E-4 through E-9.

4. **Application**

a. Service members must be released from their communities via rating detailers to NAVPERSCOM Shore Special Programs Assignment Branch (PERS-4010D).

b. Submit the following information to USS CONSTITUTION for screening:

(1) [NAVPERS 1306/92](#),

(2) All evaluation reports for the last 36 months;

(3) ASVAB scores (WK, VE);

(4) Height, weight, last three PFA scores, and any failures within the last 4 years;

(5) Digital 5x7 photograph (front and side) in service uniform and service khaki for CPOs. Sailors serving on individual augmentation may wear a uniform deemed appropriate by their chain of command for the photo;

(6) Commanding officer's (CO) signed letter of endorsement, which must include a statement on military appearance and tattoos, an evaluation on the Service member's speaking ability and the Sailor's demeanor, professional knowledge, and leadership skills. The Service member's ability to work and lead groups of junior Sailors with little oversight is a favorable characteristic;

(7) Once application package is received and reviewed, a telephone interview will be arranged between the Service member and the USS CONSTITUTION in Boston, MA. USS CONSTITUTION CMDCM or CMDCS and CO will make final decision after the interview has been conducted, and each applicant will be contacted by the CMDCM or CMDCS with final approval; and

(8) Point of contact and phone number (command career counselor, leading CPO, and command master chief (CMDCM)).

c. The forwarding CMDCM must contact and coordinate application with the following:

USS CONSTITUTION CMDCM Administrative Department (617) 242-5671
--

d. Applications can be sent via the following:

E-mail: constitution.ccc@navy.mil or Fax: (617) 242-2308

e. Additional Information may be found at:
www.history.navy.mil/ussconstitution.

MILPERSMAN 1306-921

PERSONNEL EXCHANGE PROGRAM (PEP)

Responsible Office (PEP Program Manager)	OPNAV (N13F)	Phone:	DSN COM FAX	664-6281/5508 (703) 604-6281-5508 (703) 604-6994
Responsible Office (officer)	NAVPERSCOM (PERS-474B)	Phone:	DSN COM FAX	882-4086 (901) 874-4086 882-2676
Responsible Office (enlisted)	NAVPERSCOM (PERS-4010G)	Phone:	DSN COM FAX	882-4583 (901) 874-4583 882-2646
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

Reference	(a) OPNAVINST 5700.7H
------------------	-----------------------

1. **Background.** Per reference (a), the Personnel Exchange Program (PEP) provides for an equivalent one-for-one exchange between the U.S. Navy officers or career-designated petty officers with personnel from other military Services, including foreign Services. The program objective is to integrate participants into the host organization as though they belong to the Service to which they are assigned while adhering to applicable technology transfer and classified information disclosure restrictions.

2. **Billets.** A list of authorized billets categorized by rank and designator or rank and rate, and country may be obtained by contacting:

a. Navy Personnel Command (NAVPERSCOM), Information Warfare Community and Foreign Area Officer Division (PERS-47) (for officer personnel); or

b. NAVPERSCOM, Shore Special Programs Distribution Branch (PERS-4010G) (for enlisted personnel).

3. **Tour Length.** Tour length for PEP duty is usually 24 months, based on the date the member reports to ultimate duty station. One-year tour extensions may be authorized.

4. **Requirements and Qualifications**

a. Applicants for foreign PEP billets must be able to serve as military diplomats requiring sensitivity and adaptability to foreign cultures and norms.

b. The nature of the PEP is to share professional knowledge with members from other Services (and nations); therefore, applicants must be able to serve as subject matter experts in their designator or rate.

c. Applicants desiring to serve in a country whose native language is not English must:

(1) Test at a minimum 2/2/1+ (listening/reading/speaking) level on the defense language proficiency test (DLPT); otherwise;

(2) Achieve a qualifying score on the defense language aptitude battery; and

(3) Receive training at the Defense Language Institute Foreign Language Center prior to reporting overseas.

Note: Family members may receive language training on a space-available basis.

d. If a security clearance is required, members are expected to report to their foreign command with a security clearance valid for the duration of the tour.

e. Member must report with official passports, as the member may be required to travel to countries that do not recognize North Atlantic Treaty Organization orders.

f. Member will be required to wear the Navy uniform, unless force protection requirements dictate otherwise.

g. Required obligated service for this program is 24 months.

5. **Administrative Support**

a. Upon arriving overseas, personnel must report to their assigned administrative command for a 2-day temporary duty inprocessing period prior to reporting to their ultimate duty station. Frequently remote from the PEP duty station, the administrative command is available to assist participants with:

- (1) Fitness reports/evaluations,
- (2) Pay,
- (3) Advancements,
- (4) Examinations,
- (5) Leave,
- (6) Security clearances, and
- (7) Other related issues.

b. The command is also available to provide guidance on physical fitness assessment, DLPT, and flight physical requirements.

6. **Pay and Allowances**

a. PEP members receive normal pay and allowances by the U.S. Government and may be entitled to special allowances based on location such as:

- (1) Overseas housing allowance,
- (2) Cost of living allowance,
- (3) Hardship duty pay, and
- (4) Foreign language proficiency bonus.

b. Member is not entitled to bonus pay from the host nation. Travel costs and allowances for travel ordered or required by the host nation will be funded by the host nation. Travel costs and allowances for travel ordered or required by the parent Service will be funded by the parent Service.

7. **Application**

a. Officers. Interested officers should contact their detailer in order to compete for a PEP billet.

b. Enlisted. Interested enlisted personnel should complete sections A, B, C, and D of NAVPERS 1306/92 Special Program Screening and exhibit 1 of MILPERSMAN 1306-900. Submit NAVPERS 1306/92 as directed by NAVPERSCOM (PERS-4010G) at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Enlisted personnel will also be required to provide copies of their last four evaluations, a summary of qualifications, as well as details about dependents.

MILPERSMAN 1306-924

MOBILE UTILITIES SUPPORT EQUIPMENT (MUSE) PROGRAM

Responsible Office	BUPERS-329 Enlisted Community Manager	Phone:	DSN COM FAX	882-2037 (901) 874-2037 882-2987
Point of Contact	NAVPERSCOM (PERS-401C) MUSE Detailer	Phone:	DSN COM FAX	882-3559 (901) 874-3559 882-2716
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC
		E-mail:		UASKNPC@navy.mil

1. **Background.** The Navy Mobile Utilities Support Equipment (MUSE) Program supports shore establishment utility systems and cold-iron services throughout the world with supplemental equipment capable of electrical generation and electrical transformation. MUSE provides siting, hookup, and inspection of this equipment, as well as training for on-site operator and maintenance personnel. Skill areas include the mechanical, electrical, and instrumentation specialties.

a. **Training.** Accepted applicants will undergo the following:

(1) Forty-eight weeks of intensive training in the U.S. Army Prime Power School's (PPS) Prime Power Production Specialist Course conducted at Fort Leonard Wood, MO.

(2) Twelve weeks of additional technical training after transfer to Naval Facilities Engineering and Expeditionary Warfare Center (NAVFAC EXWC), Port Hueneme, CA.

b. **Course.** The Prime Power Production Specialist Course at Fort Leonard Wood, MO consists of the following:

(1) **Academic Training - 18 Weeks:** Includes algebra review, introduction to physics, fundamentals of electrical engineering, and fundamentals of mechanical engineering. Sub-course is facilitated by accredited college providing successful students with 31 semester hours.

(2) **Operator Training - 15 Weeks:** Includes hands-on training in operating, maintaining, and troubleshooting diesel-driven power plants and other power station systems.

(3) **Specialty Training - 15 Weeks:** Based on program requirements and the students' previous training, students enter the instrumentation (mechanical or electrical) specialty phase. Each phase is designed to provide intensive training in the specialty area as it relates to equipment used in both the Army Prime Power Program and the Navy MUSE Program.

c. **Navy Enlisted Classification (NEC).** NEC B03A is awarded upon successful course completion. Graduates will then receive orders to NAVFAC EXWC, Port Hueneme, CA or one of several other satellite billets located within and outside the continental United States. Needs of the program and sea/shore flow rotation requirements will dictate the initial duty assignment.

d. **Tour length.** Tour length will be 36 months or Department of Defense area tour for overseas assignments.

2. Requirements/Qualifications

a. **Applicant Pool.** Applications for assignment to this program are invited from Seabee personnel who meet the following criteria:

(1) Paygrades E-4 through E-6 in the CE, UT, CM, EO, BU, EA, and SW ratings;

(2) Warfare qualified;

(3) No more than 12 years active duty;

(4) Minimum required Armed Services Vocational Aptitude Battery scores: AR + 2MK + GS = 222; and

(5) Have completed at least a 1-year course in algebra during high school or through another accredited school, or an equivalent course through Defense Activity for Nontraditional Education Support.

b. **Clearance.** A Secret clearance is required for all trainees prior to the commencement of the Prime Power Production Specialist Course.

c. **Application Process.** To apply for the MUSE Program:

(1) Service member communicates desire/intention to join the MUSE Program with the chain of command, detailee, and the MUSE Program recruiter.

(2) Service member contacts the MUSE recruiter in Port Hueneme to inquire about MUSE application package guidance.

(3) With the assistance of the member's chain of command and command career counselor, Service member completes and submits MUSE application package and NAVPERS 1306/92 Special Program Screening to the MUSE Program Division in Port Hueneme, CA. NAVPERS 1306/92 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(4) MUSE recruiter informs Navy Personnel Command (NAVPERSCOM), MUSE Detailee (PERS-401C) of MUSE applications held for selection board.

(5) MUSE applicant selection board convenes.

(6) Selected members, the members' command, and NAVPERSCOM, Seabee Assignment Branch (PERS-401) are contacted by a MUSE Program recruiter with selection board results.

(7) NAVPERSCOM (PERS-401), with concurrence from MUSE recruiter, initiates permanent change of station orders to Fort Leonard Wood, MO for the selected members to attend the next identified Prime Power School convening date.

Any Service member requesting consideration for other Navy special programs within their first 36 months will not receive a favorable command endorsement.

d. **Course Convening and Student Selection Boards.** The Prime Power Production Specialist Course convenes three classes per year (January, May, and August). Student selection boards are convened approximately 6 months prior to class start dates. The selection board will be comprised of a minimum of four chief petty officers who hold **NEC B03A**. The selection board will meet at NAVFAC EXWC, MUSE Program Division, Port Hueneme, CA and screen all complete NAVPERSCOM endorsed applications. Selections will be made per manning requirements of the program.

Results of this board are then forwarded to NAVPERSCOM (PERS-401C) to screen for final approval and orders.

e. **Not Selected.** Applications not selected will be retained at NAVFAC EXWC, MUSE Program Division, Port Hueneme, CA for further review at subsequent boards.

(1) Personnel are most often not selected due to (submission of) incomplete packages and or failure to meet projected rotation date obligation, not a disqualifier, with their current command.

(2) Applications will continue to be reviewed for selection for up to 3 years.

(3) Applicants are urged to update the following information in their applications periodically:

(a) military schools completed;

(b) awards;

(c) current NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1-E-6);

(d) transcripts for civilian educational courses completed;

(e) applicant's hand-written statement;

(f) NAVPERS 1070/613 Administrative Remarks;

(g) NAVPERS 1070/881 Training, Education, and Qualifications History; and

(h) NAVPERS 1070/605 History of Assignments; and any other pertinent data they wish to include.

NAVPERS 1616/26, 1070/613, and 1070/605 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(4) Any such information should be sent to the following:

<p>Commanding Officer NAVFAC EXWC MUSE Program Manager Code PW63 1000 23rd Avenue, Building 1360 Port Hueneme, CA 93043</p>

f. **Form.** Complete sections A, B, C, D1 and D2 of NAVPERS 1306/92 Special Program Screening, and exhibit 1 of MILPERSMAN 1306-900.

g. **Obligated Service (OBLISERV).** Required OBLISERV for the MUSE Program is 54 months after the completion of the Prime Power Production Specialist Course. Selected applicants may obtain the OBLISERV in the following ways:

(1) Sign NAVPERS 1070/613 stating that member will reenlist at the completion of PPS to meet OBLISERV, if member's expiration of active obligated service (EAOS) is after the completion of PPS and does not meet the 60-month requirement; or

(2) Members may OBLISERV to train after program selection and prior to the start of PPS by submitting a request from the official e-mail account of a command administrator with "by direction" authority to NAVPERSCOM, Active Enlisted Programs Branch (PERS-811) for approval, if their EAOS is prior to PPS completion date.

This allows member to reenlist after receiving the MUSE NEC for potential selective reenlistment bonus (SRB) opportunities.

h. **Professional Performance.** MUSE is a demanding, high operational tempo, special program with high standards. Potential applicants are advised that failure to maintain all established standards of professionalism and personal conduct will result in NEC removal and recoupment of any unearned incentive pays received (i.e., SRB, SDAP).

	(b) CNO WASHINGTON DC 142115Z Sep 23 (NAVADMIN 217/23)			

1. Background

a. Senior enlisted academies (SEA) provide an opportunity for master, senior, and chief petty officers to engage in studies concentrated in executive-level leadership and communication skills. SEAs provide an educational experience toward fulfillment of executive leadership and managerial requirements for senior enlisted leaders.

b. The curriculum is designed to be demanding, challenging, diverse, relevant, and comprehensive, providing students a broad exposure to multiple facets of leadership, management theories and functions, and strategic communication practices focused on joint force interoperability.

(1) United States Navy Senior Enlisted Academy (USN SEA)

(a) Location: Naval Station Newport, RI.

(b) For information regarding class schedules, registration, or enrollment procedures, visit the USN SEA Web site at: <https://www.netc.navy.mil/SEA/>.

(c) Contact information:

E-mail: administration.sea@us.navy.mil

Phone: (401) 841-4776 or (DSN) 841-4776

(d) Each year two SEA classes will include 36 seats for Selected Reserve (SELRES) members who cannot complete the

full 3 weeks in-residence (IR). These SELRES students will be grouped together and complete the same curriculum. However, these SELRES students will have their distance learning (DL) period extended to 4 weeks, and their IR schedule will be compressed (i.e., work extended hours) to allow graduation after 2 weeks IR.

(e) Travel for USN active duty and training and administration of the reserves members during permanent change of station (PCS) is funded by Commander, Navy Personnel Command (COMNAVPERSCOM). Temporary duty (TDY) is funded by USN SEA.

(f) USN SELRES students will use annual training (AT) or active duty for training (ADT) funding.

NOTE: USN personnel in pay grade E-7 must attend the USN SEA on TDY orders. PCS funding will not be authorized.

(2) United States Coast Guard (USCG) Senior Enlisted Leadership Course (SELC)

2. Requirements for USN SEA

a. Eligibility

(1) Members in pay grades E-8 and E-9 are eligible (including those frocked to E-8).

(2) Members in pay grade E-7 must provide a commanding officer's (CO) letter of endorsement (example can be found on the SEA Web site) and meet the following eligibility criteria:

(a) Is time-in-rate eligible for E-8.

(b) Recommended for advancement from current CO.

(c) Received an "early promote" or the #1 or #2 "must promote" on their most recent competitive evaluation.

(d) Completed the Chief Petty Officer Leadership Development Course.

b. Registration. Students will self-register online for a USN SEA class at the SEA Web site using the "Empower" registration tool. See USN SEA Web site for details. USN E-7 members must e-mail CO's endorsement letter to registration.sea@usnwc.edu to complete the registration process.

c. Other Service Students. All non-Navy students will attend the USN SEA on TDY orders funded by their respective commands.

d. Body Composition Assessment (BCA). **All attendees, regardless of branch of Service**, must be within the Navy's BCA standards per reference (a). Failure to meet Navy BCA standards will result in immediate disenrollment, unless waived due to circumstance(s) outlined in reference (a).

NOTE: BCA is not applicable to international military students.

e. Points of Contact for USN SEA

Course Director

E-mail: coursedirector.sea@usnwc.edu

Phone: (401) 841-4944

Lead Faculty Advisor

E-mail: LeadFA@usnwc.edu

Phone: (401) 841-4471

Registration

E-mail: registration.sea@usnwc.edu

Phone: (401) 841-4221

Defense Travel System (DTS) Coordinator

E-mail: seadtscoordinator@usnwc.edu

Phone: (401) 841-4223

3. Requirements for All Other Services' SEAs

a. Eligibility

(1) Members in pay grades E-8 and E-9 must meet partner Service requirements. See the respective SEA's Web site for details.

(2) Members in pay grade E-7 are not eligible to attend USA SGM-A, USMC MCSEA, USCG SELC, JSOFSEA, or AFSNCOA.

b. Registration and Enrollment. To complete the registration and enrollment process for all other Services' SEAs, go to the individual school's Web site.

c. Funding

(1) TDY - all students attending other Services' SEAs on TDY orders will have their travel (to-and-from homeport), lodging, and per diem funded by their parent command.

(2) PCS - all students attending other Services' SEAs on PCS orders will have their travel, lodging, and per diem funded by COMNAVPERSCOM.

(3) USN SELRES students will use AT or ADT funding.

d. Physical Fitness and BCA. All attendees (regardless of branch of Service) must be within BCA standards for the school they are attending and must have passed their last physical fitness assessment. Failure to meet BCA standards will result in immediate disenrollment from the course.

MILPERSMAN 1306-926

JOINT STAFF DUTY WITH MILITARY ENTRANCE PROCESSING STATIONS (MEPS)

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN	882-3878
			COM	(901) 874-3878
			FAX	882-2646
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** Military entrance processing stations (MEPS) are responsible for aptitude testing, medical evaluations, administrative processing, enlistment, and shipment of applicants for the Armed Forces.

a. Joint staff duty billets within headquarters, U.S. Military Entrance Processing Command's nation-wide mission is to qualify applicants medically, aptitudinally, and morally for enlistment into the Armed Forces.

b. The billets within MEPS activities are open to all ratings in pay grades E-5 to E-8; however, a majority of the billets within the MEPS are for the hospital corpsman rating. The special program detailers will detail the E-7 and below billets, and the command master chief detailer will detail the command senior chief E-8 billets.

c. Many MEPS activities are in remote locations or in the center of a major city; therefore, members should be advised that financial stability is essential to successfully completing a tour at a MEPS duty station.

d. Personnel selected for assignment to MEPS must be mature individuals with sufficient military experience and personal suitability to perform independently with a minimum amount of supervision and leadership.

e. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. The minimum pay grade is E-5.

b. Complete sections A, C, and D3 of NAVPERS 1306/92 Special Program Screening Form and Exhibit 1 of MILPERSMAN 1306-900. NAVPERS 1306/92 may be accessed at:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx> and MILPERSMAN 1306-900 may be accessed at: <http://www.public.navy.mil/bupers-npc/reference/milpersman/1000/1300Assignment/Pages/default.aspx>.

c. Required obligated service for this program is 36 months.

d. Member must have been screened by the command drug and alcohol program advisors in the last 60 months. Member must not have a history of intemperate use of alcohol. Personnel with any history of drug usage, possession, or trafficking while on active duty are not considered suitable for MEPS duty.

e. Member must have passed the most recent physical fitness assessment (PFA) and have no more than one PFA failure within the past 3 years.

f. Member must present a smart military appearance.

MILPERSMAN 1306-927

NAVY HARBOR PILOT PROGRAM

Responsible Office	NAVPERSCOM (PERS-402B)	Phone:	DSN	882-3713
			COM	(901) 874-3713
			FAX	882-2637

1. Background

a. A Navy Harbor Pilot

(1) **pilots** naval ships of all classes and tonnage, in and out of harbors and naval bases, or to and from docks and berths.

(2) **supervises** naval and civilian personnel in docking, berthing, and mooring of all classes of vessels, floating docks, cranes, and barges.

(3) **directs** operation of pusher boats (YTLs, YTM's, YTBs) in the movement of ships and tows, to and from sea and in harbors.

b. Navy Harbor Pilots are routinely on standby to move at short notice to areas of political unrest or strikes, to ensure smooth flow of military cargo and ships.

c. Tour length will be 36 months, or Department of Defense (DoD) area tour for overseas assignments.

2. Requirements/Qualifications

a. Personnel in paygrades E-6 and above in BM and QM ratings are eligible.

b. Member must be interviewed and subsequently recommended by an active Navy Harbor Pilot, unlimited tonnage.

c. If accepted, and upon completion of training, the applicant should expect at least two consecutive overseas tours before being assigned to duty in continental United States (CONUS). One tour of unaccompanied duty can be anticipated.

d. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

e. Required obligated service (OBLISERV) for this program is 72 months (6 years).

MILPERSMAN 1306-928

NAVY MUSIC PROGRAM (MU)

Responsible Office	Fleet Band Activities	Phone: DSN COM	882-4316 (901) 874-4316
MyNavy Career Center	Phone: Toll Free E-mail MyNavy Portal	1-833-330 MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

1. Background

a. The Navy musician rating (MU) is comprised of Service members who possess musical skills in varying styles, to include martial, classical, and commercial music.

b. Tour lengths will be per rating sea and shore flow.

2. Policy. Director, Fleet Band Activities (FBA) has approval authority for all assessment auditions required for assignment to MU "A" School and eventual placement in a fleet or area band.

3. Eligibility. Service members seeking lateral conversion to the MU rating must first be granted approval to audition from their current chain of command and their respective enlisted community manager at Bureau of Naval Personnel (BUPERS) Enlisted Community Management Division (BUPERS-32) prior to taking an audition. Service members who successfully pass the required instrumental audition are eligible for assignment to MU "A" School.

4. Requirements and Qualifications

a. Service members must audition and be certified as "musically qualified" by FBA prior to submitting requests for lateral conversion and assignment to MU "A" School.

b. Service members auditioning for this program must demonstrate competent performance ability on one primary instrument or voice, as indicated below:

Navy Enlisted Classification (NEC)	Primary Instrument	Secondary Instrument
A01M	Flute/piccolo	(none)
A02M	Oboe	(see note)
A03M	Clarinet	(none)
A04M	Bassoon	(see note)
A05M	Saxophone	(none)
A06M	Trumpet	(none)
A07M	French horn	(none)
A08M	Euphonium (baritone)	(none)
A09M	Trombone	(none)
A11M	Tuba	(none)
A12M	Guitar	(see note)
A13M	Percussion (drums)	(none)
A14M	Piano/keyboard	(see note)
A15M	Electric/string bass	(see note)
A25M	Vocalist/entertainer	(see note)
A55A	Audio engineer	(none)

Note: Guitar, keyboard, electric/string bass, bassoon, oboe instrumentalists, and vocalists receive basic skills instruction in percussion techniques during "A" school and perform on auxiliary percussion instruments for ceremonial band, parade band, and similar performance requirements (e.g., bass drum, cymbals, Latin-percussion instruments).

c. Due to the high visibility of Navy bands and frequent contact with the public, foreign dignitaries, and senior government officials, Service members must maintain an outstanding personal appearance and impeccable military bearing.

d. Required obligated service for this program is 36 months.

5. Procedures

a. Active duty members must obtain permission from their current chain of command via [NAVPERS 1306/92](#) Special Program Screening per [MILPERSMAN 1306-900](#) (exhibit 1 is not required). Based on NEC manning levels, Director, FBA, in conjunction with BUPERS-32, determine if there is a current or projected vacancy.

b. Contact FBA for assistance or location of audition sites.

c. Individual commands may issue "cost" temporary additional duty (TEMADD) orders, but funded travel is not required. Special liberty, leave, or no-cost TEMADD orders may be required for the Service member to properly effect the audition. Following the audition, Service members will return to their parent command.

d. Results of the audition will be forwarded to the Service member by Director, FBA.

e. Successful applicants are guaranteed assignment to MU "A" School upon release from current community.

MILPERSMAN 1306-929

NAVY MANPOWER ANALYSIS CENTER (NAVMAC)

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	---------------------------	------------------	-----------------

1. **Program Background.** Navy Manpower Analysis Center (NAVMAC) is responsible for developing and documenting wartime manpower requirements for all Navy fleet and shore activities and reviewing documentation for total force manpower requirements of the shore establishment, both peacetime and wartime.

a. NAVMAC conducts detailed analysis of workload, manning standards, and mission statements to determine optimum levels of manpower required for units to meet their respective wartime missions.

b. NAVMAC conducts extensive on-site surveys of workload on ships, staffs, and aviation squadrons and uses collected data to develop ship, squadron, or fleet manpower documents as well as Occupational and Naval Standards (OCCSTDs/NAVSTDs).

c. NAVMAC develops and applies various industrial engineering techniques designed to increase an organization's capability, proficiency, and productivity without increasing resources or existing workload.

d. Ratings assigned to NAVMAC include the following:

AB	Aviation Boatswain's Mate
AD	Aviation Machinist's Mate
AE	Aviation Electrician's Mate
AM	Aviation Structural Mechanic
AS	Aviation Support Equipment Technician
AT	Aviation Electronics Technician
AW	Aviation Warfare Systems Operator
AZ	Aviation Maintenance Administrationman
BM	Boatswain's Mate
CS	Culinary Specialist
CT	Cryptological Technician
DC	Damage Controlman

EM	Electrician's Mate
ET	Electronics Technician
FC	Fire Controlman
GM	Gunner's Mate
GS	Gas Turbine Systems Technician
HM	Hospital Corpsman
HT	Hull Maintenance Technician
IC	Interior Communications Electrician
IS	Intelligence Specialist
IT	Information Systems Technician
MM	Machinist's Mate
OS	Operations Specialist
PS	Personnel Specialist
SH	Ships Serviceman
SK	Storekeeper
STG	Sonar Technician (Surface)
STS	Sonar Technician (Submarine)
YN	Yeoman

e. Tour length will be 36 months.

2. Requirements/Qualifications

a. Personnel assigned to NAVMAC manpower analysts' billets must be eligible for a Secret security clearance.

b. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-930

HISTORIC SHIP NAUTILUS (SSN 571)

Responsible Office	NAVPERSCOM (PERS-403C)	Phone:	DSN	882-4696
			COM	(901) 874-4696
			FAX	882-2638

1. **Background.** The Historic Ship NAUTILUS (SSN 571) is an important part of U.S. Navy history. The ship is located in Groton, CT and hosts more than 150,000 visitors each year.

a. The crew of the NAUTILUS is in constant contact with the public, requiring an outstanding personal appearance, free of obvious skin blemishes, and having excellent natural posture and military bearing.

b. Good moral character with respect to authority, as well as a clear, distinct speaking voice (free from any impediment) are musts.

c. Members fluent in the following languages are highly desired: French, Spanish, German, Arabic, Japanese, Chinese, or Tagalog.

d. Tour length will be prescribed rating shore tour.

2. **Requirements/Qualifications**

a. Male members must be submarine (SS) qualified. Nuclear-trained females who have completed Enlisted Surface Warfare Specialist qualification may be considered upon completion of an AS/CVN tour and favorable endorsement as having the ability to perform Radiological Control (RADCON) duties.

b. E-6 personnel not qualified Engineering Watch Supervisor (EWS)/Propulsion Plant Watch Supervisor (PPWS) for nuclear trained personnel, or Chief of the Watch (COW) for non-nuclear trained personnel must be recommended by the commanding officer (CO) as having the potential to rapidly qualify for the appropriate watch upon returning to sea following the NAUTILUS tour.

c. As required, some nuclear-trained personnel will be ordered via Radiological Control Technician Qualification School, Norfolk Naval Shipyard, VA.

d. Member must not have any visible tattoos.

e. Nuclear trained personnel must possess a valid driver's license.

f. COs must **personally** interview applicants prior to certifying eligibility. This responsibility may not be delegated.

g. Complete sections A, C, D3, and D5 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900. For item A7, member must be within height-weight standards.

h. Required obligated service (OBLISERV) for this program is 36 months.

Reference	(a) BUPERSINST 1600.7
	(b) NAVMED P-117, Manual of the Medical Department (MANMED)

1. **Background.** Personnel in pay grades E-5 through E-9 assigned to Navy Absentee Collection and Information Center (NACIC) are responsible for administering centralized deserter information services and provide tracking, monitoring, and collection services for Navy personnel who are administratively declared deserters per reference (a).

a. NACIC personnel represent the U.S. Navy as well as the nation, often in extremely high positions of visibility in both civilian and military communities.

b. NACIC personnel have independent duty responsibilities, and must possess the highest levels of maturity, sound judgement, and integrity.

c. NACIC duty may require temporary additional duty travel with very little advance notice. Prospective personnel must be apprised of this requirement.

d. NACIC tour lengths will be 36 months.

2. Requirements or Qualifications

a. Service members must undergo medical and dental screening and be medically fit for potential air travel. Health and dental records must be screened per reference (b). Candidates must have a class 2 dental status (minimum) prior to transferring to NACIC.

b. Candidates must be counseled and evaluated by the command financial specialist. Serious unresolved financial problems or indebtedness, or a documented history of indebtedness over the last 3 years will disqualify applicants for duty at NACIC.

c. Single parents must have a childcare provider available at all times. NAVPERS 1740/6 Department of the Navy Family Care Plan Certificate must be validated prior to the final endorsement of NAVPERS 1306/92 Special Program Screening. NAVPERS 1740/6 and 1306/92 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

d. Complete NAVPERS 1306/92 sections A, B, C, D2, and D6.

e. Required obligated service for this program is 36 months.

f. Due to job requirements, Service members who have been convicted of domestic violence or have an open Family Advocacy Program case are ineligible for assignment to NACIC.

MILPERSMAN 1306-934

NUCLEAR TRAINED PERSONNEL ASSIGNED TO NUCLEAR CAPABLE INTERMEDIATE MAINTENANCE ACTIVITIES (IMA)

			FAX	882-2638

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications
-------------------	---

1. **Program Background.** Each nuclear capable Intermediate Maintenance Activity (IMA) has a **Radiological Control (RADCON) Division** consisting of Electronic Laboratory Technician (ELT) and non-ELT nuclear trained personnel, and a **Nuclear Planner Division** consisting of non-ELT nuclear trained personnel. Certain nuclear capable IMAs also have a **Nuclear Repair Division** consisting of non-ELT nuclear trained personnel.

a. Billets in AS tenders count as sea duty for rotation.

(1) Locations include the following:

GUAM	LA MADDELENA, SARDINIA
SAN DIEGO, CA	NORFOLK, VA
NEW LONDON, CT	KINGS BAY, GA
PEARL HARBOR, HI	BANGOR, WA

(2) Tour length will be prescribed rating sea tour.

b. Tour length for shore IMAs will be 36 months.

2. **Requirements/Qualifications**

a. Nuclear trained personnel interested in requesting assignment to a nuclear capable IMA must be qualified on those watch stations required by reference (a) for assignment of the Nuclear Propulsion Plant Supervisor Navy Enlisted Classification (NEC) codes.

b. E-6 personnel requesting assignment as Nuclear Planner must be Engineering Watch Supervisor qualified.

c. Requests should include the following:

(1) Nuclear Power School (NPS) class standing (overall standing, not in-rate standing).

(2) Highest nuclear watch station qualification.

(3) Nuclear Instructor Duty screening for personnel requesting follow-on assignment to NPS.

(4) Commanding officer's (CO's) comments for IMA suitability and any requested waivers.

d. Required obligated service (OBLISERV) for this program is a minimum of 36 months.

------------	-----------------------

1. **Background.** Fleet Master Chiefs (FLTCM), Force Master Chiefs (FORCM), CNO-Directed Command Master Chiefs (CNOCM), and Command Master Chiefs (CMDCM) are the senior enlisted leaders who report directly to their commanders/commanding officers.

a. They are responsible and accountable for the following:

(1) Lead Sailors and apply their skills to tasks that enable mission accomplishment.

(2) Promote the professional growth and personal development of Sailors.

(3) Communicate the mission requirements, policies, core values, and standards.

(4) Strengthen and support the chain of command through aiding in the formulation and implementation of policy.

b. FLTCMs, FORCMs, CNOCMs, and CMDCMs uphold the highest standards of professionalism and stimulate better communications at all levels of the command throughout the Department of the Navy (DON). They strengthen the chain of command by working as an integrated element to foster better understanding of the requirements for, and viewpoints of, Sailors and their families.

c. Tour length will be 36 months.

2. Requirements/Qualifications

- a. Specific responsibilities, screening, selection, and billet requirements are contained in reference (a).
- b. Required obligated service (OBLISERV) for this program is 36 months.

CULINARY SPECIALIST EXECUTIVE SERVICES PROGRAM

Responsible Office	NAVPERSCOM (PERS-44ES)	Phone: COM	(901) 874-3871
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) SECNAVINST 1306.2E (b) OPNAVINST 1306.3C (c) DoD Instruction 1315.09 of 17 November 2023
-------------------	--

1. **Purpose.** This article addresses the distribution and assignment of culinary specialists to the Culinary Specialist Executive Services Program.

2. **Background**

a. The Culinary Specialist Executive Services Program provides food service and executive level support to flag and general officers, flag messes, and presidential or vice-presidential support activities.

b. Culinary specialists selected for executive services must possess superior performance records; advanced culinary skills, often gained through specialized education or experience; impeccable appearance and demeanor; and strong recommendations from their commanding officers (CO).

c. Tour lengths are normally 36 months or per Department of Defense area tour length: overseas assignment, 24 months unaccompanied and 36 months accompanied. Projected rotation dates (PRD) for personnel in public quarters are determined by the tour length of the flag or general officer. Tour-length extension waivers must be submitted to Navy Personnel Command (NAVPERSCOM) Administration, Deck, Security, and Supply Distribution Branch (PERS-405) and Culinary Specialist Executive Services Program Manager (PERS-44ES2) for processing.

d. Consecutive tours are limited to afford all culinary specialists opportunity, have a more distributable inventory, and better manage the health of the culinary specialist rating. No more than 2 consecutive shore tours or no more than 60 consecutive months in the Culinary Specialist Executive Services Program (to include PRD adjustments) are permitted at the same command. Service members will be released back to their rating detailer upon request or if there are no available billets within the program 8-months prior to their PRD to ensure maximum detail opportunity.

3. **Assignment.** To request assignment to the Culinary Specialist Executive Services Program contact PERS-44ES for availability before contacting applicable rating detailer for release to the program. Submit [NAVPERS 1306/7](#) Electronic Personnel Action Request to PERS-405 or NAVPERSCOM Nuclear Power/Submarine Distribution Branch (PERS-403) approximately 14-16 months prior to Service member's PRD. If billets are not available within Culinary Specialist Executive Services Program, members will be released to PERS-405 for further detailing in MyNavy Assignment (MNA).

a. **Enlisted Aide (EA) Duty (Navy Enlisted Classification Code (NEC) S15A).** Culinary specialists nominated and assigned to flag and general officers, per references (a) through (c) and [MILPERSMAN 1306-900](#), are assigned NEC S15A upon completion of the Advanced Culinary Skills Training Course and Enlisted Aide Training Course.

(1) PRDs for EAs are determined by the tour length of the flag or general officer they are serving.

(2) Service members serving as EAs must volunteer in writing prior to execution of orders and may choose to terminate EA duty at any time.

(3) Once Service members are accepted into the Culinary Specialist Executive Services Program, they will interview with the prospective flag or general officer for their first EA assignment. Once the member is selected, the flag or general officer will sign and submit a flag hold letter to PERS-44ES2 for the member. To release the member from flag-hold, the flag or general officer will sign a flag release letter, exhibit 1.

(4) A Service member who is requested by-name to serve as an EA follows the same screening process as other candidates. By-name requests are only approved for flag or general officers, see exhibit 2. Service members applying for EA positions must understand that those positions must be filled within 60 days of member's approval.

(5) EAs serving 2 conservative tours within the same command will not be recommended for a follow-on EA position at the same or lower level. EAs must communicate their intentions regarding their way-forward 12 months prior to their PRDs or when their principal is scheduled to depart.

b. **Flag Mess Duty-Culinary Specialists Assigned to Flag, General, or Executive Messes Afloat or Ashore.** Flag mess personnel have the option to volunteer for assignment as an EA upon successful completion of initial flag mess duty. For flag messes afloat members must convey their follow-on tour intentions 15 months prior to their PRDs to ensure the best shore opportunities.

c. **Presidential Food Service, Vice-President's Residence, or Camp David.** Service members must meet additional eligibility requirements provided by PERS-44ES2 for, assignment as an executive support duty-culinary specialist assigned to Presidential Food Service, Vice-President's Residence, or Camp David. Members selected for these unique assignments will be limited to no more than 48 months on station.

d. **Assigned to Fleet Logistics Support Squadron 1 (VR-1) and Executive Transport Detachment Pacific.** Service members must meet additional eligibility requirements such as completing a class II swim qualification, a flight physical, and aircrew indoctrination training (Naval Aviation Survival Training Program for class IV aircraft) for assignment as an executive transport duty-culinary specialist assigned to Fleet Logistics Support Squadron 1 (VR-1) and Executive Transport Detachment Pacific.

4. **Requirements and Qualifications.** Commands must ensure the following requirements are met prior to members transfer:

a. Service members must be released by PERS-405 or PERS-403 detailer to apply for the Culinary Specialist Executive Services Program.

b. Service members requesting assignment to a special program must understand these programs coincide with normal sea and shore flow. If bound for sea duty, the Service member may only negotiate for sea duty billets. If bound for shore duty, the Service member will be offered a shore duty billet.

c. Individuals must possess the following qualifications for nomination. Waivers of these qualifications will be considered on a case-by-case basis:

(1) Be highly motivated for assignment and strongly recommended by the CO;

(2) Have a clear record, free from conviction by court-martial, civil court (except minor traffic offenses), and non-judicial punishment within the past 3 years;

(3) Be able to meet security clearance requirements;

(4) Have no evaluation marks below 3.0 for past 3 years;
and

(5) Have not failed a physical fitness assessment (PFA) within the last 3 years. If a Service member fails a PFA while in the program, member will be disqualified to return within the program.

d. Complete sections A, B, D2, and D3 on [NAVPERS 1306/92](#) Special Program Screening and exhibit 1 of [MILPERSMAN 1306-900](#).

e. Must obligate 36 months service for this program;

5. **Application.** Submit requests for initial and subsequent assignment to PERS-44ES via the administrative chain of command using [NAVPERS 1306/7](#). Nomination packages must be submitted 14-16 months prior to Service members' PRDs to allow sufficient time for review of nominees, personal interviews (if required), and final selection. Nomination packages must include the following documents:

a. Completed [NAVPERS 1306/7](#);

b. Completed [NAVPERS 1306/92](#);

c. Copies of past 3 observed evaluations;

- d. CO or assigned flag officer letter of recommendation;
- e. Personal biography;
- f. Full front and side view color photographs in service dress uniform; and
- g. Signed [NAVPERS 1070/613](#) Administrative Remarks citing the following entry:

I hereby volunteer to be considered for the Culinary Specialist Executive Services Program. I understand that by volunteering, I am eligible to be detailed to any component within the program.

PHYSICAL READINESS

Per [MILPERSMAN 1306-913](#), I understand that I must maintain physical readiness standards per OPNAVINST 6110.1J. I also understand that if I am unable to maintain physical readiness standards, I will be released from the program and returned to the normal rating detailee for follow-on needs of the Navy assignment.

PERSONAL CONDUCT

I understand that my personal conduct, both on and off duty, must always be of the highest caliber. If I am unable to maintain good order and discipline, receive any civil or military conviction (less minor traffic violations), or if I am deemed unsuitable for the Culinary Specialist Executive Services Program by the flag officer, this will serve as grounds for release from the program, and I will be returned to the normal rating detailee for follow-on needs of the Navy assignment.

PROGRAM ENTRY REQUIREMENT

I understand that I have entered the Culinary Specialist Executive Services Program. I understand that I may be released from the program at any time for any of the above reasons and returned to my normal rating detailee. I may request to return to my normal rating detailee upon completion of the 36-month obligation, provided I complete the tour to which I am assigned at that time.

MEMBER: _____ WITNESS: _____

h. Members are highly advised to update their contact information in MNA to ensure maximum communication with the detailer.

Exhibit 1
Flag Release Letter

From: Commander, _____
To: Commander, Navy Personnel Command (PERS-44ES2)
Subj: FLAG RELEASE IN THE CASE OF CS1(SW/AW) IMA G. SAILOR, USN

1. CS1(SW/AW) Sailor is released from "flag hold" as my enlisted aide. I understand and accept there may be a billet gap.

2. CS1(SW/AW) Sailor is an outstanding enlisted aide and a trusted advisor. I recommend that (he or she) remains in the program so that the Navy may continue to benefit from (his or her) exceptional skills and character. Assign CS1(SW/AW) Sailor to the most challenging assignments and watch (his or her) excel.

3. My point of contact is CAPT John Smith, chief of staff, who may be contacted via e-mail at johnsmith@navy.mil.

Exhibit 2
By-Name-Request Letter

From: Commander, _____
To: Commander, Navy Personnel Command (PERS-44ES2)
Subj: FLAG HOLD IN THE CASE OF CS1(SW/AW) IMA G. SAILOR, USN

1. I have selected CS1(SW/AW) Sailor as my enlisted aide and request that (he or she) be placed on "flag hold" effective immediately.

2. My point of contact is CAPT John Smith, chief of staff, who may be contacted via e-mail at john.smith@navy.mil.

MILPERSMAN 1306-939

WHITE HOUSE COMMUNICATIONS AGENCY (WHCA)

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone:	DSN COM	882-3886 (901) 874-3886
---------------------------	----------------------------	--------	------------	----------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) DoDD 5210.55 of 15 Dec 98 (b) DoDI 5210.87 of 30 Nov 98 (c) SECNAVINST 5312.12C
-------------------	---

1. **Background.** The White House Communications Agency (WHCA) provides premier, world-wide communications support that enables the President and the Presidential Staff to lead the nation effectively.

a. The WHCA manages a world-wide screening program to identify personnel for assignment to the agency by traveling to various naval bases. The screening team conducts a record screen of those personnel that meet the initial qualification criteria for assignment to the agency.

b. Eligible candidates selected from the record screen will then attend an orientation and continue on with personal interviews and further security clearance processing. Once selected, a single-scope background investigation will be initiated by the WHCA recruiting team to determine Top Secret and Sensitive Compartmented Information (TS/SCI), and Presidential support duty eligibility.

c. The WHCA screening procedures require time intensive and costly background investigations. TS/SCI and Presidential support duty eligibility may take approximately 12 to 18 months to complete. Therefore, upon notification from a WHCA recruiter, Navy Personnel Command (NAVPERSCOM), Major Washington/Memphis Staff detailer (PERS-4010F) must place a candidate's record in a detailing hold status. This hold status notifies the respective detailers that the candidate is being screened for the WHCA and not to create orders without prior consent from the WHCA. Once a candidate is Presidential support

duty eligible and meets all other requirements per MILPERSMAN 1306-900, the WHCA recruiter will notify NAVPERSCOM (PERS-4010F) to create orders to WHCA.

d. Considering the intense training received at the WHCA, all tour lengths will be 4 years, with the exception of the ITCM billet, which will be a 3-year tour.

2. **Requirements/Qualifications.** Pay grade E-4 may not have more than 5 years total active military service, pay grade E-5 may not have more than 10 years total active military service, and pay grade E-6 and above may not have more than 15 years total active military service. Exceptions will be made on a case-by-case basis.

a. The following additional requirements must also be met:

(1) Must be in the following ratings: BU, CE, CTI (NEC 9201), CTM, CTN, EM, ET, HM, IC, IT, MC, PS, SW, or YN;

(2) Must be a U.S. citizen;

(3) Must be eligible for Presidential support duty per references (a) through (c); and

(4) Applicant must have been awarded a warfare device (if attached to a qualifying unit).

b. Required obligated service for this program is 48 months.

3. **Additional Requirements.** Assignment to WHCA is contingent on the successful completion of a special background investigation for Presidential support duty and the availability of an authorized billet. Online applications may be submitted on the following Web site: <http://www.disa.mil/Careers/WHCA>.

1. Program Background

a. Personnel selected for duty as instructors at any Naval Reserve Officer Training Corps (NROTC).

b. Tour lengths are 36 months.

2. Requirements/Qualifications

a. Complete section A of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-942

USS ARIZONA (BB 39) MEMORIAL

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone: DSN COM FAX	882-3878 (901) 874-3878 882-2646
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Background.** The USS ARIZONA (BB 39) Memorial, built over the sunken wreckage of USS ARIZONA (BB 39), is the final resting place for many of the 1,177 crewmen killed on 7 December 1941 when Japanese naval forces bombed Pearl Harbor. The memorial is part of the World War II Valor in the Pacific National Monument. More than 1 million visitors pay their respects to the ship and her crew annually.

a. Volunteers seeking duty at the USS ARIZONA (BB 39) Memorial must be exceptionally capable of engaging the public. Petty officers should be warfare qualified.

b. Tour length will be Department of Defense area tour.

2. **Policy**

a. Non-petty officers are normally assigned directly from Navy Recruit Training Command (RTC). Recruits who volunteer and are accepted for USS ARIZONA (BB 39) Memorial duty must execute [NAVPERS 1070/613](#) Administrative Remarks, acknowledging delayed entry into whichever guaranteed programs for which they enlisted, until completion of their prescribed tour assignments to the memorial.

b. Sailors who are selected from RTC and volunteer for assignment to USS ARIZONA (BB 39) will forego participation in the Navy wide advancement examination for the duration of their 24-month tours. Upon successful completion of a 24-month tour and graduation from the their contracted rating "A" schools, Sailors will be authorized advancement to E-4.

(1) Sailors of contracted ratings which are "A" school-required and of ratings which are not "A" School-required will equally adhere to this policy.

(2) Sailors with 23 months or less remaining on their current contracts must incur obligated service for advancement. Sailors with 24 months or more remaining on their current contracts will not be required to obligate service.

c. Service members who did not enlist for a guaranteed program may request any program for which they qualify within 12 months prior to the end of their tours. Service members may expect to receive favorable consideration if they are otherwise eligible and requirements exist.

3. Requirements and Qualifications

a. All Service members being considered for USS ARIZONA (BB 39) Memorial duty must meet the following Armed Services Vocational Aptitude Battery (ASVAB) minimum qualifications (waiverable 5 points per line):

(1) Work Knowledge (WK) of 50

(2) Verbal Expression (VE) of 50

b. All Service members being considered for USS ARIZONA (BB 39) Memorial duty must meet the following additional requirements:

(1) No tattoos visible while wearing short sleeve working uniforms (waiverable),

(2) Non-petty officers must be unmarried and without dependents,

(3) No physical disabilities which would preclude service onboard ship,

(4) Qualified second class swimmer,

(5) Must be able to qualify craftmaster, and

(6) No record of non-judicial punishment within the previous 36 months (waiverable).

4. Application

a. Volunteers must be released by their rating detailers to Navy Personnel Command (NAVPERSCOM) Shore Special Programs Assignment Branch (PERS-4010D).

b. Submit the following information to PERS-4010D for screening:

(1) [NAVPERS 1306/92](#) Special Duty Screening (all sections must be completed)

(2) Evaluations/fitness reports for the previous 36 months;

(3) ASVAB scores (WK, VE);

(4) Height, weight, and body composition assessment; last three physical fitness assessment scores, and any current failures;

(5) Letter endorsement signed by commanding officer which addresses Service members':

(a) Military appearance and tattoos;

(b) Demeanor, professionalism, and leadership skills; and

(c) Potential or ability to lead, with limited oversight, groups of junior Sailors.

(6) Point of contact and phone number (command career counselor (CCC), leading chief petty officer, or command master chief).

c. CCC forwarding application must contact and coordinate application with PERS-4010D at (901) 874-3855.

d. In case of new accessions (i.e., Sailors who have not yet reported to their first ultimate duty station), a copy of [DD 4](#) Enlistment/Reenlistment Document Armed Forces of the United States should be forwarded to PERS-4010D.

e. Required obligated service for this program is 36 months.

			COM	(901) 874-3656
			FAX	882-2642

References	SECNAVINST 5510.30A, Appendix F
-------------------	---------------------------------

1. **Background.** Mobile Environmental Teams (METs) provide short term, on-scene tactical environmental support to operating units, which do not have meteorological, and oceanographic support personnel assigned.

a. METs are equipped to provide a wide variety of support including meteorological and oceanographic forecasts and observations and upper air observations using portable computers, facsimile equipment, satellite receiving equipment, communications and other equipment.

b. In addition, they provide training in observing, recording and reporting surface weather and oceanographic observations.

c. There are currently eight METs located at Norfolk, VA; Rota, SP; Jacksonville, FL; Pearl Harbor, HI; San Diego, CA; Yokosuka, JA; Bahrain and Whidbey Is., WA.

d. Duty with METs is classified as Type 2 or 4 sea duty. Tour length is prescribed rating sea tour or Department of Defense (DoD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. Possession of or eligibility to obtain a SECRET security clearance or higher in accordance with SECNAVINST 5510.30A, appendix F is a requirement.

b. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

NAVAL SPECIAL WARFARE TACTICAL COMMUNICATIONS COMMANDS (TACCOMM)

Responsible Office	NAVPERSCOM (PERS-4013)	Phone: DSN COM FAX	882-4252 (901) 874-4252 882-2649
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

Reference	(a) DoD 8570.01-M, Information Assurance Workforce Improvement Program, 19 December 2005
------------------	--

1. **Background.** Naval Special Warfare tactical communications commands provide operational communications support to include training personnel, integrating new equipment, and developing tactics to provide the highest quality tactical communicators in support of Naval Special Warfare.

a. Billets require duty in arduous field environments (many times isolated and independent) in support of Naval Special Warfare operational forces.

b. Commands are located at Naval Base Coronado, CA (unit identification codes (UIC) 58588 and 57009) and Joint Expeditionary Base Little Creek, VA (UICs 58587 and 00312).

c. All waivers will be considered on a case-by-case basis and may be sent via naval message to:

(1) Commanding Officer, Tactical Communications Command ONE, plain language address directory (PLAD): TACCOMM ONE.

(2) Commanding Officer, Tactical Communications Command TWO, PLAD: TACCOMM TWO.

d. The following ratings are currently eligible for assignment: electronics technician (ET), information technology (IT), personnel specialist, logistics specialist, and yeoman.

e. Minimum activity tour will be 48 months for sea duty, UICs 58588 and 58587, with an option for a 1-year extension and 36 months for shore duty, UICs 57009 and 00312.

2. Requirements and Qualifications

a. Personnel:

(1) ET and IT ratings must be eligible for and maintain a top secret/sensitive compartmented information clearance. All other ratings must be eligible for and maintain a secret clearance. (Non-waiverable)

(2) Must maintain minimum score of good-low or higher for last 36 months on the physical fitness assessment. (Waiverable)

(3) Must not have any non-judicial punishment or civil offenses in the last 36 months. (Waiverable)

(4) Personnel who have prior convictions for domestic violence charges are permanently ineligible. (Non-waiverable)

(5) Must qualify for and maintain eligibility for a Government Travel Credit Card. (Non-waiverable)

(6) Must complete [NAVPERS 1306/92](#) Special Program Screening, sections A, B, C, D2, D3, D4, and D6.

(7) Must have 48 months of required obligated service for sea UICs 58588 and 58587 and 36 months for shore UICs 57009 and 00312 (all pay grades) due to the extensive Naval Special Warfare communications training, including several high risk courses of instruction.

(8) ET and IT ratings assigned to UICs 58588 and 58587 will be required to complete Expeditionary Combat Skills and Survival, Evasion, Resistance, and Escape training.

(9) ET and IT ratings assigned to UICs 58588 and 58587 will be trained in and expected to maintain qualifications in small arms.

(10) ET and IT ratings must be able to attain Cybersecurity certification, per reference (a), within 6 months of arrival. United States Special Operation Command (USSOCOM)

requires communicators to have Information Assurance Technician Level II certification prior to administering USSOCOM-owned networks.

(11) ET and IT ratings assigned to UICs 58588 and 58587 must be able to attain Second Class Swimmer Qualification within six months of arrival.

b. Detailed application information may be obtained by contacting:

- (1) TACCOMM ONE: Comm: (619)537-3555 or DSN: 577-3555.
- (2) TACCOMM TWO: Comm: (757)763-2671 or DSN: 255-2671.

-------------------	--

1. **Background.** The landing craft, air cushion (LCAC) is a high-speed, ship-to-shore, over-the-beach air cushioned vehicle designed to operate from the well decks of amphibious assault ships.

a. The primary mission of the LCAC is to conduct high-speed, ship-to-shore, and over-the-beach operations to position supplies and weapon systems with associated combat personnel during amphibious operations. When appropriately equipped, LCAC may also be used to support personnel transport operations.

b. The LCAC is capable of carrying a 60-ton payload at more than 35 knots. Launched from the well deck of amphibious assault ships (dock landing ship, landing helicopter assault, landing helicopter dock, and landing platform/dock), the LCAC can transport equipment, personnel, and weapons to the beach, and is capable of transporting up to 180 troops.

c. The craft is manned by 5 crew members.

(1) Craftmaster (Navy enlisted classification (NEC) 800A, LCAC operator) duties include maneuvering the craft and supervising all craft activity. Refer to reference (a) for source ratings in pay grades E-7 to E-9.

(2) Craft engineer (NEC 729B, LCAC craft engineer/assistant operator) duties include operating the craft engineering, auxiliary, and propulsion equipment. Refer to reference (a) for source ratings in pay grades E-5 to E-7.

(3) Craft navigator (NEC 701B, LCAC radar operator/navigator) duties include operation of installed communication and navigation electronic equipment. Refer to reference (a) for source ratings in pay grades E-5 to E-7.

(4) Deck engineer (NEC 728B, LCAC deck engineer) duties include assisting the craft engineer in the operation, troubleshooting, and repair of engineering systems. Refer to reference (a) for source ratings in pay grades E-3 to E-6.

(5) Loadmaster (NEC 700B, LCAC loadmaster) duties include supervising the loading and offloading of all cargo and passengers, ensuring proper craft balance, and supervising all seamanship evolutions. The loadmaster is also the craft armorer. Refer to reference (a) for source ratings in pay grades E-3 to E-6.

2. Billet Information

a. Initial LCAC tour length for NECs 800A, 729B, and 701B will be a 60-month sea tour. NECs 728B and 700B will be assigned normal prescribed sea tour length for their rate. Assignment locations include: Assault Craft Unit 4 (ACU 4), Virginia Beach, VA; Assault Craft Unit 5 (ACU 5), Camp Pendleton, CA; Naval Beach Unit 7 (NBU 7), Sasebo, Japan.

(1) Upon completion of the initial 60-month sea tour, personnel may be required to complete a follow-on shore tour as an instructor within the LCAC community based on available billets and command endorsement. Detaching commanding officers must pay close attention when endorsing applications for LCAC instructor duty. Performance, experience, qualifications, and attitude play a direct and vital role in LCAC crewmember student success and attrition rates.

(2) Per reference (b), closed-loop NECs are considered a rating for manning and manpower assignment considerations. Assignments will be made by NEC vice rate or pay grade. This must be done in order to recoup the tremendous investment made in training and qualifying personnel.

(3) Members who are currently on sea duty and applying for entry into the LCAC community will be required to sign [NAVPERS 1070/613](#) Administrative Remarks, stating they understand and agree to conduct back-to-back sea duty, which may include involuntary overseas assignment.

b. Members applying for LCAC duty at NBU 7 will conduct all screening and training requirements through ACU 4 or ACU 5.

c. Members assigned to NBU 7 may be required to complete a 2-year (unaccompanied) or a 3-year (accompanied) LCAC tour. Members may request to extend their tour at NBU 7 through their detailers but remain obligated to fulfill the initial 60-month sea tour requirement. Members may fulfill this obligation by any combination of tour lengths at ACU 4, ACU 5, or NBU 7 based on billet availability and detailer approval.

3. Requirements and Qualifications

a. The LCAC Program is a sea special program. Members interested in applying for the LCAC Program should contact Navy Personnel Command (NAVPERSCOM Sea Special Programs Distribution Branch (PERS-409) detailer. General application procedures are as follows:

(1) Member requests release from rating detailer.

(2) Member contacts Sea Special Programs LCAC detailer (PERS-409) for course quota availability.

(3) LCAC detailer releases screening message; member must complete requirements within 30 days.

(4) Member contacts screening coordinator at gaining ACU training department.

(5) Screening coordinator releases screening completion message (to include waivers, if applicable) to LCAC detailer.

(6) LCAC detailer confirms screening package and issues orders.

b. Craftmaster, craft engineer, and craft navigator personnel require Armed Services Vocational Aptitude Battery (ASVAB) scores of: Arithmetic Reasoning (AR) + Mathematics Knowledge (MK) + General Science (GS) + Electronics Information

(EI) = 204. ASVAB waivers may be granted as follows: ASVAB waiver requests of five points or less may be granted by the gaining command. ASVAB waiver requests of six points or greater will not be granted. If a member requires a six-point or greater waiver, he or she will be required to retake the ASVAB test.

c. Candidates must complete the LCAC performance-based measurement test (LCAC PBM) and meet the minimum score required by Navy Medicine Operational Training Center, Naval Aerospace Medical Institute (NAMI) Detachment. NAMI is responsible for the oversight and maintenance of the LCAC PBM and determination of official scores. Candidates are permitted three lifetime attempts of the LCAC PBM with an interval of 30 days between each attempt. The candidate's most current valid scores will replace all existing scores, even if the previous scores were higher.

(1) ACU 4 and ACU 5 are the primary test centers for the LCAC PBM. However, members may take the LCAC PBM in locations that also provide the Aviation Selection Test Battery.

(2) Candidates must complete an in-person interview with a screening panel as part of their PBM. If candidates are unable to conduct the interviews in-person, the interviews will be conducted via alternate means (e.g., by telephone or video-teleconference).

(3) For information on screening requirements and scheduling, screening coordinators may be contacted at:

(a) Assault Craft Unit 4 Virginia Beach, VA
Assault Craft Unit 4 Training Department
COM: 757-462-4812/5037
DSN: 253-1705/5037
E-mail: acu4screeningcoordinator@navy.mil

(b) Assault Craft Unit 5 Camp Pendleton, CA
Assault Craft Unit 5 Training Department
COM: 760-725-2051/9536
DSN: 365-2051/9536
E-mail: acu5screeningcoordinator@navy.mil

d. Candidates must complete the prerequisite MyNavy Portal course: LCAC Service Life Extension Program Operations Prerequisite Course (EWTGPAC-LCACSLEPOPC-1.0).

e. Candidates must have a secret clearance per reference (c).

f. Candidates must be second class swimmer qualified. Deck engineer and loadmaster candidates that do not pass the second class swimmer qualification while in accessions at Recruit Training Command, Great Lakes may be afforded the opportunity to attend the swimmer improvement course in fleet concentration areas prior to arriving at the LCAC crewmember course of instruction. This will be coordinated by the LCAC Program detailer.

g. Candidates must meet all medical requirements per reference (d), articles 15-108 and 15-109 . Candidates who do not meet physical requirements and require a physical qualification waiver will submit their waiver request to PERS-409 per reference (d), articles 15-108 and 15-109.

h. Candidates must complete sections A, B, C, and D of [NAVPERS 1306/92](#) Special Program Screening and submit to PERS-409. [NAVPERS 1306/92](#) may be accessed by using the following Web address: [http://www.public.navy.mil/bupers-npc/reference/forms/ NAVPERS/Pages/default.aspx](http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx).

i. Upon arrival for training at LCAC crewmember training locations, a body composition assessment will be conducted to ensure students are within standards per reference (e).

j. If a candidate arrives at any LCAC crewmember training not meeting the criteria within this article, a Special Programs Screening Deficiency Report will be submitted per [MILPERSMAN 1306-900](#).

1. Program Background

a. Marine Helicopter Squadron One (HMX-1), Quantico, VA is the designated presidential helicopter support squadron. Marine and Navy personnel assigned to HMX-1 perform a wide range of duties including the transport of executives and heads of state, as well as support to various commands attached to Marine Corps Combat Development Command, Quantico, VA.

b. Tour length and required obligated service for this program is 36 months.

2. Requirements and Qualifications

a. Be a logistics specialist (LS) in pay grade E-4 through E-6, personnel specialist (PS) in pay grade E-5, or a hospital corpsman (HM) in pay grades E-4 through E-7 possessing Navy enlisted classification code HM-L03A, HM-L04A, HM-L07A, or HM-L10A.

b. Per references (a) and (b), be a U.S. citizen and eligible for assignment to a presidential support activity. If married, immediate family (including in-laws) must be U.S. citizens.

c. Be pre-screened by HMX-1. Upon completion of screening, HMX-1 Security Administration will send a message with the results of the screening to the respective Navy Personnel

Command detailer. If accepted, permanent change of station orders will be issued.

d. Complete sections A, B, and D2 of NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed by using the following Web address:

INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	---------------------------	------------------	-----------------

References	(a) SECNAV M-5510.30, Department of the Navy Personnel Security Program (b) Manual of the Medical Department (NAVMED) (c) OPNAVINST 1500.75A
-------------------	---

1. **Program Background.** Personnel selected for duty as instructors will learn the methods and techniques of training either via instructor school prior to transferring to the appropriate activity for duty as an instructor, or through a command sponsored Instructor Development Training (IDT) program upon arrival at the appropriate activity for duty as an instructor.

a. Reference (a) provides that any person selected for duties in connection with formal programs involving the education and training of military or civilian personnel must have a favorably adjudicated National Agency Check with Local Agency and Credit Checks (NACLC)/Access National Agency Check and inquiries (ANACI) prior to assignment.

b. Tour length is 36 months or prescribed rating shore tour.

2. **Transferring Command Requirements**

a. Complete all sections of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Have local Military Treatment Facility (MTF), Medical Officer, Independent Duty Corpsman (IDC), or Master Training Specialist administer the Reading Aloud Test, as outlined in reference (b), article 15-95, para. (1)(c). Annotate results in Section D of NAVPERS 1306/92.

c. Required obligated service (OBLISERV) for this program is 36 months.

d. Required completion of reference (c), enclosures (1) through (3), for high-risk courses. It is the responsibility of the receiving activity to notify the detaching activity of course requirement.

e. Report suitability/unsuitability determinations to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40), rating detailer; and receiving command utilizing Exhibit 2 of MILPERSMAN 1306-900 within 30 days of receipt of Bureau of Naval Personnel (BUPERS) orders. If warranted, submit waiver utilizing Exhibit 3 of MILPERSMAN 1306-900.

f. Submit completed NAVPERS 1306/92 to servicing Personnel Support Activity Detachment (PERSUPPDET) for entry into electronic service record.

g. If Sailor is in excess of body fat but passed the PFA, the commanding officer has the discretion to query the receiving command. Front and side photos will be provided to determine if the Sailor is acceptable.

3. **Receiving Command Requirements.** Special Programs Screening Deficiency Report (SPSDR) is submitted by the receiving command to report discrepancies discovered during the screening conducted by the transferring command. Exhibit 4 of MILPERSMAN 1306-900 provides the format for submitting a SPSDR. It is sent to the transferring command; information copy to NAVPERSCOM, Shore Special Programs Assignment Branch (PERS-4010); and applicable detailer.

MILPERSMAN 1306-954

RECRUIT DIVISION COMMANDER (RDC) DUTY

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone:	DSN COM FAX	882-3855/3878 (901) 874-3855/3878 882-2646
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:			1-833-330-MNCC (6622) askmncc.fct@navy.mil https://my.navy.mil/

References	(a) SECNAVINST 6120.3A (b) OPNAVINST 6110.1K (c) OPNAVINST 1740.5D (d) CNO WASHINGTON DC 311732Z Mar 16 (NAVADMIN 082/16)
-------------------	---

1. **Program Background.** Recruit division commanders (RDC) are the single most important factor in preparing new enlisted members, officer candidates, and newly accessioned officers for a successful Navy career. Few billets are as demanding as those of training recruits, officer candidates, and newly accessioned officers.

a. Members assigned to Navy Recruit Training Command (NAVCRUITRACOM), Officer Training Command (OTC), the United States Naval Academy (USNA), Naval Academy Preparatory School (NAPS), and the United States Navy Ceremonial Guard must continually demonstrate superior leadership and motivational skills in demanding, and often, unique situations.

b. The tasks required are mentally, physically, and emotionally demanding. RDC duty is similar in nature to an operational deployment. RDCs train from reveille to taps in a schedule-driven, high-operational-tempo environment. The work requires proven self-discipline and imaginative problem-solving skills.

c. Above all, RDCs must be highly principled and possess a strong character, personal and professional integrity, and be committed to reflecting the Navy's core values. RDCs must also be physically fit as the work is physically demanding.

2. Policy

a. Enlisted members (pay grades E-5 to E-9) will be considered for assignment as an RDC. E-5 candidates (no waivers for rate) must have a minimum of 6 years active service with 2 years time-in-rate (waivers may be granted on a case-by-case basis). Members with 15 years or more of service will not be approved for transfer to the Fleet Reserve before completion of the minimum tour. High year tenure waivers for E-6 and E-5 members will be considered on a case-by-case basis for highly qualified members.

b. Warfare qualification is required (waivers granted on a case-by-case basis).

c. Armed Services vocational aptitude battery minimum verbal expression (VE) score of 50 is required (waivers may be granted on case-by-case basis).

d. Pregnancy is not disqualifying.

e. Tour length will be a minimum of 36 months, which commences upon successful graduation of RDC "C" School.

3. RDC Duty Benefits

a. Special duty assignment pay;

b. Additional annual clothing allowance of \$220;

c. Free military uniform dry-cleaning services while actively training a recruit division;

d. Opportunity to earn a master training specialist qualification;

e. Per the American Council on Education, RDCs can earn up to 15 college credits (upper and lower) toward a bachelor's degree; and

f. Upon completion of a full 36-month RDC tour, members will be guaranteed a choice of coast assignment. To apply, a candidate must submit [NAVPERS 1306/7](#) Electronic Personnel Action Request 12 to 15 months prior to his or her projected rotation date.

4. **Screening Package Requirements.** Upon release and or notice from their rating detailer, members will receive a screening via naval message. Candidates will have 30 days from the date of message to complete and submit their screening packages to Navy Personnel Command (NAVPERSCOM) Shore Special Program Branch (PERS-4010) Detailer (PERS-4010D). Screening packages must include the following documentation:

a. **Commanding Officer (CO) or Officer-in-Charge (OIC) Certification.** The CO or OIC will interview the candidate and certify that the candidate has completed and documented all screening requirements via [NAVPERS 1306/96](#) Recruit Division Commander Screening.

b. **Performance Evaluations.** No mark below 3.0 in any trait on [NAVPERS 1616/26](#) Evaluation Report and Counseling Record (E1-E6) or [NAVPERS 1616/27](#) Evaluation and Counseling Record (E7-E9), and must reflect a steady and or improving trend for the past 36 months.

c. **Legal Issues.** A waiver is required for a candidate with any non-judicial punishment (NJP), court-martial conviction, civilian conviction, significant involvement with civilian authorities, or moral or integrity violations. Waivers will be authorized on a case-by-case basis. A waiver is not authorized for any NJP or detachment for cause within the last 24 months or any sex-related offense, either pre-service or during service.

d. **Medical and Dental.** Per references (a) and (b), health and dental records must be screened at a medical treatment facility for the [NAVMED 6120/4](#) Periodic Health Assessment (PHA) and [NAVPERS 6110/3](#) Physical Activity Risk Factor Questionnaire (PARFQ). Medical conditions identified during the screening will then be documented on [NAVPERS 1306/96](#).

(1) **Physical Limitations.** List any known medical conditions which would preclude full participation in strenuous daily exercise with recruits and the physical readiness program, specifically any medical limitations that would prevent prolonged standing, running, marching, or voice inflection.

(2) **Mental Health Status.** Members with any documented psychiatric care, a history of stress-related conditions such as depression, suicidal behaviors, nervous breakdowns, or anger management concerns will be found unsuitable for RDC duty. Any history of emotional and or cognitive impairment (e.g., post-

traumatic stress disorder or tendency for irritability, aggression, or agitation as an unusual reaction to stress) must be fully documented and presented to PERS-4010 and Commander, NAVCRUITRACOM (COMNAVCRUITRACOM) for consideration and waiver.

(3) Dental Classification. Candidates must be in dental class I or II prior to transfer.

(4) Medical Waivers. Candidates with permanent "no shave chit" medical waivers will be considered on a case-by-case basis.

e. Command Financial Specialist (CFS). Prior to transfer, all candidates must be thoroughly screened per reference (c) to ensure financial stability. Serious financial problems or indebtedness which is not resolved or a documented history of indebtedness over the last 3 years is disqualifying for RDC duty. Candidates with a discretionary surplus of less than \$500 after all monthly living expenses and debts are paid, should not be recommended for RDC duty.

f. Command Drug and Alcohol Program Advisor. Any candidate with a documented alcohol-related incident (e.g., driving under the influence of alcohol, driving while intoxicated, or public intoxication within the previous 3 years, or any two alcohol incidents) is deemed unsuitable. Additionally, a candidate who has successfully completed alcohol rehabilitation level II or III (self-referral or directed) must not have any alcohol-related incidents or repeated counseling for alcohol involvement for the entire period after treatment or counseling completion date. All alcohol-related incidents require a waiver.

g. Command Managed Equal Opportunity (CMEO). Candidates must be screened by the CMEO representative. All substantiated cases of Equal Opportunity Program violations which resulted in NJP, marks of 2.0 in equal opportunity on evaluations, or conviction at court-martial or civilian criminal court is disqualifying.

h. Family Advocacy Program (FAP). Candidates must be screened by a FAP representative. Substantiated FAP cases involving physical abuse are disqualifying while families are in treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges) and for 2 years after treatment. Waivers are required for all substantiated FAP cases. All candidates

involved in substantiated cases involving child abuse, sexual molestation, or any sexual assaults are permanently disqualified from RDC duty.

i. **Physical Fitness Assessment (PFA)**. Waivers for PFA requirements will be considered on a case-by-case basis by PERS-4010. The following requirements apply:

(1) Upon package submission, candidates must be within height, weight, and body composition assessment (BCA) standards.

(2) Candidates must have passed the last three regularly scheduled PFAs (both physical readiness test (PRT) and BCA).

(3) Candidates must have scored "good low" or higher on the most recent PRT. Alternate cardio is authorized for qualification. RDCs will run during RDC "C" School and when actively training recruits; however, the cardio portion of the PRT screening requirement can be met by any authorized cardio method.

(4) Candidates must be within BCA standards at the time of transfer. Candidates not within BCA standards will be dropped from training and made available to detailing for immediate needs of the Navy.

j. **Exceptional Family Member Program (EFMP)**. EFMP enrollment is not disqualifying for categories 1 through 4. However, candidates with dependents enrolled in the EFMP should be identified by the primary care provider and counseled by the command representative concerning the availability of required treatment services and the demanding nature of RDC duty. If the candidate is currently processing a dependent's enrollment application for the EFMP, contact NAVPERSCOM Deployability Assessment Branch (PERS-454) Exceptional Family Member Program Manager and PERS-4010D for further instructions.

k. **Family Care Plan**. A single parent or dual military candidate must have a current family care plan on file and be counseled concerning working hours, duty requirements, and extended childcare requirements, and documented on [NAVPERS 1070/613](#). Point of contact for this information: **RDC "C" School Leading Chief Petty Officer (DSN: 792-4994 x144, COMM: (847) 688-4994 x144)**.

1. **Tattoos**

(1) Tattoo Criteria. Reference (d) outlines the acceptable maximum tattoo coverage standards for continued service.

(a) Location. One tattoo is authorized on the neck and must not exceed 1 inch in measurement in any dimension (height and width). Tattoos meeting these requirements are acceptable behind the ear. Permissible tattoos on the torso area of the body must not be visible through white uniform clothing. No tattoos are permitted on the head, face (to include ear), and scalp.

(b) Size. The size restriction for visible tattoos is limited to the area of the neck and behind the ear only. Leg and arm tattoos can be of any size. A tattoo on the neck or behind the ear will not exceed 1 inch in measurement in any dimension (height and width).

(c) Content. Tattoos located anywhere on the body that are prejudicial to good order, discipline, and morale or are of a nature to bring discredit upon the Navy are prohibited. For example, tattoos that are obscene, sexually explicit, and or advocate discrimination based on sex, race, religion, ethnicity, or national origin are prohibited. Additionally, tattoos that symbolize affiliation with gangs or supremacist or extremist groups or advocate illegal drug use are prohibited. Waivers will not be given for tattoos with prohibited content.

(d) Cosmetic Tattoos. Cosmetic tattoos are authorized to correct medical conditions requiring such treatment. Cosmetic tattooing refers to medical or surgical procedures conducted by licensed, qualified medical members.

(2) Tattoo Waivers. Requests for tattoo waivers must be submitted via e-mail to PERS-4010D for approval and must include all of the following documentation:

(a) Completed [NAVPERS 1306/96](#);

(b) Full-length color photo in Navy physical training uniform (front and back);

(c) Close-up color photo of applicable tattoo(s);

(d) Explanation of the meaning of the tattoo; and

(e) Copy of [NAVPERS 1070/613](#), as required by reference (d).

m. **Security Clearances**. Per [MILPERSMAN 1306-953](#), assignment to NAVCRUITRACOM, OTC, USNA, NAPS, and the United States Navy Ceremonial Guard requires the candidate to have a current adjudicated and favorable national agency check with the local agency and credit checks. Candidates who have not completed this requirement will not be issued orders for RDC duty.

n. **Screening**. A copy of the completed [NAVPERS 1306/96](#) with attached full length three-quarter view photo of the candidate in khaki (E-7 and above) or service uniform (E-6 and below), must be e-mailed to PERS-4010D at mill_npc_rdc@us.navy.mil.

o. **Obligated Service (OBLISERV)**. Required OBLISERV is 36 months from the time the candidate completes RDC "C" School. OBLISERV must be obtained by the command delivering orders within 30 days of receipt. PERS-4010D must be notified by message of any candidate who fails to meet OBLISERV.

p. **Re-Certification**. Candidates must be re-screened by the detaching command 30 days prior to detachment. If status has changed, detaching command must notify (by message) PERS-4010D and either NAVCRUITRACOM, OTC, USNA, NAPS, or the United States Navy Ceremonial Guard (as appropriate) prior to execution of orders.

5. **Company Chief Candidates**. The demanding work of company chief involves the development of officers; therefore, chief petty officer and senior chief petty officer candidates should possess significant experience working with and or mentoring junior officers. Company chief applicants for OTC, USNA, and NAPS must have completed one operational tour as a chief petty officer and have at least a year in grade.

a. Candidates applying for company chief positions at USNA and NAPS will forward screening packages to the respective senior enlisted leader for final approval and complete a telephone or video teleconference interview. Upon acceptance, PERS-4010D will process permanent change of station orders. Approved candidates will receive follow-on training at NAVCRUITRACOM "C" School in Great Lakes, IL for RDC and recruit

instructor (Navy enlisted classification (NEC) 8RDC) and instructor (NEC 805A) training.

b. Candidates applying for company chief petty officer positions at OTC will forward screening packages to PERS-4010D for approval. Upon acceptance, PERS-4010D will process permanent change of station orders. Approved candidates will receive follow-on training at NAVCRUITRACOM "C" School in Great Lakes, IL for NECs 8RDC and 805A training.

6. **Waivers**. Waivers for the requirements contained in this article will be granted by PERS-4010 in consultation with COMNAVCRUITRACOM prior to releasing orders. COMNAVCRUITRACOM is the final waiver authority on all RDC candidates prior to arriving at RDC "C" School or while in training at RDC "C" School. Should RDC candidates assigned to OTC, USNA, or the Navy Ceremonial Unit fail to meet the waiver requirements of this article, COMNAVCRUITRACOM will inform PERS-4010D and either OTC, USNA, NAPS, or the United States Navy Ceremonial Guard (as appropriate).

References	(a) Executive Order 10631--Code of Conduct (b) NAVMED P-117, Manual of the Medical Department (c) OPNAVINST 1500.75C
-------------------	--

1. **Background.** Reference (a) governs the actions of every member of the Armed Forces during peacetime or combat, and demands high standards. To ensure the achievement of these standards, members of the Armed Forces are trained in the proper procedures when isolated, detained, surrounded, or cut off.

a. Strong, effective leadership, group loyalties, and esprit de corps must be fostered by every means. Each individual must be fully instructed in proper conduct and courses of action when faced with detention, capture, or as a prisoner of war.

b. Individuals liable to detention or capture must be provided with training designed to enable them to cope with exploitation efforts. Members must learn the methods by which exploitation can be resisted or avoided. Joint Personnel Recovery Agency is the Secretary of Defense Executive Agent for overseeing the code of conduct training within the Department of Defense.

c. Survival, evasion, resistance, and escape (SERE) instructor duty is physically and mentally challenging.

d. SERE duty locations are:

(1) Center for Security Forces Detachment North Island, San Diego, CA; and

(2) Center for Security Forces Detachment Kittery, Kittery, ME.

e. Access additional information at:

(1) <https://www.netc.navy.mil/centers/csf/Where.htm#tab7> for CENSECFOR DET North Island; or

(2) <https://www.netc.navy.mil/centers/csf/Where.htm#tab1> for CENSECFOR DET Kittery.

f. Tour length is 36 months.

2. Standards/Requirements

a. Must be an E-5 or above.

b. Complete a medical examination per reference (b), chapter 15, article 15-65.

c. Complete high-risk instructor form per reference (c), enclosure (2).

d. Complete sections A, B, C, and D (omit D1, D4, and D6) on NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

e. Members may apply for assignment in [MyNavy Assignment](#).

f. Must have passed every physical readiness test with a score of "Good" or better within the previous 36 months.

g. Required obligated service for this program is 36 months.

h. Contact gaining command prior to screening.

i. Members selected for assignment to SERE will be assigned to attend **90 days of SERE instructor under training (NEC 807A)** at one of the designated locations.

NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Program Background.** Navy Reserve instructor duty involves preparing Selected Reservists for mobilization. The job is one of great responsibility and in many instances the instructor is the vital link between reservists and "state-of-the-art" knowledge of fleet operations.

a. Included among the member's collateral duties at some locations, the job may require cleaning stations and minor maintenance functions since Navy Reserve centers are generally situated away from major Navy installations.

b. Since the primary duty is to train Selected Reservists, instructor's duty requires availability when reservists report (weekends and some evenings). Suitable time off is provided at other times during the week.

c. Tour length is 36 months.

2. **Requirements/Qualifications**

a. Member must have 805A Navy Enlisted Classification (NEC) code.

b. Complete sections A and D2 of NAVPERS 1306/92 Special Program Screening, exhibit 1 of MILPERSMAN 1306-900.

c. Required obligated service (OBLISERV) for this program is 36 months.

1. **Policy**. The Naval Nuclear Power Program training activities are considered the top priority of all nuclear shore duty options. Assignment to these locations and their requirements are outlined below.

2. **Requirements/Qualifications**

a. **General Requirements**

(1) Must have a final security clearance "Confidential" or higher with a favorable background (i.e., national agency check and or entrance national agency check) investigation. Locally awarded or interim clearances will not suffice;

(2) Must be a U.S. citizen;

(3) Must be warfare qualified; waivers will be considered for shore intensive communities and Sailors stationed at a command that does not have the opportunity for warfare qualifications;

(4) Must be formally nominated, screened, and approved by NAVSEA, Naval Reactors (SEA08) as outlined in paragraph 3 below;

(5) Must have obligated service (OBLISERV) that will match the required tour length; and

(6) Nuclear trained Sailors must be (at a minimum) qualified in their senior in-rate watch station, as well as any additional watches, as outlined below. All candidates that meet the time in service requirement to receive a supervisor NEC, must have a supervisor NEC, unless specifically waived.

b. **Nuclear Power Training Unit (NPTU) Instructor.** Sailors assigned to NPTU have the unique capability of both maintaining nuclear proficiency and qualifying engineering watch supervisor (EWS)/propulsion plant watch supervisor (PPWS) while on shore duty. The highest priority is placed on the screening, selection, and manning of the NPTUs.

- (1) All general requirements;
- (2) E-5 or above;
- (3) Superior at sea performance and competitive class standings at NPS and NPTU; and
- (4) Four months of additional OBLISERV for initial instructor training.

c. **Nuclear Power School (NPS) Instructor**

- (1) All general requirements;
- (2) E-6 or above;
- (3) Superior at sea performance and competitive class standings at NPS and NPTU;
- (4) Currently qualified as EWS/PPWS; and
- (5) Four months of additional OBLISERV for initial instructor training.

d. **Nuclear Engineering Department Master Chief (EDMC)/Leading Chief Petty Officer (LCPO) School Instructor**

- (1) All general requirements;
- (2) E-8 or above for EDMC School, E-7 or above for LCPO School;
- (3) Superior at sea performance;
- (4) Must be post served EDMC to serve as EDMC School instructor; and

(5) Submarine E-7 or above must have NEC N32Z. Surface E-7 or above must have completed work center LCPO position onboard a CVN.

e. Fleet Interactive Display Equipment (FIDE) Instructor. FIDE instructor duty is unique in that all Sailors are assigned as the only person at the command with their qualifications (one-of-one billet).

(1) All general requirements;

(2) E-6 or above;

(3) Superior at sea performance and competitive class standings at NPS and NPTU; and

(4) Currently qualified as EWS/PPWS.

f. Electronic Technician Maintenance Supervisor (ETMS) Instructor. ETMS instructor duty is unique in that all Sailors are assigned one-of-one billet and are expected to be experts in their field.

(1) All general requirements;

(2) E-6 or above;

(3) Hold NEC N23S or N13S;

(4) Superior at sea performance in shipboard instrumentation, control equipment and reactor plant maintenance; and

(5) Currently qualified as EWS/PPWS.

g. Nuclear Field A-School (NFAS) Instructor

(1) All general requirements;

(2) E-5 or above;

(3) Superior at sea performance and competitive class standings at NPS and NPTU; and

(4) Three months of additional OBLISERV for initial instructor training.

h. NPTU Junior Staff Instructors (JSI)

(1) All general requirements;

(2) E-4 or above;

(3) JSIs must remain assigned to the applicable student unit identification code (UIC) for 2 months following NPTU graduation, and then be assigned to the staff UIC for a 24-month tour; and

(4) JSIs must have sufficient OBLISERV to complete a first sea tour of at least 36 months. All prospective JSIs who do not meet this OBLISERV requirement must reenlist to obtain the minimum amount of OBLISERV for assignment as a JSI.

i. Nuclear Trained Support and Maintenance Training Group (MTG) Personnel

(1) All general requirements;

(2) E-5 or above; and

(3) Superior at sea performance in shipboard propulsion plant maintenance.

j. Non-Nuclear Trained Support Personnel

(1) All general requirements; and

(2) Never previously qualified or enrolled in the Naval Nuclear Power Program.

3. Preliminary Screening. Twelve months prior to their PRD, all nuclear trained Sailors will be preliminarily screened by an internally generated instructor screening slate by Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignments Branch (PERS-403); Office of the Chief of Naval Operations (OPNAV), Nuclear Propulsion Program Management Branch (N133); and NAVSEA, Naval Reactors (SEA08) prior to the members entering their negotiation window.

a. Sailors will be screened against their peers for potential assignment to the naval nuclear power training activities.

b. For those Sailors approved for nuclear instructor duty, NAVPERSCOM (PERS-403) will send an official nomination naval message to the command directing the Sailor within 30 days to complete the screening requirements (outlined in paragraph 5 below) and submit to NAVPERSCOM (PERS-403). This screening gives the chain of command the opportunity to provide input on the Sailor's recent performance and provide amplifying information that may not be known at the time of the preliminary screening.

4. **Requests for Assignment.** Requests for assignment to the naval nuclear power training activities must be submitted as outlined below:

a. NAVPERS 1306/7 Enlisted Personnel Action Request from the Service member with commanding officer endorsement. On CVNs, the reactor officer will sign in place of the commanding officer for all surface nuclear trained Sailors.

b. Nuclear trained Sailors who have completed a minimum of 36 months of their prescribed sea tour and request a sea time waiver for assignment prior to their negotiation window must submit all requirements for screening (outlined in paragraph 5 below) in their request for assignment. These Sailors will be included in the preliminary screening process outlined in paragraph 3 above.

c. Non-nuclear trained Sailors seeking assignment must be nominated by their rating detailer and submit a request for assignment (outlined in paragraph 5) upon receipt of an official nomination naval message from NAVPERSCOM (PERS-403).

d. All Sailors requesting assignment must submit copies of the last three evaluation reports in their request for assignment.

5. **Screening Requirements.** Requirements for assignment to the naval nuclear power training activities must be submitted by the member as outlined below:

a. NAVPERS 1306/98 Nuclear Power Program Activity Screening from the Service member;

(1) For nuclear trained Sailors; sections A, B, D, E, and F on NAVPERS 1306/98 will be completed in their entirety;

(2) For Non-nuclear trained Sailors; sections A, C, D, E, and F on NAVPERS 1306/98 will be completed in their entirety.

(3) On CVNs, the reactor officer will sign in place of the commanding officer in section G6 on NAVPERS 1306/98 for all surface nuclear trained Sailors.

b. A command endorsement letter specifying the following information:

(1) Recommendation for waivers of requirements/qualification criteria (if applicable); and

(2) Nuclear trained Sailors seeking a sea-time waiver must have positive command endorsement and superior performance at sea above their peers.

c. Sailors with visible tattoos while wearing the Navy physical training uniform (shorts and t-shirt) are required to submit pictures (with front and side views) with the screening package. Tattoos that do not satisfy Navy requirements must be accompanied by a signed NAVPERS 1070/613 Administrative Remarks (page 13) indicating that the Sailor understands the violation, and that the Sailor will not receive any additional tattoos that violate Navy regulations.

6. **Forms.** NAVPERS 1306/7, 1306/98, and NAVPERS 1070/613 may be accessed via the Navy Personnel Command forms Web site via following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

MILPERSMAN 1306-958

ACADEMIC REMEDIAL TRAINING (ART) INSTRUCTION DUTY

Responsible Office	NAVPERSCOM (PERS-40BB)	Phone: Toll Free	1-866-U ASK NPC
---------------------------	---------------------------	------------------	-----------------

1. **Program Background.** Academic remedial training (ART) instruction duty is a remedial basic reading and verbal skills program conducted at Recruit Training Command (NAVCRUITCOM).

a. The program provides essential reading and language skills to recruits with identified deficiencies and assists them in completing the academic portion of the recruit training curriculum.

b. Tour length is 36 months.

2. **Requirements/Qualifications**

a. Complete sections A and D1 of NAVPERS 1306/92 (Rev. 04-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-959

AFLOAT TRAINING GROUPS (ATGS)

Responsible Office	NAVPERSCOM (PERS-40)	Phone: Toll Free	1-833-330-MNCC (6622)
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Program Background.** Type commander unit level training requirements to include Unit Level Training Readiness Assessments (ULTRA) and Tailored Ship Training Availabilities (TSTA) constitute the essential elements of the basic training phase of the Fleet Response Training Plan.

a. During the basic training phase, the afloat training groups (ATGs) are the primary training resource for ships' commanding officers and their immediate superiors' in command.

b. ATGs are organized as follows:

- (1) ATG Atlantic (ATGLANT);
- (2) ATG Pacific (ATGPAC);
- (3) ATG Norfolk (ATGN);
- (4) ATG San Diego (ATGSD);
- (5) ATG Middle Pacific (ATG MIDPAC);
- (6) ATG Western Pacific (ATG WESTPAC);
- (7) ATG Pacific Northwest (ATG PACNORWEST); and
- (8) ATG Mayport (ATGM).

c. ATG Western Pacific (WESTPAC) tour lengths will be per current Forward Deployed Naval Forces tour length policies.

2. Requirements/Qualifications

a. Service member must be an E-6 or above, completing a sea tour in a billet in which operational and technical expertise were maintained. There are limited ATG E-5 billets available for E-5's who have completed tours in which operational and technical expertise were maintained.

b. Enlisted surface warfare or aviation warfare qualified.

c. Hold Navy enlisted classification (NEC) 805A (instructor) or complete instructor training school enroute.

d. Engineers must be qualified as engineering officer of the watch (EOOW) (damage controlman waived).

e. Personnel identified for assignment to ATG instructor duty billets requiring primary NEC (PNEC) HM-L10A (Surface Force Independent Duty Corpsman), (PNEC) BM-801A (Surface Rescue Swimmer), and (PNEC) AW-G02A (helicopter search and rescue aircrew swimmer) must have completed a prior sea tour utilizing the PNEC.

f. Pay grade substitutions are not authorized, unless approved by gaining command.

3. Transferring Command Requirements

a. Complete all sections of [NAVPERS 1306/92](#) Special Program Screening, exhibit 1 of [MILPERSMAN 1306-900](#).

b. Complete NAVMED 1300/1 Medical, Dental, and Educational Suitability Screening for Service and Family Members (sea duty screening).

c. Required obligated service for this program is 36 months.

d. Report to receiving command via message any derogatory entries in section A of [NAVPERS 1306/92](#) and whether Service member's record contains any of the following for the past 36-month period if found suitable:

(1) One or more physical fitness assessment failures;

(2) NEC 9502 instructor school failure; or

(3) Failure to maintain security clearance, where applicable

e. Report suitability/unsuitability determinations to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40), rating detailer, and receiving command utilizing [MILPERSMAN 1306-900](#), exhibit 2 within 30 days of receipt of Bureau of Naval Personnel (BUPERS) orders. If warranted, submit waiver utilizing [MILPERSMAN 1306-900](#), exhibit 3.

f. Submit completed [NAVPERS 1306/92](#) to servicing personnel support activity detachment for entry into electronic service record.

MILPERSMAN 1306-960

INSTRUCTOR DUTY AT FIELD MEDICAL SERVICE SCHOOLS (FLDMEDSERVSCOLs)

Responsible Office	NAVPERSCOM (PERS-407)	Phone:	DSN COM FAX	882-3811 (901) 874-3811 882-2645
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Program Background.** Field medical service schools (FLDMEDSERVSCOLs) are under management control of Commandant of the Marine Corps and under military control of Commanding General of Marine Corps Bases, Camp LeJeune, NC and Camp Pendleton, CA.

a. Instructors at FLDMEDSERVSCOLs should be **capable** of meeting Marine Corps physical fitness and weight control/military appearance standards regardless of whether or not they elect to adopt Marine Corps uniform and grooming standards.

b. Must be capable of sustained strenuous exertion required to instruct physical fitness, to lead foot marches up to 20 miles with heavy gear (40-50 pound pack), and to traverse obstacle/confidence course during recurring periods in the field.

c. Tour length is prescribed rating shore tour.

2. **Requirements/Qualifications**

a. Must have served at least one tour in a **Fleet Marine Force (FMF)** assignment.

b. Hold Navy enlisted classification code (NEC) 805A (instructor), or complete instructor training school enroute.

c. Complete sections A, B, and D1 of NAVPERS 1306/92 Special Program Screening, exhibit 1 of MILPERSMAN 1306-900.

d. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-961

CRYPTOLOGIC TECHNICIAN INTERPRETIVE (CTI) LANGUAGE INSTRUCTOR CANDIDATES

Responsible Office	NAVPERSCOM (PERS-408)	Phone: DSN COM	882-3835 (901) 874-3835
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC(6622) askmncc@navy.mil https://my.navy.mil/

1. Background

a. To maintain high levels of linguistic instruction and professional credibility, all cryptologic technician interpretive (CTI) instructor candidates must meet or exceed Commander, Naval Information Forces (COMNAVIFOR) directed foreign language readiness standards as measured by the Defense Language Proficiency Test. Candidates must meet requirements as stated in subparagraphs 2a(1) to 2a(6) below. For screening purposes, failure to meet language proficiency requirements disqualifies the applicant in the same manner as failing to meet other professional standards, such as body composition assessment or physical readiness test.

b. Tour length and required obligated service for this program is 36 months.

2. Requirements and Qualifications

a. In addition to meeting the basic eligibility and screening requirements for instructor duty outlined in [MILPERSMAN 1306-953](#), candidates must achieve the following:

(1) For CTI instructor duty assignments to Defense Language Institute Foreign Language Center (DLIFLC), interagency language roundtable (ILR) listening 2+, and reading 2+, speaking 2 is required (Speaking requirement is due within 6 months of arriving to DLIFLC). If member fails to meet the required speaking score of 2 within 6 months of arriving for duty, in line with the governing instruction of the DLIFLC executive agent for training (U.S. Army Regulation 350-10), the CTI instructor is removed from his or her military language instructor position in the language schoolhouse and returned to

the Service unit for utilization. Additionally, CTI instructors must be able to explain complicated grammatical concepts; expert knowledge of English grammar is required. Prospective DLIFLC instructors should complete an English comprehension level (ECL) test and score at least ILR listening 2, reading 2 within 6 months of reporting for duty. Exceptions may be considered for ECL test scores.

(2) For CTI instructor duty assignments to Goodfellow Apprentice Cryptologic Language Analysis Course, ILR listening 2+ and reading 2+ is preferred. ILR listening 2 and reading 2 with no failures in the past 3 years may be considered.

(3) For CTI instructor duty assignments to National Cryptologic University, ILR listening 2+ and reading 2+ is required. Due to the speaking intensive nature of this duty, preference is given to applicants who have recently achieved a score of 2 or better on an oral proficiency interview in the target language. Favorable consideration may be given to applicants with higher scores.

(4) Prospective CTI language instructors must have completed the Defense Language Institute associate of arts degree. Exceptions may be considered.

(5) Prospective CTI language instructors should have a minimum of two language intensive tours. Exceptions may be considered.

(6) Prospective CTI language instructors should have completed the Navy Regional and Cultural Studies Program (once available) or be a graduate of the Naval Postgraduate School Academic Certificate Program in Regional Security Studies. Exceptions may be considered.

b. Complete sections A, D1, D2, and D5-13 of [NAVPERS 1306/92](#) Special Program Screening.

c. Submit [MILPERSMAN 1306-900](#) Exhibit 1, Special Program Suitability/Unsuitability Report.

MILPERSMAN 1306-962

INSTRUCTOR DUTY AT NAVAL SCHOOL OF MUSIC

Responsible Office	USNB Fleet Band Activities	Phone:	DSN COM FAX	882-4312 (901) 874-4312 882-2614
---------------------------	----------------------------------	--------	-------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

Reference	(a) NAVSOMINST 1300.1A (b) NAVSOMINST 1540.1C (c) NAVSOMINST 1300.3C
------------------	--

1. Background

a. The mission of the Naval School of Music (NAVSOM) is to train military musicians in the Navy and Marine Corps for duty in fleet service bands.

b. Due to the unique one-on-one nature of the training requirements for many NAVSOM instructors, candidates must be carefully screened to ensure only the best qualified are assigned to these critical positions. Therefore, all candidates must complete an appraisal process prior to assignment for instructor duty at NAVSOM per reference (a).

c. Tour length will be prescribed rating shore tour.

2. General Requirements and Qualifications

a. Candidates must hold a musician AXXM series Navy enlisted classification (NEC) or 55XX military occupational specialty.

b. Candidates must be an E-5 or above for assignment as instrumental instructor or basic course academic instructor, E-6 or above for assignment as advance course instructor, and eligible for reassignment.

c. Candidates should have served at least 3 years with a fleet, field, or special band.

d. Candidates must complete an instructor appraisal and be certified by the Commanding Officer, NAVSOM per references (a) through (c). Full text of the NAVSOM instructions are available on the [Navy Band](#) Web site.

(1) Although on-site is preferred, appraisal may be submitted via videotape, digital video disk (DVD) or other electronic media when travel to the school is not feasible or practical. Applicants pursuing this alternative to an on-site appraisal must contact the Training Officer, NAVSOM to make appropriate arrangements and confirm media compatibility with NAVSOM playback systems.

(2) Appraisals may be conducted at any time in order to become qualified for future assignment considerations. Personnel are encouraged to complete an instructor appraisal while enrolled at NAVSOM or while in the area on leave or official travel.

e. Screening will be conducted in the following areas:

(1) Instrumental or vocal proficiency,

(a) Instrumental instructors must possess a 30 or above performance skill level in assigned primary instrumental or vocal NEC per reference (c).

(b) Academic and rehearsal instructors must possess a 24 or above performance skill level in assigned primary instrumental or vocal NEC per reference (c).

(2) Overall teaching ability and communication skills,

(3) Technical knowledge - must obtain a proficiency grade of 3.5 or above on applicable subject diagnostic exams (academic instructor candidates only) per reference (b), and

(4) Rehearsal technique, "podium" leadership, and communication skills (rehearsal conductor candidates only).

f. Required obligated service for this program is 36 months.

3. **Procedure**

a. Interested Active duty Service members meeting specified requirements must submit [NAVPERS 1306/92](#) Special Program Screening (sections A, D1, D2 and command endorsement) to Director, Fleet Band Activities. [MILPERSMAN 1306-900](#), exhibit 1 "Special Programs Suitability/Unsuitability Report," is also required.

b. Service members approved for reassignment must complete the minimum time on station prior to transfer, unless waived by Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40), see [MILPERSMAN 1306-106](#).

MILPERSMAN 1306-964

RECRUITING DUTY

Responsible Office	NAVPERSCOM (PERS-4010C)	Phone: DSN COM	882-2352 (901) 874-2352
---------------------------	----------------------------	-------------------	----------------------------

MyNavy Career Center	Phone: E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	-------------------------------------	--

References	(a) CNO WASHINGTON DC 191512Z Apr 16 (NAVADMIN 89/16) (b) DoD 7000.14-R, Department of Defense Financial Management Regulation (c) NAVMED P-117, Manual of the Medical Department (MANMED) (d) OPNAVINST 1740.5D (e) CNO WASHINGTON DC 311732Z Mar 16 NAVADMIN 82/16
-------------------	--

1. **Program Background.** The mission of the Recruiting Program is to inform, attract, influence, and hire the highest quality men and women for enlisted, officer candidate, and officer status in the Active and Reserve Components of the Navy. Recruiting billets are some of the most demanding billets in the Navy due to the pressures associated with a fast-paced sales environment. Experience has shown that personnel with strong records of performance in the fleet and who are at ease discussing Navy programs with others are the most likely to succeed on recruiting duty.

2. **Recruiting Program Overview**

a. **Billets.** Enlisted personnel (pay grades E5 through E8) are ordered to Navy recruiting districts (NRDs) or talent acquisition operation centers (TAOC) for a 36-month tour commencing once on station. Exceptionally qualified Sailors in the pay grade of E-4 may be considered on a case-by-case basis for recruiting duty. Navy Personnel Command (NAVPERSCOM) Shore Special Programs Distribution Branch (PERS-4010) in coordination with Navy Recruiting Command (NAVCUITCOM) Total Force Manpower Division (N1), is the final approval authority for E-4 applicant

determinations. Military personnel are ordered in as recruiters or into support billets. The NRD or TAOC assigns recruiters to local recruiting activities and military support personnel to military entrance processing stations (MEPS) or NRDs located within the country. There are limited numbers of production recruiter billets in Japan, Guam, Europe, Puerto Rico, and St. Thomas.

b. **Recruiters**

(1) Production recruiters (Navy enlisted classification (NEC) 803R) and officer recruiters (NEC 805R) are typically assigned to independent duty and are often stationed in areas far from military installations and associated support facilities. As such, they may be the only Navy representatives within a civilian community.

(2) Production recruiters are responsible for achieving demanding contract and accession goals. They must be knowledgeable of a myriad of recruiting programs and be able to convey this information to applicants.

c. **Assignment**. Upon receipt of permanent change of station (PCS) orders assigning a member to recruiting duty, the NRD or the TAOC will provide the transferring command with the ultimate duty station (ULTDUSTA) assignment, normally a local recruiting activity, for inclusion in the member's transfer orders.

(1) Members must keep in mind that the decision of the commanding officer (CO) regarding ULTDUSTA assignment will be based on the needs of the NRD or TAOC at the time of their arrival at the command.

(2) A guaranteed assignment to a specific city or local recruiting activity location may not be feasible.

d. **Moves**. COs may be required to move members to new duty assignments during their tour to meet mission essential requirements. Additionally, these requirements must be in the Government's best interest and not primarily for the member's convenience. Move types are **close proximity** or **out-of proximity**.

e. **Tour**. In computing the tour length for recruiting duty, the tour must commence on the date the member reports to the NRD

(parent command), even though the member may receive a different assignment upon reporting and ultimately be assigned to a local recruiting activity.

(1) Overseas recruiting tour lengths are established in line with Department of Defense area tour requirements.

(2) The tour length for nuclear-qualified members will be computed from the date they are detached from their present command to ensure they are not out of the nuclear field for more than 36 months.

f. **Temporary Duty Under Instruction (TEMDUINS)**. As part of their PCS, production recruiters and classifiers are sent TEMDUINS to the Navy Recruiting Orientation Unit (NORU), located in Pensacola, FL.

(1) The course of instruction is 5 weeks for production and officer recruiters, and 4 weeks for classifiers.

(2) Members should ensure the availability of Government quarters (if necessary) and draw advance per diem prior to transfer.

(3) Instruction consists of competency-based training during which time students learn, develop, and practice competence in areas of selling, prospecting, paperwork, processing, marketing, public speaking, social networking, recruiter incentives, and quality of life.

(4) Upon satisfactory completion of the course of instruction, personnel transfer to their Navy recruiting activity or MEPS.

3. **Recruiting Duty Benefits**

a. In line with reference (a), enlisted recruiters and some military support personnel assigned to recruiting duty are eligible for special duty assignment pay, an opportunity to be stationed at a variety of locations throughout the Navy Recruiting Command enterprise, and meritorious advancement up to the pay grade of E-6 through the Meritorious Advancement Program.

b. Members assigned as recruiters and specific recruiting support personnel may be eligible for special or supplemental clothing monetary allowance in line with reference (b).

(1) Production recruiters will receive their first allowance upon reporting to their prospective NRD and their second and final entitlement on the anniversary of their report date.

(2) Members should obtain extra uniforms and accessories prior to arrival at their ULTDUSTA, as it may be difficult to purchase new items while on independent duty.

4. Requirements and Qualifications

a. CO Certification. All recruiters and military support personnel will be screened for recruiting duty. The CO will certify that the member has been screened using [NAVPERS 1306/93](#) Recruiting Duty Screening (complete sections A, B, C, and D).

(1) Performance Evaluations. A waiver is required for members with any mark below 3.0 on [NAVPERS 1616/26](#) Evaluation Report and Counseling Record (E1 through E6) and [NAVPERS 1616/27](#) Evaluation and Counseling Record (E7 through E9) in any trait over the previous 36 months. Use Navy Recruiting Waiver Request (see exhibit 1) and submit the previous 36 months of evaluations along with justification on [NAVPERS 1306/93](#), section D.

(2) Disciplinary Record. A waiver is required for members with any NJP, court-martial conviction, civilian conviction, significant involvement with civilian authorities or moral/integrity violations, or any combination of the previously listed. Waivers will be authorized on case-by-case basis. A waiver is not authorized for any sex-related offenses occurring during their career or pre-service. Submit waivers using Navy Recruiting Waiver Request (see exhibit 1), evaluations for the previous 36 months, and a copy of the charge sheet or Electronic Military Personnel Records System page.

(3) Physical Fitness Assessment (PFA). All recruiters and military support members must have passed the last 3 years of regularly scheduled PFAs. They must also be currently within body composition assessment (BCA) standards and **must be in BCA standards at time of transfer**. If a member exceeds the maximum

height and weight standards and requires further measurements, a letter will be submitted from the command fitness leader to NAVPERSCOM (PERS-4010) with specific measurements. Waivers for past failures are considered on a case-by-case basis by NAVPERSCOM (PERS-4010). Use Navy Recruiter Waiver Request (exhibit 1) and submit a completed [NAVPERS 1306/93](#) along with full length color photographs (front and both side views) in short sleeve physical training uniform (PTU) via e-mail to mill_npcrecruiting@navy.mil. **Any Service member arriving at NORU not within BCA standards will be dropped from training and made available for immediate needs of Navy detailing.**

(4) **Family Advocacy Program (FAP)**. Substantiated FAP cases for physical abuse are disqualifying while families are in treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges). All members involved in substantiated cases involving child abuse, sexual molestation, or any sexual assaults (incest or other) are permanently disqualified from recruiting duty.

(5) **Drug and Alcohol Misuse**. Personnel with documented alcohol misuse (e.g., driving under the influence of alcohol, driving while intoxicated, public intoxication) within the previous 3 years or any two incidents during their career are unsuitable. In addition, personnel who have successfully completed alcohol rehabilitation level II or III (self-referral or directed) must not have any alcohol incidents or repeated counseling for alcohol involvement for the entire period after treatment or counseling completion date. All alcohol incidents require a waiver. Items needed for a waiver are: the completed [NAVPERS 1306/93](#), previous 3 years of evaluations, copy of NJP(s) and civil law proceeding(s), and any pertinent documents. E-mail all required documentation to NAVPERS (PERS-4010) at mill_npcrecruiting@navy.mil.

(6) **Medical and Dental**. Health and dental records must be screened in line with reference (c) and documented in the member's health records. Complete [DD Form 2807-1](#) Report of Medical History and ensure it is documented on [NAVPERS 1306/93](#), section B1. Due to the routine high-stress environment of recruiting, members with any condition related to mental health conditions, cognitive impairments, or other affective liabilities will not be assigned to recruiting duty. Members must be dental class I or II prior to transfer.

(7) **Exceptional Family Member (EFM)**. If the member is currently processing a dependent application for the EFM Program, contact NAVPERSCOM Exceptional Family Member Program Manager (PERS-456) and NAVPERSCOM (PERS-4010). Due to the limitations of facilities in the geographic areas of some assignments, dependents enrolled in the EFM Program will have their cases reviewed by NAVPERSCOM (PERS-456) to ensure adequate facilities are available at the member's ULTDUSTA prior to transfer.

(8) **Command Financial Specialist (CFS)**. Generally, recruiting duty assignments are in areas where military housing, commissary, and exchange facilities are not available, potentially making the cost of living higher.

(a) **Financial Standing**. In line with reference (d), all members must be screened thoroughly by the CFS prior to transfer to ensure financial stability.

(b) **Financial Status**. Unresolved indebtedness, serious financial problems, or a documented history of indebtedness over the previous 3 years are disqualifying for recruiting duty. Members with a household debt-to-income ratio of greater than 30%, or a discretionary surplus of less than \$500 after all monthly living expenses and debts are paid, or both should not be recommended for recruiting duty.

(9) **Tattoos**. Reference (e) outlines the acceptable maximum tattoo coverage standards for continued service. Due to the fact that Sailors in recruiting may be the sole ambassador for the U.S. Navy in the area, more stringent screening is required for any tattoo visible while in short sleeve PTU. The primary consideration is whether the Sailors will present a positive image and whether they would be allowed to enlist with tattoos obtained after their initial enlistment. For a tattoo waiver, use Navy Recruiting Waiver Request (see exhibit 1) and include a completed [NAVPERS 1306/93](#), full length color photographs (front and both side views), close-up color picture of tattoo itself, and also an explanation of the meaning of the tattoo within 30 days of receipt of initial screening message. Additionally, submit a copy of the [NAVPERS 1070/613](#) Administrative Remarks as required by reference (e).

b. **NAVPERS 1306/93**. The original [NAVPERS 1306/93](#) will be scanned and submitted via e-mail to NAVPERSCOM (PERS-4010) at: mill_npcrecruiting@navy.mil prior to the release of orders.

Include photographs (front and both side views) in PTU. A recertification of screening will be conducted by current command 5 days prior to transfer and hand-carried with orders to NORU.

c. **Obligated Service (OBLISERV)**. Required OBLISERV for recruiting duty is 36 months from the time the member checks into the recruiting activity, with the exception of nuclear recruiters.

d. **Report of Suitability/Unsuitability**. Transferring commands will submit Navy Recruiting Suitability/Unsuitability Report (exhibit 2) within 30 days of receipt of screening message. Additionally, scan and e-mail a completed [NAVPERS 1306/93](#) along with photographs (front and both side views) in PTU gear via e-mail to NAVPERS (PERS-4010) at: mill_npcrecruiting@navy.mil.

e. **Security Clearances**. Assignment to a command within the Navy Recruiting Command enterprise requires personnel to have a completed and favorably adjudicated national agency check with local agency and credit checks (NACLC). Members will not receive orders until they receive a completed and adjudicated favorable NACLC.

5. **Screening**. Unit certifying officials should take screening criteria into careful consideration. Each item will be verified prior to beginning training at NORU. Students who do not meet all criteria, especially PFA standards and security clearance screening, will not be allowed to continue training. COs are required to thoroughly screen all candidates to help preserve funds and avoid hardships caused when students are dropped from training due to improperly completed screenings.

CAREER RECRUITER FORCE (CRF)

Responsible Office	NAVPERSCOM (PERS-4010C)	Phone	DSN: Com: Fax:	882-3161 (901) 874-3161 874-2646
--------------------	----------------------------	-------	----------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) COMNAVCRUITCOMINST 5400.2 (b) BUPERSINST 1133.29K
------------	--

1. **Program Background.** The career recruiter force (CRF) allows recruiters the opportunity to become a permanent part of Navy Recruiting Command (NAVCRUITCOM). If selected, members will be assigned key middle management and recruiter billets within NAVCRUITCOM.

a. **Members Selected for CRF.** Members selected for CRF with Navy enlisted classification (NEC) 803R will be assigned to the CRF Leadership Academy, Pensacola, FL for temporary additional duty prior to completion of their recruiter tour. The standard tour length for CRF personnel is 36 months.

b. **Successful CRF Leadership Academy Completion.** Upon successful completion of CRF Leadership Academy, members will be assigned to a new Navy recruiting district (NAVCRUITDIST) at projected rotation date (PRD) for a 36-month tour.

c. **Assigned to Duty other than Recruiter Duty.** Members currently assigned to duty other than recruiter duty will not be awarded NEC 800R until they transfer at PRD to a NAVCRUITDIST and complete CRF Leadership Academy.

d. **CRF Force Conversion Policy.** Members serving in the CRF will, in most cases, serve for the remainder of their naval career. If the commanding officer (CO) of a district believes that a member is no longer effective in the CRF, the CO may recommend the member for force conversion from the CRF **without prejudice** per reference (a).

e. **CRF Rate Reversion Requests.** A member of the CRF community who no longer wishes to serve in the CRF may submit a rate reversion request **without prejudice** per reference (a).

2. **Requirements and or Qualifications.** Application procedures and eligibility criteria are promulgated in reference (b). The CRF selection board meets 4 times per year (i.e., February, May, August, and November).

3. **CRF Detailing.** CRF personnel are expected to maintain screening suitability for the remainder of their career. When negotiating for orders, CRF personnel will be required to submit NAVPERS 1306/92 Special Program Screening. The completed NAVPERS 1306/92 must be forwarded within 30 days of screening message receipt to Navy Personnel Command, Shore Special Programs Assignment Section (PERS-4010C) prior to issuance of orders. NAVPERS 1306/92 Special Programs Screening may be accessed by using the following Web address:
<http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

MILPERSMAN 1306-966

ENLISTED RATING DETAILER

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone	DSN COM	882-3880 (901) 874-3880
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

1. **Discussion.** Enlisted rating detailers are the foundation of the distribution management and placement of enlisted personnel. Enlisted rating detailers are assigned to the Navy Personnel Command (NAVPERSCOM) Enlisted Distribution Division (PERS-40), located at Naval Support Activity Mid-South (NAVSUPPACT MID SOUTH), Millington, TN.

a. Assignment as an enlisted rating detailer is open to personnel in pay grades E-5 and above in all enlisted ratings.

b. There are also billets for support personnel in many ratings for pay grades E-4 and above.

c. The enlisted rating detailer's job includes:

(1) Communicating with Sailors via MyNavy Assignment (MNA), telephone, video teleconferencing, e-mail, naval messages, and various social media outlets.

(2) Discussing assignment options, transfer regulations, and providing career management and assignment advice.

(3) Coordinating with distribution management and manning stakeholders (e.g., NAVPERSCOM Enlisted Placement Management Branch (PERS-4013) and fleet units to ensure proper manning levels).

d. Tour length and obligated service for enlisted rating detailers are 36 months, regardless of sea/shore flow.

e. To the greatest extent practicable, assignments to Bureau of Naval Personnel Millington and NAVPERSCOM should reflect the composition of the enlisted force to include race, ethnicity, or gender diversity.

2. **Requirements for Enlisted Rating Detailer Assignment.** Due to the unique functions and trust placed on rating detailers, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria. Enlisted rating detailers must meet the following requirements:

a. Have no evaluation (EVAL) trait grade below 3.0, recommended for retention, and received a promotion recommendation of promotable or higher for the past 36 months.

b. Have no record of non-judicial punishment, courts-martial conviction, or civil conviction within the past 60 months.

c. Have no alcohol-related incidents within the past 36 months.

d. Must be within current body composition standards and passed the most recent regularly scheduled physical fitness assessment.

e. Have no record of financial instability within the past 36 months.

f. Substantiated Family Advocacy Program (FAP) cases for physical abuse are disqualifying while families are in treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges). Members involved in substantiated cases involving child abuse, sexual molestation, or any sexual assaults (incest or other) are disqualified.

g. Be eligible for a secret security clearance.

h. Be within normal sea/shore flow. Exceptions will be addressed on a case-by-case basis.

i. Be able to fulfill a 36-month tour.

3. **Detailer Nomination Package Contents.** The nomination package will include the following items:

a. Commanding officer's letter of recommendation, to include whether the Sailor has any pending requests (i.e., rating conversion, commissioning program, etc.) and whether the Sailor received any letter(s) of indebtedness or any indications of serious financial problems within the past 36 months. The letter of recommendation must also address the candidate's suitability

for a position which they will have access to personally identifiable information and sensitive information.

b. Complete [NAVPERS 1306/92](#) Special Program Screening, except blocks D1, D4, and D10-D13.

c. If there are any visible tattoos, provide close-up pictures of each tattoo and a description of what they signify.

Note: Digitally reproduced photographs are acceptable and recommended, however, if the photograph will be electronically transferred, ensure that it is in joint photographic experts group (JPEG) or similar format. **Do not** forward a scanned or photocopied picture.

d. EVALs for the past 36 months. Ensure Social Security number (full or truncated) is redacted.

e. An interview must be conducted by a branch head or higher (i.e., detailing trip, road show, CDS, etc.).

f. Whenever possible, multiple candidates should be considered.

MILPERSMAN 1306-968

CAMP DAVID (NAVAL SUPPORT FACILITY, THURMONT MD)

Responsible Office	NAVPERSCOM (PERS-4010F)	Phone:	DSN COM FAX	882-3880 (901) 874-3880 882-2646
	Camp David	Phone:	DSN COM FAX	376-9000 (Ext 41400 (301) 271-1400 271-1366
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) DoD Directive 5210.55 of 15 Dec 98 (b) DoD Instruction 5210.87 of 30 Nov 98 (c) SECNAVINST 5312.12C
-------------------	---

1. **Program Background.** Camp David provides the President of the United States with a safe and private presidential retreat.

a. Camp David manages a recruiting team which travels to various naval facilities to identify Sailors for assignment to Camp David. The recruiting team conducts record screening and personal interviews with Service members who meet the initial qualification criteria. Once selected, a single scope background investigation will be initiated by the Camp David recruiting team to determine top secret/sensitive compartmentalized information (TS/SCI) eligibility with a yankee white (YW) clearance.

b. Camp David screening procedures require time intensive and costly background investigations. Due to the length of time required to process the TS/SCI with a YW clearance, candidates are screened 14-24 months from projected rotation date (PRD). Candidates with less than 14 months remaining until PRD will require their respective rating detailer's approval. Upon notification from a Camp David recruiting team, Major Washington/Millington Staff Detailer (NAVPERSCOM PERS-4010F) will place a candidate's record in a detailing hold status. This hold status informs the respective rating detailers not to create orders because the candidate is being screened for Camp David. Once a candidate receives a YW clearance and meets all other requirements, per MILPERSMAN 1306-900 and MILPERSMAN 1306-

945, the recruiting team will notify PERS-4010F to create orders to Camp David, with the exception of those candidates recruited directly from "A" school, who will report to Camp David while their YW clearance is being processed.

c. Tour length for all E-1 through E-9 candidates is 36 months.

2. Requirements/Qualifications

a. E-1 through E-9 candidates must be in the following ratings:

ABH	Aviation Boatswain's Mate (Handler)
ABF	Aviation Boatswain's Mate (Fuel)
BU	Builder
CE	Construction Electrician
CM	Construction Mechanic
CS	Culinary Specialist
DC	Damage Controlman
EA	Engineering Aide
EM	Electrician's Mate
EN	Engineman
EO	Equipment Operator
ET	Electronics Technician
HM	Hospital Corpsman (HM-L10A, L12A, L03A)
IC	Interior Communications Electrician
IT	Information Systems Technician
LS	Logistics Specialist
MC	Mass Communication Specialist
NC	Navy Counselor
PS	Personnel Specialist
RP	Religious Program Specialist
SH	Ship's Serviceman
UT	Utilitiesman
YN	Yeoman

b. Construction occupation field (group 7) E-1 through E-3 candidates will be selected directly from Seabee "A" schools.

c. Some aviation and culinary specialist ratings in pay grades E-1 through E-3 will be selected directly from "A" schools.

d. Candidates must be eligible for assignment to presidential support duty per references (a) through (c).

e. Candidates must be U.S. citizens.

f. Required obligated service for this program is 36 months.

MILPERSMAN 1306-970

JOINT COMMUNICATIONS SUPPORT ELEMENT (JCSE)

References	(a) SECNAVINST 5510.30B
-------------------	-------------------------

1. **Background.** Joint Communications Support Element (JCSE) is a selectively manned joint airborne communications unit providing command and control capabilities across the full spectrum of warfare on land, air, and maritime communications platforms. On order, Service members will deploy as a team for a joint task force or joint special operations task force headquarters to install, operate, and maintain deployable modular communications packages. JCSE operates in direct support of the Joint Chiefs of Staff, combatant commanders, general officers, and special operations units for contingencies ranging from major theater wars to humanitarian relief missions.

a. Billets require duty in arduous field environments in support of operational forces.

b. The following ratings are currently eligible for assignment: ET, IT, CE, PS (E-6), YN (E-6).

Note: Personnel in the IT rating should have (as a minimum) a 746A Navy enlisted classification code.

c. An activity tour will be a minimum of 48 months.

2. **Requirements and Qualifications**

a. **Personnel:**

- (1) Must be an E-5 or higher pay grade to apply;
- (2) Must have a minimum of 48 months of required obligated service (OBLISERV) from program acceptance date;
- (3) Required OBLISERV from program acceptance date must not exceed current high year tenure policy for the applicant's pay grade;
- (4) Must have a warfare designator (preferably expeditionary warfare, enlisted information dominance warfare specialist, surface warfare, aviation warfare, Seabee combat warfare, etc.);
- (5) Must hold a current single scope background investigation for Top Secret and or Sensitive Compartmented Information prior to transfer per reference (a);
- (6) Must maintain minimum score of "good" or higher (with no waivers) on the physical fitness assessment for the 36 months prior to application and assignment;
- (7) Must not have any non-judicial punishments or civil offenses in the last 36 months prior to application and assignment;
- (8) Must not have any prior conviction of domestic violence charges (non-waiverable);
- (9) Must qualify for and maintain valid Government travel charge card; and
- (10) Must complete NAVPERS 1306/92 Special Program Screening (sections A, B, C, D2, D3, and D6). This document must be screened by the JCSE Navy Senior Enlisted Advisor, MacDill Air Force Base (AFB) before orders are released to the Service member. NAVPERS 1306/92 can be accessed by using the following link: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

MILPERSMAN 1306-971

NAVY MILITARY TRAINING INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-4010D)	Phone: DSN COM FAX	882-3862 (901) 874-3862 882-2646
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) SECNAVINST 6120.3 (b) OPNAVINST 6110.1J (c) OPNAVINST 1740.5C (d) CNO Washington DC 311732z Mar 16 (NAVADMIN 082/16)
-------------------	--

1. **Background.** Personnel assigned to Navy military training instructor (NMTI) duties at Training Support Center (TSC), Great Lakes, IL provide leadership, training, and mentorship to Sailors at the apprentice level of the Sailor development continuum.

a. NMTI personnel must continually demonstrate superior leadership and motivational skills to be successful in physically and emotionally demanding situations. NMTI duties require proven self-discipline and imaginative problem-solving skills in challenging and often unique situations.

b. Above all, NMTIs must be highly principled individuals who possess strong character, and personal and professional integrity. They must be committed to reflect the Navy's core values.

2. **Eligibility Requirements**

a. Enlisted personnel (pay grades E-5 through E-9) will be considered for assignment as an NMTI. Personnel with 15 years or more of service will not be approved for transfer to the Fleet Reserve before completion of the minimum tour. High year tenure waivers for E-5s and E-6s will be considered on a case-by-case basis for highly qualified Service members.

b. Warfare qualification waivers may be granted on case-by-case basis).

c. Armed Services Vocational Aptitude Battery minimum verbal expression score of 50 is required (waivers granted on case-by-case basis).

3. **Detaching Command Screening Package Requirements**

a. **Performance Evaluations.** Candidates must have no mark below 3.0 for the past 36 months on NAVPERS 1616/26 Evaluation Report and Counseling Record (E1 - E6) or NAVPERS 1616/27 Evaluation and Counseling Record (E7 - E9) and must reflect a steady and or improving trend. NAVPERS 1616/26 and 1616/27 are available at <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. **Legal Issues.** A waiver is required for a candidate with any nonjudicial punishment (NJP), court-martial conviction, civilian conviction, significant involvement with civilian authorities, or moral/integrity violations within the past 36 months. Waivers will be granted on a case-by-case basis. A waiver is not authorized for any NJP or detachment for cause within the past 24 months for any sex-related offense, either pre-service or during service.

c. **Medical and Dental.** Per references (a) and (b), health and dental records must be screened at a medical treatment facility using NAVMED 6120/4 Periodic Health Assessment [http://www.public.navy.mil/surflant/hq/mrd/NAVMED%206120-4%20\(Rev.%2003-2008\).pdf](http://www.public.navy.mil/surflant/hq/mrd/NAVMED%206120-4%20(Rev.%2003-2008).pdf) and NAVPERS 6110/3 Physical Activity Risk Factor Questionnaire <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. List any known medical conditions which would preclude full participation in strenuous daily exercise with Sailors and the physical readiness program, specifically any medical limitations that would prevent prolonged standing or running.

d. **Command Financial Specialist.** All candidates must be screened thoroughly prior to transfer, per reference (c), to ensure financial stability. Serious financial problems or indebtedness which are not resolved, or a documented history of indebtedness over the last 36 months are disqualifying for NMTI duty.

e. **Command Drug and Alcohol Program Advisor.** Any candidate with a documented alcohol-related incident (e.g., driving under the influence of alcohol, driving while intoxicated, public intoxication within the previous 3 years, or any two alcohol incidents) is unsuitable. In addition, a candidate who has successfully completed alcohol rehabilitation level II or III (self-referral or directed) must not have any alcohol-related incidents or repeated counseling for alcohol involvement for the entire period after treatment or counseling completion date. All alcohol-related incidents require a waiver.

f. **Physical Fitness Assessment (PFA).** Candidate must have scored "good low" or higher on the most recent PFA.

g. **Family Care Plan.** A single parent or dual military candidate must have a current family care plan on file and be counseled concerning overnight working hours, overnight duty requirements, and extended childcare requirements documented on NAVPERS 1070/613 entry. NAVPERS 1070/613 may be accessed at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Point of contact for this information:

Command Master Chief TSC, Great Lakes DSN 792-6959 COMM. (847) 688-6959
--

h. **Tattoo Criteria.** Must be in compliance with reference (d) for acceptable maximum tattoo standards.

i. **Security Clearances.** Per MILPERSMAN 1306-953, prospective candidates must have a favorably adjudicated National Agency Check with Local Agency and Credit Checks/Access National Agency Check and Inquiries prior to assignment (issuance of orders).

j. **Command Master Chief (CMDCM), Command Senior Chief, and Senior Enlisted Leader (SEL).** CMDCM, CMDCS, or SEL must screen candidates for duty as an NMTI prior to the commanding officer's (CO) interview. Upon completion of the screening, NAVPERS 1070/613 Administrative Remarks entry must be completed. NAVPERS 1070/613 is available at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>

Date: (Rate/Name) was interviewed this date, per MILPERSMAN 1306-971, and found to be fully qualified for assignment to Navy military training instructor duty.

CMDCM/CMDCS/SEL Signature

Printed Last, First Title (E.G.: SAILOR, JOE Command Master Chief)

k. **CO Screening.** The CO will personally evaluate and certify the Service member has been screened. Upon completion of the CO's interview, NAVPERS 1070/613 entry must be completed.

Date: (Rate/Name) was interviewed this date, per MILPERSMAN 1306-971, and found to be fully qualified for assignment to Navy military training instructor duty

Commanding Officer's Signature

Printed Last, First Title

Note: By direction is not authorized and will not be accepted.

l. **Screening.** Complete sections A, B1, C, D1, D5 and D6 of NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. A copy of the completed screening package, including full length three-quarter view photo of the candidate in service khaki (E-7 and above) or service dress whites (E-6 and below), must be submitted to Navy Personnel Command (NAVPERSCOM), Shore Special Programs Distribution Branch (PERS-4010D1) and TSC, Great Lakes.

m. **Obligated Service (OBLISERV).** Required OBLISERV is 36 months from the time the candidate completes instructor school. OBLISERV must be obtained by the command delivering orders within 30 days of receipt. PERS-4010D1 must be notified by message of any candidates who fail to OBLISERV.

n. **Re-Certification.** Candidates must be re-screened by the detaching command 30 days prior to detachment. If status has changed, detaching command must notify PERS-4010D1 and TSC, Great Lakes via naval message.

4. **Waivers.** Waivers for the requirements contained in this article will be granted by NAVPERSCOM (PERS-4010) in consultation with CO, TSC, Great Lakes prior to releasing orders.

-------------------	---

1. **Scope**. Patrol crew billets require duty in arduous field environments (many times isolated and independent), supporting surface and special warfare operations around the world. Crew members are expected to cross-train and attain watch qualifications that are beyond the scope of their regular ratings' duties.

2. **Eligibility Requirements**

a. Members must be eligible for a secret clearance. The member's command will initiate a background investigation per reference (a).

b. Member must meet standards set forth in reference (b) to include having participated in and passed the most recent physical fitness assessment.

c. Eligible to carry a weapon per reference (c).

d. Completion of sections A, B, C, and D of NAVPERS 1306/92 Special Program Screening. NAVPERS 1306/92 may be accessed by using the following Web address:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

e. Requests for waivers of above criteria must be approved by the gaining command's immediate superior in command.

3. **Assignment**

a. Orders will be written by respective rating detailer from Navy Personnel Command.

b. For manning questions contact Navy Personnel Command, Placement Coordinator (PERS-4013) at 901-874-2288.

1. **Policy.** Personnel selected for assignment to Navy Provisional Guard Battalion will be ordered for a 12-month unaccompanied tour. Personnel will be ordered to a designated location for gear issue and classroom training. Additionally, all personnel will be sent to Fort Lewis, WA for detainee handling certification.

2. **Background.** Navy provisional guard battalion duties are as follows:

a. Navy provisional guards conduct detention and interrogation operations to collect and exploit intelligence in support of the Global War on Terrorism.

b. Coordinate and implement detainee screening operations, and support law enforcement and war crimes investigations.

c. Guard Force administers fair, firm, and impartial enforcement of all rules and regulations.

d. Directly responsible for the day-to-day safe and humane treatment and movements of detainees within the medium or maximum security camps.

3. **Location(s):** Guantanamo Bay, Cuba.

4. **Requirements/Qualifications**

a. Personnel of all ratings that hold an 815A or 826A NEC and master-at-arms may apply for assignment.

b. Personnel who do not already have the required NECs may still be eligible, if training is available.

c. Due to member's job requirements, which can authorize the possession of weapons, members with open Family Advocacy Program (FAP) cases are ineligible (non-waiverable).

d. No record of nonjudicial punishment (NJP) conviction within the last 36 months from service member's transfer date.

e. Member must have or be eligible for a secret clearance (non-waiverable).

f. Member must be within height and weight standards, if weight exceeds limits provide body fat percentage per current instructions.

g. Complete sections A, B, C, and D2 of NAVPERS 1306/92 Special Program Screening Form (exhibit 1 of MILPERSMAN 1306-900).

h. Required obligated service (OBLISERV) for this program is 12 months.

NAVAL SPECIAL WARFARE METEOROLOGY AND OCEANOGRAPHY SUPPORT TEAMS (NSW METOC)

Responsible Office	NAVPERSCOM (PERS-404DH)	Phone:	DSN	882-3656
			COM	(901) 874-3656
			FAX	882-2642

1. **Background.** Naval Special Warfare Meteorology and Oceanography Support Team (NSW METOC) billets require duty in arduous/combat field environments. Duty is frequently isolated/independent in direct support to naval special warfare operations.

a. NSW METOC are equipped to provide a wide variety of support including meteorology and oceanography forecasts, observations using portable computers and in situ sensors, communications, and other equipment.

b. Billets are co-located with naval special warfare commands.

c. Duty with NSW METOC is classified as Type 2 sea duty. Tour length is prescribed rating sea tour or Department of Defense (DOD) area tour for overseas assignments.

2. **Requirements/Qualifications**

a. Possession of, or eligibility to obtain, a Top Secret security clearance. Member's command will initiate a Single Scope Background Investigation (SSBI).

b. Complete sections A, B, C, and D2 of NAVPERS 1306/92 (Rev 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

c. Interview with NSW METOC leadership (commanding officer (CO)/senior enlisted advisor (SEA) or designate) for assessment of suitability for program.

d. Member must score Excellent - Low or above on the most recent Physical Readiness Test (PRT) with no failures over the past 3 years.

e. Required obligated service (OBLISERV) for this program is 36 months.

MILPERSMAN 1306-976

ENLISTED MUSICIAN (MU) ASSIGNMENTS TO NAVY PREFERENTIALLY-STAFFED BANDS – U.S. NAVY BAND, WASHINGTON, DC, AND NAVAL ACADEMY BAND, ANNAPOLIS, MD

Responsible Office	Fleet Band Activities	Phone: DSN COM	882-4316 (901) 874-4316
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Background.** This article addresses enlisted musician (MU) assignment policies for the United States (U.S.) Navy Band (USNB), Washington, DC and the U.S. Naval Academy Band (USNAB), Annapolis, MD. The Navy's preferentially-staffed bands are non-rotated special duty assignments.

2. **Policy**

a. Chief of Naval Personnel will assign only the most highly qualified MUs to USNB and USNAB to maintain the unique musical and professional standards required of these preferentially-staffed presidential support and Service academy organizations.

b. Fleet Band Activities (FBA) will ensure MUs serving on active duty are notified of vacancies in either band.

c. MUs serving in the USNB and USNAB will not normally be reassigned unless the needs of the Service dictate otherwise. Members who fail to retain assignment eligibility and those desiring to terminate special-duty status may request reassignment via FBA. Requests for reassignment will be considered on a case-by-case basis, dependent on individual member's status and fleet manning levels. Members are not eligible for reassignment until completion of a minimum 36-month tour of duty with either USNB or USNAB.

3. **Eligibility.** Active duty MUs in pay grades E-6 and below are eligible to audition.

4. **Requirements**

a. Members assigned to USNB and USNAB must possess the required levels of professional and personal performance standards for assignment.

b. Due to the high visibility of Navy bands and frequent contact with the public, foreign dignitaries, and senior Government officials, members must maintain an outstanding personal appearance and impeccable military bearing.

5. **Procedures**

a. All applicants for assignment must schedule and complete a personal audition and interview at USNB or USNAB, unless waived by the respective leader.

b. Applicants must submit [NAVPERS 1306/92](#) Special Program Screening (sections A, D1, D2, and command endorsement completed) to Director, FBA prior to scheduling an audition.

c. Commanding Officer, USNB and Director, USNAB have the authority to accept applicants for assignment to their respective bands (within authorized allowances), unless the needs of the Service dictate otherwise.

d. Members meeting the requirements for assignment will be notified by the Director, FBA. Orders will be processed by the member's respective detailer in coordination with the member's current command.

MILPERSMAN 1306-978

LITTORAL COMBAT SHIP (LCS)

Responsible Office	NAVPERSCOM (PERS-409)	PHONE	DSN	882-3854
			COM	(901) 874-3854
			FAX	882-2649
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

Reference	(a) Lautenberg Amendment of 1996 (b) OPNAVINST 6110.1J (c) COMNAVSURFORINST 3502.1
------------------	--

1. **Purpose**. To issue qualification requirements and assignment policies for personnel ordered to duty in connection with the **Littoral Combat Ship (LCS) Program**.

2. **Program Background**. LCS is a "modular warship concept" primarily designed to complement the Navy's larger multi-mission surface combatants in select warfare mission areas and combat threats in the littoral environment including submarines, mines, and fast attack craft. It consists of the following three primary modular mission packages:

- Surface warfare (SUW);
- Mine warfare (MIW); and
- Anti-submarine warfare (ASW)

a. **Maritime Interdiction Capability**. In the near future, some variants of the SUW package will provide an enhanced maritime interdiction capability to facilitate overseas contingency operations. Additionally, the unique platform design provides the additional capability to support the following:

- (1) Special operations forces;
- (2) High-speed transit;
- (3) Maritime interdiction operations (MIO);

(4) Intelligence;

(5) Surveillance and reconnaissance; and

(6) Anti-terrorism and force protection operations.

b. **Networking Capability.** LCS also has the capability to network and to share tactical information with other Navy aircraft, ships, submarines, and joint units.

c. **New Policies and Procedures.** The LCS **design, manning, and policies** will be a significant departure from current legacy ways of doing business. Current directives will be inadequate to ensure LCS stays manned with the right people at the right time. Current "fit" metrics will be inadequate to meet LCS needs.

d. **Two Hull Designs.** Two hull designs for LCS are currently being built - Lockheed Martin and General Dynamics. Each hull has **different training requirements** for the respective billets. In some cases, those differences are minor, in others, they are fairly significant. For this reason, assigned crews will be specific to one hull design or the other.

e. **Rotating Crews.** All sea frames will have **rotating crews with four crews per three ships** in order to extend hull operational availability and on station time, build a cadre of LCS excellence, and mitigate the impacts of unplanned losses. The **core crew** will be manned using **hybrid billets**. The loss of a single Sailor and his or her unique skill sets will have mission related implications. **It is envisioned that LCS will be the first class of ship for which personnel losses could result in an operational casualty report.**

f. **Training.** A unique aspect of LCS is that normal unit level training will occur during the off-cycle time for the crew. Another aspect of LCS training is no under-instruction (UI) watchstanders on board. Watchstanders, therefore, must go through a **train-to-qualify hull billet specific pipeline** and be ready to assume the watch upon reporting.

g. **Permanent Change of Station (PCS) Replacements**

(1) Due to the hybrid skills, minimal crew size, and off-hull training regime, normal PCS replacements will occur during the **first 3 weeks of the off-hull time**. In order to facilitate this, the immediate superior in command (ISIC) will man from existing resources; if unable to fill, request additional manning actions from type commander (TYCOM) to include temporary additional duty or personnel redirect.

(2) Additionally, the normal requisition window for orders must be modified for LCS **from the standard 5-9-month to an 18-24-month window**. This increased window provides the opportunity to conduct a thorough screening as well as assures training pipeline completion. ISIC and TYCOM will work with Navy Personnel Command (NAVPERSCOM) to identify requirements well in advance to facilitate the complex **screening, assignment, and training sequence** to deliver a qualified relief in the desired time frame.

(3) In the event of **unplanned losses**, the ISIC and TYCOM will rotate Sailors from other crews under their cognizance until a qualified relief is received.

h. **Hybrid Skill Sets VS. Navy Enlisted Classifications (NECs)**. LCS will not use traditional NECs, but rather hybrid skill sets. In the near term, these skills will be as closely matched as possible to existing NECs.

i. **Personnel Assignments**. All assignments to personnel in pay grades below that designated for the billet must be approved by the TYCOM. **Waivers will be considered** based on ability to meet the billet prerequisites including maturity, leadership, and watchstanding skills beyond technical skills and NECs.

3. **Requirements and Qualifications**. Candidates shall meet the following minimum requirements:

a. **Eligible Ratings**. AG, BM, CS, ET, FC, GM, MN, HM, IT, OS, LS, DC, EM, EN, GSM, GSE, and STG.

b. **Citizenship**. Must be a U.S. citizen with Secret clearance eligibility.

c. **Screening**. Satisfactorily complete NAVPERS 1306/94 Littoral Combat Ship (LCS) Screening and report per Exhibit 1.

Exhibit 2 will be utilized by personnel requesting waivers. Exhibit 3 shall be used to de-screen a previously screened member. NAVPERS 1306/94 is located on the BUPERS CD-ROM and can be accessed by using the following link:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

d. **Weapons.** Per reference (a), Sailors convicted of a qualifying domestic violence charge are prohibited access to firearms. Qualifying domestic violence convictions, as set forth in reference (a), are described in DD 2760 Qualification to Possess Firearms or Ammunition. Navy personnel have an affirmative obligation to inform their command if they have a qualifying domestic violence conviction. Members with qualifying convictions may not be assigned to LCS crews. If any individual is in question as to whether or not they have a qualifying conviction, they shall consult their local Navy legal service office or staff judge advocate for legal advice.

e. **Visit, Board, Search and Seizure (VBSS), and Physical and Mental Condition.** All members of SUW mission packages, except for boatswain's mates and search and rescue swimmers, shall be trained for and perform the duties of VBSS. Due to the nature of the duties, in addition to the physical fitness assessment (PFA) standards of reference (b) and to ensure the VBSS certification criteria of reference (c) can be met, personnel assigned to LCS VBSS billets must meet the following requirements:

- (1) Second class swimmer qualified;
- (2) "Good" or higher on most recent PFA;
- (3) Climb a 30-ft. Jacobs Ladder (see Note 1);
- (4) Participants must volunteer (see Note 2);
- (5) Psychological certification - no known claustrophobia (i.e., fear of enclosed spaces) (see Note 3); and
- (6) Psychological certification - no known acrophobia (i.e., fear of heights) (see Note 3)

Note 1. Not all personnel are located in a fleet concentration area. A baseline for determining probability of success of climbing a 30-ft. Jacobs Ladder is; Males - 10 dead-hang pull-

ups (no momentum) and 50 squats, females - 1 minute held pull-up (chin over bar) and 50 squats. Upon successful demonstration of the above, commands are authorized to complete screening of interested personnel and submit Special Program Waiver Request (Exhibit 2). Individuals shall conduct actual demonstration of ability to climb a 30-ft. Jacobs Ladder upon reporting to regional support office in LCS squadron, San Diego, CA (UIC 30065).

Note 2. Personnel volunteer status for SUW mission package VBSS in subparagraph 4 above is indicated via completion of LCS screening for applicable VBSS billet using NAVPERS 1306/94 and transmission of required suitability message.

Note 3. Certification for items (5) and (6) above is no previous documentation in medical record and completion of LCS screening for applicable VBSS billet using NAVPERS 1306/94 and transmission of required suitability message. See NAVPERS 1306/94, Exhibit 2, and sample screening message for LCS and VBSS assignment.

f. **Obligated Service (OBLISERV).** Selected members must incur required OBLISERV of 36 months from date of reporting on board in ACC 100 status after training is completed. Sea tour is 36 months or prescribed sea tour, whichever is greater.

RECRUITMENT/ASSIGNMENT TO COMMANDER, NAVAL SPECIAL WARFARE DEVELOPMENT GROUP (COMNAVSPECWARDEVGRU)

Responsible Office	NAVPERSCOM (PERS-401D)	Phone:	DSN COM FAX	882-3865 (901) 874-3865 882-2716
	COMNAVSPEC- WARDEVGRU	Phone:	DSN COM FAX	537-2000 (757) 893-2090 893-2000 (757) 893-3033
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Program Background.** Commander, Naval Special Warfare Development Group (COMNAVSPECWARDEVGRU) is responsible for the research, development, testing, and evaluation of state of the art, commercially procured and modified equipment in support of naval special warfare operational forces. The command is also responsible for the evaluation of advance maritime, ground, and airborne tactics that may be applicable to naval special warfare, and to assist in the determination of the suitability and implementation of the equipment and tactics for the use by naval special warfare, Department of the Navy, and Department of Defense.

a. COMNAVSPECWARDEVGRU manages a worldwide recruiting and screening program to identify personnel for assignment to the command. The recruiting and or screening team conducts record screening and personal interviews with personnel who meet the initial qualification criteria.

b. Most billets are for pay grades E-5 through E-9; however, qualified, highly motivated personnel of lower pay grades may be considered.

c. Considering the extensive training received at COMNAVSPECWARDEVGRU, all tour lengths will be 4 years with the option to be considered for a 1 or 2 year extension at the conclusion of the initial 4 years.

2. Requirements/Qualifications:

a. Eligible support rates (subject to additions and deletions):

AE	CE	DC	GM	MC	SW
AG	CM	EA	HM	NC	UT
AM	CTI	EM	HT	ND	YN
AT	LS	EN	IS	PR	SO
AW	CTN	EO	IT	PS	
BM	CTR	EOD	LN	QM	
BU	CTT	ET	MA	RP	

b. The following additional requirements must also be met:

(1) Must be a volunteer.

(2) Physically fit, with no medical conditions that prevent physical training and or physical activity.

(3) No nonjudicial punishment or civil offenses in the last 3 years.

(4) No alcohol related incidents in the last 3 years.

(5) Top performer and recommended by current chain of command.

(6) Able to meet security requirements for Top Secret clearance.

(7) U.S. citizen (no dual citizenship).

c. Completion of NAVPERS 1306/92 Special Program Suitability/Unsuitability Report, Exhibit 1 of MILPERSMAN 1306-900, is not required.

d. Detailed application information may be obtained by contacting either the responsible office or COMNAVSPECWARDEVGRU.

e. Required obligated service for this program is 48 months, which is waivable by COMNAVSPECWARDEVGRU per MILPERSMAN 1306-106. Approved waivers will be submitted to NAVPERSCOM, SEABEE/SEAL/SWCC/EOD/DIVER (PERS-401D) by COMNAVSPECWARDEVGRU CCC via e-mail or FAX.

3. **Forms**. NAVPERS 1306/92 Special Program Screening is available at:

http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-92%20R1-11_RE.pdf

MILPERSMAN 1306-980

Navy Interactive ON-NET (ION) Operator Certification Program

Responsible Office	BUPERS-327	Phone: COM	(901) 874-2967
-------------------------------	------------	------------	----------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

1. Background

a. Navy interactive ON-NET (ION) operators develop, refine, and utilize world-class tactics, techniques, and procedures to conduct computer network operations in support of national and tactical security objectives. Bridging the tactical-technical span, ION operators use advanced software applications to change or collect information residing on or transiting computer networks.

b. The purpose of the Navy ION Operator Certification Program is to select and develop Navy cyber warfare technicians (CWT) who will achieve basic certification with an end goal of being exploiter-qualified at the end of their first tour as an operator.

2. Requirements and Qualifications

a. Applicants must have a service record that clearly demonstrates sustained superior performance and meet the following criteria. Specifically, they must:

- (1) Be a rated CWT;
- (2) Be in the pay grades of E-4 to E-8;
- (3) Be within 18 months of projected rotation date (PRD);
- (4) Have passed latest physical fitness assessment cycle;

(5) Be Career Waypoint reenlistment-approved (if required);

(6) Have no more than 16 years of military service;

(7) Have no nonjudicial punishment within 2 years of application date;

(8) Have a final Top Secret clearance with access to sensitive compartmented information and complete a counter-intelligence polygraph prior to execution of permanent change of station orders; and

(9) Incur obligated service (OBLISERV) that will consist of up to 24 months of training with a follow-on tour of up to 48 months using the Navy enlisted classification (NEC) earned. OBLISERV or OBLISERV-to-train (if selective reenlistment bonus eligible) must be completed prior to execution of orders per [MILPERSMAN 1306-604](#).

b. Waivers for specific eligibility requirements will be considered on a case-by-case basis and approved or disapproved by Bureau of Navy Personnel (BUPERS) Information Warfare Community Branch (BUPERS-327)

3. **Application Procedures.** Commands are encouraged to nominate only the best qualified personnel. All candidates must complete and submit the following documents:

a. [NAVPERS 1306/7](#) Enlisted Personnel Action Request to Navy Personnel Command (NAVPERSCOM) Information Warfare Distribution Branch CWT Detailer (PERS-408CJ) a minimum of 13 months prior to PRD;

b. Last 3 performance evaluations:

(1) [NAVPERS 1616/26](#) Evaluation Report and Counseling Record (E-1 - E-6) or

(2) [NAVPERS 1616/27](#) Evaluation and Counseling Record (E-7 - E-9);

c. Physical Readiness Information Management System (PRIMS) data for previous 3 years; and

d. A temporary [NAVPERS 1070/613](#) Administrative Remarks is required to be signed by the member and submitted with the application. A copy will be forwarded to the servicing personnel office for entry in the electronic service record (ESR). The following is a sample entry:

(Date): I understand I am required to incur 60 months of obligated service (OBLISERV) per [MILPERSMAN 1306-604](#) if selected for the Navy Interactive ON-NET (ION) Operator Certification Program to account for up to 24 months of training with a follow-on tour of 36 months using the Navy enlisted classification earned.

(Date): I understand that in case of disenrollment prior to completion of that program, the extension may be cancelled and a new extension executed per the service requirements of [MILPERSMAN 1306-604](#).

(Date): I understand that OBLISERV or OBLISERV-to-train must be completed prior to executing orders to attend training required for that program.

4. Screening Process

a. Upon approval of [NAVPERS 1306/7](#), member will forward complete package to the ION program manager for final technical screening and approval or disapproval.

b. The ION program manager will notify BUPERS-327, NAVPERSCOM (PERS-408CJ), and applicant of selection determination.

c. The ION program manager will provide class convening and availability to NAVPERSCOM (PERS-408CJ).

d. Once selected for the ION Operator Certification Program, candidates may only be removed per paragraph 7 of this article.

e. The names and intended class dates of all new accession and cross-rating Sailors who plan to screen for ION while attending the Joint Cyber Awareness Course must be submitted to the CWT and new accession detailers. Updates on their screening status are to be provided on a bi-monthly basis to ensure proper tracking and coordination.

5. Training

a. Program candidates will complete the below training courses:

Course Title	Course Identification Number	Expected Length	NEC
Marine Corps Cyber Operations Readiness Curriculum (MCCORC)	A-531-1304	6 Weeks	N/A
Basic Offensive Cyberspace Operator	A-531-2451	6 Months	H41A
Foundational Operator Readiness Growth and Enrichment	A-531-2452	11 Months	H13A

NOTE: Candidates will take the Computer Networking Assessment Battery (CNAB) while attending MCCORC. Candidates may be waived from attending MCCORC based on course availability or as determined by the ION program manager. If waived, the CNAB must be taken prior to enrollment into the program.

6. Training Equivalency. Commands may request NEC H41A and or H13A for equivalent training provided by other agencies using procedures per [MILPERSMAN 1221-021](#). Commands may contact the ION program manager to determine if a Sailor has completed an equivalent training pipeline.

7. Program Disenrollment

a. Following enrollment into the ION Operator Certification Program, commands may request disenrollment if it is determined the Sailor cannot complete the ION training pipeline by reason of incapability, lack of reasonable effort, disciplinary infractions, inability to adapt, or due to personal issues outside the student's control (e.g., family emergencies, emergency leave situations, etc.).

b. If it is determined that Service members cannot complete the ION training pipeline due to injury, illness, or disease they must contact the ION program manager and CWT senior detailer (PERS-408CJ).

c. Removal requests will be submitted to BUPERS-327 via [NAVPERS 1306/7](#) and will contain the following documents and information:

(1) A detailed statement of the circumstances leading to the request, including a specific description of incident(s) and a chronology of events;

(2) In the case of unsatisfactory behavior or performance over a period of time, a copy of the member's administrative counseling or warning and or letter of instruction;

(3) Enlisted performance evaluation documenting the member's unsatisfactory behavior or performance (if applicable);

(4) A statement of disciplinary action taken or contemplated (if any);

(5) Whether or not administrative separation processing has or will be commenced; and

(6) Any other supporting documentation relevant to the case.

8. **NEC Removal**. Commands may request removal of NEC H41A or H13A if Sailors fail to meet follow-on operational qualification requirements using procedures per [MILPERSMAN 1221-021](#).

MILPERSMAN 1306-981

NAVY INTERACTIVE ON-NET (ION) COMPUTER NETWORK EXPLOITATION (CNE) TRAINER CERTIFICATION PROGRAM

Responsible Office	NAVPERSCOM (PERS-408)	Phone:	DSN	882-3842
			COM	(901) 874-3842
			FAX	(901) 874-2650

References	(a) TAO.ROC_PS02-495-V4.0 - Remote Operations Center Interactive Operations Certification Overview
	(b) OPNAVINST 6110.1H

1. Background

a. Navy Interactive ON-NET (ION) Computer Network Exploitation (CNE) Trainers mentor and train Cryptologic Technician Networks (CTNs) through the ION CNE Operator Program to prepare them to utilize world-class tactics, techniques, and procedures to conduct computer network operations in support of national and tactical security objectives.

b. The purpose of the Navy ION CNE Trainer Certification Program is to select and develop CTNs who have been certified as ON-NET CNE Operators and certify them as Certification Trainers for single technology operating system/network infrastructure within 3 years. After completion of this program certified trainers will be distributed to a Navy or national site billet coded with the ION CNE Trainer Navy Enlisted Classification (NEC) code.

2. Requirements/Qualifications

a. All applicants must have a service record that clearly demonstrates sustained superior performance and must meet the following criteria:

- (1) Be a rated CTN.
- (2) Have successfully graduated the ION CNE operator program and earned the NEC.
- (3) Be paygrade E-5 to E-7.

(4) Be within 12 months from projected rotation date (PRD).

(5) Have no more than 14 years military service.

(6) Have no nonjudicial punishment (NJP) within 2 years of application date.

(7) Meet or exceed all Navy physical readiness standards per reference (b).

(8) Have a final Top Secret clearance with access to sensitive compartmented information (SCI) and complete a counter intelligence polygraph prior to execution of permanent change of station (PCS) orders.

(9) Incur a 3-year obligated service (OBLISERV) to complete the ION CNE Trainer Certification Program. OBLISERV must be completed prior to execution of orders.

b. Waivers to specific eligibility requirements will be considered on a case-by-case basis and approved or disapproved by Navy Personnel Command (NAVPERSCOM), Cryptologic/Intelligence Specialist (CT/IS) Assignment Section (PERS-408CJ).

3. **Application Procedures.** Commands are encouraged to nominate the best qualified personnel who possess the ION Operator NEC and have the personal traits to teach others. Submit the following information for consideration:

a. NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request, to NAVPERSCOM (PERS-408CJ) a minimum of 10 months prior to PRD.

b. Last five

- NAVPERS 1616/26 (Rev. 7-95), Evaluation Report and Counseling Record (E-1 to E-6), or
- NAVPERS 1610/2 (Rev. 7-95), Fitness Report and Counseling Record (E-7 to O-6).

c. Command endorsement not to exceed one page. The endorsement shall

- address only the technical qualifications and demonstrated aptitude of the applicant,
- address a command ranking if more than one applicant applies, and
- include a statement that all information has been verified and package is complete.

4. Screening Process

a. Upon approval of NAVPERS 1306/7, NAVPERSCOM (PERS-408) will forward member's complete package to the Navy element within Tailored Access Operations (TAO) for final technical screening and approval/disapproval of selection to subject program. Soft copy application packages will be forwarded via unclassified E-Mail.

b. The Navy element within TAO will notify NAVPERSCOM (PERS-408CJ) and applicant of selection determination and class convening/availability through written documentation.

5. Training Pipeline Expectations

a. Program candidates are expected to achieve the following training milestones for single technology operating system/network infrastructure trainer certification during the 3-year program:

- Junior Trainer Report + 18 Months
- Senior Trainer Report + 36 Months

b. Sailors who fail to maintain program requirements/qualification eligibility or fail to meet stated training expectations will be released back to the rating detailer for further assignment.

MILPERSMAN 1306-982

ASSIGNMENT OF NUCLEAR-TRAINED MASTER CHIEF PETTY OFFICERS (MCPO) AS REACTOR DEPARTMENT MASTER CHIEF (RDMC)

Responsible Office	NAVPERSCOM (PERS-403)	Phone: DSN COM FAX	882-4696 (901) 874-4696 882-2638
---------------------------	--------------------------	--------------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) NAVSEA S9213-41-MAN-000/(R), Engineering Department Manual (EDM) for Nuclear Power Plants (b) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II, Navy Enlisted Classifications (NEC)
-------------------	--

1. **Background.** The reactor department master chief (RDMC) is key to the success of nuclear-powered aircraft carriers. Per reference (a), the RDMC is responsible to the reactor officer (RO) for the performance of his or her department. RDMCs must uphold the highest standards of professionalism and enhance communication at all levels of the department and command. They participate in the formulation and implementation of policies concerning training, operations, discipline, utilization, morale, and welfare of department personnel.

2. **Requirements and Qualification**

a. Applicants must possess Navy enlisted classification code N31Z.

b. Normally, applicants currently assigned to a nuclear-powered aircraft carrier will not be considered for an RDMC position. On a case-by-case basis, a candidate currently onboard may be considered. In these cases, a 2-year minimum tour after relief is required.

c. If feasible, be a graduate of the U.S. Navy Senior Enlisted Academy (SEA) (accomplishment en route to the RDMC assignment is acceptable).

d. Applicants must have an outstanding performance record with evaluation performance trait marks not lower than 3.0 in any area for the past 3 years.

e. Applicants must have been within physical fitness assessment standards in the past 3 cycles, present a sharp military appearance and demeanor, and possess irreproachable military bearing.

3. Requests for Assignment

a. Requests for assignment as RDMC should be submitted via [NAVPERS 1306/7](#) Electronic Personnel Action Request signed by the RO and sent to

To:	Navy Personnel Command (NAVPERSCOM), Surface Nuclear Chief Petty Officer Detailer (PERS-403CJ)
Via:	Commander, Naval Air Forces (COMNAVAIRFOR), Force or Deputy Force Nuclear Propulsion Officer (N9)

b. Applicants must include the following:

(1) Commanding officer's (CO) recommendation stating qualifications for assignment as RDMC and duty history. Waivers for prerequisites and selection requirements will be considered on a case-by-case basis. CO's endorsement must include a recommendation for waiver of prerequisites or requirements (if applicable).

(2) At a minimum, evaluations covering the last 5 years.

4. Selection and Assignment

a. NAVAIRFOR (N9) will review all RDMC assignment requests and forward recommendations to PERS-403CJ.

b. PERS-403CJ will review and prepare package, then forward to the Office of the Chief of Naval Operations (OPNAV), Nuclear Enlisted Program Manager (N133D) for final approval.

c. If feasible and the candidate has not previously completed the SEA, the selected candidate will be ordered to RDMC assignment via the SEA.

d. Once final approval and selections have been made, NAVAIRFOR (N9) will debrief master chief petty officers not selected for RDMC. The counseling must include why the candidates were not selected and other options for career enhancement.

5. Screening Panel

a. In unusual circumstances, if there is an insufficient number of qualified applications for selection, NAVAIRFOR (N9) will convene a screening panel to select the best qualified candidates.

b. The panel will include a senior enlisted advisor from the respective:

(1) NAVAIRFOR (N9) staff,

(2) PERS-403CJ, and

(3) OPNAV, Nuclear Enlisted Program Manager's Quality Control Advisor (N133D2).

c. The panel's recommendation will be forwarded to NAVAIRFOR (N9) for routing per paragraph 4.

-------------------	---

1. **Background.** The Medical Deep Sea Diving and Fleet Marine Force (FMF) Reconnaissance (RECON) Corpsman Programs provide an opportunity for new-accession and fleet personnel to become career enlisted hospital corpsman (HM) serving in Navy enlisted classification (NEC) codes L27A, L28A, L11A, and L02A.

2. **Purpose.** This article discusses personnel aspects of the Medical Deep Sea Diving and FMF RECON Corpsman Programs. The following topics are covered:

Topic	See Paragraph
Suitability for Assignment	3
Navy Enlisted Classification (NEC) Codes	4
Program Entry Requirements	5
Applying for the Program	6
Program Screening Requirements	7
Program Screening Process	8
Transfer to Initial Training	9
Voluntary NEC Revocation	10
Involuntary NEC Revocation	11
Reinstatement	12
Supervisory Status	13
Periodic Requalification	14
Report of Medical Deep Sea Diving/FMF RECON Corpsman Program Screening	Exhibit 1

3. Suitability for Assignment

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the Medical Deep Sea Diving and FMF RECON Corpsman Programs require strict adherence to eligibility criteria, application procedures, and policies for assignment.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of the Medical Deep Sea Diving and FMF RECON Corpsman operations are of unquestionable personal conduct, reliability, judgment, and observance of military regulations.

4. **NEC Codes.** The Medical Deep Sea Diving and FMF RECON Corpsman Programs consist of the following NEC codes. Reference (a) further describes each of the NEC codes.

NEC	Designation
L27A	Medical Deep Sea Diving Technician
L28A	Deep Sea Diving Independent Duty Corpsman (IDC)
L11A	FMF RECON HM
L02A	FMF RECON IDC

5. **Program Entry Requirements.** Except where specified "no waiver," Bureau of Naval Personnel (BUPERS), Medical/Dental HM Rating Enlisted Community Manager (BUPERS-325) may waive one or more entry requirements, if the applicant is considered otherwise qualified. Due to the cost of permanent change of station orders, historically high attrition training rates, and to prevent undue delay in training; commands and personnel submitting requests for conversion must strictly adhere to the policy and requirements specified in this article.

a. **Duty Status.** Applicant must be on active duty.

b. **Source Rating.** Applicant must be in or request to convert to the HM rating. Conversion to the HM rating will be conducted per MILPERSMAN 1440-010.

c. **Age Requirement**

(1) For NEC L27A, applicant must be 30 years of age or less as of date of application receipt at Navy Personnel Command (NAVPERSCOM), Medical Assignments Branch (PERS-407).

(2) For NEC L11A, applicant must be 28 years of age or less as of date of application receipt at NAVPERSCOM (PERS-407).

d. **Rank**

(1) For NEC L27A, applicant must be in pay grade E-1 through E-6.

(2) For NEC L11A, applicant must be in pay grade E-1 through E-5.

(3) For NECs L28A and L02A, applicant must be in pay grade E-5 with 2 years of time in rate.

e. **Armed Services Vocational Aptitude Battery (ASVAB).** Applicant must meet ASVAB requirement per current ASVAB NAVADMIN.

f. **Medical Requirements.** Applicant must meet medical standards as specified in reference (b). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (b) and **through** the Service Member's commanding officer (CO), **via** Bureau of Medicine

and Surgery (BUMED), Undersea Medicine and Radiation Health (M95) to Bureau of Naval Personnel, Military Community Management (BUPERS-3).

g. **Hyperbaric Pressure Test.** Must be administered per reference (c); hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

h. **Obligated Service (OBLISERV).** The OBLISERV requirement for attending initial training is 36 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs must ensure applicants understand obligated service to train options specified in MILPERSMAN 1306-106 and reference (d). **No waivers.**

i. **Performance Standards.** All evaluation trait marks must be 3.0 or above in the last three evaluation reports.

j. **Non-Judicial Punishment (NJP) or Court Conviction.** The applicant may not have an NJP, court-martial, or serious civil court conviction during the previous 18 months prior to the application.

k. **Security Clearance.** Applicant must meet eligibility requirements for a secret clearance based on a national agency check with local agency and credit checks (NACLC). **No waivers.**

l. **Physical Fitness.** Applicant must pass the physical screening test (PST) per requirements listed in MILPERSMAN 1220-410. FMF RECON Corpsman Program candidates must meet sea-air-land (SEAL) standards. Medical Deep Sea Diver Program candidates must meet Navy diver standards. **No waivers.**

m. **Recommendation.** Applicant must be recommended for initial training by the member's current CO.

6. **Applying for the Program.** Applicants who are applying for the program must take the following steps:

Step	Action
1	Contact NAVPERSCOM (PERS-407) to locate the nearest approved screening activity: Phone - COM 901-874-3322, DSN 882
2	Undergo the screening process
3	Receive Report of Medical Deep Sea Diving/FMF RECON Corpsman Program Screening
4	Assemble program screening package
5	E-mail the screening package (digitally signed and encrypted) to the following e-mail address: pers-407cschoolpkgs@navy.mil

7. **Program Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A qualified screener is as follows:

(1) Diving officer;

(2) Master diver (NEC MMDV); or

(3) E-7 through E-9 deep sea diving IDC (NEC L28A) or E-7 through E-9 FMF RECON IDC (NEC L02A) (as applicable).

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any U.S. Navy diving, explosive ordnance disposal (EOD)/SEAL/special warfare combatant craft crewman (SWCC)/underwater construction technician (UCT) command, RECON battalion, Marine special operations battalion, or Navy Recruit Training Command. Diving commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by NAVPERSCOM (PERS-407).

8. **Program Screening Process.** The screening activity will ensure the following:

Step	Action	Per
1	Interview the Applicant	paragraph 8a
2	Conduct Applicable Special Duty Examination(s)	paragraph 8b
3	Conduct the PST	paragraph 8c
4	Conduct a Hyperbaric Pressure Test	paragraph 8d
5	Submit a Request for Program Entry	paragraph 8e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character traits, background, motivation, and potential for successfully completing training and subsequent Medical Deep Sea Diving or FMF RECON Corpsman career assignments. The interviewer will do the following:

(1) Discuss the nature of the Medical Deep Sea Diving and FMF RECON Corpsman operations with the applicant (including training, duty assignments, operational employment, career development, pay, advancement, etc.).

(2) Review the applicant's service record to fully assess past performance, program entry effect on professional development, and potential for successfully completing initial training.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in an aquatic environment. This should not be determined solely by the PST.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete exhibit 1, Report of Medical Deep Sea Diving/FMF RECON Corpsman Program screening.

(a) All program entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend initial training.

b. Conduct Applicable Special Duty Examination(s).
Applicants must meet physical examination standards or obtain waiver of standards per reference (b).

(1) Approved Location. The medical examination must be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) Approved Medical Examiner. Per reference (b), examinations may be conducted by any physician, but an undersea medical officer (UMO) with specialty code 16U0 or 16U1 must approve and review all examinations and reports. BUMED (M95) can review and sign the physical examinations for accessions performed by another credentialed medical provider where a Navy UMO is not within close proximity.

(3) Medical Reports. Results of the diving medical examination will be recorded on the following reports:

(a) DD 2807-1 Report of Medical History

(b) DD 2808 Report of Medical Examination

(4) Validity. The initial diving medical examination will be valid for a 24-month period. Candidates who have not reported to initial training within the 24-month period, or have incurred any change in their health status, must re-submit DD 2807-1 and DD 2808 updated reports to NAVPERSCOM (PERS-407). DD 2807-1 and DD 2808 may be accessed by using the following Web address: <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>.

c. Conduct the PST. The PST is designed to assess the applicant's physical ability to undergo initial and advanced training which include IDC School, the Special Operations Tactical Responder Course, and the Special Operations Combat Medic (SOCM) Course.

(1) Administer the PST per MILPERSMAN 1220-410.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated in MILPERSMAN 1220-410.

(3) Testing Males and Females. PST standards are identical for male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (c).

e. **Submit a Request for Program Entry.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-407) via NAVPERS 1306/7 Enlisted Personnel Action Request. NAVPERS 1306/7 may be accessed by using the following Web address:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1306-983 and include the following statement:

" Per MILPERSMAN 1306-983, I volunteer for Medical Deep Sea Diving/FMF RECON Corpsman duty and request assignment to initial training. I agree to serve on active duty for a period of 36 months from class graduation date, or until completion of previously obligated service, whichever is greater, unless released earlier by NAVPERSCOM. I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as a medical deep sea diving technician or FMF RECON corpsman during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for Medical Deep Sea Diving and FMF RECON Corpsman training and assignment to duty.

(3) Required enclosures are listed below:

Enclosure 1	DD 2807-1 Report of Medical History
Enclosure 2	DD 2808 Report of Medical Examination
Enclosure 3	MILPERSMAN 1306-983, Exhibit 1, Report of Medical Deep Sea Diving/FMF RECON Corpsman Program Screening
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record (E1-E6) for previous 3 years, including any special or transfer evaluations
Enclosure 5	Hyperbaric pressure test results. Provide memorandum stating waiver justification if not completed

9. **Transfer to Initial Training**

a. **Physical Condition Verification.** The member's physical fitness condition must be verified at initial screening site and within 30 days of transfer to initial training in the respective training pipeline. This will be accomplished with the candidate performing the PST. Exhibit 1 will be submitted to NAVPERSCOM (PERS-407). Personnel who fail the PST 30 days prior to transfer will retest within 15 days prior to transferring. If the member fails again, he or she will be held in abeyance and NAVPERSCOM (PERS-407) will be notified by message.

b. **Disqualifying Condition.** Personnel who have received orders to attend initial training, but develop any possible disqualifying condition; to include physical conditioning, medical, performance standards, NJP, court-martial, serious civil court conviction, or loss of security clearance eligibility are required to notify NAVPERSCOM (PERS-407) by message.

10. **Voluntary NEC Revocation**

a. **Request for Removal of NEC.** Members assigned Medical Deep Sea Diving and FMF RECON Corpsman NEC codes may request removal of their NEC, via their CO, to BUPERS-325. Personnel are required to submit NAVPERS 1221/6 Navy Enlisted Classification (NEC) Change Request. NAVPERS 1221/6 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. **Request Reasons and Statement.** The request should include member's reasons for removing NEC and the following statement:

"I understand removal of my assigned NEC (fill in) will result in stoppage of all special and hazardous duty pays and reassignment to a non-NEC billet, not necessarily at my present command."

c. **Further Training/Assignment/OBLISERV.** Members who voluntarily request NEC removal normally will not be approved for further voluntary training or assignment in other diver, EOD, SEAL, and UCT programs; however, members must serve the remainder of original OBLISERV incurred as the result of initial training in a non-NEC billet, unless released at an earlier date by CHNAVPERS. Contact BUPERS-325 for information on reverting to a component diving NEC.

11. **Involuntary NEC Revocation**

a. **CO Determination.** COs may recommend revocation of a member's NEC(s) by submitting NAVPERS 1221/6 to BUPERS-325. This revocation must not be used as a punitive measure, but based on the CO's determination that the member is no longer suitable for assignment to billets requiring the NEC. NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of the member's NEC.

b. **Insignia.** Members who have their NEC(s) involuntarily removed for performance or personal conduct deficiencies will not be authorized to wear applicable distinguishing insignia.

c. **Required Statement.** Recommendations to revoke an NEC must include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

d. **Revocation Reasons.** Primary reasons for revocation of NEC include, but are not limited to, the following:

(1) Failure or unwillingness to perform duties required of the NEC.

(2) Failure to maintain NEC eligibility:

(a) Permanent revocation by the Department of Defense (DoD), Central Adjudication Facility of the member's security clearance.

(b) Permanent physical disability.

(3) Professional Performance:

(a) Culpable negligence.

(b) Breaches of diving safety or regulations.

(c) Loss of CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

(d) Failure to satisfactorily complete PST as required in this article.

(4) Alcohol Abuse. Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary counseling, or rehabilitation procedures as outlined in reference (e). At any time, during or upon completion of those proceedings, COs have the following options:

(a) The member will remain assigned to the command in a non-Medical Deep Sea Diving/FMF RECON Corpsman status and will have an alcohol rehabilitation program developed per reference (e). Commands will submit NAVPERS 1221/6 to BUPERS-325 to affect suspension of the Medical Deep Sea Diving or FMF RECON Corpsman NEC. Upon successful completion of the alcohol rehabilitation program, the CO may request reinstatement of the member's Medical Deep Sea Diving or FMF RECON Corpsman NEC.

(b) If the member has **previously failed rehabilitation treatment and the CO has a loss of confidence in**

the member, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. Commands will submit NAVPERS 1221/6 to BUPERS-325 to revoke the Medical Deep Sea Diving or FMF RECON Corpsman NEC.

(c) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, or Federal law or the Uniform Code of Military Justice) **or substandard service** and are found in need of treatment will be placed in a non-Medical Deep Sea Diving or FMF RECON Corpsman status pending outcome of required treatment. Commands will submit NAVPERS 1221/6 to BUPERS-325 to suspend the Medical Deep Sea Diving or FMF RECON Corpsman NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's Medical Deep Sea Diving or FMF RECON Corpsman NEC.

(5) Drug Abuse. Members identified as having abused drugs, as defined in reference (e), are not eligible for diving duty or future reinstatement. Members will be processed for administrative separation as specified in MILPERSMAN 1900 series. Commands will submit NAVPERS 1221/6 to BUPERS-325 to revoke the Medical Deep Sea Diving or FMF RECON Corpsman NEC.

Note: NEC revocation must not be used as a substitute for required disciplinary, punitive, and or administrative action. Particular consideration must be exercised to ensure that NEC revocation is not used to transfer members to other units when they do not clearly meet the established high standards for continued naval service.

12. Reinstatement

a. **Request.** Personnel whose NEC was previously removed by administrative action may request reinstatement of their former NEC by submitting NAVPERS 1306/7 to BUPERS-325 via their present CO. If approved, COs will submit NAVPERS 1221/6 to BUPERS-325.

b. **Requests from Personnel Separated.** Personnel separated from the Navy may request reinstatement of their former NEC by submitting NAVPERS 1306/7 to BUPERS-325, if qualified and recommended for reenlistment in the NEC at time of separation. The member may send the request for reinstatement directly to BUPERS-325.

13. **Supervisory Status.** There are a few situations in which personnel are unable to meet the physical standards for Medical Deep Sea Diving FMF RECON Corpsman duties, to include diving operations, through no fault or lack of diligence on the member's part. In these few cases, personnel whose significant Medical Deep Sea Diving or FMF RECON Corpsman experience is of continued value to the Navy, may apply for "Supervisory Status" designation and remain in the Medical Deep Sea Diving and FMF RECON Corpsman Programs.

a. **Eligibility.** Personnel serving in pay grades E-7 through E-9, with NECs L28A or L02A, may request designation for supervisory status by submitting NAVPERS 1306/7 **via** their CO and BUMED (M95) **to** BUPERS-325. Request must contain the following:

Enclosure (1)	Results of a recent diving physical examination
Enclosure (2)	Synopsis of previous NEC-related experience

b. **Designation.** If approved, BUPERS-325 will designate personnel in either "Supervisory Status, Diving" or "Supervisory Status, Non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by the CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "Supervisory Status, Diving" or "Supervisory Status, Non-diving" at the member's activity.

(4) The member's eligibility, as specified in NECs below:

Supervisory Status Only (Categories) Eligibility Criteria	L02A L28A
Diving Status (requalification dives only)	YES
Minimum years of service in NEC	4
Maximum years total service	26
Top 30 percent evaluations previous 4 years	YES
Qualified for sea duty	YES

Non-diving Status	YES
Minimum years of service in NEC	4
Maximum years total service	20
Top 10 percent evaluations previous 4 years	YES

(5) Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" will be limited to a maximum of five percent of an activity's onboard diving-related billet allowance or less if the number may be detrimental to operational capability.

c. **Disapproval.** If disapproved, members will have their Medical Deep Sea Diving or FMF RECON Corpsman NEC revoked per paragraph 11 of this article.

d. **Tenure.** Designation of personnel for "Supervisory Status, Diving" or "Supervisory Status, Non-diving" must be made to coincide with required diving duty physical examination expiration date. Extension of "Supervisory Status" must be requested to coincide with completion of diving duty physical examinations. Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal periodicity of their diving duty physical examination.

e. **Assignments.** Personnel designated "Supervisory Status, Diving" are assignable to sea duty; eligible for diving pay per their current NEC; and limited to performing supervisory, inspection, and re-qualification dives only per MILPERSMAN 1220-260.

f. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will not normally be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" must not dive.

14. **Periodic Regualification.** Periodic requalification of Medical Deep Sea Diving and FMF RECON Corpsman personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford

every opportunity for maintaining individual qualification without lapse.

a. **Diving Specific NEC Requalification.** For policy on diving specific NEC requalification, refer to MILPERSMAN 1220-260.

b. **Documentation.** Documentation of diving operations is described in reference (c).

c. **PST Requalification.** PSTs will be conducted at the following times:

(1) Initial application for Medical Deep Sea Diving and FMF RECON Corpsman Programs.

(2) During training at the Center for Explosive Ordnance Disposal and the Diving Preparatory Course in Great Lakes, IL and while a student at the Naval Diving and Salvage Training Center in Panama City, FL (as required).

(3) Upon initial application for advanced training, to include IDC School, Special Operations Tactical Responder Course, and the SOCM Course.

EXHIBIT 1
REPORT OF MEDICAL DEEP SEA DIVING/FMF RECON CORPSMAN
PROGRAM SCREENING

(Use Standard Naval Letter format)

From: (screening activity)
To: Commander, Navy Personnel Command (PERS-407)

Subj: REQUEST FOR MEDICAL DEEP SEA DIVING/FLEET MARINE FORCE
RECONNAISSANCE PROGRAM SCREENING

Ref: (a) MILPERSMAN 1306-983

1. (rank or rate, name) , currently assigned to (member's present command), was screened for entry to the Medical Deep Sea Diving/Fleet Marine Force (FMF) Reconnaissance (RECON) Corpsman Program as specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (rank, name, position, command, date) (interviewer should include any significant findings pertinent to selection or non-selection of member for requested training).

(1) Does the applicant thoroughly understand the mission and scope of the program? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during initial training and what will be expected of him or her? Yes _____ No _____

(3) Is the applicant's motivation for entry into the program a sincere desire for professional growth and achievement and not solely for the money, or as a method to escape the applicant's present circumstances, etc.? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the program? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede the applicant's ability to concentrate on and complete the training? Yes _____ No _____

b. Physical screening test conducted by: (name, rank, position, command, date).

(1) Swim Time: ____ min ____ sec

(2) Run Time: ____ min ____ sec

(3) Sit-ups: ____, Push-ups: ____, Pull-ups: ____

c. Hyperbaric test conducted by: (name, rank, position, command/facility, date) or waived (state justification)

d. Eligible for a secret security clearance based on a national agency check with local agency and credit checks (NACLIC)?

Yes ____ No ____

3. Based on (satisfactory/unsatisfactory) completion of this screening and per rating conversion entry requirements specified in reference (a), the member (is or is not) recommended for the Medical Deep Sea Diving and FMF RECON Corpsman Program. (If member is not recommended, state reason(s)).

MILPERSMAN 1306-984

NAVAL SPECIAL WARFARE COMMAND (NAVSPECWARCOM) TACTICAL INFORMATION OPERATIONS (TIO) PROGRAM

Responsible Office	NAVPERSCOM (PERS-408)	Phone:	DSN COM FAX	882-4425 (901) 874-4425 882-2650
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

1. **Background.** Naval Special Warfare Command (NAVSPECWARCOM) Tactical Information Operations (TIO) Program billets provide critical capability to naval special warfare (NSW) forces. TIO duty is frequently isolated and independent, and involves deployment in arduous and combat environments. Assignment of Navy cryptologic personnel to TIO billets require careful consideration of individual suitability. TIO personnel are highly trained and equipped to provide a wide variety of tactical cryptologic support to NSW.

a. **Designation.** NAVSPECWARCOM TIO personnel are designated:

- (1) TIO operators (TIO-O)
- (2) TIO analysts (TIO-A)
- (3) TIO equipment managers

b. **Location.** TIO billets are located within NAVSPECWARCOM commands.

- (1) Primary tour commands:

(a) Special Reconnaissance (SPECRECON) TEAM ONE,
unit identification code (UIC): 48569

(b) SPECRECON TEAM TWO, UIC: 49660

(2) Follow-on tour commands:

- (a) SPECRECON TEAM ONE, UIC: 58185 (shore)
- (b) SPECRECON TEAM TWO, UIC: 58186 (shore)
- (c) Commander, NSW Command (COMNAVSPECWARCOM),
UIC: 00074
- (d) Commander, NSW Group (COMNAVSPECWARGRU) TEN,
UICs: 58063, 50167, 50168, 58074
- (e) COMNAVSPECWARGRU THREE, UIC: 55446
- (f) COMNAVSPECWARGRU FOUR, UIC: 39580
- (g) NSW Unit (NAVSPECWARUNIT) ONE, UIC: 46987
- (h) NAVSPECWARUNIT TWO, UIC: 53991
- (i) NAVSPECWARUNIT THREE, UIC: 39966
- (j) NAVSPECWARUNIT TEN, UIC: 34122
- (k) NSW Detachment (NAVSPECWAR DET) Fort Meade,
UIC: 58091
- (l) NAVSPECWAR DET, United States Special Operations
Command, UIC: 32187
- (m) Afloat Training Command Detachment Coronado,
UIC: 69984

(3) Either primary or post-primary tour command -
NAVSPECWAR, Mission Support Center, UIC: 39578

c. **Authorization to Apply.** Due to the nature of work and requirement to operate independently, first tour Sailors are not authorized to apply until completion of first tour of duty.

d. **Tour Lengths.** Primary duty with NAVSPECWARCOM TIO is classified as type 2 sea duty. Due to the extensive amount of initial training, the tour lengths are 60 months for TIO-O and TIO-A. Tour lengths are 36 months for equipment managers. NSW, Mission Support Center and post-primary tour lengths are 36

months, with the exception of NAVSPECWARUNIT THREE, which is 18 months unaccompanied or 24 months accompanied.

2. Requirements and Qualifications

a. **Eligible Ratings.** The following ratings are currently eligible for assignment as TIO-O and TIO-A:

- (1) CTR - cryptologic technician (collection)
- (2) CTI - cryptologic technician (interpretive)
- (3) CTT - cryptologic technician (technical)
- (4) CTN - cryptologic technician (networks)

b. **Eligible Ratings.** Cryptologic technician (maintenance) is currently eligible for assignment as equipment manager.

c. **Applicant Requirements.** Applicants must:

- (1) Receive a single scope background investigation and counter-intelligence polygraph. The Service member's command will initiate the investigation prior to transfer,
- (2) Score "Good" or above on the most recent physical fitness assessment with no failures over the past 3 years,
- (3) Complete screening process as promulgated by message from COMNAVSPECWARCOM. Service members must meet special program requirements,
- (4) Be interviewed and screened by NAVSPECWARCOM TIO personnel for assessment of suitability for the program. The initial point of contact is:

Commander, Naval Special Warfare Command (COMNAVSPECWARCOM) (N39) Recruiting Directorate COMM: (619) 522-2845 E-mail: TIORecruiting@socom.mil
--

(5) (For TIO-O only) satisfactorily complete the physical screening test administered by NAVSPECWARCOM, Recruiting Directorate (N39) per table below. No waivers will be granted for failure of any portion of the test.

<u>Event</u>	<u>Conditions/Standards</u>
500 yard (450 meter) swim	using breast and or sidestroke in 13 minutes followed by a 10-minute rest
push-ups	50 in 2 minutes followed by a 2-minute rest
curl-ups	50 in 2 minutes followed by a 2-minute rest
pull-ups	6 (no time limit) followed by a 10-minute rest
run	1.5 mile in physical training gear and running shoes in 12 minutes

d. **Termination**

(1) **Voluntary.** TIO-O and TIO-A personnel who no longer desire to serve within the TIO Program for any reason may request termination and reassignment by submitting [NAVPERS 1306/7](#) Electronic Personnel Action Request to Bureau of Naval Personnel (BUPERS), Enlisted Community Management Division (BUPERS-32), via their chain of command, and Navy Personnel Command (NAVPERSCOM), Information Warfare Branch (PERS-408). Officer and enlisted personnel will be made available for immediate transfer to other NSW or fleet assignments without prejudice prior to their projected rotation date and replaced with a new candidate.

(2) **Involuntary.** TIO-O and TIO-A personnel who fail to maintain any of the above listed qualifications for initial screening may be subject to involuntarily termination from the TIO Program. Commanding officers have substantial discretion to involuntarily terminate TIO personnel when necessary. TIO personnel whose actions or omissions pose a legitimate risk to mission accomplishment, unit cohesion, strategic relationships, or other significant command interest may be terminated without prejudice due to operational necessity. Involuntary termination

is purely an administrative personnel matter, it is not dependent upon a finding of guilt in any punitive or administrative proceeding, and is not a substitute for punishment, detachment for cause, or any other adverse action.

3. **COMNAVSPECWARCOM TIO Follow-On Tours**

a. Due to the unique and extended training pipeline for TIO personnel and special operations forces (SOF), their deployed experience may be required for a follow-on assignment within NSW. The follow-on assignment will be based upon operational requirements, billet availability, and individual performance at the discretion of N39.

b. When required, flexible pay grade and rating detailing of selected senior enlisted TIO personnel into specific TIO post-primary tour billets will occur. The NSW TIO senior enlisted leadership positions established outside of the entry-level primary duty stations require a level of SOF signal intelligence expertise that is available only through the conduct of multiple NSW TIO operational deployments. Correct fit-and-fill recommendations will be made by N39 (when possible), and cross-rate detailing is recommended only when no other option is feasible.

-------------------	-----------------------------------

1. Background

a. The United States Special Operations Command (USSOCOM) leads, plans, synchronizes, and (as directed) executes global operations against terrorist networks. USSOCOM trains, organizes, equips, and deploys combat ready special operation forces to combatant commanders. The mission is to provide fully capable special operations forces to defend the United States and its interests.

b. USSOCOM consists of the joint headquarters for all special operations forces component commands, as well as all theater special operations commands. Personnel assigned represent all services, both active duty and reserve, civil service employees, and contractors. As the combatant command designated to lead efforts against terrorist networks, assigned personnel are expected to adhere to strict standards that will not jeopardize their security clearances in any manner. Military members must be able to work in a diverse and large organization while maintaining a high level of physical fitness.

c. Personnel assigned will have ample opportunity for professional gratification. There are many intangible rewards in being assigned to the nation's premier warfighting command. Members who are looking for a challenging assignment are encouraged to apply.

2. Requirements/Qualifications

a. To qualify for assignment to USSOCOM, applicants must:

(1) Complete NAVPERS 1306/92 Special Program Screening and exhibit 1 of MILPERSMAN 1306-900 for flag staff screening.

(2) Conduct a prescreening interview with the USSOCOM staff personnel officer. Contact information will be provided via screening notification message from Navy Personnel Command (NAVPERSCOM).

(3) Be an E-5 or above with the following criteria:

(a) E-5 with less than 10 years of active service;

or

(b) E-6 with less than 14 years of active service.

(4) Have a warfare designator.

(5) Hold a current single scope background investigation for top secret/sensitive compartmented information access prior to transfer per reference (a).

(6) Have scored a Good or above on the most recent physical readiness test with no failures over the past 36 months.

(7) Be in a "FIT" for full duty status. Medical or limited profiles of any type must be communicated in advance to NAVPERSCOM, Shore Special Programs Assignment Section (PERS-4010G) for assessment by the gaining command.

b. Required obligated service for this program is 36 months.

MILPERSMAN 1306-986

RECRUITMENT/ASSIGNMENT TO NAVAL SPECIAL WARFARE GROUP TEN SPECIAL RECONNAISSANCE TEAMS AND THE LANGUAGE AND REGIONAL EXPERT PROGRAM

Responsible Office	NAVPERSCOM (PERS-401)	Phone: DSN 882-4252 COM (901) 874-4252
	COMNAVSPECWARGRU TEN	Phone: DSN 255-5383 COM (757) 763-5383
MyNavy Career Center		Phone: Toll Free 1-833-330-NCC (6622) E-mail: askmncc@navy.mil MyNavy Portal: https://my.navy.mil

1. **Purpose.** To establish requirements for screening and selecting applicants prior to the issuance of permanent change of station (PCS) orders to certain commands, units, or programs under the cognizance of Commander, Naval Special Warfare Group TEN (COMNAVSPECWARGRU TEN).

2. **Background**

a. COMNAVSPECWARGRU TEN organizes, staffs, trains, educates, equips, supports, and deploys specialized capabilities to include intelligence, surveillance, and reconnaissance (ISR); preparation of the environment (PE); unmanned aerial systems (UAS); cultural ISR; and other special operations capabilities in support of combatant commanders and other mission partners. COMNAVSPECWARGRU TEN is the echelon 3 (immediate superior in command) responsible for the following echelon 4 commands: Special Reconnaissance Teams (SPECRECONTEAM) ONE and TWO and the Mission Support Center (MSC) which directs the Language and Regional Expert (LRE) Division. Within Naval Special Warfare (NSW); COMNAVSPECWARGRU TEN; and Commander, Naval Special Warfare Development Group, [MILPERSMAN 1306-979](#) applies to screening commands with different screening and manning requirements. In order to ensure mission accomplishment, it is essential that both commands recruit, assess, and select the "right" Sailors for the "right" billets.

b. SPECRECONTEAM ONE and SPECRECONTEAM TWO prepare and deploy forces to conduct PE, ISR, special operations, and combat support for combatant commanders, the interagency, and host nation partners.

c. MSC's LRE Division provides micro-regional expertise in culture and language to U.S. Navy units. Personnel are expected to accompany special operations forces throughout the spectrum of mission tasking. Eligible candidates enter the LRE Program through this application program during recruit training or from the Navy's fleet and can be of any rating.

d. This article applies to the following commands: Naval Base Coronado; Silver Strand Training Complex-South, San Diego, CA; and Joint Expeditionary Base Little Creek, Fort Story, Virginia. COMNAVSPECWARGRU TEN unit identification codes (UIC) 58063 (shore) and 58065 (sea), Training ONE 50168 (sea), Training TWO 50167 (sea), Detachment Coronado 58074 (sea), SPECRECONTEAM ONE UICs 48569 (sea) and 58185 (shore), SPECRECONTEAM TWO UICs 49660 (sea) and 58186 (shore), and MSC LRE Division UIC 57107 (sea). Personnel assigned to either sea or shore UICs are deployable.

3. General Eligibility Requirements

a. Conduct. Applicants may not have any alcohol related incidents, non-judicial punishments, or civil convictions (excluding minor traffic violations) within the 36 months prior to screening. Members convicted of a domestic violence charge or otherwise precluded from possessing firearms are ineligible (non-waiverable). Applicants must demonstrate maturity and sound judgment, technical acumen, and sustained superior performance.

b. Physical Fitness. All applicants must have scored at least "Good" on the most recent physical fitness assessment (PFA). Applicants in a limited duty status at the time of screening must be projected fit for full duty and with a "Good" PFA score prior to receiving PCS orders.

NOTE: Applicants applying for tactical information operations (TIO) operator will be required to satisfactorily complete the physical screening test per [MILPERSMAN 1306-984](#), NAVSPECWARCOM TIO Program. No waivers will be granted for failure of any portion of the test.

c. Government Travel Card (GTC). All personnel must qualify for and maintain eligibility for a GTC. Loss of eligibility for a GTC will result in disqualification and subsequent transfer from COMNAVSPECWARGRU TEN or subordinate activities.

d. Passport. Personnel will be required to have a government and civilian/tourist passport. Members selected for assignment must initiate processing prior to leaving their current commands.

4. **SPECRECONTEAM Eligibility Requirements.** In addition to paragraph 3 above, all SPECRECONTEAM applicants must meet the following requirements:

a. **Eligible Ratings for SPECRECONTEAM Assignment.** Assignment to SPECRECONTEAMS will be considered based on existing requirements and an applicant's particular skill set. The following ratings are eligible for screening and assignment to SPECRECONTEAMS (subject to additions and deletions).

AD	Aviation Machinist's Mate
AE	Aviation Electrician's Mate
AM	Aviation Structural Mechanic
AT	Aviation Electronics Technician
AWF	Naval Aircrewman (Mechanical)
AWO	Naval Aircrewman (Operator)
AWR	Naval Aircrewman (Tactical Helicopter)
AWS	Naval Aircrewman (Helicopter)
AWV	Naval Aircrewman (Avionics)
AZ	Aviation Maintenance Administration
BU	Builder
CTI	Cryptologic Technician (Interpretive)
CTM	Cryptologic Technician (Maintenance)
CTN	Cryptologic Technician (Networks)
CTR	Cryptologic Technician (Collection)
CTT	Cryptologic Technician (Technical)
ET	Electronics Technician
GM	Gunner's Mate
HM	Hospital Corpsman
IS	Intelligence Specialist
IT	Information Systems Technician
LS	Logistics Specialist
MA	Master-At-Arms
NCC	Navy Counselor Career
OS	Operations Specialist
PS	Personnel Specialist
SB	Special Warfare Boat Operator
SO	Special Warfare Operator
YN	Yeoman

b. Interchangeable Billets. Billets within the following rating communities are interchangeable based on specific skill sets and qualifications: Seabees, CT, ET, IT, and all aviation ratings.

c. Pay Grades. Applicants must be in pay grade E-5 to E-9 (includes Sailors frocked to E-5) with no less than 5 years before reaching high year tenure (HYT) in their current pay grade.

d. Timing. Applicants must be 15 plus months from their projected rotation date (PRD) to apply for screening. Personnel with less than 15 months until their PRD may be considered on a case-by-case basis if the respective detailee supports, in writing, the release to screen per [MILPERSMAN 1306-900](#).

e. Citizenship and Security Clearance. Applicants must be U.S. citizens, possess a valid driver's license, and have at least a secret clearance with eligibility to obtain a top secret (TS) clearance with sensitive compartmented information (SCI) access (non-waiverable). All applicants must initiate TS/SCI clearance application upon receipt of orders.

NOTE: TIO applicants must receive a single scope background investigation and counterintelligence polygraph (CI/POLY). The Service member's command will initiate the investigation prior to transfer.

f. Weapons Qualification. Personnel are expected to cross-train and attain qualifications and skills beyond the scope of their regular in-rate duties, including, but not limited to, small arms qualification and qualification with crew-served weapons. (Crew-served weapons are weapons that require more than one person to operate).

g. Obligated Service (OBLISERV). Due to the extensive training and qualifications, CT-TIO operators and CT-TIO analysts will have 60 months OBLISERV with the option to extend 12 months per [MILPERSMAN 1306-984](#). All other aviation, ET, IT, and IS ratings on sea duty require 48 months of OBLISERV with the option to extend 12 months. SO and SB minimum OBLISERV can be 24 months. All other ratings will follow current sea/shore flow per naval administrative message but must have a minimum of 36 months OBLISERV due to training. Waiver requests must contain justification and rationale for consideration.

h. Deployment Requirement. Personnel assigned will not be eligible to submit request for commissioning programs or requests to transfer to the Fleet Reserve until they have completed at least one deployment with the command.

i. Combat Support CT-TIO and Personnel in Select Ratings Assigned to Sea Duty Billets. Combat support CT-TIO operators and personnel in select ratings, to include aviation ratings, ET, IT, CT, and IS, assigned to sea duty billets will require survival, evasion, resistance and escape "C" training included in PCS en route orders. All personnel will require expeditionary combat skills (Navy enlisted classification code 804G) in PCS en route orders if assigned to sea duty.

j. UAS Applicants. All UAS applicants must have a current Class IV, group III flight physical no later than 12 months from their current projected rotation date, if selected for orders.

k. CT Eligible Personnel. In addition to this article, CT eligible personnel must also refer to [MILPERSMAN 1306-984](#) for additional application and program screening requirements and potential follow-on post-primary tours.

5. **LRE Eligibility Requirements**. In addition to eligibility requirements in paragraph 3 above, all LRE applicants must meet the following requirements:

a. Ratings. The MSC LRE Program does not have a rating or grade requirement; however, all personnel accessed through recruit training must qualify for the HM rating.

b. Pay grades. All pay grades are eligible.

c. Timing. Applicants must not be within 36 months of HYT.

d. Citizenship and Security Clearance. Applicants must have lived in their heritage culture as an adolescent and young adult and be no more than 34 years of age upon PCS to the MSC (waiverable). Applicants must possess a valid driver's license and be eligible to obtain a secret clearance (non-waiverable).

e. Must be willing to perform a CI/POLY and or a lifestyle polygraph (non-waiverable).

f. OBLISERV. The minimum tour length for personnel in pay grade E-5 will be 60 months. E-6 and above personnel will serve a minimum tour length of 48 months.

g. Language Proficiency. Applicants must have a minimum score of 2 plus/2 plus on the Defense Language Proficiency Test (DLPT). If the language does not have a DLPT, personnel are required to take an oral proficiency interview with minimum score of 2 plus.

6. Application Process

a. Application and Screening Information. Information about the application and or screening process for assignment to COMNAVSPECWARGRU TEN, SPECRECONTEAMS, or the MSC may be obtained by contacting NAVSPECWARGRU TEN's recruiting and manning directorate at nswg-10ram@socom.mil.

b. Waiver Requests. Waiver requests must contain full justification and rationale for consideration. As applicable, forward waiver request to the responsible office.

c. Termination. Personnel who no longer volunteer or fail to maintain qualification standards must submit termination and reassignment requests by submitting a [NAVPERS 1306/7](#) Electronic Personnel Action Request (ePAR) through their chain of command, to Assistant Commander, Navy Personnel Command (PERS-4) via MyNavy Portal. Personnel will be made available for immediate transfer eparto other Naval Special Warfare or fleet assignment without prejudice prior to their PRD and replaced with a new candidate.

MILPERSMAN 1306-987

INSTRUCTOR DUTY FOR ENLISTED MEDICAL EDUCATION AND TRAINING CAMPUS (METC)

Responsible Office	NAVPERSCOM (PERS-407)	Phone:	DSN	882-3819
			COM	(901) 874-3819
			FAX	882-2645
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Program Background

a. Per MILPERMAN 1306-953 personnel will comply with the requisite training prior to or upon arrival at the appropriate activity for duty as an instructor. MILPERSMAN 1306-953 delineates the basic qualifications for instructor duty. MILPERSMAN 1306-900 provides the screening requirement for instructor duty.

b. The Base Realignment and Closure Commission (BRAC) 2005 DoD guidance realigned the Community College of the Air Force with the Medical Education and Training Campus (METC). As a result, instructors are now required to have (at a minimum) an Associate's Degree or be able to earn an Associate's Degree within 1 year of reporting to METC - the new tri-service medical training facility at Fort Sam Houston, Texas.

c. Tuition support (if appropriate) will be provided using the Navy's Tuition Assistance Program.

2. Transferring Command Requirements

a. Follow screening requirements provided in MILPERSMAN 1306-953 and MILPESMAN 1306-900.

b. Prescreen prospective METC instructors to ensure they have met the education requirements or are within 8-12 credits of degree completion. They are required to attain their Associate's Degree within 1 year of reporting to METC.

3. Receiving Command Requirements

a. Follow requirements delineated in MILPERSMAN 1306-953 and 1306-900.

b. Should an instructor fail to complete the mandatory education requirements within 1 year of reporting, METC will determine whether it is in the best interest of the command to allow the member more time to complete after considering mitigating factors. METC will take appropriate administrative/disciplinary action if member has not made appropriate progress and coordinate with Navy Personnel Command should reassignment be requested.

MILPERSMAN 1306-989

ASSIGNMENT TO CRYPTOLOGIC WARFARE MARITIME ACTIVITY SIXTY ONE (CWMA-61) SPECIAL PROJECTS

Responsible Office	NAVPERSCOM (PERS-408)	Phone: COM	(901) 874-3841

----------------------	---	--

Reference	(a) NAVMED P-117, Manual of the Medical Department
------------------	--

1. **Program Details.** Cryptologic Warfare Maritime Activity (CWMA-61) National Security Agency/Central Security Service (NSA/CSS) Special Projects/Subsurface Sea Duty (unit identification code (UIC) 59932) and NSA/CSS Special Projects/Sea Duty (UIC 48547) manage screening programs to evaluate personnel prior to assignment to the command. In coordination with Navy Personnel Command (NAVPERSCOM), Enlisted Information Warfare Community Distribution Branch (PERS-408) detailers, the screening activities will conduct record screening and personal interviews with candidates who meet the initial qualification criteria. The screening activities will coordinate with PERS-408 for orders assignment. Candidates should contact their detailers 13-18 months prior to their projected rotation dates to be eligible for consideration.

2. NSA/CSS Special Projects/Subsurface Sea Duty (UIC 59932)
Requirements, Qualifications, Eligible Ratings, and Navy
Enlisted Classification (NEC) Codes

RATING	NEC	DESIGNATION	REQUIREMENTS
CTI	9RUS	Tactical Language Operator	Recommended to hold one of these NECs and have previous direct support experience. Primary language waiverable with interview.
	9CMN	Tactical Language Operator	
CTM	C27X	Submarine Carry-On Equipment Technician	Required NEC.
CTR	C14A	Cryptologic Subsurface Augmentee Operator	Recommended NECs. Waiverable with interview.
	C24A	Cryptologic Subsurface Augmentee Supervisor	
	C18A	Intermediate Signals Analyst	Recommended NECs. Waiverable with interview.
	C23A	Morse Code Intercept Operator	
CTT	C07A	Operational Electronic Intelligence Analyst	Recommended. Waiverable with interview.
	C15A	Subsurface Augmentee Electronic Intelligence (ELINT) Operator	Required NEC. Minimum qualification direct support senior operator.
	C17A	Intermediate Technical ELINT (TECHELINT) Analysis Technician	Recommended. Waiverable with interview.
	C34A	Cryptologic Subsurface Augmentee ELINT Supervisor	Recommended. Waiverable with interview.

3. NSA/CSS Special Projects (UIC 48547) Requirements
Qualifications, Eligible Ratings, and NECs

RATING	NEC	DESIGNATION	REQUIREMENTS
CTI	9RUS	Tactical Language Operator	Recommended to hold one of these NECs and have previous direct support experience. Primary language waivable with interview.
	9KOR	Tactical Language Operator	
CTR	C23A	Morse Code Intercept Operator	Recommended to hold one of these NECs. Waivable with interview.
	C16A	Journeyman Analysis & Reporting Specialist	
	C14A	Cryptologic Subsurface Augmentee Operator	
	C18A	Intermediate Signals Analyst	
CTT	C15A	Subsurface Augmentee Operator	Recommended. Waivable with interview.
	C06A	Electronic Patrol (EP)-3E Technical Operator (OP)/Analyst	
	C07A	Journeyman Operational ELINT Analysis	Recommended to hold one of these NECs. Waivable with interview.
	C17A	Intermediate TECHELINT Analysis Technician	
CTM	C27X	Submarine Carry-on Equipment Technician	Required to hold one of these NECs.
	C28X	Ship's Signal Exploitation Equipment Increment Foxtrot (SSEE INC-F) Maintenance Technician	

4. **Additional Requirements.** The following additional requirements must be met for UIC 59932 and UIC 48547, unless waived by specified UIC officer in charge:

- a. Be a U.S. citizen;
- b. Be recommended by current chain of command;
- c. Have no non-judicial punishment or civil offenses in the last 3 years;
- d. Must not have any physical fitness assessment failures within the last 2 years;
- e. Have no alcohol-related incidents in the last 3 years;
- f. Have a completed single scope background investigation with Top Secret security clearance eligibility and counter-intelligence polygraph prior to reporting;
- g. Must have completed an NSA/CSS Special Projects Subsurface Sea Duty/Sea Duty application. [NAVPERS 1306/92](#) Special Program Screening is no longer required.
- h. UIC 59932 applicants must have previous in-rate submarine experience.
- i. Prior to transfer, detaching command is responsible for ensuring member is physically qualified for submarine duty per reference (a), and ensuring the following [NAVPERS 1070/613](#) Administrative Remarks entry is signed by member and witnessed:

"I hereby volunteer for duty in a submarine direct support billet, and I understand that I am considered to be a volunteer for duty in any type of submarine world-wide."

If member is not physically qualified or refuses to sign this entry, hold orders in abeyance and immediately notify NAVPERSCOM PERS-408 by message.

j. UIC 48547 applicant's detaching command will ensure member is physically qualified for sea duty per reference (a).

k. Required obligated service for UIC 59932 and UIC 48547 is 36 months.

NOTE: Detailed application information may be obtained by contacting UIC 59932 via phone at (410)854-2601 or UIC 48547 via phone at (410)854-2650.

			COM	(901) 874-4583
			FAX	(901) 874-2645
MyNavy Career Center		Phone:	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a)	DoD Instruction 5200.33 of 30 June 2011
	(b)	NAVMED P-117, Manual of the Medical Department (MANMED)
	(c)	DoDM 5200.02, Procedures for the DoD Personnel Security Program (PSP) of 3 April 2017

1. Program Background

a. Reference (a) assigns the defense courier mission to Commander, United States Transportation Command. The Defense Courier Division within the Operations and Plans Directorate is responsible for executing the courier mission to provide secure, timely, and efficient end-to-end global distribution of classified and sensitive material for the United States and its allies. Safety is an implicit, yet equally critical, tenant in the execution of courier operations.

b. Defense courier duty is open to all ratings.

c. Tour length will be 36 months or Department of Defense area tour for overseas assignment.

d. Defense couriers are eligible for special duty assignment pay.

2. Requirements and Qualifications. Candidates for defense courier duty must meet the requirements and qualifications per reference (a) and as follows:

a. Applicants must be U.S. citizens.

b. Applicants must hold the pay grade of E-5 or above, or have been selected for promotion to E-5.

c. Applicants must possess mature judgment, be highly reliable, and be diplomatic and courteous in deportment.

d. Applicants must have a military physical profile serial code of 1.1.1.2.2.1 or better and must have no physical condition that prevents frequent travel aboard aircraft.

e. Applicants must meet current height, weight, or body fat standards; be in standards at the time of transfer; and have passed the most recent physical fitness assessment.

f. Applicants must possess a valid civilian (State) driver's license.

g. Applicants must be able to lift 50 pounds.

h. Applicants must be free of permanent profiles or chronic conditions that prevent sitting or standing for long periods of time, bending over, carrying material, enduring long missions in vehicles and aircraft, and other demanding duties involved in moving material in a logistics warehouse operation.

i. Applicants must not have received court-martial or non-judicial punishment in the 5 years preceding application for defense courier duty.

j. Applicants must successfully complete the Defense Courier Training Course (levels 1 and 2) upon reporting to their courier duty station. On-the-job training is provided at their assigned site.

k. Applicants must be willing to endure frequent and lengthy missions on military and civilian aircraft and Government vehicles.

l. Applicants nominated to a defense courier station will be screened for duty. The commanding officer will certify the applicant has been screened and completed sections A, B, C, D2, and D3 of a [NAVPERS 1306/92](#) Special Program Screening.

(1) Performance Evaluations. A waiver is required for any mark below 3.0 on [NAVPERS 1616/26](#) Evaluation Report and Counseling Record (E-1 - E-6) and [NAVPERS 1616/27](#) Evaluation and Counseling Record (E-7 - E-9) in any trait over the last 36 months.

(2) Command Drug and Alcohol Program Advisor. Applicants with a documented incident of alcohol misuse (e.g., driving under the influence of alcohol, driving while intoxicated, public intoxication within the previous 36 months, or any two incidents during their career) are unsuitable.

(3) Medical and Dental. Health and dental records must be screened per reference (b) and as documented in the applicant's health records. Due to the routine high-stress environment at defense courier stations, applicants with any condition related to mental health, cognitive impairments, or other affective liabilities will not be assigned. At a minimum, applicants must be classified as dental class 2 prior to transfer.

(4) Family Advocacy Program (FAP). Substantiated FAP cases for physical abuse are disqualifying while families are in treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges). Applicants involved in substantiated cases involving child abuse, sexual molestation, or any sexual assaults (incest or other) are permanently disqualified.

(5) Demonstrated Leadership. Due to the demanding responsibilities, stressful environment, requirement for in-depth knowledge of Navy policies, and frequent interface with senior personnel, completion of a successful tour is required prior to assignment to a defense courier station.

m. The original [NAVPERS 1306/92](#) will be scanned and submitted via e-mail to Navy Personnel Command (NAVPERSCOM) Shore Special Programs Distribution Branch (PERS-4010) within 30 days from date-time group of screening message.

n. Required obligated service for this duty is 36 months. Retainability waivers will be reviewed on a case-by-case basis.

o. Applicants must hold or be eligible to receive a final Top Secret security clearance based on a single scope background

investigation, single scope background investigation periodic reinvestigation, or phased periodic reinvestigation completed with favorable results within the last 5 years, per reference (c), and have or be eligible for access to sensitive compartmented information.

p. All waivers are considered on a case-by-case basis by PERS-4010.

1. Program Background

a. Marine Barracks Washington DC, also known as "8th & I" is home to many nationally recognized units, including the Marine Corps Silent Drill Platoon, the "Commandant's Own" Marine Drum and Bugle Corps, the "President's Own" Marine band, the official Marine Corps Color Guard, and the Marine Corps Body Bearers. It is also the site of the Home of the Commandants, which, along with the Barracks, is a registered national historic landmark.

b. The "8th & I" is the most highly visible and most prestigious unit within the Marine Corps. The Marine Barracks frequently hosts high-level guests including: The President of the United States, visiting Service secretaries, heads of state, and top officials from the Department of Defense, including their counterparts around the world. As such, "8th & I" is designated as a category three presidential support activity per reference (a), enclosure (2), paragraph e23.

c. Tour length is 36 months. Extensions will be considered on a case-by-case basis and must be requested 12 months prior to PRD.

d. For additional information regarding duty or security clearance information contact "8th & I" at the following:

Marine Barracks Washington (Medical Department)
8TH & I STS SE
Washington, DC 20390

COMM: (202) 433-3480

2. **Requirements/Qualifications**. Personnel who are prospectively assigned to "8th & I" must:

a. Be eligible for assignment to a category three presidential support activity per references (a) and (b).

b. Demonstrate strong traits in quality of work, initiative, leadership, and communication skills.

c. Have outstanding appearance and military bearing.

d. Have served at least one tour in a Fleet Marine Force (FMF) assignment, and have attained the FMF Warfare qualification (any platform is acceptable).

e. Have zero physical fitness assessment (PFA) failures in the past 36 months. Most recent PFA must indicate an overall physical fitness test category of Good or higher.

f. Have no mark below 3.0 on NAVPERS 1616/26 Evaluation Report and Counseling Record (E1-E6) and NAVPERS 1616/27 Evaluation and Counseling Record (E7-E9) in any trait in the past 36 months. Also, traits must reflect a steady or improving trend for the past 36 months.

g. Have no nonjudicial punishment, courts-martial, civil conviction, or significant involvement with civil authorities within the past 36 months.

h. Not be within 36 months of established High Year Tenure gate for current pay grade at the time of application for orders. Waivers will be considered on a case-by-case basis.

i. Be in compliance with reference (c) regarding tattoos and brands.

j. Complete NAVMED 1300/1, Medical, Dental and Educational Suitability Screening for Service and Family Members per reference (d).

k. Complete NAVPERS 1306/92 Special Program Screening Form per MILPERSMAN 1306-900. Sections A, B, and C on NAVPERS 1306/92 must be completed in their entirety. Questions 1-3, 5, and 6 of section D are also applicable, and require positive responses.

l. Overall, candidates should be high-caliber individuals to serve as **highly visible** military role models for junior members and ambassadors to the civilian population. Commanding officer's signed letter of endorsement must accompany NAVPERS 1306/92. This endorsement must include a statement on military appearance and tattoos, an evaluation on the member's ability to interact with flag officers and senior military officials, and the Sailor's demeanor, professional knowledge, and leadership skills.

MILPERSMAN 1306-992

ASSIGNMENT TO SUBMARINE LEARNING CENTER STAFF OR SITE INSTRUCTOR DUTY

Responsible Office	NAVPERSCOM (PERS-403)	Phone:	DSN COM FAX	882-3620 (901) 874-3620 882-2638
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

1. **Background.** Technological innovations in Navy training, coupled with diverse instructor requirements in the submarine training community make it imperative that the best candidates are selected and assigned to the Submarine Learning Center (SLC) staff and learning site instructor billets.

2. **Requests for Assignment.** These requirements apply unless already screened for assignment per MILPERSMAN 1306-957.

a. Personnel, E-5 and above, desiring assignment to the SLC staff or submarine learning site instructor billets are encouraged to complete all sections of NAVPERS 1306/92 Special Program Screening 10-12 months prior to their established projected rotation date (PRD) (12-18 months prior to PRD is acceptable for deploying units).

(1) Candidates will schedule an interview with the local SLC or learning site Command Master Chief (CMC)/Senior Enlisted Advisor (SEA). Candidates will provide the last 3 years of Physical Readiness Information Management System data and evaluations to the CMC or SEA. During the interview, the learning site command fitness leader will conduct a courtesy body composition assessment measurement to determine if applicant is eligible.

(2) NAVPERS 1306/92, section D, lines 10-13 will be completed by the local SLC CMC or SEA.

(3) If there is not a submarine learning site in the same geographic location as the member's current assignment, the

interview may be conducted via telephone or video teleconference with the SLC CMC or SEA.

(4) Upon completion of the CMC or SEA interview, the interviewing command is required to endorse NAVPERS 1306/92.

(5) The parent command should retain the original screening form and submit a copy to the applicable rating detailer at Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Assignments Branch (PERS-403).

b. During the [MyNavy Assignment](#) (MNA) detailer selection phase, preference will be given to personnel that have submitted NAVPERS 1306/92. Personnel that have not submitted NAVPERS 1306/92 to their detailer prior to entering their [MNA](#) orders negotiation window will remain eligible for selection and assignment to the SLC staff or a submarine learning site instructor billet. Personnel that are selected for assignment to an instructor billet and have not completed NAVPERS 1306/92 are required to complete the required screening (as outlined above) no later than 30 days after notification of selection via [MNA](#).

c. The detaching command will report suitability/unsuitability determinations to NAVPERSCOM, Enlisted Distribution Division (PERS-40); NAVPERSCOM (PERS-403); and the gaining command utilizing Exhibit 1 of MILPERSMAN 1306-900 within 30 days of receipt of orders. If warranted, submit a waiver utilizing exhibit 3 of MILPERSMAN 1306-900.

d. The detailer will ensure the orders contain text directing the detaching command to submit a copy of NAVPERS 1306/92 to the gaining command within 30 days of receiving orders. If the required NAVPERS 1306/92 is not received by the gaining command within 60 days, the gaining command will submit a naval message to NAVPERSCOM (PERS-403) requesting cancellation of orders.

e. The detaching command is required to re-certify that the member continues to meet all requirements within 5 days of transfer. Upon re-certification, the completed NAVPERS 1306/92 must be submitted to the servicing personnel support detachment for entry into the electronic service record. Failure to re-certify would require an unsuitability message per exhibit 1 of MILPERSMAN 1306-900 and request for order modification.

f. Prior duty as an instructor (NEC 805A) is required for personnel desiring assignment to the SLC staff.

g. Required obligated service is 36 months for this program.

3. **Receiving Command Requirements.** A Special Program Screening Deficiency Report (SPSDR) (exhibit 3 of MILPERSMAN 1306-900) is submitted by the receiving command to report discrepancies discovered during the screening conducted by the transferring command. Exhibit 3 of MILPERSMAN 1306-900 provides the format for submitting an SPSDR. The SPSDR is addressed to the transferring command with an information copy to NAVPERSCOM (PERS-403) and the transferring command's immediate superior in command.

MILPERSMAN 1306-993

HARBOR PATROL UNIT (HPU) LEVEL II COXSWAIN (NEC 853A) - MASTER-AT-ARMS

Responsible Office	PERS-405	Phone:	DSN	882-4870
			COM	901-874-4870
			FAX	882-2637
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) SECNAVINST 5510.30B (b) OPNAVINST 6110.1J (c) 18 U.S.C. §922
-------------------	--

1. **Purpose.** To promulgate qualification requirements and assignment policy for members assigned to harbor patrol units (HPU) with the level II coxswain 853A Navy enlisted classification (NEC).
2. **Scope.** HPUs deploy their harbor security boats (HSB) as the primary line of manned defense for the protection of critical operational afloat assets at U.S. Navy piers and controlled waterways. The HPU Program requires trained personnel to provide force protection and waterfront security per specified mission requirements in support of surface units, subsurface units, and naval installations around the world. The level II coxswain 853A NEC is the senior person assigned to an individual HSB.
3. **Background.** HPUs are responsible for providing commanding officers mission ready, rapid response forces fully capable of executing security patrols, escorts, interdiction, perimeter, harbor defense, and defense of high value assets.
4. **Tour Length (Master-at-Arms Only)**
 - a. Prospective level II coxswains will normally receive orders to attend the Level II Coxswain Operations and Tactics Course - A-062-0050 as part of their permanent change of station orders to a shore duty billet. Following successful completion

of the level II coxswain course - A-062-0050, enlisted personnel will be awarded the 853A NEC and sign NAVPERS 1070/613 Administrative Remarks (page 13) accepting a 48-month minimum obligation and assignment as a level II coxswain. The minimum obligation of 48 months will consist of two tours as a level II coxswain. One tour will be a 36-month shore duty assignment. The other tour will be a 12, 24, or 36-month sea duty assignment at an overseas installation to complete the minimum total of 48 months in the HPU Program as a level II coxswain. The order of sea and shore tours will be based on prioritized requirements at the time.

b. If the member fails to successfully complete the level II coxswain course - A-062-0050, Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch (PERS-4013) will determine whether the member may continue with current assignment without NEC 853A or be made available for immediate reassignment. The 48-month payback in an HPU will commence once a member is gained onboard an HPU command, regardless of whether the member attends the level II coxswain course - A-062-0050 while assigned to a sea or shore command.

5. **Requirements and Qualifications.** The requirements and qualifications contained in this article apply to all personnel being screened for assignment to the HPU Program. Prospective members of the HPU Program shall meet the following minimum requirements:

a. **Eligible For a Secret Clearance.** Member's command will initiate a background investigation per reference (a).

b. **Physical Standards.** Members must have passed their three most recent physical fitness assessments (PFAs) (not applicable to new accessions and recent "A" school graduates who have not participated in three PFAs). New accessions and recent "A" school graduates must have passed their most recent PFA prior to assignment to HPU per standards promulgated in reference (b). If members are being released from a period of limited duty, they must complete and pass a PFA with no waiver for any event. Additionally, members must have passed the three most recent PFAs prior to assignment to limited duty status.

c. **Firearms.** Members are eligible to carry a weapon per all applicable directives and instructions. Per reference (c), the 1996 Lautenberg Amendment to the Gun Control Act of 1968 prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. This policy also applies to convictions of felony crimes and convictions of offenses at general or special courts-martial that otherwise meet the definition of "crime of domestic violence." Any member disqualified from handling or training on weapons is not eligible for initial entry or continued duty in the HPU Program.

d. **Boat Operations.** HPUs regularly operate at night or in low light conditions and require normal color vision to correctly distinguish running lights and navigational aids. Therefore, color blindness and night blindness are disqualifying medical conditions for HPU duty. This requirement shall not be waived.

e. **Swim Qualifications.** Member must be qualified as a second class swimmer to be assigned to the HPU Program.

f. **Nonjudicial Punishment (NJP) and Military or Civilian Convictions.** Members must have no NJPs and or military or civilian convictions (excluding minor traffic violations) within the past 12 months, no alcohol related incidents within the past 12 months, and no pending civil actions.

MILPERSMAN 1306-994

3-M SYSTEM COORDINATOR AT SEA AND SHORE

Responsible Office	NAVPERSCOM (PERS-402)	Phone:	DSN COM FAX	882-3595 (901) 874-3595 882-2734
---------------------------	--------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

Reference	(a) NAVSEAINST 4790.8C
------------------	------------------------

1. **Background.** Maintenance and Material Management (3-M) System Coordinator Program managers at sea and shore are responsible for the coordination of all facets of 3-M systems per reference (a). The 3-M System Coordinator (3-MC) must possess the ability to implement, evaluate, and coordinate planned maintenance system actions and the ability to operate and effectively manage the command's maintenance program. In addition, the 3-MC may also serve as a unit's availability manager.

2. **Policy**

a. E-5 to E-9 personnel may request assignment to serve as a 3-MC by contacting their rating detailers for release to the 3-MC detailer or by submitting NAVPERS 1306/7 Enlisted Personnel Action Request to Navy Personnel Command (NAVPERSCOM), Engineering Distribution Branch (PERS-402), via the member's rating detailer, approximately 10-12 months prior to their individual projected rotation dates. NAVPERS 1306/7 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. Personnel who fail to negotiate for orders may be nominated to the 3-MC position. Personnel who screen as unsuitable for the 3-MC Program will be returned to their rating detailer and may be issued orders for immediate needs of the Navy assignments.

c. Upon completion of the initial 36-month sea tour, personnel will be required to complete a follow-on 36-month

shore tour as a 3-M inspector or 3-M shore based billet, depending on billet availability.

d. Assignments to NEC 811A are primarily FAC-G billets and de-rating of non FAC-G billets will be on a case-by-case basis. This guidance will protect the investment of this necessary NEC and help to recoup the tremendous time spent in training and qualifying personnel.

3. Requirements

a. Must be 3-M personnel qualification standard (PQS) qualified through 304 LCPO/division officer.

b. Special Duty Screening. All nominees for the 3-MC Program must complete NAVPERS 1306/92 Special Program Screening (section A, D, and the command endorsement section). NAVPERS 1306/92 may be accessed by using the following Web address: [http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS 1306-92 Rev01-11.pdf](http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-92%20Rev01-11.pdf). Applicants for the 3-MC Program will also complete a phone interview with the 3-MC detailer prior to final selection.

c. Prescribed Sea and Shore Tour

(1) Tour length is 36 months.

(2) Overseas 3-MC tours are established per Department of Defense (DoD) area tour requirements.

d. Performance Evaluations. Must have 3.0 or above in all performance traits and no non-judicial punishment within the past 36 months.

e. Physical Fitness Assessment (PFA). Must have passed the most recent PFA.

f. Obligated Service (OBLISERV). Required OBLISERV for this duty, per MILPERSMAN 1306-106, is 36 months.

(1) Those Service members who do not have sufficient OBLISERV until high year tenure (HYT) may request a HYT waiver.

(2) HYT waivers will be handled on a case-by-case basis.

g. Endorsements. Favorable endorsements by commanding officers are required.

4. **Nominations**. Personnel who fall outside the normal negotiation window for assignment may be nominated to the 3-MC Program by their respective rating detailer, providing they meet the criteria of paragraph 3.

5. **3-MC Duty Benefits**

a. Personnel who are nominated for the 3-MC Program will obtain NEC 811A en route to ultimate duty station, unless already qualified.

b. Personnel accepted into the 3-MC Program have the opportunity for a wide variety of locations for assignment.

c. All candidates that apply for this program will follow the sea rotation prescribed in paragraphs 2c and 3c above, regardless of rating sea flow, to allow for proper alignment of personnel.

6. **Disapprovals**

a. Personnel who do not meet the requirements of paragraph 3 may request a waiver by contacting the 3-MC detailer once released from rating detailer.

b. Prospective 3-MC personnel who apply, but receive final disapproval for entry into the 3-MC Program, will be returned to their respective rating detailer for assignment.

c. Personnel may be given one additional month of order negotiations if they are returned outside their normal detailing window.

MILPERSMAN 1306-995

ASSIGNMENT TO CRYPTOLOGIC AIRCREW BILLETS

Responsible Office	NAVPERSCOM (PERS 408)	Phone: DSN COM FAX	882-3741 (901) 874-3841 882-2646
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) NAVMED P-117, Manual of the Medical Department (b) OPNAVINST 1000.24C, Personnel Recovery (c) CJCSI 3270.01B, Personnel Recovery (d) BUPERSINST 1326.4E, Administration of Enlisted Flight Orders, Career Enlisted Flyer Incentive Pay (CEFIP), and Hazardous Duty Incentive Pay (HDIP) for Aerial Flight
-------------------	--

1. **Background.** The following information warfare community ratings are eligible for duty involving flying as (non-career) aircrew (DIFCREW):

- a. cryptologic technician-collection (CTR);
- b. cryptologic technician-interpretive (CTI); and
- c. cryptologic technician-technical (CTT).

2. **Screening and Selection.** Cryptologic aircrew billets are advertised on [MyNavy Assignment](#) (MNA) when prioritized by the manning control authority and are available to members eligible for sea or shore duty. Members must volunteer for aircrew assignments and complete stringent screenings prior to beginning the training pipeline per MILPERSMAN 1220-010.

Note: Per MILPERSMAN 1510-030, all CTIs are considered volunteers for aircrew duty.

a. Sailors with previous aircrew experience and the required Navy enlisted classifications (NEC) in inventory are favored in the selection process. In the case of first-time

volunteers, Navy Personnel Command (NAVPERSCOM), Enlisted Information Warfare Community Assignments (PERS-408) rating detailers will screen applicants to identify those candidates best suited to successfully complete the lengthy and resource-intensive training pipeline and excel as part of a cryptologic aircrew. The following minimum selection criteria apply:

(1) Score of "Good" on most recent physical fitness assessment (PFA). Members with consistent "Good" or higher scores are preferred.

(2) No marks below 3.0 on last three evaluations.

(3) 2R/2L defense language proficiency test score in the primary language for CTI applicants.

(4) Confirmation from the member's command that the applicant can meet the swimming requirements of MILPERSMAN 1220-010. Members who are not comfortable in the water should not apply.

(5) Continued eligibility and current adjudication for top secret/sensitive compartmented information security clearance.

b. Detaching commands must ensure cryptologic aircrew candidates successfully meet and document the following requirements of MILPERSMAN 1220-010 before executing orders:

(1) NAVPERS 1070/613 Administrative Remarks <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>, Aircrew Statement of Understanding (Volunteer to Fly) located in MILPERSMAN 1220-010, exhibit 1.

(2) DD 2807-1 Report of Medical History (long form flight physical) <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>, DD 2808 Report of Medical Examination (long form flight physical) <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>, and SF-93 Report of Medical History <https://www.gsa.gov/portal/forms/type/SF#1-1000>, NAVMED 6120/2 Officer Physical Examination Questionnaire [https://navalforms.documentservices.dla.mil/formsDir/NAVMED%206120 2.PDF](https://navalforms.documentservices.dla.mil/formsDir/NAVMED%206120%202.PDF), or DD 2992 Medical Recommendation for Flying or Special Operational Duty <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>. Improper or

incomplete medical screening will delay training and may result in school quota loss. (See reference (a), article 15-91 for disqualifying factors.)

(3) Documented completion of a second class swimmer test.

3. **Training Pipeline.** Prospective aircrew will attend the following courses of instruction upon detachment from their current command, or from "A" or "C" School:

a. Naval Aircrew Candidate School (NACCS) (802A NEC) per MILPERSMAN 1220-010: Pensacola, FL.

Note: If at all possible, NAVPERSCOM (PERS-408) rating detailers will schedule NACCS first, because it has the highest attrition rate of all courses in the pipeline. Cryptologic aircrew candidates must meet the same stringent requirements as all other students, including highly-scrutinized PFAs, and a timed one-mile swim.

b. Survival, Evasion, Resistance, and Escape (SERE), per MILPERSMAN 1220-010, at Portsmouth, NH or Coronado, CA.

Note: SERE must be scheduled before Special Survival Training.

c. Special Survival Training (Joint Personnel Recovery Agency, S-V83-A), per references (b) and (c), at Spokane, WA.

Note: Members assigned to Navy Information Operations Command Bahrain must not depart the continental United States without completing this course. Members assigned to Fleet Air Reconnaissance Squadron ONE (VQ-1) will be scheduled by the squadron.

d. EP-3E Cryptologic Technician Special Operator (SPECOP)/Analyst Category 1 (C06A NEC) at Whidbey Island, WA.

Note: NACCS must be scheduled before EP-3E SPECOP.

e. Intermediate Signals Analyst (C18A NEC), where required for CTR billet, at Pensacola, FL.

f. Intermediate Technical Electronic Intelligence Analysis Technician (C17A NEC), where required for CTT billet, at Denver, CO, Fort Meade, MD; or San Angelo, TX.

4. **Termination.** Candidates who fail to complete training and aircrew members whose flying status is subsequently revoked (voluntarily or involuntarily) must be processed per references (d) and MILPERSMAN 1220-020. Commands must include Navy Personnel Command, Enlisted Information Warfare Community Assignments (PERS-408) or Cryptologic Warfare Officer Assignments (PERS-472), on the revocation of DIFCREW orders recommendation message. NAVPERSCOM (PERS-408) Cryptologic Warfare and Enlisted Information Warfare detailers will subsequently reassign members to an in-rate minimum activity or prescribed sea tour, whichever is greater, per current manning control authority priorities.

MILPERSMAN 1306-997

ASSIGNMENT TO NAVY INFORMATION OPERATIONS DETACHMENT JACKSONVILLE, FLORIDA

Responsible Office	NAVPERSCOM (PERS-408)	Phone: DSN COM FAX	882-3841 (901) 874-3841 (901) 874-2650
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) NAVMED P-117, Manual of the Medical Department (b) SECNAVINST 5510.30C
-------------------	---

1. **Program Details.** Navy Information Operations Detachment (NIOD) Jacksonville, Florida, unit identification code (UIC) 53282, manages a screening program to evaluate personnel prior to their assignment to UIC 53282. In coordination with Navy Personnel Command (NAVPERSCOM) Cryptologic Technician, Intelligence Specialist, and the Information Systems Technician Assignments Branch (PERS-408) detailers, UIC 53282 conducts record screening and personal interviews to assess the initial qualification criteria.

a. NIOD Jacksonville provides cryptologic expertise and augmentation to maritime patrol and reconnaissance forces commands at Naval Air Station (NAS) Jacksonville, Florida. UIC 53282 manning consists of the cryptologic technician (interpretive) (CTI), cryptologic technician (collection) (CTR), and the cryptologic technician (technical) (CTT) ratings. Candidates can expect to deploy in a supervisory role with little to no oversight. Therefore, candidates must be mature and meet the highest standards of personal conduct, physical fitness, and reliability.

b. Billets are located at NAS Jacksonville, Florida.

c. Candidates must have either experience or the aptitude and motivation to operate emerging technologies and cryptologic equipment outside of their traditional source ratings. These billets require duty in dynamic environments worldwide (many times isolated and independent). Additionally, Sailors must

attain qualifications that are beyond the scope of their regular ratings' duties.

2. Requirements and Qualifications

a. Volunteer. All candidates must be volunteers and must make and sign the following entry on [NAVPERS 1070/613](#) Administrative Remarks per [MILPERSMAN 1220-020](#) prior to transfer to Air Operations Department, NAS Jacksonville:

"I, [Member's Name], volunteer for duty involving flying and understand that I must maintain those qualifications specified by Chief of Naval Operations and Chief of Naval Personnel during the periods I am actively assigned to such duties. This agreement will remain valid until such time as it is rescinded by me or that I am no longer qualified for such duties."

Member's Signature

Witnessed: _____
Name
Rank USN

If member refuses to sign this entry or is not a volunteer, hold orders in abeyance and notify PERS-408 via record message.

b. Service Obligation. UIC 53282 billets are classified as type 2 sea duty. Due to an extensive training pipeline, candidates must obligate service for a period of 36 months. The training pipeline includes the Naval Aircrew Candidate School (NACCS) and Survival, Evasion, Resistance, and Escape (SERE). Credit will be given to personnel that have previously attended this training.

c. Rate and Rating. The following criteria are required for initial training or assignment to duty at Air Operations Department NAS Jacksonville:

(1) Be in pay grades E-4 through E-7, and

(2) Source ratings:

RATING	NEC	DESIGNATION	REQUIREMENTS
CTI	N/A	Cryptologic Technician - Interpretive	Supervisor qualified. May be waiverable with interview.
CTR	0000	Cryptologic Technician - Collection	Supervisor qualified. May be waiverable with interview.
	C18A	Intermediate signals analyst	Supervisor qualified. May be waiverable with interview.
CTT	0000	Cryptologic Technician - Technical	Technical, Electronic Intelligence (TECHELINT) experience recommended. Supervisor qualified. May be waiverable with interview.
	C17A	TECHELINT Analysis Technician	Supervisor qualified. May be waiverable with interview.

(3) Navy Enlisted Classification (NEC) Code C06A. Candidates with previous duty as an airborne cryptologic technician operator/analyst (NEC 8296) are preferred for assignment to the Air Operations Department NAS Jacksonville, but highly qualified candidates without prior airborne experience will be considered.

(4) NACCS, SERE, and SERE 220. Candidates will attend NACCS, SERE, and SERE 220 before reporting to Air Operations Jacksonville. Waiverable for previous attendance.

d. Physical Qualifications. All candidates must physically qualify for duty involving flying.

(1) Candidates must have no physical fitness assessment failures in the last 2 years.

(2) Must be physically qualified for duty involving flying per reference (a), article 15-69.

(3) Physicals must be successfully completed prior to execution of orders. Physical examinations more than 1 year old will not be accepted.

(4) A flight physical must specifically state "Qualified or "Not Qualified for Duty Involving Flying" in block 77 on [DD 2808](#) Report of Medical Examination.

e. Security Clearance

(1) Possess current, final top secret (sensitive compartmented information) clearance per reference (b).

(2) Current counter-intelligence polygraph must be successfully completed prior to execution of orders.

f. Performance

(1) Candidates must have no non-judicial punishment or civil offenses in the last 3 years, and

(2) No alcohol-related incidents in the last 3 years.

g. Other Requirements. Due to operational training and deployment requirements, language training is not always available; therefore, CTI personnel must have maintained minimum language proficiency standards of L2/R2 on the Defense Language Proficiency Test or equivalent assessment for the past three years.

h. Application Information. Detailed application information may be obtained by calling Air Operations Department NAS Jacksonville at (904) 542-2702 or (904) 542-3590.

-----------------	---

1. **Purpose.** To provide information and procedures pertaining to various Navy reenlistment incentive programs. Other MILPERSMAN articles pertaining to Navy reenlistment incentive programs are as follows:

Topic	See MILPERSMAN
Guaranteed Assignment Retention Detailing (GUARD 2000) Program	1306-1002
Guaranteed Assignment Retention Detailing (GUARD 2000) Program for Nuclear Trained Personnel	1306-1004
Assignment to School as a Reenlistment Incentive	1306-1006

2. **Policy.** This article and its sub-articles present various Navy reenlistment incentive programs in regard to duty assignments and school guarantees, setting forth eligibility criteria and requesting procedures for each.

a. It should be noted that incentives offered under one program may not normally be obtained in conjunction with incentives offered by another program, unless specifically noted.

b. A member may not be guaranteed a choice of duty under Guaranteed Assignment Retention Detailing (GUARD 2000) Program and training under the Selective Training and Reenlistment (STAR) Program as dual incentives for the same reenlistment.

c. A member may receive Selective Reenlistment Bonus (SRB) for reenlistment; SRB is not a guarantee of any reenlistment program.

d. See MILPERSMAN 1160-090 for the Selective Conversion and Reenlistment (SCORE) Program and MILPERSMAN 1160-100 for the Selective Training and Reenlistment (STAR) Program.

e. Exhibits 1, 2, 3, and 4 are to be used as appropriate.

EXHIBIT 1

GUARD 2000 REQUEST FORMAT

(Use the proper message format containing the following.)

SUBJECT LINE: GUARD 2000 REQUEST ICO RATE, NAME, LAST FOUR DIGITS OF SSN, NEC, COMNAVPERSCOM DESK CODE (NRPC CODE 30 FOR USNR-R (FTS))

1. MEMBER RECOMMENDED OR NOT RECOMMENDED FOR REENLISTMENT BY THE COMMANDING OFFICER.

2. IN ORDER, PROVIDE THE FOLLOWING INFORMATION:

A. ACTIVE DUTY SERVICE DATE (ADSD)

B. EXPIRATION OF ACTIVE OBLIGATED SERVICE (EAOS)/EAOS AS EXTENDED

C. IS INDIVIDUAL NOW UNDER ORDERS? (YES/NO)

D. NUMBER OF DEPENDENTS/LOCATION OF DEPENDENTS

3. A. PERIOD FOR WHICH APPLICANT WILL REENLIST IF GUARANTEED DUTY REQUESTED.

B. LIST DUTY STATION/TYPE DUTY PREFERRED BY APPLICANT. INCLUDE AT LEAST THREE CHOICES (IN ORDER).

C. REMARKS OF APPLICANT.

4. PREVIOUS TWO REGULAR ENLISTED EVALUATIONS ARE REQUIRED AS INDICATED BELOW:

DATE OF NAVPERS 1610/2/BLOCKS 27 THROUGH 39 (E-7/8/9).

DATE OF NAVPERS 1616/26/BLOCKS 27,28,30,31,32,36, AND 39 (E-3/4/5/6).

NO COURTS-MARTIAL, NONJUDICIAL PUNISHMENT (NJP), OR INVOLVEMENT WITH CIVIL AUTHORITIES WITHIN 18 MONTHS OF EAOS AS EXTENDED.

5. CO REMARKS, INCLUDING SPECIFIC RECOMMENDATION FOR ANY TYPE OF SPECIAL DUTY THE APPLICANT MAY HAVE REQUESTED (RECRUITING DUTY, OVERSEAS DUTY, ETC.). FOR E-3s MAKE POSITIVE STATEMENT TO THE FACT THAT THE MEMBER HAS PASSED THE E-4 EXAMINATION. (E-3s WHO HAVE NOT PASSED THE E-4 EXAMINATION ARE INELIGIBLE FOR GUARD.) FOR OVERSEAS DUTY REQUESTS, MAKE POSITIVE STATEMENT THAT APPLICANT HAS SATISFACTORILY COMPLETED OVERSEAS SCREENING PER MILPERMAN 1300-300.

BT

EXHIBIT 2

GUARD BILLET NON-AVAILABILITY MESSAGE

(Use the proper message format containing the following.)

RMKS/1. REQUEST {Sailor's NARANO (LAST FOUR DIGITS OF SSN)} BE PROVIDED A COPY OF THIS MSG.

2. DUE TO NON-AVAIL OF BILLET, YOUR REQ CONTAINED REF A CANNOT BE APPROVED; HOWEVER, BELOW LISTED BILLETS ARE AVAIL FOR CONSIDERATION. THIS IS NOT TO BE CONSIDERED AS GUARANTEE AT THIS TIME. FURTHER, MEMBER SHOULD BE ADVISED BILLETS OFFERED IN THIS MSG ARE BEING OFFERED TO OTHER ELIGIBLE SAILORS; THEREFORE, IT IS ESSENTIAL THAT MEMBER CONTACT DETAILER VIA MSG/E-MAIL/PHONE IF INTERESTED IN THE BELOW LISTED BILLETS OR TO DISCUSS OTHER POSSIBLE OPTIONS.

3. FOLLOWING BILLETS AVAILABLE:

{List at least 3 alternatives.}

4. REQUEST MEMBER LIST BILLETS DESIRED IN ORDER OF PREFERENCE. UPON REPLY, ORDERS WILL BE ISSUED BASED ON BILLETS STILL AVAILABLE AND MEMBER'S PREFERENCES. YOUR COOPERATION IN THIS RETENTION EFFORT IS GREATLY APPRECIATED.

5. DETAILER: {Fill in detailer's name, phone, DSN, E-Mail.}

6. WHEN REF THIS MSG ENSURE NARANO (LAST FOUR DIGITS OF SSN), UIC, AND PERS {enter PERS code} ARE IN SUBJ LINE.
BT

EXHIBIT 3

GUARD COMMITMENT MESSAGE, NON-SPECIAL PROGRAMS BILLET
(Use the proper message format containing the following.)

RMKS/1. REQUEST {Sailor's NARANO (LAST FOUR DIGITS OF SSN)} BE PROVIDED A COPY OF THIS MSG.

2. FOR {Sailor's name}. DUTY REQ BY REF A IS GRANTED. BY SEPCOR ORDERS TO {Billet and UIC} WILL BE FORTHCOMING. NAVY PERSONNEL COMMAND (NAVPERSCOM) TAKES PLEASURE IN YOUR DECISION TO CONTINUE YOUR NAVAL CAREER BY USE OF THIS ASSIGNMENT GUARANTEE UNDER THE GUARD 2000 PROGRAM. THE SUCCESS OF SUCH PROGRAMS IS ENSURED BY YOUR PARTICIPATION WITH DETAILER AND CAREER COUNSELOR IN YOUR CAREER PLANNING AND DUTY ASSIGNMENTS.

3. FOR THE COMMANDING OFFICER:

A. ENSURE BLOCK 32 OF REENL CONTRACT STIPULATES GUARD ASSIGNMENT TO (Billet and UIC). CITE THIS MSG AS AUTH FOR ASSIGNMENT GUARD. {number of years reenlisting} REENL REQD.

B. **MEMBER IS WITHIN 3 MOS OF EAOS.** IF MEMBER DOES NOT REENL WITHIN 30 DAYS NOTIFY PERS {PERS Code} BY MSG. DUE TO LIMITED BILLETS AVAILABLE, ORDERS MAY BE CANCELLED AND BILLET NECESSARILY OFFERED TO ANOTHER ELIGIBLE SAILOR. IF MEMBER IS SRB ELIGIBLE, THE 30 DAY PROVISION DOES NOT APPLY. ADVISE {PERS Code} OF MEMBER'S INTENTIONS WITHIN THIS PERIOD.

C. **MEMBER IS GREATER THAN 3 MOS FROM EAOS.** IF MEMBER DOES NOT REENLIST 70 DAYS PRIOR TO EAOS NOTIFY PERS {PERS Code} BY MSG. DUE TO LIMITED BILLETS AVAILABLE, ORDS MAY BE CANCELLED AND BILLET NECESSARILY OFFERED TO ANOTHER SAILOR. IF MEMBER IS SRB-ELIGIBLE THE 70-DAY PROVISION DOES NOT APPLY. ADVISE {PERS Code} OF MEMBER'S INTENTIONS WITHIN THIS PERIOD.
BT

EXHIBIT 4

GUARD COMMITMENT MESSAGE, SPECIAL PROGRAMS BILLET

(Use the proper message format containing the following.)

RMKS/1. REQUEST {Sailor's NARANO (LAST FOUR DIGITS OF SSN)} BE PROVIDED A COPY OF THIS MSG.

2. FOR {Sailor's name}. DUTY REQ BY REF A IS GRANTED. MEMBER'S GUARD REQUEST HAS BEEN PASSED TO SPECIAL PROGRAMS NAVPERSCOM (PERS 4010), DSN 882-_____, COMM (901) 874-_____. ESTIMATE 7 WORKING DAYS FOR SCREENING REQUEST MSG FM NAVPERSCOM (PERS 4010). NAVPERSCOM TAKES PLEASURE IN YOUR DECISION TO CONTINUE YOUR NAVAL CAREER BY USE OF THIS ASSIGNMENT GUARANTEE UNDER THE GUARD 2000 PROGRAM. THE SUCCESS OF SUCH PROGRAMS IS ENSURED BY YOUR PARTICIPATION WITH DETAILER AND CAREER COUNSELOR IN YOUR CAREER PLANNING AND DUTY ASSIGNMENTS.

3. FOR THE COMMANDING OFFICER:

A. ENSURE BLOCK 32 OF REENL CONTRACT STIPULATES GUARD ASSIGNMENT TO (Billet and UIC). CITE THIS MSG AS AUTH FOR ASSIGNMENT GUARD. {number of years reenlisting} REENL REQD.

B. **MEMBER IS WITHIN 3 MOS OF EAOS.** IF MEMBER DOES NOT REENLIST WITHIN 30 DAYS NOTIFY PERS {PERS Code} BY MSG. DUE TO LIMITED BILLETS AVAILABLE, ORDERS MAY BE CANCELLED AND BILLET NECESSARILY OFFERED TO ANOTHER ELIGIBLE SAILOR. IF MEMBER IS SRB ELIGIBLE, THE 30-DAY PROVISION DOES NOT APPLY. ADVISE {PERS Code} OF MEMBER'S INTENTIONS WITHIN THIS PERIOD.

C. **MEMBER IS GREATER THAN 3 MOS FROM EAOS.** IF MEMBER DOES NOT REENLIST 70 DAYS PRIOR TO EAOS NOTIFY PERS {PERS Code} BY MSG. DUE TO LIMITED BILLETS AVAILABLE ORDERS MAY BE CANCELLED AND BILLET NECESSARILY OFFERED TO ANOTHER SAILOR. IF MEMBER IS SRB ELIGIBLE, THE 70-DAY PROVISION DOES NOT APPLY. MILPERSMAN 1306-1001

NAVY WOUNDED WARRIOR-SAFE HARBOR DUTY

Responsible Office	NAVPERSCOM (PERS-4010E3)	Phone: DSN COM	882-3872 (901) 874-3872
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) DoD Instruction 1300.24 of 1 December 2009 (b) SECNAVINST 1740.5B (c) OPNAVINST 1740.6 (d) CNICINST 1740.1 (e) NAVMED P-117, Manual of the Medical Department
-------------------	---

1. **Program Background.** The mission of Navy Wounded Warrior Safe Harbor (NWW-SH) Program is to provide non-medical care management for seriously wounded, ill, and injured Sailors and Coast Guardsmen with a clinical condition meeting category 2 or category 3 criteria of references (a) through (d). Assignment to NWW-SH duty is one of the most demanding duties in the Navy, requiring demonstrated leadership abilities and a skill set that enables case managers to handle challenging situations. Experience has shown that personnel having a strong record of leadership in the fleet and who are familiar with Navy policies and programs have the ability to succeed in an assignment to the NWW-SH Program. NWW-SH is a part of the Fleet and Family Readiness Program (under Commander, Navy Installations Command (CNIC)). NWW-SH has non-medical care management teams located throughout five regions in the continental United States and Hawaii.

2. **Policy**

a. **Billets.** Enlisted Service members in the pay grades of E7-E9 are ordered to 1 of 10 locations for a 36-month tour. Enlisted Service members are assigned to the CNIC region staff under the CNIC Regional Program Director (N95) and serve as non-medical care managers in major military treatment facilities

(MTF). They are the program's uniform presence to enrollees, their families, and caregivers.

b. **Tour Length.** In computing the tour length for NWW-SH personnel, the tour must commence as of the date the Service member will report to the CNIC region (parent command), even though the member may report for further assignment in the geographical location of the respective MTF.

3. **Requirements and Qualifications**

a. **Commanding Officer (CO) Certification.** All Service members nominated for assignment to NWW-SH duty will be screened. The CO must certify the Service member has been screened and completed sections A, B, C, D2, and D3 of [NAVPERS 1306/92](#) Special Program Screening. The original [NAVPERS 1306/92](#) will be scanned and submitted via e-mail to Navy Personnel Command Shore Special Programs Branch (PERS-4010) within 30 days from the date-time group of screening message.

(1) **Performance Evaluations.** A waiver is required for any mark below 3.0 in any trait of the Service member's [NAVPERS 1616/27](#) Evaluation and Counseling Record (E7-E9) within the last 36 months.

(2) **Disciplinary Record.** A waiver is required for cases of NJP, courts-martial conviction, civilian conviction, significant involvement with civilian authorities, or moral or integrity violations. Waivers will be authorized on a case-by-case basis (waivers are not authorized for any sex-related offenses occurring in or pre-service).

(3) **Physical Fitness Assessment (PFA).** Members must:

(a) Be within height, weight, or body fat standards at the time of screening;

(b) Have passed the most recent PFA; and

(c) Be within standards at the time of transfer.

(4) **Alcohol Misuse.** Service members with documented alcohol misuse (e.g., driving under the influence of alcohol, driving while intoxicated, public intoxication within the

previous 36 months, or any two incidents during their career) are deemed unsuitable for assignment.

(5) **Medical and Dental**. Health and dental records are to be screened per reference (e) and documented in the Service members health records. Due to the routine high-stress environment of NWW-SH, Service members with any condition related to mental health, cognitive impairments, or other affective liabilities will not be assigned. At a minimum, Service members must be classified as dental class II prior to transfer.

(6) **Family Advocacy Program (FAP)**. Substantiated FAP cases involving physical abuse are disqualifying while families are undergoing treatment (i.e., open FAP case, resolved substantiated FAP, or civil charges). All Service members involved in substantiated cases involving child abuse, sexual molestation, or sexual assaults (including incest) are permanently disqualified.

(7) **Demonstrated Leadership**. Due to the demanding responsibilities, stressful environment, required in-depth knowledge of Navy policies, and frequent interface with senior personnel, completion of a successful tour as a chief petty officer (E-7) or above is required prior to assignment to NWW-SH.

b. **Obligated Service (OBLISERV)**. Required OBLISERV for assignment to NWW-SH duty is 36 months from the time Service member reports to the CNIC region (parent command). Retainability waivers will be reviewed on a case-by-case basis.

c. **Security Clearance**. Assignment to NWW-SH duty requires a completed and adjudicated national agency check with favorable local agency and credit check.

d. **Program Waivers**. All waivers will be considered on a case-by-case basis per PERS-4010 in coordination with CNIC N95.

References	(a) OPNAVINST 6420.1B
	(b) CNAF M-3710.7 of June 2022

1. **Purpose.** To issue qualification requirements and assignment policy for members ordered to instructor billets within the Naval Information Warfare Training Groups (NIWTG) and Naval Information Warfare Training Detachments (NIWTD). This article applies to all enlisted members of the Active Component and Training and Administration of the Reserves.

2. **Program Background**

a. NIWTG is Commander, Naval Information Forces' executive training agent for information warfare aboard surface, subsurface, air, and shore commands as part of the optimized fleet response plan, fleet readiness training plan, and forward-deployed naval forces (FDNF) training cycles providing:

(1) Basic phase unit level electronic warfare, cryptology, intelligence, cyber security, and communications training and certification recommendation for all U.S. Navy surface ships.

(2) Direct support individual and team training and program evaluation.

b. Commander, Naval Information Warfare Training Group, unit identification code (UIC) 4698A is the immediate superior in command (ISIC). Subordinate NIWTG commands, activities, and detachments are organized as follows:

- (1) NIWTG Norfolk (UIC 47752)
- (2) NIWTD Dam Neck (UIC 4119C)
- (3) NIWTD Mayport (UIC 4215B)
- (4) NIWTG San Diego (UIC 55721)
- (5) NIWTG San Diego (UIC 44597)
- (6) NIWTD Whidbey Island (UIC 4990F)
- (7) NIWTD Everett (UIC 4216B)
- (8) NIWTD Pearl Harbor (UIC 4218B)
- (9) NIWTD Japan (UIC 4090B)
- (10) NIWTG Gulfport (UIC 3239A)
- (11) NIWTD Norfolk (UIC 65781)
- (12) NIWTD San Diego (UIC 66466)
- (13) NIWTD Yokosuka (UIC 37400)

c. NIWTD Japan tour lengths will be per current FDNF tour length policies.

3. **Standard Requirements and Qualifications**

a. Members identified for assignment to NIWTG or NIWTD fleet training billets must be in paygrade E-5 or above. They must have completed a recent tour of duty in which operational and technical expertise was maintained within the required training program to which they are screening.

b. Paygrade substitutions are not authorized unless approved by the gaining command.

c. Possess the appropriate warfare designator required for the program to which they are screening.

d. All personnel assigned to NIWTG instructor billets will hold Navy enlisted classification (NEC) 805A (instructor) or complete instructor training school en route, as required.

e. Due to surface, subsurface, and airborne operational requirements, both in-port and underway, assignments to NIWTG and NIWTD fleet training billets are not available to members in a limited duty status with a distributable NEC (DNEC) of 0080 or serving on a pregnancy tour (DNEC 0054).

4. Afloat Electronic Warfare, Cyber Security, Communications, Intelligence, and Cryptology Instructor Requirements and Qualifications (UICs 55722, 47752, 4215B, 55721, 44597, 4216B, 4218B, and 4090B)

a. NIWTGs and NIWTDs are the primary afloat and ashore unit-level mission area training and certification resources for a unit commanding officers (CO) and ISICs.

b. Eligible ratings and NEC codes are listed below:

RATING	NEC	DESIGNATION
CTM (CRY)	C26A	AN/SQQ-137 Maintenance Technician
	C28A	Ships Signal Exploitation Equipment (SSEE) Increment (INC) F Maintenance Technician
CTR (CRY)	C13A	Afloat Cryptologic Manager
	C18A	Intermediate Signals Analyst
	C20A	SSEE INC E Operator
	C21A	SSEE INC F Operator
IS (Intel)	K36A	Operational Intelligence Analyst
CTT (EW)	C00A	AN/SLQ-32A/B (V)2 Technician
	C01A	AN/SLQ-32(V) Electronic Warfare Operations Technician
	C02A	AN/SLQ-32(V)3 and AN/SLQ-32(V)3 Electronic Warfare Systems Technician
	C04A	AN/SLQ-32(V)6 Electronic Warfare Systems Maintenance Technician
	C05A	Electronic Warfare Technician (Advanced Application)
	C07A	National OPELINT Analyst
IT (Cyber)	735A	Consolidated Afloat Networks and Enterprise Services Administrator
	741A	Information System Security Manager
	742A	Network Security Vulnerability Technician
	746A	Network Security Vulnerability Technician
	H08A	Advanced Network Analyst
CWT (Cyber)	H29A	Cyberspace Operations Planner
	H30A	Cyberspace Defense Analyst
IT (Comms)	H04A	Transmission System Technician

RATING	NEC	DESIGNATION
ET (Comms)	V23B	Data Link Communications System Maintenance Technician
	V79A	Combatant Super High Frequency Satellite Communications Maintenance
	V84A	Communications Equipment (WSC-3/UHF DAMA) Technician

c. Members must meet eligibility requirements per paragraph 3 above and the following requirements:

(1) Have a current tier 5 investigation or tier 5 reinvestigation. Members transferring to billets in UICs 55721, 55722, 47752, and 44597 must be eligible for a top secret/sensitive compartmented information (TS/SCI) security clearance.

(2) Additional consideration for members in the rating of IS holding the NEC K36A includes one afloat tour where at least one operational deployment was completed.

d. COs will ensure members are fully qualified for assignment. The CO's signature on [NAVPERS 1306/92 Special Program Screening](#) is the endorsement.

(1) Report suitability or unsuitability determinations utilizing exhibit 1.

(2) Submit waiver (if warranted) utilizing exhibit 2.

5. Cryptologic Subsurface Carry-on Equipment (COE) Direct Support Training Team (DSTT) Requirements and Qualifications (UIC 4119C)

a. Program Details. The COE DSTT is a specialized unit tasked with training direct support operators on highly-advanced subsurface COE. Members assigned to the DSTT receive advanced systems training from partner organizations and are required to obtain certification to train in national organization curricula, in addition to developing and maintaining program-focused curriculum. Assigned members work hand-in-hand with in-service engineering agents to rapidly develop and integrate training programs for new COE systems and capabilities.

b. Members must meet the following requirements:

RATING	NEC	DESIGNATION
CTRC	C18A	Intermediate Signals Analyst
	C24A	Cryptologic Subsurface Augmentee Supervisor
CTR1	C14A	Subsurface Augmentee Operator
	C18A	Intermediate Signals Analyst
CTT1	C15A	Subsurface Augmentee Electronic Intelligence (ELINT) Operator *See subparagraph 5c(4) below*
	C17A	Intermediate Technical ELINT (TECHELINT) Analysis Technician
	C34A	Subsurface Augmentee (ELINT) Supervisor
CTMC CTM1	C27A	Submarines Carry-on Equipment (COE) Technician

c. Members must meet eligibility requirements per paragraph 3 above and the following requirements:

(1) Be physically qualified for submarine duty and approved within 12 months of application by an undersea medical officer, per reference (a).

(2) Most recent tour of duty must have been a successful cryptologic direct-support submarine tour where operational and technical expertise was maintained.

(3) Be a U.S. citizen with current, adjudicated TS/SCI security clearance and eligible for controlled access program security clearance. Have a current single scope background investigation (SSBI) and have completed a counter-intelligence scope polygraph (CSP) prior to transfer.

(4) In coordination with Naval Personnel Command (NAVPERSCOM) Information Warfare Community Distribution Branch (PERS-408), DSTT leadership will conduct records screening and personal interviews with members who meet the initial qualification criteria above. Below items are required to be included in screening package:

(a) [NAVPERS 1306-92](#) with sections A, B, C5-C6, D1-D3 completed,

(b) Last 5 performance evaluations, and

(c) Job qualification requirement and personnel qualification standard completion and designation letters if required NECs have not been awarded by the time of application. Members with the NEC C15A must also, at a minimum, be qualified subsurface ELINT supervisor.

6. Weapons and Tactics Instructor (WTI) Requirements and Qualifications (UIC 4990F)

a. Program Details. A weapons and tactics unit (WTU) is a specialized unit tasked with evaluating U.S. TENTH Fleet commands with airborne cryptologic direct support elements on their training programs and recommending program certification to Naval Information Forces. WTU serves as the Commander, U.S. TENTH Fleet liaison to the aircraft model manager, Patrol Squadron 30 and Naval Air Systems Command. Members assigned to the WTU receive advanced training and work with other units throughout their tour.

b. Eligible ratings and NECs

RATING	NEC	DESIGNATION	REQUIREMENTS
CTRC CTR1	777A	Weapons and Tactics Instructor	C06A, 805A, air crew training coordination (ACTC) level 400 designation
	C18A	Intermediate Signals Analyst	
CTI	777A	Weapons and Tactics Instructor	805A and ACTC level 400 designation
	C06A	Airborne Cryptologic Technician Operator/Analyst	

c. Additional Eligibility Requirements. Candidates must meet eligibility requirements per paragraph 3 above and:

(1) Most recent tour of duty must have been a successful airborne direct support element tour onboard the Airborne Reconnaissance Integrated Electronic System (EP-3E), where operational and technical expertise was maintained.

(2) Be physically qualified for flight duty and approved within 12 months of application by an aeromedical officer per reference (b).

(3) Be a U.S. citizen, eligible to receive top secret and controlled access program security clearance. Member must

have a current adjudicated SSBI and completed a CSP prior to transfer.

(4) There are no language-specific requirements for WTIs. All linguists must have achieved at least an L2/R2 on the most recent Defense Language Proficiency Test in their primary language.

(5) In coordination with PERS-408, WTU leadership will conduct records screening and personal interviews with members who meet the initial qualification criteria. Paygrade and NEC substitutions may be authorized with PERS-408 and the gaining command's approval.

7. Meteorological and Oceanographic (METOC) Instructor Requirements and Qualifications (UICs 3239A, 37400, 65781, and 66466)

a. The NIWTG Gulfport METOC training commands and detachments are tasked with training direct support and strike group oceanography team operators to support carrier strike group and expeditionary strike group staffs. In addition they develop and maintain program-focused curriculum.

b. Eligible rating and NEC is listed below:

RATING	NEC	DESIGNATION
AG	J00A	Meteorological and Oceanographic (METOC) Forecaster

c. Members must meet eligibility requirements per paragraph 3 above. Additionally, members transferring to billets in UICs 3239A, 37400, 65781, and 66466 must have a current, adjudicated SSBI and must possess, at least, a current secret clearance.

8. Transferring Command Responsibilities. Commands are required to:

a. Ensure all sections of [NAVPERS 1306/92](#) are completed and submit suitability or unsuitability message using exhibit 1 of [MILPERSMAN 1306-900](#).

b. Ensure completion of [NAVMED 1300/1 Medical, Dental and Educational Suitability Screening for Service and Family Members](#)

(sea duty screening) for members transferring to UICs 44597, 47752, 4215B, 4216B, 4218B, and 4090B.

c. Obtain 36 months of obligated service for these programs.

d. If found suitable, report to receiving command, via message, any derogatory entries in section A of [NAVPERS 1306/92](#) and whether member's record contains any instances of the following for the past 36-month period if found suitable:

- (1) One or more physical fitness assessment failures,
- (2) NEC 805A instructor school failure, or
- (3) Failure to maintain security clearance.

e. Report suitability and unsuitability determinations to Navy Personnel Command (NAVPERSCOM) Enlisted Distribution Division (PERS-40) rating detailers and receiving command utilizing [MILPERSMAN 1306-900](#), exhibit 2, within 30 days of receipt of Bureau of Naval Personnel orders. If warranted, submit waiver utilizing [MILPERSMAN 1306-900](#), exhibit 3.

f. Submit completed [NAVPERS 1306/92](#) to servicing transaction service center for entry into the electronic service record.

References	(a) Fiscal Year 2021 National Defense Authorization Act (b) Intelligence Community Directive 704
-------------------	---

1. **Purpose.** To publish policies, information, and guidance pertaining to assignment and to establish a requirement for enlisted Sailors to perform a screening prior to assignment to Navy Cyber Warfare Development Group (NCWDG) as directed by reference (a), section 1723, subparagraph (b).

2. **Background.** NCWDG employs agile research, development, and acquisition processes to create, test, and deliver innovative material and non-material cyberspace operational capabilities and tactics to satisfy fleet and combatant commander requirements. Additionally, NCWDG performs other functions as designated by the Chief of Naval Operations; Commander, Fleet Cyber Command; and Commander, U.S. TENTH Fleet as the Navy's Center for Cyber Warfare Innovation.

3. **Screening and Selection.** NCWDG billets are available to members eligible for shore duty who meet the requirements and successfully complete the stringent screenings articulated in paragraph 4 of this article prior to selection and, as applicable, for execution of orders. Screenings must be

performed in full coordination with NCWDG and Navy Personnel Command (NAVPERSCOM) Enlisted Information Warfare Assignments Branch (PERS-408) and Surface Deck/Admin/Security/Supply Branch (PERS-405) detailers.

4. Navy Cyber Warfare Development Group (Unit Identification Codes (UIC) 46439, 49606, 60506, and 3047B) Eligibility, Requirements, and Guidance

a. The following information warfare and surface administrative community ratings are eligible for duty at NCWDG. Specific Navy enlisted classification (NEC) requirements for each rating are as articulated in the activity manning document:

- (1) cryptologic technician-collection (CTR),
- (2) cryptologic technician-networks (CTN),
- (3) cryptologic technician-interpretive (CTI),
- (4) cryptologic technician-technical (CTT),
- (5) cryptologic technician-maintenance (CTM),
- (6) information systems technician (IT),
- (7) intelligence specialist (IS),
- (8) yeoman (YN),
- (9) personnel specialist (PS),
- (10) legalman (LN),
- (11) mass communication specialist (MC), and
- (12) Navy career counselor (NC).

b. The following minimum selection criteria requirements must be met unless waived by the commanding officer:

- (1) recommended by current chain of command;
- (2) U.S. citizen;

(3) if applicable, spouse must be a U.S. citizen;

(4) continued eligibility and current adjudication for top secret/sensitive compartmented information security clearance and special access program security clearance; and

Note: For support ratings detailed by PERS-405, extra lead time is advised in the screening process due to the lack of personnel inventory in these ratings that possess the NCWDG clearance requirements.

(5) consent and ability to pass counterintelligence scope polygraph.

c. Selection preference will be given to personnel who have completed at least one operational tour performing duties utilizing the NEC under which they are seeking assignment to NCWDG.

d. Additional preference will be given to CTRs who have attained the Warfare Tactics Instructor Certification and CTNs with computer coding experience.

e. CTIs must have achieved L2+ R2+ on their most recent Defense Language Proficiency Test.

f. All candidates must be selected by NCWDG through an interview. In coordination with NAVPERSCOM, NCWDG will conduct records screening and personal interviews with Sailors who meet the initial qualification criteria to ensure assigned Sailors possess not only the necessary skills and background to satisfy the technical demands of the mission, but also have the motivation, commitment, work ethic, and desire to enable NCWDG to be successful in meeting its demanding goals and objectives.

g. Prior to assignment to NCWDG, a security pre-screening interview must be performed as required by reference (b), appendix A. Personnel with high threat associations require NCWDG prior approval before final assignment.

h. Completion of [NAVPERS 1306/92](#) Special Program Screening (exhibit 1 of [MILPERSMAN 1306-900](#)) is not required.

5. **Program Selection**

a. Detailed application information may be obtained via commercial phone at (301) 669-5909 or DSN 659-5909.

b. Command leadership will review MyNavy Assignment (MNA) application information during the command comments phase of the MNA cycle. Comments will be made to inform detailers of the member's status (if currently screening) or recommendation for the program (if not currently screening). After billet selection has occurred, detailers will provide respective program point of contact information to the member.

6. **Program Non-selection.** Candidates who fail to screen for NCWDG will renegotiate for orders with their respective detailers. All screening failure communications between the members' current duty station and NCWDG must include NAVPERSCOM. PERS-408 or PERS-405 detailers will subsequently detail members per current manning control authority priorities.

MILPERSMAN 1306-1009

NAVAL SPECIAL WARFARE GROUP FOUR SPECIAL BOAT TEAMS

Responsible Office	NAVPERSCOM (PERS-4013)	Phone:	DSN COM FAX	882-4252 (901) 874-4252 882-2664/2743
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/		

1. **Background.** Naval Special Warfare Group Four (NSWG-4) deploys combat-ready forces and maritime mobility systems in support of fleet and joint commanders. NSWG-4 conducts security force assistance to build foreign security force capability and capacity per Commander, United States Special Operations Command priorities.

a. Billets require duty in arduous field environments (many times isolated and independent) in support of naval special warfare (NSW) operational forces.

b. Special Boat Team TWELVE (SBT-12), unit identification code (UIC) 42221, is located at Naval Base, Coronado, San Diego, CA; Special Boat Team TWENTY (SBT-20), UIC 44392, is located at Joint Expeditionary Base, Little Creek, Virginia Beach, VA; and Special Boat Team TWENTY TWO (SBT-22), UIC 32219, is located at National Aeronautics and Space Administration Stennis Space Center, MS.

c. Detailed command information may be obtained by contacting:

- (1) SBT-12: COMM: (619) 537-4103
- (2) SBT-20: COMM: (757) 763-4030
- (3) SBT-22: COMM: (228) 813-4018

2. **Requirements and Qualifications.** Candidates must meet the following minimum requirements:

a. Eligible Ratings:

Construction mechanic (CM)	Electrician's mate (EM)	Engineman (EN)	Equipment operator (EO)
Electronics technician (ET)	Gunner's mate (GM)	Hospital corpsman (HM)	Hull maintenance technician (HT)
Intelligence specialist (IS)	Information systems technician (IT)	Logistics specialist (LS)	Master-at-arms (MA)
Machinery repairman (MR)	Navy Counselor (NC)	Personnel specialist (PS)	Yeoman (YN)

b. Must have and maintain a Secret clearance (non-waiverable).

c. Must maintain a minimum score of "good-low" or higher on the most recent physical fitness assessment. Applicants in a limited duty status at the time of screening must be fit for full duty prior to receiving permanent change of station orders.

d. Members who have prior convictions for domestic violence are permanently ineligible (non-waiverable).

e. Must qualify for and maintain eligibility for a government travel credit card (non-waiverable).

f. As advertised in MyNavy Assignment, must be in pay grades E-4 to E-9 with no less than 4 years before reaching high year tenure in their current pay grade.

g. Selected members must incur 48 months of obligated service from report date due to extensive required NSW training and length of work-up and deployment cycle.

3. **Application Process**

a. Complete [NAVPERS 1306/92](#) Special Program Screening, sections A, B, C, D2, D3, and D6. Report results using exhibit 1 of [MILPERSMAN 1306-900](#).

b. All waivers will be considered on a case-by-case basis and submitted using exhibit 2 of [MILPERSMAN 1306-900](#) via message to the applicable command plain language address (SBT-12, SBT-20 or SBT-22).

4. **Termination.** Members who fail to maintain any of the listed qualification or standards in paragraph 2 through subparagraph 2g may be subject to involuntary termination from assignment within the SBT. Commanding officers have substantial discretion to involuntarily terminate members when necessary. Involuntary termination is purely an administrative personnel matter, it is not dependent upon a finding of guilt in any punitive or administrative proceeding and is not a substitute for punishment, detachment for cause, or any other adverse action.

MILPERSMAN 1306-1005

NAVAL SPECIAL WARFARE GROUP LOGISTICS SUPPORT UNIT

Responsible Office	NAVPERSCOM (PERS-4013)	Phone: DSN COM FAX	882-3407 (901) 874-3407 882-2664/2743
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Background.** Naval Special Warfare Group (NSWG) ONE, TWO, and THREE logistics support units (unit identification codes 39586, 39588, 55457) provide combat support, combat service support, and underwater combat service support personnel who deploy in support of geographic combatant commanders and national interests. Logistics support units provide logistical, medical, construction, and armory support to deploying teams; develop tactics, techniques, and procedures; and provide fleet maintenance activity repair capabilities for undersea assets.

a. Billets require duty in arduous field environments (many times isolated and independent) in support of naval special warfare (NSW) operational forces.

b. The supported sea-air-land teams are homeported at Naval Base, Coronado, CA; Joint Expeditionary Base, Little Creek, VA; and Joint Base Pearl Harbor-Hickam, Pearl Harbor, HI.

c. Detailed command information may be obtained by contacting:

(1) NSWG ONE, Logistics Support Unit:
COMM: (619) 537-3122 or DSN: 577-3122.

(2) NSWG TWO, Logistics Support Unit:
COMM: (757) 763-2602 or DSN: 253-2602.

(3) NSWG THREE, Logistics Support Unit:
COMM: (808) 474-2600.

2. **Requirements and Qualifications.** Candidates must meet the following minimum requirements:

a. Eligible Ratings: aviation machinist's mate; boatswain's mate; builder; construction electrician's mate; construction mechanic; engineering aide; electrician's mate; electrician's mate, nuclear power; engineman; equipment operator; electronics technician; electronics technician, submarine navigation; electronics technician, radar systems technician; gunner's mate; hospital corpsman; hull maintenance technician; information systems technician; logistics specialist; logistics specialist, submarine; machinist's mate; machinery repairman; Navy diver; aircrew survival equipmentman; steelworker; and utilitiesman.

b. Security Clearance. Must have and maintain a secret clearance.

c. Screening. Complete [NAVPERS 1306/92](#) Special Program Screening, sections A, B, C, D2, D3, and D6. Report results using exhibit 1 of [\(MILPERSMAN\) 1306-900](#). Waiver requests may be submitted using exhibit 2 of [MILPERSMAN 1306-900](#).

d. Weapons. Members with a prior domestic violence conviction are ineligible **(No waiver)**.

e. Financial. Must qualify for and maintain eligibility for a Government travel credit card.

f. Obligated Service (OBLISERV). Selected members must incur 48 months of OBLISERV from report date due to extensive required NSW training and length of work-up and deployment cycle. Exception: The electronics mate, nuclear, rating will follow normal sea/shore flow.

g. Waivers. All waivers will be considered on a case-by-case basis and can be sent via naval message to:

(1) Commanding Officer, NSWG ONE, Logistics Support Unit, plain language address (PLA): NAVSPECWARGRU ONE LOGSUPPU

(2) Commanding Officer, NSWG TWO, Logistics Support Unit, PLA: NAVSPECWARGRU TWO LOGSUPPU

(3) Commanding Officer, NSWG THREE, Logistics Support Unit, PLA: NAVSPECWARGRU THREE LOGSUPPU PEARL HARBOR HI

NAVAL INFORMATION WARFARE TRAINING GROUPS (NIWTG)

Responsible Office	NAVPERSCOM (PERS-408)	Phone: DSN COM FAX	882-3842 (901) 874-3842 (901) 874-2650
MyNavy Career Center		Phone: Toll Free E-mail MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) OPNAVINST 6420.1B (b) CNAF-M 3710.7 NATOPS General Flight and Operating Instructions Manual, May 2016
-------------------	--

1. **Purpose.** To issue qualification requirements and assignment policy for Sailors ordered to instructor billets within the naval information warfare training groups (NIWTG) and naval information warfare training detachments (NIWTD). This article applies to all enlisted members of the Active Component (AC) and full-time support.

2. **Program Background**

a. An NIWTG is responsible for advancing the fleet's information warfare (IW) warfighting readiness through operational-based training and assessment, tailored education, targeted skills training in support of surface, subsurface, air, and ashore commands, delivering decisive advantages in the full range of military operations.

b. NIWTG Norfolk, unit identification code (UIC) 55722, subordinate commands, activities, and detachments are listed below:

- (1) NIWTG Norfolk (UIC 47752)
- (2) NIWTG Gulfport (UIC 3239A)
- (3) NIWTG San Diego (UIC 55721, 44597)
- (4) NIWTD Norfolk (UIC 65781)

- (5) NIWTD Dam Neck (UIC 4119C)
- (6) NIWTD San Diego (UIC 66466)
- (7) NIWTD Whidbey Island (UIC 4990F)
- (8) NIWTD Yokosuka (UIC 37400)

3. Requirements and Qualifications

a. Personnel identified for assignment to NIWTG or NIWTD fleet training billets must be in paygrade E-5 or above. They must have completed a recent tour of duty in which operational and technical expertise was maintained within the required training program to which they are screening.

b. Pay grade substitutions are not authorized unless approved by the gaining command.

c. Possess the appropriate warfare designator required of program to which they are screening.

d. Due to surface, subsurface, and airborne operational requirements, both in-port and underway, assignment to NIWTG and NIWTD fleet training billets are not available to personnel in a limited duty status or serving on a pregnancy tour.

4. Cryptologic (CRY) and Electronic Warfare (EW), Meteorological and Oceanographic (METOC), and Intelligence Training Group Requirements and Qualifications (UICs 3239A, 37400, 44597, 47752, 55721, 55722, 65781, and 66466)

a. During the optimized fleet response plan, fleet readiness training plan, and forward-deployed naval forces training cycles, the IWTG CRY and EW, METOC, and intelligence training groups are the primary afloat and ashore unit-level mission area training and certification resources for a unit's commanding officer and immediate superior in command.

b. Eligible ratings and Navy enlisted classification (NEC) codes are listed below:

RATING	NEC	DESIGNATION
AG	J00A	Meteorological and Oceanographic (METOC) Forecaster
CTM	C26A	AN/SSQ-137 Maintenance Technician
	C28A	Ships Signal Exploitation Equipment (SSEE) Increment (INC) F Maintenance Technician
CTR	C08A	Command and Control Tactical Analyst
	C13A	Afloat Cryptologic Manager
	C20A	SSEE INC E Operator
	C21A	SSEE INC F Operator
CTT	C00A	AN/SLQ-32A/B (V)2 Technician
	C01A	AN/SLQ-32(V) Electronic Warfare Operations Technician
	C02A	Electronic Warfare Systems Technician (AN/SLQ-32(V)3)
	C03A	Electronic Warfare Systems Maintenance Technician (AN/SLQ-32(V)4)
	C04A	AN/SLQ-32(V)6 Electronic Warfare Systems Maintenance Technician
	C05A	Electronic Warfare Technician (Advanced Application)
IS	K24A	Operational Intelligence (OPINTEL) Analyst
IT	741A	Information System Security Manager
	742A	Network Security Vulnerability Technician
	746A	Information Systems Administrator
	H08A	Advanced Network Analyst
	H04A	Transmission System Technician
	H09A	Consolidated Afloat Network Enterprise (CANES) AN/USQ-208(V) System Administrator/Maintainer
	T47A	Submarine Local Area Network (SUBLAN) Technician

c. In addition to meeting eligibility requirements outlined in paragraph 3 above, candidates must meet the following requirements:

(1) Hold NEC 805A (instructor) or complete instructor training school en route, as required.

(2) Member must have a current, adjudicated single scope background investigation (SSBI) and have completed a counter-intelligence scope polygraph (CSP) prior to transfer. For members transferring to billets in UICs 55721, 55722, 47752, 44597, and 65781, they must possess a current top secret (TS)/sensitive compartmented information (SCI) clearance. For members

transferring to billets in UICs 3239A, 37400, and 66466, they must possess a current secret clearance.

5. Cryptologic Subsurface Carry-on Equipment (COE)/Mobile Training Team (MTT) Requirements and Qualifications (UIC 4119C)

a. Program Details. The COE/MTT is a specialized unit tasked with training direct support operators on highly-advanced subsurface COE. Personnel assigned to the MTT receive advanced systems training from partner organizations and are required to obtain certification to train in national organization curricula, in addition to developing and maintaining program-focused curriculum. Assigned personnel work hand-in-hand with in-service engineering agents to rapidly develop and integrate training programs for new COE systems and capabilities.

b. Eligible ratings and NECs are listed below:

RATING	NEC	DESIGNATION
CTRC	C18A	Intermediate Signals Analyst
	C24A	Cryptologic Subsurface Augmentee Supervisor
CTR1	C14A	Subsurface Augmentee Operator
	C18A	Intermediate Signals Analyst
CTT1	C15A	Subsurface Augmentee Electronic Intelligence (ELINT) Operator
	C17A	Intermediate Technical ELINT (TECHELINT) Analysis Technician
CTMC CTM1	C27A	Submarines Carry-on Equipment (COE) Technician

c. In addition to meeting the eligibility requirements outlined in paragraph 3 above, candidates must meet the following requirements:

(1) Be physically qualified for submarine duty and approved within 12 months of application by an undersea medical officer, per reference (a).

(2) Most recent tour of duty must have been a successful cryptologic direct support submarine tour where operational and technical expertise was maintained.

(3) Be a U.S. citizen with current, adjudicated TS/SCI clearance and eligible for Controlled Access Program security

clearance. Member must have a current SSBI and have completed a CSP prior to transfer.

(4) In coordination with Naval Personnel Command (NAVPERSCOM) Information Warfare Community (PERS-408) detailers, MTT leadership will conduct records screening and personal interviews with personnel who meet the initial qualification criteria.

6. Weapons and Tactics Instructor (WTI) Requirements and Qualifications (UIC 4990F)

a. Program Details. A weapons and tactics unit (WTU) is a specialized unit tasked with evaluating Commander Tenth Fleet (C10F) commands with airborne cryptologic direct support elements (ACDSE) on their training programs and recommending program certification to naval information forces. Additionally, members of the WTU serve as the C10F liaison to the aircraft model manager, Patrol Squadron 30 and Naval Air Systems Command. Personnel assigned to the WTU receive advanced training and work with other units throughout their tour.

b. Eligible ratings and NECs are listed below:

RATING	NEC	DESIGNATION	REQUIREMENTS
CTRC CTR1	777A	Weapons and Tactics Instructor	C06A, 805A, ACTC level 400 designation
	C18A	Intermediate Signals Analyst	
CTI	777A	Weapons and Tactics Instructor	805A, ACTC level 400 designation
	C06A	Airborne Cryptologic Technician Operator/Analyst	

c. Additional Eligibility Requirements. In addition to meeting the eligibility requirements outlined in paragraph 3 above, candidates must meet the following:

(1) Most recent tour of duty must have been a successful airborne direct support element tour onboard the Airborne Reconnaissance Integrated Electronic System (EP-3E), where operational and technical expertise was maintained.

(2) Be physically qualified for flight duty and approved within 12 months of application by an aeromedical officer per reference (b).

(3) Hold NEC 805A (instructor) or complete instructor training school enroute as required.

(4) Be a U.S. citizen, eligible to receive top secret and Controlled Access Program security clearance. Member must have a current adjudicated SSBI and completed a CSP prior to transfer.

(5) There are no language-specific requirements for WTIs. All linguists must have achieved at least a 2/2 on the most recent Defense Language Proficiency Test in their primary language.

(6) In coordination with PERS-408 detailers, WTU leadership will conduct records screening and personal interviews with personnel who meet the initial qualification criteria. Pay grade and NEC substitutions may be authorized with PERS-408 and the gaining command's approval.

7. Transferring Command Requirements

a. Complete all sections of [NAVPERS 1306/92](#) Special Program Screening and submit suitability/unsuitability message using exhibit 1 of [MILPERSMAN 1306-900](#).

b. Complete [NAVMED 1300/1](#) Medical, Dental, and Educational Suitability Screening for Service and Family Members (sea duty screening). Required for UICs 44597 and 47752.

c. Required obligated service for these programs is 36 months.

d. Report to receiving command, via message, any derogatory entries in section A of [NAVPERS 1306/92](#) and whether member's record contains any instances of the following for the past 36-month period if found suitable:

- (1) One or more physical fitness assessment failures,
- (2) NEC 805A instructor school failure, or
- (3) Failure to maintain security clearance.

e. Report suitability/unsuitability determinations to NAVPERSCOM Enlisted Distribution Division (PERS-40) rating detailers and receiving command utilizing [MILPERSMAN 1306-900](#), exhibit 2, within 30 days of receipt of Bureau of Naval Personnel

orders. If warranted, submit waiver utilizing [MILPERSMAN 1306-900](#), exhibit 3.

f. Submit completed [NAVPERS 1306/92](#) to servicing personnel support detachment for entry into the electronic service record.

MILPERSMAN 1306-1010

ZUMWALT-CLASS GUIDED MISSILE DESTROYER (DDG 1000-CLASS)

			COM	(901) 874-4562
			FAX	882-2649

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	------------------	-----------------

Reference	(a) COMUSFLTFORCOM/NAVPERSCOMINST 1300.1A (b) OPNAVINST 3591.1F (c) Lautenberg Amendment of 1996
------------------	--

1. **Purpose.** To issue qualification requirements and assignment policies for personnel ordered duty to the ZUMWALT-Class Guided Missile Destroyer (DDG 1000-Class) Program.

2. **Program Background**

a. DDG 1000-Class guided missile destroyers are advanced multi-mission surface combatants with unique stealth and precision strike and volume fire capabilities intended to conduct forward deployed operations as part of a carrier strike group, expeditionary strike group, or as an independent deployer to conduct tailored missions in support of task force and numbered fleet commanders.

b. DDG 1000-Class guided missile destroyers contain new and cutting edge power conversion, propulsion, radar, vertical launch, gun, sonar, and damage control systems operated by a complex ship-wide network. DDG 1000-Class Sailors require a high level of technical expertise in order to operate and maintain these new advanced systems.

c. DDG 1000-Class crew is minimally manned, as determined by analysis of underway operations and assumed specific levels of automation, technical innovation, and tailored policies, practices, and protocols. Shore support for maintenance, personnel, training, medical, and administrative functions is required and provided by Commander, Zumwalt Squadron One (COMZRON ONE), regional maintenance centers, and the type commander (TYCOM) to maintain mission readiness.

MILPERSMAN 1306-1015

QUALIFICATION FOR ASSIGNMENT TO NAVAL SPECIAL OPERATIONS SUPPORT DUTIES

Responsible Office	NAVPERSCOM (PERS-401)	Phone: DSN COM	882-3865 (901) 874-3865
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC(6622) askmncc@navy.mil https://my.navy.mil/	

1. **Background.** Naval special operations explosive ordnance disposal/mobile dive and salvage (EOD/MDS) support activities man, train, equip, organize, and deploy forces to conduct preparation of the environment; explosive ordnance disposal; chemical, biological, radiological, and nuclear (CBRN) response; unmanned vehicle operations; mobile dive and salvage operations; defense in support of civil authorities; maritime homeland defense; United States Secret Service (USSS) support; and combat support for combatant commanders, interagency, and host nation partners.

a. Billets are located within:

- (1) Explosive ordnance disposal groups (EODGRU);
- (2) Explosive ordnance disposal mobile units (EODMU) and subordinate shore detachments;
- (3) Mobile dive and salvage units (MDSU);
- (4) Expeditionary exploitation units (EXU);
- (5) Explosive ordnance disposal training and evaluation units (EODTEU);
- (6) Explosive ordnance disposal expeditionary support units (EODESU); and
- (7) The following unit identification codes (UIC) (may include additional entries at a later date): N31968, N55447, N30215, N55569, N42270, N82630, N30202, N55321, N55322, N43504, N55238, N55568, N43973, N42838, N43505, N30702, N45682, N30720, N30697, N48176, N30208, N30217, N42970, N42038, N30712, N30715,

N42969, N30209, N30203, N30703, N30704, N30713, N40555, N32082, N4068A, and N4617A.

b. EOD/MDS support activity billets are classified as type 2 or 4 sea duty for EODGRUs, EODMUs, MDSUs, EXUs, and EODESUs. EODTEUs and EOD shore detachments are classified as type 1 shore duty.

c. Personnel assigned to EOD/MDS as direct-support ratings may be assigned to either headquarters support departments or a deployable combat support unit of action. Personnel assigned as general-support ratings may be assigned to headquarters support departments as well as support headquarters deployments.

d. The following ratings are currently eligible for assignment (subject to additions and deletions):

Direct-Support Ratings

AG	Aerographer's mate
AWS	Naval aircrewman (helicopter)
BM	Boatswain's mate
CM	Construction mechanic
EM	Electrician's mate
EN	Engineman
ET	Electronics technician
HM	Hospital corpsman (dive medical tech)
IT	Information systems technician
MM	Machinist's mate
MN	Mineman
OS	Operations specialist
QM	Quartermaster
RW	Robotics warfare specialist

General-Support Ratings

BU	Builder
CE	Construction electrician
CTR	Cryptologic technician (collections)
DC	Damage controlman
EA	Engineering aide
EO	Equipment operator
GM	Gunner's mate
HM	Hospital corpsman
HT	Hull maintenance technician

General-Support Ratings (continued)

IC	Interior communications electrician
IS	Intelligence specialist
LN	Legalman
LS	Logistics specialist
MA	Master-at-arms
MC	Mass communications specialist
MR	Machinery repairman
NC	Navy counselor
PR	Aircrew survival equipmentman
PS	Personnel specialist
RP	Religious program specialist
STG	Sonar technician (surface)
SW	Steelworker
UT	Utilitiesman
YN	Yeoman

2. **Requirements and Qualifications.** Requirements and qualifications listed in subparagraphs 2a through 2l will be verified by the respective rating detailer.

a. EOD/MDS assignment is available to Service members in any pay grade in applicable ratings; however, eligible Service members must not be within 36 months of high year tenure at time of onboarding.

b. Service members in general-support ratings must have scored at least "Good-Low" on their most recent physical readiness test (PRT) with no failures over the past 3 years (waiverable).

c. Must be a U.S. citizen and possess a valid State driver's license (non-waiverable).

d. Service members in all ratings must possess, at a minimum, a Secret clearance within 12 months of arrival (non-waiverable). Ideal candidates will possess an interim Secret clearance or have the ability to obtain one prior to arrival.

e. No alcohol related incidents, non-judicial punishment, or civil convictions (excluding minor traffic violations) within the past 36 months. Waivers will be considered on a case-by-case basis.

f. All Service members must attend the Expeditionary Combat Skills Course (A-830-0030), or an equivalent course of instruction, and have been awarded the 804G Navy enlisted classification (NEC) code prior to arrival.

g. All Service members must qualify for and maintain eligibility for a Government travel charge card (GTCC). Loss of eligibility for a GTCC may result in disqualification and subsequent termination from EOD/MDS support activities.

h. Service members convicted of a domestic violence charge are permanently ineligible (non-waiverable).

i. If a Service member is completing a period of limited duty, he or she must complete and pass a PRT with no waivers for any events ("Good-Low" standard for general-support ratings, "Excellent-Low" standard for direct-support ratings) prior to transfer.

j. Service members transferring to operational duty must complete [NAVPERS 1306/92 Special Program Screening](#), sections A, B, C, D1, D2, D3, and D4. Commands must report suitability to the gaining activity utilizing exhibit 1 of [MILPERSMAN 1306-900](#). Exhibits 2 and 3 (as applicable) of [MILPERSMAN 1306-900](#) must be submitted to Commander, Navy Personnel Command (NAVPERSCOM) and forwarded to NAVPERSCOM Enlisted Allocation/Placement Branch (PERS-4013).

k. Service members will be trained and expected to maintain qualifications in small arms and crew-served weapons.

l. Service members will be required to have a Government and civilian (tourist) passport. Service members must initiate passport processing with current command upon selection for assignment. Ideal candidates will already possess a valid passport.

3. **Specific Assignment Requirements and Qualifications.**

Requirements and qualifications listed in subparagraphs 3a through 3e(3) must be verified by the respective rating detailer.

a. Personnel desiring assignment to an intelligence department (N2) must be from the IS rating and possess the K36A NEC as required by the billet assigned. Additionally, ideal candidates will also have NEC 843A.

b. Service members desiring assignment to a logistics and supply department (N4) must be an LS with a background in the Logistic, Financial, Inventory, and Purchase Card Program.

c. Service members desiring assignment to a communications department (N6) must meet the following requirements:

(1) Be from the IT or ET rating with desired NECs: 746A, 741A, or 742A, as required by the billet assigned; however, a 0000 NEC will be accepted on a case-by-case basis;

(2) Service members will be expected to cross-train and attain qualifications and skills that are beyond the scope of their regular rating duties; and

(3) All IT Service members (E7s) must hold the 741A NEC (Information System Security Manager Course (A-531-0009));

d. Service members desiring assignment to direct-support units of action (i.e., unmanned systems (UMS) platoons) must meet the following requirements:

(1) Be from the following ratings: AG, AWS, BM, CM, EM, EN, ET, IT, MM, MN, OS, QM, or RW with desired NECs: 717B, 718B, 746B, or 780B, as required by the billet assigned; however, a 0000 NEC will be accepted on a case-by-case basis;

(2) Required obligated service for this program is 36 months with the option to extend to meet Operational Fleet Readiness Plan requirements;

(3) Have scored at least "Excellent-Low" on their most recent PRT with no failures over the past 3 years (waiverable);

(4) Attended the Basic Unmanned Underwater Vehicle Operator and Maintainer Course (A-062-0200) or have been awarded 799B NEC prior to arrival, per assigned billet requirements. This course requires Service members be second class swimmers prior to attendance; and

(5) Service members will be expected to cross-train and attain qualifications and skills that are beyond the scope of their regular rating duties.

e. Service members desiring assignment to an EODTEU UMS division must meet the following requirements:

- (1) Be from the following ratings: AG, BM, EN, ET, IT, MM, MN, OS, or RW;
- (2) Meet the basic eligibility and screening requirements for instructor duty per reference (c); and
- (3) Hold 789A NEC, as required by the billet assigned.

(1) **Manning.** DDG 1000-Class (ship's company) crew size uses a traditional one crew per hull manning construct. Crews are dependent on proper detailing because of the reduced crew size, advanced equipment and systems, security clearance requirements, and billet training profile requirements. Reliefs must be identified early to support an extensive training track.

(2) **Training.** Under the DDG 1000-Class manning concept, crewmembers must be ready and able to perform their jobs (maintenance and operational tasks) upon reporting on board. A billet training profile has been created that specifies the training required prior to reporting on board. The billet training profile pipeline consists of Navy enlisted classification (NEC) producing Navy courses and fleet and DDG 1000-Class unique training. This requirement dictates a shore training strategy that ensures required competencies are obtained prior to reporting on board.

(a) Prospective DDG 1000-Class crew/squadron members must have all required legacy NECs prior to reporting to COMZRON ONE Training Component (UIC 55793).

(b) The function of COMZRON ONE and the DDG 1000-Class shore training facility is to produce prospective gain crewmembers who report to the ship ready for qualification. Sailors must be ordered to COMZRON ONE Training Component (UIC 55793) to complete fleet training, DDG 1000-Class unique training, and personal qualification standards. DDG 1000-Class Sailors, on average, require 179 days at COMZRON ONE to complete fleet and DDG 1000-Class unique training prior to reporting to their assigned ship to ensure Sailors report with a level of knowledge and skill commensurate with the billet training profile.

3. Permanent Change of Assignment Policies and Procedures.

Prior to receipt of orders, Sailors must be thoroughly screened, due to the advanced training requirements in support of the DDG 1000-Class Program. Sailors who are later found unsuitable will be reassigned by the applicable TYCOM.

a. **Permanent Change of Station Replacements**

(1) Billets for DDG 1000-Class ships will generate 18-24 months prior to the incumbent's projected rotation. Each billet for the DDG-1000 Class Program will have an appropriate take-up-month and advertisement in Career Management System-Interactive

Detailing, reflected to permit filling billets with time to complete screening and all training requirements.

(2) In the event of unplanned losses, the immediate superior in command and TYCOM will rotate Sailors from other crews under their cognizance until a qualified relief is received.

b. **Pay Grade Substitutions.** Pay grade substitutions can degrade a command's experience level within a particular rating or NEC, and must be carefully reviewed to ensure approval will not significantly impact readiness. Pay grade substitutions will be managed per reference (a).

c. **Advancement.** Sailors who promote while in the DDG 1000-Class training pipeline or subsequent to their assignment will normally remain on board the command for the remainder of their tour. Reference (a) provides guidance and policy regarding reassignments.

d. **Rating Conversions.** Personnel who have not completed a sea tour following conversion to their present rating must not be assigned to DDG 1000-Class ships or ZUMWALT Fit Sea Component without specific concurrence from Commander, Naval Surface Force, U.S. Pacific Fleet (N1) and manning control authority, U.S. Fleet Forces.

e. **Navy Enlisted Classifications (NECs).** DDG 1000-Class will use traditional NECs. It is expected that several unique NECs will be created to accommodate DDG 1000-Class systems.

4. **Requirements and Qualifications.** DDG 1000-Class crew and squadron candidates must meet the following minimum requirements:

a. **Technical Expertise.** DDG 1000-Class Sailors must be technical experts in their assigned rating and demonstrate the ability to comprehend, apply, and excel in general shipboard functions (e.g., damage control and force protection). Losing commands must screen and make a specific comment on NAVPERS 1306/99 DDG 1000-Class Program Screening Form regarding a Sailor's technical expertise using deckplate performance, qualifications obtained, and rating exam results. NAVPERS 1306/99 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Supervisor and journeyman prospective

gains (E-5 to E-9) must demonstrate a high level of deckplate technical knowledge and skill, and must be qualified at or above the norm for their pay grade. E5-E6 personnel selected for this program must have scored higher than 50 percent of candidates on in rate exam.

(1) Senior engineering enlisted "Top Snipe" and senior electrician's mate must be graduates of the Calhoon Marine Engineers Beneficial Association (MEBA) Engineering School 2-week Maritime Electrical Propulsion/High Voltage Safety Course (or equivalent).

(2) Senior combat systems enlisted personnel must be graduates of the Cisco Networking Academy Network Fundamentals Course (or equivalent).

(3) Information System Technician (IT) personnel must be a qualified information assurance technician level II (NEC 2791) and be current in cyber security workforce certifications. Experience in Red Hat Operating Systems and the Cisco Networking Academy Network Fundamentals Course are highly recommended.

(4) EM, MM, GSM, and GSE (E-7 and above) must have qualified as an engineering officer of the watch.

(5) EM and GSE (E-5 and E-6) must have qualified as an electrical plant control console operator.

(6) MM and GSM (E-5 and E-6) must have qualified propulsion and auxiliary control operator.

(7) The senior QM must be a graduate of the Navigator Course of Instruction (NEC 0202).

b. **Weapons.** Each candidate in the DDG 1000-Class Program must be capable of handling firearms. Per reference (b), Sailors convicted of a qualifying domestic violence charge are prohibited access to firearms. Qualifying domestic violence convictions, as set forth in reference (c), are described in DD 2760 Qualification to Possess Firearms or Ammunition. DD 2760 may be accessed by using the following Web address: http://www.esd.whs.mil/Directives/forms/dd2500_2999/. Navy personnel have an affirmative obligation to inform their command if they have a qualifying domestic violence conviction. Members with qualifying convictions must not be assigned to DDG 1000-Class Program. Sailors with psychiatric or current mental health

diagnoses requiring the use of psychiatric medications require a small arms waiver per reference (b).

c. **Physical Fitness Assessment (PFA).** Member must currently be within body composition assessment (BCA) standards and must have passed all portions of the PFA, with no portions waived for the most recent PFA cycle.

d. **Citizenship/Clearance.** Member must be a U.S. citizen with the following clearance eligibility:

(1) Top secret special compartmented information (TS-SCI) clearance eligible for enlisted personnel in the following rates and pay grades: CTR, CTT, ET, FC, GM, IC, IS, IT, OS, QM, STG, YN, GSCS, GSEC, GSE1, GSM1, EMCS, EMC, MM1, ENC, EN1.

Note. At least nine enlisted engineers E-6 to E-9 must be TS-SCI eligible. Orders for all E-6 and above engineers must contain the requirement for TS-SCI eligibility.

(2) Secret clearance eligible: BM, CS, DC, EM, EN, GSE, GSM, HM, HT, LS, MM, and SH.

e. **Obligated Service (OBLISERV).** Selected members must incur the required OBLISERV of 36 months from the date of reporting on board the ship. A sea tour is equal to 36 months or the prescribed sea tour, whichever is greater.

f. **Screening.** Satisfactorily complete NAVPERS 1306/99 and report per exhibit 1. Exhibit 2 will be used by personnel requesting waivers. Exhibit 3 must be used to de-screen a previously screened member.

References	(a) USSOCOM Chief of Staff memo, Updated Implementation Guidance for Direct Ground Combat Definition and Assignment Rule of 17 Mar 15 (b) CJCS memo CM-0017-13, Women in the Service Implementation Plan of 09 Jan 13 (c) SECNAV memo, DON Women in the Service Review Implementation Plan of 02 May 13 (d) SECDEF memo, Implementation Guidance for the Full Integration of Women in the Armed Forces of 03 Dec 15 (e) COMNAVSPECWARCOM memo 1000 Ser 00/0661, Cadre Integration Plan of 01 Sep 15 (f) OPNAVINST 1500.75D
-------------------	---

1. **Policy**. The guidance provided herein follows Department of Defense, Department of the Navy, and United States Special Operations Command guidance on women in service per references (a) through (f).

2. **Purpose**. To outline the selection and screening process for women to serve as Naval Special Warfare (NSW) Women in Special Operations Forces (WISOF) instructor cadre. Billets are located at NSW Basic Training Command (NSWBTC) (unit identification code (UIC) N49746) and Naval Special Warfare Assessment Command (NSWAC) (UIC N42545).

3. **Background**

a. NSW selects, assesses, trains, and retains the most capable personnel to execute special operations missions. NSW implements a deliberate and methodical process throughout

sea-air-land (SEAL) and special warfare combatant-craft crewman (SWCC) assessment, selection, and training to ensure the successful integration of women. NSW safeguards sustained combat effectiveness and protects the force's welfare by upholding gender-neutral standards, cultivating task cohesion, and implementing leadership-supported strategies.

b. The NSW WISOF Instructor Program was developed to uphold assessment, selection, and training standards and provide an objective view of the training environment. The program certifies a safe, professional environment and ensures an equal opportunity regardless of gender. WISOF instructors are NSWBTC or NSWAC instructors, teaching within their rating expertise.

c. NSW seeks women who are motivated to serve in the program, demonstrate outstanding mental resilience and exceptional physical readiness, and have a history of relevant deployments or technical expertise.

d. A brief description of the NSWBTC assessment, training, and selection program is as follows:

(1) Naval Special Warfare Orientation (NSWO). The purpose of NSWO is to prepare NSW officer and enlisted candidates to perform demanding physical training and water competency within their training pipelines. The focus is to educate candidates on health, fitness, nutrition, and recovery for successful completion of assessment and selection. Candidates will have a physical conditioning program that consists of running, swimming, aquatic skills, calisthenics, NSW's obstacle course, and an introduction to inflatable boat, small and logs or hawsers.

(2) Basic Underwater Demolition SEAL (BUDS) - First Phase. Selects and prepares prospective NSW officer and enlisted SEAL candidates, physically and psychologically, for the rigorous BUDS assessment, training, and selection. First phase includes three test gates, to include "Hell Week."

(3) BUDS - Second Phase. Trains selected SEAL officers and enlisted SEAL candidates in open circuit and closed-circuit diving. This course content includes physical training, distance running, aquatics or swimming, obstacle course, open-circuit diving, and closed-circuit diving per the approved curriculum, governing directives, and instructions.

(4) BUDS - Third Phase. Trains selected SEAL officers and enlisted SEAL candidates in hydrographic reconnaissance, combat swimmer or diver, land navigation, demolition, and weapons skills in preparation for the SEAL Qualification Training (SQT) pipeline.

(5) SQT. Prepares post-BUDS candidates (first through third phased training) for success in the SEAL teams. SQT consists of the following courses: SEAL Basic Cold Weather Maritime; Navy Parachute Static Line; Navy Parachute Free Fall; NSW Survival, Evasion, Resistance, and Escape (SERE); and NSW Basic Combatives. SQT provides candidates who advance through BUDS with the core tactical skills and knowledge necessary to perform in combat shooting, close-quarters combat, roper, land warfare, and maritime operations.

(6) ALPHA Phase (Selection). Designed to select enlisted candidates (E1-E5) for the special warfare boat operator (SB) rating. Trainees will learn fundamental crewman-skills at the apprentice level as they perform all designated tasks onboard NSW crafts, in classrooms, and on training ranges under the supervision of high-risk qualified SWCC instructors.

(7) BRAVO Phase (Training). Designed to select SWCC candidates for the SB rating. Topics include: nuclear, biological, chemical, and radiological defense (NBCRD); medical, crew-served heavy weapons; small arms weapons; heavy weapons mounts; weapons and ordnance safety; laser and targeting devices; visual augmentation systems; personal equipment; basic combat skills; engineering systems; special operations craft (SOC) transportation; communications; SWCC physical training; and NSW ethics.

(8) CHARLIE Phase (Qualification). Designed to select SWCC candidates for the SB rating. Topics include: SWCC physical training, conditioning run and swim, SWCC combatives, advanced combatant craft crewman skills, underway crew-served weapons practical application, advanced communications system practical application, SOC boat handling practical application, radio detection and ranging or global positioning system practical application, advanced navigation, SWCC ethics, bridge crossings or fields of fire, insert-extract or direct action, and mission planning.

4. Requirements and Qualifications. In coordination with NSW Center (NSWCEN), NSW Force Integration Officer (FIO) will work

with U.S. Fleet Forces Command and Navy Personnel Command to ensure that NSW WISOF instructors meet eligibility requirements. Candidates must meet the following minimum requirements:

a. Eligible Ratings. NSW may consider the rate and rating knowledge relevance to align with the training phase. **All ratings are eligible to apply and will be considered for selection.** However, pay grade preference is for the following ratings is as follows:

(1) E-5 and above for explosive ordnance disposal, Navy diver, and Navy aircrewman; and

(2) E-6 and above for hospital corpsman, gunner's mate, master-at-arms, boatswain's mate, quartermaster, electronics technician, and aircrew survival equipmentman.

b. FIO Eligibility. NSW will consider any designator or community-nominated candidates via the NAVPERSCOM Special Warfare Distribution/Placement Branch (PERS-415) to fill the role of FIO, Naval Special Warfare Command (UIC N00074).

c. Security Clearance. Candidates must have and maintain a Secret clearance.

d. Screenings. Candidates must:

(1) Meet suitability requirements outlined in [MILPERSMAN 1306-953](#) for instructor duty.

(2) Complete a [NAVPERS 1306/92](#) Special Program Screening and meet requirements outlined in [MILPERSMAN 1306-900](#), including commanding officer and command master chief's endorsements.

(3) Complete a physical screening test (PST) per [MILPERSMAN 1220-410](#) (conducted by a qualified command fitness leader). The PST is an NSW assessment tool for physical readiness, passing with SWCC minimum standards is required upon reporting. Candidates must also provide all previous physical readiness test scores. Waivers will be considered and decided upon by Commander, NSWCCN.

(4) Provide previous three observed performance evaluations.

(5) Provide a career summary with the following information: description of completed deployments and include

relevant awards; deployment summaries with a special emphasis on any combat-related mission sets; and descriptions of situations or missions that required mental resilience, involved unknown or uncomfortable situations, or depended strongly on teamwork for success.

Note: Combat-related experience is not required for WISOF instructor positions.

e. Weapons. Candidates with a prior domestic violence conviction are ineligible (no waiver).

f. Financial. Candidates must qualify for and maintain eligibility for a Government travel charge card.

g. Obligated Service (OBLISERV). Selected members will incur 36 months of OBLISERV from report date.

h. Navy Enlisted Classification (NEC). All NSW WISOF instructors will obtain NEC 805A (instructor) and will be eligible to obtain master training specialist NEC 8MST during their tour.

5. Selection Process

a. Candidates must have no less than 15 months remaining at their current assignment when submitting a screening package comprised of: completed [NAVPERS 1306/92](#), previous three observed evaluations, PST scores, and career summary. All documents will be sent securely using encryption either via e-mail or the DoD Secure Access File Exchange (DoD SAFE) Web site (<https://safe.apps.mil>) to the NIPR WISOF distribution e-mail: NSW.WI.SOF.DL@socom.mil. The FIO, Naval Special Warfare Command (UIC N00074) will follow-up with candidates upon receipt of application.

b. Candidate packages will be received, compiled, and reviewed by the FIO. Initially-screened candidates will be submitted to the NSWBTC or NSWAC Board for official assessment and decision. In-person screening will include NSWBTC or NSWAC-monitored completion of PST and interviews.

c. Candidates will be informed of selection or non-selection for the program within 60 days of completion of interviews. This timeline will provide non-select candidates

time to negotiate for orders within their projected rotation date windows.

d. Additional WISOF cadre information can be found at <https://www.sealswcc.com/wisof/>.

MILPERSMAN 1306-1100
PERSONNEL REASSIGNMENT/SEPARATION PROCEDURES
INCIDENT TO ACTIVITY DEACTIVATION

Responsible Office	NAVPERSCOM (PERS-402D)	Phone:	DSN	882-4987
			COM	901-874-4987
			FAX	882-2734

1. **General Information.** This article sets forth guidelines to be utilized in effecting the reassignment or separation of members attached to naval activities scheduled for deactivation, a change in mission, or billet reduction due to Commercial Activity (CA) study or elimination of requirement.

2. **Definitions**

a. **Deactivation.** The decommissioning, disestablishment, or any other type of phasing out/closing down of a sea or shore based activity.

b. **Loss Month.** The month in which an individual's services are no longer required in current assignment for duty in connection with deactivation. Loss months are determined in accordance with procedures approved by the activity's Manning Control Authority (MCA).

c. **Cadre Crew.** Personnel who will remain on board naval ships after decommissioning to complete deactivation preparations or reactivation for hot ship transfer. Cadre crew will be identified as follows:

(1) **Caretaker Crew (CTC).** For deactivation preparation and towing after decommissioning.

(2) **Mobile Team Training (MTT).** For reactivation and training of Foreign Navy personnel.

d. **Admin Transfer.** The transfer of personnel from one activity unit identification code (UIC) to another UIC due to the disestablishment of the former UIC or as a result of a change in mission. This transfer does not involve any change in geographic location and therefore involves no entitlement for travel or shipment of household goods.

e. **Commercial Activity (CA).** An activity either contracted or operated and managed by a Navy field or headquarters activity

that provides a product or service obtainable from a private, commercial source.

(1) A CA can be identified with an organization or as a type of work, but must be:

(a) Separable from other functions so as to be suitable for performance either in-house or by contract.

(b) A regularly needed activity of an operational nature, not a one-time activity of short duration associated with support of a particular project.

f. **Cost Comparison (or Cost Comparison Analysis).** An accurate determination of whether it is more economical to acquire the needed products or services from a private, commercial source or from an existing or proposed CA. The term "CA Study" is often used interchangeably with the term "cost comparison analysis".

g. **Review of a Commercial Activity.** The examination of a CA or a service contract to determine whether the present method of performance should be continued, or whether the function should be scheduled for a cost comparison for a possible change in method of performance.

h. **Billet Reduction.** Wholesale reduction or elimination of billets in a particular rating at the activity due to a reduction or elimination of the mission requirement.

3. **Responsibilities.** Upon announcement by Chief of Naval Operations (CNO) that an activity is scheduled for deactivation, a change in mission, or CA action, the following responsibilities will be assigned:

a. MCA will schedule a manning conference for the purpose of determining the final disposition of the activity's crew. This conference will normally be attended by representatives from the activity being deactivated, Enlisted Placement Management Center (EPMAC) and Navy Personnel Command (NAVPERSCOM).

b. In the event the manning conference is not feasible due to operational commitments (deployment) or location, EPMAC will send a deactivation plan to the activity being deactivated or reduced to include policies and guidelines to effect orderly phase-down or de-crewing.

(1) EPMAC will review unit's Enlisted Distribution and Verification Report (EDVR) for any discrepancies and submit availability in accordance with the unit's deactivation plan.

(2) The following EPMAC codes will have primary coordination responsibilities in the phase-down or de-crewing of the following types of activities:

(a) Codes 41-44. SSC 2 and 4 activities

(b) Code 45. SSC 1, 3, and 6 activities

c. The following sections in NAVPERSCOM will coordinate the phase-down or de-crewing of the following types of activities:

(a) PERS-452. All administrative transfers involving 30 or more personnel

(b) PERS-402D. Surface units

(c) PERS-403. Sub-surface units

(d) PERS-404. Air units

(e) PERS-4010. Shore commands

d. Upon receipt of deactivation plan and prior to the manning conference, the activity being deactivated will submit a plan to EPMAC via message with information copy to MCA, TYCOM and appropriate NAVPERSCOM PERS-code(s). Forward all rated and designated personnel NAVPERS 1306/63, Enlisted Duty Preference to the appropriate NAVPERSCOM PERS-code for distribution to all rating Detailers. Non-designated personnel duty preference NAVPERS 1306/63 to EPMAC (Code 47).

4. **Reassignment of personnel.** Reassignment of personnel will be in accordance with Article 1306-101 except in the case of a change in mission or disestablishment.

a. In the case of a change of mission but no geographic change, NAVPERSCOM (PERS-452) and EPMAC will coordinate the administrative transfer of the personnel.

(1) Inputs may be submitted to EPMAC concerning personnel to be transferred.

b. In the case of a change of mission but no geographic change, NAVPERSCOM (PERS-452) and the MCA will coordinate the administrative transfer of the personnel.

(1) Commands should submit proper paperwork to their Manpower Claimant.

(2) In turn the Manpower Claimant will go through the MCA, submitting a list of personnel to be transferred.

(3) The MCA will then ensure basic allowance (BA) and Navy Manning Plan (NMP) are in place at the new UIC.

(4) The MCA will go through the list provided to them and remove members under orders or who have FLTRES orders on file. Also members within their projected rotation date (PRD) window will be removed.

(5) Once the list is cleaned up, the MCA will then forward that list to NAVPERSCOM (PERS-452) directing an administrative transfer of personnel.

(6) The MCA will also provide an effective date of transfer to NAVPERSCOM (PERS-452), which will be used as the transfer date.

(7) Upon receipt, NAVPERSCOM (PERS-452) will then transfer personnel.

c. Any individual who does not have permanent change of station (PCS) orders 30 days prior to the unit's deactivating date should be brought to the attention of the respective PERS-code within NAVPERSCOM (i.e. PERS-403, PERS-404, PERS-409, PERS-4010) via message or facsimile.

(1) The goal to ensure that all the command's permanently assigned personnel, who will not be part of the caretaker crew, have PCS orders that transfer them prior to or on the deactivating date.

d. A loss month will be established for each crewmember to provide adequate manning throughout the deactivation period and will be based upon specific deactivation requirements. In determining the loss month of each crewmember, submit by Enlisted Distribution Verification Report (EDVR) order to EPMAC in column format as indicated below:

(1) Personnel Recommended for Early Separation. Indicate name, rate, SSN, EAOS/EAOS as extended.

(2) Special Cases. Personnel with transfer directives or fleet reserve authorizations after decommissioning date. Include transfer month.

(3) Designation of Non-rated Personnel. Those non-rated personnel who were recently designated or who will be designated by the commanding officer prior to decommissioning date. Indicate name, rate, SSN, rate to which designated, desired transfer months.

(4) Personnel Recommended for Service School. Indicate name, rate, and SSN of personnel who are recommended for and have NAVPERS 1306/7, Enlisted Personnel Action Request pending.

(5) Personnel on Board as Reenlistment Incentives. Indicate name, rate, SSN, and type of reenlistment incentive (i.e., type of ship, homeport, training) and date reported on board. Personnel with less than 12 months on board will have assignment renegotiated by rating detailers.

(6) All Other Personnel for Reassignment. Indicate name, rate, SSN, and projected loss month. Include any helpful information such as reenlistment intention.

5. Early Separation. Approval of early separation will be contingent upon overall Navy manning, manning of specific ratings and Navy Enlisted Classification codes (NECs), the availability of billets within the area and existing PCS funding constraints.

a. There are two procedures and authorizing authorities for the early release of personnel in connection with unit deactivation:

(1) The first procedure is for members who have an EAOS within 90 days after the unit deactivation date.

(2) The second procedure is for members who have EAOS between 91 and 365 days after the unit deactivation date.

b. Activities not having a separation capability will transfer members to the nearest separation activity in accordance with MILPERSMAN 1910-812.

c. Personnel whose request for early separation is disapproved will be assigned by the appropriate NAVPERSCOM PERS-code in accordance with MCA requisition priority.

6. **Request for Early Separation of Personnel within 90 days after Unit Deactivation.** Commanding officers of activities being deactivated are authorized to separate, up to six months prior to deactivation, those individuals who meet the following criteria:

a. EAOS (including operative and inoperative agreements to extend enlistment) not exceeding three months from date of deactivation.

b. Personnel not willing to extend or reenlist for further assignment.

7. **Request for Early Separation of Personnel with EAOS between 91 and 365 days after Unit Deactivation.** Subject to Commander Navy Personnel Command (COMNAVPERSCOM) approval, commanding officers of activities being deactivated should submit a list of personnel requesting early separation to the appropriate NAVPERSCOM code.

a. Those individuals who meet the following criteria may be included in the request:

(1) EAOS (including operative and inoperative agreements to extend enlistment) not exceeding 365 days from date of deactivation.

(2) The individual's services cannot be effectively utilized elsewhere (as determined at the manning conference).

(3) The individual desires early separation.

8. **Unit with a Homeport Change as part of Inactivation**

a. In the case of an activity, which must maintain a cadre crew as part of a homeport change in concert with inactivation may separate personnel in one of two activity windows.

(1) Homeport change window.

(2) Inactivity date.

b. This applies to nuclear powered ships and submarines, which must maintain a cadre crew until complete removal of the reactor.

c. Non-essential personnel may be approved for early separation on the homeport change date, while essential personnel may be approved for early separation on the inactivation date.

d. Nuclear trained personnel are considered essential in all cases and will not be separated at the homeport change window.

9. **Reassignment as a result of deactivation.** The type of duty to which crewmembers will be reassigned as a result of deactivation will be determined as follows:

a. Members serving on Type duty 1 and 6. Those members who have completed a normal shore tour (NST) will be reassigned to sea duty. Those members who have not completed a NST will be reassigned in accordance with following table:

Rule	If Member has	Will be assigned to	With PRD established	Provided
1	0-6 months remaining on NST	sea duty	for prescribed sea tour	Note 1,3,4
2	7-12 months remaining on NST	shore duty	to complete 12 months at follow on assignment	Note 2,3,4,5
3	13 months or more remaining on NST	shore duty	as required to complete NST	Note 2,3,4,5

Note 1: Personnel assigned a 24-month NST are exempt from this policy. Individuals in this category will complete their NST.

Note 2: Personnel who desire a specific location as number one reassignment priority may be required to transition to sea duty and serve the prescribed sea tour (PST) in the new assignment.

Note 3: Most situations will not allow for no-cost reassignments in the same geographical area. Cost reassignments within CONUS will be to force concentration sites where reasonable expectations exist that a follow on sea tour billet will exist at the completion of NST. The tour length at the new duty station involving cost transfer will be set to appropriate area tour overseas or completion of NST (minimum tour of 12 months) in CONUS. Follow on sea assignment will be at the same location when following Rule 2. Individuals must obligated service (OBLISERV) for the area tour length overseas.

Note 4: Career personnel will be assigned without regard to OBLISERV, except for Department of Defense (DOD) overseas assignments.

Note 5: Non-career personnel who do not desire to acquire necessary OBLISERV maybe assigned to sea duty. **Exception:** For nuclear trained personnel this period shall be 24 months due to requalification requirements.

b. Members serving a prescribed sea tour (PST) on Type duty 2, 3, and 4. If reassignment is required, it will normally be in accordance with the following decision logic table using loss month as basis for computation:

Rule	If Member has	Will be assigned to	With PRD established	Provided
1	0-6 months remaining on PST	shore duty	for NST	OBLISERV Note 1,2
2	7-12 months remaining on PST, but cumulative sea duty exceeds 48 months	sea duty	to complete PST	
3	7-12 months remaining on PST, but cumulative sea duty is less than 48 months	sea duty	to provide 12 months at new command	
3	13 months or more remaining on PST	sea Duty	as required to complete PST	

Note 1: Career personnel will be assigned without regard to OBLISERV, except for DoD overseas assignments.

Note 2: Non-Career personnel must have, or agree to acquire, a minimum 24 month obligated service (OBLISERV) to be eligible for assignment to shore duty. Non-career personnel who do not desire to acquire necessary OBLISERV maybe assigned to sea duty.

10. **Order Modification.** If, after the de-crewing conference, it is determined that members under orders from a deactivating activity are required for an additional period of time or require an order modification for other reasons, the CO may request modification (via the appropriate NAVPERSCOM code) from the cognizant Assignment Control Authority. Such request must provide adequate justification to support the modification or cancellation.

11. **Procedures involving Large Reductions in Strength.** In the case of deactivations incident to large reductions in Navy personnel strength, modifying or supplementing directives may be required to provide specific procedures not now included in this article. The policies and guidelines, which are modified, will be provided by the appropriate code at NAVPERSCOM to the deactivating activity.

-------------------	--

1. **Introduction.** The Navy's dynamic manpower and personnel demands make it imperative for enlisted Sailors to understand the variety of flexible service options available. Various continuum of service opportunities for Active Component (AC) and Reserve Component (RC) enlisted Service members are designed to support seamless transition between the AC and RC, and maximize talent reutilization within the total force.

2. **Purpose.** This article introduces an overview of enlisted component change programs and recall of RC members to active duty (ACDU) as full-time support (FTS). A component change is an indefinite transfer to another component requiring an enlistment contract change. Recall of an RC member to FTS is a career ACDU program requiring an ACDU enlistment contract. In contrast, a temporary or definite recall is not a career ACDU program, as it is effective for a temporary/definite period of time; refer to references (a) through (c) for further guidance. The following articles contain specific policies, procedures and eligibility requirements:

-------------------	---

1. **Purpose.** This article sets forth the policy and procedures for Active Component (AC) Sailors to execute a component change and directly transition to the Reserve Component (RC) as Training and Administration of the Reserve (TAR) or Selected Reserve (SELRES) at the expiration of active obligated service (EAOS). The AC to TAR (AC2TAR) Program covers Sailors requesting a component change to RC (TAR), while the AC to SELRES (AC2SELRES) Program, which includes TAR to SELRES conversion, details the procedures for a component change to RC (SELRES). Both voluntary programs enable Sailors to continue a naval career without a break in service.

a. AC Sailors may apply for AC2TAR conversion at least 13-16 months prior to their projected rotation dates (PRD) to ensure they are not being detailed as AC assets.

b. AC Sailors may apply for AC2SELRES conversion within 10 months from projected soft EAOS (SEAOS).

2. **Policy**. Eligibility, requirements, and application procedures for component change and transition to the RC via the AC2TAR and AC2SELRES Programs are as follow:

a. Sailors in the pay grades of E-6 and below desiring to apply for the AC2SELRES Program should utilize the Career Waypoints (C-WAY) System under the C-WAY "Application" module.

b. Sailors in the pay grade E-6 and below desiring to apply for the AC2TAR Program must submit a completed [NAVPERS 1306/7](#) Enlisted Personnel Action Request (EPAR) to MyNavy Career Center (MNCC), where it will be forwarded to BUPERS-352 for processing. For additional package requirements, refer to the TAR Enlisted Community Managers page at TAR Enlisted Community Managers Page.

c. AC2SELRES Sailors in the pay grade of E-5 or above with the following special circumstances will submit a [NAVPERS 1306/7](#) via MyNavy Portal:

- (1) Have More than 14 years of service,
- (2) Are in remote locations without access to C-WAY, or
- (3) Have less than 90 days to their EAOS.

d. All exceptions to policy contained herein will be adjudicated by the Office of the Chief of Naval Operations (OPNAV) Military Personnel Plans and Policies Division (OPNAV N13) via OPNAV Enlisted Plans and Policy Branch (OPNAV N132) BUPERS-352.

3. **Responsibilities**

a. OPNAV N13 is responsible for the approval of enlisted force management policy in support of the Deputy Chief of Naval Operations for Personnel, Manpower, and Training (CNO N1). OPNAV N13 is the approving authority for C-WAY policy.

b. OPNAV N132 is responsible for developing enlisted force management policy in support of CNO N1.

c. BUPERS Community Management Plans and Policy Career Waypoints Division (BUPERS-33) and BUPERS-352, in coordination

with OPNAV N132, are responsible for C-WAY execution and approval of all AC2SELRES requests. BUPERS-352 will be the final approval authority for all AC2TAR requests submitted via MNCC. All AC2TAR and AC2SELRES requests will be adjudicated as directed by OPNAV N13 and delineated by BUPERS Director, Military Community Management (BUPERS-3).

d. The Center of Excellence for Separations and Retirements, Transaction Service Center (TSC) Norfolk, is responsible for processing AC to TAR strength losses and providing a DD 214 Certificate of Release or Discharge from Active Duty per [MILPERSMAN 1900-015](#). It is imperative that commands comply with the submission timeline requirements to ensure Service members' access to Reserve benefits are not delayed.

e. Sailors will be assigned to Navy Reserve activities (NRA) within 100 miles of their home of record. Sailors who cannot be assigned within a reasonable commuting distance will be assigned to the Navy Individual Ready Reserve or will voluntarily sign a reasonable commuting distance [NAVPERS 1070/613](#) Administrative Remarks page prior to being assigned outside a reasonable commuting distance. Navy Integrated Personnel System (NSIPS) contains an auto-populate [NAVPERS 1070/613](#) option for a reasonable commuting distance for Reserve Sailors. [NAVPERS 1070/613](#) should be designated as temporary, per [MILPERSMAN 1070-320](#). Sailors should not report to their assigned NRA until the active duty (AD) strength loss is complete, and the Reserve strength gain has been processed per [RESPERSMAN 1100-050](#).

f. NRA commanding officer (CO) will ensure the NRA gain clerk has access to Personalized Recruiting for Immediate and Delayed Enlistment Modernization II (PRIDE MOD II) System in order to access affiliation documentation and verify accuracy of the required affiliation documentation.

g. Applicant and RPAC's transition assistant (TA) are responsible for maintaining communication as well as ensuring required affiliation documents are completed in a timely manner to ensure a smooth and seamless transition.

4. **Eligibility Requirements for AC Conversion to the RC (TAR)**

a. Applicants must:

(1) Be eligible to reenlist for 48 months without exceeding high year tenure (HYT) limitations per [MILPERSMAN 1160-120](#),

(2) Be able to complete 24 months on board prior to re-enlistment,

(3) Not be in receipt of permanent change of station orders,

(4) Complete all contractual requirements if reenlisted with a selective reenlistment bonus (SRB) per reference (a). Applicant may be approved for TAR conversion if currently serving under an SRB, but may not reenlist in the TAR Program until the full term of obligated service has been completed,

(5) Be within 13-16 months of PRD and EAOS;

(6) Meet physical readiness standards per reference (b);
and

(7) Meet medical requirements for reenlistment per reference (c), chapter 15;

5. **Eligibility Requirements for AC and TAR Conversion to RC**

a. Applicants must:

(1) Be within 10 months of SEAOs. Application must be submitted via C-WAY 10 to 4 months before separation;

(2) Meet physical readiness standards per reference (b);

(3) Meet medical requirements for reenlistment per reference (c), chapter 15;

(4) Meet requirements for reenlistment per [MILPERSMAN 1160-030](#);

(5) Must have served a minimum of 24 months in their rating. Requests will be considered on a case-by-case basis

based upon the needs of the Navy as determined by BUPERS-352;

(6) Must obtain and or maintain security clearance requirements for requested ratings; and

(7) Must be in the pay grades of E-3 through E-6 and be within the following time in service (TIS) criteria as calculated from their adjusted pay entry base date upon enlistment. TIS exceptions may be considered on a case-by-case basis by BUPERS-352:

Pay Grade	TIS from PEBD
E-3	Fewer than 8 years
E-4	Fewer than 14 years
E-5 & E-6	Fewer than 16 years

Note 1: Waivers for Service members in the pay grades of E-1 through E-2 and TIS may be approved on a case-by-case basis as determined by BUPERS-352.

Note 2: Direct-convert applicants who have greater than 30 months of TIS will be brought in with the pay grade of E-4. Applicants who require schooling to make the rate official and have greater than 30 months TIS will advance to the pay grade of E-4 upon completion of conversion requirements.

6. **Obligated Service.** Per references (d), section 651, and (e), all Service members will incur an 8-year military service obligation (MSO) upon initial entry into military service from the date of their enlistment. Any portion of the MSO that is not served on AD or active duty for training must be served in the RC.

a. Per reference (f), effective 1 October 2020, Sailors who are separating from AD at their EAOS with 6 years or less TIS from their date of initial entry into military service date are subject to required SELRES affiliation based on the needs of the Navy and their [DD 4](#) and applicable [NAVCRUIT 1133/52](#) Enlistment Guarantee Annex.

b. Service members affiliating in-rating and those who are direct-converting to a different rating that does not require an "A" school, "C" school, or both, must obligate in the SELRES (drill pay status) for a minimum of 3 years (or up to their HYT, if less) from the date of enlistment or affiliation, unless waived by BUPERS-352, based upon the needs of the Navy. Service

members affiliating in a different rating that requires an "A" school, "C" school, or both, must obligate in the SELRES for a minimum of 4 years. Conversion to another rating will only be considered after a Service member has served a minimum of 24 months in his or her permanent rating, but will be considered on a case-by-case basis based upon the needs of the Navy.

7. Application Procedures

a. The following procedures have been established for AC Sailors applying for the AC2TAR Program:

(1) All AC Sailors, with the exception of those outlined in subparagraph 2c above, will submit their applications to MNCC when requesting conversion to TAR.

(2) Once approved for AC2TAR conversion, Sailors will reenlist into branch class 32 (TAR) no later than 60 days from conversion approval.

(3) Upon reenlisting into the TAR Program, Sailors should contact NAVPERSCOM TAR Distribution Branch (PERS-4012) for assignments consistent with normal sea-shore flow tour lengths.

b. The following procedures have been established for AC or TAR Sailors applying for the AC2SELRES Program via BUPERS-352:

(1) To affiliate with SELRES via C-WAY, submit a C-WAY application for a SELRES quota. SELRES opportunities are available to all AC and TAR Sailors in the pay grades of E-3 through E-6 with less than 14 years contract time. C-WAY SELRES affiliation requests will continue to be processed until 90 days prior to the Sailor's SEAOS.

(2) Sailors with less than 90 days prior to their SEAOS who do not have a C-WAY quota and desire direct transition as SELRES Sailors are required to have their command career counselors (CCC) submit a Co-endorsed [NAVPERS 1306/7](#). This request must be submitted to MNCC via the MyNavy Portal or by e-mailing MNCC directly at askmncc.fct@navy.mil. BUPERS-352 will either approve or disapprove the request based on needs of the Navy. [NAVPERS 1306/7](#) required contents include the following data, information, and documents:

(a) In the "Reason for Submission" request block of

[NAVPERS 1306/7](#), enter the specific requested rating (no more than 3 ratings for convert-in requests) and the preferred location or NRA. An example of an entry can be, "Respectfully request an in-rate SELRES quota beyond C-WAY eligibility, citing less than 90 days left on active duty."

- (b) Family member data,
- (c) Member's signature,
- (d) Individual's official data (all fields), and
- (e) Command endorsement.

(3) Per subparagraph 2c above, Sailors in the pay grades of E-5 and above with more than 14 years of service requesting AC2SELRES will route [NAVPERS 1306/7](#) to BUPERS-352 for approval or disapproval via the MyNavy Portal. An example of an entry can be, "Respectfully request an in-rate (or out of rate) SELRES quota beyond C-WAY eligibility, as member has more than 14 years of service."

(4) Service members without an approved AC to SELRES quota may be contacted directly by RPAC (PERS-97) up to 180 days after separation to discuss future Reserve options after members' EAOS has expired.

(5) Sailors who are within 90 days of their EAOS and do not have the means to complete [NAVPERS 1306/7](#) may contact the Navy Recruiting Reserve Center (NRRC) if they desire to affiliate with the SELRES.

8. **Incentives**

a. **Additional Requirements.** Additional bonus-eligible requirements, obligations, ratings, amounts, and payment types are issued via the current Commander, Navy Reserve Force Fiscal Year (FY) Selected Reserve Enlisted Incentive Guidance and reference (g). If AC2SELRES Sailors are eligible to receive an affiliation bonus, then they must obligate in SELRES for a minimum of 3 years in an eligible rating. Sailors executing a rating conversion that requires school attendance must obligate for a minimum of 4 years to be eligible for a bonus. If a Sailor is not converting to another rating, then the Sailor must obligate for a minimum of 3 years to be eligible for a bonus.

b. **Incentive Termination.** Failure to complete the terms of the incentive obligation, service obligation, or both, will result in termination of the bonus entitlement. Unless a waiver of recoupment is approved by OPNAV N13, Sailors whose bonus eligibility is terminated are responsible to repay all or a portion of the bonus based on the amount of time served in the SELRES. Waivers of recoupment, in whole or in part, will be submitted to OPNAV N13 via Commander, Navy Reserve Forces Command (CNRFC) for adjudication.

c. **Two-Year Involuntary Mobilization Deferment.** All Navy veterans who affiliate with the Navy Reserve within 6 months of release from AD qualify for a 2-year deferment from mobilization, effective from the date of their SELRES affiliation. RPAC will ensure the member's record in NSIPS is updated with the appropriate mobilization availability status code to prevent mobilization. Members may still volunteer for mobilization while in deferment status.

d. **Transitional Assistance Management Program (TAMP)**

(1) **Medical Benefits.** By transitioning via RPAC or NRRC, AC Sailors become eligible for 6 months of family Tricare benefits. After the 6 months, service members can then enroll in Tricare Reserve Select for the remainder of their SELRES careers. Per reference (d), section 1145, TAR members are not eligible to receive TAMP benefits.

(2) **Dental Benefits.** Member's that qualify under TAMP can receive dental care under the Tricare Active Duty Dental program for 6 months upon SELRES affiliation. After 6 months, the member may opt to receive coverage under the Tricare Dental Program for Guard and Reserve Service Members. Eligible family members may purchase dental coverage separately.

e. **Non-Regular Retirement.** The time members have spent on AD is creditable and will be included in the member's retirement point record. For additional information on non-regular retirement, see [MILPERSMAN 1820-020](#).

f. **Conversion.** Sailors converting to a new rating that requires school(s) must complete training within 18 months of affiliation in order to make the rating conversion official and receive a bonus.

9. **Requirements and Processing Procedures.** The following procedures and requirements have been established for AC and TAR Sailors transitioning to the SELRES via RPAC:

a. Once approved for SELRES affiliation, applicants will receive an initial e-mail via their personal e-mail address, from their TA coordinators outlining the process and necessary affiliation paperwork needed to complete the transition process. The CCC will assist the Sailor with completing [NAVPERS 1306/97](#) Reserve Affiliation Screening Checklist and contact information sheet (RASC). The CCC will submit the RASC, the Sailor's C-WAY approval letter, and [NAVPERS 1070/613](#) (generated through RPAC per [MILPERSMAN 1070-310](#)) to the applicant's assigned TA. If unable to obtain the completed RASC endorsed by the CO prior to terminal leave and or EAOS, RPAC will accept a DD 214 reflecting an appropriate reenlistment (RE) code and supporting medical separation paperwork, completed within 1 year of EAOS, deeming service member fit to separate. If the Sailor does not desire to utilize the C-WAY application quota for SELRES affiliation or subsequently becomes ineligible to affiliate, then the CCC must use the C-WAY module to rescind the Sailor's approved SELRES quota and inform the TA.

b. The Sailor's CO or designated approving authority, utilizing the RASC, must evaluate and certify that the applicant is fully qualified.

c. Have no previous non-judicial punishment or convictions in civilian or military courts within the previous 24 months. Waivers may be approved on a case-by-case basis upon the needs of the Navy, as determined by BUPERS-352.

d. If required, the CCC will assist Sailors with the execution of a Reserve reenlistment contract provided by the assigned TA. Bonus eligibility will be determined by CNRFC based on the current FY Navy Reserve bonus message and governing Department of Defense and Navy directives. Sailor contracts will be submitted to the member's local NRA upon check-in and routed via the current enlisted Reserve bonus policy available in line with the Navy Reserve Homeport. Sailors who choose to fulfill their Reserve obligation for involuntary separation pay in the SELRES must sign a contract for a minimum of 3 years per [MILPERSMAN 1910-050](#). The effective date of the Reserve contract must be the day after the Sailor's EAOS and or SEAOS.

e. The TA will prepare and provide all affiliation documentation to Sailors to review, sign, and return prior to their EAOS or terminal leave start date.

f. AC command must comply with submission timeline requirements per [MILPERSMAN 1900-015](#). The required separation package must be submitted via Salesforce to TSC Norfolk in line with prescribed timelines to ensure timely and accurate processing of the DD 214 and strength loss. If the strength loss is not processed in a timely manner, it will negatively impact the applicants' Reserve benefits.

g. RPAC will process AC to RC strength gains in NSIPS as well as initial Navy Reserve unit assignments at the discretion of CNRFC Officer Assignments Branch (N122) and Enlisted Assignments Branch (N121). **Sailors cannot report to their assigned NRA until the NRA receives their inactive duty training orders and transition documents from the RPAC via PRIDE MOD II Program.**

h. Personnel transitioning between branch and or class components (e.g., AC to RC or RC to TAR) subsequent to selection for advancement notification in the previous component will be advanced in the new component on the date authorized on the profile sheet. The individual should submit an advancement determination per reference (h).

i. Sailors in receipt of SELRES conversion quotas requiring school(s) are responsible for contacting BUPERS-352 for school quotas upon affiliation with the SELRES. Required school(s) must be completed within 18 months of affiliation. Requests for extensions beyond 18 months, due to no fault of the Sailor, must be submitted to BUPERS-352 via MNCC by the Sailor.

j. For more information or questions concerning the AC/TAR2RC Program via RPAC visit MyNavy HR at <https://www.mynavyhr.navy.mil/Career-Management/Transition/RPAC/> or e-mail rpac.enlisted.fct@navy.mil.

k. If the gaining NRA determines that the appropriate screening, RC strength gain, and or bonus application was not complete or completed improperly, contact PERS-97 via e-mail rpac.enlisted.fct@navy.mil.

-------------------	--

1. **Purpose.** This article sets forth the policy and procedures for Active Component (AC) Sailors to execute a component change and directly transition to the Reserve Component (RC) as active duty full-time support (FTS) or Selected Reserve (SELRES). AC Sailors may request a component change to RC (SELRES or FTS) at the expiration of active obligated service (EAOS). Additionally, AC Sailors may request a component change to RC (FTS) after completing a minimum of 24 months on board their current command, as long as they are within 18 months from their EAOS or soft EAOS (SEAOS). AC Sailors will submit an application for conversion in the Career Waypoints (C-WAY) System based on available quotas. The AC to FTS (AC2FTS) Program covers Sailors requesting a component change to RC (FTS), while the AC to RC (AC2RC) Program details the procedures for a component change to RC (SELRES). Both voluntary programs enable Sailors to continue a naval career without a break in service.

2. **Policy.** This article sets forth eligibility and application procedures for component change and transition to the RC via the AC2FTS and AC2RC Programs.

a. E-6 and below Sailors desiring to apply for the AC2FTS and AC2RC Programs should utilize the C-WAY System under the C-WAY transition module.

b. Sailors in pay grades E-7 or above, with special circumstances, and having greater than 14 years of service or in remote locations without access to C-WAY will apply as follows:

(1) AC2FTS may submit a completed conversion package per [MILPERSMAN 1440-010](#) to Bureau of Naval Personnel (BUPERS), SELRES and FTS Branch (BUPERS-328) for processing.

(2) AC2RC Sailors may submit a completed [NAVPERS 1306/7](#) Electronic Personnel Action Request with command endorsement to the BUPERS, Reserve Enlisted Community Manager (Technical Advisor) (BUPERS-352) via the [MyNavy Career Center Portal](#) for the rating in which they are applying.

c. All exceptions to policy contained herein will be adjudicated by the Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policies Division (OPNAV N13) via OPNAV, Enlisted Plans, Policy, and Oversight Branch (OPNAV N132), BUPERS, Enlisted Community Management Division (BUPERS-32), and BUPERS-352.

3. **Responsibilities**

a. OPNAV (N13) is responsible for the approval of enlisted force management policy in support of the Deputy Chief of Naval Operations, Manpower, Training, Education (DCNO N1). OPNAV (N13) is the approving authority for C-WAY policy.

b. OPNAV (N132) is responsible for developing enlisted force management policy in support of OPNAV (N1).

c. BUPERS, Military Community Management Plans and Policy/Career Waypoints Branch (BUPERS-33); BUPERS-32; BUPERS-352; and BUPERS-328, in coordination with OPNAV (N132), is responsible for C-WAY execution and approval of all AC2FTS and AC2RC requests. All AC2FTS and AC2RC requests will be adjudicated as directed by OPNAV (N13) and delineated by BUPERS, Military Community Management Department (BUPERS-3).

d. Navy Personnel Command (NAVPERSCOM) Director, Career Transition Office (CTO) Career Transition Division (PERS-97), as the AC2RC Program Manager, is responsible for execution of all approved C-WAY applications for AC Sailors approved for the RC as prescribed herein.

4. Eligibility

a. To be eligible for the AC2FTS Program, applicants must:

(1) Be eligible to reenlist for 48 months without exceeding high year tenure limitations per [MILPERSMAN 1160-120](#),

(2) Have completed a minimum of 24 months on board current command before submission of application,

(3) Not be in receipt of permanent change of station orders,

(4) Complete all contractual requirements if reenlisted with a selective reenlistment bonus (SRB), per reference (a). Applicant may be approved for FTS conversion if currently serving under an SRB, but may not reenlist in the FTS Program until the full term of obligated service has been completed,

(5) Be within 18 months of projected rotation date (PRD) and expiration of EAOS. If EAOS and PRD do not match, it is recommended that the applicant submit a request to the appropriate detailee to align PRD and EAOS before submitting application,

(6) Meet physical readiness standards per reference (b), and

(7) Meet requirements for reenlistment per reference (c), chapter 15.

b. To be eligible for the AC2RC Program, applicants must:

(1) Obtain BUPERS-352 approval through the C-WAY System using Career Waypoints-Reenlistment (C-WAY-REEN) application module. Refer to [MILPERSMAN 1160-140](#) for C-WAY-REEN guidance. Service members without an AC or SELRES C-WAY quota may be contacted directly by the CTO to discuss reserve options.

(2) To affiliate with SELRES via the C-WAY-REEN module, submit a C-WAY-REEN application for a SELRES quota. SELRES opportunities are available to all rated E-3 through E-6 AC and FTS Sailors. C-WAY-REEN SELRES affiliation requests will continue to be processed until 90 days prior to the Sailor's SEAOS per [MILPERSMAN 1160-140](#).

(3) Sailors who do not have a C-WAY-REEN application quota, with less than 90 days prior to their SEAOS, and desire direct transition to the RC as a SELRES Sailor are required to have their command career counselor (CCC) contact the MyNavy Career Center to request a SELRES quota via [NAVPERS 1306/7](#). BUPERS-352 will either approve or disapprove the request based on needs of the Navy.

(4) Per subparagraph 2b, E-7 or above Sailors requesting AC2RC will route [NAVPERS 1306/7](#) to BUPERS-352 for approval or disapproval via the MyNavy Career Center e-mail: askmncc@navy.mil or phone: 1-833-330-MNCC.

(5) Sailors who do not receive an RC quota prior to leaving active duty must contact a Navy recruiter if they desire to affiliate with the RC as a SELRES Sailor.

5. Procedures

a. The following procedures have been established for AC Sailors applying for the AC2FTS Program:

(1) All AC Sailors, with the exception of those outlined in subparagraph 2b, must utilize C-WAY, as outlined in [MILPERSMAN 1160-140](#), when requesting conversion into the FTS Program.

(2) Once approved for AC2FTS conversion, Sailors will reenlist into branch class 32 (FTS), no earlier than 18 months prior to PRD to allow for appropriate detailing, as necessary.

(3) Once approved for FTS, Sailors should contact NAVPERSCOM, Full-Time Support Distribution Branch (PERS-4012) for assignments consistent with normal sea/shore flow tour lengths. Per [MILPERSMAN 1306-110](#), enlisted FTS personnel will submit an enlisted duty preference using the [Career Management System \(CMS\)](#).

b. The following procedures have been established for AC or FTS Sailors transitioning to the SELRES via the CTO:

(1) Upon notification of C-WAY-REEN application quota approval to affiliate with SELRES, the CCC will assist the Sailor with completing [NAVPERS 1306/97](#) Reserve Affiliation

Screening Checklist and Contact Information Sheet. The CCC will submit [NAVPERS 1306/97](#) and the Sailor's C-WAY approval letter to the Service member's enlisted transition assistant (TA) at the CTO. The TA will contact the RC-approved Sailor and CCC when monthly C-WAY results are available. If the Sailor does not desire to utilize the C-WAY-REEN application quota for SELRES affiliation, the CCC must rescind the Sailor's approved SELRES quota utilizing the C-WAY module.

(2) The Sailor's AC commanding officer (CO) or designated approving authority must evaluate and certify that the Service member is fully qualified, utilizing [NAVPERS 1306/97](#), regardless of the Sailor's intent to use C-WAY-REEN quota for SELRES affiliation.

(3) The CTO will prepare and provide all affiliation documents to Sailors, via their CCC, to review, sign, and return to their CTO TA prior to Service members' EAOS or terminal leave start date.

(4) The CCC must rescind the Service member's approved SELRES quota via the C-WAY module, and contact CTO if the Sailor subsequently becomes ineligible to affiliate in the Navy Reserve (non-judicial punishment, medical reasons, etc.) after [NAVPERS 1306/97](#) has been sent to the CTO.

(5) CTO must process RC strength gains in the Navy Standard Integrated Personnel System (NSIPS) and coordinate initial Navy Reserve unit assignments with Navy Reserve Forces Command (NRFC), Officer and Enlisted Assignments Department (N12). Sailors must not report to the Navy Reserve activity (NRA) until they receive their inactive duty training orders and transition documents from the CTO, unless contacted directly by the NRA with further direction.

(6) If required, the CCC will assist Sailors with the execution of a Reserve reenlistment contract provided by the CTO. Bonus eligibility will be determined based on the latest guidance from NRFC, Enlisted and Officer Incentives (N112), and bonus requests for eligible Sailors must be submitted per the current enlisted Reserve bonus policy available on the [Navy Reserve Homeport](#). Sailors who choose to fulfill their Reserve obligation for involuntary separation pay in the SELRES must sign a contract for a minimum of 3 years per [MILPERSMAN 1910-050](#). The contract must be sworn and signed prior to the Sailor

executing any terminal leave. The effective date of the Reserve contract must be the day after the Sailor's SEAOS.

(7) If the gaining NRA determines that the appropriate screening, RC strength gain, and or bonus application was not complete or completed improperly, contact MyNavy Career Center via e-mail: askmncc@navy.mil or phone: 1-833-330-MNCC.

------------	--

1. **Background.** To fill active duty needs for both the Active Component (AC) and the Training and Administration of the Reserves (TAR) communities, Reserve Component (RC) Sailors may complete a component change to the AC (RC2AC) or request to remain in the RC, but be recalled to active duty under the (TAR) Program (RC2TAR). This not only leverages existing skill sets that reside in the RC population to improve and maintain active duty needs, but also provides qualified Sailors with an opportunity to resume or begin an active duty career.

a. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available RC2AC and RC2TAR quotas published on the Navy Personnel Command (NAVPERSCOM) Web site under Bureau of Naval Personnel (BUPERS) Reserve Enlisted Community Manager

(BUPERS-352) Web page at: <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Enlisted/Selected-Reserves/RC-to-AC/>.

b. Component change, as addressed in this article, only applies to RC2AC applicants and is distinguished from a definite recall in that a Sailor completing a component change is permanently transferred to the AC (i.e., branch class 11) under a new AC enlistment contract to fill a shortfall in the Active Component. Whereas, the Sailor recalled for a definite period remains in the RC, but is issued active duty recall orders to fill a specific billet vacancy for a specific duration, generally 1 to 3 years.

c. Contract change, as addressed in this article, only applies to RC2TAR and applies when an RC requests to recall to active duty as TAR. In this case, the RC Sailor remains in the Reserve Component, but changes to an active duty status (i.e., Branch Class 32) to fill an available active duty quota. RC2TAR is also distinguished from a definite recall in that it is a contract change to active duty status and the Sailor may complete an active duty career.

2. **Policy.** This article sets forth eligibility and application procedures for both programs, RC2AC and RC2TAR.

a. E-6 and below Sailors desiring a component change or contract change to recall to active duty (RC2AC or RC2TAR) must utilize C-WAY under the Career Waypoints-Transition (C-WAY-TRANS) module.

b. Sailors in paygrade E-7 or above and Sailors in remote locations without access to C-WAY can submit completed packages to the RC2AC/TAR Program coordinator via e-mail at rc_to_ac@navy.mil. Applicants must use [NAVPERS 1306/7](#) Enlisted Personnel Action Request with command endorsement and include the following enclosures:

(1) Most recent physical fitness assessment (PFA) results utilizing Physical Readiness Information Management System (PRIMS) report;

(2) Last 3 evaluations;

(3) Armed Services Vocational Aptitude Battery test scores;

(4) Navy enlisted classification (NEC) listing via [NAVPERS 1070/881](#) Training, Education and Qualification History;

(5) Annual Statement of Service History; and

(6) [DD214](#) Certificate of Release or Discharge from Active Duty (if applicable).

c. All exceptions to policy contained herein will be adjudicated by the Office of the Chief of Naval Operations (OPNAV) Military Personnel, Plans, and Policies Division (OPNAV N13)) via OPNAV Enlisted Force Shaping, Plans, and Policies Branch (OPNAV N132)) and BUPERS Enlisted Community Management Division (BUPERS-32/352).

3. **Eligibility Requirements.** Members must be an RC Selected Reservist (SELRES), canvasser recruiter (CANREC), in a voluntary training unit (VTU), or on an active duty definite recall. Individual Ready Reserve (IRR) Sailors in the Active Status Pool (ASP), Standby Reserve Active, Standby Reserve Inactive, and USNR-Retired Reservists are not eligible. If members of the IRR-ASP desire to apply for RC2AC or RC2TAR, they must affiliate with the SELRES via a Navy Reserve recruiter and meet all eligibility criteria.

a. Applicants must meet the following criteria to be considered for a component change or recall to active duty as an TAR member:

(1) Be a satisfactory drill participant, reference (a),

(2) Be designated,

(3) Have completed all requirements to make rating permanent for all temporary rating reserve affiliation programs per reference (a),

(4) Meet criteria outlined within diagram located in reference (a), enclosure 1, page 7-4,

(5) Be able to meet the prescribed enlisted age limitations for continuation set forth in [MILPERSMAN 1160-010](#),

(6) Meet PFA standards per reference (b),

(7) Meet physical exam requirements for reenlistment per reference (c), chapters 15 and 18, and complete an operational duty screening per [MILPERSMAN 1300-800](#),

(8) Be eligible to reenlist for 48 months without exceeding high-year tenure (HYT) policy limitations outlined in [MILPERSMAN 1160-120](#). HYT waiver requests will be considered on a case-by-case basis,

(9) Member should not have a history of personal or professional legal issues within the last 36 months and have no military or civilian legal issues pending to include, but not limited to, non-judicial punishment, court-martial, civilian court cases, child custody issues or hearings, divorce settlements, and sentencing hearings or appeals of any kind, and

(10) Member must have an adjudicated security clearance appropriate for the member's rating and position or assignment requirement. Member's command security officer should verify member's security clearance status prior to the command-level career development board (CDB) and member's initial application in C-WAY.

b. RC personnel in receipt of mobilization orders, on mobilization or active duty for operational support (ADOS) orders (formerly known as active duty for special work (ADSW)), on extended active duty for training (ADT) orders, or on definite recall orders must be within 90 days of the end of these orders prior to applying for this program. RC personnel in receipt of mobilization orders, on mobilization orders, or on definite recall orders and submitting an RC2AC or RC2TAR application must complete the period of active service set forth in their current orders.

c. CANREC Program Sailors applying for a component change or recall to active duty as TAR must be within 90 days of completing their orders and have filed an intent not to seek an extension to CANREC orders (non-continuation intent) with NAVPERSCOM Affiliation and Redesignation Division (PERS-92). CANREC Program Sailors will be required to complete their obligated service under their current orders.

d. RC Sailors may contact the MyNavy Career Center via e-mail at askmncc@navy.mil or via phone at 1-833-330-MNCC to determine if an opportunity exists upon release from active duty.

4. Responsibilities

a. OPNAV Director, Military Personnel, Plans, and Policies Division (OPNAV N13)) is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations (DCNO) Manpower, Personnel, Training, and Education (CNO (N1)). As such, OPNAV N13 is the approving authority for all C-WAY policy, quota management plans, and business rules.

b. OPNAV Military Personnel Navy Financial Management Division (N10/PERS-7) is responsible for approval and execution oversight of financial management in support of CNO N1 . OPNAV (N10/PERS-7) will also account (financially) for the RC2AC and RC2TAR Program and factor these component and contract changes into the overall fiscal year (FY) strength planning assumptions.

c. OPNAV Enlisted Force Shaping, Plans and Policy (OPNAV N132)) is responsible for program execution oversight and will coordinate with BUPERS-32/352 to establish and update (as required) quota management plans, business rules, and applicable program funding requests and phasing plans.

d. BUPERS-32, in coordination with OPNAV N132, must manage individual rating quota plans and adjudicate all C-WAY applications for the RC2AC Program, as directed by OPNAV N13 and delineated by BUPERS Director, Military Community Management (BUPERS-3). BUPERS-32 serves as the RC2AC Program manager and is responsible for overall program execution. In addition, BUPERS-32 is responsible for meeting the following program objectives that include, but are not limited to, the following:

(1) Define and submit FY BUPERS-32 need, RC2AC component change quota targets for OPNAV N13 approval via OPNAV N132 on a monthly basis, ensuring that the accession plan is adjusted for each RC2AC component change. This input should be coordinated with OPNAV Director, Strategic Resourcing Branch (OPNAV (N100)) prior to the start of each FY (1 October) and reconciled as needed,

(2) Work within approved FY component change program and quota targets and phasing control parameters. Keep OPNAV N13 apprised, via OPNAV N132, of forecasted over-execution of targets and controls,

(3) Ensure timely publishing and updating of RC2AC quotas on the NAVPERSCOM Web site at:

<https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Enlisted/Selected-Reserves/RC-to-AC/>,

(4) Work closely with Commander, Navy Reserve Forces Command (COMNAVRESFORCOM); BUPERS Career Waypoints Division (BUPERS-33); and MyNavy Career Center (MNCC), Career Management Department (PERS-4), and Enlisted Distribution Division (PERS-40) to ensure compliance to program standards and execution timelines,

(5) Provide quotas to BUPERS-33. When publishing RC2AC quotas, ensure quotas advertised include a start month. The start month reflects BUPERS-32 need, is bounded by the FY phasing controls established by OPNAV N13 and OPNAV N100, and should factor in any training required to include "A" school,

(6) On a monthly basis, or as needed, submit approved RC2AC personnel information, via encrypted e-mail, to NAVPERSCOM Enlisted Distribution Division (PERS-4013) for Navy systems pre-staging, placement, and order writing, and

(7) Provide to OPNAV N132; Reserve Personnel, Plans and Policy Branch (OPNAV (N13R)); and N100, via BUPERS-3, monthly application and processing status reports from C-WAY and hardcopy submissions.

e. BUPERS-352 is responsible for coordinating with OPNAV N132 to manage individual rating quota plans for RC2TAR. BUPERS-352 is the overall program manager for RC2TAR since a Sailor recalling to active duty in the TAR is still a member of the RC, and BUPERS-352 is responsible for meeting program objectives which include:

(1) Ensure timely publishing and updating of RC2TAR quotas on the NAVPERSCOM Web site, located at:

<https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Enlisted/Selected-Reserves/RC-to-AC/>,

(2) Coordinate with COMNAVRESFORCOM, BUPERS-33, PERS-4013, and MNCC to ensure compliance with program standards and execution timelines,

(3) Provide quotas to BUPERS-33. When publishing RC2TAR quotas, ensure quotas advertised include a start month. The start month reflects BUPERS-352 need, is bounded by the FY phasing controls established by OPNAV N13 and OPNAV N100, and should factor in any training required to include "A" school,

(4) On a monthly basis, or as needed, submit via encrypted e-mail, approved RC2TAR personnel information to PERS-4013 for Navy systems pre-staging, placement, and order writing, and

(5) Provide to OPNAV N132, N13R, and N100, via BUPERS-3, monthly application and processing status reports from C-WAY and hardcopy submissions.

f. PERS-40 is responsible for the timely and cost-efficient assignment and distribution of enlisted personnel per the manning control authority (MCA) priorities. As such, PERS-40 will be responsible for the following:

(1) Initiate permanent change of station (PCS) orders upon receipt of the availability report (i.e., "AVAIL") per [MILPERSMAN 1306-1700](#) and complete orders within 5 days of receipt if no schools are required or 10 days of receipt if schools are required. Approved RC2AC and RC2TAR members' records must be pre-staged in the Enlisted Information Assignment System (EAIS) by the BUPERS Data and Information Management Division (BUPERS-072) to allow detailing and placement actions to start,

(2) Work closely with BUPERS-32/35 to stay within OPNAV N13 and N100 approved FY control phasing parameters,

(3) Work closely with command career counselors (CCC) and members during orders negotiations. Members are reminded that assignment desires will be considered, but the needs of the Navy will take precedence, and

(4) Sailors requiring and or authorized an "A" school or NEC for an RC2AC or RC2TAR approval with a rating conversion will receive orders in their current rating. Upon completion of "A" school, a Sailor's rating will be changed by the gaining command.

g. BUPERS-072 is responsible for pre-staging all Navy personnel systems to ensure approved Sailors can be properly gained, AVAILs submitted, and orders processed.

h. MNCC will provide oversight of the transaction service center (TSC) required actions.

(1) Servicing TSCs are responsible for the timely and accurate processing of reenlistment contracts, strength gains, availability reports, and PCS transfers. These actions will be completed expeditiously to ensure members can meet the 30-day timeline required in their approval letters, which includes:

(a) Within 5 working days from request from the Navy reserve activity (NRA), generate the AC/TAR reenlistment contract per [MILPERSMAN 1160-030](#). Ensure a minimum of 48 months of active duty in the appropriate branch class and addition of any military service obligation (MSO), if required (e.g., 8 years total service).

(b) Complete Navy strength gains via the Navy Standard Integrated Personnel System (NSIPS) into accounting category code (ACC) 320 with the appropriate branch class.

	<u>AC</u>	<u>TAR</u>
Branch/Class	USN/11	USNR/32
Status	Active	Active
RADO Months/Days	N/A	48

(c) Establish Master Military Pay Account (MMPA) (i.e., pay, allowances, and entitlements).

(d) Submit the required "AVAIL" per [MILPERSMAN 1306-1700](#).

(e) Must perform an electronic service record (ESR) close-out due to reenlistment and submit for inclusion into the member's official military personnel file (OMPF).

(f) Must follow the NSIPS checklist regarding this program.

(g) Must process the PCS transfer and submit the activity loss transaction.

(h) Upon completion of "A" school or obtaining required NEC via "C" school, the Sailors' ratings should be changed. Upon receipt of PCS orders to transfer, process an activity loss.

i. NRA Commanding officers (COs). The NRA CO is ultimately responsible for the complete and accurate application entries into C-WAY and ensuring personnel understand and comply with C-WAY policies and procedures. As such, COs must:

(1) Provide adequate oversight to ensure C-WAY policies and procedures contained herein are followed,

(2) Ensure CCC or the command's designated representative has access to C-WAY,

(3) Ensure AC and TAR opportunities are advertised to all NRA personnel (by whatever means are available) to include, but not limited to: GovDelivery Distribution System, posting on local command reading boards, e-mail distribution lists, or via the command plan of the week or plan of the month,

(4) Ensure CCCs or designated representative adhere to policy and procedures outlined in this article, including entry of applications, tracking of member requests, approval and disapproval notification to applicants, and notification to their respective chain of command,

(5) Assist Sailors who receive a SELRES enlistment bonus or selective reenlistment bonus (SRB) with processing a "remission of indebtedness" request via OPNAV N13,

(6) Ensure timelines are met for all Sailors approved for a component or contract change as outlined in their approval letters (i.e., 30 days to re-enlist) and this instruction, and

(7) Ensure that excessive processing delays are occurring, to include wait times for Sailors to reenlist into the AC, or execute a contract change to TAR.

j. NRA CCC must:

(1) Keep the commander apprised of current C-WAY application status and report program or system-related issues as appropriate,

(2) Maintain C-WAY System access in order to provide oversight and to submit C-WAY-TRANS requests. Submission of an approved [OPNAV 5239/14](#) System Access Authorization Request-Navy (SAAR-N) to the BUPERS-33 C-WAY helpdesk is required to obtain C-WAY System access,

(3) Ensure RC2AC and RC2TAR opportunities are advertised to all personnel by whatever means are available, to include, but not limited to: postings on local command reading boards, e-mail distribution lists, or via the command plan of the week or plan of the month,

(4) Provide immediate superior in command-level oversight on requests and assist the Unit CCC (UCC) with the following actions for personnel requesting a component or contract change:

(a) Prior to any member applying for advertised opportunities, conduct a command-level CDB to evaluate member's qualifications and suitability for the advertised opportunities,

(b) Counsel member, as required, about personal and family preparations and PCS orders, evaluate member's qualifications and suitability, and establish expectations related to the member's request. At a minimum, the following actions should be reviewed for suitability: physical readiness, medical and dental readiness, security clearance, legal issues, current and or previously held ratings, TAR HYT, and year group (YG), and review of all individual mobilization status and manpower availability status (MAS) codes to ensure they are correct and accurate to prevent applications from being cancelled due to erroneous inputs,

(c) Qualify member in C-WAY, calculate total active service (TOTAS), and determine active duty service date (ADSD) and YG based on desired start month component date. Verify that a quota exists for member's rating, pay grade, and YG in the desired program (e.g., RC2AC and RC2TAR),

(d) Submit C-WAY-TRANS or [NAVPERS 1306/7](#) request with enclosures, per subparagraph 2b above, and an operational duty screening,

(e) Verify the MAS code is changed to "ACR" following submission of the request,

(f) Conduct an end-of-month review of all prior requests and a mid-month review for potential approvals. Ensure submission of any requested information to the enlisted community manager (ECM) via encrypted e-mail, within 30 days of receipt of "Approved-Pending" status,

(g) Upon receipt of an RC2AC or RC2TAR approval letter, must contact the member within 3 working days, and confirm the Sailor's desire for a component or contract change.

Upon confirmation, the CCC must submit the reenlistment document request to the servicing TSC within 5 working days,

(h) Verify the reenlistment contract's date aligns with the reenlistment approval window provided by BUPERS-32/35. Additional time, if required, will be considered on a case-by-case basis. Contact BUPERS-32/35 for extenuating circumstances,

(i) Coordinate reenlistment request with servicing TSC in the appropriate branch class (e.g., AC/"11" or TAR/"32"). Approved Sailors are required to reenlist for a minimum of 48 months,

(j) After submission of the reenlistment contract request, follow-up with the servicing TSC to ensure the reenlistment contract is generated and returned to the NRA within 5 working days. Once executed, the NRA must transmit the agreement back to the servicing TSC within 1 working day for processing of strength gain and "AVAIL" to the NRA UIC via NSIPS. Once submitted, confirm that the servicing TSC established the MMPA, and

(k) Ensure members contact their prospective active or TAR detailers (PERS-40) immediately following reenlistment to discuss possibilities for PCS orders. Member must be prepared to transfer at the convenience of and per the needs of the Navy.

k. Member. Individual members are ultimately responsible for their careers. Members must remain actively engaged in the RC2AC/RC2TAR application process, meeting administrative timelines to reenlist or execute a contract change and being prepared to execute a PCS transfer at the direction of higher authority. All applicants for this program must:

(1) Provide all necessary documentation to calculate TOTAS and coordinate with BUPERS-32/35 in order to determine ADSD and YG,

(2) Participate in a command-level CDB to identify specific RC2AC or RC2TAR change requirements, evaluate qualifications and suitability, and establish expectations related to a request for component or contract change,

(3) Initiate operational duty screening per [MILPERSMAN 1300-800](#), and [NAVPERS 1306/92](#) Department of the Navy Family Care Certificate (all sections),

(4) Provide any additional information requested by the UCC or NRA CCC,

(5) Sailors that are not required to attend "A" school must reenlist per the date provided in the approval letter and as directed by the ECM. Upon reenlistment, report for duty to the CO of the NRA until detached by proper authority,

(6) Working with their CCC, contact the appropriate active or TAR detailer immediately following reenlistment and be prepared to transfer at the convenience of, and per the needs of the Navy, and

(7) Once Sailors reenlist, they must report for duty to their assigned NRA until detached by proper authority. At no point should members accepted for a component or contract change be delayed more than 15 calendar days before the established transfer date. The CCC must report any members approaching this 15-day milestone immediately to BUPERS-35 via their commander or CO.

5. Application Process

a. The CCC must determine the applicant's TOTAS and the desired component or contract change start date. TOTAS includes all active service time (including AC), mobilization periods, ADOS, active duty for training, annual training, CANREC duty, as well as any other voluntary recall periods. Do not include drills (inactive duty training, inactive duty training travel, or funeral honors) in TOTAS. C-WAY-TRANS will calculate ADSD, including an inclusive day, and determine the member's YG based on the amount of TOTAS and desired start month entered.

b. For Sailors E7 and above or those unable to access the C-WAY System, completed packages (see subparagraph 2b above) will be forwarded directly to the RC2AC/TAR Program coordinator via e-mail at rc_to_ac@navy.mil.

c. Upon submittal of an application, the NRA will enter the Sailor's MAS code in NSIPS as "ACR".

Note: Saved applications will be cancelled once the opportunity "submit by date" has passed. The NRA is responsible for the removal of the "ACR" mobilization availability status code. See references (d) and (e).

d. Members who execute a component change to AC prior to completion of their SELRES incentive obligation will have their bonus entitlement terminated. Members whose bonus eligibility is terminated will not receive any further incentive payments for that bonus and will be subject to recoupment of the bonus received (as applicable). Sailors may request a remission of indebtedness from OPNAV N13 via the chain of command, in conjunction with submitting their C-WAY-TRANS application. SELRES can obtain guidance on the remission request process and download formatted templates from COMNAVRESFORCOM Reserve Enlisted Incentives (N112) Web page at: <https://www.private.navyreserve.navy.mil>.

e. In addition to the application in C-WAY-TRANS, additional documentation listed in the "Add'l Job Reqs" tab of the application must be scanned and sent via Navy and Marine Corps Intranet (NMCI) encrypted e-mail to: rc_to_ac@navy.mil. Applicants are strongly encouraged to include an updated resumé documenting civilian work experience.

f. An application is complete when the C-WAY-TRANS application is submitted and any additional documentation required by BUPERS-32/352 is received. All documents are due no later than 2359 Central Standard Time on the last calendar day of each month.

g. Application processing will begin on the first work day of each month. Incomplete or inaccurate applications will be "Cancelled" or "Denied." The gaining BUPERS-32/352 ECM will review the application and will either choose "Denied," "Approved-Pending," or "Approved." If "Denied," BUPERS-32/352 will leave notes in C-WAY-TRANS with an explanation.

h. For Applications in "Approved-Pending" status that require additional documentation, BUPERS-32/352 will describe in the notes section of the C-WAY-TRANS application. Forward documents with any additional information requested. Documents must be scanned and e-mailed to BUPERS-32/352, via NMCI-encrypted e-mail to the following e-mail address: [rc to ac@navy.mil](mailto:rc_to_ac@navy.mil). If documents are not received within 60 days of "Approved-Pending" notification, the application may be changed to "Denied," by the gaining BUPERS-32/352 ECM.

i. If "Approved," an approval letter will be generated in C-WAY or via the RC2AC/TAR Program coordinator. C-WAY-generated letters can be accessed by the CCC in C-WAY-TRANS. BUPERS generated letters will be e-mailed to the CCC. Upon receipt of the approval letter, the NRA must contact the member within 3 working days to confirm the Sailor's continued desire for a component or contract change. Once received, the member, following the guidance contained therein, has permission to reenlist. Once the Navy strength gain and AVAIL have been completed, the member is expected to contact the respective AC/TAR detailer and discuss orders possibilities. Upon confirmation, the NRA must submit the reenlistment document request to the local TSC within 5 working days. If the Sailor declines the RC2AC approval quota, the command will immediately notify BUPERS-32/35.

(1) Upon receipt of the approval letter, the selectee's prospective detailer will work with the appropriate PERS-4013 rating specialist and placement coordinator to find an appropriate billet for the member based on preferences and the needs of the Navy. The member can contact his or her detailer directly and discuss assignment possibilities or, per [MILPERSMAN 1306-110](#), enlisted personnel may submit an enlisted duty preference using the Career Management System online at: <https://www.cmsid.navy.mil>.

(2) The local TSC will generate the appropriate reenlistment agreement and send it to the NRA within 5 working days. For availability dates that are outside a 30-day window, the reenlistment must be conducted no early than 45 calendar days prior to the established availability date. Once executed, the NRA must transmit the agreement back to the local TSC within 1 working day. **The TSC must confirm that the MPA has been established.**

(3) Per [MILPERSMAN 1306-1700](#), commands must submit an availability report for enlisted component or contract changes to PERS-40.

(4) Once gained and AVAIL submitted, the appropriate detailer will draft the member's orders within 5 working days to include intermediate stops and appropriate accounting classification codes.

(5) Upon execution of orders, the servicing TSC will process the loss transaction within 4 days. The gaining servicing TSC will process the gain transactions within 4 days once the member reports. Follow RC2AC strength gain process as outlined in exhibit 1 or RC2TAR strength gain process in exhibit 2.

j. Reserve Sailors who complete a component or contract change may be eligible to receive an SRB. Consult reference (f) and the current SRB message.

Exhibit 1

Reserve Component to Active Component (RC2AC) Change Strength Gain Process

Personal Info

- Verify birth state/country
- Verify citizenship; if citizenship is "CD" the citizenship country needs to match birth country
- Verify active duty service date (ADSD) and pay entry base date "PEBD", make adjustments if necessary
- "Report Date" is date of reenlistment
- Enter unit identification code "UIC"
- Branch/Class: 11

Rating Conversion

- If conversion, enter new rate/rating
- Rating conversion authority code is 9
- "Rating Conversion Remarks: "Component change into the __/USN conversion per approval letter dated mm/dd/yyyy
- Drop on request (DOR)/time in rate (TIR) does not change

Employment Info

- Enter last discharge information based on most recent DD 214 Certificate of Release or Discharge from Active Duty
- ACQ is 32 for males, 43 for females
- MOD code is 0 if ADSD = or > 8 years; 7 if ADSD is < 8 years

Test Scores

- No changes

Billet Sequence Code (BSC)/Navy Enlisted Classification (NEC)

- Accounting category code (ACC) to 320.
- Date is the report date.
- Change "Program Enl For" to RCAC (you can type that info)

Contract Info

- Current enlistment date (CED) is the date of reenlistment
- Term is number years reenlisted

Exhibits	1. Change of Status from TEMADD to TEMDU under Treatment
	2. MTF Modification of Transfer

1. **Background.** The purpose of this article is to provide standard procedures for ordering, accounting, and transferring records of members hospitalized while assigned to a permanent duty station (PDS) or temporary duty (TEM DU) station, while in a leave or liberty status, or while traveling under permanent change of station (PCS) orders.

2. **Definitions**

a. **Naval Medical Treatment Facility (MTF).** An activity of the naval establishment assigned the primary mission of providing medical care. Examples: Naval Hospitals (NAVHOSPs), Naval Medical Centers (NAVMEDCENS), Branch Medical Clinics (BRMEDCLINICs), Branch Clinics, and Medical Departments.

b. **Non-Naval MTF.** An MTF, foreign or domestic, federal or civilian, not falling within the definition of "naval MTF."

c. **Outpatient Medical Board.** Reference (a) provides for medical boards to be completed on an outpatient basis. This applies only to members who have not been admitted to the NAVHOSP in a temporary additional duty (TEMADD) or TEMDU status.

d. **Hospitalization.** Admission to any MTF for inpatient treatment or admission to a resident treatment program at a Substance Abuse Rehabilitation Program (SARP).

e. **Duty Station.** The activity to which the member was attached at the time of hospitalization.

f. **Limited Duty (LIMDU).** When a medical board has determined that a member is temporarily not physically qualified to perform full duty, but return to full duty is anticipated, the member shall be assigned to a non-deploying activity and to duties that will not aggravate the temporary physical limitations. For complete information consult reference (a), chapter 18.

3. **Hospitalization in a Naval MTF.** Commanding officers (COs) shall issue individual orders for each member transferred TEMADD or TEMDU to a naval MTF. These orders shall be prepared prior to effecting the transfer, or as soon as circumstances permit.

a. **When a member in a leave or liberty status** is hospitalized, the MTF shall report the circumstances as soon as possible to the member's CO so that TEMADD or TEMDU orders may be issued. This information should be provided to ensure receipt by the member's CO prior to the normal expiration of the member's leave or liberty.

b. **When a member in a transient status** is hospitalized, the MTF shall report the circumstances to the

(1) **CO of the next duty station** to which the member was ordered to report; and

(2) **Assignment Control Authority (ACA)** (Navy Personnel Command (NAVPERSCOM),

- Enlisted Distribution Division (PERS-40);
- Enlisted Personnel Readiness and Support Branch (PERS-4013C1); or
- Reserve Personnel Services (PERS-4912)).

4. **TEMADD Under Treatment (UNTREAT) in a Naval MTF**

a. **Preparation.** The CO of a member's duty station shall prepare TEMADD UNTREAT orders (**NAVPERS 1320/16 (Rev. 11-87), Temporary Additional Duty (TEMADD) Travel Order**) under the following circumstances:

(1) **Resident Treatment Programs.** Member is transferred to a resident treatment program at a SARP. Time limits in this article do not apply to these programs. For complete information consult reference (b).

(2) **Hospitalization less than 60 Days while on Sea Duty.** Member is serving on sea duty (Type Duty Code "2" or "4"), the period of hospitalization is expected to be less than 60 days, and the ship or unit is not scheduled to depart the area for an **extended period** while the member is hospitalized.

(a) For the purpose of this article, an **extended period** is defined as deployment of more than 60 days.

(b) The MTF shall advise the CO as soon as possible if member is expected to remain UNTREAT longer than 60 days.

(c) After 30 days, the CO has the option to assign member TEMDU to the MTF.

(3) **Hospitalization less than 91 Days while on Shore Duty.** Member is serving on shore duty (Type Duty Code "1," "3," or "6") and the period of hospitalization is expected to be less than 91 days. This category includes all members serving ashore for duty, duty under instruction (DUINS), TEMDU, and temporary duty under instruction (TEMDUINS).

(4) **Hospitalization while Performing Hazardous Duty or Diving Duty.** Member is performing hazardous duty or diving duty, is receiving incentive pay as authorized by reference (c), and is hospitalized as a result of injury or incapacitation incurred during the performance of such duty. Members in this category shall remain under TEMADD orders until one of the following occurs, whichever comes first:

(a) Treatment is completed and member returns to PDS.

(b) Member is found unfit for duty by appropriate medical authority.

(c) Three calendar months elapse as defined by reference (c).

b. **Content of TEMADD UNTREAT Orders.** TEMADD UNTREAT orders shall permit only one round trip and must cite appropriate TEMADD accounting data.

(1) In cases where TEMADD accounting data must be requested from an administrative commander and it cannot be cited at the time of transfer, COs may issue TEMADD UNTREAT orders containing a statement that accounting data will be forwarded to the naval MTF by separate action as soon as possible.

(2) Members will not be transferred to MTFs under "no-cost" orders, except as noted below.

(a) When members are transferred to an MTF within the vicinity of their PDS (as defined in reference (d)) and government transportation to and from the MTF is directed.

(b) TEMADD UNTREAT orders may be prepared without accounting data so long as the following mandatory statement appears in the orders:

"THIS ORDER IS ISSUED WITHOUT ACCOUNTING DATA SINCE IT APPEARS THAT IT CAN BE EXECUTED WITHOUT COST. IF COSTS ACCRUE ADVISE YOUR COMMANDING OFFICER."

c. **Endorsement.** The officer in charge (OIC) of the Personnel Support Activity Detachment (PERSUPP DET) supporting the MTF where a member is hospitalized shall prepare a memorandum endorsement containing the time and date of admission and release from the MTF.

5. **Change of Status from TEMADD to TEMDU UNTREAT in a Naval MTF.** The CO of a NAVMEDCEN or NAVHOSP shall immediately direct the change of status from TEMADD to TEMDU and notify the **parent command** by **message** not later than the next day, **info** the **supporting PERSUPP DET** (Exhibit 1 refers) when

a. members serving on sea duty (Type Duty Code "2" or "4") are being processed by an outpatient medical board, and the opinion of the medical board is that member is not fit for duty.

b. there is a change of status to TEMDU for treatment. The naval MTF will submit TEMDU for treatment **message** to the **ultimate duty station**, any **intermediate duty stations**, and the **ACA**.

c. the period of hospitalization will exceed the time limits set by this article.

d. the member exceeds, or is expected to exceed, the time frame established by this article.

e. a determination is made that the member is no longer fit for full duty and a medical board is anticipated. This applies only in cases where the member is permanently assigned to a ship or mobile unit, or is permanently assigned to a command outside the geographic area of the MTF.

f. the member is permanently assigned to a ship or mobile unit, and the command departs from the area for a deployment greater than 60 days.

NOTE: In cases requiring a line of duty investigation (LODI), take no action to change a member's status until a copy of the investigation is received by the cognizant MTF.

6. **TEMDU UNTREAT in a Naval MTF.** Upon receipt of notification from a MTF that a member's status has changed, the CO of the parent command or the supporting PERSUPP DET, as appropriate, shall prepare TEMDU UNTREAT orders (standard transfer order (STO)), and detaching endorsement.

a. **Preparation.** The orders; detaching endorsement; service, medical, dental, and pay records; and transfer evaluation; shall be forwarded to the PERSUPP DET servicing the MTF not later than 5 working days after receipt of notification.

b. **Content of TEMDU UNTREAT Orders.** TEMDU UNTREAT orders shall direct transfer to the MTF for accounting category code (ACC) 370 for **TEMDU (UNTREAT)**.

(1) TEMDU UNTREAT orders must cite appropriate accounting data from reference (e).

(2) Members will not be transferred to MTFs for TEMDU UNTREAT at "no-cost."

c. **Endorsement.** The OIC of the PERSUPP DET supporting the MTF where a member is hospitalized shall use

- NAVCOMPT 3068-6C (Rev. 9-76), Reporting (Arrival) Endorsement to Orders; **and**
- NAVCOMPT 3067-6C (9-76), Detaching (Departing) Endorsement to Orders; **or**
- the appropriate Pay and Personnel Source Data System (SDS) event

to endorse TEMDU UNTREAT orders with time and date of admission and release from the MTF.

d. **Provisions for Transient Personnel.** When a member is hospitalized while en route to a temporary or PDS, the OIC of the PERSUPP DET supporting the MTF where the member is hospitalized shall use NAVCOMPT 3068-6C or the appropriate SDS event to endorse the PCS order under which the member was traveling to reflect admission to the MTF and receipt of the member for TEMDU UNTREAT.

(1) The NAVHOSP will notify the ultimate duty station and any intermediate duty stations of the member's hospitalization and estimated length of hospitalization, and provide updates as appropriate.

(2) In the event the unexecuted portion of the member's PCS order is cancelled by the ACA, an entry in the remarks section of NAVCOMPT 3068-6C shall so state and cite the authority for the order cancellation.

7. **Hospitalization in a Non-Naval MTF.** Any naval activity, upon learning of a Navy member hospitalized in a non-naval MTF, must immediately notify the following:

Military Medical Support Office (MILMEDSUPPOFF)
Great Lakes, IL
COM Toll Free (888) 647-6676
DSN 792-3950
FAX (847) 688-3905

The responsibilities of the MILMEDSUPPOFF are defined in reference (f).

a. The MILMEDSUPPOFF will

- (1) notify all commands concerned of the member's status;
- (2) designate the NAVHOSP with a patient account responsible for the member;
- (3) designate the nearest naval activity with a medical department responsible for personal contact and liaison with the member; and
- (4) direct appropriate orders, endorsements, records, and accounts be forwarded to the PERSUPP DET servicing the NAVHOSP.

b. The designated naval MTF will

- (1) maintain liaison with the non-naval MTF and the member. The NAVHOSP will monitor and account for the member; however, the MILMEDSUPPOFF still retains ultimate responsibility for monitoring and accounting.
- (2) ensure command functions necessary for proper administration of the member are performed (e.g., line of duty investigations).
- (3) coordinate with the non-naval MTF to ensure timely release and transfer to the appropriate MTF or VA hospital.
- (4) notify the PERSUPP DET servicing the NAVHOSP when the member is released from the non-naval MTF and advise the PERSUPP DET of the disposition of the member following hospitalization in the non-naval MTF.
- (5) designate the MTF responsible for the member.
- (6) notify all commands concerned of the member's status, and
- (7) direct that service, pay, and health records be forwarded to the PERSUPP DET supporting the responsible MTF.

NOTE: See MILPERSMAN 1050-050 regarding leave while sick in quarters (SIQ) or hospitalized by civilian physician.

c. **Content of Orders.** COs shall prepare and forward individual orders as set forth in this article. Orders shall direct transfer to the responsible MTF for

- (1) TEMADD UNTREAT,
- (2) TEMDU UNTREAT at a non-military MTF (ACC 372), or
- (3) TEMDU UNTREAT at other uniformed service MTF (ACC 373).

d. **Records and Accounts.** A member's records and accounts shall be maintained by the PERSUPP DET supporting the NAVHOSP. The PERSUPP DET will gain the member

- TEMADD UNTREAT,
- TEMDU UNTREAT at a non-naval MTF (ACC 372), or
- TEMDU UNTREAT at other Uniformed Service MTF (ACC 373) in the NAVHOSP (Patients/Others) account,

as appropriate.

8. **Hospitalization in a Non-Naval U.S. Military MTF Overseas.** COs shall prepare and forward individual orders as set forth in this Article.

a. **Orders.** Orders shall direct transfer to the responsible Navy overseas area commander for TEMADD UNTREAT, or TEMDU UNTREAT at a uniformed service MTF (ACC 373).

b. **Records and Accounts.** A member's records and accounts shall be maintained by the PERSUPP DET supporting the responsible Navy overseas area commander.

c. **Liaison.** The Navy overseas area commander

(1) will maintain liaison with the non-naval MTF and the member.

(2) will notify the member's parent command of hospitalization, when appropriate.

(3) will ensure command functions necessary for proper administration of the member are performed (for example, line of duty investigations).

(4) will notify the supporting PERSUPP DET when the member is released from the MTF.

(5) may request another Navy activity nearer to the non-naval MTF to perform these liaison functions.

d. **Foreign MTFs.** When a member is hospitalized in a foreign MTF, COs shall transfer the member to the **U.S. Consul** for accountability and inform the **Bureau of Medicine and Surgery (BUMED) (BUMED-331)** by **message**. This message must include all known facts and an estimate of the duration of the hospitalization. The **U.S. Consul and the Navy overseas area commander** must be included as **information addressees** on this message report.

e. **Content of Orders.** Orders shall direct transfer to the U.S. Consul for TEMADD UNTREAT or TEMDU UNTREAT at a non-military MTF (ACC 372).

f. **Records and Accounts.** A member's records and accounts shall be retained by the unit or activity to which the member is assigned.

(1) When a unit is about to depart the area where the member is hospitalized, records shall be forwarded to the nearest U.S. Consul.

(2) The U.S. Consul shall be furnished with a complete history of the case and will be requested to cooperate with the attending physician in charge at the hospital to arrange for transportation of the member, with records, to the nearest U.S. naval activity.

9. Transfer of Patients between NAVHOSPs, and from a NAVHOSP to Another Armed Forces Hospital

a. **Cost Transfer.** Reference (a) provides for transfer of patients between NAVHOSPs and other Armed Forces hospitals. Patients may be transferred between Armed Forces MTFs to facilitate recovery or to effectively use available bed space. Such transfers shall be effected at government expense.

b. **No-Cost-to-the-Government Travel Authorization.** When a patient in a TEMDU UNDERTREAT status desires transfer between NAVHOSPs, or from a NAVHOSP to another Armed Forces hospital, and such transfer is considered by the CO of the hospital to be unnecessary for medical reasons, the patient may request a transfer for personal reasons. A request shall be submitted utilizing NAVPERS 1306/7 (Rev. 1-03), Enlisted Personnel Action Request per criteria set forth below:

(1) If the transfer is between NAVHOSPs located in the same geographical area, the request shall be submitted to the PERSUPP DET via the receiving CO.

(2) If the transfer is between NAVHOSPs located in different geographical areas, or from a NAVHOSP to another Armed Forces hospital, requests shall be submitted to **NAVPERSCOM (PERS-40)** via the

- CO of the NAVHOSP,
- supporting PERSUPP DET, and
- BUMED (BUMED-331).

(3) The forwarding endorsement by CO of the NAVHOSP shall

- make a specific recommendation regarding approval/disapproval,
- estimate the remaining period of hospitalization, and
- address humanitarian considerations of the requested transfer and whether the transfer would alleviate the conditions.

(4) A statement that following service record entry has been made:

"I understand that if my request for transfer from a naval hospital to (another naval hospital/Armed Forces Hospital) is authorized, it will be as a result of my own request for my personal convenience, and is to be made at no-cost-to-the-government. I further understand that I shall not be entitled to reimbursement for any expenses connected therewith, and government transportation, including the use of Air Mobility Command, is not authorized for myself/my family members. I shall not be entitled to payment of dislocation allowance and my transfer will be made during a leave period with no proceed or travel time authorized."

10. **Assignment of Personnel upon Completion of Hospitalization or Treatment.** While TEMADD members will be returned to their parent command by the PERSUPP DET servicing the NAVHOSP, the disposition of TEMDU members will be resolved under the provisions provided in this article.

a. In view of the MTF's limited quarters for staff, patients, and medical holding company personnel, members may, but are not required to, be assigned to the nearest Transient Personnel Unit (TPU)/Others activity in a TEMADD status while awaiting medical board processing or other appropriate disposition upon completion of hospitalization.

b. These TEMADD assignments do not shift the management responsibility from the NAVHOSP to the TPU/Others activity that may berth and employ these members.

c. The MTF shall advise the servicing PERSUPP DET of status changes of members upon occurrence and shall provide the servicing PERSUPP DET with a copy of the medical board immediately upon being signed by the convening authority (CA).

d. COs of MTFs may authorize separation of members who have less than 3 months remaining obligated service (OBLISERV) who indicate they don't desire to reenlist.

(1) Cite MILPERSMAN 1910-102 as authority in effecting such separation.

(2) The PERSUPP DET servicing the NAVHOSP will change the member's status to ACC 380 and effect the discharge within 7 days.

e. The PERSUPP DET servicing the NAVHOSP will transfer the member to the nearest TPU/Others activity no later than the next working day following receipt of notification of fit for full duty.

f. The PERSUPP DET servicing the TPU/Others activity will receive the member in ACC 320 and submit the availability report on the date of receipt.

g. Per reference (a), the established time frame for processing a medical board is 20 calendar days. To ensure this timeliness is observed, COs of MTFs will retain members on board pending completion of local medical board processing.

h. The PERSUPP DET servicing the NAVHOSP will change the member's status to ACC 355, establish a tickler, and advise the

NAVHOSP by message with information copies to

- NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013/TMU),
- NAVPERSCOM, Disability Retirement/LIMDU Section (PERS-4821/TMU), and
- BUMED (BUMED-311),

if the medical board is not received within 25 days from effective date of status, and every week thereafter.

i. No later than the next working day following the date the Medical Board Report is signed by the CA, the following action will be taken:

(1) If the medical board authorized discharge of the member due to physical disability existing prior to entry and does not require approval of higher authority, the PERSUPP DET servicing the NAVHOSP will change the member's status to ACC 380 and effect the discharge within 7 days.

(2) If the medical board approved a first period of LIMDU for 6 months or less, the PERSUPP DET servicing the NAVHOSP will effect the transfer of the member to the nearest TPU/Others activity. The PERSUPP DET servicing the TPU/Others activity will receive the member in ACC 320 and submit the availability report on the date of receipt.

(3) If the signed Medical Board Report recommended departmental review by NAVPERSCOM (PERS-4821) or Physical Evaluation Board (PEB) proceedings, the PERSUPP DET servicing the NAVHOSP will effect the transfer of the member to the nearest TPU/Others activity. The PERSUPP DET servicing the TPU/Others activity will receive the member in ACC 355.

j. The transfer stipulated above does not apply to members who are not in an ambulatory status, in need of nursing procedures, dietary care, or special treatment not normally available outside the NAVHOSP.

(1) Should a member report to the TPU/Others activity whose apparent condition is questionable, the CO of the TPU/Others activity shall immediately contact Head, Patient Administration Department of the NAVHOSP.

(2) Head, Patient Administration Department will resolve questionable cases within the best interests of the member concerned, the TPU/Others activity, and the NAVHOSP.

(3) In cases where the member remains on board the NAVHOSP pending further treatment or follow-up action upon completion of medical board processing, the PERSUPP DET servicing the NAVHOSP will take appropriate actions regarding ACC change and availability submission.

11. **Disposition of Records**. COs effecting transfer of members to a NAVHOSP or non-NAVHOSP will effect disposition of their records per MILPERSMAN 1070-120.

12. **Out-Patient Medical Boards**. Outpatient medical boards apply only to members who have not been admitted to the MTF in a TEMADD or TEMDU status.

a. Awaiting Results

(1) Members will be transferred to the TPU/Others activity nearest the NAVHOSP in a TEMDU status awaiting results of a medical board (ACC 355), provided **all** the following provisions apply:

(a) When it is of the opinion of the medical board that the member is not fit for full duty.

(b) The member is permanently attached to a command classified as Arduous Sea Duty (Type Duty Code "2") or Overseas Sea Duty (Type Duty Code "4").

(c) The member is in an ambulatory status and is not in need of nursing procedures, dietary care, or special treatment not normally available outside the NAVHOSP.

(d) Medical condition does not warrant Convalescent Leave. (Convalescent Leave will not be granted en route to the TPU/Others activity.)

(e) Berthing is not available at the MTF.

(2) The following guidelines apply:

(a) The MTF will issue memorandum orders directing the member to report to the TPU/Others activity nearest the MTF to await medical board and availability processing.

(b) If the member reported with funded TEMADD orders for the purpose of travel reimbursement, the MTF will prepare a memorandum endorsement to the orders.

(c) The MTF will notify the **parent command** by **message** of the transfer and direct the parent command to forward the member's records and accounts to the appropriate PERSUPP DET servicing the TPU/Others activity with TEMDU orders and endorsements. Format provided in Exhibit 2 will be used.

(d) The parent command will comply with the transfer of the member within 5 working days to ensure expeditious processing of members through the transient pipeline. The parent command will additionally advise all concerned the date and method of transfer of records and accounts, and any mail delays anticipated, if applicable.

b. Members Found Not Fit for Full Duty by an Outpatient Medical Board, Who will be Retained by the MTF

(1) A member permanently attached to a command classified as Arduous Sea Duty (Type Duty Code "2") or Overseas Sea Duty (Type Duty Code "4") will be gained in a TEMDU status at the MTF, vice transferred to the nearest TPU/Others activity under **any** of the following circumstances:

(a) The member is not in an ambulatory status, is in need of nursing procedures, dietary care, or special treatment not available outside the NAVHOSP.

(b) Medical condition warrants Convalescent Leave. (Convalescent Leave will not be granted en route to the TPU/Others activity).

(c) Berthing is available at the MTF. (In this case the member should be transferred to the nearest TPU/Others only after the Medical Board Report has been signed.).

(d) Members assigned to sea duty commands at Naval Weapons Station, Charleston, SC may be gained to NAVHOSP, Charleston patient account (UIC: 31647) TEMDU (ACC: 355) to await final outcome of medical board proceedings when directed by NAVHOSP, Charleston.

(2) Additional Actions Required upon Notification of Medical Board Proceedings

(a) The parent command will submit the diary loss entry or appropriate SDS entry and comply with MILPERSMAN 1306-108, Enlisted Manning Inquiry Report (EMIR), as warranted.

(b) The PERSUPP DET servicing the TPU/Others activity will submit the appropriate diary gain placing the member in

ACC 355 and will establish a tickler to ensure records and accounts are received. Appropriate **tracer action** shall be initiated via **message** should the records not be received within **10 days** after the member reports, with follow-up tracers initiated weekly. Ensure appropriate **information addressees**,

- parent command,
- immediate superior in command (ISIC),
- NAVHOSP, and
- NAVPERSCOM (PERS-4013/TMU),

are advised of failure of the parent command to comply with the guidelines herein.

(c) The MTF will ensure a copy of the medical board's reports are forwarded to the PERSUPP DET servicing the TPU/Others activity as specified by reference (a).

(d) PERSUPP DET will submit via **message** a weekly status request listing all members who reported on board without a copy of the Medical Board Report. Weekly status request must be submitted to the **appropriate MTF**, with **information copy** to

- NAVPERSCOM (PERS-4013/TMU),
- NAVPERSCOM (PERS-4821/TMU), and
- BUMED (BUMED-311).

Members will remain on the weekly status request until a copy of the Medical Board Report is received onboard.

(e) PERSUPP DET will submit via **message** a monthly status request listing all members whose medical board has been referred to the PEB and findings are not received on board. Monthly status request must be submitted no later than the first week of the month to the **PEB Liaison Officer (PEBLO) at the MTF where the medical board was originated**, with **information copy** to

- Director, Naval Council of Personnel Boards (DIRNCPB),
- NAVPERSCOM (PERS-4013/TMU),
- NAVPERSCOM (PERS-4821/TMU), and
- BUMED (BUMED-311).

Members will remain on the monthly status request until the results of PEB proceedings are received on board.

c. **Chief Petty Officers (CPOs) (E-7 - E-9) found Not Fit for Full Duty.** To ensure that CPOs are assigned to positions commensurate with their paygrade while awaiting the results of a medical board, the following requirements, in addition to the guidelines prescribed in this article, should be followed:

(1) NAVHOSP will request the previous CO to provide a recommendation for the work assignment of a CPO by **message** simultaneous upon transfer to the TPU/Others activity.

(2) This work assignment may be the member's previous duty station ISIC, administrative commander, or other shore duty component of their chain of command.

(3) To protect the member's health, such work assignment cannot aggravate the medical condition. Ultimate work assignment will be made by the TPU/Others activity.

(4) During this work assignment, the member remains attached to the TPU/Others activity in a TEMDU status and must be readily available for medical consultation, treatment, availability processing, and transfer when required.

		MyNavy Portal:	https://my.navy.mil/	

1. **Policy.** The procedures outlined in this article and other MILPERSMAN articles pertaining to availability (AVAIL) processing listed below provide the means by which the Navy efficiently and expeditiously assigns available personnel to duty where their abilities, experience, and training, coupled with their individual preferences, can best be utilized to the ultimate advantage of the individual and the Navy.

Further guidance may be accessed by using the following MILPERSMAN articles:	See MILPERSMAN
Availability Processing – Report Submissions	1306-1702
Availability Processing – Data Item Descriptions and Remarks For Report Submissions	1306-1704
Availability Processing – Tracking Orders Status and Tracer Actions After Report Submission	1306-1705
Availability Processing – Changes and Deletions After Initial Report Submission	1306-1706

2. **Background**

a. An AVAIL report is the communication to the assignment control authority that an individual requires assignment or reassignment. It is used to notify anyone with a need to know as to why the Service member has become available for transfer. It provides a means for those who process pay and personnel documents and others to properly track a Service member for receipt of Bureau of Naval Personnel (BUPERS) orders or other disposition after AVAIL submission.

b. In the interest of stability, personnel readiness, cost effectiveness, and morale of the individual, accurate, complete,

and timely submission of AVAIL reports is mandatory. Errors and omissions cause delays in the processing of AVAIL reports and ultimately delay the transfer of the individual. It is imperative that personnel are properly assigned or reassigned (as needed) dependent on status.

3. **Types of AVAILS**. There are two types of AVAIL reports - immediate and non-immediate.

a. **Immediate**. Used for Service members who are immediately available for transfer, including type duty disqualifications, assignment to or release from a humanitarian tour, school non-graduates, short-fused graduates, former officers, rating conversions, component changes, and brig or disciplinary assignment and releases. Immediate AVAIL report is also used for reassignment of pregnant Service members and Service members in a medical release status, including those going to or from limited duty (LIMDU) or physical evaluation board (PEB) status.

b. **Non-immediate**. Used for Service members who will be available in the future for applicable reasons to include planned deactivation, decommissioning, change of homeport, and school graduates with a graduation date more than 21 days in the future.

4. **Responsibility**. Navy commands and cognizant authorities in BUPERS and Navy Personnel Command (NAVPERSCOM) are responsible for prompt and accurate submission of AVAILS for personnel who are available for assignment or reassignment.

a. **Shore Activities (duty type 1, 3, or 6, as provided in MILPERSMAN 1306-102) and School Commands**. Authorized users at personnel support detachments, customer service desks, MyNavy Career Center, functional service centers, NAVPERSCOM, and Naval Education and Training Command (NETC), Supply Chain Operations/Accession Distribution (N33) may submit AVAILS.

b. **Non-Shore and Operational Activities (duty type 2 or 4, as provided in MILPERSMAN 1306-102)**. If a Service member requires reassignment before the established projected rotation date, the applicable detachment, service center, or any command personnel office with no supporting detachment or service center may submit AVAILS, except in those instances detailed in the MILPERSMAN articles referenced in paragraph 1 table.

c. NAVPERSCOM and BUPERS Enlisted Community Managers.

NAVPERSCOM and BUPERS authorities enter AVAILs in the Enlisted Assignment Information System (EAIS) as directed by NAVPERSCOM, Enlisted Distribution Division (PERS-40) and as identified in the MILPERSMAN articles referenced in paragraph 1 table.

d. Contact. The command pay and personnel support administrator or other applicable command representative is responsible for providing AVAIL information to the servicing detachment or service center, NAVPERSCOM, or NETC (N33) (as applicable) to support initial AVAIL submissions, as well as any status change notifications. This should include student school rosters, holds, setbacks, drops, component changes, nominations, medical, legal, etc. **Do not** provide any medical information (i.e., internal classification of diseases codes or diagnosis, limitations, etc.) or any information which is negative in nature (i.e., legal details, substandard personal details, etc.).

e. AVAIL Files. Personnel responsible for submitting AVAILs will retain all substantiating documentation used to submit AVAIL requests. This documentation includes BUPERS orders, orders modifications (ORDMOD), and notifications from command, which are based on a Service member's status (i.e., student school rosters, holds, setbacks, drops, component changes, nominations, medical, legal, etc.). Only approved information such as dates, names, or status changes which are applicable to AVAIL submission approved under this article will be retained.

5. Report Submission Method. AVAIL reports are submitted through the Navy Standard Integrated Personnel System (NSIPS), except in cases otherwise prescribed by MILPERSMAN 1306-1702.

6. Other AVAIL Information

a. Students. Personnel attending schools with orders to the next scheduled assignment do not require an AVAIL submission, unless their status changes and or they are dropped from training.

b. Accessions. An accession is a Service member who moves from "street to fleet" and changes active duty status, which includes a Service member in the following status:

(1) Recruit training in account category (ACC) 340 to ACC 1XX

(2) Returning to active duty after a break in service, to include Navy veteran and other service veteran

(3) Reserve Component (RC) to Active Component (AC)

(4) RC to Full Time Support (FTS)

(5) AC to FTS

(6) FTS to AC

(7) When status changes to former officer or officer candidate

c. **Verify Orders and Service Member's Status.** Before determining if AVAIL submission is required, use whatever means available (i.e., NSIPS reports, the enlisted master file F3 and F6 screen, BUPERS Online, any feedback from NAVPERSCOM, EAIS, etc.) to verify if BUPERS orders or ORDMOD has been received, or if it is confirmed that the Service member will remain onboard, and AVAIL is not required.

d. **Active Duty for Special Work (ADSW).** Do not submit an AVAIL on ADSW personnel. Contact NAVPERSCOM, Full Time Support Distribution and Augmentation Division (PERS-46) for further information. Refer to NAVPERSCOM Web site: <http://www.public.navy.mil/bupers-npc/career/augmentation/Pages/default2.aspx>.

e. **Travel Status.** If Service member is in a travel status ACC 400, only authorized personnel at NAVPERSCOM may enter an AVAIL for an ORDMOD (as required).

f. **Web Enabled Placement Portal (WEPP) and Personnel Manning Action Request (PMAR).** Used by NAVPERSCOM, Enlisted Placement Management Branch (PERS-4013) to process manning action requests when received by sources including type commands and manning control authorities. AVAIL submission is required for various reasons prescribed by MILPERSMAN 1306-1702, regardless of whether a WEPP or PMAR is used.

g. **Permanent Change of Station (PCS) Diverts and Cross-decks.** AVAIL submission is not required when a Service member is transferred for a PCS divert or cross-deck, unless the Service member is assigned to one of the following training pipeline or reassignment type status:

(1) Assigned to a command while in LIMDU or PEB status and returned from such status

(2) Anytime BUPERS orders are issued from a received AVAIL, but those orders require a formal ORDMOD

(3) Divert or cross deck is due to upcoming command decommissioning, deactivation, or home port change

(4) Homeport change is completed, and Service member requires reassignment for valid reasons

(5) Service member is in a travel status when being diverted or cross-decked

Reference	(a) NAVSO P-6034, Joint Travel Regulations (JTR)
------------------	--

1. **Reports**. This article provides guidance on submission of availability reports (AVAILs) pertaining to the status of a Service member.

a. The command pay and personnel support administrator (CPPA) or command representative is responsible for providing AVAIL information and any relevant status to the appropriate source for AVAIL submission determination.

b. Authorized users at personnel support detachments, customer service desks, MyNavy Career Center, functional service centers (FSC), Navy Personnel Command (NAVPERSCOM), and Naval Education and Training Command (NETC) Supply Chain Operations/Accessions Distribution Branch (N33) may submit AVAILs.

c. The Navy Standard Integrated Personnel System (NSIPS), Enlisted Information Assignment System (EAIS), and e-mail are used for AVAIL submissions.

2. **AVAIL Class Codes**. AVAIL class codes, their definitions, and submission methods.

a. **Disqualifications and Class "D" Nominations** - Personnel who are made available for reassignment as a result of disqualification from serving in a type duty, rate change, command status change or other nominations. There are various reasons for submitting AVAILs using this class code.

Class "D"

Code	Description	Notes	Method
DA	Disqualified from current duties.	1	NSIPS
DC	Approved for direct conversion to another rating (lateral or forced).	2	NSIPS
DE	Command status change.	3	EAIS
DG	Submarines/nuclear duty personnel disqualification.	4	NSIPS
DH	Homeport change.	3	EAIS
DM	Marriage of two Service members.	5	NSIPS
DN	Completion of disqualification process (submarine/nuclear trained personnel only).	6	NSIPS
DP	Reassignment due to pregnancy and post-partum.	7	E-mail and EAIS
DR	Recruiter and Recruit Division Commander disqualification.	8	NSIPS
DS	Service member becomes designated and or is a selectee/frocked from the Navy-wide exam.	9	NSIPS
DV	Fleet member approved for nuclear or submariner training.	9,10	EAIS
DW	Approved for rating conversion and completion of "A" school required prior to rate change.	9,10	EAIS
DY	Termination of pregnancy tour requirement.	11	NSIPS
DZ	Not otherwise Defined. Not submarine/nuclear designated).	12	NSIPS and EAIS

Note 1: No longer qualified for additional duties such as Personnel Reliability Program, but can be issued Bureau of Naval Personnel (BUPERS) orders to new assignment. **Do not** use for submarine/nuclear designated personnel.

Note 2: Formal training **is not** required. Billet not available onboard. **Do not** use for submarine or nuclear disqualification.

Note 3: "DE" class AVAIL for command deactivation, mission change, billet reduction due to commercial activity study, and or elimination of requirement. "DH" class AVAIL for homeport change.

Note 4: For further evaluation/processing of submarine/nuclear personnel **only** who are disqualified from such duties to be assigned with BUPERS orders to a Navy submarine support command or commander submarine squadron (as applicable). **Do not** use when Service member is placed in a temporary limited duty (TLD) or physical evaluation board (PEB) status, or for pregnancy.

Note 5: Service member marries another Service member while on board same operational command. Also for both on board same non-operational command, but reporting senior does not concur with both being onboard. Once AVAIL is received on each Service member, NAVPERSCOM will determine which spouse will transfer.

1	AVAIL is required for each Service member, unless AVAILS are not needed if one spouse will be separating within 90 days or will be reassigned for other valid reasons per this article (i.e., pregnant, TLD, etc.).
2	Delete AVAIL on the spouse that remains onboard.

Note 6: Submit AVAIL after disqualification process is complete and or applicable conversion is approved, whether such conversion is for rating or community or both. **Do not** use this class when returned from TLD or found fit by a PEB. See class "Y" AVAILS.

Note 7: Current command submits "DP" class AVAILS to NAVPERSCOM, Deployability Assessment Branch (PERS-454) with a copy to applicable detachment or service center via encrypted e-mail at: pregavail-tld@navy.mil. Send any questions concerning AVAIL determination and assignment of pregnant Service members to this e-mail address.

Note 8: Class "DR" class AVAILS include non-medical related disqualification from recruit division commander and recruiting duty to include approved "no fault" and "fault" transfers.

Note 9: Billet not available onboard and or for immediate transfer (not a normal PRD roller).

Note 10: Fleet member approved to attend formal training under Career Waypoints (C-WAY) or other conversion program. This includes transferring from ceremonial guard with class "A" school guarantee. Billet not available onboard and or for immediate transfer (not a normal PRD roller).

1	"DV" class AVAIL is entered by NAVPERSCOM, Nuclear Power/Submarine Distribution Branch (PERS-403) or applicable Enlisted Community Manager (ECM) (BUPERS-32).
2	"DW" class AVAIL is entered by applicable ECM (BUPERS-32), this class includes a non-submarine/nuclear Service member approved for lateral conversion to a surface rating upon completion of class A school.

Note 11: Service member must be medically cleared by appropriate healthcare provider. The medical treatment facility maintains medical information.

1	Assigned to a pregnancy tour with post-partum projected rotation date (PRD) when status changes to no longer requiring pregnancy tour.
2	As request for disposition of unexecuted pregnancy tour BUPERS orders, when no longer needed.
3	Early transfer after childbirth upon Service member's request to terminate pregnancy tour and Service member is medically cleared.

Note 12: Includes non-submarine/nuclear designated Service member approved to be retained in the Navy after detached for cause, diverts, cross decks, unfunded billets, or other circumstances not already provided in this article that was not for medical or disciplinary reasons.

b. **Navy Veteran (NAVET), Other Service Veteran (OSVET), and Other.** Personnel who are gained into enlisted Navy strength status after a break in service or who are available for reassignment for component changes. This class **does not** include prior officers, prior officer candidates, or officer programs personnel (see class "O"). Submit AVAIL after gain is posted to the Service member's Navy enlisted master record (EMR) with Navy full strength status (SCIND XFXXX) to include correct branch class code (BRCL), account category code (ACC), and an active pay account with applicable pay entitlements.

Class "F"

Code	Description	Notes	Method
FA	BRCL 11. "A" school required.	1	NSIPS
FD	Full time support (FTS) BRCL 32 SPI V. "A" school required.	1	NSIPS
FE	Approved for Submarine and or nuclear field training.	1	NSIPS

FO	BRCL 11 - "A" school not required.	1	NSIPS
FG	Enlistment after completing career intermittent program with or without school recommendation.	2	EAIS
FP	Other reserve status conversion to active duty.	3	NSIPS
FR	FTS BRCL 32 SPI V - "A" school not required.	4	NSIPS

Note 1: NAVET/OSVET, Reserve Component (RC) to Active Component (AC), and RC to FTS.

Note 2: AVAIL is entered by NAVPERSCOM, Enlisted Distribution Division (PERS-40T).

Note 3: FTS conversion to active duty and when a Service member is recalled from the Fleet Reserve to active duty.

Note 4: Fleet member on board for permanent duty. Billet not available onboard.

c. **Humanitarian Tour Releases.** Personnel assigned to and completing humanitarian tour assignments (HUMS). For questions and further guidance send an e-mail to MILL PERS-40HUMS@navy.mil.

Class "H"

Code	Definition	Notes	Method
HA	Approved for HUMS reassignment.	1	EAIS
HD	HUMS tour completed and or family hardship alleviated.	2	EAIS

Note 1: AVAIL is entered by PERS-40HH when HUMS is approved.

Note 2: AVAIL is entered by PERS-40HH when hardship is alleviated and or 6 weeks prior to HUMS PRD, unless pending approval of HUMS extension.

d. **School Graduation and Extended Training Status.**
Personnel who are available for assignment or reassignment based on scheduled graduation from training path and who meet all criteria for being available for transfer. In addition to graduation AVAILS, specific AVAIL class codes in this section will be used as needed to issue BUPERS ORDMOD.

(1) Personnel in receipt of BUPERS orders, with follow on to next assignments(s) to include next training path and or ultimate assignment to include permanent duty station do not require AVAIL submission, unless their status changes and or they are dropped from training.

(2) The CPPA or training command representative is responsible for providing AVAIL information to applicable detachment or service center and assignment control authority (ACA) to support initial AVAIL submissions, as well as to provide any status change notifications. All substantiating documentation used to submit AVAILs will be retained. This should include BUPERS orders, orders modifications (ORDMOD), graduation lists, holds and setbacks, etc.

(3) Detachment or service center should utilize the Corporate Enterprise Training Activity Resource System to view Service member information from training command input.

(4) Use 12 week or other timeline for AVAIL submissions as provided below:

12 or less	During First Week of Training
	Include life skills only if there will be no more than a 3-day delay between completion of life skills and enrollment into applicable training path.
More than 12	12 weeks prior to graduation.
Self-paced	Training commands are responsible for providing detachment or service center with a determined average for completion. The AVAIL will be submitted per 12-week schedule.
Hold status	Unless otherwise directed, do not submit an AVAIL or delete any existing AVAIL if a hold status exists at time of enrollment or during training including pending security clearance determination, medical condition, legal issue, etc., until it has been confirmed from the training command that Service member is not on hold.
ACC 342	AVAIL submission applies for ORDMOD to ACC 342 when needed for valid reasons.

(5) A Service member's status can change after initial AVAIL submission due to interruptions, setbacks, dis-enrollment,

and any hold status including: medical, legal, security clearance, etc.

(a) Contact PERS-454 by e-mail pregavail-tld@navy.mil or AVAIL submission determination of a Service member who is placed in a TLD or PEB status and or becomes pregnant while assigned to a training command.

(b) NETC (N33) enters and deletes AVAILS in EAIS (as needed) for status changes after initial AVAIL submissions while a Service member is assigned to non-submarine and non-nuclear class "A" school paths with follow on "C" school path (as applicable) and also for Professional Apprenticeship Training Program (PACT).

(6) BUPERS orders or ORDMOD has not been issued. AVAIL is changed or deleted then submitted by authorized user when due.

1	Graduation date changes after initial AVAIL submission and Service member will be available for transfer at new graduation date within 12 weeks, submit AVAIL change action.
2	Graduation date becomes interminable or exceeds 12 weeks at time of status change, delete the current AVAIL, then submit applicable AVAIL when due.
3	Already graduated, submit an AVAIL when released from hold status.

(7) BUPERS orders have been issued and delay is not more than 30 days past original no later than (NLT) date/estimated date of arrival (EDA). BUPERS orders can be modified with pen-and-ink-changes of NLT/EDA if no more than 30 days will have passed from the original NLT/EDA date for enlisted personnel in a temporary duty under instruction or duty under instruction accounting category code (ACC) 34X status at service school commands.

1	The training command will provide pen-and-ink-modified orders to detachment or service center, and will send notification of the Service member's delay in reporting to the next assignment and or ultimate gaining command with a copy to ACA and detachment or service center.
2	Formal modification will be needed when delay will result in Service member missing the class convening date of their next training path when new school booking is required.

(8) When reporting delay to ultimate permanent duty station is confirmed to exceed 30 days or class convening date will be missed, the training command will provide notification of status change to detachment or service center. AVAIL is required if BUPERS orders or ORDMOD is needed.

(9) BUPERS orders or ORDMOD to ACC 342 is required, per reference (a), when time onboard has or will exceed 179 days for a Service member who has not already been assigned to ACC 342 at current unit identification code (UIC) and or area type code.

1	BUPERS orders are not being issued for transfer to ACC 1XX in same geographic location as current training command location to which Service member is currently assigned to (e.g., Norfolk to Pensacola).
2	Not in a legal hold status (ACC 390).
3	Not being separated from the Navy.

(10) AVAIL class codes and submissions methods.

Class "IA to IC" Class "A" School Graduation - Accessions and Conversions for NETC (N33) Order Writing.

Code	Definition	Notes	Method
IA	BRCL 11.	1	NSIPS
IB	National Call To Service (NAT) BRCL 32 SPI 3.	1	NSIPS
IC	FTS BRCL 32 SPI V.	1	NSIPS

Class "ID to IF" Follow on to "C" School Graduation - Accessions and Conversions Under NETC (N33).

Code	Definition	Notes	Method
ID	BRCL 11.	1	NSIPS
IE	BRCL class 32 SPI 3.	1	NSIPS
IF	FTS BRCL 32 SPI V.	1	NSIPS

Class "IG to IJ" Other School Graduation - Accessions or Conversions under NETC (N33).

Code	Definition	Notes	Method
IG	BRCL 11.	1	NSIPS
IH	NAT BRCL 32 SPI 3.	1	NSIPS
II	FTS BRCL 32 SPI V.	1	NSIPS
IJ	Pre-requisite for Seabee ratings - ORDMOD needed.	2	EAIS

Class "J" - "A" School Graduation - Submarine/Nuclear Training Path.

Code	Definition	Notes	Method
JH	Submarine/Nuclear training path.	3	NSIPS

Class "K" - "C" School Graduation. Submarine/Nuclear Training Path and Other Advanced Training. Not Accessions or Conversions.

Code	Definition	Notes	Method
KF	Submarine/Nuclear training path.	3	NSIPS
KG	Fleet member attending advanced training.	4	NSIPS

Class "L" - Other School Graduation. Submarine/Nuclear Training Path and Other Advanced Training. Not Accessions or Conversions.

Code	Definition	Notes	Method
LD	Nuclear power school.	5	EAIS
LG	Submarine School - "A" School required.	3	NSIPS
LN	Fleet replacement squadron.	6	EAIS
LO	Not otherwise defined.	7	EAIS or NSIPS

Note 1: Non-submarine and nuclear training path. Accessions and fleet return to training for approved conversions. Used for initial AVAIL submission for scheduled graduation.

Note 2: Pre-basic underwater demolition school (BUDS) and pre-explosive ordnance disposal (EOD) training AVAILS are entered by the NETC (N33) with order writing desk code N401T2.

Note 3: Submarine and nuclear training path graduation.

Note 4: Fleet member not currently approved for and or assigned to "A" school training path and not under submarine/nuclear field community.

Note 5: AVAILS are entered by PERS-403F and PERS-403CT for students graduating from nuclear power school and nuclear power training unit when notification is received by the training support command.

Note 6: AVAILS are entered by NAVPERSCOM, Aviation Distribution Branch (PERS-404EH) for students assigned in ACC 342 graduating from flight instruction with flight training evolutions.

Note 7: Not Otherwise Defined. If using this class for any students assigned to Cyberforces/CNE Training Command, attending interactive operator networking (ION) training. Since this training is not funded by the Navy, AVAILS are entered by NAVPERSCOM, Information Dominance Corps Distribution Branch (PERS-408J) or (PERS-408CJ1) to issue orders to applicable location (i.e., Maryland, Texas, Hawaii, or Georgia).

e. **School Non-Graduates.** Personnel who are available for assignment when status changes to non-graduate from their current training path. The CPPA or training command representative is responsible for providing non-graduate information to applicable detachment or service center and ACA, with applicable AVAIL information for BUPERS orders or ORDMOD.

1	Whether or not gaining command in current BUPERS orders will accept the Service member without graduation from training.
2	When approved for assignment to another training path or to another permanent duty assignment.
3	Per reference (a), when it is determined that time on board has or will exceed 179 days for a Service member who has not already been assigned to ACC 342 at current geographic location, regardless of non-graduate status or hold status.
4	If in a hold status, applicable detachment or service center will wait until no longer on hold to submit AVAIL, unless BUPERS ORDMOD to ACC 342 at current location is needed first.

Class "N"

Code	Definition	Notes	Method
NA	BRCL 11.	1	EAIS
NB	BRCL 32 SPI 3.	1	EAIS
NC	FTS. BRCL 32 SPI V.	1	EAIS
NF	Submarine or Nuclear Power Training.	2	EAIS or NSIPS
NG	Conversion approved.	3	EAIS
NH	Special programs training path.	4	NSIPS
NI	Conversion not approved.	5	NSIPS
NN	Advanced training path.	6	NSIPS
NP	Transfer to BUDS attrites activity.	7	NSIPS

Note 1: When reclassification applies to non-graduate from a class "A" school or other training path. Not for submarine or nuclear power training.

Note 2: When reclassification or ECM (BUPERS-32) determination is made (as applicable) for non-graduates from submarine or nuclear power training.

Note 3: Non-graduate from "A" school from non-submarine and non-nuclear training path for rating conversion. ECM (BUPERS-32) determines next training path and or assignment.

Note 4: Fleet member non-graduate from special duty assignment training path to include instructor, recruiter, and recruit division commander.

Note 5: Non-graduate from "A" school from surface training path for rating conversion. ECM (BUPERS-32) determines return to original rating prior to previously approved conversion.

Note 6: Fleet member non-graduate from advanced surface training path when an "A" school does not apply. This includes non-graduates from "C" school or other type school for enhanced skill set within current rating.

Note 7: When BUPERS orders are needed to move non-graduates from BUDS training to BUDS attrite activity for extended hold status.

f. **Former Officer Candidates and Former Officers.** Former officers, officer candidates, and midshipmen gained into Navy strength or already commissioned officers reverting back to enlisted status. Submit applicable AVAIL as soon as the gain is

posted to the Service member's EMR with Navy full strength status (SCIND XFXXX) and active pay account with applicable pay entitlements.

Class "O"

Code	Definition	Method
OD	Officer candidates, seaman to admiral-21, and midshipman dis-enrolled, dropped from, or no longer eligible to continue training (who are coming from prior enlisted active duty service).	NSIPS
OE	Officer reverts back to an enlisted status and made available for further assignment.	NSIPS

g. **Recruit Training Graduates.** Service members who are made available for assignment as a result of completion of recruit training.

(1) Initial AVAIL is submitted based on training path information under each Service member's enlistment contract 4 weeks prior to graduation, also known as the 3-2 day.

(2) BUPERS orders are issued to designated training path (as applicable) followed by their ultimate duty station (as applicable).

(3) Status Changes. A Service member's status can change to interrupted status or removed from instruction temporarily with an undetermined return or disenrollment date, or has graduated, but cannot transfer due to a hold (i.e., medical, legal, security clearance situation, etc.).

(4) Transfer Delays. When FSC receives notification from Recruit Training Command or other valid contact source that a Service member will be delayed, such delays may affect AVAIL status and or issued orders.

1	Orders have not been issued when Service member's transfer date becomes undeterminable due to a temporary interrupted from training and or hold status. Submit AVAIL when Service member is available for transfer.
2	BUPERS orders can be modified with pen-and-ink changes of NLT/EDA when delay is no more than 30 days past original no later than NLT/EDA. Formal modification is needed when a

	Service member will miss class convening date of next training path, as new school booking is required. FSC will make the pen-and-ink change to dates on issued orders and provide Service member's delay in reporting status updates.
3	When the reporting delay to ultimate duty station on issued orders is confirmed to exceed 30 days past original NLT/EDA, and or Service member will miss the class convening date of their next training path, the FSC and NETC (N33) communicate to ensure ORDMOD is issued to include FSC submitting a new AVAIL for NETC (N33) to issue ORDMOD.

Class "R"

Code	Definition	Method
RA	Apprenticeship training, for PACT.	EAIS
RE	Applies to training path ratings to schools and or ultimate duty assignment (as applicable) while still at RTC.	EAIS
RL	Special qualifications assignment.	EAIS

h. **Disciplinary Assignments and Releases.** Service members who are transferred under BUPERS orders for confinement, who are completing confinement or other disciplinary action, and are available for assignment.

(1) The CPPA or designated command representative is responsible for providing AVAIL information to the applicable detachment or service center to support AVAIL submissions.

(2) Class "X" AVAILs will be submitted at least 3 weeks prior to completion of confinement. When a Service member requires reassignment after being released from any other disciplinary hold status, submit AVAIL at time of release.

Class "X"

Code	Definition	Notes	Method
XA	Brig confinement, status changes from temporary additional duty to temporary duty for confinement.	1	EAIS
XB	Brig release, for those who was apprehended, convicted, and confined while en-route to a duty station, or whose last duty was school, transient, etc.		NSIPS

XC	Brig release, who have been sentenced to 31 or more days of confinement and who are recommended for further service or assignment.		NSIPS
XD	Brig release, for those who were sentenced for 30 or less days of confinement, but an exemption of policy not to return Service member to previous duty station has been requested by current duty station, and approved by appropriate assignment control authority.		NSIPS
XE	Requires BUPERS orders for further legal processing.	2	NSIPS
XF	Released from disciplinary action at current command and requires reassignment (not brig).		NSIPS
XG	Requires BUPERS orders from one UIC to another approved UIC as directed by NAVPERSCOM (PERS-832) while in the hands of civil authorities.		NSIPS

Note 1: Used by NAVPERSCOM if needed to issue BUPERS orders for confinement. Do not submit an AVAIL at completion of confinement if the Service member is to be discharged.

Note 2: Used to assign a Service member for further legal processing. Exception: Use "DG" class AVAIL when a Service member is assigned to submarine/nuclear duty requiring reassignment to applicable submarine/nuclear support UIC. Do not submit AVAIL until confirmation of legal hand-off has been received.

1	Under no circumstances will the XE AVAIL be used to remove a Service member for any other reason from what is deemed necessary when it is not feasible for the current operational command (type 2 or 4) to continue legal processing.
2	A written legal hand-off is required via standard naval letter (same page endorsement) between command that will accept the Service member for legal processing. Current command will provide request to detachment or service center for AVAIL submission with confirmation of legal hand-off.

i. **Medical Assignments and Releases.** Personnel who are available as a result of being placed on TLD or referred to PEB, returned to duty (RTD) from TLD status, found fit for duty (FFD) from a PEB, and other medical releases to include released from hospitalization and returned to duty, which did require TLD under medical board (MEBR) process.

(1) AVAIL submission for a Service member placed in a TLD or PEB status will be dependent on current duty and or status to include a non-operational/shore command, operational command, isolated duty, and a student or non-graduate onboard a training command.

(2) For RTD from TLD, FFD by PEB, and other medical releases, applicable detachment or service center will use applicable valid source to include LIMDU SMART updates to obtain information for AVAIL submission determination. PERS-454 provides notification of approved PEB accepted findings.

Class "Y"

Code	Definition	Notes	Method
YA	BUPERS orders if needed for transfer TEMDU for treatment at a medical treatment facility.	1	NSIPS
YC	PACT personnel who were under direct assignment control of NAVPERSCOM prior to hospitalization (i.e., ceremonial guard, etc.).	1	NSIPS
YD	Not within the criteria of any other class "Y" availability.	1	NSIPS
YE	Hospital releases from a non-naval military medical facility.	1	NSIPS
YF	Hospital releases from a non-military medical facility.	1	NSIPS
YH	Personnel placed in a TLD or PEB status.	2	Email and EAIS
YI	RTD TLD or FFD by PEB. Assignment limited (ASLIM).	3, 4	NSIPS
YJ	RTD or FFD by PEB. Not assignment limited.	4, 5	NSIPS
YK	Release from drug or alcohol abuse rehabilitation and retained in service.	1	NSIPS

YM	Use only when specifically directed by PERS-454 when permanent LIMDU (PLD) is approved.	6	NSIPS
YN	For submarine/nuclear trained personnel. RTD or FFD by PEB and is world-wide assignable (WWA). Required screening completed. Fit for submarine/nuclear assignment.	7	NSIPS
YO	Used only by PERS-454. Service member is not in a TLD or pending PEB status.		EAIS
YR	Re-classification process concludes with Service member is not recommended to attend class "A" school.	8	NSIPS
YS	Reclassification process concludes with recommendation to return to previous "A" school or attend a different "A" school.	8	NSIPS
YT	RTD or FFD by PEB. Submarine/Nuclear disqualification and assignment limited and other screening process is completed.	3,7,9	NSIPS

Note 1: Other medical release returning a Service member to full duty, in which an MEBR was not required and reassignment is needed.

Note 2: Current command submits "YH" class AVAILs to PERS-454 and copy to applicable detachment or service center via encrypted e-mail to pregavail-tld@navy.mil.

Note 3: Do not submit an AVAIL unless notified by PERS-40BB/40MM.

Note 4: Do not use for submarine or nuclear trained Service members. See class "YN" and "YT" AVAIL.

Note 5: Service member is WWA rating/community did not require assignment screening when RTD and FFD.

Note 6: PEB findings approved for PLD and Service member does not remain onboard current command.

Note 7: Submit AVAIL after all screening is completed.

Note 8: Use upon RTD and or FFD for former accession who was previously gained in ACC 105 for TLD or PEB and is WWA or if rating/community did not require assignment screening. Reclassification process is completed.

Note 9: Do not submit an AVAIL unless notified by NAVPERSCOM PERS-403.

j. **AVAIL Submission Decision.** Provides guidance as it pertains to Service members assigned to a transient and or school activity or permanent duty station in a transient type status identified as transient, patient, prisoner and holdee (TPP&H) (i.e., students with scheduled graduation dates, student non-grads, and medical releases to include placed on and returned from TLD and FFD by PEB).

(1) AVAIL submission may also include command status changes, rating conversions, disqualifications, and nominations.

(2) The command deployability coordinator and other assigned representative(s), including command career counselor, will confirm other status information about Service member (i.e., pending C-WAY, Service member's intentions, security clearance, etc.) and provide appropriate information to applicable detachment or service center for AVAIL submission determination.

(a) **AVAIL Not Required.** Do not submit. Delete when status changes.

1	Within 90 days of end of obligated service with soft expiration of obligated service (SEAOS) (as applicable) regardless of PRD, and does not desire to incur OBLISERV for orders.
2	RTD/FFD or other type of release. PRD exceeds 9 months.
3	Held beyond end of SEAOS for PEB and does not desire to reenlist.
4	Not assigned to a training activity or others/transient activity. Is RTD/FFD but approved or directed to separate by higher authority within 1 year (i.e., early separation, administrative separation, C-WAY denied, etc.)
5	Not assigned to a training activity or others/transient activity. Is RTD/FFD but within 1 year of estimated loss date from the Navy (EDLN) (i.e., transfer to the Fleet

	Reserve, retirement, high year tenure, enlisted review board results, etc.).
6	Notification received by NAVPERSCOM or Service member's command that it has been determined Service member will remain onboard and PRD will be adjusted.
7	PRD has been adjusted since AVAIL submitted to either match SEAOs and or EDLN or other separation date within 1 year, or PRD is adjusted outside 9-month window.

(b) **Submit AVAIL.** Service member is available for transfer without any type of hold status.

1	Within 90 days of SEAOs, PRD is blank or is 9 months or less, desires to incur OBLISERV for orders.
2	SEAOs is more than 90 days, regardless of OBLISERV intentions. PRD is blank or is 9 months or less.
3	Held beyond SEAOs for PEB. Approved to reenlist.
4	Fleet Reserve, retirement is pending approval, or has been approved with EDLN date exceeding 1 year.
5	Termination of pregnancy tour requirement and medically cleared.
6	Requires BUPERS orders for approved HUMS and when released from HUMS.
7	Pending disciplinary action. Requires BUPERS orders to a support/others UIC for further processing or to confinement.
8	Released from disciplinary action.
9	NAVET/OSVET, component change to active duty or FTS reassignment applies.
10	Approved for lateral or forced rating conversion or other rating changes to include Navy exam results. Billet is not available onboard and or available for immediate transfer (not a normal PRD roller).
11	Disqualified from present duty (not TLD, PEB, or pregnancy) requires BUPERS orders to a support/others UIC and or next assignment.

(c) **AVAIL Submission is Dependent on Service Member's Duty Status at Time of Status Change.** Contact PERS-454 for guidance.

1	Normal duty, TPP&H, or RTD/FFD. Then status changes to TLD, PEB, or pregnant.
2	Normal duty, TPP&H and or pregnancy tour, then status changes to TLD, PEB, or subsequent pregnancy.

(d) **Submit AVAIL When Directed by NAVPERCOM.** Once all required screening/evaluation process is completed for specific EOD, aviation ratings and for submarine/nuclear community, including approved forced conversion.

1	TPP&H and or RTD/FFD, pending further screening for specific ratings.
2	TPP&H and or RTD/FFD, pending further screening for submarine/nuclear community.

(e) **Other AVAIL Submission Determinations.** Submit an AVAIL for applicable reasons provided below.

1	TPP&H and or RTD/FFD, pending C-WAY approval with SEAOS within 1 year. Submit an AVAIL once C-WAY is approved.
2	TPP&H and or RTD/FFD, pending security clearance resolution/confirmation. Submit an AVAIL once resolved/confirmed.
3	Assignment screening (if required) results in Service member being assignment limited (ASLIM). Submit an AVAIL when notification received by PERS-40BB to show reassignment with BUPERS orders is approved.
4	Command status change and homeport change. NAVPERSCOM determines and controls AVAIL submission.
5	Assigned to a training activity or transient activity. AVAIL submission is dependent on status (i.e., graduation, non-graduate, release from any hold status, etc.) as provided in above paragraphs of this article.
6	TPP&H and or RTD/FFD. Released from hold status not already provided. Submit AVAIL when released from hold.
7	After receipt of BUPERS orders from any AVAIL, if such BUPERS orders require formal modification (i.e., status change at school command, diversion, unsuitable, etc.). AVAIL submission responsibility and method depends on reason for submission as provided in above paragraphs of this article.
8	When unsuitability of a normal PRD roller results in not TLD or PEB status but delays transfer, and PRD ends up being expired or will expire within 9 months after Service member becomes unsuitable for next assignment, DZ AVAIL class can be entered and used by NAVPERSCOM for immediate order writing when found suitable again.

MILPERSMAN 1306-1704

AVAILABILITY PROCESSING – DATA ITEM DESCRIPTIONS AND REMARKS FOR REPORT SUBMISSIONS

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: Com: Fax:	882-3779 (901) 874-3779 874-2647
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

1. **Data Items**. This article provides detailed descriptions and instructions of availability report (AVAIL) data items submitted through the Navy Standard Integrated Personnel System (NSIPS) and Enlisted Assignment Information System (EAIS).

2. **Definition and Instructions of Data Entries**. AVAIL entries provide data necessary to move a Service member to the right permanent or temporary duty assignment.

3. **General Data**. Required on all AVAIL reports, regardless of how they are submitted, except as defined in this article. AVAIL entries are as follows:

a. **Social Security Number (SSN) or Department of Defense Identification Number When Applicable (DoD ID)**. May or may not automatically reflect when entered on the left of the screen under EAIS. Once entered in NSIPS, SSN is not visible on transient tracking and AVAIL panel.

b. **Name (Last, First, Middle)**. Automatically reflects when SSN or DoD ID (when applicable) is entered on the left of the screen under EAIS and is prefilled under NSIPS once Service member has been gained onboard.

c. **Unit Identification Code (UIC)**. Automatically reflects when SSN or DoD ID (when applicable) is entered on the left of the screen under EAIS and is prefilled under NSIPS once Service member has been gained onboard.

Example: 03135

d. **AVAIL Rate:** AVAIL rate is the present rate if no changes apply. When a rate change does apply, AVAIL rate is the approved direct conversion rate without training requirement, non-rated/undesignated to rated/designated, selectee (frocked), and or advancement increment rate (as applicable). When formal training is required, AVAIL rate is the approved guaranteed applicable training path rate, regardless of whether already in the training path pipeline. This includes approved conversions, Navy veteran (NAVET), other service veteran (OSVET), service component changes with school guarantees, and also for school graduates and non-graduates.

Examples: PSSN, CS3, or FC2

e. **Expected/Earned Navy Enlisted Classification.** Enter additional Navy enlisted classification (NEC) qualification, including NEC recommended by enlisted classification unit or NEC to be earned as a result of training path completion.

Example: 9585

f. **AVAIL Date:** The date the Service member is or will be available for transfer based on applicable notification. For school graduates, graduation date must match the AVAIL date, unless graduation date will have passed after being released from a hold status. Date format will be dependent on method being used to submit the AVAIL.

Examples: NSIPS - September 29, 2017, EAIS - 170929

g. **Classification of AVAIL.** The classification identifies reason Service member is being made available for.

Example: "IA" is for "A" school graduate who is active duty Service member, branch class II, and in non-submarine and or nuclear community.

h. **AVAIL UIC:** The UIC to which the Service member will be assigned while awaiting orders. EAIS provides a fillable entry; NSIPS AVAIL panel does not. NSIPS entry is only required if the AVAIL UIC is different from command UIC. Use remarks section for NSIPS if a different UIC entry is needed.

Example: 03361

i. **Activity Name (ACT NAME):** The activity to which Service member will be attached while awaiting the transfer directive. Use short title for activity, not to exceed 16 positions. Enter in remarks in NSIPS and EAIS if Service member will be transferred to a different command to await orders. Always include ACT NAME when using encrypted e-mail and or form submission (YH and DP AVAILS).

Example: NAVSTA NORVA OTH

j. **Class Course Data Processing (CDP) Code.** Enter the CDP code to include the virtual training pipeline (if any) belonging to the training path.

k. **Class Standing/Class Ranking.** Enter class standing if known.

4. **AVAIL Remarks.** The information provided is used by Navy Personnel Command in making the correct assignment determination.

a. Enter applicable remarks in NSIPS or EAIS for each section listed below as it pertains to a Service member's status.

b. **Do not** provide any medical information (e.g., international classification of diseases codes/diagnosis, limitations, etc.). **Do not** provide any negative natured information (e.g., legal details, substandard personal details, etc.).

c. Enter remarks based on a Service member's status using guidelines under AVAIL class codes below. Pertinent reference includes naval message, e-mail, letter, etc. Pre-service moral waiver (PSMW) applies to accession graduates and non-graduates, and provides whether a Service member is qualified or not for certain type duties. For quotations (""") in the remarks of AVAIL class codes, enter applicable information accordingly. Include approved training path when applicable.

(1) **DA and DZ AVAIL.** No longer eligible to remain onboard current command. Not for those placed in a temporary limited duty (TLD) or physical evaluation board (PEB) status via medical board processing or pregnancy status. This does not include a submarine/nuclear qualified Service member.

- Reference
- Brief reason
- Training path name with confirmed class convening (CLCVN) date.

(2) **DC AVAIL.** Direct rating conversion approved. **Not** for submarine/nuclear qualified personnel.

- Reference
- Conversion to "rate"
- Approved waiver(s)

(3) **DE and DH AVAIL.** Command status change, (i.e., shore deactivation, sea decommissioning, homeport change, etc.).

- Reference
- "Decom" "Deact" "Billet Reduction" "HP Change"

(4) **DG AVAIL.** Submarines/nuclear qualified Service member requires Bureau of Naval Personnel (BUPERS) orders in appropriate account category code (ACC) at assigned Navy submarine support command or commander submarine squadron (as applicable) for further evaluation and or disqualification (DQ) processing. Not for those placed in a LIMDU or PEB status via medical board processing or pregnancy status and ready for YH or DP AVAIL submission at time of disqualification.

- Reference
- Request BUPERS Orders to "UIC" in ACC 320
- Effective date of disqualification

(5) **DM AVAIL.** Service member marries another Service member while both are assigned to the same operational/non-shore command. Also for those assigned to same non-operational command sharing same reporting senior who does not concur with both being onboard.

- Date of marriage
- Rate, last name, and last 4 SSN of spouse
- Command's request for which spouse to be reassigned

(6) **DN AVAIL.** Submarine or nuclear duty, evaluation, and or DQ processing completed.

- Reference
- Conversion to "rate" "community"
- Training path with confirmed CLCVN "date"
- Returned to "submarine" and or "nuclear" duty

(7) **DP AVAIL.** Refer to Navy Personnel Command (NAVPERSCOM), Information Technology Division (PERS-54) for guidance.

(8) **DR AVAIL.** Found to be disqualified as a recruiter or recruit division commander.

- Reference
- Training path name with confirmed CLCVN "date"

(9) **DS AVAIL.** Designated into a rating (i.e., SN to PSSN) or is a selectee (frocked or pay increment) (e.g., PS3). Billet is not available onboard.

- Reference
- Training path name with confirmed CLCVN "date"

(10) **DU AVAIL.** BUPERS orders issued to applicable class "A" school.

- Reference
- Training path name with confirmed CLCVN "date"

(11) **DV AVAIL.** BUPERS orders issued to applicable training path in submarine/nuclear community.

- Reference
- Training path name with confirmed CLCVN "date"

(12) **DW AVAIL.** Rating conversion approved. Completion of "A" school required prior to rate change. Also for approved guaranteed class "A" school upon completion of special programs. Nuclear/Submarine ratings not included unless approved for conversion to surface.

- Reference
- Training path name with confirmed CLCVN "date"
- Approved waiver(s)

(13) **DY AVAIL.** Termination of pregnancy tour requirement and medically cleared.

- Request disposition of BUPERS orders "order number"
(use if transfer will not be executed for pregnancy tour)
- Service member requested early termination of pregnancy tour during post-partum
- Leave blank if above doesn't apply

(14) **F AVAIL.** Received as NAVET or OSVET, other.

- Reference
- Training path name with confirmed CLCVN "date" released from _____ hold (i.e., medical, legal, security clearance, etc.), (date) released
- Enter three duty preference choices for type and location
Example: Type in order of preference East/West/Overseas
- PSMW - "No overseas," PSMW - "No commissioning and fitting out command (CFO)" etc.
- MIL to MIL "location of spouse"
- Valid driver's license: "yes" or "no"

(15) **HA and HD AVAIL.** Placed in or released from reassignment for humanitarian reasons (HUMS) (as applicable).

- Reference
- HUMS "approved" or "completed"

(16) **I, J, K, and L AVAIL.** Graduation.

- Training path name
- Date of graduation
- "setback" New class CLCVN "date"
- Released from _____ hold (i.e., medical, legal, security clearance, etc.), "date" released
- Enter duty preference locations in order of preferences
Example: East/West/Overseas
- PSMW - "No overseas", PSMW - "No CFO", etc.
- MIL to MIL "location of spouse"
- Valid driver's license: "yes" or "no"
- DQ due to status change
Example: "swim test", "legal", etc.

(17) **N AVAIL.** Non-graduate/dropped.

- Training path name
- Non-graduate date
- New training path name with confirmed CLCVN "date"
- Released from _____ hold (i.e., medical, legal, security clearance, etc.), date released
- PSMW - "No overseas", PSMW - "No CFO", etc.
- MIL to MIL "location of spouse"
- Valid driver's license: "yes" or "no"
- DQ due to status change. Example: "legal"

(18) **O AVAIL.** Former officer, officer candidate.

- Reference
- "reversion" or released from "midshipman", "STA-21", etc.
- Training path name with confirmed CLCVN "date"

(19) **R AVAIL.** Recruit training graduates. PSMW can limit assignment locations to overseas, CFO, etc. Applicable waivers are identified in AVAIL remarks.

- Next training path name
- Date of graduation
- Enter duty preference locations in order of preferences
Example: East, West, or overseas
- PSMW - "No overseas", PSMW - "No CFO", etc.
- MIL to MIL "location of spouse"
- Valid driver's license: "yes" or "no"
- DQ due to status change: Example "legal"

(20) **X AVAIL.** Disciplinary releases.

- Reference
- For class XE - Legal hand off has been confirmed. Deployment cost does or does not apply.

(21) **YA, YC, YE, YF and YD AVAIL.** Hospital or other medical release. TLD or PEB status is not applicable.

- Reference
- Brief reason

(22) **YH AVAIL.** TLD or PEB, refer to NAVPERSCOM, Deployability Assessment Branch (PERS-454) for guidance.

(23) **YJ, YI, YN, YR, YS, and YT AVAIL (as applicable):**
Returned from TLD (RTD) or fit for duty (FFD) by a PEB.

- For YI AVAILS: "RTD" or "FFD" assignment limited (ASLIM) reference NAVPERSCOM, Enlisted Distribution Division (PERS-40) message authorizing issuance of BUPERS orders
- For YJ AVAILS: "RTD" or "FFD" world-wide assignable (WWA) or assignment screening not required
- Reference other disposition, conversion, return to same community, etc.
- For Class YR and YS AVAILS enter "Reclassified" "date"
- Training path name with confirmed CLCVN date
- For class YN AVAILS enter "Service member has been found fit for duty in submarines by Dr. _____, (Title)"
- For YT AVAILS, Conversion to "rate" "community" or returned to "submarine" "nuclear" duty, as applicable

MILPERSMAN 1306-1705

AVAILABILITY PROCESSING – TRACKING ORDERS STATUS AND TRACER ACTIONS AFTER REPORT SUBMISSION

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN: Com: Fax:	882-3779 (901) 874-3779 874-2647
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

1. **Tracer Action (ADTAKE) on Availability Reports.** Timely ADTAKes on availability reports (AVAILs) are required when orders have not been received after a specific amount of time has passed since AVAIL was submitted.
2. **Responsibility.** The applicable servicing personnel support detachment, customer service desk, MyNavy Career Center, functional service center, Navy Personnel Command (NAVPERSCOM), or Naval Education and Training Command (NETC), Supply Chain Operations/Accessions Distribution Branch (N33) (as applicable), and or command personnel office provided under MILPERSMAN 1306-1700 is responsible for tracking AVAILs.
3. **Verify AVAIL, Orders Status, and Service Member's Status.** Using whatever means available (i.e., Navy Standard Integrated Processing System (NSIPS) reports, the enlisted master file F3 and F6 screen, Bureau of Naval Personnel (BUPERS) online listing, any feedback from NAVPERSCOM, Enlisted Information Assignment System etc.), verify that the assignment control authority has received the AVAIL, BUPERS orders, or orders modified (ORDMOD) has been received, or it is confirmed that Service member will remain onboard, and AVAIL is not required.
 - a. AVAIL ADTAKE from applicable detachment, service center, or command personnel office (as applicable), known as ADTAKE submission, is required until BUPERS orders or ORDMOD is received, or other disposition is determined for Service member to remain onboard and not receive BUPERS orders or ORDMOD.
 - b. ADTAKE is not required and AVAIL will be deleted if Service member is no longer available for transfer due to a

status change after AVAIL submission (i.e., estimated date of loss from the Navy is within 1 year, projected rotation date is adjusted for valid reasons, or notification is received from NAVPERSCOM or the command).

4. **ADTAKE Report Submission.** Submit ADTAKE on AVAIL using the same method as an initial AVAIL submission (i.e., NSIPS, e-mail to NAVPERSCOM, Deployability Assessment Branch (PERS-454), etc.). Use work days to determine when the ADTAKE should be submitted. NSIPS should automatically calculate when an AVAIL ADTAKE is due. Submit ADTAKE if BUPERS orders are not received within 15 days after AVAIL submission date and every 15 days thereafter. Any AVAIL submitted under NSIPS will keep resurfacing on the AVAIL ADTAKE report giving the option to submit an ADTAKE and set up next tracker, ADTAKE until BUPERS orders are received, or the AVAIL is deleted for valid reasons.

MILPERSMAN 1306-1706

AVAILABILITY PROCESSING – CHANGES AND DELETIONS AFTER INITIAL REPORT SUBMISSION

Responsible Office	NAVPERSCOM (PERS-40GG)	Phone	DSN:	882-3779
			Com:	(901) 874-3779
			Fax:	874-2647
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

1. **Availability Change**. Status changes, including corrections, removal, or submission of a new availability report (AVAIL) can occur at any time after initial AVAIL.

2. **Responsibility**. The applicable servicing personnel support detachment, customer service desk, MyNavy Career Center, functional service center, Navy Personnel Command (NAVPERSCOM), Naval Education and Training Command (NETC) Supply Chain Operations/Accessions Distribution Branch (N33) (as applicable), and or command personnel office provided under MILPERSMAN 1306-1700 are responsible for tracking AVAILS, changing and deleting AVAILS as status changes occur, and correcting previous AVAILS that were submitted with erroneous information.

3. **Command**. The command pay and personnel support administrator or other command representative will notify the servicing personnel support detachment, service center, or personnel office (as applicable) when changes to a Service member's status occurs, so action can be taken to initiate changes or deletion of an AVAIL. The command must also request advice on further disposition from applicable assignment control authority.

4. **Verify AVAIL and Orders Status**. Verify AVAIL and orders status using whatever means necessary (i.e., Navy Standard Integrated Personnel System (NSIPS) reports, the enlisted master file F3 and F6 screen, Bureau of Naval Personnel (BUPERS) online listing, Enlisted Assignment Information System (EAIS), any feedback from NAVPERSCOM, etc.). Verify whether cognizant assignment control authorities (detailers) have received the AVAIL, the assignment directives (orders) with release date have

been issued or transmitted, and the estimated date of loss to the Navy has been documented. If the Service member's projected rotation date has been adjusted to show that he or she will remain onboard, or if other feedback is provided from NAVPERSCOM or the command that AVAIL is not needed, the AVAIL may be changed or deleted as necessary.

5. **AVAIL Date Changes and Deletions.** After initial AVAIL submission, AVAIL date may change from previously scheduled date (i.e., early or delayed graduation from training path, delayed, setback while under instruction, status change that would require account category 342, etc.). AVAIL date can also become undeterminable due to placement of a Service member in a hold status (i.e., medical, legal, etc.).

a. If orders were received, a new AVAIL will normally be submitted when availability for transfer date is determined. However, a new AVAIL may not be necessary, depending on whether the command provides need for formal modification of orders.

b. If orders have not been received and AVAIL date is undetermined, or if requiring formal order modification at a later date, current AVAIL will be deleted. A new AVAIL will be submitted when transfer date is determined.

6. **Other Changes and Deletions.** Other AVAIL changes provide new information to the assignment control authorities when necessary (i.e., rate change from air-crewman mechanical to air-crewman helicopter while under instruction and training path is modified, when Service member is dropped from a course of instruction, when an AVAIL is replaced with different class AVAIL due to applicable status change, etc.). The AVAIL will be deleted if Service member will no longer be transferring (i.e., remain onboard, separate, etc.).

7. **Report Submission Methods.** Submit changes and deletions of AVAILs using the same method as the initial AVAIL submission (i.e., NSIPS, EAIS, or encrypted e-mail) to NAVPERSCOM, Deployability Assessment Branch (PERS-454).

MILPERSMAN 1306-1708

AVAILABILITY PROCESSING - CLASS "K" - GRADUATES OF "C" SCHOOL

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	DSN COM FAX	(901) 873-5172 873-5253
	NAVPERSCOM (PERS-40A3)		DSN COM FAX	874-3553 (901) 874-3553 874-2647

1. Class "K" - Graduates of "C" School

a. Personnel who are available for assignment as a result of graduation from "C" School.

b. Personnel attending "C" School en route to a duty station already designated in their orders, or onboard in a temporary duty under instruction (TEMDUINS) status, will **not** be made available for assignment since next duty station is known.

2. Report Submissions

a. Where length of school is 8 weeks or less, availability will be submitted during the first week of training.

b. Where length of school is more than 8 weeks, availability will be submitted 8 weeks prior to graduation.

c. Where school is under "self-pace" program, availability will be submitted 8 weeks prior to graduation. The availability date will be based on average completion time for the course. Specify class convening date in the remarks section.

d. Class "K" availability reports must include availability items 1 through 9.

3. **Listing of Availability Codes**. The following table lists all Class "K" availability codes and their description.

Code	Description	Notes
KA	Graduate, E-1 through E-3, not designated strikers, not within the criteria of any other Class "K" availability.	1
KC	Graduate, rated/designated, not within the criteria of any other Class "K" availability.	1
KD	Graduate, no further school recommended.	
KE	Graduate, recommended for further school.	1
KF	Graduate, honor student.	

Note 1: Provide explanation in remarks section.

MILPERSMAN 1306-1709

AVAILABILITY PROCESSING - CLASS "L" - OTHER SCHOOL GRADUATES

Responsible Office	NAVPERSCOM (PERS-4013C)	Phone:	DSN COM FAX	(901) 873-5172 873-5253
	NAVPERSCOM (PERS-40A3)		DSN COM FAX	874-3553 (901) 874-3553 874-2647

1. Class "L" - Other School Graduates

a. Personnel who are available for assignment as a result of graduation from a school other than "A" or "C" School.

b. Personnel attending these schools en route to a duty station already designated in their orders, or onboard in a temporary duty under instruction (TEMDUINS) status, will **not** be made available for assignment since next duty station is known.

2. Report Submissions

a. Where length of school is 8 weeks or less, availability will be submitted during the first week of training.

b. Where length of school is more than 8 weeks, availability will be submitted 8 weeks prior to graduation.

c. Where school is under "self-pace" program, availability will be submitted 8 weeks prior to graduation. The availability date will be based on average completion time for the course. Specify class convening date in the remarks section.

d. Class "L" availability reports must include availability items 1 through 9.

3. **Listing of Availability Codes**. The following table lists all Class "L" availability codes and their description.

Code	Description	Notes
LA	Graduate, E-1 through E-3, not designated strikers, not within criteria of any other Class "L" availability.	
LB	Graduate, submarine school, E-1 through E-3, not designated striker and not recommended for further school.	
LC	Graduate, rated/designated, not within the criteria of any other Class "L" availability.	1
LD	Graduate, nuclear power school.	
LE	Graduate, diving/EOD school.	
LF	Graduate, recommended for further school.	1
LH	Graduate, no further school recommended.	
LJ	Graduate, submarine school, rated/designated personnel only.	
LK	Graduate, submarine school, E-1 through E-3, not designated strikers, recommended for further school.	1
LM	Completed Fleet Readiness Aviation Maintenance Personnel (FRAMP). Specify type of FRAMP in remarks.	
LO	Availabilities for Enlisted Education Advancement Program (EEAP) students are required to be submitted 180 days prior to date of graduation.	

Note 1: Provide explanation in remarks section.

References	(a) Diary Message Reporting System Users' Manual (DMRSMAN)
------------	---

1. **Policy**. An availability report is the communication to the assignment control authority (ACA) that an individual requires assignment/reassignment. In that the ACA is not the same for all personnel, it is **critical** that local commands transmit the availability to the proper ACA.

2. **Submission Methods for Availability Reports**

a. For activities using the Navy Standard Integrated Personnel System (NSIPS), all availabilities will be submitted using NSIPS. For activities **not** on NSIPS, submit all availability reports to

Navy Personnel Command (NAVPERSCOM)
Personnel Readiness Section (PERS-4013C),
PLAD: COMNAVPERSCOM MILLINGTON TN//DIARY//

per reporting procedures outlined in reference (a), section 2, using the formats in section 15.

b. The following exceptions apply:

(1) Class "F" (accessions) and Class "D" Code "DZ" availabilities. Submit via naval message per MILPERSMAN 1306-1716.

(2) Class "D" Code "DG" availabilities. Submit via naval message to NAVPERSCOM, Nuclear Power/Submarine Assignment Branch (PERS-403F).

(3) Full Time Support (FTS) availability reports. Submit all FTS availability reports to Navy Personnel Command (NAVPERSCOM), Full Time Support Division (PERS-4012).

(4) Active Duty for Special Work (ADSW). **Do not submit** availability reports on ADSW personnel. Contact NAVPERSCOM, Reserve Augmentation Division, ADSW Liaison (PERS-46), for further information.

(5) Members in receipt of orders or in a temporary duty under instruction (TEMDUINS) status under orders with an ultimate (follow on) duty assignment.

(a) If a member in this category becomes available, availability report **must** be submitted via naval message to the appropriate ACA.

(b) If member is a travel status (accounting category code (ACC) 400), member **must** be reported on board for **duty** prior to availability submission.

3. Transmission Methods for Availability Reports

a. The **primary means** of transmitting availability reports are Diary Message Reporting System (DMRS) and NSIPS.

b. Listed below are **alternative means** for transmitting availability reports to the appropriate ACAs. These alternate means should be used for certain class availabilities or when use of primary method(s) is not possible or will not meet specific criteria of availability report.

ACA *Naval Message	Facsimile (FAX)	Letter	E-Mail

	(JFTR)
	BUPERSINST 7040.6
	BUPERSINST 7040.7

1. **Policy.** This article contains administrative procedures required incident to a change of homeport or permanent duty station (PDS) location.

a. The term "homeport" used in this article includes the homeport of a sea going vessel or PDS location of an aviation squadron or shore activity.

b. Activities designated to change will receive notification from the Chief of Naval Operations (CNO) as to the effective date of the change.

(1) Promulgation. This is normally the date of the message or letter issued by the CNO directing the new homeport of an activity. It may also be specified in the body of the message or letter.

(2) Effective Date. Date specified in the message or letter issued by the CNO directing the homeport change of an activity.

c. Although a change in homeport may require redesignation of an activity's type duty classification (e.g., from Type 1 to Type 6 or from Type 2 to Type 4), changes in duty for rotational purposes (i.e., sea to shore) are rarely necessary.

d. Procedures contained in this article pertain only to those situations when no change in the type duty for rotational purposes is changed.

e. Navy Personnel Command (NAVPERSCOM), Sea, Special Programs Branch (PERS-402D) is the placement monitor for surface units requiring a change of homeport or PDS.

f. Navy Personnel Command (NAVPERSCOM), Submarine/Nuclear Power Assignments Branch (PERS-403) is the placement monitor for sub-surface units requiring a change of homeport or PDS.

g. Navy Personnel Command (NAVPERSCOM), Aviation Assignment Branch (PERS-404) is the placement monitor for air units requiring a change of homeport or PDS.

h. Navy Personnel Command (NAVPERSCOM), Shore Special Assignments Branch (PERS-4010) is the placement monitor for shore units requiring a change of PDS.

i. A "Homeport Change Brief" will be provided by the appropriate NAVPERSCOM code for each fleet unit changing homeport if requested.

j. Other MILPERSMAN articles pertaining to change of homeport or PDS are as follows:

Military Couple and Single Parent Assignment Policy	1300-1000
Guard 2000 Program	1306-1002
Change of Homeport or Permanent Duty Station (PDS) of a vessel, Ship-Based Squadron or Staff, or Mobile Unit	1320-322
Early Separations	1910-102

2. **Entitlements.** As a general rule, individuals receiving orders to an activity after the promulgation date of a homeport change will have their entitlement to travel of dependents and shipment of household goods based on newly announced homeport.

a. Eligible members attached to the activity on the effective date are entitled to movement of dependents and shipment of household goods based on newly announced homeport.

b. NAVPERSCOM (applicable code) will issue additional guidance for fleet activities changing homeport to an overseas location or between overseas locations.

3. **Individuals Who Are Under Orders To The Unit When The Homeport Change Is Announced.** Members who are notified of a homeport change, whose dependents have not performed any travel incident to the permanent change-of-station (PCS) orders, will be entitled to transportation of dependents from member's old PDS to the unit's new homeport.

a. Every effort will be made by the last PDS, all en route temporary duty stations, and the unit changing homeport to officially notify individuals who are under orders of the announced homeport change.

b. Official notification will be made in one of the following ways:

(1) An endorsement, typed or written, on the PCS orders stating the impending homeport change and the new homeport; or

(2) A copy of the CNO message announcing the homeport change will be attached to the PCS orders; or

(3) A copy of the NAVPERSCOM message modifying the entitlements of members under orders from the old homeport to the new homeport will be attached to the PCS orders.

c. In the event a member completes his PCS travel to the unit without being officially notified of the homeport change, a homeport change certificate may be issued if the Commanding Officer (CO) deems it necessary. Acceptable circumstances warranting the issuance of a homeport change certificate include, but are not limited to:

(1) Household effects have been delivered in the geographical location of the old homeport, (if the household effects have not been delivered, they should be forwarded to the

new homeport using the accounting data contained on the member's PCS orders, using the NAVPERSCOM message, which modifies entitlements to the new homeport, as authority).

(2) A cross country relocation is required and the member desires to ship a privately owned conveyance (POC).

(3) Dependent travel claims in conjunction with the member's PCS travel have been liquidated, (if the claims have not yet been liquidated, travel should be continued to the new homeport using the NAVPERSCOM message, which modifies transportation entitlements to the new homeport, authority).

4. Member To Be Detached From A Unit, Which Is Changing Homeport. When a member receives PCS orders from a ship or afloat staff, prior to the effective date of the homeport change, reimbursement for the travel of dependents is limited to a distance not to exceed that from the old homeport of the unit to the new PDS, even if the member's actual date of detachment does not occur until after the effective date of the change of homeport.

a. The entitlement homeport/PDS is changed in the activity file upon receipt of the CNO promulgation message. PCS orders will reflect the new homeport/PDS when issued after the CNO message and prior to the effective date of the homeport/PDS change. To ensure members receive their proper entitlements for transportation of dependents and shipment of household goods from the "old homeport/PDS" orders will include the following statement in the Detaching Section, Part TWO of PCS orders:

"ON _____ (DATE) _____ CNO PROMULGATED CHANGE OF HOMEPORT/PDS OF _____ (VESSEL/UNIT) _____ TO _____ (NEW HOMEPORT) REIMBURSEMENT FOR DEPENDENT TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS FROM _____ (OLD HOMEPORT) _____ IS AUTHORIZED. (SEE NAVSO P-6034, para. U5222-D-5 OR U5222-I AND U5350-J."
--

6. Homeport Change Certificate. When dependent travel is performed incident to a change of homeport of a unit, the claim or application for dependent's transportation will be accompanied by the original and two copies of a homeport change certificate, signed by the CO or designated representative.

a. Not more than one original certificate will be issued to any one member on the same change of homeport or PDS of a ship or afloat staff. The certificate will be prepared with 4 copies to

satisfy the requirements of the personal property transportation office, for the shipment of household goods. In the case of a lost original certificate, refer to NAVSO P-6034, for the procedures for submission and payment of claims involving lost original orders.

b. NAVSO P-6034, para. U5222-D, prescribes dependent travel entitlements when a change of homeport occurs while assigned to a restricted area, unusually arduous sea duty, or duty under unusual circumstances. NAVSO P-6034, para. U5222-H prescribes entitlements when a homeport change occurs while assigned to duty with a ship, afloat staff, or an afloat unit, which is not considered duty involving unusual or arduous sea duty.

c. BUPERSINST 7040.6 and BUPERSINST 7040.7 contain guidance for preparing accounting data to be used on the homeport change certificate.

d. For a sample Homeport Change Certificate, refer to Exhibit 1.

e. Restrictions

(1) Member must remain onboard a minimum of twelve months after the effective date of homeport change to be eligible for Homeport Change Certificate.

(2) A member without dependents on the effective date of homeport change will not be issued a homeport change certificate **UNLESS** the member plans to ship household goods/private owned motor vehicle incident to the change.

(3) Members in receipt of PCS orders shall not be issued homeport change certificates. COs should contact the appropriate NAVPERSCOM code for confirmation of transfer directives for personnel whose Projected Rotation Date (PRD) is within six months after the effective date. If the member has received, or will be issued, PCS orders, travel and transportation entitlements will be in accordance with the PCS orders using the accounting data contained therein.

(4) When a member has less than 90 days obligated service (OBLISERV) on the effective date of a homeport change and does not desire to reenlist/extend, separation orders will be issued in lieu of a homeport change certificate. The following points are emphasized:

(a) Separation orders may not be issued more than 6 months prior to expiration of active obligated service (EAOS) without prior NAVPERSCOM (PERS-814) approval.

(b) If the member extends enlistment or reenlists prior to being detached from the ship or mobile unit, orders directing separation or release from active duty will be cancelled and, if otherwise proper, a homeport change certificate issued.

6. **Secretary of the Navy Finds (SECNAVFIND).** MILPERSMAN 1300-400 provides procedures for requesting a SECNAVFIND in connection with a homeport change. Upon receipt of authorization from NAVPERSCOM, the CO shall issue a modified homeport change certificate per Exhibit 2.

7. **Early Separation.** Requests for separation when the remaining OBLISERV is less than 90 days must be submitted to the Type Commander (TYCOM), info NAVPERSCOM (PERS-832).

a. If member's services can be spared, the member will be transferred for separation; if not, the member will be required to accompany the ship to the new homeport or the mobile unit to its new PDS.

b. In all cases when the homeport of a ship or command changes, the unit's CO, with TYCOM approval, may effect a member's release within 5 days of departure for the new homeport when there would be insufficient time to return the member to the old homeport for separation processing or to complete separation processing at the new homeport prior to the member's EAOS.

8. **Members in Receipt of Fleet Reserve Orders**

a. Members in receipt of orders for transfer to the Fleet Reserve or Retired List who desire to make the homeport/PDS change must receive approval from NAVPERSCOM (PERS-823) for modification of effective date for transfer to the Fleet Reserve/Retired List.

b. In these cases approval will not be granted if the period of active duty is reduced to less than the minimum time required for transfer to the Fleet Reserve.

9. **Transportation Authorization.** When the homeport of a **ship or afloat staff only** is changed, the CO may issue a PCS travel authorization based on the official homeport change notification authorizing the member to proceed to the old homeport, and

return, via any Temporary Duty (TDY)/Temporary Additional Duty (TEMADD) stations(s).

a. The statement of endorsement must be either signed directly by the CO or acting CO and not "By Direction".

b. If the ship or afloat staff is at the old homeport, the member may proceed from the old homeport to the new homeport and return to the ship or afloat staff via any TDY/TEMADD station(s).

c. Such authorization will be issued when it is deemed necessary for the member to travel to assist in the movement of dependents, shipment of HHG, to pick up personal items, or to bring the member's POC to the new homeport.

d. This entitlement will expire 1 year from the effective date of the homeport change.

e. If a member is on leave from a deployed ship or afloat staff whose homeport is changed, refer to NAVSO P-6034, para. U5120-F1.

f. Travel to and from the authorized destinations are treated as separate legs of the journey. Members should only be authorized transportation allowances for POC on one leg of the journey as described in NAVSO P-6034, para. U5107. Travel for the other leg of the journey should be directed by government procured transportation.

g. Detailed instructions for the preparation of the travel order can be found in Exhibit 3.

10. **Reassignment Procedures.** When an activity's homeport is changed, onboard personnel are in all stages of tour completion. To avoid unnecessary PCS expenditures incurred by moving individuals incident to a homeport change and then moving them again when they have completed their Prescribed Sea Tour (PST) or Normal Shore Tour (NST), the following procedures will apply to personnel attached to activities scheduled for homeport change.

a. **Members Serving In Type Duty 1 and 6.** Those members who have completed a NST will be reassigned to sea duty. Those members who have not completed a NST will be reassigned in accordance with the following decision logic table:

Rule	If member has ...	Member will be assigned to ...	and PRD set ...	Note
1	0-6 months remaining NST	Sea Duty	to PST.	1,3,4,
2	7-12 months remaining on NST	Shore Duty	to complete 12 months at follow on assignment.	2,3,4,5
3	13 months or more remaining on NST	Shore Duty	as required to complete NST.	2,3,4,5

Note 1: Personnel assigned a 24 month NST are exempt from this policy. Individuals in this category will complete their NST.

Note 2: Personnel who desire a specific location as number one reassignment priority may be required to transition to sea duty and serve the PST in the new assignment.

Note 3: Most situations will not allow for no-cost reassignments in the same geographical area. Cost assignments within the continental United States (CONUS) will be to force concentration sites where reasonable expectations exist that a follow on sea tour billet will exist at the completion of NST. The tour length at the new duty station involving cost transfer will be set to appropriate Department of Defense (DoD) area tour overseas or completion of NST (minimum tour of 12 months) in CONUS. Follow on sea assignment will be at the same location when following Rule 2. Individuals must OBLISERV for the DoD overseas area tour.

Note 4: Career personnel will be assigned without regard to OBLISERV, except for DoD overseas assignments.

Note 5: Non-career personnel who do not desire to acquire necessary OBLISERV may be assigned to sea duty.

*** Exception:** For Nuclear Trained Personnel this period shall be 24 months due to requalification requirements.

b. **Members serving in Type Duty 2, 3, and 4.** If reassignment is required, it will normally be in accordance with the following decision logic table:

Rule	If member has ...	Member will be assigned to ...	and PRD set ...	Note
1	6 months or less remaining on PST	Shore Duty	to NST.	1,2
2	7 months or more remaining on PST, but 6 months or less remaining until PRD	Another Sea Duty activity	to complete PST.	
3	7 months or more remaining on PST, and 7 months or more remaining until PRD	Remain onboard	To PRD or one year whichever is greater.	

Note 1: Career personnel will be assigned without regard to OBLISERV.

Note 2: Non-career personnel must have or agree to acquire a minimum of 24 months OBLISERV to be eligible for assignment ashore. Non-career personnel who do not desire to acquire necessary OBLISERV will be retained on board for completion of PST/PRD or EAOS.

c. **Members serving on reenlistment/enlistment incentives.** Personnel who will be on board less than 1 year as of the effective date after reenlisting under a Guaranteed Reenlistment (GUARD) 2000 incentive or returning to active service under the Prior Service (PRISE) III program may have assignment renegotiated if members are non-volunteers for transfer to the new homeport.

(1) MILPERSMAN 1306-1002 provides guidance for terms of guarantee under GUARD assignment. Members should contact NAVPERSCOM (applicable code) upon official announcement of homeport change in order to renegotiate reenlistment/enlistment incentives.

(2) MILPERSMAN 1300-1000 provides guidance for assignments made with collocated spouse. Assignments will be reviewed on a case basis by NAVPERSCOM. Members may be given the option to remain in current homeport if valid requirement exists or relocate to the new homeport.

11. **Types of Homeport Changes.** Homeport changes are necessitated by changes in naval organizations, programs, or when they will improve the administration and operation of the activity concerned.

a. Homeports will normally be reassigned only on the basis that such assignment will remain in effect for a period of 6 months or longer.

b. **Change of Homeport from CONUS to CONUS.** These homeport changes are usually for a period of 6 months or longer and normally involve homeports located on the same coast (e.g., San Diego, CA to Long Beach, CA or Norfolk, VA to Philadelphia, PA). Such reassignments are made in connection with overhaul, transfer to the Naval Reserve Force (NRF), or unit reorganization.

(1) Upon receipt of the CNO announcement of the change of homeport, COs will submit to NAVPERSCOM (applicable code) info Enlisted Placement Management Center (EPMAC), a listing of **non-essential** personnel recommended for reassignment prior to the effective date of homeport change.

(2) These personnel will be reassigned **without onboard relief**. In cases where relief is required prior to shift of homeport, the following format will be utilized:

- (a) Name, rate, SSN
- (b) Recommended transfer month
- (c) Contact relief required (YES/NO)
- (d) If gap acceptable, state number of months
- (e) Duty preference/comments

(3) Submit this listing to the appropriate NAVPERSCOM code identified in paragraph 2.

(3) When recommending a member for reassignment, such factors as EAOS, eligibility for reenlistment incentives, and individuals' career intentions must be considered.

(4) If a member is eligible for GUARD assignment, submit request in accordance with MILPERSMAN 1306-1002.

(5) Personnel whose expertise and skills are required on board after effective date of homeport change **need not be included** in message or letter.

(6) On board PRDs will not be extended unless requested by the member.

(7) Additional guidance, if required, will be provided for ships changing homeports from one coast to another (e.g., Norfolk, VA to San Diego, CA) and ships changing homeport scheduled to undergo Service Life Extension Program (SLEP).

c. Change of Homeport to an Overseas Location. As soon as the CNO officially announces the homeport change, COs will determine suitability per MILPERSMAN 1300-302 and 1300-304.

(1) COs shall submit to NAVPERSCOM (applicable code), with info copy to TYCOM, and EPMAC, a listing of personnel who are:

(a) Not qualified for overseas duty per MILPERSMAN 1300-302 and 1300-304. These personnel will be transferred prior to the effective date of homeport change.

(b) Volunteers for the new homeport.

(c) Non-volunteers for the new homeport.

(d) Personnel with 6 months or less remaining on PST/PRD computed from effective date of homeport change and are non-volunteers.

(e) Under reenlistment/enlistment incentives with less than 12 months on board after effective date of homeport change and are non-volunteers.

(f) Serving with collocated spouse. Indicate whether reassignment or relocation to the new homeport is desired.

(2) Identification of personnel retained on board will be categorized as follows:

(a) Volunteers Accompanied/Volunteers All Others Tour. Members desiring to remain on board to complete applicable tour.

(b) Non-volunteers (NVOL). Those personnel who do not desire to remain on board. These personnel may be retained on board for a maximum of 24 months or until completion of PRD/PST whichever is less.

(3) If assignment of a member selected from fleet volunteers is not feasible due to change in policy, funding constraints, member's withdrawal, advancements, or if the member is no longer eligible for such duty, NAVPERSCOM (applicable code)

will provide replacement from available assets in accordance with Manning Control Authority (MCA) priorities.

(4) It is most desirable that units changing homeport to an overseas location be manned with volunteers to the maximum extent feasible. However, it is often necessary to retain some non-volunteers on board to fill key billets during the transition period to maintain crew stability, provide experienced watches, and to man units in accordance with specified manpower levels when sufficient volunteers or replacements are not available.

(5) Personnel who are undecided will be afforded the opportunity to elect accompanied or "all others tour" at a later date provided they incur the required OBLISERV and complete applicable tour. However, members are cautioned regarding use of entitlements prior to making a decision, which could effect further entitlements to the new homeport.

(6) Members who volunteer to remain on board the unit after transitioning to an overseas homeport will complete applicable "accompanied/all others tour." Personnel shall incur sufficient contractual OBLISERV prior to departure of ship from CONUS.

(7) Every effort will be made to reassign non-essential personnel who are not volunteers to remain on board during the transition period in accordance with this article. However, if not enough volunteers or replacements are available, members will be required to remain on board until PRD or 24 months after effective date, whichever is less. PRDs of non-volunteers will not be involuntarily extended.

(8) Non-volunteers, who choose to have their dependents accompany them or elect to bring POC or HHG to the new overseas location, shall have their PRD adjusted to reflect applicable tour per MILPERSMAN 1300-308.

d. Change Of Homeport From An Overseas Location To Conus For Overhaul And Return To Previous Overseas Location. Since overhaul, conversion, or aircraft transition periods vary from 6 months to more than 17 months, transitioning units in this type of homeport change must be considered as an exception to the normal transition policy. Units returning to CONUS will receive a change of homeport notice, which will assign for the purpose of travel entitlements, a CONUS homeport.

e. Change Of Homeport From One Overseas Location To Another Overseas Location. Personnel currently onboard these units will be retained for completion of current tour.

(1) Exceptions are as follows:

(a) Personnel no longer qualified for continued overseas duty. Disqualification shall be documented in the members' service record.

(b) Personnel with less than 6 months remaining on PST/PRD and who are non-volunteers will be reassigned prior to effective date or sail date whichever is earlier on a case basis. Factors to be considered for early transfer are presence of dependents on station and availability of replacement.

(c) Personnel assigned with collocated military spouse and single parents should be identified to NAVPERSCOM (PERS-40) who will review each assignment on a case basis. Indicate whether assignment is desired to a new or old homeport.

(2) Members currently serving an "all others tour" at the old homeport may elect accompanied tour at the new location provided they agree to remain onboard for completion of required area tour of the new homeport and acquire required OBLISERV prior to the effective date of homeport change.

f. Change Of Homeport Incident To Flagship Turnover Or Exchange Of Tender Duty. Reassignment policy for units in this category will be provided by separate correspondence due to the unique situation.

(1) For planning purposes, the general policies for homeport change will apply. In addition, the following reassignment procedures may be utilized:

(a) On board personnel desiring to remain with present command may be retained provided all requirements are met in accordance with the current assignment policy.

(b) Personnel will be afforded every opportunity to remain in present homeport by requesting exchange of duty per MILPERSMAN 1306-700.

(c) When exchange of duty is limited due to ship's design (e.g., nuclear vs. conventional), self-negotiated swaps with other units in the same area may be authorized.

(d) All other requirements such as overseas screening if applicable, and OBLISERV must be completed prior to transfer.

12. **PRD Adjustments and Modifications.** To provide continuity, a phased rotation of personnel after homeport change is necessary.

a. When the unit manning profile is established, the CO may request PRD adjustments of maximum plus or minus 90 days from completion of elected tour.

b. When recommending PRD adjustments, such factors as time remaining on active duty, tour election, time remaining on PST, usage of entitlements, and desires of individual should be considered.

c. For confirmation of PRD adjustments, refer to Enlisted Distribution Verification Report (EDVR).

13. **Homeport Change Conference.** When deemed necessary by the MCA, TYCOM, and NAVPERSCOM due to complexity of crew manning considerations, a Homeport Change Conference will be convened.

a. The following items should be reviewed:

(1) Unit's manning requirements.

(2) Selection and assignment of fleet volunteers.

(3) Compliance with assignment and entitlement policies.

(4) Other matters in connection with crew mergers, crew stability and unit personnel readiness.

b. The Homeport Change Conference will normally be convened and chaired by the TYCOMs representative, with attendees from the MCA, EPMAC, NAVPERSCOM, and the unit changing homeport.

EXHIBIT 1

SAMPLE HOMEPORT CHANGE CERTIFICATE

(Activity name)

(Date)

I hereby certify that (member's full name) was permanently assigned to (activity's name) with the rank/rate (rank/rate or applicable grade) when the (letter/message) from the Chief of Naval Operations (file/date or DTG of message) was received on board, changing the (homeport/permanent duty station location) of this activity from (old location) to (new location) effective (date of change). Change of homeport is incident to commencement/completion of overhaul (if applicable). Ship or unit has been designated as unusually arduous sea duty (if applicable).

Accounting data

(Signature of Commanding Officer)

EXHIBIT 2

SAMPLE HOMEPORT CHANGE CERTIFICATE - MODIFIED FOR SECNAV FIND

(Activity name)

(Date)

I hereby certify that (member's full name) was permanently assigned to (activity's name) with the rank/rate (rank/rate or applicable grade) when the (letter/message) from Chief of Naval Operations (file/date or DTG of message) was received on board, changing the (homeport/permanent station) of this activity from (old location) to (new location) effective (date of change). Change of homeport is incident to commencement/completion of overhaul (if applicable). Ship or unit has been designated as unusually arduous sea duty (if applicable). The Secretary of the Navy has found that this PCS is required by the exigencies of the service.

Accounting data

EXHIBIT 3

DETAILED INSTRUCTIONS FOR PREPARATION OF THE TRAVEL ORDER

The travel authorization is issued as a travel order, at the command level preferably on the unit's letterhead bond paper.

- BLOCK 1 (Number):** Serial number assigned by the unit.
- BLOCK 2 (Date):** Date authorization is prepared.
- BLOCK 3 (Name):** Type member's full name - Last name, first name, and middle.
- BLOCK 4 (Grade/Rate):** Enter member's pay grade and rating abbreviation.
- BLOCK 5 (SSN):** Enter member's social security number with hyphens between the third and fifth digits. Example: 123-45-6789.
- BLOCK 6 (Branch/Class):** Enter the abbreviation of service (USN, USNR, etc.).
- BLOCK 7 (Old/New homeport):** Enter the City and State, or country, which travel is authorized to.
- BLOCK 8 (Old/New homeport):** Enter the City and State, or country, which member is directed to return to.
- BLOCK 9 (Unit):** Enter the full title of the unit changing homeport.
- BLOCK 10 (Date-time-group):** Self explanatory.
- BLOCK 11 (Days Leave):** Enter the number of days leave is authorized in conjunction with this travel.
- BLOCK 12 (Days Travel):** Enter the number of days travel time is authorized per MILPERSMAN 1320-100.
- BLOCK 13 (Days Proceed):** Enter the number of days proceed time is authorized per MILPERSMAN 1320-090.

BLOCK 14 (Advanced LV RATS Requested): Enter if applicable.

BLOCK 15 (Advanced MALT/Flat PER DIEM authorized): Enter if applicable.

BLOCK 16 (Months Advanced Pay Authorized): Enter number of months advance pay is authorized, if any.

BLOCK 17 (City): Self Explanatory.

BLOCK 18 (State/Country): Self Explanatory

BLOCK 19 (POC State and License number): Self Explanatory.

BLOCK 20 (City): Self Explanatory.

BLOCK 21 (State/Country): Self Explanatory

BLOCK 22 (Leave address and phone number): Self explanatory.

BLOCK 23 (Accounting Data): Refer to BUPERSINST 7040.6 for PCS Travel, as it pertains to travel incident to a change of homeport. Accounting data for TEMDUINS will be provided by NAVPERSCOM if applicable.

BLOCK 24 (Narrative): Any intermediate stations will be provided, with accounting data and specifics, by NAVPERSCOM. If there are no intermediate stations, include only ultimate duty station information, to include the UIC, activity name and mailing address, and the report not later than hour and date.

BLOCK 25 (Signature of Member): Self explanatory.

BLOCK 26 (Travel Commenced): Hour and date member is authorized to begin this travel.

BLOCK 27 (Authenticating signature, rank, title): The signature shall be that of the CO of the activity, or, when the CO delegates such authority to a subordinate officer, master chief, senior chief, chief petty officer, petty officer first class, or civilian, may be "by direction of the CO." The authenticating signature will be affixed only to the original order.

EXAMPLE:

(1) Travel Authorization Order Number: _____ (2) Date:
(3) Name (4) Grade/Rate (5) SSN (6) Branch/Class)

is hereby authorized travel at government expense to (7) (old/new homeport) and return to (8) (old/new homeport). This travel is granted as a result of the homeport change of (9) (unit). Authority for this change: Chief of Naval Operations message (10) (date-time-group).

Authorized: (11) 00 DAYS LEAVE (14) ADV LVRATS REQUESTED
(12) 00 DAYS TRAVEL (15) ADV MALT PLUS FLAT PER DIEM
(13) 00 DAYS PROCEED TIME (16) 0 MONTH AD PAY AUTH

POC TRAVEL IS AUTHORIZED FOR TRAVEL FROM (17) CITY, (18) STATE/COUNTRY) TO (CITY, STATE/COUNTRY) ONLY. (19) (POC State and license number).
GOVERNMENT AIR IS DIRECTED FOR TRAVEL FROM (20) CITY, (21) STATE/COUNTRY) TO (CITY, STATE/COUNTRY).

(22) Leave address and phone number:

(23) ACCOUNTING DATA:

PCS: XX
TEMDUINS PER DIEM XX (if applicable)

(24) Reporting station(s) will appear in reporting station sequence (i.e., Intermediate 1, 2, 3, and Ultimate, as applicable). Data provided for each reporting station is: UIC, Activity Name, ACC - Type of assignment, Report Not Earlier Than Date (YY MM DD), (if applicable), Report Not Later Than Hour (required for first reporting station only), Homeport, - City, At Location of Reporting Station, Additional Reporting Instructions, School Class Convening Date (YY MM DD), and mailing address of each reporting station.

I have read and understand these orders and instruction:

(25) (Signature of Member)

(26) Travel commenced:
0000, 00 XXX 03

(27) (Signature and title of Commanding Officer
or designated representative)

MESSAGE ORDERS FOR INACTIVE DUTY RESERVE OFFICERS

Responsible Office	NAVPERSCOM (PERS-812)	Phone:	DSN	882-3208
			COM (901)	874-3208
			FAX	882-2738

1. Purpose

a. The contents of message orders contained in this article (referred to as "Forms") will be used by recruiting offices, or other commands as appropriate, as guides in preparing written orders in proper order format to be delivered to each officer concerned. Each of these forms (ALPHA - ECHO) are divided into two parts:

(1) Part I: to be used by the Navy Personnel Command (NAVPERSCOM) to transmit the message orders to the action addressee for issuance of the orders;

(2) Part II: to be used by the action addressee (recruiting offices or other commands as appropriate) upon receipt of Part I to issue the orders in implementing Part I.

b. The combination of Parts I and II will be transmitted by the action addressee in Part I to each officer concerned with ample copies for:

(1) Disbursing officers.

(2) Movement of family members and household goods.

(3) Use by the officer in compliance with the orders.

2. Message Orders by Telegram. In cases where message orders are relayed to an officer by telegram, the following action will be taken:

a. The originating authority shall send the complete orders in the prescribed form.

b. The officer concerned, upon presentation to the disbursing officer, shall endorse on the telegram they received the words "Original orders received" and affix their signature. This certification will be sufficient to enable the disbursing officer to make reimbursement for mileage without further confirmation.

3. **Form ALPHA.** Form ALPHA is to be used for an officer who has accepted a commission with no waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM ALPHA MILPERSMAN 1320-020.
LT BYRON G WHITE 628156/1105 222 W MADISON ST LYNN MASS PROREP
NAVSTA NORVA ON 10 AUG ACDU.

Part II - Example:

From:
To:

Ref: NAVPERSCOM message (date/time group)

1. Proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. (Reservists will be considered physically qualified for assignment to active duty provided they meet the physical standards set forth in the NAVMED P-117, Manual of the Medical Department. Where appropriate, a conditional waiver of the physical standards may be granted per the NAVMED P-117.) You are ordered to temporary active naval service for this purpose and considered in temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117 (MANMED 15-77). If found physically qualified, or if a conditional waiver is granted by the examining activity, and a later review of your complete medical record by the Bureau of Medicine and Surgery (BUMED) reveals evidence of a defect of condition which is considered to be of sufficient importance to preclude the reasonable performance of the duties of your grade and designator on the active list, you will be

considered not physically qualified and the unexecuted portion of your orders will be canceled.

2. If found not physically qualified, immediately return to the above address. Upon arrival at the above address consider yourself released from temporary active duty and forward a copy of these orders with all endorsements to the Navy Personnel Command (Staff Corps officers, forward an additional copy to the cognizant bureau, command, or office), to the Chief of Naval Air Reserve Training, if appropriate, and to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149. In this event, the examining medical officer shall advise NAVPERSCOM by message referencing these orders, stating defects in detail together with action taken and recommendations, if any, with information copies to BUMED and (insert the information addressees on these orders).

3. If found physically qualified, immediately return to the above address. Upon arrival at the above address consider yourself released from active duty until such time as is necessary to (fill-in reporting instructions).

NOTE: Alternate paragraph 3 to be used when a future reporting date is not specified: If found physically qualified, (fill-in reporting instructions).

4. Accounting data: (fill-in)

5. Travel via private conveyance is permitted at your option for your personal convenience.

6. You are advised to make no personal plans for active duty until found physically qualified and not to move family members until you have reported for duty and have suitable quarters for them.

7. A certified copy of these orders, with all endorsements, shall be forwarded to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149.

8. If serving under orders authorizing your participation in a Naval Reserve Program in a pay or nonpay status, you are directed to request termination of your inactive duty training orders, via the appropriate chain of command, to be effective not later than the day preceding the date of reporting to active duty in compliance with these orders.

4. **Form BRAVO.** Form BRAVO is to be used for an officer who has accepted a commission with a waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

UNCLAS NAVPERSCOM ORDER NR 146210 FORM BRAVO MILPERSMAN 1320-020.

1. Proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. (Reservists will be considered physically qualified for assignment to active duty provided they meet the physical standards set forth in the NAVMED P-117, Manual of the Medical Department. Where appropriate, a conditional waiver of the physical standards may be granted per the NAVMED P-117.) You are ordered to temporary active naval service for this purpose and considered in temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117 (MANMED 15-77). Since physical defects were waived by NAVPERSCOM (PERS-(fill-in)), further waiver will not be required if disabilities are essentially the same as to character and degree. If found physically qualified, or if a conditional waiver is granted by the examining activity, and a later review of your complete medical record by the Bureau of Medicine and Surgery reveals evidence of a defect or condition which is considered to be of sufficient importance to preclude the reasonable performance of the duties of your grade and designator on the active list, you will be considered not physically qualified and the unexecuted portion of your orders will be canceled.

NOTE: Paragraphs 2, 3, 4, 5, 6, 7, 8, and 9 are the same as in Form ALPHA.

5. **Form CHARLIE.** Form CHARLIE is to be used for an officer who has not accepted a commission and has no waiver of physical defects. See below for examples of both parts of this form.

Part I - Example:

Ref: NAVPERSCOM message (date/time group)

1. Proceed and report to (fill-in) for physical examination, including flight physical if being ordered to DIFOT. You are ordered to temporary active naval service for this purpose and will be considered in a temporary active duty status during the time required and travel necessary. If found physically qualified within 12 months prior to the effective date of these orders and no substantial change in your physical condition has occurred, a physical examination is not required under NAVMED P-117, Manual of the Medical Department (MANMED 15-77).
2. If found not physically qualified, immediately return to the above address. Upon arrival at the above address consider yourself released from temporary active duty and forward a copy of these orders with all endorsements to the Navy Personnel Command (Staff Corps officer, forward an additional copy to the cognizant bureau, command, or office), to the Commander, Naval Reserve Force if appropriate, and to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149. In this event, the examining medical officer shall advise NAVPERSCOM by message referencing these orders, stating defects in detail together with action taken and recommendations, if any, with information copies to Bureau of Medicine and Surgery and (insert the information addresses on these orders).
3. If found physically qualified, immediately return to the above address. Upon arrival at the above address, consider yourself released from active duty until such time as is necessary to (fill-in reporting and detaching instructions.)

NOTE: Alternate paragraph 3 to be used when a future reporting date is not specified: If found physically qualified, (fill-in reporting and detaching instructions.)

4. Accounting data: (fill-in)

5. If the period of duty specified by these orders is 90 days or more, travel via private conveyance is permitted at your option for your personal convenience.

6. A certified copy of these orders, with all endorsements, shall be forwarded to the Naval Reserve Personnel Center, New Orleans, Louisiana 70149.

7. This assignment to active naval service is subject to your consent.

8. This duty is creditable under 10 U.S.C. 12732 for retirement point accounting when properly substantiated.

9. If service under orders authorizing your participation in a Naval Reserve Program, in a pay or nonpay status, your orders to inactive duty training are not terminated but are not effective during your period of temporary active duty. Your orders to inactive duty training are effective the day following completion of your temporary active duty.

MILPERSMAN 1320-030

DELEGATION OF AUTHORITY TO ISSUE ORDERS AND ADMINISTRATIVE CONTROL OF ORDERS AND TRAVEL

Responsible Office	NAVPERSCOM (PERS-455)	Phone:	DSN	882-4148
			COM	(901) 874-4148
			FAX	882-2693

Governing Directives	OPNAVINST 4650.15
	Joint Federal Travel Regulations (JFTR), Volume I
	NAVPERS 15559B, Officer Transfer Manual
	NAVPERS 15909G, Enlisted Transfer Manual

1. Authority to Issue Orders

a. Competent orders for **officers** are issued and approved by Chief of Naval Personnel (CHNAVPERS), or commands authorized by CHNAVPERS.

b. Orders for **enlisted** personnel are issued or approved by Navy Personnel Command (NAVPERSCOM), or by commands authorized by NAVPERSCOM.

c. Orders signed by Assistant Chief of Distribution or by Acting CHNAVPERS shall have the full force and effect of orders issued by CHNAVPERS.

d. Orders issued by CHNAVPERS or NAVPERSCOM may be modified only by CHNAVPERS or NAVPERSCOM. In this regard, port calls issued by Navy Passenger Transportation Offices (NAVPTO) in connection with transoceanic or international travel are considered to be an authorized modification to orders. See OPNAVINST 4650.15.

2. Delegation of Authority to Field Commands. Only CHNAVPERS or NAVPERSCOM can delegate authority to field commands to issue orders and such authority is limited to specific types of orders. Commands that have been authorized by CHNAVPERS or NAVPERSCOM to issue orders may direct subordinate commands to issue orders to personnel by name or number, for specific assignments, or for travel. Orders issued to officers by field

commands must reference the authority to issue orders delegated by CHNAVPERS.

3. **Change of Duty Orders Involving Flying Status.** Unless so stated, the delegating authority to issue change of duty orders shall not authorize other commands to order officers to or from a duty involving flying status. Care should be taken to retain the phrase "duty in a flying status" in all orders that order members to/from duty involving flying.

4. **Administration of Travel**

a. Navy Personnel Command is charged with the administration of travel by Navy personnel and their family members. Travel regulations and entitlements are contained in volume I of JFTR, NAVPERS 15559B, and NAVPERS 15909G; and supplementary instructions published as instructions and notices. Orders shall be as complete as practical. When members are entitled to transportation of family members and shipment of household goods at Government expense, or when travel at personal expense subject to reimbursement is authorized, individual orders shall be issued to each member.

b. Each fiscal year funds are appropriated for the travel of those naval personnel and family members issued orders under the authority of CHNAVPERS or NAVPERSCOM. To conserve these funds and make them suffice for the entire fiscal year, it is the responsibility of every command delegated authority to issue orders to stay within any quarterly allotments granted to them and to limit travel to that considered essential and in the best interests of the Navy.

MILPERSMAN 1320-060

PERMANENT CHANGE OF STATION TRANSFER ORDER (PCSTO), DELIVERY, INTERPRETATION, AND EXECUTION

Responsible Office	NAVPERSCOM (PERS-455)	Phone:	DSN	882-4148
			COM	(901) 874-4148
			FAX	882-2693

Governing Directives	Catalog of Navy Training Courses (CANTRAC), Volume 2 NAVPERS 15559B, Officer Transfer Manual NAVPERS 15909G, Enlisted Transfer Manual OPNAVINST 4650.15
-------------------------	--

1. **Policy.** Permanent change of station transfer orders, both letter and message, will be written using plain language with a minimum of codes, abbreviations, and acronyms so orders will be more easily understood and will not require translation prior to execution. Only standard abbreviations (e.g., EDA, EDD, NLT, NET, PRD, ACC, DNEC, CONV, BSC, etc.) and activity titles will be used as they appear on other automated documents. Abbreviated course titles may also be used along with the course identification numbers as listed in CANTRAC, volume II.

2. **Disposition of Orders**

a. Original letter orders and any modifications will be mailed to the Personnel Support Activity Detachment (PSD) assigned in support of the officer's activity. Activities not supported by Pay and Personnel Administrative Support System (PASS) office will receive original letter orders direct.

b. Message orders will be transmitted to the activities involved with the order via the Communications Centers serving them. Message orders shall be locally reproduced by the PASS office supporting the member. One copy will be certified "Original Message" over the signature of the commanding officer (CO) or officer-in-charge of the processing activity (or their designated representative). In cases where message orders are relayed to a member by telegram, the following action will be taken: the officer concerned, upon presentation to the disbursing officer, shall endorse the telegram received, with

the words "Original Orders Received" and affix their signature. This certification will be sufficient to enable the disbursing officer to make reimbursement for mileage without further confirmation.

c. Commands receiving orders shall promptly deliver such orders and each modification, if any, of orders to the member and shall indicate delivery by an official delivering endorsement on the orders or modifications.

d. Although the order will be addressed via activities providing personnel support, they are directed to the member being transferred. Authority to specify the detachment date within the month of detachment remains with the member's reporting senior.

e. Orders to officers shall direct their detachment from their primary duty only, unless they have been assigned accountable duty. Officers with additional duty at other activities will be considered detached from such duty upon their detachment from their primary duty. Reference to additional duty shall not be made in detaching orders. Upon detachment, information copies of the orders shall be furnished to the activity or activities to which an officer has been assigned additional duty.

f. Procedures for processing a member's orders are found in NAVPERS 15559B, chapter 2; or NAVPERS 15909G, chapter 23.

3. **Reporting for Duty.** In carrying out the order, officers shall report to the CO or commander of the activity named in the orders for permanent duty, permanent duty under instruction, temporary duty, or temporary duty under instruction, etc., unless otherwise specified in the orders. Deviation of the order must be approved by CHNAVPERS, and when required, a modification issued prior to the member's detachment form, or reporting to, the final activity stated in the order. Application procedures are found in NAVPERS 15559B, chapter 2.

4. **Proceed Time and Travel Time**

a. The date of detachment is a day of Leave, PT, or Travel Time (TT). Date of detachment is only a day of duty if the member detaches and reports on the same day with no allowable TT. The day of arrival is a day of duty. When a member is detached from one permanent duty station and is ordered to

another permanent duty station, the orders may allow 4 days proceed time, as outlined in MILPERSMAN 1320-090, in addition to travel time outlined in MILPERSMAN 1320-100. The word "proceed" is synonymous with "commence travel" and should not be construed as entitlement to proceed time.

b. Unless a specific reporting date is directed in the order, members ordered to report for duty at a place or to proceed to any point and report for duty shall do so within 4 days after date of detachment, exclusive of the proceed time, travel time, and authorized leave provided in the order or delineated elsewhere in this manual. See OPNAVINST 4650.15 concerning circuitous travel for constructive travel time when traveling via a circuitous route.

c. Where there is some degree of urgency for a member to report to a new station and there is no known requirement for the full 4 days proceed time, orders shall specify a time frame within which the member must report for duty, e.g., "Upon detachment, proceed and report NLT 12 hours after detachment, exclusive of travel time."

5. **Detaching Instructions**. Definition of specific detaching instructions appearing in the detaching activity section of the orders is found in NAVPERS 15559B and NAVPERS 15909G.

MILPERSMAN 1320-090

PROCEED TIME IN EXECUTION OF ORDERS

Responsible Office	OPNAV (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

1. Proceed Time

a. Proceed time is a period of time not chargeable as leave, delay, or allowed travel time. It is granted for the purpose of facilitating necessary personal arrangements inherent in certain permanent change of station (PCS) orders.

b. The amount of proceed time permitted is dependent upon the urgency of the transfer, but will not exceed 4 days.

c. The word "proceed" is synonymous with "commence travel status" and should not be construed as entitlement to proceed time.

2. Time According

a. Any delay authorized is chargeable as leave and is in addition to proceed and travel time. The day of detachment is a day of travel or leave as applicable.

b. When the member is detached from overseas duty, starts and finishes overseas travel, and arrives in the 48 contiguous United States or District of Columbia on the same day, that day is considered a day of travel for elapsed time accounting.

3. PCS Order Terms and Definitions. When authorized by subsequent paragraphs, the following terms used in PCS orders, as displayed in the table below, indicate the amount of proceed time authorized:

WHEN a PCS order reads...	THEN report within...
Report or proceed and report (4 days proceed time)	4 days, exclusive of travel time, subsequent to detachment.
Report or proceed and report without delay (48 hours proceed time)	48 hours, exclusive of travel time, subsequent to detachment.
Report or proceed and report immediately (12 hours proceed time)	12 hours, exclusive of travel time, subsequent to detachment.
Ultimate assignment - FOR DUTY/ DUINS (4 days proceed time)	4 days, exclusive of travel time, subsequent to detachment.

4. **When Is Proceed Time Authorized**

a. Proceed time is authorized only when members are executing PCS orders to or from

(1) ships or mobile units having a sea/shore rotation Code 2 or 4;

(2) an "all others" tour; and

(3) overseas accompanied tours, includes from overseas to overseas, but not in same geographical location.

b. Commanding officers (COs) of ships changing home port may authorize proceed time only in conjunction with the movement of

(1) household goods (HHG), or

(2) a member's privately owned vehicle (POV).

c. Proceed time shall not be construed as authority to miss reporting dates and times specified in the orders. A modification or cancellation of the unexecuted portion of the original orders received at any point between the old and the new permanent duty station (PDS) does not entitle the member to additional proceed time.

d. Entitlement to proceed time for members not specifically authorized in this article shall be determined by:

**Office of Chief of Naval Operations
Manpower, Personnel, Training, and
Education Policy Division (N13)**

5. **Types of Orders not Authorized Proceed Time**. Regardless of other considerations, proceed time is not authorized in conjunction with the following types of orders, as displayed in Lists "A" and "B" below.

6. **Order Type List "A"**. The following order types are not authorized proceed time:

a. Orders from inactive duty:

Home,
place of enlistment,
recruiting station or recruit training center,
Officer Candidate School,
Naval Reserve Officer Training Corps (NROTC), or
Naval Academy.

b. To:

Active duty at a PDS.
Temporary duty under instruction (TEMDUINS) of less than 20 weeks.
TDY of 6 months or less and then to a PDS.

c. Orders to:

An activity for separation processing,
home from a separation activity, or
proceed to the locale of the member's choice upon separation.

d. Orders to temporary additional duty (TEMADD).

e. Orders for group travel, i.e., orders issued to three or more members traveling in a group from the same point or origin to the same destination under one order, which has been designated a "group travel order" by the order issuing authority.

7. **Order Type List "B"**. The following additional order types are not authorized proceed time:

a. Orders that have no-cost to the Government provision.

b. Orders to enlisted members expressing haste, i.e., leave is not authorized by the order issuing authority.

c. Orders between two ships having the same home port.

d. Orders for leave, except where prevailing instructions grant leave as delay in reporting in connection with a transfer.

e. Orders to and from units afloat and ashore located in same metropolitan areas or less than 25 miles apart.

8. **Metropolitan Area**

a. A metropolitan area is defined as the corporate limits of the city or town in which the member is stationed.

b. The home port of the unit afloat should be used in determining entitlement to proceed time regardless of ship location.

c. The following examples are provided:

Example 1. Member on shore duty at Cecil Field, FL is directed PCS to a ship home ported at Mayport, FL: Proceed time is not authorized since both Mayport and Cecil Field are within the corporate limits of Jacksonville, FL.

Example 2. Member on shore duty at Coronado, CA is directed PCS to a ship home ported at San Diego, CA: Proceed time is not authorized since Coronado and San Diego are less than 25 miles apart, even though in different corporate limits.

9. **Permanent Duty Station (PDS)**

a. PDS, as used in this article, is defined as the assignment

(1) to duty by PCS orders at the same activity for a period of more than 6 months, or

(2) assignment to a school or combination of schools at the same location for a period of 20 weeks or more,

the limits of which are the corporate limits of the city or town in which the member is stationed, or homeport in the case of members assigned to an afloat unit.

b. If the member is not stationed in an incorporated city or town, the official station is the reservation, station, or established area; or, in the case of large reservations, the established subdivisions thereof having definite boundaries within which the designated post of duty is located.

10. **One-Period Proceed Time Limitation for En Route TDY.** Only one period of proceed time may be authorized in the execution of orders directing a member to proceed to one or more TDY stations en route to a PDS. Once initiated, proceed time shall be used consecutively whether or not members avail themselves of all or part of the total authorized proceed time. Use the rules in the table below to determine how proceed time is to be authorized during en route TDY:

WHEN the member elects to use proceed time	THEN	AND
prior to reporting to a TDY station,	the orders shall so indicate,	proceed time shall not be authorized upon detachment from the TDY station.
upon detachment from the TDY station,	the following statement shall be entered on the member's orders: "MBR ELECTED PROCEED TIME UPON COMPL TEMDU."	

11. **Reversing Denial/Grant Decisions.** Use the rules in the table below to reverse entitlement denial or authorization decisions:

WHEN	THEN	AND
a member has been denied proper entitlement to proceed time by the transferring command,	the receiving command can reflect proper entitlement via entries into Navy Standard Integrated Personnel System (NSIPS).	
it is determined by the receiving command that the proceed time should not have been authorized,	leave must be charged,	the member should be assisted in submitting a petition to the Board for Corrections of Naval Records (BCNR) with appropriate evidence to support petition to restore the leave charged.

-----------	--

1. Calculating Travel Time for Permanent Change of Station (PCS)

a. Authorized travel time incident to a PCS will be calculated under procedures set forth in reference (a), chapter 5, part B, for the mode or modes of transportation actually used and authorized in the PCS orders.

b. In no case will the authorized travel time exceed that required to perform travel by the mode of transportation directed in the PCS orders. The travel time authorized here is in addition to proceed time, which is otherwise authorized. No travel time will accrue on PCS orders that are permissive in nature and include a no-cost to the government provision.

2. Calculating Travel Time for Members Performing Funded Leave Travel

a. Calculation of travel time for members who are authorized to perform funded leave travel in connection with consecutive overseas assignments as prescribed in reference (a), para. U7200, will be the time required for direct travel between the authorized points.

b. In calculating travel time, the member's home or other authorized destination will be treated as if it were a temporary duty (TDY) station en route on a PCS. The day of arrival at, and the day of departure from, the authorized leave travel destination are both considered a day of travel. All additional

time at the leave travel destination is charged as leave. Travel time in excess of that required for travel via the direct route is charged as leave.

c. Leave travel under this part is to be performed by common carrier to the maximum extent possible or as authorized by Chief of Naval Personnel (CHNAVPERS).

3. Travel Time for Temporary Additional Duty (TAD) Orders

a. Travel time incident to TAD orders will be the time required to perform travel by the mode of transportation authorized in the member's travel orders. Travel status commences and terminates as set forth in reference (a), chapter 4, part D. Except as otherwise indicated, a member is considered to be in a travel status for the entire period necessary to complete the official business directed in the TAD orders.

(1) Members directed to perform TAD away from their permanent duty station (PDS) are expected to return to their PDS immediately upon completion of the necessary official business or to their local place of residence if the return time is after the close of normal working hours.

(2) Members who would ordinarily be in a liberty status may, however, elect to remain at the TAD site in a liberty status upon completion of TDY.

(3) Similarly, members may elect to travel to the TAD site prior to commencement of the period of TDY in order to be in a liberty status at the TDY site before commencing the TAD.

b. No additional cost to the government can be incurred while in a liberty status either before or after a period of TDY. Commands preparing TAD orders should include appropriate language to permit liberty or leave prior to the commencement or upon the completion of assigned TDYs. Travel entitlements other than transportation should terminate at the start of authorized liberty. Members who are serving in an unaccompanied-by-family-member status at their PDS and who are authorized to spend normal liberty periods at their primary residence with family members, or other authorized points, may start or stop TAD from those points provided no additional cost to the government is involved and the member would ordinarily be in a liberty status upon completion of the TAD.

c. Any other delay in returning to the PDS for personal convenience is chargeable as leave. Members, who complete official business at a TAD station after 1600 hours, may delay detachment until the following day, if return travel member's PDS will exceed 2 hours by the mode of travel authorized.

(1) Normally, no more than 1 day travel time will be allowed for each leg of travel to, from, or between TAD stations. If the time required to perform travel to, from, or between TAD stations by privately owned conveyance (POC) will exceed 1 day, and travel by POC is considered more advantageous to the government, authorization or approval must be granted by commands authorized to issue TAD orders.

(2) This determination should be made on a case-by-case basis and authorization should not be granted unless the order-issuing authority is convinced such mode of travel is clearly more cost effective to the government than travel by government conveyance or public carrier.

(3) When authorization is granted for travel by POC, travel time will be calculated under procedures set forth in reference (a), chapters 4 and 5. In the absence of such authorization or approval, no more than 1 day travel time will be allowed for each leg of travel to, from, or between TAD stations.

(4) Except as provided for in MILPERSMAN 1320-080, permissive TAD authorizations involving official government business are improper. If official government business is involved, the travel must be funded and travel time is authorized.

MILPERSMAN 1320-110

TRAVEL TIME IN CONJUNCTION WITH CALL TO OR RELEASE FROM ACTIVE DUTY

Responsible Office	NAVPERSCOM (PERS-454)	Phone:	DSN 882-4179 COM (901) 874-4179 FAX 882-2693
	CNO (N13)		DSN 225-3322 COM (703) 695-3322 FAX 225-3311

Governing Directives	DOD 7000.14-R, Financial Management Regulation (DODFMR), Volume 7A, Chapter 2 Joint Federal Travel Regulations (JFTR), Volume I, Chapter 4, Part C
---------------------------------	---

1. What This Article Addresses

a. This article addresses computation of travel time for travel days and travel allowance purposes only.

b. For computation of travel time for pay purposes refer to DOD 7000.14-R, chapter 2, para. 0205.

2. Determining Travel Time When Ordered To Active Duty. Use the rules in table below to determine the travel time when a member is ordered to active duty:

WHEN...	THEN...	AND...
a member is ordered to active duty for a period of less than 90 days,	travel by privately owned conveyance (POC) may not be specifically authorized in the orders to active duty,	travel time computation will be per JFTR, volume I, chapter 4, part D.
a member is ordered to active duty for a period of 90 days or more,	travel by POC may be specifically authorized in the orders to active duty.	
in such cases, the member actually uses a POC,	allowed travel time shall be based on 1 day for each 350 miles of the official distance of the ordered travel,	1 additional day is allowed for any distance in excess of multiples of 350 miles provided the excess is 51 miles or more.
the total official distance is 400 miles or less,	1 day's travel time will be allowed.	
computing travel time, if the orders do not contain an hour for reporting,	the required reporting date will be charged as a day of travel.	
a date and hour for reporting are included in the orders,	consideration will be given to the amount of travel that can be performed on the day of reporting.	
a member has been ordered to active duty for a period of 90 days or more,	travel by POC may also be specifically authorized in the orders releasing the member from active duty.	
in such cases, the member actually uses a POC,	allowed travel time shall be based on 1 day for each 350 miles,	an additional day allowed for any distance in excess of multiples of 350 miles provided the excess is 51 miles or more.

3. **POC Travel Not Authorized.** Use the rules below when travel by POC is not specifically authorized:

WHEN travel by POC is not specifically authorized in the orders from...	THEN travel time will be computed in the following manner.
home to first duty station,	Using the latest schedules for the mode of transportation actually used, compute travel time based on an actual schedule, which would permit arrival at the duty station on the reporting date. If travel is performed by POC without it having been authorized, compute travel time in the same manner using the latest schedules for public surface transportation.
last duty station to home of record,	Using the latest schedules for public surface transportation, compute travel time based on an actual schedule which most nearly coincides with the departure date and time. This is without regard to the actual performance or mode of travel.

NOTE: The above is not applicable upon release from active duty incident to retirement or transfer to the Fleet Reserve.

1. **Policy.** Orders for transfer of officers and enlisted patients between naval hospitals, or between a naval hospital and an Armed Forces medical facility of another service, are generally issued by the commanding officer (CO) of the naval hospital from which travel begins, after the transferring naval hospital has received prior approval under procedures set forth in references (a) and (b).

2. **Temporary Additional Duty (TEMADD) Orders.** TEMADD orders for officer and enlisted attendants should be issued by the CO of the naval hospital from which travel begins.

3. **Processing of Patients.** To expedite processing of officer and enlisted patients the service, health, and pay records should accompany the member upon transfer as specified in MILPERSMAN 1070-120.

Reference(s)	(a) OPNAVINST 1000.23C (b) BUPERSINST 1610.10C
--------------	---

1. Policy

a. Officers reporting for duty in obedience to orders shall comply with Navy regulations regarding presentation and endorsement of orders. Definitions of terms and other procedures for processing officers' orders are contained in MILPERSMAN 1320-306 and 1320-308. Detaching and reporting endorsement procedures are found in MILPERSMAN 1320-310.

b. Enlisted personnel reporting for duty in obedience to orders are controlled ordinarily by travel and time schedules prepared in advance by the transferring activity, depending on the method of transportation specified in the orders. When travel is involved under orders and a definite travel schedule has not been provided, travel time in addition to proceed time is allowed under applicable directives. Definition of terms and other procedures for processing enlisted personnel orders are contained in MILPERSMAN 1320-306 and 1320-308. Detaching and reporting endorsement procedures are found in MILPERSMAN 1320-310.

2. Review of Orders upon Arrival

a. Each command to which a member reports for temporary duty (TDY) shall review the orders upon reporting, including endorsements on orders, to determine whether the member arrived prior to the time required to commence the TDY directed by the orders.

b. If the member arrives prior to the "report not earlier than" date specified in the orders because all or part of the leave granted in the orders was not used, the member shall be given the option of either remaining in a leave status until the required reporting date, or of terminating leave status and reporting on the date of arrival with the understanding that per diem will not commence until the date required to commence the TDY directed by the orders. If the member elects to report on the day of arrival with the understanding that per diem will commence at a later date, the orders shall be endorsed essentially as follows:

"Reported this date. You are not required to commence the TDY directed by your orders until (date); therefore, per MILPERSMAN 1320-140 and JFTR Vol 1, your per diem entitlement commences on that date."

c. If early commencement is determined at the TDY station to be in the best interest of the Government, the orders shall be so endorsed and the per diem entitlement commencement date specified, citing this article as authority.

d. The member's CO or specified senior naval command will perform all administrative functions necessary to support reporting personnel (see "Administrative Commander Responsibilities" below).

3. Contents of Orders

a. To facilitate adjustment of travel reimbursements, all orders to personnel or endorsements thereon shall clearly indicate the time, date, and place of detachment, embarkation, entry, or reporting as may be appropriate; except where, with the knowledge of the command preparing orders or endorsements, such information will disclose a classified location.

b. Members' orders will identify the Pay and Personnel Administrative Support System (PASS) office responsible for "personnel accounting support." The PASS office will perform all functions specified in reference (a).

4. Administrative Commander Responsibilities. The activity to which a member is directed to "report if present, otherwise by message, for administrative purposes" is responsible for performing all functions necessary to support reporting personnel. Normally, the activity to which a member reports for

duty will also be his or her administrative command. However, when orders direct the member to report to a detachment or component of a naval command for duty, the orders will direct the member to report to the parent command for administrative purposes. When a member is assigned to a permanent duty station where there is no naval administrative command (e.g., joint or unified commands, civilian universities or laboratories, other Government agencies, and foreign Governments) the orders will direct the member to report to the nearest senior naval command for administrative purposes. The administrative commander's responsibilities include, but are not limited to, one or more of the following:

a. Keeping electronic service and pay records, processing permanent change of station (PCS) orders, and leave accounting. (For administrative commands supported by PASS for either personnel, pay, or both; the above functions (as appropriate) will be performed by the supporting personnel support detachment (PERSUPP DET) per reference (a)).

b. Preparing and keeping necessary reports and forms on the member complete and current. (For administrative commands supported by PASS, the servicing PERSUPP DET will prepare and keep certain reports and forms per reference (a)).

c. Personnel accounting (unless otherwise specified in the orders).

d. Submitting NAVPERS 1610/2, Fitness Report and Counseling Record and NAVPERS 1616/26, Evaluation Report and Counseling Record (E1-E6) per reference (b).

e. Performance and military discipline functions (as applicable).

f. Providing funding for TDY travel (e.g., emergency leave, hospitalization) and preparing TDY travel orders.

g. Providing a means of official communication in matters of a uni-services nature.

References	(a) NAVMED P-117, Manual of the Medical Department
-------------------	--

1. **Policy**. Officers and enlisted members assigned to duty as firefighting instructors will be medically examined under physical qualification standards and physical examination requirements set forth in reference (a). Such examination will be conducted prior to the commencement of duties that expose the member to toxic fumes or inhalation of smoke or to the possibility of such exposure, and at least annually thereafter while assigned to firefighting instructor positions. The time interval for local rotation of firefighting instructors between duties involving exposure and nonexposure to smoke within a school or training center is to be determined by the commanding officer or the officer in charge and upon the recommendation of the medical officer or senior medical department representative.

	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) Joint Federal Travel Regulations (JFTR)
------------	---

1. **Temporary Duty (TEM DU)**. TEMDU is duty at one or more locations, other than the permanent duty station (PDS), under orders which do not provide, at least initially, for return to the starting point.
2. **Temporary Additional Duty (TEMADD)**. TEMADD, which is a type of temporary duty, involves one journey away from the Service member's PDS in the performance of prescribed duties at one or more places with return to the starting point directed upon completion.

3. **Determining Temporary Duty Status.** Use the following table to determine the temporary duty status of a Service member:

WHEN a member is initially ordered to attend a course or courses of instruction at one school or installation of...	AND...	THEN the member...	AND...	AND see...
less than 20 weeks,	is uninterrupted by TEMDU/TEMADD elsewhere,	is considered to be on temporary duty under instruction/temporary additional duty under instruction (TEMDUINS/TEMADDINS) for entitlement purposes.		
20 weeks or more,	is uninterrupted by TEMDU elsewhere,	is in a duty under instruction (DUINS) status,	the location of the school(s) is the member's PDS.	
less than 20 weeks,	whose orders are amended with additional course(s) at the same school or location,	transitions from TEMDUINS/TEMADDINS to permanent DUINS,	the time remaining on the initial period of TEMDUINS/TEMADDINS, plus the additional weeks in the order modification, generate no entitlement to per diem,	reference (a), Chapter 2, Part B.

4. **Determining Status and Duration of TEMDU/TEMADD Assignments.**

Use the rules in the table below in determining TEMDU/TEMADD assignment status, duration, and approval authority:

WHEN...	THEN...	AND see...
TEM DU/TEMADD assignments are at one location/temporary duty station,	they will normally be limited to periods not in excess of 180 days.	
TEM DU/TEMADD periods are made up entirely of a course or courses of instruction,	they are described in the table above, labeled "Determining Temporary Duty Status."	
TEM DU/TEMADD periods, containing a course or courses of instruction of less than 20 weeks at one location, are combined with other TEM DU/TEMADD not involving courses of instruction at that same location,	they are covered by this table.	
a period of TEM DU/TEMADD is at one location not involving a course or courses of instruction,	is also covered by this table.	
issuing TEMADD orders of about 180 days,	the commands must determine if the contemplated period of TEMADD is 181 days or more.	
the period of TEMADD is reasonably foreseen to be 181 days or more,	permission must be obtained from Deputy Chief of Naval Operations (DCNO) Manpower, Personnel, Training and Education (MPTE) (N1)	Reference (a), Chapter 2, Part B.
periods of TEMADD, initially foreseen as lasting 180 or fewer days on one location, require extension to a total period of more than 9 months,	the periods must be checked by Office of the Chief of Naval Operations (OPNAV), Military Pay and Compensation Branch (N130C).	

the contemplated TEMADD period exceeds 180 days,	the consecutive sets of orders for just under 6 months will not be issued without permission from Navy Personnel Command (NAVPERSCOM) (PERS-454C).	
--	--	--

5. Using Government Mess and Quarters during TEMDU/TEMADD.

Use the rules in the table below to determine Service member's requirements associated with the availability and use of Government mess and quarters while in TEMDU/TEMADD status:

WHEN...	THEN...	AND...	AND see...
a member is ordered on TEMDU/TEMADD,	per diem is payable to the member based on the Lodgings-Plus system,		Reference (a), Chapter 4
the Lodgings-Plus system is used,	the payment of the actual expense for lodging, up to a locality based ceiling, plus a fixed amount for meals and incidental expenses is allowed.		
the orders do not include one of the circumstances listed in reference (a)	Government quarters and Government dining facility/mess will be used by members to the maximum extent possible,	a non-availability endorsement or control number must be obtained to be paid for non-usage of Government quarters,	Reference (a).
a member, who has previously received a non-availability of Government quarters control number incident to a particular period of TEMDU/TEMADD,	the member cannot be required to re-check later for Government quarters availability at the TEMDU/TEMADD site.		

WHEN...	THEN...	AND...	AND SEE...
<p>the member does not have</p> <ul style="list-style-type: none"> • a non-availability control number, • a bachelor officer quarters/ bachelor enlisted quarters (BOQ/BEQ) non-availability endorsement, or • authority/ approval to mess separately under one of the circumstances listed in reference (a), para. U4400, 	<p>reimbursement for commercial lodging is not authorized.</p>		
<p>Navy facilities are not available, and adequate BOQ/BEQ facilities of Department of Defense components are available,</p>	<p>the member should use those facilities if they are co-located on the U.S. Installation to which assigned for temporary duty.</p>		
<p>Government quarters are available, a Government dining facility/mess, (e.g., galley) is available and its use is directed in the orders,</p>	<p>per diem is paid at the Government Meal Rate (GMR), unless the member's certification that official duty precluded use of Government meals is accepted by the Order Issuing Authority,</p>	<p>then the Proportional Meal Rate (PMR) or the Locality Meal Rate (LMR) is paid as determined to be appropriate by the Order Issuing Authority.</p>	<p>Reference (a), Chapter 4.</p>

WHEN...	THEN...	AND...	AND SEE...
Government quarters are available, Government mess is directed on orders and not available for all three meals, but is available for one or two meals,	the PMR or LMR is paid as determined to be appropriate by the Order Issuing Authority.		
Government quarters are available, but a Government mess is not available or its use is not directed in orders,	the LMR is paid.		
Government quarters are not available,	the LMR is paid.		
GMR is directed on the orders,	if the member is traveling, the GMR is not in effect on any day the member is traveling. The locality meals and incidental expenses (M&IE) Rate is paid,	75% of the LMR is paid on the first and last day of travel.	
a Service member is ordered to attend a formal course of instruction,	the orders must authorize the "schoolhouse commander" to determine the appropriate meal rate,	if the meal rate is available to the Order Issuing Authority, the appropriate meal rate should be noted in the orders.

PERMISSIVE TEMPORARY DUTY (PTDY) FOR HOUSE HUNTING

Responsible Office	OPNAV (N130)	Phone:	DSN	664-5476
			COM	(703) 604-5476
		E-mail:		NXAG N130C@navy.mil

MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	askmncc.fct@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) DoD Instruction 1327.06 of 16 June 2009
	(b) Joint Travel Regulations
	(c) OPNAVINST 4650.17A
	(d) DoD Instruction 4515.13 of 22 January 2016

1. **Purpose.** The intent of house hunting permissive temporary duty (PTDY) authorization, as stated in reference (a), is to permit Service members time away from their present permanent duty station (PDS) geographical area to establish housing:

a. Within the area of the new PDS.

b. At a designated place, when movement of dependents to a designated place is authorized under reference (b), paragraph 050814-D.

2. **General Policy.** Commanding officers (COs) are authorized to issue PTDY orders for the purpose of house hunting upon receipt of permanent change of station (PCS) orders.

a. PTDY may be authorized for up to 5 normal work days prior to execution of a PCS move. The 5 normal work days can be any work days prior to checking out from the command as long as PCS orders have been issued.

b. PTDY may be authorized after reporting to the gaining command when government quarters are not immediately available or, if available, are not required to be occupied at the gaining command.

c. This PTDY period may be extended to a total of 10 calendar days, when combined with weekends, holidays, and liberty.

3. **Eligibility.** Service members eligible for PTDY under this article are those receiving PCS orders and are authorized to occupy non-government quarters at their new PDS or are assigned to:

a. Unusually arduous sea duty (reference (c)).

b. Unaccompanied tours overseas, who wish to relocate their families to a designated place within the continental United States (CONUS), or an approved designated place outside CONUS under reference (b), paragraph 050814.D.

c. A vessel, a ship-based staff, or an afloat-based mobile unit which has a change of homeport.

d. A shore-based mobile unit which has a change of PDS location.

4. **Specific Policy**

a. Normally, one house hunting PTDY is authorized per PCS move. The CO of CONUS activities, afloat units, ship-based staffs, and mobile units when in CONUS, may authorize an additional house hunting authorization in CONUS.

b. When two house hunting periods are authorized, a total of 10 calendar days, consisting of 5 normal workdays combined with weekends, holidays, and liberty, will not be exceeded for both PTDY periods.

c. PTDY may not be combined with PCS funded, or temporary duty (TDY) travel, except as detailed in paragraph 5 below.

5. **Combining Funded TDY and PTDY.** If authorized by the CO, a Service member in receipt of PCS orders may combine unit-funded TDY orders and house hunting PTDY. When this occurs the following applies:

a. Any transoceanic or international portion of the journey must be performed under the unit-funded TDY orders.

b. Permissive travel may be taken before or after arrival at the unit-funded TDY site.

c. Unit-funded TDY orders will not be issued solely to fund transoceanic or international portion of the journey of house hunting trip.

d. Overseas Service member must return to the old PDS upon completion of unit funded TDY orders/house hunting PTDY prior to execution of the PCS orders.

e. While executing PTDY from the unit funded TDY site, any additional costs incurred, other than transportation for return from the unit funded TDY site to the old PDS, are the responsibility of the member.

f. If a member is unable to utilize PTDY at the old PDS, or member's orders are modified to change the ultimate PDS, member may be authorized by an intermediate temporary duty station CO to take house hunting PTDY. The member must execute the PTDY at no cost to Bureau of Naval Personnel or the intermediate duty station, and must return to the intermediate duty station prior to resuming execution of the PCS orders. The member will not be authorized travel allowances for intermediate duty stations while conducting house hunting PTDY.

6. **Overseas Travel Policy**

a. Reference (d) allows an overseas Service member and dependents to travel with the member utilizing space available, category III, when PTDY is granted for the sole purpose of house hunting incident to a pending PCS.

b. In no case may the dependent travel at government expense with the overseas Service member, who is traveling under combined funded official TDY orders and house hunting PTDY.

c. Funded TDY orders, written to provide a house hunting PTDY trip for an overseas Service member, must always:

(1) specify the exact dates of funded TDY and permissive TDY periods authorized and

(2) also contain the clause specified in the "Funded TDY Order Clause" paragraph below.

7. **Funded TDY Order Clause**

"This permissive TDY (PTDY) authorization, combined with funded TDY orders, is issued with the understanding you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses incurred in execution of the PTDY period authorized while away from the funded TDY site. You are entitled to travel and transportation allowances per Joint Travel Regulations, between the old PDS and funded TDY site and return to old PDS.

If you do not desire to bear the expenses personally incurred during the PTDY portion authorized, you may choose not to execute the PTDY portion of these orders."

8. **PTDY and Leave**. PTDY may be combined with leave.

9. **Change in New PDS**. If the new PDS is changed after the member's house hunting PTDY, an additional PTDY period may be authorized at the discretion of the transferring, intermediate, or receiving command. The PTDY period may not be taken between PDS or TDY commands.

10. **Travel and Transportation Cost Policy**. All travel and transportation costs associated with the house hunting PTDY must be borne by the Service member.

a. PTDY authorizations must indicate the member is not entitled to reimbursement for any associated costs.

b. Time spent awaiting government transportation, following the authorized TDY period, is chargeable as leave.

c. If government transportation is unavailable, Service members must travel at their own expense and must return to the command by the expiration of the authorized TDY and leave period.

11. **PTDY Policy at New PDS**. Authorizations for house hunting PTDY will not be permitted as part of funded official orders, except as described in the "Policy Exception" paragraph above.

a. PTDY for house hunting is not authorized between either PDS or intermediate duty stations during the Service member's execution of PCS orders. (Per subparagraph 5f of this article, the member must return to the intermediate duty station prior to resuming execution of the PCS orders).

b. If the Service member does not perform the house hunting PTDY prior to reporting to the new PDS, the house hunting PTDY period may be authorized by the CO of the new PDS up to 90 days after the Service member reports for duty. This period may be extended if the member is TDY away from the PDS or the member's command is deployed during the 90 days after the member reported to the PDS.

c. The CO at the new PDS may authorize special liberty for the purpose of locating quarters, per [MILPERSMAN 1050-290](#), in lieu of a house hunting PTDY authorization.

12. Members Not Eligible for PTDY

a. For purposes of this article, PTDY for house hunting is **not** authorized for Service members who are:

(1)	New accessions to active duty. This applies to Sailors who have not reported to their first PDS. See reference (b), appendix A, for definition of PDS.
(2)	Being voluntarily released from active duty.
(3)	Retiring. (NOTE: Retiring and involuntary separation members may be authorized PTDY for house/job hunting.) See MILPERSMAN 1320-220 .
(4)	Being voluntarily released from active duty after participating in the Skillbridge Program. See (3) above for members retiring or separating involuntarily after Skillbridge.
(5)	Receiving PCS orders to continue medical treatment.
(6)	Transferred overseas-to-overseas, when dependents must vacate government quarters, but remain at or in the vicinity of the former overseas PDS.
(7)	Required to occupy government quarters at their new PDS.
(8)	Transferred within the local area as defined by the following criteria: (a) both the old and the new PDSs are located within the corporate limits of the same city or town, and or (b) the Service member will continue to commute between the current residence and the new PDS, and or (c) the CO determines the home and the new PDS are located within reasonable commuting distance of each other and the duty involved does not require the member to relocate.
(9)	Have already established housing in the new PDS geographical area.

(10)	Relocating dependents, presently located within the old PDS geographical area, to another location within the old PDS geographical area.
------	--

b. **Definition of "Geographical Area"**. For the purpose of this article, a PDS **geographical area** is the corporate limits of a city or town where the PDS is located and ordinarily serviced by the same local transportation system, where Service members could reasonably commute daily from home to a PDS.

------------	---

1. **Purpose**. The intent of permissive temporary duty (PTDY) is to authorize servicemembers time away from their assigned duties to assist with transition activities such as job and house hunting. This article replaces NAVADMIN 109/92, NAVADMIN 123/93, and NAVADMIN 078/95. This article defines eligibility to use PTDY, the length of PTDY, and travel and limitations for members and their dependents performing PTDY.

2. **General Policy**. Reference (a) provides commanding officers (COs) authority to grant PTDY for transition assistance job/house hunting for members involuntarily separated from service under honorable conditions and those retiring (including transfer to the fleet reserve and disability retirements). The Secretary of Defense (SECDEF) has indefinitely extended the authority for the military services to authorize PTDY for members being involuntarily separated or retiring.

a. Servicemembers separating at the end of a normal term of service (end of active obligated service (EAOS)) are not involuntarily separating and are ineligible for PTDY.

b. Servicemembers separating prior to EAOS, due to high year tenure (HYT) are considered to be separating involuntarily and are eligible for PTDY.

c. COs should be consistent in approval and disapproval of PTDY requests based on each member's satisfaction of the eligibility criteria and the command's operational requirements.

d. PTDY is to be used for bona fide job search/house hunting travel and is not to be used as a form of non-chargeable leave. As with annual leave, members who meet the criteria for PTDY are eligible, but are not **entitled**, to PTDY if the CO determines that operational requirements preclude approval of PTDY.

e. Approval of PTDY and monitoring of the PTDY program is the responsibility of the authorizing command.

3. **Eligibility**

a. **Involuntary Discharge or Release.** Members who are discharged or released involuntarily from active duty under honorable conditions.

b. **Retirees.** All retirees (including members transferring to Fleet Reserve and disability retirements).

c. **Discharge for Medical Reasons.** Members discharged for medical reasons may be eligible upon receipt of separation orders or authorization to be involuntarily separated; however, board findings that recommend discharge are not sufficient reason to authorize PTDY. Such members must

(1) have the CO's authorization for PTDY.

(2) have separation orders issued to the member.

(3) be authorized PTDY that will be completed prior to separation date.

(4) not be provided adjustments in separation dates to increase opportunity to utilize PTDY.

d. **Temporary and Permanent Disability Retired List (TDRL/PDRL).** PTDY for TDRL and PDRL is authorized per reference (b), chapters 4 and 7.

e. **Reservists**

(1) Reservists being involuntarily separated under honorable conditions must be on full-time active duty for the purpose of organizing, administering, recruiting, instructing, or training the Reserve Components (Full Time Support (FTS)).

(2) FTS retirees:

(a) Must be serving on active duty; **and**

(b) must have accumulated 20 years actual active duty time, or

(c) must be retired to the TDRL or PDRL.

f. **Mobilized or Extended Reservists.** Mobilized reservists or reservists on extended Active Duty for Special Work (ADSW) are not authorized PTDY unless member is transferred to the Fleet Reserve or TDRL/PDRL with 20 years of active service from mobilization, Medical Hold, or ADSW.

4. **Time Limits**

a. Members stationed **in the continental United States (CONUS)** may receive up to a total of 10 or 20 days transition PTDY depending on whether they are being

(1) **involuntarily separated** (10 days) per reference (a), paras. 6c(10) and 6c(11). Up to an additional 30 days accrued leave may be authorized per reference (a), para. 6c(11). The member may be authorized 30 days excess leave without 10 days PTDY.

(2) **retired** (20 days). The excess leave option is not available for retirees.

b. Members stationed **outside of the continental United States (OCONUS)** may receive an additional 10 days PTDY depending on whether a round trip will be made or not (up to 20 days involuntary separation and up to 30 days for retirement).

Note: The additional 10 days are to allow round trip travel to/from overseas locations and still provide adequate time for job/house hunting. Member may select a separation activity nearest to the location where the member intends to reside permanently. This separation activity is the member's transition station. The member's transfer and transportation entitlement shall not exceed those delineated in reference (c).

c. CONUS members who have legal domiciles OCONUS and plan to return to the OCONUS state or territory after involuntary separation or retirement may be authorized up to a total of 30 days transition PTDY to the state, territory, possession, or country of their domicile. Domicile is defined as a member's

- home of record,
- place from which called or ordered to active duty,
- place of first enlistment, or
- place of permanent legal residence.

Note: CONUS members who do not intend to return to their OCONUS domicile after involuntary separation or retirement may only receive a maximum of 20 days transition PTDY authorization.

5. Use of PTDY

a. The period of PTDY (10, 20, or 30 days) that may be authorized includes weekends and holidays.

b. PTDY may be taken in increments, as long as the total number of days does not exceed

- 10 days (involuntary separation), **or**
- 20 days for retirement in **CONUS**, as applicable;

or if OCONUS,

- 20 days (involuntary separation), **or**
- 30 days (retirement) for those who must make round trips to CONUS for PTDY activities.

c. PTDY may not be combined with liberty weekends, special liberty, or holidays, to extend the period of actual job/house hunting activities beyond the 10-, 20-, or 30-day authorization.

d. PTDY may be taken in conjunction with chargeable leave at no cost to the government.

e. PTDY authorizations must indicate the member is not entitled to reimbursement, by inserting the below clause:

"This permissive travel authorization is issued with the understanding that you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses in connection with its execution. If you do not desire to bear these expenses personally, you may choose not to execute this permissive travel authorization and it will be considered cancelled."

f. PTDY may be taken in conjunction with government funded temporary additional duty (TAD) travel, provided the travel is conducted under the funded TAD orders:

(1) PTDY may be taken before or after arrival at the funded TAD site.

(2) Funded TAD orders must specify exact dates of funded TAD and PTDY periods authorized.

(3) Orders must contain the following clause:

"This permissive temporary duty (PTDY) authorization combined with funded temporary additional duty (TAD) orders is issued with the understanding that you will not be entitled to reimbursement for any travels, transportation, per diem, or miscellaneous expenses incurred in execution of the PTDY period while away from the funded TAD site. You are entitled to travel and transportation allowances per Joint Federal Travel Regulations (JFTR), Volume I, paragraph U3200, between the permanent duty station (PDS) and funded TAD site and return to the PDS."

g. PTDY may be taken in conjunction with terminal leave immediately upon completion of all separation processing.

6. Travel Eligibility during PTDY

a. Members are authorized use of space available military travel.

(1) Time spent awaiting government transportation that exceeds the authorized PTDY period is chargeable as leave.

(2) Members remain responsible to return to the command at personal expense if government transportation is unavailable for the return travel.

b. Members in receipt of involuntary separation or retirement orders may combine PTDY and terminal leave with separation/retirement funded travel.

(1) The separation/retirement portion of the journey is funded to the separation activity.

(2) The PTDY portion is performed after the processing at the applicable separation activity.

(3) Funded separation/retirement orders that provide for PTDY must specify the exact dates of the PTDY and the funded separation/retirement travel, and contain the following clause:

"This transition permissive temporary duty (PTDY) authorization combined with funded separation/retirement orders is issued with the understanding that you will not be entitled to reimbursement for any travel, transportation, per diem, or miscellaneous expenses incurred in the execution of the PTDY period. You are entitled to travel and transportation allowances per Joint Federal Travel Regulations (JFTR), Volume I, Chapter 5, between the old PDS and home of record/home of selection. If you do not desire to bear these expenses personally incurred during the transition PTDY period authorized, you may choose not to execute the PTDY portion of these orders."

c. OCONUS command sponsored dependents may travel on space-available government air for one round trip between the overseas port of embarkation and the first CONUS port of entry. Command sponsored dependents may elect to take the one-time round trip either with the sponsor or in an unaccompanied status.

d. PTDY space-available travel is not authorized for dependents in CONUS.

---------------------	--

1. **Policy.** Orders for naval personnel are issued and approved by Commander, Navy Personnel Command (COMNAVPERSCOM), or commands authorized by COMNAVPERSCOM. Only COMNAVPERSCOM can delegate authority to field commands to issue orders and such authority is limited to specific types of orders. Orders are classified into standard accounting category codes (ACCs) according to the types of orders (Exhibit 1 refers). Other MILPERSMAN articles pertaining to types of orders and associated procedures follow:

Note: An order must not be revoked or modified retroactively to create/deny/change an allowance.

Permanent Change of Station (PCS) Orders to Ships under Construction at Civilian Shipbuilding Companies or Yards	1320-320
Change of Homeport or Permanent Duty Station (PDS) of a Vessel, Ship-Based Squadron or Staff, or Mobile Unit	1320-322
Permanent Change of Station (PCS) Procedures for Forward Deployed Commands of the Military Sealift Command	1320-324
Personnel Support Function for NATO Southern Region	1320-326

2. **Travel Order** - A document issued and approved by the secretarial process directing travel to, from, and between designated points; and serving as the basis for reimbursement by the Government of official travel, transportation, and reimbursable expenses.

3. **Types of Orders**

a. Change of duty orders detach members from one duty station and assign them to another station. The type of duty from which members are detached or assigned may be either permanent or temporary. The different types of orders are as follows:

- (1) Permanent change of station (PCS) orders;
- (2) Permanent change of activity (PCA) orders;
- (3) TEMDU travel orders;
- (4) TEMDU programmed school input (PSI) orders;
- (5) Active duty for special work (ADSW) orders;
- (6) PCS status for training courses of 20 weeks or more;
- (7) TEMDU under instruction - less than 140 days (20 weeks);

(8) TEMDU during training delays;

(9) TEMDU under treatment (extended outpatient treatment (60 days or less)); and

(10) TEMDU under treatment (extended inpatient/outpatient treatment (greater than 180 days)).

4. **PCS Orders**. The assignment, detail, or transfer of a member or unit to a different PDS under a competent travel order that does not specify the duty as temporary, provide for further assignment to a new PDS, or direct return to the old PDS. A PDS is the post of duty/official station of a member, including a ship. The homeport of a ship or of a ship-based staff to which a member is assigned or attached for duty (other than TEMDU) is the PDS for dependents' transportation, and transportation of household goods (HHG), mobile homes, and/or privately owned vehicles, continental United States (CONUS) cost of living allowance (COLA), geography-based station allowances, and overseas housing allowances.

a. **PCS orders include the following:**

(1) Change in homeport of a vessel, afloat staff, or mobile unit.

(2) Change in PDS of shore based command.

(3) Change from home or place from which called or ordered to active duty to the first PDS.

(4) Change from last PDS to home.

(5) Assignment to course(s) of instruction at one PDS for 20 weeks or more (see reference (a), paragraph 2230-B(4) and 2240-B).

b. **Dislocation Allowance**. For the purpose of dislocation allowance, PCS orders include the following:

(1) Relocation of a household due to military necessity or Government convenience within the corporate limits of the same city or town in connection with a transfer between activities.

(2) Change in homeport of a vessel, afloat staff, or mobile unit.

(3) Change in PDS of shore based command.

(4) Assignment to a course(s) of instruction at one PDS for 20 weeks or more (see reference (a), paragraph 2230-B(4) and 2240-B).

c. **Cost or Low Cost.** PCS orders may be either cost or low cost moves.

(1) A cost PCS move is considered a change of PDS for which the PCS costs exceed \$1000. This type of move **always** requires the follow-on assignment of full DoD or SECNAV prescribed tour length (as applicable).

(2) A low cost PCS move is any change of PDS for which the **PCS** costs **do not** exceed \$1000.

d. **North Atlantic Treaty Organization (NATO) Supplemental Travel Orders.** Per agreements of NATO member nations, supplemental travel orders will be prepared by the Personnel Support Activity Detachment (PERSUPP DET) or detaching command and attached to each order requiring travel to, from, or within a NATO nation. Refer to the Foreign Clearance Guide for further guidance on NATO travel orders: <https://www.fcg.pentagon.mil/fcg.cfm>

(1) The agreements require the following:

(a) The NATO order to be written in both English and French.

(b) Couriers in possession of a NATO travel order, which shows the number of dispatches carried and certifies they contain official documents.

(2) When there is a requirement for frequent passage from one NATO country to another, the NATO travel order may be issued to individuals to cover a period not to exceed 1 year from the date of issue.

5. **Permanent Change of Activity (PCA) Orders.** PCAs are any no-cost (zero cost) assignment, detail, or transfer of a member from one UIC to another UIC within the same PDS (e.g., a reassignment from the Chief of Naval Personnel support to the Pentagon (Arlington)).

6. TEMDU Travel Orders

a. TEMDU orders temporarily assign a member, in addition to present duties, **for periods not in excess of 180 consecutive days**. Upon completion of the TEMDU assignment, the member is directed to resume regular duty.

b. NAVPERS 1320/16 Temporary Additional Duty Travel Orders will be used for TEMDU. Navy order-writing activities will refrain from using DD 1610 Request and Authorization for TEMDU Travel of DOD Personnel when issuing TEMDU orders. Use of other than NAVPERS 1320/16 is only authorized for Navy personnel assigned to a branch of the Uniformed Services, other than Navy, in a "FOR DUTY" status. When mission objectives/unusual circumstances require TEMDU at one location for more than 180 consecutive days, the appropriate authority must determine if TEMDU of greater than 180 days is appropriate. The appropriate authority for authorizing/approving TEMDU assignments in excess of 180 consecutive days at any one location is:

(1) The secretary concerned (Secretary of the Navy);

(2) The chief of an appropriate bureau/staff agency specifically designated for that purpose (Chief of Naval Personnel); or

(3) Commander/deputy commander of a combatant command.

7. PCS Status for Training Courses of 20 Weeks or More.

Personnel are ordered to training as a PCS. Training location is considered the member's permanent duty station. Sometimes unforeseen delays will extend a scheduled course beyond the detachment date indicated on the member's orders. The training command's CO is responsible for immediately notifying Navy Personnel Command (NAVPERSCOM) of the circumstances causing the delay.

8. TEMDU Under Instruction Less Than 140 Days (20 weeks).

Orders, including a school or installation scheduled en route for **less than 20 weeks**, constitute a temporary assignment. Personnel are ordered to these sites in a TEMDU status en route to a PDS. Sometimes unforeseen delays will extend a scheduled course beyond 20 weeks. The training command's CO is responsible for immediately notifying Navy Personnel Command (NAVPERSCOM) of the circumstances causing the delay of the member completing the TEMDU assignment. These delays include leave, hospitalization, unfavorable weather conditions in

courses involving flying, etc. The possibility that unforeseen delays might extend a scheduled temporary assignment beyond 20 weeks does not change the fact the orders, based upon the scheduled length of the course, constitute a temporary assignment.

a. Some TEMDU orders must be modified by NAVPERSCOM to extend the present period of TEMDU, or to change the member's status from TEMDU less than 20 weeks to greater than 20 weeks. This should not be used as a means to avoid ordering the member to TEMDU greater than 20 weeks when the originally anticipated TEMDU period is in excess of 20 weeks.

b. When it is determined the member will require additional course(s) or be unable to complete the currently scheduled course(s) of instruction, NAVPERSCOM may issue an order modification for the following:

(1) Extend the present period of TEMDU, if the remaining duration does not exceed a 20-week period (i.e., the period remaining from the date the orders are modified, plus the additional scheduled course(s) is less than 20 weeks); or

(2) Change the status to TEMDU greater than 20 weeks, if the remaining duration exceeds a 20-week period (i.e., the period remaining from the date when the orders are modified, plus the additional scheduled course(s) exceeds 20 weeks).

c. When a member is going to remain beyond the assigned period of TEMDU, the training activity must contact the applicable detailer to modify the orders. The training command's CO must notify NAVPERSCOM of the circumstances which will cause the member to remain beyond the assigned period. NAVPERSCOM will (by a modification to the orders) either approve the period the member may remain beyond the authorized period, or change the status of the member from TEMDU less than 20 weeks to greater than 20 weeks when the remaining duration exceeds 20 weeks.

d. When a member has remained beyond 20 weeks without a NAVPERSCOM modification, the training command's CO must notify NAVPERSCOM of the circumstances which caused the member to remain beyond 20 weeks. NAVPERSCOM will then issue a modification to reconstruct the member's orders to reflect TEMDU status, effective on the date the member passed the 20-week period. Once the member has completed 20 weeks at one location

without a modification to orders, that location becomes the member's PDS.

e. Entitlement to appropriate temporary allowances is based upon the intent of the orders as originally written; however, temporary allowances are no longer payable after receipt of an order modification to TEMDU greater than 20 weeks, as this constitutes a PCS.

f. Conservation of TEMDU funds is a primary factor in rotation plans and policies. To the maximum extent possible, training will be co-located with either the old or new PDS.

g. A combination of different TEMDU assignments (ACC codes) within the same PDS cannot violate the 180 TEMDU time limit restriction referenced in paragraph 6 and reference (a).

9. **TEMDU Programmed School Input (PSI) Orders.** Members who will begin entry-level training within 90 days of enlistment will be assigned TEMDU (ACC 150) prior to the training. Members who will not commence entry-level training within 90 days of enlistment will be assigned by Navy Personnel Command as follows:

a. Any member whose TEMDU assignment prior to entry-level training would not result in entitlement to per diem, may continue to be assigned TEMDU (ACC 150).

b. Any member whose TEMDU assignment prior to entry-level training would result in entitlement to per diem, will be assigned PCS (ACC 108) for that assignment.

10. **Active Duty Special Work (ADSW) Orders.** ADSW orders assign Inactive Reserve or USN/USNR-RET members from home to ADSW for a limited or specified period of time, and direct (upon completion) release to inactive duty at which time member returns home. ADSW orders may be written as TEMDU or PCS per reference (a) 10428.

11. **TEMDU During Training Delays in Conjunction with PCS Orders (enlisted only).** Enlisted members who will have breaks of greater than 10 days and less than 90 days between courses of instruction during BUPERS directed PCS transfers, may be assigned TEMDU due to delay (ACC 353) as follows:

a. Assignment will be to the ultimate PDS (whenever possible) for breaks between courses of instruction.

b. The follow-on training site will be in the same geographic location as the ultimate PDS (whenever possible).

c. **If the member's ultimate PDS is OCONUS, the TEMDU assignment will be at a CONUS location (PDS-like command), unless the required NEC training is also available at the OCONUS PDS location.**

d. Assignment will be at a deployable and operational UIC (type 2 or 4 command). Prescribed sea tour will not start and member will not deploy while assigned in ACC 353.

e. ACC 353 will not be used in conjunction with TEMDU greater than 20 weeks.

12. TEMDU Under Treatment (Extended Outpatient Treatment (60 days or less)).

a. Member is assigned to the Navy medical treatment facility (MTF) medical holding company (ACC 371).

b. Member is receiving extended outpatient treatment (e.g., burn clinic, traumatic brain injury clinic, etc.) 60 days or less. Member must be accounted to ACC 371 per reference (b), paragraph 7c(1). In most cases, an extended outpatient treatment member would be geographically separated from the Navy MTF. However, the Navy MTF must place member in its UIC for accounting and control. The exception is if NAVPERSCOM, Deployability Assessment Office (PERS-454) directs TEMDU to a different UIC (e.g., a Navy Operational Support Center near the Department of Veterans Affairs (VA) Polytrauma Center).

Note: Per reference (c), ACC 371 cannot be extended over 60 days. If medical treatment is required past 60 days, refer to NAVPERSCOM, Deployability Assessment Office (PERS-454).

13. TEMDU Under Treatment (Extended Inpatient/ Outpatient Treatment (greater than 180 Days)). Member is receiving extended inpatient/outpatient treatment (burn clinic, traumatic brain injury clinic, and other traumatic injuries) at a VA hospital, non-military MTF, or military MTF (ACC 374).

a. Used for wounded warrior only.

b. Members are non-distributable and are not considered limited duty (LIMDU). Although their initial PCS (if required)

may utilize an ACC 105 order, they must be shifted to an ACC 374 once the initial gain has been processed.

c. Member cannot be released from medical cognizance until the medical case worker of a Navy MTF determines that the physician has completed a medical evaluation board report (MEBR) for LIMDU or Integrated Disability Evaluation System (IDES)/physical evaluation board (PEB) purposes.

d. HHG and dependents may move to location of member's care.

e. The order must be written for a minimum of 6 months.

Note: For information concerning entry into the Wounded Warrior Program, contact Commander Navy Installations Command (CNIC), Safe Harbor Program Manager.

STANDARDIZED ACCOUNTING CATEGORY CODES (ACCs)

(Effective Jan 89 per CNO ltr 5230 Ser 161G/444-88 of 16 May 88)

CODE	ORDER PRODUCTION MODULE (OPM) PHRASES FOR ENLISTED ASSIGNMENT INFORMATION SYSTEM (EAIS) AND OFFICER ASSIGNMENT INFORMATION SYSTEM (OAIS) ORDERS	ASSIGNED BY
100	Duty (more than 6 months). Member assigned or attached for duty other than TEMDU, at an ultimate activity whose post or official station may include a ship (for the purpose of personal travel and transportation of personal effects located aboard the ship), and the homeport of a vessel or of a ship-based staff/unit (for transportation of family members and HHG). (Reference (a), appendix A.)	PERS-4
101	Failed to Report for Duty. NAVPERSCOM, Career Progression Department (PERS-8) is notified by PERSUPP DET or admin unit that member has failed to report.	PERS-832
103	Temporary Active Duty. Member issued round trip orders from home to active duty assignment on a temporary basis and return. Length of active duty period determined in orders. Member is not counted on active strength.	PERS-46
104	Humanitarian Duty (more than 6 months). Member assigned per MILPERSMAN 1300-500.	PERS-4
105	LIMDU/Medically Restricted (more than 6 months). Member's assignment restricted by medical board for medical reasons or at the direction of NAVPERSCOM (PERS-454). Activity to which assigned is considered a PDS.	PERS-4
106	Duty In Connection With Conversion and Fitting Out (CFO), Or Reactivation (more than 6 months). Member assigned for permanent duty at the supervisor of shipbuilding (SUPSHIP) detachment located at the site where a Navy vessel is under construction, conversion, or reactivation. A second PCS order must be issued before the vessel is commissioned to detach the member from duty (ACC 106) at the construction site and direct the member to report for duty on board the ship when placed in commission (ACC 100). 1. Detailed Composition of the Enlisted Permanent Change of Station Transfer Order (PCSTO). See Exhibit 1 for a sample PCSTO order. The composition is as follows:

a. **Header Section**

(1) For **message orders** the header consists of the complete list of Plain Language Addresses (PLADS) for the action and information addresses of the order, and the standard message classification line.

FROM: COMNAVPERSCOM MILLINGTON TN
TO: PERSUPP DET CRYSTAL CITY WASHINGTON DC
INFO: PERSUPP DET BETHESDA MD

UNCLAS //NO1306//

(2) For **letter orders** the header consists of the issuing command's letterhead, the appropriate Standard Subject Identification Code (SSIC), issuing detailer's organization code, issuing date, and a complete mailing address for the activity receiving the order.

DEPARTMENT OF THE NAVY Navy Personnel Command 5720 Integrity Drive Millington, TN 38055-0402		1306 PERS-402B 17 Mar 2007
To:	Officer In Charge, Personnel Support Detachment, Crystal City Cm 3, Room 100, Washington, DC 20371-5000	

b. **Subject Line.** The order number, containing the issuing authority's short title, the julian date, order modification number (if any), last four numbers of member's social security number (XXX-XX-0000), member's rate, and the desk code of the detailer issuing the order.

SUBJ: NAVPERSCOM ORDER: 1287-XXX-XX-0000/AD1 (PERS-404DG)
CHANGE DUTY ORDERS FOR SAILOR, JON Q

c. **Detaching Activity Section.** This will identify the name of the command, its location or homeport, the type of duty, and the directed date from which member is being detached. Specific instructions to the member or the activity from which member is detaching will follow the formatted information and will end this section.

WHEN DIRECTED DETACH IN AUG 07	EDD: AUG 07
FROM T-ARC A J MEYER MILDEPT	UIC: 42031
HOMEPORT OAKLAND CA	
FROM DUTY	ACC: 100

PERMANENT CHANGE OF STATION (PCS) TRANSFER ORDER DELIVERY AND INTERPRETATION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations
	(b) OPNAVINST 4650.15

1. Delivery of Transfer Orders

a. PCS orders are delivered as follows:

(1) **Letter Orders.** Original letter orders and any modifications will be mailed to the Personnel Support Activity Detachment (PERSUPP DET) assigned to support the member's activity, and to those activities involved in the transfer. Activities not supported by a PERSUPP DET will receive original letter orders directly. Copies of orders will be reproduced locally and given to the member.

(2) **Message Orders.** Message orders will be sent via the activity's communications center. Message orders will be reproduced locally by the PERSUPP DET and one copy certified "ORIGINAL MESSAGE" with signature of the commanding officer (CO)/officer in charge (OIC) of the processing activity (or the designated representative). When message orders are relayed to a member by telegram, the member concerned, upon presentation to the disbursing officer, will endorse the telegram with the words "ORIGINAL ORDERS RECEIVED" and affix their signature. This certification will be sufficient to enable the disbursing officer to make reimbursement for mileage without further confirmation.

b. **Detaching Date.** Although orders will be addressed via activities providing personnel accounting support, they are directed to the member being transferred. Authority to specify the detachment date within the month of detachment remains with the member's reporting senior. When a PERSUPP DET processes orders, the member being transferred will ensure the PERSUPP DET is informed of the detaching date approved by the reporting senior.

c. **Verbal or Telephoned Orders.** Under certain circumstances, assignment officers and detailers can authorize transfer and order cancellation or modification via telephone per reference (a). The assignment officer or detailer shall notify both the member and the transferring command's personnel accounting office of the verbal or telephoned orders. Follow-on written confirmation orders must be accomplished within 7 days of issuance of verbal or telephoned orders, and must include the date and place the member was located at the time of the verbal or telephone authorization. One of the following PTEXTs will be used in the confirmed orders and must appear either as the very first statement or the very last statement in the orders.

(1) **Confirmation.** For confirmation of telephoned instructions to the member stating the location of the member on the date telephoned instructions were issued:

<p>P74021 (CONFIRMED TELEPHONE INSTRUCTIONS ON (<u>date</u>) TO (<u>city and state member is located</u>)).</p>

(2) **Approve/Maintain Records.** Division directors must approve and maintain records of all verbal or telephone orders.

(3) **Reimbursement.** Reimbursement for travel expenses incurred under verbal or telephone orders may **not** be made until written confirmed orders are received by the member.

d. **Lost Orders.** Correspondence concerning lost orders issued by Navy Personnel Command (NAVPERSCOM) should refer to the entire NAVPERSCOM "Order Number" as stated in the first line of the member's subject line. If orders are lost, the following actions apply:

(1) **Orders not received by the member's command, or lost prior to delivery to the member.**

(a) Orders issued by **message** require the member's present command to request its servicing communications facility to have the message order retransmitted.

(b) Orders issued by **letter** and not received are considered to be undelivered. The order must be canceled and reissued using the appropriate undelivered order cancellation and reissue format.

(2) **Orders lost after commencement of travel but prior to reporting to the ultimate duty station.** Since the member does

not have an order to complete the transfer, the unexecuted portion of the order must be canceled and reissued.

(3) **Orders lost after member reports to the ultimate duty station and prior to settlement of the travel claim.** With the exception of a doubtful claim; when a member has lost the original, or the original and all copies of PCS orders; the claim will be processed by the disbursing officer servicing the member's permanent duty station (PDS) per reference (b).

2. Interpretation

a. **Detaching Phases In Orders.** Detaching instructions in the Detaching Activity section of the orders are to be interpreted as follows:

(1) **EDD (Estimated Date Of Detachment).** When given as a month and year (unless otherwise directed in orders), detachment must take place within the month indicated. Under no circumstances may a member's actual detachment date from their PDS be in a fiscal year other than that directed in the orders.

(2) **When Directed By Reporting Senior, Detach In (month, year) From (type of duty).** The CO must detach the member within the month indicated unless otherwise directed in the orders.

(3) **At Discretion Of Reporting Senior, Detachment May Be Delayed No More Than 2 Months after EDD Month.** The CO may detach the member any time between the first day of the EDD month and the last day of the second month immediately following the EDD month. Under no circumstances may the actual detachment cross over into the following fiscal year. Modifications to orders must be requested through the servicemember's detailee.

(4) **Hereby Detached.** The CO will detach the member within 24 hours after the orders are received.

(5) **Reporting Senior Directed To Detach Member On Or About (date).** The CO has a discretionary period of 10 days on either side of the given date in which to detach the member. Under no circumstances may the actual detachment cross over into the following fiscal year.

(6) **Reporting Senior Directed To Detach Member Within 10 Days After Reporting Of Relief.** Orders should ordinarily be endorsed to detach the member within 10 days after their relief reports. The command may designate a member already on board as a relief, when appropriate.

(7) **When Relieved And When Directed By Reporting Senior, Detach.** Orders should normally be endorsed to detach the officer within 10 days after their relief reports and when directed by the CO. The leeway permitted by the word "normally" is interpreted to apply only to those cases in which the underway operations of an afloat unit prevent adherence to the 10-day period. Exceptions may be written "WHEN DIRECTED IN (month, year) DETACH," instead of "WHEN RELIEVED," if watchkeeping requirements or other circumstances so dictate. The officer being relieved will be detached not later than (NLT) the second month following that in which the relieving officer reports (e.g., relieving officer reports in March, and the officer being relieved detaches no later than (NLT) May).

(8) **Upon Completion Of (type of temporary duty (TEM DU) at an intermediate station) And When Directed, Detach.** Orders shall be endorsed by the CO at the activity concerned upon completion of TEMDU or temporary duty under instruction (TEM DUINS).

(9) **Reporting Senior Directed To Detach Member In Time To Proceed And Report On (date) At Following Station.** The latest date of detachment will be 4 days (when entitled to proceed time) plus travel time in advance of the specified reporting date.

(10) **Reporting Senior Directed To Detach Member On Or After (date).** Orders will be endorsed to detach the member on or after the date indicated but in sufficient time to ensure reporting by the NLT date at the next duty station as shown in the orders. When a NLT date is not indicated, orders will be endorsed to detach the member within 10 days after the date indicated. Under no circumstances may the actual detachment date cross over into the following fiscal year.

(11) **Upon Discharge From Treatment.** Orders will be endorsed by the CO of the medical facility concerned when, in their opinion, the patient is physically qualified for discharge from treatment to duty, sick leave, convalescent leave, separation processing, physical evaluation board, home, another medical facility, or to such other assignment as may be specified in the orders.

b. **Reporting Phrases In Orders.** Specific reporting instructions appearing in the Intermediate or Ultimate Activity sections of orders are to be interpreted as follows:

(1) **EDA (Estimated Date of Arrival).** When given as a month and year, unless otherwise directed in orders, arrival must take place within the month indicated. When given as a day,

month, and year, unless otherwise directed in orders, arrival must take place the date indicated.

(2) **Report Not Earlier Than (NET) (date).** Arrival must take place no earlier than the date indicated.

(3) **Report NLT (date).** Arrival may take place earlier, but no later than, the date specified. Enlisted personnel assigned in a "TEM DU/TEM DUINS/Duty Under Instruction (DUINS)" status (ACC 34X) at a Recruit Training Command or Service School Command may have their orders pen-and-ink modified for no more than 30 days past the original Report NLT (date). This exception is in recognition of training setbacks and any other training delays that may cause member to report past their original Report NLT (date). Leave, proceed, and travel time will not exceed the amount authorized on original orders. Any modification past 30 days may only be authorized by the appropriate assignment control authority (ACA).

(4) **Report NLT (date) and NET (date).** Arrival may take place earlier than the date specified to prevent leave being used; however, payment of per diem will not begin until the specified NET date.

(5) **Report In (date).** The member may report in the month specified, but no later than the last day of the month.

(6) **Report On (date).** The member must report on the date specified.

(7) **Report On Or About (date).** Member must report between 10 days before date specified, and 10 days after date specified.

(8) **Report On Or Before (date).** Member may report any time, but NLT the date specified.

MyNavy Career Center	Phone: Toll Free E-mail MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) OPNAVINST 1752.2C (b) OPNAVINST 5350.4E (c) OPNAVINST 1752.1C (d) BUMEDINST 1300.2B (e) OPNAVINST 6110.1K (f) SECNAVINST 1740.4A (g) OPNAVINST 1900.2D (h) OPNAVINST 1811.3A (i) OPNAVINST 1740.3E (j) CNO WASHINGTON DC 251807Z Jan 21 (NAVADMIN 021-21) (k) OPNAVINST 5354.1H (l) Cultural Champion Network Quick Reference Guide, December 2020
-------------------	--

1. Policy. To ensure continuity of care for Service members transferring between commands, commanders must ensure warm hand-offs between losing and gaining commands prior to transfer. Gaining and losing command triads will communicate to address any known challenges or issues (e.g., limited duty (LIMDU), substance abuse, legal, financial, disciplinary, or family challenges or issues, etc.) which may impact Service members upon their arrival at a gaining command. Both gaining and losing command triads are expected to assist with and support Service members' transitions from one duty assignment to the next. The information-sharing aspect of warm hand-offs will be executed in a way that protects a Service member's privacy within mission requirements, limiting information to those leaders with a need to know.

NOTE: In certain cases, the transferring Service member's leadership (E-7 or above) may be required to physically escort

him or her to his or her gaining command (if within the same geographic area) to ensure he or she safely reports as ordered.

a. Requirements contained in this article are in addition to and do not supersede, circumvent, or modify any other transfer requirements set forth in references (a) through (l), other instructions, or as directed in MILPERSMAN articles [1300-302](#), [1300-318](#), [1300-500](#), [1300-700](#), [1300-1200](#), [1300-1205](#), [1301-600](#), [1306-134](#), [1320-140](#), [1320-308](#), [1320-314](#) and [6150-010](#). The requirements contained in this article are non-punitive, intended to be in the best interest of the Service member, and in support of mission readiness.

b. Executive officers (XO) or equivalent (e.g., assistant officer in charge, deputy, chief of staff) and senior enlisted leaders (SEL) (e.g., command master chief, chief of boat) are responsible for executing the warm hand-off procedures as specified in this article. Responsibility for executing a warm hand-off should not be assigned to junior officers or enlisted personnel, with a preference for the responsibility to be retained at the Command triad-level leadership (typically the XO and the SEL). Commands must incorporate the tenets of these procedures into the Command Sponsor Program, Command Indoctrination Program, and check-in and check-out procedures under the purview of the Command Resilience Team (CRT) human factors process (HFP) and human factors council (HFC) per reference (1).

2. **Applicability.** This article's policy requirement is mandatory for all Service members with known challenges or issues which warrant continuity of care at their next duty assignment who are transferring, regardless of types of orders, including LIMDU, permanent change of station (PCS) transfers, mobilization and demobilization orders, temporary additional duty exceeding 30 days, and active duty for operational support. Warm hand-off challenges and issues include, but are not limited to the following situations:

- a. LIMDU;
- b. Humanitarian transfer;
- c. Administrative discharge or legal proceedings, or performance issues;

d. Ongoing circumstances addressed via the CRT-HFP process and deemed to require additional services, counseling, and or other resources;

e. Medical and or mental health treatment requiring continued treatment;

f. Counseling requiring continued support;

g. Involvement in an ongoing or open Family Advocacy Program case requiring transfer of the case and follow-up treatment;

h. Financial hardship requiring continued support;

i. Victim of a violent crime (e.g., assault, sexual assault) requiring continued support;

j. Any other issues or concerns the transferring Service member believes should be shared with the gaining command to ensure continuity of care;

k. Involvement in an open or ongoing harassment or prohibited discrimination complaint process; or

l. Any other issues or concerns the losing command's leadership believes should be shared with the gaining command to ensure continuity of care.

3. **Procedures**

a. XO or SEL will contact the gaining command's XO and SEL using the gaining command's triad's contact information contained in the Service member's PCS orders or by utilizing a command search tool such as in [MyNavy Assignment \(MNA\)](#).

b. For record keeping, the preferred method of communication is via e-mail. Recognizing the Navy is an expeditionary force with inherent limits on timely electronic communication, and to ensure privacy and fullness of understanding, commands are permitted wide latitude in actual execution to include phone calls and face-to-face interaction.

c. Losing commands are encouraged to maintain transparency with the transferring Service member about what information is being shared with the gaining command pursuant to the warm-hand

off policy. For questions or concerns about privacy issues associated with warm-hand offs, commands are advised to consult with their local judge advocate.

4. **Clean Slate.** To the maximum extent possible, only existing challenges for which Service members require continued support at the gaining command will be shared by the losing command with the gaining command.

5. **Separations and Retirements.** Commanding officers are reminded of their responsibilities in reference (g) for ensuring Transition Assistance Program support for those Service members separating, retiring, or affiliating with the Reserve Component. If transitioning Service members are deemed to be at risk of not making a successful transition, commands must introduce them to the necessary resources (e.g., Department of Veterans Affairs, Department of Labor) for post-separation assistance.

MILPERSMAN 1320-308

PERMANENT CHANGE OF STATION (PCS) TRANSFER ORDER EXECUTION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM FAX	882-4198 (901) 874-4198 882-2693
---------------------------	--------------------------	--------	-------------------	--

References	(a) BUPERSINST 7040.6 (b) DOD 4500.54-G (DOD Foreign Clearance Guide) (c) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1 (d) BUPERSINST 7040.7
-------------------	--

1. General Information on Transfers

a. **Permanent Change of Station (PCS) Moves.** The following are considered PCS moves:

- (1) PCS transfers, including assignment to temporary duty (TEMDU).
- (2) Call to active duty.
- (3) Change in homeport of a vessel or mobile unit.
- (4) Reserve personnel ordered to active duty.
- (5) Fleet Reservist (including temporary disability retirement) recalled to active duty.
- (6) Separations from the service under honorable conditions (retirement, discharge, resignation).

b. **Customer Identification Code (CIC).** All PCS transfer directives must contain a CIC in order to be executed. Detailed instructions for the use of the CIC are contained in reference (a).

c. **Status of Members under Orders.** Members traveling under orders are considered to be attached to the command to which next ordered to report.

d. **Unusual Delay in Effecting Transfer.** If for any reason there is an unusual delay in transfer to final destination, or

when transfer orders are cancelled or modified, notify all interested commands.

e. **Certified Original Orders.** All activities to which the servicemember is ordered, the servicemember's current command, their supporting Personnel Support Activity (PERSUPPACT)/Personnel Support Activity Detachment (PERSUPPACT DET), and all additional activities designated are to receive a copy directly from the order issuing authority. The PERSUPPACT/PERSUPPACT DET supporting the detaching activity will receive the original letter/message order, or be an action addressee on the letter/message order. The PERSUPPACT/PERSUPPACT DET will make the necessary number of copies and stamp one copy "Certified Original Orders."

f. **Copies of Orders.** Activities shall provide sufficient copies of the orders to the member being transferred to meet requirements for

- **shipping activities** (regarding household goods (HHG) and privately owned motor vehicles (if applicable)), and
- **transportation activities** (regarding personal travel, family member(s) travel, dislocation allowance, and trailer allowance).

g. **Last Duty Station is shown on Orders.** To eliminate delays and personal hardship to the member regarding shipment of HHG, when members are received at an activity such as a receiving station for further assignment or for further transfer, the activity endorsing the transfer order will ensure the name of the last permanent duty station to which the member was attached is indicated on the orders.

h. **Correction to Orders.** In general, the terms of orders cannot be changed after travel has commenced; however, sometimes an error may occur in the preparation of orders, which will require correction after the fact. Such correction is proper only when the orders do not reflect the intention of the order issuing authority at the time the orders were originally prepared. When orders are corrected after the travel has commenced or been completed, the correction endorsement must include a complete explanation of the facts relative to the occurrence of the error. Since all claims with any retrospective aspects must be settled by the General Accounting Office (GAO), this information is essential to the proper settlement of the claim involved.

2. **Briefing of Members Prior to Transfer.** Transferring commands will brief members prior to transfer on the following:

a. **Records/Accounts/Personal Effects.** Records and accounts are handed to the member for safe delivery to member's new commanding officer (CO). The member's personal effects are in the member's possession, if indicated in command endorsement to permanent change of station transfer order (PCSTO). It is the member's responsibility to report to the new station with records, accounts, and personal effects.

b. **Contacting/Reporting.** Members under orders, including authorized delay, are considered to be attached to the ultimate destination, or the next designated intermediate station as the case may be. If unable to contact these activities, in cases of emergency, member should contact the nearest known naval activity. In the case of members ordered to a ship and the ship to which ordered is not in port, they should report to the nearest naval activity.

c. **PERSUPPACT DET.** Members ordered to a command, which is part of PERSUPPACT, shall be informed as to their ultimate duty station and which PERSUPPACT DET they should check into for administrative/accounting purposes.

d. **TRICARE-Family Member Dental Plan**

(1) Members must be advised that TRICARE-Family Member Dental Plan (FMDP) treatment is **not** available to family members accompanying sponsor assigned to

other than

- the 50 United States (U.S.),
- U.S. Virgin Islands,
- Puerto Rico,
- Guam, or
- Canada

(**covered areas**).

Though not required, members are encouraged to remain enrolled. Routine and essential-only specialty dental care for family members is provided on a space-required basis at overseas military dental treatment facilities to maintain existing dental health. In the event the sponsor remains enrolled in the dental plan, the family members are eligible for dental care whenever they travel to a covered area.

(2) Members who are **not** enrolled in the TRICARE-FMDP, returning from an accompanied assignment

other than

- the 50 U.S.,
- U.S. Virgin Islands,
- Puerto Rico,
- Guam, or
- Canada

(**covered areas**)

must be advised of the availability of the TRICARE-FMDP. The sponsor must elect enrollment, if desired, since participation is **not** automatic, and have at least 12 months of active duty remaining at time of transfer to a covered area.

e. **Illness/Accident.** In the case of illness or accident, the member should notify the nearest known naval activity immediately and request instructions.

f. **Leave.** If leave is granted, the member is responsible for receiving any communications forwarded to the leave address in block 4e of the memorandum endorsement. If leave is canceled, member must return immediately.

g. **Secrecy.** The contents of orders and whereabouts of ships and personnel must **not** be divulged to unauthorized persons.

h. **Local Endorsement.** A copy of local endorsements to PCSTO must be mailed directly to the ultimate destination.

i. **Family Member(s) Location during TEMDU/Temporary Duty under Instructions (TEMUINS).** Current regulations do **not** authorize transportation of family member(s) to intermediate locations at government expense; and where TEMDU/TEMUINS has been directed, members occupying government family quarters at their old duty station are authorized to retain such quarters for up to 20 weeks until reporting to their ultimate duty station.

j. **Clothing for Flights.** Members traveling aboard government owned or operated aircraft (including Air Mobility Command (AMC) CAT B and CAT M) shall wear the appropriate uniform unless civilian clothes are authorized in the member's orders. Normally, civilian clothing will **not** be prescribed unless indicated by reference (b). When civilian clothing is worn, it will be in good taste and not in conflict with accepted attire in the overseas country.

k. **Early Reporting**

(1) Members arriving prior to the "Report Not Earlier Than" date specified in the orders when TEMDU is directed shall be given the option of either remaining in a leave status until the required reporting date, or terminating leave status and reporting on the date of arrival with the understanding that per diem will **not** commence until the date required to commence the TEMDU directed by the orders.

(2) It is Department of Defense (DOD) policy that members should **not** be paid per diem incident to early reporting for TEMDU or TEMADD except as specified in MILPERSMAN 1320-140.

l. **Terrorist Briefing.** DOD members traveling to or through a high threat area/airport will be briefed on required and recommended precautionary measures.

m. **Transfer to Deployed Activities.** Members transferring to deployed activities may encounter transportation delays in reaching their duty station and they must be prepared to meet lodging and meal expenses they will incur during such delays.

n. **Support of Family Member(s) while Deployed.** Members under orders to a deployed unit are responsible for the support and welfare of their family member(s) while deployed. They should, as a minimum, do the following:

(1) Register an allotment or ensure alternate means of adequate support for family member(s) during absence.

(2) Ensure family member(s) identification cards will remain valid until the sponsor's return; or leave the completed applications for renewal with the family member(s) prior to departure.

(3) Consider execution of special powers of attorney for any specific items that require resolution by family member(s) during absence.

3. **Delay in Reporting (DELREP).** Navy Personnel Command (NAVPERSCOM) is authorized to grant 30 days leave in all PCS orders.

a. In the event unusual circumstances require a departure from this policy, maximum delay in reporting (DELREP) will be granted.

b. Exceptions to the 30 days DELREP allowance must be approved by the appropriate assignment division director/branch head.

c. Orders returning members to the continental U.S. (CONUS) or the District of Columbia for separation will contain authorization for delay en route.

d. PCS orders will allow 30 days DELREP except in the following cases:

- (1) Initial orders to active duty.
- (2) Hospitalization.
- (3) Second PCS move within 12-month period.
- (4) Homeport changes.
- (5) Unusual circumstances such as death or illness, detachment for cause, emergency, or key operational dates.
- (6) Upon completion or noncompletion of flight training.
- (7) Detachment from certain activities in Japan.

4. **Transportation in Connection with PCS Orders.** NAVPERSCOM, Career Management Department (PERS-4) does not direct a specific means or mode of transportation in connection with PCS orders. This authority has been delegated to Navy Passenger Transportation Offices (NAVPTOs) which will determine the availability or nonavailability of government air and make complete transportation arrangements using commercial carriers as necessary to meet mission requirements. Navy policy requires official travel must be arranged by NAVPTOs.

a. **Travel Overseas.** Normal mode of PCS travel overseas is by air except when travel by air is medically inadvisable. **PCS orders will direct the use of government air outside continental U.S. (OCONUS).** Requests for order modifications to "authorize" vice "direct" the use of government air OCONUS are normally authorized only in connection with authorized leave over the transoceanic/international portion of the journey and must be completely justified in detail to the appropriate detailee. If circuitous travel is involved, the complete en route travel itinerary must be included in the justification.

b. **Travel in CONUS.** Members may elect the mode of travel in CONUS. If they elect to travel by air within CONUS, without air

travel being authorized or directed in the orders, their travel time will be computed on the basis of commercial carrier travel time. If air travel is directed (not authorized) in the orders, the travel time between any two points in the U.S. is reduced to 1 day. Air travel is sometimes directed in the U.S. simply to limit travel time (e.g., for round trips between East and West Coast, or vice versa, to perform TEMDU in connection with PCS orders) and home-of-record travel in conjunction with consecutive overseas assignments.

c. **Order Formats for Transoceanic Travel.** Whether or not it is expected that a particular ship or unit will be deployed at the time a set of orders is executed, order formats for transoceanic travel (i.e., F502, F351, etc.) will be used by detailers. This policy minimizes later order modifications occasioned by changes in deployment schedules. It is more cost effective to write orders on the assumption of the need for overseas transportation and have the overseas transportation information go unused than it is to issue a modification after initial orders are sent.

d. **Excess Baggage Authorization**

(1) Guidance for approving excess baggage cost reimbursement, MAP item 12-03 "Excess Baggage Transportation Cost Approval," was incorporated in reference (c). Reference (c) now states servicemembers will be reimbursed for excess baggage transportation costs when "approved after PCS travel by the order-issuing/authorizing official." Reference (c) also states excess baggage transportation cost reimbursement **"will not** be authorized in advance of executing a PCS move." Detailers will not authorize cost reimbursement for excess baggage prior to a servicemember executing a PCS move. Detailers will only authorize transportation cost reimbursement for excess baggage up to and not to exceed the following:

(a) One (1) piece for pilots, aircrew, divers, and personnel who must carry special issue gear with them.

(b) Two (2) pieces for attaches.

(2) Reimbursement of transportation costs for dependent's excess baggage is not authorized and family pets may **not** be transported as excess baggage. Express shipment should be used to the maximum extent possible. The **basic allowance only** will be allowed for members under orders for retirement or release from active duty (RAD), **unless coming from an isolated area**. The following paragraph is to be included in PCS orders, which

necessitate the authorization of baggage aboard Air Mobility Command (AMC), contract flights, and commercial flights:

"For air travel, family members are authorized one (1) piece of checked baggage, not to exceed 45 linear inches nor 40 pounds. Military members are authorized one (1) seabag not to exceed 70 pounds, and one (1) piece of checked baggage not to exceed 45 linear inches nor 40 pounds. NAVPERSCOM (PERS-451) will monitor original, modified, and cancelled orders for adherence to these policies. Exceptions for special circumstances must be approved by NAVPERSCOM (PERS-451).

5. **Clothing Allowance, Civilian (CAC)**. Members assigned to designated overseas activities (unit identification codes (UICs)) are paid a CAC when civilian clothing is required to be worn in the performance of their duty. Procedures for including the CAC authorization in orders are as follows:

a. Chief of Naval Operations (CNO) (N130) approves requests for UICs requiring CAC authorizations. Upon approval, NAVPERSCOM, Management Information Systems Branch (PERS-455F) will be provided with the list of UICs, or Billet Sequence Codes (BSCs) and UICs, with the authorized allowance of either "Summer and Winter" or "Summer or Winter" clothing indicated for each UIC, or BSC/UIC.

b. NAVPERSCOM (PERS-455F) will take appropriate action to

- modify the appropriate ATEXT against the approved UICs in Officer Assignment Information System (OAIS) files;
- notify assignment officers and detailers of the additions to, or deletions from, an activity of a clothing allowance authorization; and
- select the appropriate ATEXT using the following table:

CLOTHING ALLOWANCE, CIVILIAN		
	SUMMER AND WINTER	SUMMER OR WINTER
<u>FOR OAIS ORDERS:</u>		
Authorized for Activity UICs:		
Both Officer and Enlisted	A64005	A64006
Officer ONLY	A64015	A64007
Authorized for BSCs:		
Both Officer and Enlisted	P64005	P64006

c. When CAC is authorized for specific BSCs at an activity, detailers will include the appropriate Personnel Text Screen (PTEXT) listed above.

d. Where specific BSCs within an activity are authorized CAC, NAVPERSCOM (PERS-455F) will notify the appropriate detailer. NAVPERSCOM (PERS-455F) will also make a note of this requirement on the PTEXT for the activity in OAIS.

e. A complete list of designated activities for member CAC and any future additions and deletions from this list may be verified in NAVPERSCOM (PERS-455F) (order support section).

6. Execution of Orders

a. When reserving and obligating PCS travel funds, references (a) and (d) require each member to submit NAVPERS 7041/1 (Rev. 12-92), Financial Management-PCS Travel Forms Authorization.

b. PERSUPPACT DET personnel who service members will provide them with forms and counseling during check-in and check-out. PERSUPPACT DET personnel will also ensure the form is accurate and submitted immediately to the below address:

Permanent Change of Station
Variance Component (PCSV)C
1240 East Ninth Street
Cleveland, OH 44199-2088

MILPERSMAN 1320-310

PERMANENT CHANGE OF STATION (PCS) TRANSFER ORDER ENDORSEMENTS

Responsible Office	NAVPERSCOM (PERS-454)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	NAVSO P-6034, Joint Federal Travel Regulations (JFTR)
------------	--

1. **Policy.** Permanent Change of Orders (PCS) will be endorsed with the time, date, and place of reporting. Where temporary duty (TEM DU) and permanent duty stations are in proximity to each other, the place of reporting on orders will include the geographic location (city or county and state), subject to the restriction regarding a classified location.

a. In peacetime, all orders to personnel or endorsements thereon will clearly indicate the place of detachment, embarkation, entry, or reporting except where such information would disclose a classified location.

b. All ships or air activities furnishing transportation are directed to endorse the member's orders, including date of departure or arrival. Particular care is directed in making endorsements to show actual date of departure from or arrival in one of the 48 contiguous United States or District of Columbia.

c. Members receiving "PROCEED WITHOUT DELAY" or "PROCEED IMMEDIATELY" orders will endorse their orders the date and hour of their receipt for execution. When members report following written orders, they will present such orders to the officer to whom they report.

2. **Multiple Stop TEM DU/Temporary Additional Duty (TEM ADD)**

Endorsements. Members ordered to one or more TEM DU points en route to a new permanent duty station (PDS) as directed in PCS orders, and members ordered to one or more points in compliance with TEM ADD orders (whether or not the TEM ADD orders require them to report), will have their orders endorsed to state the number of days of leave (beginning and ending dates) used while at each TEM DU or TEM ADD point.

a. If no leave was taken, the endorsement will reflect this fact.

b. Each command to which a member reports for TEMDU en route to the ultimate duty station will review the orders, including any detaching endorsement, to determine whether the member arrived prior to the time required to commence the TEMDU directed by the orders.

3. **Reporting Prior to the "Report Not Earlier Than" Date**

a. If the member arrived prior to the "REPORT NOT EARLIER THAN" date specified because all or part of the leave granted was not utilized, the member will be given the option of

(a) remaining in a leave status until the required "REPORT NOT LATER THAN" date, or

(b) terminating leave status and reporting with the understanding that per diem will not commence until the "REPORT NOT LATER THAN" date.

b. If the member elects to report prior to the "REPORT NOT LATER THAN" date, orders will be endorsed as follows:

"REPORTED THIS DATE. YOU ARE NOT REQUIRED TO COMMENCE THE TEMDU DIRECTED BY YOUR ORDERS UNTIL (DATE); THEREFORE, YOUR PER DIEM ENTITLEMENT COMMENCES ON THAT DATE."

c. If early commencement of TEMDU is determined at the TEMDU station to be in the best interests of the government, orders will be endorsed and the per diem entitlement commencement date specified.

4. **Government Quarters and Messing.** Commanding officers (CO) at shore activities will endorse member's TEMDU regarding the availability of government quarters and government mess when per diem is payable.

a. No endorsement is required if the member has previously received a non-availability control number from the Bachelor Officers Quarters (BOQ); however, an endorsement as to the availability of a government mess is still required.

b. Government messing is considered available only if a government mess, as defined in NAVSO P-6034, is available or there are not adequate meal facilities.

5. **Individual Activity Requirements.** Navy commands to which members are directed to report for administrative purposes will carry out those functions as stated in orders.

a. Activities identified as responsible for performing personnel accounting support will carry out those functions as appropriate.

b. All orders written for personnel not using AUTODIN (e.g., message orders) in which the transfer directive contains a Personnel Support Detachment (PERSUPPDET) will contain the following statement:

"Report for personnel accounting to (the address of the PERSUPPACT which corresponds to the member's duty station) and report for duty to (for administrative purposes to command to which assigned for duty)."

c. Upon arrival of a member at the final destination, the CO will forward to Navy Personnel Command (NAVPERSCOM),

(1) NAVPERSCOM, Systems Operations Branch (PERS-313C) only the first duty, recall, training, release from active duty (RAD), and all separation (retirement, resignation, discharge) orders.

(2) NAVPERSCOM, Officer Performance and Separations Branch (PERS-834) in the case of officers accepting initial orders to duty and without a letter of transmittal; one complete and intact copy of orders involving PCS, TEMDU, transfer to or from treatment in medical department activities, RAD, retirement, resignation, discharge, or any other order of Secretary of the Navy (SECNAV) which changes an officer's status and initial orders to duty (other than training duty).

(a) This copy of orders will include all modifications, corrections, and endorsements including the final reporting endorsement.

(b) The complete travel itinerary and mode of travel utilized will be included on initial orders to active duty.

(c) One additional complete copy of these types of orders will be forwarded for Staff Corps officers by their COs to their cognizant bureau, command, or office.

MILPERSMAN 1320-311

PERMANENT CHANGE OF STATION (PCS) ORDERS MODIFICATION OR CANCELLATION

Responsible Office	NAVPERSCOM (PERS-451H)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulation, Volume 1 (JFTR)
	(b) OPNAVINST 4650.15

1. **Policy**. Deviation from PCS orders must be authorized by Navy Personnel Command (NAVPERSCOM) (applicable detailer) before the action is taken by submitting a request for review. If approved, the request will be authorized by a written order modification or cancellation. Detaching commands responsible for a member's non-compliance with orders (written or verbal) will officially notify NAVPERSCOM (applicable detailer) of the circumstances involved and request an order modification.

2. **Requests**

a. All requests for modification of orders involving a change of duty which entails a delay in reporting to the new duty station, or extension of an authorized delay, will be forwarded, when practicable, for endorsement through the commanding officer (CO) of the ship or station to which the member is ordered.

(1) When this procedure would involve unusual delay, the request will be forwarded to NAVPERSCOM (applicable detailer) with a copy to the new CO for information (including the current CO's endorsement).

(2) These requests should include more information than is afforded by the routine forwarding endorsement of the CO of the activity from which the officer is being detached.

b. When a copy of the request is received, the CO of the activity to which the member is being ordered will forward it with an endorsement to NAVPERSCOM (applicable detailer). NAVPERSCOM cannot always wait for receipt of the endorsement before taking action on the original request, but normally will try to withhold action pending receipt.

c. Requests for modification of orders, which involve earlier detachment from the old duty station, but do not involve later reporting to the new duty station, need to be sent through the new CO.

d. NAVPERSCOM considers it desirable for members to take leave during the time of a change of duty, where needs of the service permit. COs should be so guided in making forwarding recommendations.

e. In the event circumstances preclude a member from obtaining prior approval, a formal written request via the member's CO is required. It should state the dates, locations, and specific circumstances involved in the deviation from orders and include the reason(s), which prevented the member from obtaining prior approval. If the request involves the expenditure of funds, a statement as to the additional cost incurred is required and copies of paid receipts should be included.

(1) If approval is determined to be in the best interest of the government, the detailee/placement officer will submit the request to NAVPERSCOM, Business Operations Program, Budget Execution - Career Management Section (PERS-324) recommending approval and requesting that an approval of action letter be issued to the member via the CO. NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451H) will generate the letter, which may contain accounting data provided by the detailee/placement officer.

(2) A request **not** in the best interest of the government or of doubtful validity will be returned to the member recommending it be processed as a doubtful claim per references (a) and (b). If a petition for relief is appropriate, the member should forward a letter to the Board for Correction of Naval Records (BCNR).

3. **Processing Order Modifications or Cancellations.** Before an order modification or cancellation can be processed, the status of the member will first be determined.

a. If members have not been detached from their current permanent duty station (PDS), or have already commenced travel from the place entered on active duty under basic orders or subsequent modifications, the orders may be either

(1) **modified**, using the appropriate order format for the type of order the modification directs. An opening statement may be added to the order modification.

(2) **canceled**, all cancellations must refer to the basic orders and every modification thereto in the opening statement (e.g., "Orders and all modifications thereto are cancelled. Continue present duty."). New appointments and reporting to active duty do not require the "Continue present duty" statement.

b. If the member has been detached from permanent duty or has commenced travel under basic orders or subsequent modifications, the orders can only be modified.

MILPERSMAN 1320-312

ORDER CLARIFICATION AND CLAIMS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume I, Uniformed Service Members (b) OPNAVINST 4650.15
-------------------	---

1. Policy

a. Questions regarding permanent change of station (PCS)/temporary additional duty (TEMADD) orders should be directed to Navy Personnel Command (NAVPERSCOM),

(1) Distribution Management and Procedures Branch (PERS-451H) **for clarifying/interpreting orders as related to member entitlements and TAD, or**

(2) Entitlements Branch (PERS-324) **for transportation entitlements/assistance.**

b. NAVPERSCOM (PERS-451H) processes controversial travel and per diem claims resulting from executed member orders (PCS and TEMADD), which, by their nature, are questionable as to legality of payment.

2. Procedures

a. Normally, claims are submitted by a disbursing officer to Defense Finance and Accounting Service (DFAS), General Accounting Office (GAO) (Comptroller of the United States) for settlement. When required, DFAS GAO forwards them to NAVPERSCOM (PERS-451H) for staffing controversial travel and per diem claims.

b. NAVPERSCOM (PERS-451H) must ascertain the correctness of the orders as written; obtain clarification as to intent, purpose, reason for travel, delay, etc.; and forward claims to NAVPERSCOM, Assistant Commander Navy Personnel Command (ACNPC) for Career Management Department (PERS-4) by letter or endorsement with the recommendations, comments, or other appropriate actions for which the claims and orders are referred.

(1) Claims are logged in by NAVPERSCOM (PERS-451) as received, identified as to type of action required, and given to claims examiners. Information required to adjudicate the claim is solicited from various individuals, offices, commands, or activities. Then the claim with accompanying documents and NAVPERSCOM (PERS-451H) comments or recommendation is forwarded to NAVPERSCOM (PERS-4), or returned to the appropriate DFAS GAO official for determination of entitlement or settlement, as applicable.

(2) Since a claim may be submitted any time within a 6-year period, examiners must be conversant with the laws and regulations promulgated in references (a) and (b), Comptroller General Decisions, etc., and process claims chronologically.

(3) Processing of a claim may take from 1 day to several months before settlement is reached.

MILPERSMAN 1320-314

TEMPORARY DUTY (TDY) TRAVEL ORDERS

Responsible Office	OPNAV N130	Phone:	DSN 604-5476 COM (703) 604-5476
---------------------------	------------	--------	------------------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) NAVSO P-6034, Joint Travel Regulations (JTR) (b) NAVSO P-1000-2, Navy Comptroller Manual, Volume 2, Accounting Classifications (c) DoDI 1327.06 (d) SECDEF memo of 23 Sep 15 Updated DoD Conference Guidance (e) SECNAVINST 5720.44 (f) DODI 4500.54-E DOD Foreign Clearance Program (g) SECNAV M-5510.30 DON Personnel Security Program (h) NAVPERS 15665I U.S. Navy Regulations (i) OPNAVINST 4650.15B
-------------------	--

1. **Policy.** Temporary duty (TDY) is defined as duty at one or more locations, away from the permanent duty station (PDS), under an order, providing for further assignment or pending further assignment, to return to the old PDS or to proceed to a new PDS.

a. TDY allowances automatically expire when members return to the duty station from which they proceeded on TDY, or they return for personal reasons in a liberty or leave status. Reference (a) provides guidance on any possible lodging reimbursement when the member voluntarily returns to the PDS/residence for personal reasons.

b. If a return to the PDS is necessary for transportation changes (i.e., air travel routed via local transportation hub) en route to the next TDY station, and no unnecessary delay is taken, the orders remain in effect. TDY members remain attached to the station from which they initially proceeded on TDY, and are subject to the rules and regulations of the command at which they are assigned TDY.

2. Issuance of TDY Orders

a. Delegation of Authority. All commanders, commanding officers, and officers-in-charge, as well as their seniors in the chain of command, are authorized to issue TDY travel orders to members under their immediate military command. The authorizing/approving official must verify that the required funds have been appropriated to support the travel and transportation costs of such orders or that the cost of travel and transportation is chargeable to an appropriation which is administered by the activity issuing the authorization.

(1) This delegated authority is subject to such additional instructions and limitations as each command's administrative commander may prescribe per reference (a).

(2) As an administrative support function for those commands not having order-writing authority, area coordinators are authorized to issue TDY orders to members attached to commands physically located within their assigned areas.

b. In no case will a command deviate from reference (b) when using a line of accounting for TDY travel or using a permanent change of station line of accounting.

c. Complying with and Signing Orders. Great care must be taken in preparing and issuing TDY orders, and in carrying out the orders as written. A poorly worded travel order almost always leads to poorly/inaccurately provided services, misunderstanding about allowances, and unhappy travelers. If a member cannot carry out travel orders as written, either last minute verbal direction from appropriate authority to deviate from the orders, followed by a written modification to the orders, must be obtained from competent authority before the travel begins. If the order conflicts with reference (a), reference (a) prevails.

d. Verbal and Telephonic TDY Orders. Verbal orders given in advance of travel, or orders written in the field which quote or reference orders received by telephone from competent authority, must be subsequently confirmed in writing within 7 working days by the order issuing authority. Reimbursement for travel expenses under such orders may not be made until such confirmation is obtained.

(1) The confirmation orders, which are issued subsequent to the commencement of travel, will state the urgency of travel and the reasons for not issuing written orders (e.g., the last paragraph of confirming orders might read: "Subject travel was necessary at this time and the length of time required to formally go through normal administrative channels prevented written orders from being issued prior to your departure."

(2) In addition, confirmation orders must state "Confirming telephonic (or verbal) instructions of (date) to (geographical location)."

e. For units without access to the Defense Travel System, NAVPERS 1320/16 Temporary Additional Duty (TEMADD) Travel Orders will be used for TDY. NAVPERS 1320/16 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Navy order-writing activities will refrain from using DD 1610 Request and Authorization for TDY Travel of Department of Defense (DoD) Personnel when issuing TDY orders, unless Navy personnel are temporarily assigned to a different branch of the Uniformed Services in a "For Duty" status. DD 1610 may be accessed by using the following Web address: <http://www.dtic.mil/whs/directives/forms/dd/ddforms1500-1999.htm>.

3. Time Limitation for TDY Orders (other than for training)

a. TDY orders temporarily assign a member, in addition to present duties, for periods not to exceed 180 consecutive days at one location. Upon completion of the TDY assignment, the member is directed to resume regular duty.

b. When mission objectives or unusual circumstances require TDY at one location for more than 180 consecutive days, the appropriate authority must determine if TDY of greater than 180 days is appropriate. Per reference (a), the appropriate authority for authorizing/approving TDY assignments in excess of 180 consecutive days at any one location is

- (1) the secretary concerned (Secretary of the Navy); or
- (2) Commander/deputy commander of a combatant command.

4. **Group Travel Orders**. Order-writing commands must consider the feasibility of group travel orders in instances when three or more members of a command or unit will travel together from a common point of origin to a common destination.

a. Detachments or units involved in routine or fleet deployment evolutions are considered appropriate cases in which group travel orders may be used.

b. Reference (a) prescribes group travel ("Personnel Traveling Together") when, due to mission requirements, members are to remain together while traveling away from the PDS. Such orders are similar to TDY orders, except that members will be furnished transportation by Government transportation or other transportation using SF 1169 U.S. Government Transportation Request.

c. Subsistence and quarters en route are furnished as provided for in reference (a).

5. **Permissive Travel Authorizations**

a. Commands authorized to issue TDY orders may write an "authorization" permitting assigned members under their command to perform travel at no expense to the Government when the reason it is in compliance with reference (c) and MILPERSMAN 1050-270.

b. Shortage of funding for TDY or training is not a justifiable reason for authorizing permissive TDY. Per reference (c), an administrative absence may include permissive travel to attend or participate in activities of an official nature to the benefit of the mission of the DoD. Travel to perform TDY or training is performed under a directive type order providing for travel and transportation allowances in reference (a).

(1) Permissive authorizations must include the following clause:

"This permissive travel authorization is issued with the understanding that you will not be entitled to reimbursement for travel, transportation, per diem, or miscellaneous expenses in connection with its execution. If you do not desire to bear these expenses personally, you may choose not to execute this permissive travel authorization and it will be cancelled."

(2) Government transportation will be authorized only per MILPERSMAN 1320-080.

(3) The authorization will state if "delay to count" as leave is authorized in conjunction with permissive authorizations.

(4) Permissive authorizations may be used for the purposes specified in MILPERSMAN 1050-270 for administrative absences.

(5) Permissive authorizations for the purpose of residence hunting in connection with permanent change of station orders may be authorized per MILPERSMAN 1320-210 and governing NAVADMINs.

6. **Attendance at Conventions and Meetings.** A member requesting to attend a meeting of a scientific, technical, or professional nature that is sponsored or convened by a non-federal organization will be processed, per reference (a), when travel expense to the Government is to be incurred.

a. There is no authority under which OPNAV 5050/11 Request and Approval for Attendance at Meetings may be used to limit entitlements under directive type orders for lesser amounts than those stipulated in reference (a). OPNAV 5050/11 may be accessed by using the following Web address:
https://navalforms.documentservices.dla.mil/formsDir/_OPNAV_5050_11_1489.pdf.

b. Accordingly, when the maximum amount approved on the basic OPNAV 5050/11 is less than the total expense actually incurred by the member, and such additional expense would otherwise be reimbursable under the provisions of reference (a), a supplemental OPNAV 5050/11 that references the initially approved form request will be approved to cover the additional expense.

c. Subsequent to this approval, the order-writing activity will endorse the basic orders, to include the additional expenditure.

d. One of the following statements in the text of the orders or endorsement (as applicable) must be included:

"Funds not to exceed (\$___) for expenses of attendance at meetings were approved (date) on (form) _____ by (authority), as designee of the Secretary of the Navy for this purpose by authority of SECDEF memo of 23 Sep 2015."

"Additional funds not to exceed (\$___) for expenses of attendance at meeting were approved (date) on (form) _____ by (authority), as designee of the Secretary of the Navy for this purpose by authority of SECDEF memo of 23 Sep 2015."

"Registration fee of (\$___) was authorized in connection with this meeting." (if applicable)

7. **Travel in Connection with Public Events.** TDY orders in connection with participation in public events will be issued per reference (e).

8. **Delay to Count as Leave in Connection with TDY.** The authorizing official must ensure that TDY orders are not being requested as a means to defray transportation expenses to, from, or via a leave location. Delay counted as leave must be incorporated in the orders.

a. Normally, travel by privately owned conveyance (POC) should not be authorized in the TDY order that authorized the leave. However, per reference (a), POC (automobile or motorcycle only) use on TDY is to the Government's advantage for TDY to locations within 800 miles (round-trip) of the PDS as determined from the Defense Table of Official Distances which may be accessed by using the following Web address: <https://dtod.sddc.army.mil/Default.aspx>. There is no requirement for any cost comparison. A command may authorize POC (automobile or motorcycle only) use for TDY travel of 800 miles or less round-trip (400 miles one-way) at its discretion.

b. Other exceptions may be appropriate when POC will be less costly than other modes of transportation, including anticipated per diem while in transit, taxi fares, etc.

c. Subject to the foregoing, order-writing commands are authorized to grant leave equal to the number of days earned leave, plus advance leave (not to exceed 30 days) in conjunction with TDY orders (regardless of duration of TDY), provided there is no additional expense to the Government.

d. TDY orders combined with leave must include the following statement:

"If you avail yourself of this leave, indicate on original orders the date and hour TDY commenced and was completed."

e. The paragraph below must also be included in orders which authorize leave outside the 48 contiguous United States and the District of Columbia:

"If you avail yourself of this leave, obtain endorsement from each TDY point as to the transportation which would have been available in reporting to next TDY point, or in returning to the duty station via shortest usually traveled route, giving date and hour of departure and arrival. You are authorized to visit (specify countries) in a leave status."

f. Reference (f) and MILPERSMAN 1050-250 govern foreign leave travel involving Navy members. Use the following Web address to access foreign clearance leave of Navy members: <https://www.fcg.pentagon.mil/>.

9. **Directive to Report**. For travel within the contiguous United States, except when the TDY is under instruction, it is not mandatory that orders contain the reporting statement in paragraph 8d above. However; where practicable, the reporting statement should be included, especially for extended periods of TDY (i.e., directed continuous travel of 3 or more weeks).

a. If a senior commander is not available for reporting purposes, the member should report by message, in person, or by other means to the appropriate naval attaché, giving address and itinerary while in the area. In each of the above instances,

the naval attaché in the area should be provided a copy of the member's orders.

b. If a member is not ordered to report, no reporting endorsement is required. Availability/non-availability of Government quarters must be documented by the member per reference (a).

10. **Early Reporting**

a. The cognizant commander authorizing TDY and leave should determine the member's leave desires and ensure the orders are written to prevent early reporting at the TDY station. Early reporting may be authorized under the following exceptions:

(1) Early reporting is necessary due to variations in transportation schedules.

(2) The duty may be performed at any time, as differentiated from a fixed period, as is generally the case for TDY under instruction.

(3) When the appropriate commander determines that early reporting is in the best interest of the Government or has been caused by conditions beyond the member's control, the following explanation will be included in the orders or attached as an endorsement:

"Detachment or reporting on (date) is considered in the best interest of the Government because (reason)."
--

b. Members ordered TDY for training will be directed to commence travel in order to report no earlier than the day preceding the class convening date.

11. **Security Clearance and Transportation of Classified Materials/Documents**. All commands issuing TDY orders will ensure that members for whom orders are written are not restricted by the provisions in reference (g).

12. **Excess Baggage**. See reference (a) regarding baggage allowances in connection with TDY.

13. **Uniform for TDY Travel.** Military uniforms and civilian attire are covered in reference (h), Chapter 7. The following Web address should be consulted prior to commencing travel outside the continental United States: <https://www.fcg.pentagon.mil/fcg.cfm>.

14. **Certification of Itineraries for Travel of Naval Aircraft Ferrying Squadron Personnel.** To facilitate payment for travel of personnel ferrying aircraft, the commanding officer at the PDS will verify the claim submitted by the traveler at the final activity of the itinerary of an assignment.

a. This pertains to cases in which the parent command daily tracks the pilot and crew members, issuing verbal orders with flexible itineraries and without specific destinations. The itinerary will include the following:

(1) Time of departure;

(2) Time of arrival and departure from each activity visited, including dates of acceptance and delivery of aircraft and reasons for any delays;

(3) Availability of Government quarters and messing facilities at each activity visited; and

(4) Time of return to PDS.

b. Per reference (i), the following certification will be placed on the reverse of each DD 1351-2 Travel Voucher or Sub-voucher:

"I certify that the permanent duty station of the claimant was as stated during the period covered by this claim, that the TDY, for which per diem is claimed, was in the performance of duty or training at (name of squadron or unit), and that the duty or training at the points stated in the schedule for the period claimed was directed. The amount and schedule have been examined and are certified correct."

"Commanding officer or designated representative"

DD 1351-2 may be accessed by using the following Web address:
<http://www.dtic.mil/whs/directives/forms/dd/ddforms1000-1499.htm>

c. The certified itinerary will be considered sufficient for payment of claims.

15. **Aviation Personnel Forced Down Under Emergencies**

a. Aviation personnel, who are forced down in an emergency and required to incur personal expenses while performing official duties are authorized TDY allowances per reference (a), Chapters 3 and 4.

b. Aviation commands are authorized to issue written orders confirming verbal instructions for reimbursement purposes.

16. **Policy Review.** This article has been reviewed by the Per Diem, Travel, and Transportation Allowance Committee staff per reference (a), paragraph 1020-A, as PDTATAC Case RR15002.

MILPERSMAN 1320-316

GENERAL COURT-MARTIAL ORDERS

Responsible Office	NAVPERSCOM	Phone:	DSN	882-4198
	(PERS-451)		COM	(901) 874-4198
	(PERS-00D1)		FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members
------------	--

1. Background

a. Historically, a member ordered to appear as the accused in a general court-martial (GCM) is involved for an extended period of time.

b. Temporary duty (TEM DU) orders would permit exorbitant per diem entitlements. Conversely, a member dismissed as a result of a court-martial sentence may be required to reimburse the government since the member was not ultimately assigned to a permanent duty station (PDS).

c. Circumstances may dictate varying per diem entitlements; therefore, a uniform criterion was established for ordering a member who is the accused in a GCM.

2. Procedures

a. The detailee will liaison with Navy Personnel Command (NAVPERSCOM), Corrections and Programs Branch (PERS-00D1) prior to issuance of any such order. The following procedures are to be used in conjunction with court-martial orders:

(1) When ashore and stationed **beyond 25 miles** of the city where the GCM is to be convened, permanent change of station (PCS) orders will be issued.

(2) When ashore and stationed **within 25 miles** of the city where the GCM is to be convened, the appropriate local command authorized to issue temporary additional duty (TEMADD) orders will issue such orders when the period of time **does not exceed 6 months**. If a period **longer than 6 months** is envisioned, NAVPERSCOM will issue PCS orders as described in the paragraph above.

b. After the court-martial, provided no punitive discharge or dismissal is involved, an attempt will be made to reassign the member for a normal tour of duty within same area in order to reduce travel expenses.

c. In unusual cases, such as when a member is ordered from a ship deployed in WESTPAC, determination of type of orders should be based on entitlements that are least expensive to the government (e.g., travel of family member(s) or per diem entitlements).

d. When ordered ashore from aboard ship, PCS orders will be issued.

e. To determine entitlements for dependent travel, transportation, and shipment of household goods (HHG) incident to a member's court-martial sentence or Other Than Honorable discharge, refer to reference (a).

MILPERSMAN 1320-320

PERMANENT CHANGE OF STATION (PCS) ORDERS TO SHIPS UNDER CONSTRUCTION AT CIVILIAN SHIPBUILDING COMPANIES OR YARDS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1
	(b) OPNAVINST 4650.17

1. **Background.** A Precommissioning Unit (PRECOM UNIT) for each ship under construction at a civilian shipbuilding company or yard has been established with its assigned location the same as the civilian shipbuilding company or yard. These units allow processing of electronic permanent change of station (PCS) orders for members assigned to, and detached from, **DUTY** in connection with conversion, fitting out, or reactivation (**CFO**) or temporary duty (**TEM DU**) **CFO** at the ship's construction site. Reporting and detaching procedures for PCS orders to ships under construction are provided in the following paragraphs.

2. **DUTY CFO (6 Months or more).** Two sets of PCS orders will be issued by Navy Personnel Command (NAVPERSCOM) when it is determined by the detailee that the commissioning date of the vessel will be 6 months or more from the member's estimated date of arrival (EDA) at the ship's PRECOM UNIT based on the latest **Naval Sea Systems Command (NAVSEASYS COM) Quarterly Progress Report (NAVSEA 250-574)**. The following procedures apply:

a. A member's first PCS orders will be to the ship's PRECOM UNIT located at the construction or conversion site.

(1) Upon arrival, the member will report to the appropriate reporting senior for "**DUTY CFO AT (shipbuilding company/yard)**."

(2) No per diem entitlements exist. PCS entitlements are to the PRECOM UNIT's assigned permanent duty station (PDS).

(3) Previous duty station tour length must meet Time on Station (TOS) requirements or be waived prior to ordering the member to the PRECOM UNIT.

(4) Members assigned to DUTY CFO (accounting category code (ACC): 106) may be entitled to transportation costs from the ship's construction site to the ship's initial assigned homeport (if different than the construction site), or to the area where the dependent(s) (hereafter referred to as family member(s)) are residing per reference (a).

b. Message assigning the initial homeport for the vessel/determination of a "firm" commissioning date of the vessel.

(1) These orders will detach the member from "DUTY CFO" (ACC: 106) with the PRECOM UNIT and direct the member to report to the vessel for "DUTY (ACC: 100) ON BOARD WHEN PLACED IN COMMISSION."

(2) No per diem entitlements exist. PCS entitlements are to the homeport as assigned by Chief of Naval Operations (CNO).

(3) These orders to sea duty meet the Department of Defense (DoD) TOS exemption and no waiver is required.

3. **TEM DU CFO (less than 6 Months)**. A member will be issued one PCS order by NAVPERSCOM when it is determined by the detailer that commissioning date of the vessel will be less than 6 months from the member's EDA at the ship's PRECOM UNIT based on the latest NAVSEA 250-574.

a. When orders are issued "after" the CNO message has been released assigning the ship's initial homeport, the member will be ordered to report to the PRECOM UNIT's unit identification code (UIC) (intermediate activity) for "TEM DU CFO (ACC: 352) AT **(shipbuilding company/yard)**."

(1) Upon detachment from TEM DU CFO, the member will be further ordered to report to the vessel (ultimate activity) for "DUTY (ACC: 100) ON BOARD WHEN PLACED IN COMMISSION."

(2) Per diem cost will incur if the initial homeport of the vessel is not the same as the construction site.

(3) If the initial homeport and construction site are the same, per diem stops as soon as permanent quarters are occupied or on the date the member's assignment is changed from TEM DU CFO,

or temporary additional duty (TEMADD), to DUTY CFO (ACC: 100) per reference (a).

(4) PCS entitlements are to the vessel's initial homeport as assigned by CNO, or a designated place if assigned to unusually arduous sea duty under references (a) and (b).

b. When orders are issued "**before**" the CNO message assigning the ship's initial homeport has been released, the member will be ordered to report to the PRECOM UNIT's UIC (intermediate activity) for "**TEM DU CFO (ACC: 352) AT (shipbuilding company/yard)**."

(1) Upon detachment from TEMDU CFO (ACC: 352), the member will be further ordered to report to the vessel (ultimate activity) for "**DUTY (ACC: 100) ON BOARD WHEN PLACED IN COMMISSION.**"

(2) These orders will reflect "**NHPA**" (no homeport assigned) for the location of the homeport.

(3) Transportation of family member(s) and household goods will **not** be authorized until these orders are modified to reflect the vessel's initial homeport.

(4) **This modification cannot be issued until after the CNO message assigning the vessel's initial homeport has been released.**

(5) Per diem cost will incur if the initial homeport of the vessel is not the same as the construction site.

(6) If the initial homeport and the construction site are the same, per diem stops as soon as permanent quarters are occupied.

(7) PCS entitlements are to the vessel's initial homeport as assigned by CNO, or a designated place if assigned to unusually arduous sea duty under references (a) and (b).

c. Basic/initial orders in these cases may, or may not, include the following statement:

P62031 "DETACHING COMMAND: ADVISE MEMBER THAT "NHPA" FOR HOMEPORT OF (vessel's name and hull number) IS NOT OFFICIAL. ENSURE MEMBER IS ADVISED NOT TO MOVE FAMILY MEMBER(S) NOR SHIP HOUSEHOLD GOODS PRIOR TO ANNOUNCEMENT OF VESSEL'S OFFICIAL HOMEPORT. FURTHER ENSURE MEMBER UNDERSTANDS THAT MOVEMENT OF FAMILY MEMBER(S) AND SHIPMENT OF HOUSEHOLD GOODS TO INTERMEDIATE DUTY STATIONS ARE NOT AUTHORIZED. UPON CNO'S ANNOUNCEMENT OF OFFICIAL HOMEPORT, AN ORDER MODIFICATION WILL BE FORWARDED AUTHORIZING PCS ENTITLEMENTS TO NEW INITIAL HOMEPORT."

d. Immediately upon receipt of CNO's message assigning a homeport location for the vessel under construction, an order modification to previously issued basic/initial orders will be issued. It will include the following statement:

P62038 "ON (date of CNO msg) CNO ASSIGNED (city, state/country) AS THE HOMEPORT FOR (vessel's name and hull number) EFFECTIVE UPON COMMISSIONING. A COPY OF THIS MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS; ALSO TO THE NAVY PASSENGER TRANSPORTATION OFFICE ARRANGING FAMILY TRAVEL."

e. If a member occupies permanent quarters in anticipation of the construction site and the homeport being the same, per diem ceases when the homeport is assigned and it is the same as the construction site.

NOTE: Entitlement to family member(s) transportation is not to exceed the cost of that from the old PDS to the initial homeport unless the vessel will be designated unusually arduous sea duty (reference (b) refers) when commissioned. TEMDU CFO is not considered indeterminate TEMDU under the purview of reference (a).

4. Orders to a Vessel Remaining at the Construction Site for 6 months or more after Commissioning (for Post-Commissioning Work) and the CNO Assigns that Same Site as the Ship's Initial Homeport. Procedures for assigning members to TEMDU CFO (ACC: 352) or DUTY CFO (ACC: 106) are the same as previously specified in paragraphs 2 and 3 of this article.

a. In PCS orders detaching members from DUTY CFO (ACC: 106) and directing them to report for DUTY CFO (ACC: 100) and the

initial homeport assignment location is the same as the PRECOM UNIT (construction site), no PCS entitlements should incur.

(1) In some situations they **may** incur, depending upon decisions made by the member (regarding transportation of family member(s)/household goods) under previous PCS orders to DUTY CFO (ACC: 106).

(2) These orders to sea duty meet DOD TOS exemption and no waiver is required.

b. In orders where the member is directed upon completion of TEMDU CFO (ACC: 352) to report for DUTY (ACC: 100) on board when placed in commission, PCS entitlements, if any, are from the old PDS to the initial homeport (same as the PRECOM UNIT UIC location/construction site).

NOTE: Per diem stops once the member occupies permanent quarters, or on the date the member's assignment is changed from TEMDU CFO (ACC: 352), or TEMADD, to DUTY CFO (ACC: 100).

c. Six months prior to completion of the postcommissioning work, CNO promulgates a homeport "**change**" from the first (initial) homeport (same as the construction site) to the ultimate homeport. When appropriate, members on board will receive a homeport change certificate, which entitles them to a PCS move from the initial homeport (construction site) to the new homeport.

5. Orders to Prospective Commanding Officers (PCOs) of New Construction or Conversion Vessels. PCOs of new construction or conversion ships will be under the cognizance of the appropriate type commander (TYCOM).

a. NAVPERSCOM will direct all PCOs to report (in person or by letter) to their TYCOM for DUTY CFO, TEMDU CFO, or TEMADD CFO, as appropriate.

b. Orders will also direct PCOs to report (in person or by letter) to the supply ship (SUPSHIP) for additional duty, or TEMADD, as appropriate.

c. The TYCOM will be the reporting senior for fitness report purposes.

d. PCOs of new construction surface ships will be ordered to 1 week of TEMDU (ACC: 350) with CNO, Assistant Chief of Naval Operations (Surface Warfare) (N86).

e. A PCO who is performing TEMDU CFO at the same location as the vessel's assigned official homeport location is **not** entitled to per diem.

6. Orders to Members for Duty in Conventionally Powered Surface New Construction/Conversion Ships

a. Members in the **nucleus crew** will be ordered to the ship's PRECOM UNIT located at the construction site (civilian shipyard) and report to Commanding Officer (CO), PRECOM UNIT for DUTY CFO (ACC: 106), or TEMDU CFO (ACC: 352).

b. Members in the **balance crew**, with the exception of the Prospective Executive Officer (PXO), will be ordered to report to the designated Fleet Training Center (FTC) for TEMDU (ACC: 350) precommissioning training.

c. Upon completion of precommissioning training, members of the **balance crew** will be ordered to proceed to the construction site and report to CO, PRECOM UNIT for DUTY CFO (ACC: 106), or TEMDU CFO (ACC: 352).

7. Procedures in Connection with Ship Delivery Slippages. All personnel ordered to TEMDU in connection with precommissioning training at FTCs, or TEMDU CFO (ACC: 352) with the PRECOM UNIT at the construction site, are so ordered with the understanding that **"no period of TEMDU at any one location, from the best information available at the time orders are written, is anticipated to be in excess of 6 months."**

a. When it is officially determined by appropriate authority that a slippage in ship delivery of the vessel will occur, NAVPERSCOM will be notified through the NAVSEA 250-574.

b. To ensure that per diem payments to members assigned to TEMDU (ACC: 352) at FTCs, or TEMDU CFO (ACC: 352), are not suddenly terminated, NAVPERSCOM or CO, PRECOM UNIT/PCO will be responsible for the procedures in paragraphs 8 and 9.

8. New Projected Commissioning Date will exceed 6 Months.

When slippage occurs after personnel have reported for TEMDU (ACC: 352) precommissioning training at FTCs, or TEMDU CFO (ACC: 352) with the PRECOM UNIT at the construction site, and the remaining time from the date the determination is made until the new projected commissioning date will exceed 6 months, NAVPERSCOM **will issue appropriate order modifications** changing the member's status at

a. FTCs from TEMDU (ACC: 352) precommissioning training to DUTY (ACC: 106) commissioning training.

b. PRECOM UNITS from TEMDU CFO from (ACC: 352) to DUTY (ACC: 106).

c. FTCs and PRECOM UNITS. Disband the precommissioning detail in the case of extreme slippage of ship's delivery date.

9. **New Projected Commissioning Date is less than 6 Months**. When slippage occurs after personnel have reported to FTCs for TEMDU (ACC: 352) precommissioning training, or PRECOM UNITS for TEMDU CFO (ACC: 352) and the remaining period of time until the vessel's commissioning, or placement in service (for USNS ships), date is **less than 6 months**, the following procedures apply for

a. **FTCs. NAVPERSCOM will issue appropriate order modifications.** These modifications will either

(1) change the member's status from TEMDU (ACC: 352) precommissioning training to DUTY (ACC: 106) precommissioning training, or

(2) extend present period of TEMDU (ACC: 352) precommissioning training for an additional period (not to exceed 6 months from date of NAVPERSCOM order modification).

b. **PRECOM Units**

(1) PCOs of vessels under construction are authorized, via NAVPERSCOM orders assigning them to TEMDU/DUTY CFO as CO, PRECOM UNIT, to modify NAVPERSCOM orders of military personnel under their command to extend their present period of TEMDU CFO (ACC: 352).

(2) The modification will be an endorsement to members' orders to extend their present period of TEMDU CFO for an additional period not to exceed 6 months from the date of endorsement. The endorsement must include

(a) date the TEMDU CFO is extended.

(b) reason for such extension.

(c) new estimated date of completion of TEMDU CFO (which cannot exceed 6 months or 180 days from the date the TEMDU CFO is extended).

(d) date of CO, PRECOM UNIT's NAVPERSCOM orders granting authority by NAVPERSCOM to modify a member's orders by endorsement.

(3) Copies of endorsement modifications will be forwarded to NAVPERSCOM (the PERS- code indicated in the subject line of the member's orders). The member's detailer will use these copies to manually update the member's master record/file accordingly.

10. **Per Diem Payments.** To account for and protect payments of per diem, orders which specify any kind of TEMDU (including CFO) followed by the words "**FOR APPROXIMATELY _____ DAYS**" must be modified to reflect any additional or expanded period of assignment.

a. This is not necessary for relatively insignificant extensions of 7 days or less when the period of TEMDU or temporary duty under instruction (TEMDUINS) is more than 30 days, or 3 days or less when the period of TEMDU or TEMDUINS is less than 30 days.

b. If any additional slippage of commissioning, or placement in service of USNS ships, date occurs, appropriate actions outlined above will again be required.

MILPERSMAN 1320-322

CHANGE OF HOMEPORT OR PERMANENT DUTY STATION (PDS) OF A VESSEL, SHIP-BASED SQUADRON OR STAFF, OR MOBILE UNIT

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1
------------	---

1. **Policy.** Entitlement to dependent(s) (hereafter referred to as family member(s)) travel and shipment of household goods (HHG) to the old homeport/permanent duty station (PDS) of a vessel, ship-based squadron or staff, or mobile unit **ceases** on the day a member attached to or ordered to the unit is notified of Chief of Naval Operations (CNO) promulgation of a change of homeport or PDS.

a. It is important that members be promptly notified, since family member(s) travel and shipment of HHG made prior to receipt of **written** notification of CNO promulgation does **not** deny the member this entitlement, and reimbursement can be claimed to the old homeport or PDS, and again to the new homeport or PDS.

b. The entitlement homeport/PDS for vessels, ship-based squadrons or staffs, and mobile units is changed within the Total Force Manpower Management System (TFMMS) activity file upon receipt of the CNO promulgation message. Permanent change of station (PCS) orders written before or after the date of CNO's promulgation message require additional wording to ensure the member receives proper authorization for transportation of family member(s) and shipment of HHG.

2. **Orders Issued to Members before Date of CNO Promulgation Message.** PCS orders directing a member to report to a vessel, ship-based squadron or staff, or mobile unit will be modified by Navy Personnel Command (NAVPERSCOM) to include the following statement in the Ultimate Activity Section, Part Two of PCS orders:

P66038 ON (date) CNO PROMULGATED CHANGE OF HOMEPORT/PERMANENT DUTY STATION OF (name of unit) TO (new homeport/PDS). REIMBURSEMENT OF FAMILY MEMBER (S) TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS TO (old homeport/PDS) AS DIRECTED BY COMNAVPERSCOM ORDERS (DTG#/date) NOT AUTHORIZED. SEE NAVSO P-6034-1, PARAS. U5222-D-5, U5222-I, AND U5350-I. A COPY OF THIS ORDER MODIFICATION MUST BE IMMEDIATELY DELIVERED TO THE PERSONAL PROPERTY TRANSPORTATION OFFICE ARRANGING SHIPMENT OF HOUSEHOLD GOODS.

3. Orders Issued to Members after Date of CNO Promulgation Message

a. PCS orders directing a member to report to a vessel, ship-based squadron or staff, or mobile unit, if the new homeport/PDS has not been reflected in the activity file at the time orders are issued, will include the following statement in the Ultimate Activity Section, Part Two of PCS orders:

P66037 ON (date) CNO PROMULGATED CHANGE OF HOMEPORT/PERMANENT DUTY STATION OF (name of unit) TO (new homeport/PDS). REIMBURSEMENT OF FAMILY MEMBER(S) TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS TO (old homeport/PDS) NOT AUTHORIZED. SEE NAVSO P-6034-1, PARAS. U5222-D-5, U5222-I, AND U5350-I.

b. PCS orders detaching a member from a vessel, ship-based squadron or staff, or mobile unit, if the new entitlement homeport/PDS is reflected in the activity file at the time orders are issued, will include the following statement in the Detaching Activity Section, Part Two of PCS orders:

P56036 ON (date) CNO PROMULGATED CHANGE OF HOMEPORT/PERMANENT DUTY STATION OF (name of unit) TO (new homeport/PDS). REIMBURSEMENT OF FAMILY MEMBER(S) TRAVEL AND SHIPMENT OF HOUSEHOLD GOODS FROM (old homeport/PDS) AUTHORIZED. SEE NAVSO P-6034-1, PARAS. U5222-D-5, U5222-I, AND U5350-I.

4. Members on Board at Time of CNO Promulgation Message. When members have less than 12 months remaining on their tours as of the effective date of change of homeport or PDS, their cases will be individually reviewed. Whenever possible, the projected

rotation date (PRD) will be extended in order to have a minimum of 12 months remaining on the tour as of the effective date of change. When it is not feasible to extend the PRD, the cognizant detailee will review each case (coordinating with the commanding officer (CO) as required) to determine if it is more appropriate to permit completion of the scheduled tour or to issue PCS orders.

5. **Homeport Change Certificate.** All members who are attached or assigned on the date CNO promulgates a change of homeport or PDS are entitled to move their family member(s) and ship HHG **except members**

a. **without family member(s) on the effective date of change of homeport or PDS.** The member is entitled to movement of HHG and a motor vehicle.

b. **who have received PCS orders** (including separation or Release from Active Duty (RAD) orders) or received written notification of intended issuance of such orders prior to movement of family member(s) or shipment of HHG.

c. **who have less than 90 days obligated service (OBLISERV)** remaining on the effective date of the change of homeport or PDS.

(1) Separation or RAD orders will be issued.

(2) If the member's services can be spared, the member will be transferred for separation.

(3) If the member's services cannot be spared, the member will be required to accompany the ship to the new homeport, or the mobile unit to its new PDS.

6. **Transportation Authorization.** Upon receipt of the CNO promulgation message of change of homeport or PDS, the CO may issue a PCS travel authorization for the member to proceed to the old homeport and then to the new homeport via any temporary duty (TEM DU)/temporary additional duty (TEM ADD) stations.

a. If the ship or afloat staff is at the old homeport, the member may proceed from the old homeport to new homeport and return to the ship or afloat staff via any TEM DU/TEM ADD stations.

(1) Such authorization will be issued when it is deemed necessary for the member to travel to assist in the movement of family member(s), shipment of HHG, to pick up personal items, or to bring the member's privately owned conveyance (POC) to the new homeport.

(2) This entitlement will expire 1 year from the effective date of the homeport change.

(3) If a member is on leave from a deployed ship or afloat staff whose homeport is changed, refer to reference (a), chapter 5.

b. Travel to and from the authorized destination is treated as separate legs of the journey.

(1) Travel for the other leg of the journey should be directed by government procured transportation.

(2) Members should only be authorized transportation allowances for POC on one leg of the journey as described in reference (a), chapters 4 and 5.

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Para. 5120-D
-------------------	---

1. **Purpose.** To establish continental United States (CONUS) homeport intermediate stops (I-stops) for personnel executing permanent change of station (PCS) orders to and from ships of the operating forces that operate in an overseas area for a contemplated period of 1 year or more. These homeport I-stops will ensure equity in basic allowance for housing (BAH) and other entitlements; and for those units without administrative support on board, proper administrative processing for receiving and transferring personnel executing PCS orders. They will also ensure proper medical screening prior to detachment.

2. **Forward Deployed Commands**

a. Personnel executing PCS orders both to and from the forward deployed operating forces (ships) of the Military Sealift Command (MSC) military departments (MILDEPT) will have I-stops at the homeport included in their orders.

(1) These units have a CONUS homeport, but operate overseas for extended periods. An I-stop at the homeport for personnel transferring to and from these units is usually required. An I-stop at the homeport for personnel transferring from units that have administrative support on board will not normally be needed.

(2) Exhibit 1 lists MSC units requiring homeport I-stops. MSC will update this list as changes occur.

b. If the member concerned, the member's detailee, the receiving or transferring MSC unit, and Military Sealift Fleet Support Command (MSFSC) all agree the homeport I-stop is not needed, either one or both of the I-stops may be eliminated.

c. The homeport I-stops will normally be at MSFSC unless otherwise noted in Exhibit 1. The length of the I-stops will be for 2 working days, unless extenuating circumstances require longer periods. In these cases, a request to extend the I-stop period must be forwarded from the command via MSFSC to Navy Personnel Command (NAVPERSCOM). Use accounting category code (ACC) 350 for each I-stop.

d. Per reference (a), per diem is authorized while at the intermediate duty station if the member is unable to occupy the same permanent quarters occupied while the unit is in port (e.g., lived aboard ship, vacated private quarters before deployment, etc.).

MILPERSMAN 1320-326

PERSONNEL SUPPORT FUNCTIONS FOR NATO SOUTHERN REGION

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

1. **Purpose.** To establish the United States (U.S.) Navy Element, Allied Forces Southern Europe (AFSOUTH) (unit identification code (UIC) 62709)) located in Naples, Italy.

a. U.S. Navy Element, Allied Forces Southern Europe will be an intermediate duty station for personnel reporting for duty to the following activities:

- (1) COMSTRIKFORSOUTH DET VERONA IT (UIC 31587)
- (2) HQ AF SOUTH NCISS LATINA IT (UIC 42072)
- (3) AF SOUTH LCO VERONA IT (UIC 46674)
- (4) HQ 5TH ALLIED TACAIRFOR VINCENZA IT (UIC 64119)
- (5) HQ NAVSOUTH NAPLES IT (UIC 66030)

b. All members shall be ordered via AFSOUTH for 7 days temporary duty (ACC 350) en route to the above UICs.

c. AFSOUTH is a detachment of the Personnel Support Activity (PERSUPPACT), Naples and provides all administrative support for personnel assigned to North Atlantic Treaty Organization's (NATO's) southern region.

d. The 7-day check-in period in Naples will provide sufficient time for the local Personnel Support Detachment (PERSUPP DET) to process travel claims, adjust pay records, and set up accounts in local financial institutions.

e. Each member's service record will be reviewed and updated with clearance; NAVPERS 1740/6 (Rev. 9-06), Department of the Navy Family Care Certificate; NAVPERS 1070/602 (Rev. 7/72), Dependency Application/Record of Emergency Data; and any other required entries.

MILPERSMAN 1321-020

OFFICER FLIGHT ORDERS (NON-AERONAUTICALLY DESIGNATED)

Responsible Office	NAVPERSCOM (PERS-435)	Phone:	DSN	882-3947
			COM	(901) 874-3947
			FAX	882-2756

1. Policy

a. Non-aeronautically designated officers assigned to duty involving flying will be issued DIFTECH orders by Navy Personnel Command (NAVPERSCOM).

b. Officers, except Naval Aviators, may be detailed to duty involving flying to perform essential in-flight duties. A commanding officer (CO) may request NAVPERSCOM to detail officers to perform in-flight duties when the duties

(1) are essential in the execution of the command's mission or in maintaining operational readiness.

(2) cannot be performed by any other member, officer or enlisted, available in the command who is already under orders to duty involving flying.

(3) require the member to participate in frequent and regular flights. For pay purposes, the member shall meet the flight time requirements of a crew member.

c. Officers shall be certified by a flight surgeon as being physically qualified, temperamentally suited, and aeronautically adapted for duty involving flying in connection with indicated flight duties.

2. Request Procedures. Requests shall be submitted via the type commander and such other commands as may be directed by competent authority. Addressees in the chain of command shall familiarize themselves with the respective command needs and make positive comments. Recommendations from the type commander are required for NAVPERSCOM, Aviation Captain Assignment Division (PERS-43) approval.

3. DIFTECH Orders

a. Orders become effective on the day the member reports to the member's CO for duty involving flying and cannot be made retroactive.

b. Orders for non-aeronautically designated officers detailed to duty involving flying shall be requested for a specified period of time necessary to complete a special project of flight evaluation. Such a period of time should be held to an absolute minimum. In any case, all DIFTECH orders shall terminate upon detachment from the command to which assigned.

c. Non-aeronautically designated officers detailed to duty involving flying shall be identified as crew members on all flight reports and certificates.

d. Commands having non-aeronautically designated officers detailed to duty involving flying shall institute procedures to ensure personal supervision of in-flight duties, submission of required reports, and termination of orders to duty involving flying when the justification of such orders is changed or no longer exists.

e. Failure of commands to follow the provisions set forth here will result in termination of orders to duty involving flying as Technical Observer unless sufficient justification is made by the command concerned to warrant continuation of such orders.

4. Termination of Orders to Duty Involving Flying

a. Orders to duty involving flying DIFTECH will be terminated by

(1) change of duty.

(2) change of billet from that upon which orders were justified, even though within the same command.

(3) where the special project for which the orders were issued is terminated.

b. In those cases where an officer requests termination of orders to duty involving flying, or a CO deems it necessary or desirable to terminate an officer's detail to duty involving

flying because of loss of motivation, anxiety, unsatisfactory performance, or similar reasons, the CO shall immediately suspend the member from further flight duties and submit a detailed report, including flight surgeon's comments and recommendations, together with recommendations to NAVPERSCOM via the type commander. Since the correspondence will be made a part of the officer's jacket, a statement by the officer shall be affixed, where appropriate.

5. **Contents of DIFTECH Order Letter**

a. The following sample "DIFTECH Order Letter" provides information on the contents to be used for requesting orders detailing a non-aeronautically designated officer to duty involving flying.

b. A request for orders detailing a non-aeronautically designated officer to duty involving flying shall be made the subject of a message only when circumstances clearly justify such expeditious handling. All messages shall be confirmed by a letter request as outlined above, including a comprehensive description of the in-flight duties involved. Orders, if approved, shall be subject to termination and contingent upon review of the letter request.

6. **DIFTECH Order Letter** (Use the proper letter format containing the following.)

From: Commanding Officer
To: Commander, Navy Personnel Command (PERS-43)
Via: [Type Commander]

Subj: REQUEST FOR ORDERS TO DUTY INVOLVING FLYING (DIFTECH)

Ref: (a) MILPERSMAN 1321-020

Encl: (1) Statement of Flight Surgeon

1. We request that the below named officer be detailed to duty involving flying DIFTECH:
[Grade, full name, branch of service, social security number/designator.]

2. This officer will perform the following in-flight duties:
[Describe in detail, to permit comprehensive review, including specific flying billet the member will occupy.]

3. We request that these orders be effected for the period
[fill-in].

4. We certify that these in-flight duties are essential in the execution of this command's mission and cannot be performed by any other member, officer or enlisted, available in this command who is already under orders to duty involving flying.

5. In the execution of these essential duties, it is certified that this officer will be required to perform regular and frequent in-flight duties.

6. This officer is physically qualified, temperamentally suited, and aeronautically adapted for duty involving flying in connection with indicated flight duties as evidenced by enclosure (1).

[Signature of commanding officer] (This authority shall not be delegated.)

OFFICERS DETAILED TO RECRUITING DUTY

Responsible Office	COMNAVCRUITCOM (N1/N4)	Phone:	DSN	882-9112
			COM	(901) 874-9112
			FAX	882-9151

References	(a) COMNAVCRUITCOMINST 5400.2E, Standard Operating Procedures Manual (SOPMAN)
-------------------	---

1. Responsibility as the Commanding Officer (CO)

a. The CO of a Navy Recruiting District is responsible for the recruitment of men and women who meet the mental, moral, physical, and other specific standards prescribed by Chief of Naval Personnel (CHNAVPERS) in sufficient numbers to meet officer and enlisted personnel requirements of the Active and Reserve components of the United States Navy (USN).

b. The CO shall take every precaution to guard against the enlistment of improper, unsound, or incompetent persons.

2. General Assignment

a. Officers detailed to recruiting duty shall become familiar with all laws and regulations regarding recruitment, commissioning, enlistments, and reenlistments, as well as affiliation with the Navy Reserve.

b. Guidance for the recruiting of officers and enlisted personnel is provided in reference (a).

3. Collateral Duty or Special Duties

a. Officers assigned to Navy Recruiting Districts or Navy Recruiting Stations can be assigned collateral duties. Recruiting personnel should not be assigned special duties such as funeral details, Casualty Assistance Calls Officers (CACOs), line of duty investigations, and apprehension of deserters and unauthorized absentees. **EXCEPTION:** In certain instances funeral details will be required in geographically isolated areas where assignment of Navy recruiters will be the only means of rendering appropriate military honors.

b. Officers assigned to Navy Recruiting Command headquarters or Navy Recruiting Region staffs can be assigned collateral and special duties.

MILPERSMAN 1321-040

DETAIL OF CHIEFS OF STAFF, EXECUTIVE ASSISTANTS, FLAG SECRETARIES, FLAG LIEUTENANTS, AND AIDES

Responsible Office	NAVPERSCOM (PERS-44ES)	Phone:	DSN COM FAX	882-4071 (901) 874-4071 882-9676
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Authorization.** Chiefs of staff, executive assistants, flag secretaries, flag lieutenants, and aides for flag officers are authorized only by Chief of Naval Operations, and entitlement is reflected by billets in manpower authorizations. This authorization is determined concurrently with establishment of each new flag billet.

Note: Officers will be assigned to these types of billets only when a flag officer is occupying the flag billet.

2. **Flag Lieutenant and Aide**

a. The title "flag lieutenant" is authorized for billets on staffs of flag officers in command afloat.

b. The title "aide" is authorized for billets on staffs of flag officers on shore duty.

3. **Wearing of Aiguillettes.** The wearing of aiguillettes is authorized only when the titles indicated below appear in both the billet title and the incumbent's Navy Personnel Command orders:

NOBC	BILLET TITLE
9015	chief of staff
9021	flag lieutenant
9082	flag secretary
9930	executive assistant
9935	aide

MILPERSMAN 1321-050

ASSIGNMENT TO DUTY OF LIMITED DUTY OFFICERS

Responsible Office	CNO (N13)	Phone:	DSN	223-2309
			COM	(703) 693-2309
			FAX	224-1189

1. **Policy**. A Limited Duty Officer (LDO) is not required to qualify as an unrestricted line officer, but is eligible and may apply for the unrestricted line if the member desires.

2. **Duties Assigned**

a. LDOs will be assigned to various watches and collateral duties provided no interference with performance of LDO specialty.

b. Utilization of LDO will be based on designator, not by the member's former rating or warrant.

	MyNavy Portal:	https://my.navy.mil/

Reference	(a) OPNAVINST 5700.7J
-----------	-----------------------

1. **Purpose.** Orders to various programs and assignments require officers to agree to remain on active duty (AD) for a specified amount of time. This article sets forth obligations for officer special programs not covered in other MILPERSMAN articles.

2. **Special Programs With Orders Contingent on AD**

a. **Instructor Pilots, Naval Flight Officers (NFO), and Fleet Replacement Squadron (FRS) Students**

(1) Acceptance of orders to FRS training en route to a warfare specialty squadron incurs an obligation to remain on AD for a period of time equal to a normal squadron tour per [MILPERSMAN 1301-110](#) following completion of FRS training. Officers already under obligation for initial fleet training will continue under the provisions of that agreement or the 36-month stipulation, whichever is longer.

(2) Pilots and NFOs assigned to a squadron who have conducted FRS training and are transitioning to a new type aircraft incur the same obligation as above.

(3) Officers ordered to a flying billet involving an instructor under training (IUT) syllabus incur an agreement to remain on AD for 24 months following the completion of the IUT.

(4) Successful completion of any program that leads to an air combat training continuum level V designation (to include strike fighter tactics instructor (SFTI) level V) constitutes an agreement to remain on AD for 24 months in a sea duty billet at the conclusion of the first shore tour. If fleet replacement training is required, the 24 months will commence upon reporting to the assigned sea duty billet.

b. Pilots and NFOs Assigned to Squadrons Transitioning to New Model Aircraft. All pilots and NFOs assigned to a squadron who accept transition to a new model aircraft mid-tour incur an obligation to remain on AD for 24 months upon completion of training.

c. Officers Accepting Orders to F-35 Joint Strike Fighter (JSF) FRS Training. Acceptance of orders involving the completion of an F-35 JSF FRS transition syllabus, followed by duty as a JSF pilot with a shore-based unit, incurs an obligation to remain on AD for 24 months in a sea duty billet at the conclusion of the JSF shore tour. For an SFTI, this obligation will be completed concurrently with the obligation incurred by an air combat training continuum level V designation.

d. Training and Administration of the Reserves (TAR) Pilots to Initial Training of Fleet Logistics Support Squadron (VR) (C-40, C-20, C-37, and C-130) Aircraft. Acceptance of orders by TAR pilots for initial training in VR aircraft incurs an obligation to remain on AD for a period of 36 months (equivalent to a normal squadron tour), commencing upon completion of the transition training or upon reporting to the ultimate duty station, whichever is later.

e. Exchange Pilots and NFOs. Acceptance of orders to exchange duty involving other than United States Navy functional training in aircraft to be flown incurs an obligation to remain on AD for 24 months following completion of training.

f. Aviation Obligated Service (OBLISERV). Service members will be required to sign a binding contract with Navy Personnel Command (NAVPERSCOM) Aviation Officer Distribution Division (PERS-43), stipulating the obligations in subparagraphs 2a through 2f of this article. To ensure incorporation of the OBLISERV provision in orders for the special programs listed above, the PERS-43 placement officer will specify one of the personalized texts listed below in the Officer Assignment Information System (OAIS) to outline the obligation:

(1) P73009 or P73011 (as appropriate) for replacement pilots or NFOs.

(2) P73011 or P73012 (as appropriate) for instructor pilots or NFOs.

g. Submarine Officer Advanced Course. Submarine officers ordered to Department Head (DH) School for training and subsequent assignment will be issued orders contingent upon a 3-year agreement to remain on AD upon course completion. The agreement will run concurrently with any other OBLISERV previously contracted.

h. Department of Energy Naval Reactors Representative's Office (NAVREACTREPOFC) Staff. Officers ordered to the NAVREACTREPOFC staff will be issued orders contingent upon a 3-year agreement to remain on AD. The agreement will run concurrently with any other OBLISERV previously contracted.

i. Surface Warfare Officer Department Head Course. Officers executing orders to the Surface Warfare Officer Department Head Course constitute an agreement to remain on AD for two afloat DH tours or a single longer DH tour as assigned by NAVPERSCOM Surface Warfare Officer Distribution Division (PERS-41). This obligation is contingent upon completion of the course and commences upon reporting to the initial DH billet and is concurrent with the remaining time required by any prior AD obligation. Refer to the current naval administrative message.

j. Personnel Exchange Programs (PEP). Officers assigned to exchange contract tours must agree to remain on AD for the full PEP tour (24-36 months, depending on the billet; many flying billets are 30-months plus training time, normally 3-6 months). Special security restrictions may apply to officers ordered to exchange or loan program billets, or to officers ordered to Foreign Service colleges to comply with country clearance and status-of-forces agreements. Any such officers must be made aware of their status relative to judicial jurisdiction per reference (a).

k. Officers Accepting Orders to Special Projects Patrol Squadron 2 (VPU-2). All pilot and NFOs accepting orders to VPU-2 incur an agreement to remain on AD for 24-months upon transfer to the squadron.

MILPERSMAN 1321-105

ACTIVE COMPONENT (AC) , INDEFINITE RECALL PROGRAM FOR RESERVE COMPONENT (RC) OFFICERS

Responsible Office	BUPERS-31	Phone:	DSN	882-3482
			COM	(901) 874-3482
			FAX	882-2063

MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) 10 U.S.C. §12301 (b) BUPERSINST 1001.39F (CH-1) (c) OPNAVINST 1210.5B (d) 10 U.S.C. §1251 (e) OPNAVINST 1811.3A (f) NAVMED P-117, Manual of the Medical Department (g) BUPERSINST 1001.40B
------------	--

1. **Policy.** Per reference (a), Selected Reserve (SELRES) and Full-Time Support (FTS) officers of the Navy Reserve Component (RC) may volunteer for "indefinite," also termed as "permanent," recall as a permanent component change from the RC to the Active Component (AC).

2. **Program Definition**

a. **Purpose.** Indefinite recall of RC officers is voluntary, permanent, and designed as a career active duty (AD) program. It is intended to afford qualified and interested SELRES and FTS officers the opportunity to be considered for a permanent component change from the RC to AC. Officers considered for indefinite recall are expected to provide a long-term contribution to the AC and be competitive for promotion with their AC officer counterparts.

b. **Opportunity.** Indefinite recall quotas are limited in number and approved by the Chief of Naval Personnel per the annual fiscal year AD officer accession plan. Quotas are determined by the needs of the Navy, and are allocated to each of the individual communities as requested by each community's

officer community manager (OCM) at Bureau of Naval Personnel (BUPERS), Officer Community Management (BUPERS-31).

c. **Commission, Transition, and Designation.** Officers recalled under indefinite recall orders are issued an AC commission, transitioned from the Reserve active status list (RASL) to the active duty list (ADL), and re-designated permanently from XXX5/XXX7 to XXX0 or from XXX8 to XXX1 for warrant officers.

d. **Promotion.** Upon transition to the ADL, these officers then compete for promotion on the ADL in their new AC designator.

e. **Length.** As this type of recall is permanent, the officer will be issued permanent change of duty station (PCS) orders with a projected rotation date, rather than a specified period of time, as required for temporary recall orders.

f. **Restrictions**

(1) Only SELRES and FTS officers from the Ready Reserve are eligible for indefinite recall orders. Individual Ready Reserve (IRR) and Standby Reserve officers must first affiliate with a Reserve unit as a SELRES/voluntary training unit officer prior to becoming eligible for indefinite recall orders.

Note: This restriction does not apply to Standby Reserve officers selected for the Targeted Reentry Program (TRP). Valid TRP participants will initiate return to ACDU by contacting Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9).

(2) RC officers volunteering for indefinite recall must request recall within their present community (e.g., an RC surface warfare officer (1115 surface warfare officer (SWO) SELRES or 1117 SWO FTS designator) may request indefinite recall to only the AC surface warfare community (1110 designator)).

(3) RC officers may not concurrently apply for both indefinite recall and redesignation into another officer community (e.g., an RC surface warfare officer (1115 SWO SELRES or 1117 SWO FTS designator) may not concurrently request recall and redesignation to AC intelligence officer (1830 designator)).

(a) **Primary Option.** The RC officer must first apply and successfully redesignate within the RC, per reference

(b), prior to applying for an indefinite recall. RC officers applying for indefinite recall from an RC which has no corresponding AC community (e.g., fleet support officer - 1105, strategic sealift officer - 1665) must redesignate within the RC to a community with a corresponding AC community (e.g., a strategic sealift officer would require successful redesignation as an RC surface warfare officer prior to applying for indefinite recall to AC surface warfare).

(b) **Alternate Option.** An RC officer would need to apply for and successfully change components in the officer's current community (i.e., 1115 SWO SELRES to 1110 SWO AC) through indefinite recall prior to requesting a change of AC designator through one of the semi-annual AC lateral transfer and redesignation boards per reference (c) and MILPERSMAN 1212-010.

(4) **Exceptions.** RC officers applying for indefinite recall to an AC community which has no corresponding RC community (e.g., permanent military professor - 1230, cyber warfare engineer - 1840) will be evaluated for eligibility on a case-by-case basis. These exceptions will be reviewed by Head, Navy Reserve OCM (BUPERS-351) and the requested Officer Community Manager OCM (BUPERS-31).

3. **Procedure for Applying**

a. **Recall Opportunities.** Indefinite recall opportunities are determined by the individual OCMs assigned to BUPERS-31.

b. **Submission Request.** RC officers applying for recall submit their recall requests directly to BUPERS-31. Addresses and additional information are posted on the Navy Personnel Command Web site under the [Reserve OCM](#) Web page.

c. **Chaplain Corps (4105).** RC Chaplain Corps officers applying for indefinite recall submit applications via their local Navy officer recruiter and Commander, Navy Recruiting Command (COMNAVCRUITCOM) for consideration.

d. **Documents to Submit.** To be considered for indefinite recall, RC officers must submit the following documents:

(1)	NAVPERS 1331/5 Application for Recall to Extended Active Duty
(2)	Annual Statement of Service History from BUPERS Online
(3)	Last four fitness reports (FITREPs), with no gaps in FITREP continuity permitted. Less than four FITREPs will only be accepted if specifically stipulated by the billet advertisement.
(4)	Last three physical fitness assessment results (from the Physical Readiness Information Management System)
(5)	Military or civilian resumé (optional)
(6)	Letters of recommendation (optional)
(7)	Pertinent qualifications/training (optional)
(8)	Other endorsements/pre-screens as required by community (e.g., ecclesiastical endorsement for Chaplain Corps applicants; nuclear propulsion pre-screen for nuclear power program applicants)

Submission of information requested is voluntary; however, failure to provide all information in the application may result in inability to process the application, or non-selection for the indefinite recall.

e. **Command Endorsements.** Command endorsements must accompany Reserve recall requests and should be from either the applicant's Reserve unit commanding officer/officer-in-charge (CO/OIC), Navy Reserve activity CO/OIC, or supported command CO/OIC.

4. Eligibility Requirements

a. **RC Criteria.** Both SELRES and FTS officers are eligible for indefinite recall. IRR and Standby Reserve officers are ineligible.

b. **Community Criteria.** Eligible RC officers from any community may apply for an indefinite recall.

c. **Rank Criteria.** RC officers applying for indefinite recall are not restricted by rank; however, because of the permanence of the indefinite recall, recall requirements are subject to the rank and year-group needs of the AC community.

d. **Failure of Selection (FOS) Criteria**

(1) **FOS on the ADL.** Officers previously released from the ADL as a result of a FOS for promotion to any grade are not eligible for indefinite recall.

(2) **FOS on the RASL.** Officers with any FOS while on RASL are eligible to apply for indefinite recall, but will be considered only on a case-by-case basis based on community needs, past performance, and future promotability.

e. **Statutory Age/Years of Commissioned Service (YCS)**

Criteria. To be eligible, officers applying for indefinite recall must be able to accrue enough ACDU time to accumulate 20 years of total active service without restriction by a future statutory retirement age or YCS per references (d) and (e). This business rule prevents placing a recalled officer into the unforeseen situation of being permanently recalled back to the ADL and then involuntarily retired due to reaching statutory age or YCS limits without being offered the ability to determine which retirement is more advantageous to the member; regular retirement or non-regular retirement.

5. **Physical Requirements.** Each applicant selected for recall to extended ACDU must meet physical readiness standards as established by reference (f).

6. **Approving Authorities.** BUPERS, Military Community Management Department (BUPERS-3) is the final approval or disapproval authority for indefinite recall applications when there is a unanimous recommendation from BUPERS-31. Assistant Commander, Navy Personnel Command (PERS-4) and Assistant Commander, Reserve Personnel Management Department (PERS-9) are the final approval/disapproval authorities for career management. Applications with non-unanimous recommendations from any of these three major stakeholders are forwarded to Commander, Navy Personnel Command (COMNAVPERSCOM) for final approval.

7. **Processing Time.** Because officers recalled under indefinite recall orders undergo a permanent change from RC to AC and transfer from the RASL to the ADL, the normal processing time is approximately 3 to 5 months. Once an officer is selected for indefinite recall, the Secretary of the Navy approves the appointment by signing an appointment scroll for officers in the grades of ensign, lieutenant junior grade, and lieutenant. The Senate Armed Services Committee approves the appointment by

signing an appointment scroll for officers in the grades of lieutenant commander, commander, and captain.

8. **Service Obligation for Recalled Officers.** Officers indefinitely recalled to AC must agree to remain on active duty for a minimum of 2 years, unless otherwise specified in the PCS orders. The minimum agreement may be for a period of more than 2 years, depending on requirements and or duty station assignment. Officers indefinitely recalled may volunteer and be selected for individual augmentation.

9. **Additional Recall Programs**

a. **Navy Definite Recall Program.** Definite or temporary recall of RC officers is not designed to be a career AD program, but is intended to be a constructive part of an officer's SELRES career which is used to fill gapped or vacant Navy military personnel-funded billets in direct support of AC requirements. Officers recalled under definite recall orders remain on the RASL, retain their Reserve designator, and continue to compete for promotion on the RASL. RC officers interested in volunteering to fill specific advertised definite recall billets should refer to MILPERSMAN 1321-110.

b. **Navy Reserve 3-Year Recall Program.** RC officers interested in volunteering for definite recall to fill specific advertised Navy Reserve personnel-FTS billets should refer to MILPERSMAN 1132-010.

c. **Permanent Recall to FTS.** RC officers interested in applying for permanent recall into the FTS program should refer to MILPERSMAN 1001-020.

d. **Retired Officers Recall.** Retired officers, having retired from the RC or from the AC, who are interested in applying to permanent recall back into the AC Navy should refer to MILPERSMAN 1811-010.

e. **Reserve Canvasser Recruiter.** The Navy Reserve Canvasser Recruiter (CANREC) Program is designed primarily as a temporary recall program for production recruiters to execute the Navy Reserve recruiting mission. RC officers interested in applying for CANREC recall should refer to reference (g).

10. **Additional Information.** For further information on the qualifications, requirements, applications and available quotas,

applicants are encouraged to contact the appropriate OCM within BUPERS-3. Additional information, including OCM contact information may be accessed on the [Program Authorization \(PA\) 110](#) or [Officer Military Community Management](#) Web page on the Navy Personnel Command Web site.

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	------------------	-----------------

References	(a) 10 U.S.C. §12301 (b) OPNAVINST 1900.4 (c) OPNAVINST 1120.9 (d) BUPERSINST 1540.41D (e) SECNAVINST 1800.2 (f) OPNAVINST 1001.27 (g) 10 U.S.C. §12646 (h) NAVMED P-117, Manual of the Medical Department (i) BUMEDINST 1306.72H (j) SECNAVINST 1770.3D (k) SECNAVINST 1850.4E
-------------------	---

1. **Policy.** Per reference (a), Selected Reserve (SELRES) officers of the Navy Reserve Component (RC) may volunteer for a "definite" (also termed as "temporary") Military Personnel, Navy (MPN) funded recall authorization to serve on active duty (ACDU) to fill specific advertised Navy Active Component (AC) Program billets.

2. **Program Definition**

a. **Purpose.** Definite recall of SELRES officers is voluntary and temporary, and is not designed as a career ACDU program. It is intended to be a constructive part of an officer's SELRES career, and is used to fill gapped or vacant Navy military personnel-funded AC billets. Officers recalled under definite recall orders remain on the Reserve Active Status List (RASL), retain their Reserve designator, and continue to compete for promotion on the RASL.

b. **Opportunity.** Definite recall quotas are limited in number and approved by the Chief of Naval Personnel per the annual fiscal year ACDU officer accession plan. Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) and NAVPERSCOM, Reserve Affiliation and Re-Designation Division (PERS-92) will coordinate with NAVPERSCOM (PERS-4) officer detailing and Bureau of Naval Personnel (BUPERS), Officer Community Management Division (BUPERS-31) to manage the distribution of approved quotas to the individual AC communities.

c. **Length.** This type of recall must be for a specified period that will not normally exceed 3 years. Any new definite recall orders in which the officer will perform greater than 1,095-days (3 years) of qualifying ACDU service out of the previous 1,460 days (4 years) requires a waiver from Office of the Chief of Naval Operations, (OPNAV) Military Personnel, Plans, and Policy Division (N13).

d. **Extensions.** Extensions of existing definite Reserve recall orders less than 3 years will be considered on a case-by-case basis in order to ensure no impact to quota availability, AC end-strength, the 1,095-days rule or sanctuary.

e. **Consecutive Orders.** In order to properly manage quota availability, AC end-strength, the 1,095-days rule, separation pay, and sanctuary, SELRES officers are prohibited from executing back-to-back MPN-funded recall orders for the same AC billet requirement without reapplying through the established process for definite recall opportunities. Officers approved for back-to-back MPN-funded recall orders or follow-on orders in support of a separate AC billet requirement may be required to take a break between the execution of the definite recall orders in order to ensure compliance with the 1,095-days rule. A period of active duty service is continuous if any break in service does not exceed 30 days, as stated in reference (b).

f. **Restrictions**

(1) Only SELRES officers from the Ready Reserve are eligible for definite recall orders in response to advertised Reserve recall opportunities. Full Time Support (FTS) officers are ineligible for definite recall orders. Individual Ready Reserve (IRR) and Standby Reserve officers must first affiliate

with a Reserve unit as a SELRES/voluntary training unit (VTU) officer prior to becoming eligible for definite recall orders.

(2) SELRES officers of any designation or community may apply for definite recall, and can apply for recall orders to an AC billet outside of their present community. For example, a SELRES surface warfare officer (1115 designator) can request recall to any advertised definite recall opportunity, and is not limited to only the AC surface warfare community (1110 designator), provided no additional designator requirements exist, and or the officer has the required background expertise.

3. **Procedure for Applying**

a. **Recall Advertisements.** Definite recall opportunities will be advertised through the Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) GovDelivery E-Mail Distribution System, and will be posted on applicable COMNAVRESFORCOM and Navy Personnel Command (NAVPERSCOM) Reserve Recall Web sites.

b. **Submission Request.** With the exception of the Reserve communities listed below, RC officers applying for recall will submit their recall request directly to NAVPERSCOM (PERS-92). Addresses and additional information can be found on the NAVPERSCOM Web site under the Officer Recall Web Page at: <http://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/officers/Pages/Recall.aspx>.

(1) **Medical, Dental, Medical Service, Nurse, and Chaplain Corps.** RC officers in the Medical Corps (2105), Dental Corps (2205), Medical Service Corps (2305), Nurse Corps (2905), and Chaplain Corps (4105) applying for definite recall will submit their application through their local Navy officer recruiter and Commander, Navy Recruiting Command (COMNAVCRUITCOM) for consideration. COMNAVCRUITCOM will forward the application to NAVPERSCOM (PERS-92) for further processing.

(2) **Community Specific Requirements.** Some officer communities (including the Chaplain Corps (per reference (c)) and the Naval Nuclear Propulsion Program (per reference (d)) have unique requirements before recall can be executed. Officer community concurrence may be required before ACDU recall can commence.

c. **Documents to Submit.** SELRES officers requesting definite recall are required to submit the following documents to be considered:

(1)	NAVPERS 1331/5 Application for Recall to Extended Active Duty at: http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx .
(2)	Annual Statement of Service History from BUPERS Online at: https://www.bol.navy.mil/ .
(3)	Cumulative Active Duty Service Statement (reference (e), enclosure (1)).
(4)	Last four fitness reports (FITREPs). No gaps in FITREP continuity can exist. Less than four FITREPs will only be accepted if specifically stipulated by the billet advertisement.
(5)	Last three physical fitness assessment results (from Physical Readiness Information Management System (PRIMS)).
(6)	Military or civilian resume (optional).
(7)	Letters of recommendation (optional).
(8)	16-year waiver or sanctuary waiver request (per reference (f)), only required if expected to go over 16 years (16-year waiver) or 18 years (sanctuary waiver) of total ACDU service during the proposed recall.
(9)	Pertinent qualifications/training (optional).
(10)	Other endorsements as required by community (e.g., ecclesiastical endorsement for Chaplain Corps applicants).

The purpose of submitting all listed documents is to provide a means for an individual to request voluntary recall to ACDU, and the information is used to evaluate the individual's ability to perform the job to which applying. Provision of the information requested is voluntary; however, failure to provide all information in the application may result in an inability to process the application, or non-selection for the recall.

d. **Command Endorsements.** Command endorsements are required to accompany recall requests and should be from either the applicant's Reserve unit commanding officer/officer-in-charge (CO/OIC), Navy Reserve activity CO/OIC, or supported Command CO/OIC.

4. **Officer Requirements for Recall.** Requirements for officers requesting recall are as follows:

a. **RC Criteria.** Only SELRES officers are eligible to apply for definite recall. FTS, IRR, and Standby Reserve officers are ineligible.

b. **Community Criteria.** Eligible RC officers from any community may apply for a definite recall.

c. **Rank Criteria.** RC officers applying for recall will not be restricted by rank, unless specifically delineated in the advertised eligibility requirements.

d. **Failed of Selection (FOS) Criteria**

(1) **FOS on the ADL.** Officers previously released from the ADL as a result of multiple FOSs to promotion to any grade are eligible to apply for definite recalls. These officers will be considered on a case-by-case basis, based on community needs, past performance, and future promotability.

(2) **FOS on the RASL.** Officers with any FOS while on the RASL are eligible to apply for definite recall, but will be considered on a case-by-case basis while based on community needs, past performance, and future promotability.

e. **Sanctuary Criteria**

(1) **Sanctuary Definition.** An RC officer who is on ACDU and is within 2 years of becoming eligible for retired pay may not be involuntarily released from that duty before becoming eligible for that retirement pay, unless the release is approved by the Secretary of the Navy (SECNAV). This period of attaining 18 years of cumulative ACDU is commonly known as entering "sanctuary."

(2) **Sanctuary Policy.** Sanctuary policy for RC officers executing definite recall orders is governed by references (e) through (g).

(3) **Sanctuary Screening.** Reference (f) requires that RC members being considered for a definite recall be screened for sanctuary status by NAVPERSCOM (PERS-92). If predicted to go over 16 years of cumulative total active service during the

period of proposed recall, the organization that desires the RC officer to perform the ACDU must submit either a 16-year waiver or sanctuary waiver (as applicable) to OPNAV (N13). The waiver must be approved prior to the generation of the definite recall orders.

5. **Physical Requirements**. Each applicant selected for recall to extended ACDU must meet physical standards per reference (h).

6. **Application Processing Procedures**

a. **Processing Time**. The normal processing time for applications is approximately 6 weeks.

b. **Criterion**. All applications for definite recall are received by NAVPERSCOM (PERS-92) and are reviewed for compliance with the guidelines in this instruction. All eligible applicants are forwarded to a selection board.

c. **Selection Board**. Selection is by recommendation of a board of officers within BUPERS-3, NAVPERSCOM (PERS-4), and the command requesting the definite recall. The applicant is evaluated based on billet and community needs, previous naval and civilian experience, and past performance. Officers will receive official notification of the decision reached on their recall request.

7. **Approving Authorities**. NAVPERSCOM (PERS-9) is the final approval or disapproval authority for definite recall applications when there is a unanimous recommendation from NAVPERSCOM (PERS-9), BUPERS-3, and NAVPERSCOM (PERS-4). Applications with non-unanimous recommendations will be forwarded to Commander, Navy Personnel Command (COMNAVPERSCOM) for final decision.

8. **Service Obligation for Recalled Officers**

a. **Duration Obligation**. Officers recalled to ACDU under a definite recall will be obligated to remain on ACDU for the duration of the definite recall orders for a period no less than 12 months and normally not to exceed 36 months. Definite recall orders for periods of less than 12 months will not be approved, (nor generated).

b. **Limitations.** Due to the purpose and nature of this Reserve Recall Program, officers recalled and serving under definite recall orders are **not** authorized to be selected for, nor volunteer for, mobilization or individual augmentation. Officers with approved mobilization or individual augmentation orders, and or mobilization assignment status codes will not be approved for recall.

c. **Early Termination.** Officers recalled under definite recall orders are subject to early termination of the recall orders either due to needs of the Navy or due to performance issues exhibited by the officer during the recall.

9. **Medical Hold (MEDHOLD)**

a. MEDHOLD is a SECNAV program managed by MEDHOLD, Line of Duty Healthcare, and NAVPERSCOM, Medical Retention Review Division (PERS-95) to retain RC personnel on orders greater than 30 days beyond the expiration of their existing ACDU orders to obtain medical treatment for an injury, illness, or disease incurred or aggravated on ACDU.

b. RC officers on definite recall orders who are authorized by NAVPERSCOM (PERS-95) for extension on ACDU for medical care will be placed in a MEDHOLD status and transferred from definite recall orders to active duty for training orders per reference (a), paragraph (h) and references (h) through (k).

c. A declination to go on MEDHOLD will be considered as a denial of treatment, in which case the RC officer will be released from the ACDU and may pursue a line of duty entitlement per reference (i).

10. **Additional Recall Programs**

a. **Navy Indefinite Recall Program.** Indefinite recall of Reserve officers is voluntary and permanent, and is designed as a career ACDU program. It is intended to allow qualified and interested SELRES and FTS officers the opportunity to be considered for a permanent component change from RC to AC. RC officers interested in volunteering to fill specific advertised indefinite recall billets should refer to MILPERSMAN 1321-101.

b. **Navy Reserve 3-Year Recall Program.** RC officers interested in volunteering for definite recall to fill specific advertised Navy Reserve Personnel FTS billets should refer to MILPERSMAN 1132-010.

c. **Permanent Recall to FTS.** RC officers interested in applying for permanent recall into the FTS Program should refer to MILPERSMAN 1001-020.

d. **Retired Officers Recall.** Retired officers, whether having retired from the RC or AC, interested in applying to permanent recall back into the AC Navy, should refer to MILPERSMAN 1811-010.

MILPERSMAN 1326-010

TRANSFER OF ENLISTED PERSONNEL ON BUREAU OF NAVAL PERSONNEL ORDERS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

References	(a) DOD 7000.14R, DOD Financial Management Regulation (DODFMR), Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay (b) NAVSO P-6034, Joint Federal Travel Regulations, Volume 1, Uniformed Service Members (c) OPNAVINST 4650.15, Navy Passenger Transportation Manual
-------------------	---

1. Transfer Times

a. Unless otherwise specified, transfers of enlisted personnel directed by Navy Personnel Command (NAVPERSCOM) shall be effected within the following periods:

(1) **From the Transient, Patient, Prisoner, and Holdee (TPP&H) and Student Pipelines or as a result of an immediate graduation, or brig availability report, on date of graduation from training, or on date of release from confinement.** It is recognized that delays may occur in transferring personnel due to the requirement for screenings or portcalls. These tasks should be carried out expeditiously and personnel transferred as soon as possible but not more than 2 working days after completion of these screenings or receipt of portcalls.

(2) **From all shore stations, within 4 days.** Should the month be directed, the actual date of transfer will be at the discretion of the transferring command.

(3) **From all cruising vessels, within 4 days, or before leaving port.** Should the month be directed the actual date of transfer will be at the discretion of the transferring command.

b. Personnel may be held a reasonable time beyond the periods specified above for the purpose of using government conveyance if appreciable savings in government funds is effected.

2. **Awaiting Relief.** Unless the orders so state, enlisted personnel shall not be held to await the reporting of a relief.

3. **Transfer within Same Locality.** When orders are received from NAVPERSCOM directing transfer of an enlisted member who already has been transferred to another vessel in the same locality, the orders shall be forwarded to his present commanding officer (CO) for compliance.

4. **Authorization for Leave or Delay.** When a member has been ordered transferred by NAVPERSCOM, leave or delay en route shall not be authorized without prior authority from NAVPERSCOM.

5. **Drafts.** Whenever practicable, drafts of enlisted personnel will be under the charge of a suitable member or members selected from the draft. If impossible to provide suitable personnel from the members of the draft, officers or enlisted members should be detailed to such duty, preferably from personnel under orders for transfer to duty in the same or general vicinity of the drafts' destination. The members who are in charge of drafts must be given adequate instructions in the performance of the duties that are expected of them and informed fully of their responsibilities.

6. **Proceed Time.** Four days proceed time, exclusive of travel time, is authorized subject to MILPERSMAN 1320-090 governing proceed time in execution of orders.

7. **Rations/Travel Allowances**

a. Separate rations are authorized during proceed time and are chargeable to the same appropriation as the member's pay and allowances (see Table 3-1-5, in reference (a)).

b. Travel and transportation allowances shall be advanced or reimbursed per references (b) and (c). Leave rations for leave granted en route shall be paid by pay directives (see Table 3-1-6, in reference (a)).

8. Prevention of Order Carried Out. If circumstances prevent the carrying out of transfer orders as directed in the orders, or as provided for in this article, COs shall notify NAVPERSCOM immediately.

MILPERSMAN 1326-020

PERMANENT AND TEMPORARY FLIGHT ORDER TO ENLISTED PERSONNEL

Responsible Office	NAVPERSCOM (PERS-404E)	Phone:	DSN	882-3707
			COM	(901) 874-3707
			FAX	882-2642

References	(a) DOD 7000.14-R, DOD Financial Management Regulations (DODFMR), Volume 7A, Military Pay Policy and Procedures Active Duty and Reserve Pay (b) NAVSO P-6048, Department of Defense Military Pay and Allowances Entitlements Manual (DODPM), Part 2 (c) BUPERSINST 1326.4D (d) DJMS Procedures Training Guide (DJMS PTG)
------------	---

1. **Policy**. Chief of Naval Operations (CNO) (N13) determines the total number of enlisted flight billet requirements in the naval aeronautical organization and recommends to Navy Personnel Command (NAVPERSCOM), Aviation Assignment Branch (PERS-404) allocations for temporary flight orders for assignment to naval administrative commanders and manning levels for those personnel on permanent flight orders.

2. **Definitions**

a. **"Crewmembers"** - are individuals who participate regularly in aerial operations and are assigned under a Distribution NEC of 78XX or 82XX. They shall be issued permanent flight orders to Duty Involving Flying/Crewmember (DIFCREW) by NAVPERSCOM for initial assignment and upon subsequent permanent change of station (PCS) when the member is being assigned to flight duties.

b. **"Noncrewmembers"** - (Duty Involving Flying/Temporary (DIFTEM) and special mission) are personnel assigned in a DIFTEM status by NAVPERSCOM for the purpose of training or evaluation prior to being qualified or assigned to a crewmember status, or those personnel assigned in a special mission status in support of command missions as specified under current directives.

Special mission personnel are assigned by local commanding officers (COs) who have been authorized such funding by an appropriate naval administrative commander.

3. **Crewmembers**. The funding and administration of the Naval Aircrew Program for crewmembers is conducted by NAVPERSCOM as follows:

a. Entitlement to crewmember flight pay exists only when DIFCREW is specifically stated in the orders under which the member is serving. Such entitlement is continuous as long as the member meets the flight requirements and the orders specifying DIFCREW remain in effect.

b. Enlisted members who are enrolled in any naval officer procurement program will not be issued DIFCREW orders.

c. Enlisted personnel who are assigned to billets other than those that are aeronautically designated (78XX or 82XX), shall not be issued DIFCREW orders.

d. If a member in a DIFCREW status is transferred to a medical facility for treatment, DIFCREW orders shall remain in effect with pay entitlements being based on the provisions of reference (a). It is emphasized that this is the only time that DIFCREW orders may be carried forward on a PCS transfer without specific authorization by NAVPERSCOM. Commands must include the DIFCREW authorization in the transfer directive and notify NAVPERSCOM (PERS-404) immediately of such transfers including this authorization. This authorization does not include assignments to limited duty (LIMDU).

e. Members assigned to 6 months LIMDU shall be authorized DIFCREW orders by NAVPERSCOM only if it can be reasonably expected that member will be eligible to return to full flight duties at the completion of the LIMDU assignment. In that these provisions allow for "embarked" flight time entitlements under the provisions of references (a) and (b), DIFCREW shall not be authorized for consecutive assignments to or extensions of LIMDU, which exceed 6 months. If it is determined that a member shall not be returned to flight duties, DIFCREW shall not be authorized.

f. DIFCREW orders shall terminate upon PCS transfer if specific authorization is not included in the transfer directive. Accordingly, commands shall ensure the accurate and

proper preparation of NAVCOMPT 536 (Rev. 12-79), Standard Transfer Order to prevent unnecessary financial hardship on the individual.

4. **Noncrewmembers**. The funding and administration of the Naval Aircrew Program for noncrewmembers is conducted by NAVPERSCOM as follows:

a. DIFTEM and special mission, noncrewmember orders are applicable only at the command to which a member is attached while performing flying duties. Enlisted flight orders (DIFCREW, special mission, and DIFTEM) remain in effect if a member is discharged and reenlisted on board without a break in active service unless orders are sooner cancelled.

b. Naval aviation administrative commanders may allocate only special mission temporary flight orders to individual activities or units. Activity or unit commanders are not authorized to exceed the limitations established by the controlling allocation managers.

c. Special mission flight orders shall be issued only to those enlisted members whose duties require participation in aerial flights to perform in flight functions that cannot be performed by other members already under flight orders and shall be applicable for the period of time so assigned to such duties.

d. Members shall not be assigned to DIFCREW orders and noncrewmember orders concurrently.

5. **Incentive Pay for Aviation Duty (Noncrewmembers)**. To become entitled to incentive pay for aviation duty, members shall meet all the requirements contained in reference (c) and one of the following conditions:

a. Be ordered to duty involving flying by NAVPERSCOM on permanent flight orders (DIFCREW). DIFCREW orders become effective on and after the date the member initially reports for and under competent orders, subject to meeting flight requirements. This shall occur when an individual first reports to an aviation facility having aircraft, when inflight training commences and continues from that date without interruption as long as the member remains qualified and assigned to flying duties.

b. Be ordered to temporary duty involving flying for special mission purposes by orders signed by the CO, the acting CO, or by the officer in charge (OIC) of a deployed unit or detachment has been delegated authority to sign by the CO. Special mission orders may be signed "by direction". They shall be in writing. If emergency conditions necessitate issuing verbal orders, they shall be confirmed in writing as soon as possible.

c. Be ordered to temporary duty involving flying (DIFTEM) by NAVPERSCOM for purposes of training for a valid aircrew billet, prior to being assigned a Distribution NEC of 82XX and for a period not to exceed 18 months. Commands shall report expenditures monthly per reference (c).

d. Members shall meet the minimum requirements for actual flying contained in reference (a) and related directives.

e. Procedures for the activation, suspension, and termination of Aviation Hazardous Duty Incentive Pay (HDIP) are contained in reference (d).

MILPERSMAN 1326-021

NAVY ENLISTED RESERVE COMPONENT (RC) TO ACTIVE COMPONENT (AC) AUGMENTATION PROGRAM

Responsible Office	NAVPERSCOM	Phone:	DSN	882-4343
	(PERS-92)		COM	(901) 874-4343
			FAX	(901) 874-2910
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone Toll Free:	1-866-U ASK NPC	
References	(a) NAVSO P-6034, Joint Forces Travel Regulations (JFTR)			

1. **Policy**. To fill active component (AC) community needs, enlisted Sailors may be directly accessed from the Reserve component (RC). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC.

a. The term "augmented" Sailor refers to an individual who is transferred from the RC to the AC. Since this is a voluntary program, the member must initiate the request to augment in response to an advertisement drafted by the appropriate enlisted community manager (ECM).

b. Augmentation accessions as addressed in this article are distinguished from temporary definite recalls in that an augmented Sailor is transferred to the AC to fill **active enlisted community shortfalls**, while a Sailor recalled for a definite period remains in the RC, but is issued Active Duty recall orders to fill a specific **billet vacancy for a specific duration**, generally, 1 to 3 years. The AC Augmentation Program is designed as a potential career **active** component program, while the Definite Recall Program is intended to enhance a Sailor's **Reserve** career.

2. **Purpose**. This article sets forth basic eligibility criteria and application procedures for the Navy enlisted RC to AC Augmentation Program.

3. **Eligibility**. Members of the RC (including selected Reserve (SELRES), voluntary training unit (VTU), and variable

participation unit (VPU) Sailors) are eligible to apply. Active status pool individual ready Reserve (ASP IRR) members are encouraged to affiliate with their local Navy Reserve activity (NRA) VTU to establish the medical and physical readiness history required for program eligibility. Applicants must meet the following criteria to be considered for AC augmentation:

a. **Physical Readiness.** Applicants must have passed all components of the most recent physical fitness assessment (PFA) cycle and cannot have more than two PFA failures in the most recent 3-year period during which the member was a participant.

b. **Medical and Dental Readiness.** Member must be fully medically ready as documented in the Medical Readiness Reporting System. In addition, any manpower availability status and or physical risk classifications which identify medical or dental limitations must be resolved and cleared.

c. **Currently or Previously Held Rates.** The member can apply for advertised augmentation opportunities in current or previously held rates.

d. **High Year Tenure (HYT).** Applicants cannot be within 3 years of their AC HYT dates as outlined in MILPERSMAN 1160-120 and based upon their adjusted Active Duty service date (ADSD). No HYT waivers for AC augmentation applicants shall be authorized.

e. **Year Group (YG).** Applicant must be within the YG called for in the advertised opportunity. YG is the fiscal year in which a Reserve member's adjusted ADSD falls. Members can calculate their YG by using the example in Exhibit 1. All prior periods of active service shall be included in the calculation (e.g., mobilization, Active Duty for special work (ADSW), Active Duty for training (ADT), annual training (AT), recall including canvasser recruiter (CANREC), and AC service time).

f. Any other criteria specified by the applicable enlisted AC community manager.

4. **Advertisement Procedures.** AC ECMS will draft advertisements using the format in Exhibit 1 and forward to Commander, Naval Reserve Forces Command (COMNAVRESFOR) (N31) for dissemination via the GovDelivery Distribution System and or other methods as available.

5. **Application Procedures.** Only those applications that are submitted in response to an advertised AC community requirement and received by the published deadline will be considered. Incomplete or late packages will not be reviewed.

a. Reserve Sailors volunteering for an advertised AC augmentation opportunity shall submit completed packages (using format in Exhibit 2) to Navy Personnel Command (NAVPERSCOM), Affiliation and Re-Designation Division (PERS-92) via their unit and NRA commanding officer (CO).

(1) Unit CO endorsement should address military qualifications, experience, and performance that would be relevant to the selection process.

(2) NRA CO endorsement; at a minimum, **must** include certification that the applicant meets security clearance, medical and dental readiness, and physical readiness eligibility criteria for augmentation to the AC.

b. NAVPERSCOM (PERS-92) will review application packages for completeness and confirm the packages are submitted in response to an advertised requirement.

6. **Selection Procedures.** All complete applications received by the advertised deadline will be screened prior to being considered by the selecting authority.

a. NAVPERSCOM (PERS-92) will submit all packages which meet the required eligibility criteria to the appropriate AC ECM. NAVPERSCOM (PERS-92) will notify the unit or NRA COs concerning ineligible Sailors.

b. The ECM will make the selection decision(s) based upon a "fully and best qualified" standard. Factors that support this standard include rating proficiency, performance history, education, experience, and time in rate. Sailors must have demonstrated the ability and knowledge to successfully perform the functions of the rating being advertised. This will normally be accomplished by reviewing the applicant's service record, but may be augmented by reviewing other service evaluations, proof of qualifications and certifications not in a service record, and or a civilian resumé.

c. The AC ECM will notify selectees by letter and copy their unit or NRA and prospective AC detailer. The letter shall

contain a "re-enlist no later than date" and the AC detailer contact information.

d. AC ECMs will notify the unit or NRA COs concerning non-selects by e-mail.

7. RC to AC Transition Procedures

a. Upon receipt of the selection letter from the AC ECM, the selectee's prospective AC detailer will work with the appropriate NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013) rating specialist and placement coordinator to find an appropriate billet for the member based on preferences and the needs of the Navy. The AC detailer will contact the member to negotiate such assignment possibilities.

b. Upon receipt of the selection letter from the AC ECM, the NRA shall contact the member to confirm he or she desires the augmentation to AC. Upon confirmation, the NRA shall submit the AC reenlistment document request to the local personnel support detachment (PERSUPP DET).

c. The local PERSUPP DET will generate the AC reenlistment agreement and send it to the NRA. Once executed, the NRA shall transmit the agreement to the local PERSUPP DET and confirm that the master military pay account has been established.

d. Once gained to the AC, the appropriate detailer will draft the member's orders to include intermediate stops and appropriate accounting classification codes.

e. Upon execution of orders, the local servicing PERSUPP DET will process the loss transaction. The gaining servicing PERSUPP DET will process the gain transaction once the member reports.

8. Other Considerations

a. **Advancement.** Sailors selected for AC augmentation will be subject to AC advancement quotas and (if eligible) take the AC Navy wide advancement exam.

b. **Rotation.** Since augmentation results in the member becoming an AC asset upon transfer, he or she will be issued change of duty station orders with a planned rotation date vice release from Active Duty date per rating sea-shore flow policy.

Such orders will include entitlements associated with a permanent change of station move per reference (a).

c. **Selective Reenlistment Bonus Eligibility (SRB).**
Augmented members are **not** eligible for SRB.

d. No Active Duty retirement guarantee. Although augmentation allows enlisted Sailors an opportunity to earn an Active Duty retirement, it does not guarantee it. As a member of the AC, an augmented member is subject to applicable force-management policies and statutory limitations which may preclude the ability to earn 20 or more years of qualifying Active Duty service. Such policies and statutory limitations may result in the member's involuntary release from Active Duty before earning regular retirement eligibility. A member released from Active Duty, due to force-management policies, may apply for SELRES quotas or affiliate with the VTU, ASP or VPU to continue a career in the RC.

Warfare Qualification: (if required)

Required NEC(s): (if required)

Security Clearance Eligibility Requirement: (as applicable)

Number Required: (number of vacancies to be filled)

Application Due Time and Date: (1200 CST, DD MMM YYYY)

Selection Notification Date: (30 days after application due date)

Start Date: (approximate change of duty orders month and year for first AC duty station orders)

Additional Criteria/Special Qualifications: (additional detail provided by enlisted AC ECM)

Application Procedures:

1. Interested Sailors shall apply by letter to NAVPERSCOM (PERS-92) via their Reserve unit and Navy Operational Support Center (NOSC) commanding officer (CO) using the application cover letter format in MILPERSMAN 1326-021.

2. Completed applications should be scanned and e-mailed to PERS92-Recall@navy.mil. Subject of e-mail must read:

"Navy Enlisted Reserve Component (RC) to Active Component (AC) Augmentation Application ICO (Rate Name)"

How to Calculate your adjusted Active Duty service date (ADSD) and resulting year group (YG). See MILPERSMAN 1000-030 for definition of ADSD. The year group is the fiscal year in which an adjusted ADSD falls. To determine your adjusted ADSD and YG, follow these steps:

1. Total all active service time, including active component (regular Navy) service, mobilization, ADSW, ADT, AT, CANREC, and voluntary recall. **Do not include drills** (inactive duty training (IDT), inactive duty training travel (IDTT)), or funeral honors) **in this calculation**. Add 1 day as an inclusive day.
2. Subtract the total active service time calculated in Step 1 from the opportunity Start Date listed in the advertisement.
3. The resulting year, month, and day is your ADSD.
4. The fiscal year in which the date in Step 3 falls is your YG.

Example: Advertised start date of opportunity: **1 February 2013**

Step 1: Total all prior active service time.

6 years 1 month 19 days	Active Component (Regular Navy)
1 year 0 months 0 days	Mobilization
0 years 0 months 46 days	AT (Two 15 day and one 16 day ATs)
0 years 6 months 0 days	ADSW
3 years 0 months 22 days	CANREC Recall
0 years 0 months 1 day	Inclusive day
10 years 9 months 28 days	Total active service time

Step 2: Subtract the time calculated in Step 1 from the advertised start date of the opportunity.

13 02 01	Start Date (1 Feb 2013)
- 10 09 28	Active Service Time (10 years 9 months 28 days)
02 04 03	Adjusted ADSD (3 Apr 2002)

Step 4: Because the adjusted ADSD is in 2002, the **YG is 2002**. If the adjusted ADSD fell in October, November, or December of 2002, the YG would have actually been 2003 since it is based on fiscal year.

Exhibit 2
Enlisted Augmentation Request Application Template/Format

From: Rate First M. Last, USN
To: Commander, Navy Personnel Command (PERS-92)
Via: 1) Commanding Officer, [Navy Reserve Unit XXX]
2) Commanding Officer, [NRA]

SUBJ: APPLICATION FOR AUGMENTATION TO THE ACTIVE COMPONENT ICO [RATE NAME]

Encl: 1) Four Most Recent Observed Evaluations
2) Military/Civilian Resume (optional)
3) Letters of Recommendation (optional)
4) Evidence of Relevant Education/Training/Qualifications (optional)
5) Other Information as Requested by the Specific Billet
Advertisement.

1. I hereby apply for augmentation to the active component.

2. My current contact information is as follows:

Address:
City, State, Zip Code
Phone Number 1:
Phone Number 2: (if applicable)
E-mail Address 1:
E-mail Address 2: (if applicable)

3. My adjusted ADSD and YG as calculated using the instructions in the advertisement are as follows:

Adjusted ADSD: DD MM YY
Year Group: YY

4. Enclosures (1) through (x) are provided in support of this application and by my signature, I certify that the following statements are true to the best of my knowledge:

I have no medical condition or legal status that would preclude my recall to Active Duty or limit my assignment availability.

If selected for this augmentations, I agree to execute a new enlistment agreement.

5. (additional information applicant wishes to be considered).

OFFICER APPLICATIONS FOR INFORMATION WARFARE DUTY ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-472)	Phone:	DSN	882-4079
			COM	(901) 874-4079
			FAX	882-2739

References	(a) SECNAVINST 5510.30A
-------------------	-------------------------

1. **Eligibility**. Line Officers of the Regular Navy and Navy Reserve are eligible to apply for duty with the Information Warfare (IW) community.

2. **Qualifications**. IW officers develop Information Operations and signals intelligence competencies through a series of challenging sea, shore, and educational tours. Applicants must have a bachelors degree, preferably in engineering, science, mathematics, operations research, physics, information warfare, or computer science. Further consideration will be given to officers who are proficient in Asian, Slavic, or Middle Eastern studies and languages, to include 4 years of documented college language training or a Defense Language Proficiency Test (DLPT) score of level 3 or above in listening, reading, and speaking. IW Limited Duty Officers within 6 months of completing bachelors degree will be considered if documented progress from the certifying institution is included in the officer's application.

3. **Security Clearance**. Applicants must be eligible for access to Sensitive Compartmented Information (SCI) based on a Single Scope Background Investigation (SSBI) completed not more than 4 years before the year of application. Prospective applicants must also be willing to take a counter-espionage polygraph examination. Applicants not possessing the requisite access authority and clearance must include a personnel security questionnaire (SF-86 (9-95), Questionnaire for National Security Positions) (Background Investigation (BI)/Special Background Investigation (SBI)) per reference (a) in their application package.

4. **Request Procedure**. Applicants volunteering for IW duty shall submit a request through their respective assignment officer at Navy Personnel Command (NAVPERSCOM) (copy to Information Warfare Branch (PERS-472)) per MILPERSMAN 1212-010.

5. **Assignments**. Officers selected for duty with the IW community can expect assignment worldwide in a variety of billets afloat and ashore and must be fully qualified for operational sea duty as per MILPERSMAN 1300-800.

6. **Designators**. IW officers will be assigned the 1640 designator initially. Upon completion of the IW Qualification Program and Commanding Officer certification, newly accessed officers will be designated 1610.

NAVY CHAPLAIN CORPS (CHC) OFFICER CAREER STATUS

Responsible Office	OPNAV (N097)	Phone:	DSN COM	312-224-4437 703-614-4437
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) SECNAVINST 1730.7E (b) OPNAVINST 1120.9B (c) DoD Instruction 1304.28 of 12 May 2021 (d) SECNAVINST 1920.6D (e) OPNAV (N13) memo 1212 N13 of 18 Oct 23 (f) Chief of Chaplain Instruction (COCINST) 5351.1 (g) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications, Volume I, Major Code Structures
-------------------	---

1. **Purpose.** This article governs the procedures for chaplains to inform the Navy of their intent to serve beyond their initial 3 years of active duty (AD) and request approval for continued service.

2. **Background.** Per reference (a), chaplains serve under two authorities:

a. Religious Organization (RO). ROs provide an initial 3-year endorsement which allows for a review of their chaplains' service after 3 years to decide whether or not they will serve indefinitely.

b. Department of the Navy (DON). The Chief of Chaplains, under the role of Director of Religious Ministry for the DON, certifies chaplains and, by means of a career status board, decides whether to allow them to serve indefinitely.

3. **Navy Chaplain Corps (CHC) Officer Career Status Board**

- a. A CHC officer career status board will be held annually.
- b. Failure of a chaplain to apply or be selected by the CHC Officer Career Status Board may subject the officer to involuntary release from AD per references (b) through e and [MILPERSMAN 1920-250](#). Reference (e) establishes probationary officer continuation and redesignation board business rules.

4. **Determining CHC Officer Career Status Board Eligibility.**

Chaplains must serve a minimum of 2 years following entry on AD to be eligible for the CHC Officer Career Status Board. Chaplains will be assigned to the first board that convenes after their second calendar year on AD, calculated from the current active duty date gained.

5. **Responsibilities**

a. Chaplains:

(1) Must request their ecclesiastical endorsing agent send a signed [DD 2088](#) Statement of Ecclesiastical Endorsement for "extended active duty - indefinite," block 21(4)(b);

(2) Must request a written recommendation from their current commanding officer (CO) concerning their potential for continued service within the DON;

(3) Must request a written recommendation from their senior supervisory chaplain, per reference (a);

(4) Must request a written recommendation from their supervisory chaplain, per reference (a);

(5) May contact Navy Personnel Command Chaplain Corps Officer Branch (PERS-4414) for guidance if they do not have a senior supervisory or supervisory chaplain;

(6) Must notify Bureau of Naval Personnel CHC Officer Community Manager (BUPERS-316) at least 30 days prior to the convening of the CHC Officer Career Status Board of their intent to remain on AD (see exhibit 1); and,

(7) May respond to adverse information contained in recommendation letters by providing a letter to the board via BUPERS-316 no later than 10 days prior to the convening of the CHC Officer Career Status Board.

b. COs:

(1) Must make a specific recommendation concerning the continued service of chaplain(s) assigned to their command, see exhibit 2. COs must not base their recommendations on their own personal religious beliefs or lack thereof. Reference (a) provides further guidance for assessing the chaplain's professional demeanor. The recommendation, written on command letterhead, must specifically state whether, in the CO's opinion, the chaplain:

(a) Has effectively adapted to military life,

(b) Has demonstrated pay grade-appropriate skills as a staff member and or as a supervisor, and

(c) Should continue to serve based on professional performance and character.

(2) Must submit their written recommendations, utilizing exhibit 2, to BUPERS-316 at least 30 days prior to the convening of the CHC Officer Career Status Board.

c. Office of the Chief of Naval Operations Chief of Chaplains, Director of Manpower (OPNAV N0971):

(1) Track receipt of [DD 2088](#) for all chaplains being considered by the CHC Officer Career Status Board; and,

(2) No earlier than the convening of the CHC Officer Career Status Board, begin the administrative separation process, per [MILPERSMAN 1920-250](#), for loss of professional qualifications for all chaplains who failed to obtain or submit the CHC officer career status required board items described in subparagraphs 5a(1) through 5a(4) and 5a(6) of this article.

d. Senior Supervisory Chaplains and Supervisory Chaplains:

(1) Provide specific recommendations concerning a chaplain's continued service, see exhibit 3. He or she must not

base his or her recommendation on his or her own personal religious beliefs. Further guidance for assessing the chaplain's professional comportment is contained in references (a) and (f). The recommendations must specifically state whether the chaplain:

(a) Has made a good faith effort to balance the tenets of the chaplain's RO with the requirements of the military;

(b) Has delivered pay grade appropriate religious ministry, especially as it relates to provision, facilitation, care, and advisement, per reference (a);

(c) Has contributed to the common culture and has embraced the shared values of the Professional Naval Chaplaincy Community per reference (f); and,

(d) Should continue to serve based on professional performance and character.

(2) Submit recommendation letter, utilizing exhibit 3, to BUPERS-316 at least 30 days prior to the convening of the assigned career status board.

(3) As a supervisory chaplain, per references (a) and (f), discuss any items highlighted in the recommendation letter with the CHC Career Status Board eligible chaplain prior to submitting the recommendation letter to BUPERS-316.

e. BUPERS-316:

(1) Inform those chaplains, whose names will appear before the annual board, no later than 1 May of the following:

(a) Convening date of the board,

(a) Submission requirements, and

(b) Specific due dates for submitting packages to the board.

(2) Coordinate with OPNAV N0971 for verification of updated [DD 2088](#) for all chaplains being considered by the CHC Officer Career Status Board;

(3) Compile chaplain's letter of intent and recommendation letters from the CO, senior supervisory chaplain and supervisory chaplain for each chaplain being considered by the CHC Officer Career Status Board;

(4) Liaison with OPNAV N0971, PERS-4414, senior supervisory chaplains, or supervisory chaplains to obtain required items that were not received 30 days prior to the convening of the CHC Officer Career Status Board;

(5) No earlier than 9 days prior to the convening of the CHC Officer Career Status Board, notify OPNAV N0971 and PERS-4414 of all incomplete packages.

6. **Means of Submitting Correspondence**

a. E-mail Submission Guidelines. All correspondence to BUPERS-316 should be sent via e-mail pursuant to the timelines set forth in paragraph 5 above. BUPERS-316's contact information may be obtained at <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Officer/Active-OCM/Staff-Corps/Chaplain-Corps/>.

b. United States Postal Service (USPS) Mail Submission Guidelines. Alternatively, correspondence to BUPERS-316 may be mailed via USPS to the following address:

Bureau of Naval Personnel (BUPERS 316) Chaplain Corps Officer Community Manager 5720 Integrity Dr., Bldg. 453 Millington, TN 38055

7. **Recommendation for Continued Service or Separation**

a. Continued Service. Recommendations for continued service must be accompanied by career status screening code entry "51S", by PERS-4414, in the Service member's electronic service record (ESR) per reference (g).

b. Separation

(1) Recommendations for separation due to withdrawal of ecclesiastical endorsement must be processed per reference (d) and [MILPERSMAN 1920-250](#).

(2) Recommendations for separation due to misconduct must be processed per reference (d).

(3) Recommendations against continued service in the CHC due to failure to meet professional standards per references (b), (c), and (f) must be referred to a probationary officer continuation and redesignation board per reference (e). The chaplain's ESR must not be marked with the career status screening code. Additional probationary officer continuation and redesignation board information and reference (e) may be obtained at <https://www.mynavyhr.navy.mil/Career-Management/Boards/Administrative/POCR/>.

ADVANCEMENT EXAM READINESS REVIEW (AERR)

Responsible Office	NETPDC (N33)	Phone: DSN COM	753-6169 (850) 473-6169
Point of Contact	Fleet Liaison	E-mail	sfly_netpdc_aerr@navy.mil
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

Reference	(a) BUPERSINST 1430.16F
------------------	-------------------------

1. **Purpose.** This article provides policies and procedures for developing advancement examinations through the advancement examination readiness review (AERR) process, and outlines the requirement for selecting fleet subject matter experts (FSME) to conduct an AERR. Upon completion, an AERR produces the required advancement examinations and products to support the Navy Enlisted Advancement System.

2. **Designation.** Naval Education and Training Professional Development Center (NETPDC) oversees the development of Navy enlisted advancement examinations and the execution of AERRs.

3. **Background.** The enlisted advancement process involves the development and administration of examinations consisting of multiple choice questions which measure occupational rating and professional military knowledge. Each occupational examination consists of 175 in-rate questions. Questions are developed by selected chief, senior chief, and master chief petty officers who take part in the AERRs. These FMSEs provide essential content knowledge and expertise that is not resident within NETPDC, and therefore, FMSEs are crucial to the success of enlisted examination processes. FMSEs should reflect the entirety of the rating to include major platforms, Navy enlisted classifications, and the future direction of their respective ratings. AERRs are typically 1 to 2 weeks in length, conducted every 1 to 2 years, and funded by NETPDC. The AERR process is designed to cover a wide diversity of rating experience and

expertise. The condition of each rating examination is directly dependent upon the quality of content produced by the FSMEs.

4. Responsibilities

a. **Type Commander (TYCOM)/Rating Resource Sponsor.**
Responsibility for the recruitment, identification, and selection of FSMEs for AERR panels is assigned to the rating sponsor listed below:

TYCOM/Rating Resource Sponsor	Responsible for Rates
Chief of Chaplains	RP
Commander, Naval Air Forces	ABE, ABF, ABH, AC, AD, AE, AM, AME, AO, AS, ATI, ATO, AWF, AWO, AWR, AWS, AWV, AZ, PR
Commander, United States Fleet Forces	MA, NC(C)
Office of the Judge Advocate General of the Navy	LN
Commander, Naval Supply Systems Command	CS, LS, SH
Commander, Naval Surface Force (COMNAVSURFOR)	BM, DC, EM, EN, ET, FC, FCA, GM, GSE, GSM, HT, IC, MM, MN, MR, OS, QM, STG (see note below)
Commander, Navy Recruiting Command	NC(R)
Commander, Submarine Forces (COMSUBFOR)	CSS, ETR, ETV, FT, ITS, LSS, MMA, MMW, MT, STG (See note below), STS, YNS
Commander, Naval Information Forces	AG, CTI, CTM, CTN, CTR, CTT, IS, IT
Commander, Naval Sea Systems Command (08)/Naval Reactors	EMN, ETN, MMN
Commander, Naval Special Warfare Command	SB, SO
Chief, Bureau of Medicine and Surgery	HM
Navy Chief of Information	MC
Commander, Navy Expeditionary Combat Command	BU, CE, CM, EA, EO, EOD, ND, SW, UT
Commander, Navy Personnel Command (PERS-2)	PS
Commander, Navy Personnel Command (PERS-4)	YN

United States Navy Band	MU
-------------------------	----

Note: COMNAVSURFOR is assigned as the lead for the STG rating. However, because STGs work in both the surface and submarine environments, COMNAVSURFOR and COMSUBFOR should coordinate closely in FSME identification to ensure proper rating representation at each AERR.

b. TYCOM/Rating Resource Sponsor will:

(1) designate in writing a representative who will solely be responsible for managing recruitment and selection of AERR candidates for each respective rating under their cognizance, and

(2) review all AERR candidates and select the appropriately qualified number of FSMEs for the scheduled AERR, plus two alternates. AERR nominees must

(a) be advanced to the enlisted pay grade of E-7 or above. Frocked E-7 candidates will be considered with a strong endorsement from the candidate's chain of command;

(b) be recommended by their commanding officer or officer in charge;

(c) have no relative, by blood or marriage, eligible for advancement for the rating AERR for which they are applying;

(d) have a "MUST PROMOTE" or "EARLY PROMOTE" on their latest periodic evaluation, and no adverse evaluation as a chief in the last 3 years. A waiver may be granted by NETPDC for a "PROMOTABLE" evaluation;

(e) be within the Navy body composition standards, and have passed the most recent physical fitness assessment;

(f) not have a fleet reserve, retirement, or high-year tenure date within 1 year of the scheduled AERR. A waiver may be granted by NETPDC based on rating needs;

(g) have an active security clearance (if required) by the rating; and

(h) be stationed within the continental United States. A waiver may be granted by NETPDC for overseas nominees based on availability of funding and valid bona fide occupational qualification.

c. **NETPDC.** Responsible for AERR scheduling, FSME processing and travel, conducting AERRs, and developing advancement examinations.

(1) **Scheduling.** Per reference (a), NETPDC will

(a) develop and post schedules for AERRs;

(a) maintain an annual AERR schedule on MyNavy Portal at: <https://www.mnp.navy.mil/group/navy-advancement-center/mycpo>; and

(b) submit a quarterly naval administrative message (NAVADMIN) to Chief of Naval Personnel, announcing upcoming AERRs in advance of panel convening dates.

(2) **FSME Processing and Travel.** NETPDC will

(a) send an AERR information package to FSMEs who have been selected by their rating resource sponsor. The package provides the information needed to establish travel and lodging and verify a security clearance, and

(b) process all waiver approvals in an expedient manner.

(3) **Conducting AERRs.** Once an AERR commences, ensure the panel of FSMEs follow a structured syllabus that encompasses advancement examination reference list (AERL) review, test planning, rating bank review, question development, and examination construction.

(4) **AERL Review.** Ensure FSMEs validate all references used for examinations as current, accessible, and relevant to the rating.

(5) **Test Planning.** Each rating requires a test plan which lists the topics, subtopics, and number of questions to be tested at each pay grade. Ensure FSMEs review the current test plan and recommend changes based on rating needs.

(6) **Rating Bank Review.** Ensure FSMEs validate bank questions and supporting material for content correctness, relevance, currency, and importance. Outdated questions are removed from the bank. This validation process ensures each question meets quality characteristics, increasing the health of the bank, and improving exam reliability.

(7) **Question Development.** Ensure FSMEs develop questions based on rating occupational standards, job currency, and test plan requirements.

(8) **Examination Development.** Ensure FSMEs construct advancement examinations based on the approved test plan and established policies.

(9) **Non-Disclosure Statement.** Ensure FSMEs sign a nondisclosure statement using NAVPERS 1070/613 Administrative Remarks (Page 13). NAVPERS 1070/613 may be accessed using the following link: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

d. **FSMEs**

(1) **FSME Examination Material Security.** FSMEs will

(a) maintain the security of exams and exam materials at all times. Advancement examinations are developed in order to measure a Sailor's rating knowledge; therefore, any compromise of exam material could greatly diminish the Navy's ability to fairly rank order examination scores;

(b) sign non-disclosure statement provided by NETPDC; and

(c) not share examination questions or test plan weights with personnel outside of the AERR.

(2) **FSME Preparation.** The importance of advancement examinations require FSMEs to complete some vital foundational work before and during each AERR.

(a) NETPDC will provide FSMEs with rating-specific AERLs 30 days prior to the start of the AERR. FSMEs are required to review and provide feedback on the AERL (if applicable) 14 days before the AERR start date.

(b) FSMEs will dedicate their time to the advancement examination development process while on board NETPDC.

MyNavy Career Center	Phone: Toll Free E-mail MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	--	--

Reference	(a) NETC P1552/16 Navy Swimming and Water Survival Instructor Manual (07-17)
------------------	--

1. **Safety Requirements.** Swimmer qualification safety requirements are as prescribed in reference (a), chapter 12.
2. **Minimum Qualifications.** The minimum water survival qualification for service in the Navy is swimmer third class. Personnel unable to qualify as swimmer third class at officer and enlisted accession schools should be recycled or held back for a maximum of 3 weeks to achieve this qualification.
3. **Swimmer Qualification Tests.** Third, second, and first class swimmer qualification tests will be administered and graded per reference (a), chapters 12 and 13.
4. **Fleet Training Management and Planning System (FLTMPS) Documentation.** The command training officer will ensure entry of first and or second class swim tests in the Fleet Training Management and Planning System (FLTMPS) and in the Service member's service record upon receipt of appendix G, NETC P1552/16 - Record of Swim Qualification, provided to Service member by the swim tester. See reference (a), page 12-7 for FLTMPS entry requirements.

Note: Completion of swimmer third class is a required event for all Navy accession schools. Therefore, verification is generally not required in FLTMPS.

Reference	(a) 10 U.S.C. §614 (b) SECNAVINST 1420.3 (c) SECNAVINST 1402.1 (d) DON CIO 032009Z Oct 08
------------------	--

1. Law and Policy

a. Per references (a) through (c), each officer eligible for consideration for promotion by a selection board may communicate in writing with the board in a letter to the board (LTB), addressed to the board president.

b. Electronic Submission of Selection Board Documents (ESSBD) is the preferred method of submitting correspondence to a selection board. ESSBD improves the speed, transparency, and confidence of receipt over current LTB submission methods, such as hard copy and e-mail-submitted letters and related attachments. ESSBD provides board candidates with the capability to electronically submit LTBs in a standard, consistent format, with or without attachments. ESSBD will enable the candidate to see, for content and clarity, exactly what will be delivered and presented to the board.

2. Correspondence Due Date. Correspondence must be received by MyNavy Career Center (MNCC) Customer Service Center not later than 2359 (central time) 10 calendar days prior to the date the board convenes. If the board for which you are attempting to submit an LTB cannot be found in the ESSBD drop-down menu, the deadline for submission to that board has passed. Submitters are cautioned to not wait until the deadline date to submit LTBs via ESSBD or other available avenues.

3. Contents of Communication

a. **Written Communication.** The written communication from the eligible officer to the selection board president, termed as an LTB, may call any matter to the board's attention that the officer considers important. The officer's written communication may include enclosed correspondence, concerning the eligible officer, from any individual. Correspondence containing classified information will not be accepted and may subject the submitter to disciplinary action.

b. **Third-Party Correspondence.** Correspondence that does not originate from the eligible officer, including endorsements to the officer's letter and letters written on behalf of that officer, must be accompanied by an LTB stating that the officer desires the enclosed correspondence be presented to the board. The letter must be signed by the eligible officer. Correspondence not accompanied by an LTB and signed by the eligible officer is considered third-party correspondence and will be destroyed.

4. **ESSBD Submission Guidelines.** ESSBD is the preferred method of submitting an LTB. To utilize ESSBD, candidates must access document services through MyNavy Portal at <https://www.mnp.navy.mil/group/my-record> or the BUPERS Online (BOL) main menu. From the BOL main menu, select "Navy Personnel Command Document Services", "Start Process", "Selection Board and LTB". On-screen instructions will direct the submitter thereafter. Submissions should be prepared with attachments prior to initiating the LTB, if applicable. There is no save and return function between BOL sessions.

a. ESSBD attachments must be in Adobe portable document format (PDF) and must not contain classified information, including any markings regarding the same. LTBs and attachments containing such markings will not be presented to the board and may subject the submitter to disciplinary action.

b. ESSBD submitters will receive an e-mail confirmation sent to the e-mail address of record that exists within BOL. Submitters should validate their e-mail address by selecting "Update Info" on the left side of the BOL main menu. "Update Info" must be selected to save any changes that are made.

c. Navy Personnel Command Document Services System is hosted on BOL and periodically undergoes maintenance that may

interrupt the ability to submit LTBs through ESSBD. If this happens, and you are able to wait until the completion of the outage, usually by the following day, you may attempt to resubmit via ESSBD.

d. If ESSBD is unavailable, postal mail or encrypted e-mail to the MNCC is an alternative means, per paragraph 5 below, to submit LTBs.

e. Multiple LTBs to the same board will be accepted. Duplicate submissions, using ESSBD or other available avenues, are discouraged.

5. Alternative Means of Submitting Board Correspondence

a. **E-mail Submission Guidelines.** The selection board correspondence e-mail address is CSCSELBOARD@NAVY.MIL. All e-mails containing personally identifiable information (PII) in the body or attachments must be encrypted per the Department of the Navy Users Guide to PII and per reference (d), both of which may be accessed at: <http://www.doncio.navy.mil/ContentView.aspx?id=2451>. Go to <https://dod411.gds.disa.mil> to download the required mailbox certificate.

(1) All board correspondence should include the correct board number. Each board has a three-digit number preceded by the fiscal year for that board (e.g., the board number for the FY-21 Active O-5 Line Promotion Selection Board is "21230"). In the subsequent examples, "FY-YY" indicates the "YY" is replaced with the applicable fiscal year. Board numbers are found on that board's respective page or the board schedule, accessed at: <http://www.public.navy.mil/bupers-npc/boards/generalboardinfo/Pages/default.aspx>.

(2) The subject line of the e-mail must include **"FOUO-Privacy Sensitive Board Package: [Active-Duty or Reserve/FTS] [Grade] [Line or Staff] Board, FY-YYXXX."** When the e-mail contains PII, the subject line must be marked with "FOUO - Privacy Sensitive." The e-mail must include an LTB signed by the eligible officer as an electronic attachment. Additional e-mail attachments and enclosures to the eligible officer's LTB may also be included as appropriate.

b. **United States Postal Service (USPS) Mail Submission Guidelines.** When mailing PII, individuals must use [DD 2923](#) Privacy Act Data Cover Sheet and double-wrap the package. The inner package must be labeled with the privacy warning "**FOUO - PRIVACY SENSITIVE**". **Any misuse or unauthorized disclosure may result in both civil and criminal penalties.** and use a tracking feature. Correspondence mailed via USPS must use the following address:

**My Navy Career Center (MNCC) Customer Service Center
President, FY-YY (YY is fiscal year) [Active Duty or Reserve]
[Grade] [Line or Staff] Promotion Selection Board
Board FY-YYXXX
5720 Integrity Drive
Millington TN 38055-6300**

c. **Commercial Mail Submission Guidelines.** All express or overnight commercial mail (e.g., Federal Express, United Parcel Service, etc.) must use the following address:

**Customer Service Center
President, FY-YY (YY is fiscal year) [Active Duty or Reserve]
[Grade] [Line or Staff] Promotion Selection Board
Board FY-YYXXX
5640 Ticonderoga Loop Bldg. 768 Rm E302
Millington TN 38055-6300**

d. **Confirmation of E-mail, USPS, or Commercial Receipt.** Service members may contact MNCC to confirm receipt of their packages for statutory promotion selection boards.

(1) **E-mail** - ASKMNCC@NAVY.MIL

(2) **Telephone** - 1-833-330-6622 or DSN 882-6622

(3) **Web address** -

<https://npccontactcenter.ahf.nmci.navy.mil/OA%20HTML/npc.html>.

The website requires the user to be on a Navy-Marine Corps Intranet (NMCI)-connected computer using Internet Explorer, and TLS 1.0 must be selected under "Tools" or "Settings", "Internet Options", then "Advanced". Contact MNCC for password reset, if you have not logged on within the last 30 days.

6. **Confirmation of Eligibility.** Submission and subsequent confirmation of receipt for LTBS submitted, via ESSBD or other

means, does not constitute confirmation of eligibility for the board to which the LTB is submitted. If required, a full visual user guide is available at <https://www.mnp.navy.mil/group/advancement-and-promotion>.

MILPERSMAN 1420-030

REGULATIONS GOVERNING PHYSICAL EXAMINATIONS FOR PROMOTION OF COMMISSIONED OFFICERS AND COMMISSIONED WARRANT OFFICERS

Responsible Office	NAVPERSCOM (PERS-480)	Phone: DSN	882-2322
		COM	(901) 874-2322
		FAX	882-2751

References	(a) SECNAVINST 1412.6L
------------	------------------------

1. **Policy.** No officer of the Regular Navy or the Navy Reserve on active duty may be promoted to a grade above warrant officer (W-2) until, as reflected by the officer's most recent physical examination, the commanding officer (CO) has determined that the officer meets retention medical standards and is physically qualified for promotion.

2. **Physical Qualifications for Promotion**

a. The standard that constitutes physical qualification for promotion of an officer is the officer's physical fitness to perform duties of the grade for which eligible to a degree that would reasonably fulfill the purpose of the officer's employment on active duty in the officer's category. For officers of the **Navy Reserve**, this standard constitutes the physical standard for retention in the Navy Reserve. For **Regular Navy permanent warrant officers**, this standard is the standard for retention on active duty. "**Category**" as used here means

- an officer's classification as an officer in the line not restricted in the performance of duty;
- an officer designated for engineering duty, aeronautical engineering duty, special duty, or limited duty (LIMDU); or
- an officer in one of the Staff Corps of the Navy.

"**Limited duty**" as used here means LIMDU in the technical fields as distinguished from LIMDU for physical reasons.

b. Each officer's physical qualifications for promotion will be determined in the Navy Department from the officer's most recently reported physical examination in conjunction with the officer's records and duty status, except for the temporary promotion of ensigns, which is explained below. Additional physical examinations conducted exclusively for the purpose of determining physical qualifications for promotion are not required unless specifically ordered.

3. Situations Causing Further Review

a. Subject to any further review of the records in the Navy Department that may be indicated, and action resulting from that review, an officer shall be considered physically qualified provided the officer is not in one of the following situations:

- (1) Undergoing hospitalization.
- (2) On sick leave.
- (3) Awaiting appearance before a physical evaluation board (PEB).
- (4) Classified as fit for LIMDU based on the recommendations of a medical board.
- (5) Awaiting final action on the recommended findings of a PEB or a medical board.

b. The foregoing criteria may not exclude from promotion an officer who, if otherwise eligible, is determined to be not physically qualified for promotion when Chief, Bureau of Medicine and Surgery (BUMED) determines

- that the officer's physical disqualification was by reason of wounds received in the line of duty, and
- that such wounds do not incapacitate the officer for the performance of useful service in the higher grade.

4. Promotion of Ensigns

a. COs of ensigns eligible for promotion are authorized to consider them physically qualified for promotion under the regulations described above. Unless the ensign is in one of the situations enumerated above, they will normally be considered physically qualified for promotion. This does not limit a CO's

authority to order an eligible ensign to report for a special physical examination for promotion. Ensigns in one of the situations enumerated above, or who are otherwise not considered physically qualified for promotion, should be considered for a delay of their promotion per reference (a).

b. Notwithstanding any other provision of this article, ensigns assigned **designator 11XX, 13XX, or 6XXX**, and known to have defective color perception, shall be considered not physically qualified for promotion.

MILPERSMAN 1420-050

COUNSELING OF OFFICERS WHO FAIL TO SELECT FOR PROMOTION

Responsible Office	NAVPERSCOM (PERS-4)	Phone:	DSN COM	882-4073 (901) 874-4073
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) SECNAVINST 1400.1B (b) SECNAVINST 1412.8B (c) SECNAVINST 1420.1B
-------------------	--

1. Background

a. The statutory procedures for promotion selection constitute a competitive system that requires the selection of the best qualified from a group of fully qualified officers. This results in a certain number of individuals who fail to select for promotion one or more times. Proper and timely counseling of officers with a failure of selection (FOS) is required, if initiated by their own request.

b. This article provides guidance for counseling Navy officers who fail to select for promotion to CWO3, CWO4, CWO5, and LT to CAPT.

2. Failure of Selection Counseling Procedures

a. Navy officers desiring counseling under this article are responsible for initiating counseling requests with their respective assignment officers. Counseling will be provided by an officer who is experienced in personnel matters and is senior in grade to and (wherever practicable) in the same competitive category (as defined by references (a) and (b)) as the officer requesting counseling. Assignment officers responsible for providing counseling services will respond promptly to requests for counseling and will keep a record of counseling provided to constituents. The counseling officer will prepare a record for file indicating when and how the request for counseling was made

(letter, telephone, face-to-face, etc.); when and how the counseling was provided; the specific nature of the counseling; and any other relevant information imparted to the requesting officer. Whenever feasible, the counseling officer should obtain a written acknowledgement from the requesting officer that the prepared record accurately reflects the counseling provided.

b. Counseling must consist of reviewing the officer's record and indicating factors that may account for the officer's FOS.

c. Per reference (c), the counselor may not be an officer who served as a member, recorder, or administrative assistant for a promotion selection board which failed to select the requesting officer for promotion. Officers receiving counseling should be aware that officers who serve on a particular selection board are prohibited from stating why any eligible officer was or was not selected for promotion. The proceedings of selection boards are confidential, and as a matter of policy, records of the deliberations are not maintained.

d. Close coordination between Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) and NAVPERSCOM, Career Progression Department (PERS-8) is necessary to ensure proper career counseling and support to those officers required by law or policy to continue or end their careers as a result of FOS. Accordingly, NAVPERSCOM, Career Progression Division (PERS-80) will forward a list of all first and second time FOS officers as described in paragraph 1b of this article to NAVPERSCOM Deputy Executive Assistant (PERS-4DEA) within 10 working days after the ALNAV selection board results are released.

MILPERSMAN 1420-060

FROCKING OF ENLISTED PERSONNEL

Responsible Office	NAVPERSCOM (PERS-80)	Phone: DSN COM	882-4500/4457 (901) 874-4500/4457
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) BUPERSINST 1430.16G (b) CNO WASHINGTON DC 071809Z Aug 19 (NAVADMIN 185/19) (c) OPNAVINST 6110.1J (d) BUPERSINST 1610.10E
-------------------	---

1. **Background.** Frocking is an administrative authorization to assume the title and wear the uniform of a higher pay grade without entitlement to the pay and allowances of that grade. Frocking provides early recognition for members selected for petty officer third class through master chief petty officer.

2. **Eligibility Requirements for Frocking.** After verifying individual eligibility dates per reference (a), members may be frocked as follows:

Qualified...	may be frocked...
E-8/9 selectees	Upon receipt of official selection board results via NAVADMIN message.
E-7 selectees	No earlier than the first advancement increment.
E-5/6 selectees	Upon receipt of the Enlisted Status Verification Report/Rating Change Authorization.
E-4 selectees	Upon receipt of the Enlisted Status Verification Report/Rating Change Authorization.

NOTE: Per reference (b), completion of a leadership development course is not a requirement prior to frocking a Sailor.

3. **Restrictions.** Frocking does not change the permanent status of a member, or authorize payment of entitlements governed by statute or regulation and is subject to restrictions as follows:

a. Enlisted members selected for officer appointments may not be frocked to officer status.

b. Navy members serving in joint commands may be frocked with the concurrence of the joint command.

c. Members must elect frocking by signing [NAVPERS 1070/613](#) Administrative Remarks entry as shown in paragraph 4 below.

d. Frocked members are entitled to military identification (ID) cards and certain privileges of the higher pay grade (e.g., clubs, messing, berthing, housing, and parking) except as restricted by law. Updating dependent ID cards is not required, nor is it recommended since dependent entitlements are based on sponsor's (member) permanent pay grade.

e. The weight limit for shipment of household goods on permanent change of station orders is the weight limit authorized for the permanent pay grade, not the frocked pay grade.

f. Any administrative or punitive action (e.g., reduction in grade) is based on the member's permanent pay grade.

g. Frocked members will purchase additional uniforms and insignia at their own expense. Payment of any uniform allowance is authorized only on permanent advancement.

h. If a member's recommendation for advancement is withdrawn after the member is frocked, the frocked rate will be vacated.

i. Frocking is not authorized for members who do not meet the physical fitness, weight, or body fat requirements per reference (c).

j. All diary entries and pay action documents will reflect the permanent pay grade. Performance evaluations will be prepared in the member's frocked pay grade per reference (d).

k. Frocking is not authorized for Sailors advanced under any accelerated advancement programs.

4. **Procedures for Frocking**

a. To effect frocking, make entries on [NAVPERS 1070/613](#) as follows:

(DATE): "Selectee for advancement to [rate and pay grade] from participation in (Cycle [#]) Navy-wide Advancement Examination held in [month, year] and frocked to that rate per [BUPERSINST 1430.16G](#)."

Statement is signed by official with "By direction" authority.

(DATE): "I understand frocking is an administrative authorization to wear the uniform and insignia of a higher pay grade without entitlements or allowances of the frocked pay grade. I further understand that the frocked pay grade is effected at my option and that any cost for additional uniforms or insignia resulting from my frocking will be covered by me, and that retroactive pay, allowances, or reimbursements are not authorized. Additionally, I understand that my frocked rate may be vacated by my commanding officer."

Statement is signed by member.

Witnessed by the commanding officer (or designated official)

b. The following letter may be presented to members at formal frocking ceremonies: (Use the proper letter format.)

From: Commanding Officer
To: [Rating, Name, USN(R)]

Subj: AUTHORITY TO ASSUME THE TITLE AND WEAR THE UNIFORM OF A
[PETTY OFFICER FIRST CLASS]

Ref: (a) [MILPERSMAN 1420-060](#)

1. Under reference (a), you are hereby authorized to assume the title and wear the uniform of a [petty officer first class] effective immediately.

2. Your appointment carries with it the obligation that you exercise increased authority and willingly accept greater responsibility. Occupying now a position of greater authority, you must strive with a renewed dedication toward the valued ideal of service with honor.

3. Under reference (a), you will not be entitled to pay and other monetary allowances of a [petty officer first class] until actually advanced to the pay grade for which you have been selected.

4. Congratulations!

(Signature)

References	(a) 10 U.S.C. §624 (b) SECNAVINST 1420.1B
-------------------	--

1. (Few decisions have more of an impact on the future of the Navy than the selection of the future leaders via the officer promotion process.) Per reference (a), the Secretary of the Navy (SECNAV) may delay an officer's promotion in order to determine whether the member is mentally, physically, morally, or professionally qualified or has met the exemplary conduct requirements for promotion to the next higher grade. Reference (b) implements that requirement and states that the name of any officer with adverse or alleged adverse information may be withheld from the promotion scroll.

2. Following a selection board, reference (a) requires a review of potentially adverse information in an officer's record since his or her last promotion. Should the record contain adverse or alleged adverse information, the officer's selection is held in abeyance pending a determination by the SECNAV whether to recommend promotion of the officer or to withhold the promotion. Should the SECNAV decide to withhold a promotion, a record of the decision will be placed in the officer's official military personnel file for review by subsequent selection boards.

3. The SECNAV considers whether the information was available to the selection board, the nature of the adverse or alleged adverse information, and any extenuating or mitigating factors. Key elements of the review are the demonstrated performance of

the officer, the statements provided by the affected officer, and the endorsement by his or her immediate superior.

4. The endorsement of the immediate superior is considered carefully by senior leadership, and it is vitally important to provide the rationale for this recommendation. Accordingly, the commander's endorsement in these cases should address the following:

a. An evaluation of the professional performance of the officer and assessment of his or her potential for future service;

b. The underlying event or misconduct (if applicable), its impact on the command and victims, including an assessment of any extenuating or mitigating circumstances; and

c. How your recommendation to promote or withhold promotion supports our Navy ethos.

JOINT STAMP REQUIREMENTS FOR ACTIVE DUTY AND RESERVE FULL TIME SUPPORT PROMOTION BOARDS

Responsible Office	NAVPERSCOM (PERS-450)	Phone DSN	882-4217 (901) 874-4217
-------------------------------	--------------------------	-----------	----------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: DSN	882-4217 (901) 874-4217
---------------------------------------	------------	----------------------------

References	(a) CJCSINST 1330.05 (b) 10 U.S.C. (c) DoDINST 1300.19
-------------------	--

1. **Background.** Congress has established that officers assigned to the Joint Staff are expected, as a group, to promote at a rate not less than the rate for officers in the same grade and competitive category who have served at or are serving in the headquarters staff of their military service. In addition, officers who have been designated as Joint Qualified Officers are expected to promote at a rate not less than the rate for their competitive category and grade. Finally, the Office of the Secretary of Defense (OSD) has established policy that officers assigned to OSD are expected, as a group, to promote at a rate not less than the rate officers in the same grade and competitive category who have served at or are serving in the headquarters staff of their military service. As stated in reference (a), enclosure (1); an officer who has met the joint officer requirements of reference (b), Chapters 36 and 38 and reference (c), and whose record is before a promotion board must be clearly and equally identified. This requirement is met by displaying a stamp in the eligible officer's record. The stamp satisfies the standard that "appropriate consideration be given" set forth in reference (a), enclosure (1).

2. **Policy.** Administration of joint stamp information for use in O-4 to O-7 active duty and reserve statutory promotion boards is governed by references (b) and (c). This procedure will ensure eligible officers are clearly identified during active duty and reserve statutory promotion boards and meet the standard for appropriate consideration required in reference

(a), enclosure (1). Additionally, this procedure will facilitate post board reporting requirements outlined in reference (a), enclosure (1), ensuring Navy compliance with promotion objectives established in reference (b), §662 and reference (c), enclosure (10).

3. **Action**

a. The Bureau of Naval Personnel (BUPERS), Officer Community Management (BUPERS-31) shall provide recommended individual competitive category promotion plans (excluding the Unrestricted Line) to the Office of the Chief of Naval Operations (OPNAV), Policy Coordination and Special Programs Branch (N131) no later than 75 days prior to the convening date of the active duty O-6 Line or Staff (whichever is first) promotion board to ensure sufficient time for the review process, Secretary of the Navy approval, and release of promotion zone NAVADMIN at least 30 days prior as prescribed in reference (b).

b. Navy Personnel Command (NAVPERSCOM), Career Progression Department (PERS-8) shall:

(1) Provide a list of officers eligible for consideration for promotion to NAVPERSCOM, Joint Officer and Management and Education/Subspecialty Branch (PERS-450), formatted per reference (a), no later than 30 days prior to the convening date of the first promotion board of each fiscal year and 35 days prior to the convening date of each subsequent board.

(2) Provide NAVPERSCOM (PERS-450) additions to the list of eligible officers within 1 working day of receipt of additions by NAVPERSCOM (PERS-8) to ensure an officer on the active duty list or reserve active status list, in or above the promotion zone, is considered for promotion per reference (b).

(3) Upon receipt of eligible officers' joint stamp data from NAVPERSCOM (PERS-450), load information into the Electronic Military Personnel Records System (EMPRS) to display the joint stamp information in the records of eligible officers meeting the criteria set forth in references (b) and (c).

(4) Report the same day, any joint stamp discrepancies discovered during record reviews of eligible officers for adjudication by NAVPERSCOM (PERS-450).

(5) Submit joint promotion statistics with the promotion report per reference (c).

c. NAVPERSCOM (PERS-450) shall:

(1) Download required Defense Manpower Data Center (DMDC) and Officer Assignment Information System (OAIS) data at least twice per month during the months of October through April each year (to facilitate data processing for statutory promotion boards). The final data requests for each month during this period should be made at least 3 days prior to the board convening date.

(2) Provide the Joint Staff (J1) with the list of promotion eligible officers and other required information at least 30 days prior to the convening date of each promotion board per reference (a).

(3) Provide NAVPERSCOM (PERS-8) with joint stamp information for the list of eligible officers at least 5 working days prior to the board convening date.

(4) Adjudicate joint stamp discrepancies within 1 working day as reported by NAVPERSCOM (PERS-8).

(5) Brief promotion board recorders and members on the requirements for joint stamps, and provide guidance to assist with eligible officers' record reviews.

(6) Be present in the board spaces for active duty Line and Staff O-6 and O-7 promotion boards, available for all other active duty and reserve promotion boards, and serve as an advisor to the board president on matters related to the application and interpretation of joint stamps.

MILPERSMAN 1426-010

PERMANENT APPOINTMENT TO ACTIVE DUTY CHIEF WARRANT OFFICER AND LIMITED DUTY OFFICER STATUS

Responsible Office	NAVPERSCOM (PERS-4801G)	Phone:	DSN	882-3170
			COM	(901) 874-3170
			FAX	882-2620

References	(a) OPNAVINST 1420.1A
------------	-----------------------

1. Policy

a. All chief warrant officers (CWOs) receive permanent officer appointment upon acceptance to CW02/3 from their prior enlisted status (reference (a)). Permanent appointment as CWO in the Regular Navy is made by commission of the President. Permanent appointment as CWO in the Navy Reserve is made by commission of Secretary of the Navy (SECNAV).

b. Temporary limited duty officers (LDOs) shall be offered permanent officer status following their selection to lieutenant. Permanent appointment as an LDO in the Regular Navy is made by the President with the advice and consent of the U.S. Senate (reference (a)). Permanent appointment as an LDO in the Navy Reserve below the grade of commander is made by the President.

c. The provisions herein for permanent CWO status are not applicable to former temporary CWOs serving as temporary LDOs. A permanent CWO vacates all commissioned warrant officer status upon the acceptance of a permanent LDO status; however, they retain their CWO status while in a temporary LDO status.

2. Termination of CWO Appointment

a. The appointment of a CWO is subject to termination at any time within 3 years after the date of acceptance of the initial appointment as a CWO. CWOs who have held their appointments for 3 or more years may have their appointments terminated following administrative separation procedures.

b. A CWO whose appointment is terminated per this article shall not be entitled to severance pay if they had less than 3 years warrant service, but upon application may, at the discretion of SECNAV, be enlisted in such grade as the SECNAV may direct but not lower than the grade held immediately prior to appointment as a CWO, in this instance any entitlement to severance pay is forfeited.

3. Retirement Eligibility

a. An LDO must serve a total of 10 years of commissioned service on active duty to be eligible to retire voluntarily.

b. Commissioned service on active duty as a CWO (W2/W3/W4) and/or temporary LDO counts toward the accumulation of years commissioned service required to retire voluntarily.

c. Reversion of LDOs shall be submitted to Navy Personnel Command (NAVPERSCOM), Officer Retirement Section (PERS-4822A1C) per MILPERSMAN 1100-060.

MILPERSMAN 1427-010

PRECEDENCE AMONG ENLISTED MEMBERS

Responsible Office	NAVPERSCOM (PERS-812)	Phone:	DSN COM	882-3224 (901) 874-3224
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** For enlisted members presently and regularly assigned to the same activity, or enlisted members present in any gathering, the member with the longest continuous service in the highest pay grade takes precedence and is the senior member, regardless of rating.

2. **Determining Precedence**

a. Precedence for enlisted members is based on rank.

(1) The Master Chief Petty Officer of the Navy takes precedence over all Navy enlisted members.

(2) Fleet master chiefs take precedence over all Navy enlisted members, except the Master Chief Petty Officer of the Navy.

(3) Force master chiefs take precedence over all Navy enlisted members, except the Master Chief Petty Officer of the Navy and fleet master chiefs.

(4) Chief of Naval Operations (CNO) directed command master chiefs take precedence over all Navy enlisted members, except the Master Chief Petty Officer of the Navy, fleet master chiefs, and force master chiefs.

(5) Command master chiefs take precedence over all enlisted members of a command.

b. Among members in the same pay grade with the same length of continuous service in pay grade, a member with the longest continuous service in the next lower pay grade takes precedence. If the length of continuous service in the next lower pay grade

is the same, the member with the longest time in each successively lower pay grade takes precedence.

c. For the purpose of determining precedence, continuous service is service in the present and preceding enlistments of active or inactive duty in any branch of the Armed Forces, providing any break between discharge and reenlistment does not exceed 90 days. For members reenlisting with noncontinuous service, service in reenlistment pay grade or in a higher pay grade held in a previous enlistment is not creditable for the purpose of establishing precedence.

d. In the case of advancement resulting from Navy-wide examinations, the effective date of advancement, rather than the time-in-rate date, determines precedence. Between members with the same effective advancement date, this system will be applied to previous advancements to resolve a tie.

3. Effect of Precedence

a. Observing precedence will not interfere with any member's responsibility for or performance of assigned duties, or duties of a rating.

b. Authority or privilege shall not accrue to an enlisted member solely by reason of precedence. In the absence of a commissioned officer able to assume command, the enlisted member with the highest precedence exercises authority over all enlisted members present in an emergency, a prisoner of war situation, or a situation requiring action in the best interest of the Navy.

-------------------	--

1. Policy

a. Accelerated Advancement of Recruit Training. Commanding Officer (CO), Navy Recruit Training Command may advance the top 10 percent of each graduating class to the next higher pay grade (E-2 or E-3). Time-in-rate (TIR) requirements for the purpose of this advancement are waived. If a member is eligible for accelerated advancement to E-2 under an enlistment incentive and earns eligibility under this article, member will be advanced to E-3 (effective date of advancement will be date of graduation). TIR date will be established per reference (a).

b. Accelerated Advancement of "A" School Graduates to Higher Pay Grade. COs of traditional training schools are authorized to advance the number one "A" School graduate in each class to the next higher pay grade (not to exceed E-3).

c. COs of non-traditional training schools (e.g., Interservice Training Review Organization, computer based training, self-paced, accelerated training pipelines) are authorized to advance the 95th percentile (top 5 percent) of "A" School graduates to the next higher pay grade (not to exceed E-3).

(1) Candidates for advancement must also have a satisfactory record of military bearing and professional performance.

(2) TIR requirements for the purpose of this advancement are waived. Effective date of advancement will be the date of graduation. Furthermore, these students may also be included as candidates for accelerated advancement to E-4 (as specified later in this article).

(3) Members who would be advanced to E-2 under this paragraph within 60 days of normal E-2 advancement will be advanced to E-3 (effective the date of graduation). TIR date will be established per reference (a).

2. Recommendation of Top 10 Percent "A" School Graduates for Accelerated Advancement Program (AAP)

a. COs of traditional and non-traditional training schools may recommend the top 10 percent of the qualified candidates in each "A" school graduating class for AAP. Candidates for AAP must also have a satisfactory record of military bearing and professional performance.

b. The accelerated advancement will be held in abeyance for 4 to 10 months from report date to ultimate duty station. The candidate's CO may effect the advancement on any date after a minimum observation period of 4 months. The observation period must begin upon reporting and will not include permanent change of station leave or temporary duty at other commands prior to reporting. The advancement must be effected within 10 months of reporting. For those members who were previously working in their new rating for a minimum of 4 months and who attended "A" School on temporary additional duty orders, the CO of the permanent duty station can effect advancement upon graduation.

c. Accelerated advancement to pay grade E-4 may be effected for qualified candidates, whether or not a member is serving in pay grade E-3.

d. TIR date is 1 January for those members advanced to pay grade E-4 between 1 January and 30 June, and TIR date is 1 July for those advanced between 1 July and 31 December.

e. Members reduced in rate before being advanced to E-4 forfeit all eligibility for further accelerated advancement. For members reduced in rate after accelerated advancement to E-4, there is no reduction in obligated service (OBLISERV) or extended drilling obligation.

f. Members who were designated under the 5-year Obligor Program are required to extend an additional year for the AAP to E-4 using the procedures in MILPERSMAN 1160-040.

3. Responsibilities

a. Commands must ensure:

(1) Candidates meet body fat and physical readiness standards of reference (b), and successfully complete the military requirements for the PO3 Correspondence Course and the Petty Officer Indoctrination Course prior to advancement;

(2) Candidates are United States citizens to be advanced in a rating listed in reference (a), as requiring access to classified information;

(3) Submit Navy Standard Integrated Personnel System (NSIPS) event for advancement to E-4;

(4) If a candidate's advancement is not effected by the end of the 10-month period from report date to ultimate duty station, the CO must make a NAVPERS 1070/613 Administrative Remarks entry stating the reason why the accelerated advancement was not effected and cancel the agreement for additional OBLISERV. NAVPERS 1070/613 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>; and

(5) Members accepting advancement under this program sign NAVPERS 1070/613 entry indicating agreement to incur OBLISERV as follows:

(a) **Active Duty Members**

"(date) I agree to accept accelerated advancement to (rate) when eligible. I understand I must incur sufficient active obligated service so that I will have completed 5 years total active service in the Navy upon expiration of my current enlistment or enlistment as extended (in the case of Full Time Support (FTS) and reservists, an extension of active duty or enlistment) per MILPERSMAN 1430-010. I must complete/meet all other advancement requirements (except TIR) and be recommended by my commanding officer."

(b) **Navy Reservists Attending "A" School on Active Duty for Training Orders**

"I agree to accept accelerated advancement to (rate) when eligible. I understand that I must extend my current 6-year mandatory drilling obligation for 1 additional year so that I will have incurred a 7-year mandatory drilling obligation. I must complete all other advancement requirements (except time-in-rate) and be recommended by my commanding officer."

(6) Members accepting advancement under this program and whose present enlistment, active duty obligation, or enlistment as extended **does not provide sufficient active OBLISERV** will execute

(a) NAVPERS 1070/621 Agreement to Extend Enlistment;
or

(b) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty (as appropriate), entering the reason for extension as follows:

"Advancement to rate/grade per MILPERSMAN 1430-010. I understand this extension becomes binding upon advancement and may not be canceled, except as per MILPERSMAN 1160-040."

4. **Accelerated Advancement for Ceremonial Guard.** CO, Ceremonial Guard Unit may advance all Sailors who successfully complete ceremonial guard indoctrination to pay grade E-3. TIR requirements for the purpose of this advancement are waived. Effective date of advancement will be the date of graduation from indoctrination. TIR date will be established per reference (a).

5. **Accelerated Advancement for Aircrew Program Enlistees.** Members who enlist under the Aircrew Program (AIRC) or Air Rescue Swimmer Program (AIRR) are authorized accelerated advancement per MILPERSMAN 1220-010. The AIRR and AIRC are 6-year obligation programs. No additional extension for accelerated advancement is required.

-------------------	--

1. Policy

a. Reinstatement or restoration in rate after reduction in rate is intended to provide an opportunity for outstanding Sailors to recover from the impact of being reduced by one pay grade at nonjudicial punishment (NJP). Reinstatement or restoration in rate must not be used to advance Sailors more than one pay grade. Being reduced from a frocked status to one pay grade lower than the Service member's permanent pay grade is considered a reduction by one pay grade.

b. For the purpose of this article, the term "commanding officer" (CO) refers to an officer holding NJP authority in a command or detachment, including flag officers and officers in charge. COs are authorized to deny a Sailor's request for reinstatement or restoration in rate with no further action required. The only exception to this policy is discussed below in paragraph 2b(2).

c. Only Sailors who have demonstrated acceptable performance and personal conduct after NJP should be considered for reinstatement or restoration in rate.

d. Reinstatement or restoration in rate must not be used to prevent Sailors from being separated based on the established high year tenure date.

e. Sailors are encouraged to continue to pursue advancement via the Navy advancement process, even after submitting a request for reinstatement or restoration in rate. For Sailors without an advancement exam for E-4, the process for requesting reinstatement is discussed in paragraph 2b.

f. Reinstatement or restoration in rate time limits:

(1) Reinstatement to E-2/3/4 may not be effected earlier than 6 months from the imposition of NJP.

(2) Restoration in rate to E-5/6 may not be effected earlier than 12 months from the imposition of NJP.

g. Sailors are ineligible to submit a request in the following situations (the following list does not apply to ratings without an E-4 advancement exam per reference (e). Reinstatement will be at CO's discretion a minimum of 6 months after NJP) in which the Sailor is:

(1) Found guilty and reduced in rate at NJP for more than one charge or more than one specification (e.g., diverse occasions) of a charge under reference (a), article 15;

(2) Reduced in rate at a summary, special, or general court-martial;

(3) Administratively reduced in rate as a result of broken service or recalled to active duty per reference (b); or

(4) Reduced in rate as a result of a:

(a) Vacated or previously suspended sentence,

(b) Sexual assault or harassment offense,

(c) Fraternization with subordinates directly in the Service member's chain of command,

(d) Operating a vehicle under the influence of alcohol or drugs (e.g., driving under the influence (DUI) or driving while intoxicated (DWI)) where such action resulted in personal injury or property damage, including the Service member's own vehicle or property,

(e) Drug-related offense (to include DUI or DWI due to drugs, even if the drug has been properly prescribed),

(f) Resisting arrest or interfering with a law enforcement officer (military and civilian) or shore patrol's performance of duty,

(g) Substantiated domestic violence or emotional abuse,

(h) Viewing or distributing pornography on Government computers,

(i) Viewing or distributing child pornography,

(j) Nonconsensual sharing of intimate images per reference (c),

(k) Intentional act that could have jeopardized the safety of the command or any crew member,

(l) Being detached for cause by order of the Commander, Navy Personnel Command (CNPC), or

(m) Being permanently removed from the command imposing NJP.

2. **Reinstatement to Pay Grades**

a. E-2 through E-3. As outlined in reference (d), section 216e(5) (b), COs have the authority to reinstate Service members to E-2 and E-3.

b. E-4. As outlined in reference (e), paragraph 2, COs have the authority to reinstate Service members to E-4.

(1) COs have final authority to approve or disapprove requests for reinstatement to E-4.

(2) If a reinstatement request to E-4 is disapproved, Sailors have the right to appeal the disapproval to the immediate superior in command no earlier than 12 months after imposition of NJP.

c. NAVPERS 1070/613 Administrative Remarks (permanent) must be completed by the member's command (CO's signature required) and sent to Navy Personnel Command (NAVPERSCOM), Enlisted Career Administration/Enlisted Boards Division (PERS-8031). NAVPERS 1070/613 may be accessed at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. NAVPERS 1070/613 must include the following language:

"(date): Effective this date, Service member has been reinstated to E-4. Effective date of pay grade is (date). The effective date of pay grade will be the reinstatement date approved by the commanding officer. The time-in-rate date will be applied as outlined in BUPERSINST 1430.16E. The required Navy Standard Integrated Personnel System transaction must be completed to ensure proper reinstatement of the affected member.

3. Restoration to E-5 through E-6

a. Sailors may request restoration in rate by submitting a written request to their CO.

b. COs have authority to disapprove a restoration in rate request to E-5 and E-6.

c. If CO supports restoration in rate to E-5 and E-6, they must submit an endorsement of the Sailor's request detailed in paragraphs 5 and 6.

d. There is no appeal for a decision made by either CO or CNPC to disapprove a restoration in rate request to E-5 and E-6.

4. Reinstatement or Restoration in Rate Application Procedures

a. Sailors who desire reinstatement or restoration in rate must submit a letter of request to their CO.

b. Letter must address the circumstances that resulted in imposition of NJP and a self-assessment of future potential for continued service.

c. Requests not submitted per applicable timeframes previously discussed will not be considered.

5. CO's Endorsement for E-5 and E-6 Restoration in Rate Requests

a. Restoration in rate endorsements must have the following set forth in detail (any endorsement that lacks the detail in its entirety will be returned without consideration):

(1) An evaluation of the Sailor's professional performance and personal conduct, a detailed justification supporting restoration in rate, and an assessment of potential for future service;

(2) The underlying basis that resulted in the imposition of NJP and its impact on the command and any victim(s);

(3) An assessment of any extenuating or mitigating circumstances;

(4) How the recommendation to restore rate supports our Navy ethos; and

(5) Why other means of restoration were not deemed sufficient (e.g., NJP set-aside or mitigation).

b. The following information must be supplied by the command as enclosures to the request:

(1) A summary of the offense for which the Sailor received punishment; either through a statement, excerpt from the unit punishment book, or a copy of NAVPERS 1626/7 Report and Disposition of Offense(s). (NAVPERS 1626/7 may be accessed using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.);

(2) Copies of all evaluations covering the Sailor's entire career; and

(3) If the offense is alcohol-related, the endorsement must address the Sailor's success in dealing with the appropriate use of alcohol and level of treatment received (including certification of completion of treatment).

6. **Submission**

a. All electronic correspondence (e-mail) which contains personal identifiable information (PII) must be digitally signed, PKI-encrypted, and submitted to advancements-active@navy.mil. The subject line must read: "FOUO-Privacy Sensitive." All printed and electronic documents containing PII must contain the privacy warning: "FOR OFFICIAL USE ONLY - PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties." In the event encryption is not possible, the only other authorized means of electronically transmitting PII is through use of [Department of Defense \(DoD\) Safe Access File Exchange \(SAFE\)](#). Once you have submitted the documents via DoD SAFE, notify Navy Personnel Command (NAVPERSCOM), Career Progression Division (PERS-80); and

b. Any hard-copy correspondence must be pre-coordinated before mailing to NAVPERSCOM (PERS-80). All hard-copy correspondence containing PII of Navy personnel must be:

(1) Double-wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY - PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"

(2) Covered with DD 2923 "Privacy Act Data Cover Sheet" (as appropriate). DD 2923 may be accessed by using the following Web address: http://www.esd.whs.mil/Directives/forms/dd2500_2999/;

(3) Mailed to only those with an official need to know;

(4) Sent via mailing service that can provide tracking information; and

(5) Handled per Department of Defense privacy directives.

MILPERSMAN 1430-040

ACCELERATED ADVANCEMENT FOR ENLISTED MUSICIAN (MU) ASSIGNMENTS TO NAVY PREMIER BANDS

Responsible Office	Fleet Band Activities	Phone:	DSN COM FAX	882-4316 (901) 874-4316
-------------------------------	--------------------------	--------	-------------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavyHR Web site:	1-833-330-MNCC (6622) askmncc@navy.mil https://www.mynavyhr.navy.mil/
----------------------	---	--

References	(a) BUPERSINST 1430.16G (b) 10 U.S.C. (c) COMNAVCRUITCOMINST 1130.8K
-------------------	--

1. **Background.** Only the most highly qualified musician (MU) personnel are selected for duty with the **United States (U.S.) Navy Band, Washington, DC, and Naval Academy Band, Annapolis, MD**, to maintain the unique musical and professional standards required of these premier presidential support and service academy organizations.

2. **Policy**

a. Provided members are qualified in all other respects, advancement in rating of MUs assigned to duty with these activities will be per the provisions of reference (a), except that "C" service school requirements establishing eligibility for advancement to E-8 (musician senior chief petty officer) and E-9 (musician master chief petty officer) are waived.

b. If qualified in all other respects, personnel reporting for duty with the U.S. Navy Band and Naval Academy Band in a paygrade below E-6 (musician first class petty officer (MU1)) may be recommended to Bureau of Naval Personnel (BUPERS) Enlisted Community Management (BUPERS-32) for advancement to MU1 without regard to time-in-service, provided they have completed the military requirements through E-6. Date of rate will be effective upon reporting, or in the case of direct procurement accessions, upon completion of recruit training. Per reference

(b), section 6969, Naval Academy Band paygrades will equal to that of the U.S. Navy Band.

c. Reference (c), volume IV, chapter 3, section 12, details accelerated advancement policies for new accessions in the U.S. Navy Band and Naval Academy Band.

MILPERSMAN 1430-050

ACCELERATED ADVANCEMENT FOR HOSPITAL CORPSMEN EARNING INDEPENDENT DUTY CORPSMEN (IDC) NAVY ENLISTED CLASSIFICATIONS (NEC)

Responsible Office	BUPERS-325	Phone:	DSN	882-3206
			COM	(901) 874-3206
			FAX	882-2043

MyNavy Career Center	Phone:	Toll Free	1-833-330-MNCC (6622)
	E-mail:		askmncc@navy.mil
	MyNavy Portal:		https://my.navy.mil/

References	(a) BUPERSINST 1430.16G (b) OPNAVINST 6110.1J (c) NAVEDTRA 10500, Catalog of Navy Training Courses (d) NAVPERS 18068F, Navy Enlisted Occupational Standards Vol I
-------------------	--

1. **Purpose.** To provide policy and guidance for accelerated advancement of students in pay grades E-4 and E-5 who graduate from an independent duty corpsmen (IDC) "C" school, as authorized per reference (a).

2. **Discussion**

a. Hospital corpsmen (HM) may be authorized accelerated advancement upon graduation from one of the following IDC "C" schools:

- (1) HM-L01A, Submarine Force IDC
- (2) HM-L02A, Fleet Marine Force Reconnaissance IDC
- (3) HM-L10A, Surface Force IDC
- (4) HM-L28A, Deep Sea Diving IDC

b. E-4s approved to attend an IDC "C" school will be authorized automatic advancement to pay grade E-5 upon successful completion of "C" school.

c. E-5s graduating from one of the IDC "C" schools listed in subparagraphs 2a(1) through 2a(4) above and who meet the following criteria may be advanced to pay grade E-6:

(1) Have 3 years time in rate (TIR). TIR requirement is waived for L01A graduates.

(2) Have a current recommendation for advancement and are not pending any military or civilian disciplinary actions.

(3) Have passed the most recent physical fitness assessment (PFA), including body composition assessment (BCA), per reference (b).

(4) Have been determined to be "fit for full duty" and are "world-wide assignable."

d. E-4 candidates must meet all requirements of references (c) and (d) and must reenlist for a period of 5 years upon graduation. The following additional requirements also apply:

(1) Have 2 years TIR as an HM3.

(2) Have a current recommendation for advancement and are not pending any military or civilian disciplinary actions.

(3) Have passed the most recent PFA, including BCA, per reference (b).

(4) Have been determined to be "fit for full duty" and are "world-wide assignable."

e. The military advisor will notify the education services officer, 60 days prior to school graduation dates, of all students eligible for accelerated advancement.

f. Students who meet all criteria for accelerated advancement, except TIR, will have a temporary [NAVPERS 1070/613](#) Administrative Remarks prepared and verified in their electronic service record (ESR) in the Navy Standard Integrated Personnel System (NSIPS), authorizing advancement when sufficient TIR is obtained.

g. Students who meet all the criteria for accelerated advancement, but are not physically qualified, must have a temporary [NAVPERS 1070/613](#) entry made in NSIPS/ESR reflecting that advancement is authorized upon becoming "fit for full duty."

MILPERSMAN 1440-010

CONVERSION AUTHORIZATION

Responsible Office	BUPERS-32	Phone:	DSN COM	882-2102 (901) 874-2102
---------------------------	-----------	--------	------------	----------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free E-mail:	1-866-U ASK NPC uasknpc@navy.mil
---------------------------------------	--------	----------------------	-------------------------------------

References	(a) OPNAVINST 6110.1J (b) BUPERSINST 1133.29K (c) JAGINST 1440.1E (d) OPNAVINST 1160.8A
-------------------	--

1. Background

a. This article provides policy and execution guidance related to the lateral conversion request process. It further codifies existing policies and supersedes all prior policy guidance. The lateral conversion request process is aligned with the Career Navigator Program policy tenants and is supported by the Career Waypoints (C-WAY) System.

b. The objective of Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) in executing lateral conversion requests is to align members into a rating for which they have the greatest aptitude and interest, while striving to maintain balance within enlisted community health. A change in rating for Active Component (AC), Full Time Support (FTS), and Selected Reserve (SELRES) personnel may be approved following the guidelines presented in this article. Rating changes should not affect the overall distribution and advancement opportunities for career petty officers. In all cases, the needs of the Navy must take precedence. SELRES members desiring recall into the AC or FTS Program refer to MILPERSMAN 1306-1505.

2. Policy

a. Rated E-3 to E-6 AC and FTS Sailors with 14 years or less of service (excluding CPO Selectees) requesting lateral conversions will be processed in the Career Waypoints-Reenlistment (C-WAY-REEN) application module. All SELRES E-1

through E-6 (excluding CPO selectees) lateral conversion requests will be processed using the Career Waypoints-Conversion (C-WAY-CONV) module. All others will be required to contact BUPERS-32 for further directions. AC and FTS Sailors approved for lateral conversion will be required to reenlist. Nuclear trained personnel who possess a 335X, 336X, 338X, or 339X Navy enlisted classification (NEC) are not eligible for conversion.

b. C-WAY-CONV and C-WAY-REEN modules will be populated with convert-out and convert-in quotas, as set by the enlisted community manager (ECM).

(1) Lateral conversion quotas for FTS and AC are based on a rating and year group (YG) construct. Ratings with an undermanned YG will have convert-in quotas, and ratings with an overmanned YG will have convert-out quotas. Conversion opportunities out of an undermanned YG and into an overmanned YG will not be offered unless approved by Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policy (N13) via an exception to policy (ETP)).

(2) Lateral conversion quotas for SELRES are based on a rating and pay grade combination. Ratings with undermanned pay grades will have convert-in quotas, and ratings with overmanned pay grades will have convert-out quotas. Conversion opportunities out of an undermanned rating will not be offered, and conversion opportunities into an overmanned rating will not be offered, unless approved by OPNAV (N13) via an ETP).

c. Sailors will be able to apply for conversion if they are in an overmanned YG (AC and FTS) or pay grade (SELRES) in their current rating and wish to convert to a rating which is undermanned in their YG (AC and FTS) or pay grade (SELRES). Requests from members who possess skills or NECs that are considered critical, as identified in C-WAY, may not be considered.

d. Rating entry eligibility standards were developed for each rating based on training and job performance requirements to ensure optimum success within a rating. Sailors who receive approval to convert into a new rating must meet the minimum requirements for rating entry. These requirements are available in MILPERSMAN 1306-618 and within C-WAY under the career exploration module (CEM).

3. Responsibilities

a. OPNAV (N13) is responsible for approval of enlisted force management policy in support of Deputy Chief of Naval Operations (N1). As such, OPNAV (N13) is the approving authority for enlisted conversion policy, quota management plans, and business rules.

b. OPNAV, Enlisted Force Shaping Plans and Policy (N132) is responsible for developing enlisted force management policy in support of OPNAV (N1). As such, OPNAV (N132) is responsible for C-WAY and enlisted conversion policy development and execution oversight. Additionally, OPNAV (N132) coordinates with BUPERS-32 to establish quota management plans and business rules, as required.

c. BUPERS-32, in coordination with OPNAV (N132), must manage individual rating quota plans and adjudicate all conversion applications, as directed by OPNAV (N13), and delineated by BUPERS, Military Community Management (BUPERS-3). BUPERS-32 serves as the C-WAY Program Manager and is responsible for C-WAY execution.

d. OPNAV, Nuclear Propulsion Program Management Branch (N133) ECM, in coordination with OPNAV (N132) and BUPERS-32, serves as the C-WAY Program Manager for nuclear-trained personnel and nuclear field ratings. The OPNAV (N133) nuclear ECM must manage individual rating quota plans and adjudicate all lateral conversion applications related to nuclear personnel and nuclear ratings.

e. Immediate Superior in Command (ISIC). ISIC career counselors will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all related policies. Designated representatives can gain C-WAY System access by submitting a System Authorization Access Request Navy (SAAR-N) (OPNAV 5239/14) to career_waypoints@navy.mil.

f. Command Responsibility. Commanding officers and officers-in-charge, hereinafter referred to as commanders, are responsible for the completeness and accuracy of all C-WAY-REEN, C-WAY-CONV, and manual applications. Commanders must ensure that their command personnel understand and comply with all C-WAY related policies. Failure to submit, administrative

error(s), and or inaccurate applications, can result in denial of opportunities for Sailors. Additionally, commands must

(1) ensure their command career counselors (CCC) and or designated representatives obtain C-WAY System access;

(2) ensure all Sailors under their cognizance, to include those concurrently assigned elsewhere (e.g., individual augmentee (IA), temporary additional duty (TAD), etc.), are submitted in C-WAY-REEN or C-WAY-CONV module, as required;

(3) validate all Sailor application data, including Sailors' intentions and qualifications for chosen conversion ratings;

(4) review (including application notes) and update C-WAY-REEN and C-WAY-CONV active applications (as applicable). This action will change applications from the "Saved-Action Required" to the "Submitted" status. Commands are required to update applications to reflect changes to a Sailor's eligibility status or desired lateral rating conversion choices;

(5) certify that all applications are accurate by selecting the block that states, "I have validated all of the information in this section and certify the commander still recommends and the Sailor concurs with this application;"

(6) designate representatives to submit C-WAY-REEN and C-WAY-CONV applications for all subordinate unit identification codes (UICs), or designate a representative for each subordinate UIC;

(7) submit applications via the C-WAY System Web site or by following a manual process provided by BUPERS-32. Commands and ISICs may submit applications for each UIC under their authority. Commands unable to submit applications, as described above, are required to contact their ISIC prior to contacting the C-WAY help desk for assistance;

(8) Submit C-WAY-REEN applications by the application deadline. The deadline for submission of applications for eligible Sailors is 2359 central standard time (CST) on the last calendar day of each month;

(9) C-WAY-CONV applications which do not have a submission deadline. Applications are reviewed in the order they are received;

(10) Include in C-WAY-REEN applications the Sailor's five most current evaluations ("not observed" (NOB) evaluations are to be included, but are not used in the calculation of the evaluation average). In cases which the Sailor does not have five evaluations, include a brief description of the reason in the notes section of the application. Failure to include all applicable evaluations or corresponding notes may result in an invalid application as determined by the ECM. First-term Sailors who have not received a regular periodic evaluation require a special evaluation;

(11) Include in C-WAY-CONV applications the most current evaluation; and

(12) In all cases which application questions arise or additional clarification is required, call the C-WAY help desk for guidance at (901) 874-2102 (DSN 882) or e-mail the Career Waypoints help desk at: career_waypoints@navy.mil.

g. NAVPERSCOM, Shore Special Assignments Branch (PERS-4010) is responsible for processing approved conversions, adjusting PRDs, and writing PCS orders.

h. Sailor Responsibility. Sailors are ultimately responsible for their own careers. Not being aware of Navy policies or application status will not justify additional reviews.

(1) Sailors should use their most recent career development board (CDB) as a guide in making their career decisions. Additionally, Sailors are encouraged to engage other Sailors already serving in ratings in which they have interest to better understand duties, rating requirements, and skill sets unique to each rating. Additionally, Sailors are strongly encouraged to use Job Opportunities In the Navy (JOIN) Web site at: <https://join.sscno.nmci.navy.mil/> to identify their interests and CEM within C-WAY System to identify eligibility requirements for additional ratings of interest.

(2) Sailors are encouraged to ensure, with the assistance of their CCC, that all required C-WAY-REEN and C-WAY-

CONV applications are submitted accurately, on time, and indicate their desires.

(3) Sailors should utilize their immediate chain of command and CCC to address any policy and or process questions.

Note: Sailors are encouraged to utilize CDBs and the CEM within the C-WAY System in order to determine correctable deficiencies that would otherwise render them ineligible for desired ratings (e.g., retake the Armed Forces Classification Test (AFCT) to improve their scores in order to expand their rating conversion opportunities).

4. Request Procedures

a. CCC must qualify applicable Sailors who desire conversion in C-WAY using the C-WAY qualification function.

b. C-WAY will provide the CCC a list of all ratings for which the Sailor qualifies.

c. Once a member is qualified, the CCC will submit a C-WAY-REEN (AC/FTS) application for conversion per MILPERSMAN 1160-140 or a C-WAY-CONV (SELRES) application. Lateral conversion requests for AC or FTS will be submitted during C-WAY-REEN System-generated application windows (i.e., PRD and soft expiration of obligated service (SEAOS) application windows). For those circumstances in which force structure changes have significantly impacted reenlistment in-rate opportunity, special circumstance-conversion applications may be submitted outside established SEAOS/PRD windows. Affected ratings will be authorized by an ETP and advertised via ECM Web pages and C-WAY business rules. All other eligibility requirements remain in force. SELRES may apply for lateral conversions in C-WAY-CONV when eligible. Conversion opportunities will be identified with convert-in quotas in C-WAY provided by the ECM. The following conditions must be met in order for the Sailor to submit a conversion application:

(1) The Sailor must be qualified in C-WAY for the desired ratings;

(2) The Sailor's current rating must provide a convert-out quota by YG for AC and FTS, or pay grade for SELRES; and

(3) The rating that the Sailor desires to convert into must have a convert-in quota by YG for AC and FTS, or pay grade for SELRES.

5. **Service Requirements**

a. Applicants must

(1) be recommended by their commander;

(2) have served a minimum of 24 months in present rating;

(3) be a rated E-3 to E-6 Sailor of the AC or FTS with 14 years or less of active service as calculated from the active duty service date to expiration of obligated service EAOS/SEAOS, or E-1 to E-6 Sailors of the SELRES with 18 years of service or less as calculated from pay entry base date (PEBD);

(4) be a petty officer first class (PO1/E-6) or below (excluding CPO selectees); and

(5) have met the retainability requirements as outlined in MILPERSMAN 1306-106 (if AC or FTS), or have a satisfactory drill attendance (if SELRES).

b. Members on an enlistment or extension of enlistment for which a selective reenlistment bonus (SRB) was paid must be within 9 months of EAOS before submitting a conversion request.

c. Obligated service (OBLISERV) already incurred in return for any enlistment or reenlistment incentive, training, or other program must be served before conversion to another rating will be authorized.

d. Members must be in compliance with reference (a). In addition, per MILPERSMAN 1306-602, members must be within body composition assessment (BCA) standards to attend service schools. Commands will not transfer members with an approved school quota who do not meet BCA standards. Contact BUPERS-32 ECMS immediately for guidance.

6. **Special Cases**. Certain ratings rely on conversions from other ratings to achieve and maintain required manning levels.

Procedures for requesting conversion to these ratings are as follows:

a. **Navy counselor (NC) (less career recruiter force)** rating can be found in MILPERSMAN 1440-020.

b. **Navy counselor (career recruiter force)** rating can be found in reference (b).

c. **Legalman (LN)** rating can be found in reference (c).

d. **Special Programs:** Aircrew (AIRC), air rescue swimmer (AIRR), submarines, Navy diver (ND), explosive ordinance disposal (EOD), special warfare operator (SO), special warfare boat operator (SB) etc. ratings can be found in MILPERSMAN 1220 series.

e. **Nuclear training** information can be found in MILPERSMAN 1306-500, 1306-502, and 1306-504.

7. **Religious Program Specialist (RP) Eligibility Requirements**

a. **Background.** RPs will not serve independently of chaplains. They will be assigned to units only in direct support of a member of the chaplain corps, and will be limited to performing those tasks in support of the command religious programs which are under direct supervision of a chaplain. While formal clergy training, academic instruction in religion, or clerical status with a faith group does not qualify an individual for entry into the rating, they are not (within themselves) liabilities. Members of the RP rating are not to be counselors or clergy persons, but will be required to support ministry of chaplains and persons of all faith groups.

b. **Service Requirements.** Applicants must

(1) be a designated E-3 or petty officer with a high school diploma, or a general educational development (GED) equivalency and eligible for access to sensitive information;

(2) meet Armed Services Vocational Aptitude Battery (ASVAB) test scores as outlined in MILPERSMAN 1306-618;

(3) be recommended by their commander with particular emphasis on applicant's moral character and ability to function in harmony with other people;

(4) have no non-judicial punishment (NJP) or convictions in civilian or military courts in the 2 years preceding application. Any moral turpitude offense is disqualifying. Personnel with repeated military offenses or a conviction by civilian or military authorities for any offense reflecting unfavorably upon their integrity are ineligible for RP rating;

(5) be interviewed and recommended by a Navy chaplain RP screening committee, unless isolated duty or lengthy deployments make this impractical. In these rare cases, an interview by an individual Navy chaplain citing need for an exception to screening committee requirement will be accepted;

(6) have no speech impediments and have the ability to write effectively; and

(7) have derived no benefits from the Selective Training and Reenlistment (STAR) Program and have completed OBLISERV for other programs, see MILPERSMAN 1306-604.

c. Application Procedures

(1) When the aforementioned eligibility criteria are met, submit a C-WAY-REEN/C-WAY-CONV application for conversion to RP. If C-WAY-REEN/C-WAY-CONV application results in an "Approved-Pending" quota, then submit NAVPERS 1306/7 Enlisted Personnel Action Request via the commander to the RP ECM (BUPERS-326) for active duty, or the SELRES ECM (BUPERS-328) for SELRES utilizing encrypted e-mail or other authorized means that protect the member's personally identifiable information (PII). Use the commander's comments or attach documents to cite past experience and special qualifications. Request must contain a copy of results of an interview with a Navy chaplain and certified on NAVPERS 1070/613 Administrative Remarks.

(2) All electronic correspondence (e-mail) regarding Navy personnel containing names, social security numbers, or other identifying information must be digitally signed and PKI-encrypted, or submitted via other authorized means.

(3) Any hardcopy correspondence must be pre-coordinated before mailing to the ECM. If used, all hardcopy correspondence regarding Navy personnel containing names, social security numbers, or other identifying information must

(a) be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"

(b) use DD 2923 Privacy Act Data Cover Sheet (as appropriate);

(c) be mailed to only those with an official need to know;

(d) be sent via a mailing service that can provide tracking information; and

(e) be handled and destroyed per DoD privacy directives.

(4) RPs are classified as combatants and are not protected under rules of the Geneva Convention for religious personnel. Female RPs will serve as authorized by law and current Secretary of the Navy directives. Certification must indicate the individual has signed the following NAVPERS 1070/613 entry:

"I hereby volunteer for the religious program specialist (RP) rating with the understanding that I will be required to be supportive of clergy and people of all faiths, and if eligible, may receive combat training and assignment to serve as a combatant in units of the Marine Corps, both in garrison and the fleet Marine force."

(5) Personnel selected will be converted to RP upon successful completion of formal schooling or Navy-wide advancement examination, as directed by BUPERS-32. Unless converted to RP with a waiver of school attendance, designation as an RP will only be effected upon completion of appropriate training. First-term personnel will then be required to reenlist.

d. Application Timelines

(1) Personnel must send application in a completed conversion package (as outlined in this article) to the RP or SELRES ECM within 60 days of notification of "Approved Pending" status in C-WAY. Failure to submit package within specified time negates the request, resulting in the Sailor's status being changed to "Denied" in C-WAY.

(2) Upon successful submission of the conversion package, the Sailor will be notified via C-WAY with a status update reflecting "Approved" or "Denied" (as appropriate).

8. Conversion to the Master-at-Arms (MA) Rating

a. **Background.** The MA rating provides commands with force protection and antiterrorism specialists who perform base defense, law enforcement, and physical security duties. MAs enforce appropriate orders and regulations, make apprehensions, conduct investigations, and prepare required records and reports. Due to the unique functions and trust inherent in the MA rating, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria. MAs are world-wide assignable to the continental U.S. (CONUS), outside continental the U.S. (OCONUS), sea, shore, and hostile-fire duty assignments.

b. **Service Requirements.** Applicants must

(1) meet ASVAB test requirements, as outlined in MILPERSMAN 1306-618;

(2) be a U.S. citizen (dual citizenship is not authorized) and possess a Secret security clearance (non-waiverable);

(3) have no NJP or convictions in a civilian or military court in the 3 years preceding application. Personnel with repeated military offenses or a conviction by civilian or military authorities for any offense reflecting unfavorably upon their integrity are ineligible for the MA rating. Personnel with any domestic violence convictions are ineligible (non-waiverable);

(4) hold a valid state driver's license (no suspended license);

(5) have an excellent command of the English language, demonstrate the ability to write effectively, and have no speech impediments;

(6) have tested negative in a drug-screening test within the last 30 days (from conversion request date of submission);

(7) have no history of mental impairment or disorder, emotional instability, alcoholism, drug abuse, or other physical condition that impairs the performance of law enforcement and security duties;

(8) have normal color perception, vision correction to 20/20, and normal hearing;

(9) be interviewed and recommended by one of the following: limited duty officer (649X), chief warrant officer (749X), or E-7 or above rated MA. If one of the aforementioned is not assigned to the command, a similar individual from another command can fulfill the requirement;

(10) be in good physical condition, capable of sustained exertion, meet body fat standards, have not been out of body fat standards within 1 year of the date of the application, have successfully passed the last two PFA cycles, and be fit for full duty;

(11) be able to OBLISERV a minimum of 36 months upon conversion to MA;

(12) meet world-wide assignability criterion; and

(13) include any waiver requests in NAVPERS 1306/7 remarks section.

c. Application Procedures. Each applicant's motivation, qualifications, background, experience, and potential to succeed as an MA will be considered, as well as needs of the Navy. Service needs take precedence. When eligibility criteria are met, submit a conversion application in C-WAY-REEN/C-WAY-CONV. If the application results in an "Approved-Pending" quota, send the following to the MA ECM (BUPERS-329 for active, or BUPERS-

328 for SELRES) utilizing encrypted e-mail or other authorized means that protect the member's PII:

(1) All electronic correspondence (e-mail) regarding Navy personnel containing names, social security numbers, or other identifying information must be digitally signed and PKI-encrypted or submitted via other authorized means.

(2) Any hardcopy correspondence must be pre-coordinated before mailing to the ECM. If used, all hardcopy correspondence regarding Navy personnel containing names, social security numbers, or other identifying information must

(a) be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties."

(b) Use DD 2923 Privacy Act Data Cover Sheet (as appropriate).

(c) Be mailed to only those with an official need to know.

(d) Be sent via a mailing service that can provide tracking information.

(e) Be handled and destroyed per DoD privacy directives.

(3) NAVPERS 1306/7 signed by the commander (**no "by direction" signatures**);

(4) Copies of performance evaluations covering the last 3 years and copies of any evaluations covering performance as a law enforcement specialist (NEC 815A); and

(5) A letter of recommendation from security officer/senior MA (MAC or above) stating member meets all specific eligibility requirements listed in paragraph: 8b (1-13).

d. Application Timelines

(1) Personnel must send a completed conversion package

as outlined in this article to the MA or SELRES ECM within 60 days of notification of "Approved Pending" status in C-WAY. Failure to submit package within specified time negates the request, resulting in the Sailor's status being changed to "Denied" in C-WAY.

(2) Upon successful submission of the conversion package, the Sailor will be notified via C-WAY with a status update reflecting "Approved" or "Denied", as appropriate.

e. Selectees

(1) Personnel selected will be converted to MA upon successful completion of formal schooling.

(2) Personnel selected for conversion via MA "A" School must maintain eligibility as outlined in paragraph 8b "Service requirements." Failure to maintain eligibility requirements will automatically result in a review for continued conversion.

(3) PACT Sailors who have served 18 months or more on active duty that successfully complete MA "A" School will be advanced to E-4 upon successful completion of MA "A" School.

9. Conversion to the Mass Communications Specialist (MC) Rating

a. Background. Sailors in the mass communication specialist (MC) rating is for Sailors who are the public affairs and visual information experts. They write and produce print and broadcast journalism news and feature stories for military and civilian newspapers, magazines, television, and radio broadcast stations; record still and video photography of military operations, exercises, and other Navy events; and serve overseas, on ships, and at stateside commands as photographers, public affairs specialists, newspaper and magazine staff, and TV and radio station staff and talent. Additionally, MCs create graphic designs in support of the public affairs mission, create and manage official Web sites, and perform high-speed, high-volume graphic reproduction. Due to the distinct purpose and unique nature of duties involved in the MC rating, the quality of personnel selected is of paramount importance, requiring strict adherence to eligibility criteria, procedures, and policy for conversion to the MC rating.

b. **Service Requirements.** Applicants must

(1) be within 1 year of completing the minimum time on station (TOS) (excluding SELRES) or Department of Defense (DoD) tour, as appropriate. If approval for conversion is granted, the effective date of conversion will coincide with TOS, prescribed tour, or DoD tour completion date;

(2) be within 12 months of projected rotation date (PRD) (excluding SELRES);

(3) have or incur a minimum of 36 months OBLISERV from date of conversion to MC rating;

(4) have no marks below 3.0 in previous 3 years of performance evaluations;

(5) meet ASVAB test scores as outlined in MILPERSMAN 1306-618;

(6) have passed the last Navy-wide advancement exam (NWAE) prior to application;

(7) have no history of moral turpitude waivers within the previous 36 months (e.g., alcohol, drugs, indebtedness, or other circumstances that would result in non-screening for the granting of a Secret security clearance and world-wide assignability). Personnel with offenses that reflect unfavorably upon their creditability and integrity are ineligible for the MC rating;

(8) have an excellent command of the English language, demonstrate the ability to write effectively, and have no speech impediments;

(9) have a clear record, free from conviction by court-martial, civil court (except for minor non-repetitious traffic offenses), or NJP during the previous 36 months preceding application for conversion to MC;

(10) be interviewed and submit a written recommendation by the senior mass communications specialist within the geographical area;

(11) demonstrate additional proficiency by providing

published articles and or photos; and

(12) meet world-wide assignability criterion.

c. **Application Procedures.** Each applicant's motivation, qualifications, and potential to succeed as an MC will be considered, as well as the Navy's needs; Service needs take precedence. When eligibility criteria are met and the Sailor has an "Approved Pending" status in the C-WAY System, submit the following to the MC ECM (BUPERS-326 for active, or BUPERS-328 for SELRES) utilizing encrypted e-mail or other authorized means that protect the member's PII. Submit a formal letter of application via CO's administrative chain of command providing the following supporting documents:

(1) Copies of all performance evaluations during the last 36 months;

(2) Copy of most recent ASVAB scores. Most recent ASVAB scores must also reflect in the enlisted master file (EMF);

(3) Copy of profile sheet from last NWAE;

(4) NAVPERS 1306/7 signed by the commander (**no** "by direction" signatures);

(5) Copy of Physical Readiness Information Management System (PRIMS) report showing physical fitness assessment results for 4 years prior to application date;

(6) Copies of published articles and or photos; and

(7) A letter of recommendation from a senior mass communications specialist within the member's geographical area.

Note: All electronic correspondence (e-mail) regarding Navy personnel which containing names, social security numbers, or other identifying information must be digitally signed and PKI-encrypted or submitted via other authorized means.

Any hardcopy correspondence must be pre-coordinated before mailing to the ECM. If used, all hard-copy correspondence regarding Navy personnel containing names, social security numbers, or other identifying information must:

- be double wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"
- use DD 2923 Privacy Act Data Cover Sheet (as appropriate);
- mailed to only those with an official need to know;
- be sent via a mailing service that can provide tracking information; and
- be handled and destroyed per DoD privacy directives.

d. Application Timelines

(1) Personnel must send in a completed conversion package as outlined in this article to the MC or SELRES ECM within 60 days of notification of "Approved Pending" status in C-WAY. Failure to submit the package within a specified time negates the request, resulting in the Sailor's status being changed to "Denied" in C-WAY.

(2) Upon successful submission of the conversion package, the Sailor will be notified via C-WAY with a status update reflecting "Approved" or "Denied" (as appropriate).

e. Selectees. Personnel selected will be direct-converted into the MC rating.

10. Change of Rating via Formal School Training

a. Service school commands are authorized to assign rating designation or change in rating upon successful completion of designated training.

b. Prior to detachment for instruction, members must satisfy OBLISERV for training as prescribed in MILPERSMAN 1306-106 and or MILPERSMAN 1306-604. Members converting to SRB eligible ratings may fall under the Obligated Service to Train (OTT) Program contained in reference (d).

c. Members in pay grades E-1 through E-6 who are ordered to a school that incorporates an extended course of instruction

(e.g., FT, ET, AT, EW, and STG) must be converted to a rating at an equal pay grade after successful completion of basic or A-1 phase of that course of instruction. Exceptions to this policy apply to the following: Former "A" School graduates from a rating with fundamentals of basic or A-1 phase of training, similar to those of prospective rating, may be tested on material to be covered in that initial course. If a member proves to be thoroughly knowledgeable with A-1 phase by successfully passing a preliminary A-1 phase examination, attendance in A-1 phase will be optional as determined by service school command. Member may be directly converted to new rating and enrolled in advanced or A-2 phase portion of course.

11. **PACT.** Per MILPERSMAN 1306-611, PACT Sailors are required to utilize C-WAY-PACT designation module and must follow designation policies and processes outlined therein.

12. **Change of Rating through Direct Conversion.** Members may request direct conversion from one rating to another rating. Approval will be based on related skills, manning, experience, and training in present rating and desired rating (e.g., AT3 to ET3, DC3 to HT3, YN3 to PS3). Additionally, occasional manning circumstances require direct conversion of members from one rating to another upon creation of a new rating.

13. **Processing of Converted Sailors.** Processing of converted Sailors will depend on their conversion pathway.

a. Sailors who convert via school receive their next set of PCS orders from the appropriate rating assignment detailer based on needs of the Navy.

b. Direct conversion Sailors will either remain on board their present command or be transferred to another command where a vacancy exists. NAVPERSCOM, Enlisted Distribution Division (PERS-40) and the command will make this determination based on present command manning. Sailors who remain on board will have their PRDs adjusted to the appropriate prescribed tour for that rating, unless the initial assignment is regulated by a DoD area tour. For guidance on Sailors who PCS to another command, use MILPERSMAN 1306-104 Projected Rotation Date and MILPERSMAN 1306-126 First-Term Personnel Assignment Policy.

14. **Forced Conversion.** Forced conversions must be processed per MILPERSMAN 1440-011.

15. Disposition of Members Who Fail to Complete Change of Rating process. Personnel approved or directed to convert must complete conversion. Sailors who fail to successfully convert may be processed for separation within 2 months of the failure being identified. Separation must be processed per MILPERSMAN 1910-133 or the most appropriate article within the MILPERSMAN 1900 series.

	(c)	18 USC §922 Lautenberg Amendment to Gun Control of 1968
	(d)	BUPERSINST 1430.16G

1. **Policy.** Bureau of Naval Personnel (BUPERS) and Navy Personnel Command (NAVPERSCOM) may direct forced conversion - an involuntary change of rating based on loss of eligibility to further serve in present rating or specialty in an Active Component. All Reserve Component (RC) conversions, with the exception of full-time support, are processed using Career-Waypoints per [MILPERSMAN 1440-010](#).

a. Director, The Office of the Chief of Naval Operations Military Personnel, Plans, and Policy (OPNAV N13) is responsible for approval of enlisted force management policy in support of Deputy Chief of Naval Operations, Manpower, Training, and Education (CNO N1). As such, OPNAV (N13) is the approving authority for conversion policy and exceptions to policy.

b. OPNAV Nuclear Enlisted Community Manager (OPNAV N133) is responsible for managing the overall nuclear enlisted community health at the echelon 1 level. As such, OPNAV N133 will be consulted on nuclear conversion policy execution issues to ensure only the Sailors having their nuclear Navy enlisted classification (NEC) removed, per reference (a), are in the forced conversion process.

c. NAVPERSCOM Enlisted Performance and Separations Branch (PERS-832) serves as the final approval and disapproval

authority for voluntary early separation requests, per this article.

2. Primary Reasons for Forced Conversion (list is not all inclusive)

a. Loss of, or failure to, maintain a rating-specific prerequisite or qualification per references (b), volumes 1 and 2, and [MILPERSMAN 1306-618](#),

b. Disqualification, NEC loss, or commanding officer's (CO) loss of confidence for special warfare/operations personnel,

c. Disqualification from submarines for personnel in all submarine service ratings,

d. Disqualification from the nuclear field for personnel with related NEC, per reference (a),

e. Disqualification or drop on request from flying duties,

f. Disqualification from the Personnel Reliability Program, which precludes further performance of duty within current rating,

g. Permanent revocation or denial of security clearance by Department of Defense Central Adjudication Facility, when required by Service member's current rating or specialty,

h. When a Service member whose duties principally involve frequent access, carrying, or possession of firearms is prohibited to access firearms, per reference (c),

i. A medical condition which permanently renders member incapable of performance of duty within current rating, or

j. Loss of credibility that significantly diminishes or impairs ability to perform duties in current rating.

3. Forced Conversion Change of Rating Requests

a. Forced conversion must not be used in lieu of disciplinary or medical procedures or to relieve the command of a substandard performer. Only submit forced conversion requests for Sailors who are:

(1) Capable and qualified to serve in requested ratings, and

(2) Not subject to administrative separation (ADSEP) proceedings.

Note: Sailors that are not recommended for retention will have their packages returned to the command with instructions to separate them under [MILPERSMAN 1910-133](#).

b. Request submission guidance:

(1) Commands must submit forced conversion packages within 10 working days after disqualifying factors from current rating have been identified.

(2) For the purpose of forced conversion, the Service member's signature and or concurrence is not required on [NAVPERS 1306/7 Enlisted Personnel Action Request](#). If member refuses to sign, annotate the refusal to sign NAVPERS 1306/7 and submit without delay. [NAVPERS 1306/7](#) may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(3) CO must ensure Sailors meet eligibility requirements and possess the potential to succeed, relevant to pay-grade.

(4) Members who do not stipulate requested rating choices if their forced conversion package will be processed by NAVPERSCOM and BUPERS into a rating based on "Needs of the Navy."

Note: "Needs of the Navy" refers to any open rating in which a Service member is accepted for conversion. The enlisted community managers determine the "Needs of the Navy."

(5) Command career counselors are encouraged to utilize the Career Navigator (C-NAV) System qualification functionality.

(6) Forced conversion is not authorized into the legalman (**LN**), Navy counselor (**NC**), religious program specialist (**RP**), or master-at-arms (**MA**) ratings.

4. **Forced Conversion Request Procedures**

a. Personnel submitting forced conversion packages are encouraged to request ratings of choice in which they are qualified on [NAVPERS 1306/7](#). Use of BUPERS-Online (BOL) electronic NAVPERS 1306/7 for submitting forced conversion requests is not authorized.

b. The reason for forced conversion must clearly be annotated on [NAVPERS 1306/7](#) in the "Reason for Submission" block.

c. [NAVPERS 1306/7](#) must be signed by the CO or delegated by direction of the CO. Requests must include the following enclosures:

(1) Applicable substantiating documents for forced conversion (i.e., evaluations, [NAVPERS 1070/613 Administrative Remarks](#), medical doctor recommendations, results of nonjudicial punishment, etc.),

(2) Last three evaluations,

(3) Most recent Armed Services Vocational Aptitude Battery Test scores,

(4) Physical fitness assessment results for last 4 years from the Physical Readiness Information Management System (PRIMS),

(5) C-NAV-qualified job list printout identifying requested ratings,

(6) Additional rating-specific documentation (as required), and

(7) For medical disqualifications, [NAVMED 1300/3 Medical Assignment Screening](#) for world-wide assignability screening determination (complete with applicable ICD-10 code) must be submitted as part of the forced conversion request.

d. Packages must be forwarded as an attachment via encrypted e-mail to BUPERS Enlisted Community Management Support Branch (BUPERS-328) at e-mail address: askmncc.fct@navy.mil.

Note: All electronic correspondence (e-mail) that contains names, Social Security numbers, or personal health information (PHI) or personally identifiable information (PII) must be digitally-signed and public key infrastructure-encrypted. In the event that encryption is not possible, the only other authorized means of electronically transmitting PII/PHI is through use of Department of Defense [\(DoD\) Secure Access File Exchange \(SAFE\)](#).

5. **Advancement**. Per reference (d), Service members who are no longer qualified in their current rating are not authorized to compete for advancement or to be advanced. If frocked, frocking will be removed and the command is required to notify the Naval Education and Training Professional Development and Technology Center to have the Navy-wide advancement examination invalidated.

6. **Extensions and Reenlistment**. Members who are no longer qualified in rating must not be allowed to extend, reenlist, or have inoperative extensions made operative without BUPERS-328 authorization.

7. **Bonuses and Special Pays**. Immediately stop payment of any rating-related bonuses and special pays (e.g., selected reenlistment bonus, enlistment bonus, special duty assignment pay, submarine pay, etc.). Contact local personnel offices immediately to stop and or recoup unearned entitlement.

8. **Voluntary Early Separation in Lieu of Forced Conversion or ADSEP Processing**. Service members may request immediate voluntary early separation in lieu of forced conversion or ADSEP processing from NAVPERSCOM Personnel Performance and Transition Division (PERS-83). Requests must contain a statement of understanding that any unearned bonuses will be recouped and separation pay will not be authorized.

9. **Limited Duty**. Service members in a limited duty status must not be processed for forced conversion until these have been designated as fit for duty, in addition to having been found permanently disqualified or incapable to perform required duties in current rating. For special circumstances or when the member's case has been accepted by the physical evaluation board, contact BUPERS-328 to hold forced conversion in abeyance.

10. **Disposition of Members Directed to Force Convert.** One of the following actions must be directed by NAVPERSCOM or BUPERS:

a. Conversion to requested rating or an alternative rating, should "Needs of the Navy" preclude entry into the requested rating,

b. ADSEP processing, per appropriate MILPERSMAN article,

c. Submission of a Fleet Reserve or retirement request,

d. Retention in current rating with:

(1) Separation at expiration of active obligated service (EAOS), if within 12 months of EAOS, or

(2) Cancellation of forced conversion

e. Sailor is directed to complete additional screenings. If the additional screenings result in the Sailor being ineligible for the newly selected rating, the Sailor will be placed back into the "Needs of the Navy" status, or

f. Sailors found to be non-deployable or who have the potential to be found non-deployable will be referred to NAVPERSCOM Distribution Management Division (PERS-45) for additional screening.

11. **Additional Disposition Requirements for Members Force-Converted Out of Nuclear Ratings.** Within 30 days of receipt of conversion approval from BUPERS-328, force converted Sailors will be required to negotiate reassignment with their new rating detailer. Failure to follow this direction will result in a "Needs of the Navy" assignment, as directed by the respective rating assignment detailer, to the highest priority billet. Sailors who fail to complete this redistribution process will be considered as noncompliant and processed for ADSEP per [MILPERSMAN 1910-133](#) or other appropriate MILPERSMAN article(s).

Note: "Needs of the Navy," with regard to distribution, refers to billets advertised on the [MyNavy Assignment](#) that are loaded via the cognizant manning control authority. The new rating assignment detailer will determine the "Needs of the Navy" assignment for personnel force converted out of nuclear ratings.

12. **Sailors not Selected for Conversion.** Sailors who are not selected for a new rating during the forced conversion process may be administratively separated per [MILPERSMAN 1910-133](#).

13. **Failure to Complete Conversion.** Sailors who fail to complete the conversion process may be administratively separated.

Note: Sailors approved for forced conversion must maintain all eligibility requirements throughout the entire conversion process. Failure to maintain rating entry requirements may result in ADSEP per [MILPERSMAN 1910-133](#).

-------------------	---

1. Background

a. Service members in the Navy Counselor (NC) (counselor) rating manage the Navy Enlisted Retention and Career Development Program for commands per reference (a). NCs are the commands' principal advisors on policies and regulations related to Navy career planning. The NC rating relies on conversion from other ratings to achieve and maintain required manning levels. Their duties include, but are not limited to:

(1) Evaluating enlisted career development programs at their parent command and subordinate activities;

(2) Coordinating interviews and counseling sessions;

(3) Providing primary technical assistance, guidance, and training to the command career development team;

(4) Maintaining awareness of revisions and initiatives in career development programs through access to Navy directives, reference materials, experience, and regional training;

(5) Counseling individuals and providing presentations to Service members and their family members on the associated benefits and initiatives regarding career development programs and retention;

(6) Establishing and maintaining an aggressive enlisted command career development and retention program; and

(7) Training command leaders and career development teams on all enlisted career development programs and policies.

b. The Command Career Counselor (CCC) Program provides for assignment of personnel in ratings other than NC (counselor) to perform full-time CCC duties. Requirements and qualifications are contained in [MILPERSMAN 1306-905](#).

2. **Policy**. Due to the distinct purpose and unique nature of duties involved in the NC (counselor) rating, the quality of personnel selected is of paramount importance and requires strict adherence to eligibility criteria, procedures, and policy pertaining to conversion to the NC (counselor) rating.

a. Conversions are open to the following individuals:

(1) Petty officers first class (E-6) serving in the Active Component (AC), Training and Administration of the Reserve (TAR), or Selected Reserve (SELRES). Applicants must have completed 5 to 16 years of active naval service.

(2) Petty officers second class (E-5) serving in the AC, TAR, or SELRES. Applicant must be time-in-rate eligible for petty officer first class at time of application.

b. The following conditions (if applicable) must be met:

(1) Applicants must be within 18 months of completing the minimum time on station or Department of Defense (DoD) area tour (as appropriate);

(2) Applicants must be within 18 months of projected rotation date;

(3) Active duty (AD) applicants desiring to convert to TAR must be within 15 months of expiration of active obligated service;

(4) Service members on an enlistment or extension of enlistment for which a selective reenlistment bonus was paid must contact the MyNavy Career Center (MNCC) Human Resources Service Center (HRSC) for eligibility determination and or to determine if any recoupment of monetary allowance is required;

(5) Service members must have or be able to incur a minimum of 36 months obligated service from date of conversion to NC (counselor) rating without exceeding high year tenure gates as outlined in [MILPERSMAN 1160-120](#); and

(6) Service members approved for conversion via attending the CCC Course (A-501-0011) are not eligible for the NC petty officer first class or NC chief petty officer navy-wide advancement exam until successful completion.

c. Per reference (b), applicants approved for conversion to NC (counselor) who are subsequently selected for chief petty officer (E-7) in their current rating prior to actual change of rating must submit a written request to the Bureau of Naval Personnel (BUPERS) Enlisted Community Management Administration Branch (BUPERS-326) or Reserve Community Management Enlisted Branch (BUPERS-352) to have the conversion reconsidered at the E-7 pay grade.

3. Eligibility Requirements

a. All applicants must:

(1) Have no marks below 3.0 in previous 2 years of performance evaluations;

(2) Have an Armed Services Vocation Aptitude Battery (ASVAB) test score of VE+ MK+ GS = 156 or higher. Line score waiver will be considered up to nine points. If ASVAB test scores are revised, most recent guidance will apply;

(3) **Have at least 12 cumulative months of experience as a CCC or departmental or divisional career counselor (CC) during the previous 3 years of application date for conversion to NC (counselor).** These positions must be clearly documented in the evaluations or experience will be determined by the immediate superior in command (ISIC) counselor;

(4) Have no history of moral turpitude waivers within the previous 24 months. Service members with offenses that

reflect unfavorably upon their credibility or integrity, and or offenses concerning moral turpitude are ineligible for the NC (counselor) rating;

(5) Be eligible for a Secret security clearance;

(6) Have no speech impediments;

(7) Have a clear record, free from conviction by court-martial, civil court (except for minor, non-repetitious traffic offenses), or non-judicial punishment (NJP) during the previous 24 months **preceding application for conversion to NC (counselor)** ;

(8) Be within Navy body composition assessment standards per reference (c) and have no documented failures within the last 2 years prior to application date;

(9) Be interviewed and recommended by the commanding officer (CO). Use [NAVPERS 1306/92](#) Special Program Screening (complete all sections). **CO's endorsement must, at a minimum, include:**

(a) Willingness to have the Service member serve as his or her CCC;

(b) Whether Service member is world-wide assignable, and [NAVMED 1300/3](#) Medical Assignment Screening or medical memorandum;

(c) Whether the Service member possesses the requisite initiative, temperament, and technical and professional acumen to work in an independent setting; and

(10) Have completed NAVEDTRA 43699-D Command Career Counselor Personnel Qualification Standards.

b. Personnel applying for conversion to the NC (counselor) rating must be interviewed and provided a written recommendation from the following individuals:

(1) CCC, who must verify all eligibility requirements of paragraphs 2 and 3, and state verification of all requirements in recommendation;

(2) Command master chief (CMC), chief of the boat (COB), or command senior enlisted leader (CSEL) who will attest to the applicant's potential to function as an independent duty CCC, and whether the applicant has demonstrated effective verbal and written communication across all levels of the chain of command and his or her willingness to have the Service member serve as their CCC;

(3) ISIC CC, who must state whether the applicant can function as an independent duty CCC and willingness to have the Service member serve as his or her subordinate CCC; and

(4) Type commander (TYCOM) fleet or force CC in applicant's administrative chain of command.

c. Service members not eligible for conversion to NC (Counselor) include those:

(1) In receipt or pending release of permanent change of station orders;

(2) In a limited duty status until found fit for full duty; or

(3) Not endorsed by their respective TYCOM CC.

4. **Application Procedures and Requirements.** The TYCOM CC in the applicant's administrative chain of command will review requests for conversion to the NC rating. Lateral conversion requests must be submitted to MNCC HRSC via the CO and TYCOM fleet NCs in the applicant's administrative chain of command. When eligibility criteria are met, use reference (d) to **submit the following supporting documents:**

Note: In the absence of a TYCOM NC (counselor), the appropriate fleet NC will review and endorse requests for conversion to the NC rating.

a. Copies of all performance evaluations covering the past 3 years;

b. Copy of NAVEDTRA 43699-D completion;

c. Copy of most recent ASVAB scores;

- d. [NAVPERS 1306/7](#) Electronic Personnel Action Request signed by the CO or officer in charge (OIC);
- e. [NAVPERS 1306/92](#) with all sections completed and signed by the CO or OIC (**cannot be "by direction"**);
- f. Copy of operational duty screening utilizing exhibit 2 of [MILPERSMAN 1300-800](#);
- g. Copy of Physical Readiness Information Management System (PRIMS) report showing physical fitness assessment results for 2 years prior to application date;
- h. Letters of recommendation from CCC (if applicant not currently assigned as CCC), CMC/COB/CSEL, ISIC CC, and fleet or force CC in applicant's administrative chain of command.
- i. SELRES candidates must submit a complete application to the appropriate enlisted community manager (ECM) before receiving the Reserve Component to TAR or Reserve Component to AC career waypoints approval quota.

Note: All electronic correspondence (e-mail) must be encrypted to protect personally identifiable information. When sending an e-mail, a controlled unclassified information (CUI) banner marking must appear at the top portion of the e-mail. In addition to the banner marking, an indicator can be included in the subject line to indicate that the e-mail also contains CUI. When forwarding or responding to e-mail containing CUI, be sure to carry forward all applicable marking to the new e-mail. If unable to send an encrypted e-mail utilize the DoD Secure Access File Exchange (SAFE) to securely send and receive files.

5. **Selection Process.** BUPERS-326 or BUPERS-352 will receive and screen conversion applications for completion and proper documentation. Complete applications will be forwarded to both losing and gaining rating ECM for final determination.

6. **Selectees**

a. Service members will be converted to NC upon successful completion of the CCC Course (A-501-0011) or direct conversion, if they completed the CCC Course within the past 36 months at time of selection and currently hold Navy enlisted classification 806R.

b. Applicants selected for conversion:

(1) Are detailed to their first rated NC assignment with CCC Course en route, if needed. Initial assignment may be sea duty or shore duty based upon requisition priorities and sea duty completion; and

(2) Must successfully complete the CCC Course or may be reverted to former rating or separated per [MILPERSMAN 1910-133](#).

c. SELRES converted to NC (TAR) will be recalled to AD if approved for conversion; and

Note: SELRES desiring conversion to NC rating (counselor) must be endorsed by the component for which they are applying. AD applications must be endorsed by an AD force or fleet counselor. TAR applications must be endorsed by the Navy Reserve Force CC.

d. Personnel selected for conversion must maintain all eligibility requirements outlined within this article.

7. **Forced Conversions.** For forced conversions out of the NC (counselor) rating, refer to [MILPERSMAN 1440-011](#).

8. **No Fault Reversion**

a. No fault reversion is intended for NCs who are experiencing some limiting deficiencies that were not apparent at the time of request for conversion to NC (counselor). Reversion is not considered a derogatory action and should not be interpreted unfavorably in any subsequent detailing or board action.

b. Requests for rating reversion of personnel deemed unsuitable for continued service in the NC (Counselor) rating will be sent to BUPERS-326 or BUPERS-352, and TYCOM fleet or force CC or Reserve force CC via the CO in the applicant's administrative chain of command. Such requests must include a detailed description of the circumstances or reasons why the Service member is no longer eligible to perform the duties of an NC (counselor) and be adequately and factually supported by enclosures (e.g., evaluations, counseling sheets, witness statements, documentary evidence).

9. **Disciplinary Actions**

a. In the event that a CO loses confidence in a Service member's ability to perform NC duties due to incidents significantly impacting his or her credibility and integrity, force conversion should be considered per [MILPERSMAN 1440-011](#).

b. Service members receiving formal disciplinary action for minor infractions (e.g., NJP or civilian court) will not normally be considered for forced conversion out of the NC (counselor) rating on the first offense. The command must enroll these members in a formal probationary period for up to a year and provide appropriate counseling and training in collaboration with the applicable fleet or force NC (counselor). Personnel placed on formal probation will receive a temporary [NAVPERS 1070/613](#) Administrative Remarks that states "(Service member's name) is hereby enrolled in a probationary period for _____ months (Not to exceed 1 year) for the following infraction(s): (enter infraction(s)). Counseling and a training plan will be provided with the applicable fleet or force counselor. In the event that you receive additional formal disciplinary action during your probation period or don't complete your monthly training plan established by your force or fleet counselor you, may be subject to force conversion per MILPERSMAN 1440-011."

10. **Detachment for Cause (DFC)**. For administrative removal from an assignment for substandard behavior or substandard performance of duty, comply with [MILPERSMAN 1616-010](#).

11. **Waivers**. Eligibility criteria set forth in this article are necessary to ensure manning and command stability, equitable treatment for those competing from various ratings, and equal consideration for all conversion requests.

a. Waivers will be considered by the NC rating ECM via the respective echelon 2 counselor on a case-by-case basis.

b. If required, the Service member and endorser must state the requirement for a waiver and cite justification.

MILPERSMAN 1440-040

NO-FAULT REVERSION TO FORMER RATING

Responsible Office	BUPERS-32	Phone: DSN COM	882-2678 (901) 874-2678
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC

1. Policy

a. No-fault reversion to former rating is intended only for those members who are experiencing some limiting deficiency that was not apparent at the time of their request for rating conversion. The provisions of this article shall not be used for cases in which substandard performance or motivation is a cause or contributing factor.

b. An example of a case for no-fault conversion might be a Navy counselor who lacks aptitude for "salesmanship or counseling" but who has exerted maximum effort to succeed, and retains the potential to succeed in his or her former rating.

2. Commanding Officer's (CO) Procedures

a. When the CO determines that a member has failed to succeed in a converted rating, and the failure is considered not to be the fault of the member, the CO shall provide personal counseling to the Sailor. Counseling should include the circumstances and details of the problem to ensure that the reason for failure is not due to lack of motivation.

b. When the inability to function is due to inadequacies, and rating reversion is in the best interest of the member and the Navy, the CO should encourage the converttee to request reversion to his or her former rating. The member should submit NAVPERS 1306/7 Enlisted Personnel Action Request, via his or her CO, to Bureau of Naval Personnel (BUPERS), Enlisted Military Community Management Division (BUPERS-32). The request should cite this article as a reference. NAVPERS 1306/7 may be accessed by using the following Web address:

<https://www.public.portal.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201306-7.pdf>.

c. Should the member not desire to submit a request for rating reversion, the CO may originate and submit correspondence to BUPERS (BUPERS-32) requesting the member's rating reversion under this article. The request should indicate that the member has received counseling, and include a personal statement from the member concerned. If the member chooses not to submit a statement, the CO's correspondence should so indicate.

3. **Approval Authority.** BUPERS (BUPERS-32) is delegated authority to approve no-fault reversion requests. BUPERS 32 is also delegated authority to disapprove no-fault reversion requests lacking sufficient justification, or to disapprove requests based on other criteria considered by BUPERS (BUPERS-32). CO's may then request that the Office of the Chief of Naval Operations, Force Shaping Plans and Policy Branch (N132) review the decision.

4. **Effect of Reversion.** Reversion under this article is not derogatory and shall not be interpreted unfavorably in any subsequent detailing or board action.

MILPERSMAN 1450-010

REDUCTION IN RATE

Responsible Office	NAVPERSCOM (PERS-4832)	Phone:	DSN COM FAX	882-4439 (901) 874-4439 882-2624
---------------------------	---------------------------	--------	-------------------	--

References	(a) Uniform Code of Military Justice (UCMJ) (b) BUPERSINST 1430.16E, Manual of Advancement (c) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards (d) OPNAVINST 1160.5C
-------------------	---

1. Purpose

a. Reduction in rate by a commanding officer (CO) may be considered as coming within two general classes:

(1) Those made as a punishment under reference (a), article 15.

(2) Those made by reason of incompetency.

b. This article deals with administrative reduction in rate for incompetency, when members concerned have proven themselves not qualified to perform properly the duties of their rates.

NOTE: For reduction in rate under reference (a), see article 15.

2. CO's Authority

a. COs or officers in charge (OICs) may reduce an enlisted member within their command or in their charge to the next inferior grade under this article if the grade from which demoted is within the promotion authority of the CO, OIC, or lower command. Exceptions to this rule are enlisted members in the rank of

- (1) master chief petty officer.
- (2) senior chief petty officer.
- (3) chief petty officer.

b. The CO is not considered to have the authority at nonjudicial punishment (NJP) to reduce a servicemember in paygrades E-7 or above to a lower paygrade since advancement to E-7 or higher requires selection by a board convened for that purpose by Navy Personnel Command (NAVPERSCOM) (reference (b), paragraph 803.2).

3. **Marking Periods.** For the purpose of this article, two consecutive marking periods are defined as two regular evaluation periods or one regular evaluation period and one special evaluation period covering a minimum of 3 months.

4. **First Class Petty Officer or Below**

a. Prior to execution of a reduction in rate of a first class petty officer or below, members concerned shall be apprised of their right to request mast before the CO and to present any evidence or witnesses in their own behalf and reminded of their right to appeal any adverse action to the next higher common superior having power to act in the matter.

b. Reduction, or a recommendation for reduction, of first class petty officers and below not qualified to perform the duties of their rate by reason of incompetency (not for disciplinary reasons) shall be supported by the following performance marks. For first class petty officers and below, such action must be supported by a mark of 1.0 in any one of the trait areas labeled

- (1) "Professional Knowledge,"
- (2) "Quality of Work,"
- (3) "Personal Job Accomplishment/Initiative," or
- (4) "Leadership"

on NAVPERS 1616/26 (Rev. 03-02), Evaluation Report and Counseling Record (E1-E6), for at least two consecutive marking periods covering a minimum of 15 months performance.

NOTE: Waiver of these requirements may be granted only by NAVPERSCOM, Enlisted Performance and Separations Section (PERS-4832).

5. NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks.

Subject to the conditions stated in this article, COs are authorized to effect reduction in rate of a petty officer first class or below by signing the following NAVPERS 1070/613 entry in the service record:

(date): "Proved not qualified for rate of (fill-in) by reason of (fill-in). Received and acknowledged evaluation marks of (fill-in relevant adverse marks) in (evaluation factors) on performance evaluation reports for periods (fill-in). Reduced in rate to (fill-in) this date."

(Commanding Officer)

(date): "I understand that I have been administratively reduced in rate for the reason(s) stated above. I have been counseled and understand my rights of redress in this matter and it is my decision (to/not to) request review by higher authority."

(Member)

6. Master Chief, Senior Chief, or Chief Petty Officers

a. For master chief, senior chief, or chief petty officers, the CO may recommend reduction in rate for reasons of incompetency to NAVPERSCOM. Such recommendation shall be supported by a mark of 1.0 in any one of the trait areas labeled

- (1) "Leadership,"
- (2) "Professional Expertise," or
- (3) "Mission Accomplishment"

for two consecutive marking periods covering a minimum of 15 months performance. The recommendation shall contain a full report of the circumstances together with certified copies of all pages of the service record containing assigned marks or entries pertaining to the performance of the member concerned.

b. The member concerned shall be apprised of the right to request mast before the CO, to present any evidence or witnesses in the their behalf, and to submit a written statement for inclusion as an enclosure to the CO's recommendation. Should the member concerned not desire to make a written statement, indication thereof shall be included in the CO's recommendation.

NOTE: Waiver of these requirements may be granted only by NAVPERSCOM (PERS-4832).

7. Paygrade Reduction

a. Members reduced in rate or recommended for reduction in rate under the authority of this article may be reduced only one paygrade. Subsequent reductions for incompetency must be substantiated by further unsatisfactory marks and service record entries.

b. Reduction in rate shall be to a lower paygrade in the path of advancement as specified per reference (c). Where a petty officer is reduced to paygrade E-3, it shall be to a rate, which is in the appropriate apprenticeship. For example: MM3 reduced to FN or AE3 reduced to AN. If appropriate, a striker identification should be assigned.

8. Reinstatement and Reenlistment

a. Reinstatement of personnel reduced in rate per this article is not authorized. Personnel must requalify through normal advancement system.

b. Personnel reduced in rate per this article are ineligible for reenlistment, per reference (d).

SURVIVAL TRAINING REQUIREMENTS

Responsible Office	CNO (N889J)	Phone:	DSN	664-7766
			COM	(703) 604-7766
			FAX	664-6969

1. **Training Requirements**. Every member assigned to a naval vessel or aircraft must be given the proper survival instructions to ensure knowledge and ability in the following items:

	Item
a.	Should be a capable swimmer. Every member should receive instruction on how to swim through debris and burning oil.
b.	Should know the fundamental principles of first aid, particularly the information applicable to injuries that may be encountered after abandoning ship.
c.	Should be completely familiar with the life-saving equipment assigned for their personal use. Every member must know how to maintain their gear so that if the occasion arises, it is ready for immediate use.
d.	Should know how to leave a sinking ship or aircraft.
e.	Should know how to reach an open deck from assigned station by the proper route.
f.	Should be familiar with the survival gear, including all signaling devices provided on the lifecraft of their ship or aircraft. Every member should know where their gear is stowed, how to use it, how to secure it to the lifecraft, and how to keep it in a state of constant readiness.
g.	Should know how to care for themselves and shipmates if they become survivors either on a raft or in the water, supported either by a life preserver or by their own efforts.
h.	Should be thoroughly familiar with assigned tasks on ship's watch, quarter, and station bill that are put into effect when the ship is in danger of sinking or when survivors from a stricken vessel are to be taken aboard.
i.	Should be familiar with the type of equipment that may be dropped to survivors by rescuing planes.

1. Policy

a. The education and training of Medical Department personnel, including officers of the Medical Corps, Dental Corps, Medical Service Corps, Nurse Corps, and members of the Hospital Corps rating are the responsibility of Chief, Bureau of Medicine and Surgery (BUMED). Announcements of the various education and training programs are made by BUMED.

b. Policies regarding admissions and acceptance to the **Armed Forces Health Professions Scholarship Program (AFHPSP)** and the **Uniformed Services University of the Health Sciences (USUHS)** medical training programs are set forth in references (a) and (b).

2. Application and Selection. USUHS application guidance is provided at <https://www.usuhs.edu/>. Procedures for application and selection of members are published in BUMED instructions. Eligible active duty personnel are required to obtain approval to apply to the USUHS.

3. Training Development. Duration and types of education and training are based on the recommendations of training advisory boards approved by BUMED.

4. **Admission Policies.** Eligible Personnel:

a. U.S. Naval Academy midshipmen may be recruited into USUHS within a combined maximum limit of 15 graduates entering USUHS and AFHPSP annually.

b. Navy Reserve Officer Training Corps midshipmen may be recruited into the program within a maximum combined limit of 15 graduates entering USUHS and AFHPSP annually.

c. All Navy and Marine Corps officers on active duty who have completed their initial active service obligation before appointment in the program, except the following:

(1) Officers under obligations incurred through Department of Defense-funded education programs, naval flight officer training, or naval flight training must complete the minimum required obligation for those programs, plus any additional obligated service incurred in conjunction with an aviation cross training, transition, or replacement training.

(2) Nuclear-trained officers must have completed a tour as department head of a nuclear submarine or guided missile cruiser, or as principal assistant of an aircraft carrier, or be senior to officers assigned. If a nuclear-trained officer is serving under an agreement for nuclear continuation pay, member must be within 1 year of completion of the obligation as an unrestricted line officer. Submarine (non-nuclear) officers must have completed the department head tour required by the current pattern or be senior to those assigned. Availability will be determined based upon the community's ability to meet requirements.

-------------------	--

1. **Purpose.** The Advanced Electronics Field (AEF), Advanced Technical Field (ATF), and Nuclear Field (NF) Programs provide incentives for enlistment or reenlistment of enlisted personnel in the Navy and Navy Reserve. The programs are designed to provide technical or nuclear-trained personnel for naval service.

2. **Enrollment**

a. Personnel may only request enrollment into the AEF or ATF as an enlistment program or while at Navy Recruit Training Command or naval training activities. This requirement does not bar fleet Sailors from requesting and being enrolled in "A" school for any rating in the AEF or ATF Program. Fleet Sailors can request enrollment into the programs while stationed at the training activity. Sailors approved for conversion to a rating

which is only AEF or ATF will be automatically enrolled in the respective program and must incur sufficient obligated service (OBLISERV). For Sailors approved for conversion to a rating having both 4 year obligation (YO) and 6-YO options, training activities must request enrollment by [NAVPERS 1306/7](#) Electronic Personnel Action Request to Bureau of Naval Personnel (BUPERS) Enlisted Community Management Division (BUPERS-32) for Active Component or Reserve Community Management Division (BUPERS-35) for Selected Reserve (SELRES) and Training and Administration of the Reserve (TAR). For personnel requesting enrollment into the NF Program refer to [MILPERSMAN 1306-500](#), [1306-502](#), [1306-504](#), and reference (a).

b. Entrance into these programs provide initial "A" school training and accelerated advancement:

To pay grade...	for personnel enrolled in...
E-2	AEF or ATF upon graduation of recruit training.
E-3	NF upon date of entry on active duty.

3. Program Ratings

a. The ratings in the AEF and ATF Programs are determined by BUPERS-32. Ratings for the NF Program are determined by the Office of the Chief of Naval Operations Nuclear Propulsion Program Manager (OPNAV N133) and updated, per reference (b), as changes occur. Ratings in the programs include:

AEF
• Advanced Electronic Computer Field (AECF), Electronics Technician (ET), Fire Controlman (FC), and Fire Controlman Aegis (FCA))
• Cryptologic Technician (Maintenance) (CTM)
• Cryptologic Technician (Technical) (CTT)
• Missile Technician (MT)
• Sonar Technician (Surface) (STG)
ATF
• Naval Aircrewman (Mechanical) (AWF)
• Naval Aircrewman (Tactical Helicopter) (AWR)
• Naval Aircrewman (Helicopter) (AWS)
• Naval Aircrewman (Operator) (AWO)
• Naval Aircrewman (Avionics) (AWV)

• Cryptologic Technician (Interpretive) (CTI)
• Cryptologic Technician (Networks) (CTN)
• Explosive Ordnance Disposal (EOD)
• Interior Communications Electrician (IC)
• Intelligence Specialist (IS)
• Information Systems Technician (IT) and Information Systems Technician Submarine (ITS)
• Navy Diver (ND)
• Special Warfare Boat Operator (SB)
• Special Warfare Operator (SO)
• Search and Rescue Medical Technician (HM L00A)
• Fleet Marine Force Reconnaissance Independent Duty Corpsman (HM L02A)
• Medical Deep Sea Diving Technician (HM L27A)
NF
• Electricians Mate, Nuclear power (EMN)
• Electronics Technician, Nuclear Power (ETN)
• Machinist Mate, Nuclear Power (MMN)

b. An individual must volunteer and be qualified for duty in submarines for entry into the MT or ITS rating. The NF Program also provides opportunities for duty in submarines.

c. All individuals entering the CTM, CTI, and CTT ratings must be volunteers for both aircrew and submarine duty.

d. All naval aircrewman (AW) ratings must meet and comply with the requirements of [MILPERSMAN 1220-010](#).

e. All special warfare operators must meet and comply with the requirements in [MILPERSMAN 1220-300](#).

f. All special warfare boat operators must meet and comply with the requirements in [MILPERSMAN 1220-400](#).

4. **Types of Training**. Training is generally categorized in two phases:

a. **"A" School - Initial Skill Training**

(1) Any appropriate preliminary or prerequisite training or the respective class "A" school.

(2) AEF and ATF personnel who volunteer and are selected for permanent duty in submarines will attend Naval Submarine School.

(3) "A" school curricula is basic to the rating and not considered specialized except for language training for CTI. All graduates of language training are awarded the Navy enlisted classification (NEC) for that particular language so they can be tracked in the Navy personnel system.

(4) Successful completion of Hospital Corpsman (HM) "A" School is a pre-requisite to attend HM L00A, L02A, and L27A.

b. "C" School - Advanced Training

(1) Consists of at least one "C" school or as annotated below:

(a) Advanced training for NF ratings consists of Nuclear Power School and training at a nuclear power training unit.

(b) Advanced training for CTI consists of the Apprentice Cryptologic Language Program before beginning initial tour. Graduates of this phase of training are awarded NEC C30A-C33A depending on language apprentice cryptologic linguist.

(c) CTN "A" School, Joint Cyber Analysis Course (JCAC), is an advanced technical 24-week NEC producing "A" school.

(d) Advanced training for AW consists of graduation from a fleet replacement squadron. AW personnel who do not require a fleet replacement squadron do not have an advanced training requirement.

(e) Advanced training for EOD, ND, SB, and SO is included in "A" school pipeline.

(f) Advanced training for MT consists of NEC T33A Trident II SWS MK 98 MOD 6.

(g) Advanced training for IS may be upon graduation of "A" school or after completion of first tour enroute to next command depending on defined career path or awarded NEC.

(h) Advanced training for HM L00A requires successful completion of HM "A" School. Upon completion of the L00A "C" School pipeline the member will be awarded the L00A NEC.

(i) Advanced training for HM L02A requires successful completion of HM "A" School and L03A (Field Medical Service Technician) "C" School. Upon successful completion of L03A "C" School, each member will be awarded the NEC before entering the L02A training pipeline. Upon completion of L02A "C" School training pipeline, the member will be awarded the L02A NEC.

(j) Advanced training for HM L27A requires successful completion of HM "A" School. Upon completion of L27A "C" School training the member will be awarded the L27A NEC.

(2) Temporary assignments to general duty for approximately 24 months (usually aboard ship) may be required to await assignment to advanced training.

(3) The specific path of advanced training is determined by needs of the Navy for CTT, ET, FC, FCA, IC, IS, IT, and STG ratings.

5. Eligibility Criteria

a. The following are minimum eligibility requirements:

- (1) Must be a U.S. citizen,
- (2) Must successfully complete "A" school training,
- (3) Must meet minimum Armed Services Vocational Aptitude Battery Test scores as delineated per [MILPERSMAN 1306-618](#), and
- (4) Must be a high school graduate (General Education Development (GED)) acceptable.

b. Physical Requirements

- (1) Must meet vision and hearing requirements as applicable to the rating per [MILPERSMAN 1306-618](#), and references (c) and (d);

(2) Applicants for submarines and NF duty must meet physical requirements per reference (c);

(3) Must meet physical readiness test and body fat requirements per reference (e);

(4) Applicants for the Aircrew (AIRC), Aviation Rescue Swimmer (AIRR), and Search and Rescue Medical Technician (SRMT) Programs must meet the physical requirements per the Navy Aeromedical Reference and Waiver Guide; and

(5) Applicants for special warfare operator, special warfare boat operator, ND, and EOD operators must meet physical requirements per [MILPERSMAN 1220-410](#).

c. Personnel with more than 10 years prior service in any branch of the Military Services are not eligible for these programs but may be eligible to submit conversion packages for these ratings per [MILPERSMAN 1440-010](#).

d. Must be of sound moral character:

(1) Applicants who have a history of disciplinary infractions either in the military or civilian community are ineligible for entry. Navy Personnel Command (NAVPERSCOM) Lead Professional Apprenticeship Career Track (PACT) and "A" School Assignment Detailer (PERS-4010S) or NAVPERSCOM Submarine Nuclear Qualifications Coordinator (PERS-403F) for submarine duty may grant waivers for minor infractions. OPNAV Nuclear Enlisted Quality Control Manager (N133D2) may grant NF waivers for minor infractions.

(2) In an effort to protect the applicant from possible disenrollment as a result of subsequent screening, all questionable or borderline cases will be referred to BUPERS-32 for a determination of eligibility or PERS-403F for submarine duty and OPNAV N133D2 for NF eligibility.

(3) A waiver for pre-service drug use or abuse may be granted. The waiver request will be submitted to BUPERS-32. Waivers for submarine duty will be submitted to PERS-403F and waivers for NF duty will be submitted to OPNAV N133D2 only under the following circumstances:

(a) Evidence of honesty and complete rejection of further drug use and abuse;

(b) Request must include a signed drug rejection statement; and

(c) Policy and waiver procedures for drug abuse as contained, per reference (f), will be strictly adhered.

6. Security Clearances

a. The following ratings require eligibility for a security clearance:

AW	CTI	CTN	CTT
EOD	ET	STG	ND
FC	SO	IC	IS
IT and ITS	MT	NF (ETN, EMN, MMN)	SB
HM	CTM	FCA	

b. Personnel selected for training in occupational fields who are normally assigned to billets in the Personnel Reliability Program must meet requirements per reference (g).

7. Obligated Service (OBLISERV)

a. Assignment in AEF, ATF, or NF Program requires a 6-year active service obligation. This obligation is computed from the time of entry onto active duty on current enlistment. For Navy veterans or other service veterans, the 6 years will be counted from the date of reentry into the Navy and may be accomplished by extension or reenlistment.

b. Applicants must have an initial 4-year active service obligation and concurrently execute two 12-month agreements to extend on active duty. The extension of active OBLISERV is to ensure personnel will have sufficient OBLISERV remaining for payback for advanced training received.

c. Active duty Navy Reserve personnel who are in the TAR Program are not required to be discharged and reenlisted in the Regular Navy but must execute an agreement to extend their active service as TAR for a total 6-year active service obligation. Personnel requesting submarine and or NF duty must be in the Regular Navy.

d. In the case of personnel who apply for these programs while in recruit training, the extension for OBLISERV will be executed at the time of notification of acceptance.

e. Extension Reasons:

(1) Twelve-month extension of enlistment on [NAVPERS 1070/621](#) Agreement to Extend Enlistment or [NAVPERS 1070/622](#) Agreement to Recall or Extend Active Duty is executed with the following narrative reason:

"Training in the Advanced Electronics Field (AEF), Advanced Technical Field (ATF), or Nuclear Field (NF) Program. MILPERSMAN 1510-030, 1220-010, 1306-500, 1306-502, and 1306-504 are governing directives. I understand that this extension of active service becomes binding upon execution and thereafter may not be cancelled, except as set forth in MILPERSMAN 1160-040 and 1510-030."

(2) Twelve-month extension of enlistment on [NAVPERS 1070/621](#) or [NAVPERS 1070/622](#) is executed with the following narrative reason:

"Advancement to rate and grade per [MILPERSMAN 1430-010](#). I understand this extension becomes binding upon advancement and may not be cancelled except as per [MILPERSMAN 1160-040](#)."

[NAVPERS 1070/621](#) and [NAVPERS 1070/622](#) may be accessed on the MyNavy HR Web site using the following Web address:
<https://www.mynavyhr.navy.mil/References/Forms/NAVPERS/>

8. Unable to Complete Training

a. If a member is unable to complete the training pipeline, refer to [MILPERSMAN 1160-040](#) for extension policy cancellation or adjustment. The member will then be made available for reassignment to the rating detailer or NAVPERSCOM Shore Special Programs Branch (PERS-4010) (as appropriate).

b. If a member is unable to complete the required "A" or "C" school training, refer to [MILPERSMAN 1236-020](#) for rating disposition and subparagraph 9a below for extension cancellation.

c. Members who have completed Naval Submarine School and are recommended to retain the "SU" designator may be reclassified to another submarine source rating (if a vacancy exists) and assigned to submarine duty after completion of the new training.

9. **Advancement or Reduction in Rate and Extension Cancellation**

a. For those personnel reduced in rate and or disenrolled from the program, the following applies:

	If advanced training...	and the member...	then...
(1)	was received,	was advanced to E-4	the extensions of enlistment are not cancelled.
(2)	was received,	has not yet advanced to E-4 (i.e., reduced from E-3 to E-2 prior to time-in-rate (TIR) eligibility for E-4),	eligibility for advancement to E-4 is terminated and the extensions of enlistment are not canceled.
(3)	was not received, (has successfully completed "A" school),	was advanced to E-4,	12-month extension of enlistment for advancement to E-4 remains valid , 12-month extension of enlistment advanced training (AEF/ATF/NF) is cancelled , and new extension is required for the amount of training received IAW MILPERSMAN 1160-040 subpara 9f.
(4)	was not received (has successfully completed "A" school),	was not advanced to E-4,	eligibility for advancement to E-4 is terminated , both

			extensions are cancelled , and new extension is required for the amount of training received IAW MILPERSMAN 1160-040 subpara 9f.
--	--	--	---

b. Personnel enrolled in these programs are authorized accelerated advancement to pay grade E-2 for AEF or ATF upon completion of recruit training or later acceptance into these programs, or to pay grade E-3 for NF upon date of entry to active duty. This is not to prevent enlistment at pay grade E-2 or E-3 for those individuals who qualify on the basis of other enlistment programs.

c. Personnel are authorized guaranteed advancement to E-4 after successfully completing "A" school or advanced training (when applicable) and serving 6 months time-in-grade as an E-3. The following must also be completed or obtained prior to advancement to E-4:

(1) All requirements completed for advancement in rate;

(2) Commanding officer's (CO) recommendation via [NAVPERS 1336/3](#) Special Request/Authorization. For NF personnel graduating NF "A" School, the CO's recommendation will be provided via a listing of Sailors eligible for advancement vice individual [NAVPERS 1336/3](#). [NAVPERS 1336/3](#) may be accessed by using the following Web address:
<https://www.mynavyhr.navy.mil/References/Forms/NAVPERS/>.

Note: Sailors are advanced to E-4 after serving 6 months TIR and successful completion of the rating's required training. Participation in the Navy-wide examination is not required. Advancement to E-4 will be on the 16th of the month after 6 months of service as an E-3. TIR will be established per reference (h).

d. For personnel who fail to complete "A" school training, members will have their pay grades administratively reduced to the pay grades held when their active duty commenced:
