

NAVAL MILITARY PERSONNEL MANUAL

NAVPER 15560D

PREFACE

1. **MANUAL TITLE.** Reference to this manual shall be by its title, **Naval Military Personnel Manual**, or by its short title, **MILPERSMAN**.

2. **ARTICLE NUMBERING SYSTEM.** References to articles in this manual shall be by use of their 7-digit identification number, consisting of the Standard Subject Identification Code (SSIC) and a 3-digit extension number, e.g., **5712-010**. The article numbering system permits complete identification. The first four digits identify the SSIC and the last three digits identify the article placement within the section. The article number should be spoken as though it is two separate groups of numbers, broken at the dash. Major subject groups and sections are not titled except in the Table of Contents. If an article is deleted, the article number will not be used again.

3. **REFERRING TO MILPERSMAN AND ARTICLES.** A combined reference to this manual and an article herein shall be by one of the following examples:

Naval Military Personnel Manual, Article 5712-010

MILPERSMAN 5712-010

Article 5712-010 of the Naval Military Personnel Manual

4. **NAVY DIRECTIVES SYSTEM.** Users of this manual are cautioned that proper use of the Navy Directives System is expected and essential. Information not found in this manual may be found in regulatory manuals, regulations, directives, instructions, notices, etc.

5. **EDITORIAL POLICIES.** Editorial policies used for this manual and procedures for submitting changes to it are contained in **MILPERSMAN 5215-010** herein.

6. **DISTRIBUTION.** The basic reissue of the MILPERSMAN and future changes to it will be distributed on the BUPERS Publications/Directives CD-ROM that is published quarterly and scheduled for distribution during the first month of each quarter. The current issue of the MILPERSMAN, article changes approved for the next issue of the MILPERSMAN, and distribution request information are accessible on the MyNavyHR web site listed below:

<https://www.mynavyhr.navy.mil/>

IN REPLY REFER TO
5215
PERS-013
22 Aug 2002

This reissue of the Naval Military Personnel Manual replaces the 1991 edition and its changes (CH-1 through CH-36). No article changes were completed between CH-36 and this reissue.

NAVPERS 15560D, Naval Military Personnel Manual is issued under Navy Regulations, 1990, Article 0105, for direction and guidance, and contains policy, rules, and practices for administration of military personnel within Navy. Changes shall be effective upon the date specified on individual articles published on the BUPERS CD-ROM and posted on the BUPERS CD-ROM web site. The provisions in this manual which relate to entitlements have been transferred without change from NAVPERS 15560C, Naval Military Personnel Manual that it supersedes and, accordingly, the entitlement portion of these instructions were approved by Department of Defense Military Pay and Allowance Committee under procedures prescribed by Secretary of Defense following 37 U.S.C. 1001.

G. L. HOEWING
Rear Admiral, U.S. Navy
Deputy Chief of Naval Personnel

Approved. Changes and distribution shall be authorized and published by Deputy Chief of Naval Personnel with approval of Chief of Naval Personnel.

Norbert R. Ryan Jr.
Vice Admiral, U.S. Navy
Deputy Chief of Naval Operations
(Manpower and Personnel)
Chief of Naval Personnel

References	(a) OPNAVINST 1000.23C
-------------------	------------------------

1. **Policy**. The personnel support activity detachment (PERSUPP DET) and customer service desk (CSD) relationship is established under reference (a).

2. **Purpose**. To define responsibility of maintaining pay and personnel records (ESR).

3. **Records Responsibilities**. The assignment of pay and personnel accounting responsibilities for all Navy commands are as follows:

a. Active duty commands with authorized disbursing and personnel support billets maintain their own pay and ESRs.

b. PERSUPP DET and CSDs maintain

(1) **pay and ESRs** for active duty commands without personnel and or disbursing billets.

(2) **ESRs (only)** for Selected Reserves (SELRES) assigned to units collocated with a PERSUPP DET or CSD and without assigned personnel support billets.

c. Navy Reserve activities maintain all pay records for assigned SELRES and the personnel records for SELRES not collocated with a PERSUPP DET or CSD.

d. Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) maintains ESRs for pre-trained individual manpower (PIM) not in a drill status (i.e., Individual Ready Reserve, retired and retired Reserve personnel).

e. Defense Finance and Accounting Service (DFAS), Cleveland, OH, maintains pay records for PIM not in a drill status.

4. **Recall/ Mobilization Responsibilities**

a. Upon recall or mobilization, pay and ESRs of Navy Reservists will be maintained by the same activity that provides personnel and disbursing support to the active duty command the member is assigned to.

b. If a PERSUPP DET or CSD has not been designated, the active duty command or activated unit shall submit a request

(1) to NAVPERSCOM, Pay, Personnel Procedures and Systems Integration Branch (PERS-2); and

(2) **copy to** NAVPERSCOM, Enlisted Personnel Readiness and Support Branch (PERS-4013),

requesting an activity be designated responsibility for pay and personnel support.

5. **Assignment Responsibility.** NAVPERSCOM (PERS-2) is responsible for assignment of pay and personnel responsibilities. Requests for deviations from the above will be submitted to NAVPERSCOM (PERS-2) for review and approval.

COMMAND PAY AND PERSONNEL ADMINISTRATOR (CPPA) PROGRAM

Responsible Office	PERS-2	Phone:	DSN	882-2115
			COM	(901) 874-2115
			FAX	882-2640

MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) OPNAVINST 5200.45A (b) 5 U.S.C. §552a (c) Command Pay and Personnel Administrator (CPPA) Handbook of 3 January 2020 (d) NPPSCINST 1000.1D (e) NAVPERS 18068F, Volume II, Navy Enlisted Classifications Manual
-------------------	---

1. **Purpose.** To supplement reference (a) and define minimum requirements for the appointment of a command pay and personnel administrator (CPPA), as well as basic responsibilities of designated CPPAs, supported commands, and MyNavy Career Center (MNCC), which includes personnel support detachments (PSD), transactional service centers (TSC), and regional support centers (RSC).

2. **Background.** The CPPA links the individual Sailor, the Sailor's command, and the supporting pay, personnel, and passenger transportation organizations. CPPAs are customer service-oriented professionals trained in basic pay, personnel, passenger transportation, and travel voucher functions associated with Sailor career and life events. CPPAs support Sailors with matters beyond self-service capabilities. Additionally, they provide input to their activity heads on issues or concerns related to Navy pay and personnel within the command; facilitate Navy pay and personnel transactions for command personnel on behalf of pay, personnel and passenger transportation supporting organizations; facilitate command-level support to billet-based distribution (BBD) processes within the command; and provide guidance to command personnel on changes to Navy pay, personnel, and transportation policies and procedures.

Note: Per reference (a), designation of a CPPA (in writing) is critical to providing required and expected levels of personnel, pay, and transportation support for all Navy personnel.

3. **Requirements.** The CPPA assignment is a primary duty. The CPPA will have routine access to command personnel (officer, enlisted, and at times, dependents) personal information that is protected by reference (b). The unauthorized disclosure of personnel data and personally identifiable information (PII) can result in civil, criminal, or administrative penalties. The CPPA must:

a. Be deemed capable of performing in a position of trust. Given the nature of this work, a military person, preferably a personnel specialist or yeoman, should function in the role of the CPPA. Although it is recommended that the CPPA be in paygrade E-4 or above, there are organizational and operational requirements, which may make it necessary to assign the duties to E-3 and below. The requisite training is mandatory for all CPPAs regardless of rating, paygrade, or status and completion of that training should be the key consideration for granting access to the necessary information technology (IT) systems to perform the CPPA duties. The only distinction for E-3 and below personnel is that they cannot be awarded the Navy enlisted classification (NEC) code A16A (CPPA); only E-4 and above personnel can hold the NEC. If there are no military personnel and or coded billets, a Government civilian may be assigned. Only as an exception, if a unit has no military or Government civilians to perform this duty, a contractor working for the command may be assigned as a CPPA. Qualification requirements to perform the duties of CPPA are the same for anyone serving in that role.

b. Be designated in writing by the unit commanding officer or officer in charge using exhibit 1, the CPPA designation letter.

c. Complete the training requirements specified in subparagraph 4a of this article within the specified time frame.

d. Obtain access with the associated role to the essential IT systems in subparagraphs 3d(1) - 3d(9) in order to apply the full capability of these systems in processing administrative, pay, and personnel transactions.

(1) Navy Standard Integrated Personnel System (NSIPS); CPPA, command-level access manager and record of emergency data/dependency application administrator user roles

(2) Navy Pay and Personnel System (NP2); CPPA and any other required roles assigned

(3) Web Master Military Pay Account (MMPA); user (viewer) via Multi-Host Internet Access Portal (MIAP)/Web Defense Finance and Accounting Service (DFAS) Military Pay Repository (DMR)

(4) Transaction Online Processing System (TOPS) and or MNCC Customer Relationship Management (CRM); user

(5) Bureau of Naval Personnel (BUPERS) Online ((BOL); Web site for Personnel TEMPO (PERSTEMPO) and official military personnel file (OMPF) (Command View)

(6) Billet-Based Distribution (BBD) System; user via MyNavy Assignment

(7) Fleet Training Management and Planning System (FLTMPS); user

(8) Serviceman's Group Life Insurance Online Enrollment System (SOES); administrator

(9) Navy Family Accountability and Assessment System (NFAAS); CO's representative

4. Required Training

a. Required training, prior to gaining access to systems required to perform CPPA duties, must be completed by successfully passing the following courses:

(1) CPPA "C" School (A-500-0035), CPPA Overview Course V2.0, or 25 Pay and Personnel (PAYPERS) Clerk functional area courses listed in exhibit 3, and

(2) Navy e-Learning (NeL) courses at:
<https://learning.nel.Navy.mil/ELIAASv2p/protected/ev2Welcome.xhtml>

(a) Department of the Navy (DON) Annual Privacy Training (DON-PRIV-2.0), and

(b) Records Management in the DON: Everyone's Responsibility (DOR-RM-010-1.2) or Records Management Mobile Application

b. Within the first 12 months of assignment, successful completion of the identified requirements in exhibit 4 listed in phase 1.

c. Within 13-24 months of assignment, successful completion of the identified requirements in exhibit 4 listed in phase 2.

d. Within 25-36 months of assignment, successful completion of the identified requirements in exhibit 4 listed in phase 3.

5. **CPPA Resources**. In addition to reference (a), the following resources will assist the CPPA in the performance of assigned duties:

a. Navy Personnel Command (NAVPERSCOM) CPPA Resources Web page, which is a repository with links to authoritative guidance (e.g., standard operating procedures (SOP), user aids, and other helpful information).

b. Navy Pay and Personnel Support Center (NPPSC) SharePoint site: Guidelines provided in references (c) and (d), as well as SOPs to perform pay, personnel and passenger transportation. These task-based user aids with links to policy, guidance, and supporting resources are available via the NAVPERSCOM Pay and Personnel Management Department (PERS-2) CPPA.

c. Navy e-Learning (NeL): Enroll in PAYPERS clerk and CPPA-specific, functional area courses via NeL.

d. NSIPS Web site: NSIPS users' information (e.g., user productivity kits and job performance aids (JPA) are available on the site.

e. The Navy OMPF - Administrator access and OMPF - Command View Users' Guide from the MyNavy Portal Web site.

6. Responsibilities

a. The head of an activity supported by a PSD, TSC, or RSC MNCC organization for pay and personnel functions must:

(1) Understand and allow those Sailors being distributed to CPPA billets within their command to fully function within their roles. Budget submission offices (BSO) take into consideration the size and complexity of the command when determining the number of CPPAs billeted. While some commands may only require assignment of a primary and secondary CPPA, additional CPPAs may be billeted and or designated to meet individual unit needs. A reasonable ratio is 1 CPPA for every 200 military members;

(2) Acknowledge qualified Sailors distributed to CPPA billets by designating them in writing to serve as CPPAs using the format provided in exhibit 1;

(3) Ensure completion of both [OPNAV 5239/14](#) System Authorization Access Request Navy (SAAR-N) Adobe PDF SAAR and the NSIPS online version to request CPPA NSIPS user role access;

(4) Submit [NAVPERS 1221/6](#) Navy Enlisted Classification (NEC) Change Request to request NEC A16A for enlisted personnel after all training requirements have been completed per reference (e);

Note: [NAVPERS 1221/6](#) submission is unnecessary if CPPA "C" School has been completed. NEC A16A is automatically awarded to E-4 and above personnel after completion of CPPA "C" School.

(5) Provide a copy of the notification letter (exhibit 2) to the supporting PSD, TSC, or RSC;

(6) Personally counsel newly designated CPPAs to stress the importance of the assignment and the lawful requirement to protect PII at all times;

(7) Ensure prerequisites outlined in subparagraphs 4a(1) and 4a(2) of this article are completed prior to designation;

(8) Routinely meet with CPPAs to reemphasize the importance of duties, to verify PII protection, and to address issues or barriers internal to the command or with the supporting PSD or TSC;

(9) Ensure mandatory attendance by all designated CPPAs (as operational commitments permit) at PSD, TSC, or RSC-sponsored training events; and

(10) Ensure the supporting PSD, TSC, or RSC is notified in writing upon termination of appointment, and submit an updated CPPA notification letter (exhibit 2)

b. TSC, PSD, RSC OICs or directors must:

(1) Designate in writing a PAYPERS subject matter expert as a primary and alternate CPPA Coordinator who will:

(a) If enlisted, hold the A16A NEC, and if civilian must have attended the CPPA C-School (A-500-0035),

(b) Create and maintain an up-to-date roster of all CPPAs within their geographic area of responsibility,

(c) Maintain a robust training program that includes monthly CPPA training (at a minimum) management of the CPPA Personnel Qualification Standard (PQS) Program and completion of the CPPA NeL courses identified in paragraph 4 of this article, and

(d) Utilizing all electronic methods available, ensure regular communication with all assigned CPPAs on recent changes to PAYPERS policies and procedures.

(2) Ensure new CPPAs are provided training and indoctrination within the first 30 days of assignment or appointment. At a minimum, the training must cover:

(a) Their organization and points of contact,

(b) Services provided and interface procedures,

(c) Authoritative policy guidance, training materials, and online resources,

(d) Schedules and locations for the monthly CPPA engagements and meetings,

(e) Process to obtain access to and use of the online systems required to perform pay and personnel support (i.e., NP2, NSIPS, and OMPF (OMPF for enlisted admin users), and

(f) Process to obtain access to and use of any online systems required to perform document handling or customer relations management (i.e., TOPS/MNCC CRM).

(3) Ensure CPPAs selected by supported commands have completed all prerequisites (see subparagraphs 4a(1) and 4a(2) of this article as evidenced by course completion certificates and approved [NAVPERS 1221/6](#) (for Navy enlisted personnel);

(4) Provide regularly scheduled monthly CPPA training on by those means necessary to ensure all CPPAs, including those servicing geographically separated units, have an opportunity to participate. Training may include classroom, video teleconference, Defense Connect Online (DCO), phone conference, or any other means that support the Sailors' commands;

(5) Inform CPPAs of all changes in policy or procedures impacting pay, personnel, and transportation entitlements; and

(6) Provide feedback to command leadership on CPPA engagement, meeting attendance, and performance.

c. CPPAs must:

(1) Complete prerequisites outlined in subparagraphs 4a(1) and 4a(2) of this article and submit certificates of completion to the activity head,

(2) Submit both, [OPNAV 5239/14](#) Adobe PDF SAAR and NSIPS/NP2 online version, to request NSIPS/NP2 CPPA user role access,

(3) Submit [OPNAV 5239/14](#) and [NAVPERS 1070/856](#) Request for Authority to Draw Personnel Records for access to the Electronic Military Personnel Records System (EMPRS) with all required signatures to their command's designated OMPF "command view" administrator. Access will only be granted to enlisted OMPF records,

(4) Complete the PQS and NeL course requirements identified in paragraph 4 within the specified timeframes and submit documentation of completion to the supporting PSD and or TSC CPPA coordinator,

(5) Maintain familiarization with reference (a) and the additional training materials listed in this article,

(6) Serve as the primary customer service link between members of the command and the MNCC (PSD or TSC),

(7) Attend all scheduled CPPA engagements and meetings to include all scheduled PERS-2 training. If unable to attend, arrange to receive information provided via alternate means,

(8) Obtain and maintain additional access to the systems and software (e.g., TOPS/MNCC CRM, NSIPS, NP2 electronic service record (ESR), OMPF, etc.) necessary to complete CPPA duties, and

(9) Use pay and personnel policy and PERS-2 SOPs as primary references to ensure:

(a) All forms are properly completed and signed,

(b) All required key supporting documents and attachments are included for transaction verification and validation, and

(c) All information provided is sufficient to resolve the transaction in a timely manner

(10) Promptly transmit documents (at least daily) to ensure compliance with the timeliness policy established by [MILPERSMAN 1000-025](#) Personnel Transaction Timeliness, and

(11) Protect PII in every action. Any time it is suspected that PII has been compromised, report the incident immediately to the unit CO or OIC and OIC or director of the servicing PSD, TSC, or MNCC.

(b) [NAVPERS 15560D](#), Navy Military Personnel Manual (MILPERSMAN)

1. You are hereby designated as command pay and personnel administrator (CPPA) for (command name) (unit identification code XXXXX). You must familiarize yourself with reference (a) and reference (b), [MILPERSMAN 1000-021](#), to prepare you for your duties. This is your primary duty.

2. You are being placed in a position of trust, with access to the personnel records, data, and documents pertaining to command personnel. In this assignment, you are accountable for compliance with privacy protection requirements associated with the collection, use, dissemination and maintenance of personally identifiable information (PII). You must protect PII at all times and prevent its unauthorized access or loss.

3. Specific duties and responsibilities include:

a. Complete annual PII training and familiarity with the practices and procedures required by the Department of the Navy Privacy Program.

b. Serve as the primary customer service link between command personnel and the servicing personnel support detachment (PSD) or transaction service center (TSC), including receipt, examination, and timely transmission of documents and information between command members and the PSD or TSC.

c. Escalate issues to appropriate leadership levels of the command and or PSD or TSC should problems occur that you cannot resolve.

4. Remember, this position of trust requires your active and vigilant protection of personal information. If, for any reason, you are unable to perform your assigned CPPA duties, you are required to immediately inform your chain of command.

MILPERSMAN 1000-030

ACTIVE DUTY SERVICE DATE (ADSD) FOR ENLISTED PERSONNEL

Responsible Office	MNCC	Phone: Toll Free	1-833-330-MNCC (6622)
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Definition of Active Duty Service Date (ADSD).** The (ADSD) for enlisted personnel is the actual or adjusted date from which the amount of active military service performed is calculated. The ADSD reflects all periods of active Federal military service in a commissioned officer, warrant officer, or enlisted status.

2. **How to Calculate the ADSD for Enlisted Personnel**

a. For members who have no prior active military service, the ADSD is the date of entry on their current tour of active duty.

b. For members who have prior active military service, subtract the total of their prior periods of active service from the date of entry on their current tour of active duty. If there is lost time, that period of time of at least 24 hours is not included in determining cumulative years of service.

(1) Example of ADSD calculation follows:

Beginning date of current tour is 3 January 2015.
Member has 3 years, 6 months, and 2 days of prior active service. Member experienced 15 days of lost time due to unauthorized absence (UA).

	To properly calculate the number of months, "borrow" 12 months from 2015 in the year
<u>YR MM DD</u>	column and add 12 to the month column (13 months)
2014 13	Adjusted begin date of current tour is 2014 13 03
2015 01 03	3 January 2015, per above description. Subtract all
- 03 06 02	prior active service (3 yr, 6 mo, 2 dd)
2011 07 01	

Add inclusive day per Department of Defense 7000.14-R, DoD Financial Management Regulation (DoDFMR) (see note below)

2011 07 01
+ 01

2011 07 02

Adjusted ADSD **if no lost time**

When applicable, additional adjustment is required for lost time, which is not to be credited for ADSD. The ADSD will be moved forward by the number of days of lost time (e.g., UA, absence without leave, confinement). Other examples of lost time are included in [MILPERSMAN 1600-100](#).

2011 07 02 From above
+ 15 15 days lost time due to UA

2011 07 17 New adjusted ADSD, forwarded by 15 days.

NOTE: DoDFMR volume 7A, chapter 1, paragraph 010401.B.4 states: Any period of service is at least 1 day. For each non-continuous period of service, add 1 day to account for inclusive days.

(2) For lost time during current period of active duty, advance the ADSD by the number of days of lost time.

(3) Rules

(a) Count, on a day-for-day basis, all periods of lost time and periods of active duty or active duty for training of 30 days or less.

(b) Subtract the first day of the tour from the last day of the tour and add 1 day to the remainder for tours in excess of 30 days.

MILPERSMAN 1000-060

MILITARY PERSONNEL SOCIAL SECURITY NUMBER (SSN)

Responsible Office	NAVPERSCOM (PERS-331)	Phone: DSN COM	882-3347 (901) 874-3347
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
Reference (s)	(a) DOD Instruction 1000.30 of 1 Aug 2012 (b) 5 U.S.C. §552a Privacy Act of 1974		

1. Policy:

a. The Social Security number (SSN) will be the sole military personnel unique identifier for Navy personnel, per references (a) and (b), until such time that an alternate identifier is used - department of defense identification (DODID).

b. Change of the military SSN in the official record is made only after an administrative examination of the evidence and approval by Commander, Navy Personnel Command (COMNAVPERSCOM).

c. Since the SSN is essential for personnel identification in the Navy, an applicant must have an SSN prior to being accepted for enlistment or commission in any Navy component.

d. To facilitate pay and personnel record maintenance, the SSN recorded on DD 4 Enlistment/Reenlistment Document Armed Forces of the United States or NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office must be validated and will be used on all reports, forms, documents, correspondence, and official records concerning a member of the Navy per reference (a).

2. Command's Responsibility. Prior to submission of request for military SSN change, the command shall provide the Service Member with a Privacy Act Statement, per reference (b), as follows:

"The authority to request this information is derived from 5 U.S.C. §301 Departmental Regulations. The purpose is to affect a correction of a military personnel social security number (SSN). It will become a permanent part of the Navy Personnel Records System. Disclosure of the information requested is voluntary; however, failure to provide the information may result in disapproval of the request for change of military SSN."

3. **Member's Responsibility.** The member must submit a written request to the Navy Standard Integrated Personnel System Help Desk, via the commanding officer, with a copy of the Social Security card.

4. **How to Send Documents.** Forward member's letter request, command endorsement, and documentary evidence to the following address listed:

SPAWAR ITC NSIPS/CDM
NAS JRB
1330 Military Parkway, RM 104
Fort Worth, TX 76127

5. **Effective Date.** For Navy record purposes, an SSN change is effective from the date of COMNAVPERSCOM authorization as indicated in block 1 on DD 1343 Notification of Change in Service Member's Official Records.

NOTE: Changes to the Service Member's SSN will reflect in all corporate data systems, including the electronic service record. Copies of the DD 1343 may be obtained via OMPF "View", OMPF "My Record", or by written request.

-------------------	--

1. **Procedure**. When entries regarding race and ethnicity are required on personnel forms, records, surveys, reports, or for online reporting, the race categories and standard data item codes listed in the next paragraph must be used (references (a) and (b) refer).

2. **Race Category Definition**. The definition used for race category is a division of mankind that possesses traits that are transmissible by descent and that are sufficient to characterize as a distinctive human type. The correct race categories and standard data item codes to use are:

Race Category	Standard Data Item Code	Definition
American Indian or Alaska Native	A	A person having origins in any of the original peoples of North and South America (including Central America).
Asian	B	A person having origins in any of the original peoples of the Far East, Southeast Asia, or Indian subcontinent. This area includes Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
Black or African American	C	A person having origins in any of the original peoples of Africa.
Native Hawaiian or Other Pacific Islander	D	A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
White	E	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.
Decline to Respond	F	Decline to Respond is a choice that will be available to members when they choose not to indicate a race preference on any Navy form or online systems. It will not be used in combination with any other code.
Identifi- cation Pending	G	Identification Pending will not be an available option to members. It will be used in mortuary affairs and graves registration. This option will be a valid value in all Navy personnel systems. It will not be used in combination with any other code.

3. **Multiple Race Category Selection.** Members may select more than one of the race categories above except for the "Decline to Respond" and "Identification Pending" category. The following matrix is provided to describe race categories and accompanying standard data item codes for members selecting more than one race category.

Race Category	Standard Data Item Code
A, B American Indian or Alaska Native (A), and Asian (B)	H
A, B, C American Indian or Alaska Native (A), and Asian (B), and Black or African American (C)	J
A, B, C, D American Indian or Alaska Native (A), and Asian (B), and Black or African American (C), and Native Hawaiian or Other Pacific Islander (D)	K
A, B, C, D, E American Indian or Alaska Native (A), and Asian (B), and Black or African American (C), and Native Hawaiian or Other Pacific Islander (D), and White (E)	L

C, E Black or African American (C), and White (E)	8
D, E Native Hawaiian or Other Pacific Islander (D), and White (E)	9

4. **Ethnic Group Definition.** The definition for the ethnic group category is a segment of the population that possesses common characteristics and a cultural heritage significantly different from that of the general United States population and closely identifies with that cultural heritage. The acceptable codes to use are:

Ethnic Group	Standard Data Item Codes
Other Hispanic descent	1
United States/Canadian Indian Tribes	2
Other Asian descent	3
Puerto Rican	4
Filipino	5
Mexican	6
Eskimo	7
Aleut	8
Cuban	9
Indian	D
Melanesian	E
Chinese	G
Guamanian	H
Japanese	J
Korean	K
Polynesian	L
Other Pacific Island descent	Q
Latin American with Hispanic descent	S
Vietnamese	V
Micronesian	W
Other - A person whose choice of an ethnic group is not listed above and chooses not to be associated with any of those ethnic groups.	X
None - A person choosing not be associated with any particular ethnic group.	Y
Unknown - Not an ethnic group choice. Used to indicate an error or omission that requires correction to include the individual in one of the recognized general classifications. Persons who do not know their ethnic group should choose one of the recognized ethnic groups or use "Other" or "None."	Z

5. Review or Update of Race Categories or Ethnic Group.

Effective 6 January 2003, members may review or update their race categories or ethnic group on file with the Navy by going to www.bol.navy.mil. This self-service method will be the permanent and preferred method for members to review or update their race categories or ethnic group. Members who cannot access www.bol.navy.mil may request assistance from their personnel office if the personnel office has access to the Navy Standard Integrated Personnel System (NSIPS). If members are not serviced by the local Personnel Support Activity Detachment (PERSUPPACT DET), they must locate an alternate location for access to www.bol.navy.mil, such as libraries, Internet cafes, and Single Sailor Centers. PERSUPPACT DETs may only access NSIPS records of members that are permanently assigned or serviced to their pay and personnel unit identification code (UIC). Self-identification will be the appropriate method of identifying and recording member's race and ethnicity.

	MyNavy Portal:		https://my.navy.mil/

References	(a) NAVSO P-6034, Joint Travel Regulations (JTR)
	(b) 60 Comp.Gen. 142 (1980)

1. Policy

a. Per reference (a), the home of record (HOR) and or place from which called or ordered to active duty (PLEAD) are used to determine a member's entitlement to travel and transportation allowances or other compensations provided by law. To support these entitlements, these places will be documented (as prescribed below) and must not be changed, except as authorized.

2. HOR

a. The place recorded as the Service member's home when commissioned, appointed, enlisted, inducted, or ordered into a tour of active duty.

b. The place recorded as the Service member's home when reinstated, reappointed, or reenlisted remains the same as that recorded when commissioned, appointed, enlisted, inducted, or ordered into the tour of active duty, unless there is a break in service of more than 1 full day.

Note: Only if a break in service exceeds 1 full day (more than 24 hours) may the member change the HOR.

c. Use the following table to determine the HOR:

Occasion	HOR
An individual commissioned, appointed, enlisted, inducted, or ordered into a tour of active duty.	The place recorded as the Service member's home.
An officer appointed from active enlisted status.	Remains the same as that recorded on DD 4 Enlistment/Reenlistment Document-Armed Forces of the United States in effect at the time of appointment.
An enlisted member immediately reenlisted with no break in active service.	Remains the same as that recorded on the DD 4 in effect at the time of reenlistment.
An enlisted member reenlisted after a break in active service that exceeds 1 day (more than 24 hours)	The place recorded as the Service member's home at the time of reenlistment into the new period of active duty. The new HOR must be recorded on the new DD 4.
An officer or enlisted member recalled to active duty from an inactive status, after a break in active service that exceeds 1 day (more than 24 hours)	The place recorded as the Service member's home when ordered into a tour of active duty. If different from the HOR currently recorded in the electronic service record (ESR), the new HOR (for officer and enlisted members) must be recorded on NAVPERS 1070/74 Report of Home of Record and Place From Which Ordered to Active Duty.

d. The HOR may not be changed during a period of continuous active duty, regardless of changes in the member's home address during the tour of active duty or enlistment. The HOR may be changed upon reenlistment or reentry into the Service, provided there is no overlap in reenlistment contracts and a break in service of more than 1 day has occurred (e.g., member's current enlistment expires on the 12th of the month and the member reenlists on the 14th of the month.)

e. Where to record the HOR:

(1) The initial HOR for officers must be recorded on NAVPERS 1070/74.

(2) The initial HOR for enlisted members must be recorded on DD 4.

(3) Changes to the HOR, authorized as a result of a break in service, must be recorded per paragraph 2c above.

3. **PLEAD.** The place of acceptance in current enlistment, commission, or appointment of an active Service member, or of a member of the Reserve Component (RC) when enlisted, commissioned, or appointed for immediate active duty.

a. For an inductee, it is the location of the local Selective Service Board to which the individual first reported for delivery to the induction station.

b. Effective 1 January 1983: In the case of a non-prior service midshipman or cadet at a Service academy, or a civilian college or university, the place where the member attains a military status or where the member enters the Service. Generally this is the academic institution and not the member's HOR (reference (b)).

c. In the case of an RC member who is not enlisted, commissioned, or appointed for immediate active duty, the place to which an order to active duty is addressed.

d. Where to record the PLEAD:

(1) The initial PLEAD for officers must be recorded on NAVPERS 1070/74.

(2) The initial PLEAD for enlisted members must be recorded on DD 4.

(3) The PLEAD for a reservist ordered to active duty will be recorded on the member's orders to active duty and in the ESR.

Note: The PLEAD changes only if there is a break in service exceeding 1 full day, in which case it is the place of entry into the new period of service.

4. **Distribution of NAVPERS 1070/74**

a. **For newly commissioned officers:**

(1) Original: Attach to NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office and forward to Navy Personnel Command (NAVPERSCOM), Officer Accession and Promotions Branch (PERS-806) along with the other documents required to create the new officer permanent personnel record.

(2) Duplicate: To newly commissioned officers for retention in their personal files.

b. **For changes authorized as a result of a break in service:**

(1) Original: Forward to NAVPERSCOM, Records Analysis Branch (PERS-312).

(2) Duplicate: Deliver to the member for retention in their personal files.

5. **Corrections**

a. A correction to the HOR (for officer and enlisted) may be authorized in those instances when, through a bona fide error, the place originally named at time of current entry into the Service was not in fact the actual home. Any such correction must be fully justified and the home, as corrected, must be the actual home of the member upon entering the Service, and not a different place selected for the member's convenience.

b. Approval by NAVPERSCOM (PERS-312) is required to correct an erroneous HOR. Requests must be submitted, via the chain of command, to NAVPERSCOM (PERS-312) for approval and must include sufficient documentary evidence to support the member's claim.

References	(a) Freedom of Information Act (b) Privacy Act (c) 10 U.S.C. 130b
-------------------	---

1. Policy

a. Lists containing the names and duty station address pertaining to active duty or reserve personnel may be furnished to any organization or individual external to the government provided the guidelines of references (a), (b), and (c) are followed. Specifically, the duty station address pertaining to **active duty or Reserve personnel** who are

- (1) stationed overseas;
- (2) on deployable units;
- (3) at sensitive units; or

(4) not stationed overseas, on deployable units, or at sensitive units and are below the office director level and not in positions that require frequent interaction with the public;

are **not** releasable to the general public. All other duty station address information is considered releasable.

b. The home address of all U.S. Navy personnel is prohibited from release to any individual or organization

external to the government unless specifically authorized by a statute that supercedes references (a) or (b).

MILPERSMAN 1000-120

CORRECTION OF DATE OF BIRTH

Responsible Office	NAVPERSCOM (PERS-331)	Phone:	DSN COM FAX	882-2459 (901) 874-2459 882-2660
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) Privacy Act of 1974
-------------------	-------------------------

1. **Policy**. A correction of the date of birth to official records of a member is made only after an administrative examination has shown that evidence presented is indisputable and authority has been granted by Commander, Navy Personnel Command (COMNAVPERSCOM).

2. **Command's Responsibility**. Prior to submitting the request for change of the date of birth, the command shall advise the Service member of the Privacy Act Statement per reference (a), as follows:

"The authority to request this information is derived from 5 U.S.C. 301 Departmental Regulations. The purpose is to effect a correction of the date of birth. It will become a permanent part of the Navy Personnel Records System. Disclosure of information is voluntary; however, failure to provide the information will result in disapproval of the request for a change of the date of birth."

3. **Member's responsibility**:

a. **Request**. The member must forward the date of birth change letter request to the Navy Standard Integrated Personnel System Help Desk via the commanding officer (CO). The request must include the following:

(1)	Social Security number and complete mailing address.
(2)	A statement of the reason for the erroneous recording.
(3)	A copy of the Birth Certificate or other documentary evidence of the correct date of birth. When the evidence submitted is not identified as a public record, a statement by the responsible public official that no public record of birth exists shall be included.

(4)	An affidavit that the applicant is the person referred to in the documentary evidence submitted.
-----	--

b. **Documentary Evidence.** The request shall be accompanied by appropriate documentary evidence verifying the change in date of birth. Examples of such suitable evidence for establishing the correct date of birth are listed below in order of preference:

Preference	Examples
(1) Most preferred:	<ul style="list-style-type: none"> • A copy of the Birth Certificate provided it is officially certified by competent civilian authority. • A copy of the Baptismal Certificate by an ecclesiastical official, provided the baptism date is prior to first entry into the naval service. • A copy of the Hospital Record of Birth certified by the official having custody of the records. • A certified statement of the attending physician as to the date and place of birth shown in the records.
(2) Family records or other records made subsequent to the time of birth of the member may be accepted when substantiated by another such record. When none of the evidence listed above is available, two of these documents in the form specified is acceptable:	<ul style="list-style-type: none"> • Photographic copy of an entry in the family Bible certified by a notary or other public official generally authorized to administer oaths. The certification must state the original has been sighted, that the particular entry appears to have been made contemporaneously with the birth of the member concerned and that no conditions exist tending to discount its authenticity. • Corrected Birth Certificate bearing the raised seal of the clerk having custody of the records together with supporting evidence showing the basis for correction. • Delayed Birth Certificate showing the birth recorded on a report of the attending physician or midwife and bearing the raised seal of the clerk having custody of the records. • Certified extract from the census enumerations of any two of the following periods: 1920, 1930, 1940, 1950, or 1960. • Certified copy of a school document or record.
(3) Affidavits of relatives, friends, or disinterested parties who knew the applicant from time of birth may be accepted when the evidence above is not available. Two affidavits containing the following information are required:	<ul style="list-style-type: none"> • Full identification of the affiants and their respective ages. • Name, date, and place of birth of the applicant. • Source of knowledge of the above information.

4. **How to send Documents.** Service member will forward letter request via the CO and a copy of the documentary evidence to the following address or facsimile (FAX) number:

SPAWAR Systems Center
BLDG 3 Third Floor
Attn: CDM
2251 Lakeshore Dr
New Orleans, LA 70145

FAX: (504) 697-0342

5. **Effective Date.** For Navy record purposes, a date of birth change is effective from the date of COMNAVPERSCOM authorization as indicated in Block 1 on DD 1343 Notification of Change in Service Member's Official Records.

NOTE: Changes to the Service member's date of birth will reflect in all corporate data systems including the Electronic Service Record. Copies of the DD 1343 may be obtained by written or FAX request to:

Commander, Navy Personnel Command
Records Management/Policy Section
PERS 312E
5720 Integrity Dr
Millington, TN 38055

FAX: (901) 874-2764 (DSN 882)

MILPERSMAN 1000-130

NAME CHANGE OF SERVICE MEMBER

Responsible Office	PERS-313	Phone: DSN COM	882-3347 (901) 874-3347
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Policy.** Change of name in the official record is made only after an administrative examination of evidence and approval by Commander, Navy Personnel Command (COMNAVPERSCOM). A change of surname due to marriage or divorce must be reported immediately as outlined below. A name may not contain punctuation marks including a hyphen, apostrophe, comma, period, or space. Due to legacy systems constraints, full names exceeding 27 positions are truncated.

2. **Service Member's Responsibility.** The Service member will submit the request through [MyNavy Portal](#) under "My Record" by electing the "Name Change" tile in the "Looking for?" section. Submit at least one of the documents listed below with the request as documentary evidence verifying the change in name. A tutorial for navigating the application may be found on the [MyNavy Portal](#) Web site. Contact the [MyNavy Career Center](#) at 1-833-330-6622 for questions.

- a. Marriage certificate,
- b. Final divorce decree containing provision for restoration of birth surname,
- c. Court order authorizing name change,
- d. Birth certificate,
- e. Naturalization certificate,
- f. Social Security card, or
- g. U.S. passport

3. **How to Send Documents.** Although the electronic self-service method is preferred, Service members may forward a letter request and a copy of the documentary evidence to the address listed below. Double-packaging the documents is highly recommended, with an SF 901 Controlled Unclassified Information coversheet attached to the inner container or envelope. Any misuse or unauthorized disclosure may result in civil and criminal penalties." Service members should use [DD 2923](#) Privacy Act Data Cover Sheet to cover the documents containing personal identifiable information. Using a mailing service that provides tracking capability is also recommended.

<p>Navy Personnel Command Attn: PERS-312 5720 Integrity Drive Millington, TN 38055-3120</p>

4. **Effective Date.** For Navy record purposes, a name change is effective from the date of COMNAVPERSCOM authorization as indicated on the [NAVPERS 1070/888](#) Notification of Change in Service Member's Official Records or [DD 1343](#) Notification of Change in Service member's Official Records.

Note: Changes to the Service member's name will reflect in all corporate data systems, including the electronic service record and a copy of the approved [NAVPERS 1070/888](#) or [DD 1343](#) will be filed in the Service member's official military personnel file (OMPF) which is accessible via [MyNavy Portal](#) . Copies of [DD 1343](#) may be obtained via the OMPF - Command View, OMPF - My Record.

5. **Additional Name Change Requirement.** Service member must apply for an updated Social Security card for name requested. Additional information on the Social Security Administration name change process is available at <https://faq.ssa.gov/en-US/Topic/article/KA-01981> .

MILPERSMAN 1000-140

MAILING ADDRESS OF MEMBERS ON INACTIVE DUTY

References	(a) 10 U.S.C 10205 (b) DoD Instruction 1215.13 (c) SECNAVINST 1920.6C (d) BUPERSINST 1001.39F (e) MPM 1910-158
-------------------	--

1. **Applicability.** This article applies to all members not on active duty of the Navy Reserve and all retired members of the Navy or Navy Reserve, including the Fleet Reserve and the Temporary Disability Retired List (TDRL).

2. **Definition.** Mailing address is the address at which a member can be reached at any time by first class mail. Rural route numbers with a post office box number are acceptable. However, United States Post Office boxes and addresses such as banking institutions, which some members have designated as the place to receive pay checks, are not acceptable mailing addresses.

3. **Recording of Current Address.** Current address will be recorded in the Inactive Manpower and Personnel Management Information System (IMAPMIS) database and the member's service record.

4. **Change in Mailing Address**

a. Selected Reservists or Voluntary Training Unit members (both officer and enlisted) will change their current address

via the Navy Standard Integrated Personnel System (NSIPS). Changes will be made by the activity responsible for updating the members' NSIPS data and service record. Members may also update their address utilizing NSIPS' self-service functionality.

b. Individual Ready Reservists (IRR) (both officer and enlisted) shall submit a change of address directly to Commander, Navy Personnel Command, IRR Mobilization and Force Management Division (PERS-93), 5720 Integrity Drive, Millington, TN 38055 . Address changes can also be submitted via email to irr_counselor@navy.mil.

c. Fleet Reservists and Retired Reservists shall submit a change of address directly to Commander, Navy Personnel Command, Reserve Personnel Service Branch (PERS 912), 5720 Integrity Drive, Millington, TN 38055.

5. **Mail Classified as "Undeliverable."** When a member's mail is classified as "undeliverable", the Commanding Officer of the Navy Reserve activity and Commander, Navy Personnel Command, as applicable, shall attempt to locate the member by inquiries to any of the following:

a. The member "via certified mail return receipt requested" at the last known address.

b. Email addresses listed in any available database (NSIPS, IMAPMIS, etc.).

c. The postmaster of the last known address regarding a forwarding address.

d. Next of kin or other relatives.

e. Employer.

f. Defense Finance and Accounting Service (DFAS) Cleveland Center, if the member is receiving retired or retainer pay; and

g. Web based, commercially-available locator.

6. **Reservists Listed as "Unlocatable."** Per references (a) through (c), Ready Reservists are required to keep the Navy informed of their current mailing address. When reasonable

attempts fail to obtain a member's correct address, the member shall be considered "unlocatable" and may be subject to the following:

a. Officers may be transferred to the Standby Reserve-Inactive (USNR-S2 status) or separated in accordance with the procedures contained per reference (c).

b. Enlisted members may be transferred to the Standby Reserve-Inactive (USNR-S2 status) or processed for administrative separation per references (d) and (e).

MILPERSMAN 1000-150

BOARD FOR CORRECTION OF NAVAL RECORDS (BCNR)

Responsible Office	NAVPERSCOM (PERS-31C)	Phone:	DSN COM FAX	882-3043 (901) 874-3043 882-2764
	For information concerning BCNR matters:	Phone:	DSN COM FAX	224-1316 (703) 614-1316 224-9857

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) 10 U.S.C. 1552 (b) SECNAVINST 5420.193
-------------------	---

1. **Purpose.** The Board for Corrections of Naval Records (BCNR) was established per reference (a) to provide a method for correction of error or removal of injustice from naval records without the necessity for private legislation. BCNR is not a part of Navy Personnel Command (NAVPERSCOM). It is a separate shore activity under the direction and supervision of the Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN(M&RA)). Upon presentation of satisfactory evidence by the member concerned, the BCNR may recommend to Secretary of the Navy (SECNAV) that the record be changed.

2. **Who may Submit Applications.** BCNR applications may be submitted by

- a. the petitioner,
- b. the petitioner's heir, or
- c. the petitioner's legal representative.

3. **Application Requirements**

a. Applications for review to the BCNR may be submitted, per reference (b), only after having exhausted all available administrative remedies afforded by law, unless waived by BCNR.

b. Additionally, prior to petitioning the BCNR regarding a **discharge**, the case must be reviewed, and a "no change" decision is made, by the Naval Discharge Review Board (NDRB). (See MILPERSMAN 1000-160 regarding final discharges that NDRB does not review.)

c. Applicants or applications must

(1) be submitted within 3 years after the claimant discovers the error or injustice. Petitions submitted later than 3 years after the petitioner discovers the error or injustice may be considered if BCNR finds it to be in the interest of justice. Petitions submitted late should include an explanation for late submission and why consideration of the late submission is in the interest of justice.

(2) identify the specific error or injustice.

(3) contain sufficient information to permit the BCNR to determine whether relief is warranted.

(4) include any other relevant information (i.e., corroborating evidence such as affidavits or other written statements from individuals with personal knowledge of the relevant facts and specific reasons, if any, why expeditious processing is warranted).

Note regarding selection boards: If the petition is to be considered and resolved prior to the convening of a selection board, the petition should be received by BCNR at least 4 months before the selection board convenes.

4. Where to Obtain an Application

a. Applications must be submitted on DD 149 (Rev. 5-05), Application for Correction of Military Record Under the Provisions of 10 U.S.C. 1552.

b. Applications and general information can be obtained from

(1) Naval Legal Service Offices (NAVLEGSVCOFFs),

(2) Personnel Support Activity Detachments
(PERSUPP DETs),

(3) Department of Veterans Affairs (DVA), or by
writing to:

Board for Correction of Naval Records
Department of the Navy
2 Navy Annex
Washington, DC 20370-5100

MILPERSMAN 1000-160

NAVAL DISCHARGE REVIEW BOARD (NDRB)

Responsible Office	Naval	Phone:	DSN	325-6600
	Discharge		COM	(202) 685-6600
	Review		FAX	(202) 685-6581
	Board			

MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) 10 U.S.C. 1553
-------------------	--------------------

1. **Policy**. The Naval Discharge Review Board (NDRB) was established to review whether the type and nature of discharge issued a petitioner should be changed, corrected, or modified; and if so, what actions should be made.

2. **Scope**. The NDRB may review all final discharges except those

a. awarded more than 15 years before an application for review was submitted,

b. resulting from a general court-martial, or

c. due to physical disability.

3. **Authority**. The NDRB has no authority to

a. revoke any discharge;

b. reinstate a person in the military service;

c. recall a person to active duty;

d. waive discharge/change reenlistment (RE) code to permit enlistment in the naval or other Armed Forces;

- e. cancel enlistment contracts;
- f. change, correct, or modify any document other than the discharge document;
- g. change the reason for discharge from, or to, physical disability; or
- h. determine eligibility for veteran's benefits.

4. **Requirements.** To permit relief, an error must have been found to have existed during the period of enlistment in question. The member's good conduct after discharge, in and of itself, is not sufficient to warrant changing an unfavorable discharge. There is no entitlement to a discharge upgrade, there is no automatic review of a discharge by NDRB, and there is no automatic upgrade of discharge 6 months after discharge. Individuals must submit an application (DD 293 (Rev. 03-04), Application for the Review of Discharge or Dismissal from the Armed Forces of the United States) for a review of the discharge.

5. **Applications**

- a. Applications for review (DD 293) and general information can be obtained by writing to:

**Secretary of the Navy
Council of Review Boards
720 Kennon Street SE STE 309 (NDRB)
Washington Navy Yard DC 20374-5023**

SAILING DIARY

Responsible Office	MNCC	Phone: COM	1-833-330-MNCC (6622)
MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)	
	E-mail:	askmncc@navy.mil	
	MyNavy Portal:	https://my.navy.mil/	

Reference	(a) COMSUBLANT/COMSUBPACTINST 1306.1C
------------------	---------------------------------------

1. **Policy.** Upon sailing, all ships, deployable units, squadrons, and staff getting underway must submit a **sailing diary** each time when leaving port (any port), regardless of the amount of time in port. Each member of the ship's company who will not be on board at the time of sailing must be reported as "absent on sailing." Upon arriving at a port, a **sailing termination diary** must be submitted to delete the previous absent on sailing. The term "ships company" refers to all personnel who are attached to an activity in a permanent or temporary duty (TDY) status.

2. **Purpose.** In the unfortunate event that a unit may experience some form of disaster onboard, it is imperative personnel accounting systems provide Navy leaders with the unit's most up-to-date personnel status information and data possible. The sailing diary provides this capability.

3. **Responsibilities.** Submarine sailing lists will be generated per reference (a). The ship's personnel officer must prepare sailing and termination diaries for all ships company using the Navy Standard Integrated Personnel System (NSIPS). Each ship must account for all personnel permanently and temporarily assigned to the ship, including those assigned to other units embarked in the ship.

4. **General Requirements for Sailing Diary Submission.** Strict adherence to sailing diary submission requirements enables Commander, Navy Personnel Command to provide the status of an activity and assigned personnel in the event of a disaster at sea. Personnel managers (type commander, immediate superior in command, Navy Personal Command (NAVPERSCOM) Navy Casualty

Assistance Office (PERS-00C), etc.) use NSIPS to quickly determine passengers and survivors embarked, personnel onboard (including TDY), and personnel absent when the ship or mobile unit gets underway.

a. **Prior to getting underway**, the ship's personnel officer must create a diary in NSIPS.

b. **Upon sailing**, the ship's personnel officer must release the sailing diary in NSIPS for all ship's company and embarked personnel.

c. **While underway:**

(1) **Personnel Arrivals.** If personnel arrive while underway, determine the reason they are reporting and complete the appropriate transaction as follows:

PERSONNEL ARRIVALS			
IF:	TRANSACTION:	SUBMITTED BY:	METHOD:
Reporting for duty	Gain	Transaction service center (TSC) will submit gain transactions for all attached ships	NSIPS
		Units not attached to a TSC will submit their own gain transactions	NSIPS
Reporting for TDY to augment normal manning or embarking as passengers or survivors	Embarked Passenger	All Ships	NSIPS

IF:	TRANSACTION:	SUBMITTED BY:	METHOD:
Armed landing party or visit, board, search, and seizure (VBSS) team return	Armed Landing Party	All Ships	NSIPS

(2) **Personnel Departures.** If personnel depart while underway, determine the reason they are departing and complete the appropriate transaction as follows:

PERSONNEL DEPARTURES			
IF:	TRANSACTION:	SUBMITTED BY:	METHOD:
Permanently assigned member being transferred to a new duty station	Loss	TSC will submit loss transactions for all attached ships.	NSIPS
		Ships not attached to a TSC will submit their own loss transactions.	NSIPS
Member assigned TDY to augment normal manning and is now departing	Debarked Passenger	All Ships	NSIPS
Permanently assigned member departing on leave or TDY	Debarked Passenger	All Ships	NSIPS

IF:	TRANSACTION:	SUBMITTED BY:	METHOD:
An embarked unit, squadron, or staff debarks while underway	Unit and or Staff Debark	All Ships	NSIPS
Armed landing party or VBSS team departure.	Armed Landing Party	All Ships	NSIPS

5. **NSIPS Navigation.** The following information is intended to help users navigate through the NSIPS diary application panels and become familiar with their use:

a. From the NSIPS home screen click **Diary > Sailing Admin > "Use" > Sailing Admin - Create.**

b. **Sailing Admin - Create** panel will appear. At the bottom of the screen the UIC and the name of the ship under the **Department Description** will be reflected.

c. Click on the **Ship** and a panel with four tabs across the top of the screen will appear. Note the purpose of each tab: **Sailing Info, Absent on Sailing, Embark and or Debark Passengers,** and **Armed Landing Party.**

(1) **Sailing Info** tab - Used for information such as sailing beginning and ending dates; sailed from and return to port; and to report when a unit, squadron, or staff has embarked in or debarked from the ship.

(2) **Absent on Sailing** tab - Used to add or delete personnel absent on sailing or permanently assigned personnel who depart or return after getting underway.

(3) **Embark and or Debark Passengers** tab - Used to add or delete embarked or debarked U.S. military officer and enlisted passengers, foreign military passengers, and civilian passengers.

(4) **Armed Landing Party** tab - Used to add or delete an armed landing party or personnel when a VBSS team is landed in a

foreign territory or vessel for purposes other than training,
shore patrol, or parades.

MILPERSMAN 1001-020

TRAINING AND ADMINISTRATION OF THE RESERVE (TAR) NAVY RESERVE OFFICER PROGRAM

Responsible Office	NAVPERSCOM (PERS-92)	Phone:	DSN COM FAX	882-4513 (901) 874-4513 882-2910
---------------------------	-------------------------	--------	-------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) 10 U.S.C (b) SECNAVINST 1920.6D
-------------------	--

1. **Background.** Reference (a), section 12310, authorizes the Training and Administration of the Reserve (TAR) Navy Reserve Officer Program to have Reserve officers in an active duty status perform duties in connection with organizing, administering, recruiting, instructing or training Reserve components. This program is open to both active duty officers on the active duty list, as well as Ready Reserve officers on the Reserve active status list (RASL).

2. **Mission**

a. The mission of the TAR Officer Program is to:

- (1) Provide full-time training and management of the Navy Reserve,
- (2) Optimize effectiveness of Navy total force through mobilization and augmentation planning,
- (3) Optimize readiness of the Navy Reserve for mobilization or peacetime support of active duty forces, and
- (4) Facilitate Navy access to Navy Reserve assets.

b. TAR officers provide essential active duty support to the Navy Reserve in the areas of manpower management, personnel administration, mobilization, training, logistics and

information technology systems support, financial management, and facilities management.

3. **Career Path.** The TAR Officer Program offers a full active duty career for Reserve officers through the rank of captain, with the exception of permanent professional recruiter (designator 1287) officers, with opportunity to compete for promotion to flag officer. Retention and attrition criteria for TAR officers is defined in reference (b).

a. **Recognize Proficiency.** The typical TAR officer career path includes a balance of operational and Reserve management assignments. Operational proficiency and experience supports overall effectiveness in the training and management of the Navy Reserve.

b. **Maintain Experience.** To maintain a high level of operational experience in the program, TAR unrestricted line (URL) officers of all pay grades follow a sea and shore rotation comparable to their active duty contemporaries. The shore duty assignments that TAR URL officers perform include Reserve management tours based on career progression requirements and billet availability.

c. **Sea and Shore Location.** Reserve management tours may be at field activities throughout the United States as well as on major staffs afloat and ashore.

4. **TAR Designators.** TAR officers are distinguished from their peers by assignment of "7" as the last digit of their designator. The following designators comprise the TAR Officer Program:

Designator Codes	Titles
1117	Surface Warfare
1127	Submarine Warfare
1137	Special Warfare
1147	Explosive Ordnance Disposal
1207	Human Resources
1287	Permanent Professional Recruiter
1317	Naval Aviator
1327	Naval Flight Officer
1527	Aerospace Maintenance Duty Officer
3107	Supply Corps

5. **Promotion.** TAR officers are considered for promotion by Reserve promotion boards and compete for promotion in appropriate TAR officer competitive categories.

6. **Program Eligibility**

a. **Time in Grade.** In general, officers must be junior to a lieutenant commander with 3 years in grade.

b. **Break in Service Time.** Ready Reserve officers applying for recall to active duty in the TAR Officer Program should have less than a 4-year break in extended active duty service to be provided the opportunity to complete 20 years of qualifying active duty service within 24 years of commissioned service.

c. **Fit for Full Duty.** Regular active duty and Ready Reserve officers applying for the TAR Officer Program must be fit for full duty in their medical and dental status and must be cleared for worldwide assignability.

d. **Canvasser Recruiter (CANREC) Requirements.** CANRECs are eligible to apply for transfer or redesignation; however, they must complete an initial 2 years of recruiting duty before being detailed to their initial Reserve management assignment, unless applying for the 1287 Community and or released by Navy Recruiting Reserve Command.

e. **Failure of Selection (FOS) Consideration**

(1) Active duty officers with one or more FOS are considered on a case-by-case basis which includes manning needs, policy and statutory limitations, and future promotability.

(2) Reserve officers on the RASL with one FOS are considered on a case-by-case basis which includes manning needs, policy and statutory limitations, and future promotability. Reserve officers with two or more FOS are not eligible for the TAR Officer Program.

f. **Inter-Service Transfers.** Applicants to the TAR Officer Program must be currently affiliated with either the Navy or Navy Reserve. Inter-Service transfers will not be considered.

g. **Degree.** Applicants must possess a 4-year undergraduate degree to be eligible for the TAR Officer Program.

h. Eligibility Requirements Adjustments and Release.

Eligibility requirements for both the TAR Officer Program and for each TAR officer community are adjusted prior to each TAR transfer and redesignation board based on manning levels and the needs of both the TAR and Regular active duty officer communities. These requirements will be released prior to each TAR selection board through the semiannual naval administrative (NAVADMIN) (message) and will also be posted on the TAR Redesignation Web site <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Officer/Reserve-OCM/Full-Time-Support/FTS-Redesignation/>.

7. TAR Transfer and Redesignation Boards. TAR transfer and redesignation boards are conducted semiannually with detailed eligibility requirements, application deadlines, and board convening dates announced via NAVADMIN. Additional eligibility and application information can be found by visiting <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Officer/Reserve-OCM/Full-Time-Support/FTS-Redesignation/>. TAR transfer and redesignation boards also serve as the mechanism for existing TAR officers to request redesignation into another TAR officer community.

8. Application Information. Detailed application procedures and a sample application are available on <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Officer/Reserve-OCM/Full-Time-Support/FTS-Redesignation/> to assist in the application process for each TAR transfer and redesignation board. Both active duty and Ready Reserve applicants are considered for release by their respective officer community prior to the given TAR board taking place.

9. Service Obligation

a. Regular active duty officers accepting TAR redesignation must agree to serve a minimum of 3 years as a TAR officer. The 3-year obligated service period will run concurrently with military service obligation and all other service obligations incurred by the officer.

b. Redesignated officers will be reassigned by the TAR detailer within 1 year of their selection to TAR or at their projected rotation date, whichever occurs earlier.

c. Ready Reserve officers accepting TAR recall must agree to serve on active duty for a minimum of 3 years as a TAR officer.

MILPERSMAN 1001-021

FULL-TIME SUPPORT (FTS) OF THE NAVY RESERVE ENLISTED PROGRAM

Responsible Office	BUPERS-352	Phone:	DSN COM	882-4511 (901) 874-4511
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) 10 U.S.C. (b) DoD Instruction 1205.18 of 12 May 2014
-------------------	---

1. General Information

a. The purpose of the Full-Time Support (FTS) Program of the Navy Reserve Enlisted Program, as authorized by references (a), section 12501 and (b); is to train and administer the Navy Reserve. It consists of Navy Reserve Component enlisted personnel on active duty (AD) (other than for training). Enlisted FTS personnel serve in demanding billets, at sea and ashore, providing the support necessary to prepare Navy Reserve Sailors to conduct prompt, sustained operations in support of national interests. Enlisted FTS personnel may be assigned to the following:

(1) **operational units** (e.g., ships, maritime expeditionary security forces, aviation squadrons, etc.);

(2) **shore activities** (e.g., Navy operational support centers, military entrance processing stations, etc.); or

(3) **major shore commands** (e.g., Office of the Chief of Naval Operations, Navy Personnel Command, Commander, Navy Reserve Forces Command, etc.).

b. Per reference (a), section 12102, paragraph (a); section 12103, paragraph (a); and section 12310, FTS enlisted personnel may be accessed via the following methods:

- (1) initial enlistment,
- (2) conversion from the Active Component (AC) or
- (3) recall of Selected Reserve (SELRES).

c. First-term FTS enlistees are guaranteed "A" school after recruit training, and incur an 8-year obligation of which 48 months are normally served on continuous AD.

d. All applicants approved for the FTS Program incur a minimum 4-year AD obligation. The Bureau of Naval Personnel (BUPERS), Reserve Enlisted Community Manager (BUPERS-352) may authorize a 3-year obligation for FTS accessions that do not require a rating change.

e. Various career opportunities exist in the enlisted FTS Program that include the following ratings (contact BUPERS-352 for details):

AD	aviation machinist's mate
AE	aviation electrician's mate
AM	aviation structural mechanic
AME	aviation structural mechanic (safety equipment)
AO	aviation ordnanceman
AS	aviation support equipment technician
AT	aviation electronics technician
AWF	naval aircrewman (mechanical)
AZ	aviation maintenance administrationman
BM	boatswain's mate
CS	culinary specialist
DC	damage controlman
EM	electrician's mate
ET	electronics technician
HM	hospital corpsman
IT	information systems technician
LS	logistics specialist
NC	Navy counselor
PR	aircrew survival equipmentman
PS	personnel specialist
YN	yeoman

f. SELRES recalls into the FTS Program are normally restricted to pay grade E-5 and below and are limited by fiscal year quotas.

g. Application procedures for the FTS Program are outlined in [MILPERSMAN 1306-1501](#) for AC conversion and [MILPERSMAN 1306-1502](#) for SELRES augmentation.

2. **Selection Criteria.** The FTS enlisted community is small, so opportunities for accession are limited. Manpower requirements (pay grade, rating and Navy enlisted classification codes), physical readiness, years of active service and sustained professional performance are the primary considerations for selection.

3. **Obligated Service (OBLISERV) Requirements.** [MILPERSMAN 1306-106](#) specifies OBLISERV requirements for FTS personnel assignments.

4. **Reenlistment Incentive.** Selective reenlistment bonuses (SRB) are occasionally offered for reenlistments into the FTS Program. Refer to the latest SRB naval administrative message (NAVADMIN) for specific skills and award levels offered.

5. **FTS Sea/Shore Flow.** FTS sea/shore flow is determined by rating and pay grade. Refer to the current NAVADMIN for FTS sea/shore flow. Projected rotation dates (PRD) for first-term FTS personnel with 4 years initial OBLISERV will normally coincide with their expiration of active OBLISERV. Initial sea/shore tour and PRD will be recomputed upon reenlistment, at which time the Service member will then be reassigned based on normal sea/shore flow.

6. **Change of Rating in Conjunction with FTS Accession.** Personnel may request a change of rating in conjunction with their AC to FTS conversion or SELRES recall to FTS. Change of rating requests are considered on a case-by-case basis, centered primarily on individual qualifications, formal coursework and practical experience necessary to perform the duties of personnel in the desired rating.

7. **Approval Authority for AC to FTS Conversion and SELRES Recall to FTS.** BUPERS-352 is the approval authority for all AC to FTS conversion and SELRES recall to FTS applications.

MILPERSMAN 1001-022

PERMANENT PROFESSIONAL RECRUITER (PPR) DESIGNATOR OF THE NAVY RESERVE OFFICER PROGRAM

Responsible Office	BUPERS-351	Phone: DSN COM	882-4511 (901) 874-4511
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) 10 U.S.C § 12310 (b) SECNAVINST 1920.6D (c) SECNAVINST 1920.7C
-------------------	--

1. **Background.** Reference (a) authorizes the Training and Administration of the Reserves (TAR) to place Reserve officers on active duty status to perform duties in connection with organizing, administering, recruiting, instructing or training the reserve components (RC). The Permanent Professional Recruiter (PPR) community, designator code 1287, aligns requirements to support Reserve warfighting readiness, and provides the framework to develop, assign, and retain officers experienced in Reserve recruiting.

2. **Mission.** The mission of the PPR Officer Program is to:

- a. Provide dedicated, full-time support for the Navy Reserve recruiting mission;
- b. Optimize effectiveness of Navy Reserve recruiting by establishing market penetration in key locations; and
- c. Facilitate durable community relationships by allowing extended time-on-station durations.

3. **Career Path.** The TAR PPR Officer Program offers an active duty career for Reserve officers through the rank of lieutenant commander (0-4), with the ability to be continued and retained in order to complete 20 years of qualifying active duty service. Retention and attrition criteria for TAR officers is defined in reference (b).

4. **Promotion.** TAR PPR officers are considered for promotion by Reserve promotion boards and compete for promotion in the TAR PPR competitive category.

a. **Retention of Lieutenants (O-3).** Given the restricted billet-base for the PPR community, opportunities for promotion to lieutenant commander (O-4) may be limited. Any officer in the paygrade of O-3 who is a two time failure of selection (2xFOS) for the paygrade of O-4, may request to be considered for continuation as governed by the current Navy Reserve Officer Retention and Continuation Policy and Plan.

b. **Retention of Lieutenant Commanders (O-4).** Paygrade restrictions on community billets will be limited to the O-4 paygrade. There will be no PPR promotion opportunities to Commander (O-5). As such, officers in the paygrade of O-4 within the community will not reach a 2xFOS status. Once PPR officers in the paygrade of O-4 have reached regular retirement eligibility, they will be required to retire or may request continuation in line with reference (b). Officers in the paygrade of O-4 may be retained up to 24 years of commissioned service within the limitations prescribed in references (b) and (c) in order to reach regular retirement eligibility.

5. **Program Overview.** The PPR community is a subset of the TAR Human Resources community for the basis of community sponsorship. As described in paragraph 4 of this article, PPR remains a separate competitive category for promotion purposes.

a. **Eligibility.** TAR officers must meet the eligibility requirements outlined in [MILPERSMAN 1001-020](#).

b. **Re-designation.** Officers are eligible to apply for re-designation to 1287 at the semi-annual TAR Transfer and Re-designation boards.

c. **Community Management.** Community management and oversight will be the responsibility of the Bureau of Naval Personnel (BUPERS) Reserve Officer Community Management Division (BUPERS-351).

d. **Detailing**

(1) Officers will be detailed into Reserve Recruiting billets by the Navy Personnel Command Training and

Administration of the Reserve Distribution/Augmentation Division
(PERS-46).

(2) Members can expect to remain in the same geographical location for the duration of their PPR tour, but in unique cases may be required to relocate based on individual performance and/or significant market changes in the current location.

(3) Billet locations will be determined by Navy Recruiting Command based on RC market data.

e. **Selected Reserve (SELRES) affiliation.** Officers desiring to transition to a SELRES status must request a change of designator via the Navy Personnel Command, Career Transition Office Division (PERS-97) prior to being released from active duty.

		MyNavy Portal:	https://my.navy.mil/	

References	DFAS-CL (NAVSO-P) 3050-2, DFAS Pay/Personnel Procedures Manual (Navy) (DFASPPM)
-------------------	---

1. **Policy**. Agreements by reservists to remain on active duty must be within the term of their enlistment, or enlistment as extended. If reservists accept recall to active duty beyond the terms of their current enlistment, or enlistment as extended, such obligation may be incurred by NAVPERS 1070/621 (Rev 01-00), Agreement to Extend Enlistment, provided such agreement does not exceed a total aggregate of 48 months when combined with previous extensions on a single enlistment contract. If a recalllee's total extensions will exceed 48 months, the member must reenlist USNR on the date of recall, for a period that equals or exceeds the active duty obligation.

2. Procedures

a. Reservists accepted for voluntary recall to active duty, for a period of 30 days or more including the Active Duty for Special Work (ADSW) and Training and Administration of Reserve (TAR) programs (less Active Duty for Training (ACDUTRA)), are required to complete NAVPERS 1070/622 (Rev. 01-00), Agreement to Recall or Extend Active Duty, sections 1 and 2, for the entire period of obligated service indicated on the recall authorization. Reference (a), parts 8 and 9, provides guidance on preparation.

b. A NAVPERS 1070/622 must be prepared for the entire amount of obligated service. Reservists in the Active Mariner

and SAM programs are not required to complete a NAVPERS 1070/622 to cover the initial period of active duty.

MILPERSMAN 1001-070

INACTIVE DUTY RESERVISTS WHO ARE STUDENTS OR GRADUATES OF MEDICAL SCHOOLS OR THEOLOGICAL STUDIES

References	(a) 10 U.S.C. (b) DODD 1200.7 of 18 Nov 99 (c) SECNAVINST 1120.13A (d) SECNAVINST 1520.8A (e) SECNAVINST 1520.11 (f) SECNAVINST 1120.4A (g) BUPERSINST 1001.39E
------------	---

1. **Policy and Procedures.** Navy reservists who are students or graduates of medical or theological schools have limitations placed on their participation in the Navy Reserve per reference (a), sections 12317 and 12682, and reference (b).

2. **Limitations on Medical Students.** Medical student Navy Reserve participation limitations are as follows:

a. Reserve officers with **19X5** designators who are in an accredited medical, osteopathic, or dental program of study located in the United States or the Commonwealth of Puerto Rico are assigned to the Individual Ready Reserve (IRR). Upon completion of their program, they are required to seek reappointment in the appropriate Staff Corps per references (c) and (d).

b. Reserve officers who are participating in the Navy Active Duty Delay for Specialist (NADDS) Physician Program are not authorized Selected Reserve (SELRES) assignments. NADDS physicians remain in an active status and may be assigned to the IRR either as a drilling member in a voluntary training unit or non-drilling member. They are encouraged to participate non-pay

and to perform Annual Training so they will have "Observed" fitness reports submitted by Bureau of Medicine and Surgery (BUMED-513). Fitness reports and Navy Reserve Qualification Questionnaires become the primary sources of information for promotion consideration. (Refer to reference (e) for additional details.)

c. Reserve officers, with designators other than **19XX**, **2105**, or **2205**, and enlisted reservists who are medical, dental, or nursing students may remain in the Ready Reserve; however, per reference (b), upon mobilization, they either may be deferred or shall be mobilized as a student, intern, resident, or fellow status until qualified in the applicable medical specialty, as prescribed by Secretary of the Navy (SECNAV). Order-issuing authorities should be cognizant of the member's student status and be aware of their restricted mobilization. SELRES assignments should be limited to medical units where their skills can be used upon mobilization.

3. **Credentials Attainment.** Upon attaining the prerequisite medical credentials, members will be required to seek reappointment in the appropriate Staff Corps per references (c) and (d).

4. **Religious Studies and Vocations.** Reservists who are pursuing religious studies or working in religious vocations will notify Navy Personnel Command (NAVPERSCOM), Reserve Officer Status Section (PERS-4911) by letter of their educational and vocational intent. They will be assigned as follows:

a. Navy reservists attending recognized theological or divinity schools, or their equivalent, in preparing for religious ministry are ineligible for assignment to the Ready Reserve and will be transferred to USNR-S1, USNR-S2, or Retired Reserve, as appropriate, unless they are accepted into the Chaplain Candidate Program per reference (f). (By statute, they may not be required to serve on active duty or participate in inactive duty training.)

b. Chaplain Candidate Program officers, designated **1945**, are assigned to the IRR. They are encouraged to perform non-pay drills and may perform Active Duty for Training (ADT) with or without pay as authorized by their program manager. They must apply for and accept, if offered, a superseding appointment in the Chaplain Corps within 1 year of meeting Navy and faith group

eligibility requirements and comply with other provisions of reference (f).

5. **Ordained Ministers**. Navy reservists who are or become civilian clergy or ministers of religion must apply for appointment in the Chaplain Corps (**4105**) or request a waiver from NAVPERSCOM (PERS-4911) to remain in the Ready Reserve with another designator or rating.

6. **Waivers**. Reservists may send a request to NAVPERSCOM (PERS-4911) for a waiver to retain their present designator if Navy has need for the member to be reappointed as a **4105** or if there would be a significant rank disparity as a result of their appointment in the Staff Corps. A waiver in itself will not authorize retention in the Ready Reserve, AT with pay, or assignment in a pay billet, but rather allows members to continue their careers in their present designator.

7. **Screening Guidance**. Procedures for reporting members in any of the above categories are identified in the screening guidance provided in reference (g).

1. **Policy.** Reserve officers will be eligible for release from active duty after completing their minimum required obligated active service, and any additional required obligated active service incurred by them.

2. **Minimum Required Active Service**

a. Minimum required active duty service is specified in the directive which describes the program through which the officer obtained a commission or is specified in the service agreement executed by the officer.

b. Reserve officers **involuntarily** called to active duty will not be eligible for release until completion of the period of active duty for which called.

3. **Additional Required Active Service**

a. Additional required active duty service is required of officers who participate in certain undergraduate, postgraduate, and special instructional programs; or who voluntarily execute orders which contain a requirement for the officer to extend active duty service.

b. This additional required service will be as specified in the directive which describes the program, as stipulated upon in the officer's application, or by the officer's acceptance of official Navy orders directing the officer to the program.

References	(a) 10 U.S.C. (b) DoD Instruction 1215.13 of 11 May 2009 (c) DoD Instruction 1215.06 of 11 March 2014 (d) DoD Directive 1200.7 of 18 November 1999 (e) SECNAVINST 1920.6C (f) OPNAVINST 1820.1B (g) OPNAVINST 1300.19 (h) Public Law 109-364, National Defense Authorization Act (NDAA) 2007 (i) SECNAVINST 1001.32C
-------------------	--

1. **Background.** Per the provisions of references (a) through (i), this article defines the status and categories of the Navy Reserve, minimum participation requirements, and provides promotion and attrition policy for members on the Reserve Active Status List (RASL). A status chart and category chart are provided in exhibits 1 and 2 at the end of this article.

2. **Status in the Reserves.** Each member of the Navy Reserve is in an active, inactive, or retired status as defined below.

a. **Active Status.** Reserve members assigned to the Ready Reserve (USNR-R) and Standby Ready Reserve (USNR-S1) are in an active status. Officers in an active status are also listed on the RASL. Active status members are eligible to participate as outlined in exhibit 1.

b. **Inactive Status.** Reserve members assigned to the Standby Reserve-Inactive (USNR-S2) are in an inactive status and are on the Reserve Inactive Status List (ISL). Per exhibit 1, they are subject to recall per reference (a), but may not otherwise participate in any form for pay or non-pay.

c. **Retired Status.** Members in the Retired Reserve (USNR-Retired) are in a retired status. Unless recalled to active duty, they may not receive retirement point credit. They may not be advanced or promoted.

3. **Reserve Categories.** Information pertaining to each of the categories follows:

a. **Ready Reserve (USNR-R)**

(1) Members of the USNR-R are in an active status.

(2) The USNR-R is composed of the Selected Reserve (SELRES) and the Individual Ready Reserve (IRR). Members who drill for pay are identified as SELRES. Members in the IRR are not in a pay status and may drill in a voluntary training unit (VTU) or be assigned to the non-drilling active status pool (ASP).

(3) All individuals obligated to serve in the Navy Reserve shall be assigned to the USNR-R upon original appointment or enlistment and will normally remain in the USNR-R for the remainder of their military service obligation (MSO). Upon completion of their MSO, enlisted members may voluntarily elect to remain in the USNR-R by signing a statement of enlistment, reenlistment, or extension. Officers must request resignation or discharge.

(4) Per reference (a), members of the USNR-R are eligible for involuntary recall to active duty in time of national emergency or when authorized by law.

b. **Standby Reserve Active (USNR-S1).** Navy reservists are transferred to the USNR-S1 by Navy Personnel Command (NAVPERSCOM), Reserve Personnel Administrative Division (PERS-91) per references (d) and (i). They are in an active status and are eligible to participate in a Navy Reserve program without pay for retirement point credit only. They may not receive pay, allowances, or travel allowances for any duty performed. All officers continue to be eligible for promotion consideration. Enlisted members in this category are not eligible for advancement unless they are drilling in a VTU and are not subject to high year tenure (HYT) policies per MILPERSMAN 1160-120. Members are subject to involuntary recall

to active duty only in time of war or national emergency per reference (a). Reservists eligible for USNR-S1 are transferred to that category by NAVPERSCOM (PERS-91) for any of the following reasons:

(1) Reservists who have temporary mobilization restrictions as identified through the mobilization screening process or for other reasons approved by NAVPERSCOM (PERS-91) and intend to return to the USNR-R.

(2) Reservists who are declared to be key employees in either the Federal or non-federal workforce per reference (d).

(3) Reservists who do not possess designator 1945 and who are preparing for religious ministry by attending recognized theological or divinity schools.

(4) Reservists, other than designated medical department officers (19X5 designator), who enroll in an accredited medical, osteopathic, or dental program.

(5) Reservists whose retention in an active status for reasons other than those specified above is considered by the Secretary of the Navy (SECNAV) to be in the best interest of the Navy.

c. Standby Reserve Inactive (USNR-S2)

(1) Members transferred to the USNR-S2 by NAVPERSCOM, Reserve Personnel Management Department (PERS-9) are in an inactive status. They may not participate for retirement points or for pay, and may not be assigned to a Navy Reserve organization other than USNR-S2. They may not be considered for advancement or promotion. If they have been selected for advancement or promotion, but have not advanced or been appointed to the higher rank or rating at the time of their transfer to the USNR-S2, that promotion or advancement will not take effect. They are subject to recall as authorized by law. Enlisted members (USNR-S2) may be returned to USNR-R status if qualified and requested, or retired (if eligible), or discharged at end of the contract. Officers not eligible for transfer to USNR-Retired may normally remain in the USNR-S2 for 1 year. After that time, officers will be screened and considered for discharge, unless they:

(a) Execute NAVPERS 1200/1 Ready Reserve Transfer Request Service Agreement (if eligible);

(b) Request transfer to the IRR (if eligible);

(c) Are approved to remain on the ISL for an additional period of time; or

(d) Are members receiving annual voluntary separation incentive payments.

(2) Reservists who have completed their MSO may be transferred to USNR-S2 by NAVPERSCOM (PERS-9) for any of the following reasons:

(a) Failure to become active in the Navy Reserve after receiving notice of MSO completion (officers only).

(b) Failure to satisfy minimum participation requirements (see paragraph 4 below).

(c) Submission of a personal request that is approved by NAVPERSCOM (PERS-9).

(d) Selective early removal from the RASL per reference (a), §14704.

(e) Members eligible for retired pay under reference (a), chapter 1223 with a disability rating of less than 30 percent and assigned to the USNR-S2 instead of being separated for that disability.

(f) Interim status while completing separation processing per reference (e).

(g) When otherwise authorized or directed by law, regulation or policy; or when judged to be in the best interest of the Navy.

(h) As authorized in reference (i), interim status while processing non-regular retirement requests for members being discharged from the Active Component who qualify for the Reserve non-regular retirement. This status will be used after the member has been made eligible by being scrolled and sworn into the Reserve Component per reference (a). This status is to

be used until the official day of retirement can be recorded, at which time the member is to be transferred to the Retired List.

(i) As authorized in reference (i), members who have failed to maintain required security clearance qualification, are experiencing medical issues, indicate legal issues on annual screening, or are subject to any disciplinary or adverse administrative action.

d. **Retired Reserve (USNR-Retired).** Reservists in the USNR-R, USNR-S1, and USNR-S2 are transferred to USNR-Retired upon request, or as directed per references (e) and (f). Members of the USNR-Retired are subject to recall to active duty in time of war, national emergency declared by Congress, or when otherwise authorized by law per reference (g). Except for authorized active duty, retired reservists may not receive retirement point credit for the performance of any duty after the effective date of their transfer to retired status. Prior to transfer to USNR-Retired, reservists must:

(1) Meet eligibility requirements per reference (a);

(2) Submit a request to transfer to the USNR-Retired to NAVPERSCOM, Reserve Personnel Service Branch (PERS-912) or be directed for transfer to the USNR-Retired by NAVPERSCOM (PERS-91); and

(3) Be transferred to the USNR-Retired by NAVPERSCOM (PERS-912).

e. **Former Members.** Members of the Navy Reserve who become eligible for non-regular retired pay by meeting the service requirements, per reference (a), §12731, and who are subsequently discharged are referred to as "**former members.**" Having been discharged, these individuals are no longer members of the Navy Reserve, therefore are not found in one of the status categories discussed in this article; nevertheless, former members are still entitled to receive retired pay and benefits provided for under reference (a), chapter 54. However, computation of retired pay will be adjusted to account for their earlier separation from military service.

4. **Minimum Participation Requirements to Remain in an Active Status in the Navy Reserve.** SELRES and VTU personnel are continually screened by the Navy Reserve activity (NRA) to ensure that assigned members are participating at a level

consistent with their active status. Similarly, personnel assigned to the non-drilling IRR ASP or USNR-S1 are continually screened by NAVPERSCOM (PERS-9) to ensure that assigned members are participating at a level consistent with their status. NAVPERSCOM (PERS-9) may transfer ASP and USNR-S1 members who have completed their initial MSO, and who are not earning sufficient retirement point credit to the USNR-S2. Officers transferred may request reinstatement to the USNR-R by meeting the requirements specified in this article and completing NAVPERS 1200/1. Enlisted members may agree to remain in the USNR-R by signing an enlistment or reenlistment contract or an extension instrument. The member must take appropriate steps to meet minimum participation requirements. Minimum participation requirements are as follows:

a. **Minimum Points Below 20 Years.** Officers with fewer than 20 years of qualifying service must earn at least 27 points, including membership points, each anniversary year to remain in an active status. There are no minimum participation requirements for enlisted members with fewer than 20 years of qualifying service to remain in an active status. Failure to earn 50 points in an anniversary year will result in a non-qualifying year towards non-regular retirement.

b. **Minimum Points Above 20 Years.** Officers and enlisted members with 20 years or more of qualifying service must earn at least 50 points, including membership points, each anniversary year.

5. **Officer Promotion and Attrition while in an Active Status**

a. **Promotion of Navy Reserve Officers.** Promotions to chief warrant officer CWO (CWO3, CWO4, or CWO5) and to all ranks above lieutenant result from recommendations made by selection boards. Prior to being considered for promotion by a selection board, officers must meet the following requirements:

(1) Per reference (a), possess a date of rank and precedence number within or above the approved promotion zone for their competitive category and rank; and

(2) Serve continuously on the RASL or ADL during the 1-year period ending on the date of the convening of the promotion board, per reference (a) § 14301. Officers returning to an active status from a period of inactive or broken service (USNR-S2, USNR-Retired, or discharge) are eligible for consideration

for promotion only after continuously serving in an active status for 1 full year prior to the board's convening date per reference (a).

b. **Years of Commissioned Service.** As defined in reference (a) §14706, a Navy Reserve officer's years of commissioned service include all service as a commissioned officer of any uniformed Service, other than constructive service and initial commissioned student service as a 19XX designated officer or service as a warrant officer. By law, years of commissioned service exist as an indicator for identifying officers in the rank of lieutenant commander or above who become subject to attrition under reference (a) and as specified in reference (e).

c. **Attrition from an Active Status Due to Failure of Selection/Years of Service.** Criteria for attrition from an active status (USNR-R or USNR-S1) is specified in references (a) and (e). The general policy is for NAVPERSCOM (PERS-911) to notify active status Navy Reserve officers who meet the attrition criteria and inform them that they must retire (if eligible), be retained or continued (if eligible and elected by the member), or be discharged.

(1) **Exceptions**

(a) Officers approved by NAVPERSCOM (PERS-9) for retention or continuation as permitted by the current SECNAV-approved Navy Reserve Officer Retention and Continuation Plan.

(b) Officers in the ranks of captain and below, who meet the provisions addressed above, and who have between 18 and 20 years of qualifying service for retirement purposes at the time of required attrition, are offered a one-time exemption for a specified time, per reference (a), allowing them the opportunity to attain 20 years of qualifying service.

(c) Female officers and Navy Nurse Corps officers who were serving in the Navy Reserve on active duty, or on the RASL on 30 September 1996 are subject to attrition from an active status under conditions of law in effect before 1 October 1996. They may be involuntarily removed from the RASL for reasons of failure for selection or years of service only by a special board convened by SECNAV.

(d) Per reference (a) §14703, officers in the ranks of captain and commander appointed in the Navy Medical Corps,

Dental Corps, Nurse Corps, Chaplain Corps, or Medical Service Corps (designated to perform as a veterinarian, optometrist, podiatrist, health officer, or biomedical sciences officer) may be retained in an active status.

(2) **Permanent Warrant Officers Who Have:**

(a) Twice failed of selection for promotion to the next higher permanent warrant officer rank are subject to the attrition provisions of reference (e). Officers with 20 years or more of qualifying service will be notified by NAVPERSCOM (PERS-911) and be retired. Officers with at least 18, but fewer than 20 years of qualifying service may be extended to permit them to attain 20 years of qualifying service. Officers with fewer than 18 years of qualifying service may be afforded an opportunity to reenlist in their former enlisted grade or be discharged from the Navy Reserve.

(b) Attained 30 or more years of qualifying service are subject to attrition from an active status in the Navy Reserve per reference (e). Warrant officers approaching 30 years of qualifying service will be advised by letter from NAVPERSCOM (PERS-911) that they will be removed from an active status, unless selectively retained. Generally, the SECNAV-approved Navy Reserve Officer Retention and Continuation Plan will address specific warrant officer retention policies, (such as CW05 retention, based on community promotion plans. If not offered retention, members will be retired.

d. **Age Restrictions.** Per reference (a), chapter 1407, officers who reach the age limits set forth below are not eligible for retention in the SELRES, IRR, or Standby Reserve. When officers approach the age limits listed below, they will be notified by NAVPERSCOM (PERS-911) and advised of their options. Possible options include retirement, if eligible and requested; honorable discharge, if appropriate; or retention, if requested and authorized. The following maximum age limits apply as provided in reference (a) chapter 1407, and as modified by reference (h):

07 and below - - - - - 62 years
08 - - - - - 64 years

Periodically, SECNAV will authorize the retention of certain categories of officers via the Navy Reserve Officer Retention and Continuation Plan as authorized by reference (a), §14703 and

\$14701. NAVPERSCOM (PERS-911) will notify these officers of their eligibility for retention. The affected officers must consent to be retained. If retained, NAVPERSCOM (PERS-911) will inform them of the specific period of authorized retention.

e. **Selective Early Removal from the RASL.** Reference (a) restricts the number and composition of Navy Reserve officers authorized to serve in an active status. When a category of officers is projected to reach the maximum number allowed by law or by approved strength plans, NAVPERSCOM (PERS-9) will convene a board to remove certain officers in that category from the RASL under reference (a), \$14704. Members being considered for removal are normally notified in advance so that they may communicate with the board. Those not selected for continuation will be notified of their separation date.

6. Enlisted Participation in an Active Status: Age and Years of Service Restrictions

a. **Age Restrictions.** Normally, enlisted members of the Navy Reserve are not eligible for retention in an active status (i.e., USNR-R, USNR-S1) after attaining 60 years of age.

b. **Notification.** Supporting NRA COs will ensure that affected enlisted members are notified at least 12 months prior to their 60th birthday and required counseling is conducted. Enter the following as a service record entry on NAVPERS 1070/613 Administrative Remarks:

(Date) I will reach my 60th birthday on _____. In order for me to continue in a pay status from that date forward, I must request and receive an approved age 60 waiver from NAVPERSCOM (PERS-913) before my 60th birthday. If my request to remain in a pay status is not approved, I may be transferred into a non-pay status where I may continue to accrue qualifying service through non-pay drills or the completion of correspondence courses until I become retirement eligible or age 63, whichever occurs first. Additionally, if it is subsequently determined that I will not be able to attain 20 qualifying years of service prior to reaching age 63, I will be transferred to the USNR-S2 where I will not be allowed to reenlist or extend upon expiration of my current enlistment, and I will not be recommended for reenlistment.

c. Waiver Policy

(1) If otherwise qualified, enlisted members may request a waiver to be retained in an active status after attaining age 60 under the following circumstances:

(a) SELRES or VTU members who originally enlisted prior to 15 April 1987 and are unable to complete 20 years of qualifying service prior to attaining age 60, but who can complete 20 years of qualifying service prior to age 63 may apply for an age waiver no later than 9 months prior to their 60th birthday. Authority to grant such waivers has been delegated to NAVPERSCOM (PERS-913).

(b) IRR members attached to the ASP who are unable to complete 20 years of qualifying service prior to attaining age 60, but who can complete 20 years of qualifying service prior to age 63, may apply for an age waiver. Authority to grant this waiver is delegated to NAVPERSCOM (PERS-913).

(2) If the age waiver is approved, members will be authorized by NAVPERSCOM (PERS-913) to continue in an active status in either a pay or non-pay capacity until eligible for retired pay, but in no instance past their 63rd birthday.

(3) Supporting NRA will remove from a pay status those Reservists who have reached age 60 and are not in receipt of an age waiver.

(4) Members who cannot reach retirement eligibility by their 63rd birthday will not be retained in an active status and will be transferred to the USNR-S2 by NAVPERSCOM (PERS-913). Such members will not be reenlisted, extended upon expiration of current enlistment, or recommended for reenlistment.

(5) Members who receive a waiver to participate beyond age 60 and subsequently become unable to achieve retirement eligibility will be processed for discharge under the appropriate MILPERSMAN 1910 articles.

d. Waiver Submission Procedures

(1) Enlisted members desiring an age 60 waiver to serve in an active status shall submit a written request to NAVPERSCOM

(PERS-913) via their Navy Reserve unit commanding officer and the supporting NRA.

(2) At a minimum, the Reserve unit CO's endorsement should include a statement concerning the impact that the loss of the member would have on the unit along with any other pertinent information supporting the member's request.

e. **High Year Tenure (HYT).** Enlisted personnel desiring to serve in the SELRES past HYT gates must request a waiver per MILPERSMAN 1160-120.

7. Sanctuary Provisions

a. **Reserve Sanctuary.** As a general rule, if members become subject to any of the foregoing attrition actions at a time when they have accumulated between 18 and 20 years of qualifying service, NAVPERSCOM (PERS-911 and or PERS-913) will notify the members and offer an extension in an active status, allowing them the opportunity to complete 20 years of qualifying service. For officer personnel, reference (a), \$12646, applies, which excludes sanctuary in cases of separation due to age, physical disability, or cause. For enlisted personnel, reference (a), \$1176, applies, which excludes sanctuary in cases of separation due to physical disability or cause.

b. **Active Duty Sanctuary.** Per reference (a), \$12686, members who have accumulated 18 or more years of active service who are serving on active duty (other than for training) may not be involuntarily released from active duty until eligible for an active duty retirement, unless release is approved by SECNAV. Members serving on active duty for special work (ADSW) or active duty orders who have accumulated at least 18 years of active service (all active duty for training (ADT), annual training (AT), ADSW, or other active service counts) are included in the sanctuary per reference (f). ADT and AT orders for members with more than 18 years of active service do not trigger the sanctuary provision.

Note: Further information on Navy Reserve status and categories, and frequently asked questions about this subject can be found at the following Web address:
<http://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/Pages/default.aspx>

References	(a) 10 U.S.C. (b) RESPERS M-1001.5 (c) OPNAVINST 6110.1J (d) NAVMED P-117, Manual of the Medical Department (e) OPNAVINST 5350.4D (f) SECNAV M-5510.30 Department of the Navy Personnel Security Program (g) BUPERSINST 1001.39F (h) DoD Instruction 1235.09 of 12 February 2014 (i) DoD Directive 1200.7 of 18 November 1999 (j) COMNAVRESFORNOTE 5400 (APPLY process per current year)
-------------------	---

1. **Purpose.** To define responsibilities, eligibility requirements, and procedures for transfer of Selected Reserve (SELRES) members and Individual Ready Reserve (IRR)-Voluntary Training Unit (VTU) to the IRR-Active Status Pool (ASP), Standby Reserve-Active (USNR-S1), or Standby Reserve-Inactive (USNR-S2).

2. **Definition of IRR-ASP.** The Navy IRR-ASP is a force that consists of personnel fulfilling their military service obligation (MSO) under section 651 of reference (a), personnel fulfilling a service obligation incurred via contract, personnel who have fulfilled MSO and are approved for assignment to the IRR-ASP, and personnel participating in special programs and education programs leading to a commission.

3. **Definition of MSO.** Each person who entered initial military service on or after 1 June 1984 must serve a total period of 8 years from the date of enlistment, appointment, or, when authorized by law, induction. Any portion of the MSO that is not active duty (ACDU) or initial active duty for training (ADT) must be performed in the Reserve Component as defined in sections 10101, 10142, 10143, 10145, and 10146 of reference (a). This may be served in the IRR-ASP, USNR-S1, or USNR-S2.

4. **Definition of USNR-S1.** Service members in the USNR-S1 are in an active status and are eligible to participate in a Navy Reserve program without pay for retirement point credit only. They may not receive pay, allowances, or travel allowances for any inactive duty training or ADT. They may be ordered to ACDU in time of war or national emergency if the Secretary of the Navy, with the approval of the Secretary of Defense, determines not enough qualified ready reservists are available in the categories required. Officers continue to be eligible for promotion consideration. Enlisted Service members in this category are not eligible for advancement unless they are drilling with a VTU and not subject to current high year tenure (HYT) gate restrictions for their pay grade. Members of the USNR-S1 are subject to mobilization per sections 12301, 12302, and 12306 of reference (a).

5. **Definition of USNR-S2.** Service members of the USNR-S2 are in an inactive status. They may not participate for pay or retirement point credit. They may not be considered for advancement or promotion. If they have been selected for advancement or promotion, but have not been advanced or appointed to the higher rank or grade at the time of their transfer to the USNR-S2, their promotion or advancement will not take effect. Members of the USNR-S2 are subject to mobilization per sections 12301, 12302, and 12306 of reference (a).

6. **Roles and Responsibilities**

a. Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) is the final authority for adjudicating a Service member's status transition into IRR-ASP, USNR-S1, or USNR-S2, and for transfers between statuses.

b. Unit commanding officers, in coordination with Navy Reserve activity (NRA) COs, are responsible for ensuring SELRES and IRR-VTU Service members meet all requirements for transfer as specified in this article. Reference (b) outlines actions to

be taken for Sailors with a drilling obligation (i.e., new accession training (NAT), Prior Service Reenlistment Eligibility-Reserve (PRISE-R), bonus, education benefits).

7. Requirements for Transfer from SELRES or IRR-VTU to IRR-ASP.

A Service member requesting transfer to the IRR-ASP must meet the following requirements:

- a. Physical readiness standards per reference (c).
- b. Medical and dental readiness requirements per reference (d).
- c. No pending medical treatment, review, or benefits evaluation issue (e.g., pending Integrated Disability Evaluation System Processing, pending medical evaluation board, physical evaluation board, line of duty-health care request, medical retention review) per reference (d).
- d. No failed or pending drug screen per reference (e).
- e. No lost, revoked or denied security clearance per reference (f).
- f. Valid or current professional qualifications, credentials, licenses, or privileges as required by individual community managers.
- g. HYT requirements per [MILPERSMAN 1160-120](#) (enlisted only).
- h. Satisfactory participation in SELRES/IRR-VTU as defined in [MILPERSMAN 1001-100](#).
- i. No pending administrative separation processing.
- j. No pending or adjudicated felony offenses.
- k. Complete [NAVPERS 1080/3](#) prior to transfer.

8. Conditions for Transfer from SELRES or IRR-VTU to USNR-S1 status. Service members meeting the requirements for IRR-ASP may be transferred to USNR-S1 status per references (g), (h), and [MILPERSMAN 1001-100](#) for reasons including the following:

- a. Service member has a temporary hardship per reference (i) with intent to return to SELRES or VTU.
- b. Service member is designated as a key employee in the Federal Government or designated as a key non-Federal public or private employee.
- c. Service member is a theology student at an accredited theological or divinity school (other than those participating in a military Chaplain Candidate or Theology Student Program).

9. **Conditions for Transfer from Reserve-Active Status (SELRES, IRR, or USNR-S1) to Reserve-Inactive Status (USNR-S2).** Service members may be transferred to the USNR-S2, per references (g), (h), (j), and [MILPERSMAN 1001-100](#) for reasons including:

- a. Service members with MSO or time remaining on enlisted contract, but who have not met the requirements for IRR-ASP.
- b. Service members with medical conditions that restrict member from mobilization readiness.
- c. Any other disqualifying mobilization readiness requirement(s) as defined in reference (b) and [MILPERSMAN 1001-150](#).

10. **Transfer from the USNR-S1 or USNR-S2 to Ready Reserve**

- a. Officers may remain in the USNR-S1 until resolution of reason for transfer to the USNR-S1. Officers may remain in the USNR-S2 for up to 1 year. After that time, officers will be screened and considered for discharge, unless they initiate status request per [MILPERSMAN 1001-100](#).
- b. Enlisted Service members may remain in the USNR-S1 until resolution of reason for transfer to the USNR-S1. If member will reach end of contract prior to resolution of reason for transfer to the USNR-S1, reenlistment or extension may be requested via PERS-9. Enlisted members may remain in the USNR-S2 until completion of current contract. Enlisted members may be returned to Ready Reserve status per [MILPERSMAN 1001-100](#).

11. **Service in the IRR-ASP.** IRR-ASP Service members are subject to involuntary recall to ACDU per sections 12301 and 12302 of reference (a). Members of the IRR-ASP must be

mobilization ready and maintain satisfactory participation per [MILPERSMAN 1001-150](#).

a. Service members who do not maintain satisfactory participation will be transferred to the USNR-S2 per [MILPERSMAN 1001-100](#).

b. Upon completion of initial 8-year MSO (officer or enlisted) or current contract (enlisted), the Service member will no longer be eligible to remain in the IRR-ASP, with the exception of members who have obtained 16 qualifying years for retirement as of 30 September 2017. Members who desire continued service may request affiliation with SELRES or IRR VTU. Lieutenant commanders and below, with the exception of officers who wish to re-affiliate via Navy Reserve Forces Command and the senior officer non-command billet screening and assignment board (APPLY) process, who would like to transfer to a drilling status, must contact their local recruiter to affiliate with SELRES or IRR VTU. Commanders and above must use the APPLY process per reference (j).

12. **Procedures for Requesting Transfer to IRR-ASP from SELRES or IRR-VTU.** Service member must submit request for transfer to the IRR-ASP using Navy Standard Integrated Personnel System (NSIPS) selecting Retirements and Separations(R&S), and accompanied by IRR-ASP Eligibility Checklist (see exhibit 1), [NAVPERS 1070/613](#) Administrative Remarks (IRR-ASP Statement of Understanding), and [NAVPERS 1070/613](#) (Transfer from Selected Reserve (SELRES) Status Counseling) via the chain of command for approval.

I understand that my military service obligation (MSO) is 8 years from my initial entry into military service per 10 U.S.C. Any portion of my MSO not served on active duty must be performed in the Reserve Component. I further understand that I am being transferred to the Individual Ready Reserve (IRR)-Active Status Pool (ASP) and will be subject to involuntary recall to active duty, per 10 U.S.C., section 12031(a) and 12302, to fulfill mobilization requirements. While I am in the IRR-ASP, I am required to:

- Keep Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) informed of any address, phone, and e-mail updates; changes in dependency status; education; licenses or skills; or changes in physical or medical condition which could affect readiness for recall to active duty.
- Maintain Navy physical fitness standards and medical readiness and obtain physicals when required.
- Respond to all official correspondence as directed by mail, phone, FAX, e-mail, or internet, to include [NAVPERS 1080/3](#) Individual Ready Reserve (IRR) Annual Screening.
- Participate in the annual screening program or report to muster duty (as directed).
- Maintain military uniforms in serviceable condition.
- Complete [NAVPERS 1080/3](#) prior to any Reserve status change.

For additional information on the IRR, refer to BUPERSINST 1001.39F or www.npc.navy.mil

Correspondence address:
Navy Personnel Command (PERS-93)
5720 Integrity Drive
Millington, TN 38055

(Service member Signature)

(Witness Signature)

(Date): I have been counseled on, and understand, that transfer from a SELRES status will affect the following incentives and benefits:

Incentives/Bonus: RESPERSMAN 1100-010

Failure to complete the terms of the incentive obligation will result in termination of the bonus entitlement, unless the transfer is required due to a medical situation. Additionally, recoupment of the bonus, or a prorated amount, will be collected based on the type of bonus received and the amount of obligated service completed.

Montgomery GI Bill-Selected Reserve Eligibility: COMNAVRESFORINST 1780.1
SELRES transferring from a pay status are no longer eligible for MGIB-SR education benefits, unless approved for a period of suspension or medical situation. Unless previously approved for a period of suspension, eligibility cannot be reinstated upon re-affiliation.

Post-9/11 Transferability: OPNAVINST 1780.4

Transfer of education benefits must be completed prior to leaving the SELRES. Failure to complete the obligated service will result in termination of the eligibility and recoupment of benefits used by the Veterans Administration. Personnel precluded from completing their obligation due to Navy or DoD policy, or Federal statute must agree to serve the maximum amount of time allowed by such policy or statute to avoid termination of benefits.

Servicemembers' Group Life Insurance (SGLI)/Family Servicemembers' Group Life Insurance (FSGLI): BUPERSINST 1001.39F - Active status pool personnel are not eligible for SGLI/FSGLI coverage; however, they are eligible to convert to Veteran's Group Life Insurance (VGLI) during the 120 day period after their change of status takes effect. Specific information concerning conversion to VGLI and other coverage options is available by contacting the Office of Servicemembers' Group Life Insurance, 290 West Mt. Pleasant Ave, Livingston, NJ 07039, 1-800-419-1473.

TRICARE Dental Program (TDP): www.tricare.mil/dental.aspx

Upon transfer from SELRES status, Service members and their dependents are eligible for continued TDP coverage. Coverage will continue for personnel who transfer from SELRES to the Individual Ready Reserve (ASP), but the premium costs will increase.

TRICARE Reserve Select (TRS): www.tricare.mil/TRS

Upon transfer from SELRES status, Service members and their dependents are ineligible for continued TRS coverage. However, if members were paying for TRS as a SELRES, members and their dependents may be eligible for coverage under the Continued Health Care Benefit if enrolled within 60 days of transfer out of a pay status. Enrollment can be completed on the TRICARE Web site.

(Service member's Signature)

(Witness Signature)

a. Command Level Access Manager (CLAM). The CLAM must ensure that routing is properly established prior to submission of the request. The final approval authority in the routing is NAVPERSCOM/Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) approval authority.

b. NRA Reporting Senior must:

(1) Make recommendation via NSIPS selecting Retirements and Separations (R&S). Forward requests to COMNAVRESFORCOM for Sailors with a drilling requirement per reference (g).

(2) Ensure command career counselors counsel Sailors transferring on IRR-ASP participation requirements via [NAVPERS 1070/613](#).

(3) Ensure all [NAVPERS 1070/613](#) are signed accordingly and verified via NSIPS prior to processing loss transaction. Sign the IRR-ASP Eligibility Checklist, exhibit 1.

(4) Process and release loss transaction via NSIPS.

c. COMNAVRESFORCOM must adjudicate transfer to IRR-ASP for Service members with a drilling obligation (i.e., New Accession Training Program, PRISE-R, bonus, education benefits).

d. PERS-9 must make final status determination on transferring Service member, and transfer to IRR-ASP or USNR-S2 (as appropriate).

EXHIBIT 1
Individual Ready Reserve - Active Status Pool (IRR-ASP)
Eligibility Checklist

1. Service member meets physical fitness standards.
Signature of Command Fitness Leader: _____
 2. Medical and dental requirements for mobilization readiness have been met.
Signature of Medical Department Rep: _____
 3. Service member does not have pending medical benefits or treatment issue.
Signature of Medical Department Rep: _____
 4. Service member has no failed or pending drug-screen.
Signature of Urinalysis Program Coordinator: _____
 5. Service member does not have a lost, revoked, or denied security clearance.
Signature of Security Manager: _____
 6. Service member does not have lost or outdated professional qualifications, credentials, licenses, or privileges.
Signature of Community Rep: _____
 7. Service member is not subject to high year tenure.
Signature of Command Career Counselor: _____
 8. Review of inactive duty training detail and annual training/active duty for training completion report has been conducted. Service member is in a satisfactory drill status.
Signature of Manpower Department Rep: _____
 9. Service member has completed [NAVPERS 1080/3](#).
Signature of Admin Department Rep: _____
 10. Service member has not been convicted of a felony or does not have pending NJP, Administrative separation or civil actions.
Signature of Legal Department Rep: _____
- I certify that all requirements have been met.
Signature of Commanding officer: _____

	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) 10 U.S.C., §10149
	(b) DoD Directive 1200.7 of 18 Nov 1999
	(c) BUPERSINST 1001.39F

1. **Policy.** Individual Ready Reserve-Active Status Pool (IRR-ASP) annual screening must be completed by each member of the IRR-ASP during their anniversary month in order to meet screening requirements per references (a) through (c).

2. **Definition of IRR-ASP.** The Navy IRR-ASP is a force that consists of personnel who must fulfill their military service obligation (MSO) under reference (a), members fulfilling a service obligation incurred via contract, and those who have fulfilled their MSO but voluntarily remain in the IRR-ASP.

3. **Responsibility.** Navy Personnel Command (NAVPERSCOM), Individual Ready Reserve Force Management Division (PERS-93) will administer an annual muster and screening of members of the IRR-ASP in order to obtain current information on the members' mobilization readiness.

4. **Annual Screening Requirement.** NAVPERS 1080/3 Individual Ready Reserve (IRR) Annual Screening must be submitted to NAVPERSCOM (PERS-93) during the member's anniversary month prior to the last day of member's anniversary month each year in order to avoid administrative action. NAVPERS 1080/3 may be accessed by using the following Web address:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

5. **Failure to Complete Annual Screening.** A member's failure to complete the screening or muster, as ordered, will be used as a basis for determining participation status in the Ready Reserve and may result in a transfer to the Inactive Status List (USNR-S2).

(b) OPNAVINST 6110.1J (c) NAVMED P-117, Manual of the Medical Department (d) OPNAVINST 5350.4D (e) SECNAV M-5510.30 Department of the Navy Personnel Security Program (f) DoD Instruction 1235.09 of 12 February 2014 (g) DoD Directive 1200.7 of 18 November 1999 (h) COMNAVRESFORNOTE 5400 (APPLY process per current year)
-------------------	--

1. **Purpose.** To define responsibilities, eligibility requirements, and procedures for transfer of Active Component (AC) Service members under a military service obligation (MSO) to the Individual Ready Reserve (IRR)-Active Status Pool (ASP), Standby Reserve - Active (USNR-S1), or Standby Reserve-Inactive (USNR-S2).
2. **Definition of IRR-ASP.** The Navy IRR-ASP is a force that consists of personnel who must fulfill their MSO under section 651 of reference (a), personnel fulfilling a service obligation incurred via contract, personnel who fulfilled MSO and are approved for assignment to the IRR-ASP, and personnel participating in special programs and education programs leading to a commission.
3. **Definition of MSO.** Each person who entered initial military service on or after 1 June 1984 must serve a total period of 8 years from the date of enlistment, appointment, or (when authorized by law) induction. Any part of such service that is

not active duty (ACDU) or initial active duty for training (ADT) must be performed in the Reserve Component (RC) as defined in sections 10101, 10142, 10143, 10145, and 10146 of reference (a). This may be served in the IRR-ASP, USNR-S1, or USNR-S2.

4. **Definition of USNR-S1.** Service members in the USNR-S1 are in an active status and are eligible to participate in a Navy Reserve program without pay for retirement point credit only. They may not receive pay, allowances, or travel allowances for any inactive duty training or ADT. They may be ordered to ACDU in time of war or national emergency if the Secretary of the Navy, with the approval of the Secretary of Defense, determines not enough qualified ready reservists are available in the categories required. Officers continue to be eligible for promotion consideration. Enlisted members in this category are not eligible for advancement, unless they are drilling with a voluntary training unit (VTU), and are not subject to current high year tenure gate restrictions for their pay grade. Service members of the USNR-S1 are subject to mobilization per sections 12301, 12302, and 12306 of reference (a).

5. **Definition of USNR-S2.** Service members of the USNR-S2 are in an inactive status. They may not participate for pay or retirement point credit. They may not be considered for advancement or promotion. If they have been selected for advancement or promotion, but have not been advanced or appointed to the higher rank or grade at the time of their transfer to the USNR-S2, their promotion or advancement will not take effect. Members of the USNR-S2 are subject to mobilization per sections 12301, 12302, and 12306 of reference (a).

6. **Roles and Responsibilities**

a. Commanding officers (CO) are responsible for ensuring Service members meet all requirements for transfer to IRR-ASP.

b. Command career counselors (CCC) are responsible for ensuring that separating members are counseled on IRR-ASP participation requirements, and that the counseling is recorded on [NAVPERS 1070/613](#) Administrative Remarks.

____: I understand that my military service obligation (MSO) is 8 years from my initial entry into military service per title 10 U.S.C. Any portion of my MSO not served on active duty must be performed in the Reserve Component. I further understand that I am being transferred to the Individual Ready Reserve (IRR)-Active Status Pool (ASP) and will be subject to involuntary recall to active duty, per 10 U.S.C. 12031(a) and 12302, to fulfill mobilization requirements. While I am in the IRR-ASP, I am required to:

- Keep Navy Personnel Command (NAVPERSCOM) Reserve Personnel Management Department (PERS-9) informed of any address, phone, and e-mail updates; changes in dependency status; education; licenses or skills; changes in physical or medical condition which could affect readiness for recall to active duty.
- Maintain Navy physical fitness standards and medical readiness and obtain physicals when required.
- Respond to all official correspondence as directed by mail, phone, fax, e-mail, or internet, to include [NAVPERS 1080/3](#) Individual Ready Reserve (IRR) Annual Screening.
- Participate in the Annual Screening Program or report to muster duty, as directed.
- Maintain military uniforms in serviceable condition.

____: I understand that I must contact NAVPERSCOM Individual Ready Reserve Force Management Division (PERS-93) within 30 days of release from active duty.

____: I understand that my obligation end date is _____.
(Eight years from date initially entered military service
(DIEMS))

For additional information on the IRR, refer to BUPERSINST 1001.39F, [MILPERSMAN 1001-125](#), and [1001-145](#), or www.npc.navy.mil.

Correspondence address:
Navy Personnel Command (PERS-93)
5720 Integrity Drive
Millington, TN 38055
E-mail: IRR_counselor@navy.mil
Phone: 1-800-535-2699
FAX: 901-874-2363

Additionally the CCC is responsible for the completion of [NAVPERS 1080/3](#) Individual Ready Reserve (IRR) Annual Screening.

c. Servicing personnel support detachments (PSD) are responsible for ensuring the IRR-ASP counseling on [NAVPERS 1070/613](#) is added to the separating Service member's official military personnel file.

7. **Requirements for Transfer to the IRR-ASP.** A Service member under an initial MSO who does not reenlist in the AC or RC with Selected Reserve (SELRES) affiliation must be transferred to the IRR-ASP, USNR-S1, or USNR-S2 for the remainder of their obligation based on eligibility. Service members must meet the following requirements for transfer to IRR-ASP.

- a. Physical readiness standards per reference (b).
- b. Medical and dental readiness requirements per reference (c).
- c. No pending medical treatment, review, or benefits evaluation issue (e.g., pending Integrated Disability Eligibility System processing, medical evaluation board, physical evaluation board) as defined in reference (c).
- d. No failed drug screen per reference (d).
- e. No lost, revoked or denied security clearance per reference (e).
- f. Valid or current professional qualifications, credentials, licenses, or privileges as required by individual community managers.
- g. No pending administrative separation processing.
- h. No pending or adjudicated felony offenses.
- i. Completion of [NAVPERS 1080/3](#).

8. **Conditions for Transfer to USNR-S1 Status.** Service members may be transferred to USNR-S1 status, per reference (f) and [MILPERSMAN 1001-100](#), for reasons including the following:

- a. Service member has a temporary hardship per reference (g) with intent to return to SELRES or VTU.

b. Service member is designated as a key employee in the Federal Government or designated as a key non-Federal public or private employee.

c. Service member is a theology student at an accredited theological or divinity school (other than those participating in a military chaplain candidate or theology student program).

9. **Conditions for Transfer to USNR-S2 Status.** Service members may be transferred to the USNR-S2, per reference (f) and [MILPERSMAN 1001-100](#), for reasons including the following:

a. Service members with MSO or time remaining on enlistment contract, but have not met the requirements for IRR-ASP.

b. Service members with medical conditions that restrict member from mobilization readiness.

c. Any other disqualifying mobilization readiness requirements as defined by [MILPERSMAN 1001-100](#) and [MILPERSMAN 1001-150](#).

d. Service members who are eligible for transfer to the USNR-S1 and placed in USNR-S2 pursuant to regulations prescribed by the Secretary of the Navy when such action will prevent an inequity with regards to individuals pay, promotion, or retirement points.

e. Service members not required to remain in an Active Reserve status who possess requisite military skills as determined by the Secretary of the Navy that may be required for ACDU per section 12306 of reference (a).

10. **Transfer from the USNR-S1 or USNR-S2 to Ready Reserve**

a. Officers may remain in the USNR-S1 until resolution of reason for transfer to the USNR-S1. Officers may remain in the USNR-S2 for up to 1 year. After that time, officers will be screened and considered for discharge, unless they initiate status request per [MILPERSMAN 1001-100](#).

b. Enlisted Service members may remain in the USNR-S1 until resolution of reason for transfer to the USNR-S1. If member will reach end of contract prior to resolution of reason for transfer to the USNR-S1, reenlistment or extension may be

requested via Navy Personnel Command (NAVPERSCOM) Reserve Personnel Management Department (PERS-9). Enlisted members may remain in the USNR-S2 until completion of current contract or may be returned to Ready Reserve status per [MILPERSMAN 1001-100](#).

11. **Service in the IRR-ASP.** IRR-ASP Service members are subject to involuntary recall to ACDU per sections 12301 and 12302 of reference (a). Members of the IRR-ASP must be mobilization ready and maintain satisfactory participation requirements per [MILPERSMAN 1001-150](#).

a. Service members who do not maintain satisfactory participation requirements will be transferred to the USNR-S2 per [MILPERSMAN 1001-100](#).

b. Upon completion of initial 8-year MSO (officer or enlisted) or current contract (enlisted), the Service member will no longer be eligible to remain in the IRR-ASP, with the exception of members who have obtained 16 qualifying years for retirement as of 30 September 2017. Members who desire continued service may request affiliation with SELRES or IRR VTU. Lieutenant commanders and below, with the exception of officers who wish to re-affiliate via Navy Reserve Forces Command and the senior officer non-command billet screening and assignment board "APPLY" process, who would like to transfer to a drilling status must contact their local recruiter to affiliate with SELRES or IRR VTU. Commanders and above must use the "APPLY" process per reference (h). Aviation designated officers may apply for Reserve aviation billets via Commander, Naval Air Force Reserve and Chief of Naval Air Training approved processes.

12. **Procedures.** All Service members separating from the AC and subsequently transferring to the IRR-ASP must be counseled prior to their discharge from AC regarding their continued military status and participation requirements while in the IRR-ASP. Counseling must be documented in the member's permanent military service record as a [NAVPERS 1070/613](#) entry.

a. CCCs must record counseling of continued military service on electronic service record [NAVPERS 1070/613](#) via Navy Standard Integrated Personnel System (NSIPS).

b. PSD must verify [NAVPERS 1070/613](#) is in NSIPS prior to processing loss document.

c. NAVPERSCOM Functional Integration Division (PERS-94) **must** provide gains reports to NAVPERSCOM Individual Ready Reserve Force Management Division PERS-93 (as required).

d. PERS-9 must make final status determination on transferring Service member, and execute transfer of member to IRR-ASP or USNR-S2 (as appropriate).

Reference(s)	<ul style="list-style-type: none"> (a) DoD Instruction 1215.06 of 24 Jan 2013 (b) COMNAVRESFORNOTE 1001 (c) DoD Instruction 1215.13 of 5 May 2015 (d) 10 U.S.C. §10205 (e) RESPERSMAN 1001-010 (f) RESPERSMAN 1570-010 (g) Uniform Code of Military Justice (UCMJ) (h) Manual for Courts-Martial (MCM) United States (2012 Edition) (i) JAGINST 5800.7F, Manual of the Judge Advocate General (JAGMAN) (j) SECNAVINST 1920.6C (k) 10 U.S.C. §12645 (l) 10 U.S.C. §12642
---------------------	---

1. **Background.** Participation requirements for members of the drilling Reserve (Selected Reserve (SELRES) or Individual Ready Reserve (IRR)-voluntary training unit (VTU)), IRR-active status pool (ASP), Standby Reserve-Active (USNR-S1) and Standby Reserve-Inactive (USNR-S2)) are based upon the Service member's assigned Navy Reserve training and retirement category (TRC). This article identifies Navy Reserve participation requirements per references (a) through (l). Participation within each TRC is listed within exhibit 1.

2. **Criteria for Satisfactory Participation in the Drilling Reserve (SELRES or VTU)**. Unit commanding officers (CO) and Navy Reserve activities (NRA) are responsible for monitoring the participation of their assigned Service members. Criteria for satisfactory participation in the drilling Reserve are as follows:

a. Service members are expected to satisfactorily complete 40 of 48 inactive duty training (IDT) periods each fiscal year.

b. Service members will be designated as unsatisfactory participants when 9 or more IDT periods in a running 12-month period are declared unsatisfactory or are unexcused absences.

c. Service members must perform a minimum of 12-14 days annual training (AT), equivalent active duty training (ADT), or active duty (AD) for operational support each fiscal year as stipulated by reference (b).

Note: Service members are responsible for ensuring they accrue at least 50 points each anniversary year to obtain a qualifying year toward non-regular (Reserve) retirement. Anniversary years are calculated from a date unique to each Service member, and often will not coincide with fiscal or calendar years.

d. Service members must report as directed for physical and dental examinations and provide medical documentation as requested to determine physical qualifications for retention in the Navy Reserve.

e. Per references (c) and (d), Service members must keep their NRA CO informed of

(1) current address, and work and home telephone numbers;

(2) changes in physical or medical status;

(3) dependency changes;

(4) current employment status; and

(5) any other factors that could affect mobilization potential.

f. Service members must respond to all official correspondence.

g. Service members must comply with involuntary recall to AD.

3. **Acknowledgement of Procedures**. All drilling reservists must acknowledge their understanding of the Navy's policy concerning satisfactory participation, notification of absence, and procedures to be taken in the event of a missed IDT period by signing [NAVPERS 1070/613](#) Administrative Remarks - satisfactory participation. Reference (e) outlines requirements for excused/missed IDT periods. Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) may modify satisfactory participation requirements for VTU Service members, while ensuring the Service member is afforded the ability to obtain a 50-point qualifying year for retirement.

4. **Authorized Absences (AA)**. AAs are assigned when valid training or mission support opportunities for rescheduling the drill do not exist, and the unit CO determines that there is no requirement to make up the missed IDT period. Each assigned AA reduces by one number of regular IDT periods that may be performed per fiscal year. However, assigned AAs do not change the requirement that an anniversary year must have 50 points to qualify as a year toward non-regular retirement. Refer to reference (f) for guidance on the assignment of AAs.

5. **Declaring an IDT Period or AT Period Unsatisfactory or Unexcused**

a. Declaring an IDT period unsatisfactory does not affect the individual's pay for the IDT period. A Service member may be awarded forfeiture of pay only as a result of disciplinary action following proven violation of reference (g) as prescribed by references (h) and (i).

b. A determination as to whether an individual's performance on AT has been satisfactory will be made by the CO of the command to which ordered.

c. An IDT or AT period may be declared unsatisfactory under either of the following circumstances:

(1) member fails to meet the minimum standards required

to maintain the proficiency of the unit and the skill of the individual; or

(2) disciplinary action has been taken under reference (g).

d. If the Service member fails to perform a scheduled IDT period and does not notify the unit CO or NRA by the end of the IDT period(s) in order to reschedule or request AAs, the IDT period is declared an unexcused absence (UA), and the Service member forfeits the right to earn pay and or points for the IDT period(s) in question. The NRA will record IDT periods declared as UA in the Enhancement for Drill Management (EDM) module in Navy Standard Integrated Personnel System (NSIPS), which will electronically notify the Sailor. If an electronic notification is not sent, then the NRA will record the UA drill periods on [NAVPERS 1070/613](#) - satisfactory participation, and counsel the Sailor.

e. Should an IDT period be declared unsatisfactory, the NRA will record the unsatisfactory IDT period in EDM/NSIPS. If an electronic notification is not sent, then the NRA will record the unsatisfactory drill periods on [NAVPERS 1070/613](#) - unsatisfactory participation, and counsel the Sailor. Should an AT period be declared unsatisfactory, the Service member's NRA will submit a [NAVPERS 1070/613](#) entry documenting the unsatisfactory AT period.

6. Actions to Be Taken for Unsatisfactory Participation in the Drilling Reserve (SELRES or VTU). When Service members fail to meet satisfactory participation requirements, they will no longer be eligible for incentive bonuses, the Montgomery GI Bill-Selected Reserve (MGIB-SR) entitlement and transferability of the Post-9/11 GI Bill, or a recommendation for advancement or promotion. Additionally, one of the following administrative actions will be taken:

a. Enlisted personnel, upon recommendation of the unit CO, may be:

(1) placed on probation for 6 months;

(2) transferred to the VTU within 5 days, per reference (e), and processed for administrative separation per MILPERSMAN 1910-158; or

(3) processed for administrative separation, per paragraph 6a(2), but recommended by the convening authority (usually the NRA CO) for transfer to USNR-S2 inactive status for the remainder of the Service member's enlistment instead of separation. Final approval authority for transfer of Service members to USNR-S2 inactive status is NAVPERSCOM, IRR Force Management (PERS-93).

b. Officers may have their drill assignment cancelled and be transferred to the IRR-ASP or USNR-S2 per MILPERSMAN 1001-125. Unsatisfactory participation will be identified as the reason for transfer on the detaching orders and may be reflected in fitness reports. Further unit assignment is not authorized without COMNAVRESFORCOM (N1) approval. Additionally, officers may be recommended for separation for cause per reference (j).

7. Probationary Period for Enlisted Personnel

a. Enlisted personnel may be placed on a 6-month probationary period for unsatisfactory participation if the unit CO believes the circumstances that caused the Service member to be an unsatisfactory participant have been resolved.

b. If during the 6-month probationary period, the Service member accrues one UA or fails to meet any other participation requirement, the Service member's drill assignment may be canceled.

c. Additional probationary periods will not be granted at the local level. Cases requiring additional probationary periods will be forwarded via the chain of command to COMNAVRESFORCOM (N1) for determination.

d. Service members placed on probation will be counseled concerning the requirement for future participation and will sign [NAVPERS 1070/613](#) statement shown in exhibit 2.

8. Criteria for Satisfactory Participation in the IRR-ASP

a. Reference (c) delineates participation requirements for IRR-ASP Service members.

(1) Keep pertinent program managers informed of:

(a) current mailing address, phone number, and e-mail address;

- (b) changes in marital or dependency status;
 - (c) current civilian employer information required on an annual basis, even if no change or unemployed;
 - (d) changes to education, licenses, or skills;
 - (e) changes in physical or medical status, which could affect readiness for recall to AD;
 - (f) any other changes in status that could affect readiness for recall to AD.
- (2) Respond to all official correspondence.
 - (3) Participate in the Annual Screening Program.
 - (4) Maintain Navy physical fitness and medical readiness standards, and obtain physicals (when required).
 - (5) Maintain military uniforms in serviceable condition.
 - (6) Officers with fewer than 20 years of qualifying service must earn at least 27 points, including membership points, each anniversary year to remain in an active status.
 - (7) There are no minimum point requirements for enlisted Service members.
 - (8) Failure to earn 50 points in an anniversary year will result in a non-qualifying year for retirement.

b. Per MILPERSMAN 1001-125, after completion of initial military service obligation (MSO), Service members will no longer be eligible to remain in the IRR-ASP, with the exception of those Service members completing 16 qualifying years for retirement as of 30 September 2017. Service members wishing to continue service past their initial MSO may request affiliation with SELRES or IRR-VTU.

9. Actions to be Taken for Unsatisfactory Participation in the IRR-ASP

a. Per reference (c), Service members of the IRR who have not fulfilled their MSO, and whose participation has not been satisfactory will be designated as unsatisfactory participants. Service members may be:

(1) retained in the IRR until accomplishment of MSO, or

(2) transferred to the USNR-S2 for the balance of their statutory MSO or current enlistment contract.

b. Per reference (k), Reserve commissioned officers who have not completed the period of service required may not be discharged or transferred from an active status unless their discharge or transfer from an active status is required by law. Per reference (l), Reserve commissioned officers who fail to conform to prescribed standards must:

(1) be transferred to the Retired Reserve, if qualified and application is made,

(2) be transferred to an inactive status, if not qualified or application is not made, or

(3) be discharged from their Reserve appointment, if not transferred to the Retired Reserve or an inactive status.

c. Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) will make final status determination for unsatisfactory participants.

10. TRC. Participation requirements for Navy Reserve members are determined by the TRC to which they are assigned. A description of these categories, per reference (a), is summarized in exhibit 1.

Exhibit 1

Ready Reserve				
Reserve Component Category	Training/Retirement Category	Inactive Duty Training (IDT) Periods Required per FY	AT Required per FY	Remarks
United States Navy Reserve - Retired (USNR-R) Selected Reserve (SELRES)	SA	48	14 days (Note 1)	Personnel assigned to SELRES units
USNR-R (SELRES)	TB	0-48	14 days (Note 1)	Individual mobilization augmentees (IMAs)
USNR-R (SELRES)	UF	0	N/A (Note 2)	Personnel attending any period of initial active duty for training (IADT)
USNR-R (SELRES)	UP	0	N/A (Note 2)	Personnel awaiting 1 st period of IADT
USNR-R (SELRES)	UQ	48	N/A (Note 2)	Personnel awaiting 2 nd period of IADT
USNR-R (SELRES)	UX	0	N/A (Note 2)	Other SELRES untrained Service members in training programs

Individual Ready Reserve				
Reserve Component Category	Training/Retirement Category	IDT Periods Required per FY	AT Required per FY	Remarks
USNR-R (Ready Reserve)	RE	N/A	1 (Note 3)	Individual members of the Ready Reserve not in the SELRES
USNR-R (Ready Reserve)	RH	N/A	1 (Note 3)	Delayed Entry Program
USNR-R (Ready Reserve)	PJ	0	(as required)	Officer Training Program participants AFHPSP
USNR-R (Ready Reserve)	PK	0	45 days active duty(AD) or 14 days respectively of AD for training	Merchant Marine Academy, AFHPSP and FAP
Standby Reserve				
Reserve Component Category	Training/Retirement Category	IDT Periods Required per FY	AT Required per FY	Remarks
USNR-S1 (Standby Reserve)	YC	0	0	Key employees only (Note 4)
USNR-S1 (Standby Reserve)	YD	(Note 4)	0	Other active status members (e.g., temporary hardship/dependency problems, etc.)

USNR-S2 (Standby Reserve)	YL	0	0	Transferred to inactive status in lieu of separation with disability pay (may not earn retirement points)
USNR-S2 (Standby Reserve)	YN	0	0	Other inactive status list members
Retired Reserve				
Reserve Component Category	Training/Retirement Category	IDT Periods Required per FY	AT Required per FY	Remarks
USNR-RET (Retired Reserve)	V1	0	0	Service members transferred to the Retired Reserve who are receiving retired pay.
USNR-RET (Retired Reserve)	V2	0	0	Members of the Retired Reserve who are eligible for but not yet drawing retired pay.
USNR-RET (Retired Reserve)	V3	0	0	Reservists who are retired for a physical disability.
USNR-RET (Retired Reserve)	V4	0	0	Reservists who have completed more than 20 years of AD.

USNR-RET (Retired Reserve)	V5	0	0	Reservists drawing retired pay or other special pay for unique reasons authorized by SECNAV.
----------------------------------	----	---	---	---

Note 1: When individual AT is performed at activities which operate on a normal weekday schedule, completion of 12 days (first working day of first week through last working day of the last week) is considered sufficient to satisfy the annual requirement.

Note 2: Non-prior service personnel who have not satisfied the training requirements prescribed by 10 U.S.C. §671 may be recalled or mobilized; however, they may not be deployed outside the United States (e.g., direct commission officers who have no prior service).

Note 3: Service members of the IRR are not required to perform AT; however, generally they may be authorized to perform up to 29 days ADT each year. Per 10 U.S.C. §12319(a), they must participate in 1 day of muster duty annually for screening (if ordered). Retirement points are not authorized for the IRR screening.

Note 4: Service members in USNR-S1 status can earn retirement points. Service members in appropriate training and retirement categories who are participating in the VTU Program must maintain IDT participation requirements.

Exhibit 2
NAVPERS 1070/613 Administrative Remarks

_____(Date) I have been placed in a 6-month probationary period by reason of unsatisfactory participation. I understand that during this 6-month period, I will be immediately removed from a drill assignment and administrative separation process will be initiated should I accrue one unexcused absence or fail to satisfactorily participate in any manner. I also understand that although I am being retained in a probationary status, I will no longer be eligible for an enlisted bonus, MGIB-SR or transferability of the Post 9/11 GI Bill. Upon being deemed an unsatisfactory participant, and if in receipt of an enlisted bonus, MGIB-SR benefits or transferability of Post 9/11 GI-Bill benefits, my eligibility will be terminated. Terminations will disqualify me for future payments and may result in recoupment of payments I have received but have not earned. I also understand that I am not recommended for advancement during this probationary period. If I fail to complete initial active duty training in the prescribed time, I may be processed for separation.

RESERVE FAMILY MEMBER IDENTIFICATION CARDS AND DEFENSE ENROLLMENT ELIGIBILITY SYSTEM (DEERS) ENROLLMENT PROGRAM

Responsible Office	NAVPERSCOM (PERS-9)	Phone: DSN COM	1-833-330-MNCC (6622)
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) DoD Manual 1000.13 of 23 January 2014 (b) DoD Instruction 1000.13 of 23 January 2014 (c) DoD Instruction 1341.02 of 18 August 2016
-------------------	--

1. **Policy.** Certain Reserve Service members and their family members are eligible for uniformed services identification (ID) cards. This article contains information concerning the Defense Enrollment Eligibility System (DEERS) for Reserve family members and family member ID cards.

2. **Guard and Reserve DEERS Enrollment Program.** This program is used to enroll Ready Reserve, Standby Reserve, and retired reservist who are under age 60 in a without pay status but who are entitled to retired pay at age 60 (also referred to as gray area retirees), and their family members in DEERS. Sponsors and their family members are maintained in a pre-eligible status for future entitlement to benefits. If the sponsor is called for more than 30 consecutive days of active duty or additional duty for training, DEERS will verify that the family members are eligible for full benefits for a period of up to 180 days. After 180 days, the family members' relationship to the sponsor must be revalidated to retain eligibility. Military sponsors are responsible for ensuring all eligible family members are enrolled in DEERS, all information is accurate, and changes in relationship are promptly reported to the nearest Real-time Automated Personnel Identification System (RAPIDS) site. Members and their families are enrolled when they apply for their ID cards. Standby reservists do not participate in the Guard and Reserve DEERS Enrollment Program unless previously enrolled while in another status.

3. Department of Defense Guard and Reserve Family Member Identification

a. [DD 1173-1S United States Uniformed Services Identification and Privilege Card \(Reserve Dependent\) \(Red\)](#) is used to identify individuals as family members or as unmarried or unremarried surviving spouses of Ready reservists, former Service members who are not on active duty in excess of 30 consecutive days, Standby reservists, or retired reservists (without pay and in receipt of a Notice of Eligibility (NOE)). If the sponsor is called for more than 30 consecutive days of active duty, the form extends access to full benefits when accompanied by a copy of the sponsor's active duty orders and will activate the family members' pre-eligibility enrollment in DEERS.

b. Issuance of the [DD 1173-1S](#) is mandatory for family members of Ready reservists, former Service members, and retired reservists (without pay and in receipt of an NOE) as part of the Guard and Reserve DEERS Enrollment Program. Family members of Standby reservists will be issued a [DD 1173-1S](#) at the sponsor's request.

4. **Eligibility for DD 1173-1.** Spouses, children, stepchildren, and wards of Ready reservists, Standby reservists, former Service members, and retired reservists (without pay and in receipt of an NOE) are eligible to be issued a [DD 1173-1S](#). Unremarried surviving spouses, children, stepchildren, and wards of retired reservists (without pay and in receipt of an NOE) whose sponsor dies prior to reaching age 60 are also eligible to be issued a [DD 1173-1S](#). Children or stepchildren normally must be under the age of 21 to be eligible, per reference (a).

5. **DD 1173-1S Issuance Procedures.** [DD 1172-2 Application for Identification Cards/DEERS Enrollment](#) will be used to apply for issuance of a [DD 1173-1S](#). The [DD 1172-2](#) will also be used to enroll eligible individuals in DEERS or to update an eligible individual's DEERS record by submitting the form to a verifying official (VO) at any RAPIDS site. Specific information regarding application procedures and preparation of the ID card is contained in reference (b).

a. For dependents already enrolled in DEERS, command access card (CAC)-enabled sponsors may logon to the RAPIDS Self-Service (RSS) portal to verify their dependents online and digitally

create and sign the [DD 1172-2](#). Once the CAC-enabled sponsor verifies the dependent via the RSS portal, the [DD 1172-2](#) is saved under the dependent's DEERS record and must be printed and submitted to a VO at a RAPIDS site to support card issuance. The milConnect Web site is <https://milconnect.dmdc.osd.mil/milconnect>

b. Non-drilling members of the Individual Ready Reserve, Standby Reserve, Retired Reserve, and former Service members (without pay and in receipt of an NOE) may apply by mail or in person at the nearest RAPIDS location.

6. **Updating DEERS Information.** Once a Service member is registered in DEERS, the member is responsible for keeping his or her DEERS records updated when personal eligibility information changes. This includes changes in military career status, address, and family status (marriage, divorce, birth, and adoption). Methods to update DEERS information:

a. In-Person: Visit the nearest RAPIDS location

b. Phone: 1-800-538-9552

c. Fax: 1-831-655-8317

d. Mail: Defense Manpower Data Center
Support Office
400 Gigling Road
Seaside CA 93955-6771

e. Online: Visit the milConnect Web site

MILPERSMAN 1001-260

TARGETED RE-ENTRY PROGRAM

Responsible Office	NAVPERSCOM (PERS-97)	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
---------------------------	-------------------------	---	--

References	(a) 10 U.S.C. §10205, Reserve Contact Information Requirement (b) NAVMED P-117 Manual of the Medical Department, article 15-7 (c) OPNAVINST 6110.1J (d) OPNAVINST 5350.4D (e) SECNAV M-5510.36 Information Security Program (f) DoD Instruction 1235.09 of 2 February 2014 (g) OPNAVINST 1427.2A (h) BUPERSINST 1540.41E (i) DoD Instruction 1310.01 of 23 August 2013 (j) BUPERSINST 1430.16G
-------------------	---

1. **Purpose.** The purpose of the Targeted Re-entry Program (TRP) is to retain the valuable experience and training of the Navy's highest performing Service members who might otherwise be lost to separation. TRP is designed to benefit both the Navy and the Service member by providing a path to continued service for exceptional leaders who possess valuable skills needed in our Navy. Eligible TRP participants are afforded the opportunity to pursue personal or professional goals outside full-time Navy constraints and are provided an expedited return to active duty (ACDU) (if desired).

2. **Background.** TRP empowers commanding officers (COs) to identify Active Component (AC) and Full Time Support (FTS) officer and enlisted Service members intending to separate and have elected to leave ACDU with no desire to affiliate with the Ready Reserve. The CO may recommend awarding a golden ticket or silver ticket to these officer and enlisted Service members. Golden ticket recipients are awarded a guaranteed return to duty in the AC or FTS within 1 year of separation provided they remain fully qualified per references (a) through (e). Silver ticket recipients may have the opportunity to return to duty in the AC or FTS within 2 years of separation, subject to the needs

of the Navy, provided they remain fully qualified per references (a) through (e). Golden tickets not used within the first year, become silver tickets for the second year. If not used within 2 years of release from ACDU, silver tickets expire.

3. Eligibility

a. Officers. AC and FTS officers in pay grades O-3 or O-4 who have completed their ACDU service obligation (ADSO), but have not yet reached 14 years of active service, are eligible for consideration for TRP and must meet the following criteria:

(1) Officers must have attained community qualifications, met all eligible community career milestones for their career progression, demonstrated sustained superior performance in their fitness reports, not failed selection for promotion, and passed their most recent physical fitness assessment (PFA);

(2) Prospective participants must meet character standards and are expected to be competitive for future career milestones and or promotion within their respective communities (e.g., have no record of civil criminal convictions, and no failed in-service drug screening). Additionally, members must have neither been awarded a nonjudicial punishment (NJP) or court-martial conviction within the 36 months prior to release from ACDU. Officers who do not meet and maintain retention standards, per references (a) through (e), will not be able to return to ACDU under the TRP; and

(3) Nuclear-trained officers seeking to return to ACDU under TRP require approval from the Nuclear Propulsion Program Manager (OPNAV N133)).

b. Enlisted. AC or FTS enlisted members in pay grades E-4 to E-6 who have completed their ADSO, have not reached 14 years of active service, and have not reached high-year tenure, are eligible for consideration for TRP if they meet the following criteria:

(1) Enlisted members must have attained rating qualifications, demonstrated sustained superior performance in their evaluation reports, and passed their most recent PFA;

(2) Prospective participants must meet character standards (e.g., have neither a record of civil criminal

convictions, nor in-service drug screening failures). Additionally, Service members must neither have an NJP nor court-martial conviction within 36 months prior to release from ACDU. Members who do not meet and maintain retention standards, per references (a) through (e), will not be eligible to return to ACDU under the TRP; and

(3) Nuclear-trained enlisted Sailors seeking to return to ACDU under TRP require approval from OPNAV (N133).

4. Status and Participation Criteria

a. Once approved for a golden or silver ticket, the officer or enlisted member must contact the TRP Manager (NAVPERSCOM PERS-9) to enroll in TRP. Enrollment requires appointment, enlistment, or reenlistment into the Standby Reserve - Inactive (USNR-S2) upon ACDU separation for the duration of the program; a period of no less than 2 years. Officer and enlisted Service members who have not completed their minimum service obligation (MSO) after TRP enrollment has expired, must accept an appointment, enlistment, or reenlistment in the Individual Ready Reserve active status pool (IRR-ASP) or USNR-S2 until the completion of their MSO per [MILPERSMAN 1001-125](#). Additionally, these Service members may seek to affiliate with the Selected Reserve.

b. While in TRP, participants must maintain accurate recall information and respond in a timely manner to periodic contact from the TRP Manager.

c. Health Benefits. TRP participants serving in the USNR-S2 are not entitled to or eligible for the following benefits:

- (1) Tricare Reserve Select;
- (2) Tricare dental; or
- (3) Servicemember's Group Life Insurance.

d. Education Benefits. Participants are not eligible for tuition assistance benefits while in USNR-S2 status. In addition, time in USNR-S2 status does not accrue toward Post 9-11 GI Bill benefits. However, previously earned Montgomery GI Bill and Post 9-11 GI Bill benefits may be used while serving in the USNR-S2.

e. Licensed and Certified Professionals. The Navy will not compensate members in USNR-S2 status for licensing, continuing education credit, liability, or malpractice insurance. Upon return to ACDU, the Service member is responsible for providing current credentialing documentation to NAVPERSCOM, Career Management Department (PERS-4).

f. Promotion or Advancement Eligibility. TRP participants enrolled in USNR-S2 are ineligible for consideration for promotion or advancement, per reference (f), from the date of release from ACDU through the period of participation in the TRP, until return to ACDU. Upon return, the Service member will be appointed or reenlisted in the same grade and time in grade or time in rate last held on ACDU as annotated on Service member's [DD 214](#) Certificate of Discharge from ACDU per reference (g). In the event Service members are already selected for promotion or advancement but have not been advanced or appointed to the selected rank or grade at the time of their transfer to the USNR-S2, their promotion or advancement will be negated and will be considered a failed selection in the case of officers.

g. Pay and Allowances. The effective date of pay and allowances will be the date the member returns to ACDU and is transferred into a paid status.

5. Program Approval

a. Officers. Upon the officer's voluntary resignation request submitted, per [MILPERSMAN 1920-200](#), COs may recommend high performing officers who meet TRP criteria by positively endorsing the resignation request and including language which clearly states that the "[officer] is recommended for a golden or silver ticket under the Targeted Re-Entry Program" via the Navy Standard Integrated Personnel System retirements and separation module. NAVPERSCOM, Distribution Policy and Procedure Branch (PERS-451) will periodically forward a list of all applicants to Bureau of Naval Personnel, Military Community Management (BUPERS-3) for board consideration. Each request will be adjudicated based on program criteria, CO's endorsement, and needs of the Navy.

(1) Quotas. BUPERS-3 will approve a maximum number of officer golden tickets each fiscal year based on community health and retention goals. There is no limit to the number of silver tickets that may be awarded.

(2) Notification. Once a determination is made, BUPERS-3 will notify the command of the disposition of the request. COs will notify TRP-approved officers.

b. Enlisted. Upon notification of the Service member's intent to separate, COs will recommend high performing Service members meeting TRP criteria for consideration via the command career counselor in Career Waypoints (C-WAY). Members must have indicated their intent to separate in all C-WAY applications to be eligible for a TRP quota.

(1) Quotas. BUPERS-3 will approve a maximum number of enlisted golden tickets via C-WAY each fiscal year based on community health and target retention goals. There is no limit to the number of silver tickets that may be awarded.

(2) Notification. Once a determination is made, BUPERS-3 will notify the command via C-WAY. COs will notify TRP-approved enlisted members.

6. **Program Enrollment.** Service members awarded a golden or silver ticket must contact the TRP Manager in order to enroll in the TRP. Failure to contact the TRP Manager prior to ACDU separation will result in forfeiture of the awarded ticket.

a. Officers. The following documentation must be submitted to the TRP Manager:

(1) [DD 214](#);

(2) [NAVPERS 1000/4](#) Officer Appointment Acceptance Oath of Office (NSIPS form) (USNR-S2);

(3) Copy of awarded golden or silver ticket;

(4) TRP [NAVPERS 1070/613](#) Administrative Remarks at: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>;

(5) [SF-600](#) Chronological Record of Medical Care at: <https://www.gsa.gov/reference/forms#>; and

(6) Current contact information to include physical and mailing address, phone number, and a valid civilian e-mail address.

b. Enlisted. The following documentation must be submitted to the TRP Manager:

- (1) [DD 214](#);
- (2) [NAVPERS 1070/601](#) Immediate Reenlistment Contract at: <http://www.public.navy.mil/bupers-npc/reference> (USNR-S2) for 24 months;
- (3) Copy of awarded golden or silver ticket;
- (4) TRP [NAVPERS 1070/613](#) Administrative Remarks;
- (5) [SF-600](#) Chronological Record of Medical Care; and
- (6) Current contact information to physical and mailing address, phone number, and a valid civilian e-mail address.

7. Approving Authority - Program Management and Adjudication Procedures. BUPERS-3 is the approving authority for all non-nuclear TRP requests for both golden and silver tickets, and will make determinations based on the Service member's overall performance, community health, and needs of the Navy. Nuclear-trained Sailors will seek approval from both BUPERS-3 and OPNAV (N133). Specifically, nuclear-trained personnel TRP requests must be routed through OPNAV (N133) for the purpose of verifying the requirements provided in reference (h) prior to adjudication by BUPERS-3.

a. Officers. BUPERS-3 will hold periodic boards for all eligible candidates and provide a list of awardees to the TRP Manager. BUPERS-3 will communicate golden and silver ticket approval via corresponding approval letter (see exhibit 1) to the officer's command for CO notification.

b. Enlisted. BUPERS-3 will consider applications on a monthly basis for all eligible candidates submitted via C-WAY with CO's endorsement. BUPERS-3 will provide notification of golden or silver tickets via C-WAY for CO notification.

c. Nuclear Trained Personnel. In order to meet the requirements of reference (h), nuclear trained personnel requests for TRP tickets must be routed through Nuclear Program Manager (OPNAV N133) prior to adjudication by BUPERS-3.

8. Responsibilities

a. NAVPERSCOM, Reserve Personnel Management Department (PERS-9) will provide a one-time transition from ACDU (AC/FTS) to the USNR-S2, and serve as the primary point of contact during TRP time frame.

b. NAVPERSCOM, Career Progression Department (PERS-8) will scroll all approved officer TRP recipients at the request of PERS-9 and issue TRP participant's [NAVPERS 1000/4](#) to PERS-9 for dissemination to the member.

c. PERS-4 will generate separation orders and recall orders (when applicable) for TRP participants.

d. NAVPERSCOM, Pay and Personnel Management Department (PERS-2) will provide pay and benefits support to TRP participants (as applicable).

e. NAVPERSCOM, Personnel Information Management Department (PERS-3) will provide electronic records management support to TRP applicants (as applicable).

f. TRP participants must provide the following information to the TRP Manager:

(1) Current contact information (mailing address, work and telephone numbers, and a valid civilian e-mail address);

(2) Changes in physical or dependency status;

(3) Current employment status including Ready Reserve affiliation; and

(4) Other factors that could affect return to ACDU.

g. TRP Manager will contact participants at regular intervals. TRP participants must respond to all official correspondence, including electronic mailings.

9. Returning to ACDU

a. TRP participants desiring to redeem their golden or silver ticket, and return to ACDU must submit a letter of intent as shown in exhibits 2 and 3, to the TRP Manager. BUPERS-3 will adjudicate all requests for return to ACDU. Golden ticket

recipients are guaranteed return; silver tickets are subject to needs of the Navy.

b. Officers must accept ACDU appointment (AC or FTS) based on their status held when awarded their golden or silver ticket. TRP participants must return [NAVPERS 1000/4](#) to the TRP Manager. Date of rank, time in grade, and ACDU base date adjustments for officers will be made per references (i) and (j).

c. Enlisted members must reenlist (AC or FTS) based on status held when awarded their golden or silver ticket. TRP participants must return [NAVPERS 1070/601](#) to the TRP Manager. Date of rank, time in rate, and ACDU service date adjustments for enlisted members will be made per reference (j).

d. Per reference (b), all physical examinations recorded on [DD 2808](#) Report of Medical Examination and [DD 2807-1](#) Report of Medical History, assuming appropriate scope, are valid for 2 years. Upon return to ACDU, an updated [DD 2807-1](#) will be required by the participant and reviewed by an appropriate examiner. [DD 2808](#) and [DD 2807-1](#) may be accessed using the following link: http://www.esd.whs.mil/Directives/forms/dd2500_2999/.

e. Requests by nuclear trained personnel to redeem a TRP ticket and return to ACDU must be validated by N133 prior to action by PERS-9.

10. **Initial Orders.** TRP participants who are approved for return to ACDU are subject to the needs of the Navy, and will be detailed to billets according to availability.

a. Officers. Officers will coordinate with their individual detailee in PERS-4 to negotiate PCS orders and recall timeline. PCS assignments will be in line with normal career progression, per [MILPERSMAN 1301-110](#), based on the available billets at the time of the request to return to ACDU. Officers will be obligated to complete a minimum of 36 months in addition to any required training per approved orders.

b. Enlisted. Enlisted members will coordinate with their individual detailee in NAVPERSCOM, Enlisted Distribution Division (PERS-40) to negotiate PCS orders and recall timeline. PCS assignments will be in line with current sea and shore flow tour lengths based on the available billets at the time of the

request to return to ACDU. TRP participants must obligate for a minimum of 48 months upon return to ACDU.

11. **Acknowledgement of Program Criteria.** All TRP participants must acknowledge their understanding of the Navy's policy concerning TRP enrollment, transfer to, and satisfactory participation in USNR-S2 status and return to ACDU (AC/FTS) procedures. Enrollment in the TRP requires the submission of the TRP on [NAVPERS 1070/613](#) (per exhibits 4 and 5) to the TRP Manager prior to release from ACDU.

a. Transition Assistant (NAVPERSCOM PERS-97) will advise the TRP participant to complete and submit required documents in a timely manner. Service members who do not contact the TRP Manager via their Transition Assistant (NAVPERSCOM PERS-97) prior to separation from ACDU forfeit their golden or silver ticket.

b. TRP eligibility may be revoked for any of the following circumstances:

(1) Service member fails to provide any of the required documentation;

(2) Service member fails to meet the minimum standards required for retention in the Navy Reserve; or

(3) Formal disciplinary action is taken under the UCMJ or civilian criminal justice system.

c. Service members failing to meet the criteria to return to ACDU or remain in USNR-S2 status may be subject to forfeiture of their golden or silver ticket, discharge, and or administrative separation. NAVPERSCOM (PERS-9) will make final status determination for unsatisfactory participants.

EXHIBIT 1
Targeted Re-entry Program Board Results

DEPARTMENT OF THE NAVY
CHIEF OF NAVAL PERSONNEL
WASHINGTON, D.C. 20370-5000

1210
BUPERS-3/
DD MMM YY

From: Deputy Chief of Naval Personnel
To: Rank First MI. Last, USN
Via: Commanding Officer, COMMAND

Subj: TARGETED RE-ENTRY PROGRAM BOARD RESULTS

Ref: (a) 10 U.S.C.
(b) DoD Instruction 1235.09
(c) DoD Instruction 1310.01
(d) NAVADMIN 047/18

1. Per references (a) through (d), this letter is to inform you that you have been selected to receive a (golden or silver) ticket under the Targeted Re-Entry Program (TRP).
2. Those officers nominated for the TRP are of the highest caliber and not all nominees are selected to receive this opportunity. Your selection for the program directly reflects the high quality of service you have given to the Navy and the Navy's desire for you to return to active duty.
3. Per your resignation request, you are scheduled for active duty separation in (Month Year). You will not be able to begin your Targeted Re-entry until your resignation from active duty is complete and you have completed your entry into Standby Reserve-Inactive status (USNR S2). The Reserve scrolling process is initiated by your resignation sent to OPNAV (N451), and takes approximately 6 months.
4. Please refer to reference (d) for additional information regarding this program. You may also direct specific questions or elect to decline the (golden or silver) Ticket to the Navy Personnel Command My Navy Career Center at 1-(833) 330-6622/DSN 882 or via e-mail at: askmncc@navy.mil.

EXHIBIT 4
Targeted Re-entry Program - Silver Ticket
(NAVPERS 1070/613 Administrative Remarks)

- ____ I, _____, have been counseled on the Targeted Re-entry Program (TRP) as outlined in MILPERSMAN 1001-260, and understand the requirements and standards to remain eligible for the Targeted Re-entry Program.
- ____ I understand I have been offered a silver ticket under the TRP, which is valid for a potential return to active duty in the same status (Active or Full Time Support) up to 2 years from my separation date as listed on my DD-214.
- ____ I understand that my silver ticket may be used to facilitate a potential return to active duty, based on community health and the needs of the Navy. Silver tickets may not be used to re-designate or cross-rate.
- ____ As part of TRP Program eligibility, I voluntarily elect to serve in the Inactive Reserve Component (USNR-S2) for the duration of enrollment, a maximum of 2 years. While in this status, I will not be eligible for promotion, earn points toward a non-regular retirement, Servicemember's Group Life Insurance (SGLI), health care, and forfeit any active participation in the Selective Reserve.
- ____ If I choose to utilize my silver ticket, I understand I will return to active duty in the same rank at the time of separation.
- ____ My participation in the TRP will not count toward eligibility for retirement, computation of retired or retainer pay, computation of total years of commissioned service or high year tenure limitations.
- ____ If I have not completed my minimum service obligation, I will be transferred to USNR-S2, and I acknowledge that time served in this status will count towards fulfillment of my reserve obligation. Furthermore, if I still owe time on my minimum service obligation (MSO), I will then be transferred into the Inactive Ready Reserve after 24 months.
- ____ Should I return to active duty, I further understand that my date of rank and time in grade/rate adjustments will be made upon my return to active duty, including adjustments for active duty service dates.
- ____ I understand that once I elect to return to active duty and orders are approved, I must execute those orders.
- ____ I acknowledge that my participation is contingent upon remaining within community and physical readiness standards, and it is my duty to inform the TRP Manager of any changes to my status including physical or mental health material changes or any civil or criminal convictions.

EXHIBIT 5
Targeted Re-entry Program - Golden Ticket
(NAVPERS 1070/613 Administrative Remarks)

- ____ I, _____, have been counseled on the Targeted Re-entry Program (TRP) as outlined in MILPERSMAN 1001-260 and understand the requirements and standards to remain eligible for the TRP.
- ____ I understand I have been offered a golden ticket under the TRP, which is valid for a potential return to active duty in the same status (Active or Full Time Support) up to 2 years from my separation date as listed on my DD-214.
- ____ After 1 year, a golden ticket automatically converts to a silver ticket, and remain valid for an additional year.
- ____ I understand that if my golden ticket expires, the use of my silver ticket to facilitate a potential return to active duty is contingent upon the needs of the Navy, and may not be used to re-designate or cross-rate.
- ____ As part of TRP Program eligibility, I voluntarily elect to serve in the Inactive Reserve Component (USNR-S2) for the duration of enrollment, a maximum of 2 years. While in this status, I will not be eligible for promotion, earn points toward a non-regular retirement, Servicemembers' Group Life Insurance (SGLI), health care, and forfeit any active participation in the Selective Reserve.
- ____ If I choose to utilize a golden or silver ticket, I understand I will return to active duty in the same rank at the time of separation.
- ____ My participation in the TRP will not count toward eligibility for retirement, computation of retired or retainer pay, computation of total years of commissioned service or high year tenure limitations.
- ____ If I have not completed my minimum service obligation (MSO), I will be transferred to USNR-S2 and I acknowledge that time served in this status will count towards fulfillment of my reserve obligation. Furthermore, if I still owe time on my MSO, I will then be transferred into the Inactive Ready Reserve after 24 months.
- ____ Should I return to active duty, I further understand that my date of rank and time in grade or time in rate adjustments will be made upon my return to active duty, including adjustments for ADSD.
- ____ I understand that once I elect to return to active duty and orders are approved, I must execute those orders.
- ____ I acknowledge that my participation is contingent upon remaining within community and physical readiness standards, and it is my duty to inform the TRP Manager of any changes to my status including physical or mental health material changes or any civil or criminal convictions.

------------------	---

1. **Definition of Leave.** Leave, as defined by reference (a), is the authorized absence of a Service member from a place of duty, chargeable against such member, per reference (b), as amended.

2. **Types of Leave.** The following is a classification of leave types in terms of leave accrued, chargeable, non-chargeable, and subject to checkage:

TYPES OF LEAVE TABLE 1-1	
TYPE OF LEAVE	DEFINITION
a. Earned (Accrued) Leave:	<p>Earned leave is the term used to describe leave accrued to a Service member's credit as of any given date.</p> <p>(1) Minus Leave Credit. Earned leave may indicate a minus leave credit, but such amount of minus leave credit must not exceed the amount of leave that would normally be earned during the remaining period of obligated Active Duty (ACDU).</p> <p>(2) Excess Leave. A minus leave credit on date of discharge, effective date of first extension of an enlistment, or separation from ACDU is excess leave and is subject to checkage.</p>

TYPE OF LEAVE	DEFINITION
<p>Earned (Accrued) Leave (cont):</p>	<p>(3) Ordinary Accrual Limit. The account balance of ordinary earned or accrued leave must be reduced to 60 days at the end of the fiscal year (FY), except in the case of special accrual. However, effective 1 October 2008 through 30 September 2015, a Service member's earned or accrued leave must be reduced to 75 days at the end of the FY.</p> <p>(4) Special Accrual Limit. Personnel are authorized special leave accrual up to 120 days while assigned to duty under special circumstances as defined in MILPERSMAN 1050-070.</p>
<p>b. Chargeable Leave:</p>	<p>(1) Annual (Ordinary) Leave - Leave granted in execution of a command's leave program, chargeable to the Service member's leave account.</p> <p>(2) Emergency Leave - Leave granted for a personal or family emergency involving members of their household, immediate family, or a sole surviving relative which requires the Service member's presence whenever the circumstances warrant and the military situation permits. It is chargeable to the Service member's leave account.</p> <p>(3) Advance Leave - Leave granted to a Service member with limited or no accrued leave prior to its accrual to the Service member's leave account, based on a reasonable expectation that it will be earned by the Service member during the remaining period of obligated ACDU. This leave may be granted to resolve urgent, personal, or emergency situations. See MILPERSMAN 1050-130.</p> <p>(4) Reenlistment Leave - Leave granted to a Service member incident to reenlistment. Up to 90 days may be authorized to Service members, and this leave should begin immediately upon reenlistment. It is chargeable to the Service member's leave account.</p> <p>(5) Leave in Conjunction with Permanent Change of Station (PCS) - Leave authorized in conjunction with PCS movement for no less than 30 days delay en route, whenever feasible. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-150.</p> <p>(6) Consecutive Overseas Tour Leave - Leave authorized for Service members stationed outside the continental United States (OCONUS) who are ordered to a consecutive overseas tour at the same duty station or who are reassigned PCS to another OCONUS duty station. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-410.</p>

<p>Chargeable Leave (cont):</p>	<p>(7) Terminal Leave - Leave authorized for Service members at the time of retirement, separation, or release from ACDU. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-120.</p> <p>(8) Environmental Morale Leave - Leave granted to a Service member assigned to an overseas duty location that includes extraordinarily difficult living conditions or adverse environmental conditions that would offset the full benefits of annual leave programs. It is chargeable to the Service member's leave account. See MILPERSMAN 1050-210.</p> <p>(9) Rest and Recuperation (R&R) Leave - Leave granted (to include Government-funded transportation) to Service members who qualify under conditions designated by the Principal Deputy Under Secretary of Defense (PSUSD) for personnel and readiness (P&R). It is chargeable to the Service member's leave account. The associated leave program, Non-Chargeable R&R Program, is not chargeable to a Service member's leave account. See MILPERSMAN 1050-200 for qualifying criteria.</p> <p>(10) Court Determination and or Child Support Leave - Leave granted when a Service member requests leave on the basis of need to attend hearings to determine biological relationship (paternity or maternity) to a child or to determine an obligation to provide child support. Leave shall be granted unless the Service member is serving in or with a unit deployed in a contingency operation, or exigencies of military service require a denial of such a request. It is chargeable to a Service member's leave account.</p>
<p>c. Non-Chargeable Leave:</p>	<p>(1) Convalescent Leave - A period of authorized absence granted to persons while under medical care which is part of the care and treatment prescribed for a Service member's recuperation or convalescence (to include maternity leave). The Service member's commanding officer (CO) or the hospital commander may grant convalescent leave to patients not yet fit for duty per MILPERSMAN 1050-180. Convalescent leave is not chargeable to a Service member's leave account.</p> <p>(2) Graduation Leave - A period of authorized absence granted as a delay in reporting to the first duty station in the case of graduates of the U.S. Naval Academy who are appointed commissioned officers in the Armed Forces. Graduation leave is not chargeable to a Service member's leave account and must be used within 3 months of the officer's graduation and before the officer reports to the first duty location or port of embarkation (for permanent duty or with deployed units).</p>

TYPE OF LEAVE	DEFINITION
<p>Non Chargeable Leave (cont):</p>	<p>(3) Adoption Leave - A period of authorized absence up to 21 days granted to a Service member who adopts a child under a qualifying adoption. Adoption leave is not chargeable to a Service member's leave account. See MILPERSMAN 1050-420.</p> <p>(4) Paternity Leave - A period of authorized absence up to 10 days granted to a married Service member whose wife gives birth to a child and is subsequently used in connection with this birth. Paternity leave is not chargeable to a Service member's leave account. See MILPERSMAN 1050-430.</p> <p>(5) Recruiting Assistance Leave - A period of authorized absence up to 14 days to Service members who provide assistance to recruiting. Recruiting assistance leave is not chargeable to a Service member's leave account. See MILPERSMAN 1050-220.</p> <p>(6) Emergency Leave of Absence - Non-chargeable leave period of up to 14 days for a qualifying emergency. An emergency leave of absence may only be granted by the Secretary of the Navy and is only authorized once during a career. Emergency leave of absence is not chargeable to a Service member's leave account. Emergency leave of absence is subject to the limitations outlined in reference (b).</p> <p>(7) Rest and Recuperation Leave - Leave granted (to include Government-funded transportation) to Service members who qualify under conditions designated by PSUSD (P&R). Non-chargeable R&R is not chargeable to a Service member's leave account. See MILPERSMAN 1050-200 for qualifying criteria.</p>
<p>d. Leave Subject to Checkage - Excess Leave</p>	<p>Excess Leave is the term used to describe leave granted in excess of earned leave and advance leave, and a period during which the Service member is not entitled to pay and allowances.</p> <p>(1) A minus leave balance at the time of discharge, first extension of an enlistment, separation from ACDU, desertion, or death shall be considered as excess leave without regard to the authority under which the minus leave balance was granted.</p> <p>(2) The pay and allowances received while on excess leave shall be checked upon the Service member's return from such leave.</p>

3. **Entitlement to Leave.** Each member serving in the Navy on ACDU shall be entitled to accrue leave at the rate of 2-½ calendar days for each month of ACDU service, except for periods listed in paragraph 4 below.

4. **Exceptions.** Periods of

- a. ACDU of less than 30 consecutive days;
- b. ACDU for training with pay of less than 30 consecutive days;
- c. Absence from duty without leave;
- d. Absence over leave;
- e. Unauthorized absence;
- e. Confinement as the result of a sentence of a court martial;
- f. Lost time per reference (c) and MILPERSMAN 1600-100;
- g. Appellate leave; and
- h. Excess leave or other periods where member is in a non-pay status.

5. **Forfeiture of Accrued Leave.** Any Service member who is discharged under other than honorable conditions shall forfeit all accrued leave to his or her credit at the time of discharge per reference (d), section 501(e)(1). Additionally, per reference (d), section 501(e)(2), Service members who are discharged before completing 6 months of ACDU service because of a failure to serve satisfactorily are subject to the forfeiture of all accrued leave. This provision applies to all Service members, including those with prior military service (breaks in military service of more than 90 or more consecutive days) who are separated for:

- a. **Enlisted Separation Reasons:**
 - (1) Defective enlistments and inductions (minority and fraudulent entry only);
 - (2) Entry-level performance and conduct;

- (3) Unsatisfactory performance;
- (4) Drug and or alcohol abuse rehabilitation failure;
- (5) Misconduct (moral and or professional dereliction);
- (6) Separation in lieu of trial by court-martial; or
- (7) Security (unless the Service member receives an honorable discharge).

b. Officer Separation Reasons:

- (1) Separation for cause (e.g., officers separated for substandard performance of duty);
- (2) Dropped from the rolls;
- (3) Misconduct (moral and or professional dereliction);
- (4) Separation in lieu of trial by court-martial; or
- (5) Security (unless the Service member receives an honorable discharge).

6. Earned Leave Limits

a. Limits on earned leave are defined in references (a) and (b). Earned leave may exceed 60 days during a fiscal year (FY), but any earned leave balance exceeding 60 days shall be reduced to 60 days as of the first day of the new FY. During the period beginning on 1 October 2008 through 30 September 2015, earned leave up to 75 days may be retained as of the first day of the new FY.

b. Leave not to exceed 120 days may be accumulated as defined in MILPERSMAN 1050-070. Except for leave accumulated from 1 October 2008 until 30 September 2015, leave in excess of 60 days that has been accrued, per MILPERSMAN 1050-070, shall be lost unless it is used before the end of the third FY after the FY in which it was earned. Special leave accrual earned from 1 October 2008 until 30 September 2015 may be retained until the fourth FY after the FY in which it was earned.

c. Unused leave accumulated in excess of the above stipulated limitations is irrevocably lost and may not be

compensated for with cash. As this policy is based on public law, no waiver authority exists.

d. A Reserve Component (RC) member who accumulates leave during a period of active service may carry over any leave accumulated subject to the limitations in references (a) and (b).

7. Limits when Separating, Enlisting, Reenlisting, or Extending. Use the rules specified in the table below to determine earned leave limits during separation, enlistment, reenlistment, or extension:

RULES TO DETERMINE EARNED LEAVE LIMITS TABLE 1-2		
WHEN ...	AND ...	THEN ...
any person is discharged under other than honorable conditions (OTH),		that person shall forfeit all earned leave at time of discharge.
commands desire to maintain the highest standards of conduct and performance,		the commands may authorize Service members in a pay status leave with pay and allowances not to exceed the amount of leave accumulated to date plus any leave the members will earn while in a pay status.
enlisted members on ACDU who signify their intention to enlist or reenlist in the Regular Navy or Navy Reserve on a date immediately following the date of discharge and remain on ACDU,	members who first extend an enlistment, and who are entitled to lump-sum leave payments for unused leave standing to their credit,	the members may elect to sell a portion of the accrued leave and carry forward the remainder to the new or extended enlistment.
personnel are not entitled to a cash settlement,		they shall have unused leave carried over into a new enlistment or an extension of enlistment. This carryover may exceed 60 days.
a minus leave credit balance exists,		that balance shall not be carried over into a new enlistment or first extension of an enlistment, but shall be considered as excess leave and checked accordingly, except as provided in the article concerning checkage of pay for excess leave.

8. **Authority to Grant Leave.** Subject to such supplementary regulations as may be issued by higher authority:

a. COs or officers-in-charge may grant leave and liberty to officers and enlisted personnel under their command or in their charge, subject to such limitations as are set forth in this article and pursuant to regulations prescribed by the Chief of Naval Operations.

b. The chief or commander of a bureau, command, or office of the Navy department is authorized to grant leave and liberty to Service members on duty in their respective bureau, command, or office, pursuant to regulations.

9. **Aggressive Leave Program Rationale.** Experience has shown that vacations and short periods of rest from duty provide benefits to morale and motivation which are essential to maintaining maximum command effectiveness and morale. The lack of such respite from the work environment adversely affects Service member's health, availability, and performance. It also intensifies the separation from home and family that is a normal result of military duties and operational deployments. Thus, it adversely affects the attitudes of the family and influences the morale and performance of the Service member. Promoting periodic annual use of leave is a major consideration in the effort to increase efficiency while reducing manpower and to reduce costs. Persuasive pursuit of these policies at all levels will make a positive contribution to cost savings, morale, and performance.

10. **Annual Leave Program**

a. Officers authorized to grant leave shall establish and regulate schedules to provide for maximum use of earned leave consistent with:

(1) Operational and training requirements; and

(2) The desires of the individual Service members.

b. All personnel shall be provided an opportunity to take leave annually in these programs.

c. COs must include positive programs to encourage the use of leave as it is earned as respite from the work environment.

d. COs shall ensure that Service members do not bear the responsibility of locating and arranging for necessary leave reliefs or any other type of duty standby for periods of leave of 4 days or more which have been requested and granted prior to the publication of any conflicting duty list or watch bill.

11. **Frequency and Length.** When possible, COs should provide the opportunity to take frequent periods of leave, including an opportunity to take one annual leave period of at least 14 consecutive days, to obtain maximum benefit from the objectives of the command's annual leave program.

12. **Using Leave as Accrued.** Officers in command shall encourage and assist all Service members to use, on the average, their 30 days of accrued leave each year.

a. Congress has provided the authority for Service members to carry over 60 days of leave annually (75 days during the period of 1 October 2008 to 30 September 2015) due to the arduous nature of military duties and the understanding that operational schedules at time do not allow Service members to take their full 30 days of earned leave annually.

b. Congress has provided compensation for Service members who, upon separation, were not able to use their leave because military requirements had prevented it. Service members should not be required to expend leave immediately prior to separation simply for the purpose of reducing leave balances.

c. Using the leave system as a source of additional pay through leave sell-back programs, either as a method of compensation or as a career continuation incentive, defeats the intent of Congress to provide for the health and welfare of service personnel.

d. It is specifically intended that large leave balances shall not be accrued expressly for settlement upon separation or release from ACDU.

13. **Refusal to Take Leave.** Personnel who refuse to take leave when the opportunity is afforded by the command, shall be counseled regarding the benefits of taking leave and the rationale of the leave program. Members should further be cautioned that such refusal may result in the loss of earned leave at a later date.

14. **Circumstances for Special Emphasis to Grant Leave.** In pursuing maximum use of leave, particular emphasis shall be placed on granting leave in the following circumstances:

- a. Upon PCS;
- b. After periods of particularly arduous duty, protracted periods of deployment from homeport, or when there is evidence of deteriorating health or morale;
- c. Within the constraints of the command's unit manning document and operational requirements, emergency leave may be authorized when members or their families have been personally affected by natural disasters (i.e. floods, hurricanes, etc.);
- d. During the traditional national holiday periods of Thanksgiving and Christmas;
- e. For attendance at spiritual retreats or for other religious observances for which liberty is inadequate;
- f. Upon reenlistment and augmentation from Reserve component to ACDU;
- g. During the pre-processing period incident to release from ACDU to the extent of unused leave; and
- h. Immediately preceding retirement, when requested, and to the extent of unused leave.

15. **Successive Leave.** Except under emergency or other unusual circumstances, personnel should not be granted two or more successive periods of leave without performing duty between the termination of one leave and the commencement of the other. This policy is applicable to both regular and holiday weekends.

Example: If a Service member has an approved leave period which terminates on a Friday and has requested another period of leave to commence the following Monday, then the two leave periods shall be combined into one, or the second period of leave disapproved, unless the Service member performs duty on the Saturday or Sunday between the two leave periods.

16. **Granting Emergency Leave.** When responding to emergency leave requests, COs may judiciously authorize up to 30 days of emergency leave. Requests for leave in excess of 30 days must

be authorized by the Secretary of the Navy via the Office of the Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130). See MILPERSMAN 1050-030 for additional guidance concerning emergency leave.

GRANTING LEAVE IN AN EMERGENCY TABLE 1-3		
WHEN ...	THEN ...	AND ...
the aggregate of all leave granted (earned plus advance) does not exceed 30 days,	COs may grant leave in emergencies.	
in the CO's judgment, emergency leave exceeding 30 days is warranted,	emergency leave in excess of 30 days must be authorized by the Secretary of the Navy via OPNAV (N130).	
the Service member has expended all accrued and advance leave,	the Secretary of the Navy may grant a Service member a non-chargeable emergency leave of absence for a qualifying emergency,	this leave is only authorized once in a Service member's career.
emergencies require an absence from duty in excess of 60 days,	the Service member will be considered for humanitarian reassignment of a permanent or temporary nature.	
the emergency is considered appropriate by the CO,	officers serving their initial term of obligated service, or enlisted personnel with less than 8 years of service, may be considered for hardship discharges. See reference (e)(officers) and MILPERSMAN 1910-110 (enlisted).	

17. **Granting Advance Leave**. Advance leave is a means whereby Service members with limited leave accrued may be granted leave to resolve emergency or urgent personal or morale problems. When advance leave has been taken and not fully earned back, an additional advance leave period may be granted, but only in such an amount as will ensure that the total unearned leave does not exceed 30 days.

ADVANCE LEAVE TABLE 1-4	
WHEN ...	THEN ...
advance leave is authorized,	such advance leave shall normally be limited to the lesser of: <ul style="list-style-type: none"> • 30 days; • leave that will be earned during the remaining period of ACDU (current enlistment, not including extensions, for enlisted members); or • the amount of leave that will be accrued prior to date of separation while serving an extension.
advance leave in excess of 30 days is considered necessary,	such advance leave must be authorized by the Secretary of the Navy via OPNAV (N130).
a Service member is separated more than 3 months before expiration of their enlistment, including those who reenlist within 24 hours,	advance leave will be treated as excess leave upon separation.
excess leave is authorized in conjunction with advance leave,	care must be taken that leave is not calculated to accrue during the period of excess leave involved. Accrued leave shall be expended prior to advance leave.

NOTE: Advance leave may not be authorized in conjunction with excess leave authorized for a professional degree or an officer procurement program, or for Service members involved in an administrative, disability, or punitive discharge process.

18. **Granting PCS Leave**. See table below for granting PCS related leave and exceptions thereto:

PCS LEAVE TABLE 1-5	
WHEN ...	THEN ...
a Service member has been issued PCS orders to a new duty station,	30 days of leave will be authorized, consisting of earned and advance leave only, no excess leave will be allowed.

the following situations occur:	exceptions to the 30 day authorized leave may be made.
<ul style="list-style-type: none"> • immediate availabilities from hospitals, or alcohol or drug rehabilitation centers; • decommissioning; • separation orders; • a second PCS move within a 12 month period; • a need to meet key deployment; • to or from an SSBN; or • such unusual circumstances as death, illness, or detachment for cause, 	
personnel are returning from overseas isolated duty stations or, in certain instances, upon a Service member's request,	leave up to 60 days may be granted.

19. **Proceed and Travel Time Concurrent with Leave.** Proceed and travel time should only be granted concurrent with leave when in conjunction with an authorized PCS movement.

20. **Granting Graduation Leave.** Use the rules in the table below when granting graduation leave to midshipmen graduates of the U.S. Naval Academy:

GRADUATION LEAVE TABLE 1-6		
WHEN ...	THEN ...	AND ...
midshipmen are commissioned as officers after graduation from the U.S. Naval Academy,	graduation leave may be granted not to exceed 60 days, to the extent consistent with service requirements and other exigencies,	this leave is not chargeable to the officer's leave account, but must be used within 3 months of the officer's graduation and before the officer reports to the first duty location or port of embarkation (for permanent duty OCONUS or with deployed units).
extensions of this graduation leave period are necessary,	the extensions will be charged to the officer's leave account.	
assigning the former midshipmen to their first duty station,	the number of days for graduation leave will be stipulated in the orders, issued by the department concerned.	

midshipmen are assigned to temporary duty at the U.S. Naval Academy immediately upon graduation,	graduation leave may be granted by the Superintendent, U.S. Naval Academy commencing on the date determined by the superintendent.	
--	--	--

Note: The Department of the Navy currently limits graduation leave to 30 days. Graduation leave may not be carried forward as credit.

21. **Granting Officer Candidate Leave.** Upon graduation of officer candidate training, newly commissioned officers may be authorized 30 days leave, in advance (if necessary) en route to their first permanent duty station.

22. **Granting Reenlistment Leave.** Reenlistment leave applies to enlistments or reenlistments within 24 hours after discharge. Reenlistment leave will be for one period only and shall not exceed either the Service member's earned leave plus 30 days of advance leave, or a maximum of 90 days.

REENLISTMENT LEAVE TABLE 1-7		
WHEN ...	AND ...	THEN ...
ACDU or RC Sailors enlist or reenlist in the Navy or Navy Reserves within 24 hours of discharge,	are retained on ACDU upon enlistment or reenlistment,	leave may be granted as reenlistment leave.
reenlistment leave is requested to commence immediately upon reenlistment,		leave may be granted as reenlistment leave.
a course of instruction begins within 30 days of reenlistment,		reenlistment leave may be delayed to commence upon completion of the course of instruction.
incident to enlistment,		reenlistment leave may be delayed to commence upon transfer from an overseas station.
duty requirements do not permit reenlistment leave,		reenlistment leave may be delayed to commence at the earliest practical date thereafter.
a member requests his first leave period after reenlistment (with the exception of emergency leave),		that leave is considered reenlistment leave.

23. **Leave Program Administration.** Submit leave request forms via NSIPS ESR e-leave or the command leave administrator (CLA) as a "by direction" request. The NAVCOMPT 3065 Leave Request/Authorization will only be used by commands without a current operating version of NSIPS e-Leave and is available at:
https://navalforms.daps.dla.mil/formsDir/_NAVCOMPT_3065_2901.pdf

a. NSIPS ESR e-Leave and NAVCOMPT 3065 forms **will be** used to grant all types of leave (see note) and record the necessary data for service record and pay record entries.

Note: NSIPS ESR e-Leave and NAVCOMPT 3065 forms **will not** be used to grant leave in connection with transfer orders or to grant liberty.

b. When leave has been requested and approved, the procedures outlined in reference (f) shall be followed.

-------------------	---

1. **Rules**. Use the rules given in the table below when dealing with members who are hospitalized or placed in "sick-in-quarters (SIQ)" status while on leave:

WHEN...	THEN...
personnel are hospitalized or placed on SIQ status by a civilian physician while on leave,	these personnel shall not be charged leave for the period of hospitalization or SIQ status insofar as leave accounting is concerned.
admitted to a non-naval medical facility or SIQ status,	such personnel shall advise their commanding officer (CO) as soon as practical and request instructions.
personnel are admitted to naval medical facilities,	CO of that facility shall notify the member's CO of the member's hospitalization, ensuring that such notification will arrive prior to the expiration of leave (if practical).
member is hospitalized or SIQ,	chargeable leave will terminate the day preceding and recommence the day following such status.
a member dies while on leave,	member's account will not be charged for leave on the day death occurs.

2. **Safeguards to Prevent Abuse.** Appropriate safeguards may be established to ensure against abuse of hospitalization SIQ while in leave status, provided they are consistent with acceptance of certification from civilian authorities in:

- a. Emergency leave validation;
- b. Compassionate assignments; and
- c. Hardship discharge procedures.

------------	--

1. **Applicability**. The provisions of this article are applicable to all active duty Navy members per reference (a).
2. **Policy**. It is Navy policy to authorize members to accrue up to 120 days earned leave when assigned to duty under any of the circumstances specified under the "Eligibility Criteria" table.
3. **Eligibility Criteria**. Use the rules in the table below to determine member eligibility for special leave accrual:

ELIGIBILITY CRITERIA FOR SPECIAL LEAVE ACCRUAL (Page 1 of 2)		
WHEN members are ...	AND ...	THEN ...
on active duty for a continuous period of at least 120 days in an area in which they are continuously entitled to hostile fire or imminent danger pay,		members are authorized to accrue up to 120 days earned leave.
serving in a deployable ship, mobile unit, or similar duty,	<p>which, because of operational mission requirements, deploys or operates away from its designated home port or home base for a continuous period of:</p> <ul style="list-style-type: none"> at least 60 days, thus preventing normal use of earned leave before it is lost at the end of the fiscal year (FY), less than 60 days, 	<p>members are eligible for special leave accrual.</p> <p>members are not eligible for special leave accrual.</p>
Serving in a deployable ship, mobile unit, or similar duty, permanently home ported or home based outside of the 50 United States, which is required to maintain a higher than normal condition of readiness in port or at home base,	<ul style="list-style-type: none"> have deployed or operated away from home port or home base more than 50 percent of the time, thus preventing normal use of earned leave before it is lost at the end of the FY, personnel have been assigned to a ship or unit for less than 6 months of the FY, 	<p>members are eligible for special leave accrual.</p> <p>members are not eligible for special leave accrual.</p>

ELIGIBILITY CRITERIA FOR SPECIAL LEAVE ACCRUAL (Page 2 of 2)		
WHEN members are ...	AND ...	THEN ...
serving on other prescribed duty, normally for a continuous period of 60 days or more during the FY,	the situation that is preventing members assigned to such duty from using leave must have been caused by unscheduled operational commitment, national emergency or crisis or operations in defense of national security. Furthermore, the duty should preclude members from taking leave to reduce their leave balance to 60 days before the end of the FY, or 75 days from 1 October 2008 through 30 September 2013,	members are authorized the special leave accrual.
serving on unit, headquarters, and supporting staffs are prohibited from taking leave because of their involvement to support a designated contingency operation,		the provisions of the above authority may be extended to these members.
serving in Joint organizations,		determination of eligibility shall be made by the Joint organization in which the member is serving, as authorized by reference (b).
not losing leave at the end of the FY in which the qualifying period terminates,		these members are not affected by this entitlement regardless of the number of days they served on a qualifying assignment.

4. Verification Process

a. **Declaring Eligibility:** Personnel, who believe they are eligible for the special leave accrual, should declare their eligibility to their commanding officer (CO)/officer in charge (OIC).

b. **CO/OIC Responsibilities:**

(1) Ensuring personnel under their command are informed of this entitlement.

(2) Ensuring an appropriate service record entry is made for unit deployment dates of departure and arrival for qualifying assignments as described in "Eligibility Criteria" table.

(3) Verifying member's eligibility by service record review. In the absence of adequate documentation, an individual's signed sworn statement based on the "Eligibility Criteria" table is acceptable.

5. Limitations

a. Special leave accrual shall not be used to authorize accumulation of leave in excess of 60 days (or 75 days during the period beginning on 1 October 2008 through 30 September 2013) for personnel who do not manage their leave properly.

(1) Members are expected to take advantage of authorized leave periods and use leave authorized incident to permanent changes of duty.

(2) Leave balances that would have been lost at the end of the FY, regardless of whether the member was assigned to prescribed duty, will not be carried over.

b. The rules in table below specifies when special leave accruals are creditable and when they will be lost, with cross-reference to the "Eligibility Criteria" table:

WHEN SPECIAL LEAVE ACCRUAL IS CREDITABLE AND WHEN LOST	
WHEN ...	THEN ...
special leave accrual is under "Hostile Fire/Imminent Danger," "Deployable Ship/Mobile Unit," or "Other Duty" criterion,	accrual is creditable in the FY in which the required continuous period of duty is reached, but the qualifying duty need not have commenced in that FY.
members are assigned to units permanently home ported or home based outside of the 50 United States as described by the "Deployable Ship/Mobile Unit Overseas" criterion,	special leave accrual is creditable only in a FY during which the member was assigned for at least 6 months.
leave is accrued in excess of 60 days, or 75 days during the period beginning on 1 October 2008 through 30 September 2013,	it is lost if not used before the end of the third FY following the FY in which the qualifying duty, i.e., deployment, is terminated; however, if the leave in this instance is accrued from 1 October 2008 until 30 September 2013, the carryover period would terminate on the fourth FY after the FY in which the qualifying duty terminated.
personnel are assigned to a deployable ship or mobile unit,	they may qualify for special leave accrual in the FY prior to the FY the ship or mobile unit returns to home port or home base. In this case, the carryover period terminates at the end of the third FY after the FY in which the ship or mobile unit returns from a qualifying deployment; however, if the leave in this instance is accrued from 1 October 2008 until 30 September 2013, the carryover period would terminate on the fourth FY after the FY in which the ship or mobile unit returns from a qualifying deployment.
members detach prior to the end of a deployment,	the date of detachment from the deployed unit is the date that normal leave-taking opportunities are considered once again available.

c. **Example 1:**

- (1) Member qualifies for FY 2005 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base prior to 1 October 2005,
- (3) leave accrued in excess of authorized carryover days at the end of FY 2005 must be used by 30 September 2008, or
- (4) it will be deducted from the member's account.

d. **Example 2:**

- (1) Member qualifies for FY 2005 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base on or after 1 October 2005,
- (3) leave accrued in excess of authorized carryover days at the end of FY 2005 must be used by 30 September 2009, or
- (4) it will be deducted from the member's account.

e. **Example 3:**

- (1) Member qualifies for FY 2009 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base prior to 1 October 2009
- (3) leave accrued in excess of authorized carryover days at the end of FY 2009 must be used by 30 September 2013, or
- (4) it will be deducted from the member's account.

f. **Example 4:**

- (1) Member qualifies for FY 2009 special leave accrual,
- (2) member's ship or mobile unit returns to home port or home base on or after 1 October 2009
- (3) leave accrued in excess of authorized carryover days at the end of FY 2009 must be used by 30 September 2014, or

(4) it will be deducted from the member's account.

6. **Duty in support of Contingency Operations**. Active duty members who have been recalled from or not authorized annual leave as a consequence of duty assignments in support of a contingency operation are authorized to carryover annual leave in excess of days normally prescribed for carryover per this article. These servicemembers are authorized to retain such leave until the end of the second FY after the FY which such service on active duty is terminated.

7. **Other Special Limits**

a. Reference (c) provides special leave accrual because of reduced leave taking opportunity caused by operational commitment. Consequently, special leave accrual does not apply to individual cases of leave lost due to

(1) hospitalization, or

(2) permanent change of station (PCS) order modifications.

b. Separation payments for unused accrued leave are limited to 60 days during a military career by reference (d).

8. **Administration**

a. Disbursing and administrative procedures are contained in reference (e).

b. Requests for special leave accrual should be submitted via the chain of command (COC) to the approving authority no earlier than the end of the FY, and no later than the end of the first quarter of the following FY.

Example: A request for FY 2008 special leave accrual should be submitted after 30 September 2008, but not later than 31 December 2008.

9. **Request Format**. Requests for special leave accrual, under the "Other Duty" criterion, should provide the following information for all personnel included in the request:

a. Full name, rank/rate, and SSN (XXX-XX-1234, last four digits).

b. Deployments:

(1) Dates, including any deployment period, which started in the previous FY and ended in the FY for which special leave accrual is being requested.

(2) Ship or unit with which deployed.

(3) Hostile fire or imminent danger area.

(4) Contingency operations (unclassified), deployed in support of.

c. Factors preventing use of earned leave while not deployed.

d. Number of days lost at FY end.

e. Narrative explaining any special circumstances to be considered by the approving authority.

f. CO endorsement.

10. Approving Authority

a. COs are delegated authority to grant special leave accrual to members eligible under the following criteria given in the "Eligibility Criteria" table:

Hostile Fire/Imminent Danger
Deployable Ship/Mobile Unit
Deployable Ship/Mobile Unit Overseas

b. Navy Echelon II Commanders, e.g.,

Commander, U.S. Fleet Forces Command (COMUSFLTFORCOM),
Commander, U.S. Pacific Fleet (COMPACFLT),
Commander, U.S. Naval Forces Europe (COMUSNAVEUR), and
Commander, U.S. Naval Forces Central Command (COMUSNAVCENT)

have approval authority for special leave accrual under the "Other Duty" criterion.

COMPUTATION OF LEAVE - OVERVIEW

Responsible Office	CNO (N13)	Phone:	DSN	224-5636
			COM	(703) 614-5636
			FAX	225-3311

Governing Directives	DOD Directive 1327.5 of 24 Sept 85 DFAS-DJMS Procedures Training Guide (DFAS PTG), Part 1, Chapter 4
-----------------------------	--

1. **Introduction.** This article on computation of leave has been divided into five individual maps because of its length and complexity, with map titles as listed below.

2. **Purpose.** This article contains general instructions, together with examples, for computing leave that are intended to provide a general understanding of the method of computing leave.

3. **In This Article.** This overview article contains the following sub-titles related to important aspects of computing leave, including detailed examples:

Sub-Title	See MILPERSMAN
General Instructions	1050-081
Examples of Charging Leave, Proceed, and Travel Time	1050-082
Example of Charging Leave During PCS with TDY En Route	1050-083
Examples of Charging Leave When No Travel and Proceed Time Authorized	1050-084
Example of Charging Leave When Unaccounted Time Exists	1050-085

MILPERSMAN 1050-081

COMPUTATION OF LEAVE - GENERAL INSTRUCTIONS

Responsible Office	CNO (N13)	Phone:	DSN	224-5636
			COM	(703) 614-5636
			FAX	225-3311

Governing Directives	DOD Directive 1327.5 of 24 Sept 85 DFAS-DJMS Procedures Training Guide (DFAS PTG), Part 1, Chapter 4
-----------------------------	--

1. Instructions

a. The primary responsibility for leave accounting is under the cognizance of the DFAS Cleveland Center.

b. Instructions in this article are intended to provide a general understanding of the method of computing leave.

c. Specific instructions concerning leave accounting are contained in the DJMS PTG.

2. Computing Leave. Leave is credited at the rate of 2 ½ days for each full month on active service.

3. When is Leave Not Creditable

a. Leave is not creditable for any period when the member is in

- (1) a lost time,
- (2) excess leave, or
- (3) other non-pay status.

b. Leave earnings will be reduced for each non-creditable period using the foregoing table.

4. **Computing for Cash Settlement.** Use the rules in table below when making a cash settlement at the end of a period of active service:

WHEN ...	AND ...	THEN ...
leave is computed at the end of a period of active service for the purpose of making cash settlement,	the final leave balance includes a half day total,	the total shall not be advanced to the next higher full day: <ul style="list-style-type: none">• the amount to be paid shall be computed by crediting the member with one-half of a day's entitlement.• the total amount shall be rounded to the nearest penny.
a minus leave balance includes a half-day total,		the minus balance shall be increased to the next highest full day.

5. **Determining Leave Between Permanent Change of Stations (PCS's)**

a. In determining leave between PCS's, work backwards to compute the number of days travel, proceed, and leave, according to MILPERSMAN 1320-090, 1320-100, and 1050-150.

b. If both travel in and out of the continental United States (CONUS) are involved, the allowable travel time IN CONUS and OUT CONUS will be added.

c. The number of days remaining, after deducting the proceed and travel time from the elapsed time, is chargeable as leave.

--------------------------------	--

1. **Examples.** Five examples are provided illustrating the computation of leave and then how it is charged, together with proceed and travel time, during permanent change of station (PCS).

Example 1

On 1 December the member was detached for PCS transfer from Washington, D.C. to shore duty in San Francisco, California.

On 21 December the member reported to duty station in San Francisco.

EVENT	EVENT DATE	
Detach old permanent duty station (PDS)	1 December	
Report new PDS	21 December	
COMPUTATION		NUMBER OF DAYS
Total elapsed time		20
Travel time allowed		9
Proceed time allowed		0
Travel + proceed time		9
Leave (remaining time)		11
TYPE CHARGED	PERIOD CHARGED	NUMBER OF DAYS
Date detached leave	1-11 December	11
Travel time	12-20 December	9
Date Reported (day of duty)	21 December	

Example 2

On 21 April unaccompanied member detached from Navy Recruiting Station, Norfolk, VA, under PCS orders to NAS, Agana, Guam, M.I., to report to port of embarkation (POE) not later than 0800, 11 May.

On 11 May member reported at 0750 to POE, Travis, AFB, CA, for Government air transportation to Guam. Delayed in Hawaii awaiting further transportation.

On 15 May member arrived NAS, Agana.

EVENT	EVENT DATE	
Detach old PDS	21 April	
Report POE	11 May	
Report new PDS	15 May	
COMPUTATION		NUMBER OF DAYS
Total elapsed time		24
Travel time allowed IN continental United States (CONUS)		1
Travel time allowed OUT CONUS. See NOTE below.		5
Proceed time		4
Travel + proceed time		10
Leave (remaining time)		14
TYPE CHARGE	PERIOD CHARGED	NUMBER OF DAYS
Date detached - Leave	21 April-4 May	14
Proceed time	5-8 May	4
Travel time	9-14 May	6
Day Reported (day of duty)	15 May	

NOTE: Computed from date of reporting to POE IN CONUS through day of reporting at port of debarkation (POD) in the overseas station. Includes authorized delay awaiting transportation. When computing travel over the International Date Line, consider only calendar days, not actual days.

Example 3

On 3 June member detached from duty station in the Republic of the Philippines under PCS orders to USS SAIL, in port at San Diego, CA.

Authorized 10 days delay in reporting to count as leave and reporting to ship not later than 20 June.

Reported for Government air transportation to CONUS same date. Leave taken IN CONUS.

On 4 June member arrived at POD, Travis Air Force Base, CA.

EVENT	EVENT DATE	
Detach old PDS	3 June	
Report POE	3 June	
Report POD	4 June	
Report ship	20 June	
COMPUTATION		NUMBER OF DAYS
Total elapsed time		17
Travel time allowed OUT CONUS. See NOTE below.		2
Travel time allowed IN CONUS		1

Travel + proceed time		7
Leave (remaining time)		9
TYPE CHARGE	PERIOD CHARGED	NUMBER OF DAYS
Date detached (day of leave)	3 June	
Leave	3-12 June	10
Proceed time	13-16 June	4
Travel time	17-19 June	3
Day Reported (day of duty)	20 June	

NOTE: Computed from day of reporting to POE in the Philippines through day of arrival at POD IN CONUS. When computing travel over the International Date Line, consider only calendar days, not actual days.

Example 4

On 23 July an unaccompanied member detached from duty station in Japan under PCS orders to Naval Shipyard, Boston, MA.

Member was authorized 30 days delay in reporting, to count as leave, and to report to new duty station not later than 6 September. Leave taken in CONUS and OUT CONUS.

During period of 24 July-1 August the member was on leave in Japan.

On 2 August the member reported for Government air transportation to CONUS.

During period of 3-9 August the member was on leave in Hawaii.

On 10 August member arrived at POD, San Francisco, CA.

EVENT	EVENT DATE	
Detach old PDS	23 July	
Report POE	2 August	
Report POD	10 August	
Report new PDS	6 September	
COMPUTATION		NUMBER OF DAYS

Proceed time	21-24 August	4
Travel time	25 August-5 September	12
Date Reported (day of duty)	6 September	

NOTE: For deriving constructive travel time, see MILPERSMAN 1320-080.

Example 5

On 1 August an unaccompanied member detached under PCS orders from Naval Support Activity, Naples, Italy, to Naval Submarine Base, New London, CT.

The member was granted 30 days delay in reporting to count as leave, 4 days proceed time, and 2 days travel time, to report NLT 2400, 6 September.

On 1 August the member arrived at POD, McGuire AFB, NJ.

On 5 September the member reported to Naval Submarine Base, New London, CT, at 2300 hours.

Example 9

This example deals with a situation where unaccounted for time has been generated by a member. A determination of how the member's time is to be charged has to be made, resulting in one of the following three outcomes:

Unauthorized absence (UA),
Allowable travel time, or
Leave.

On 18 November a member detached for permanent change of station (PCS) transfer from Tulsa, OK, to shore duty in San Francisco, CA, with 12 days delay in reporting to count as leave, no proceed time and 6 days travel time, to report NLT 2400 on 6 December.

On 9 December the member reported to new duty station at 1245 hours.

EVENT	EVENT DATE	
Detach old permanent duty station (PDS)	18 November	
Report new PDS	1245, 9 December	
COMPUTATION		NUMBER OF DAYS
Total actual elapsed time. See Note 1.		22
Travel time allowed		6
Proceed time allowed		0
Leave time allowed		13
Total allowed elapsed time		18
Unaccounted for time		3
If determined to be UA, then:		
TYPE CHARGE	PERIOD CHARGED	NUMBER OF DAYS
Leave	18 - 30 November	13
Travel time	1 - 6 December	6
Lost time	7 - 8 December	2 See NOTE 2.
Duty time	9 December	1
If determined to be allowable travel time, then:		
Leave	18 - 29 November	12
Travel time	30 November - 8 December	9 See NOTE 1.
If determined to be leave, then:		
Leave	18 November - 2 December	15 See NOTE 1.
Travel time	3 - 8 December	6

NOTE 1: Leave, travel, and unaccounted for days were reported on NAVCOMPT 3068, Reporting (Arrival) Endorsement to Orders - (Officer - Enlisted) (OCR), prepared after reporting on 9 December.

NOTE 2: Unauthorized absence and commanding officer's determination were reported on NAVPERS 1070/606, Record of Unauthorized Absence.

-------------------	---

1. **Policy.** Leave-granting authorities may authorize the commencement of leave at any time on a day of duty. The member must be physically present at the home station or port when departing and returning from leave. Special liberty must not be granted for the purpose of extending leave. Unit commanders have the authority to grant and combine leave and special liberty per reference (a) via a memorandum authorizing a special pass. If combining leave and special liberty, the member must be physically present at the home station or port when departing and returning from leave. If the member wishes to leave the home station or port during the special liberty period and not return prior to the beginning of the leave period, then the entire leave and liberty period will be charged as leave.

2. **Leave Accounting.** Reference (b), details specific leave accounting procedures.

3. **Determining Day of Duty or Day of Leave.** Use the rules in table below to determine whether a day of departure or return is to be counted as a day of duty or a day of leave:

WHEN ...	THEN ...
leave commences prior to the expiration of the member's normal working hours,	the day of departure is counted as a day of leave.
leave commences after the expiration of the member's normal working hours,	the day of departure from the duty station is a day of duty not charged as leave.
WHEN ...	THEN ...

no duties are scheduled for that day, e.g., regular day off,	leave may commence anytime during the day.
a return is made at or before the commencement of the member's normal working hours,	the day of return from leave will be counted as a day of duty.
a return is made after the commencement of the member's normal working hours,	the day of return from leave will be counted as a day of leave.
leave commences and terminates on non-duty days,	one of the days will be charged as leave.

4. **Examples.** The following examples are set forth in the table below to aid in determining the commencement of leave. In each instance, the member works Monday through Friday, 0800 to 1630. Immediate geographic area is defined by the local command.

Example #	WHEN ...	THEN ...	AND ...
1	a member wants to commence leave at 1630 on Thursday,	Friday is the first day of chargeable leave,	Thursday is a day of duty.
2	a member wants to commence leave at 1200 on Tuesday,	Tuesday will be charged as a day of leave.	
3	special liberty is granted at 1200 on Friday, and a member wants to take leave on Saturday,	Friday is the first day of chargeable leave if the member departs the immediate geographic area before 1630 on Friday.	
		Saturday is the first day of chargeable leave if the member departs the immediate geographic area after 1630 on Friday,	the member is allowed to combine special liberty and leave.

4	a member returns from leave taken outside the immediate geographic area during a period of special liberty,	The last day of chargeable leave is the day the member returns to the immediate geographic area,	the member is allowed to combine special liberty and leave.
Example #	WHEN ...	THEN ...	AND ...
5	member wants to commence leave at 0001 Sunday,	Monday is the first day of leave,	Sunday is counted as a day of duty.
	telephone check-out is authorized,	member must be in the immediate geographic area of his or her duty station.	
6	leave period also ends on a non-work day, i.e., weekend or holiday,	one of the days will be charged as a day of leave, regardless of time of departure or return.

LEAVE: CHECK-IN/CHECK-OUT PROCEDURES

Responsible Office	PERS-22	Phone:	DSN COM	882-2231 901-874-2231
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) DoD Instruction 1327.06 of 16 June 2009 (b) Navy Standard Integrated Personnel System (NSIPS), Operations and Maintenance, E-Leave User Guide of 19 November 2012 (c) NAVADMIN 252/10
-------------------	---

1. Policy

a. Per reference (a), Service members must check out on leave and check in upon return to their commands.

b. Per reference (b), the Navy Standard Integrated Personnel System (NSIPS) Electronic Service Record (ESR) Electronic Leave (e-Leave) Program contains an automatic check-out and check-in system that charges leave based on the approved dates within the system. A self-service function exists that allows Service members to manually check-in and check-out on leave.

c. The self-service function allows members to adjust their leave dates in cases where Service members check out late from approved leave start date or check in early from approved return date. This gives Service members the ability to correct their own leave without the support of the command leave administrator (CLA).

2. Processing Leave Authorization

a. Service member requests leave in NSIPS ESR e-Leave. Once approved, no further action is necessary unless the Service member must adjust the leave dates or cancel the leave request prior to the approved leave dates.

b. Service member prints an approved copy of his or her leave paper 3 days prior to leave commencement from the ESR self-service account in NSIPS.

c. NSIPS ESR e-Leave will automatically charge leave based on the approved dates within the system. If a Service member checks out later or returns earlier than approved, the Service member can use NSIPS ESR e-Leave to adjust the dates of leave without CLA intervention. In all other cases, corrections can be made by the CLA.

d. NSIPS ESR e-Leave will process transactions to Defense Finance and Accounting Service (DFAS) 24 hours after the first day of chargeable leave.

4. **Commanding Officer Responsibility and Authority**

a. The commanding officer is responsible for proper compliance with leave policies and regulations. Commanding officers must

(1) designate each CLA in writing and each CLA letter must contain unit identification codes (UICs) to which the CLA will need access.

(2) ensure each CLA submits OPNAV 5239/14 System Authorization Access Request Navy (SAAR-N) to the personnel support detachment/customer service desk (PERSUPP DET/CSD) NSIPS access manager (NAM) with the signed Letter of Designation to authorize administrative access to NSIPS ESR e-Leave. Afloat NSIPS capable ships will submit OPNAV 5239/14 via NSIPS Web afloat to ship access manager for CLA access approval.

(3) Send a copy of the CLA Letter of Designation to the servicing PERSUPP DET/CSD NAM.

(4) Ensure the command's administration office maintains a copy of the CLA Letter of Designation on file and verifies system access annually.

(5) Establish command specific leave and liberty policies and include specific information for checking out on leave and checking in off leave.

(6) Use the reports that exist within the NSIPS ESR e-Leave Program to monitor compliance with leave policies. Commanding officers can track CLA and individual Sailor actions, as well as any changes made to leave requests, for accountability purposes. Any changes to individual leave requests should be justified in comments section of the e-Leave request.

5. Non-e-Leave commands refer to reference (c) for guidance on implementing e-Leave. Commands not on e-Leave will continue to process leave requests per their command's leave and liberty policy until e-Leave implementation is complete.

ABSENCES OVER LEAVE OR LIBERTY (AOL)

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directives	DOD 7000.14-R, Department of Defense Financial Management Regulation, Volume 7A (DODFMR)
-----------------------------	--

1. Rules for Determining and Charging AOL

a. Rules for determining whether absence is unavoidable are contained in Table 1-3-3 of the DODFMR.

b. Use the rules in table below to determine when absences over leave or liberty are chargeable as leave or as lost time:

WHEN absence is over	AND the hour of return is	AND absence is determined to be	THEN it shall be considered as	AND charged as
authorized leave,		unavoidable,	leave	leave.
		avoidable,	absence without leave	lost time.
regular liberty in excess of 24 hours,	at or before 0900,	unavoidable,	leave	leave, starting the day regular liberty status expired through day prior to the day of return.
	After 0900,	unavoidable,	leave	leave, starting the day regular liberty status expired through the day of return.
special liberty in excess of 24 hours, or	at or before 0900,	unavoidable	leave, including the liberty period	leave, starting the day special liberty status commenced through day prior to the day of return.
	After 0900,	unavoidable,	leave, including the liberty period	leave starting the day special liberty status commenced through the day of return.
special liberty and the period of liberty plus absence in excess of 72 hours,	after 0900,	avoidable,	absence without leave	lost time.
	at or before 0900,	unavoidable,	leave, including the liberty period	leave starting the day special liberty status commenced through day prior to the day of return.
	after 0900,	unavoidable,	leave, including the liberty period	leave, starting the day special liberty status commenced through the day of return.

2. Dealing With Special AOL Situations

a. Absences over leave or liberty caused by

(1) mental incapacity,

(2) detention by civilian authorities, or

(3) early departure of a mobile unit due to operational commitments,

whether determined to be avoidable or excused as unavoidable, shall not be charged as leave, regardless of duration.

b. Use the rules in the table below to determine whether a particular special case is to be charged as time served or as lost time:

When absence is due to	AND	THEN
mental incapacity,	is excused as unavoidable,	shall be considered as time served.
	is not excused as unavoidable,	shall be considered as lost time.
detention by civilian authorities,	is not excused as unavoidable,	shall be considered as lost time.
early departure of a mobile unit because of operational commitments,	provided member reports to a naval command,	shall be considered as time served.
certain other unusual circumstances, resulting in a member being absent from the member's duty station,	an exception is considered appropriate by the commanding officer,	details of such cases should be forwarded to Chief of Naval Personnel (N13) for determination.

3. **Computing Leave for Unavoidable AOL.** Periods of absence over regular liberty and special liberty, excused as unavoidable and charged as leave, shall be computed using examples in the table below:

WHEN member departs on	AND member returns at	THEN member is charged
Absence in Excess of 24 Hours Over Regular Liberty		
regular liberty on Friday at 1630, 13 September, to expire on board Monday at 0730, 16 September.	1000, 18 September, with unauthorized absence excused as unavoidable,	3 days leave for period 16-18 September. Comment: day regular liberty expired through day of return, since return was after 0900.
special liberty on Tuesday at 1000, 10 September, to expire on board Wednesday at 0830, 11 September,	1500, 12 September, with unauthorized absence excused as unavoidable,	3 days leave for period 10-12 September. Comment: day special liberty commenced through day of return since period of unauthorized absence exceeded 24 hours. Note: Had the period of unauthorized absence been less than 24 hours, no leave would have been charged.
Total Absence Exceeds 72 Hours		
special liberty on Monday at 1000, 9 September, to expire on board Thursday at 0830, 12 September,	0600, 13 September, with unauthorized absence excused as unavoidable,	4 days leave for period 9-12 September. Comment: day special liberty commenced through day prior to day of return, since member returned prior to 0900, 13 September. Note: The period of unauthorized absence was less than 24 hours, but the period of special liberty plus unauthorized absence exceeded 72 hours.

MILPERSMAN 1050-120

SEPARATION LEAVE

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directive	DFAS-DJMS, Procedures Training Guide (DFAS-PTG)
----------------------------	---

1. Policy

a. When consistent with military requirements, a member may be granted leave which expires,

(1) if active duty, on the day of separation without the necessity of returning to the separation site.

(2) if reserve, prior to the effective date of separation in order that allowable travel time can be completed on the separation date.

b. Separation leave is granted by the member's commanding officer according to the command's leave program.

c. Since a member is not required to report to a naval activity for final processing at the expiration of leave, it is imperative that the separating activity accomplish all pre-separation counseling and administrative processing prior to the member's departure for leave.

d. When separation processing has been completed and the member has departed on leave, such leave may be voluntarily terminated only if the member returns to the command or the separation activity maintaining the member's records.

e. Travel to the member's command or the separation activity will be at the member's own expense.

2. Policy for Deployed Afloat Units and Overseas Activities

a. Commanding officers of deployed afloat units and overseas activities may authorize separation leave in the member's orders, which direct transfer to a separation activity in the 48 contiguous United States or District of Columbia (D.C.).

b. Use the rules in the table below to determine actions involved in granting separation leave:

WHEN ...	AND ...	THEN ...	AND ...
members are assigned to deployed afloat units or to overseas activities,	desire separation in one of the 48 contiguous United States or D.C.,	members shall be transferred to the separation activity nearest the port of debarkation in one of the contiguous United States or D.C. for separation processing	subsequent granting of separation leave, that is authorized in the member's transfer orders.
For the purpose of separation leave, a member assigned to an overseas activity,	transferred to a separation activity in one of the 48 contiguous United States or D.C.,	member is considered to have fulfilled the prescribed area tour	a request for exception to the prescribed tour is not required.
member is being separated at current duty station outside the 48 contiguous United States or D.C. according to the article on place of separation contained elsewhere in this Manual (see MILPERSMAN 1910-812),		commanding officers of deployed afloat units and overseas commands may grant separation leave to separating members provided <ul style="list-style-type: none"> enlisted member has signed NAVPERS 1070/613, Administrative Remarks entry, and officer has signed a letter approved by commanding officer, 	member has acknowledged the statement below:

"I hereby request to be granted (number) days separation leave by (name of command).

I understand that in the event I desire to terminate this leave to reenlist or to continue on active duty I must return to (name and location of command).

I also understand that such return travel is at my own expense and that I have no entitlement to or claim for reimbursement.

I also understand that if I and/or my family members travel at Government expense prior to the effective date of separation to reenlist or to continue on active duty, I will be checked for the amount of Government transportation provided to me and/or my family members."

3. **Policy for Deployable CONUS-Based Units and CONUS Activities.** Use the rules in the table below when granting separation leave to members of CONUS units and activities:

WHEN ...	AND ...	THEN ...
CONUS activities and CONUS-based deployable units (ships, VP, VA, NMCB, etc.,) based in any of the 48 contiguous United states or D.C., are not scheduled to deploy during the period of separation leave,		commanding officers may authorize such leave.
a unit is scheduled to deploy, leave 48 contiguous United States or D.C.	call at a port outside this area, during the period of separation leave,	members desiring separation leave shall be transferred to the nearest separating activity for separation processing.

4. **Prohibited Actions.** The following actions related to the separation leave are prohibited:

a. Separation leave of active duty members shall not delay separation. At the expiration of the leave period the member will be considered separated.

b. Excess leave shall not be granted as part of separation leave.

c. Separation leave shall not be granted for members who are being administratively discharged.

5. **Separation Leave Composition and Limitations.** Separation leave is ordinary leave and shall consist of accrued and advance leave, not to exceed the amount of leave to be earned by actual day of separation.

a. The commanding officer granting separation leave has the authority to authorize the amount of leave the member will accrue to the date of separation, including an amount exceeding 60 days.

b. A member may be granted all or a portion of accrued and advance leave as separation leave, dependent upon military requirements and the desires of the member.

c. Payment, for unused accrued leave at the time of separation, is limited to payment for a maximum of 60 days per career after 9 February 1976, and will be included in the member's final check.

6. **Officer Resignation or Release.** Use the rules in table below when granting separation leave to officers resigning or requesting release:

WHEN ...	AND ...	THEN ...
officer is resigning or requesting release from active duty (RAD),	is submitting resignation/RAD requests to Navy Personnel Command (NAVPERSCOM) (PERS-813/resignations) NAVPERSCOM (PERS-4/RAD),	officer should include a statement concerning the number of days of separation leave approved by their command with command endorsement.
Separation leave cannot be approved at that time (see the rule above),		officer should forward to the appropriate office in the NAVPERSCOM a command endorsed statement of the amount of separation leave authorized, will in advance of receipt of separation order, to ensure separation leave can be completed on the effective date contained in the orders, except as addressed in the General Policy block. Failure to do so may require order modification.

7. **Permissive Actions**. Following is a list of permissive actions relating to separation leave and leave en route, early release, and frequency of use during a career:

a. Separation leave may be granted in conjunction with an early release program.

b. Separation leave may be utilized more than once per career.

8. **Gapping Billets**

a. The granting of separation leave may cause some billets to be necessarily gapped, since the needs of the Navy may preclude providing an early relief for a member who is being separated.

b. Commanding officers authorizing separation leave will do so only when the efficiency and readiness of the command will not be unduly impaired during the period of time when the billet will not be filled.

9. **References**

a. Administrative and disbursing officer procedures are contained in DFAS PPM.

b. Retirement leave is discussed in the article on accrued leave creditable upon retirement (MILPERSMAN 1050-400).

MILPERSMAN 1050-130

EMERGENCY LEAVE

Responsible Office	CNO (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

Governing Directives	OPNAVINST 4650.15 Joint Federal Travel Regulations (JFTR), Volume 1, Chapter 7 DOD Directive 1327.5 of 24 Sept 85
-----------------------------	--

1. **Policy.** Emergency leave should be granted whenever the circumstances warrant, based on the judgment of the commanding officer and the desire of the member. The determination of which eligible dependents, if any, will travel on funded emergency leave shall be the member's (as defined in OPNAVINST 4650.15 and JFTR, Volume I, Chapter 7). Funding availability is not criteria for making a determination. Since most family emergencies are highly time-dependent, swift and sensitive action on emergency leave requests is essential.

2. **Alternatives to Extended Emergency Leave.** Prior to granting extended emergency leave involving excess leave, consideration shall be given to the possibility of a request for either

- a. a humanitarian duty assignment, or
 - b. a hardship discharge.
-

3. **Verifying that Emergency Exists.** Navy policy does not require the use of the American Red Cross to verify all emergency leave situations; however, when the leave-granting authority is uncertain of the validity of an emergency situation, verification assistance should be requested.

4. **Whom to Contact for Assistance**

a. The commanding officer or the member concerned should request the assistance of the

(1) home port contact officer for deployed members;

(2) the military installation nearest the location of the emergency; or, if necessary,

(3) the American Red Cross

to obtain additional information desired concerning the urgency or necessity of the member's presence.

b. Dependents should be encouraged to request assistance in emergency situations from the

(1) American Red Cross,

(2) member's home port contact officer, or

(3) the nearest Navy or other military activity.

5. **Conditions for Granting Emergency Leave.** Emergency leave is authorized in the circumstances set forth below and normally will be granted provided the military situation permits as determined by the fleet, force, or area commander concerned when the existence of an emergency has been determined by letter, telegram, or telephone call from the

family member,
minister,
attending physician, or
other interested party

to the member's command or to the member concerned.

6. **Definition of Emergency Circumstances.** The emergency circumstances needed for granting emergency leave are defined as follows:

a. **Contribution to Welfare of a Dying Member.** When the return of the service member will contribute to the welfare of a dying member of the service member's or spouse's **immediate family**.

(1) **Definition of "Immediate Family."** The Service-member's or spouse's "immediate family" is defined to consist of the following members:

father,
mother,
person standing in loco parentis,
spouse,
children,
brother,
sister, or
only living relative.

(2) **Definition of "In Loco Parentis."** "In loco parentis" is defined by DOD Directive 1327.5 as a person who stood in place of a parent to the service member 24 hours a day for a period of at least 5 years before the service member became 21 years old or entered military service.

b. **Death.** Upon the death of a member of the service member's or spouse's immediate family.

c. **Accident or Serious Illness.** When an accident to, or serious illness of, a member of a service member's or spouse's immediate family results in a serious family problem and imposes important responsibilities on the member which must be met immediately, and which cannot be accomplished from the member's duty station or by any other individual or means.

d. **Severe and Unusual Hardship.** When failure of the service member to return home would create a severe and unusual hardship on either the member or the member's family.

7. **Members with Infectious or Contagious Disease.** Personnel undergoing treatment for an infectious or contagious disease shall only be granted leave for emergency reasons and then only when supported by a statement from a medical officer that the leave will not jeopardize the public health.

MILPERSMAN 1050-140

COMPUTATION OF EMERGENCY LEAVE INVOLVING GOVERNMENT - FUNDED TRAVEL

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directives	DOD Directive 1327.5 of 24 Sept 85 Joint Federal Travel Regulations (JFTR), paragraph U7205
---------------------------------	---

1. **Policy**. The table below specifies the Federal and DOD policy for charging time spent in emergency leave travel.

WHEN emergency leave travel is ...	THEN time spent in emergency leave travel shall ...
authorized at government expense,	not be charged to member's leave account.
not authorized at government expense,	be charged to the member's leave account.

2. Accounting for Government - Funded Emergency Leave Travel.

Emergency leave involving government-funded travel shall be accounted for as specified in the table below:

WHEN emergency leave is taken ...	AND member is ...	THEN ...	AND ...	AND ...
within Conti- nental United States (CONUS)	assigned Permanent Change of Station (PCS) outside CONUS,	emergency leave to visit a place within CONUS shall commence on the day following the date of arrival at the port (or aerial port) of debarkation within CONUS,	the day of arrival within CONUS shall be accounted for as a day of duty,	the time required to travel from the port (or aerial port) of debarkation to the area of the emergency shall be charged as leave.
		member on emergency leave shall be considered as returned to a duty status upon reporting at a port (or aerial port) of embarkation within CONUS for return to duty outside CONUS,	the day of reporting at the port (or aerial port) of embarkation within CONUS shall be accounted for as a day of duty,	the time required to travel from the area of the emergency to the port (or aerial port) of embarkation shall be charged as leave.
within CONUS	(in accordance with JFTR, par. U7205-B) performing Temporary Additional Duty/Tem- porary Duty (TAD/TDY), or is assigned to a ship which is away from its homeport,	government-funded emergency leave travel shall not be charged as leave,	chargeable leave commences the day following the member's arrival at the permanent duty station (PDS), homeport, or other location to which government funded travel is authorized,	the member shall be considered as returned to a duty status upon reporting to the PDS, homeport, or other location as applicable, for return to duty via government- funded transportation. The day of reporting to the PDS, homeport, or other location, shall be accounted for as a day of duty.

WHEN emergency leave is taken ...	AND member is ...	THEN ...	AND ...	AND ...
outside CONUS,		emergency leave to visit a place outside CONUS shall commence on the day following the date of arrival at the port (or aerial port) of debarkation in the area of the emergency,	the day of arrival at the port (or aerial port) of debarkation shall be accounted for as a day of duty.	
		member on emergency leave to visit a place outside CONUS shall be considered as returned to a duty status upon reporting at a port (or aerial port) of embarkation in the area of the emergency, for return to duty,	the day of reporting at the port (or aerial port) of embarkation, in the area of the emergency, shall be accounted for as a day of duty.	
outside CONUS,	authorized emergency leave to visit a location outside CONUS,	government-funded travel (in accordance with JFTR, par. U7205) that requires routing within CONUS, shall not be charged as leave,	travel within CONUS not authorized at government expense shall be charged as leave.	

3. **Illustrative Examples**. The following four emergency leave examples are provided to illustrate likely scenarios. They assume government-funded transportation is authorized, in accordance with JFTR, par. U7205.

Example 1: Out CONUS PCS - In CONUS Leave. Member assigned PCS outside CONUS and is on emergency leave in CONUS:

Event	Location	Date	Remarks
departs	Germany	1 July	duty station in Germany
arrives	Philadelphia PA	2 July	aerial port of debarkation
departs	Philadelphia PA	2 July	
arrives	San Francisco CA	2 July	area of emergency
departs	San Francisco CA	8 August	the period 3 July to 8 August inclusive chargeable as leave
arrives	Philadelphia PA	9 August	aerial port of embarkation; await government-funded transportation - the day 9 August not chargeable as leave
departs	Philadelphia PA	10 August	
arrives	Germany	11 August	duty station in Germany

Example 2: Out CONUS PCS - Out CONUS Leave. Member assigned PCS outside CONUS and is on emergency leave at different location outside CONUS:

Event	Location	Date	Remarks
departs	Germany	1 July	duty station in Germany
arrives	McGuire AFB NJ	2 July	
departs	McGuire AFB NJ	2 July	
arrives	Travis AFB CA	4 July	
departs	Travis AFB CA	5 July	
arrives	Hickam AFB HI	6 July	aerial port of debarkation
departs	Hickam AFB HI	6 July	emergency leave in Hawaii
arrives	Hickam AFB HI	8 August	the period 7 July to 7 August inclusive chargeable as leave; aerial port of embarkation - awaiting transportation for return to duty
departs	Hickam AFB HI	12 August	the days 8 to 11 August inclusive not chargeable as leave - member awaiting government-funded transportation
arrives	Travis AFB CA	13 August	
departs	Travis AFB CA	13 August	
arrives	McGuire AFB NJ	16 August	
departs	McGuire AFB NJ	18 August	
arrives	Germany	19 August	duty station in Germany

Example 3: In CONUS PCS - Out CONUS Leave. Member assigned PCS in CONUS and is on emergency leave outside CONUS:

Event	Location	Date	Remarks
departs	Norfolk VA	1 July	departs duty station after normal work hours
arrives	Los Angeles International Airport CA	3 July	travels at own expense aerial port of embarkation
departs	Los Angeles International Airport CA	4 July	on government-funded flight
arrives	Manila International Airport PI	6 July	aerial port of debarkation
departs	Manila International Airport PI	6 July	departs on emergency leave in Philippines; the period 7 July to 6 August inclusive chargeable as leave
arrives	Manila International Airport PI	7 August	aerial port of embarkation; awaiting government-funded transportation for return to duty;
departs	Manila International Airport PI	8 August	the days 3 July and 7 August not chargeable as leave - member awaiting government-funded transportation
arrives	Los Angeles International Airport CA	9 August	aerial port of debarkation
departs	Los Angeles International Airport CA	9 August	at own expense
arrives	Norfolk VA	11 August	arrives at duty station after normal working hours; the days 2 July and 10 and 11 August charged as leave - days of travel within CONUS, not authorized at government expense

Example 4: In CONUS PCS - In CONUS Leave. Member is assigned PCS in CONUS and is on emergency leave in CONUS. Member is assigned to a ship homeported in Norfolk VA; member's ship is conducting a port visit in New Orleans LA.

Event	Location	Date	Remarks
departs	New Orleans LA	1 July	departs ship via government-funded transportation
arrives	Norfolk VA	2 July	
departs	Norfolk VA	2 July	commences emergency leave; the period 3 July to 1 August inclusive chargeable as leave
arrives	Norfolk VA	2 August	the days 2 and 3 August not chargeable as leave - member awaiting government-funded transportation
departs	Norfolk VA	4 August	
arrives	Pensacola FL	5 August	arrives aboard ship

4. **Actual Period to be charged as Leave**

a. The actual period to be charged as emergency leave shall be determined by "in" and "out" endorsements on leave authorization or travel orders.

b. When this is impossible or impractical to obtain, the member shall furnish a complete itinerary, including

(1) dates,

(2) hours, and

(3) places of all departures and arrivals.

c. This itinerary shall be used to compute the leave period.

MILPERSMAN 1050-150

LEAVE EN ROUTE IN EXECUTION OF ORDERS

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directives	DOD Directive 1327.5 of 24 Sept 85
-----------------------------	------------------------------------

1. **General Policy**. Any delay authorized in orders directing a permanent change of station (PCS) in excess of allowed proceed time or travel time is chargeable to leave.

2. **Specific Policy**

a. Authorized delay granted in PCS orders may be expressed

(1) in the form of number of days, or

(2) as a specific DELREP date, and may include excess leave in those instances considered necessary by the commanding officer.

b. When the orders direct the reporting at one or more places for Temporary Duty (TEM DU), Temporary Duty Under Instruction (TEM DUINS), Temporary Duty Involving Flight Operations (TEM DIFOPS), or TEM DIFINSOPS, en route to a new ultimate permanent or temporary duty station, the orders may stipulate a "not earlier than" and/or "not later than" date to report at one or more of such places.

(1) The total number of days delay authorized in orders may be exceeded provided neither the detaching month nor the report-no-later-than date is affected.

(2) Any travel time in excess of constructive travel time allowed by the direct route shall be charged as leave.

(3) Any cost of travel in excess of that allowed over the direct route shall be borne by the member.

3. **When May Delay be Taken.** Unless otherwise precluded by the terms of the orders and without being specifically stated in the orders, any portion of delay authorized in PCS orders, including those directing consecutive tours of overseas duty, may, at the discretion of the member and as appropriate according to the location of old and new duty stations, be taken prior to or after

a. arrival in the 48 contiguous United States or District of Columbia,

b. reporting to TEMDU station(s) en route, or

c. departure from the contiguous 48 United States or District of Columbia.

NOTE: Delay to be used in visiting foreign countries requires compliance with the article on visits to foreign countries.

4. **Rule for Use of Authorized Delays for Officers at POE's**

a. **When** PCS orders for officers authorize delay in reporting for a specific number of days or until a specific date at the port of entry (POE) for transportation to a new destination,

b. **then** such orders preclude the use of the authorized delay after departure from the POE,

c. **and** the date of reporting at the POE must be met unless the orders are modified to the contrary.

5. **Address Changes.** Keep old and new duty stations advised of address.

6. **Charging Leave, Proceed, and Travel Time.** Proceed time, travel time, and leave are charged in that order. Only that portion of the period between stations which is not authorized as proceed or travel time is chargeable as leave, except that travel time authorized in the orders but in excess of the time properly allowable will be charged as leave. Use the rules in the table below to charge leave or proceed/travel time for given special circumstances:

WHEN ...	THEN ...
the member reports for duty at the new duty station before the stipulated reporting date,	the member shall not be charged with leave equal to the full amount authorized in the orders, but with only so much of it as is actually used after proceed and/or travel time have been deducted.
only proceed and travel time are involved, i.e., leave is not authorized or the member uses a period of time less than the properly allowable combined total of proceed and travel time,	proceed time shall be reduced to the time remaining, if any, after the allowable travel time has been deducted.

7. **Examples.** The following examples are set forth in the table following to aid in determining reporting dates, inclusive leave dates, and amount of leave used. The examples are given in the context of two situations, where the orders authorize

- a. proceed, travel, and leave time.
- b. only leave time.

IF orders authorized	AND if the member	THEN
4 days proceed, 3 days travel, 10 days leave, and departure date is 1 August,	used the maximum time allotted,	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - date detached (day of duty). • 1 to 10 August, inclusive - period of leave. • 11 to 14 August, inclusive - proceed time. • 15 to 17 August, inclusive - travel time. • 18 August, day reported is day of duty.
	reports on 15 August,	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - detached • 1 to 7 August, inclusive - period of leave (7 days). • 8 to 11 August, inclusive - proceed time. • 12 to 14 August, inclusive - travel time. • 15 August - date reported is day of duty.
	reports on 7 August	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - date detached. • 1 to 3 August, inclusive - proceed time. • 4 to 6 August, inclusive - travel time. • 7 August - Report date (day of duty).
10 days leave, no proceed time, no travel time, and date of detachment is 1 August,	used the maximum time allotted,	the periods would be accounted for as follows: <ul style="list-style-type: none"> • 1 August - date detached. • 1 to 10 August - leave period. • 12 August - reporting date (day of duty).

MILPERSMAN 1050-160

LEAVE DURING TEMPORARY DUTY OR TEMPORARY ADDITIONAL DUTY

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directive	DOD Directive 1327.5 of 24 Sept 85
---------------------	------------------------------------

1. Rules for Leave During Temporary Duty or Temporary Additional Duty. Use the rules in table below when granting leave during temporary duty (TDY) or temporary additional duty (TAD) or when ordering to TDY/TAD from leave status:

WHEN ...	AND ...	THEN ...	AND ...	AND ...
leave is granted at a TAD station,	the member's pay record is not in the custody of the TAD station,	the original Leave Request/Authorization form, NAVCOMPT 3065, will be forwarded to the PDS upon the member's return from leave for recording the leave taken.		
personnel, ordered to TDY or TAD while on leave and when ordered to resume leave status upon completion of such duty, enter into a duty status upon departing from their leave address in compliance with such orders,		upon completion of such TDY or TAD, personnel so ordered shall, unless otherwise directed in the orders, revert to leave status upon arrival at their leave address for the unexpired portion of the leave previously granted,	a charge against leave shall not be made for the period of such duty, including the time required to travel to and from the leave address in the execution of such duty via the mode of transportation authorized in the orders,	personnel so ordered shall endorse on their orders the date and hour of departure from and return to their leave address.
member is on authorized leave,	it becomes necessary to recall the member to duty for reasons of military necessity,	the period of absence shall not be charged to the leave account when the period between departure on leave and the member's receipt of the recall is 72 hours or less,	the remaining time of absences is to be considered travel time, unless it is clearly excessive, in the circumstances, then the entire absence will be charged as leave. Also see note below.	

NOTE: In circumstances where the member will be entitled to travel reimbursement, orders authorizing travel should be issued.

MILPERSMAN 1050-170

LEAVE IN CONJUNCTION WITH TEMPORARY ADDITIONAL DUTY

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directive	DOD Directive 1327.5 of 24 Sept 85
----------------------------	------------------------------------

1. **Policy.** Leave shall be granted with temporary additional duty (TAD) whenever requested and operationally feasible.

a. This is a particularly useful way to increase the use of leave in mobile units.

b. The amount of leave to be granted with TAD, however, shall not exceed 30 days, unless the leave is emergency leave.

2. **Avoiding Negatives of Concurrent Leave and TAD**

a. Government agencies have been criticized in the past for permitting officer and enlisted personnel to take leave with TAD, where it could be construed that the TAD was arranged both as to time and place in order to provide transportation for leave at government expense.

b. In planning TAD, both the fact and the appearance of TAD arranged to serve the leave desires of the individual shall be scrupulously avoided.

3. **Is TAD Essential?** Great care must be taken to ensure that when leave is granted with TAD

a. it is clear the TAD is essential, and

b. no additional cost to the government is involved.

4. **Travel by Privately Owned Conveyance.** Travel by privately owned conveyance (POC) should not be authorized except "For Convenience of the Member" in TAD orders, which authorizes leave except when POC will be less costly than anticipated

- a. per diem,
 - b. taxi fares, and
 - c. gratuities.
-

5. **Payment of Per Diem**

a. Payment of per diem incident to reporting for TAD earlier than the date specified in the orders is not authorized.

b. To prevent penalty to the service member it is, therefore, incumbent upon the officer authorizing the TAD and leave

(1) to ascertain the member's leave desires, and

(2) to ensure that the orders are written to suit the travel time and desired leave involved.

6. **Issuing Leave Form.** NAVCOMPT 3065, Leave Request/ Authorization, with Leave Control Number (LCN), shall be issued for personnel who are approved for leave with TAD. Approved leave period and LCN shall be annotated on the TAD orders.

MILPERSMAN 1050-180 CONVALESCENT LEAVE

Responsible Office	OPNAV (N130)	Phone: DSN COM E-mail:	664-5475 (703) 604-5475 NXAG N130C@navy.mil
---------------------------	-----------------	------------------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC(6622) askmncc.fct@navy.mil https://my.navy.mil/
----------------------	---	---

References	(a) DoD Directive 1327.06 of 16 June 2009 (b) Directive-type Memorandum 23-001 of 4 January 2023 (c) DON Guidance for Expansion of the Military Parental Leave Program of 17 January 2023
-------------------	---

1. **Authority to Grant Convalescent Leave.** Unless otherwise indicated, convalescent leave will be granted only when recommended by Chief, Bureau of Medicine and Surgery, through action taken upon the report by a medical board or the recommended findings of a physical evaluation board, or higher authority.

2. **Who May Grant Convalescent Leave.** Per reference (a), the following individuals in positions of authority may grant convalescent leave to active duty Navy patients subject to a set of conditions:

a. A member's commanding officer (CO) (upon advice of attending physician);

b. Commanders of Navy, Army, or Air Force medical facilities, for personnel hospitalized therein; or

c. The CO of the nearest naval hospital for personnel hospitalized in U.S. Public Health Service hospitals or civilian hospitals; and

d. Managers of Veterans Administration hospitals within the United States or Puerto Rico, may grant convalescent leave to active duty Navy patients, with or without reference to a medical board, a physical evaluation board, or higher authority, provided the conditions stated below are met.

3. **Conditions for Granting Convalescent Leave.** All of the following conditions must be met before convalescent leave may be granted:

a. The convalescent leave is being granted subsequent to and because of a period of hospitalization. Hospitalization is defined as formal admission to a medical treatment facility.

b. The member is not awaiting disciplinary action or separation from the Service for medical or administrative reasons.

c. The medical officer in charge (OIC) of the case considers the convalescent leave to be beneficial to the patient's health.

d. The medical OIC of the case certifies:

(1) the patient is not fit for duty,

(2) the patient will not need hospital treatment during the convalescent leave period contemplated, and

(3) such leave will not delay final disposition of the case.

4. **Providing Recovery After Birth.** Per reference (b), to provide an appropriate recovery period for Service members who give birth, convalescent leave may be authorized if such leave is specifically recommended, in writing, by the health care provider of the birth parent to address a diagnosed medical condition and is approved by the CO. Convalescent leave for childbirth will begin on the first full day after the birth of the child, or the date of release of the member from the hospital or similar facility where the birth took place, whichever is later. The period of convalescent leave will be taken in one increment. Per reference (c), convalescent leave for childbirth may be authorized for greater than 30 days if appropriate for the medical condition and approved by the CO.

5. **Maximum Allowable Leave Rate**

a. When considered necessary by the attending physician, convalescent leave may be granted to a member on active duty by the member's CO or the hospital's CO for a period not to exceed 30 days per period of hospitalization.

b. In instances where care is not provided by a federal military hospital, up to 30 days convalescent leave may be granted by the member's CO upon the recommendation of the attending physician.

c. Care must be exercised to keep convalescent leave to the minimum amounts required to enable recuperation. Convalescent leave that exceeds 30 days must be approved by the Secretary of the Navy unless delegated to a lower echelon. Approval for convalescent leave for childbirth will be per paragraph 4 above.

6. **Exercising Care in Granting Leave**

a. Care must be exercised in granting convalescent leave to limit the duration of such leave to that which is essential in relation to

- (1) diagnosis,
- (2) prognosis,
- (3) estimated duration of treatment, and
- (4) probable final disposition of the patient.

b. If considered necessary, the member's CO may require patients receiving care at a facility other than a federal military hospital be examined by a military medical treatment facility prior to the authorization of additional convalescent leave.

c. Convalescent leave must not delay processing of medical boards or administrative disposition of the member. Members awaiting physical evaluation board (PEB) action may be placed on convalescent leave, but must remain in the local area. Only the PEB may grant exceptions to this policy.

7. **Granting Leave to Prisoners of War (POW)**. The Office of the Chief of Naval Operations Military Pay and Compensation Branch (OPNAV N130) may grant convalescent leave to repatriated POW upon their transfer or detachment to the United States with or without action by a medical board or PEB.

References	(a) DoD Instruction 1327.06, Leave and Liberty Policy and Procedures, of 16 Jun 09 (b) 37 U.S.C., Chapter 5, Special Pay (c) DoD Electronic Foreign Clearance Guide (d) NAVSO P-6034 Joint Federal Travel Regulations (JFTR), Volume 1 (e) DoDD 5101.6, U.S. Executive Agent for The United States Central Command R&R Leave Program, of 11 Aug 04 (f) 10 U.S.C., Chapter 40, Rest and Recuperation Absence
-------------------	--

1. Rest and Recuperation (R&R):

a. Per reference (a), the Rest and Recuperation (R&R) Leave Program provides Government-funded transportation from the R&R duty location to the designated R&R destination. The R&R Leave Program areas must meet **all** of the following criteria:

(1) Be in an area that is dependent-restricted;

(2) Be in an area designated for imminent danger or hostile fire pay (HFP), as authorized by section 310 of reference (b);

(3) Be in an area in which entry of Service members on official or unofficial travel is controlled (see reference c); and

(4) Be in an area where ordinary annual leave programs have been restricted for military necessity.

b. Regular leave granted in connection with authorized R&R programs is chargeable to the member's leave account. The R&R Program provides Government funded transportation only.

2. **R&R Establishment.** Recommendations to designate a specific duty location as an R&R location shall be made based on the applicable combatant commander's recommendation, through the Joint Staff Personnel Directorate, Manpower and Personnel (J-1) to the Principal Deputy Under Secretary of Defense for Personnel and Readiness (PDUSD(P&R)).

a. The PDUSD(P&R) shall designate authorized R&R locations and destinations. Authorized R&R locations and destinations are contained in Appendix U of reference (d).

b. Authorized R&R locations shall be recertified every 2 years by the PDUSD(P&R). Recertification requests shall follow the same procedures as initial requests.

3. **R&R Administration.** In addition to the above criteria, the following restrictions apply:

a. Travel under the R&R Leave Program may not be combined with liberty, administrative absences, temporary duty, or travel for other purposes. The combatant commanders are authorized to approve the combination of R&R travel with other authorized travel upon Service member request, providing the combination of travel is in the best interest of the department. This authority may not be delegated below the general or flag officer, (G/FO) or Senior Executive Service (SES) equivalent level. The Department of the Army, DoD Executive Agent for the United States (U.S.) Central Command (USCENTCOM) R&R Leave Program is authorized to approve the combination of R&R travel with other authorized travel for Service members in the USCENTCOM area of responsibility (see reference (e)). This authority may not be delegated below the G/FO or SES equivalent level.

b. Transportation to and from R&R areas shall be provided on a space-required basis, unless otherwise authorized by the PDUSD(P&R), and travel time shall not be charged to the Service member's leave account.

c. Combatant commanders are authorized to approve the combination of a paternity leave of absence with R&R, upon Service member request, providing the combination is in the best

interests of the Navy. The actual leave period at the R&R destination shall be charged to the Service member's leave account, except for the 10-day paternity leave of absence.

d. Transportation shall be to another location outside the U.S. having different social, climatic, or environmental conditions than those at the duty station at which the Service member is serving; or to a location in the U.S.

e. R&R leave periods shall be limited to one per 12-month period assigned to, or one per deployment to, an approved R&R duty location (including extensions). Service members assigned or deployed to an approved R&R location for 18 months or more are authorized one additional R&R leave period after the 18-month point.

f. The applicable combatant commander shall terminate the R&R Leave Program immediately when a location no longer meets the criteria contained in paragraph 1 of this article.

4. Non-Chargeable Rest and Recuperation (NCR&R) Leave Program:

a. The NCR&R Leave Program codified in section 705a of reference (f), provides the Secretary of each Service with the authority to grant Service members serving in designated authorized R&R locations with a non-chargeable administrative absence of up to 15 days to be used in conjunction with the benefits provided under the R&R Leave Program. Authorized NCR&R locations are subject to the R&R Leave Program policy established by PDUSD(P&R).

b. Authorized NCR&R leave programs must meet **all** the following criteria:

(1) Be an authorized R&R Leave Program area, or location meeting the criteria contained in paragraph 1 of this article;

(2) Be an area designated as a combat zone by Presidential Executive Order;

(3) Be an area where hardship duty pay is authorized to be paid under section 305 of reference (b), or be an area where Service members are subject to extremely arduous conditions, above and beyond those associated with other deployments or assignments; and

(4) Be an area where U.S. forces have been engaged in combat operations against a hostile force within the last 6 months and where combat operations are expected to continue for the next 6 to 12 months (e.g., where Service members receive HFP).

5. **NCR&R Establishment.** The PDUSD(P&R) shall designate authorized NCR&R duty locations and destinations. Recommendations to designate a specific duty location as an NCR&R location shall be made based on the applicable combatant commander's recommendation, through J-1 to the PDUSD(P&R).

6. **NCR&R Administration.** In addition to the above criteria, the following restrictions apply:

a. NCR&R shall be limited to one per 270-day period assigned to, or one per 270-day deployment to, an approved R&R duty location (including extensions). Service members are limited to either one NCR&R administrative absence of up to 15 days or one R&R leave per 12-month period;

b. Combatant commanders are authorized to approve the combination of a paternity leave of absence with NCR&R, upon Service member request, providing the combination is in the best interests of the Navy; and

c. The applicable combatant commander shall terminate the NCR&R Leave Program immediately upon a location no longer meeting the criteria contained in 4b above.

MILPERSMAN 1050-210

ENVIRONMENTAL AND MORALE LEAVE (EML)

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directives	OPNAVINST 4630.25C DOD 4515.13-R.5 DOD Directive 1327.5 of 24 Sept 85
-----------------------------	---

1. What Is EML?

a. EML programs are established at overseas installations, where adverse environmental conditions require specific arrangements for leave in more desirable places at periodic intervals.

b. EML programs involve space-available travel privileges according to OPNAVINST 4630.25C and DOD 4515.13-R.5.

c. The leave taken under the EML program is ordinary leave chargeable to the member's account.

2. Limitations

a. Members, regardless of their accompanied status, and/or their family members may be provided space available air transportation from EML destination site. The member's family must be command sponsored to participate.

b. In addition, participants may take no more than **two** EML trips per year.

c. Except those servicemembers assigned to dependent-restricted areas, EML trips for the servicemember may not be taken within 6 months of the beginning or end of the member's tour of duty at the eligible location.

3. **Unified Command Programs**. Unified commanders may establish EML programs in their geographical areas of responsibility, where adverse environmental conditions exist which would offset the full benefit of annual leave programs. Environmental leave programs are intended to supplement in-country leave schedules established in execution of basic leave policy. These programs must include criteria and restraints identified below.

4. **Installation Selection Criteria**.

a. Installations selected to participate must be limited to those which have one or more of the following deficiencies:

(1) Extraordinary **difficult living conditions**, including

- (a) geographic isolation,
- (b) inadequate commercial transportation, and
- (c) lack of adequate cultural and recreational opportunities.

(2) Notably **unhealthful conditions**, including

- (a) lack of public sanitation,
- (b) inadequate health control measures, and
- (c) a high incidence of diseases and epidemics.

(3) Excessive **physical hardship** from

- (a) climate,
- (b) altitude, or
- (c) dangerous conditions affecting life physical well being or mental health.

b. Installations selected to participate must have prescribed tour lengths for accompanied personnel which are shorter than 36 months, the standard overseas tour length for accompanied personnel.

c. Installations selected to participate must be specifically designated as EML origination sites.

5. Other Criteria and Limitations

a. Places to which EML program personnel may go must be designated for each origination site. Selection should be based on

(1) proximity,

(2) adequacy of cultural and recreational opportunities,
and

(3) availability of space-available travel resources.

b. Environmental and morale leave origination sites should not be specified as EML destination sites.

c. Since air transportation regulations basically provide for only one trip per year under EML authorizations, the maximum amount of leave feasible in the command annual leave schedule should be authorized. In-country leave should also be scheduled.

d. The entire authorized absence, including time spent in a travel status, is charged to the member's leave account.

e. Great care must be exercised in the execution of leave authorizations in conjunction with

(1) temporary additional duty, or

(2) temporary duty.

RECRUITING ASSISTANCE LEAVE PROGRAM

Responsible Office	OPNAV (N130)	Phone: DSN COM E-MAIL	664-5477 (703) 604-5477 nxag n130e@navy.mil
---------------------------	-----------------	-----------------------------	---

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---	---------------------	-----------------

Reference	(a) DoD Instruction 1327.06 of 16 June 2009
------------------	---

1. What Is the Recruiting Assistance Leave Program?

a. Members on regular leave between or after "A" or "C" School or apprenticeship training, and prior to reporting to their first permanent duty station, may participate in a program of 5 consecutive days of assistance to recruiting.

b. This assistance includes, but is not limited to, the following items:

- (1) Regularly scheduled school canvassing visits;
- (2) Speaking at recruiting functions and civic activities;
- (3) Follow-up of PRO-Navy-Recruit Training Command referrals; and
- (4) Accompanying recruiters on home visits.

2. How to Document Participation

a. After completion of recruiting assistance, members must obtain documentation of participation by endorsement from the Navy recruiting district.

b. Upon reporting to next duty station, such documentation will constitute the authority for personnel officers and personnel support detachments to credit member with up to 5 days of non-chargeable leave per reference (a), enclosure (2), paragraphs 1k and 1k(3).

MILPERSMAN 1050-230

LEAVE FOR MIDSHIPMEN

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

1. Leave for Midshipmen

a. Superintendent, United States Naval Academy, may grant leave to midshipmen

(1) under such policies and procedures as the Superintendent may prescribe, and

(2) in such amounts as are not inconsistent with the objectives of the academic and practical curricula.

b. Such leave as may be granted will be granted as a privilege and midshipmen will not be considered to "earn" leave as an accessory to their duty.

2. Policy for Naval Reserve Midshipmen

a. Midshipmen, Naval Reserve, under instruction at civilian institutions, are on inactive duty and neither earn nor use leave in a military sense.

b. Commanding officers, to whom midshipmen report for training duty, may grant short periods of leave for recreation in such amounts as are not inconsistent with the training program.

MILPERSMAN 1050-240

LEAVE FOR NAVAL ACADEMY MIDSHIPMEN CANDIDATES WHO ARE GRADUATES OF NAVAL ACADEMY PREPARATORY SCHOOL

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

1. **Article Purpose.** This article pertains to leave granted to midshipmen candidates between graduation from Naval Academy Preparatory School (NAPS) and entrance into the Naval Academy.

2. **Authority to Grant Leave**

a. Commanding Officer, Naval Academy Preparatory School, is authorized to place in a leave without pay (LWOP) status, with their consent, those midshipmen candidates who have graduated from NAPS.

b. Accrued leave shall be expended prior to placing a midshipman candidate in a LWOP status.

3. **Rights While in LWOP Status.** While in a LWOP status, midshipmen candidates

- a. are not entitled to pay and allowances;
- b. are subject to court-martial jurisdiction;
- c. are entitled to Navy hospitalization, if injured; and
- d. do not earn leave.

4. **What LWOP Periods are Creditable For.** Periods of LWOP, as a midshipmen candidate, are creditable for

- a. basic pay computation purposes,
- b. computing retired pay based on years of service, and
- c. determining eligibility for voluntary retirement.

MILPERSMAN 1050-250

FOREIGN LEAVE TRAVEL

Responsible Office	NAVPERSCOM (PERS-451H)	Phone:	DSN COM FAX	882-4200 (901) 874-4200 882-2693
---------------------------	---------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
------------------------------------	------------------	-----------------

References	(a) BUPERSINST 1050.11H (b) OPNAVINST 4650.15 (c) DOD 4500-G, Department of Defense Foreign Clearance Guide (DOD FCG), Web site www.fcg.pentagon.mil (d) State Department, Web site www.state.gov (e) Congressional Directory (f) NATO Publication AMOV P-3 of May 98 (NOTAL) (g) BUPERSINST 1320.6G (h) BUMEDINST 6230.15A
-------------------	--

1. **Policy**. As stated in reference (a), Navy personnel may visit any place outside the United States (U.S.) without obtaining permission from Navy Personnel Command (NAVPERSCOM). The responsibility for obtaining travel information and for complying with the laws of the countries and/or places to be visited rests with the prospective traveler. Members planning to travel with family members should be aware that the requirements for civilians are not necessarily the same as those for military personnel.

2. **Foreign Leave Travel Authorization**. Unless prohibited by competent authority, commanding officers (COs) may, under this article, authorize foreign leave travel. All countries for which foreign leave is anticipated or authorized, as well as those through which travel is required, must be specifically listed in the detaching endorsement on permanent change of station (PCS) orders or in the leave authorization. Policy for members wishing foreign leave **travel authorization** in connection with PCS orders is contained in reference (b). Information regarding **travel requirements** by personnel taking leave in any foreign country may be obtained by accessing the below:

a. Department of Defense Foreign Clearance Guide (DOD FCG)
Web site (reference (c)).

b. Travel advisories to foreign countries that are available on the State Department Web site (reference (d)).

Commands shall review both the DOD FCG (reference (c)) and U.S. State Department travel advisories (on reference (d)) prior to granting leave or travel to foreign countries. When the State Department travel advisory recommends travel to a foreign country be deferred, leave to the country should not be authorized.

NOTE: Foreign leave shall not be granted to a member who is in a disciplinary status, is under investigation for a criminal charge or security violation, or is considered not to be a creditable representative of the Navy.

3. Alien Members/Dual National Members

a. Alien members of the Naval Service who return to their country of origin may be subject to certain impositions or controls by the laws of that country which could result in considerable inconvenience or hardship. In some cases alien members have been drafted into the armed forces of their native country or prosecuted for draft evasion. Similar problems may also be encountered by dual national members of the Naval Service who visit their non-U.S. country of nationality. Generally, such dual nationality may arise in the following cases:

(1) Member born in foreign territory to parents at least one of whom is a U.S. citizen.

(2) Member born in the U.S. to parents at least one of whom is a citizen of another country.

(3) Member born with one parent who is a U.S. citizen and one parent who is a citizen of another country regardless of place of birth.

(4) Member born in foreign territory to non-U.S. citizen parents and member eventually becomes a naturalized U.S. citizen.

b. In some cases, the problems of dual nationals are resolved by an international protocol relating to military obligation of dual nationals. The inconveniences and/or legal difficulties of alien or dual national members are minimized to some extent by agreements concerning the status of U.S. forces; however, such agreements have not been concluded with all countries and usually apply only when the member is on official duty assignment in the country concerned. In order to reduce the potential for such problems, members taking leave to a country of

which they are a citizen (except in the case of the Philippines covered in MILPERSMAN 1050-260, Leave/Emergency Leave in the Republic of the Philippines, which requires members requesting leave to submit a country clearance request) should verify that no problem with the other country's draft laws is anticipated prior to commencing travel to such country. In this regard, assistance may be obtained from the following:

Office of the Judge Advocate General
International and Operational Law
Code 10
Pentagon Room 5E793
Arlington, VA 22202

COM (703) 697-9161
DSN 221-9161

4. Passports and Visas

a. Requirements for passports vary in each country. It is strongly recommended that members and their families apply for a tourist passport if there is any doubt as to whether one will be needed.

b. Military personnel are not required to obtain visas for many countries provided they present proper military identification. DD 2 (7-74), **Armed Forces of the United States-Geneva Conventions Identification Card (Active)**, is the minimum requirement. Temporary identification cards are not acceptable in most countries. Visas may be obtained in the principal cities of the world from the embassy or a consulate of the country to be visited. The addresses of foreign diplomatic representatives and foreign counselor offices in the U.S. are listed in the Congressional Directory (reference (e)) which is readily available in naval general libraries and most public libraries in the U.S.

5. North Atlantic Treaty Organization (NATO) Countries.

Military personnel performing leave travel in or through NATO countries shall carry, in addition to PCS orders or leave authorization, NATO Travel Orders in compliance with Status of Forces Agreement (set forth in reference (f)), as required by the DOD FCG (reference (c)). See reference (g) for guidance on completion of NATO Travel Orders. Family members are required to hold a valid passport in which they are described as accompanying a member of a force. The NATO countries are as follows:

Belgium	Lithuania
Bulgaria	Luxembourg
Canada	Norway
Czech Republic	Poland
Denmark	Portugal
Estonia	Romania
France	Slovakia
Germany	Slovenia
Greece	Spain
Hungary	The Netherlands
Iceland	Turkey
Italy	United Kingdom
Latvia	United States

6. **Immunization Requirements.** Navy personnel and their family members shall follow the immunization requirements for foreign leave travel per reference (h).

7. **MAC Transportation**

a. **Travel Arrangements.** The member who is performing the travel is responsible for making transportation arrangements. "Space available" accommodations for leave travel via the Air Mobility Command (AMC) can be expected to be very difficult to obtain and may be available only to intermediate or adjacent destinations. It is imperative that personnel attempting to travel on a space-available basis have sufficient funds to defray travel expenses via commercial means and to cover the cost of hotel accommodations when delayed or when passage by AMC is unobtainable.

b. **Travel Uniform.** Navy personnel on leave or liberty will be in an appropriate uniform when traveling on DOD-owned or controlled aircraft unless civilian attire is authorized due to local extenuating circumstances for political or personal safety reasons or as required by reference (c).

c. **Obtaining Information.** Information regarding travel requirements by personnel taking leave in any foreign country may be obtained by accessing the reference (c) DOD FCG Web site. Travel advisories to foreign countries are available on the reference (d) State Department Web site.

d. **Command Responsibility.** Commands shall review both the DOD FCG (reference (c)) and U.S. State Department travel advisories (on reference (d)) prior to granting leave or travel to foreign countries. This policy applies to personnel traveling

on military and AMC-contracted (Category B) civil aircraft departing from military airfields and commercial gateways.

e. **Clothing Restrictions in Other Countries.** Refer to the current issue of the DOD FCG (reference (c)) regarding an individual country's uniform and civilian clothing restrictions. In compliance with regulations governing AMC transportation, all countries through which travel is ordered may be required shall be specifically listed on the leave authorization or in the detaching endorsement on PCS orders.

MILPERSMAN 1050-260

LEAVE/EMERGENCY LEAVE IN THE REPUBLIC OF THE PHILIPPINES

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directives	DOD Foreign Clearance Guide BUPERSINST 1050.11G
-------------------------	--

1. General Requirements

a. Members, requesting leave in Republic of the Philippines, are required to submit a country clearance request.

b. In the case of emergency leave, travel may commence immediately after the clearance request message has been sent; however, a clearance message must be sent.

c. Consult the DOD Foreign Clearance Guide and BUPERSINST 1050.11G for information concerning

(1) travel requirements, and

(2) specific format and content of the clearance request.

d. The DOD Foreign Clearance Guide also lists requirements for Filipino servicemembers and their families who are non-immigrant residents of the U.S.

2. Status Of Forces Agreement (SOFA) No Longer Exists.

Following withdrawal of U.S. Military Forces, there is no longer a Status Of Forces Agreement (SOFA) with the Philippines. Therefore, the situation and conditions for travel to and within the Philippines have changed significantly for U.S. personnel. See the description of the situation below.

3. **Passports and Visas.** The requirements are as follows:

- a. To enter the Philippines, passports are required; and
- b. to stay longer than 21 days by non-Filipino citizens, visas are required.

4. **Financial Situation**

- a. The financial situation within country is as follows:

- (1) U.S. disbursing and check cashing facilities are not available.

- (2) Sufficient funds and/or travelers checks should be brought to the Philippines to defray expenses incurred.

- (3) Personal checks are not considered acceptable tender by local merchants or hotels.

- (4) A limited check cashing facility is available, but is restricted to individuals

- (a) assigned temporary duty/temporary additional duty to metro Manila, or

- (b) on emergency leave.

- b. Contact U.S. Defense Attaché Officer (USDAO) Manila for further instructions.

5. **Travel Arrangements.** The situation for making travel arrangements is as follows:

- a. Travelers will pay travel tax on tickets purchased in the Philippines.

- b. There are no U.S. travel agencies, i.e., personnel transportation offices, available.

- c. It is highly recommended that all travelers have return tickets in hand prior to entering the Philippines.

6. **Other Conditions.** Other significant existing conditions and requirements are as follows:

a. Personnel are not exempt from payment of import and export taxes and customs duties.

b. Personnel are subject to Philippine civil and criminal law and procedure.

c. Visitors may be required to pay immigration and alien registration fees.

d. The U.S. Embassy will only provide those services provided in any other foreign countries.

e. All personnel should ensure complete preparations are made prior to travel to the Philippines.

		MyNavy Portal:	https://my.navy.mil/	

References	(a) DoD Instruction 1327.06 of 19 May 2016
-------------------	--

1. **Definition.** Administrative absence is a period of authorized absence, not chargeable as leave, to attend or participate in activities of an official nature that benefit the Department of the Navy (DON) or Department of Defense (DoD).

2. **Policy**

a. Care must be taken to ensure that any planned absence clearly falls within the criteria provided. If it does not, the absence must be handled under normal leave or liberty procedures. The criteria are to be narrowly construed.

b. Commanding officers (COs) are the approving authority for administrative absence requests, except

(1) Administrative absence in excess of 30 days must be authorized by the Assistant Commander, Navy Personnel Command (ACNPC), Career Management Department (PERS-4).

(2) Administrative absence to participate in amateur sports activities. Any sports activities not listed in paragraph 3f(1) must be approved by the Secretary of the Navy. Paragraph 3f provides additional guidance for these requests.

c. Administrative absences may include "permissive travel" to attend or participate in activities of an official nature that benefit the mission of the DON or DoD.

3. **General Purposes for Which Authorized.** Administrative absence may be authorized for the following general purposes when the meetings bear direct relationship to the member's professional background or primary military duties, and clearly enhance the member's value to the Service:

a. **Attendance at Meetings.** Attendance at meetings sponsored by non-federal entities:

- (1) technical;
- (2) scientific;
- (3) professional medical;
- (4) professional legal; or
- (5) professional ecclesiastical societies and organizations.

b. **Attendance at DoD Credit Union Meetings.** Attendance of a member of the board of directors of a DoD credit union at meetings of:

- (1) associations;
- (2) leagues; or
- (3) councils formed by DoD credit unions, the purpose of which is directly related to the DoD Credit Union Program.

c. **Attendance as a Witness.** Attendance in response to a subpoena, summons, or request in lieu of process as a witness at a state or federal criminal investigative proceeding or criminal prosecution involving substantial public interest, such as major crimes in which the member would be an essential witness.

d. **Participation in Other Navy Programs.** Participation in other official programs of the Navy, to include programs by organizations with which the Navy has an agreement to enhance the professional development of Service Members, and for which temporary duty (TDY) is not appropriate. Program must enhance the member's:

- (1) value to the Navy; or

(2) understanding of the Navy; and

(3) their relationship to it.

e. **Participation in an Official Military Retirement Ceremony as the Presiding Official.** Members requesting administrative absence to participate in an official military retirement ceremony as the presiding official are limited to 3 days of permissive absence. If two presiding officials will be present, only one may receive permissive absence to attend.

f. **Participation in and Support of Sports.** Participation in competitive sports events and or as essential support of participants in competitive sports events, to include Navy or DoD-sponsored sporting events, and amateur sports activities with regional and or national recruiting and public benefit to the Navy or DoD.

(1) Members accepted to compete on an **all-Navy sports team**, the Navy Marksmanship Team, or any other Navy or DoD administered or sponsored sports team will be authorized administrative absence upon acceptance.

(2) A member requesting administrative absence to participate in amateur sports activities, other than those listed in paragraph 3f(1), with potential recruiting or public affairs benefit to the Navy or DoD must request permission from the Secretary of the Navy via member's CO, ACNPC (PERS-4), Office of the Chief of Naval Operations (OPNAV), Military Pay and Compensation Policy Branch (N130), Chief of Naval Personnel (CHNAVPER), or the Assistant Secretary of the Navy (Manpower and Reserve Affairs).

(3) Contents of Letter of Request. The proper format for the letter of request for administrative absence to participate in sports activities with potential recruiting or public affairs benefit to the Navy is in exhibit 1.

(4) CO's endorsement

(a) COs must forward requests for administrative absences to participate in activities with potential recruiting or public affairs benefit to the Navy while on active duty by endorsement within 30 days, and must certify information provided in the member's letter is correct.

(b) The CO's endorsement must contain comments on the individual's professional performance to date, the strength of the individual's public affairs or recruiting proposal, and the likelihood that the individual's accomplishments will be sufficiently noteworthy to generate the desired positive benefit for the DON. The CO should also provide a recommended disposition of the request.

g. Other Administrative Absences, TDY, or Excess Leave.
Refer to the following MILPERSMAN articles for the topics listed:

(1) MILPERSMAN 1050-271 Post-Deployment Mobilization Respite Absence for Active Duty Personnel.

(2) MILPERSMAN 1050-272 Post-Mobilization Respite Absence for Mobilized Reserve Component Personnel.

(3) MILPERSMAN 1320-200 Temporary Duty Travel Entitlement Policy.

(4) MILPERSMAN 1320-210 Permissive TDY Authorization for Residence Hunting.

(5) MILPERSMAN 1320-220 Permissive Temporary Duty (PTDY) Authorization for Job/House Hunting.

(6) MILPERSMAN 1320-314 Temporary Duty (TDY) Travel Orders.

(7) MILPERSMAN 1050-010 Leave Policy. Excess Leave for the purpose of pursuing an activity with potential recruiting or public affairs benefits for the DON.

4. **Issuance of TDY Orders.** Policy pertaining to the issuance of TDY authorization orders for administrative absences is contained in MILPERSMAN 1320-314.

Exhibit 1

Letter of Request for Administrative Absence

Date

From: [rank/rate, name, USN/USNR, designator]
To: Secretary of the Navy
Via: (1) Commanding Officer, [present duty station]
(2) Commander, Navy Personnel Command (PERS-4)
(3) Head, Military Pay and Compensation Policy Branch
(OPNAV N130)
(4) Chief of Naval Personnel
(5) Assistant Secretary of the Navy (Manpower and Reserve Affairs)

Subj: REQUEST FOR ADMINISTRATIVE ABSENCE TO PARTICIPATE IN [amateur sport activity with potential recruiting or public affairs benefit to the Navy] WHILE SERVING ON ACTIVE DUTY IN THE UNITED STATES NAVY

Ref: (a) MILPERSMAN 1050-270

Encl: (1) Reason for submission of request. [Specific proposal(s) describing how the requesting member's talents will be used to benefit the Navy's national public relations and recruiting efforts.]
(2) Copy of applicable contract [or similar binding commitment that guarantees the requesting member an opportunity to pursue an activity providing potential positive public affairs or recruiting benefit].

1. I hereby submit my request for administrative absence to participate in [fill in amateur sport activity]. I believe my participation in this sporting activity has potential recruiting or public affairs benefit to the Navy while on active duty as described in enclosures (1) and (2). My active duty service obligation will expire in [month/year].

2. I fully understand that approval of my request is contingent upon the credibility of my proposal to utilize my talents to benefit the Navy's national recruiting or public affairs efforts. I also realize that in evaluating such a request, the chain of command and, ultimately, Chief of Naval Operations will consider the current needs of the Navy, the quality of my professional performance to date, the strength of my public affairs or recruiting proposal, and the likelihood that my accomplishments will be sufficiently noteworthy to generate the desired benefit for the Department of the Navy. Furthermore, I acknowledge that the decision to approve or disapprove my request will be made on a case-by-case basis, and that the United States Navy is under no legal or implied obligation to honor my request.

POST-DEPLOYMENT MOBILIZATION RESPITE ABSENCE FOR ACTIVE DUTY PERSONNEL

Responsible Office	CNO (N130)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

References	(a) Secretary of Defense Policy Memorandum of 19 Jan 2007 (b) Under Secretary of Defense (Personnel and Readiness) (USD (P&R)) Policy Directive of 18 Apr 2007
------------	--

1. **General Policy.** This policy is established to recognize members who are required to deploy with a frequency beyond rotation policy goals identified within reference (a) and implemented by reference (b). For active duty members this threshold is established as a ratio of 1 year deployed to 2 years at home station (1:2). Members who exceed 12 months (1 year) "boots on the ground" in a creditable deployment location on or after 19 January 2004 will accrue Post-Deployment Mobilization Respite Absence beginning with the 1st day of the 13th month or within the 1st month of a subsequent deployment to a creditable deployment location with less than 24 months at their home station. Deployment time to creditable deployment locations is cumulative on a month-to-month basis. The 1:2 year ratio for active duty members is retroactive for calculation purposes to 19 January 2004. Actual accrual of administrative absence days, however, is restricted to those members deployed to a qualifying location on or after 19 January 2007. Active duty members who exceed the established threshold may be eligible to receive Post-Deployment Mobilization Respite Absence, a form of administrative absence.

2. **Creditable Deployment Locations.** In order to meet the requirements to qualify for Post-Deployment Mobilization Respite Absence, personnel must be deployed in Afghanistan, Iraq, or with units that routinely conduct operations, or support units that conduct operations in Iraq but are not based in Iraq (Kuwait). Personnel deployed to any other location, including the Horn of Africa and the Arabian Gulf, are not deployed in a creditable location for which accrual of Post-Deployment Mobilization Respite Absence is authorized.

3. **Creditable Time**. Creditable time begins on the day the member arrives at a creditable location through the member's departure (i.e., while the member is boots-on-ground in one of the creditable deployment locations identified above). The 1 year deployed to 2 years at home station ratio is effective for computation purposes as of 19 January 2004, or the date that is 36 months prior to the member's deployment, whichever is most recent. **Note:** Post-Deployment Mobilization Respite Absence days do not accrue for deployment periods exceeding the 1:2 year rotation policy goals prior to **19 January 2007, the effective date of this program**. Deployment to creditable locations on or after 19 January 2004 and prior to 19 January 2007 determines the rate of accrual during subsequent deployment to creditable locations as specified in the following table:

Deployment beyond the number of creditable months during the most recent 36 months of Active Duty:		
12	18	24
Generates for each month or fraction thereof the following number of days for administrative absence		
1	2	4

4. **Authorization**. Members who meet the qualifying criteria should submit a request, including documentation to their respective commanding officers (COs) for validation and approval of administrative absence.

a. Appropriate forms of documentation for use in establishing an entitlement to Post-Deployment Mobilization Respite Absence include, but are not limited to, travel claims, TDY orders, Combat Zone Tax Exemption or Imminent Danger/Hazardous Duty pay data (including country code) provided by the servicing Personnel Support Activity Detachment (PERSUPP DET), concurrent FITREPS/evals, deployment awards, etc. Due to the variety of assignment types in Iraq and Afghanistan, COs are authorized discretion in determining the type and validity of available documentation necessary to establish an entitlement to Post-Deployment Mobilization Respite Absence.

b. Active duty members who qualify for administrative absence have 1 year following the completion of deployment to use their Post-Deployment Mobilization Respite Absence. Members who return from deployment due to injury or are deemed to be "not fit for duty" will have 1 year to use their Post-Deployment Mobilization Respite Absence from the day that they are determined to be "fit for duty." Members who are not found to be "fit for duty" and are separated from the Navy may combine this authorized administrative absence with terminal leave.

c. Members may combine administrative absence and chargeable annual leave, but COs should use discretion in allowing the combination of Post-Deployment Mobilization Respite Absence with Special Liberty, as both are types of administrative absence that may serve similar purposes. Members may not sell back administrative absence at any time, and failure to use approved Post-Deployment Mobilization Respite Absence days within the designated time frame will result in loss of the benefit (i.e., Post-Deployment Mobilization Respite Absence days are a "use or lose" entitlement).

5. **Court-Martial or Other Adverse Administrative Action.** In the event that a court-martial or other adverse administrative action has been initiated against a deployed member, the accrual of creditable time is suspended, beginning with the day that charges are preferred, or, adverse administrative action is initiated, pending final resolution of the matter. COs must document suspension date of creditable time and notify Chief of Naval Operations (CNO) (N130), which will make final determination of Post-Deployment Mobilization Respite Absence eligibility, pending final resolution.

6. **Documentation**

a. Once the CO has validated a member's entitlement to a specific number of days of administrative absence, an appropriate NAVPERS 1070/613 (7-06), Administrative Remarks, service record entry should be made to document the entitlement and when the entitlement will expire if an unused balance of days remains, as well as entries to document when the administrative absence is used and when the balance reaches zero or expires.

b. Members taking administrative absence should be provided with no-cost permissive temporary duty orders to reflect line of duty status and authorized absence during the period of Post-Deployment Mobilization Respite Absence. These orders do not provide entitlement to any government reimbursement for travel, lodging, meals or other incidental expenses while on administrative absence. Chargeable leave and/or special liberty authorized in conjunction with Post-Deployment Mobilization Respite Absence should be documented on

- NAVCOMPT 3065 (Rev. 2-83), Leave Request/ Authorization, for annual leave; and
- NAVPERS 1336/3 (Rev. 8-05), Special Request/ Authorization, for Special Liberty.

7. Examples

a. **Scenario:** Member serves 13 months deployed in Iraq from 1 January 2005 to 30 January 2006 (prior to the 19 January 2007 program implementation date). Member is assigned to home station until redeployed for 12 months to Afghanistan beginning in February 2007.

Calculation: Member has already exceeded the 12-month deployment point and begins to accrue administrative absence at a rate of 1 day per month upon arrival in a creditable deployment location for months 1 through 5 of the second assignment. After month 5 the member will have completed 18 months of creditable deployment time and will accrue administrative absence days at a rate of 2 days per month for the next 6 months. The final month of this deployment will exceed the 24-month threshold and the member will accrue administrative absence days at a rate of 4 days per month. Member is entitled to 21 days of Post-Deployment Mobilization Respite Absence upon completion of the second deployment to Afghanistan
(5 days + 12 days + 4 days = 21 days administrative absence).

b. **Scenario:** A Hospital Corpsman (HM) serves a 7-month deployment in Iraq from 15 February 2006 to 10 September 2006 and returns to home station. Member is scheduled for second deployment to Iraq for 7 months beginning in May 2007.

Calculation: Member is credited for 7 months of deployment time for initial assignment, and will exceed the 12-month deployment point following the 5th month of the second assignment. For months 6 and 7, the member will accrue administrative absence days at the rate of 1 day per month, for the cumulative deployment time in excess of 12 months. Member is entitled to 2 days of Post-Deployment Mobilization Respite Absence upon completion of the second deployment.

c. **Scenario:** Member serves 15 months in Qatar from 1 February 2005 to 10 April 2006, followed by an immediate 12-month deployment to Afghanistan.

Calculation: Assignment to Qatar is not a creditable deployment location under current guidelines, and, therefore, does not entitle the member to any creditable time.

d. **Scenario:** Member deployed to Iraq for a 12-month period from 1 August 2004 to 31 July 2005 and returned to home station. Member is then redeployed for a 12-month period in Afghanistan from 1 April 2006 to 31 March 2007, but is extended in Afghanistan until 15 June 2007.

Calculation: For first deployment, member is credited for 12 months deployment time, but accrues no Post-Deployment Mobilization Respite Absence days because deployment occurred prior to 19 January 2007. Member is credited with another 9 months of deployment time with no administrative absence days accrued for the period of 1 April 2006 through 31 December 2006. As of 31 December 2006, member is credited with a total of 21 months of deployment. Because member is still deployed as of 19 January 2007 the member will begin to accrue administrative absence days as of that date at the rate of 2 days per month for the months of January and February. As of 1 March 2007 (the 24th month of creditable deployment), member accrues absence days at the rate of 4 days per month for the months of March, April, and May, and for the partial month of June 2007 (4 days + 16 days = 20 days of administrative absence).

References	(a) SECDEF memo of 19 Jan 2007 (b) DoD Instruction 1327.06 of 16 June 2009 (c) DoD Instruction 1215.06 of 7 February 2007 (d) 10 U.S.C. (e) Public Law 112-120 (H.R. 4045)
------------	--

1. Old Policy - Program Guidance for Qualifying Mobilizations on or After 19 January 2007, but Before 1 October 2011.

Reference (a) establishes this policy to recognize Reserve Component (RC) members who are required to mobilize with frequency beyond the established rotation policy goals. Policy is implemented by reference (b). For RC members, this mobilization threshold is considered to be a mobilization in excess of 12 months during the most recent 72-month period. Members who exceed the 12 months mobilization, on or after 7 October 2001, will accrue creditable mobilization time for post-deployment/mobilization respite absence (PDMRA) calculation beginning with the first day of a subsequent mobilization with less than 60 months of demobilized time. Creditable time is cumulative within the 72-month window and the frequency threshold is retroactive for calculation purposes to 7 October 2001. However, actual accrual of administrative absence days is restricted to those members mobilized on or after 19 January 2007. Creditable time is based on duration and type of mobilization orders and is not related to the location of the mobilization. Members do not earn PDMRA days during the first 12 months of qualifying mobilization orders. Once a member reaches the 13th month of cumulative mobilization time, the member earns 1 day of PDMRA per month, or partial month, through

month 18. Upon reaching month 19, the member begins earning 2 days of PDMRA per month, or partial month. Once the member enters the 25th month of cumulative qualifying mobilization, the member begins earning 4 days of PDMRA per month.

a. **Applicable Types of Mobilization.** Reference (c) defines mobilizations. Mobilizations for PDMRA purposes are orders to active duty under reference (d) \$12301(a), \$12302, and \$12304.

(1) RC members must be mobilized under reference (d) \$12301(a), \$12302, or \$12304 and exceed the mobilization frequency threshold, as defined in paragraph 1, in order to be eligible to receive PDMRA.

(2) **Time spent on active duty under any other section of reference (d), including \$12301(d), is not considered a mobilization and does not count for PDMRA calculations.**

b. **Creditable Time.** For the purpose of calculating creditable time, mobilization includes the day the member is mobilized through the date the mobilization is terminated. Computation of creditable time commences 7 October 2001, or the date that is 72 months prior to the member's mobilization, whichever date is most recent. Partial months will be credited as whole months for the purposes of calculation of respite absence, provided the RC member has already met PDMRA eligibility criteria for at least 30 consecutive days. Each mobilization order is considered a separate mobilization, unless the member receives an extension order under which the member remains mobilized pursuant to the same section of reference (d) as the previous mobilization order. PDMRA periods should be calculated following the termination of each set of orders to allow RC members to utilize PDMRA. Earned PDMRA days must be used in conjunction with a qualifying mobilization.

(1) Accrual of PDMRA days begins on **19 January 2007, the effective date of the PDMRA Program.** If the mobilization frequency threshold limits of a mobilization in excess of 12 months during the most recent 72-month period were exceeded before 19 January 2007, no days will accrue for that period.

(2) RC members can be ordered to active duty, extended on active duty, or mobilized under multiple sets of orders, but not all time on active duty will count for PDMRA purposes. Mobilization is defined as the time from which an RC member

reports to active duty under a qualifying section of reference (d) until the time the member is no longer on active duty under the qualifying section. Example, member is mobilized under reference (d) §12302 for 12 months. Member receives an extension under reference (d) §12302 for an additional 12 months. This is considered a mobilization with an extension, and PDMRA days should be calculated as if the member did a 24 month mobilization. If the member's extension was under reference (d) §12301(d), the extension is considered a new set of orders and PDMRA should be calculated as such. The extension is considered a new set of orders because the authority under which the orders are written has changed.

c. **PDMRA Accrual Rates.** The following table provides a general overview of accrual rates under the old PDMRA Program. If there are any questions regarding calculations, please contact your local personnel support detachment (PERSUPP DET) for assistance.

PDMRA Days Earned Per Month

	(Effective 19 Jan 2007 to 30 Sep 2011)		
Total mobilization months under reference (d) §12301(a), §12302, and §12304 orders (during the past 72 months)	13-18 months	19-24 months	25+ months
In the 50 United States	1	2	4
Outside of the United States (including U.S. possessions and territories)	1	2	4
In Iraq or Afghanistan	1	2	4
1-day combat zone tax exclusion (CZTE) area (must be designated by the Secretary of the Navy (SECNAV))	n/a	n/a	n/a
2-day CZTE area (must be designated by SECNAV)	n/a	n/a	n/a

Note: SECNAV will promulgate separate guidance on CZTE areas qualified to receive PDMRA days. There are none as of the date of this article.

d. **Examples**

(1) **Scenario 1.** RC member was mobilized, pursuant to reference (d) §12302, on 1 January 2004 and demobilized on 31 December 2004. Member mobilized, pursuant to reference (d)

\$12302, a second time on 1 October 2006 for a 12-month period expiring 30 September 2007.

Calculation - First mobilization accrued 12 months of creditable time since it occurred within 72 months of the member's current mobilization. From 1 October 2006 to 18 January 2007, the member accrued 4 months of creditable time, but earned no absences due to the program effective date. From 19 January 2007 to 31 March 2007, the member accrued 1 day of PDMRA per month (or partial month) of the current mobilization. In April, the member exceeded 18 months of creditable time and began accruing 2 days of PDMRA per month from April to September. Total PDMRA days accrued is 15.

	Prior	Oct06	Nov	Dec	Jan07	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
Cumulative Mobilization Months	12	13	14	15	16	17	18	19	20	21	22	23	24
Absences Accrued					1	1	1	2	2	2	2	2	2

(2) **Scenario 2.** RC member mobilized, pursuant to reference (d) \$12302, on 15 October 2001 for 15 months, member mobilized a second time, pursuant to reference (d) \$12302, on 1 October 2005 for a 12-month period expiring 30 September 2006.

Calculation - Since both mobilizations occurred prior to the 19 January 2007 implementation date of this program, no PDMRA days were accrued. However, had the member involuntarily mobilized again before 1 November 2007, the 27 months of mobilization would be creditable. After 31 October 2007, the creditable months would begin to fall outside the 72-month window.

(3) **Scenario 3.** RC member mobilized, under reference (d) \$12302, on 1 October 2002 for a 9-month period and remobilized, under reference (d) \$12302, on 1 August 2006 for a second 9-month period with active duty time extended to 15 months due to injury placing him in a medical hold (MEDHOLD) status during the 7th month of mobilization.

Calculation - The 9-month mobilization period was creditable time since it occurred after 7 October 2001. Member would meet the 12-month threshold during the 3rd month of the second mobilization (October 2006), but would not accrue PDMRA days until 19 January 2007. Due to the injury, the member's mobilization status would be converted to voluntary active duty

under reference (d) §12301(h) effective during the 7th month of the second mobilization. Member would accrue only 2 days of post-mobilization respite absence and would be eligible to use these days prior to demobilization.

	Prior	Aug06	Sep	Oct	Nov	Dec	Jan07	Feb	Mar	Apr	May	Jun	Jul
Cumulative Mobilization Months	9	10	11	12	13	14	15	16	16	16	16	16	16
Absences Accrued							1	1					

(4) **Scenario 4.** RC member mobilized, under reference (d) §12302, on 1 January 2005 and was extended on the mobilization into a second year. Member then volunteered to continue on active duty for a 3rd year pursuant to orders, under reference (d) §12301(d), on 1 January 2007.

Calculation - Since the entire period of mobilization under reference (d) §12302 orders occurred before implementation of the PDMRA policy (effective 19 January 2007), no PDMRA days were earned. Active duty orders under reference (d) §12301(d) are excluded from creditable months. Had the member mobilized again under reference (d) §12301(a), §12302, or §12304 orders prior to 1 January 2012, PDMRA days for the qualifying mobilization would have accrued based on the previous mobilization history.

2. New Policy - Program guidance for Qualifying Mobilizations that Occur on or After 1 October 2011. RC members mobilized pursuant to reference (d) §12301(a), §12302, or §12304 who have deployed in excess of 12 months out of the previous 72 months on the first day of their current mobilization, and who meet the other eligibility criteria contained in this section, qualify for PDMRA days. Mobilization time to creditable mobilization locations is cumulative on a month-to-month basis.

a. Applicable Types of Mobilization. The definition of mobilization remains the same for the new PDMRA policy and is stated in paragraph 1a. Member must be on orders pursuant to reference (d) §12301(a), §12302, or §12304 to earn creditable time and to accrue PDMRA days. Location of the mobilization must be taken into account when determining the eligibility of a mobilization. **Time spent on active duty under any other section of reference (d), including §12301(d), is not considered a mobilization and does not count for PDMRA calculations.**

b. **Creditable Time.** For the purpose of calculating creditable time, mobilization includes the day the member is mobilized through the date the mobilization is terminated. Computation of creditable time commences 7 October 2001, or the date that is 72 months prior to the first day of the member's current mobilization, whichever date is most recent. Partial months will be credited as whole months for the purposes of calculation of respite absence, provided the RC member has already met PDMRA eligibility criteria for at least 30 consecutive days. Each mobilization order is considered a separate mobilization, unless the member receives an extension order under which the member remains mobilized pursuant to the same section of reference (d) as the previous mobilization order. PDMRA periods should be calculated following the termination of each set of orders to allow RC members to utilize PDMRA. Earned PDMRA days must be used in conjunction with a qualifying mobilization.

(1) RC members can be ordered to active duty, extended on active duty, or mobilized under multiple sets of orders, but not all time on active duty will count for PDMRA purposes. Mobilization is defined as the time from which an RC member reports to active duty under a qualifying section of reference (d), until the time the member is no longer on active duty under the qualifying section.

(2) Example - Member is mobilized under reference (d) §12302 for 12 months. Member receives an extension under reference (d) §12302 for an additional 12 months. This is considered a mobilization with an extension and PDMRA days should be calculated as if the member did a 24 month mobilization. If the member's extension was under reference (d) §12301(d), the extension is considered a new set of orders and PDMRA should be calculated as such. The extension is considered a new set of orders because the authority under which the orders are written has changed.

c. **PDMRA Accrual Rates**

(1) **Two Administrative Days per Month.** RC members accrue 2 administrative absence days per month when the mobilization threshold established in paragraph 2 of this article is exceeded and the RC Service member is in Iraq or Afghanistan pursuant to reference (d) §12301(a), §12302, or §12304.

(2) **One Administrative Day per Month.** RC members accrue 1 administrative absence day per month when the mobilization threshold established in paragraph 2 is exceeded, and the RC Service member is outside of the United States pursuant to reference (d) §12301(a), §12302, or §12304.

PDMRA Days Earned Per Month

	NEW (Effective 1 Oct 2011)	
Total mobilization months under reference (d) §12301(a), §12302, and §12304 orders (during the 72 months prior to the first day of the current mobilization)	> 12 months	≤ 12 months
In the 50 United States	0	0
Outside of the United States (including U.S. possessions and territories)	1	0
In Iraq or Afghanistan	2	0
1-day combat zone tax exclusion (CZTE) area (must be designated by the Secretary of the Navy (SECNAV))	n/a	n/a

Note: SECNAV will promulgate separate guidance on CZTE areas qualified to receive PDMRA days. There are none as of the date of this article.

d. Examples

(1) **Scenario 1.** An RC member was mobilized under reference (d) §12302 on 1 January 2009 and demobilized on 10 January 2010. Member mobilized a second time under reference (d) §12302 on 1 October 2011 for a 12-month period, expiring 30 September 2012, with a period of 10 months in Afghanistan (30 December 2011 - 15 September 2012).

Calculation - The first mobilization accrued 13 months of creditable time since it occurred within 72 months of the first day of the member's current mobilization. From 1 October 2011 to 30 November 2011, the member accrued 2 more months of creditable time, but earned no PDMRA days due to the location of mobilization for these 2 months. From 30 December 2011 to 15 September 2012, the member accrued 2 days of PDMRA per month for the time the member was in a qualifying area. The total number of days authorized for this mobilization was 20 days.

3. **Bridge Policy - Program Guidance for Qualifying Mobilizations that Commence Prior to 1 October 2011 and Continue on or After 1 October 2011.** Per reference (e), RC members whose mobilization commenced prior to 1 October 2011 and continued on or after 1 October 2011 may qualify under the PDMRA accrual guidance contained in paragraph 1 of this article.

a. In order to qualify under the old policy, the RC member must have been deployed under reference (d) \$12301(a), \$12302, or \$12304 orders. This mobilization must have commenced prior to 1 October 2011 and continued on or after 1 October 2011. RC members who began mobilization orders on or after 1 October 2011 do not qualify under this provision.

b. The member must have met all other qualifying criteria outlined in paragraphs 1, 2, 3, and 4 upon demobilization.

c. Current and former RC members qualifying under reference (e) must apply for benefits prior to 1 October 2014 via their demobilizing PERSUPP DET.

d. RC members may request benefits under this provision for each PDMRA day that the individual would have qualified, had the 1 October 2011 PDMRA changes contained in reference (b) not taken effect.

(1) PDMRA days will be calculated based on both the old and new policy. Members will be awarded days based on the most advantageous calculation. Members who would have earned more under the old policy will be grandfathered until the completion of the qualifying mobilization.

(2) Additionally, if the member would have earned more days under the old policy, the difference in days between the old and new policy will be considered "PL 112-120 PDMRA days." These are the only PDMRA days eligible for consideration for monetary compensation.

(3) Members currently on active duty may elect to receive monetary compensation of \$200 for each of the "PL 112-120 PDMRA days" or may use the days earned upon demobilization. If member elects to use their PDMRA days, they cannot be traded for monetary compensation at a later date.

(4) RC members who are no longer in a qualifying mobilized status may elect to receive monetary compensation of \$200 for each of the "PL 112-120 PDRMA days" or may bank their days earned during their qualifying bridging mobilization. Members are cautioned that if they elect to bank PDMRA days rather than monetary compensation, the banked days cannot be used until the next qualifying period of service. Qualifying periods of service are only those mobilizations under reference (d) \$12301(a), \$12302, and \$12304. Banked days will be lost if the member is separated from the military prior to being able to use the PDMRA days. Once the election to bank is made, members cannot trade their PDRMA days for monetary compensation to avoid losing them.

(5) Former RC members who have separated from the military will be awarded monetary compensation for each "PL 112-120 PDMRA days" at a rate of \$200 per day.

(6) Members who elect payment of PDMRA days will be paid using the line of accounting designated for payment of pay and allowances found on their orders. This election will be made using NAVPERS 1070/613 Administrative Remarks which will be submitted into the member's OMPF. The election will also be indicated on the member's DD 214. NAVPERS 1070/613 may be accessed by using the following link:

[http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201070-613%20\(Rav.%2008-2012\) RE.pdf](http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Documents/NAVPERS%201070-613%20(Rav.%2008-2012) RE.pdf).

e. **Examples**

(1) **Scenario 1.** RC member mobilized on orders pursuant to reference (d) \$12302 on 1 January 2009 and demobilized on 20 January 2010. The member mobilized a second time on orders pursuant to reference (d) \$12302 on 1 September 2011 for a 13-month period expiring 30 September 2012 with 10 months of the time in Kuwait (30 December 2011 - 15 September 2012).

Calculation (new policy) - The first mobilization accrued 13 months of creditable time since it occurred within 72 months of the member's current mobilization. From 1 September 2011 to 30 November 2011, the member accrued 3 more months of creditable time, but earned only 1 PDMRA day for the month of September because it was prior to 1 October 2011. After implementation of the new PDMRA policy on 1 October 2011, the member earned no

PDMRA days for the months of October and November because he was not stationed outside the United States. From 30 December 2011 to 15 September 2012, the member accrued 1 day per month for the time that the member was outside the United States (Kuwait). The total number of days authorized for this mobilization under the new policy is 11.

Calculation (old policy) - The first mobilization accrued 12 months of creditable time since it occurred within 72 months of the member's current mobilization, plus one month of PDMRA accrual (January 2010). The member began accruing PDMRA days in January 2010 as it was the 13th month on a qualifying mobilization. Member used the one day of accrued PDMRA at mobilization, as there is no authority to bank days. From September 2011 to January 2012 (14-18 cumulative months) the member earned 1 day of PDMRA per month. February through July 2012 the member began to accumulate 2 days per month (19-24 cumulative months). In August and September of 2012, the member earned 4 days of PDMRA per month. The member accumulated a total of 25 days of PDMRA. Unfortunately, the DoD policy change effective 1 October 2011, disadvantaged the member by awarding 14 days less than the member would have earned had the policy change not taken effect. However, per reference (d), the qualifying member will not lose the 14 days the member would have earned if not for the policy change. Therefore, the member has the option to elect to take the additional 14 days at the end of the current mobilization period or be paid \$200 per day for each of the 14 days. If the member was still mobilized, election would be made through the PERSUPP DET. If the member was no longer mobilized, an application to the demobilizing PERSUPP DET electing monetary compensation or carryover to a future qualifying mobilization should have been submitted for the additional 14 days.

	Prior	Sep 11	Oct	Nov	Dec	Jan12	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	
Cumulative Mob Months	13	14	15	16	17	18	19	20	21	22	23	24	25	26	Total
Absences Accrued Under New Policy	0	1	0	0	1	1	1	1	1	1	1	1	1	1	New: 11 days
Absences Accrued Under the Old Policy	0	1	1	1	1	1	2	2	2	2	2	2	4	4	Old: 25 days

Note: Member was disadvantaged by the new policy implementation, earning only 11 days. Under the old policy, the member would have earned 25 days, therefore; the member qualified for 14 additional PDMRA days or monetary compensation for the additional 14 days.

(2) **Scenario 2.** An RC member was mobilized under reference (d) §12302 to a unit in Norfolk, VA for 2 consecutive sets of 12-month orders. The first mobilization was from 1 January 2010 to 31 December 2010, the second mobilization was from 1 January 2011 to 31 December 2011, and the member volunteered for an additional set of orders pursuant to reference (d) §12301(d) from 1 January 2012 to 31 December 2012.

Calculation (new policy): From 1 January 2010 to 30 September 2011, calculations for PDMRA will be based on the old policy. On 1 October 2011, PDMRA accrual will be calculated under the new policy. The member's 12-month qualifying period was from 1 January 2010 to 31 December 2011. Starting 1 January 2011 and through to June 2011 (13-18 cumulative months), the member earned 1 day per month. On 1 July 2011, the member began accumulating 2 days per month (19-24 cumulative months). On 1 October 2011, the new policy took effect and PDMRA days were not be creditable for orders under reference (d) §12302 within the United States, nor were any PDMRA days creditable for orders under reference (d) §12301(d). Under the new policy, the member accumulated 12 days of PDMRA.

Calculation (old policy) - The 12-month qualifying mobilization was 1 January 2010 to 31 December 2010. The member began accumulating PDMRA days as of the 1st day of the second mobilization, 1 January 2011. From January 2011 to June 2011 (13-18 cumulative months), the member earned 1 day per month. As of 1 July 2011, the member began accumulating 2 days per month (19-24 cumulative months). The member would accumulate 18 days of PDMRA. In this case, the DoD policy change, effective 1 October 2011, would disadvantage the member by awarding 6 days less than the member would have earned had the policy change not taken effect. The member had the option to elect to take the additional 6 days at the end of the current mobilization period, or be paid \$200 per day for the 6 days. If the member was still mobilized, election should have been made through the PERSUPP DET. If the member was no longer mobilized, an application via the demobilizing PERSUPPACT DET electing monetary compensation or carryover to a future qualifying mobilization should have been submitted for the additional 6 days.

	Prior	Jan11	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	
Cumulative Mob Months	12	13	14	15	16	17	18	19	20	21	22	23	24	Total
Absences Accrued Under New Policy		1	1	1	1	1	1	2	2	2	0	0	0	New: 12 days
Absences Accrued Under the Old Policy		1	1	1	1	1	1	2	2	2	2	2	2	Old: 18 days

Note: Member was disadvantaged by the new policy implementation, earning only 12 days. Under the old policy, the member would have earned 18 days, therefore; the member qualified for 6 additional PDMRA days to be awarded or monetary compensation for the additional 6 days.

(3) **Scenario 3.** An RC member was mobilized under reference (d) \$12302 for 12 months in 2009. The member was mobilized under reference (d) \$12302 from 1 July 2011 to 30 June 2012. The orders included 3 months of training in the United States and 9 months in Afghanistan.

Calculation (new policy) - Calculations for PDMRA based on the old policy would be made up until 30 September 2011. The first mobilization accrued 12 months of creditable time since it occurred within 72 months of the member's current mobilization. The member would begin accumulating PDMRA days as of the 1st day of current mobilization, 1 July 2011. From 1 July 2011 to 30 September 2011 (13-18 cumulative months), the member earned 1 day per month based on the old policy for a total of 3 PDMRA days. As of 1 October 2011, the member began earning PDMRA days under the new policy and, because he had arrived in Afghanistan, accrued at a rate of 2 days per month. The total number of days authorized for this mobilization was 21 days.

Calculation (old policy) - There was a 12-month qualifying mobilization completed in 2009 and the member began accumulating PDMRA days as of the 1st day of the second mobilization, 1 July 2011. From July 2011 to December 2011 (13-18 cumulative months), the member earned 1 day per month. As of January 2012, the member began accumulating 2 days per month (19-24 cumulative months). The member would have accumulated 18 days of PDMRA. In this case, the DoD policy change, effective 1 October 2011, provided the member with 3 additional days. The member should have been awarded 21 days, and no additional action should have been taken.

	Prior	Jul11	Aug	Sep	Oct11	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	
Cumulative Mob Months	12	13	14	15	16	17	18	19	20	21	22	23	24	Total
Absences Accrued Under New Policy		1	1	1	2	2	2	2	2	2	2	2	2	New: 21 days
Absences Accrued Under the Old Policy		1	1	1	1	1	1	2	2	2	2	2	2	Old: 18 days

Note: Member was not disadvantaged by the new policy implementation.

(4) **Scenario 4.** An RC Member was mobilized under reference (d) §12302 for 24 months from 15 December 2008 to 30 November 2010. The member was extended on active duty under reference (d) §12301(d) from 1 December 2010 to 31 December 2011. Member was mobilized again under reference (d) §12302 for

24 months from 1 January 2012 to 31 December 2013. All mobilizations and active duty time are in the United States.

Calculation (combination of old and new policies) - PDMRA days would be calculated under the old policy until 30 September 2011. The first 12 months of the first mobilization qualified the member to accrue PDMRA days under the old policy. The member began accumulating PDMRA days as of the 13th month of the first mobilization. From December 2009 to May 2010, member accrues 1 PDRMA day per month. From June 2010 through 30 November 2010, member accrues 2 days. Member accrues 18 days of PDMRA. Member does not qualify for PDMRA accrual while on active duty under reference (d) 12301(d) orders, 1 December 2010 to 31 December 2011. Members current mobilization under reference (d) \$12302 is pursuant to the new policy as the member was not mobilized under a qualifying section of reference (d) at the time of policy change, 1 October 2011. The member's initial 24-month (reference (d) \$12302) mobilization, from December 2008 to November 2010, is considered the qualifying mobilization under the new policy as it occurred within 72 months of the first day of the member's current mobilization. As member is mobilized in the United States from January 2012 to December 2013, the member does not qualify for PDMRA accrual. Member earns no PDMRA days for current mobilization. Member is awarded 18 days of PDMRA for his 2008-2010 mobilization.

	Prior	Dec09	Jan10	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	
Cumulative Mob Months	12	13	14	15	16	17	18	19	20	21	22	23	24	Total
Absences Accrued Under Old Policy		1	1	1	1	1	1	2	2	2	2	2	2	Old: 18 days
	Dec10- Dec11	Jan12	Feb	Mar	Apr	May	Jun	July	Aug	Sep	Oct	Nov	Dec	
Absences Accrued Under the New Policy	0	0	0	0	0	0	0	0	0	0	0	0	0	New: 0 days.

4. **Authorization.** Members undergoing demobilization processing at Navy mobilization processing sites (NMPS) shall be screened for PDMRA eligibility by the supporting PERSUPP DET. Members should provide documentation (as needed) or PERSUPP DETs may

access Navy-Marine Corps Mobilization Processing System data to assist in validation and computation of accrued PDMRA time. Appropriate forms of documentation for use in establishing an entitlement for PDMRA include, but are not limited to, previous mobilization orders, travel claims, temporary duty orders, fitness reports and evaluations listing mobilization dates, deployment awards, personal summary record, and officer data card updates. Due to the variety of sources, officers-in-charge of PERSUPP DETs and NMPS sites are authorized discretion in determining the validity of mobilization documents. Members with periods of involuntary mobilization in another armed service will be required to provide supporting documentation.

5. Additional Guidance

a. Current practices allow members who have been on consecutive sets of mobilization orders to bank their PDMRA days until the member leaves active duty. Many of these members have been on active duty for multiple years under varying sections of reference (d). Except for members who meet requirements contained in paragraph 3, there is no authority to authorize members to bank PDMRA days. Any members who start a qualifying mobilization after the publication date of this MILPERSMAN article must use any accrued PDMRA days at the end of their active mobilization, even if member receives follow-on non-mobilization (reference (d) §12301(d)) orders. Members who receive extensions that are issued under the same section of reference (d) as the initial mobilization are to use any accrued PDMRA days at the end of the extension.

b. Members will be afforded the opportunity to use their PDMRA days prior to completion of their demobilization and deactivation processing and termination of orders. RC members may be extended on their current mobilization orders, provided the period of mobilization does not exceed designated limits in law applicable to the authority under which the member was mobilized.

(1) In unusual cases where members are not afforded the opportunity to use their PDMRA days, an exception may be made to the "banking" policy and members may take all earned PDMRA days at the end of their final demobilization. All possible actions should be taken to afford members the ability to take their PDMRA days at the end of the mobilization in which the member earned the PDMRA days.

(2) Under the new policy, RC members do not accrue PDMRA days during the time that mobilization orders are extended for the purpose of utilizing PDMRA days.

c. RC members who are Federal, State, or local civilian Government employees may be precluded by law from being paid by two Government entities for simultaneously serving in a RC status and in their civilian Government jobs. This provision would prevent them from returning to civilian Government employment during the period of PDMRA use. RC members who are Federal, State, or local civilian Government employees may elect, at the beginning of mobilization, to receive monetary compensation in lieu of PDMRA days. For this purpose, monetary compensation would be valued at a rate of \$200 for each day of PDMRA that would have been authorized. Additionally, an RC member who is a Federal, State, or local civilian Government employee may elect, before days are earned, to receive monetary compensation in lieu of a portion of PDMRA days earned and receive administrative absence for the remainder of the PDMRA days earned.

d. All RC members who are Federal, State, and local civilian Government employees will be issued, by NMPS and PERSUPP DETs upon initial mobilization processing, a standard NAVPERS 1070/613 as part of the personnel and pay gains processing prior to training and deployment as a means of documenting the member's choice of PDMRA days, monetary compensation, or a combination of both. The document will be retained by NMPS and PERSUPP DET for use during demobilization processing and a copy will be provided to the member. NAVPERS 1070/613 should contain the following statement:

I, _____ (name) _____ (rank), acknowledge that RC Service members who are also Federal, State, or local Governmental civilian employees are not permitted to receive their civilian pay while on active duty utilizing accrued post deployment/mobilization respite absence (PDMRA). In the event that PDMRA days are earned as a result of this mobilization, I elect to receive:

_____ PDMRA days
_____ Monetary compensation at the rate of \$200/day
_____ A combination of PDMRA days and monetary compensation, as explained below: _____

I acknowledge that the election to receive monetary compensation in lieu of administrative absence days must be made in advance of earning PDMRA days. Days earned may not be cashed in for monetary compensation after the fact.

Signature and Date

RC members who have already completed initial mobilization processing and are currently mobilized may elect to receive monetary compensation in lieu of PDMRA days, but must state that intention in writing and provide written documentation to the mobilizing NMPS and PERSUPP DET. In the absence of advance notice, monetary compensation cannot be awarded in lieu of PDMRA days. The date of election must be provided on any document submitted to NMPS and PERSUPP DET, otherwise monetary compensation will not be awarded. There is no authorization to back date any documents associated with monetary compensation.

e. RC members may combine PDMRA days and chargeable pre-separation leave following their demobilization and deactivation processing prior to termination of their mobilization orders. Failure to use approved PDMRA days prior to expiration of mobilization orders will result in loss of the benefit. Only those on mobilizations bridging the policy change may bank their PDMRA days.

f. Under the new policy, RC members who are placed in a MEDHOLD status pending resolution of medical issues related to

their mobilization duty will be converted to a voluntary active duty status under the authority of reference (d) §12301(h). That conversion will terminate accrual of PDMRA days as the orders are no longer qualifying orders. PDMRA days accrued prior to MEDHOLD status may be used prior to separation using criteria established in paragraph 5b(1) above.

6. **Court-Martial or Other Adverse Administrative Action.** In the event that a court-martial or other adverse administrative action has been initiated against a mobilized RC member, the accrual of creditable time is suspended, beginning with the day that charges are preferred or adverse administrative action is initiated pending final resolution of the matter. Commanding officers must document the suspension date of creditable time and notify the Office of the Chief of Naval Operations (OPNAV), Pay and Compensation (N130) who will make final determination of PDMRA eligibility pending final resolution. PDMRA days will not be awarded to RC members separated from mobilization under other than honorable conditions.

7. **Loss of PDMRA Days Due to Government Error.** If RC members believe they have lost PDMRA days due to Government error (i.e., miscalculation of days upon return from mobilization), the member may apply to the Board of Corrections for Naval Records for payment of \$200 per day for each day lost. RC members may apply for payment for any period beginning with the inception of the PDMRA program in 2007. Former members, as well as legal representatives of deceased RC members, may apply to the Board of Corrections for Naval Records if it is believed that they or the member represented, are eligible for payment of lost PDMRA days due to Government error. All applications must include documentation showing positive proof of Government error. For more information on the application process go to:

<http://www.donhq.navy.mil/bcnc/bcnc.htm>

MILPERSMAN 1050-280

DEFINITION OF LIBERTY

Responsible Office	CNO (N13)	Phone:	DSN	225-3304
			COM	(703) 695-3304
			FAX	(703) 695-3311

Governing Directive	DOD Directive 1327.5 of 24 Sept 85
------------------------	------------------------------------

1. **Definition: Regular Liberty.** Regular liberty is a routinely authorized absence, at the end of which the member is actually on board or in the location from which the member regularly commutes to work, which lasts from the end of normal working hours on one day to the beginning of normal working hours the next workday.
2. **Definition: Weekend Liberty.** For members whose duty hours follow a traditional American work week, weekend liberty will be from the end of working hours Friday afternoon until the beginning of normal working hours on the following Monday.
3. **Definition: Equivalent Weekend Liberty.** For members who work other schedules, commanding officers will ensure an equivalent weekend liberty, though days of the week may vary.
4. **Maximum Length of Liberty Period.** Except for public holiday weekends or public holiday periods specifically extended by the President, regular liberty periods will not exceed 3 days in length.
5. **Definition: Special Liberty**
 - a. Special liberty is liberty granted outside of regular liberty periods for unusual reasons, such as
 - (1) emergencies,
 - (2) to exercise voting responsibilities of citizenship,
 - (3) for observance of major religious events, requiring the individual to be continuously absent from work or duty, or

(4) for special recognition.

b. Special liberty will normally not exceed 3 days; under certain circumstances, 4 days special liberty may be authorized.

c. Special liberty periods of 3 to 4 days are intended as compensation for

(1) unusually long working hours,

(2) members on-board ship in overhaul away from home port, or

(3) as recognition's for exceptional performance.

6. **Definition: 3-Day Special Liberty.** 3-day special liberty is a liberty period designed to give a servicemember 3 full days absence from work or duty, usually beginning at the end of normal working hours on a given day and expiring with the start of normal working hours on the 4th day, e.g., from Monday evening until Friday morning.

NOTE: When a 3-day liberty embraces only regular liberty time, such as a Saturday and Sunday with a Monday or Friday national holiday, when scheduled work hours are not included, the time off is treated as regular liberty.

7. **Definition: 4-Day Special Liberty.** 4-day special liberty is a liberty period designed to give a servicemember 4 full days absence from work or duty, usually beginning at the end of normal working hours on a given day and expiring with the start of normal working hours on the 5th day, and including at least 2 consecutive non-work days, e.g., from Wednesday evening until Monday morning.

8. **Restrictions on Combining Liberty and Other Absences.** DOD Directive 1327.5 places specific restrictions on combining regular liberty with special liberty and special liberty with leave. Refer to MILPERSMAN 1050-290.

------------------------------------	--------	-----------	-----------------

References	(a) DoD Instruction 1327.06 of 13 August 2013
	(b) Manual for Courts-Martial United States (2012 Edition)

1. Definition of Liberty

a. **Regular Liberty.** Shall not exceed 3 days and shall normally be authorized from the end of normal duty hours on the first day to the beginning of normal duty hours on the following work day (i.e., weekend and federal holiday).

(1) On 2-day weekends, regular liberty shall extend from the end of normal duty hours on Friday until the beginning of normal duty hours on the following Monday.

(2) On 3-day weekends, regular liberty shall include Saturday, Sunday, and the Federal holiday (Monday or Friday).

(3) Only the President may authorize a 4-day weekend in conjunction with a Federal holiday.

b. **Special Liberty.** Liberty granted by a unit's commanding officer (CO) outside of regular liberty periods for special occasions or circumstances. Special liberty may not exceed 4 days, including weekends and holidays.

2. Policy

a. COs shall establish a leave and liberty policy that meets organizational readiness requirements.

(1) Policy shall include a liberty recall policy.

b. COs may grant special liberty for any period of 4 days or less. As an instrument of command management, special liberty is normally granted to persons **not** required

(1) to be physically present to complete unfinished work assignments;

(2) for additional essential work; or

(3) to maintain a level of operational readiness.

3. **Circumstances for Granting Special Liberty.** COs may grant special liberty for

a. compensation for significant periods of unusually extensive working hours;

b. long or arduous deployments or for Service members onboard ships in overhaul away from homeport;

c. duty in an isolated location where normal liberty is inappropriate;

d. special recognition for exceptional performance;

e. compassionate reasons, such as allowing a member to attend a funeral of a family member, or assist a family member(s) with a serious illness/injury; or

f. any other special occasion or special circumstance, as determined by a CO.

4. **Prohibitions, Limitations, and Exceptions to Granting Liberty.** Before granting liberty to a member, COs should follow these prohibitions, limitations, and exceptions:

a. **Restrictions on Combining Periods of Liberty and or Leave:**

(1) Special liberty may not be used in combination with normal liberty, holidays, or other off-duty periods in which the combined period of continuous absence would exceed 4 days.

(2) When special liberty or regular liberty is combined with leave, the member must be physically present at the home station or port when departing and returning from leave. If the member wishes to leave the home station or port and not return

prior to checking out on leave, then the entire period of leave and special liberty will be charged as leave.

b. Restrictions on Combining Periods of Liberty with Temporary Duty (TDY) or Temporary Additional Duty (TAD).

(1) Special liberty may not be authorized at the beginning or end of a period of TDY or TAD for the purpose of extending the period of TDY or TAD per reference (a). This prohibition does not include regular liberty periods which do not result in an extension of the period of TDY or TAD.

(2) Members who would ordinarily be in a regular liberty status may elect to remain at the TDY or TAD site in a liberty status through the end of the regular liberty period.

(3) Similarly, members may elect to travel to the TDY or TAD site prior to the commencement of the period of TDY or TAD in order to be in a liberty status at the TDY or TAD site before commencing the TDY or TAD.

c. Members with Diseases

(1) Do not grant liberty to members under treatment for infectious or contagious diseases while in an infectious stage, except in cases of urgent personal matters.

(2) Before granting liberty to a member with an infectious or contagious disease, the CO should first consult with the member's physician to ensure safety of the public.

5. **Extending Liberty Period.** When a member requests an extension of an authorized liberty period and the time (liberty and extension) exceeds 4 days, that portion exceeding the regular liberty shall be charged to the member's leave account.

6. **When a Public Holiday Falls on Weekend.** Use the rules in the table below to consider Friday or Monday as a holiday when a public holiday falls on a weekend:

WHEN public holiday falls...	THEN ...
on Saturday,	the preceding Friday also will be considered a holiday.
on Sunday,	the following Monday also will be considered a holiday.
within authorized dates of leave,	the holiday is charged as leave.

Note: Personnel not on duty are in a regular liberty status on holidays.

7. **Liberty for In-Port Duty on Holidays.** When possible, grant members liberty following in-port duty on public holidays using the rules in the table below:

WHEN ...	AND ...	THEN ...
this liberty is granted,		it should fall on the first workday following the holiday.
the holiday is a Saturday,	the member has duty on Friday (the federally observed day),	give Monday off as liberty.
the holiday is a Sunday,	the member has duty on Monday (the federally observed day),	give Tuesday off as liberty.

8. **Public Holidays and Dates.** Public holidays are governed by law and will be observed, except when military operations prevent. The following table lists public holidays and the dates they are to be observed:

HOLIDAY	DATE OBSERVED
New Year's Day	1 January
Martin Luther King	the third Monday in January
Presidents Day	the third Monday in February
Memorial Day	the last Monday in May
Independence Day	4 July
Labor Day	the first Monday in September
Columbus Day	the second Monday in October
Veterans Day	11 November
Thanksgiving Day	the fourth Thursday in November
Christmas Day	25 December
Other	when directed by proper authority under law

9. **Depriving Liberty**

a. Subject to reference (b), restriction awarded by courts-martial or at captain's mast (nonjudicial punishment (NJP)) can result in deprivation of liberty.

b. Assignment of extra duties awarded by NJP can result in deprivation of liberty during the hours when the extra duties are performed. Upon completion of the assigned daily extra duties, the member should be granted normal liberty if otherwise entitled to it.

c. Completion of normal daily duties should not be construed as depriving liberty.

APPELLATE LEAVE

Responsible Office	NAMALA	Phone:	DSN	325-0100
			COM	(202) 685-0100

MyNavy Career Center	Phone:	1-833-330-6622
	E-mail:	askmncc@navy.mil
	Web site:	https://my.navy.mil/

1. Policy

a. A Service member who has been awarded dismissal or an unsuspended punitive discharge by court-martial and who has completed all awarded confinement may be placed on appellate leave pending completion of appellate review.

b. A Service member may request voluntary appellate leave or be placed on mandatory involuntary appellate leave. Both types of leave require approval of the officer exercising general court-martial or special court-martial jurisdiction over the Service member.

c. Prior to being placed on voluntary appellate leave, a Service member must be transferred to the appropriate transient personnel unit or military processing facility for tracking and appellate leave processing unless all applicable requirements are met. If all requirements are met, the Service member may be assigned directly from confinement.

References	(a) 10 U.S.C. (b) DoD Instruction 5505.14 of 5 April 2022 (c) NAVMED P-117, Manual of the Medical Department (NAVMED) of April 2024 (d) Joint Travel Regulations (JTR) (e) SECNAVINST 5510.30C (f) NAVSUP P-485, Volume II, Naval Supply Systems Command Manual, Supply Ashore (NOTAL) (g) BUPERSINST 1750.10D, Volume 1
-------------------	--

1. **Scope**. Service members sentenced by court-martial to dismissal or an unsuspended punitive discharge, but whose sentence has not yet been approved, may request appellate leave (voluntary) provided all confinement (if any) has been completed. The request may be approved at the discretion of the commander exercising court-martial convening authority (CA) if, in the commander's opinion, the best interest of the naval service would be served by granting the Service member's request. Appellate leave removes such Service members from the physical presence of the command, thus promoting readiness and good order and discipline.

2. **Procedures**. A Service member may not be placed on appellate leave until deoxyribonucleic acid (DNA) is obtained, forwarded, and accepted by the United States Army Criminal Investigation Laboratory (USACIL). If the Service member's appellate leave request has been approved, the following steps must be followed:

Step	Action
1	If convicted of a qualifying military offense or any offense under reference (a), chapter 47, punishable by a sentence with confinement of more than a year (regardless of sentence imposed), ensure a DNA sample is collected, forwarded to, and accepted by USACIL per reference (b).
2	Complete separation physical (including human immunodeficiency virus test) prior to commencement of appellate leave per MILPERSMAN 1900-808 and reference (c), chapter 15.
3	<p>Offer Service member appropriate treatment prior to separation if diagnosed with substance or alcohol use disorder per MILPERSMAN 1910-232.</p> <p>NOTE: If Service member accepts treatment, appellate leave may not commence until treatment is completed or terminated. Ensure Service member's acceptance or non-acceptance is documented and signed on a NAVPERS 1070/613 Administrative Remarks via the Navy Standard Integrated Personnel System (NSIPS) and submitted per MILPERSMAN 1070-320 for inclusion in Service member's official military personnel file (OMPF) as a "permanent" entry citing this article as the authority.</p>
4	Ensure Service member understands that transportation to selected leave address will be at his or her own expense.
5	<p>Counsel Service member on right to petition the Naval Clemency and Parole Board.</p> <p>Use DD 2715-3 Prisoner Restoration/Return to Duty, Clemency and Parole Statement (sections 1 and 2 dealing with restoration and clemency) available at:</p> <p>https://www.esd.whs.mil/Portals/54/Documents/DD/forms/dd/d2715-3.pdf</p>

Step	Action
6	<p>Counsel Service member regarding shipment of personal property and or household goods (HHG). Eligible Service members must submit a written request to the general court-martial convening authority (GCMA) or special court-martial convening authority for approval per reference (d). Property should not be transferred to a Navy storage facility.</p> <p>For Service members stationed in the continental United States (CONUS) without dependents, HHG shipment is not authorized under reference (d).</p> <p>For Service members with dependents stationed in CONUS, travel and HHG shipment may be authorized at the discretion of the CA if deemed in the best interest of the Service member, or the Service member's dependents, and the United States per reference (d).</p> <p>For Service members stationed outside CONUS, dependents' travel and HHG shipment will be authorized or approved to the home of record when the GCMA determines such to be in the best interest of the Government per reference (d).</p>
7	Revoke Service member's security clearance per reference (e).
8	<p>Confiscate all property of the Government issued to Service member, except one overcoat (if needed) per reference (f), paragraph 25940. Reference (f) may be accessed via Naval Logistics Library common access card-enabled Web site at https://login.navsup.navy.mil/my.policy</p>
9	Confiscate identification (ID) card(s) of Service member and his or her dependents.
10	Issue new ID cards to Service member and eligible dependents with an expiration date of 6 months from date of issue. Successive cards may be reissued for up to 3 months until discharge is effected. Contact Navy and Marine Corps Appellate Leave Activity (NAMALA) per reference (g).
11	<p>Have Service member read, initial, and sign NAVPERS 1050/3 Appellate Leave Statement of Understanding.</p> <p>The original copy must be retained at the processing office. Provide a copy to the Service member.</p>

Step	Action
12	Verify Service member's electronic service record (ESR) and OMPF for completeness and accuracy to include verification of Record of Emergency Data and Dependency Application located in NSIPS and OMPF. Ensure Service member's group life insurance is updated (if necessary). Make appropriate entry to document completed action.
13	Provide Service member with printed copy of the NAVCOMPT 3065 Leave Request/Authorization (electronic leave printed from NSIPS).
14	<p>Per reference (a), ensure appropriate reduction in pay grade entry is entered in NSIPS ESR and forward signed NAVPERS 1070/607 Court Memorandum to Service member's OMPF.</p> <p>If Service member is awarded reduction in pay grade to E-1 at court-martial, guidance under reference (a), section 857, article 57, will be followed.</p> <p>If Service member is not awarded reduction in pay grade at court-martial or is reduced, but to a pay grade higher than that of E-1, guidance under reference (a), section 858a, article 58(1), will be followed.</p>
15	<p>Update NSIPS transient tracking on Service member (as applicable). This may include:</p> <ul style="list-style-type: none">• Transient - General (e.g., account category code (ACC), ACC effective date, transient tracking code, etc.);• Legal Information (disciplinary action, confinement, appellate leave information); and• Remarks (as appropriate).
16	<p>Change ACC to 393.</p> <p>NSIPS activities use transient tracking to change ACC to 393. To change duty status code (DSC) to 136, submit NSIPS e-leave transaction.</p> <p>NSIPS activities use "leave," "leave create," and "absence type R (start appellate leave)," and input 300 days into NSIPS per reference (h), paragraph 10261. If the Service member requests to be paid for all accrued leave, terminate all pay and allowances (including selected reenlistment bonus payments), refer to reference (h), paragraph 10261.</p>

Step	Action
17	<p>Drop Service member from Navy's strength. All personnel placed on appellate leave (mandatory or voluntary) will be administratively dropped from Navy strength at the time appellate leave is executed, without regard to status of the CA's action.</p> <p>NSIPS activities use "losses", "admin loss", "use", "admin loss - create"; after this is released, DSC will change from 136 to 143 (active duty, admin punitive discharge, drop from strength).</p>
18	<p>See MILPERSMAN 1050-330.</p> <p>NOTE: If CA action is not received within 120 days of court-martial sentence, initiate tracer action via message to the CA, with follow-up tracer every 30 days thereafter. Include immediate superior in command, Office of the Judge Advocate General, and NAMALA on second and subsequent tracer actions.</p>

MILPERSMAN 1050-340

MANDATORY (INVOLUNTARY) APPELLATE LEAVE

Responsible Office	NAMALA	Phone: DSN COM	325-0101 (202) 685-0101
---------------------------	--------	-------------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) 10 U.S.C. (b) DoD Instruction 5505.14 of 5 April 2022 (c) NAVMED P-117, Manual of the Medical Department (d) Joint Travel Regulations (JTR) (e) SECNAVINST 5510.30C (f) NAVSUP P-485, Volume I, Naval Supply Systems Command Manual, Operational Forces Supply Procedures (NOTAL) (g) BUPERSINST 1750.10E (h) Navy DJMS Procedures Training Guide
-------------------	--

1. **Discussion.** Once the convening authority (CA) has approved an unsuspended punitive discharge or dismissal and all confinement (if any) has been completed, the Service member may be placed on mandatory (involuntary) appellate leave by the officer exercising court-martial jurisdiction over the Service member. In most circumstances, appellate leave is appropriate; however, the following factors should be considered prior to directing mandatory (involuntary) appellate leave:

- a. The quality of the Service member's service;
- b. The type and severity of offense(s);
- c. The commanding officer's recommendation (if applicable);
- d. The staff judge advocate's and legal officer's recommendations;

e. Whether the Service member has demonstrated a likelihood of productive and beneficial service to the Navy by remaining on active duty pending appellate review;

f. Any hardship or other adverse consequences which the Service member may experience, if required to take mandatory (involuntary) appellate leave;

g. Any other pertinent information the Service member considers appropriate; and

h. The best interest of the Service.

2. **Procedures.** A Service member may not be placed on appellate leave until deoxyribonucleic acid (DNA) is obtained, forwarded, and accepted by the United States Army Criminal Investigation Laboratory (USACIL). Follow the steps below if mandatory (involuntary) appellate leave is directed:

Step	Action
1	If convicted of a qualifying military offense or any offense per reference (a), chapter 47, punishable by a sentence with confinement of more than a year (regardless of sentence imposed), ensure a DNA sample is collected, forwarded to, and accepted by USACIL per reference (a), section 1565, and reference (b).
2	Complete separation physical (including human immunodeficiency virus test) prior to commencement of appellate leave. See MILPERSMAN 1900-808 and reference (c).
3	Offer Service member appropriate treatment prior to separation if diagnosed as drug and or alcohol dependent (see MILPERSMAN 1910-232). NOTE: If Service member accepts treatment, appellate leave cannot commence until treatment is completed or terminated. Ensure Service member's acceptance or non-acceptance is documented and signed on a NAVPERS 1070/613 Administrative Remarks. The NAVPERS 1070/613 must be marked "permanent," this article cited as the "authority", and submitted to the Service member's servicing transaction service center and personnel office for recording into Navy Standard Integrated Personnel System (NSIPS) and submission to the official military personnel file (OMPF).

Step	Action
4	Counsel Service member on right to petition the Naval Clemency and Parole Board. Use DD 2715-3 Prisoner Restoration/Return to Duty, Clemency and Parole Statement (section 1 (restoration/return to duty) and section 2 (clemency)). Forward a hard copy of the document as an attachment to the Service member's appellate package.
5	<p>Counsel Service member regarding shipment of personal property and or household goods (HHG). Eligible Service members must submit a written request to the general court-martial convening authority (GCMCA) or special court-martial convening authority for approval per reference (d). Property should not be transferred to a Navy storage facility.</p> <p>For Service members stationed in continental United States (CONUS) without dependents, HHG shipment is not authorized per reference (d).</p> <p>For Service members with dependents stationed in CONUS, travel and HHG shipment may be authorized at the discretion of the CA if deemed in the best interest of the Service member, or the Service member's family, and the United States. See reference (d).</p> <p>For Service members stationed outside CONUS, dependents' travel and HHG shipment will be authorized or approved to the home of record when the GCMCA determines such to be in the best interest of the Government per reference (d).</p>
6	Revoke Service member's security clearance per reference (e).
7	Confiscate all property of the Government issued to Service member per reference (f), chapter 1, section 1226. Reference (f) may be accessed via Naval Logistics Library common access card-enabled Web site at https://login.navsup.navy.mil/my.policy
8	Confiscate Uniformed Services identification (ID) card(s) of Service member and dependent(s).
9	Issue new Uniform Services ID cards to Service member and dependents with an expiration date of 6 months from the date of issue. Successive cards may be reissued for up to 3 months until discharge is affected. Contact Navy and Marine Corps Appellate Leave Activity (NAMALA) per reference (f).

Step	Action
10	Have Service member read, initial, and sign NAVPERS 1050/3 Appellate Leave Statement of Understanding. The original must be submitted for inclusion in the Service member's appellate package, with a copy retained at the processing office and a copy provided to the Service member.
11	Verify Service member's NSIPS Electronic Service Record (ESR) completeness and accuracy to include verification of DD 93 Record of Emergency Data located in NSIPS. Ensure Service Member's Group Life Insurance is updated (if necessary).
12	Provide Service member with printed copy of NAVCOMPT 3065 Leave Request Authorization (electronic leave printed from NSIPS). Forward a hard copy as an attachment to the Service member's appellate package.
13	Per reference (a), chapter 47, ensure appropriate reduction in pay grade entries are entered in NSIPS ESR. If Service member is awarded reduction in pay grade at court-martial, utilize reference (a), section 857, article 57.
14	Per reference (h), update NSIPS transient tracking on Service member (as applicable). This may include: <ul style="list-style-type: none"> • Transient - General (accounting category code (ACC), ACC effective date, transient tracking code, etc.); • Legal Information (disciplinary action, confinement, appellate leave information); and • Remarks (as appropriate).
15	Contact NAMALA for procedures to attain permanent change of station orders for Service members being placed on appellate leave. NAMALA and responsible units will make the necessary loss entries.
16	Per reference (h), change ACC to 393 (non-pay status) after Service member's requested regular leave is complete, if applicable.
17	Upon receipt of appellate package and applicable items listed within steps 1-16 above, NAMALA will process the individual appellant's assignment.

MILPERSMAN 1050-410

CONSECUTIVE OVERSEAS TOUR (COT) AND IN-PLACE CONSECUTIVE OVERSEAS TOUR (IPCOT) LEAVE TRAVEL ENTITLEMENT POLICY

Responsible Office	OPNAV (N130)	Phone: DSN COM E-mail:	664-5475 (703) 604-5475 NXAG N130C@navy.mil
---------------------------	-----------------	------------------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) NAVSO P-6034 Joint Travel Regulations (JTR) (b) DoD Instruction 1327.06 of 16 June 2009 (c) DoD Instruction 1315.18 of 28 October 2015
-------------------	--

1. **Purpose**. Per references (a) through (c), this article provides detailed guidance on eligibility, criteria, and execution of consecutive overseas tour (COT) and in-place consecutive overseas tour (IPCOT) entitlements.

2. **Policy**. Service members stationed outside the continental United States (OCONUS) who are ordered to a consecutive tour of duty at the same duty station or reassigned permanent change of station (PCS) to another overseas duty station may be paid travel and transportation allowances in connection with authorized leave from their last duty station. Such allowances may also be payable to command-sponsored dependents at both the current and new permanent duty station (PDS) for the tour length prescribed per reference (a), AP-TL-01, Tour Lengths and Tours of Duty Outside Continental United States (OCONUS) and Navy specified prescribed sea tours (PST) per [MILPERSMAN 1301-110](#), [MILPERSMAN 1300-308](#), and current sea-shore flow NAVADMIN.

3. **Definitions**

a. **COT** - the PCS of a Service member from one overseas PDS to another overseas PDS.

(1) **Inter-theater COT** - PCS reassignment between theaters (e.g., from the Pacific to the European theater).

(2) **Intra-theater COT** - PCS reassignment within a particular theater (e.g., from Germany to Spain).

b. **IPCOT** - Prescribed tour following the completion of an initial OCONUS tour, including voluntary extensions, in which a Service member agrees to serve at the same PDS for which no PCS movement is normally involved.

c. **Authorized Destination** - The Service member's home of record (HOR) or an alternate place to which transportation is no more expensive than to the HOR. If transportation to the selected alternate place is more expensive than transportation to the HOR, the Service member is financially responsible for the additional cost, unless transportation to the more expensive alternate place is authorized or approved by the Office of the Chief of Naval Operations (OPNAV), Military Pay and Compensation Policy Branch (N130C).

d. **COT Tour Waivers** - Tour lengths for COT may be waived if the Service member has served at least the equivalent of two unaccompanied tours. At a minimum, Service members should complete the equivalent of an unaccompanied tour on the initial tour for consideration of a waiver. Per reference (c), there is no authorization to waive the tour length for IPCOT. Service members must complete the full tour and be detailed for a follow-on full tour. COT tour-length waivers are only authorized by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4).

4. **Relationship to Overseas Tour Extension Incentives (OTEIP)**. COT leave entitlement is earned when a Service member is assigned back-to-back complete Department of Defense (DoD) tours and or PST, including extensions. In addition to COT entitlements, OTEIP entitlements are earned for extensions of at least 12 months beyond the assigned tour.

5. **Criteria.** Criteria in the table below entitles a Service member to COT leave travel.

When...	and is ordered to...	then the Service member...
the Service member is stationed OCONUS,	PCS from one PDS OCONUS to another PDS OCONUS involving two standard tour lengths, Secretary of the Navy (SECNAV) tour lengths, or an IPCOT involving two standard tour lengths,	is authorized COT leave travel.

Note: If a Service member is transiting through CONUS from the old OCONUS PDS to the new OCONUS PDS, COT leave normally will be taken between the OCONUS tours, unless deferred.

6. **Execution.** Unless COT travel is deferred by NAVPERSCOM, Enlisted Distribution Division (PERS-40CC) (for enlisted) or NAVPERSCOM Distribution Management and Procedures Branch (PERS-451) (for officers), the following rules will apply to execution of COT leave travel:

If Service member's HOR is in the Continental United States (CONUS) ...	then...
the Service member and or dependent is eligible for COT leave, and is executing a PCS between OCONUS PDSs,	the Service member and or dependent must take COT leave en route to the new PDS via an authorized destination.
the Service member and or dependent is eligible for COT leave, and is executing a PCS between OCONUS PDSs, with temporary duty in CONUS in connection with the PCS,	the Service member and or dependent must take COT leave en route to the new PDS via an authorized destination and (for Service member) temporary duty location in CONUS.
If Service member's HOR is OCONUS ...	then ...
	COT leave is taken in connection with PCS or Service member may elect to defer. NAVPERSCOM approval or authorization is not required.

7. **Deferment of COT Leave Travel**

a. Deferment of COT leave travel will only be authorized or approved by PERS-40CC (for enlisted) or PERS-451 (for officers) prior to a Service member's travel. Enlisted personnel must submit request for deferral to PERS-40CC via [MyNavy Portal](#) or via e-mail to MyNavy Career Center at: askmncc@navy.mil. Officers must submit their request for deferral to their cognizant detailer who will forward the request to PERS-451 for approval.

b. COT leave travel may be deferred for operational reasons, school aged children education (kindergarten through 12th grade), and medical issues that preclude a Service member or dependent from taking COT leave between the tours OCONUS and in connection with PCS travel (if any).

c. When the Service member is required to traverse CONUS in connection with PCS, requests for deferred leave travel must be forwarded to:

- (1) PERS-40CC for enlisted personnel, and
- (2) PERS-451 via cognizant detailer for officers.

d. Any disapproval for an officer or enlisted COT deferral request will be reviewed by PERS-451 for a final determination.

e. Service members are encouraged to work with their detailers and commands to coordinate detachment dates that match with their preferred COT travel to avoid deferment.

8. **Deferment When Not Traversing CONUS**

a. Service members must be approved by NAVPERSCOM for deferral when not traversing CONUS.

b. Deferred COT leave travel must be performed prior to the completion of the new tour, unless deferral was due to Service member's assignment to a contingency operation.

9. **IPCOT**. Completion of an initial overseas tour, including voluntary extension(s).

a. The full DoD area tour or PST must be completed before leave travel entitlement accrues.

b. Additionally, Service members must be assigned a full follow-on DoD area tour or PST.

c. IPCOT leave is automatically deferred, unless PCS travel is involved.

d. If PCS travel is involved, see subparagraph 6c above for deferral request.

e. Unless deferred due to duty in connection with a contingency operation, IPCOT leave travel must be performed prior to the end of the new tour, otherwise the entitlement expires.

10. **Dependent COT Leave Travel.** Requests for deferred COT leave in connection with delayed-dependent travel must be forwarded to OPNAV (N130C) for approval. Rules for COT leave travel are provided in the table below:

When ...	then ...
dependents are eligible for COT leave travel,	they may travel with Service member at the time Service member is granted COT leave travel, or travel independently. Note: When a Service member begins a consecutive tour of duty at the same PDS or reports to his or her new OCONUS PDS, COT leave must be taken prior to the end of the new tour.
COT leave travel is deferred,	dependent PCS travel is limited to direct travel between old and new PDSs.
dependents leave travel in connection with an IPCOT is deferred,	cost limit of COT leave (when taken) is described in reference (a).

11. **Cost Limits of COT Leave Travel.** Dependents may begin PCS travel after receipt of PCS orders by the Service member. Cost limits for dependent travel are specified in paragraph 10 (table) below:

When...	and...	then...	and...
dependents PCS travel has begun,	a COT leave travel is performed,	cost limit of travel entitlement is prescribed per reference (a).	
there is no PCS, but rather a new tour at the same PDS, (i.e., an IPCOT with or without a change of activity or unit identification code),		COT leave travel entitlement for dependents must not begin until the Service member completes first prescribed accompanied-by-dependents area tour,	must be performed prior to the end of the tour for which COT leave was earned. Cost to the Government is limited to round-trip transportation to and from the authorized destination.

12. Travel Exceeding HOR Distance

a. If transportation to the selected alternate place is more expensive than transportation to the HOR, Service members are financially responsible for the additional cost, unless that transportation is authorized by OPNAV (N130C). COT leave-travel requests to more expensive, alternate places than HOR must be submitted to OPNAV (N130C) by e-mail attachment to: NXAG N130C@navy.mil.

b. Authorization may be granted for unusual circumstances by OPNAV (N130C) (e.g., Service member's old and new PDS and HOR are in the same geographic location, travel to HOR in conjunction with PCS via a designated place in the same location, etc.).

c. Requests must be submitted and authorization received prior to Service member's travel.

d. Requests must include:

- (1) Service member's request (including city, state, and country of HOR),
- (2) Actual or acting commanding officer's endorsement,
- (3) PCS orders,

(4) Signed, witnessed, and dated official NAVPERS 1070/602 Dependency Application, located in Navy Standard Integrated Personnel System (NSIPS), and [DD 93](#) Record of Emergency Data; and

(5) [DD 4](#) Enlistment/Reenlistment Document Armed Forces of the United States for enlisted personnel or [NAVPERS 1070/74](#) Report of Home of Record and Place from Which Ordered to Active Duty, for officers.

13. **Common COT and IPCOT Disqualifiers**

a. Service members on a 12-month unaccompanied tour to a funded environmental and morale leave (FEMLE) location who extend for a second consecutive 12-month tour are only eligible for one funded-leave transportation program. The Service member may take either COT leave or FEMLE, but not both.

b. Service member's dependents are not in a command-sponsored status at both the Service member's current and new PDS.

c. Service member does not have sufficient obligated service for the new tour length.

d. Service member did not serve the required tour length, unless waived by PERS-4 or Secretary of the Navy (SECNAV).

e. Service member did not complete initial tour, to include any voluntary extensions, while serving an IPCOT (i.e., Service member transferred more than 60 days prior to the end of prescribed overseas tour, as extended).

f. Service member did not serve a COT or IPCOT (i.e., Service member's ship or unit conducted a homeport or PDS change from OCONUS to CONUS), then was ordered PCS to OCONUS. Therefore, Service member was not authorized COT leave as the previous PDS was CONUS due to the homeport change.

g. Service member and dependents did not receive prior authorization to defer COT while traversing CONUS.

Step	Action
16	<p>Change ACC to 393.</p> <p>NSIPS activities use transient tracking to change ACC to 393.</p>
17	<p>Change duty status code (DSC) to 136, submit NSIPS leave transaction.</p> <p>NSIPS activities use "Leave," "Leave Create," "Absence Type R (Start Appellate Leave)," with days granted 300, as per reference (h), paragraph 10255. If the member requests to be paid for all accrued leave, terminate all pay and allowances including selected reenlistment payments. Refer to reference (h), paragraph 10255.</p>
18	<p>Drop member from strength. All personnel placed on appellate leave (mandatory or voluntary) will be administratively dropped from Navy strength at the time appellate leave is executed without regard to status CA's action.</p> <p>NSIPS activities use "Losses," "Admin Loss," "Use," "Admin Loss - Create." After this is released, DSC will change from 136 to 143 (active duty, admin punitive discharge, drop from strength).</p>

MILPERSMAN 1050-360

PROCEDURES FOR RECALLING A MEMBER FROM APPELLATE LEAVE

Responsible Office	NAMALA	Phone:	DSN	325-0100
			COM	(202) 685-0100
			FAX	325-0606

1. **Enlisted Members**. Follow the steps below to recall an enlisted member from appellate leave for rehearing, resentencing, or restoration to full duty status.

Step	Action
1	Activities holding the rehearing, resentencing, or restoration to duty will issue recall orders in letter format to the member's last known address and provide funding for transportation and travel costs.
2	Request service/health/dental records be forwarded to your command from Navy and Marine Corps Appellate Leave Activity (NAMALA), Washington, DC, or other activity.
3	After receiving service/health/dental records for members attached to NAMALA: <ul style="list-style-type: none">• Submit Enlisted Administrative Return to Strength in Navy Standard Integrated Personnel System (NSIPS) (192 TAC in NES).• Use Transient Tracking in NSIPS to change account category code (ACC) from 393 to 390.• Submit Activity Loss thru NSIPS, transferring member to the command to which the member is reporting to, from appellate leave.• Gaining command/servicing personnel support detachment (PSD) will then submit Activity Gain thru NSIPS.

Step	Action
4	<p>After receiving service/health/dental records for members not attached to NAMALA:</p> <ul style="list-style-type: none"> • Submit Enlisted Administrative Return to Strength in NSIPS (192 TAC in NES). • Use Transient Tracking in NSIPS to change ACC from 393 to 390.
5	<p>If the punishment previously reported has been reduced or set aside by higher authority, and the reduction in punishment affects the member's pay (i.e., paygrade restored, fines or forfeitures returned, etc.):</p> <ul style="list-style-type: none"> • Contact NSIPS Help Desk for guidance on removing previously reported punishment from record and reinstating paygrade. • Diary Message Reporting System (DMRS) activities use NAVPERS 1070/607 (Rev. 12-75), Court Memorandum.
6	<p>If pay and allowances are not affected, make an appropriate NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks entry.</p>

2. **Officers**. Follow the steps below to recall an officer from appellate leave for rehearing, resentencing, or restoration to full duty status.

Step	Action
1	Contact Navy Personnel Command (NAVPERSCOM) for recall orders.
2	<p>Upon arrival of officer, submit:</p> <p>NSIPS activities use Activity Gain.</p>
3	Ensure officer is placed in appropriate ACC.

ACCRUED LEAVE CREDITABLE UPON RETIREMENT

Responsible Office	NAVPERSCOM (PERS-835)	Phone:	DSN COM FAX	882-3246 (901) 874-3246 882-2762
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone: Toll Free	1-866-U ASK NPC	

References	(a) 10 U.S.C. 701 (b) DODI 1327.06 (c) DJMS Procedures Training Guide (DFAS PTG) (d) DODFMR 7000.14-R, Vol. 7A, Ch. 1
-------------------	--

1. Policy

a. Accrued leave, creditable at the time of retirement, is compensable in a lump-sum payment not to exceed 60 days of basic pay. References (a), (b), and MILPERSMAN 7220-340 state that no member can sell back more than 60 days during a military career at the rate in effect the day prior to the date of retirement.

b. If the member is continued on Active Duty upon retirement, the lump-sum payment of accrued leave shall be made upon subsequent release from Active Duty at the rate in effect on the last day of Active Duty.

c. Payment for leave accrued prior to 1 September 1976, which is referred to as saved leave, will include basic pay, basic allowance for quarters, and basic allowance for subsistence. Payment for leave accrued on or after 1 September 1976 will include basic pay only.

2. Absence on Leave at the Time of Retirement

a. Per MILPERSMAN 1050-120, absence on leave at the time of retirement, or transfer to the Fleet Reserve without the necessity of return to the separation site (if desired) should normally be granted when requested to preclude the loss of leave and to minimize accrued leave.

b. If leave without return to the separation site is desired, the member must actually have retirement or transfer to the Fleet Reserve orders in possession and have completed separation processing prior to departure on leave. The retirement or transfer to the Fleet Reserve date must occur following completion of the authorized leave period.

3. **Procedures**. Administrative and disbursing office procedures are contained in references (c) and (d).

CONSECUTIVE OVERSEAS TOUR (COT) AND IN-PLACE CONSECUTIVE OVERSEAS TOUR (IPCOT) LEAVE TRAVEL ENTITLEMENT POLICY

Responsible Office	OPNAV (N130)	Phone: DSN COM E-mail:	664-5475 (703) 604-5475 NXAG N130C@navy.mil
---------------------------	-----------------	------------------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) NAVSO P-6034 Joint Travel Regulations (JTR) (b) DoD Instruction 1327.06 of 16 June 2009 (c) DoD Instruction 1315.18 of 28 October 2015
-------------------	--

1. **Purpose**. Per references (a) through (c), this article provides detailed guidance on eligibility, criteria, and execution of consecutive overseas tour (COT) and in-place consecutive overseas tour (IPCOT) entitlements.

2. **Policy**. Service members stationed outside the continental United States (OCONUS) who are ordered to a consecutive tour of duty at the same duty station or reassigned permanent change of station (PCS) to another overseas duty station may be paid travel and transportation allowances in connection with authorized leave from their last duty station. Such allowances may also be payable to command-sponsored dependents at both the current and new permanent duty station (PDS) for the tour length prescribed per reference (a), AP-TL-01, Tour Lengths and Tours of Duty Outside Continental United States (OCONUS) and Navy specified prescribed sea tours (PST) per [MILPERSMAN 1301-110](#), [MILPERSMAN 1300-308](#), and current sea-shore flow NAVADMIN.

3. **Definitions**

a. **COT** - the PCS of a Service member from one overseas PDS to another overseas PDS.

(1) **Inter-theater COT** - PCS reassignment between theaters (e.g., from the Pacific to the European theater).

(2) **Intra-theater COT** - PCS reassignment within a particular theater (e.g., from Germany to Spain).

b. **IPCOT** - Prescribed tour following the completion of an initial OCONUS tour, including voluntary extensions, in which a Service member agrees to serve at the same PDS for which no PCS movement is normally involved.

c. **Authorized Destination** - The Service member's home of record (HOR) or an alternate place to which transportation is no more expensive than to the HOR. If transportation to the selected alternate place is more expensive than transportation to the HOR, the Service member is financially responsible for the additional cost, unless transportation to the more expensive alternate place is authorized or approved by the Office of the Chief of Naval Operations (OPNAV), Military Pay and Compensation Policy Branch (N130C).

d. **COT Tour Waivers** - Tour lengths for COT may be waived if the Service member has served at least the equivalent of two unaccompanied tours. At a minimum, Service members should complete the equivalent of an unaccompanied tour on the initial tour for consideration of a waiver. Per reference (c), there is no authorization to waive the tour length for IPCOT. Service members must complete the full tour and be detailed for a follow-on full tour. COT tour-length waivers are only authorized by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4).

4. **Relationship to Overseas Tour Extension Incentives (OTEIP)**. COT leave entitlement is earned when a Service member is assigned back-to-back complete Department of Defense (DoD) tours and or PST, including extensions. In addition to COT entitlements, OTEIP entitlements are earned for extensions of at least 12 months beyond the assigned tour.

5. **Criteria.** Criteria in the table below entitles a Service member to COT leave travel.

When...	and is ordered to...	then the Service member...
the Service member is stationed OCONUS,	PCS from one PDS OCONUS to another PDS OCONUS involving two standard tour lengths, Secretary of the Navy (SECNAV) tour lengths, or an IPCOT involving two standard tour lengths,	is authorized COT leave travel.

Note: If a Service member is transiting through CONUS from the old OCONUS PDS to the new OCONUS PDS, COT leave normally will be taken between the OCONUS tours, unless deferred.

6. **Execution.** Unless COT travel is deferred by NAVPERSCOM, Enlisted Distribution Division (PERS-40CC) (for enlisted) or NAVPERSCOM Distribution Management and Procedures Branch (PERS-451) (for officers), the following rules will apply to execution of COT leave travel:

If Service member's HOR is in the Continental United States (CONUS) ...	then...
the Service member and or dependent is eligible for COT leave, and is executing a PCS between OCONUS PDSs,	the Service member and or dependent must take COT leave en route to the new PDS via an authorized destination.
the Service member and or dependent is eligible for COT leave, and is executing a PCS between OCONUS PDSs, with temporary duty in CONUS in connection with the PCS,	the Service member and or dependent must take COT leave en route to the new PDS via an authorized destination and (for Service member) temporary duty location in CONUS.
If Service member's HOR is OCONUS ...	then ...
	COT leave is taken in connection with PCS or Service member may elect to defer. NAVPERSCOM approval or authorization is not required.

7. **Deferment of COT Leave Travel**

a. Deferment of COT leave travel will only be authorized or approved by PERS-40CC (for enlisted) or PERS-451 (for officers) prior to a Service member's travel. Enlisted personnel must submit request for deferral to PERS-40CC via [MyNavy Portal](#) or via e-mail to MyNavy Career Center at: askmncc@navy.mil. Officers must submit their request for deferral to their cognizant detailee who will forward the request to PERS-451 for approval.

b. COT leave travel may be deferred for operational reasons, school aged children education (kindergarten through 12th grade), and medical issues that preclude a Service member or dependent from taking COT leave between the tours OCONUS and in connection with PCS travel (if any).

c. When the Service member is required to traverse CONUS in connection with PCS, requests for deferred leave travel must be forwarded to:

- (1) PERS-40CC for enlisted personnel, and
- (2) PERS-451 via cognizant detailee for officers.

d. Any disapproval for an officer or enlisted COT deferral request will be reviewed by PERS-451 for a final determination.

e. Service members are encouraged to work with their detailers and commands to coordinate detachment dates that match with their preferred COT travel to avoid deferment.

8. **Deferment When Not Traversing CONUS**

a. Service members must be approved by NAVPERSCOM for deferral when not traversing CONUS.

b. Deferred COT leave travel must be performed prior to the completion of the new tour, unless deferral was due to Service member's assignment to a contingency operation.

9. **IPCOT**. Completion of an initial overseas tour, including voluntary extension(s).

a. The full DoD area tour or PST must be completed before leave travel entitlement accrues.

b. Additionally, Service members must be assigned a full follow-on DoD area tour or PST.

c. IPCOT leave is automatically deferred, unless PCS travel is involved.

d. If PCS travel is involved, see subparagraph 6c above for deferral request.

e. Unless deferred due to duty in connection with a contingency operation, IPCOT leave travel must be performed prior to the end of the new tour, otherwise the entitlement expires.

10. **Dependent COT Leave Travel.** Requests for deferred COT leave in connection with delayed-dependent travel must be forwarded to OPNAV (N130C) for approval. Rules for COT leave travel are provided in the table below:

When ...	then ...
dependents are eligible for COT leave travel,	they may travel with Service member at the time Service member is granted COT leave travel, or travel independently. Note: When a Service member begins a consecutive tour of duty at the same PDS or reports to his or her new OCONUS PDS, COT leave must be taken prior to the end of the new tour.
COT leave travel is deferred,	dependent PCS travel is limited to direct travel between old and new PDSs.
dependents leave travel in connection with an IPCOT is deferred,	cost limit of COT leave (when taken) is described in reference (a).

11. **Cost Limits of COT Leave Travel.** Dependents may begin PCS travel after receipt of PCS orders by the Service member. Cost limits for dependent travel are specified in paragraph 10 (table) below:

When...	and...	then...	and...
dependents PCS travel has begun,	a COT leave travel is performed,	cost limit of travel entitlement is prescribed per reference (a).	
there is no PCS, but rather a new tour at the same PDS, (i.e., an IPCOT with or without a change of activity or unit identification code),		COT leave travel entitlement for dependents must not begin until the Service member completes first prescribed accompanied-by-dependents area tour,	must be performed prior to the end of the tour for which COT leave was earned. Cost to the Government is limited to round-trip transportation to and from the authorized destination.

12. Travel Exceeding HOR Distance

a. If transportation to the selected alternate place is more expensive than transportation to the HOR, Service members are financially responsible for the additional cost, unless that transportation is authorized by OPNAV (N130C). COT leave-travel requests to more expensive, alternate places than HOR must be submitted to OPNAV (N130C) by e-mail attachment to: NXAG N130C@navy.mil.

b. Authorization may be granted for unusual circumstances by OPNAV (N130C) (e.g., Service member's old and new PDS and HOR are in the same geographic location, travel to HOR in conjunction with PCS via a designated place in the same location, etc.).

c. Requests must be submitted and authorization received prior to Service member's travel.

d. Requests must include:

- (1) Service member's request (including city, state, and country of HOR),
- (2) Actual or acting commanding officer's endorsement,
- (3) PCS orders,

(4) Signed, witnessed, and dated official NAVPERS 1070/602 Dependency Application, located in Navy Standard Integrated Personnel System (NSIPS), and [DD 93](#) Record of Emergency Data; and

(5) [DD 4](#) Enlistment/Reenlistment Document Armed Forces of the United States for enlisted personnel or [NAVPERS 1070/74](#) Report of Home of Record and Place from Which Ordered to Active Duty, for officers.

13. **Common COT and IPCOT Disqualifiers**

a. Service members on a 12-month unaccompanied tour to a funded environmental and morale leave (FEMLE) location who extend for a second consecutive 12-month tour are only eligible for one funded-leave transportation program. The Service member may take either COT leave or FEMLE, but not both.

b. Service member's dependents are not in a command-sponsored status at both the Service member's current and new PDS.

c. Service member does not have sufficient obligated service for the new tour length.

d. Service member did not serve the required tour length, unless waived by PERS-4 or Secretary of the Navy (SECNAV).

e. Service member did not complete initial tour, to include any voluntary extensions, while serving an IPCOT (i.e., Service member transferred more than 60 days prior to the end of prescribed overseas tour, as extended).

f. Service member did not serve a COT or IPCOT (i.e., Service member's ship or unit conducted a homeport or PDS change from OCONUS to CONUS), then was ordered PCS to OCONUS. Therefore, Service member was not authorized COT leave as the previous PDS was CONUS due to the homeport change.

g. Service member and dependents did not receive prior authorization to defer COT while traversing CONUS.

-------------------	---

1. **General Policy.** This article consolidates and establishes policies per references (a) through (i) for non-chargeable leave entitlements for Service members in connection with a birth or adoption of child dependent(s). Ordinary regular leave requests may be granted in conjunction or sequence with leave authorized herein at the discretion of the Service member's commanding officer (CO) and Service member's available leave balance.

2. **Cancellation.** [NAVADMIN 151/18](#) cancelled MILPERSMAN 1050-420 Adoption Leave, 1050-430 Paternity Leave, and 1050-435 Maternity Leave. This article covers the policies and guidelines of that NAVADMIN in full. For Board for Correction of Naval Records requests related to events that occurred on or before 22 December 2016, historical records of MILPERSMAN articles may be found at Bureau of Naval Personnel (BUPERS) Directives, Printing, and Publications Branch (BUPERS-01).

3. **Covered Service Members.** All Active Component (AC) members, and Reserve Component (RC) members performing active duties or those mobilized for more than 12 consecutive months who are parties to a qualifying event outlined herein.

4. **Definitions**

- a. Birthparent. The parent who physically gives birth.
- b. Qualifying Birth Event (QBE). Any live birth to a Service member or member's spouse or partner. Multiple births occurring within the same 72-hour period will be treated as a single QBE.
- c. Qualifying Adoption (QA). An adoption arranged by a qualified adoption agency per reference (d) for which a Service member is eligible for reimbursement of qualified adoption expenses per reference (h). This event may also include a child who is birthed by another person and legally surrendered to a Service member, member's spouse, or partner (e.g., surrogate; see paragraph 9 of this article for surrogacy guidance).
- d. Maternity Convalescent Leave (MCL). A 6-week, non-chargeable leave period for birthparent Service members commencing the first full day following discharge or release from the hospital (or similar facility) following the QBE. The intent of MCL is for the physical recovery of the member birthparent. During this time the Service member is not subject to command recall. MCL is not authorized for QAs.
- e. Primary Caregiver (PC). Parent designated with the primary responsibility of caring for a child, normally the birthparent.
- f. Primary Caregiver Leave (PCL). A 6-week (42-day), non-chargeable leave period for the designated PC following a QBE or QA.
- g. Secondary Caregiver (SC). The parent not designated as the PC.
- h. Secondary Caregiver Leave (SCL). A 2-week (14-day), non-chargeable leave period for the designated SC following a QBE or QA.

5. **Effective Date.** This article applies to QBEs and QAs occurring on or after 23 December 2016. Paragraph 16 of this article provides amplifying policies for QBEs and QAs that occurred from 23 December 2016 through 22 March 2018.

6. **Designation of PC and SC**

a. Designations of PC and SC, under normal circumstances, should occur 60 days in advance of the expected QBE or QA and must be documented on a permanent [NAVPERS 1070/613](#) Administrative Remarks (commonly known as a page 13). Command administrative offices will maintain a copy and send a copy to Navy Personnel Command (NAVPERSCOM) Records Management Policy Branch (PERS-313) for inclusion into the Service member's official military personnel file.

(1) When generating the page 13, ensure selection of the "Permanent" check box.

(2) The following is a basic template for designating Service members: "I, [Service member], am being designated as [primary/secondary] caregiver for the qualifying [birth event/adoption] that [occurred/is expected] on [date] and will be entitled to [42 days of primary/14 days of secondary] caregiver leave. I understand that this leave is to be executed in a single increment. I understand that I am not to violate leave combination rules as outlined in [MILPERSMAN 1050-010](#) and other leave policies. I further understand that if I fail to commence [primary/secondary] caregiver leave by the expiration date of [Date + 1 year] the leave will be forfeited." A command may add amplifying information as appropriate (e.g. for deferment of leave due to operational requirements as outlined in paragraph 7 of this article).

b. Only one PC and SC will be authorized per QBE and QA.

c. Service members will not be authorized designation as both PC and SC for any single QBE or QA.

d. If dual military, then one Service member will be designated as the PC and the other will be designated as the SC. PC designations will normally be the birthparent for QBEs or the Service member with the least operational assignment for QAs.

e. COs must not deny a birthparent Service member from electing the PC designation.

f. For a non-birthparent Service member to be designated as the PC, the non-military birthparent must be unavailable through circumstances such as, but not limited to: death, ruled medically incapacitated by a competent medical authority, ruled by court as unfit and physical custody given to the military parent, or incarceration. Circumstances outside these must be evaluated and approved by the Service member's CO before PC status is bestowed upon a non-birthparent Service member.

g. A Service member designated as the SC may be redesignated as the PC under the same policies outlined in subparagraph 6f of this article.

h. For children born outside of marriage, the non-birthparent Service member's parentage must be established. Proof of parentage may include, but is not limited to

(1) being listed with consent as a parent on the child's birth certificate or other government issued document,

(2) acknowledgement in writing of an obligation to support the child by court order, or

(3) registration or pending registration in the Defense Enrollment Eligibility Reporting System (DEERS) (normally within 30 days of the birth).

Note: Birthparents are not required to establish proof of parentage.

i. For QAs, the Service member is normally the SC. The Service member may be redesignated as the PC under similar policies outlined in subparagraph 6f of this article.

7. **Deployments**. Designation as a PC or SC is authorized at any time. The following are effects that deployments may have on the execution of PCL or SCL:

a. Currently deployed Service members normally should defer PCL or SCL until completion of the deployment. Execution of PCL or SCL for Service members on a deployment may occur at COs approval based on operational requirements.

b. Service members within 3 months of deploying may:

(1) defer PCL or SCL until completion of deployment; or

(2) upon approval by the CO, and only after being designated as SC, utilize that leave.

c. Deferred PCL and SCL will not count towards the expiration date from the QBE or QA as defined in subparagraphs 14c and 16a of this article.

8. **QBE Limitations**. As briefly defined in subparagraph 4d of this article, MCL is a 6-week non-chargeable leave period for birthparent Service members commencing the first full day following discharge or release from the hospital (or similar facility) following a QBE. It is emphasized that no leave in this article is authorized in cases of stillborn, miscarriage, or where live children are given for adoption, or there is intent for adoption following the birth. These cases fall under regular convalescent leave as prescribed by the primary care physician or medical provider per reference (c).

9. **Surrogacy**

a. Service members are not authorized to be a surrogate.

b. In cases where the Service member's non-member spouse or partner is a surrogate, the Service member will not be authorized PCL or SCL.

c. In cases where the Service member or member's spouse or partner uses a surrogate to acquire children this will be treated as a QA. See paragraph 10 of this article for QA guidance.

10. **QA Guidance**

a. Per references (d), (e), and (h), adoption of a child under 18 years of age may qualify as a QA when arranged by

(1) a State or local Government agency which has responsibility under State or local law for a child placement through adoption;

(2) a nonprofit, voluntary adoption agency which is authorized by State or local law for a child placement through adoption;

(3) any other source authorized by a State to provide adoption placement if the adoption is supervised by a court under State or local law; or

(4) a foreign government or agency authorized by a foreign government for a child placement through adoption in cases which

(a) the adopted children are entitled to automatic citizenship per reference (f); or

(b) a certificate of citizenship has been issued for such children as defined in reference (g).

b. When children are added to a Service member's family via adoption, PC or SC designation may be authorized with corresponding entitlement to PCL or SCL. MCL is not authorized for QAs.

11. **MCL Guidance**. MCL is only authorized for QBEs as defined in paragraphs 4b and 8 of this article.

a. MCL must not be disapproved by a CO.

b. MCL will commence the first full day following the date of the birthparent Service member's discharge or release from the hospital (or similar facility) where the QBE occurred.

c. MCL must be completed before commencing PCL or SCL.

d. MCL is limited to 6 weeks unless additional days are recommended due to a diagnosed condition stated in writing by the medical provider and approved by the Service member's CO. PCL or SCL for birthparent Service members will be reduced day-for-day for any extensions to MCL under this subparagraph.

e. Birthparent Service members executing MCL as defined in this article may, with their physician's concurrence, terminate their MCL status before using all 42 days. Any remaining MCL after this election is forfeited. PCL or SCL is not authorized to be extended if MCL is terminated early. PCL or SCL may commence the first day after the early termination.

12. **PCL Guidance**. A 6-week (42-day), non-chargeable leave period for the designated PC following a QBE or QA.

a. If the birthparent is designated as PC, then the birthparent must complete MCL before commencing PCL.

b. If dual military and the non-birthparent is designated as PC, then both may commence in tandem with birthparent MCL.

c. If a Service member is redesignated to PC from SC under the authority of subparagraph 6g or 6i of this article, then any SCL used at the time of redesignation will be reduced day-for-day from PCL (e.g., Service member used all 14 days of SCL and was redesignated PC due to a COs approved justification in per paragraph 6g or 6i. The Service member can only receive 28 additional days).

(1) This authority is to be used only in deserving cases. It must not be used to alleviate mismanagement of leave balances, as a reward for performance, to authorize leave that would normally be regularly charged leave, or as any other kind of benefit not related to the deserving case of being redesignated from SC to PC to care for children.

(2) The Service member must receive authorization for this election and commence remaining PCL within the time limits detailed in paragraph 14 of this article.

(3) In dual military couple situations where the SC is redesignated to PC due to the other Service member losing PC status under similar conditions outlined in paragraph 6f, 6g, or 6i, PCL is reduced day-for-day for any executed PCL from the originally designated PC Service member. The originally designated PC is not entitled to any additional leave authorized in this article.

13. **SCL Guidance**. A 2-week (14-day), non-chargeable leave period for the SC following a QBE or QA.

a. A birthparent who elects designation as SC must complete MCL before commencing SCL.

b. The non-birthparent designated as SC, then they may commence in tandem with birthparent MCL.

14. **Limitations**

a. Dual military Service members are not authorized to transfer or share MCL, PCL, or SCL days.

b. Each leave period (MCL, PCL, or SCL) must be taken in one increment, i.e., once MCL commences, the Service member must take all 6 weeks consecutively.

c. PCL or SCL that has not started will expire 1 year following a QBE or QA.

d. Unused MCL, PCL, and SCL will be forfeited upon separation from active service.

e. Eligible RC Service members will not be authorized to extend on active duty or active duty orders for the purpose of using MCL, PCL, or SCL. AC Service members may be extended on active duty following a QBE when determined medically necessary by a competent medical authority and if approved for Career Waypoint-Reenlistment pursuant to [MILPERSMAN 1160-140](#) and associated references of that article.

f. Navy-Wide Advancement Examination (NWAE)

(1) MCL is an authorized reason for ordering a substitute exam when the leave does not permit administration on the regularly scheduled NWAE date.

(2) PCL and SCL may be authorized justifications for a late NWAE under and within the guidelines, limitations, and timelines outlined in published exam cycle messages.

g. Physical Fitness Assessment (PFA).

(1) The authorized deferment period from participating in the PFA as listed in reference (i), or any future PFA update begins the first day immediately following completion of MCL.

(2) Utilization of PCL and SCL are not justifications for non-participation in PFAs.

15. **Leave Accrual**. Exceptions to the 60-day maximum carryover of regularly accrued leave, per reference (c) and [MILPERSMAN 1050-070](#), will not be authorized because the use of MCL, PCL, or SCL precluded full use of regular leave. Service members are encouraged to monitor their leave balances and request regular leave prior to using non-chargeable leave days.

16. **Retroactive Period Exceptions.** Service members who experienced a QBE or QA on or after 23 December 2016 to 22 March 2018 are subject to retroactive period exceptions. These eligible Service members are entitled as above with the following authorized exceptions:

a. Remaining PCL or SCL not started will expire 18 months after the QBE or QA. A Service member who cannot commence PCL or SCL by the expiration date must contact OPNAV N130C for guidance.

b. Service members who executed or are executing the 12 weeks of maternity leave under MILPERSMAN 1050-435 must be designated only as PC and will not be authorized additional MCL or PCL days.

c. Service members that are part of a dual military couple may be retroactively designated as a PC or SC per paragraph 6 of this article.

d. Eligible Service members who executed 10 days of paternity leave or 21 days of adoption leave as authorized in previous policies of MILPERSMAN 1050-420 and 1050-430 may be retroactively designated as PC or SC per paragraph 6 of this article. These Service members may be authorized a total of 42 days of PCL or 14 days of SCL, respectively. Such totals may include regular leave executed in conjunction with the paternity or adoption leave. These Service members may request to either execute remaining PCL or SCL or be reimbursed regular leave used in connection with the QBE or QA in an amount not to exceed PCL or SCL limits. Any executed paternity or adoption leave days will count towards the PCL and SCL limits.

(1) Example reimbursement: Service member executed 14 days of leave following a QBE that occurred on or after 23 December 2016 to 22 March 2018 as follows: 10 days of paternity leave; and 4 regular leave days in connection with paternity leave. The Service member is now designated as SC per paragraph 6 of this article. The Service member may request that the 4 days of regular leave be reimbursed to the Service member's leave balance. Upon approval, these charged 4 days of regular leave are reimbursed to the Service member and then the days will be considered part of the 14 days of SCL. Reimbursement is not authorized for days not taken in connection with the QBE or QA.

(2) Example execution: Service member executed 21 days of adoption leave following a QBE that occurred on or after 23 December 2016 to 22 March 2018. The Service member is now designated as PC per paragraph 6 of this article. The Service member may request to execute PCL. Upon approval, the member may execute the remaining 21 days of PCL. The Service member must start any remaining leave before the 18-month expiration or forfeit the remaining leave under the same guidance of subparagraph 16a.

e. Service members no longer on active duty as of 22 March 2018 will remain subject to MILPERSMAN 1050-420, 1050-430, and 1050-435. Leave recalculations are not authorized.

f. No waivers or exceptions to policy to the provisions of this section will be accepted or authorized for QBEs or QAs in or after March 2017.

17. **Processing MCL, PCL, and SCL Requests.** MCL, PCL, and SCL must be requested through e-Leave in Navy Standard Integrated Personnel System (NSIPS). Until NSIPS is fully updated to include the MCL, PCL, and SCL options, requests should be selected as "Convalescent" with full annotation in the "comment" section clarifying purpose for leave either MCL, PCL, or SCL. Leave approvers will be responsible for ensuring proper authorized days of MCL, PCL, and SCL outlined in this article are not exceeded. Commands not on e-Leave with NSIPS will manually track MCL, PCL, and SCL until the command begins utilizing e-Leave.

MILPERSMAN 1050-440

ADMINISTRATIVE ABSENCE TO OBTAIN A LEGAL MARRIAGE

Responsible Office	OPNAV (N130C)	Phone:	DSN COM Email	664-5477 (703) 604-5477 NXAG N130C2@NAVY.MIL
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References:	(a) 10 U.S.C. 701 (b) DoD Instruction 1327.06 of 16 Jun 09 (c) USD(P&R) memo of 4 Sep 13 (NOTAL)
--------------------	--

1. **General Policy.** Per reference (a) and policies governing authority to grant administrative absences in reference (b), as clarified in reference (c), commanding officers may grant up to 10 days of administrative absence to obtain a legal marriage to Service Members who are part of a couple that desires to get married, but are assigned to duty stations located more than 100 miles from a U.S. state, the District of Columbia, or any other jurisdiction that allows the couple to be married.

a. Eligible Service Members assigned within the Continental United States (INCONUS) may be granted a maximum of 7 days of administrative absence.

b. Eligible Service Members assigned outside CONUS (OCONUS) may be granted a maximum of 10 days of administrative absence.

c. When both members of a couple are Service Members, each member may be granted the applicable number of days based on his or her individual assignment location.

d. Extension requests of this administrative absence period shall be considered by commands on a case-by-case basis. Absence taken beyond the authorized benefit will be charged to the member's leave account.

e. Administrative absence for marriage may be granted in conjunction with ordinary leave.

2. **Granting Administrative Absence for Marriage.** Commanding officers will determine the appropriate number of days to grant for administrative absence based on travel days, the waiting period associated with state marriage requirements, and command operational requirements.

a. **Travel**

(1) Two travel days will be authorized to members stationed INCONUS and will count towards the 7-day maximum.

(a) Members are authorized to travel to a location of their choice. The number of administrative days authorized will be based on travel and the waiting period for the closest state or jurisdiction that allows the member to be legally married.

(b) Members who live in or within 100 miles of a state or jurisdiction that allows the member to legally marry are not authorized administrative absence under this policy.

(2) Up to 5 travel days will be authorized to members stationed OCONUS and will count towards the 10-day maximum.

(a) For members OCONUS, the number of days authorized, to include travel days, will be at the commanding officer's discretion and based on the member's marriage plans, vicinity to a jurisdiction or country that allows the member to legally marry, and the administrative and legal marriage requirements of that jurisdiction or country.

(b) Commanding officers should use their best judgment to limit the number of travel days where possible (e.g., members stationed in a country that borders a country that allows the member to legally marry, may only need 2 travel days).

(c) Members stationed overseas in a location that allows the member to legally marry, or within 100 miles of such a location, will not be authorized administrative absence under this policy.

b. **State-Mandated Waiting Period**

(1) The waiting period refers to the legally required wait time to obtain a marriage license and or the required wait

time after the marriage license is obtained, but before the marriage may be performed.

(2) The appropriate number of administrative absence days will be granted to meet state- or jurisdiction-mandated waiting period requirements, capping at the 7-day INCONUS or 10-day OCONUS limitation.

(3) Eligible members will complete the state administrative requirements for marriage online or by mail, (where possible) in advance of the administrative absence travel to avoid and or accomplish the state-mandated waiting periods that occur when applying in person.

(4) Commanding officers have the authority to authorize only the appropriate number of days for which the member is required to be present in the state or jurisdiction in which the member is marrying.

(5) Commanding officers will consider unit mission, specific operational circumstances, and Service Member's duties.

3. **Program Administration.** Administrative absence for marriage may be granted only once during the career of a Service Member, regardless of the number of administrative absence days used.

a. Service Members must submit a special request chit (NAVPERS 1336/3 Special Request Authorization) until such time as Navy Standard Integrated Personnel System (NSIPS) e-Leave is updated to facilitate this type of administrative absence. Accompanying the special request chit, members will submit the administrative requirements for the state or jurisdiction in which they are authorized and intending to marry.

b. Administrative absence will be documented in an eligible Service Member's record with a permanent NAVPERS 1070/613 Administrative Remarks (page 13) entry. The signed NAVPERS 1070/613 must be entered into the member's official military personnel file (OMPF). The required language for NAVPERS 1070/613 can be found on the Don't Ask Don't Tell (DADT) Post Repeal Navy Personnel Command Web page at:

http://www.public.navy.mil/bupers-npc/support/21st_Century_Sailor/dadt/Pages/default.aspx

c. Upon return from administrative absence, members are required to provide proof of the new marriage to their command, or the period of absence will be charged as annual leave.

d. If an eligible member elects to go to a state other than the closest state, the member will be authorized the appropriate number of administrative absence days to the closest state, and must take ordinary leave in conjunction to make up the difference in requested days.

e. Eligible members who wish to marry during a permanent change of station (PCS) must request administrative absence from their gaining command prior to executing their orders.

(1) Members executing a PCS to a duty station that allows the member to legally marry, are not eligible for administrative absence under this policy.

(2) Members executing a PCS from a duty station in a state, country, or jurisdiction that does not allow the member to legally marry to a new duty station in a state, country, or jurisdiction that also does not allow the member to legally marry, can be authorized administrative absence enroute. The number of days authorized shall be calculated by the gaining command as if the member was already stationed in the location of the gaining command. For members executing a PCS from an INCONUS duty station that does not allow the member to legally marry to an OCONUS duty station that also does not allow the member to legally marry, or vice versa, the 7-day INCONUS limitation will apply.

MILPERSMAN 1070-020

OFFICER OFFICIAL MILITARY PERSONNEL FILE (OMPF)

Responsible Office	NAVPERSCOM (PERS-313)	Phone:	DSN COM	882-3418 (901) 874-3418
---------------------------	--------------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) DoD Instruction 1336.08 of 13 November 2009 (b) BUPERSINST 1070.27E (c) SECNAVINST 5211.5F (d) SECNAVINST 5720.42G
-------------------	---

1. **Policy.** The officer Official Military Personnel File (OMPF) is maintained per references (a) and (b) and contain documents which reflect on the character, performance, professional qualifications and fitness of Service members. For Service members who are serving or have served in a dual-officer enlisted status, the officers' OMPF may contain both officer and enlisted documents as deemed necessary by Commander, Navy Personnel Command (COMNAVPERSCOM). The OMPF is maintained in the Electronic Military Personnel Records System (EMPERS) at Navy Personnel Command (NAVPERSCOM).

2. **Security of Personnel Records**

a. Personnel records are designated "Controlled Unclassified Information" and information will be divulged from these official personnel records only under references (c) and (d). In any area where these directives conflict, reference (c) will apply. Personnel records must be safeguarded against loss and access by unauthorized persons.

b. Personnel records are the property of the United States Government and not of the Service member concerned. Entries are made per current directives and only by personnel with proper authorization.

3. **Record Categories.** Documents filed in the officers' OMPF are placed in 1 of 21 categories based on the type of

information in the document. Each category is assigned a unique field code which allows NAVPERSCOM to group or control access to documents by type. Paragraph 3 table outlines the categories of documents filed in the officers' OMPF, refer to reference (b) for specific documents.

Field Code	<u>Categories</u>
01	Assignment officer code (currently not used)
02	Photograph (most recent)
03	Fitness reports (including supplementary materials, letters of explanation, and officer statements)
04	Decorations, medals, and awards (e.g., award citations, unit awards, campaign medals, service medals, and marksmanship qualifications)
05	Training and education (e.g., tuition assistance forms, college transcripts, diplomas, language proficiency, Military Service schools, and correspondence course completion certificates)
06	Qualifications (e.g., initial designator or designator change, licenses and or certifications, and Navy Reserve qualification questionnaires)
07	Appointments and promotions (e.g., appointment acceptance and Oath of Office, appointment to the United States Navy (USN) or Navy Reserve, delivery of temporary or permanent appointment, and correction of appointment)
08	Reserve status (e.g., key employee determination, transfer to Standby Reserve, United States Navy Reserve (USNR) termination letters, and miscellaneous USNR correspondence)
09	Service determinations, separation, and retirement (e.g., statements of service, procurement waivers, separation documents, Reserve retirement credit reports, notification of eligibility letter, record of service, and request for conditional release)
10	Miscellaneous professional history (e.g., service agreements, Navy Reserve Officers Training Corps disenrollment and or termination, history of assignments, and administrative remarks)
11	Security (e.g., clearances, classified information nondisclosure agreements, personnel reliability screening, and security termination statements)
12	Emergency data (e.g., record of emergency data, Service members' Group Life Insurance (SGLI) election, SGLI family coverage election, and Reserve Component Survivor Benefit Plan election certificates)

13	Record changes
14	Personal information (e.g., birth certificates, dependency determination letters, evidence of citizenship, casualty reports, home of record, Thrift Savings Plan election, and USN illicit behavior screening)
15	Medical boards (e.g., physical evaluation boards, Physical Disabilities Board of Review, Permanent Disabilities Retired List, and medical board hearings). Information must be in compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) (e.g., must not contain information pertaining to the Service member's health such as prescriptions, test results, diagnoses, and treatment plans)
16	Orders (e.g., orders to Officer Candidate School, active duty, first duty station, inactive duty, active duty for training, recall to active duty, and separation)
17	Adverse and privileged information (e.g., correspondence which is adverse or derogatory in nature, non-judicial punishment, unauthorized absence, court memorandum, punitive letters, Drug and Alcohol Report [formerly known as the Drug and Alcohol Abuse Report], adverse case files (civil conviction/probation report, Family Advocacy Program documents, various board decisions [field boards], detachment for cause or administrative, and in-hands of civil authorities), and prisoner of war data)
18	Enlisted record for officer with prior enlisted service
19	Record requests and or disclosures
91	Sexual offense accountability documents
99	Miscellaneous correspondence

4. Updating the OMPF

a. Personnel offices and or transaction service centers must prepare and forward documents to update the officer OMPF per the document's governing directive and reference (b).

b. Unless otherwise provided in a document's governing directive or the MILPERSMAN, submit documents on a daily basis or as soon as possible thereafter using the "eSubmission" application on Bureau of Naval Personnel (BUPERS) Online (BOL)). For documents that cannot be submitted via the "eSubmission" application or if the "eSubmission" application is not available for an extended period, documents may be mailed per reference (b). Do not include letters of transmittal or explanation.

c. Documents must contain only personal information pertaining to the Service member of record. Third-party personal information (e.g., Social Security number (SSN), home address, phone number, date of birth or place of birth) must be redacted (blacked-out) from all documents prior to forwarding to NAVPERSCOM, unless required by the document's governing directive or otherwise considered essential by the office of primary responsibility.

d. Do not submit "nice to have" or "nonessential supporting documentation." Documents submitted that do not meet retention guidelines per reference (b) will be destroyed.

5. Record Corrections and or Changes

a. An official document submitted to NAVPERSCOM to be filed in the OMPF becomes property of the Department of Navy (DON). Documents filed in a permanent personnel record may not be removed or changed, except for administrative or clerical errors, unless authorized by the Secretary of Navy.

b. Submit OMPF change requests directly to NAVPERSCOM Records Management Policy Branch (PERS-313) if the request meets one of the following scenarios:

(1) The document was filed erroneously (e.g., a document is filed in the wrong record, the document was not signed, or a regulation precludes the document from being filed in the OMPF);

(2) The correction is mandated by regulation;

(3) It is apparent that a clerical error was made within the document (e.g., the officer's branch of Service on the Oath of Office is checked "USN" and their type of duty is checked "Inactive" - this would be an obvious clerical error as one cannot be in an inactive status while serving in the Active Component); or

(4) If a document found in the OMPF is not legible, it may be replaced by attaching a clean readable document to the OMPF change request. This document must be an exact duplicate of the document that it will replace.

c. OMPF change requests submitted to PERS-313 must:

(1) Contain the following documents:

(a) Last name, first name, and SSN of the Service member's record to be corrected;

(b) Identifying information about the document to be corrected to include: form name, form number and digital document identification number for the specific document(s) in question obtained through OMPF "Command View;"

(c) Detailed summary of the requested correction;

(d) Justification for the correction; and

(e) Copies of available documentary evidence that supports the request.

(2) Demonstrate the existence of specific evidence establishing the factual or historical inaccuracy. The burden of proof rests with the submitter. General allegations of error are inadequate.

d. Other requests for correction or removal of documents must be submitted to the Board for Correction of Naval Records per [MILPERSMAN 1000-150](#).

e. A document may be amended or supplemented by correspondence forwarded via official channels.

6. **Record Access and or Review**

a. Access to a record is normally limited to:

(1) The officer concerned,

(2) An agent or representative authorized, in writing, by the officer,

(3) Chief of Naval Personnel (CHNAVPERS),

(4) NAVPERSCOM,

(5) Personnel who are required to review military service records in performance of their official duties,

- (6) Duly convened boards of DON,
- (7) Courts-martial and or,
- (8) Directed by a court order signed by a judge.

b. The detailing function is strictly the responsibility of NAVPERSCOM. Offices or activities must not review records of those officers nominated for assignments or in connection with the detailing process, unless specifically approved by CHNAVPERS, COMNAVPERSCOM, or Assistant COMNAVPERSCOM for Career Management (PERS-4).

7. Documents for Selection Board Review. Documents in the following categories may be provided to selection boards:

- a. Active duty officers (field codes 03 through 10 and [if it exists] 17); or
- b. USNR inactive duty and Training and Administration of the Reserve officers (field codes 03 through 10, 16, and [if it exists] 17).

Note: Secretary of Defense memorandum, "Immediate Actions to Address Diversity, Inclusion, and Equal Opportunity in the Military Services," of 14 July 2020, directed the removal of photographs from consideration by selection boards and other selection processes.

MILPERSMAN 1070-030

CREATING THE OFFICER PERMANENT PERSONNEL RECORD

Responsible Office	NAVPERSCOM (PERS-313)	Phone: DSN COM	882-3418 901-874-3418
---------------------------	--------------------------	-------------------	--------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil
-----------------------------	--	--

1. **Policy.** The activity that delivers the officer appointment will forward documents listed below to Navy Personnel Command (NAVPERSCOM) Officer Accessions and Promotions Branch (PERS-806) for active duty officers or NAVPERSCOM Reserve Officer Status Branch (PERS-911) for reserve officers with the "original" NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office after it is signed and witnessed. After receiving and validating NAVPERS 1000/4, PERS-806 will forward the document to NAVPERSCOM Records Management and Policy Branch (PERS-313) to create the officer official military personnel record (OMPF).

a. A copy of each document will be provided to newly active duty or reserve commissioned officers, including Active Component (AC) to Selective Reserve (SELRES) or Training and Administration of the Reserve (TAR) to SELRES. They will be advised to maintain copies of OMPF documents in their personal files and hand-carry those to their first duty station or Navy Reserve activity in case there are problems establishing new accounts.

b. An officer record will not be created for an officer candidate or Naval Academy or Navy Reserve Officer Training Corps (NROTC) midshipman who is disenrolled from training and not commissioned. Refer to [MILPERSMAN 1070-090](#) for information on creating and or disposition of enlisted records.

2. **Documents Used to Create Record.** The following original or first-copy documents, as applicable, are used to create the permanent personnel record:

Title	Form Number
Officer Appointment Acceptance and Oath of Office (Original)	NAVPERS 1000/4
College transcripts	No Form No.
Program Service Agreements (Officer Candidate School, Aviation Officer Candidate, Nuclear Propulsion Officer Candidate, Naval Flight Officer Candidate, Officer Sea and Air Mariner, Judge Advocate General Corps, Nurse Corps, etc.) (Original)	Various Form No.
Enlistment/Reenlistment Document - Armed Forces of the United States (Original)	DD 4
Administrative Remarks (Originals)	NAVPERS 1070/613
Certificate of Release or Discharge from Active Duty (Copy No. 2)	DD 214
Montgomery GI Bill Act of 1984 (MGIB) (Original)	DD 2366
Notice of Basic Eligibility (NOBE) (Original)	DD 2384-1
Drug and Alcohol Abuse Statement of Understanding (Original)	OPNAV 5350/1 or equivalent NAVCRUIT form
Record of Emergency Data (Original)	DD 93
Dependency Application/Record of Emergency Data (Part II) (Original)	NAVPERS 1070/602 (downloaded from NSIPS)
Department of the Navy Central Adjudication Facility (DON CAF) Security Determinations	No Form No.
Classified Information Nondisclosure Agreement (Original)	SF 312
Officer's Report of Home of Record and Place from Which Ordered to a Tour of Active Duty (Original)	NAVPERS 1070/74

NOTE: All documents listed may not apply to all officers. For officers receiving permanent appointments, ensure the enlisted record is closed-out.

3. **Where to Send Documents**

a. Active duty and TAR officers mail documents to:

NAVY PERSONNEL COMMAND (PERS-806)
5720 INTEGRITY DRIVE
MILLINGTON, TN 38055-8060

b. Reserve officers mail documents to:

NAVY PERSONNEL COMMAND (PERS-911)
5720 INTEGRITY DRIVE
MILLINGTON, TN 38055-9110

c. For former and direct commissioning officer accessions via Navy Recruiting Command, documents will be submitted within Personalized Recruiting for Immediate and Delayed Enlistment Modernization II (PRIDE MOD) via a Navy Reserve officer recruiter.

d. For all active duty or TAR officers transitioning into the SELRES or Individual Ready Reserve, documents will be submitted to NAVPERSCOM Reserve Processing and Affiliation Center Division (PERS-97).

4. **How to Send Documents**

a. Securely fasten documents in a single complete group for each officer with NAVPERS 1000/4 on top. Documents for several officers may be sent in a single mailing envelope or container.

b. When mailing documents containing personally identifiable information, attach the [SF 901 Controlled Unclassified Information Cover Sheet](#) to the inside container or envelope. Double-packaged documents and tracked shipping are both highly recommended.

c. Mark the mailing envelope "OFFICER APPOINTMENT - DO NOT OPEN IN MAIL ROOM."

5. **Inter-Service Transfer.** In the case of inter-Service transfers, Assistant Commander, NAVPERSCOM Career Progression Department (PERS-8) and PERS-911 may provide additional documents from the losing Service's officer record. These documents include performance, awards, education, special qualifications, and military service information for inclusion in the officer permanent personnel record.

MILPERSMAN 1070-080

ENLISTED OFFICIAL MILITARY PERSONNEL FILE (OMPF)

Responsible Office	NAVPERSCOM (PERS-313)	Phone:	DSN COM	882-3418 (901) 874-3418
---------------------------	--------------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) DoD Instruction 1336.08 of 13 November 2009 (b) BUPERSINST 1070.27E (c) SECNAVINST 5211.5F (d) SECNAVINST 5720.42G
-------------------	---

1. **Policy**. The enlisted official military personnel file (OMPF) is maintained per references (a) and (b). The OMPF contains military human resource records (MHRR) which reflect on the character, performance, professional qualifications, and fitness of the member. For members who are serving, or have served, in a dual status, officer and enlisted, the enlisted OMPF may contain enlisted and officer MHRR, as deemed necessary by Commander, Navy Personnel Command (COMNAVPERSCOM). The OMPF is maintained in the Electronic Military Personnel Records System (EMPRS) at Navy Personnel Command (NAVPERSCOM).

2. **Security of Personnel Records**

a. Personnel records are designated "Controlled Unclassified Information (CUI)," and information will be disclosed from these official MHRR only as authorized by references (c) and (d). MHRR must be safeguarded against loss and access by unauthorized persons.

b. MHRR are the property of the United States Government and not of the member concerned. Entries are made per current directives and only by personnel with proper authorization.

3. **Record Categories**. MHRR filed in the enlisted OMPF are placed in one of 18 categories, based on the type of information in the document. Each category is assigned a unique field code, which allows NAVPERSCOM to group and control access to documents

by type. Paragraph 3 table outlines the MHRR categories in the enlisted OMPF.

Field Codes	Categories
30	Procurement - contracts, enlistment, and reenlistment documents (e.g., service agreements and statements of understanding)
31	Classification and assignment - history of assignments (miscellaneous correspondence on classification and assignment)
32	Administrative remarks (entries required for permanent retention)
33	Separation and retirement (e.g., DD 214 Certificate of Uniformed Service, DD215 Correction to DD Form 214/214-1, Certificate of Uniformed Service, statements of service, separation orders, Reserve retirement point credit reports, Reserve Component Survivor Benefit Plan election, casualty reports, miscellaneous separation, and retirement correspondence)
34	Miscellaneous professional service history - (e.g., DD 1966 Record of Military Processing - Armed Forces of the United States, OPNAV 5350/1 Drug and Alcohol Misuse Statement of Understanding, key employee determination, miscellaneous correspondence concerning professional service history)
35	Enlisted performance documents - performance evaluations (e.g., fitness reports, Service member rebuttal, letters of explanation, performance evaluation correspondence)
36	Training and education ((e.g., NAVPERS 1070/881 Training, Education, and Qualification History (generated through Navy Standard Integrated Personnel System (NSIPS)), language proficiency test, college transcript, completion certificates for Military Service schools, and correspondence courses not documented on NAVPERS 1070/881)
37	Decorations, medals, and awards - personal award citations (e.g., NAVPERS 1070/880 Awards Record (generated through NSIPS), entitlement letters, weapon qualification letters)
38	Adverse information (e.g., unauthorized absence, in-hands of civil authorities, court memorandum, punitive letters, Drug and Alcohol Report [formerly known as the Drug and Alcohol Abuse Report], civil conviction/probation report, and adverse case files)
39	Emergency data and beneficiary slips (e.g., Servicemembers' Group Life Insurance documents)

Field Codes	Categories
40	Record changes
41	Security clearances, termination statement, revocations, and classified information nondisclosure agreement
42	Security miscellaneous
43	Medical documents (e.g., physical evaluation boards, Physical Disabilities Board of Review, Permanent Disabilities Retired List, and medical board hearings). Information must be in compliance with the Health Insurance Portability and Accountability Act (HIPAA) of 1996 (e.g., must not contain information pertaining to the Service member's health such as prescriptions, test results, diagnoses, and treatment plans)
44	Record requests, disclosures, and responses
45	Personal information (e.g., Thrift Savings Plan election and U.S. Navy illicit behavior screening)
91	Sexual offense accountability documents
99	Miscellaneous and temporary information

4. Updating the OMPF

a. Commands, personnel offices, transaction service centers, and the MyNavy Career Center Human Resources Service Center (MNCC 30) must prepare and forward MHRR to update the enlisted OMPF per the MHRR governing directive and reference (b).

b. Unless otherwise provided in an MHRR governing directive or the MILPERSMAN, MHRR will be submitted on a daily basis, or as soon as possible thereafter, using the "eSubmission" application on Bureau of Naval Personnel (BUPERS) Online (BOL). For MHRR that cannot be submitted via the "eSubmission" application or if the "eSubmission" application is not available for an extended period, MHRR may be mailed per reference (b). Do

not include letters of transmittal or explanation.

c. If directed by COMNAVPERSCOM, for dual-status members, officer MHRR submitted to NAVPERSCOM per [MILPERSMAN 1611-010](#) or [1611-020](#) must be filed in the enlisted OMPF. These MHRRs must be filed in the OMPF by the NAVPERSCOM office of primary responsibility (OPR). To ensure the MHRR are entered into the appropriate field code, the OPR must stamp the MHRR "Finish File," and annotated "in officer OMPF" or "in enlisted OMPF."

d. MHRR should only contain personal information pertaining to the Service member of record. Unless required by the MHRR governing directive or otherwise considered essential by the OPR, third-party personal information (e.g., Social Security number (SSN), home address, phone number, and date and place of birth) must be redacted from MHRR prior to forwarding to NAVPERSCOM.

e. Nonessential supporting documentation should not be submitted or filed in the OMPF. MHRR submissions will be destroyed when they do not meet retention guidelines per reference (b).

5. **Military Human Resource Record Corrections and or Changes**

a. An official MHRR submitted to NAVPERSCOM to be filed in the OMPF becomes a permanent part of the record. Except for administrative or clerical errors, MHRR filed in the OMPF may not be removed or changed, unless authorized by the Secretary of the Navy.

b. Submit OMPF change requests directly to NAVPERSCOM Records Management Policy Branch (PERS-313) when the request meets one of the following scenarios:

(1) The MHRR was filed erroneously (e.g., an MHRR is filed in the wrong record, the MHRR was not signed, or a regulation precludes the MHRR from being filed in the OMPF);

(2) The correction is mandated by regulation;

(3) It is apparent that a clerical error was made (e.g., Service member received authority to reenlist for 6 years, the reenlistment contract indicates 6 years, but dates provided indicate only a 5-year reenlistment); or

(4) If an MHRR found in the OMPF is not legible, it may be replaced by attaching a clean readable MHRR to the OMPF change request. This MHRR must be an exact duplicate of the MHRR that it will replace.

c. OMPF change request submitted to PERS-313 must contain the following information:

(1) Last name, first name, and SSN of the Service member's record to be corrected;

(2) MHRR to be corrected (to include the digital document identification number for the specific MHRR in question (obtained through OMPF Command View or OMPF My Record));

(3) Detailed summary of the requested correction; and

(4) Justification for the correction and copies of available documentary evidence that supports the request.

Note: The burden of proof rests with the submitter. The request must demonstrate the existence of specific evidence establishing the "factual" or "historical inaccuracy." General allegations of error are inadequate.

d. When an initiating command submits a request for correction to a document in the OMPF, the document and corresponding data must be verified as accurate by the submitting command before changes will be made to the OMPF. The submitting command will verify with BUPERS Data and Information Management Division (BUPERS-072) and NSIPS to ensure the requested correction is accurate and valid. Upon completion of verification, BUPERS-072 will forward the change to PERS-313 for document correction in the OMPF.

e. Document corrections forwarded to PERS-313 will be annotated with the following statement placed on the top of the document: "****Corrected by NAVPERSCOM per _____****"
(insert the authority directing the change in place of the underlined space).

f. Other requests for correction or removal of MHRRs must be submitted to the Board for Correction of Naval Records per [MILPERSMAN 1000-150](#).

g. An MHRR may be amended or supplemented by correspondence forwarded via official channels.

6. **Record Review and or Access**

a. Access to the record is normally limited to the following personnel and or situations:

- (1) The Service member concerned,
- (2) An agent or representative authorized, in writing, by the Service member,
- (3) Chief of Naval Personnel (CHNAVPERS),
- (4) COMNAVPERSCOM,
- (5) Personnel who are required to review military service records in the performance of their official duties,
- (6) Duly convened boards of the Department of the Navy,
- (7) Courts-martial, and or
- (8) Directed by a court order signed by a judge.

b. The detailing function is strictly the responsibility of NAVPERSCOM. Offices or activities must not review records of those Service members nominated for assignments or in connection with the detailing process, unless specifically approved by CHNAVPERS, COMNAVPERSCOM, or Assistant COMNAVPERSCOM for Career Management (PERS-4).

7. **Military Human Resource Records for Selection Board Review.**
MHRRs in field codes 30 through 38 are provided to selection boards.

MILPERSMAN 1070-090

CREATING THE ENLISTED PERMANENT PERSONNEL RECORD

Responsible Office	NAVPERSCOM (PERS-313)	PHONE:	DSN COM	882-3418 (901) 874-3418
---------------------------	--------------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

Reference:	COMNAVCRUITCOMINST 1130.8N
-------------------	----------------------------

1. **Records Creation.** The service record custodians will send the required documents described in the tables below to Navy Personnel Command Records Management Policy Branch (PERS-313) to create or reinstate the permanent personnel record when:

Type of Personnel	Condition	Document Submission Table
Service member	• Initial entry (recruiting);	Table 1
	• Completes Navy veteran/other Service veteran (NAVET/OSVET) indoctrination;	Table 1
	• Enters the Naval Academy Preparatory School (except for fleet personnel); or	Table 1 & Table 3
	• Enters or returns to duty in the Navy or Navy Reserve.	Table 1
Recruit or NAVET/OSVET, before completing training or indoctrination	• Entry-level separation;	Table 1 & Table 2
	• Is declared a deserter; or	Table 1 & Table 2
	• Dies.	Table 1
Officer candidate or Naval Academy midshipman	• Is disenrolled from training and retained in naval service as an enlisted member;	Table 1
	• Is discharged with an entry-level separation; or	Table 1
	• Dies.	Table 1

Table 1:

Form	Title	Notes
DD 4	Enlistment/Reenlistment Document - Armed Forces of the United States	Original
Annex(es)	Various NAVCRUIT forms	If applicable
DD 1966	Record of Military Processing - Armed Forces of the United States	Original
DD 2366	Montgomery GI Bill Act of 1984 (MGIB) (Chapter 30, Title 38 U.S. Code) Basic Enrollment	Original, if applicable
DD 2384-1	Notice of Basic Eligibility (NOBE)	Original
DD 93	Record of Emergency Data	First page, second copy, if applicable
NAVPERS 1070/602 (downloaded from NSIPS)	Dependency Application/Record of Emergency Data	Original, if applicable
NAVPERS 1070/613	Administrative Remarks	Permanent entries only, when applicable
NAVPERS 1070/621	Agreement to Extend Enlistment	Original, if applicable
NAVCRUIT 1110/112	New Accession Training Statement of Understanding	Original, if applicable
NAVCRUIT 1130/120	U.S. Navy Aberrant Behavior Screening Certificate	Original, if applicable
OPNAV 5350/1	Drug and Alcohol Misuse Statement of Understanding	Original
Various Documents	College degree transcripts and high school transcripts	If applicable

Table 2:

Form	Title	Notes
DD 214	Certificate of Release or Discharge from Active Duty	Copy No. 2
NAVPERS 1070/606 (downloaded from NSIPS)	Record of Unauthorized Absence	Original, if applicable
NAVPERS 1070/613	Administrative Remarks	Declaration of desertion message entry

Table 3:

Form	Title	Notes
NAVPERS 1070/613	Administrative Remarks	Original Only for entries provided with Naval Academy letter of selection

2. **How to Send the Documents**

a. When mailing documents containing personally identifiable information, attach the [SF 901 Controlled Unclassified Information Cover Sheet](#) to the inside container or envelope. Double-packaged documents and tracked shipping are both highly recommended. Mail to one of the following addresses:

(1) For **regular mail** to:

NAVY PERSONNEL COMMAND (PERS-313)
5720 INTEGRITY DRIVE
MILLINGTON, TN 38055-3130

(2) For **tracking mail** to:

NAVY PERSONNEL COMMAND (PERS-313)
5751 HONOR DRIVE
BUILDING 769 ROOM 175
MILLINGTON, TN 38055-3130

b. Mark the mailing envelope **"DO NOT OPEN IN MAIL ROOM."**

MILPERSMAN 1070-111

SUBMISSION OF NAVY STANDARD INTEGRATED PERSONNEL SYSTEM (NSIPS) AND ELECTRONIC SERVICE RECORD (ESR) DOCUMENTS TO THE OFFICIAL MILITARY PERSONNEL FILE (OMPF)

Responsible Office	NAVPERSCOM (PERS-313)	Phone:	DSN COM FAX	882-3406/4307 (901) 874-3406/4307 882-2664/2743
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC
Reference	(a) CNO Washington DC 051859Z FEB 09 (NAVADMIN 043/09)			

1. **Background.** Navy Standard Integrated Personnel System (NSIPS) is the Navy's primary point of entry for pay and personnel transactions at the field level, and the Navy's single field level data entry point for military service record maintenance. The electronic service record (ESR) was implemented within NSIPS to automate service record documents not already created by NSIPS, providing flexible and expandable capabilities for service record maintenance which made it possible for the Navy to eliminate the paper-based field service records maintained by servicing personnel offices. NSIPS/ESR provides servicing personnel offices and customer commands the ability to electronically update and or view human resource data on all members assigned to their unit identification codes, captures military human resource data from other corporate data systems, creates electronic service record documents to be submitted to the official military personnel file (OMPF), and provides individual sailors (officer and enlisted) the ability to view their own military human resource data and perform various self service functions.

2. **Policy**

a. Service record entries are event driven, and individual governing regulations must be reviewed to determine the specific requirements for the event.

b. The reference requires commands to use all available ESR functionality. To achieve this, commands and or activities responsible for service record entries are required to submit these transactions to the servicing personnel office for input into NSIPS/ESR and subsequent submission to the OMPF. To ensure compliance, required service record documents listed in paragraph 3 below will no longer be accepted to the OMPF except as indicated below.

(1) The document was generated and printed within NSIPS/ESR (use of the NSIPS/ESR generated document provides assurance that the information was entered into corporate systems and contains verified data).

(a) The servicing personnel office will produce the appropriate NSIPS/ESR document, obtain required signatures, and submit the document to the OMPF using the e-Submission application.

(b) Commands and or activities responsible for verifying NSIPS/ESR transactions shall ensure all transactions are verified prior to creating documents for submission to the OMPF.

(2) When the issuing command does not have NSIPS/ESR access and the transaction must be completed outside of the system, approved NAVPERS forms may be downloaded from the Navy Personnel Command Web site at <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx> and completed manually. If created manually, the signed NAVPERS form must be submitted to the servicing personnel office in order for the transaction to be transcribed into the ESR and verified prior to submission to the OMPF. Each manually created document must contain the following statement or stamp: **"ENTERED AND VERIFIED IN ESR" followed by the "rank or grade, title, date signed, and signature of the ESR verifying official."**

3. NSIPS/ESR Documents

a. The following NSIPS/ESR documents shall be printed, signed, and e-submitted to the OMPF immediately upon completion of the event:

(1) NAVPERS 1070/601 Immediate Reenlistment Contract

- (2) NAVPERS 1070/621 Agreement to Extend Enlistment
- (3) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty
- (4) NAVPERS 1070/602 Dependency Application/Record of Emergency Data (See note below)
- (5) DD 93 Record of Emergency Data (See note below)
- (6) NAVPERS 1070/606 Record of Unauthorized Absence
- (7) NAVPERS 1070/607 Court Memorandum
- (8) NAVPERS 1070/613 Administrative Remarks, permanent remarks only

Note: The requirement to print, sign, and submit these documents manually only applies to activities that cannot use the record of emergency data/dependency application (RED/DA) self-service function within NSIPS.

b. The following is a list of NSIPS/ESR documents that shall be printed and e-submitted to the OMPF upon reenlistment or separation:

- (1) NAVPERS 1070/605 History of Assignments
- (2) NAVPERS 1070/880 Awards Record (generated using the NSIPS/ESR close-out process)
- (3) NAVPERS 1070/881 Training, Education and Qualification History (generated using the NSIPS/ESR close-out process)
- (4) NAVPERS 1070/886 Member Data Summary
- (5) NAVPERS 1070/613 Administrative Remarks (various permanent transactions created at time of reenlistment)

4. **Best Practice**

a. To ensure NSIPS/ESR data is accurate and up-to-date when generating documents for submission to OMPF, the following information should be verified by commands and or activities

responsible for service record entries before members detach from the old duty station and upon reporting to the new duty station:

- (1) Training
- (2) Personnel Qualification Standards (PQS)
- (3) Education
- (4) Certificates and Qualifications
- (5) Honors and Awards
- (6) History of Assignments
- (7) TAD/AT History of Assignments
- (8) Promotion History
- (9) Administrative Remarks (NAVPERS 1070/613)

b. When NSIPS/ESR data is missing or in error, commands and servicing personnel support offices shall assist the individual member's effort to resolve the issue as soon as possible.

MILPERSMAN 1070-150

REQUESTS FOR RECORDS INCLUDED IN THE OFFICIAL MILITARY PERSONNEL FILE (OMPF)

Responsible Office	NAVPERSCOM (PERS-313)	Phone:	DSN COM	882-3418 (901) 874-3418
---------------------------	--------------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) SECNAVINST 5211.5F (b) 5 U.S.C. (c) Public Law 105-277 (d) SECNAV M-5216.5, Department of the Navy Correspondence Manual
-------------------	--

1. Policy

a. This article and references (a) and (b), section 552a, govern access to and dissemination of record documents contained in the official military personnel file (OMPF).

b. The "OMPF Command View" or "OMPF My Record" application on BUPERS Online (BOL) provides the primary means for user activities and Service members to view or obtain OMPF documents per reference (c).

c. Activities and Service members having no access to BOL may obtain copies of the OMPF, per this article, during the period the OMPF is maintained at Navy Personnel Command (NAVPERSCOM). Copies are printed on compact disc (CD), except as specified in subsequent paragraphs of this article.

2. Seal and Signature Requests

a. A commanding officer (CO) of a region legal service office or a commander or CO with an assigned staff judge advocate may request a seal and signature copy of a complete OMPF for litigation or prospective litigation purposes. The record will be bound with a NAVPERSCOM 5813/1 Certificate (For Use in Official Proceedings) attesting that it is a true copy.

b. The request must be made via official naval letter or digitally signed and encrypted e-mail, using the standard DON correspondence format in line with reference (d), paragraph 4-2.2. The request must:

(1) State full name and Social Security number (SSN) of the Service member whose record is required (SSN is necessary for the purpose of identifying the correct OMPF when multiple records bear identical names);

(2) State reason for the request;

(3) Provide a point of contact, mailing address, and e-mail address; and

(4) Be signed by the activity head or individual delegated signature authority for such matters by the activity head.

c. Send requests via digitally signed and encrypted e-mail to: MILL_PERS-313REQ@navy.mil. When e-mail encryption cannot be validated, mail requests per paragraph 5. Mailed requests must bear a "wet signature."

d. The MILL_PERS-313REQ@navy.mil mailbox account can receive encrypted correspondence per Department of Defense (DoD) policy. If sending a request from a non-NMCI network (BUMED.mil, EU.NAVY.mil, etc.), public key certificates can be downloaded from the DoD Global Directory Service Web site through the following steps:

Step	Action
1	Go to https://dod411.gds.disa.mil
2	Type MILL_PERS-313REQ@navy.mil in the "e-mail address" field, then click "Search"
3	Click the "MILL" link under "Last Name"
4	Click on the link "Download Certificate(s) as vCard"
5	Click "the certificate for the e-mail address"
6	Click the "Open" button for the "File Download" pop-up. The certificate will then open
7	Click "Save and Close," the certificate is saved and can be used to send encrypted e-mail

Note: To download the public key certificate, you must use MS Outlook with a common access card (CAC) reader, including

ActivClient software, and have Internet Explorer or Netscape 7.X.

3. Command Requests

a. Commands without access to "OMPF Command View" may request complete OMPFs or OMPF documents (as necessary) in the course of official duties. **Officer fitness reports and privileged information are not provided, and specific justification is required for access to controlled records.**

b. The request must be made via official naval letter. The letter must:

(1) State full name and SSN of Service member(s) whose record is required,

(2) State the reason for the request,

(3) Specify whether the entire record or specific documents are needed, and

(4) Be signed by the activity head or individual delegated signature authority for such matters by the activity head.

c. See paragraph 5 for sending requests.

4. Service Members' Requests

a. Active Component and Reserve Component Service members with CACs may download a copy of their OMPF from BOL by clicking on "OMPF My Record," then "Download OMPF." A ".zip" file is created on the Service member's computer, which may be copied to a CD, printed, stored, or arranged for another mode of distribution.

b. Inactive Ready Reserve members and veterans may request a copy of their OMPF by filling out and submitting [SF 180 Request Pertaining to Military Records](#) to the appropriate address listed on the form. Alternatively, Service members separated from the Navy after 1995 are encouraged to obtain an [e-Benefits](#) account through the Department of Veterans Affairs Web site: <https://www.va.gov> to verify, review, and print documents from their OMPF electronically.

5. **Mailing Instructions.** Requests for express mail and or special handling (e.g., FedEx, overnight service) are not accommodated.

a. Requests are mailed to the following address:

**Navy Personnel Command
PERS-313
5720 Integrity Drive
Millington, TN 38055**

b. Helpful mailing information:

(1) When mailing documents containing personally identifiable information, attach an [SF 901](#) Controlled Unclassified Information (CUI) Coversheet to the inside container or envelope.

(2) Double packaging the documents and using a mailing service that provides tracking capability is highly recommended.

6. **Mail-Out Request Processing.** Requests are accommodated on a first-come, first-served basis. Turn-around time averages 20-30 days, which may vary based on the number of requests received at any given time. Urgent requests based on stated valid reasons for priority handling are given due consideration.

7. **Other Requests.** Direct all other requests for OMPFs to NAVPERSCOM Records Management Policy Branch (PERS-313), or call MyNavy Career Center Human Resources Service Center at 1-833-330-MNCC (6622) for further information.

MILPERSMAN 1070-181

OFFICER PHOTOGRAPHS

Responsible Office	NAVPERSCOM (PERS-313)	Phone: DSN COM	882-3418 (901) 874-3418
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) SECNAVINST 5211.5F (b) SECNAVINST 5720.42G (c) NAVPERS 15665J, U.S. Navy Uniform Regulations (d) BUPERSINST 1070.27E
-------------------	---

1. **Policy**. Photographs are required for all officers of the Navy and the Navy Reserve, regardless of status, within 12 months after acceptance of each promotion. Department of Defense (DoD) and Navy policy prohibit the use of officer photographs during the selection board process.
2. **Ownership of Photographs**. Submitted photographs become the property of the United States Navy and are generally releasable under references (a) and (b).
3. **Uniform Requirements**. Per reference (c), the preferred uniform will be service khaki, uncovered. When service khaki is unavailable, any regulation uniform is acceptable.
4. **Photograph Requirements**. Photographs will:
 - a. Be in color;
 - b. Display a full-length, three-quarter view of the member, left shoulder forward;
 - c. Have a plain, flat background to provide sufficient contrast to highlight details of the uniform; and
 - d. Be 4 inches in width and 6 inches in height.

5. **Photograph Services**. Naval activities with an established photographic facility are authorized to produce photographs for this purpose. Commercial sources are authorized. When Navy or DoD photographic facilities, or suitable commercial sources are unavailable, any photograph which complies with the requirements will be accepted.

6. **Command Reimbursement**. Commands are authorized to reimburse officers who use commercial sources to produce photographs. Officers will complete an [OF 1164](#) Claim for Reimbursement for Expenditures on Official Business or similar reimbursement document and submit the form with official documentary evidence (e.g., receipts, affidavits, or other statement as to the unavailability of government photo facilities) to their commanding officer (or designated representative) for approval and reimbursement.

7. **Submission**

a. The preferred method for officer photo submission is using the electronic self-service feature within the [BUPERS Online \(BOL\)](#) tab labeled "Officer Photo." This application may also be accessed by selecting the "Command Document Services" link within [BOL](#), then selecting the "NAVPERS 1070/884 Officer Photograph" form. The electronic submission process provides the most accurate and timely method for submitting the officer photo for filing into the member's official record. A tutorial for navigating the application may be found on the "Details tab." Questions should be directed to the MyNavy Career Center Human Resources Service Center at 1-833-330-6622 or the BOL Helpdesk at BUPERS07.IT.EOC.fct@navy.mil or (901) 874-4700. Personnel unable to access [BOL](#) should complete a hard-copy [NAVPERS 1070/884 Officer Photograph](#), attach the photograph, wet-sign the document, and mail documentation to:

NAVY PERSONNEL COMMAND ATTN PERS 313
5720 INTEGRITY DRIVE
MILLINGTON, TN 38055

b. Helpful mailing information:

(1) Double packaging the documents is highly recommended.

(2) The inner package should be marked "CONTROLLED UNCLASSIFIED INFORMATION (CUI)".

(3) [SF 901 Controlled Unclassified Information \(CUI\) Coversheet](#) should be used to cover the documents containing personally identifiable information.

(4) The use of a mailing service that provides tracking capability is recommended.

c. Per reference (d), photographs that do not meet the requirements of this article will not be processed for inclusion into the official military personnel file and will be destroyed without notification.

References	BUPERSINST 1610.10 NAVSO - 3069, Source Data Systems Procedures Manual (SDSPROMAN) DFAS-CL (NAVSO-P) 3050-2, DFAS Pay/Personnel Procedures Manual (Navy), Volume II BUPERSINST 1900.8
-------------------	--

1. Policy

a. NAVPERS 1070/600 (Rev. 5-81), U.S. Navy Enlisted (Field) Service Record (FSR). Once information is entered on a service record page it may be corrected at the command level only under this article.

b. The use of interlineation, ditto marks, or the entry of unauthorized abbreviations, symbols, or codes is prohibited in the FSR.

2. Corrections/Changes to Name, Social Security Number (SSN), or Citizenship. For changes to name, SSN, or citizenship to the FSR see table:

Topic	MILPERSMAN
Name Change	1000-130
SSN Change	1000-060
Citizenship Change	1070-220

3. Enlisted Evaluation Reports. Removal or revision of enlisted evaluation report and counseling record will be made only under BUPERSINST 1610.10.

4. **OCR Documents**. Corrections to Optical Character Recognition (OCR) documents listed below are authorized only by sending new documents cross-referenced to the original documents following NAVSO P-3069 or DFAS-CL (NAVSO P) 3030-2.

NAVPERS 1070/602	Dependency Application/Record of Emergency Data, Part I (Rev. 7-72)
NAVPERS 1070/606	Record of Unauthorized Absence (Rev. 1-77)
NAVPERS 1070/607	Court Memorandum (Rev. 12-75)
NAVPERS 1070/621	Agreement to Extend Enlistment (Rev. 9-87)
NAVPERS 1070/622	Agreement to Recall or Extend Active Duty (Rev. 9-87)

5. **Trial by Civil Authorities**

a. The FSR will not contain any information concerning a trial by civil authorities which resulted in acquittal either at the trial or appellate level. Upon notification of acquittal, service record pages and correspondence concerning the trial will be removed from the FSR and destroyed.

b. If the service record pages contain other retainable information, new pages will be prepared with the retainable information only.

c. If copies of the service record pages or correspondence had been forwarded to Navy Personnel Command (NAVPERSCOM), notification of this action shall be sent to NAVPERSCOM (PERS-83) by official naval letter with copies of supporting documentation.

6. **DD 214, Certificate of Release or Discharge from Active Duty (Rev. 11-88)**. After DD 214 has been issued and distributed, correction of erroneous entries are made following BUPERSINST 1900.8.

7. Other Errors

a. When an error is discovered at the command where it was made and copies of the service record page have not been distributed, or the error is on a service record page (a copy) which is not immediately sent to NAVPERSCOM (i.e., NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualifications History and NAVPERS 1070/605 (Rev. 10-89), History of Assignments):

(1)	Draw a line in black or blue-black ink through the erroneous entry.
(2)	Authorized individual, per MILPERSMAN 1070-190, initial alongside the lined-out error.
(3)	Make correct entry.
(4)	Authorized individual, initial or sign correct entry.

b. When the error is discovered at the command where it was made and the service record page has been distributed (i.e., NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks):

(1)	Remove the erroneous service record entry from the service record and destroy it.
(2)	Make a corrected service record page and conspicuously label it "Corrected Copy."
(3)	File corrected copy in FSR.
(4)	Forward a corrected copy to NAVPERSCOM (PERS-313D2) by official naval letter which explains briefly the reason for the correction.

c. For corrections to NAVPERS 1070/609 (canceled) directed by Secretary of the Navy as a result of a Board of Correction of Naval Records decision only:

(1)	Tape out the entry being corrected.
(2)	Date and type in the authority for making the correction, "Authority for Correction - MILPERSMAN 1070-210."
(3)	Make a copy of the corrected NAVPERS 1070/609.
(4)	Certify the copy by an entry on the next line and file it in the service record.
(5)	Send the original NAVPERS 1070/609 to NAVPERSCOM (PERS-322).

NOTE: All other corrections to NAVPERS 1070/609 will be made as outlined above for errors discovered at the command where made.

d. When the error is discovered **at a command other than where the error was made and the error is not correctable under the instructions contained above**, the discrepancy will be reported by official naval letter to NAVPERSCOM (PERS-313) via the command at which the error occurred. The command at which the error occurred will endorse the letter to NAVPERSCOM giving full details, recommend corrective action, and attach substantiating documents as appropriate.

MILPERSMAN 1070-230

DD 4 ENLISTMENT/REENLISTMENT DOCUMENT - ARMED FORCES OF THE UNITED STATES

Responsible Office	NAVCRUITCOM (N35)	Phone:	DSN COM	882-9284 (901) 874-9284
-------------------------------	----------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

Reference	(a) NAVCRUITCOMINST 1130.8M
------------------	-----------------------------

1. **Policy.** DD 4 Enlistment/Reenlistment Document Armed Forces of the United States is the basic document that establishes a legal relationship between the U.S. Government and an enlisted member. DD 4 is designed to provide a complete and comprehensive document that clearly specifies the terms of the agreement between the enlistee and the U.S. Government/Military Services to avoid recruit and or parent misunderstanding.

2. **Preparation and Distribution**

a. Preparation and distribution will be made by the enlisting activity per reference (a).

b. All signatures of enlisting officers and the member enlisting or reenlisting will be made per MILPERSMAN 1070-190.

MILPERSMAN 1070-240

NAVPERS 1070/601, IMMEDIATE REENLISTMENT CONTRACT

Responsible Office	NAVPERSCOM (PERS-313C)	Phone:	DSN	882-3406/3407

References	NAVSOP-3069, Source Data System Procedures Manual (SDSPROMAN) Diary Message Reporting System User's Manual (DMRSMAN) DFAS-CL (NAVSOP-P) 3050-2, DFAS Pay/Personnel Procedures Manual (Navy), Volume II
-------------------	--

1. **Policy.** NAVPERS 1070/601 (Rev. 01-00), Immediate Reenlistment Contract is an agreement between the U.S. Government and enlisted member who immediately reenlist or enlists in the Navy or Naval Reserve at the same activity following discharge.

2. **Preparation**

a. NAVPERS 1070/601 is a 1-page form. Activities supported by Source Data System (SDS) use a machine-produced document instead of preprinted non-SDS forms.

b. Prepare NAVPERS 1070/601 per NAVSO P-3069 or DFAS-CL (NAVSOP-P) 3050-2 and MILPERSMAN 1160-030.

c. Enter signatures on original document per MILPERSMAN 1070-190.

3. **Distribution**

a. Send signed original contract to Navy Personnel Command (PERS-313C1) with other documents for the permanent personnel record per MILPERSMAN 1070-140.

b. File a copy in the enlisted field service record per MILPERSMAN 1070-100.

4. **Reporting Requirements.** Submit data entries per SDSPROMAN, DMRSMAN, or Reserve Standard Training Administration Readiness Support System.

c. Enter signatures on the original document per MILPERSMAN 1070-190.

2. Distribution

a. Send the signed original contract to the Navy Personnel Command (PERS-313C1).

b. File a copy in the enlisted field service record per MILPERSMAN 1070-100.

3. Reporting Requirements. Submit data entries per references (a) and (c) or Reserve Standard Training Administration Readiness Support System.

MILPERSMAN 1070-270

DEPENDENCY APPLICATION

Responsible Office	NAVPERSCOM (PERS-222)	Phone: DSN COM	882-2231 (901) 874-2231
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) DoD Instruction 1300.18 of 8 Jan 2008 (b) DoD 7000.14R Financial Management Regulation (DoD FMR) (c) NAVSO P-6034 Joint Travel Regulations (JTR) (d) Navy Defense Joint Military Pay System (DJMS) Procedures Training Guide (PTG) (e) BUPERSINST 1750.10D
-------------------	--

1. Policy

a. NAVPERS 1070/602 Dependency Application (DA) (Navy Standard Integrated Personnel System (NSIPS) form) is used for both officer and enlisted Service members and serves as a form for documenting dependency of their family member(s) for associated allowances and travel entitlements (if applicable). Previously, NAVPERS 1070/602 contained information for DA data and record of emergency data (RED). RED information from hereon will be captured and reported via [DD 93](#) Record of Emergency Data (RED) and documented per [MILPERSMAN 1070-271](#) and reference (a).

b. When electronically signed by the Service member and approved by the authorizing official, NAVPERS 1070/602 is the official record of dependency the Navy will use to

(1) determine the relationship and dependency of individual(s) for entitlement of the following authorized allowances:

(a) person(s) approved as dependents to receive dependency entitlements per volume 7A of reference (b) and chapter 10 of reference (c); and

(b) person(s) approved as dependents to receive

travel entitlements per chapter 10 of reference (c).

(2) provide authoritative data to Navy Personnel Command (NAVPERSCOM), Navy Casualty Office (PERS-00C) in providing funeral and or memorial service travel to the next-of-kin, as authorized per [MILPERSMAN 1770-270](#) and [1770-271](#).

2. **When to Prepare.** Prepare NAVPERS 1070/602 when

a. Service member enters or re-enters the Navy or Navy Reserve following a break in service or

b. there is a change in

(1) dependent status or number of dependents

(2) name or address of a dependent

(3) next of kin other than a dependent

(4) permanent duty station

(5) deployment or individual augmentee status

(6) citizenship of spouse

(7) secondary dependency status

(8) any required entries in the Remarks section

c. one of the following re-certifications is required:

(1) annually for all secondary dependents (parent(s), stepparent(s), parent(s)-in-law, loco-parentis, adoptive parents, and ward)

(2) annually for dependent child(ren) (full-time students) 21 and 22 years of age

(3) incapacitated children over 21 years of age; or when directed by system notification 90 days out from recertification date

(4) every 3 years for all Reserve members

3. Preparation and Distribution

a. Service members may view or print their current approved NAVPERS 1070/602 via

(1) their electronic service record (ESR) in NSIPS by clicking on "RED/DA Inquire" link; or

(2) their official military personnel file (OMPF) on the Bureau of Naval Personnel (BUPERS) Online (BOL) Web site.

b. NAVPERS 1070/602 will be initiated via Service member's NSIPS self-service. Once NAVPERS 1070/602 "DA" is digitally signed by the Service member and authorizing official in the "RED/DA" application, NAVPERS 1070/602 "DA" is distributed as follows:

(1) The servicing personnel support detachment (PSD) or MyNavy Career Center (MNCC) will maintain a file copy when there is a pay entitlement change.

Note: Per volume 5, chapter 15, paragraph 150802 of reference (b), a personnel clerk allowance checklist should also be maintained with this file copy when there is pay entitlement change.

(2) The Service member and customer command will have access to the most recent approved NAVPERS 1070/602 "DA" in NSIPS via "RED/DA Inquire" link. Maintaining the paper copy will not be required when a Service member completes a digitally signed NAVPERS 1070/602 "DA" in NSIPS "RED/DA" application.

Note: Command that will be on deployment with a potential limited or no access to NSIPS Web should consider maintaining a printed copy of the most current NAVPERS 1070/602 from "RED/DA Inquire" link before departure.

c. If a new NAVPERS 1070/602 "DA" must be executed expeditiously and NSIPS Web is not available, a paper copy must be generated and signed by the Service member and the authorizing official. This copy will be maintained in a secure location within the administration or personnel office until "RED/DA" application becomes available. When NAVPERS 1070/602 "DA" is completed with wet signature by the Service member and the authorizing official, distribute as follows:

(1) The supporting PSD, MNCC, or personnel office (PERSOFF) will submit the original NAVPERS 1070/602 "DA" to NAVPERSCOM for inclusion in the OMPF using the e-submission application on BOL.

(2) The supporting PSD, MNCC, or PERSOFF will

(a) maintain a copy until e-submission receipt and acceptance by NAVPERSCOM is verified;

(b) provide one copy to the Service member; and

(c) provide one copy to the supported customer command.

d. Afloat ships of DDG-class size and larger will continue to process NAVPERS 1070/602 "DA" via the wet signature process in NSIPS Dependency Application until RED/DA software is implemented in NSIPS Web Afloat. E-Submission of the NAVPERS 1070/602 Dependency Application/Record of Emergency Data form to Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) is still required. Completed signed copy must be maintained in the administrative or personnel office files.

4. Verification

a. **Service Member.** The Service member is solely responsible for the accuracy of the information recorded on his or her NAVPERS 1070/602.

(1) Service member must verify the accuracy of RED/DA data via NSIPS "RED/DA Inquire" link, which will display the latest NAVPERS 1070/602 from their OMPF, and information contained on both the emergency contact and dependency data panels within their ESR.

(a) If correct with no changes required, Service member will acknowledge this verification by selecting the "Verify my RED/DA" link in NSIPS self-service, select "Next" and review the information, then select "Verify" at the bottom of the page.

(b) If changes or updates are required, Service member selects the "Update" link and updates their RED/DA application via self-service. Service members may contact their command pay and personnel administrator (CPPA) for assistance as

needed, in completing RED/DA application. If unable to assist, the CPPA will contact the supporting PSD, MNCC, or PERSOFF for guidance on how to assist the Service member.

(c) If [DD 93](#) "RED" or NAVPERS 1070/602 has a failed transaction; the Service member will get an NSIPS e-mail notification stating that a failure has occurred, and that the form was not accepted in their OMPF. The Service member is responsible for contacting the NSIPS helpdesk at 1-877-589-5991, DSN: (312) 647-5442, or via e-mail at: NSIPSHelpDesk@navy.mil for assistance with the resubmission of the RED/DA application. Service members may also seek assistance from their assigned CPPA.

(2) If no electronic means is available and there is an urgent need to update a previously submitted NAVPERS 1070/602 "DA," the Service member may make pen and ink and initial changes. The appropriate local command PSD, MNCC, or PERSOFF authority will pen-and-ink and initial any necessary changes and return to Service member for wet signature. After the Service member signs, the appropriate authority will wet sign as the authorizing official. The Service member and authorizing official's activity will retain a copy until NAVPERS 1070/602 "DA" is updated in NSIPS at earliest opportunity when electronic means become available.

(3) At a minimum, commands must ensure Service members perform this verification annually in NSIPS RED/DA application via self-service; however, additional verifications are also required under the following conditions:

(a) Upon reporting to a new duty station under permanent change of station (PCS) orders;

(b) Prior to departure on PCS orders;

(c) Prior to deployment, regardless of length;

(d) When ordered to periods of temporary duty or temporary additional duty away from permanent duty station in excess of 30 days;

(e) On each occasion when an inactive duty Service member comes on active duty, including active duty training;

(f) When a Service member applies for and upon assignment of Government housing;

(g) Upon recertification for secondary dependents;
or

(h) At least 30 days prior to requesting dependent-related travel, transportation, pay, benefits, or allowances (e.g., advanced or delayed dependent travel, dependent travel advances, early return of dependents, etc.).

(4) Selected Reserve members must verify this information within the 365-day period immediately prior to reporting for annual training or active duty training.

b. **CPPAs.** CPPAs are responsible for daily monitoring of RED/DA individual command transaction metrics. Access to the feedback metrics report is available via the NSIPS RED/DA command user role which provides feedback on all RED/DA transactions submitted the previous day.

c. **Personnel Support.** MNCC, PSDs, Navy operational support centers, and personnel/administrative offices will be overall responsible for daily monitoring of the feedback metrics report and ensuring the Service member takes immediate action (if required) on NSIPS RED/DA application. Failed NAVPERS 1070/602 "DA" transactions should be acted upon promptly.

5. **Other Change Reporting Requirements**

a. MNCC, or the supporting CPPA, PSD, or personnel office will direct Service member to update Defense Enrollment Eligibility Reporting System (DEERS) whenever there is a change of dependent status, addition of new dependent, military-to-military (MIL-to-MIL) marriage, or change of address of a dependent. The Service member will print a copy of the NAVPERS 1070/602 "DA" from "RED/DA Inquire" link and provide the copy with supporting documents to a DEERS/Real-Time Automated Personnel Identification System office (ID Card Lab) within 30 days of updating their RED/DA application. This will ensure that the ID card issuance, base access, commissary and exchange privileges, medical benefits, and MIL-to-MIL (if applicable) reflects the updated dependent(s) information in DEERS. Rules for determining relationship and dependency as well as amplifying guidance are provided in part 3, chapter 2 of reference (d), in addition to reference (e).

b. Per reference (e), MNCC, the supporting CPPA, PSD, or personnel office will counsel Service members with a dependent spouse or military spouse on their obligation to enroll their spouse in DEERS and to make an appropriate Servicemembers' Group Life Insurance (SGLI) and Family Servicemembers' Group Life Insurance (FSGLI) election for their spouse in SGLI Online Enrollment System (SOES). Service members may access SOES by navigating to [My Navy Portal](#) and selecting the milConnect tab. Once logged into milConnect, select the "SOES" option under the "Benefits" tab. Access requires a common access card, DFAS myPay account, or DS LOGON account. Failure by the Service member to comply will result in automatic FSGLI coverage and a potential indebtedness to the Government for premiums due since the date of the marriage.

c. RED/DA self-service handbook is available on the [Pay and Personnel](#) Web page on the Navy Personnel Command Web site.

			COM	(901) 874-2501
			FAX	882-6654
MyNavy Career Center		Phone:	Toll Free	1-833-330-MNCC (6622)
		E-mail:		askmncc@navy.mil
		MyNavy Portal:		https://my.navy.mil/

Reference	(a) DoD Instruction 1300.18, Department of Defense (DoD) Personnel Casualty Matters, Policies, and Procedures
------------------	---

1. **Purpose.** This article supplements reference (a) and outlines procedures for initial entry, periodic review, and updating procedures for [DD 93](#) Record of Emergency Data. The Service member is solely responsible for the accuracy of the information recorded on DD 93. Emergency data information is no longer recorded on NAVPERS 1070/602 Dependency Application.

2. **Policy**

a. [DD 93](#) is used for both officer and enlisted Service members to provide information on family members and elect various beneficiaries. [DD 93](#) is updated or verified using the Record of Emergency Data/Dependency Application ("RED/DA") application through the Navy Standard Integrated Personnel System (NSIPS) electronic service record (ESR). When updated and electronically signed, [DD 93](#) will be automatically uploaded to the Service member's official military personnel file (OMPF). When access to the NSIPS ESR is not available, a manually signed [DD 93](#) may be used and submitted through the command pay and personnel administrator (CPPA) or servicing personnel office to the Service member's OMPF.

b. When signed and filed in the OMPF, [DD 93](#) is the official document used to determine:

(1) person(s) to be notified in the event of emergency or death,

(2) beneficiary(ies) to receive the death gratuity,

(3) person(s) to receive unpaid pay and allowances (UPPA) or arrears of pay, including money accrued during a missing or captured status, unused leave, travel, or per diem,

(4) person(s) authorized to direct disposition (PADD) of remains,

(5) person(s) eligible for transportation to the bedside of Service members with a qualifying illness or injury, and

(6) persons eligible for transportation to the funeral, memorial service, or dignified transfer of remains of a deceased Service member (as applicable).

Note: The "Continuation/Remarks" block on [DD 93](#) offers the greatest amount of flexibility for the Service member to record other pertinent information not normally required, but considered particularly useful in the casualty notification and assistance process. In addition to continuing information from other blocks on the form, the Service member may desire to include additional information such as next-of-kin/dependent language barriers, location or existence of a will, additional private insurance information, or other family member(s) contact numbers.

3. Completion, Update, and Verification

a. The following methods must be used to complete and file an updated [DD 93](#):

(1) RED/DA through NSIPS ESR. Service members must login, verify or update RED/DA information, and electronically sign per paragraph 3b below. NSIPS will automatically submit the electronically signed document to the Service member's OMPF. Data may be updated and saved within NSIPS, without submission. In the event of a personnel casualty, the most recent signed copy submitted to the OMPF will be used for benefits and entitlements determination.

Note: Service members should confirm delivery to the OMPF 48 hours after submission. Changes to Adobe programming may result in errors upon electronic signature and submission.

(2) If access to the RED/DA application is unavailable, a paper copy must be signed and electronically submitted to the OMPF via CPPA or servicing personnel office through the e-Submission application on BUPERS Online. Detailed instructions on the manual preparation of the paper version of [DD 93](#) are contained on the reverse of the form (see enclosure (8) of reference (a)). Manual signature will be in black or blue ink.

(3) If no electronic means are readily available and there is an urgent need for a temporary [DD 93](#), the command should retain the signed paper copy and communicate its existence to Navy Personnel Command (NAVPERSCOM), Navy Casualty Division (PERS-00C) (if and when required). At the earliest time possible, prepare and submit an official [DD 93](#) per guidance discussed in paragraph 3a(1) of this article.

Note: An **unsigned** and or **undated** [DD 93](#) will be considered an invalid, unofficial document. Only the most current version submitted through one of the three methods described above will be used to determine beneficiaries.

b. [DD 93](#) must be updated when change(s) are made:

(1) in dependent status (marriage, divorce, or birth or death of a child),

(2) to the address of a spouse, parent, or other beneficiary,

(3) in Service member's status,

(4) in Service member's rate or grade, and

(5) to designees or beneficiaries of the following:

(a) Death Gratuity. This payment of \$100,000 is intended to provide immediate financial assistance, which may be split up to 10 beneficiaries.

Note: If Service member has a spouse, the spouse will be notified. If a Service member names any other beneficiary other than the spouse, see MILPERSMAN 1770-280.

(b) UPPA. This is a final payment of pay and allowances due, but not paid to the Service member (unpaid basic pay, accrued leave, unpaid reenlistment bonus installments, etc.).

(c) PADD. This is the sole point of contact for NAVPERSCOM, Navy Mortuary Affairs Branch (PERS-00C2) regarding preparation, transportation, and final disposition (burial or cremation) of the Service member remains.

(d) Additional personnel to be notified in the event of death.

(e) Additional persons authorized to travel to bedside if seriously ill or injured, funeral, or memorial service.

c. Any change in beneficiary designation or amount of Servicemembers' Group Life Insurance does not require an update to [DD 93](#).

d. Service member verifies the accuracy of the data on [DD 93](#) (at a minimum)

(1) upon reporting to a new duty station,

(2) when ordered to temporary additional duty in excess of 30 days,

(3) prior to deployment,

(4) prior to departure on permanent change of station (PCS) orders, and

(5) annually.

4. **Command Actions**

a. The RED/DA application within NSIPS allows the Service member to complete and electronically sign the [DD 93](#). When electronically signed, a witness signature (block 16), normally by the command-designated representative, is not required. Unless a Service member completes a hard copy form, per

paragraph 3a(2), there is no requirement for the command to maintain a copy of the signed [DD 93](#).

b. NSIPS allows for a command user role, and commands are required to have at least one designated administrator in the RED/DA application. Commands must run reports to ensure Service members review and update their information upon reporting and transfer, annually, and prior to deployment.

c. Unforeseen changes may result in a completed record of emergency data submission failure to the Service member's OMPF. CPPA will:

(1) login via the command user role, and

(2) run the "Feedback Metrics Report" daily to identify failed transactions. Failed record of emergency data transactions should be resubmitted per standard operating procedure found on the [NAVPERSCOM \(PERS-2\)](#) Web page.

References	(a) Defense Joint Military Pay Systems (DJMS) Procedures Training Guide (PTG)
-------------------	--

1. **Policy**. NAVPERS 1070/606 (01-77), Unauthorized Absence Record of OCR is used to record periods of unauthorized absence in excess of 24 hours and lost time due to confinement by civil authorities or sickness due to misconduct. Unauthorized absences of 24 hours or less are recorded on NAVPERS 1070/613 (Rev. 10-81), Administrative Remarks.

2. **Preparation and Distribution**

- a. Prepare and distribute the NAVPERS 1070/606 per DJMS PTG.
- b. The original NAVPERS 1070/606 provides data for the Manpower Personnel and Training Information System (MAPTIS). After MAPTIS is updated, NAVPERS 1070/606 is filed in the member's permanent personnel record at Navy Personnel Command.

MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
References	(a) DFAS-DJMS Defense Joint Military Pay System (DJMS) Procedures Training Guide (PTG)		

1. **Policy.** Enlisted courts-martial that result in a guilty verdict and enlisted nonjudicial punishment (NJP) that affect pay will be documented on [NAVPERS 1070/607](#) Court Memorandum. NJP that does not affect pay will be processed per [MILPERSMAN 1626-020](#).

2. **Preparation and Distribution.** Prepare and distribute [NAVPERS 1070/607](#) per reference (a). Include in block 38 the date, location, and nature of each offense, as well as the punishment awarded. Block 38 must include sufficient detail, per below example, to describe the seriousness of each specification. The statement, "violation of UCMJ, article 86" is not sufficient.

Example:

"Special Courts-Martial held 3MAR2018"

"Chg I-Viol Art 134 UCMJ. SPEC 1. Drunk and disorderly on 16FEB2018 in Bremerton, WA. SPEC 2. Discharged M16 rifle in bks; MB, NSB, Bangor, Bremerton, WA, on 16FEB2018. Findings: Chg: Guilty; Spec 1, Chg I: Guilty; Spec 2, Chg I: Not Guilty."

"Chg II-Viol Art 86 UCMJ. SPEC 1. UA (AWOL) from 18FEB2018 - 22FEB2018. Findings: Chg: Guilty; SPEC: Guilty."

"Chg III-Viol Art 85 UCMJ. SPEC 1. etc."

"Punishment Awarded: RIR to E-3; FORF \$300.00 ppm x2; and 45 days restriction and extra duty."

Note: Number charges and specifications as they are numbered on the charge sheet.

MILPERSMAN 1070-320

ADMINISTRATIVE REMARKS

Responsible Office	NAVPERSCOM (PERS-313)	Phone: Toll Free	1-833-330-MNCC (6622)
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. Policy

a. The electronic service record (ESR) administrative remarks section and the NAVPERS 1070/613 Administrative Remarks filed in the official military personnel file (OMPF) are used to provide a chronological record of significant miscellaneous entries, which are not provided elsewhere, or to provide more detailed information required to clarify entries in other military human resource documents.

b. Adverse entries must not be made unless the Service member concerned is first afforded an opportunity to submit a written statement regarding the adverse material. Should the Service member desire not to make a statement, he or she must document this decision in writing. Should the Service member refuse to acknowledge this right or to make a written statement documenting the decision, the commanding officer must document the refusal in writing.

c. Administrative remarks entries are classified as either "temporary" or "permanent," which determines the disposition and retention of an individual entry.

d. Administrative remarks entries must be made in the ESR and verified. If the issuing command does not have ESR access, NAVPERS 1070/613 may be created manually and submitted to the servicing personnel office in order for the remarks to be transcribed into the ESR, verified, and distributed. An administrative remarks entry is not considered valid in the ESR until verified.

Note: Administrative remarks entries created by a Navy recruiting activity, as part of the accession process for Navy applicants, are not required to be entered into the ESR.

2. Creating Administrative Remarks

a. Using NAVPERS 1070/613 to Document Administrative Remarks
Entries Outside the ESR (manually):

Block	Entry
Ship or Station	Enter the complete name and designation of the ship or station at which the Service member is serving.
Subject	Enter a subject that best describes the purpose of this entry (e.g., code of conduct counseling).
Permanent or Temporary	Enter an "X" in the appropriate box to identify the required retention period for this remark. If "permanent" is selected, enter the regulation or policy that requires the remark to be retained permanently (e.g., MILPERSMAN 1070-310, CNPC 301822Z DEC 10, etc). See subparagraph 2c below for additional information.

Remarks	<p>Enter the date of the transaction, followed by the entry. Below the transaction, enter the following information for required signatures:</p> <p>For Service member's signature (when required) enter "Service Member's Signature" followed by a solid line for the signature and date signed.</p> <p>For approving official and or witness signature (when required) enter name and title of the person authorized to sign this remark and date signed.</p> <p>One entry per page except for entries that require an acknowledgment or additional statement required by regulation. Use single spacing.</p>
"Entered and Verified in ESR"	<p>For NAVPERS 1070/613 entries created manually, the rank or grade, title, date signed, and signature of the ESR verifying official must be entered, certifying the transaction has been entered in the ESR.</p>
Name, Social Security Number (SSN), Branch, and Class	<p>Enter the Service member's full name, SSN, and branch and class of Service.</p>

b. Documenting Administrative Remarks Using the ESR to Create NAVPERS 1070/613:

(1) Data will be entered into the ESR following the procedures outlined in the Navy Standard Integrated Personnel System (NSIPS) ESR Quick Reference Guide for Personnel Specialists.

(2) In addition to the fields listed in subparagraph 2a, the following fields are required in the ESR:

Field	Entry
Permanent and Authority (if permanent)	Enter an "X" in the "permanent" box to identify the remarks that require permanent retention. If "permanent" is selected, enter the authority, regulation, or policy that requires the remark to be retained permanently (e.g., MILPERSMAN 1070-310, CNPC 301822Z DEC 10, etc.). See subparagraph 2c below for additional information. Note: Leave blank for temporary administrative remarks entries.
Removal Date	For "temporary" administrative remarks entries, this date is the date the document should be purged from the ESR (normally corresponds with transfer or expiration of active service).
Removal Reason	Select the reason the "temporary" administrative remarks entry will be purged from ESR.
Subject Code	Selecting a predefined subject code shortens the pick list of actual subjects.
Remarks	ESR allows you to make the administrative remarks entry or select a preformatted remark by selecting the "Select Remarks Template."
Approving Officer's Signature/Witness Signature	Enter the name and title of the person authorized to sign this entry and the date signed. This same information is required for a witness, if the remark requires a person to witness the Service member's signature.

Service Member's Signature	If this entry requires the Service member to sign or acknowledge, the system automatically adds the Service member's name to printed documents when the date is selected in the "Service Member's Signature" block.
Acknowledgement	Enter any acknowledgement or statement the Service member is required to sign in this section.

c. Making Entries

(1) Temporary Administrative Remarks Entries. This designation is used for entries that only apply at the current command, acknowledgements that only apply to the current enlistment or reenlistment, or those that have a defined expiration date. Examples of these entries:

(a) Volunteered for special duty,

(b) Service member has read and understands regulations,

(c) Service member has attended or been briefed on Navy's policies (e.g., sexual harassment, security, hazing, indoctrination, liberty, etc.), and

(d) Other temporary entries routinely entered by a personnel office (e.g., basic allowance for housing, selective reenlistment bonus payments, special duty assignment pay, responsibilities while on limited duty, permanent change of station (PCS) screenings, etc.).

(2) Permanent Administrative Remarks Entries. This designation applies to entries authorized or mandated by regulation or correspondence from higher headquarters to be filed in the OMPF (older regulations may still use the term "permanent service record"). These entries include, but are not limited to, the following:

(a) Administrative remarks required by Navy Recruiting Command for new accessions,

(b) Entries required because of adverse performance evaluation reports, and for Service members that refuse to sign performance evaluation reports,

(c) Enlisted physical fitness assessment failures,

(d) Retain in Service,

(e) Performance or conduct deficiencies,

(f) Sea duty counter or credit, and

(g) Time-in-rate date change.

(3) All entries in the ESR must be verified by a personnel supervisor authorized in writing to sign service record documents.

(4) Entries requiring a Service member's signature must be dated and signed by the Service member. Should the Service member refuse, the commanding officer must document the refusal in writing. All signatures must be in black or blue-black ink.

3. Disposition

a. Temporary administrative remarks entries are retained in the ESR until purged from the system on the removal date that was entered at the time the entry was made. Paper copies maintained by the command will be destroyed after the Service member transfers or separates.

b. Permanent administrative remarks entries must be printed, signed, and submitted to Navy Personnel Command (NAVPERSCOM) Records Management Policy Branch (PERS-313) for filing in the OMPF at the time they are created.

(1) The supporting personnel office will submit documents to the OMPF using the e-submission application on BUPERS Online (BOL). The supporting personnel office will provide a copy to the Service member and maintain a copy on file until OMPF receipt and acceptance is verified.

(2) Electronically signed documents will not be accepted until the OMPF is capable of accepting them and specific approval has been provided regarding submission procedures.

4. Corrections

a. Unverified ESR transactions are considered "pending" and may be corrected or deleted by the servicing personnel office at any time prior to verification.

b. Temporary administrative remarks entries may be deleted or corrected by the servicing personnel office, if created in error or if it is readily apparent on the face of the document that a clerical error was made.

c. Permanent administrative remarks entries must not be corrected without approval from PERS-313 or the Board of Corrections for Naval Records (as applicable).

(1) For obvious clerical errors, create a new corrected remark in the ESR, with the words "CORRECTED COPY" typed at the end of the subject line. Save, print, and sign the corrected document, but do not verify the document in ESR. Submit the corrected copy along with a copy of the original to PERS-313 under cover letter explaining the error and requesting the original entry be replaced by the corrected entry. PERS-313 approval will be the authority for the NSIPS help desk to delete the original entry and to verify the corrected copy.

(2) If the change requested creates a retroactive entitlement to pay and allowances, is a material change, or involves a matter of opinion or judgement or the exercise of discretion, the Service member must submit the request to the Board for Correction of Naval Records per MILPERSMAN 1000-150.

MILPERSMAN 1070-330

NAVPERS 1070/615, RECORD OF DISCHARGE FROM THE U.S. NAVY RESERVE (INACTIVE)

Responsible Office	NAVPERSCOM (PERS-913)	Phone:	DSN COM	882-4723 (901) 874-4723

		MyNavy Portal:	https://my.navy.mil/	

1. Policy

a. NAVPERS 1070/615 Honorable Discharge from the U.S. Navy Reserve is prepared for the honorable discharge of an enlisted member on inactive duty by reason of expiration of enlistment or expiration of obligated service. NAVPERS 1070/615 may be accessed by using the following Web address:

<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. Discharge of an enlisted member on inactive duty for any other reason is recorded on NAVPERS 1070/613 Administrative Remarks. NAVPERS 1070/613 may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

2. Distribution of NAVPERS 1070/615. Distribute NAVPERS 1070/615 as follows:

- a. Part 1 - Deliver or forward to the member.
- b. Part 2 - File in the member's official military personnel file (OMPF).
- c. Part 3 - Retain for recruiting or other local use.

3. **NAVPERS 1070/613 Entry.** NAVPERS 1070/613 entry must be made as follows:

(date): Discharged this date.

Reason for discharge: (e.g., misconduct due to drug abuse)

Characterization of service: (e.g., Under Other Than Honorable Conditions)

Reentry code: (e.g., RE-4)

Discharge authority: (i.e., MILPERSMAN _____ and BUPERS 111111ZFEB94)

Home address:

Signature of person with delegated
signature authority
By direction

4. **Where to File NAVPERS 1070/613.** File in the member's OMPF.

MILPERSMAN 1070-340

DD 214 CERTIFICATE OF RELEASE OR DISCHARGE FROM ACTIVE DUTY

References	(a) BUPERSINST 1900.8E
-------------------	------------------------

1. **Policy.** The DD 214 Certificate of Release or Discharge From Active Duty is prescribed by Department of Defense for use by all Military Services. DD 214 is a brief, clear-cut record of a period or term of active military service which provides:

a. Military Services with information necessary for administrative processing and for enlistment or reenlistment determination.

b. the Service member with a brief record of active service.

c. appropriate governmental agencies with an authoritative source of information which they require in the administration of Federal and State laws.

2. **Preparation and Distribution.** DD 214 will be prepared and distributed per this manual and reference (a).

MILPERSMAN 1070-360

NAVPERS 1070/887 SEX OFFENSE ACCOUNTABILITY RECORD

Responsible Office	OPNAV (N172) Sexual Assault Prevention and Response	Phone:	DSN COM FAX	664-6989 (703) 604-6989 (703) 604-3469
---------------------------	---	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) Public Law 113-66, National Defense Authorization Act Fiscal Year 2014, §1745 (b) 10 U.S.C. Chapter 47, Uniform Code of Military Justice (UCMJ) (c) Department Of Defense Instruction 6495.02, Sexual Assault Prevention and Response (SAPR) Program Procedures (d) OPNAVINST 1752.1C (e) OPNAVINST F3100.6J, Special Incident Reporting (OPREP-3 Pinnacle, OPREP-3 Navy Blue, and OPREP-3 Navy Unit SITREP) Procedures
-------------------	---

1. Purpose

a. NAVPERS 1070/887 Sex Offense Accountability Record is a form to be used to document sex-related offenses in a Service member's official military personnel file (OMPF) per reference (a). The purpose of including disposition information in the OMPF is to alert commanders, commanding officers (COs), and officers in charge (OICs) of members in their command who received a court-martial conviction or nonjudicial punishment (NJP) for these offenses to reduce the likelihood that repeat offenses will escape the notice of commanders, COs, and OICs.

b. Sex-related offenses include reference (b), articles 120 (rape, sexual assault, aggravated sexual contact, and abusive sexual contact), 120a (stalking), 120b (rape of a child, sexual assault of a child, and sexual abuse of a child), 120c (indecent

viewing, visual recording/broadcasting, forcible pandering and indecent exposure), 125 (forcible sodomy and bestiality), and 80 (attempt to commit one of the offenses listed above).

2. Procedures

a. NAVPERS 1070/887 will be used to annotate the OMPF of any Service member who is convicted at court-martial or awarded NJP for sex-related offense(s), as listed in paragraph 1b above, regardless of recommendation for retention or separation from naval service.

b. The NAVPERS 1070/887 will be submitted within 5 business days of

(1) action being determined/adjudication of NJP, or when the appeal process has been completed; or

(2) adjudication of court-martial. Commands will use the e-Submission (e-Sub) application on BUPERS Online (BOL) for form submission. Commands without e-sub access will mail NAVPERS 1070/887 to:

Navy Personnel Command PERS-313 5720 Integrity Drive Millington, TN 38055-3130

c. NAVPERS 1070/887 will be uploaded to the Service member's OMPF and assigned field code 91 (FC 91). Once the OMPF is updated, the NAVPERS 1070/887 will be available for commanders, COs, and OICs to review using the OMPF command view application on BOL.

d. Commanders, COs, and OICs are required to review all documents in FC 91 for all newly reporting personnel within 30 days of reporting onboard. In order to identify these documents in a member's record, the OMPF can be sorted by NAVPERS 1070/887 or by FC 91. Commanders, COs, and OICs may delegate the record review to trusted agents (i.e., executive officer, administrative officer, administrative clerks); however, it is recommended that the number of trusted agents be kept to a minimum considering the sensitive nature of the subject.

e. NAVPERS 1070/887 requirements do not supersede any requirements for reporting or processing NJP or court-martial actions, or requirements for reporting incidents of sexual assault stipulated in references (c) through (e).

f. NAVPERS 1070/887 is a fillable form and available online at the following Web address located on the Navy Personnel Command Web site: www.public.navy.mil/bupers-npc/reference/forms/Pages/default.aspx.

3. Record Corrections

a. An official document submitted to NAVPERSCOM for filing in the OMPF becomes the property of the Department of Navy. Documents filed in the OMPF may not be removed or changed, except as listed below.

(1) Request for correction of obvious clerical errors must be submitted to Navy Personnel Command (NAVPERSCOM), Records Policy Management Branch (PERS-313). A detailed summary of the requested correction and justification for the correction, to include all supporting documents to substantiate the request, is required. Obvious clerical errors are those that are readily apparent on the face of the document to include, but not limited to, misspelled name, incorrect social security number, or a document misfiled to a member's record.

(2) When a court-martial conviction is overturned as a result of the appeal process or NJP is set aside per reference (f), a member's CO must submit a letter to NAVPERSCOM, Personnel Information Management Department (PERS-3) with the supporting documents (i.e., Memorandum for Appealing Authority) requesting the removal of the NAVPERS 1070/887 from the member's record.

(3) All other requests for correction or removal of documents should be submitted to the Board for Correction of Naval Records per MILPERSMAN 1000-150.

b. A document may be amended or supplemented by correspondence forwarded via official channels.

MILPERSMAN 1080-010

NAVPERS 18068F, MANUAL OF NAVY ENLISTED MANPOWER AND PERSONNEL CLASSIFICATIONS AND OCCUPATIONAL STANDARDS

Responsible Office	NAVMAC (Code 10)	Phone:	DSN	882-6220
			COM	(901) 874-6220
			FAX	882-6475

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupations Standards, Volume 1, Navy Enlisted Occupational Standards (b) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupations Standards, Volume II, Navy Enlisted Classifications (NECs)
-------------------	---

1. Contents - Volume I

a. Reference (a) contains the occupational standards which express the Navy's requirements for enlisted skills as determined by manpower management. They form the basis upon which personnel are trained, advanced, and distributed. Thus, these requirements are a fundamental underpinning of the Navy Enlisted Occupational Classification System (NEOCS). These requirements are categorized as follows:

(1) **Naval Standards** - express the minimum skills required of enlisted personnel which are not specifically rating-oriented. They include areas and subjects which personnel should have knowledge of, in addition to, required rating skills. They are universal to all rates and ratings except as noted.

(2) **Occupational Standards** - define the enlisted tasks required of specified occupational entities (rates and ratings). They are minimum standards which represent the lowest level of skill required to fulfill Navy needs at a given level of responsibility.

b. Reference (a) also provides

- special physical requirements for specified ratings;
- the normal path of progression to Warrant Officer (WO) and Limited Duty Officer (LDO), and to Senior Chief Petty Officer (SCPO) and Master Chief Petty Officer (MCPO);
- performance test instructions;
- a description of the Navy Occupational Classification System;
- a list of the Primary and Technical Advisors for each rating; and
- guidance for proposing changes to the Navy Enlisted Rating Structure and the Occupational Standards.

2. **Contents - Volume II.** Reference (b) contains each authorized Navy Enlisted Classification (NEC) code. The NEC structure supplements the enlisted rating structure by identifying a non-rating-wide skill, knowledge, aptitude, qualification that must be documented to identify both people and billets for management purposes. Navy Personnel Command (NAVPERSCOM) formulates and implements the NEC Coding System and controls the use of NECs in identifying personnel and billets, and in distribution and detailing.

MILPERSMAN 1080-020

NAVPERS 15839I, MANUAL OF NAVY OFFICER MANPOWER AND PERSONNEL CLASSIFICATIONS

Responsible Office	NAVMAC (Code 10)	Phone:	DSN	882-6220
			COM	(901) 874-6220
			FAX	882-6475

Reference	(a) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications, Volume I, Major Code Structures, Volume II, The Officer Data Card
-----------	--

1. Definition

a. Reference (a) provides a single source document which contains officer occupational classification codes, other structures, and abbreviations required for interpreting the coded entries in such personnel reports and manpower documents as the following:

- OPNAV 1000/2 (Rev. 9-82), Manpower Authorization
- Officer Distribution Control Report (ODCR)
- NMPC Report 4080-1020-3, Reserve Unit Assignment Document (RUAD)

b. Navy Personnel Command (NAVPERSCOM) maintains an automated record of essential information for each naval officer. This record constitutes a central data bank from which management extracts information for use in personnel procurement, training, distribution, planning, career management, and mobilization. Chief of Naval Operations (CNO) identifies qualitative requirements of billets in manpower authorizations by officer occupational classification codes and other codes. Secretary of Defense (SECDEF) utilizes these officer occupational classification codes for manpower management and policy studies and for relating manpower resources in the Armed Forces.

		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) 10 U.S.C. (b) DoD Instruction 1304.25 of 31 Oct 2013 Fulfilling the Military Service Obligation (MSO) (c) SECNAVINST 1920.6C
-------------------	--

1. Authority

a. Chief of Naval Personnel (CHNAVPERS) issues instructions to the Navy Recruiting Command that set forth the terms of enlistment in the Active Component (AC) and Reserve Component (RC) for which applicants are to be accepted, the rates and ratings in which first enlistments may be made, and other specific qualifications applicable to first enlistments.

b. Assistant Commander, Navy Personnel Command (NAVPERSCOM), Reserve Personnel Management Department (PERS-9) must maintain adequate and current information on Service members of the Individual Ready Reserve active status pool who have a remaining obligation, including accurate mailing addresses, military qualifications, physical qualifications, and such other information as deemed appropriate under section 10204 of reference (a). Per section 10205 of reference (a), each Service member of the Ready Reserve must notify NAVPERSCOM (PERS-9) of any change of address, military qualifications,

physical qualifications, and such other information deemed appropriate under section 10204 of reference (a).

2. Enlistment Location

a. Unless modified by other instructions for CHNAVPERs, first enlistments in the AC or RC are authorized to be made only by Navy Recruiting Command.

b. Commands and activities involved in accession of individuals into the Navy must ensure individuals understand their military service obligation (MSO) per references (a) and (b).

3. Enlisted Age Requirements

a. The minimum age at which men and women are accepted for enlistment in the Navy (AC and RC) is 17 years with written parental consent or 18 years without parental consent. The maximum age for enlistment in the Navy (AC and RC) is 39 years. AC accessions must report to recruit training prior to their 40th birthday; RC accessions must be gained and or report to recruit training prior to age 40.

b. The maximum computed age for enlistment of individuals with prior service is less than 40 years old. For RC, determine by subtracting the Service member's prior years of qualifying service for retirement purposes from his or her calendar age.

c. All enlisted Service members (AC and RC) must be able to complete 20 years of qualifying service for retirement by their 60th birthday.

4. MSO. Per section 651 of reference (a), MSO is the total required service that each person, who initially becomes a Service member of a Military Service, must serve in a Military Service for a total initial period of not less than 6 years nor more than 8 years, unless discharged under regulations prescribed by the Secretary of Defense or (for Navy personnel) the Secretary of the Navy (SECNAV).

a. Personnel incur an MSO upon initial entry into the AC or RC of any of the Armed Forces. Service performed on active duty, inactive duty, or a combination of both is used to satisfy this obligation.

b. The MSO for any person whose initial entry into a Military Service is on or after 1 June 1984 must be for a period of 8 years from the date of enlistment, appointment, or (when authorized by law) induction. Any portion of the MSO that is not active duty or active duty for training must be performed in a RC as defined per sections 10101, 10142, 10143, 10145, and 10146 of reference (a). Any combination of active duty for RC as prescribed in the applicable Department of Defense and or Navy regulation may be used to fulfill the MSO.

5. **Procedures for Discharge or Separation.** The MSO is considered terminated when a Service member is discharged, except when the discharge or other type of separation is for the purpose of immediate entry or reentry in the same or any other component of the Military Services, or for the purpose of entering into an officer training program in which the person remains a Service member of a Military Service. Service performed before and after such a discharge or other type of separation must be counted toward fulfillment of such obligation.

6. **Procedures for Discharge Prior to Completion of MSO.** Generally, discharge of a Service member prior to fulfilling an MSO must be permitted only when it has been determined that the Service member has no potential for service as prescribed in section 12301 of reference (a).

7. **Delayed Entry.** Service members in a Delayed Entry Program (DEP) incur an MSO. The period served in such status counts towards fulfillment of the MSO. DEP is an enlistment in which a Service member's entry on active duty or initial active duty for training is postponed under regulations prescribed by SECNAV.

a. Persons who enlist in the Ready Reserve under section 12103 of reference (a) for the express purpose of agreeing to a subsequent enlistment in an Active Component of the Military Services are in the AC DEP. DEP Service members who fail to enlist in an AC of the Armed Forces may be ordered to involuntary initial active duty for training and to complete the remainder of the MSO in an RC.

b. Clarification of the relationship of DEP, MSO, and the pay entry base date (PEBD) for Service members sworn in **on or after 1 January 1985** is that DEP applies only towards completion of the MSO, but does not apply to the PEBD.

c. Service members who enlisted in the Ready Reserve under section 12103 of reference (a) for service in an RC, and whose initial active duty for training or active duty is delayed are in the RC Delayed Entry into Training (DET). DET Service members who fail to report for initial active duty for training or active duty may be ordered to involuntary initial active duty for training or to active duty to complete the remainder of the MSO in an RC.

d. DEP and DET Service members may also be discharged for any of the reasons specified in the discharge regulations. Individuals discharged from the DEP or DET will not be credited for service in fulfillment of the MSO incurred, and any future enlistment or appointment of such persons must be treated as an original entry into Military Service.

8. **Discharge for Underage Entry.** A Service member whose enlistment or appointment is declared void because the Service member is underage and who is released as the result of such action may not be considered to have acquired an MSO; however, service rendered under a void underage enlistment, when characterized as "honorable," must be creditable toward fulfilling any subsequent MSO acquired by the Service member. Such credit would not alter the terms of any subsequent enlistment for specific periods of AC or RC service. If such service was performed only in a delayed entry status, it will not be credited to fulfillment of the MSO.

9. **Discharge for Clergy Service Members.** Upon written application and as per guidance set forth in MILPERSMAN 1910-118, Service members may be discharged from an RC of a Military Service after becoming members of the clergy and satisfactorily establishing that

- a. their ministry is their main and primary vocation.
- b. their religion faith group is organized exclusively or substantially for religious purposes.
- c. their standing in the faith group is recognized as that of a minister or leader.
- d. they are certified by an appropriate official of the faith group to be a fully qualified member of the clergy in good standing.

10. **Service Academy and Reserve Officer Training Corps (ROTC).**

An enlisted Service member who accepts appointment to a Service Academy as a cadet or midshipman under sections 403, 603, or 903 of reference (a) or as an ROTC cadet or midshipman under section 2107 of reference (a) retains enlisted status despite appointment. If an appointment is terminated before graduation or if a cadet or midshipman refuses to accept a commission offered following graduation, the period of concurrent enlisted service must be counted toward fulfillment of the MSO, resulting from the enlistment being served at the time of the appointment. Credit described above does not alter the authority for ordering disenrolled cadets or midshipman to active duty.

11. **Credit for Direct Appointments as a Cadet or Midshipman.**

Enlisted service performed concurrently while serving as a cadet or midshipman does not count toward fulfillment of the MSO incurred as a result of commissioning.

12. **Unsatisfactory Participation in the Ready Reserve.** A person who incurs an MSO and who subsequently fails to perform satisfactorily during any required Reserve training may not be discharged, except as outlined in paragraph 6 "Procedures for Discharge Prior to Completion of MSO," above.

13. **Interservice and Intercomponent Transfers.** Transfer of Service members who have a remaining MSO between Military Services or components of a Military Service must be accomplished under MILPERSMAN 1910-102 for enlisted personnel and reference (c) for officers. Obligated military service performed before and after an authorized transfer must be counted toward fulfillment of the MSO.

14. **Induction.** In time of war, national emergency, or when otherwise authorized by law, a person who is inducted under reference (a) and who completes the required period of active training and service must continue to hold their appointment or enlistment contract to serve in the Navy Reserve and must be required to fulfill the term of obligation, unless discharged by SECNAV.

---------------------------------------	------------------	-----------------

References	(a) OPNAVINST 1120.7 (b) NAVMED P-117, Manual of the Medical Department (MANMED), Chapter 15
------------	--

1. **Eligibility**. Eligibility criteria for appointment of officer and enlisted members in the Nurse Corps, United States (U.S.) Navy on active duty are set forth in detail in reference (a). General criteria include the following:

- a. Citizen of the U.S.
- b. Physically qualified per reference (b).
- c. Able to complete 20 years of active service prior to reaching age 62.

2. **Professional Requirements**. Minimum professional requirements for appointments are as follows:

a. Graduate of a nursing education program that conferred a baccalaureate or an advanced degree in nursing. Program must have been accredited by the National League for Nursing Accrediting Commission (NLNAC) or Collegiate Commission on Nursing Education (CCNE) at the time of graduation.

b. Licensed and in good standing as a registered professional nurse in a state, territory, or commonwealth of the U.S., or the District of Columbia (DC), based upon a licensing examination provided by the National Council of State Boards of Nursing and administered by one of its member boards of nursing.

3. **Application.** Applications must contain the following:

Item	Documentation
a.	DD 2808 (10-05), Report of Medical Examination.
b.	DD 2807/1 (3-07), Report of Medical History.
c.	Educational transcripts. Must be sent with seal from each institution attended with evidence of degree awarded.
d.	Evidence of licensure as a registered professional nurse.
e.	Verification of licensure from each State Board of Nursing which the applicant is, or has been, licensed as a registered professional nurse within the last 10 years.
f.	Statement of understanding that Nurse Corps officers must maintain licensure as a registered professional nurse. Failure to maintain a license may result in separation for cause under the guidance of reference (a). The expense of obtaining and maintaining a license to practice as a professional registered nurse is the responsibility of the individual.
g.	NAVCRUIT 1131/1 (Rev. 11-06), Application for Commission in the U.S. Navy/U.S. Navy Reserve.
h.	SF 86 (Rev. 9-95), Questionnaire for National Security Positions.
i.	FD 258 (Rev. 12-82), Fingerprint Card.
j.	NAVCRUIT 1100/13 (Rev. 3-81), Interviewer's Appraisal Sheet by two officers in the grade of lieutenant or above, with one being a Nurse Corps officer.
k.	Supporting documents or letters of recommendations from <ul style="list-style-type: none"> • college or nursing instructor or professor, and • from supervisor of nursing related work experience if within the past 5 years.
l.	Officer applicants must include a letter or statement resigning their current commission contingent upon appointment in the Nurse Corps, U.S. Navy Reserve.

4. **Application Address**. Commanding officers (COs) forward completed applications with an endorsement with brief specific reasons for recommendation to:

Commander, Navy Recruiting Command (N3)

5. **Terms and Obligation**

a. Applicants selected shall be tendered an original appointment in the grade of ensign, lieutenant (junior grade), or lieutenant depending upon the years of education and professional experience specified in reference (a) and ordered to active duty as a Nurse Corps officer.

b. Total obligation is 8 years, 3 of which must be active duty. Time not spent on active duty will be spent in the Inactive Reserve.

MILPERSMAN 1100-030

PROCEDURES FOR EFFECTING APPOINTMENTS AND DELIVERING ORIGINAL COMMISSIONS

Responsible Office	NAVCRUITCOM (N31)	Phone: DSN COM FAX	226-4085 (703) 696-4085 226-6938
---------------------------	----------------------	--------------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

1. **Introduction.** Commanding officers (CO), officers in charge, and other designated "appointing officers" will be governed by the policies and procedures of this article and [MILPERSMAN 1070-030](#) when delivering original appointments (permanent or temporary) in the U.S. Navy (USN) or U.S. Navy Reserve (USNR).

2. **Restrictions on the Appointment Documents**

a. The official administering the oath of office must ensure all restrictions appended to the appointment documents are met prior to the time a candidate is administered the oath of office. If there are any questions regarding the restrictions involved, the administration of the oath will be delayed until all questions have been resolved.

b. Alterations of names, designators, grades, or dates of rank will not be made on appointment papers before or after execution. If there is an error with the name, designator, grade or date of rank on the NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office, the appointment will not be tendered or executed. Pen and ink changes of birth dates and Social Security numbers may be made upon receipt of authority from Commander, Navy Recruiting Command (COMNAVCRUITCOM). Appointment papers will be reissued by Navy Recruiting Command (NAVCRUITCOM) Officer Programs Division (N31) upon notification of an error.

3. **Appointees on Active Duty Concurrently with Appointment**

a. Appointees who are on an active duty status or are issued orders to active duty concurrently with appointment must be reexamined by a naval medical officer if:

(1) More than 18 months have elapsed since the examination given at the time of application for appointment to commissioned grade;

(2) The appointee's physical condition appears to have changed significantly since the examination given at the time of application for appointment, or information is available to indicate that such a change might have occurred; or

(3) The appointee states that their physical condition has changed significantly since the examination.

b. When such a reexamination is conducted for conditions of subparagraphs 3a(1) through 3a(3), the following documentation will be forwarded to Chief, Bureau of Medicine and Surgery (BUMED). Appointees who remain on active duty are not required to be reexamined prior to issuance of appointment, unless one of the conditions described in subparagraphs 3a(1) through 3a(3) exists.

(1) [DD 2808](#) Report of Medical Examination; and

(2) [DD 2807-1](#) Report of Medical History

4. **Restrictions on Delivery of Original Commissions.** Original commissions will not be delivered if:

a. The appointee is under disciplinary action or awaiting such action;

b. The appointee is:

(1) on the sick list,

(2) on sick leave,

(3) assigned limited duty (LIMDU) following the approved recommendation of a board of medical survey, or

(4) awaiting action upon a report of a board of medical survey or physical evaluation board; or

c. The appointee's physical condition, upon reexamination, has materially deteriorated since he or she was examined for appointment. In questionable cases where a definite finding may not be made at the time of physical examination, the report of the naval medical officer should be sent to Chief, BUMED. In such cases, the appointment will be withheld pending receipt of further instructions from COMNAVCRUITCOM.

5. Withholding of Appointment for Other Reasons

a. If the appointment is withheld for any reason other than those enumerated in paragraph 4, NAVCRUITCOM N31 must be advised immediately. Justification for such action should be submitted at that time.

b. The appointment will be retained pending further instructions from Commander, Navy Personnel Command (COMNAVPERSCOM) or COMNAVCRUITCOM.

6. Acceptance of Appointment

a. An appointee who is found physically qualified must execute the acceptance and oath of office for appointment. Unless otherwise stated, the appointment is effective from the date of acceptance.

b. The commission, which is enclosed with the appointing documents, is evidence of the appointment.

(1) Present commissions of Navy Reserve and temporary commissioned Navy officers, as well as appointments as warrant officers, will be considered as terminated on the date preceding the acceptance of permanent appointment into the Navy.

(2) For other than appointees noted in subparagraph 6b(3), COs will report to COMNAVCRUITCOM the circumstances and name of any appointee under their command whose appointment is not effected.

(3) Any appointee who does not desire to accept the appointment tendered must submit a statement to that effect to COMNAVCRUITCOM, via their CO, including return of the NAVPERS 1000/4 signed by the appointee as not accepted.

7. **Discharge from Enlisted Status**

a. Appointees serving in an enlisted status and appointees serving in a temporary commissioned or warrant grade, whose permanent status is enlisted, will be honorably discharged from their enlisted status by reason of selected changes in service obligation to accept permanent appointment to officer grade per [MILPERSMAN 1910-102](#). The appointing officer will effect such discharges for selected changes in service obligation as of the day immediately preceding the date of acceptance of the permanent appointment as appropriate.

b. If the appointing officer is not the custodian of the electronic service record, he or she will notify the service record custodian regarding the type of appointment accepted and the date it was accepted, requesting that the member's enlisted status be terminated as of the day immediately preceding the date of acceptance of the permanent appointment.

c. DD 214 Certificate of Uniformed Service will be prepared, and the electronic service record closed for members discharged while on an active duty status. [NAVPERS 1070/615](#) Honorable Discharge from the United States Navy Reserve will be prepared and issued, and the electronic service record closed for members discharged while on inactive duty status.

8. **Receipt of Orders.** Upon acceptance of appointment each officer on active duty will report to their CO for duty until such time as orders are received from NAVPERSCOM. If present orders are to duty in a flying status involving operational or training flights, such orders are automatically continued except in the case of warrant officers. Officers on active duty will receive further orders from NAVPERSCOM.

9. **Mileage/Travel Allowances.** Upon acceptance of appointment, members on active duty do not accrue entitlement to mileage allowance or any other travel allowance by reason of termination of their former officer or enlisted status.

SUBMISSION OF APPLICATION FOR VOLUNTARY TERMINATION OF TEMPORARY APPOINTMENT AND REVERSION OF LIMITED DUTY OFFICERS (LDOs)

Responsible Office	NAVPERSCOM (PERS-4822)	Phone:	DSN	882-4206
			COM	(901) 874-4206
			FAX	882-2622
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) 10 U.S.C. 5596
	(b) 10 U.S.C. 6330
	(c) OPNAVINST 1420.1B

1. **Request Procedures.** An officer appointed for temporary service under reference (a), whose permanent status is **chief warrant officer (CWO) or enlisted** may request voluntary termination of their temporary officer appointment and reversion to their permanent grade. Requests for reversion are submitted to Navy Personnel Command (NAVPERSCOM), Officer Retirement Section (PERS-4822) via their commanding officer (CO) (or immediate superior in command (ISIC) as appropriate), and will normally receive favorable consideration provided the obligated service (OBLISERV) requirements described below have been fulfilled.

2. **Guidelines for Submission.** Applications for reversion may be submitted under the following guidelines:

a. If the requested reversion date coincides with the projected rotation date (PRD), then submit the request in time to reach NAVPERSCOM (PERS-4822) **6 to 9 months in advance** of the desired reversion date.

b. If the requested reversion date does not coincide with the PRD, then the request should reach (PERS-4822) **9 to 12 months in advance** to allow ample time to identify a relief.

c. COs may favorably endorse a reversion for **less than 6 months advance** notice if they are willing to accept a gap in the billet. The command endorsement should also indicate if a relief is required.

d. If the request is for reversion to the member's permanent CWO grade and the member will remain on active duty at the same command, then the request should reach NAVPERSCOM (PERS-4822) a **minimum of 3 months in advance**.

e. If the request is for reversion to the member's permanent enlisted grade and transfer to the Fleet Reserve, or discharge, then the requested **reversion date should reflect the first of the month and Fleet Reserve or discharge the end of the same month** (i.e., reversion 1 Aug and Fleet Reserve 31 Aug). This will allow time for the officer personnel and pay accounts to be closed out, create enlisted accounts, and affect the discharge or Fleet Reserve.

f. Unless in response to service needs, or Commander, Navy Personnel Command (COMNAVPERSCOM) directs otherwise, requests for reversion may be disapproved if an officer is notified by any means (E-mail, message, telephone, or personal visit) that permanent change of station (PCS) orders will be issued, and the officer is **within 6 months** of the normal PRD.

g. Requests for reasons of hardship will be considered from members who do not meet the criteria described in para. 7; however, documentation for the basis of the hardship must be provided.

3. Sample Formats

a. **Sample Format for Reversion and Transfer to the Fleet Reserve (use proper letter format):**

From: RANK FIRST MI. LAST NAME, USN, SSN/DESIG
To: Commander, Navy Personnel Command (PERS-4822)
Via: Commanding Officer, (Member's Command)

Subj: REQUEST TO REVERT TO PERMANENT ENLISTED GRADE AND
TRANSFER TO FLEET RESERVE

Ref: (a) MILPERSMAN 1100-060, 1830-040
(b) SECNAVINST 1920.6C
(c) BUPERSINST 1430.16E, Section 723
(d) 10 U.S.C. 5596

1. Per references (a) through (d), I hereby request to revert to my permanent enlisted status of _____ effective DD/MM/YR and transfer to the Fleet Reserve effective DD/MM/YR (members must revert on the first of the month and transfer to the Fleet Reserve the last day of the same month). I certify that my permanent enlisted time in rate date is _____.
2. (If applicable) I request a _____ month Time-in-Grade waiver. (This is required if your Time-in-Rate is less than 24 months). (Provide NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, for enlisted promotion.)
3. Point of contact information (your E-Mail address and telephone number).

FI. MI. LAST NAME

b. Sample Format for Reversion to CWO and Remain on Active Duty (use proper letter format):

From: RANK FIRST MI. LAST NAME, USN, SSN/DESIG
To: Commander, Navy Personnel Command (PERS-4822)
Via: Commanding Officer, (Member's Command)

Subj: REQUEST TO REVERT TO PERMANENT CHIEF WARRANT OFFICER
GRADE AND CONTINUE ON ACTIVE DUTY

Ref: (a) MILPERSMAN 1100-060
(b) SECNAVINST 1920.6C
(c) 10 U.S.C. 5596

1. Per references (a) through (c), I hereby request to revert to my permanent chief warrant officer grade of _____ effective DD/MM/YR and continue on active duty. I certify that my permanent CWO_ appointment date is _____.
2. Point of contact information (your E-Mail address and telephone number).

FI. MI. LAST NAME

4. **Requests for Termination of Temporary Appointment, Reversion to Permanent CWO Grade, and Retention on Active Duty.** Temporary LDOs whose permanent status is CWO may request termination of temporary appointment and retention on active duty in their CWO status. Upon approval of the member's request by COMNAVPERSCOM, an administrative reversion letter will be issued by NAVPERSCOM (PERS-4822). The member should provide a copy to the supporting Personnel Support Activity Detachment (PERSUPP DET) to complete

DD 1173, Uniformed Services Identification and
Privilege Card; and
DD 214, Certificate of Release or Discharge from
Active Duty.

Adjustment to Officer Master Files, Promotion History Files, and pay record will be coordinated by NAVPERSCOM (PERS-4822) and NAVPERSCOM, Officer Career Progression Branch (PERS-480).

5. **Requests for Termination of Temporary Appointment, Reversion to Permanent Enlisted Status, and Transfer to Fleet Reserve.**

Provided the member has completed **20 or more years of active service** per reference (b), temporary officers whose permanent status is enlisted may request reversion and transfer to Fleet Reserve. Upon approval of the member's request by COMNAVPERSCOM, reversion orders will be issued by NAVPERSCOM (PERS-4822) and include the date and paygrade authorized for transfer to the Fleet Reserve.

6. **Requests for Termination of Temporary Appointment and Discharge.** Temporary officers whose permanent status is enlisted may request termination of their temporary appointment and discharge by reason of expiration of enlistment. Upon approval of the member's request by COMNAVPERSCOM, reversion orders will be issued by NAVPERSCOM (PERS-4822). Separation will be effected in member's permanent enlisted grade, as described in MILPERSMAN 1910-104.

7. **Obligated Service Requirements.** A temporary officer shall satisfy the following requirements:

a. Retainability requirements incurred as the result of a cost PCS move as described in MILPERSMAN 1301-108.

b. The initial agreement to remain on active duty for a period of **4 years** subsequent to acceptance of the temporary appointment as described in reference (c).

8. **Requesting Withdrawal or Cancellation.** A request for withdrawal or cancellation along with the command's endorsement may be submitted to NAVPERSCOM (PERS-4822) using the same chain of command as the original request for termination of temporary appointment. Provide justification for requesting cancellation or withdrawal. Each request will be considered on a case-by-case basis.

9. **Expungement.** An officer whose request for withdrawal of **request for termination of temporary appointment** has been approved by COMNAVPERSCOM, may, upon written request to NAVPERSCOM (PERS-4822), have termination of temporary appointment related material expunged from their record. Fitness reports will not be expunged.

MILPERSMAN 1131-040

APPOINTMENT OF OFFICERS IN THE NAVY RESERVE, PRIOR SERVICE

Responsible Office	PERS-911	Phone: COM DSN	(901) 874-4753 882-4753
---------------------------	----------	-------------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal	1-833-330-MNCC (6622) askmncc.fct@navy.mil https://my.navy.mil/
----------------------	--	--

References	(a) 10 U.S.C. (b) DoD Instruction 1300.04 of 25 July 2017 (c) DoD Instruction 1310.02 of 26 March 2015 (d) SECNAVINST 1920.6D (e) NAVMED P-177, Manual of the Medical Department (f) SECNAVINST 1000.7G
-------------------	--

1. **Policy.** This article provides guidance for Active Component (AC) to Reserve Component (RC) (AC2RC) and current or former officers seeking appointment or reappointment into the Navy Reserve. AC2RC, former officers, inter-Service transfers (IST), and other Service veterans (OSVET) who are considered qualified by Commander, Navy Personnel Command (COMNAVPERSCOM) may be appointed in the Navy Reserve as specified below.

2. **AC Officers Being Processed for Honorable Separation**

a. AC officers who request separation from the Navy and have satisfied their military service obligation (MSO) may request appointment in the Navy Reserve before separation. AC officers who submit a voluntary resignation and who have not satisfied their MSO will be automatically considered for appointment into the Navy Reserve. Per reference (a), chapter 1005, and references (b) and (c), signature of acceptance of a new Reserve oath is not a requirement, and officers will be placed into the Selected Reserve or Individual Ready Reserve, as appropriate, to complete their MSO.

b. All officers with approved resignations will be screened by NAVPERSCOM Post Selection Board Matters Branch (PERS-833) for adverse or reportable information prior to scrolling from the active duty list (ADL) to the Reserve active status list (RASL). If any adverse or reportable information is found, an Adverse Information Report will be forwarded to NAVPERSCOM Reserve Processing and Affiliation Center (RPAC) by PERS-833 for further review. A panel of officers will review the record in its entirety and provide a recommendation to Chief of Navy Personnel for approval or disapproval for scrolling to the RASL.

c. If approved for scrolling to the RASL, the appointment will be forwarded to the member by RPAC and will be effected the day after separation.

d. The Navy Reserve appointment must be in the same grade, with the same date of rank, and normally in the same designator category as that held in the AC, unless redesignation into a different community is approved by a Probationary Officer Continuation and Redesignation (POCR) Board or another authorized redesignation process. Requests for lateral transfer or change of designator (COD) prior to separation from active duty must be submitted to the officer's transition assistant and the Officer's prospective Reserve officer community manager. Refer to [MILPERSMAN 1212-010](#) for requirements.

3. **POCR Board.** A probationary officer with fewer than 6 years of active commissioned service and who was unable to complete initial training, obtain required qualifications for designator, or complete initial operational assignments may be referred to a POCR board.

a. The POCR Board will approve or disapprove Reserve affiliation in a different designator than that held in the AC.

b. Probationary officers who voluntarily attrite from an initial course of instruction or duty and indicate a desire for separation from Service should not be referred to a POCR board.

c. Additional information and current guidance on the POCR board process can be found by e-mailing the POCR administrative team at bupers-3.pocr.fct@navy.mil or visiting <https://www.mynavyhr.navy.mil/Career-Management/Boards/Administrative/POCR/>.

4. **Attrition From an Active Status Due to Failure of Selection or Years of Service.** Applications for appointment or reappointment will not be accepted from officers who have been discharged per reference (d), enclosure (5), for failure of selection for promotion on the RASL per the attrition provisions of law.

5. **Former Officers Requesting Reappointment Within 3 Years**

a. Former AC and Navy Reserve officers who were honorably separated and did not retain an appointment may request a Navy Reserve appointment from NAVPERSCOM Reserve Officer Status Branch (PERS-911) within 3 years following the date of their separation.

b. The Navy Reserve appointment will generally be in the same grade and designator category as previously held. PERS-911 will adjust the officer's pay entry base date to account for the break in service. If the period of separation is in excess of 6 months, NAVPERSCOM Career Progression Officer Promotions Branch (PERS-806) will adjust the officer's date of rank.

c. Officers must request Navy Reserve appointment in writing. Applicants must submit a reappointment package to PERS-911 within the Web service application, Personalized Recruiting for Immediate and Delayed Enlistment Modernization II (PRIDE Mod II), via a Navy Reserve officer recruiter. Requests must be endorsed by the recruiter and must include the following information and documents:

(1) Name, designator at time of separation, address, and phone number;

(2) Statement of the reason for not requesting, receiving, or retaining a Navy Reserve commission at the time of separation;

(3) Declaration of intent to affiliate with the Selected Reserve upon reappointment;

(4) Copy of the officer's DD 214 Certificate of Release or Discharge from Active Duty;

(5) Copy of the officer's separation orders (if separated from active duty);

(6) Copy of an updated [SF 86 Questionnaire for National Security Positions](#), if period of separation is more than a year; and

(7) Copy of [DD 2807-1 Report of Medical History](#) and [DD 2808 Report of Medical Examination](#) completed within 3 years of discharge per reference (e), chapter 15-22.

6. **Former Officers Requesting Reappointment After 3 Years**

a. After 3 years from the date of separation, former Navy Staff Corps officers who held designators 210X, 220X, 230X, 290X, and 410X must request appointment into the Navy Reserve via an authorized direct commissioning program. Applicants must meet all eligibility requirements of the direct commissioning program.

b. Former officers who held designators other than those listed in subparagraph 6a may request to be waived from the 3-year policy. Each case will be evaluated based on the officer's service record and needs of the Navy at the time of application. PERS-911 will convene a professional review panel for final approval or disapproval of all reappointment requests requiring a waiver.

c. Applicants must submit a waiver request, in writing, to PERS-911 via a Navy Reserve officer recruiter. All reappointment requests from former Navy officers separated more than 3 years must contain the same enclosures as those in subparagraphs 5c through 5c(7), and include a current dated and signed resume.

7. **Officer Inter-Service Transfers (IST)**. Per reference (f), qualified officers may be given the opportunity to apply for an IST without an interruption in their Service careers. Transfers will be approved only within the authorized strength limitations of the gaining Service. Both the gaining and losing Service must concur with the IST request. Additional guidance is provided in [MILPERSMAN 1300-082](#).

a. Applicants must request a Navy Reserve appointment via a Reserve officer recruiter. IST packages will be forwarded to PERS-911 in PRIDE Mod II via a Navy Reserve officer recruiter.

b. The Navy Reserve appointment must be in the same grade, with the same date of rank, and normally in the same designator category as that held in their current Service.

c. PERS-806 will add transferring officers, already on a promotion list to the next higher grade of the losing Service, to the promotion list of the Navy RASL.

d. An officer must agree to serve at least 3 years of obligated service.

e. All officers of the other Uniformed Services are eligible to transfer to the Navy except those who:

(1) Have been deferred from promotion or have failed to select for promotion in their present grade,

(2) Are in competitive categories that do not comport to the Navy's authorized strength limitations,

(3) Have already applied for an IST within the last year, or

(4) Have been notified of mandatory retirement for any reason.

8. **Other Service Veteran Appointments (OSVET)**. Former qualified aviators from other Services who were not discharged due to attrition provisions of law, who have completed their MSO and no longer hold a commission, may apply for direct commission as a 13X5 designated officer. These officers must have been selected by a Navy pilot selection board for affiliation with a Reserve Force squadron. Applicants must submit an OSVET package to PERS-911 in PRIDE Mod II via a Navy Reserve officer recruiter.

-------------------	---

1. **Purpose.** The Medical Enlisted Commissioning Program (MECP) gives active duty enlisted personnel, including Full-Time Support (FTS), an opportunity to complete the requirements for a baccalaureate degree in nursing and earn a commission as a Nurse Corps officer.

2. **Applications.** Due annually by 1 October. Eligibility criteria and application procedures for MECP are found in reference (a).

3. **Pay.** MECP selectees will receive full pay and allowances for their enlisted paygrades and will be eligible for advancement while attending college on a full-time basis. Tuition, fees, books, and other expenses must be paid by the MECP candidate.

4. **Obligation**

a. Upon graduation, candidates will be commissioned as **Ensign, Nurse Corps, United States Navy** and incur a commissioned obligation of 8 years, 4 of which must be served on active duty.

b. Candidates will be commissioned upon completion of MECP and must successfully complete Officer Indoctrination School.

5. **License Requirements**

a. Nurse Corps officers must obtain and maintain a license to practice as a registered professional nurse from a state,

territory, or the District of Columbia based on a licensing examination provided by the National Council of State Boards of Nursing and administered by one of its member boards of nursing.

b. Obtaining and maintaining a license to practice is the responsibility of the officer. Officers failing to become licensed may be appointed in a different category to complete any incurred active duty obligation, or separated for cause under the guidance of references (b) and (c).

---------------------------	-----------------	-------------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	--	--

References	(a) 10 U.S.C §12104 (b) COMNAVCRUITCOMINST 1130.8, Enlisted Recruiting Manual
-------------------	---

1. **Enlistment Programs**. Reference (a) authorizes enlistment or transfer to a Reserve Component of the Armed Forces. The following programs are available for enlistment in or affiliation with the Navy Reserve:

a. **Selected Reserve (SELRES) - Drilling Reservists (with pay)**. SELRES is an enlistment program in the Navy Reserve for inactive duty. Options include:

(1) New Accession Training (NAT) Program is a recruiting program for non-prior service personnel. NAT Program personnel incur a military service obligation (MSO) of 8 years, with the first 6 years served in the SELRES (calculated from the date the member reports to Recruit Training Command);

(2) Career-Waypoints-Reenlistment (C-WAY-REEN) is a career management module within C-WAY that applies to all rated Active Component (AC) and full time support (FTS) Sailors E-3 through E-6 with 14 years or less of service at their expiration of active obligated service (EAOS) as extended, also identified as soft EAOS(SEAOS). For those Sailors in the SEAOS window who desire to apply to the SELRES, C-WAY-REEN use is required to compete for SELRES quotas, which will allow transition to the SELRES;

(3) Navy Veteran (NAVET) Program is for enlistment or affiliation in the same rating previously held;

(4) Other Service Veteran (OSVET) Program is for enlistment in a rating that is equivalent to the military occupational specialty (MOS), Air Force specialty code (AFSC), or Coast Guard rating; and

(5) Prior Service Reenlistment Eligibility - Reserve Program is for enlistment or affiliation of a NAVET which requires a change of rating or enlistment of an OSVET in a rating not equivalent to the previous MOS, AFSC, or Coast Guard rating.

b. **FTS** - formerly known as the Training and Administration of Reserves program, FTS is an enlistment program that provides active duty service in the Navy Reserve. The primary accession method is for current members (referred to as Prior Service) of the AC or SELRES to transition to FTS via C-WAY. Per reference (b), on a limited basis, non-prior Service members may be accessed by Navy Recruiting Command to FTS for a first term enlistment. Individuals accessed for a first term enlistment incur an active duty obligation and a total MSO of 8 years, as governed by reference (b). The active duty obligation may be 5 or 6 years, depending on the specific details under which the member enlists. Options include:

(1) Prior Service - members currently serving in the AC or SELRES.

(a) Transition to FTS from AC, via C-WAY-REEN.

(b) Transition (Indefinite recall) to FTS from SELRES or the Individual Ready Reserve (IRR) voluntary training unit (VTU) via Career Waypoints-Transition.

(2) Non-prior Service - limited opportunity for Navy Recruiting Command to recruit individuals for a first term enlistment into the Navy Reserve as an FTS Sailor.

2. **Eligibility Requirements**. Reference (b) contains specific eligibility requirements for non-prior Service personnel enlisting in the Navy Reserve. MILPERSMAN 1001-125 and MILPERSMAN 1001-145 contain specific eligibility requirements for transfer from the SELRES/IRR-VTU or AC to the IRR-Active Status Pool, Standby Reserve-Active, and Standby Reserve-Inactive. MILPERSMAN 1306-1501 and MILPERSMAN 1306-1502 contain specific eligibility requirements for prior service personnel directly transitioning to the SELRES or converting to FTS.

PRIOR SERVICE (PRISE) III PROGRAM

Responsible Office	OPNAV (N13)	Phone:	DSN	664-5089
			COM	(703) 604-5089
			FAX	664-5943

MyNavy Career Center	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) COMNAVCRUITCOMINST 1130.8K
	(b) OPNAVINST 1160.9
	(c) BUPERSINST 1430.16F

1. **Background.** The Prior Service (PRISE) III Program offers reenlistment opportunities and rating conversion to Navy veterans (NAVETs) who reenlist after a 24-hour break in service and who are not eligible to reenlist in their previously held ratings. All PRISE III NAVETs require Bureau of Naval Personnel (BUPERS), Enlisted Community Management (BUPERS-32) approval via Navy Recruiting Command (NAVCRUITCOM), Policy and Programs (N32).

2. **Eligibility Requirements.** Specific PRISE III eligibility requirements are set forth below:

a. Have been discharged in an undesignated status or designated in a rating that BUPERS-32 has designated "Not Open" to NAVETs.

b. Have at least 12 consecutive weeks of prior Navy service (active duty or active duty for training), but no more than 6 years prior Navy service.

c. Meet the basic enlistment eligibility requirements outlined in reference (a), including broken service and time-in-service eligibility requirements for NAVETs.

d. Have been recommended for reenlistment on date of discharge.

e. Must be able to obligate service for the 4, 5, or 6-year program they are being guaranteed without exceeding high year tenure for the pay grade in which they are reenlisting. Commander, NAVCRUITCOM approval must be obtained for obligated service (OBLISERV) of less than 4 years.

f. Meet physical, moral, and mental requirements for a PRISE III-eligible rating as specified in reference (a). Current (less than 2 years old) Armed Forces Vocational Aptitude Battery (ASVAB) line scores must be used to determine rating eligibility.

3. Reenlistment Provisions

a. When approved for conversion via "A" school, applicants will be reenlisted in the U.S. Navy for a period of 4 years. For ratings requiring 5 or 6 years of OBLISERV, Sailors will then execute one or two 12-month extension(s) based on the length of required OBLISERV. One 24-month extension is not authorized.

(1) The maximum pay grade for accessions, via the PRISE III Program, is E-5.

(2) NAVETs reenlisting, via PRISE III, for one of the programs under the Navy Warrior Challenge must meet all eligibility criteria outlined in MILPERSMAN 1220-010 (Aviation Rescue Swimmer (AIRR)), 1220-100 Navy Diver (ND), 1220-200 Explosive Ordnance Disposal (EOD), 1220-300 (SEAL), and 1220-400 (SWCC). They will be ordered to Student Recruit Training Command, Great Lakes (NAVET/OSVET) (UIC 42125). The following permanent NAVPERS 1070/613 Administrative Remarks must be completed and submitted to Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) to be filed in the official military personnel file (OMPF):

"Member is being ordered to NAVET/OSVET Division, Recruit Training Command, Great Lakes for in-processing. Upon reporting to NAVET/OSVET Division, Great Lakes, staff will ensure required screening is completed. Members must then check-in with the dive motivator LCPO at Recruit Training Command and (if fit for full duty) will receive physical training until transferred to gaining command."

(3) The PRISE III Program is not a reenlistment incentive program. If guaranteed a PRISE III "A" school that is

selective reenlistment bonus-eligible, they must sign the following remarks on NAVPERS 1070/613, which must be submitted to NAVPERSCOM (PERS-313) to be filed in the OMPF:

"I understand I have been approved to enlist in the _____ rating for 4 years for the sole purpose of conversion to the _____ rating after "A" school. I understand the rating to which I am converting is listed on the current selective reenlistment bonus (SRB) award level NAVADMIN. I understand I may only be eligible for the SRB award level in effect, if any, on the date of my next reenlistment after "A" school. No guarantees of SRB eligibility or SRB payment have been offered to me as an enlistment guarantee."

b. If the member has never previously received an enlistment bonus (EB) from any service, they qualify for EB if otherwise eligible per reference (b). Payment of EB for enlistment executed under this article is not guaranteed.

4. Failure to Complete Pipeline Training

a. NAVETs enlisting under the PRISE III Program who fail to complete "A" School for any reason:

(1) Will be reclassified by BUPERS, Production Management Office (BUPERS-6) into another rating for which they are qualified and a vacancy exists.

(2) If the member does not qualify for reclassification into another rating, where a vacancy exists, the member will be separated per MILPERSMAN 1910-133 based on the needs of the Navy, as determined by BUPERS-6, in coordination with BUPERS-32.

(3) NAVETs enlisting under the PRISE III Program who successfully complete "A" school, and fail to complete "C" School for academic reasons will be transferred to the fleet as a rated Sailor based on their "A" school.

(4) NAVETs who fail to complete "A" or "C" School for disciplinary reasons may be discharged from naval service if administrative separation is warranted per MILPERSMAN 1910-125.

5. Effective Rating Conversion. Rating conversion will be effected upon satisfactory completion of Class "A" school or

basic A-1 phase (of those schools having advanced phases) as per reference (c)

6. **Adjudication Authority.** The table below summarizes adjudication authorities:

Overall Policy	Office of the Chief of Naval Operations (OPNAV), Military Personnel, Plans, and Policy, OPNAV (N13)
Approval authority for all PRISE III applicants	BUPERS-32 VIA NAVCRUITCOM
Recruiting issues and enlistment contracts	NAVCRUITCOM
Approval authority for disenrollment requests and reversion to permanent rating requests	BUPERS-32
"A" school seat quota management	BUPERS-6
Reenlistment and Extension Policy Execution	Navy Personnel Command (NAVPERSCOM), Career Progression Department (PERS-8)/NAVPERSCOM, Career Administration Division (PERS-81)

MILPERSMAN 1133-061

PRIOR SERVICE RE-ENLISTMENT ELIGIBILITY - RESERVE (PRISE-R) PROGRAM

Responsible Office	OPNAV (N13)	Phone:	DSN COM	664-5025 (703) 604-5025
---------------------------	-------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) COMNAVCRUITCOMINST 1130.8N (b) SECNAVINST 1770.5 (c) RESPERS M-1001.5, Navy Reserve Military Personnel Manual (d) BUPERSINST 1430.16G
-------------------	--

1. **Purpose.** This article, along with references (a) through (d), provides policy and guidance for the management of the Prior Service Re-enlistment Eligibility - Reserve (PRISE-R) Program.

2. **Background**

a. The PRISE-R Program is a Reserve accession program that allows Navy veterans (NAVET) and other Service veterans (OSVET) to enlist and affiliate with the Selected Reserve (SELRES) into available ratings as set forth by Naval Education and Training Command (NETC) fiscal year (FY) recruiting goals, policies, training guidance, and revisions (as applicable). The PRISE-R Program includes both direct rating conversions and those ratings that require "A" school, "C" school, or both. Bureau of Naval Personnel (BUPERS) Reserve Enlisted Community Management Branch (BUPERS-352) administers PRISE-R availability based on community and rating health and coordinates PRISE-R "A" and "C" school training with NETC Supply Chain Operations Department (N3).

b. Individuals will affiliate with the Navy Reserve via Navy Recruiting Command (NAVCRUITCOM), in coordination with BUPERS-352, and counted against Reserve Component end-strength.

This program is funded under the Reserve Personnel, Navy appropriations.

3. Definitions

a. NAVET. Per reference (a), NAVETs are applicants whose last tour of active or Reserve duty was in the U.S. Navy or Navy Reserve have been discharged or released for more than 24 hours, and who completed a minimum of 12 consecutive weeks of active duty or active duty for training (ADT).

b. OSVET. Per reference (a), OSVETs are prior service veterans whose last tour of active or reserve duty was in a military branch of Service other than the U.S. Navy or Navy Reserve, and who completed a minimum of 12 weeks of active duty or ADT.

c. Entry Rating. For the purpose of this instruction, the entry rating is defined as the rating and rate the NAVET previously held at discharge, as reflected in Navy personnel systems. OSVETs do not have an entry rating so they will enter as non-rated seamen (SN), regardless of military occupational specialty.

d. Temporary Rating. For the purpose of this article, the temporary rating is defined as the rating to which the NAVET or OSVET is requesting to convert upon accession.

e. Permanent Rating. For the purpose of this article, the temporary rating becomes the permanent rating when the NAVET or OSVET successfully completes all requirements for conversion.

4. Program Requirements. Applicants must meet basic enlistment eligibility, rating-specific requirements, and program requirements listed in reference (a), which include the following:

a. Must be in pay grades E3 through E6 and within the following time in service (TIS) criteria as calculated from their adjusted pay entry base date (PEBD) upon enlistment:

Pay Grade	TIS from PEBD
E3	Fewer than 8 years
E4	Fewer than 14 years
E5 & E6	Fewer than 16 years

Note 1: Waivers for E1-E2 Service members and TIS can be approved on a case-by-case basis as determined by NAVCRUITCOM via the National Prior Service Enlisted Reserve Program Manager (PSER PM).

Note 2: Direct convert applicants who have greater than 30 months of TIS will be brought in with the pay grade of E4. Applicants who require schooling to make the rate official and have greater than 30 months TIS will advance to the E4 pay grade upon completion of conversion requirements.

b. Have no previous non-judicial punishment or convictions in civilian or military courts within the previous 24 months. Waivers can be approved on a case-by-case basis based upon the needs of the Navy, as determined by BUPERS-352 and coordinated with NAVCRUITCOM via the PSER PM.

c. NAVETs and OSVETs may apply for any temporary rating with an available PRISE-R affiliation quota as determined by BUPERS-352 and coordinated with NAVCRUITCOM via the PSER PM.

d. NAVETs or OSVETs who previously enlisted under PRISE-R and failed to make their temporary rating their permanent rating will only be considered on a case-by-case basis based upon the needs of the Navy, as determined by BUPERS-352.

e. NAVETs who did not serve a minimum of 24 months in their permanent rating will only be considered on a case-by-case basis based upon the needs of the Navy, as determined by BUPERS-352.

5. **Program Obligation.** Service members affiliating in-rate and those who are direct-converting to a different rate that does not require an "A" school, "C" school, or both must obligate in the SELRES (drill pay status) for a minimum of 3 years (or up to their high year tenure, if less) from the date of enlistment or affiliation, unless waived by BUPERS-352, based upon the needs of the Navy. Service members affiliating in a different rating that requires an "A" school, "C" school, or both must obligate in the SELRES for a minimum of 4 years. Conversion to another rating will only be considered after a PRISE-R Service member has served a minimum of 24 months in his or her permanent rating, but will be considered on a case-by-case basis based upon the needs of the Navy.

6. **Training Requirements.** PRISE-R Program requirements will be outlined on a [NAVPERS 1070/613](#) Administrative Remarks per enlistment contract annexes provided by NAVCRUITCOM. These remarks will be signed as "permanent" entries and submitted to the Service member's servicing transaction service center (TSC) or personnel office for entry into the Navy Standard Integrated Personnel System (NSIPS) electronic service record (ESR). The servicing TSC or personnel office will electronically submit (E-Submission) the document into the Service member's official military personnel file (OMPF). The authority block on the [NAVPERS 1070/613](#) must list the instruction that directs the entry **and** that the entry is filed in the Service member's permanent record.

a. Service School Requirements

(1) For ratings that require Service school training, PRISE-R accessions will receive ADT orders for either "A" school, "C" school, or both per contract annexes.

(2) Service members guaranteed an "A" school, "C" school, or both must report to the required school within 18 months from the date of affiliation. Coordination is required by the Service member, Navy Reserve activity (NRA), and Navy Reserve Forces Command (NAVRESFORCOM) Training Department (N7) to ensure sufficient "A" school, "C" school, or both seats are available to meet the demand and to ensure the Service member is actively pursuing PRISE-R Program requirements.

(3) For any changes to course convene dates within 18 months:

(a) In cases where the Service member is unable to attend the scheduled convene date, he or she must initiate a convene date change request per NAVRESFORCOM guidance.

(b) Changes to course convene dates may be requested by the Service member and submitted for approval to NAVRESFORCOM N7 on a case-by-case basis. NAVRESFORCOM N7 will ensure changes to course convene dates are closely coordinated with NETC N3 and BUPERS-352 (as necessary). The NRA must submit Service members' requests for changes no less than 30 calendar days prior to the course convene date. Requests made less than 30 calendar days will only be considered under extenuating circumstances.

(c) In cases where a scheduled convene date is changed, other than when requested by the Service member, the NRA will inform the Service member of the convene date change.

(4) "A" school, "C" school, or both extensions beyond 18 months

(a) An extension may be granted by NAVRESFORCOM Career Information Programs Office (N00CC) on a case-by-case basis if a Service member is not able to report to the required "A" school, "C" school, or both within 18 months of affiliation. Requests from Service members must be submitted via the NRA to NAVRESFORCOM N00CC no later than 60 days prior to program expiration.

(b) Service members must initiate extension requests through their NRA to NAVRESFORCOM N00CC via the PRISE-R portal, accessible through the Navy Reserve Homeport Waiver Tracker: <https://private.navyreserve.navy.mil/cnrfc/commandfunctions/N151/Lists/Waiver%20Tracker/Item/newifs.aspx?List=7eaa0af1%2D824e%2D4cd0%2D814b%2D11699f247870&RootFolder=&Web=113afc53%2D7185%2D4b11%2Daec2%2D7c127f6ae015>.

(5) If accelerated advancement at "A" school or "C" school applies, see [MILPERSMAN 1430-010](#).

(6) The following applies to Service members who fail to complete pipeline training:

(a) Service members in "A" school or "C" school who fail to attend within 18 months, fail to complete, or fail for academic or administrative reasons will either be force-converted or reverted to their entry rating based upon the needs of the Navy, as determined by BUPERS-352. NRAs will transfer Service members who are not force-converted or who do not continue service in the SELRES to the Individual Ready Reserve (IRR) "not recommended for re-affiliation" within 30 calendar days of failure. Service members will be reverted to their entry rating prior to transfer to the IRR. Refer to paragraph 7 for additional guidance.

(b) Service members who fail to complete "A" school or "C" school for disciplinary reasons will be processed for administrative separation per applicable [MILPERSMAN 1910](#) series articles. Service members involved in incidents requiring

disciplinary actions while at "A" school, "C" school, or both will be adjudicated at the active duty training command.

(c) Service members failing to complete "A" school or "C" school due to an injury, illness, or disease will follow guidelines established in reference (b) for requesting medical hold (MEDHOLD) orders or line of duty (LOD) benefits. The NRA medical department representative (MDR) will be notified by the Service school of the Service member's medical status while on orders (as applicable); the MDR will follow-up on or initiate the LOD process upon the Service member's return from "A" school, "C" school, or both. MEDHOLD requests must come from the active duty command (Service school) while the Service member is still in an active status. If the Service member is returned to a SELRES status from the school and comes off orders, he or she is no longer eligible for MEDHOLD and must request an LOD through his or her NRA MDR. Navy Personnel Command (NAVPERSCOM) Reserve Medical Benefits Division (PERS-95) will determine whether the Service member will receive medical care while on active duty under MEDHOLD orders or be released from orders and receive care under the LOD Program. Future PRISE-R status will depend on final medical determination.

(d) PRISE-R Service members who successfully complete "A" school but **fail to complete a required follow-on "C" school** will lose their original bonus eligibility if at the time of affiliation, the bonus was contingent upon successful completion of "C" school.

(7) PRISE-R Service members requiring rating specific training at "A" school, "C" school, or both are not eligible for advancement until all PRISE-R Program requirements are complete.

b. Non-Service School Requirements. Service members accepted into a rating that does not require "A" school, "C" school, or both will have their rate made permanent upon reporting to their NRA. If no school requirement exists, Service members are considered "deployable assets" upon affiliation, less any mobilization deferments guaranteed.

Note: These Service members will not be assigned a manpower availability status (MAS) code of "TRP" and may compete for advancement, provided normal advancement eligibility criteria are met (e.g., time in rate (TIR), recommended for retention, etc.).

7. Reversion Requests

a. All reversion requests for PRISE-R Service members who desire to revert to their previous rating or fail to make their temporary rating permanent and desire to remain in a pay status must be submitted by the Service members via their NRA to BUPERS-352 for adjudication. In cases where a Service member failed to complete required training, the reversion request must be submitted within 30 calendar days of failure date. Service members may remain in a pay status pending BUPERS-352 adjudication of request.

b. At a minimum, requests must contain a [NAVPERS 1306/7](#) Electronic Personnel Action Request, supporting documentation (including the original accession documentation), and NRA endorsement.

c. Requests disapproved by BUPERS-352 due to failure to complete training requirements will require Service members to be transferred to the IRR "not recommended for re-affiliation" within 30 calendar days of disapproval notification.

8. SELRES Participation. The NRA will annotate the drill obligation in NSIPS with the appropriate mandatory drill code and military obligation designator assigned by the NAVRESFORCOM Pay Help Desk. Per reference (c), article 1001-010, Service members who fail to comply with satisfactory participation requirements are subject to administrative separation processing and prorated recoupment of the PRISE-R bonus upon becoming an unsatisfactory participant. [MILPERSMAN 1910-158](#) outlines administrative separation processing guidance for unsatisfactory participants.

9. Incentives

a. PRISE-R Service members may be eligible to receive an enlistment bonus if enlisting in eligible ratings. Bonus eligible ratings, amounts, service obligations, and payment types are announced by the current FY Navy Reserve bonus message.

b. Failure to complete the terms of the incentive obligation, service obligation, or both will result in termination of the bonus entitlement. Unless a waiver of recoupment is approved by the Secretary of the Navy (SECNAV), Service members whose bonus eligibility is terminated are

responsible to repay all or a portion of the bonus based on the amount of time served in the SELRES. Waivers of recoupment, in whole or in part, will be submitted to the SECNAV via the Office of the Chief of Navy Reserve and the Office of the Chief of Naval Operations Military Pay and Compensation Branch (OPNAV N130) for adjudication.

10. **Program Management.** NAVRESFORCOM N00CC will monitor PRISE-R Service members from initial SELRES gain date through completion of SELRES obligation. Minimum tracking requirements include the following:

a. All PRISE-R Service members categorized by assignment of appropriate mandatory drill code, appropriate military obligation designator, and MAS code "TRP" (if "A" school, "C" school, or both requirements exist);

b. Conversion Navy enlisted classification (NEC);

c. Temporary rating assignment (if "A" school, "C" school, or both requirements exist);

d. Date of affiliation;

e. Obligated service;

f. Eighteen-month window for beginning "A" school;

g. Date reservation made for "A" school;

h. "A" school, "C" school, or both class convening date(s);

i. "A" school, "C" school, or both completion date(s);

j. Retention data; and

k. Status of ability to attend training (i.e., Government travel charge card and uniforms issuance) including MAS code.

11. **Tracking and Reporting of PRISE-R with "A" School Enlistments.** "A" school seats are allocated in the training requirements module application by BUPERS-352 in coordination with NETC N3 and NAVRESFORCOM N7. Other vacancies are limited in quantity and availability. It is, therefore, critical that NAVCRUITCOM, NAVRESFORCOM N7, NETC N3, NRAs, and the individual Service member coordinate scheduling and reservation efforts to

ensure "A" school requirements are identified as early as possible and all available seats are scheduled and utilized. This ensures the Service member receives the required training and minimizes missed training opportunities and extension requests.

12. **Mobilization Assignments.** Once a rating has been made permanent, the MAS code "TRP" will be removed, and the Service members may be mobilized to a billet requiring their new permanent rating. Service members who have deferments for involuntary mobilization under other Navy policies will continue to be exempt under the guidelines of those policies.

13. **Roles and Responsibilities**

a. NAVCRUITCOM, via Navy Recruiting Reserve Command, will:

(1) Closely coordinate PRISE-R accession planning with NETC N3 and BUPERS-352, providing a monthly list of PRISE-R affiliations to BUPERS-352;

(2) Identify and process qualified applicants for accession into the PRISE-R Program per this article;

(3) Document the following requirements of the PRISE-R Program in reenlistment documents:

(a) Assignment of a temporary pay grade in the designated conversion rating (NAVET Service members with their entry rating and subsequent (temporary) rating (e.g., machinist mate (MM) third class (MM3) converting to information systems technician (IT) third class (IT3)). OSVET personnel will be assigned the non-rate of SN upon entry and a subsequent (temporary) rating (e.g., SN (IT3));

(b) Obligated service;

(c) Enlistment or affiliation bonus (if applicable);

(d) Conditions for payment and recoupment;

(e) Specification of PRISE-R as accession program;

(f) "A" school, "C" school, or both guarantee (if applicable);

(g) "A" school requirements or "A" school waiver provisions (if applicable); and

(h) PRISE-R applicants with guaranteed "A" school, "C" school, or both must be informed of their obligation to attend their "A" school, "C" school, or both by signing a [NAVPERS 1070/613](#) stating their understanding of the requirement. These remarks will be signed as "permanent" entries and submitted to their servicing TSC or personnel office for entry into NSIPS ESR. The servicing TSC or personnel office will electronically submit (E-Submission) the document into the Service members' OMPF. The authority block on [NAVPERS 1070/613](#) must list the instruction that directs the entry and that entry is filed to the Service member's permanent record.

(4) Document PRISE-R applicants' acquisition codes. NAVCRUITCOM will identify PRISE-R applicants in the Web-based NAVCRUITCOM Accession Management System using unique identifier fields and codes to differentiate PRISE-R applicants. For tracking purposes, the Web-based system will indicate the conditions of the enlistment contract as "A" school, "C" school, or both as guaranteed, not required, or waived by the enlisted community manager; and

(5) Ensure submission of a monthly report of all PRISE-R accessions to BUPERS-352, NAVRESFORCOM N00CC, and NETC N3 for program management.

b. BUPERS-352 will:

(1) Input PRISE-R "A" school, "C" school, or both requirements in training requirements module based on the projected accession goals through the future year defense plan. Closely coordinate PRISE-R accession planning with NAVCRUITCOM Operations Department (N3), NETC N3, and NAVRESFORCOM;

(2) Adjudicate conversion and reversion requests within 10 working days of receipt;

(3) Provide NETC N3 recommended FY PRISE-R quotas by available ratings; and

(3) Coordinate with NAVCRUITCOM available PRISE-R quotas by rating and update quota allocation as directed in NETC's FY

recruiting goals, policies, and training guidance and any subsequent revisions.

c. NETC N3 will:

(1) Spread the "A" school, "C" school, or both requirements for PRISE-R applicants based on the approved student input plan and (as necessary) assist in obtaining additional quotas from unused Active Component (AC) and Training and Administration of the Reserve (TAR) seats 30 calendar days prior to convening, providing this information to NAVRESFORCOM N7, BUPERS Enlisted Community Management Division (BUPERS-32), BUPERS-352 (TAR), and NAVCRUITCOM; and

(2) Provide a monthly update of available school seats with applicable convene dates to BUPERS-352 and NAVRESFORCOM N7.

d. COMNAVRESFORCOM will:

(1) Coordinate "A" school, "C" school, or both as required assignments for PRISE-R Service members guaranteed "A" school (NAVRESFORCOM N7);

(2) Coordinate course convene date change requests with NETC N3 and NETC Learning and Development Division (N7);

(3) Provide adjudication for program extension requests, as required, within 10 working days (NAVRESFORCOM N00CC);

(4) Approve billet assignment for PRISE-R Service members in their temporary rating (NAVRESFORCOM Manpower and Personnel Department (N1));

(5) Initiate bonus payment (if eligible) upon notification from the NRA (NAVRESFORCOM N1);

(6) Initiate bonus recoupment upon receipt of bonus termination letter from NRA (NAVRESFORCOM N1); and

(7) Track all Service members currently in the PRISE-R Program (NAVRESFORCOM N00CC).

e. Reserve region readiness and mobilization commands (REDCOM) will:

(1) Assign a regional PRISE-R manager as liaison between the NRAs and NAVRESFORCOM N00CC and NAVRESFORCOM N7;

(2) Track all PRISE-R Service members in their region and provide monthly updates to NAVRESFORCOM N00CC and NAVRESFORCOM N7;

(3) Review all documentation from the NRA providing endorsement and forward within 10 working days to NAVRESFORCOM N00CC;

(4) Ensure the NRA assigns the temporary rating, conversion NEC, and MAS code "TRP" where applicable;

(5) Ensure the NRA completes the PRISE-R Gain Checklist for each PRISE-R Service member; and

(6) Ensure all NRA PRISE-R coordinators have access to the NAVRESFORCOM N00CC PRISE-R SharePoint page.

f. Gaining NRA will:

(1) Appoint (in writing) an AC or TAR Service member to be the PRISE-R coordinator. The PRISE-R coordinator will use the [PRISE-R Gain Checklist](https://private.navyreserve.navy.mil/cnrfc/commandfunctions/N151/Pages/PRISE-R.aspx) located on the NAVRESFORCOM N00CC homepage: <https://private.navyreserve.navy.mil/cnrfc/commandfunctions/N151/Pages/PRISE-R.aspx>, to track and monitor each PRISE-R Service member at the NRA until program completion. The PRISE-R coordinator will retain all completed PRISE-R Gain Checklists on file for 24 months. The PRISE-R coordinator will request and obtain access to the NAVRESFORCOM N00C PRISE-R SharePoint page to report status updates monthly;

(2) Ensure the NRA training department explains the process to the PRISE-R Service member for completing "A" school, "C" school, or both;

(3) Submit PRISE-R Gain Worksheets to NAVRESFORCOM Pay Help Desk for proper gain procedures. PRISE-R Service members must be gained in their entry rating or as non-rated, as is the case with OSVETs who are gained as an SN. Once gain is posted

to NSIPS, the entry rating or non-rate must be changed to the temporary rating;

(4) Ensure ESR entries for NAVET Service members are entered with their entry rating and subsequent (temporary) rating (e.g., MMFN (ITSN), MM3 (IT3)). OSVET Service members will be assigned the non-rate of SN upon entry, and a subsequent (temporary) rating (e.g., SN (IT3));

(5) Assign PRISE-R accessions requiring an "A" school, "C" school, or both MAS code "TRP;"

(6) Request a conversion NEC to BUPERS Community Management Support Branch (BUPERS-328) via a [NAVPERS 1221/6](#) Navy Enlisted Classification (NEC) Change Request. Refer to reference (c), article 1221-010, for additional guidance.

(7) Ensure a TIR re-computation is completed per reference (d). A TIR re-computation will be completed for all applicable NAVETS, IRR, and OSVETS who have a break in service;

(8) Submit a request for ADT orders for PRISE-R Service members with a guaranteed "A" school, "C" school, or both to attend the assigned school(s) to NAVRESFORCOM N7 within 30 calendar days following the Service members' first drill weekend. Refer to the Catalog of Navy Training Courses (CANTRAC) for required prerequisites and documentation. Request must be made per NAVRESFORCOM N7 guidance;

(9) Submit ADT orders to "A" school, "C" school, or both via the Navy Reserve Order Writing System;

(10) Ensure a career development board is conducted for PRISE-R Service members within 60 calendar days of accession:

(a) Address scheduling of guaranteed "A" school, "C" school, or both with individuals; and

(b) Six months after accession, the NRA will complete written counseling for Service members who have not attended "A" school, "C" school, or both.

(11) Track conversion NEC removal requests. Submit a [NAVPERS 1221/6](#) with supporting documentation (including accession documentation); "A" school, "C" school, or both completion certificates; and enlisted qualifications history

entry to BUPERS-328. Request removal of conversion NECs upon successful conversion or failure to complete all requirements;

(12) Notify NAVRESFORCOM N00CC and BUPERS-352 via the Force Retention and Career Resources - PRISE-R Web site: <https://private.navyreserve.navy.mil/cnrfc/commandfunctions/N151/Pages/PRISE-R.aspx>, after successful completion of all PRISE-R requirements;

(13) Initiate inactive duty training orders in Reserve Force Manpower Tools, assigning the Service member to a local operation support unit with a projected rotation date no greater than 6 months from date of SELRES gain; and

(14) Ensure the Service member is applying for a billet within his or her temporary rating utilizing MyNavy Assignment at: <https://mynavyassignment.dc3n.navy.mil/mna/Index.action>.

14. **Adjudication Authority**. The following table summarizes adjudication authorities:

Topic	Adjudication Authority
Overall policy	OPNAV Military Personnel, Plans, and Policy (N13)
PRISE-R applicants	NAVCRUITCOM PSER PM
Recruiting issues and enlistment contracts, and accession waivers	NAVCRUITCOM PSER PM
Disenrollment requests, waivers, needs of the Navy assignment, conversion, and reversion rating requests	BUPERS-352
"A" school convene date assignments and changes	NAVRESFORCOM N7
SELRES Issues, procedures, personnel monitoring, and extensions	NAVRESFORCOM N00CC
"A" and "C" school seat quota management	NETC N3

---------------------	---

1. **Purpose.** This article sets forth policy and implements guidance for management of the Active Component (AC) and Full Time Support (FTS) to Selected Reserve (SELRES) Delayed Affiliation Program (DAP).

2. **Background**

a. DAP allows AC and FTS enlisted Sailors to delay in-rate affiliation with the SELRES for up to 6 months after expiration of active obligated service (EAOS), as extended. Eligible Sailors who choose to delay their affiliation due to

transitional civilian obligations, or who cannot affiliate due to an absence of SELRES in-rate Career Waypoint-Reenlistment quotas effective at EAOS, may request future quotas via a reservation system managed by the SELRES enlisted community manager (ECM). In return for a quota reservation, Sailors must satisfactorily participate in a voluntary training unit (VTU) of the Individual Ready Reserve (IRR) until their SELRES affiliation. Upon completion of their affiliation delay, they will be accessed into the SELRES by their local Navy recruiter.

b. DAP enables the continuum of service by providing Navy veterans a flexible affiliation option, helps solidify SELRES affiliation decisions by providing Sailors with a predictable start date, and optimizes the Navy's return on investment by retaining trained and experienced Sailors.

3. Policy

a. AC and FTS Sailors who desire delayed SELRES affiliation may request a future SELRES quota from up to 90 days prior to EAOS. Sailors must request delayed SELRES affiliation from the Bureau of Naval Personnel (BUPERS), SELRES ECM (BUPERS-328) via their chain of command. Sailors may request DAP only in their current rating. Sailors must indicate their requested affiliation date, desired Navy Reserve Activity (NRA), and IRR service option in the request.

b. AC and FTS Sailors who desire active duty to SELRES transition with no affiliation delay must obtain a SELRES quota using Career Waypoint-Reenlistment.

c. DAP requests will be approved by the SELRES ECM on a case-by-case basis. If approved, the SELRES ECM will reserve a future quota and designate the Sailor's affiliation month. The maximum allowable delay between AC and FTS separation and SELRES affiliation is 6 months. The SELRES ECM will notify the Sailor; Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) (N1); Navy Recruiting Command (NAVCRUITCOM), National Enlisted Programs Officer (NEPO); and Navy Personnel Command (NAVPERSCOM), Career Transition Office (CTO) (PERS-97) of all DAP approvals.

d. The number and phasing of SELRES quotas available for DAP will be determined by the SELRES ECM in collaboration with NAVCRUITCOM NEPO.

e. CTO will provide transition assistance to members approved for DAP and coordinate with COMNAVRESFORCOM, Assignment Branch (N12) to ensure proper generation of IRR assignment orders to the member's NRA, and VTU.

f. DAP Sailors will report to their NRA and conduct their first drill or muster with their assigned VTU, per their IRR assignment orders, no later than 60 days following their EAOS, or their SELRES quota reservation will be canceled. During this 60-day period, the NRA will adjudicate any missed inactive duty for training (IDT) periods as authorized absences for personnel assigned to the VTU. Any missed IDT periods beyond 60 days following a Sailor's EAOS will be adjudicated as unexcused absences.

g. Failure to meet the satisfactory VTU participation requirements may result in transfer to the active status pool of the IRR, or other administrative action per reference (a).

h. Upon successful completion of their service in the IRR VTU, DAP members will be accessed into the SELRES by NAVCRUITCOM in coordination with the SELRES ECM, and counted against Reserve Component (RC) end strength.

i. The member's NRA shall provide the recruiter a Reserve unit identification code (RUIC), unit name, and billet for the best fit unit. After the member is affiliated with the SELRES, (not while in VTU) the NRA shall assist the member in applying for a billet via [MyNavy Assignment](#) (MNA), if a billet was not previously identified with the recruiter. Following their SELRES affiliation, Sailors will conduct their first drill as a SELRES during the next scheduled drill weekend.

j. Failure to comply with the requirements and timelines outlined in this article may result in revocation of a Sailor's SELRES quota. Unexecuted DAP quotas will be returned to the SELRES ECM for reallocation.

4. **Eligibility**

a. All separating AC and FTS enlisted Sailors are eligible for DAP, provided they have no restrictions disqualifying them from SELRES affiliation per references (a) and (b). Sailors may request delayed affiliation, provided they have not reached maximum age limit per reference (a), or 30 years of combined active and reserve military service.

b. Members who have reached SELRES high year tenure (HYT), per MILPERSMAN 1160-120, are not eligible for SELRES affiliation and may not request a DAP quota. Per reference (b), Sailors must be eligible to serve 2 years from date of actual SELRES affiliation, not AC and FTS separation, before reaching SELRES HYT.

c. Sailors must meet requirements as set forth in MILPERSMAN 1160-030 to establish reenlistment eligibility under continuous service conditions.

d. Sailors must meet physical qualifications for affiliation and retention in the RC as set forth in reference (c).

e. Sailors must comply with physical readiness standards, provided in reference (d), which are separate and distinct from physical qualifications.

5. Application

a. **Timeline and Sequence of Events**

(1) Sailor requests in-rate DAP affiliation from SELRES ECM 90 days prior to EAOS using NAVPERS 1306/7 Enlisted Personnel Action Request and NAVPERS 1306/97 Reserve Affiliation Screening Checklist and Contact Information sheet. Both forms must be fully completed and e-mailed to SELRES_ECM@navy.mil for consideration. NAVPERS 1306/7 and NAVPERS 1306/97 may be accessed via the following link:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

(2) Sailors receive approval or disapproval from SELRES ECM via e-mail reply.

(3) If approved, Sailors contact CTO, per paragraph 8 of this article, for further guidance.

b. Sailors must include their desired NRA and requested affiliation month on NAVPERS 1306/7. The following is an example of a NAVPERS 1306/7 reason for submission statement:

"Request DAP to VTU, and SELRES affiliation effective October 2013 (no later than 90 days prior to EAOS) with Navy Operational Support Center (NOSC) Green Bay, WI."

c. When selecting their desired NRA, Sailors must be familiar with authorized travel and transportation allowances, as well as unit assignment limitations, based on reasonable commuting distance. A member who separates from active duty is authorized travel and transportation allowances per reference (e) chapter 5, part B, section 8.

d. A SELRES member who permanently changes his or her residence may not be assigned to a unit beyond a reasonable commuting distance without the member's consent per reference (f). Reasonable commuting distance is the maximum distance an obligated member of a RC may be required to travel involuntarily between residence and IDT site. Commuting distances are defined in reference (f) as either 50 or 100 miles. Sailors requesting an NRA beyond a reasonable commuting distance shall sign a permanent NAVPERS 1070/613 Administrative Remarks waving their rights to reasonable commuting distance per reference (f). NAVPERS 1070/613 may be accessed via the following link:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

e. Sailors with approved SELRES Career Waypoint-Reenlistment quotas may request delayed SELRES affiliation. If subsequently approved for DAP, the member's SELRES Career Waypoint-Reenlistment quota will be reallocated. Sailors approved for the Early Career Transition Program (ECTP) are not eligible for DAP. ECTP Sailors may request modification of transition date (if necessary).

6. **Approval**. The SELRES ECM will approve or disapprove DAP requests case-by-case, based on quota availability, demand signal, and shall determine the affiliation month for all approved Sailors.

7. **Notification**. The SELRES ECM will provide approval notification to the Sailor's command; COMNAVRESFORCOM, Manpower and Personnel (N1); NAVCRUITCOM; and CTO. The SELRES ECM will provide disapproval notification to the Sailor's command.

8. **AC and FTS to Individual Ready Reserve Processing**. Sailors involuntarily separated from active duty and subsequently

approved for DAP must comply with the requirements set forth in MILPERSMAN 1910-050 as a condition of eligibility for involuntary separation pay.

a. Sailors approved for DAP shall agree in writing to serve in the VTU until their SELRES affiliation by signing a permanent NAVPERS 1070/613 service record entry prior to separation from active duty. With their signature, Sailors acknowledge their understanding of an agreement to meet satisfactory participation requirements in the VTU in return for a SELRES quota reservation. A Sailor who enters into this written agreement and who is qualified for the Ready Reserve shall, upon such Sailor's separation from active duty, be enlisted as a reserve member.

b. DAP Sailors will be processed from the AC or FTS into the VTU via the CTO. Prior to a Sailor's discharge or release from active duty, the Sailor's command will forward the signed original NAVPERS 1070/613 (delayed affiliation agreement) to the supporting personnel office or personnel support detachment (PERSUPP DET) for completion of DD 214 Certificate of Release or Discharge from Active Duty and electronic submission of NAVPERS 1070/613 into the official military personnel file (OMPF).

c. The supporting personnel office or PERSUPP DET will forward the completed DD 214 to the Sailor's command for verification and accuracy by the member. Upon completion of the DD 214 verification, the Sailor's command will forward a signed copy of NAVPERS 1070/613 (delayed affiliation agreement) and DD 214 (verified worksheet) to CTO. If the Sailor is not qualified for the IRR VTU based on the verified DD 214, the command will resubmit NAVPERS 1306/97 to the CTO indicating final recommendation.

d. CTO will prepare an enlistment contract for the member's signature.

(1) **Member Present at Separating Command.** CTO will prepare an enlistment contract for the member's signature and forward to the Sailor's command. Once the enlistment contract has been signed by the member and the reenlisting officer, the Sailor's command will immediately forward the original signed copy to the personnel office or PERSUPP DET for electronic submission to the OMPF, and a signed copy to CTO.

(2) **Member not Present at Separating Command.** Special accommodations will be required for Sailors not present at their separating command (e.g., separation leave) to reenlist and sign the enlistment contract. CTO will prepare an enlistment contract under letter of explanation and forward to the member's NRA selected per paragraph 5 of this article. Once the enlistment contract has been signed by the Sailor and the reenlisting officer, the NRA will immediately submit the original signed contract to the OMPF and a signed copy to CTO.

e. Once DD 214 is complete, the supporting personnel office or PERSUPP DET will coordinate arrangement for Sailor's signature. If the Sailor is unavailable to sign, the supporting personnel office or PERSUPP DET will annotate "member not available for signature" and forward respective copies per reference (g).

f. Upon gaining the Sailor into the VTU, the CTO will assign a manpower availability status code of DAP in Navy Standard Integrated Personnel System (NSIPS), draft VTU orders in the IDT order writing system, and coordinate with COMNAVRESFORCOM (N12) for approval.

g. COMNAVRESFORCOM (N12) will forward approved VTU orders to the NRA and CTO, directing the Sailor (through CTO coordination) to report to the NRA within 60 days for duty with his or her VTU. These orders will also direct the Sailor to report to his or her local recruiter for SELRES affiliation processing no later than the 10th day of the month specified by the SELRES ECM in the DAP approval notification.

9. **IRR VTU Participation Requirements**

a. Unit assignment and participation requirements in the VTU are set forth in references (a), (h), and article 1300-030 of reference (i). Members participating in the VTU Program must maintain IDT participation requirements outlined in reference (a). Drill periods in the VTU are performed without pay; however, members receive retirement point credit and credit towards a qualifying retirement year for each drill period performed.

b. Members agreeing to serve in the VTU shall:

(1) Maintain assignment eligibility requirements per reference (a) to include medical, dental, and mobilization

readiness. NRA and VTU COs shall track individual readiness to ensure members maintain SELRES eligibility through their affiliation date.

(2) Maintain satisfactory participation per references (a), (h), and article 1300-030 of reference (i).

c. DAP members in the VTU may request ADT or active duty for special work (ADSW) orders, if funding and appropriate training and or operational support opportunities exist. If a member is approved for ADT or ADSW orders and projected to execute those orders beyond his or her SELRES affiliation month as specified by the SELRES ECM,

(1) the member must submit a complete recruiting package, per paragraph 11 of this article, to his or her local recruiter prior to execution of ADT and ADSW orders;

(2) the member's NRA will coordinate with COMNAVRESFORCOM (N12) to complete the SELRES gain in NSIPS during the specified affiliation month and update the member's manpower availability status code;

(3) COMNAVRESFORCOM (N12) will place the member in an "in assignment processing" (IAP) status and assign them to the local operational support unit; and

(4) upon the member's return from ADT or ADSW, the NRA shall assist the member in applying for a billet via [MNA](#).

d. DAP personnel in the VTU are eligible to take an advancement exam and advance to the next higher pay grade, provided they are satisfactory participants and have not reached SELRES HYT.

e. **Performance Evaluations.** VTU COs shall complete evaluation reports for DAP participants per reference (j).

10. **IRR Benefits**

a. VTU members are eligible for IRR benefits and entitlements per reference (a), chapters 15-20. Examples of benefits include: Servicemembers' Group Life Insurance eligibility; access to the commissary, Navy Exchange, and Morale, Welfare, and Recreation (revenue generating) facilities; a common access card (CAC) and CAC reader; a Navy and Marine

Corps intranet account; access to the Navy Reserve Homeport Web site; and an annual medical assessment to include vaccinations.

b. Montgomery GI Bill-Selected Reserve (MGIB-SR) and Bonuses. VTU service time will not count toward MGIB-SR or SELRES bonus eligibility. Upon transitioning to SELRES, Sailors may be eligible for affiliation or enlistment bonuses, provided they meet all requirements published in the current bonus naval administrative message (NAVADMIN). Reference (i) provides minimum SELRES service obligation required for a prior service enlistment or affiliation bonus. Sailors in ratings or NECs who may be eligible for a bonus must have sufficient obligated service remaining at the time of their SELRES affiliation to qualify.

c. Transitional Assistance Management Program (TAMP). Per reference (k), TAMP provides 180 days of transitional healthcare benefits to help certain uniformed Service members and their families transition to civilian life. Defense Enrollment Eligibility Reporting System (DEERS) is the official system of record for benefits eligibility. Additional transitional healthcare benefits information can be found at www.tricare.mil/tamp.

(1) Per reference (k), paragraph (a)(2)(A), Sailors involuntarily separated from active duty may be eligible for transitional health care benefits.

(2) DAP Sailors who voluntarily separate do not meet transitional healthcare benefits eligibility criteria under reference (k), paragraph (a)(2)(F). Per reference (l), members who voluntarily separate from active duty must affiliate with SELRES the day after separation in order to qualify for transitional healthcare benefits, unless they are otherwise eligible under reference (k) paragraph (a)(2).

(3) Sailors who affiliate with SELRES without delay to qualify for transitional healthcare benefits after voluntary active duty separation, and who later experience a temporary work conflict or personal hardship that precludes satisfactory SELRES participation, may request up to 6 months of authorized absences from their SELRES unit CO per reference (i), article 1570-010.

11. SELRES

a. After satisfactory participation in the VTU, per this article, Sailors shall report to their local Navy recruiting office for SELRES accession processing no later than the 10th day of the month in which the member is approved to affiliate. Through regular communication, the Sailor's NRA and the local recruiter will maintain awareness of the member's affiliation month and ensure the Sailor reports to the recruiter on schedule with the required documentation. The Sailor is required to provide a complete recruiting package to the local recruiter upon arrival. A complete recruiting package is defined in reference (b).

b. It is highly recommended that Sailors obtain copies of the following additional documentation prior to separation and present to the local recruiter for accession processing, as these copies are difficult to obtain after separation:

(1) Training records from NSIPS electronic service record;

(2) Last three evaluation reports (ensure accurate performance mark average if advancement eligible); and

(3) Physical Readiness Information Management Systems record.

c. With local recruiter assistance, the member will update the Joint Personnel Adjudication System to verify security clearance level and status, and complete all affiliation paperwork.

d. Immediately after SELRES accession, the local recruiter shall mail the original accession package to NAVPERSCOM, Records Management Policy Branch (PERS-313) for inclusion in the member's OMPF.

e. The member's NRA shall provide the recruiter a reserve unit identification code, unit name, and billet for the best fit unit. The recruiter will return the completed draft SELRES orders to the NRA. After coordination with the RC command, the NRA will forward the draft SELRES orders to COMNAVRESFORCOM, (N12) for approval. Upon COMNAVRESFORCOM (N12) approval, the member's NRA will forward the approved orders to the member and to the local recruiter.

f. Following SELRES affiliation, Sailors will conduct their first drill during the next scheduled drill weekend. The NRA shall assist the Sailor in applying for a billet via MyNavy Assignment (MNA) after he or she have been gained, if a billet was not previously identified with the recruiter. The NRA shall update the Sailor's manpower availability status code as required.

g. Once affiliated, Sailors may be authorized to receive a temporary deferment from involuntary mobilization. Mobilization deferment policy is outlined in current NAVADMIN located on Navy Personnel Command (NPC) Web site.

12. **Adjudication Authority.** The table below summarizes adjudication authorities:

Overall policy	OPNAV ((N132)
DAP Program Manager	BUPERS-328 (SELRES ECM)
IRR order request	NAVPERSCOM (PERS 97)
IRR order approval	NAVRESFORCOM (N12)
Transition assistance	NAVPERSCOM (PERS 97)
SELRES accession	NAVCRUITCOM
SELRES, VTU procedures/personnel monitoring	NAVRESFORCOM (N1)
IDT order request	NAVCRUITCOM
IDT order approval	NAVRESFORCOM (N12)

MILPERSMAN 1133-070

FULFILLMENT OF THE 8-YEAR OBLIGATION

Responsible Office	NAVPERSCOM (PERS-832)	Phone:	DSN COM	882-2303 (901) 874-2303
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. Policy

a. An 8-year obligor will be considered as having fulfilled their obligation when discharged

(1) administratively as authorized by Chief of Naval Personnel (CHNAVPERS) for the purpose of complete separation from military status;

(2) by sentence of a court-martial; or

(3) when obligor has served for a period of 8 years from the date of initial enlistment or induction as a member of the Armed Forces, Regular or Reserve, on active duty, or a combination of such duty.

b. In computing service for this purpose, all periods of lost time from active service due to unauthorized absence, confinement, nonperformance of duty (civil arrest), and sickness misconduct as defined in this article or in this manual relating to making up lost time shall be deducted. Upon completion of the period of service, the member shall, if otherwise eligible therefore, be discharged by reason of expiration of enlistment or fulfillment of service obligation, as appropriate.

2. Exception. The 8-year obligation is not considered terminated upon discharge or other type of separation for the purpose of immediate entry or re-entry in the same or any other component of the Armed Forces in the same or any status or for the purpose of entry into an officer training program in which the member has a military status. Additional service shall be counted toward fulfillment of the obligation.

3. Further Exception. Eight-year obligors shall not be discharged upon entry into an officer-training program in which they would not have military status.

MILPERSMAN 1133-090

-------	--

1. **Purpose.** This article provides policy and guidance for the management of the New Accession Training (NAT) Program, formerly known as Non-Prior Service Basic.

2. **Background.** The NAT Program is a Reserve accession program for non-prior service enlistees who are placed in an active duty

(ACDU) status in approved ratings to attend full recruit training, "A" School, and in some cases, follow-on "C" School before serving in the Reserve Component (RC). After completion of appropriate training levels, Sailors will be transferred to the Navy Reserve Activity (NRA) closest to their home of record for release from ACDU and assignment into a reserve unit.

3. **Policy**. NAT participants will be managed per:

- a. this article
- b. references (a) through (i)
- c. MILPERSMAN 1430-010, 1510-030, 1900-808, and 1910-154
- d. future NAVADMIN messages

This program is funded under Reserve Personnel, Navy. Candidates will be accessed as United States Navy Reserve (USNR) recruits (Branch and Class of Service Code 32), and count against RC strength.

4. **Eligibility**. In order to be eligible, recruits must meet the following criteria:

- a. Must not have been a prior member of any component of the Armed Forces of the United States.
- b. High School Diploma Graduates (Education Tier I) are desirable; however, High School Graduates (Education Tier II) and Non-High School Graduates (Education Tier III) who qualify per reference (a) are also eligible.
- c. Meet minimum Armed Services Vocational Aptitude Battery Test (ASVAB) requirements for specific ratings of enlistment per reference (b).

5. **Service Obligation**. NAT Program enlistees incur an 8-year military service obligation (MSO). This MSO will consist of the following:

- a. Initial Active Duty for Training (IADT) (Recruit Training, Apprenticeship Training, "A" School and "C" School if applicable), **followed by:**

b. Six years in the Selected Reserve (SELRES) (which begins when the Sailor reports for IADT), **followed by:**

c. Remainder of MSO in either the SELRES, the Individual Ready Reserve (IRR), or if approved, recall to ACDU.

6. **Enlistment Contract.** Navy Recruiting Command (NAVCRUITCOM) will identify and process qualified applicants for enlistment into the NAT Program and ensure the wording of the initial recruit contract reflects the unique requirements of the NAT Program.

a. **Initial Contract.** The initial recruit enlistment contract will be written with an adjustable 6-month end of active obligated service (EAOS). The Personnel Support Activity Detachment (PERSUPDET) supporting the specific school to which the NAT Sailor is assigned will be the designated authority to adjust the EAOS to ensure the member has adequate time remaining on ACDU for completion of all required training, travel to the NRA, and out-processing.

(1) **ASVAB/Physical/Qualifications Review/Documentation/System Entries.** Military Entrance Processing Stations (MEPS) will administer the ASVAB, conduct a physical examination, and ensure the applicant is qualified for enlistment. The Navy Recruiting District classifier will ensure the applicant is qualified for the NAT program and meets qualifications for the rating assigned. Reservations will be made utilizing the Personalized Recruiting for Immediate and Delayed Enlistment (PRIDE) system. Classifiers will also ensure all enlistment guarantees are documented and the applicant signs the most current version of the following:

(a) NAVCRUIT 1110/112 (Rev. 1-08), New Accession Training Program Statement of Understanding.

(b) NAVCRUIT 1133/52 (Rev. 5-08), New Accession Training (NAT) Program Enlistment Guarantee.

(c) NAVRES 1570/2 (Rev. 1-98), Satisfactory Participation Requirements/Record of Unexcused Absences.

(d) NAVRES Incentive Agreement 1-4 (6-06), New Accession Training (NAT) Enlistment Bonus Written Agreement for the Navy Reserve Incentives Program. (Current versions of the

NAVRES Incentive Agreement 1-4 can be found at <http://navyreserve.navy.mil> under "Enlisted Bonuses").

Classifiers will refer to reference (a), Volume III for information necessary to document the proper acquisition and program enlisted codes to be entered on page 1 of DD 1966/1 (3-07), Record of Military Processing - Armed Forces of the United States. MEPS personnel shall enter these codes into the Military Entry Processing Command Interactive Resource System (MIRS) which interfaces with the Navy Enlisted System (NES). This will create an Enlisted Master File, identifying NAT Sailors with a **Special Program Indicator (SPI) "3"** for tracking purposes in corporate Navy personnel information technology systems.

(2) **Delayed Entry.** Per reference (f), NAT personnel enlisting, but not reporting immediately for IADT are placed in a Delayed Entry Training (DET) Program status. NAT enlistees do not receive Pay Entry Base Date credit for time spent in DET.

(3) **Coordinator/Advisor.** The Navy Recruiter will make every effort to introduce NAT enlistees in the DET to the affiliating NRA NAT Coordinator and/or the Senior Enlisted Advisor (SEA). This process ensures a smooth transition to the NRA upon completion of IADT. Questions concerning the enlistee's RC status and obligations can be answered at this time.

(4) **Special Assignments.** NAT accessions are eligible for assignment to special recruit companies and may be assigned when circumstances permit. Assignment to a special company must not interfere with programmed training, future "A/C" School assignments, or mandatory release dates. IADT orders will not be extended to facilitate continued attendance in special companies unless such extensions are consistent with Navy Reserve training requirements.

(5) **Submit Gain/Establish Pay Record/Tracking Codes.** Upon reporting to Navy Recruit Training Command (NAVCRUITRACOM), Personnel Activity Support System (PASS) organizations will submit a Navy Standard Integrated Personnel System (NSIPS) strength gain establishing a pay record in the Defense Joint Military Pay System - Active (DJMS-AC). Unique personnel accounting codes assigned for tracking NAT personnel are as follows:

- (a) SPI Code "3"
- (b) Term of Enlistment "8"
- (c) Branch/Class "32"
- (d) Program Enlisted for "ARBXX (2 letter rating)"
- (e) Acquisition Code "10" for males and "50" for females

b. **Accelerated Advancement.** NAT Sailors graduating recruit training may be eligible for accelerated advancement per MILPERSMAN 1430-010 and 1510-030. NAT Sailors in certain ratings may attend an advanced electronics or technical training pipeline. NAT Sailors that graduate from these pipelines (e.g., IS and CTN) are eligible for advancement to E-4 in the same manner as their Active Component (AC) counterparts.

c. **Volunteers for Special Programs.** Participants who volunteer and are accepted to one of the following programs will be disenrolled from the NAT program and reclassified to support the requirements of the new program:

- (1) Special Operator (SO).
- (2) Explosive Ordnance Disposal (EOD).
- (3) Special Warfare Combatant Crewman (SWCC).
- (4) Fleet Marine Force Reconnaissance Corpsman (HM L11A). Request for reclassification of NAT participants must have prior approval of Office of Chief of Naval Operations (OPNAV), Military Personnel Plans and Policy Division (N13). Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-00C2) will provide reclassification guidance.

d. Order Writing

ACTIVITY	ORDERS TO
NAVCRUITCOM	Orders to recruit training are issued by NAVCRUITCOM via the enlistment contract.
Navy Recruit Training Command (NAVCRUITRACOM)	NAVCRUITRACOM is responsible for issuing orders to "A" School via the servicing PERSUPPDET.

"A" School	Each "A" School shall submit an availability for orders to Navy Personnel Command (NAVPERSCOM), Enlisted Distribution Division (PERS-40).
NAVPERSCOM (PERS-40)	NAVPERSCOM (PERS-40) will issue orders directing members to their ultimate duty activity (the NRA guaranteed on their enlistment contract).
NOTE: If unforeseen circumstances arise that require a change in ultimate duty activity, NAVCRUITRACOM or "A/C" School support staff shall coordinate with the NAT Regional Representative/Assistant listed in paragraph 10.	

7. Incentives

a. NAT personnel may be entitled to an enlistment bonus as identified in their enlistment contract. NAT Sailors will receive their bonus after successful completion of IADT and affiliation at their designated NRA. If they are reclassified into another NAT rating, they may be eligible for the bonus associated with that NAT rating/NEC upon successful completion of that training pipeline and affiliation at their designated NRA.

b. NAT participants who **fail** to satisfactorily complete their 6-year drill obligation, or voluntarily recall to ACDU in a Regular Component prior to the completion of their 6-year drill obligation, shall refund to the United States Government a prorated amount of their total bonus, equal to the period of service not performed. Waivers of recoupment, in whole or in part, require Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) (N1C21) approval.

8. Failure to Complete Pipeline Training

a. Sailors who **fail to complete recruit training** will be processed for entry level separation (ELS) per MILPERSMAN 1910-154.

b. Sailors who **fail to complete "A/C" School for academic reasons** will be reclassified into another NAT rating for which they are qualified and a vacancy exists. Reclassification must be completed prior to transferring the NAT Sailor to the assigned NRA. If the member does not qualify for reclassification into another NAT rating, the member will be

transferred to the NRA listed on their orders as a non-designated seaman and will forfeit the NAT bonus.

c. Sailors who **fail to complete "A/C" School for disciplinary reasons** may be discharged from Naval Service if administrative separation is warranted per MILPERSMAN 1910 articles and not allowed to affiliate with the Navy Reserve without NAVPERSCOM, Reserve Personnel Management Department (PERS-9) approval.

d. For **medical failures**, medical separation procedures must be performed at the member's current activity.

e. NAT participants who successfully complete "A" School, but **fail to complete a required follow-on "C" School** will be ordered to the NRA as a rated Sailor (based on the completed "A" School), without the associated "C" School NEC and will lose their original bonus eligibility. Members may be eligible for an adjusted bonus dependent on the current incentive NAVADMIN.

9. GI Bill Benefits

a. **Montgomery GI Bill Selected Reserve (MGIB-SR) Program Eligibility.** NAT participants are eligible for the MGIB-SR Program and must be made eligible upon affiliation at their NRA.

b. **Active Component MGIB.** NAT participants are not eligible for the Active Component MGIB and will be automatically disenrolled from the program when accessed into IADT. NAVCRUITCOM shall include verbiage and a space for initials/signature of the recruit in the initial enlistment contract to ensure members are aware of their ineligibility. NAVCRUITRACOM shall ensure members do **not** sign a DD 2366 (Rev. 6-02), Montgomery GI Bill Act of 1984 (MGIB).

c. **Post 9-11 GI Bill.** NAT Sailors are not initially eligible for the Post 9-11 GI Bill. They may become eligible after completion of IADT and upon meeting the aggregate qualifying period of ACDU service per reference (i).

10. **Transition from IADT to Drill Status.** NAVCRUITRACOM, "A/C" School support staff, NAT Regional Representatives/ Assistants, and NRA NAT Coordinators must be proactively involved to ensure transition is as seamless as possible for these Sailors.

a. **Assistance/Sponsorship.** NAT Regional Representatives/ Assistants have been assigned to the following locations to assist/sponsor NAT Sailors from the date of reporting to their assigned "A/C" school through reporting to their assigned NRA:

Location	Area of Responsibility
NAVOPSPTCEN BALTIMORE MD	MC
NAVOPSPTCEN CORPUS CHRISTI TX	MN
NAVOPSPTCEN FORT WORTH TX	CE, UT (SHEPPARD AFB)
NAVOPSPTCEN GULFPORT MS	BU, SW, AG (KEESLER AFB)
NAVOPSPTCEN MERIDIAN MS	AZ, PS, RP, SH, SK, YN
NAVOPSPTCEN NORFOLK VA	IS, MA
NAVOPSPTCEN PENSACOLA FL	AD, AME, AM, AO, AS, PRAC, AE, AT, AV, CTT, CTM, CTN, CTR, IT
NAVOPSPTCEN PORT HUENEME CA	CM
RTC GREAT LAKES IL	HM, AECF, BM, CS, DC, EM, EN, GM, GSE, GSM, HT, MM, MMS, QM
NAVOPSTCEN SAN ANTONIO TX	MA (LACKLAND AFB)
NAVOPSTCEN SAN DIEGO CA	L03A (CAMP PENDELTON)
NAVOPSTCEN SPRINGFIELD MA	EA, EO (FORT LEONARDWOOD MO)
NAVOPSTCEN WILMINGTON NC	L03A (CAMP LEJEUNE NC)

b. **Transition Actions.** The following actions will be used to transition Sailors to the Drilling Reserve:

(1) **Liaison on Issues/Status.** NAT Regional Representatives/assistants will liaison with the

"A/C" School;

NRA;

NAVPERSCOM, Full Time Support Division (PERS-4012); and

Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) (N11);

concerning issues that may arise with the Sailor's current status. They will also work closely with the "A/C" Schools coordinating the care of those Sailors who have been dropped from school due to academic, medical, or disciplinary reasons.

(2) **Designation/NEC System Entries.** NAT Regional Representatives/Assistants will coordinate with the "A/C" School and respective PERSUPDET to ensure NAT Sailors that have graduated from "A/C" school have their rate designations/NECs entered into NSIPS/Standard Training Activity Support System (STASS) prior to departing for their assigned NRA.

(3) **Medical.** Provided the NAT enlistee has a valid physical examination and the accumulated IADT does not exceed 24 months from date of enlistment, no additional medical screening or physical examination for the purposes of release from ACDU and subsequent affiliation is required for transfer to the NRA. If total IADT time exceeds 24 months, or the Sailor is discharged prior to transfer to the NRA, the separating command shall ensure the member completes a physical screening prior to transfer/separation per MILPERSMAN 1900-808.

(4) **Travel and Leave.** Upon receipt of orders, members are authorized travel and leave entitlements per references (f) and (g). **Leave is not authorized en route to the NRA.** Sailors will report directly to their designated NRA for release from ACDU and affiliation processing. Upon completion of NRA processing, member shall be placed on separation leave. If the member does not have enough leave to cover the entire processing period, the NRA has the authority to muster the member physically or via telephone until the active component loss transaction posts. Unused leave shall be sold back upon release from ACDU.

(5) **Welcome Aboard/Sponsorship.** Upon notification of the NAT Sailor's arrival, the NRA Sponsor Coordinator will provide the inbound Sailor with a welcome aboard package and sponsorship information.

(6) **Documentation and Processing Requirements.** The NRA shall submit all documentation required for release from ACDU to the servicing PERSUPPDET within 2 working days of the Sailor's arrival at the NRA. The member's service record shall **not** be forwarded to the PERSUPPDET. All required documentation shall be submitted via e-mail; or via TOPS (Transaction on-line Processing System), if available, to PERSUPPDET. NRAs are authorized to **provide contract berthing for up to 2 days** for members living outside the local geographic area to complete separation processing.

(7) **ACDU Release/Gain Processing.** Within 10 working days of receipt of required documentation from the NRA, PERSUPPDET must process the Sailor's ACDU gain to the NRA (ACC 380) and the release from ACDU, even if the EAOS is beyond that time frame.

(8) **NSIPS-RC Entries.** The NRA will enter the 6-year SELRES drill obligation in NSIPS-RC with the **Mandatory Drill Code (MDC) 1** and **Military Obligation Designator (MOD) 4**.

11. **SELRES Participation.** Per reference (c), failure to meet satisfactory SELRES participation requirements will result in Administrative Separation processing. Sailors who fail to maintain satisfactory participation are subject to

- a. prorated recoupment of NAT incentive.
- b. punishment under the Uniform Code of Military Justice (UCMJ).
- c. administrative separation.
- d. involuntary recall.

Administrative separation requests shall be forwarded to NAVPERSCOM, Reserve Enlisted Status Branch (PERS-913) for adjudication.

12. **ACDU Assignments.** Per reference (c), NAT enlistees may request voluntary recall to Navy Active Component after affiliation with a drilling unit. Requests will be considered subject to the needs of the Navy. All DD 368 (11-94), Request for Conditional Release, shall be submitted to NAVPERSCOM (PERS-913) for adjudication. If approved, NAT incentive eligibility will be terminated and any unearned portion of the incentive will be subject to recoupment.

13. **Tracking and Reporting of NAT Enlistments.** COMNAVRESFORCOM (N11) shall track NAT program personnel ensuring accountability by individual from IADT through completion of SELRES obligation. Tracking shall include training pipeline completion, affiliation, and retention.

14. **Adjudication Authority.** This article provides policy, defines process, and assigns accountability for the implementation of the Navy's NAT Program. The table below assigns adjudication authority to make determinations on matters as follows:

ACTION	AUTHORITY
Overall policy.	OPNAV (N13)

Recruiting issues, enlistment contracts, and initial orders to training pipeline.	NAVCRUITCOM
Order writing from "A/C" School to the NRA	NAVPERSCOM, Career Management Department (PERS-4)
SELRES policy/procedures.	Office of Chief of Navy Reserve (OCNR) N095/COMNAVRESFORCOM (N1C2)
Change in enlistment programs.	OPNAV (N13)/NAVCRUITCOM
Post accession reclassification.	BUPERS PMO (BUPERS 00C2)
Incentives/Tracking.	COMNAVRESFORCOM (N11)

AGE LIMITATION OF ENLISTED PERSONNEL FOR CONTINUATION ON ACTIVE DUTY

Responsible Office	BUPERS-32	Phone: DSN COM	882-2533 (901) 874-2533
MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

Reference	(a) NAVMED P-117, Manual of the Medical Department
------------------	--

1. **Policy.** Enlisted personnel on active duty or inactive duty being considered for indefinite recall

a. who will not complete sufficient service creditable for transfer to the Fleet Reserve prior to their 60th birthday or

b. who will not complete sufficient service for a 30-year retirement on or prior to their 65th birthday

may not acquire active obligated service without specific authorization from Bureau of Naval Personnel (BUPERS), Enlisted Community Management Division (BUPERS-32), except as indicated in this article.

2. **Service Members with Insufficient Service Prior to 60th Birthday.** Service members who will not complete sufficient service creditable for transfer to the Fleet Reserve prior to reaching their 60th birthday may not enlist, reenlist, extend, and or agree to remain on active duty without prior approval of BUPERS-32, except for the following:

a. Service members approaching, attaining, or exceeding 60 years of age who have 16 years or more of active service creditable for transfer to the Fleet Reserve upon the expiration of present enlistment, as extended, may reenlist, extend, and or agree to remain on active duty under appropriate articles in this manual.

b. Service members that are not eligible for transfer to the Fleet Reserve until after their 60th birthday are able to

acquire active obligated service beyond their 60th birthday. Commanding officers (CO) will limit Service members' terms of active obligated service so that they expire upon completion of sufficient service for transfer to the Fleet Reserve, and will advise such Service members to submit their Fleet Reserve requests per [MILPERSMAN 1830-040](#).

3. Service Members with Insufficient Service for 30-Year Retirement Prior to 65th Birthday

a. Service members who have not attained 65 years of age, and who require active obligated service beyond that age to qualify for retirement at 30 years of active service, may not reenlist, extend, and or agree to remain on active duty without prior approval of BUPERS-32.

b. Exceptions may be granted for Service members approaching, attaining, or exceeding 65 years of age who have 28 years of active service for retirement upon the expiration of their present enlistment, as extended. If approved, Service members may reenlist, extend, and or agree to remain on active duty for that period required to complete 30 years of service.

c. Requests for continuation on active duty beyond 30 years will not be entertained. Such Service members will be advised of the provisions of [MILPERSMAN 1300-600](#) regarding reassignment to duty of choice for the last 2 years prior to completing 30 years of active service, and to submit their request for retirement per [MILPERSMAN 1800-020](#).

4. CO's Responsibility for Requests for Continuation on Active Duty

a. Requests for continuation on active duty from personnel in the above categories will be submitted to BUPERS-32 using [NAVPERS 1306/7](#) Electronic Personnel Action Request, specifying the term of service desired. COs will:

(1) Order the Service member to be examined, per reference (a), to determine physical fitness for assignment to sea duty,

(2) Complete individual's official data section of [NAVPERS 1306/7](#) and include a recommendation concerning reenlistment in the CO's comments and recommendations section, and

(3) Report the results of the physical examination, making appropriate recommendations with regard to any defect that would become aggravated by assignment to sea duty.

b. COs are cautioned to carefully evaluate the Service member's performance and ability to continue to perform during the period of continuation on active duty. Those cases wherein the CO feels that the Service member should not be continued on active duty may be referred to BUPERS-32 for final determination.

5. **Processing Requests.** Service members in the above categories who request continuation on active duty will have their requests reviewed by BUPERS-32. The Service member's performance, qualifications, and the needs and best interests of the Navy will determine continuation approval. Service members will be notified of the final determination made on their requests.

MILPERSMAN 1160-020

REENLISTMENT CEREMONY

Responsible Office	BUPERS-328	Phone:	DSN COM	882-3205 (901) 874-3205
---------------------------	------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) 10 U.S.C. (b) OASN(FM&C) memo of 14 Dec 06 (NOTAL)
-------------------	---

1. **Background.** For centuries, Service members have answered the call of duty in national defense. Nothing so solemnly affirms one's commitment to that duty better than the enlistment oath of office. Raising one's right hand, swearing and affirming personal devotion to defending the Constitution of the United States, pledging faith and allegiance to that same document, taking on this incredible burden by sacrificing one's livelihood and potentially one's life freely, without mental reservation or purpose of evasion, and promising to perform one's duties to the best of one's abilities with one's moral conscience as a guide while under the watchful eye of the deity, means much more than just signing a job employment application. During a reenlistment ceremony, the reenlisting Sailor makes a personal commitment, in a public forum, to wear the cloth of the nation with honor, courage, and commitment.

2. **Policy**

a. Reenlistment is a significant event in the career of an enlisted member. As such, it should be accorded a meaningful ceremony to recognize the member's high-quality performance, as indicated by the recommendation for reenlistment. Therefore, reenlistment ceremonies are to be conducted in a dignified manner that appropriately reflects the importance of the oath the Sailor is taking. This includes the participants wearing the proper uniform and conducting themselves in an appropriate manner.

b. The commanding officer (CO) or, in his or her absence, the executive officer should preside.

c. Per reference (a), section 502, the President, the Vice-President, the Secretary of Defense, any commissioned officer, or any other person designated under regulations prescribed by the Secretary of Defense may administer the reenlistment oath.

d. Per reference (a), section 2261, and reference (b), commands may use appropriated funds to purchase recognition items of nominal or modest value (less than \$50 per item). Such items will be awarded solely to recognize retention of members of the Military Services and is intended to express appreciation for their service. Items should be of sustainable form (i.e., non-perishable). Eligibility includes the reenlistment of a Service member to continue service in the Armed Forces.

3. **Responsibility**. All hands, superiors and subordinates, should ensure reenlistment ceremonies are conducted in a meaningful and professionally appropriate manner. Each reenlistment will be performed in uniform and should be memorable with the right tone and venue to reflect pride, professionalism, respect, and dignity for the oath and the United States Navy. The CO should follow the procedures listed below, as appropriate.

Step	Action
1	Consider the Service member's desires concerning the time and location of the ceremony, and the family members, special guests, and shipmates to be invited
2	Arrange for photographic coverage of the ceremony, with copies of the prints to be presented to the Service member. Forward press releases to the Service member's ship or station, hometown, and local newspapers
3	Organize a brief social gathering for Service members and their guests, to follow the ceremony
4	Provide transportation within the naval installation to and from the ceremony for the Service member's guests
5	Grant special liberty and or reenlistment leave (see MILPERSMAN 1050-010 and 1050-290) as soon as possible following the reenlistment
6	Personalize the occasion with other recognition, as appropriate

Step	Action
7	Since all payments are processed electronically, present, if desired, a ceremonial reenlistment bonus (imitation) check, if one is due

-------------------	---

1. **Purpose.** This article contains the general provisions governing certain enlistments and reenlistments in the Active Component (AC) or Reserve Component (RC) under continuous service conditions.

2. **Definitions**

a. **Continuous Service** - Service in the AC or RC that is continued by **reenlistment** under the following conditions:

(1) **Reenlistment.** If a member has previously served an enlistment in the AC (not including service as an inductee) or RC, the member's enlistment therein will be termed as a "reenlistment."

(2) **Reenlistment Within 3 Months Following Discharge or Release From AC or RC.** A member who is reenlisted on the same

day of the month, 3 calendar-months from date of discharge or release from the AC or RC, is considered to have reenlisted "within 3 months." Members reenlisting 3 months or less, prior to the expiration of enlistment or expiration of enlistment as extended, will be considered as having completed their current contract.

Example: A member discharged or released from the AC or RC on 7 December may be reenlisted on any day up to, and including, 7 March and retain continuous service.

(3) Reenlistment Within 6 Months Following Discharge or Release From the AC or RC. Provided a member has a reentry code of "RE-R1" (recommended for preferred reenlistment) in block 27 of the latest [DD-214](#) Certificate of Uniformed Service, and is reenlisted on the same day of the month, 6 calendar-months from date of discharge or release from the AC or RC, he or she is considered to have reenlisted "within 6 months." For conditions and entitlement to bonuses refer to reference (a).

(4) Enlistment (Under Continuous Service Conditions). Applicable to the enlistment of a member of the AC who enlists in the RC, or a member of the RC who enlists in the AC within the time frames defined in subparagraphs 2a through 2a(3) for "continuous service" after expiration of obligated service (EOS) or at any time prior to the EOS.

Note: Enlistment or reenlistment in the RC following discharge from the AC does not prejudice a member's right to reenlist under continuous service conditions in the RC, providing the member meets all eligibility requirements.

b. **Improper Reenlistments** - Reenlistments that occur without documented authorization from a commanding officer (CO) or an officer in charge (OIC). Refer to paragraph 18 for additional guidance.

c. **Creditable Service** - Years of service in the Military Services used in the computation of retirement eligibility.

(1) Creditable service for a regular retirement (active duty retirement) is calculated based on day-for-day of active duty served minus lost time. Any break in service, even under continuous service conditions, as described in subparagraphs 2a through 2a(4), is not considered to be creditable for active duty retirement computation.

(2) Creditable service for a non-regular retirement (Reserve retirement) is calculated by the number of qualifying years achieved. Any break in service, even under continuous service conditions as described in subparagraphs 2a through 2a(4), is not considered to be creditable for non-regular service retirement computation. Refer to reference (b) to determine what qualifies as a qualifying year.

3. Eligibility Requirements

a. Members reenlisting in the AC or RC must be:

(1) U.S. citizens;

(2) Noncitizen nationals; or

(3) Immigrant alien members who have been lawfully admitted into the U.S. under an immigrant alien visa for permanent residence.

(a) An immigrant alien who is presently serving satisfactorily in the AC or RC is eligible to reenlist in the Navy without being required to apply for U.S. citizenship.

(b) An immigrant alien who has been in the U.S. for 4 years beyond the age of majority, who has been lawfully admitted, and who holds an USCIS I-551 Permanent Resident Card is eligible for enlistment or reenlistment in the Navy without being required to apply for U.S. citizenship.

b. To be eligible for reenlistment in the AC or RC, members must have been separated from the AC or RC by reason of expiration of enlistment or active obligated service (OBLISERV), fulfillment of military service obligation (MSO), or convenience of the Government. Additionally, the member must:

(1) Be medically qualified per reference (c);

(2) Meet the eligibility standards prescribed, including high year tenure (HYT), as set forth in [MILPERSMAN 1160-120](#) for AC and Training and Administration of the Reserve (TAR) members, and [MILPERSMAN 1160-135](#) for all other RC members;

(3) Have been recommended by his or her CO for reenlistment, as shown on the member's retention recommendation on the last evaluation per reference (d); and

(4) Meet **professional growth criteria** as follows:

(a) Serving as a petty officer (pay grades E-4 through E-9); or

(b) Serving in pay grade E-3 and approved for a selective reenlistment bonus (SRB) or a change of branch class code (BRCL) from TAR (BRCL-32) to a qualified rating or Navy enlisted classification (NEC) code in the AC (BRCL-11); and

(c) At minimum, receive a "promotable" advancement recommendation and be recommended for retention per reference (d). "Not observed" evaluations are not considered graded.

c. Service performed under a reenlistment that immediately follows discharge is counted toward fulfillment of statutory MSO in cases of members who incurred such per reference (e), chapter 49 (Military Selective Service Act), as amended.

d. Be in compliance with physical fitness assessment (PFA) standards, reference (f).

e. Qualification for continued service should be based on the ability of a member to perform the functions of his or her rating, rate, or occupational specialty without physical or medical limitations at sea, shore, or isolated duty.

(1) The CO of a Navy medicine readiness and training command (NMRTC) is authorized to reenlist a member who is eligible and otherwise qualified, who so desires, and whose enlistment expires while in a patient status, provided it is anticipated that the member will be physically and otherwise qualified for full duty immediately upon discharge from hospitalization.

(2) Per reference (g), a member who has been found fit for continued naval service by a physical evaluation board (PEB) may not be denied reenlistment for the physical condition for which the member was reviewed and found fit by the PEB. Members must remain compliant with all other eligibility criteria identified in this article.

4. Term of Reenlistment

a. The term of reenlistment in the AC or RC will be for **at least 2 years, but no more than 6 years** (reference (h), chapter 31). The term of the reenlistment contract must equal or exceed the period of service for which already obligated. **In all cases**, members reenlisting 3 months or less, prior to the normal expiration of enlistment or enlistment as extended, will be considered as having completed their current contract.

b. Members are precluded from serving beyond their HYT per [MILPERSMAN 1160-120](#) (for AC and RC members), [MILPERSMAN 1160-135](#) (for all other RC members), or other management control directives and will be authorized to reenlist for terms as reflected in the appropriate directive. The term of reenlistment will be dependent upon the member's length of service and HYT.

c. TAR personnel must have a 24-month minimum Reserve active duty obligation (RADO) for reenlistment. TAR personnel who reenlist will require the RADO to be the same as the term of reenlistment. A RADO of less than 24 months must meet conditional extension criteria per [MILPERSMAN 1160-040](#).

d. Members initially enlisted in the AC and completing their statutory MSO in an RC capacity may reenlist, provided such enlistment is effected under continuous service conditions and the member meets all eligibility requirements previously discussed in this article.

5. Time Frames for Reenlistment

a. AC and RC members who meet all eligibility requirements and who are physically qualified may be discharged and reenlisted at any time. RC personnel may be discharged at any time for the purpose of enlisting in the AC with a [DD 368 Request for Conditional Release](#) approved by Navy Personnel Command (NAVPERSCOM) Reserve Enlisted Status Branch (PERS-913).

b. RC members accepted for voluntary recall to active duty, including the TAR Program, who require one of the following actions may be discharged and reenlisted in the RC on the same date of recall to active duty. Agreements by RC members to remain on active duty must be within the term of their current enlistment:

(1) OBLISERV in excess of the time remaining in their enlistment;

(2) Enlistment as extended by an operative extension; or

(3) Service obligation under the MSO.

c. RC members, for whom a request for a waiver of any nature must be submitted, are not eligible for reenlistment. Such cases are submitted for consideration to PERS-913 and must be processed per reference (i).

d. Applicants for immediate reenlistment will be questioned regarding any civil offenses since the date of their previous enlistment. If an applicant indicates an earlier arrest for any reason, the applicant must be processed for a waiver per reference (i).

e. RC members on inactive duty enlistment contracts, who are participating in the RC, and who are eligible for reenlistment, will be notified at least 6 months prior to the expiration of their enlistment or service obligation concerning such expiration and the procedures established for reenlistment processing.

f. The Defense Joint Military Pay System (DJMPS) recommends personnel reenlist at least 30 days prior to expiration of active obligated service (EAOS), or for RC, their EOS, to avoid possible pay stoppage or discrepancies.

g. Members should be counseled concerning possible loss of monetary benefits when reenlisting early. Consult reference (a) and this article for additional guidance.

6. **Early Reenlistments.** There is no requirement to forward request to Bureau of Naval Personnel (BUPERS) Community Management Support Branch (BUPERS-328) for early reenlistment.

a. The term of the new enlistment contract must equal or exceed the period of service for which the member is already obligated.

b. Members reenlisting under SRB or enlisted supervisor retention pay contracts must adhere to required additional OBLISERV requirements per reference (a) and references (i) through (l).

c. Members considering transferring education benefits should be counseled, as reenlisting early could interfere with transfer of those benefits outlined in reference (m).

7. **Conditional Reenlistments.** Conditional reenlistments for AC members require approval from BUPERS-328; RC members require BUPERS Reserve Enlisted Community Management Branch (BUPERS-352) approval as follows:

a. If a member has an aggregate total of 48 months of operative extensions on current enlistment, is eligible for reenlistment, and meets one of the following requirements:

(1) Is AC or TAR and requires additional active OBLISERV to enable transfer to the Fleet Reserve on a specific date prior to submission of such application;

Note: Exception - After receipt of the approval letter, the servicing transaction service center (TSC) or the administrative office is the approval authority for personnel who require additional active OBLISERV to enable transfer to the Fleet Reserve on a specific date.

(2) Has an approved application for transfer to special duty; or

(3) Requires additional OBLISERV to attend a Service school or to complete a tour of duty, whereas an extension of enlistment cannot be executed.

b. Favorable consideration will be given for immediate reenlistment when the member is not eligible to extend enlistment.

c. A member with a combat-incurred injury, illness, disease, or defect (as determined by the PEB) who has more than 6 years, but less than 10 years of service, may request to reenlist for a term of 4 years. This will render member eligible to transfer Post-9/11 GI Bill benefits to the member's dependent(s) per reference (m). The request must be submitted to BUPERS-328 for approval of a conditional reenlistment. Requests that do not meet the eligibility criteria of this subparagraph will be rejected. If BUPERS-328 recommends disapproval of the member's request, the request must be forwarded to the secretarial level, Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN MR&A) for final

decision, with a recommendation from the Chief of Naval Personnel (CHNAVPERS) via the Office of the Chief of Naval Operations (OPNAV) Military Personnel Plans and Policy Division (OPNAV N13). Reenlistment request must be approved prior to the member being retired or separated due to disability or other reason.

8. Criteria for Reentry Code RE-R1 (Recommendation for Preferred Reenlistment)

a. Use the table below for criteria of reentry code "RE-R1" (if "RE-R1" is not applicable use reentry code "RE-1" (eligible for reenlistment)) or as service record warrants):

Reenlistment Point	Pay grades	Qualifying Criteria
Less than 8 years of service (YOS)-AC/TAR members	E-3 and below	RE-R1 not applicable
	E-4	Pass E-5 advancement exam. Have overall trait average of 2.5 or above
12 YOS-RC members	E-5 and above	Overall trait average of 3.0 or above No performance mark below 2.0 in any trait
8 to 20 YOS-AC/TAR members 12 to 20 YOS-RC members, except TAR)	E-4 and below	RE-R1 not applicable
	E-5	RE-R1 not applicable for AC or TAR E-5 members being separated due to HYT
	E-5 and above	Overall trait average of 3.0 or above No performance mark below 2.0 in any trait
Beyond 20 YOS	E-6 and below	RE-R1 not applicable. E-6 RC members are authorized to 22 YOS
	E-7 and above	No performance mark below 2.0 in any trait during 48 months immediately preceding reenlistment or EAOS or EOS

b. AC members who are within 2 years of qualifying for transfer to the Fleet Reserve and RC members who are entitled to be credited with at least 18, but not more than 20, years of qualifying service, may not be separated or denied reenlistment

per of reference (h), unless separated under any other provision of law and per reference (n).

9. **Criteria for Reentry Code RE-4 (Ineligible for reenlistment)**. Use the table below for criteria of reentry code "RE-4" determination:

Pay Grades	Qualifying Criteria
All pay grades	<p>Have had one general or special court-martial conviction, two summary court-martial convictions, or a combination of more than two non-judicial punishments or summary court-martial convictions in the year preceding EAOS/EOS or desired reenlistment date;</p> <p>RC personnel who fail to fully comply with initial active duty recall orders;</p> <p>Have been administratively reduced in rate, detached for cause, or issued a letter of substandard service; or</p> <p>Not recommended for reenlistment by the CO</p>
E-1 and E-2	All who fail to meet professional growth criteria, except in special 2-year obligation programs
E-3	All who fail to meet professional growth criteria described in subparagraph 8a table, E-3 and below section
E-4 and below	Average of less than 2.0 in any trait during current enlistment on enlisted performance evaluations
E-5 and above	<p>Received two or more marks of 2.0 or below in same trait on enlisted performance evaluations during past 36 months; unless specifically assigned due to PFA failures. If marks are the result of PFA failure, refer to reference (f);</p> <p>Received any mark of 1.0 or below (in any trait) within 1 year prior to EAOS/EOS or reenlistment request; or</p> <p>Less than 2.5 average in any trait during current enlistment</p>

10. **Criteria for Discharge from Fleet Reserve for Enlistment or Reenlistment.** A member may be discharged from the Fleet Reserve for immediate enlistment or reenlistment in the AC, provided the following criteria are met and BUPERS Enlisted Community Management Division (BUPERS-32) approval is obtained:

a. Such enlistment or reenlistment is restricted to critical or non-critical ratings with critical NECs, and the member must meet all requirements of the Navy occupational standard;

b. Must not have been released from active duty status for more than 4 years and have a reentry code of "RE-2" (ineligible for reenlistment because of Fleet Reserve, retired (except for transfer to the temporarily disabled retirement list), commissioned officer, or warrant officer status); and

c. Enlistment or reenlistment must not exceed HYT standards per [MILPERSMAN 1160-120](#).

d. A signed acknowledgment by the member stating that participation in the Survivor Benefit Plan automatically ceases upon enlistment or reenlistment, and such benefits become those applicable to AC members. This acknowledgment is annotated on a [NAVPERS 1070/613 Administrative Remarks](#). The entry must be recorded and verified in the Navy Standard Integrated Personnel System (NSIPS) and the signed [NAVPERS 1070/613](#) is e-submitted to the member's official military personnel file (OMPF) per [MILPERSMAN 1070-320](#) as a "permanent" entry citing this article as the authority.

11. **Members Who May Not Be Discharged for Reenlistment.** The following members on active duty may not be discharged, prior to normal expiration of enlistment, and reenlisted:

a. Members in transit, following permanent change of station orders, where they would thereby become entitled to mileage payments in excess of those they would otherwise be entitled if discharged and reenlisted at their last permanent duty station. COs may discharge and reenlist members, where excess mileage payments are not involved, who were recommended for reenlistment by their former COs. As used in this subparagraph, "in transit" does not include members in the following status:

- (1) Temporary duty,
- (2) Temporary duty under instruction, or
- (3) Temporary additional duty under instruction.

b. Members who have submitted an application for, or who are in receipt of, authorization for transfer to the Fleet Reserve; if members have enough OBLISERV for such transfer see paragraph 7 of this article for conditional reenlistment;

c. Members who have been selected for warrant or commissioned grade in any of the Military Services, whose expiration of enlistment (including extensions) is subsequent to date of appointment or commissioning;

d. Members who are pursuing a course of instruction leading to a commission, except as specifically provided in other instructions issued by Commander, NAVPERSCOM or Commander, Naval Education and Training Command;

e. Members temporarily assigned to a station for humanitarian reasons must request to be discharged for reenlistment via [NAVPERS 1306/7 Electronic Personnel Action Request](#) and must be approved by BUPERS-328 with concurrence from the NAVPERSCOM HUMMS Reassign/Early Returns Coordinator (PERS-40HH).

f. Members undergoing investigation for alleged offenses, awaiting non-judicial punishment or trial by courts-martial, undergoing non-judicial punishment, or serving a sentence by courts-martial, including probation with respect to a suspended punitive discharge or confinement; or

g. Members who have rendered themselves ineligible per reference (f).

12. **Discharge After Executing Agreement.** Members who have executed agreements to extend their enlistments may be discharged **prior to the date the extension would become operative** and reenlisted per this article. The term for which they reenlist must be **equal to, or greater than, the total obligation, including the extension being canceled.** Review the OBLISERV requirements for SRB and recoupment procedures outlined in the most recent SRB naval administrative (message).

13. **Procedures for Personnel Assigned to Individual Ready Reserve (IRR)/Active Status Pool (ASP)**. Members of the IRR/ASP may be reenlisted on a case-by-case basis by mail, in person, or e-mail. In lieu of a physical examination, the member must submit a signed statement that states, to the best of the member's knowledge and belief, the member's physical condition is substantially the same as when the member was last physically examined by the Navy or any Department of Defense-credentialed medical officer. In addition, the member can provide a copy of his or her most recent separation physical or most recent physical examination from his or her personal physician. The **oath of allegiance**, which is mandatory, must be administered by a commissioned officer of any component of the Navy, Marine Corps, Army, Air Force, Space Force, or Coast Guard (active, inactive, or retired). NAVPERSCOM IRR Force Management Division (PERS-93) is the final approval authority for all IRR reenlistment requests.

14. **Payment for Unused Leave, Recoupment of Reenlistment Bonus, and Other Monetary Entitlements**

a. Information on reenlistment bonus, mileage, or lump-sum payment for unused leave pertaining to reenlistment is contained in reference (c). Members must be fully and properly apprised of monetary entitlements.

b. A member serving on a Navy Reserve enlistment contract on active duty desiring discharge and reenlistment may have the unearned portion of the bonus (if paid) recouped per references (a) and (1).

15. **Location of Reenlistment**. Reenlistment under continuous service conditions may be effected at the following locations:

a. Onboard the activity from which discharged within 24 hours following discharge. Reenlistment may be effected aboard a ship while at sea, provided the necessary pre-reenlistment checklist, including physical examination, has been met. A member transferred to an activity for discharge may be reenlisted per this article. Upon being reenlisted onboard the activity to which permanently attached, such member will be retained on board for duty. Members reenlisting at the activity to which transferred for discharge must be made available for orders per MILPERSMAN 1306-1700.

b. After more than 24 hours following discharge, reenlistment must be effected only at a Navy recruiting station, unless otherwise authorized by specific instructions of BUPERS-328. Reenlistment may be effected for the terms specified in recruiting instructions, but must be effected within the time period prescribed in continuous service credit subparagraphs 2c through 2c(2). For conditions and entitlement to any bonuses consult appropriate directives.

16. **Official Military Personnel File (OMPF) Update Upon Reenlistment.** Servicing personnel offices will ensure the electronic service record (ESR) reenlistment closeout function is executed when a member reenlists and the following ESR documents are submitted to the member's OMPF along with the reenlistment contract:

a. [NAVPERS 1070/880](#) Awards Record (generated through NSIPS);

b. [NAVPERS 1070/881](#) Training, Education, and Qualifications History (generated through NSIPS);

c. [NAVPERS 1070/886](#) Member Data Summary (generated through NSIPS);

d. [NAVPERS 1070/605](#) History of Assignments (generated through NSIPS); and

e. Permanent [NAVPERS 1070/613](#) Administrative Remarks created at time of reenlistment (only "permanent" entries are filed to the OMPF).

17. **Not Eligible for Reenlistment**

a. Members who do not meet all the aforementioned requirements may not be enlisted or reenlisted without the consent of BUPERS-32.

b. RC members may not reenlist in the AC without approval from BUPERS-32.

c. TAR members may not reenlist in the AC (BRCL-11), likewise AC into the TAR Community (BRCL-32), without approval from BUPERS-32 or BUPERS-352, as appropriate.

18. **Improper Reenlistment**

a. Reenlistment without the CO's or OIC's retention recommendation is considered improper. Retention recommendation by a member's CO or OIC is found in block 47 of [NAVPERS 1616/26](#) Evaluation Report & Counseling Record (E1-E6). Chief petty officers are considered recommended for retention, unless specifically not recommended in block 41 of [NAVPERS 1616/27](#) Evaluation and Counseling Record (E7-E9) or a recommendation is later withdrawn by a member's CO or OIC via naval correspondence.

b. COs and OICs, servicing TSCs, personnel offices, and the individual member must consider the following:

(1) COs and OICs must ensure such improper reenlistments do not occur.

(2) Servicing TSCs, personnel offices, and their respective supporting offices must provide oversight to preclude erroneous and fraudulent entries into personnel systems, such as NSIPS, from occurring.

(3) A reenlistment contract which has been determined to be improper is not binding on the Department of the Navy. A member may be separated on the basis of erroneous reenlistment per [MILPERSMAN 1910-130](#) and or the best interest of the Service per [MILPERSMAN 1910-164](#).

(4) Reenlistment contracts with clerical errors do not invalidate the contract and are not considered improper reenlistments.

(a) Corrections and or changes to military human resource records filed in the OMPF must be directed to paragraph 5 of [MILPERSMAN 1070-020](#) or paragraph 4 of [MILPERSMAN 1070-080](#).

(b) Members must petition the Board for Correction of Naval Records to request correction to the term of enlistment (number of years), date of reenlistment RADO (months and or days), home of record, and other changes.

(5) Immediate superiors in command (ISIC), type commanders (TYCOM), and commands may direct an administrative investigation, per reference (o), concerning a reenlistment, if that reenlistment is suspected to have occurred under improper circumstances.

19. **Responsibilities**

a. Director, OPNAV N13 is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations for Personnel, Manpower, and Training (CNO N1). As such, OPNAV N13 is the approving authority for reenlistment policy and exceptions to policy.

b. OPNAV Head, Enlisted Force Shaping Plans and Policy Branch (OPNAV N132) is responsible for developing enlisted force management policy in support of CNO N1. As such, OPNAV N132 is responsible for reenlistment policy development and execution oversight.

c. BUPERS Director, BUPERS-32 is responsible for managing overall enlisted community health at the echelon 2 level. As such, BUPERS-32 will be consulted on reenlistment policy execution issues and coordination with OPNAV N13 for exception to policy decisions.

(1) BUPERS-328 manages reenlistment for AC members and BUPERS-352 manages Selected Reserve and TAR members.

(2) NAVPERSCOM Enlisted Performance and Separations Branch (PERS-832) manages separation matters.

(3) NAVPERSCOM Enlisted Retirements Branch (PERS-836) manages Fleet Reserve and retirement.

(4) PERS-913 manages Reserve enlisted matters.

MILPERSMAN 1160-031

REQUIRED COUNSELING UPON ENLISTMENT AND REENLISTMENT

Responsible Office	BUPERS-328	Phone: DSN COM	882-3048/3205 (901) 874-3048/3205
---------------------------	------------	-------------------	--------------------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC(6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	---

Reference	(a) 10 U.S.C.
------------------	---------------

1. Required Explanations

a. Reference (a), chapter 47, section 937, requires that certain articles of the code (Uniform Code of Military Justice) be carefully explained to each enlisted member:

(1) At the time of enlistment;

(2) After the member has completed 6 months of active duty, or, in the case of a member of a Reserve Component, after the member has completed basic or recruit training; and

(3) At the time the member reenlists.

b. It also requires that the text of the code and the regulations prescribed by the President under such code, be made available upon request for the member's personal examination.

2. NAVPERS 1070/613 Administrative Remarks Entry

a. At reenlistment, and following compliance with the provisions of reference (a), chapter 47, section 937, enlisted members will have the following NAVPERS 1070/613 entry made in their permanent service record:

"On (date), per UCMJ, article 137; member advised of the required provisions of the UCMJ."
--

b. These remarks will be signed as a "permanent" entry and submitted to the member's servicing transaction service center (TSC) and or personnel office for entry into the Navy Standard Integrated Personnel System (NSIPS) electronic service record. The servicing TSC and or personnel office will electronically submit (eSubmission) the document to the **official military personnel file**. The authority block on [NAVPERS 1070/613](#) must cite "10 U.S.C. 937" as the authority for this entry.

MILPERSMAN 1160-040

EXTENSION OF ENLISTMENTS

References	(a) 10 U.S.C. § 509 (b) DFAS-DJMS Procedures Training Guide (DJMS PTG) (c) OPNAVINST 1160.8B (d) NAVMED P-117, Manual of the Medical Department (e) SECNAVINST 6120.3A (f) OPNAVINST 6110.1J
-------------------	---

1. Policy

a. Per reference (a), the Secretary concerned may prescribe an extension of enlistment for a member of a Military Service with his or her written consent for a period not to exceed 4 years per enlistment.

b. Except as outlined in this article, all extension agreements are to be considered conditional for a specified reason. As such, extensions must be executed in monthly increments of 1-48 months. Unconditional extensions are not authorized. See paragraph 3 below for additional guidance.

c. When a member is discharged from an enlistment that has been extended under this article, the member has the same rights, privileges, and benefits that they would have if discharged at the same time from an enlistment not extended.

d. Sailors in pay grades E-6 and below with less than 14 years of service must have an approved authorization from Career Waypoints (C-WAY) in order to extend their enlistment, except as outlined in subparagraph 5c below.

e. Office of the Chief of Naval Operations (OPNAV) Military Personnel, Plans, and Policy Branch (N13) is responsible for total force management in support of Deputy Chief of Naval Operations (Manpower, Personnel, Training, and Education) (CNO N1) and is the final disposition authority for deviations from this policy.

2. Definitions

a. **"Agreement to extend enlistment"** refers to the official form of agreement on [NAVPERS 1070/621](#) Agreement to Extend Enlistment per [MILPERSMAN 1070-250](#). Agreements on other than the official form are of an informal, unofficial nature and could be repudiated or withdrawn by the member or the Navy. Clerical instructions for preparation of the agreement are contained in reference (b). [NAVPERS 1070/621](#) may be accessed by using the following Web address: <https://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

b. **"Agreement to extend active duty"** refers to the official form of agreement on [NAVPERS 1070/622](#) Agreement to Recall or Extend Active Duty per [MILPERSMAN 1070-260](#). For United States Navy Reserve members, [NAVPERS 1070/622](#) is used to extend the reserve active duty obligation and [NAVPERS 1070/621](#) to extend the enlisted reserve enlistment (if required). Clerical instructions for preparation of the agreement are contained in reference (b). [NAVPERS 1070-622](#) may be accessed by using the following Web address: <https://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

c. **"Execution of the agreement to extend enlistment"** or **"execution of extension date"** refers to the signature affixed on an extension of an agreement by the member concerned.

d. **"Extension becomes operative"** or **"operative date"** refers to the date the extension commences, which is the date after expiration of enlistment, as extended or as adjusted for the purpose of making up time not served. Following execution and prior to this date, the extension will be considered inoperative.

Note: Once an extension agreement becomes operative it may not be cancelled. In order to alter or cancel an operative extension, Sailors must submit a petition to the Board for Correction of Naval Records if they believe the extension was executed erroneously or that justifiable cancellation adjudication did not occur prior to the extension becoming operative.

e. **"Fault of member"** is defined as an intentional act of a Service member making the Service member culpable for the outcome which includes:

(1) A Sailor who willfully commits any action which results in attrition from a formal class "A" or "C" school; or

(2) A Sailor who voluntarily withdraws, drops, or quits a course of instruction.

Note: Inoperative extensions will not be cancelled if it is determined that the member is at fault.

f. **"No fault of member"** is defined as any action or event that is not intentionally committed by a Sailor (e.g., a Sailor diagnosed by a physician with an illness or medical condition (e.g., pregnancy) that may not allow the Sailor to complete formal "A" or "C" school or a Sailor who has executed an extension of enlistment for PCS orders, but is unable to execute permanent change of station (PCS) orders as written).

g. **"Retention eligible member"** is defined as a member that meets minimum eligibility criteria outlined in [MILPERSMAN 1160-030](#).

h. **"Improper extension"** is defined as an extension that is executed and subsequently made operative without the member meeting all retention eligibility requirements per [MILPERSMAN 1160-030](#).

Note: Members are reminded that an extension which has been determined to be improper is not binding on the Department of the Navy. A member may be separated on the basis of erroneous extension per [MILPERSMAN 1910-130](#) and or the best interest of the Service per [MILPERSMAN 1910-164](#).

3. **Extension Increments.** All extension agreements are conditional for a specified reason and may be executed in monthly increments of 1-48 months.

a. The enlistment contract cannot be extended for more than 48 aggregate months.

b. Extension agreements authorized during initial recruit enlistment contracts for 6-year obligation and 5-year enlistment programs count against the authorized months of extension per reference (a).

c. Refer to [MILPERSMAN 1160-030](#) for conditional reenlistment authority when a member cannot meet service obligation due to extensions of 48 total aggregate extension months on current enlistment.

4. Circumstances Which Make a Sailor Ineligible to Execute an Extension. The following are conditions for ineligibility:

a. Sailors who are not retention-eligible per [MILPERSMAN 1160-030](#).

b. Sailors whose enlistments have expired. For conditional reenlistments see [MILPERSMAN 1160-030](#).

c. Sailors in the Individual Ready Reserve, not in the Active Status Pool (ASP). Members in the ASP must meet all requirements of a member in the Selected Reserve (SELRES).

d. Sailors currently on limited duty (LIMDU) or found not physically qualified for duty at the expiration of enlistment. If the member is retention-eligible, per [MILPERSMAN 1160-030](#) and [MILPERSMAN 1306-1200](#), he or she can voluntarily agree to remain on active duty beyond the expiration of enlistment via a "Retain in Service" event in the Navy Standard Integrated Personnel System (NSIPS). Documentation will be made on [NAVPERS 1070/613](#) Administrative Remarks per [MILPERSMAN 1306-1200](#) and [MILPERSMAN 1160-050](#). [NAVPERS 1070/613](#) may be accessed by using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. The member must either reenlist and return to full duty utilizing accounting category code (ACC) 100 or separate upon completion of LIMDU. Further extension of the current enlistment is not authorized because the enlistment (or extended enlistment) has expired. If conditional reenlistment is warranted (e.g., high year tenure (HYT)), refer to [MILPERSMAN 1160-030](#) or refer the case to Bureau of Naval Personnel Enlisted Community Management Division (BUPERS-32) (Selected Reserve and Full-time Support Branch (BUPERS-328)).

e. A Sailor receiving a graded evaluation of "significant problems" must have one subsequent graded evaluation recommending him or her for promotion and retention.

5. Commanding Officer (CO) and Officer-In-Charge (OIC) Extension Authority. COs and OICs may authorize extensions up to 48 months for Sailors without BUPERS-32 (BUPERS-328) or BUPERS C-Way Division

(BUPERS-33) approval, as long as they meet the eligibility criteria stipulated in paragraphs 3 and 4 above, for the following reasons:

a. To match projected rotation date (PRD). Adjust the expiration of obligated service (EAOS) date of a member serving on any tour of duty to coincide with the established PRD.

b. To obtain maternity care benefits. An extension of enlistment may be executed to obtain maternity care benefits for the following individuals:

(1) Service woman. The member may execute an extension not to exceed 2 months beyond estimated delivery date, provided member meets all eligibility criteria set forth in [MILPERSMAN 1160-030](#); and or

(2) Spouse. A member whose normal EAOS falls within spouse's pregnancy may execute an extension not to exceed 2 months beyond the estimated delivery date, provided the member's services can be used effectively during the period of extension.

c. To obtain obligated service (OBLISERV) required to execute PCS orders or SELRES mobilization and recall orders, refer to [MILPERSMAN 1306-106](#) for information about OBLISERV in connection with a PCS transfer. Per [MILPERSMAN 1306-141](#), Voluntary Sea Duty Program (VSDP) Sailors are able to defer their Career Waypoints reenlistment (C-WAY-REEN) application window to the minimum OBLISERV required for the orders negotiated as outlined in [MILPERSMAN 1306-104](#). Sailors will not require a C-WAY-REEN application quota to execute an extension in order to accept orders, or extend in place under VSDP, provided they meet C-WAY-REEN criteria. In such cases, detailers and enlisted community managers must make appropriate entries into the Enlisted Active Information System (EAIS) notes section for the Sailor. Refer to reference (c) and the most recent selective reenlistment bonus (SRB) naval administrative message (NAVADMIN) for information on the OBLISERVE to Train Program.

d. To acquire necessary OBLISERV, as authorized in Navy directives, NAVADMIN, and this manual (e.g., to HYT or Fleet Reserve (FLTRES)/retirement date). Agreements to extend an enlistment to qualify or apply for a specific program are not authorized, unless authorized in respective directives.

(1) Members in receipt of authorization for transfer to the FLTRES may not extend their enlistment more than 30 days beyond their approved FLTRES date without specific approval from Navy Personnel Command (NAVPERSCOM) Enlisted Retirements Branch (PERS-836).

(2) Member's supporting personnel support detachment or command may execute extensions to obligate those Sailors in receipt of FLTRES transfer authorization without approval from BUPERS-32 (BUPERS-328). This authorization does not allow an enlistment to be extended to exceed an aggregate total of 48 months. Additionally, members may not extend their enlistments more than 30 days beyond their HYT date without specific approval from BUPERS-328. Sailors without an HYT waiver, who are extended beyond HYT, are to be separated at HYT vice EAOS as extended (see [MILPERSMAN 1160-120](#)). Extensions within 30 days of HYT do not require an HYT waiver. If NSIPS HYT flag prevents release of extension, personnel offices must contact BUPERS-32 (BUPERS-328).

6. **Exceptions to CO and OIC Extension Authority**

a. Nuclear-trained Sailors seeking to extend an enlistment greater than 23 months for one enlistment contract must gain approval from OPNAV Nuclear Propulsion Program Manager (OPNAV N133). Additionally, nuclear-trained Sailors in paygrades E-4 and E-5 seeking HYT waivers or nuclear-trained E-6 Sailors seeking to exceed 20 years of service require authorization from OPNAV N133.

b. Nuclear-trained Sailors seeking to execute extensions for the purpose of meeting OBLISERV requirements for orders must contact OPNAV N133 for guidance to preclude potential loss of monetary benefits.

7. **Procedure for Executing Extension**

a. To execute an extension, use [NAVPERS 1070/621](#) (or automated equivalent), which must be completed and signed by the member and an official authorized per [MILPERSMAN 1070-190](#) prior to the date of expiration of enlistment. Agreements executed subsequent to the date of expiration of enlistment are without legal force and effect.

b. The following information must be entered into the narrative section of [NAVPERS 1070/621](#) or [NAVPERS 1070/622](#):

(1) The reason for the extension (e.g., "To extend to PRD").

(2) The number of this extension on current enlistment or reenlistment (e.g., "This is my second extension").

(3) The following terms of the extension:

"I understand that this extension becomes binding upon execution and may not thereafter be cancelled, except as provided in [MILPERSMAN 1160-040](#)."

(4) Acknowledgement of potential loss of monetary benefits and the provisions of the SRB Program per reference (c) as follows:

"I have been informed of the provisions of the SRB Program ([OPNAVINST 1160.8B](#)) and how the execution of this extension of enlistment may affect my entitlement to monetary benefits for a subsequent reenlistment."

8. **Physical Examination.** Qualification for continued service, either in the Active Component (AC) or Reserve Component to include full-time support (FTS) and SELRES, should be based on the ability of a Service member to perform the functions of his or her rating, rate, or occupational specialty without physical or medical limitations. Per chapter 15 of reference (d), routine periodic physical examinations are no longer required for AC or FTS personnel. Instead, the use of the periodic health assessment, with guidance provided in reference (e), should be used to meet this requirement.

9. **Cancelling an Extension Agreement**

a. An extension agreement is cancelled by the personnel office completing the cancellation section of [NAVPERS 1070/621](#) or [NAVPERS 1070/622](#) and processing the corresponding NSIPS event.

b. A valid extension of enlistment that has become operative may not be cancelled. When an improper extension becomes operative (e.g., the second extension is made operative before the first extension), refer the case to BUPERS-32 (BUPERS-328).

c. When a member reenlists, inoperative extensions are automatically cancelled. The personnel office must not take any action on inoperative extensions upon reenlistment, including SRB and critical skill retention bonus reenlistments. Sailors are required to reenlist beyond the total aggregate months of all inoperative extensions.

d. COs and OICs must cancel agreements to extend enlistment, prior to operative date, for reasons listed below:

(1) When members, through no fault of their own (as defined in subparagraph 2f above), have not received any of the benefits (e.g., school, accelerated advancement, did not execute PCS orders, or enlistment bonus) for which the extension was executed, cancellation must occur by the day preceding the operative date of the extension. Members whose extensions are cancelled for this reason and desire to continue on active duty may simultaneously execute a new extension or reenlist per appropriate articles in this manual;

(2) When members are no longer recommended or eligible for retention. No longer recommended might result from failure to meet the minimum eligibility criteria in [MILPERSMAN 1160-030](#) (to include loss of security clearance). No longer recommended might result from unsatisfactory performance of duty or conduct and, in the opinion of the CO or OIC, the member lacks career potential. A full statement of the facts must be included in [NAVPERS 1070/613](#) with notation that the member is not recommended or eligible for reenlistment. Under this paragraph, the CO or OIC cannot cancel an extension that gained a significant benefit (e.g., enlistment bonus, accelerated advancement, PCS order execution, 5 or 6-Year Obligator Program, technical school, accompanied overseas tour) or, per reference (f), has an approved physical fitness assessment separation waiver, without obtaining an exception to policy approval authorization; and or

(3) When members attending school on temporary additional duty orders, through no fault of their own (as defined in subparagraph 2f above), are disenrolled. Cancellation and or adjustment of extension is explained in subparagraph 9f(3) below.

e. When cancellation of an inoperative extension appears meritorious, but the reason is not authorized in subparagraph 9d above (e.g., significant benefit resulted from the extension), forward [NAVPERS 1306/7](#) Enlisted Personnel Action Request to BUPERS-32 (BUPERS-328), include the documents listed below, and ensure handling procedures for e-mail and hardcopy submission are followed as outlined in paragraph 11 below:

(1) [NAVPERS 1070/881](#) Training, Education, and Qualification History;

(2) Related [NAVPERS 1070/613](#) Administrative Remarks;

(3) Related [NAVPERS 1070/621](#) Agreement to Extend Enlistment;
and

(4) Related [NAVCRUIT 1133/52](#) Enlistment Guarantees.
[NAVCRUIT 1133/52](#) may be accessed by using the following Web address:
[https://navalforms.documentservices.dla.mil/formsDir/NAVCRUIT 1133
52 - EG 10177.pdf](https://navalforms.documentservices.dla.mil/formsDir/NAVCRUIT113352-EG10177.pdf)

f. Cancellation or adjustments of extensions for school to include training received per [MILPERSMAN 1510-030](#). COs of recruit training centers and service school commands are authorized to cancel or adjust extensions executed for school, 5 or 6-year or scholastic program listed in the remarks section of the agreement to extend enlistment as follows:

(1) Students who are disenrolled prior to class convening date, through no fault of their own (as defined in subparagraph 2f above), must have their extensions cancelled, provided the extensions did not qualify them for another benefit or bonus.

(2) Students who are disenrolled after class convening date, through fault of their own (as defined in subparagraph 2f), must have their extensions adjusted using the OBLISERV for school's chart in [MILPERSMAN 1306-604](#), provided the extensions did not qualify them for another benefit or bonus. Such adjustment, hereafter, will be referred to as payback. Five or 6-year Sailors will have their extensions adjusted using the table in subparagraph 9f(3)(c) below).

(3) BUPERS-32 (BUPERS-328) authorization is required for extension cancellation or adjustment for students on PCS-funded orders are disenrolled before or after class convening date through no fault of their own (as defined in paragraph 2f), and do not have extension(s) cancelled or adjusted prior to transferring from the schoolhouse.

(a) Definition of Instruction Received:

1. For regular students, it is the number of weeks of training actually completed;

2. For accelerated students, it is the number of weeks of classroom seat-time actually used at the time of disenrollment;

3. For repeat, held-over, or temporarily disenrolled students, it is the number of syllabus weeks actually completed in the course; and or

4. Partial weeks are not counted as weeks of instruction received.

(b) Payback Computation Table. For non-5 or 6-year obligator members disenrolled, through fault of their own (as defined in subparagraph 2f above), from single "A" or "C" service schools or consecutive service schools, payback will be determined by using the active OBLISERV for school's chart in [MILPERSMAN 1306-604](#).

(c) Five or 6-Year Program Disenrollment. Payback computation table for the 5 or 6-Year Training Program disenrollees is shown below. This table must only be used for 5/6 year students disenrolled from training for months of service obligation to be incurred (payback) in return for training. If the table shows a requirement to serve a greater number of months than the original extension, then the original extension remains in effect. The member will execute a new agreement to extend enlistment and or active duty for a period that will provide the payback required for the number of weeks of received training in return for cancellation of the previous extension executed for training.

Instruction (Weeks)	Payback (Months)	Instruction (Weeks)	Payback (Months)
1	1	36	25
2	1	37	26
3	2	38	26
4	3	39	27

32	22	67	46
33	23	68	47
34	24	69	48
35	24		

(4) Administrative Procedures. COs or OICs will ensure the new extension agreement is executed, the old extension agreement is cancelled, and the following [NAVPERS 1070/613](#) entry is submitted per reference (b):

"My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1160-040. I understand that my active duty obligation has been established as (EAOS date).

(Member's signature)

(Witnessing officer's signature)"

10. **Circumstances in Which COs and OICs Do Not Have the Authority to Cancel a Valid Extension**

a. COs and OICs will not cancel an agreement to extend enlistment under the following conditions:

(1) Member is found not physically qualified and or LIMDU is anticipated;

(2) Member is currently on LIMDU (ACC 105), provided member is physically qualified in all respects with exception of the diagnosis in the basic medical board report;

(3) Member is to be referred to a physical evaluation board for disability proceedings;

(4) Extension qualified the member for significant benefits as outlined in paragraph 9 above;

(5) Extensions executed prior to a C-WAY disapproval or approval. Members are to serve to their EAOS as extended, except when reasons in paragraph 9 above apply;

(6) Extensions may not be cancelled for failure to pay an enlistment bonus in a timely manner. When the oversight or delay of payment is identified, personnel officers are to promptly make the bonus payment; or

(7) Member becomes pregnant.

b. When COs and OICs do not have authority to cancel extensions of enlistment and early release warrants consideration (e.g., within force shaping initiatives), the member may consider requesting early release from NAVPERSCOM Enlisted Performance and Separations Branch (PERS-832) per [MILPERSMAN 1910-102](#).

11. **Electronic Transmission**

a. All e-mail regarding Navy personnel containing names, Social Security numbers (SSN), or other personally identifying information (PII), must be digitally-signed and public key infrastructure-encrypted. In the event that encryption is not possible, the only other authorized means of electronically transmitting PII is through use of Department of Defense (DoD) Secure Access File Exchange (SAFE). DoD SAFE may be accessed via the following Web address: <https://safe.apps.mil/>.

b. All hardcopy correspondence must be pre-coordinated before mailing to BUPERS-32 (BUPERS-328). Correspondence regarding Navy personnel which contains names, SSNs, or other PII must:

(1) Be double-wrapped with the inner layer labeled "FOR OFFICIAL USE ONLY-PRIVACY SENSITIVE. Any misuse or unauthorized disclosure may result in both civil and criminal penalties;"

(2) Use [DD 2923](#) "Privacy Act Data Cover Sheet" as appropriate;

(3) Be mailed to only those with an official need to know;

(4) Be sent via a mailing service that can provide tracking information; and

(5) Be handled and destroyed per DoD privacy directives.

12. **Additional information and points of contact are available at the following Web sites:**

References	(a) 10 U.S.C. (b) SECNAVINST 5820.4G
-------------------	---

1. **Policy.** Under certain conditions, members may legally be retained beyond the date of expiration of enlistment or other period of obligated service (OBLISERV), either voluntarily or involuntarily until discharged, released to inactive duty, or transferred to the Navy Reserve and released to inactive duty. When a member is retained in service beyond expiration of enlistment, or other period of OBLISERV, an entry as to reason and authority for retention must be made on the appropriate page of the member's service record and signed per this manual.

2. **Voluntary Extension.** Enlisted members may volunteer to be held beyond expiration of their enlistment or active duty obligation or other period of OBLISERV. Refer to MILPERSMAN 1160-040.

3. **Extension of Members Serving Aboard Ship in Foreign Waters**

a. The normal date of expiration of enlistment or extension of enlistment of a member serving aboard a ship in foreign waters may be extended until return of the ship to a port of the continental United States or until transfer of member concerned to the separation activity nearest to port of debarkation. Retention for return to the U.S. may be effected by the senior officer present afloat if, in their opinion, retention is essential to public interests. Members so retained must be separated no later than 30 days after arrival in the U.S. In order to be entitled to the increase of 25 percent in basic pay

for the period of retention per article 5540 of reference (a), the member must have been retained after expiration of enlistment or extension of enlistment because their services were considered essential to public interests.

b. Specifically excluded from this provision are enlisted members who are retained beyond terms of their enlistments at shore stations, on board ships on duty in waters in or around possessions and territories of the U.S., or on board ships on duty in ports or waters within the sovereign jurisdiction of the U.S. Also excluded are members of the Navy Reserve who are retained on active service beyond the normal date of expiration of enlistment.

c. A permanent [NAVPERS 1070/613](#) Administrative Remarks entry in the member's service record must state whether retention was essential to public interests and provide the location of the ship at the time of expiration of their term of enlistment.

d. For a normal deployment, it is imperative that pre-deployment preparations include identification of members with expiring enlistments and execution of appropriate action to either extend members on board or leave members behind for separation or further transfer.

4. **Extension Pending Receipt of Records.** Members whose records and accounts are not received by the activity to which transferred for separation may be retained in service, with their consent, pending receipt of their records and accounts. Commanding officers (COs) must take immediate steps to obtain records and accounts by communicating with the ship or station from and via which member was transferred for separation. A duplicate service record may be requested from Navy Personnel Command (NAVPERSCOM), Records Management Policy Branch (PERS-313) in order to expedite separation.

5. **Extension for Temporary Officer Appointment.** Enlistments are extended automatically in the case of members whose normal date of expiration of enlistment occurs while they are serving in a temporary officer appointment.

6. **Extension for Medical Care.** Members in the Regular Navy, Navy Reserve, and Fleet Reserve on active duty other than training duty of less than 30 days, who are in need of medical care or hospitalization as a result of disease or injury

incident to service and not due to their own misconduct, may be retained with their consent beyond the date of their normal expiration of active OBLISERV. Such consent must be entered on permanent [NAVPERS 1070/613](#), and signed by member concerned. Tacit consent to retention may be assumed in cases of mental incompetency or physical incapacity where member is unable to affirmatively indicate desires, pending notification of and authorization for retention from member's next of kin. Members retained for medical care or hospitalization under this article may be retained until they have recovered to the extent that would enable them to meet physical requirements for discharge and reenlistment, or until it has been ascertained that the disease or injury is of a character that recovery to that extent is impossible. Members for whom tacit consent to retention is assumed will not ordinarily be retained more than 6 months beyond the date of their normal expiration of active obligated service (EAOS). Further retention may be authorized in meritorious cases upon proper recommendation accompanied by the supporting facts.

7. **Member Refusal of Extension for Medical Care.** If members persist in their desire to be separated, effect their separation provided they sign the following entry on [NAVPERS 1070/613](#) of their service record and on [DD-2808](#) Report of Medical Examination, witnessed by an officer, at the time examined for separation:

"I, (fill in name), desire to be separated from naval service on my normal expiration of active obligated service date. I understand that I will not be eligible for further follow-up studies or treatment at an Armed Forces medical facility, that I will be ineligible for disability benefits under law administered by Navy, and that any further treatment and or benefits will be under jurisdiction of the Department of Veterans' Affairs."

(Signature of member)

(Signature of witnessing officer)

(Grade, name, title)"

8. Extension to Accommodate Physical Evaluation Board (PEB) Proceeding

a. Members being processed before a PEB must not be released from active duty or discharged until the Secretary of the Navy (SECNAV) has completed the final action on their cases and instructions received from NAVPERSCOM, Retirements Branch (PERS-836). Untimely separation of a member who is the subject of a PEB proceeding may prejudice their case since the law requires SECNAV make necessary physical disability determinations while the member is entitled to receive basic pay, except in cases of reservists on training duty of 30 days or less. This should be explained to any member whose enlistment or term of active service is about to expire and who requests discharge or release from active duty prior to the time such determinations are made. Any request for separation that is not withdrawn following such explanation must be entered on [NAVPERS 1070/613](#) of the service record as follows:

"I, (fill in name), desire to be separated from naval service notwithstanding the fact such separation may prejudice any rights or benefits to which I may be entitled as a result of physical evaluation board hearings under 10 U.S.C., chapter 61. I have been fully advised of my rights in this matter and request I be discharged from naval service as soon as possible without further hearing and without disability retirement pay or severance pay or any compensation whatsoever. I understand I am not required and am under no obligation to give this certificate and I hereby certify that I give this certificate voluntarily."

(Signature of member)

(Signature of witnessing officer)

(Grade, name, title)"

b. The foregoing statement must be signed by member and witnessed by an officer. In all cases where the above statement is executed, notify NAVPERSCOM (PERS-836) by message, and provide information copy to Physical Review Council and convening authority of PEB. Procedures for members on inactive duty are found in MILPERSMAN 1910-168.

9. **Policy for Disability Incurred not in the Line of Duty**

a. Records and accounts of members in the following categories must not be closed until discharge is effected. Member's service record must bear appropriate entry regarding member's status.

b. The term of service of a member undergoing hospitalization for injury, sickness, or disease incurred not in the line of duty or due to their own misconduct will not be extended under provisions of "Extension to Accommodate Physical Evaluation Board Proceeding" above. Unless the term of service is extended by some other provision of this article, a member in this status should be brought before a medical board at a time that will permit action to be taken on a recommendation for disposition prior to expiration of term of service. If proceedings per law and regulations result in a determination that the member is not physically fit for service or reenlistment and is to be discharged, discharge normally will be effected because of disability rather than expiration of enlistment or fulfillment of service obligation.

c. The term of service of a member undergoing hospitalization for injury, sickness, or disease, which is the result of the member's own misconduct, is extended by such lost time. If there is reasonable belief such member will be unable to return to full duty, full circumstances of the case as then known, including prognosis, must be forwarded to NAVPERSCOM (PERS-836) for advice. Members in this status should be brought before a medical board at a time that will permit action to be taken prior to the date the term of service normally would expire if the member were not in a misconduct status. If it is determined per law and regulations that the member is not physically fit for service or reenlistment, and proper authority approves recommendation for discharge, member must be awarded the type and character of discharge considered proper based on their medical and military records.

10. **Notification Procedure for Disability Extension.** If a member is hospitalized because of injuries or disease under all conditions listed below, COs of the medical facility concerned must forward all known facts concerning member's injuries or disease to the judge advocate general (JAG) for final determination of member's status and a copy to NAVPERSCOM (PERS-836). Such notification must, if at all possible, occur prior to member's expiration of term of service when

a. it appears the injury or disease might have been incurred not in the line of duty and as a result of member's own misconduct

b. there is a reasonable possibility member will not return to full duty prior to expiration of their term of service

c. it is not reasonably possible to conduct an investigation prior to expiration of member's term of service to determine whether the injury or disease was incurred in the line of duty and not as a result of member's own misconduct.

11. **Extension for War or National Emergency.** Enlistments and periods of OBLISERV of enlisted personnel in naval service are extended, or may be extended, in time of war or national emergency per articles 506, 12103, 671, and 671b of reference (a).

12. **Involuntary Extension due to Criminal Proceedings.** Members may be extended involuntarily beyond their EAOS as a result of apprehension, arrest, confinement, investigation, or filing of charges that may result in a trial by court-martial, and execution of any sentence thereof. If such action is initiated with a view to trial because of an offense under reference (b) committed by a member prior to their official discharge or separation, even though the term of enlistment or OBLISERV may have expired, they may be retained in service for trial and punishment after their period of service would otherwise have expired. Members who are involuntarily extended due to criminal proceedings and whose term of enlistment or OBLISERV has expired, may negotiate for and receive administrative separation under MILPERSMAN 1910 series and a related characterization of service even if their enlistment contracts have expired. Administrative separation may be in lieu of trial by court-martial or part of a pre-trial agreement.

13. **Extension for Disposition of Criminal Proceedings by a Foreign Jurisdiction.** Members of the naval service awaiting disposition of criminal proceedings by a foreign jurisdiction are afforded statutory and regulatory protection and benefits attendant to their status as members of the Armed Forces. Policy of the Navy is to ensure both the member is afforded the fullest possible protection, and the Navy meets its international obligations. In implementing this policy, the following procedures will be applied in all cases where foreign

criminal jurisdiction is being, or may be exercised over a member of the naval service by action such as apprehension, arrest, investigation, or a filing of charges that may result in trial, and where foreign criminal proceedings are not likely to be completed prior to the date of member's release from service because of expiration of the member's term of service:

a. At least 1 month before EAOS, member will be offered an opportunity to extend enlistment voluntarily for the duration of legal proceedings and any subsequent punishment. Member will be informed of protection and benefits received as a member of the Navy during the foreign criminal proceedings. For example, counsel may be provided at Navy expense, court costs (but not fines) paid, and an interpreter made available; and in most countries, member will remain in U.S. vice foreign custody, at least during trial proceedings. Member will also be informed that member will remain subject to reference (b) and may be subject to processing for administrative discharge. In some situations, a uniformed judge advocate will be provided when exposure to military criminal charges is possible. Additionally, member will be advised that an election not to extend voluntarily will result in the following:

(1) foreign authorities will be advised of the impending EAOS and inability of Navy to guarantee member's presence after discharge;

(2) foreign authorities will be offered custody of member immediately prior to EAOS; and

(3) assuming custody is accepted by foreign authorities, member will be discharged from naval service as soon thereafter as is practicable, thereby terminating any special considerations member would be entitled to were they still a member of the Armed Forces.

b. If member elects to voluntarily extend enlistment, then such request will be honored, and an appropriate [NAVPERS 1070/613](#) service record entry acknowledged by member will be made.

14. Procedure for Member Not Electing to Extend while Awaiting Disposition of Criminal Proceedings by a Foreign Jurisdiction

a. Should a member elect not to extend voluntarily, foreign authorities will be notified of the inability of the Navy to guarantee presence of member after discharge due to member's impending EAOS. The foreign authorities will then be afforded opportunity to take custody of member at a mutually agreed upon time immediately prior to EAOS. If the foreign authorities desire custody, member will be transferred to the foreign authorities at the agreed upon time. After such transfer of custody, member's CO will, at EAOS, discharge member and notify the Office of the Judge Advocate General, U.S. Navy; NAVPERSCOM, Conduct and Separations Branch (PERS-832); and the respective U.S. Embassy or Consul.

b. Should the foreign authorities, upon being notified of member's impending EAOS and inability of Navy to maintain custody after discharge, state that member need not be present within the jurisdiction and is not required nor desired to be available for any further criminal proceedings, the member should be returned to the continental United States for separation or discharge. In such case, foreign authorities have in effect released Navy from any obligation to keep member within the foreign jurisdiction or to make member available for foreign criminal proceedings. This communication from appropriate foreign authorities should be in writing (if possible). If not, a memorandum for the record should be made to memorialize the agreement.

c. The foregoing policy does not apply to a member who has been in custody or confinement of foreign authorities as a result of apprehension by foreign authorities. In such a situation, provisions of chapter three of reference (b) would continue to apply, and, except under extraordinary circumstances approved by SECNAV, member would not be discharged while in custody or confinement of the foreign authorities.

15. Extension for Completion of U.S. Civilian Criminal Proceedings.

a. Members of the naval service who are not in confinement and those in confinement **as a result of delivery by military officials**, and

b. Those members in confinement **as a result of apprehension by civil authorities**, must not be extended involuntarily beyond EAOS solely for purpose of completion of civilian criminal proceedings in Federal, State, and local courts of the U.S., its territories, commonwealths, and possessions **without NAVPERSCOM (PERS-832) approval**. Requests to involuntarily extend members beyond EAOS must include whether member was delivered by military officials or apprehended by civil authorities, date of delivery or apprehension, pending charges, anticipated date of trial, and member's EAOS.

16. **Extension to Await Appellate Review of Court-Martial.**

Except as otherwise provided in this paragraph, an enlisted member sentenced to punitive discharge must be retained in service to await completion of appellate review of their court-martial case, even though the period of confinement, if any, adjudged under the sentence has been served and member's enlistment or other period of active OBLISERV has expired. Unless member is confined, service record entry prepared to reflect such retention beyond expiration of enlistment or other obligated active service should state the nature of duties performed by the member and average number of hours daily the member's services are utilized while being so retained. Nothing stated in this paragraph is to be construed as precluding administrative separation of member when directed by NAVPERSCOM (PERS-832) or granting of leave to member awaiting completion of appellate review of member's case.

17. **Extension for Indebtedness.** A member who is otherwise eligible for separation will not be retained beyond normal expiration of obligated service date to satisfy an indebtedness to the Government or an individual, or for the purpose of obtaining remission of indebtedness.

	NAVPERS 15909H (ETM)
	DFAS-CL (DJMS), Procedures Training Guide
	NAVPERS 1070/613

1. Policy for Naval Reservists

a. Members of the Naval Reserve on active duty, with the exception of members authorized 24/36 months General Assignment/Recall or Active Duty for Special Work (ADSW), who desire to continue on active duty beyond their expiration of active obligated service (EAOS) dates and who are qualified in all respects for reenlistment may be permitted to extend their active duty agreements subject to approval by their Commanding Officer (CO), within the terms of their enlistment contract and/or the period of their Military Selective Service (MSS) obligation, except that extensions of active duty for less than 24 months shall be subject to the same restrictions as for extension of enlistment for less than 24 months.

b. The extended period of active duty shall be within the term of an enlistment contract and/or the period of the MSS obligation. In order to acquire service to cover the period of active duty obligation, qualified and recommended Naval Reserve personnel may reenlist on board or extend their enlistments under instructions contained in the appropriate article in this manual and OPNAVINST 1160.5C. In any case, the eligibility standards prescribed in the appropriate articles regarding performance, age limitations, physical standards, dependency

criteria, and the release from active duty of Reserve and retired enlisted personnel are applicable.

c. Enlisted members of the Naval Reserve, who have been authorized General Assignment/Recall for 24 to 36 months may not reenlist, obligate for orders, or continue on active duty without prior approval from Navy Personnel Command (NAVPERSCOM) (PERS-811H). These individuals are authorized 24 to 36 months active duty as USNR (Active).

d. USNR Training and Administration of Reserves (TAR) personnel are authorized General Assignment/Recall through NAVPERSCOM (PERS-913) with final authority granted through NAVPERSCOM (PERS-811H). Selected Reserve personnel may apply for recall to the TAR program with final authority granted through NAVPERSCOM (PERS-913).

2. Policy for Fleet Reservists

a. Members of the Fleet Reserve on active duty who desire to continue on active duty beyond their EAOS dates may enter into active duty agreements only upon the approval of the NAVPERSCOM. A request shall be submitted to the NAVPERSCOM with the CO's recommendation. Requests shall be submitted in sufficient time to permit action prior to current EAOS date. Approval of such requests will be based upon the needs of the service, the rating involved, and other pertinent circumstances. Such extensions, when authorized, will be in yearly increments or a number of whole months less than a year. (Reenlistment or extension subsequent to transfer to the Fleet Reserve is not authorized, except as specified in MILPERSMAN 1160-030.)

b. Enlisted members of the Fleet Reserve, who have been authorized General Assignment/Recall for 24 to 36 months may not reenlist, obligate for orders, or continue on active duty without prior approval from NAVPERSCOM (PERS-811H). These individuals are authorized 24 to 36 months active duty as USNR (Active).

3. Policy for Inductees

a. An inducted member may be permitted to extend their active duty beyond the period of induction within the period of their MSS obligation, subject to approval of their CO, provided

they are otherwise qualified in all respects. Such extension of active duty for less than 24 months shall be subject to the same restrictions as extensions of enlistments for less than 24 months. A qualified inductee may enlist or reenlist on board as provided in the article of this manual governing reenlistments.

b. Reservists on General Assignment/Recall will not extend or obligate without NAVPERSCOM (PERS-811H) authorization.

4. ADSW Personnel

a. ADSW personnel may not exceed a total of 16 years active duty and may not exceed 5 years, 6 months continuous active duty. A 31-day break is required for ADSW individuals, who have been on active duty for 5 years, 6 months.

b. Enlisted ADSW personnel who desire to remain on active duty must receive either an order modification or new orders.

c. ADSW personnel paid through RPN funding receive approval from NAVPERSCOM (PERS-9D).

d. ADSW personnel paid through MPN funding receive approval from NAVPERSCOM (PERS-80C).

5. Clerical Procedures

a. An agreement to remain on active duty or cancellation of such agreement shall be made on the NAVPERS 1070/622, parts 1 and 3, following the clerical procedures set forth in PAYPERSMAN. The agreement shall be signed by the member and the CO, or a designated representative of the CO. (Agreements for less than 24 months will be in numbers of whole months.)

b. Additional entries shall be made for inductees on the NAVPERS 1070/613, of the service record. General Assignment/Recall personnel will be given a Special Program Indicator (SPI) code of "G".

6. Authorization to Cancel. CO's are authorized to cancel active duty agreements under the same conditions as provided for cancellation of extensions of enlistment.

MILPERSMAN 1160-070

REENLISTMENT/EXTENSION OF ENLISTMENT IN THE INDIVIDUAL READY RESERVE (IRR)

Responsible Office	NAVPERSCOM (PERS-4933)	Phone:	DSN	882-4470
			COM	(901) 874-4470
			FAX	882-2673

References	(a) 10 U.S.C. 651 (b) DFAS-DJMS, Procedures Training Guide (c) COMNAVRESFORINST 1780.1A
------------	---

1. **Policy.** Navy Reservists on inactive duty who meet qualifications for reenlistment may extend their enlistment in increments of 1 or more months, provided such extension together with any other extension does not exceed an aggregate of 48 months. Extensions of fewer than 24 months are considered **conditional extensions** and shall normally be executed only for specific reasons listed in MILPERSMAN 1160-040.

a. Members of the Individual Ready Reserve (IRR), who are **disqualified for reenlistment by body composition requirements**, may extend their enlistment one time for 6 months to conform to standards.

b. Personnel **not eligible for reenlistment** may not extend their enlistment without prior approval of Navy Personnel Command (NAVPERSCOM), IRR Force Management Section (PERS-4933).

2. **Definitions**

a. "Agreement to Extend Enlistment," or "enlistment as extended," refers to the legal document, **NAVPERS 1070/621 (Rev. 01-00), Agreement to Extend Enlistment** (page 1A of the service record), and not an unofficial agreement or personal assurance of intention to extend. Agreements on other than NAVPERS 1070/621 are of an informal and unofficial nature and could be repudiated or withdrawn by member.

b. "Execution of the Agreement to Extend Enlistment," or "execution of extension," refers to NAVPERS 1070/621 signed by

the member and an official authorized to accept the agreement on behalf of Navy.

c. "**Extension becomes operative**," or "**operative date**," refers to the effective date of the extension, normally

- the day following the expiration of enlistment, or
- the day of expiration of enlistment as voluntarily extended, or
- as extended for the purpose of making up time not served.

Extension agreements may not be canceled after the operative date. In cases where it appears that the extension should have been canceled, the second portion of NAVPERS 1070/621 shall be completed and the case referred to NAVPERSCOM (PERS-4933).

d. "**Extension becomes binding**" refers to the date on which the extension is executed (signed), after which it may not be canceled except per the provisions of this manual in effect at the time the agreement is signed.

3. **General Requirements for Reenlistment**

a. Members of the IRR may be reenlisted in person or by mail. To reenlist, such members must furnish evidence of

(1) a satisfactory physical examination completed within the preceding 12 months at a Navy Reserve activity,

(2) evidence of a satisfactory body composition assessment (BCA) completed within the preceding 3 months by a command fitness leader (CFL), and

(3) a signed statement affirming, to the best of the member's knowledge and belief, the member's physical condition is substantially the same as found in the reported physical examination.

b. The **Oath of Allegiance**, which is mandatory, shall be administered by any active, inactive, or retired commissioned officer of any component of the Navy, Marine Corps, Army, Air Force, or Coast Guard.

4. **Not Eligible for Reenlistment.** Personnel not eligible for reenlistment may not extend their enlistment without prior approval of NAVPERSCOM (PERS-4933).

5. **Extension of Enlistment After Release From Active Duty.**

Members who enlisted in the Regular Navy, and were subsequently released from active duty and transferred to the IRR to complete their military service obligation under reference (a), are not required to reenlist at expiration of obligated service to continue service in the Navy Reserve. Such members, if authorized by NAVPERSCOM (PERS-4933), may extend their Ready Reserve obligation by using NAVPERS 1070/621 with the following modifications:

a. Disregard the preprinted statement of agreement/understanding.

b. Include the following statement below the preprinted statement of agreement/understanding:

"I agree to remain a member of the Ready Reserve for the period of this extension, unless properly relieved by competent authority. Having been transferred to the U.S. Navy Reserve on (day after date of release from active duty (RELACDU)), I voluntarily agree to extend my Ready Reserve obligation for a period of _____ months. I understand the provisions of this agreement and I acknowledge that no promises of any kind have been made to me."

6. **Procedure for Agreement to Extend Enlistment**

a. Extensions shall be prepared on the latest revision of NAVPERS 1070/621 and, except as noted below, shall be witnessed and accepted on behalf of Navy by an official having custody of the member's service record, and authorized per the provisions of this manual to sign service record pages. When it is inconvenient or impracticable for the member to appear for the purpose of executing the extension of enlistment at the activity having custody of the member's service record, the extension form may be mailed to the member for execution and return. See paragraphs below for further information regarding requirements of extensions executed by mail. To be valid, NAVPERS 1070/621 shall be executed by the member concerned before, or on the date of, expiration of enlistment. Mail NAVPERS 1070/621 in

sufficient time to ensure receipt and execution is completed, not later than the member's expiration of enlistment.

b. A member normally should not be permitted to extend an enlistment for more than 3 months before the end of the enlistment, unless agreement to extend is required to acquire sufficient obligated service (OBLISERV) for recall to active duty, or eligibility for Montgomery GI Bill (see reference (b)). In all cases, enter appropriate reason on NAVPERS 1070/621, citing the directive, as appropriate, for the OBLISERV; otherwise, enter reason as follows:

"To continue career. I understand that this extension becomes binding upon execution and may not thereafter be canceled, except as provided in MILPERSMAN 1160-070."

c. The provisions of this manual and the procedures in reference (c) will be followed for completion of NAVPERS 1070/621. Special instructions for completion and return of the form to the originating activity will accompany each extension mailed to a member for execution. Prior to mailing, the originating activity shall fill in the upper portion of the extension form. In the case of a member executing an extension agreement by mail, an official authorized to sign service record pages may witness the member's signature and accept the extension agreement on behalf of Navy. If such official is not available, a commissioned officer of any component of Navy, Marine Corps, Army, Air Force, or Coast Guard; or a notary public may act as witness by signing immediately below the member's signature. The member will then return the extension to the activity having custody of the member's service record, and the authorized official accepting on behalf of Navy will modify the form by deleting the words "**witnesses and**" prior to signature.

7. **Criteria for Canceling Agreements to Extend Enlistment.**
NAVPERSCOM (PERS-4933) will cancel NAVPERS 1070/621s of IRR members, prior to effective dates, in the following cases:

a. When the member, upon being physically examined for the extension, is found to be **not physically qualified** for retention in the service.

b. When the member is **not considered qualified** for retention in the service.

c. When the member, through no fault of the member's own, **has not received any of the benefits** for which the extension was executed by the day preceding the operative date of the extension.

d. When the member **reenlists or agrees to extend enlistment**, provided the reenlistment or extension is for an authorized period not less than the term of the extension agreement(s) being canceled. The extension agreement(s) shall then be canceled as of the date of reenlistment or execution of new extension.

8. **Procedure for Canceling Agreement to Extend Enlistment.** In all cases of cancellation of an agreement to extend enlistment, the lower portion of NAVPERS 1070/621 shall be completed, per instructions in reference (b). A statement concerning whether the member is recommended for reenlistment will be made on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks of the service record. If the member is not recommended for reenlistment, a full statement of the reasons shall be entered.

MILPERSMAN 1160-100

SELECTIVE TRAINING AND REENLISTMENT (STAR) PROGRAM

Responsible Office	BUPERS-328	Phone:	DSN 882-3215 COM (901) 874-3215
---------------------------	------------	--------	------------------------------------

MyNavy Career Center	Phone:	1-833-330-MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

References	(a) NAVEDTRA 10500, Navy Formal Schools Catalog (CANTRAC) (b) COMNAVCRUITCOMINST 1130.8K (c) BUPERSINST 1430.16G
-------------------	--

1. **Purpose**. The Selective Training and Reenlistment (STAR) Program offers career designation to first term enlisted Sailors who reenlist and thereby become eligible for the following career incentives:

a. Guaranteed assignment to an appropriate "C" school.

b. Possible advancement from petty officer third class (PO3) to petty officer second class (PO2) upon completion of a Class "C" School or a "C" School package, which is listed in reference (a) and the Career Schools Listing (CSL). Most updated CSL will be located on the MyNavy HR Web page,
<https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Enlisted-Career-Admin/SRB-SDAP-Enl-Bonus/>

c. Selective Reenlistment Bonus (SRB), if eligible (not guaranteed).

2. **STAR Eligibility Requirements**

a. Each applicant will:

(1) Be recommended by his or her commanding officer (CO) for career designation, have demonstrated above average career potential, and meet considerably higher standards for reenlistment than the minimum standards prescribed in [MILPERSMAN 1160-030](#).

(2) Be a PO2 or PO3 on a first enlistment, and be eligible in all respects for reenlistment per [MILPERSMAN 1160-030](#). Refer to [MILPERSMAN 1160-120](#) in regards to high year tenure and STAR Program.

(3) Agree to reenlist active duty Navy for a period of 4 to 6 years (as required). The reenlistment or entitlement will not be executed until approval has been received from Bureau of Naval Personnel (BUPERS) Enlisted Community Management, Incentives Section Branch (BUPERS-328). The duration of required reenlistment is equal to specific rate and program requirements set forth by reference (b). As outlined in reference (b), the duration of required reenlistment is also contingent on the requirements of [MILPERSMAN 1160-040](#) (5-year obligation) and [MILPERSMAN 1510-030](#) Advanced Electronic Field, and Advanced Technical Field, Nuclear Field Programs. Reenlistments in ratings not requiring 5-year or 6-year obligations must be for a minimum of 4 years. For example, electronics technician rating requires a 6-year reenlistment, builder rating a 5-year reenlistment, and culinary specialist rating a 4-year reenlistment.

(4) Have no record of conviction by courts-martial, civil conviction, or nonjudicial punishment (NJP) for 18 months preceding date of application.

(5) Have no alcohol incidents or documented drug abuse for 18 months preceding date of application.

(6) Have an evaluation with no grade below 3.0 for 2 years prior to request for STAR reenlistment.

(7) Not have been accepted for any programs leading to a commission.

b. Non-nuclear personnel must have at least 17 months, but not more than 6 years, of continuous active naval service and not more than 8 years of active Military Service for other service veterans. Non-nuclear personnel will sign the following entry on [NAVPERS 1070/613](#) Administrative Remarks and submit to their servicing personnel support detachment (PSD) for entry into Navy Standard Integrated Personnel System (NSIPS)/ Electronic Service Record, the servicing PSD will electronically submit the document to their official military personnel file (OMPF):

"I understand by reenlisting prior to my expiration of active obligated service (EAOS) under the provisions of [MILPERSMAN 1160-100](#) (STAR Program), the unexecuted portion of my enlistment contract or extensions of enlistment will be deducted in selective reenlistment bonus (SRB) calculations."

3. **Eligibility Requirements for Nuclear Personnel.** Nuclear personnel must have at least 21 months, but not more than 6 years, of continuous active naval service on their date of reenlistment. Nuclear personnel reenlisting prior to their EAOS will sign the following entry on [NAVPERS 1070/613](#) for inclusion in their OMPF:

"I understand by reenlisting prior to my EAOS under the provisions of [MILPERSMAN 1160-100](#) (STAR Program), the unexecuted portion of my enlistment contract will be deducted from associated SRB calculations. Extensions of enlistment executed will not be deducted in SRB calculations, provided I reenlist for at least 2 years beyond my soft EAOS."

4. **Guidelines for Submitting Applications**

a. STAR Program applications will be sent to BUPERS-328 via (NSIPS). STAR requests should be submitted at least 60 days in advance of the desired reenlistment date. When STAR approval is received, send SRB request in precertification format and reference the STAR approval message in remarks section.

b. All STAR requests must be approved by BUPERS-328. STAR requests could be disapproved due to current rating's E-5 manning posture constraints.

5. **Administrative Procedures Following Approval.** Sailors approved for STAR reenlistment must obtain BUPERS-328 approval for continuation in program if there is any decline in performance, NJP, court-martial action, or adverse involvement with civilian authority. The CO's recommendation is required before a STAR continuation will be made by BUPERS-328. Command must notify BUPERS-328 to cancel STAR approval.

6. Reenlistment for the STAR Program

a. Sailors will be required to effect reenlistment within 6 months of the date of STAR authorization, and prior to attending "C" School, with the exception of those Sailors attending or who have completed a CSL "C" School. For those Sailors who are currently attending a CSL "C" School, STAR requests may be submitted during the course of instruction, but prior to effecting reenlistment. For those who have completed a CSL "C" school, a STAR request must be submitted prior to reenlistment for the completed school. Sailors whose EAOS is within 6 months of the approval date will be required to reenlist no later than their normal EAOS. Failure to reenlist prior to the expiration of these limiting dates will void STAR approval and require the Sailor to obtain a new authorization.

b. In many cases, a STAR reenlistment may not be in the Sailor's best interest. The career counselor should explore all alternatives before recommending STAR. A Sailor who is requesting a "C" school under STAR, which will earn an SRB eligible Navy enlisted classification (NEC), could lose considerable SRB entitlements. For those scheduled for advancement in the near future, it may be prudent to wait for the advancement, if SRB eligible, before reenlisting for STAR. For those outside the SRB eligibility window, it may be more prudent to wait until they are within the SRB window.

c. After approval of the STAR application, and when eligible, the Sailor will be discharged for convenience of the government and immediately reenlisted on board for a term of 4, 5, or 6 years, as required, in the active duty Navy. Eligible Sailors should consult SRB implementing directives that may limit payment of a bonus for any incomplete portion of the initial enlistment contract. This article will be cited to record STAR reenlistment by entering the following in FOURTH statement of [NAVPERS 1070/601](#) Immediate Reenlistment Contract:

"Career designated under [MILPERSMAN 1160-100](#)."

Additionally, prior to reenlistment, have the Sailor sign the following entry on [NAVPERS 1070/613](#) for inclusion in their OMPF:

"Should I be disenrolled from the STAR Program voluntarily, because of academic failure, my own misconduct, or my failure to maintain program eligibility requirements, I understand I am no longer eligible for any STAR Program benefits. I further understand I am not eligible for reduction of obligated service incurred."

7. School Assignments

a. Sailors who reenlist under this article are guaranteed assignment to a "C" school listed in the CSL. If any requested school has been disestablished, assignment to another school as determined by BUPERS-328 is guaranteed, provided training is available. "C" school quota requests will be submitted on [NAVPERS 1306/7](#) Enlisted Personnel Action Request to the proper detailer at NAVPERSCOM citing this article, the STAR authorization, the school guaranteed, and verification of the STAR reenlistment. School quota requests will be submitted immediately following STAR reenlistment; however, school requests will not contain requests for specific class convening dates or duty assignments. If feasible, a tentative class convening date will be assigned by Navy Personnel Command (NAVPERSCOM). If school assignment is delayed until late in the STAR enlistment for the convenience of the Navy, additional obligated service is not required upon entry into the guaranteed school. Sailors who attend a "C" school listed on the CSL at the time of reenlistment and are automatically advanced to E-5 as a result of the STAR reenlistment, are not eligible for a subsequent "guaranteed" "C" school.

b. "C" school will be guaranteed to PO2s and PO3s who have completed the correct "A" school. Sailors who previously attended a "C" school are not authorized to attend the same "C" school. Sailors in paygrade E-3 who have been approved for reenlistment under STAR and who will be advanced to PO3 from a Navy-wide advancement examination (NWAEE) before effecting such reenlistment, may request "C" school. Approval will normally be granted only for convening dates, which will allow the Sailor to first serve at least 12 months as a PO3. "C" school entrance time in paygrade requirements may be waived for PO3s who request reenlistment under the STAR Program. Personnel who have reenlisted under the STAR Program, for a "C" school with an associated or impending automatic advancement to the next higher paygrade may participate in the NWAEE for that higher paygrade while they wait to begin "C"

school. However, if selected for advancement from the NWAEE and paid for the next higher paygrade, the Sailor will not subsequently be automatically advanced to the next higher paygrade upon completion of "C" school.

8. Automatic Advancement

a. Automatic advancement to E-5 may only be authorized when the eligibility requirements contained in reference (c) have been met and the Sailor has served 1 year in paygrade E-4 from effective date of advancement. The effective date of advancement will be the date the advancement was made by the CO. Retroactive advancements are not authorized. Service record entries will cite this article as authority for automatic advancement.

b. E-3 personnel at time of STAR reenlistment will not be eligible for automatic advancement. Only one automatic advancement is authorized upon completion of STAR guaranteed training. Likewise, a Sailor who was automatically advanced to E-4 under recruit AEF Program may be automatically advanced to E-5 under STAR, provided all other eligibility requirements are met under this article; however, a Sailor cannot be automatically advanced twice based on completion of the same school.

c. Upon graduation from a "C" School or "C" school package that is listed in the effective CSL at time of reenlistment, a PO3 may be advanced to PO2 by the CO of the Service School Command, provided otherwise eligible. Personnel must be eligible for advancement per reference (c) and must have 1 year in paygrade E-4. A Sailor eligible for advancement in all respects except having served 1 year in paygrade will have the following [NAVPERS 1070/613](#) entry created for submission to his or her OMPF:

"Date: When eligible in all respects (name) may be advanced to (rate) on (date). Auth: [MILPERSMAN 1160-100](#)."

COs are authorized to advance Sailors having the above entry in their OMPF on the date indicated.

d. At the time of STAR reenlistment, a PO3 who holds a valid nuclear power NEC, or a PO3 who has completed a "C" school or "C" school package which is listed in the current CSL, may be advanced to PO2, if eligible for advancement under reference (c) and having completed 1 year in paygrade E-4.

e. A PO3 previously advanced to PO2 or designated E-5, but subsequently reduced in rate as a result of disciplinary action, is not eligible for automatic advancement to PO2 or PO3, respectively, through this program.

f. The automatic advancement feature of the STAR Program provides a substantial attraction for an early reenlistment commitment. The intent and the historical application regarding STAR advancements has been to honor qualifying CSL "C" School completion carried out prior to STAR as criterion for automatic advancement; however, the CSL to be used in determining eligibility is the CSL in effect on STAR reenlistment date.

9. **Time-in-Rate (TIR) Waivers.** To reduce the number of requests for TIR waivers from personnel who were advanced under accelerated advancement programs and who are denied the opportunity to participate in advancement examinations because of insufficient TIR, the following policy is in effect.

Sailors who were automatically advanced under this article will have their TIR dates established as that assigned to their contemporaries who were advanced through successful participation in the current NWAEE cycle. For example, personnel automatically advanced between 1 July and 31 December will have 1 July as their TIR date in consonance with the personnel advanced from the March examination of that year. TIR for personnel automatically advanced between 1 January and 30 June will be shown as 1 January; i.e., advancement effected 9 December 1981, TIR is 1 July 1981; and advancement effected 9 February 1982, TIR is 1 January 1982.

References	(a) OPNAVINST 1040.11E (b) OPNAVINST 1306.2K (c) DoD Instruction 1332.29 of 3 March 2017 (d) OPNAVINST 1900.4A (e) 10 U.S.C.
-------------------	--

1. **Purpose.** The High Year Tenure (HYT) Program is a vital and effective force management tool to properly size and shape the active duty Navy. This is a total force policy which establishes standardized length of service (LOS) gates by pay grade, balanced with a waiver process that allows Navy to retain the right Sailor. As one of the Navy's key enlisted force management tools, HYT policy facilitates viable career paths and advancement opportunities across all pay grades and LOS spectrums. The standardized HYT gates allow Sailors greater flexibility to stay Navy within a stabilized force. Through this measured process, the Navy enhances quality throughout the continuum of service - between the Active and Reserve Components ((AC) and (RC)). The use of HYT waivers as a force management tool allow Sailors to stay beyond the prescribed LOS gates of their pay grade, providing increased opportunities for career progression while simultaneously retaining talent and experience to complete Navy's mission. Eligibility for an HYT waiver and submission procedures are contained in paragraph 4 below.

a. This article applies to all AC Sailors and Training and Administration of Reserve (TAR) Sailors. Personnel of the Selected Reserve (drill with pay) and Individual Ready Reserve,

encompassing voluntary training unit and active status pool, HYT policy is covered in [MILPERSMAN 1160-135](#).

b. Unless HYT waiver approval is authorized by the responsible offices contained herein, AC and TAR Sailors may only reenlist or extend up to the HYT date for their current pay grade. Sailors who have been selected for advancement may reenlist or extend up to the HYT date of their frocked pay grade.

2. Roles and Responsibilities

a. Office of the Chief of Naval Operations (OPNAV) Director, Military Personnel, Plans, and Policy Division (N13) is responsible for total force management in support of the Deputy Chief of Naval Operations for Personnel, Manpower, and Training (CNO N1), and is the final disposition authority for deviations from this policy.

b. OPNAV Force Shaping, Plans, and Policy Branch (N132) directs enlisted force management policies in support of OPNAV N13 and is the endorsement agent for AC HYT exceptions to policy.

c. Office of the Chief of Naval Reserve (OPNAV N095) is directly responsible for the management of the Reserve force and will coordinate with OPNAV N13 on all plans and policies affecting reserve personnel, to include TAR Sailors.

d. Bureau of Naval Personnel (BUPERS) Division (BUPERS-32) and Selected Reserve & TAR Enlisted Branch (BUPERS-352) are the HYT waiver disposition authorities for all non-nuclear-trained AC and TAR Sailors respectively.

e. OPNAV Nuclear Propulsion Program Management Branch (N133) is the HYT waiver disposition authority for all nuclear-trained AC.

f. Commander, Navy Reserve Forces Command (CNRFC) (N1) is the HYT exception to policy authority for TAR Sailors.

g. Commands will track and manage their members HYT dates by utilizing the Career Information Management Systems (CIMS); conduct career development board 24 months prior to members reaching their HYT as outlined in reference (a), and ensure accuracy of HYT waiver requests.

3. **Maximum Years of Service**. HYT gates are listed by pay grade in the table below. Use the following guidelines when computing AC and TAR Navy service:

a. HYT dates for AC and TAR are based on the Sailor's active duty service date (ADSD).

b. For AC and TAR Sailors in pay grades E-1 through E-4, use only total active duty Navy service to compute HYT dates. See subparagraph 9c(2) for specific guidance regarding HYT date corrections for other service veterans (OSVETS).

c. For AC and TAR Sailors in pay grades E-5 through E-9, use all earned active military service (from any military Service) to compute HYT dates.

d. AC and TAR Sailors who previously accumulated active duty service via annual training, active duty for training, active duty operational support, definite recall, presidential recall, and periods of mobilization must include these periods as part of the total active military service calculation. Inactive duty training or drill periods are not considered active duty and will not be included as part of a Sailor's total active military service calculation.

e. AC and TAR command master chiefs (CMDCM) are eligible to exceed 30 years of service as indicated in the table below, provided they comply with selection criteria outlined in reference (b) for a flag or general officer support assignment and are validated by the CMDCM detailee for eligibility. Members in such roles are eligible to extend their orders for up to 30 days past the end of their flag or general officer's assignment to allow turnover of duties to their successor. Progressive assignment is a primary factor to exceed 30 years of service up to the maximum as noted below.

AC and TAR		
Grade	Years	Remarks
E-1 to E-2	4	May not reenlist or extend unless HYT waiver is granted by BUPERS-32.
E-3	6	
E-4	10	
E-5	16	
E-6	22	
E-7	24	
E-8	26	
E-9	30	
CMDCM	32	CMDCM selected for command duties assignment, less flag/support assignment to complete a 3-year tour of duty.
CMDCM	34	CMDCM/Force Master Chief (FORCM) selected for a 1 or 2-star flag/general officer support assignment to complete a 3-year tour of duty
CMDCM	36	CMDCM/FORCM/ Fleet Master Chiefs (FLTCM) selected for a 3 or 4-star flag/general officer support assignment to complete a 3-year tour of duty.
MCPON	38	CMDCM/FORCM/FLTCM selected to serve as the Master Chief Petty Officer of the Navy (MCPON) to complete a 4-year tour of duty.

4. **HYT Waiver Eligibility**. AC and TAR requests to continue beyond established HYT or LOS gates will be considered on a case-by-case basis. Examples of requests which may be given favorable consideration for AC and TAR include:

a. In support of urgent, immediate operational requirements in a deployed or soon to deploy unit.

b. Ratings or critical skills identified as undermanned.

c. Waivers for obligated service (OBLISERV):

(1) Waivers for OBLISERV apply only to service requirements incurred as a result of formal training. These waiver requests will be considered on an individual basis per paragraph 6 below. OBLISERV stated on permanent change of station orders does not override HYT dates unless an HYT waiver has been approved.

(2) E-3 and E-4 Sailors approved for rating conversion via appropriate class "A" and or "C" Schools will be granted an HYT waiver to coincide with expiration of the training OBLISERV

requirement. Commands must liaise with BUPERS-32 (AC) and BUPERS-352 (TAR) to ensure the revised HYT date is accurately reflected in the enlisted master file (EMF).

(3) E-3 and E-4 Sailors approved for in-rate advanced training ("C" school) will be granted an HYT waiver to coincide with expiration of the training OBLISERV requirement as outlined in subparagraph 4c(1) above.

(4) E-4 Sailors approved for the Selective Training and Reenlistment (STAR) Program, per [MILPERSMAN 1160-100](#), may exceed their HYT as they will advance to E-5 and incur a 4 to 6-year OBLISERV requirement upon completion of required training.

Note: HYT waivers for the STAR Program are for first term Sailors only. HYT waivers will **not** be approved for any second or subsequent reenlistments under this program.

d. AC Sailors who desire to maximize their selective reenlistment bonus (SRB) eligibility must submit and receive approval for the HYT waiver request prior to submitting their SRB precertification request. These requests will be considered on an individual basis. See latest SRB naval administrative message for guidance.

5. **HYT Waiver Ineligibility.** HYT waiver requests must be justified by needs of the Navy. Requests based primarily on factors of personal convenience for the member will not be approved and should not be submitted. Examples of such ineligible waiver requests include, but not limited to the following:

a. To obtain the necessary service to participate for advancement (dates for determining advancement eligibility are contained in paragraph 7 below), or to await examination results.

b. To meet minimum eligibility requirements or to await additional quotas for advancement via advancement programs such as the Meritorious Advancement Program and advance to position program.

c. To commence or continue medical treatment.

d. To allow a member to continue or complete off-duty education courses while on active duty.

e. To permit a more desirable retirement or separation date (e.g., member desires to retire in summer months, etc.).

f. To increase financial entitlements based on length of military service (e.g., involuntary separation pay, education benefit eligibility, Fleet Reserve retainer check, etc.).

6. HYT Waiver Request Procedures

a. HYT Waiver Submission. Requests for AC and TAR HYT waivers must be submitted using [NAVPERS 1306/7](#) Enlisted Personnel Action Request and must arrive at the respective enlisted community managers (BUPERS-32/352 and OPNAV N133) office 10 months prior to their established HYT date. Late, inaccurate, or incomplete requests will not be considered.

b. Waiver Requirements. AC and TAR HYT waiver requests must include the following:

(1) Sailor's full name, rate, current LOS (based on active duty service date), expiration of active OBLISERV, desired length of waiver in months, and command point of contact.

(2) Provide justification to include any pertinent documentation and information. Request should indicate the specific operational unit in which the member is seeking assignment (if applicable).

(3) Commanding officer's (CO) endorsement and signature. Endorsement should identify unit manning and rating deficiencies and the availability of other Sailors to fill billet or unit requirements.

(4) Members who receive an approved waiver must sign the following [NAVPERS 1070/613](#) Administrative Remarks:

(Date): I understand that the high year tenure waiver date-time-group of approval message) is subject to cancellation if I am unable to fulfill the mission for which the waiver was approved. Requests to cancel this waiver will be coordinated with BUPERS-32 for AC, BUPERS-352 for TAR, and OPNAV (N133) for nuclear-trained Sailors via my commanding officer for adjudication. Final disposition of waiver cancellation rests with enlisted community managers in coordination with Navy Personnel Command Enlisted Distribution Division (PERS-40).

(Member's signature)

(Witness signature)

c. **Cancellation of Approved Waivers.** AC and TAR Sailors serving on an approved HYT waiver for a specific assignment, OBLISERV, or program who are no longer able to fulfill the assignment, OBLISERV, or program for which the waiver was approved are subject to having their waiver cancelled. Commands must liaise with BUPERS-32 for AC, BUPERS-352 for TAR, or OPNAV N133 for nuclear-trained Sailors via their CO for disposition of waiver cancellations. If a previously approved waiver is cancelled, AC and TAR Sailors will be separated within 120 days of cancellation. Sailors eligible to transfer to the Fleet Reserve or Retire must transfer to either within 120 days.

d. **HYT Exceptions to Policy (ETP) Requests**

(1) HYT ETP requests will not normally be granted in cases where an HYT waiver was previously denied by the respective enlisted community manager (ECM).

(2) All HYT ETP requests for TAR Sailors must be submitted to CNRFC N1, via BUPERS-352, and include previous HYT waiver request denial documentation as applicable.

7. **HYT and Advancement**

a. Sailors beyond the established HYT date for their present pay grade on the first day of the advancement cycle (per below table) are ineligible for advancement consideration, unless they have received an approved HYT waiver from BUPERS-32 for AC, BUPERS-352 for TAR, or OPNAV N133 (nuclear-trained) Sailors.

ELIGIBILITY FOR ADVANCEMENT	
If AC/TAR competing in below advancement cycle...	Then must be Active Duty on:
E-4/5/6 March exam	1 July same year
E-4/5/6 September exam	1 January following year
E-7 January exam	1 September same year
E-8/9 March/April board	1 July same year

8. **HYT and Involuntary Separation Pay (ISP)**. Sailors who are separated due to HYT gates and are advancement eligible at the time of separation may be eligible for full ISP. References (c), (d), and [MILPERSMAN 1910-050](#) and [MILPERSMAN 1920-020](#) outline ISP definitions, criteria, and policy.

a. To be eligible for any amount of ISP, AC and TAR Sailors must have completed at least 6, but less than 20 years of active service, and must enter into an agreement to serve in the Ready Reserve for a period of not less than 3 years in addition to any other remaining service obligations based on needs of the Navy.

b. To preclude unwarranted ISP recoupment action by Defense Finance and Accounting Service, commands separating members in pay grades E-5 and below for HYT, who are otherwise fully retainable, must enter a reentry code of "RE-6" in block 27 of member's DD 214 Certificate of Release or Discharge from Active Duty.

9. **Special Considerations Regarding HYT**

a. **Limited Duty (LIMDU) Status**. Sailors in a LIMDU status and approaching mandatory HYT retirement, mandatory HYT transfer to the Fleet Reserve, or mandatory HYT separation will only be retained on active duty if actually hospitalized (inpatient), or if their case has been submitted to a physical evaluation board (PEB) for disability determination. Sailors referred to the disability evaluation system may only be separated in accordance with MILPERSMAN 1910-704. Sailors found fit for duty will be separated within 30 days of the PEB's final adjudication.

b. **Reduction in Rate**

(1) Sailors reduced in rate are authorized to complete the current enlistment, only if it expires on or before the HYT gate of the new pay grade.

(a) When the soft expiration of active OBLISERV (i.e., expiration of OBLISERV plus any extensions) exceeds the HYT LOS gate of the reduced pay grade, separation must occur within 180 days from the date of reduction in rate, unless granted an HYT waiver, reinstated, or subsequently advanced. Short-term extensions may be authorized when a member has insufficient OBLISERV remaining to reach the 180 day separation timeline to ensure adequate transition time.

(b) When HYT date is greater than 180 days following reduction in rate, the member will be separated at the HYT LOS gate (if prior to the soft expiration of active OBLISERV) or at soft expiration of active OBLISERV (if prior to his or her HYT LOS gate) if the member is ineligible to reenlist or extend to the HYT LOS gate of the reduced pay grade.

(c) OPNAV N133 will manage nuclear-trained members who are reduced in rate, and will be the disposition authority for HYT separations.

(2) Per reference (e), section 1176, AC and TAR Sailors who have completed 18 years, but less than 20 years of service and are subsequently reduced in rate must be retained on active duty until they are eligible to transfer to the Fleet Reserve, unless they are discharged under other provisions of law.

IMPACT OF AWARDING REDUCTION IN RATE (RIR) ON CONTINUED SERVICE		
HYT LOS Gate	EAOS/EOS Date	Action
Exceeding or within 180 days of HYT LOS gate following RIR	EAOS/EOS is 180 days or more following RIR date	Separate 180 days following RIR
Exceeding or within 180 days of HYT LOS gate following RIR	EAOS/EOS is fewer than 180 days following RIR date	Separate 180 days following RIR (*) * STE authorized
More than 180 days from HYT LOS gate following RIR	EAOS/EOS is equal to or greater than HYT LOS date	Separate at HYT LOS date
More than 180 days from HYT LOS gate following RIR	EAOS/EOS is less than HYT LOS date	Separate at EAOS/EOS, unless eligible to obligate additional service

c. **Procedures to Correct HYT Dates**

(1) If it is determined an HYT date for an AC or TAR Sailor is incorrect, contact BUPERS-32 (AC), BUPERS-352 (TAR), or OPNAV N133 (nuclear-trained) for verification and subsequent correction to the EMF.

(2) AC and TAR HYT gates for OSVETs in pay grades E-4 and below are computed based on total active Navy service only. In order to update the EMF to reflect a corrected HYT date, commands should send the following documents to BUPERS-32 (AC), BUPERS-352 (TAR), or OPNAV N133 (nuclear trained) respectively and include a:

(a) Copy of Sailor's initial enlistment contract and;

(b) Copy of each of the member's DD-214 or a statement of service for computation of LOS for pay purposes reflecting all periods of military service (in any branch of the Military Services).

10. **HYT Program Definitions**

a. **LOS**. The number of years of active duty military service, regardless of branch of Service, computed from ADSD and

(or) pay entry base date (PEBD) to include delay entry served under a qualifying enlistment contract.

b. **HYT**. The maximum number of years an enlisted member may serve in a pay grade E-1 through E-9 and the authorization for CMDCM. Determination for HYT is based on LOS computed from ADSD or PEBD. Standard HYT LOS gates are set forth and listed in the AC and TAR HYT chart listed in paragraph 3 above.

c. **HYT Gate**. The LOS a Sailor may serve in the Navy before reaching HYT status.

d. **HYT Date**. The date a Sailor will reach his or her HYT gate.

e. **HYT Waiver**. The authorization granted by an ECM for an enlisted Sailor to exceed the maximum years of service set forth by this article.

References	(a) OPNAVINST 1306.2K (b) DoD Instruction 1215.13 of 5 May 2015 (c) 10 U.S.C.
-------------------	---

1. Purpose

a. The High Year Tenure (HYT) Program is a vital and effective force shaping tool to properly size and shape the Navy. This policy establishes standardized length of service (LOS) gates by pay grade, balanced with a waiver process that allows the Navy to retain high performing members with needed skill sets in a pay status.

b. This article applies to all members of the Selected Reserve (SELRES); Individual Ready Reserve (IRR), to include the Voluntary Training Unit (VTU) and Active Status Pool (ASP); and Standby Reserve-Active (USNR-S1) Communities within the Navy Reserve. References, within this article, to the United States Navy Reserve (USNR) include SELRES and IRR, encompassing the VTU and ASP, unless otherwise specified. Members of USNR-S1 are referenced separately. For clarification of a member's status as applied in this article, see the following table:

United States Navy Reserve (USNR)		United States Standby Reserve-Active (USNR-S1)	
SELRES	IRR		USNR-S1
Drilling Reserve (in pay status), definite recall, and canvasser recruiters	Voluntary Training Unit (VTU)	ASP	Key Federal employees and hardships
HYT waiver requests from above category are processed by Bureau of Naval Personnel (BUPERS) Reserve Enlisted Community Management Branch (BUPERS-352) SELRES Enlisted Community Manager	LOS requests from above categories will be processed by Navy Personnel Command (NAVPERSCOM) Reserve Enlisted Administration Branch (PERS-913).		

c. SELRES, VTU, ASP, and USNR-S1 members may only reenlist or extend up to the HYT date for their current pay grade unless an HYT or LOS waiver is approved by the responsible office per paragraph 2 below. An HYT and LOS waiver is considered the member's initial request to remain in service past HYT or LOS restrictions. If the waiver is disapproved and (or) the request is outside the approval authority outlined below, then an exception to policy (ETP) will need to be routed. Members who have been selected for advancement may reenlist or extend up to the HYT date of their frocked pay grade.

2. Roles and Responsibilities

a. Office of the Chief of Naval Operations (OPNAV) Chief of Naval Reserve (OPNAV N095). OPNAV N095 is directly responsible for the management of the Reserve force and will coordinate with Office of the Chief of Naval Operations (OPNAV) Military Personnel Plans and Policy Division (OPNAV N13) on all plans and policies that affect Navy Reserve members.

b. Commander, Navy Reserve Forces (CNRF). CNRF is the authority for all SELRES HYT and ETP requests and VTU, ASP, and USNR-S1 LOS ETP requests.

c. Bureau of Naval Personnel (BUPERS) Reserve Enlisted Community Management Branch (BUPERS-352) is:

(1) Serves as the authority for all SELRES HYT waivers.

(2) Is required to review and forward HYT and LOS ETP requests with recommendation to Navy Personnel Command (NAVPERSCOM) Reserve Enlisted Administration Branch (PERS-913) for review and final adjudication by CNRF via Deputy Commander, Navy Reserve Forces (DCNRF).

(3) Required to coordinate with NAVPERSCOM Medical Benefits Division (PERS-95) on HYT waiver requests for members entering into or already in the line of duty (LOD) benefits process.

d. PERS-913

(1) Serves as the final disposition authority for LOS waiver requests for all members of the IRR, to include VTU and ASP, and USNR-S1.

(2) Is required to review and forward LOS ETP requests with recommendation to CNRF for final adjudication.

(3) Upon request of CNRF, review a member's Navy Standard Integrated Personnel System (NSIPS) retirement point record for accuracy and make corrections as necessary.

(4) In coordination with PERS-95 and BUPERS-352, submit ETP request for contractual obligation per MILPERSMAN 1160-050 for members receiving an HYT waiver solely based on their continued medical status.

e. PERS-95

(1) Is the sole authority for extending members on active duty orders beyond their expiration if they are in a medical hold (MEDHOLD) status. Members may be continued on orders until released from MEDHOLD status by PERS-95.

(2) Will validate a member's current LOD benefits (LOD-B) status upon request from BUPERS-352 for an HYT waiver consideration.

f. **Commander, Navy Reserve Forces Command (CNRFC)**. CNRFC will ensure all Navy Reserve activities (NRA) are in full compliance with this article by conducting monthly reviews, annual Command Information Program Reviews (CIPR) and command assessments.

g. **NRA**. NRAs are responsible for local administration of career development programs, including tracking HYT and for carrying out all the following actions:

(1) Track and manage HYT by utilizing the Career Information Management Systems (CIMS).

(2) Not reenlist or extend members beyond the last day of the month of their HYT date unless they have an approved HYT or LOS waiver or have reached 18 total years of qualifying service (TYQS).

(3) Conduct career development boards (CDB) at least 24 months prior to members reaching their HYT date.

(4) Counsel members on their LOS from pay entry base date (PEBD) and review their point records for TYQS.

(5) Must ensure timeliness and accuracy of all HYT and LOS waivers and all HYT and LOS ETP requests as specified in paragraph 7 of this article. Inaccurate or incomplete requests will not be considered.

(6) Must separate all members on the last day of the month of their HYT or LOS date if there is no approved HYT or LOS waiver from BUPERS-352 or PERS-913, as applicable, or approved HYT or LOS ETP.

(7) NRA command career counselors (CCC) will:

(a) Inform training reserve unit identification code (TRUIC) or unit mobilization unit identification code (UMUIC) leadership of all members approaching HYT 24 months prior to their HYT date.

(b) Update CIMS to reflect 24-month CDB was conducted and update the member's manpower availability status code in NSIPS to reflect "AS2" for those within 6 months of HYT.

(c) Counsel members on their career options, to include VTU, IRR, or retirement, if eligible.

Note: Members are responsible for submitting their retirement request per the appropriate MILPERSMAN 1820 series article. Members may coordinate with their CCC for assistance.

3. **Maximum Years of Service**. The following guidelines are used to compute Navy Reserve service:

a. HYT dates and LOS for USNR and USNR-S1 are based on PEBD.

b. SELRES members exceeding HYT limits, listed in the table in subparagraph 3f below, must obtain an HYT waiver to remain in a SELRES status. If no waiver is granted, members must either transfer to the VTU, retire (if eligible), or be separated.

(1) USNR and USNR-S1 members in the pay grades of E-1 through E-3 are not eligible for an HYT waiver.

(2) USNR and USNR-S1 members in the pay grades of E-4 through E-9 may receive an HYT waiver for SELRES, with maximum policy limitations noted in the table in subparagraph 3f.

(3) USNR and USNR-S1 members of any pay grade who exceed HYT limits may not be assigned to the IRR-ASP.

c. USNR and USNR-S1 members in the pay grades of E-4 through E-6 with an approved HYT waiver may remain in the SELRES as approved, unless barred by policy or age restriction.

d. USNR and USNR-S1 members in the pay grades of E-7 and above are authorized to serve in the VTU or USNR-S1 without an LOS waiver until 30 years LOS, unless precluded by other policies or laws (e.g., Senior Enlisted Continuation Board or age restrictions). An LOS ETP is required to serve in SELRES, VTU, or USNR-S1 beyond 30 years LOS. Effective date of retirement must be the first day of the month after the month in which the 30th applicable year is completed.

e. USNR and USNR-S1 members in the pay grade of E-9 who are accepted into and serving in the Command Senior Enlisted Leader (CSEL) Program, per reference (a), or who are selected for a CSEL assignment for a flag or general officer prior to the start of their 30th year of service (YOS), may exceed 30 YOS as

indicated in the table in subparagraph 3f below. Members in such roles may extend their orders for up to 30 days past the end of their flag or general officer's assignment to allow turnover of duties to their successor.

f. The table below lists HYT and LOS gates by the following pay grades:

USNR (SELRES, IRR (VTU and ASP)) and USNR-S1 High Year Tenure and Length of Service Gates		
Pay Grades	Years	Remarks
E-1 to E-2	6	Not eligible for an HYT waiver
E-3	10	Not eligible for an HYT waiver
E-4	14	An approved HYT waiver is required to serve in the SELRES. An approved LOS waiver is required to serve in the VTU or USNR S1 beyond 14 years LOS, not to exceed (NTE) 20 years LOS.
E-5	20	An approved HYT waiver is required to serve in the SELRES. An approved LOS waiver is required to serve in the VTU or USNR S1 beyond 20 years LOS, NTE 30 years LOS.
E-6	22	An approved HYT waiver is required to serve in the SELRES. An approved LOS waiver is required to serve in the VTU or USNR S1 beyond 22 years LOS, NTE 30 years LOS.
E-7	24	An approved HYT waiver is required to serve in the SELRES. An approved LOS waiver is required to serve in the VTU or USNR S1 beyond 24 years LOS, NTE 30 years LOS.
E-8	26	An approved HYT waiver is required to serve in the SELRES. An approved LOS waiver is required to serve in the VTU or USNR S1 beyond 26 years LOS, NTE 30 years LOS.
E-9	30	An approved LOS ETP is required to remain in the VTU or USNR S-1 beyond 30 years LOS NTE 30 TYQS.

CMDCM/CMC/CSEL	32	CMDCM (8CMC/8CSC) or CMC/CSEL selected for a flag or general officer assignment to complete a 3-year tour of duty. Eligible for waiver to serve in SELRES or VTU NTE 32 TYQS or their tour of duty, whichever occurs first.
----------------	----	---

USNR (SELRES, IRR (VTU and ASP)) and USNR-S1 High Year Tenure and Length of Service Gates, Continued		
Pay Grades	Years	Remarks
CMDCM/CMC/ CSEL	34	CMDCM (8CMC/8CSC) or CMC/CSEL selected for a 1-2 Star flag or general officer assignment to complete a 3-year tour of duty. An approved VTU/USNR-S1 waiver is required to remain in the VTU or USNR S-1 beyond 34 years LOS NTE 34 years LOS.
CMDCM/CMC/ CSEL	36	CMDCM (8CMC/8CSC) or CMC/CSEL selected for a 3-star flag or general officer assignment to complete a 3-year tour of duty. Eligible for waiver to serve in SELRES or VTU NTE 36 years LOS.

Note 1: If a SELRES HYT waiver is not approved by BUPERS-352, a new LOS waiver must be submitted to PERS-913 to serve in the VTU or USNR-S1, NTE 30 years LOS. Members are encouraged to include their preference on consideration for non-pay service in the event their SELRES waiver is disapproved. Doing so will simplify waiver application procedures as noted in paragraph 6.

Note 2: An approved LOS ETP is required to remain in the VTU or USNR-S1 beyond 30 years LOS.

Note 3: USNR and USNR-S1 in the pay grades of E-7 to E-9 not serving as a rated command master chief (8CMC/8CSC) must submit an HYT ETP request 12 months prior to 30 years LOS.

4. **HYT and LOS Waiver Eligibility.** USNR and USNR-S1 requests to continue beyond established HYT or LOS gates will be considered on a case-by-case basis. Requests for LOS waivers to the VTU may be considered for qualified USNR and USNR-S1 members with a history of satisfactory participation. Upon receiving an approved HYT or LOS waiver, every anniversary year thereafter must be a qualifying YOS towards retirement.

a. Examples of requests which typically satisfy needs of the Navy consideration are as follows:

(1) In support of urgent or immediate operational requirements in a deployed or soon-to-deploy unit.

(2) Ratings or critical skills identified as undermanned.

b. Waivers for obligated service (OBLISERV):

(1) Waivers for OBLISERV apply only to service requirements incurred as a result of formal training. These waiver requests will be considered on an individual basis per this article. OBLISERV stated in permanent change of station orders does not override HYT dates unless an HYT waiver has been approved.

(2) Members in the pay grade of E-4, with an approved rating conversion via appropriate "A" and (or) "C" schools, will be granted an HYT waiver to coincide with expiration of the training OBLISERV requirement plus two advancement cycles. Commands must liaise with BUPERS-352 to ensure the revised HYT date is accurately reflected in NSIPS.

c. Waivers for continued medical treatment:

(1) Members currently entering or already in the LOD Healthcare or LOD Benefits for Disability Evaluations System LOD-B for (DES) must remain in a paid status until their cases have been resolved. If the members are found fit for duty, then they will be discharged or retired, if eligible.

(2) If members are entering or are in the LOD-B process, they must reference which program they are in on their [NAVPERS 1306/7](#) Electronic Personnel Action Request when requesting an HYT waiver.

(3) Members going through a medical retention review process will be transferred to the VTU.

5. **HYT and LOS Waiver Ineligibility.** HYT and LOS waiver requests must be justified based on the needs of the Navy. Requests based primarily on factors of members' personal convenience will not be approved and should not be submitted. Examples of such ineligible waiver requests include, but are not limited to:

a. Obtain the necessary service to participate for advancement or to await examination results. Dates for determining advancement eligibility are contained in the table in subparagraph 8a.

b. Meet minimum eligibility requirements or await availability of additional advancement quotas via programs such as the Meritorious Advancement Program-Reserve (MAP-R).

c. Allow a member to continue or complete off-duty education courses while on active duty.

d. Permit a more desirable retirement or separation date (e.g., member desires to retire in summer months, etc.).

e. Increase financial entitlements based on LOS (e.g., involuntary separation pay, education benefit eligibility, Fleet Reserve retainer check, etc.).

6. HYT and LOS Waiver Request Process and Procedures

a. HYT waivers must be submitted via [NAVPERS 1306/7](#) to MyNavy Career Center (MNCC), askmncc@navy.mil, 10 months prior to a member's established HYT date.

b. Requests for VTU or USNR-S1 LOS waivers must be submitted to PERS-913 10 months prior to established HYT dates to ensure no break in service. Visit <https://www.mynavyhr.navy.mil/Career-Management/Reserve-Personnel-Mgmt/Enlisted/> for guidance on LOS waiver request submission.

Note: HYT and LOS waiver requests received within 10 months of HYT date will be adjudicated on a case-by-case basis and based solely on the needs of the Navy and rating community health.

c. All HYT and LOS waiver requests must include the following information and documents:

(1) Member's full name, rate, current LOS (based on PEBD and desired length of waiver in months), and command's point of contact.

(2) Justification for waiver request, to include any pertinent documentation and information. If applicable, request should indicate the specific operational unit in which the member is seeking assignment to.

(3) Commanding officer's (CO) endorsement and signature. Endorsement should identify unit manning and rating deficiencies

and the availability of other personnel to fill billet or unit requirements.

Note 1: SELRES endorsement will be the UMUIC or TRUIC CO wherein the member holds a current billet assignment, or wherein the member is requesting a billet assignment if retained. For members in the VTU and members who are in an in-assignment process status, endorsement will be the TRUIC CO.

Note 2: If the member's UMUIC or TRUIC CO is unavailable to sign [NAVPERS 1306/7](#), the executive officer (XO), (CSEL), or NRA CO may endorse the request.

d. If a USNR or USNR-S1 member is disapproved for an HYT waiver and has fulfilled his or her contract, the member may be considered for an LOS waiver to serve in the VTU or USNR-S1. Members are encouraged to include their desire to continue service in a non-pay status in their SELRES HYT waiver request. In the event their SELRES request is denied, the original request will be forwarded from BUPERS-352 to PERS-913 for adjudication.

e. Members who receive an approved waiver will sign the following [NAVPERS 1070 613](#) Administrative Remarks:

(Date): I understand that the HYT/LOS waiver is subject to cancellation if I am unable to fulfill the mission for which the waiver was approved. Requests to cancel this waiver will be coordinated with BUPERS-352 for SELRES members and PERS-913 for VTU, ASP, and USNR-S1 members, via the commanding officer, for adjudication. Final disposition of waiver cancellation will be with Commander, Navy Personnel Command (COMNAVPERSCOM).

(Member's signature)

(Witness signature)

f. USNR and USNR-S1 personnel serving with an approved HYT or LOS waiver for a specific assignment, OBLISERV, or program, and who are no longer able to fulfill the assignment or program for which the waiver was approved, are subject to having their waiver cancelled. Commands must liaise with BUPERS-352 for SELRES members or PERS-913 for VTU and USNR-S1 members via their CO for disposition of waiver cancellations. If a previously approved waiver is cancelled, USNR and USNR-S1 members will be separated within 120 days of cancellation, unless they have adequate time to transfer to the Reserve retirement list.

7. HYT and LOS ETP Request Process and Procedures

a. In cases where an HYT or LOS waiver request was disapproved by BUPERS-352 or PERS-913, an **ETP request will not normally be favorably adjudicated unless there is an extenuating circumstance** where the member is of direct criticality in meeting warfighting and operational capabilities of the Navy.

b. HYT and LOS ETP requests are only considered for personnel who exceed HYT and LOS NTE limits outlined in the table in subparagraph 3f.

c. All HYT and LOS ETP requests for USNR and USNR-S1 personnel will be submitted on behalf of the members by the CO to CNRF no later than 90 days prior to their HYT date via BUPERS-352 for SELRES or PERS-913 for VTU. Appeals for denied waivers are routed directly to CNRF. Requests must include the following form and documents:

- (1) [NAVPERS 1306/7](#);
- (2) NRA, TRUIC, or UMUIC endorsement as outlined in paragraph 6;
- (3) Current statement of service from the member's NSIPS record;
- (4) All evaluations and fitness reports within the past 36 months;
- (5) Previous approved or denied HYT and LOS ETP;
- (6) Previous approved or denied HYT and LOS waivers; and
- (7) Active duty for training, active duty for operational support (ADOS), or mobilization orders (MOB) performed within the last 12 months (if applicable).

d. BUPERS-352 or PERS-913 will forward ETP requests with recommendation to CNRF, via DCNRF, for adjudication.

e. COs are reminded they are not authorized to reenlist or extend personnel without an HYT or LOS ETP approval.

8. **Advancement**

a. SELRES members beyond the established HYT date for their present paygrade on the first day of the advancement cycle per the following table, are ineligible for advancement consideration, unless they have received an approved HYT waiver from BUPERS-352 that runs through the below limiting dates. Those members in the VTU, ASP, and USNR-S1 over LOS are ineligible for advancement.

If Reserve competing in below advancement cycle...	Then must be in SELRES on:
E-5/6 February exam	1 July same year
E-5/6 August exam	1 January following year
E-7 February exam	1 September same year
E-8/9 March board	1 July same year

b. LOS waivers approved by PERS-913 allowing USNR and USNR-S1 members to continue in the VTU beyond the established HYT gates **do not** reinstate advancement eligibility.

9. **Removal From SELRES Status.** SELRES members who reach HYT and do not have an approved SELRES HYT waiver, or are not eligible for a SELRES HYT waiver, must be removed from the SELRES by the end of the month in which the HYT date occurs. The following options apply to all USNR and USNR-S1 members beyond or at HYT without a SELRES HYT waiver:

a. If eligible, a member may request transfer to the Retired Reserve list, with or without pay, per [MILPERSMAN 1820-020](#).

b. VTU and USNR-S1 members must request an LOS waiver from PERS-913. USNR and USNR-S1 members approved for VTU assignment will be subject to the following requirements:

(1) Members must maintain satisfactory participation requirements per reference (b).

(2) Members will not be permitted to return to a SELRES status without receiving an approved HYT waiver from BUPERS-352.

(3) Members will not be permitted to participate for advancement.

(4) The following [NAVPERS 1070/613](#) entry must be made for members who accept VTU assignment:

(Date): I accept assignment to the Voluntary Training Unit (VTU) in a non-pay drill status due to having reached HYT for my pay grade per MILPERSMAN 1160-135. I understand that I must maintain satisfactory participation requirements as outlined in RESPERSMAN 1001-010. I understand that I am not eligible to return to a drill pay status in the future without receiving a SELRES HYT waiver from BUPERS-352. I acknowledge that I am not authorized to participate for advancement in rate.

(Member's Signature)

(Witness Signature)

c. Members either not eligible, or not approved for, retirement or an HYT waiver will be separated effective the last day of the month in which the HYT date occurs.

10. **Restrictions on Active Duty for ADOS and MOB Orders**

a. The following apply to ADOS and definite recall orders:

(1) HYT is not a disqualifying factor for ADOS or recall, members must submit an HYT waiver request to BUPERS-352 prior to executing orders.

(2) Prior to executing orders, SELRES members who will reach their HYT date while on ADOS or temporary recall orders will be transferred to the VTU after the expiration of mobilization orders, unless approved for an HYT waiver.

(3) Members in an HYT status while on ADOS or definite recall are ineligible to participate for advancement in rate, unless they have an approved HYT waiver and are not at HYT for the next higher pay grade.

b. The following apply to mobilized USNR members:

(1) Members who reach their USNR HYT date during a period of mobilization must not be demobilized due to this status.

(2) Upon reaching their HYT date, USNR members on active duty will be transferred to the VTU after the expiration of their orders when checking back in to their NRA. Members reaching HYT may continue on active duty orders, but are not eligible to participate in the advancement exam without an approved SELRES HYT waiver.

11. **Special Considerations Regarding HYT**

a. **Selected for Officer Appointment.** USNR and USNR-S1 members selected for an officer appointment, who are at or beyond their HYT date, are granted an automatic LOS waiver to the VTU while awaiting commissioning, but may seek an HYT waiver to remain in a paid SELRES status per procedures in paragraph 7. These personnel must be transferred to the VTU, unless a SELRES HYT waiver is approved.

b. **Sanctuary Provisions.** Per reference (c), USNR and USNR-S1 members who have completed 18, but less than 20, TYQS towards non-regular retired pay eligibility will be retained in an active status (SELRES or VTU) until they are eligible to transfer to the Retired Reserve, with or without pay, unless discharged under other provisions of law.

c. **Reduction in Rate (RIR)**

(1) USNR and USNR-S1 members RIR are authorized to complete their term of enlistment when their expiration of OBLISERV is before the HYT limiting gate of the new pay grade. If the new HYT limiting gate has already been exceeded at the time the member is reduced in rate, or the HYT limiting gate is less than 180 days, the member must retire (if eligible), or be separated within 180 days from the date of their reduction in rate, unless they are granted an HYT waiver, reinstated, or are subsequently advanced.

(2) USNR and USNR-S1 members who have completed 18 TYQS, but have less than 20 TYQS, and are reduced in rate, must be retained in the VTU until they are eligible to transfer to the Retired Reserve with or without pay, unless discharged under other provisions of law.

(3) The table below is provided as a guide for determining the impact of awarding a reduction in rate on continued service.

IMPACT OF AWARDING REDUCTION IN RATE ON CONTINUED SERVICE		
HYT LOS Gate	End of Active Obligated Service/ Expiration of Obligated Service (EAOS)/EOS) Date	Action
Exceeding or within 180 days of HYT LOS gate following RIR	EAOS/EOS is 180 days or more following RIR date	Separate 180 days following RIR
Exceeding or within 180 days of HYT LOS gate following RIR	EAOS/EOS is fewer than 180 days following RIR date	Separate 180 days following RIR (*) * Short term extension authorized
More than 180 days from HYT LOS gate following RIR	EAOS/EOS is equal to or greater than HYT LOS date	Separate at HYT LOS date
More than 180 days from HYT LOS gate following RIR	EAOS/EOS is less than HYT LOS date	Separate at EAOS/EOS, unless eligible to obligate additional service

d. **Procedures to Correct HYT and LOS Dates**

(1) If it is determined that an HYT or LOS date for a SELRES, IRR (VTU and ASP), or USNR-S1 member is incorrect, contact PERS-913 for verification and subsequent correction to NSIPS.

(2) HYT gates for other service veterans in the pay grades of E-4 and below are computed based on total active and (or) reserve Federal military service. To correct an HYT date in NSIPS, commands must send the following documents and forms to PERS-913 respectively:

(a) Copy of member's initial enlistment contract,
and

(b) Copy of each of the member's DD 214 Certificate of Release or Discharge from Active Duty or [NAVPERS 1810/1](#) Navy

Reserve Retirement Point Capture, reflecting all periods of military service (in any branch).

12. **Definitions**

a. **High Year Tenure (HYT)**. The maximum number of years an enlisted member may serve in the SELRES in a paid status in the pay grades of E-1 through E-9. Determination for HYT is based on the LOS computed from the member's PEBD. Standard HYT gates are set forth and listed in the table in subparagraph 4e.

b. **HYT Date**. The date a member will reach his or her HYT gate contained in subparagraph 3f.

c. **HYT Gate**. The LOS a member may serve in the SELRES before reaching HYT status.

d. **HYT Waiver**. The authorization granted by BUPERS-352 for an enlisted member to exceed the maximum years of service set forth by this article or by current policy.

e. **Length of Service (LOS)**. The number of years of combined active and inactive Federal military service, regardless of branch of service, computed from PEBD. Inactive military service covers all periods of inactive duty (including delayed entry) served under a qualifying enlistment contract.

f. **LOS Waiver**. The authorization granted by PERS-913 for an enlisted member to continue LOS limitations in the VTU, not to exceed 30 years.

g. **PEBD**. The date that denotes how much of a member's service is creditable towards longevity. This date usually remains unchanged. In the case of broken service, the PEBD will be recalculated.

h. **Sanctuary**. Per reference (c), a Reserve enlisted member serving in an active status who is selected to be involuntarily separated, or whose term of enlistment expires and is denied reenlistment (other than a physical disability or for cause), and as of the date on which the member is to be discharged or transferred from active status has between 18 and 20 TYQS, may not be discharged, denied reenlistment, or transferred from an active status without the member's consent.

i. **Total Years of Qualifying Service (TYQS)**. TYQS is used

to verify retirement eligibility. TYQS may be considered as a factor for HYT waiver but does not determine HYT dates. TYQS can be found in a member's statement of service.

MILPERSMAN 1160-140

CAREER WAYPOINTS

Responsible Office	BUPERS-33	Phone:	DSN COM	882-2102 (901) 874-2102
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) BUPERSINST 1900.8E
-------------------	------------------------

1. **General Information.** This article provides policy and execution guidance related to Career Waypoints (C-WAY). Refer to the latest Office of the Chief of Naval Operations (OPNAV) Military Personnel Plans and Policy Division (OPNAV N13) C-WAY quota management business rules located on the C-WAY Web page of the MyNavy HR Web site at:
<https://www.mynavyhr.navy.mil/Career-Management/Career-Counseling/C-WAY/> for specific guidance not included in this article.

2. **C-WAY System Functions**

a. C-WAY is a corporate information technology system used to match qualification data of Navy personnel inventory to Fleet requirements. It serves as a central qualification tool to execute critical missions across the MyNavy HR enterprise. The four primary system functions of C-WAY include:

(1) Qualifying and adjudicating civilians into the Navy as enlisted Sailors,

(2) Controlling enlisted rating entry standards,

(3) Providing Sailor qualifications for MyNavy Assignments (MNA) marketplace to place qualified Sailors into billets, and

(4) Subsequently, executing all distribution and obligated service (OBLISERV) transactions.

b. C-WAY provides a mechanism for enlisted component changes from Active Component (AC) or Training and Administration of Reserve (TAR) to apply for quotas to affiliate with the Reserve Component (RC). C-WAY is also used to apply for a Targeted Reentry Program (TRP) quota.

c. C-WAY will be continually enhanced to link present and future enlisted force management strategies that align policy and execution to meet mission requirements. C-WAY contains career management modules delineated as follows:

(1) C-WAY applies to all Sailors at their expiration of active obligated service (EAOS), as extended, also identified as soft EAOS (SEAOS), who require completion of military service obligation (MSO) or desire to further their Navy career within the Selected Reserve (SELRES);

(2) C-WAY conversion (C-WAY-CONV) applies to RC Sailors desiring to laterally convert rating. Refer to [MILPERSMAN 1440-010](#) for details;

(3) C-WAY transition (C-WAY-TRANS) applies to SELRES Sailors desiring to change from RC to AC (RC2AC) or to TAR. Refer to [MILPERSMAN 1306-1502](#) for details;

(4) C-WAY Professional Apprenticeship Career Track (PACT) (C-WAY-PACT) designation applies to unrated Sailors desiring to become rated. Refer to [MILPERSMAN 1306-611](#) for details;

(5) C-WAY reclassification applies to Sailors who fail to complete initial skills training and are eligible to be reclassified from Recruit Training Command and class "A" School training. Refer to [MILPERSMAN 1236-020](#) for details.

d. In conjunction with this article, the C-WAY User Guide provides detailed procedural information on the execution of C-WAY. The C-WAY User Guide will be updated on a regular basis and is located on the C-WAY Web page of the MyNavy HR Web site at: <https://www.mynavyhr.navy.mil/Career-Management/Career-Counseling/C-WAY/>.

e. Counselors will qualify all enlisted Sailors in C-WAY by using the [NAVPERS 1040/4 Career Waypoints Application](#) upon reporting to the command.

3. C-WAY Guidance

a. Within the system's "Sailor Browser," command career counselors (CCCs) can view, edit, or modify a Sailor's qualification data, commanding officer's (CO) recommendations, OBLISERV intentions, and various qualification data within the "Sailor Details" page.

b. To apply for MNA OBLISERV reenlistment authorizations, all enlisted Sailors in pay grades E1-E9 must be recommended for retention per [MILPERSMAN 1160-030](#) and be fully qualified in C-WAY to reenlist. Failure to qualify or update Sailors' retention recommendation will result in their inability to fulfill MNA OBLISERV requirements and or participate in MNA selection cycles.

Note: C-WAY qualification does not override or waive reenlistment eligibility requirements established in [MILPERSMAN 1160-030](#), nor does it override or waive rating eligibility per [MILPERSMAN 1306-618](#).

c. Sailors who intend to separate must have their intentions identified in C-WAY via the "Sailor Intends to Separate" portion of the "Sailor Details" page.

d. All eligibility requirements and data must be filled out within the "Sailors Details" page and updated whenever there is a change. Sailors who are not eligible for retention or reenlistment should refer to [MILPERSMAN 1160-030](#) to comply with eligibility requirements.

Note: Per reference (a), commands should ensure Sailors verify assignment of appropriate separation and reentry codes upon discharge from AC to meet affiliation and reenlistment eligibility requirements into the SELRES.

e. TRP quotas can be applied for via the "AC/TAR Reenlistment" browser. To be considered, Sailors must be:

(1) In pay grades E-4 through E-6;

(2) Have completed their initial active duty service requirement, but not have reached 14 years of active duty service;

- (3) Be within 16 through 4 months of their SEAOS; and
- (4) Be recommended by their CO.

f. SELRES quotas are for AC or TAR Sailors desiring or required (4-2-2 Sailors) to affiliate with the SELRES upon completion of their required active service. Sailors can apply for in-rate opportunities or to convert to another SELRES rating. Sailors falling under the current MSO (4-2-2) policy will be marked in C-WAY, and have SELRES applications auto-generated in C-WAY once in their SELRES window, which must be submitted per 4-2-2 policy. Applications for non-4-2-2 Sailors will be created via the "Sailor Details" page in the "Sailor Bowser."

Note: To affiliate as a SELRES through the Reserve Processing and Affiliation Center (RPAC) and C-WAY, Sailors must submit a SELRES application between 10 months to 90 days prior to their SEAOS. Non-4-2-2 Sailors who do not receive quotas within this timeline, and still desire to affiliate with the SELRES, need to submit a [NAVPERS 1306/7 Electronic Personnel Action Request](#) to MNCC Human Resources Service Center, requesting a SELRES quota from the Bureau of Naval Personnel (BUPERS) Reserve Community Management Division (BUPERS-35) SELRES and TAR Enlisted Community Manager (ECM) (BUPERS-352) for the requested rating. For details on SELRES affiliation through RPAC refer to [MILPERSMAN 1306-1501](#).

4. Responsibilities

a. OPNAV N13 is responsible for approval of enlisted force management policy in support of the Deputy Chief of Naval Operations for Personnel, Manpower, and Training (CNO N1). As such, OPNAV N13 is the approving authority for C-WAY policy, quota management plans and business rules, and "rack and stack" results.

b. OPNAV Enlisted Force Shaping Plans and Policies Branch (OPNAV N132) is responsible for developing enlisted force management policy in support of CNO N1. As such, OPNAV N132 is responsible for C-WAY policy development and execution oversight. Additionally, OPNAV N132 will coordinate with the BUPERS Military Community Management Department (BUPERS-3) to establish a C-WAY quota management plan and business rules, as required.

c. BUPERS-35, in coordination with OPNAV N132, must manage individual rating quota plans and adjudicate all C-WAY SELRES applications as directed by OPNAV N13 and delineated by BUPERS-3.

d. OPNAV Nuclear Program Manager (OPNAV N133), in coordination with OPNAV N13 and BUPERS Enlisted Community Management Division (BUPERS-32), serves as the C-WAY manager for nuclear-trained personnel.

e. Immediate superior in command (ISIC) CCCs will monitor C-WAY via "ISIC level" access to ensure subordinate commands are complying with all C-WAY related policies. Designated representatives can gain C-WAY System access by submitting [DD Form 2875 System Authorization Access Request \(SAAR\)](#) to career.waypoints@navy.mil.

f. COs and officers-in-charge, hereinafter referred to as commanders, are responsible for the completeness and accuracy of all C-WAY applications. Commanders must ensure their command personnel understand and comply with all C-WAY related policies. Failure to submit, administrative error(s), and or inaccurate applications will **not** result in an extension of a Sailors' C-WAY window. Additionally, commanders must:

(1) Ensure their CCC and or designated representatives obtain C-WAY System access;

(2) Ensure applications for Sailors under their cognizance who are required to use C-WAY, to include those concurrently assigned elsewhere (e.g., individual augmentee, temporary additional duty (TAD)), are submitted in C-WAY. Command personnel must update "Sailor Details" for Sailors who intend to separate or are not retention eligible to ensure they are accounted for and are issued a separation quota (i.e., submit "intends to separate" or "not eligible" applications) (as appropriate);

(3) Validate all Sailor C-WAY application data, including Sailors' recommendation status, intentions, and qualification details for chosen conversion ratings;

(4) Review and update C-WAY SELRES and TRP applications (including application notes) each month. This action will change C-WAY applications from the "saved-action required" to the "submitted" status. Commands are required to update

applications to reflect changes to Sailors' C-WAY eligibility status or desired rating SELRES conversion choices;

(5) Certify all applications are accurate by selecting the block that states "I have validated all of the information in this section and certify the commanding officer still recommends and the Sailor concurs with this application";

(6) Designate representatives to submit C-WAY TRP or SELRES applications for all subordinate unit identification codes (UIC) or designate a representative for each subordinate UIC;

(7) Commands and or ISICs may submit C-WAY TRP and SELRES applications for each UIC under their authority. Commands unable to submit applications (as described in subparagraphs 4f through 4f(6)) are required to contact their ISIC prior to contacting the C-WAY help desk for assistance.

(8) Submit applications by the application deadline. The deadline for submission of applications for eligible Sailors is 2359 central standard time (CST) on the last calendar day of each month;

g. Individual Sailors are ultimately responsible for their careers. Being unaware of Navy policies or application status will not justify additional reviews or extension of their C-WAY opportunities. Sailors:

(1) Must engage their chain of command and CCC prior to entering any C-WAY window. Sailors should fully explore SELRES potential, in-rate, and conversion opportunities when thinking of separating from active duty and use their most recent career development board as a guide in making their career decisions;

(2) Must ensure, with the assistance of their CCC, all required C-WAY applications submitted on their behalf are accurate, submitted on time, and indicate their intentions. If necessary, and to ensure application accuracy, utilize the C-WAY Sailor Self-Service Account to verify submission and status of any application submissions discussed with their CCC.

Note: Sailors who take the Armed Forces Classification Test and improve their scores may expand their lateral conversion opportunities.

(3) Should seek immediate assistance from their chain of command and CCC to answer their C-WAY questions.

5. Application Processing

a. BUPERS-35 will review SELRES applications for completeness and accuracy. Incomplete or erroneous applications will be invalidated. BUPERS-35 will assign one of the following status codes during the "rack and stack" process:

(1) Approved (SELRES). Sailor is approved for an in-rate quota and may reenlist (if eligible) per [MILPERSMAN 1160-030](#).

Note: Sailors applying for SELRES who require "A" School to qualify for the new rating must apply through C-WAY RPAC per [MILPERSMAN 1133-061](#).

(2) Approved-Pending (SELRES). Sailor does not have permission to reenlist; however, he or she has met initial screening for in-rate or lateral conversion and the gaining BUPERS-352 ECM requires additional information before making a final determination (e.g., security clearance, physical examination, etc.). **Sailors who fail to contact the gaining BUPERS-352 ECM the month following release of results, or fail to complete additional requirements within 45 days, will have their application changed to "denied" (e.g., February application results released in March, BUPERS-352 ECM contact must occur no later than 15 APR and requirements completed no later than 30 APR).** Sailors subsequently found ineligible will have their C-WAY applications denied; Sailors still in the C-WAY application window may apply for their remaining looks.

(3) Denied (SELRES). Sailor was not selected for any of his or her requested application choices, but still has additional SELRES looks remaining.

(4) Denied Final-SELRES (SELRES). Sailor was not selected for any application choices, is within 3 months of SEAOS, and does not have any additional SELRES reviews remaining. Sailors desiring to affiliate with the SELRES may contact a Navy recruiter.

6. Results

a. Upon completion of the "rack and stack" process, BUPERS-352 ECM adjudication process, and final approval (normally the second or third week of each month), the C-WAY results from the previous month's applications will be released via the C-WAY System and found under the "reports" section. Commands and ISICs may access the results via the "Command C-WAY Personnel" report. Final adjudication letters may be found in the "Command C-WAY Summary" report.

b. C-WAY-SELRES applicants with final adjudication will have their results uploaded into the Navy Enlisted System (NES) and Enlisted Assignment Information System (EAIS). [MNA](#) and the Personnel Online Listing (POLL) (commonly referred to as LOPG) also receive C-WAY status codes. Commands experiencing any C-WAY status code conflicts between the aforementioned systems must contact the C-WAY help desk for assistance. The C-WAY status codes in LOPG are:

- (1) AIR - Active in-rate approval
- (2) ACV - Active conversion approval
- (3) DFI - Denied final in-rate
- (4) FSP - Denied final, forced separation
- (5) VSP - Denied final, voluntary separation
- (6) ESP - Denied final, ineligible separation
- (7) ITS - No final status, intends to separate
- (8) IEG - No final status, currently ineligible
- (9) RQR - No final status - requested SELRES

c. Commanders are **not authorized** to reenlist those Sailors who are "approved-pending."

MILPERSMAN 1200-010

SUBMARINE PATROL INSIGNIA QUALIFICATIONS

Responsible Office	OPNAV (N978)	Phone:	(571) 256-8433
--------------------	--------------	--------	----------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil
----------------------	---	--

1. Types of Submarine Patrol Insignias

a. There are two types of submarine patrol insignias awarded to members, Submarine Combat and ballistic missile submarine (nuclear-powered) (SSBN) Deterrent. The awarding of each insignia is based on the completion of a successful patrol as defined below.

b. The determination of whether a patrol is successful is made by the type or task force commander under whose command the submarine operated.

2. Submarine Combat Patrol Insignia

a. Authorization for the **Submarine Combat Patrol insignia** is given to members regularly assigned to submarine duty on or after 7 December 1941, who completed one or more wartime combat patrols designated as successful for the following reasons:

(1) the submarine sank or assisted in sinking at least one enemy vessel, or

(2) the submarine accomplished a combat mission of comparable importance.

b. The insignia represents completion of one successful patrol.

(1) A **gold star** mounted on the insignia indicates an additional successful patrol.

(2) A **silver star** mounted on the insignia indicates a total of five successful patrols.

NOTE: This insignia may be awarded to personnel prior to qualification in submarines in time of war.

3. **SSBN Deterrent Patrol Insignia**

a. Authorization for the **SSBN Deterrent Patrol insignia** is given to members regularly assigned to submarine duty and who completed one or more SSBN deterrent patrols.

b. The insignia represents completion of one successful patrol.

(1) A **gold star** mounted on the insignia indicates an additional successful patrol.

(2) A **silver star** mounted on the insignia indicates a total of five successful patrols.

NOTE: This insignia may be awarded to personnel prior to qualification in submarines.

4. **Service Record Entry.** A service record entry is made for each member upon authorization to wear these insignias. Additional entries will be made for each succeeding successful patrol.

5. **Wearing Both Insignias.** Personnel eligible for the Submarine Combat Patrol insignia and the SSBN Deterrent Patrol insignia may wear only one at a time, according to their personal desires.

MILPERSMAN 1200-020

DEEP SUBMERGENCE INSIGNIA QUALIFICATIONS

Responsible Office	OPNAV (N978)	Phone:	(571) 256-8433

----------------------	---	--

-
1. **Policy.** Squadron commanders authorize individual naval members to wear the Deep Submergence insignia.
 2. **Qualification.** Members who successfully complete a year of regular assignment to a manned or unmanned deep submersible, including USS DOLPHIN and NR-1, or to a supporting deep submergence detachment.
 3. **Wearing other Insignias.** Personnel eligible to wear other insignias, such as the Submarine Combat Patrol or Ballistic Missile Submarine (nuclear-powered) (SSBN) Deterrent Patrol, may only wear one insignia at a time according to their personal desire.
 4. **Service Record Entry.** An appropriate entry must be made in the service record of each member upon authorization to wear this insignia.

-------------------	---

1. Qualifications as a Result of Service in the Republic of Vietnam Under Combat

a. Office of the Chief of Naval Operations (OPNAV), Surface Warfare Division (N96) authorized the small craft insignia for junior officers and senior petty officers who served as officers in charge (OIC) of riverine or coastal craft, under combat conditions, in the Republic of Vietnam.

b. Personnel who served for a minimum of 6 months as OIC, patrol officers (commissioned or enlisted), river section leaders, boat officers, or petty officers in charge (POIC) of the following craft are eligible to wear the insignia:

Patrol Boat River (PBR)
Patrol Boat Fast (PCF)
Strike Assault Boats (STAB)
Sea-Air-Land (SEAL) Support Craft: (Heavy SEAL Support Craft (HSSC), Medium SEAL Support Craft (MSSC), Light SEAL Support Craft (LSSC))
Minesweeping Craft
Harbor Defense Craft
Logistic Support Craft (Landing Craft, Utility (LCU); Landing Craft, Mechanized (LCM); Harbor Utility Craft (YFU))
River Assault Craft

c. U.S. Navy personnel who served as advisors to personnel in the Vietnamese Navy in an "in-charge" position and officers and enlisted Service members whose units were turned over to the Vietnamese Navy before they had acquired the requisite 6 months eligibility, as stated above, are authorized to wear the

insignia, provided the total operational time and advisory time on the craft equal 6 or more months.

2. **Eligible Units.** Those personnel who meet the criteria described above, and who served with the following units, were established as being authorized to wear the small craft insignia:

River Assault Flotilla (RIVFLOT) ONE: (River Assault Squadrons (RAS) 9, 11, 13, 15)
Coastal Squadron (COSRON) ONE
River Patrol Flotilla (RIVPATFLOT) FIVE
Naval Special Warfare Group, Vietnam
Mine Division (MIDIV) 112 and 113
Naval Support Activity (NSA) Danang and NSA Saigon
Inshore Undersea Warfare Group One
Naval Advisory Group, Republic of Vietnam (RVN)

3. **Eligibility Requirements Established after 1 October 1984.** Members who served in an OIC or POIC billet for a minimum of 6 months and have completed the appropriate personnel qualification standard in one of the following platforms or units are authorized by the Chief of Naval Operations to wear the small craft insignia:

a. **Eligible Platforms:**

Logistical Support Craft (LCU, LCM, Maritime Prepositioning Force Utility Boat (MPFUB))
Seaborne Powered Target Craft (SEPTAR) (QST-33/35)
MKV Special Operations Craft (SOC)
Patrol Boat (PB, Patrol Bomber (PBM), Patrol Boat Riverine (PBR), Patrol Craft Inshore (PCF))
Strike Assault Boat (STAB)
Special Warfare Craft (SWCL)
Armored Troop Carrier (ATC)
Surface Effect Craft (Hydrofoil Research Ship (AGEH); Landing Craft, Air Cushion (LCAC); Patrol Craft Hydrofoil (PCH), Patrol Tugboat Hydrofoil (PGH), Surface Effect Ship (SES))
High Speed Boat (HSB)
Rigid Hull Inflatable Boat (RHIB) permanently assigned to support SEAL team operations or Helicopter Mine Countermeasures squadrons or high speed maneuverable seaborne target (HSMST) operations
Small Waterplane Area Twin Hull (SWATH) (MHS-1) assigned to support EOD Mobile Units
Inshore Boat Unit Patrol Boat (IBU PB) and Inshore Boat Unit Patrol Rib (IBU PR)
Modified Glacier Bay Catamaran submarine escorts and Rigid Hull Inflatable Boat (RHIB) submarine escorts

Special Operation Craft-Riverine (SOC-R) permanently assigned to support SEAL team operations
Harbor Security (HS) Rigid Hull Inflatable Boats (RHIB)
Naval Boat Police HS Boats attached to Naval Region Southwest

b. **Eligible Units:**

Naval Coastal Warfare Groups (NCWG)
Naval Coastal Warfare Squadrons (NCWS)
NCW Mobile Inshore Undersea Warfare (MIUW) Units
Inshore Boat Units (IBU)
Harbor Defense Command Units (HDCU)
Mobile Security Squadrons (MSS) and Detachments
Riverine Groups and Squadrons
Assault Craft Units (ACU)

c. Personnel who qualified prior to 1 July 1992 while assigned to a yard patrol or craft of opportunity trainer craft are authorized to continue to wear the insignia.

NOTE: All "grandfather" periods for previous qualification have expired. No further "grandfather" qualification requests will be considered.

4. **Wearing Small Craft Insignia.** The small craft insignia will be worn as authorized in reference (a).

MILPERSMAN 1200-040

CRAFTMASTER INSIGNIA

Responsible Office	OPNAV (N96)	Phone:	DSN COM	227-7469 (703) 697-7469
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations
-------------------	---

1. **Craftmaster Insignia.** The craftmaster insignia recognizes Service members who serve as officer in charge (OIC), petty officer in charge (POIC), or boat captain of independently operating non-combatant craft. Qualification and eligibility criteria for authorization to wear the craftmaster insignia is defined below.

2. **Qualifications and Eligibility Requirements for Active Duty Personnel**

a. Enlisted personnel holding one of the following Navy enlisted classification (NEC) codes are authorized to wear the craftmaster insignia:

W07A Tugmaster
800A Landing Craft Air Cushion Operator
W14A Harbor/Docking Pilot
701C Landing Craft Utility Craftmaster

b. Officers who have served as OIC of yard auxiliary, general (YAG) craft since 1 October 1984.

c. Members who serve as OIC, POIC, or boat captain for a minimum of 6 months and completed an appropriate command-generated job requirements standards (JRS) program in one of the following craft are eligible to wear the craftmaster insignia:

DLR
YAG
YFB
YFRT

YFU
YO
YOG
YTB
YTL
YTM
YW
MSB
TR
TWR
YTT
WT
CSP
65' EODSC
Salvage Craft
YP
CT
Landing Craft Utility (LCU)
Sail Training Craft (over 40 feet in length), or
Motorized Training Craft (over 100 feet in length)
Sea Mule Pusher Boat
Ceremonial Barge Chesapeake (63' Burger)
U.S. Pacific Fleet (PACFLT) Ceremonial Barge (78' Burger)
Defense Attaché Service Motor Yachts

3. **Eligibility Requirements Established Since 1 July 1992.** The Chief of Naval Operations has authorized members who served in an OIC or POIC billet for a minimum of 6 months and have completed an appropriate command-generated JRS program since 1 July 1992 in one of the platforms below to wear the craftmaster insignia:

Yard Patrol (YP)
Craft of Opportunity (COOP) Trainer (CT)
Large Sail Training Craft (over 40 feet in length)
Large Motorized Training Craft (over 100 feet in length)

4. **Expiration of Retroactive Qualification Request for Craftmaster Designation.** The time frame for submitting requests for retroactive craftmaster qualification has expired; requests must have been submitted by 1 July 1993.

5. **Wearing of the Craftmaster Insignia.** The craftmaster insignia will be worn as prescribed in reference (a).

			COM	(703) 695-2444
			FAX	225-9915

References	(a) OPNAVINST 1223.1B
------------	-----------------------

1. Administration and Technical Control

a. Deputy Chief of Naval Operations (DCNO), Manpower and Personnel (OPNAV (N1)) is the principal advisor to Chief of Naval Operations (CNO) on manpower and personnel policy matters in consonance with the programming and appraisal of Navy's total force programs.

b. DCNO, Navy Selection and Classification Office (OPNAV (N132G)) provides oversight for the enlisted classification policy and program. OPNAV (N132G) is responsible for development, evaluation, and improvement of methods, techniques, and procedures for administration of the enlisted personnel classification program.

2. Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-00C2). BUPERS-00C2 exercises operational control of the enlisted classification process during the Navy enlisted accession supply chain by directives and guidelines to all post-accession Enlisted Classification Units.

3. Enlisted Classification Units

a. Enlisted Classification Units are established within Personnel Support Activity Detachments (PERSUPPDETs) that support Navy Recruit Training Command (NAVCRUITRACOM) and training sites to ensure recruits and students requiring reclassification are appropriately counseled and reclassified per reference (a) to best match the Sailor's aptitudes to Navy needs and in the new career path.

b. Enlisted Classification Units at NAVCRUITRACOM test, interview, and counsel recruits for Class "A" Service Schools

and for general apprenticeships. Enlisted classifiers appraise and counsel each recruit concerning Navy career opportunities in relation to their own potential, and recommend them for school and apprenticeships per established selection criteria.

c. Enlisted Classification Units review classification data and when necessary test, interview, and counsel all transient personnel.

(1) All transients available for further assignment are screened for eligibility for Class "A" and "C" Service Schools and, if qualified, are recommended by the Enlisted Classification Unit.

(2) Report all reclassification actions to BUPERS-00C2.

4. **Training Commands**

a. Training commands are responsible for

(1) conducting Academic Review Boards for students.

(2) referring students dropped from training and recommended for further service to the Enlisted Classification Unit at the supporting PERSUPPDET.

b. Training commands are further responsible for reporting all enrollees and graduates of formal training courses electronically to the Corporate Enterprise Training Activity Resource System (CeTARS). This ensures recording of course completion and recommendation to award Navy Enlisted Classifications (NECs) in the Manpower, Personnel, and Training Information System (MAPTIS).

NUCLEAR WEAPONS SECURITY (NWS) INSIGNIA

Responsible Office	SSP (SP31)	Phone:	DSN COM FAX	288-7747 (202) 433-7747 (202) 433-5387
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) NAVPERS 15665J, U.S. Navy Uniform Regulations (b) SECNAVINST 5510.35D
-------------------	--

1. **Policy.** Officer and enlisted Service members meeting eligibility requirements are authorized to wear the nuclear weapons security (NWS) qualification insignia prescribed per reference (a). To be eligible, Service members must be:

a. Permanently assigned to Strategic Weapons Facility (SWF), Atlantic or Strategic Weapons Facility, Pacific and perform duties directly contributing to the security and safety of naval nuclear weapons;

b. Assigned a mission associated with a Marine Corps security force battalion at an SWF;

c. Personal Reliability Program (PRP)-certified and remain eligible for a period of 12 months (temporary decertification due to non-disciplinary issues should not be held against the Service member); and

d. Qualified in the senior post or watch station consistent with their current pay grade and duties assigned.

2. **Authorization to Wear NWS Insignia**

a. Authorization to wear the NWS insignia will continue as long as the Service member maintains eligibility for the PRP per reference (b) or is administratively transferred from the SWF Program for reasons that are not disqualifying or decertifying (e.g., permanent change of station or retirement from active duty).

b. In cases where eligibility for the PRP is removed for disciplinary action and or the Service member's inability to meet all PRP suitability factors per reference (b), continued authorization to wear the insignia is prohibited and the NWS designator must be removed.

c. In cases where eligibility for PRP is removed as a result of a physical or mental health disqualification, Service members are authorized to wear or continue to wear the insignia and retain the NWS designator, if recommended by their commanding officer and favorably endorsed by Strategic Systems Programs Command, Washington DC.

3. **NWS Insignia.** The insignia represents completion of 12 months of fully-qualified service to the NWS mission.

a. Enlisted Service members will wear a silver NWS insignia and officers will wear a gold NWS insignia. Enlisted Service members who are subsequently commissioned are required to successfully complete officer qualifications consistent with their rank and duties assigned before being eligible to wear the gold NWS insignia. The NWS insignia is classified as a qualification insignia and does not take precedence over earned warfare insignias when worn.

b. A gold star mounted on the insignia indicates an additional year of qualified service to the NWS mission.

c. A silver star mounted on the insignia indicates 5 years of fully qualified service to the NWS mission.

4. **Award of NWS Insignia.** Upon completion of the eligibility requirements for the NWS insignia, the following (permanent) [NAVPERS 1070/613](#) Administrative Remarks service record entry must be made:

"(Date). (Service member's name) has demonstrated expertise in the area of nuclear weapons security (NWS), having completed all requirements for the NWS insignia, and is authorized to wear the NWS insignia."

5. **Removal of NWS Insignia.** For personnel who have their PRP eligibility removed, the following (permanent) [NAVPERS 1070/613](#) service record entry must be made:

"(Date). Disqualified for nuclear weapons security (NWS) duties by reason of (state reason). (Service member's name) is not recommended for return to duties involving NWS."

			COM	(901) 874-3353
			FAX	(901) 874-2063

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
------------------------------------	--------	-----------	-----------------

Reference(s)	(a) NAVMED P-117, Manual of the Medical Department, chapter 15 (b) NAVPERS 15665I, U.S. Navy Uniform Regulations
---------------------	---

1. **Policy.** Commissioned line officers in the Navy, Marine Corps, or Coast Guard who have successfully completed the course of instruction as naval aviator or naval flight officer (by assigned competent authority) may be designated by Chief of Naval Personnel (CHNAVPERS) or Chief of Naval Air Training (CNATRA) as a naval aviator or naval flight officer, respectively.

2. **Procedures for Initial Issuance of Designation**

a. Training commands (training wings and or training squadrons) authorized by CNATRA to issue designations to newly graduated naval aviators and naval flight officers must, after issuing a letter of designation to a Service Member, submit an individually scanned electronic copy of the letter to Navy Personnel Command (NAVPERSCOM), AOCM/ACCP/ACIP Program Manager (PERS-435) by E-mail to acipandaccp@navy.mil. NAVPERSCOM (PERS-435) may be contacted by phone at: Commercial (901) 874-3484 or -3947; DSN 882. Individual training wings should determine for themselves whether E-mail submissions will be made at the squadron level or at the wing level. Upon receipt, NAVPERSCOM (PERS-435) must use the designation letter to:

(1) Convert the Service Member's designator from student aviator (139X)/student flight officer (137X) to naval aviator (131X)/naval flight officer (132X).

(2) Assign the Service Member active duty service obligation incurred for undergraduate flight training.

b. Upon completion of these two steps, NAVPERSCOM (PERS-435) must deliver copies of all designation letters to NAVPERSCOM, Records Management Policy Branch (PERS-313) for upload into the Service Member's official military personnel file.

3. Revocation

a. Right to wear aviation insignia may be revoked by CHNAVPERS, Commandant of the Marine Corps, or Commandant of the Coast Guard upon the recommendation of the naval aviation evaluation board.

b. Revocation can be rescinded by original revoking authority listed above upon recommendation of board convened to review individual case.

4. Reasons for Revocation. The following are reasons for the revocation of aviation insignia:

- a. Lack of motivation for flying.
- b. Unfit for flight duties, which may not be limited to the following:
 - (1) Refusal to fly;
 - (2) Malingering;
 - (3) Culpable negligence in flight duties;
 - (4) Breach of flight regulations or discipline; or
 - (5) Lack of aeronautical ability.

5. Medical Standards

a. Chief, Bureau of Medicine and Surgery (BUMED) establishes physical standards for aviation personnel.

b. Naval aviators must be assigned one of three service groups: I, II, or III. These groups are stipulated in reference (a).

6. **Failure to Meet Physical Standards**

a. Failure to meet physical requirements are documented with SF 88 Medical Record - Report of Medical Examination and forwarded to BUMED. BUMED will forward this report with a recommendation as to the case disposition to CHNAVPERS. The following are disposition options:

(1) Continue unrestricted flight status in present service group subject to CHNAVPERS waiver of defects.

(2) Restrict to flight duties of lessened tempo commensurate with temporary physical condition (recuperation from injuries or illness).

(3) Remove from flight status.

b. The following are options specifically with regard to naval aviators:

(1) Restrict to flight duties of next lower service group.

(2) Restrict to flight duties of service group III, requiring a co-pilot qualified in service group I or II.

(3) If assigned to service group III because of temporary physical defect, an aviator must be retained in group III for 6 months and be re-examined. If disability warrants additional recuperation, an additional 6 months may be assigned prior to final classification as group III.

(4) A service group III aviator may be temporarily assigned to group II as the needs of the Service requires. CHNAVPERS will authorize the final redesignation to group III.

7. **Removal from Flight Status**

a. If conditions warrant removal from flight status, resulting in change of designator or revoking of flight authority, a formal board of medical officers will evaluate physical disqualifications.

b. CHNAVPERS will decide if member must be retained within or assigned to duty outside aeronautical organization.

8. **Local Board.** Local board of flight surgeons may be convened by cognizant aviation commander or higher command, per BUMED procedures, to evaluate impairment of physical condition or aeronautical adaptability which affects performance of duties associated with flight status.

- a. Board will submit report to BUMED.
- b. BUMED will make recommendations to CHNAVPERS.
- c. Board decision is final until review by CHNAVPERS.

9. **Right to Appeal.** If a member desires to appeal physical disposition, CHNAVPERS must convene a formal five-member board (at least three of whom must be senior flight surgeons, and the other members will be aviation medical examiners).

- a. Board decisions are final.
- b. Appellants may appear before the board.
- c. Temporary additional duty orders authorizing Government air travel may be issued at no additional cost to the Government.

	(b) NAVPERS 15665I, U.S. Navy Uniform Regulations

1. **Policy**. Officers meeting the qualifications for **Naval Astronaut (Pilot)** or **Naval Astronaut (Specialist)** may be designated by Chief of Naval Operations (CNO) and/or Commandant of the Marine Corps (CMC), as appropriate.

2. **Qualifications**. Naval Astronaut qualifications for Pilots and Specialists are:

a. Naval and Marine officers trained, qualified, and certified to

- fly (pilots) a powered vehicle designed for flight above 50 miles from the earth's surface, and/or
- serve as a mission specialist on a powered vehicle designed for flight above 50 miles from the earth's surface

as defined by CNO (see reference (a)) and/or CMC, as appropriate.

b. Have completed a minimum of one flight as a pilot or mission specialist on an extraterrestrial vehicle in a flight above 50 miles from the earth's surface.

3. **Insignia**. Designation specified above carries the authorization to wear the

- Naval Astronaut insignia (Pilot), or
- Naval Astronaut (Navy Flight Officer (NFO)) insignia (Specialist)

prescribed in reference (b) and/or by the CMC.

FLIGHT SURGEON

Responsible Office	OPNAV (N13)	Phone:	DSN COM	664-5081 (703) 604-5081
---------------------------	----------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

Reference	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations
------------------	---

1. **Policy.** The Chief of Naval Personnel (CHNAVPERS) designates qualified medical officers as naval flight surgeons. This authority may be delegated to Commanding Officer, Naval Aerospace Medicine Institute (NAMI), Pensacola, FL. Upon designation, flight surgeons are authorized to wear the appropriate insignia as prescribed in reference (a), chapter 5, section 2, article 5201.2, unless specifically revoked by CHNAVPERS.

2. **Qualifications.** Successful completion of the approved course of instruction for naval flight surgeons at the NAMI include:

a. Successful completion of the aviation preflight indoctrination at Naval Aviation Schools Command.

b. Successful completion of the flight curriculum prescribed by Chief of Naval Aviation Training (CNATRA) for flight surgeons. This requirement may be waived upon request for medical officers previously designated as naval aviators, naval flight officers, or those previously designated as aviators by another military or federal agency (e.g., Army, National Aeronautics and Space Administration (NASA), Federal Aviation Administration (FAA)).

3. **Failure to Meet Physical Standards and Disposition**

a. Failure to meet prescribed physical requirements for flying as a flight surgeon will be

(1) set forth in the report of physical examination for flying ([DD 2808 Report of Medical Examination](#)) with appropriate addenda; and then

(2) forwarded to Chief, Bureau of Medicine and Surgery (BUMED); who will then

(3) submit a recommendation to CHNAVPERS.

b. The flight surgeon will be

(1) permitted to continue class II flight status (subject to waiver of physical defects by CHNAVPERS), or

(2) restricted from flight duties but allowed to retain designation to continue ground duties of naval flight surgeon, or

(3) restricted from all flight surgeon duties with retention of designator, or

(4) restricted from all flight surgeon duties with revocation of designator.

4. **Revocation.** Revocation is:

a. normally limited to those who have expressed a lack of motivation for flying, refusal to fly, malingering, or failure to fulfill the duties of a flight surgeon as delineated by CNATRA, BUMED; or

b. flight surgeons found by other boards to be incompetent to practice medicine; or

c. unsuitable for military service and must be disqualified to practice as a naval flight surgeon, and that designation must be revoked.

5. **Insignia.** CHNAVPERS designates qualified medical officers as naval flight surgeons. Designated naval flight surgeons may wear the naval flight surgeon insignia unless specifically revoked by CHNAVPERS. These personnel may not wear the insignia again until requalification requirements are met and approved by CHNAVPERS.

6. **Appeals**. CHNAVPERS may convene a formal board of senior flight surgeons at BUMED, Falls Church, VA. The decision of this board will be final. Appellants may request appearance before this board and be issued temporary additional duty orders authorizing government air travel, at no additional expense to the government, per existing directives.

		MyNavy Portal:	https://my.navy.mil/	

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations (b) OPNAVINST 3710.7V (c) NAVMED P-117, Manual of the Medical Department (MANMED)
-------------------	---

1. **Policy**. Chief of Naval Personnel (CHNAVPERS) designates qualified Nurse Corps officers as naval flight nurses. This authority may be delegated to Chief, Bureau of Medicine and Surgery (BUMED). Flight nurses, upon designation, are authorized to wear the appropriate insignia prescribed in reference (a).

2. **Qualifications**

a. Successfully complete the approved course of instruction for student flight nurses at the United States Air Force School of Aerospace Medicine, Wright-Patterson Air Force Base.

b. Meet physiology training requirements and flight physical regulations prescribed by references (b) and (c).

3. **Restrictions**

a. Should any flight nurse fail to meet the prescribed physical requirements for flying, such failure must be set forth in the report of physical exam for flying, [Standard Form 88](#) Report of Medical Examination, with appropriate addenda and the report forwarded to BUMED, who will submit a recommendation to CHNAVPERS. The case will be disposed of as follows:

(1) Permitted to continue class II flight status, subject to CHNAVPERS waiver of physical defects;

(2) Restricted from flight duties, but allowed to retain designation to continue ground duties of naval flight nurses;

(3) Restricted from flight duties, but allowed to retain designator; or

(4) Restricted from all flight duties with revocation of designation.

b. For those cases where appeal of the recommendation or decision is requested, CHNAVPERS may convene a formal board of senior flight nurses at BUMED. This board will review all aspects of the case. The decision of this board is final. Appellants may request appearance before this board. Upon such requests for appearance, per existing directive, the appellant may be issued temporary additional duty orders authorizing government air travel at no additional expense to the government.

4. **Revocation**

a. The right of personnel to wear the naval flight nurse insignia continues unless specifically revoked by CHNAVPERS. Recommendations for revocation will be tendered by a flight nurse evaluation board appointed and convened by BUMED to evaluate the motivation and adaptability of naval flight nurses. Revocation will normally be limited to those individuals who express a lack of motivation for flying, refuse to fly, or fail to fulfill the duties of a flight nurse as delineated by BUMED. Flight nurses found, by other boards, to be incompetent to practice nursing or unsuitable for military service will be considered disqualified to practice as a naval flight nurse and that designation will be revoked.

b. In a case where the right to wear the naval flight nurse insignia has been revoked, the member involved will not be permitted to wear the insignia until such time the officer is again authorized to wear the insignia by CHNAVPERS, upon recommendation of a duly appointed board convened by CHNAVPERS in each case so concerned.

MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations (b) BUMEDINST 6010.30
-------------------	--

1. **Policy**. Medical Service Corps (MSC) officers who have successfully completed qualifications ascribed to aerospace medicine specialist (AMS) may be designated by the Chief of Naval Personnel (CHNAVPERS) with the following subspecialties (SSP):

- a. 1844 - aerospace experimental psychology (AEP)
- b. 1836 - aerospace and operational physiology (AOP)
- c. 1880 - aerospace optometrist (ASO)
- d. 1893 - aerospace physician assistant (APA)

These specialties are collectively referred to as MSC flight officers (MSCFO). The designating authority may be delegated to the Commanding Officer, Navy Medicine Operational Training Center. Naval MSCFOs, upon designation, are authorized to wear the proper insignia as prescribed in reference (a), chapter 5, section 2, article 5201.2, unless specifically revoked by CHNAVPERS. No other SSP may wear the MSCFO insignia, unless approved by CHNAVPERS.

2. **Qualifications**. Qualifications for all MSCFOs include:

- a. Basic qualifying degrees or certifications for each SSP listed in paragraph 7;

b. Successful completion of Officer Development School (course identification number (CIN) P-9E-0003), Officer Training Command Newport, RI;

c. Successful completion of Aviation Preflight Indoctrination (CIN Q-9B-0020) at the Naval Aviation Schools Command, Pensacola, FL; this includes being verified as aeronautically and physically qualified by passing a class II flight physical and successful completion of aircrew indoctrination naval aviation survival training;

d. Successful completion of the aerospace specialist training curriculum as prescribed by the Chief of Naval Air Training; this includes successful completion of the Aerospace Medicine Specialist Fixed-Wing Training (CIN Q-2A-0166/1685) and Advanced Helicopter Flight Training (CIN Q-2C-1156). This requirement may be waived for MSC officers who have previously been designated as naval aviators or naval flight officers and

e. Successful completion of the appropriate Naval Aerospace Medicine Institute (NAMI), Pensacola, FL SSP courses listed in paragraph 7.

3. **Failure to Meet Physical Standards and Disposition.** Failure to meet prescribed physical requirements for flying as MSCFOs will be:

a. Documented in the report of the physical examination for flying using [DD 2808 Report of Medical Examination](#) with appropriate addenda and

b. Forwarded to NAMI, Human Performance (Code 53HN); Chief, Bureau of Medicine and Surgery (BUMED) will then evaluate any potential physical disqualification and submit a recommendation to CHNAVPERS for determination. CHNAVPERS will determine whether the Service members will:

(1) Continue class II flight status with accompanying waiver of physical defects,

(2) (for ASO and APA) Be restricted from flight duties, but allowed to retain designation to continue ground duties in their specialty,

(3) (for AEP and AOP) Be able to maintain their SSP code, but must not be their primary SSP. This restricts the Service member from all duties as an AEP or AOP, but allows for continued wear of the MSCFO insignia or

(4) (for all AMS) SSP code removal. This restricts the Service member from all AMS specific duties and from wearing the MSCFO insignia.

4. **Revocation of Designation.** Revocation is normally limited to MSCFOs:

a. Who have expressed a lack of motivation for flying, refusal to fly, malingering, failure to meet physical standards or for failure to fulfill the duties of an MSCFO as delineated by Chief, BUMED,

b. Found by other boards to be incompetent to practice in their specialty or

c. Unsuitable for military service and must be disqualified to practice as an MSCFO, and that designation and additional qualification designator (AQD) (if applicable) will be revoked.

5. **Appeals.** CHNAVPERS may convene a formal board of senior aviation medical officers at BUMED. The decision of this board will be final. Appellants may request appearance before this board and be issued temporary additional duty orders authorizing Government air travel at no additional expense to the Government per existing directives.

6. **Insignia.** CHNAVPERS designates qualified MSC officers as MSCFO in one of the recognized SSPs. MSCFOs may wear the appropriate insignia, unless specifically revoked by CHNAVPERS. Personnel who have their insignia revoked may not wear the MSCFO insignia until again approved by CHNAVPERS. The MSCFO insignia will be a gold embroidered or gold metal winged pin with an MSC device inscribed in the center as prescribed in reference (a).

7. Additional SSP Requirements

a. AEP designation requires:

(1) Doctorate (or equivalent terminal degree) in psychology with primary emphasis in the areas of industrial, experimental, engineering, personnel, training, cognition, operations research or physiological psychology. Personnel must demonstrate competence in computer information management systems, higher order computer languages, research design and advanced statistics. Personnel who have completed a master's degree in one of the major areas of emphasis and 4 years prior commissioned service are eligible with specialty leader concurrence and

(2) Completion of the Naval Aerospace Experimental Psychologist Course (B-6H-1400) at NAMI, Pensacola, FL.

b. AOP designation requires:

(1) Master's or doctorate in philosophy (or equivalent terminal degree) in physiology (e.g., cardiovascular, pulmonary, neuro, exercise or occupational). Personnel with related master's (biology, biomedical engineering, kinesiology, zoology or other biological based sciences) are eligible if they have completed the following courses: chemistry, organic chemistry, physics, college mathematics (algebra, pre-calculus or above), statistics and biology/physiology. Personnel with significant military aviation experience who have completed a bachelor's degree with appropriate science background (same as above) are eligible with specialty leader concurrence,

(2) Successful completion of the Naval Aerospace and Operational Physiologist (B-6H-1300) at NAMI, Pensacola, FL,

(3) Successful completion of the internship (B-6H-1301) at an aviation survival training center in order to complete their training and have their SSP code changed from 1836T to 1836E/P/D (as appropriate),

Note: Active duty service obligation begins upon successful completion of the internship.

c. ASO designation requires:

(1) Doctorate of optometry degree and

(2) Successful completion of the Naval Aerospace Optometrist (B-6H-1401) at NAMI, Pensacola, FL. Upon designation, ASOs are awarded the AQD "6AN"

d. APA designation requires:

(1) Master's degree in physician assistant studies (equivalent or superior) from the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) recognized training program. Current certification by the National Commission for Certification of Physician Assistants per reference (b), subparagraph 5m.

(2) Successful completion of Naval Aerospace Medicine Physician Assistant (B-6H-3031) at NAMI, Pensacola, FL. Upon designation, APAs are awarded the AQD "6AB."

SURFACE WARFARE OFFICER (SWO) DESIGNATION

Responsible Office	CNO (N861C)	Phone:	DSN	222-4610
			COM	(703) 692-4610
			FAX	222-4635

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations (b) OPNAVINST 1412.2H
------------	--

1. Processing

a. Upon qualification, the member's commanding officer (CO) shall notify, in writing, Navy Personnel Command (NAVPERSCOM),

- Junior Officer Detailing (PERS-412) for **active duty** officers, or
- Reserve Officer Status Section (PERS-4911) for **inactive duty** officers,

copy to the type commander (TYCOM) and the immediate superior in command (ISIC).

b. Upon receipt, NAVPERSCOM shall

Step	Action
1	change the designator of 116X officers to 111X, and 119X officers to 114X.
2	assign the Additional Qualification Designator (AQD), LA9, to those officers who do not change designator, but are otherwise eligible to attain Surface Warfare Officer (SWO) qualification.

2. Authority to Wear the Insignia

a. Either 111X/114X designation or an AQD of LA9 entitles an officer to wear the SWO or Special Operations Officer insignia (as appropriate) under reference (a).

b. Unrestricted Line (URL) officers who earn the qualification and transfer into the Staff Corps or the

Restricted Line (RL) retain the right to wear the appropriate insignia, unless revoked.

3. **In Cases of Non-Attainment.** COs who recognize that an 116X/119X designated officer either lacks potential to qualify or requires more than 18 months to complete qualification, shall pursue one of the following courses of action:

If non-attainment is due to...	then...
an authorized extension by the CO,	notify NAVPERSCOM (PERS-412), with a copy to the TYCOM, of the reason for delayed qualification. Estimate how much additional time will be required. Comment on the officer's potential for qualification.
lack of motivation, interest, aptitude, or application,	submit a report via the chain of command to NAVPERSCOM (PERS-412) containing <ul style="list-style-type: none">• circumstances,• officer's potential, and• an appropriate recommendation concerning retention in the Naval Service.

4. **Further Guidance on Lack of Motivation**

a. Officers reassigned to shore duty shall maintain their designators as 116X/119X and may be processed for administrative discharge by NAVPERSCOM.

b. The officer concerned shall be afforded the opportunity to comment on the CO's report.

(1) Such comments shall be appended as the first endorsement of the report, and returned to the CO.

(2) The CO may then make additional comments and append them to the basic report as the second endorsement.

c. The report shall then be forwarded via the chain of command to NAVPERSCOM (PERS-412).

5. **Revocation for SWO.** An SWO will retain such designation until revoked by NAVPERSCOM based on a recommendation citing any of the circumstances outlined in reference (b).

6. **Procedure for Revocation by the CO or an ISIC**

a. The officer initiating the recommendation for revocation of an SWO shall be the CO, or an ISIC, in the chain of command of the officer concerned.

b. Send the recommendation with supporting facts to NAVPERSCOM, Career Management Department (PERS-4) via the administrative chain of command.

c. Notify the officer concerned in writing of the following:

(1) Right to submit a statement concerning the recommendation for revocation.

(2) If the recommendation is approved, a copy shall be filed in their official record.

(3) If they do not desire to make a statement, to so certify in writing, as discussed below.

d. The officer being considered for revocation

(1) may submit a statement to NAVPERSCOM, Surface Warfare Officer Assignments (PERS-41) via the administrative chain of command in which the officer served at the time of the events leading to the revocation request.

(2) if unwilling to make a statement, shall signify in writing the officer was notified of the items listed above and does not desire to make a statement.

7. **Detachment for Cause (DFC)**

a. A recommendation for revocation shall not be made in lieu of DFC, nor shall such recommendations automatically be included in cases of DFC.

b. Revocation may be recommended coincidentally with a DFC, but will be administratively handled as a separate action by NAVPERSCOM.

8. **When Revocation is Approved.** Upon approval of revocation, an SWO's designator shall be changed to 110X, and AQD (LA9) will be removed. Officers with other than 111X/114X designators shall have AQD (LA9) removed.

References	(a) NAVPERS 15665I, Navy Uniform Regulations (b) NAVPERS 15266, Register of Commissioned and Warrant Officers (c) U.S. Navy Regulations
-------------------	---

1. **Policy**. The commanding officer (CO) of a submarine may designate an officer "qualified in submarines" when the requirements for such designation have been completed.

2. **Initial Training**. Unrestricted line officers of the Navy who have successfully completed basic submarine officer training may be ordered to duty in submarines. Basic submarine officer training is conducted at Naval Submarine School, Groton, CT in the Submarine Officers' Basic Course. Limited duty and warrant officers formerly qualified in submarines as enlisted personnel are considered to have experience equivalent to basic submarine officer training, and are normally ordered directly to submarines without enrollment in either of the basic submarine officer courses.

3. **Designation Requirements**. Amplifying details as to methods of attaining requirements shall be issued jointly by the submarine force commanders.

a. Be an unrestricted line, limited duty, or warrant officer who has completed initial submarine officer training.

b. Complete watch station qualification and demonstrate the ability to satisfactorily perform as:

(1)	Officer of the Deck (Surfaced and Submerged)
(2)	Diving Officer of the Watch
(3)	Duty Officer
(4)	Engineering Officer of the Watch

(5)	Demonstrate the ability to perform as a member of the fire control party.
(6)	Demonstrate knowledge and capability to perform casualty and damage control procedures, and organize and direct submarine escape.
(7)	Demonstrate a temperament suited for submarine duty.
(8)	Demonstrate satisfactory qualities of leadership.
(9)	Serve on board an operational submarine a minimum of 9 months of which not more than 3 months may be spent in a shipyard. An officer must complete qualification within 15 months of service on board an operational submarine, unless upon application prior to expiration of that time, an extension of time in which the officer may qualify is granted by the immediate superior in command (ISIC).
(10)	Qualifications for members of the Navy Reserve on inactive duty are contained in Navy Personnel Command (NAVPERSCOM) directives.

4. **Designation Procedures.** The following steps are necessary for designation as qualified in submarines:

Step	Action
1	Candidate is designated "qualified in submarines" by the CO.
2	CO submits a letter to NAVPERSCOM, Submarine/Nuclear Officer Assignments (PERS-42) via the ISIC and with copies to the chain of command. The officer is authorized to wear the submarine insignia as prescribed in reference (a).
3	NAVPERSCOM (PERS-42) will change the officer's designator from 117X to 112X, and make an entry in the officer's record and in reference (b).

5. **Non-Qualification**

a. If an officer is unable to achieve qualification in submarines, a letter recommending assignment to duty other than submarines shall be submitted by the CO to NAVPERSCOM via the chain of command. The officer will retain the 117X designator and may apply for redesignation or lateral transfer.

b. Care shall be exercised to ensure that the failure reported is not a performance failure, which would be reported under procedures for detachment of an officer for cause.

6. **Command of Submarines**

a. An officer must complete the prescribed requirements established jointly by the submarine force commanders for designation as "qualified for command of submarines." Based on the recommendation of the officer's CO and squadron commander, the cognizant submarine force commander will grant final approval, confer the designation to the officer, and notify NAVPERSCOM (PERS-42).

b. Navy Reserve officers may qualify for command only while on active duty or extended active duty for training. Procedures are the same as active duty officers.

c. Officers assigned to command submarine squadrons shall be qualified for submarine command, and shall have had duty in command of a submarine.

7. **Revocation of Qualification.** An officer qualifying in submarines or for command of submarines will be considered to retain such qualification indefinitely, unless the officer's performance of submarine duty (as distinguished from physical disability) is such as to demonstrate the officer's unfitness. The ISIC shall send a recommendation with supporting facts to NAVPERSCOM, via official channels, that the officer's qualification be revoked.

a. The officer shall be afforded the opportunity to submit a written statement concerning the matter. If the officer does not desire to submit a statement, the officer shall be directed to signify this in writing. The statement of the officer should specifically indicate the responsibility of the applicable provisions of reference (c) and recognition that the recommendation, if approved, will be filed in the officer's official record. If appropriate, a recommendation for the revocation of an officer's qualification in submarines may be incorporated into a request for the officer's detachment for cause.

b. NAVPERSCOM shall direct a board of officers be convened to thoroughly review the revocation of an officer's submarine qualification. The board will consist of at least three officers qualified in submarines (1120) of the grade of captain. NAVPERSCOM (PERS-42) will normally comprise one of the three board members. Written results and recommendations of the board will be sent to NAVPERSCOM, Career Management Department (PERS-4) for final decision.

c. Authority to wear the submarine insignia is withdrawn by specific statement in the revocation letter from NAVPERSCOM. The officer shall retain the 112X designator, but the appropriate additional qualification designation shall be removed.

8. **Assignment to Submarine Duty**

a. Only volunteers, insofar as practicable, will be assigned to submarine duty. Nonvolunteers will be so assigned when sufficient volunteers to meet the needs for service in submarines cannot be obtained.

b. Officers whose physical condition to serve in submarines is in question, will be immediately ordered for examination as to physical qualifications specified by Bureau of Medicine and Surgery. If the officer is found not qualified, the report of the examination will be forwarded to NAVPERSCOM.

9. **Drug Abuse Policy**

a. Applicants with a history of pre-service drug abuse desiring nuclear propulsion training will submit waiver requests to NAVPERSCOM (PERS-42). Waivers may be granted only in cases of experimental use of marijuana.

b. Applicants with a history of pre-service or in-service drug use (marijuana only) for initial submarine training, other than nuclear propulsion training, will be screened by NAVPERSCOM (PERS-42). No waivers for continuation will be approved for Nuclear Power Program officers for in-service use.

ENGINEERING DUTY OFFICER DESIGNATION: QUALIFIED IN SUBMARINES

Responsible Office	BUPERS-31	Phone:	DSN COM FAX	882-3473 (901) 874-3473 882-2063
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) NAVSEAINST 1520.2F (b) OPNAVINST 6420.1B (c) NAVSEA S9002-AK-CCM-010/6010 Industrial Ship Safety Manual for Submarines of 18 September 2018
-------------------	---

1. **Policy.** Per reference (a), officers designated for engineering duty (ED) (14XX) or applying to transfer to the community, may apply for a program which designates them as "engineering duty officer qualified in submarines", which authorizes them to wear the ED dolphin breast insignia. Interested officers should submit applications to Navy Personnel Command (NAVPERSCOM) Engineering Duty Officer Branch (PERS-445) with a copy to Commander, Naval Sea Systems Command (NAVSEA) (SEA 00T1). Selection of candidates for the program will be by an administrative board appointed by Commander, NAVPERSCOM (COMNAVPERSCOM). Selections will be based on performance, academic achievement, service potential, and the needs of the service.

2. **Program Administration.** The ED Dolphin Program is administered by SEA 00T1. The program sponsor (an ED flag officer qualified in submarines) will designate a chairperson in writing. The chairperson will act as the senior oral board member and will be responsible for ensuring the qualification process is followed as prescribed, including the adjudication of waivers and final determination of acceptance or rejection of the ED dolphin qualification journal submitted by a candidate. The chairperson will ensure the proper conduct, content, and administration of the oral board examination and will serve as the principal assistant to the sponsor for the technical aspects

of the program. The chairperson may designate an ED dolphin coordinator to assist with routine aspects of the program, but may not delegate any permissions or authority.

3. **Program Requirements.** There is no specific order in which requirements must be completed. Sequencing will be accomplished to fit each officer and activity situation.

a. Generally, officers who are not assigned to a nuclear shipyard or nuclear supervisor of shipbuilding office at the time they are selected to participate in the program will be ordered to such an assignment at their normal projected rotation date (PRD). PRDs for officers already assigned to a nuclear shipyard or nuclear supervisor of shipbuilding office may be extended as needed to permit completion of the program prior to rotation.

b. All officers in the program will attend the Submarine Officer Basic Course (SOBC) and will be assigned to a fleet ballistic-missile submarine (SSBN) or attack submarine, nuclear (SSN), for a patrol or underway period and associated refit or intermediate level maintenance period. Specific ship assignment for candidates will be arranged by PERS-445 for permanent change of station (PCS)-funded patrol or underway periods.

4. **Physical Exam.** Upon selection for the program, an officer must arrange for, and satisfactorily complete, the radiation and submarine physical examinations per reference (b). Physical disqualification prior to a patrol, underway, refit, or intermediate level maintenance period will terminate the officer's participation in the program.

5. **SOBC.** The SOBC at Naval Submarine School, New London, CT, provides instruction in the basic elements of submarine equipment, systems, and operations. Whenever practical, this course will be included as an intermediate stop on PCS orders.

6. **SSBN Patrol or SSN Underway.** Approximately 16 weeks are devoted to participation in submarine operations as a member of ship's company in order to gain experience in submarine systems, equipment, and operations.

a. The candidate will observe and participate in the extensive industrial effort required to prepare the ship for extended operations.

b. The candidate will assist in preparation of the work package for the next availability following the officer's shipboard assignment.

c. At a minimum, the candidate must complete Diving Officer of the Watch qualification during assignment(s) to the submarine.

d. Additional qualifications such as Officer of the Deck are encouraged.

7. **Nuclear Assistant Ship Superintendent Qualification.** The 3-week course at Puget Sound Naval Shipyard provides essential training in the design, maintenance, and modernization of submarine nuclear propulsion systems. When accomplished incident to a normal PRD, this course will be scheduled for the candidate by PERS-445. Officers attending under temporary additional duty orders will schedule this course through their parent command.

8. **Submarine Concept Design Course, Massachusetts Institute of Technology.** This 2-week course provides the candidate with submarine design information not available through any other forum and includes history and trends, hydrostatics, speed and powering relationships, structures, hydrodynamics, systems design, acoustics, and cost estimating. Attendance is coordinated with, and funded by, SEA 00T1.

9. **Type Commander Indoctrination.** The candidate's command is responsible for arranging travel for a one-day briefing with Commander, Submarine Force, U.S. Pacific Fleet (COMSUBPAC) Pearl Harbor, HI or Commander, Submarine Force, U.S. Atlantic Fleet (COMSUBLANT), Norfolk, VA. Indoctrination includes meeting with submarine personnel for fleet maintenance, availability planning, budgeting, and technical codes. The intent is to provide the candidate first-hand exposure to the maintenance activity customer's viewpoints of the Navy's submarine maintenance programs.

10. **ED Dolphin Qualification Journal.** Each candidate is required to complete a written journal which SEA 00T1 will provide by letter signed by the chairperson or program sponsor. The candidate will forward the completed journal to SEA 00T1, who will arrange for NAVSEA review and approval.

11. **Industrial Period.** Successful performance for one year in a submarine-related assignment at a nuclear shipyard or nuclear supervisor of shipbuilding office is required. During this assignment, the candidate will have the opportunity for training and experience providing exposure to all local aspects of submarine design, construction, maintenance, and modernization, including quality assurance, combat systems, nuclear and non-nuclear systems testing, safety, watertight integrity control, design and engineering, and dry-docking evolutions. Each candidate will become familiar with reference (c). Each candidate must qualify and perform as the primary ship safety officer (SSO) on a submarine availability for a minimum of six months. If this is not practical at the candidate's command, equivalent experience is required through training, under-instruction periods with a qualified SSO, and performing extensive duties on the project team that require integrating work and addressing safety concerns. If the equivalent experience option is pursued, it will require a waiver concurred to by the chairperson or program sponsor.

12. **Walk-through Examination.** The walk-through examination will permit the candidate to demonstrate his or her knowledge of submarine systems, components, and operational concepts in a shipboard environment. When the candidate's commanding officer is satisfied that the candidate has successfully completed the walk-through examination, a local oral board examination will be conducted.

13. **Local Oral Board Examination.** The board will consist of a minimum of two officers qualified in submarines, preferably ED officers (1440), who have experienced the content and nature of an oral examination. It is recommended that one member of the board be a qualified submarine unrestricted line officer (1120) to ensure that operational aspects of submarine operation are adequately covered.

14. **Commanding Officer's Recommendation.** The commanding officer's recommendation will include certification of satisfactory completion of all requirements for the ED Dolphin Program. SEA 00T1 will forward the commanding officer's certification to the chairperson and ED Dolphin Coordinator.

15. **NAVSEA Indoctrination.** Each candidate will travel to Washington, DC for a two-day indoctrination at NAVSEA. Indoctrination includes meeting with submarine technical codes, program management offices, Naval Reactors, and fleet

maintenance personnel. The intent is to provide the candidate first-hand exposure to the viewpoints of the key decision-makers of the Navy's submarine programs. NAVSEA indoctrination will be scheduled in conjunction with the oral board. Both are coordinated with, and funded by, SEA 00T1.

16. **Oral Examination.** The candidate will travel to NAVSEA for an oral examination by a board concurred with by PERS-445. The board will be comprised of two ED captains qualified in submarines (144X) and one unrestricted line captain qualified in submarines (1120 - post command). If the program sponsor is unavailable at the time of the board, one of the ED captains must be designated in writing as chairperson of the board by the program sponsor. The examination will cover all aspects of the program. Should the candidate require a second board, funding will be provided by the candidate's parent command.

17. **Qualification.** Upon completion of the oral examination, the board will submit a written recommendation to PERS-445 for final determination. Upon formal notification by PERS-445 of his or her designation as "engineering duty officer qualified in submarines", the officer is authorized to wear the ED dolphin breast insignia.

MILPERSMAN 1210-120

SUPPLY CORPS OFFICER DESIGNATION: QUALIFIED IN SUBMARINES

Responsible Office	CNO (N13)	Phone:	DSN	224-3471
			COM	(703) 614-3471
			FAX	224-8477

1. **Candidates**. Supply Corps Officers are normally graduates of the submarine officer's course at the submarine school. Supply Corps officers formerly qualified in submarines as enlisted men may be ordered directly to duty in submarines.

2. **Requirements for Designation**

a. Requirements for designation as "Supply Corps Officer, Qualified in Submarines" are as follows:

(1)	Serve on board an operational submarine at least 1 year.
(2)	Complete qualification as Diving Officer of the Watch/General Submarines.
(3)	Effective Supply Corps Officer.
(4)	Successfully pass Logistics Management Assessment (LMA).
(5)	Basic knowledge of ship systems, equipment, and capabilities.
(6)	Perform as a member of the Fire Control Party.
(7)	Knowledge and ability to perform casualty, damage control, and organize and direct submarine escape procedures.
(8)	Satisfactory leadership qualities and temperament suited to submarine duty.
(9)	Additional requirements for qualification will be issued jointly by Submarine Force Commanders.
(10)	Pass Verbal Qualification Board by superior command.

b. Officers should complete qualification within 2 years of service on board an operational submarine.

3. **Authorization Procedures**. Officers previously qualifying under the provisions for line officers may wear the insignia for line officers qualified in submarines.

Step	Action
1	Commanding Officer recommends qualified candidate to immediate superior in command.
2	Upon approval of superior in command, officer is designated "Qualified in Submarines". Officer is authorized to wear proper insignia as in NAVPERS 15665I, U. S. Navy Uniform Regulations.
3	Commanding Officer submits letter to Navy Personnel Command (NAVPERSCOM) (PERS-4) via chain of command designating officer as qualified.
4	Entry made by NAVPERSCOM in officer's record and Register of Commissioned and Warrant Officers of the U.S. Navy and USMC and Reserve Officers on Active Duty.

	MyNavy Portal:	https://my.navy.mil/

Reference	(a) NAVPERS 15665J, U.S. Navy Uniform Regulations
-----------	---

1. Board Address

Board for Qualification of Submarine Medical Officers
Naval Undersea Medical Institute
Naval Submarine Base, New London
Groton, CT 06349-5159

2. Candidate Qualifications. A candidate for designation as a submarine medical officer must:

a. Be a graduate of the Undersea Medical Officer (UMO) or the Undersea Medical Examiner courses given at the Naval Undersea Medical Institute (NUMI);

b. Successfully pass a comprehensive qualification examination to be completed during the first undersea medical assignment;

c. Prepare an acceptable thesis, technical paper, or project on some phase of undersea medicine;

d. Complete a submarine qualification card supplied by NUMI;

e. Have served on board a submarine for a minimum of 30 days (may be non-consecutive). Exceptions to this requirement may be granted in extraordinary cases on an individual basis by the Board for Qualification of Submarine Medical Officers; and

f. Upon completion of additional requirements issued by the Submarine Force, be recommended by the submarine commanding officer (CO).

3. **Thesis**

a. During, or after completion of, the prescribed course, the candidate must submit a formal request containing a brief outline and discussion of the thesis topic to NUMI for review and to receive approval of the thesis or project by the Board for Qualification of Submarine Medical Officers.

b. Upon completion of the thesis, the original and two copies of the thesis must be forwarded to the board for final review and acceptance.

c. A thesis is not required if the individual has published at least one scientific article concerning submarine or diving problems which meet the board's approval.

4. **Examination**

a. Upon graduation from the NUMI course, all candidates will receive instructions to prepare their comprehensive submarine qualification examination.

b. The examination will be completed during the first undersea medical assignment.

c. Completed examinations and correspondence will be addressed to the Board for Qualification of Submarine Medical Officers at NUMI.

5. **Submarine Qualification Card.** Upon arrival at the first undersea medical assignment, the UMO will complete the qualification card.

6. **Submarine Underway Time.** Documentation for 30 days at sea is desired.

7. **Completion of Requirements.** Upon completion of all requirements, submit a request for designation as a "qualified submarine medical officer" to the board at NUMI. Endorsements from the CO, as well as from the operational commander (when applicable), must be included.

8. **Designation**

a. Upon approval by the senior member of the board, the officer becomes qualified to wear the appropriate submarine insignia per reference (a).

b. Officer in Charge (OIC), NUMI will report such action to Navy Personnel Command (NAVPERSCOM) Medical Assignment Placement Branch (PERS-4415) with copies to the following individuals:

(1) Director, Bureau of Medicine and Surgery
Requirements and Capabilities Division (N97)

(2) Force commander

(3) CO

(4) Service member

c. Upon receipt of the submarine medical officer designation letter from OIC, NUMI, the PERS-4415 detailer will note the date of receipt and record the additional qualification designator "6UM" in the officer's electronic record.

References	(a) OPNAVINST 3150.27C (b) OPNAVINST 1420.1B (c) NAVPERS 15665I U.S. Navy Uniform Regulations
-------------------	---

1. **Purpose.** This article discusses the professional requirements for diving officer (designator 7201) procurement, sustainment, placement, and eligibility.
2. **Background.** Per reference (a), diving officers (designator 7201) hold a position of special trust and confidence within the diving community, focused on project oversight, technical management, and compliance with established Navy diving policy. These highly specialized officers possess the unique professional pedigree and commissioned authority necessary to successfully analyze, plan, staff, advise, manage, and lead full-spectrum diving operations in support of broader warfare objectives.
3. **Designator Description and Duties**
 - a. Diving officers are the Navy's commissioned technical leadership authority in manned and unmanned diving and hyperbaric operations.
 - b. Diving officers serve as technical experts who lead complex peacetime and combat-related diving missions at sea and ashore.

c. Diving officers oversee underwater ship husbandry, salvage, special warfare, and undersea research and development missions in support of type and unified command requirements.

d. Diving officers utilize significant operational and technical experience to safely execute high-risk diving-enabled operations.

e. Command diving officers manage all administrative facets of the command's diving program, including life-support system maintenance, repair, and certification.

f. Qualified watch station diving officers provide critical onsite-operational risk management, ensure verbatim-procedural compliance, and maintain clear command, communication and control throughout the course of a specified diving operation.

g. Strategically, diving officers manage and advise key dimensions of force generation, manpower allocation, operational requirements, equipment resourcing, and policy alignment.

h. Diving officers are proficient in the maintenance, repair, transportation, administration, operation, and supervision of all hyperbaric systems and diving methods employed by the joint force.

i. Diving officer duties:

(1) Intermediate and depot level ship husbandry diving officer

(2) Mobile diving and salvage (MDS) company commander

(3) Area search platoon (ASP) commander

(4) Mobile diving and salvage unit (MDSU) readiness and training officer (RTO)

(5) Immediate superior in command and type command staff officer

(6) Department Head and Officer in Charge, Chief of Naval Operations Special Programs

(7) Department Head and Unmanned Systems (UMS) Officer, Sea, Air, Land (SEAL) Delivery Vehicles Team (SDVT) Diving

(8) Division Head, Explosive Ordnance Disposal (EOD) Training and Evaluation Unit (TEU)

(9) Division Head, Naval Diving and Salvage Training Center (NDSTC)

(10) Program Director, Naval Safety Center (NSC)

(11) Diving Officer, Naval Undersea Warfare Center (NUWC)

(12) Echelon 1 directorate technical advisor and chief warrant officer advisory team (CWO-AT) member

4. **Procurement.** Diving officers (designator 7201) are procured and commissioned per reference (b) and related messages.

5. **Insignia.** Once commissioned and designated 7201, officers subject to this article must replace their enlisted diving qualification insignia with the diving officer insignia per reference (c).

6. **Qualification.** All diving officers are qualified Navy divers per reference (a).

a. Officers subject to this article must attain job-specific qualifications and maintain related proficiencies per reference (a) and [MILPERSMAN 7220-090](#).

b. Lapse of qualification due to exceptional circumstances must be addressed per [MILPERSMAN 7220-090](#).

c. Per [MILPERSMAN 1301-227](#), officers subject to this article who are found ineligible for a security clearance are ineligible for retention.

7. **Placement**. Technical expertise and proficiency in a given mission area are of the utmost importance in diving officer detailing and placement. Wherever practicable, detailing and placement business practices must permit diving officer specialization in mobile diving and salvage, naval special warfare, or underwater ship husbandry. While highly repetitive, technically specialized assignment is desired, non-specialized detours are available to qualified officers in the areas of training, special programs, submarine escape and rescue, saturation, program management, research, and experimentation. The designator [career-pattern sheet](#) provides milestone details.

SURFACE WARFARE SUPPLY CORPS OFFICER DESIGNATION

Responsible Office	CNO (N861C)	Phone:	DSN	222-4610
			COM	(703) 692-4610
			FAX	222-4635

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations
------------	---

1. Assignment of Designator

a. Approved qualification shall be forwarded to Navy Personnel Command (NAVPERSCOM), Staff/RL Officer Distribution Division (PERS-44), via the appropriate Naval Surface Force Commander who will certify the achievement of the required supply management inspection standards. Upon receipt, NAVPERSCOM will assign the Additional Qualification Designator (AQD) LA8 to the qualified officer.

b. Qualified Surface Warfare Officers transferring into the Supply Corps and attaining Surface Warfare Supply Corps Officer designation will be assigned AQD LA8 in addition to retaining the AQD LA9.

2. Authority to Wear the Insignia

a. Qualification under the aforementioned standards and procedures entitles an officer to wear the Surface Warfare Supply Corps insignia per reference (a).

b. Officers transferring into the Supply Corps who were previously authorized to wear other warfare specialty insignia may wear these insignia following reference (a).

3. Revocation of Qualification

a. A Surface Warfare Supply Corps Officer will retain such qualification unless revoked.

b. Commanding officers (COs) shall recommend revocation of designation when an officer's performance of surface warfare duties afloat is unsatisfactory. Such a recommendation, with

supporting rationale, shall be forwarded to NAVPERSCOM via official channels. The correspondence recommending the revocation shall be submitted via the officer concerned and the officer shall be afforded the opportunity to submit a written statement concerning the matters set forth.

c. If the officer does not desire to submit a statement, that officer shall be directed to signify in writing

(1) the correspondence has been read.

(2) he or she understands that if the recommendation is approved by NAVPERSCOM it will be filed in his or her official record.

(3) he or she does not desire to make a statement.

4. **Detachment for Cause (DFC)**. A recommendation for revocation of qualification shall not be made in lieu of a request for DFC, when the latter is appropriate. Action taken requesting DFC may include a recommendation for revocation of Surface Warfare Supply Corps qualification, if appropriate. Upon revocation, the officer's AQD's of LA8 and LA9 will be removed.

MILPERSMAN 1210-160

SURFACE WARFARE OFFICERS (SWO) (111X) REQUIREMENTS FOR COMMAND OF SURFACE SHIPS

Responsible Office	CNO (N861C)	Phone:	DSN	222-4610
			COM	(703) 692-4610
			FAX	222-4635

References	(a) OPNAVINST 1412.3G
------------	-----------------------

1. Policy

a. Designation as "Qualified for Command" is required for Surface Warfare and Special Operations officers (commander and captain), prior to assuming command of a surface ship. Qualifications must be limited to those officers who have met the requirements set forth in reference (a), and who, by their outstanding performance, have clearly demonstrated their potential for command.

b. Specific qualification criteria and procedures to achieve designation as "Qualified for Command" are set forth in reference (a), Surface Warfare (111X) and Special Operations (114X) Officer Requirements for Command of Surface Ships.

2. For Officers Found Qualified. For officers found qualified, a letter setting forth the findings of the command qualification board will be sent to the candidate, via the appropriate Surface Force Type Commander, copy to the nominating officer and Navy Personnel Command (NAVPERSCOM), Washington Placement Branch (PERS-441). The nominating officer's letter of recommendation, including enclosure, will be forwarded as part of the qualification board's report.

3. For Officers Found Not Qualified. For officers found not qualified, a report setting forth the command qualification board's finding, the reasons therefore, and, if appropriate, a recommended date for reinterview will be forwarded to the nominating command, copy to the candidate and the command which established the qualification board.

4. **Recognition of the Achievement.** Recognition of the achievement of designation "Qualified for Command" will be accomplished as follows:

a. A letter of qualification will be issued by the appropriate Surface Force Type Commander in recognition of the accomplishment and shall be delivered to the officer in an appropriate ceremony.

b. Relevant comments concerning the qualification shall be made in the officer's next regular report of fitness.

5. **Exceptions**

a. Exceptions to command qualification procedures as prescribed in reference (a) may be granted only by the Surface Force Type Commanders and must be at the request of the individual officer.

b. Full documentation as to why the procedures could not be met must be provided.

MILPERSMAN 1210-170

COMMAND AT SEA INSIGNIA: QUALIFICATIONS

Responsible Office	OPNAV (N131)	Phone: DSN	664-5037 (703) 604-5037
MyNavy Career Center	Phone: Toll Free Email: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/	

References	(a) 32 C.F.R (b) OPNAVINST 5400.45 (c) OPNAVINST 1412.14 (d) NAVPERS 15665I, U.S. Navy Uniform Regulations (e) OPNAVNOTE 5450 N131/N1 of 30 October 2020 (f) OPNAV (N13) Policy Decision Memorandum for Shared Captain Command Apportionment Plan (g) OPNAV (N13) Policy Decision Memorandum for Shared Commander Command Apportionment Plan (h) OPNAV (N13) Policy Decision Memorandum for Shared Early Command Apportionment Plan
-------------------	--

1. **Purpose.** This article establishes criteria for eligibility to wear the command at sea insignia. The command at sea insignia was established to recognize the responsibility placed on unrestricted line officers who are in command of, or have successfully commanded afloat, deploying, and or operational units defined as sea-going commands under the operating forces of the Navy and Marine Corps per reference (a) and delineated in reference (b).

2. **Authorization.** Per references (a) and (c), administratively screened and selected unrestricted line officers in the grade of captain and junior are authorized to wear the command at sea insignia immediately upon assumption of command and upon successful completion of a normal tour (6 months minimum) and may continue to wear the insignia in the manner prescribed in reference (d). Flag officers who earned the command at sea insignia as a captain or junior may wear the insignia in the "post tour" position (left side) as described in reference (d). Letters of authorization are not required.

3. **Commands Authorized.** Commanding officers (CO) of the following operational units are authorized to wear the command at sea insignia:

All commissioned surface ships including rotational patrol craft crews, mine countermeasure ship crews, and littoral combat ship crews (excluding floating dry-docks)
All commissioned submarines including rotational ballistic missile and guided missile submarine crews and commands involved in undersea rescue of submarines
All ship and submarine divisions, squadrons, and groups including the following: development squadrons and groups; service squadrons and groups; logistics squadrons and groups; maritime squadrons and groups; and undersea, surface and aerial unmanned systems commands
All aviation squadrons and wing commanders including: operational squadrons, operational wings, type wings, fleet replacement squadrons, and the Navy Flight Demonstration Squadron, excluding: training squadrons, training wings, test and evaluation squadrons, and test and evaluation wings
Coastal and riverine squadrons and groups, assault craft units, beach master units, and naval beach units and groups
Special warfare teams, squadrons, and groups
Explosive ordnance disposal units and groups
Space shuttle and space station mission commanders
All COs of surface ship and submarine pre-commissioning units

4. **Not Eligible.** The following personnel are not eligible to wear the command at sea insignia:

- a. Restricted line and Staff Corps officers,
- b. Officers temporarily succeeding to command without Navy Personnel Command (NAVPERSCOM) orders directing relief during the temporary absence of the CO,
- c. Officers removed from command via detachment for cause, unless having previously completed an eligible command tour,
- d. Officers assigned to billets designated "officer in charge," or previously assigned to billets which were redesignated "CO" after detachment, or

e. Inactive duty reservists assigned as "prospective commanding officers" of Navy Reserve training ship/Navy Reserve force crews.

5. **Command Submission.** The command review board (CRB) is convened annually or as required by the Chief of Naval Personnel (CHNAVPERS) per references (c) and (e). The CRB will be convened to address, validate, or approve all CO billets.

a. The major CRB is convened as part of the CRB to specifically address those O-6 command billets designated as major commands.

b. CHNAVPERS will update and publish reference (e) annually based on the results of the major CRB.

c. Office of the Chief of Naval Operations (OPNAV) Director, Military Personnel Plans and Policy Division (OPNAV N13) will update and publish references (f) through (h) annually based on the results of the CRB.

d. OPNAV Head, Officer Plans and Policy Branch (OPNAV N131) is the point of contact for all CO billet submissions and questions.

COMMAND ASHORE INSIGNIA: QUALIFICATIONS

Responsible Office	OPNAV (N131)	Phone: DSN 664-5037 COM (703) 604-5037 E-mail: nxag mn131e@navy.mil
MyNavy Career Center		Phone: Toll Free 1-833-330-MNCC Email: askmncc@navy.mil MyNavy Portal: https://my.navy.mil/

References	(a) 32 CFR 6 (b) OPNAVINST 1412.14 (c) NAVPERS 15665I (d) OPNAVINST 5400.45 (e) OPNAVNOTE 5450 (f) OPNAV N13 PDM for Shared Captain Command Apportionment Plan (g) OPNAV N13 PDM for Shared Commander Command Apportionment Plan (h) OPNAV N13 PDM for Shared Early Command Apportionment Plan (i) SECNAVINST 1211.1
-------------------	--

1. **Purpose.** This article establishes eligibility criteria to wear the command ashore insignia. The command ashore insignia was established to recognize the responsibility placed on officers who are currently in command, or who have successfully commanded shore activities. Acquisition professional officers occupying key leadership positions within major acquisition programs are also authorized to wear the command ashore insignia.

2. **Authorization.** Per references (a) and (b), administratively screened and selected officers in the grade of captain and junior are authorized to wear the command ashore insignia immediately upon assumption of command and upon successful completion of a normal tour (6 months minimum) in the manner prescribed in reference (c). Flag officers who earned the command ashore insignia as a captain or junior may wear the insignia in the "post tour" position (left side) as described in reference (c). Letters of authorization are not required.

3. **Commands Authorized.** The following commands are authorized to wear the command ashore insignia:

a. Any activity listed in the shore establishment of the Department of the Navy defined in reference (a) and delineated in reference (d);

b. Commands designated as commands ashore by the Chief of Naval Operations (CNO) in references (e) through (h); and

c. Acquisition professional officers assigned to key leadership positions within major acquisition programs per reference (i) which are delineated by the CNO per references (e) through (g).

4. **Commands Not Authorized.** The following personnel are not eligible to wear the command ashore insignia:

a. Officers temporarily succeeding to command without Navy Personnel Command (NAVPERSCOM) orders directing relief during the temporary absence of the commanding officer (CO);

b. Officers removed from command for cause;

c. Officers assigned in a billet designated "officer in charge," or previously assigned in a billet which was re-designated "commanding officer" subsequent to detachment;

d. Officers assigned to a billet designated program manager unless listed in references (e) through (g), or previously assigned to a billet which was re-designated major program manager subsequent to detachment; or

e. Officers assigned in a billet designated "company commander" or previously assigned in a billet which was designated "commanding officer" subsequent to detachment.

5. **Command Submission.** The major command review board (MCRB) is convened annually, or as required by the Chief of Naval Personnel (CHNAVPERS) per references (b) and (e). The MCRB will be convened to address, validate, or approve all major command billets.

a. The command review board is convened as part of the MCRB to specifically address those commands not designated as major commands and those commands below the grade of captain;

b. CHNAVPERS will update and publish reference (e) annually based on the results of the MCRB.

c. Office of the Chief of Naval Operations (OPNAV) Director, Military Personnel Plans and Policy Division (OPNAV N13) will update and publish references (f) through (h) annually based on the results of the command review board.

d. OPNAV Head, Officer Force Shaping Plans and Policy Branch (OPNAV N131) is the point of contact for all commanding officer billet submissions and questions.

MILPERSMAN 1210-190

ACTIVE DUTY ENGINEERING DUTY OFFICER (1440): QUALIFICATIONS

Responsible Office	NAVPERSCOM (PERS-445)	Phone:	DSN COM FAX	882-4090 (901) 874-4090 882-2677
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC
Reference	(a) NAVSEA 5400.55H			

1. Background

a. The Engineering Duty Officer (144X designator) has been qualified as a Ship Engineering Specialist, which includes specialists in

- Ships and Ship Systems Engineering,
- Electronic Systems Engineering,
- Combat/Weapons Systems Engineering, and
- Ordinance Systems Engineering.

b. Commander, Naval Sea Systems Command (COMNAVSEASYS COM) will recommend to Navy Personnel Command (NAVPERSCOM) individuals for change of designator from 146X to 144X. NAVPERSCOM will initiate action to change the officer's designator to 144X upon receipt of a recommendation for a change of designator from 146X to 144X. Recommendations containing waivers to the above requirements will be submitted only in exceptional cases and will be fully justified.

2. Qualifications. To qualify for 144X, the Engineering Duty Officer (146X designator) must

a. complete the Engineering Duty Officer Qualification Program (EDQP), and

b. obtain a subspecialty code with a "P" or higher suffix as a result of obtaining at least a technical master's degree at

an accredited college or university in an engineering or science field approved by COMNAVSEASYS COM.

3. EDQP Overview

a. The EDQP consists of five phases and they are as follows:

Phase	Required Action
1	Entry phase in which qualified officers are selected for entry into the community.
2	Completion of postgraduate school wherein officer receives a Master of Science degree and appropriate sub-specialty in an approved curricula.
3	Completion of the Engineering Duty Officer Basic Course at the Engineering Duty Officer School.
4	Satisfactory performance in an Engineering Duty Officer assignment for a minimum of 1 year, completing on-the-job training and a Lean Rapid Improvement Event (RIE).
5	Demonstration of a thorough knowledge of Engineering Duty functions and functional areas through successful completion of an oral examination administered by the certifying officer. This examination will be given within 2 years of completion of the basic course.

b. Upon completion of the oral examination, the officer designated to administer the examination will send a letter of recommendation for qualification via the candidate's commanding officer (CO) to COMNAVSEASYS COM (SEA 10TP). COMNAVSEASYS COM will issue final approval.

c. COMNAVSEASYS COM is responsible for maintaining an account of each officer's EDQP progress.

			COM	(901) 874-4090
			FAX	882-2677

References	(a) NAVSEAINST 1001.3K
------------	------------------------

1. Background

a. The Engineering Duty Officer (1445 designator) has been qualified as a Ship Engineering Specialist, which includes specialists in Ships and Ship Systems Engineering, Electronic Systems Engineering, Combat/Weapons Systems Engineering, and Ordnance System Engineering.

b. Commander, Naval Sea Systems Command (COMNAVSEASYS COM) shall recommend to Navy Personnel Command (NAVPERS COM) individuals for change of designator from 1465 to 1445. NAVPERS COM will initiate action to change the officer's designator to 1445 upon receipt of the candidate's request for a change of designator.

2. Qualifications. To qualify for 1445, the Inactive Duty Engineering Duty Officer (1465 or non-14x5 designator) must

a. possess a calculus-based Bachelor's degree as outlined in reference (a); and

b. complete the Navy Reserve Engineering Duty Officer Qualification Program (NR EDQP); and

c. obtain a Master's or higher level degree from an accredited college or university in an engineering or science field and submit proof of education. The details are outlined in reference (a).

3. **Engineering Duty Officer Qualification Program Overview**

a. The NR EDQP consists of three phases as follows:

Phase	Action Required
1	Completion of the Navy Reserve Engineering Duty Officer Basic Course at the Engineering Duty Officer School.
2	Completion of Qualification Training Plan.
3	Demonstration of thorough knowledge of Engineering Duty functions and functional areas through successful completion of an oral examination administered by the certifying officer designated by COMNAVSEASYSCOM. This examination will be given in the time allowed by reference (a).

b. Upon completion of the oral examination, the officer designated to administer the examination shall submit a letter of recommendation for qualification to COMNAVSEASYSCOM. COMNAVSEASYSCOM will review and certify the qualifications and make recommendations to Chief of Naval Personnel (CHNAVPERS), who will issue final approval.

c. COMNAVSEASYSCOM is responsible for maintaining an account of each officer's NR EDQP progress.

-------------------	--

1. **Eligibility Requirements**. To receive any of the Information Warfare Officer (IWO) Additional Qualification Designation (AQD) codes, specifically the BIX (Information Warfare) and BOX (Computer Network Operations) series, an officer shall satisfy the criteria established per reference (a).

2. **Request for Assignment of the AQD Code**. When eligibility requirements are met, the requested IWO AQD code will be formally entered in the officer's record. The individual's active duty commanding officer will forward the recommendation and supporting documentation, if required, to Navy Personnel Command (NAVPERSCOM), Information Dominance Corps and Foreign Area Officer Assignments Career Management Branch (PERS-47) for validation with a copy to the Deputy Chief of Naval Operations, Information Dominance (N2/N6C1) who will maintain visibility on all Information Dominance Corps AQD's. Once validated and approved by PERS-47, the AQD will be entered by the appropriate assignment officer at NAVPERSCOM.

MILPERSMAN 1210-220

NAVAL SPECIAL WARFARE (NSW) OFFICER – SEA-AIR-LAND (SEAL)

Responsible Office	OPNAV (N13)	Phone: DSN COM	664-5059 (703) 604-5059
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) COMNAVSPECWARCOMINST 1412.1 (b) Program Authorization 100D (c) OPNAVINST 1210.5B (d) Manual of the Medical Department (NAVMED P-117) (e) Navy Uniform Regulations (f) Program Authorization 150Q
-------------------	---

1. **Policy**. The commanding officer (CO) of the Naval Special Warfare Center (NSWCEN) may qualify an unrestricted line officer in special warfare and redesignate to designator 113X when the officer fulfills the requirements of reference (a).

2. **Accessions**

a. Midshipmen and cadets must attend Sea-Air-Land (SEAL) Officer Assessment and Selection (SOAS) to be considered by the SEAL Officer Selection Panel, unless specifically waived by Office of the Chief of Naval Operations (OPNAV) Naval Special Warfare (NSW) Program Management Branch (OPNAV N137). Civilian and Active Component applicants should follow the guidance outlined in reference (b). Officers seeking lateral and inter-Service transfer should make every effort to attend SOAS. If unable to attend due to operational commitments, applicants must conduct an interview with SOAS staff members. All applications will include the [NAVPERS 1210/9](#) Prospective Naval Special Warfare Officer Data Card, and specific application procedures for each accession source can be found on the Bureau of Naval Personnel SEAL Officer Community Manager (OCM) Section (BUPERS-311D) Web site located at: <https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Officer/Active-OCM/Unrestricted-Line/Special-Warfare-OCM/>.

b. Officers seeking lateral transfer should follow the guidance outlined in the MILPERSMAN [1212-010](#) and reference (c). Officers of other services should reference [MILPERSMAN 1300-082](#) for guidance on inter-Service transfer procedures.

c. Applicants must meet the medical standards as specified in reference (d), chapter 15, article 15-105, pass a physical screening test as prescribed by [MILPERSMAN 1220-410](#), and have less than 36 months of commissioned service when being considered by the SEAL Officer Selection Panel, unless specifically approved by OPNAV N137.

d. All applicants must be selected by the SEAL Officer Selection Panel. Selectees from the panel will receive orders to NSW Basic Training Command (BTC) and have their designators changed to 118X, unrestricted line officer in training for special warfare qualification.

e. Probationary officers disenrolled from training will be made available for reassignment within the Navy via the Probationary Officer Continuation and Redesignation (POCR) Board. Control grade officers disenrolled from training should follow the guidance outlined in [MILPERSMAN 1212-010](#). Officers disenrolled from training for any reason will not be reconsidered for qualification in special warfare.

f. No waivers will be approved for applicants with previous in-service drug use.

3. **Designation.** When a 118X officer has completed the courses outlined in reference (a):

a. NSWCEN sends a letter to OPNAV N137, via BUPERS-311D, determining the officer as "qualified in special warfare."

b. BUPERS-311D forwards the letter to Navy Personnel Command (NAVPERSCOM) Officer Accessions and Promotion Branch (PERS-806) to change the officer's designator from 118X to 113X. BUPERS-311D inputs additional qualification designator (AQD) code "QC9" into the officer's record.

c. The officer incurs a 4-year service obligation on active duty from the date of qualification and is authorized to wear the NSW insignia per reference (e).

d. 118X officers with previous service as an enlisted SEAL should follow the guidance outlined in references (b) and (f) for specific requirements regarding their qualifications.

4. **Revocation of Qualification.** An officer "qualified in special warfare" will retain such qualification indefinitely. The NSW qualification includes the designation and authorization to wear the NSW insignia. If a SEAL officer demonstrates unfitness for special warfare duty (as distinguished from physical disability), the officer's CO must initiate a recommendation to revoke the special warfare qualification with the following actions:

a. The officer's CO sends a qualification revocation recommendation to the immediate superior in command, who forwards the request to Commander, Naval Special Warfare Command (COMNAVSPECWARCOM). The correspondence must include documentation citing the circumstances upon which the revocation recommendation is based, including but not limited to:

(1) Unsatisfactory performance at sea, while deployed, or during high-risk evolutions;

(2) Gross lack of professional or personal judgment, lack of moral or ethical behavior, and or conduct inconsistent with the SEAL ethos;

(3) Refusal to accept or perform duties afloat, or those involving imminent danger;

(4) Unfitness for sea duty or combat due to either a lack of, or loss of, confidence in warfighting, leadership, or managerial ability; or

(5) Misconduct that discredits the United States Navy and NSW, harms operational or information security, or otherwise adversely impacts team discipline.

b. The officer of concern must be afforded the opportunity to submit written statements to COMNAVSPECWARCOM concerning the recommendation to revoke his or her qualification, or he or she must submit a signed refusal to make a statement. Officers must also signify in their statements a desire to either seek re-designation, submit a resignation letter, or retire (if eligible) should COMNAVSPECWARCOM endorse the revocation recommendation.

c. COMNAVSPECWARCOM will convene a board consisting of at least three SEAL officers of the grade of captain (O-6) to thoroughly review the revocation request and make a recommendation. The board's written results and recommendations will be forwarded to COMNAVSPECWARCOM for final endorsement and routing.

d. If the qualification revocation request is approved by COMNAVSPECWARCOM, the revocation is forwarded to BUPERS-311D via OPNAV N137.

e. Upon receipt of the qualification revocation decision, BUPERS-311D will remove the officer's AQD code "QC9" and instruct PERS-806 to change the officer's designator from 113X to 110X. The officer will no longer be authorized to wear the NSW insignia.

f. Following qualification removal:

(1) Probationary officers will be made available for reassignment within the Navy via the POCR Board process.

(2) Control grade officers will follow the guidance outlined in [MILPERSMAN 1212-010](#) and reference (c) to apply for lateral transfer unless eligible to resign or retire.

g. COMNAVSPECWARCOM may revoke an officer's qualification in special warfare as an administrative option that exists when a SEAL displays unfitness for special warfare duty. Qualification revocation should be used in instances where an officer shows potential for continued naval service. An officer may be detached for cause (DFC) from an NSW command in conjunction with qualification revocation, but DFC will be handled as a separate administrative action. The procedure for DFC is outlined in [MILPERSMAN 1611-020](#). DFC should not be executed in lieu of a revocation recommendation if an officer's conduct warrants qualification removal.

h. Officers may request reinstatement of the AQD code "QC9" and authorization to wear the NSW insignia by sending a written request to NAVSPECWARCOM. BUPERS-311D will update the officer's record if approved by NAVSPECWARCOM.

MILPERSMAN 1210-230

EXPLOSIVE ORDNANCE DISPOSAL (EOD) OFFICER

Responsible Office	BUPERS (BUPERS-3)	Phone:	DSN	882-4991
			COM	(901) 874-4991
			FAX	874-2759

References	(a) NAVMED P-117, Manual of the Medical Department (MANMED)
	(b) U.S. Navy Diving Manual
	(c) Catalog of Navy Training Courses (CANTRAC)
	(d) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications,
	Volume I, Major Code Structures

1. Designation

a. Officers selected for Explosive Ordnance Disposal (EOD) Officer training will be re-designated 119X (EOD Trainee).

b. The EOD designation (114X) is applied to all officers who have qualified, through formal training and practical experience, for duty involving

- Explosive Ordnance Disposal (EOD),
- Diving and Salvage (D & S), and
- Underwater Mine Countermeasures (UMCM).

Navy Personnel Command (NAVPERSCOM), EOD Officer Assignments (PERS-416) will approve designator change to 114X, and make the appropriate entries in the Officer Master File.

2. Eligibility. The EOD designation is open as follows:

a. Qualified Limited Duty Officers (LDO), Unrestricted Line (URL), Restricted Line (RL), and Staff Corps (SC) Officers must request a change of designator via the Semiannual Lateral Transfer and Redesignation Board as promulgated by specific NAVADMIN, prior to designation as an EOD Officer (119X/114X). See MILPERSMAN 1212-010 and 1212-020 for procedures.

b. Officers 30 years of age or less as of application receipt date in NAVPERSCOM, except officers with previous enlisted experience, who may receive a waiver (year for year) based on needs of the Navy.

c. Officers meeting medical standards as specified in reference (a), article 15-36. Officers requiring a medical waiver must submit their package **via**

- their commanding officer (CO), and
- Bureau of Medicine and Surgery (BUMED) (M3F).

Waiver authority for medical standards, as recommended by BUMED, rests with NAVPERSCOM (PERS-416).

3. **Obligated Service (OBLISERV) for Training.** Officers must agree to serve on active duty for a period of 4 years from their graduation date from EOD School. Training attrites will be obligated (month for month) to an extension of their original minimum service requirement (MSR) equal to the number of months of training completed, to be served concurrently with their original obligation.

4. **Application.** Applications requesting a change of designator will be submitted per MILPERSMAN 1212-010 or 1212-020 as appropriate. The following example will be used as an enclosure for all accession and lateral transfer requests: (Use proper letter format.)

From: [Rank, Name, XXX-XX-1234 (last four digits)/Designator]
To: Commander, Navy Personnel Command (PERS-803)
Via: (1) Commanding Officer, [member's present command]
(2) Chief, Bureau of Medicine and Surgery (M3F)
{only required for medical waivers}

Subj: EXPLOSIVE ORDNANCE DISPOSAL (EOD) OFFICER TRAINING

(2) DD 2807-1 (Rev. 3-07), Report of Medical History
(3) Report of EOD Rating Conversion Screening
(MILPERSMAN 1220-200, Exhibit 2)

1. Per reference (a), I volunteer for the Explosive Ordnance Disposal (EOD) Officer program.

2. Per reference (b) and based on the results of a medical examination, enclosures (1) and (2); and screening results, enclosure (3); I submit my eligibility for training. [Include the following if applicable.] I request a waiver to the following requirements: [specify requirements which need a waiver].

3. I understand the nature of EOD Officer duty, and I agree to:

a. Serve on active duty for a period of 4 years from my graduation date from Naval EOD School. If I attrite, I will be obligated (month for month) to an extension of my original minimum service required (MSR) equal to the number of months of training completed, to be served concurrently with my original obligation, unless released earlier by Navy Personnel Command.

b. Serve the minimum obligated service (OBLISERV) specified, regardless of whether I retain the EOD Officer qualification for 4 years.

4. Per reference (c), the following is submitted:
- a. I request change of designator to 119X.
 - b. Date and place of birth.
 - c. Source of commissioning.
 - d. Date of original commission.
 - e. Date and rank (temporary and permanent, if applicable).
 - f. Date of end of OBLISERV in the present community.
 - g. Citizenship.
 - h. Applicants associated with the surface, submarine, special warfare, EOD, and aviation communities shall validate achievement of warfare qualification. The date of qualification and the title of the qualifying officer should be included.
 - i. Additional information that the applicant feels should be brought to the attention of the selection board. Requests for waiver of any of the eligibility requirements specified in this article shall be thoroughly substantiated.
 - j. Academic Profile Code (APC). If applicants don't have an APC on file, they must submit college transcripts with their application.

(Signature)

5. **Application Endorsement.** Endorsement format:
(Use proper endorsement format.)

FIRST ENDORSEMENT on

From: Commanding Officer
To: Commander, Navy Personnel Command (PERS-803)
Via: Chief, Bureau of Medicine and Surgery (M3F)
{only required for medical waivers}

Subj: EXPLOSIVE ORDNANCE DISPOSAL OFFICER TRAINING

Ref: (d) SECNAVINST 5510.35A

1. Forwarded.
2. [Commanding officer's recommendation regarding the officer's suitability for training and subsequent assignment to Explosive Ordnance Disposal billets.]
3. [Statement regarding availability of the officer.]
4. The applicant possesses the necessary mental and emotional stability to assume nuclear weapons duties under the criteria set forth in enclosure (3) to reference (d).
5. A Background Investigation of the applicant has been initiated or completed (as appropriate).

(Signature)

6. **Application Screening**

a. All applicants must be screened by a qualified screening activity prior to requesting initial training.

b. A qualified screening activity is any EOD, diving, or training activity whose primary mission is to conduct or train, in EOD or diving operations. A qualified EOD officer will interview volunteers. Additionally, they must successfully complete the physical screening test for EOD per MILPERSMAN

1220-100, Exhibit 1, and a hyperbaric pressure test as described in reference (b). Physical screening test scores are considered to be the applicant's best effort.

7. Training

a. Up-to-date course descriptions, prerequisites, class convening dates, and designated training activities for EOD Officer core and billet specialty training are contained in reference (c).

b. Officers (re)designated EOD Officer Trainee (119X) will first complete EOD/Diver training at Naval Diving and Salvage Training Center (NAVDIVESALVTRACEN). Upon completion of dive training, officers will complete a 40-week Basic EOD course at Naval School, Explosive Ordnance Disposal (NAVSCOLEOD), Eglin Air Force Base, FL. Officers graduating from NAVSCOLEOD will be awarded AQD-KG1 (Basic EOD Officer). Officers will be awarded the 114X designator upon attaining AQD-KG5 (EOD Officer Warfare Qualification).

c. EOD Officers will not remain in the community without completing the EOD/Diver and Basic EOD courses. Those failing to complete EOD pipeline training will be processed as training attrites.

d. Officers who voluntarily or involuntarily disenroll from initial training will be made available for reassignment. Administrative action will be taken to cancel the agreement to extend officer service and to determine remaining active duty obligation. Officers who voluntarily disenroll from training must serve a minimum of 1 year prior to reapplying for the same or similar training.

8. Insignia

a. Authorization to wear EOD warfare insignia is granted to qualified officers holding appropriate designator and qualification codes as defined in reference (d).

b. Officers designated 114X and possessing AQD-KG5 are authorized to wear the EOD Officer Warfare insignia.

c. Officers designated 119X will be authorized to wear the Basic EOD Badge upon completion of Basic EOD training.

9. **Requalification**

a. The perishable skills of diving and specialized demolition, which are inherent to the profession, are requirements of all EOD officers. COs are directed to provide every opportunity for EOD officer qualifications to be maintained in the proper proficiency and periodicity.

b. Diving, parachuting, and demolition requalification will be conducted per MILPERSMAN 1220-260, 1220-030, and 1220-280, respectively.

10. **Supervisory Status**. There are limited situations where personnel are unable to meet the physical standards for EOD Officer duties to include diving, parachute, and demolition operations, through no fault or lack of diligence on the officer's part. In these few cases, officers whose significant EOD experience is of continued value to the Navy, may apply for "Supervisory Status" designation and remain in the EOD community.

a. **Eligibility**. Personnel must be

- a qualified Explosive Ordnance Disposal Officer (AQD KG5),
- remain qualified for sea duty and
- hold a supervisory qualification for the duty involved.

b. **Request Designation**. Officers may request designation for supervisory status by submitting a request letter **via** their CO and Bureau of Medicine and Surgery (BUMED), **to** NAVPERSCOM (PERS-416). Requests shall contain the following:

(1) Results of the most recent diving physical examination as enclosure (1).

(2) A brief synopsis of previous supervisory qualifications and copies of current qualification letters as enclosure (2).

c. **Designation.** NAVPERSCOM (PERS 416) will adhere to the specifications listed in MILPERSMAN Article 1220-200 when approving/disapproving the request.

MILPERSMAN 1210-240

FLIGHT METEOROLOGIST QUALIFICATIONS

Responsible Office	NAVPERSCOM (PERS-449)	Phone:	DSN	882-4110
			COM	(901) 874-4110
			FAX	882-2711

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations
-------------------	---

1. **Definition.** The term Flight Meteorologist is applied to a Meteorology and Oceanography (METOC) officer, designated as 180X or 646X, or Aerographer's Mate, NEC J00A, who is assigned to duty that involves flying as a crewmember for the specific purpose of environmental (meteorological, oceanographic, ice) reconnaissance. Examples of such billets include Ice Reconnaissance Team Members, Strategic Command (STRATCOM) METOC Officers, etc.

2. **Qualification Requirements.** A member assigned to duty as stated above shall meet the following requirements to qualify as a Flight Meteorologist:

a. Have qualified under Naval Air Training and Operating Procedures Standardization (NATOPS) (or equivalent U.S. Air Force (USAF)) standards of knowledge of aircraft systems and safety procedures.

b. Have successfully completed a course of instruction associated with their flying mission as prescribed by the appropriate type commander.

c. Have successfully accumulated and documented a minimum of 60 hours on-station time directly related to the purpose of the METOC mission.

d. Have been assigned to duty that involves flying for a period of not less than 6 months.

e. Have completed at least one of these formal educational criteria:

(1) Hold a baccalaureate or higher degree in the field of Meteorology or Oceanography from an accredited university.

(2) Successfully completed a course of instruction in the Air-Ocean Science Curriculum at the Naval Postgraduate School, Monterey, CA.

(3) Successfully completed the course of instruction at Basic Oceanography Accession Training (BOAT).

(4) Successfully completed the course of instruction at the Aerographers Mate Class C-1 School.

(5) Successfully completed Analyst Forecaster (AG-J00A) Class C-1 School.

3. **Wearing the Naval Aviation Observer Insignia**

a. Flight Meteorologist is not a designation but does carry with it the authority to wear the Naval Aviation Observer (NAO) insignia as prescribed by reference (a). Personnel are authorized to wear the insignia upon initial qualification as a Flight Meteorologist.

b. Commanding officers (COs) shall advise Navy Personnel Command (NAVPERSCOM), Oceanography Assignment/Placement Branch (PERS-449), via Commander, Naval Meteorology and Oceanography Command (CNMOC), of successful completion of all requirements. NAVPERSCOM (PERS-449) will certify completion and grant authority to wear the insignia.

c. Authority to wear the insignia continues through subsequent tours, unless revoked by NAVPERSCOM, and as long as the member remains a volunteer to Flight Meteorologist duty.

			COM	(901) 874-4079
			FAX	882-2739

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations
------------	---

1. **Background.** Special Evaluators are Information Warfare (IW) officers of the Navy and Marine Corps assigned to duty involving flying as a crewmember with Fleet Air Reconnaissance and Maritime Patrol squadrons.

2. **Naval Aviation Observer (NAO).** The term Special Evaluator is not a designation, but reflects the authority to wear the NAO insignia as prescribed by reference (a). The following officers are authorized to wear this insignia as prescribed by reference (a) and upon completion of all requirements specified herein:

- Officers assigned as crewmembers in airborne command posts.
- Special evaluators flying as crewmembers in EP-3 or P-3 aircraft.
- Limited duty and chief warrant officers designated as 632X or 732X, who are assigned to billets requiring duty involving flying.
- Non-aeronautically designated officers assigned to duty involving flying as a technical observer (DIFTECH) under orders issued by Chief of Naval Personnel (CHNAVPERS).

3. **NAO Qualification Requirements.** Officers assigned to flight duty stated above and meeting the following requirements to qualify for the NAO insignia:

a. Qualify by Naval Air Training and Operating Procedures Standardization (NATOPS) standards of knowledge of aircraft systems and safety procedures.

b. Successfully complete a course of instruction as prescribed by the appropriate type commander or a Job Qualification Requirement assigned by the officer's commanding officer (CO) associated with their flying mission.

c. Accumulate 200 hours of mission and/or training flight time related to the purpose of their assignment to duty involving flying.

d. Are assigned to duty involving flying for a period of not less than 6 months.

4. Procedure for Documenting Completion of Requirements

a. COs shall advise Navy Personnel Command (NAVPERSCOM), Information Warfare (IW) Branch (PERS-472) of successful completion of all requirements and provide copies of the documents that certify completion of the requirements listed above.

b. NAVPERSCOM (PERS-472) will certify completion, grant authority to wear the insignia, and enter the NAO additional qualification designator **BD1** in the officer's record. Such authority to wear the insignia continues through subsequent tours, unless revoked by NAVPERSCOM, as long as the officer remains a volunteer for flight duty as Special Evaluator.

AVIATION OPERATIONS OFFICERS AND NON-AERONAUTICALLY DESIGNATED OFFICERS AND ENLISTED ASSIGNED DUTY INVOLVING FLYING

Responsible Office	OPNAV (N13)	Phone:	DSN	223-2306
			COM	(703) 693-2306
			FAX	224-1189
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Background.** The Naval Aviation Observer (NAO) Program provides an opportunity for limited duty officers, warrant officers, and fleet personnel to become career observers. The NAO Program for limited duty officers and warrant officers is a continuation of their prior enlisted service flying in either fixed-wing aircraft or helicopters. However, as a continuation of prior enlisted service, the skill set needed for the NAO qualification increases in scope and becomes more technically demanding. Therefore, further training is required to adequately fulfill this new skill set. For non-aeronautically designated officers and enlisted, this program is for special assignment flying in either fixed-wing or helicopter aircraft not covered under the Naval Aircrew Program.

2. **Eligibility:**

a. Aviation Operations limited duty officers designated 632X, assigned duty involving flying operations (DIFOPS) orders and are logged into DIFOPS billets (XXX1 or XXX2);

b. Aviation Operations Technician warrant officers designated 732X, assigned DIFOPS orders and are logged into DIFOPS billets (XXX1 or XXX2);

c. Non-aeronautically designated officers and enlisted with distributable Navy enlisted classifications 776A, A18A, C06A, and L00A, who are assigned to billets requiring duty involving flying, will be eligible to be designated as NAOs. Enlisted will be eligible under duty involving flying/temporary (DIFTEM) orders and officers will be eligible under duty involving flying

as a technical advisor (DIFTECH) orders, approved by type commander, and issued by Commander, Navy Personnel Command.

3. **Revocation.** The right to wear the NAO insignia continues through subsequent tours, unless revoked by Head, Aviation LDO/CWO Assignments Branch (PERS-434D), and as long as the individual remains a volunteer for flight duty. Enlisted personnel are authorized to wear the NAO insignia as long as they maintain eligibility.

4. **Requirements.** An officer or enlisted assigned to a billet requiring flying, crewmember, or technical observer must meet the following requirements to qualify for the NAO insignia:

a. Maintain a current flight physical and must have volunteered for duty involving flying.

b. Qualified under Naval Air Training and Operating Procedures Standardization or other service standard of knowledge of aircraft systems and safety procedures.

c. Successfully completed a course of instruction associated with their flying mission as prescribed by the appropriate type commander. The course of instruction can be based on experience and or a personnel qualification standard developed by the concerned command.

d. Accumulated 200 flight hours in fixed-wing aircraft, or 150 flight hours in rotary-wing aircraft to ensure a complete understanding and proficiency in the specific operational mission which must be directly related to the purpose of their assignment to duty involving flying.

5. **Restrictions to the Award of the NAO Designation:**

a. Award of the NAO insignia retroactively is not authorized. Qualifications earned in the past shall not count toward award of a current NAO request. No request shall be approved with previous naval service qualifications.

b. Qualifications earned when previously designated as aircrew or an aeronautically designated (officer or enlisted) cannot be used to qualify for a current NAO request. All submissions must contain only current qualifications.

6. The NAO, DIFTECH, and DIFTEM request template is attached as Enclosure (1).

			COM	(703) 692-4610
			FAX	222-4635

References	(a) NAVPERS 15665I, U. S. Navy Uniform Regulations
------------	--

1. Assignment of Designator

a. Approved qualification shall be forwarded to Navy Personnel Command (NAVPERSCOM), Staff/RL Officer Distribution Division (PERS-44). Upon receipt, NAVPERSCOM will assign the appropriate Additional Qualification Designator (AQD) to the officer qualified.

b. Qualified Surface Warfare Officers transferring into the Medical Corps and attaining Surface Warfare Medical Department Officer (SWMDO) designation will be assigned AQD LA7 in addition to retaining the AQD LA9.

2. Authority to Wear the Insignia

a. Qualification under the aforementioned standards and procedures entitles an officer to wear the SWMDO insignia per reference (a). The achievement should be recognized at an appropriate ceremony and relevant comments shall be included in the officer's next regular report of fitness.

b. Officers transferring into the Medical Corps who were previously authorized to wear other warfare specialty insignia may wear these insignia following reference (a).

3. Revocation Qualification

a. A SWMDO will retain such qualification until revoked by NAVPERSCOM.

b. A commanding officer (CO), or any immediate superior in command (ISIC) in the individual's chain of command, may

recommend revocation of the SWMDO designation when an officer's performance of surface warfare duties afloat is unsatisfactory.

4. **Detachment for Cause (DFC)**. A recommendation for revocation of such qualification shall not be made in lieu of DFC, nor shall recommendations automatically be included in cases of DFC. Revocation may be considered and recommended coincidentally with a DFC, but shall be handled administratively as a separate action by NAVPERSCOM. Upon revocation, the officer's AQD of LA7 and LA9, if applicable, will be removed.

	(f) NAVPERS 15665I, U.S. Navy Uniform Regulations

1. **Designation.** Director, Ocean Facilities Program, Naval Facilities Engineering and Expeditionary Warfare Center designates qualified Civil Engineer Corps (CEC) officers as Navy OFP officers. Upon qualification, Navy OFP officers may be assigned to CEC billets, coded with 1103 subspecialty per reference (a).

a. Qualifications for CEC officers with "5100" officer designator:

(1) Meet the requirements of a designated "basic diving officer" prescribed in MILPERSMAN 1210-140.

(2) Completion of Naval Postgraduate School (NPS) approved curriculum number 472, leading to a master's degree in ocean engineering, per reference (b), or equivalent education and fulfillment of all requirements necessary to obtain the 1103 subspecialty code.

b. Qualifications for CEC limited duty officers with "6530" officer designator:

(1) Meet the requirements of a designated "basic diving officer" prescribed in reference MILPERSMAN 1210-140.

(2) Have appropriate experience and demonstrated proficiency in technical aspects and management of underwater construction and ocean facilities and engineering related projects.

2. **Eligibility**. Director, OFP may grant or process a waiver on a case-by-case basis. Members applying for accession into the Navy OFP must satisfy the following requirements:

a. **Designation/Rank**. Be currently serving as an active duty U.S. Navy CEC officer (5100 or 6530). Applicants must not yet be in-zone for the rank of lieutenant commander at the time of application.

b. **Obligated Service (OBLISERV)**. Subsequent to completion of dive training and graduate school, agree to serve on active duty for a specified period; per MILPERSMAN 1210-140, reference (c), or until completion of previously acquired minimum OBLISERV; whichever is longer.

c. **Physical/Medical Requirements**. Meet all physical and medical requirements for basic diving officer prescribed in MILPERSMAN 1210-140 and reference (d). Additional qualifications include:

(1) Maximum age is 35 (may be waived).

(2) If not completed by a Navy undersea medical officer, DD 2808 Report of Medical Examination and DD 2807-1 Report of Medical History must be submitted to a qualified undersea medical officer for review upon completion of diver physical. DD 2808 should state the purpose of the exam is "diving duty." DD 2808 and DD 2807-1 may be accessed by using the following Web address: <http://www.dtic.mil/whs/directives/forms/dd/ddforms2500-2999.htm>.

(3) Be within established Navy body composition assessment standards per reference (e).

(4) Be physically qualified, as demonstrated by the ability to successfully perform the diver physical screening test (PST) per MILPERSMAN 1220-410:

Sequence

500 yard (450 meter) swim
10 minute rest
Maximum push-ups in 2 minutes
2 minute rest
Maximum curl-ups in 2 minutes
2 minute rest
Maximum pull-ups (no time limit)
10 minute rest
1.5 mile run (in PTU)

Minimum Scores

Swim: 12:30
Push-ups: 50
Curls-ups: 50
Pull-ups: 6
Run: 12:30

(a) No alterations to the test are permitted. The test must be administered exactly as indicated in MILPERSMAN 1220-410.

(b) Testing Males and Females. Diver PST standards are identical for both male and female applicants.

(c) The diver PST must be administered by a diving officer; underwater construction technician; U.S. Navy diver; sea, air, and land force (SEAL); explosive ordnance disposal (EOD) technician; or a fully qualified and designated Navy command fitness leader.

(5) Successfully complete a hyperbaric chamber pressure tolerance test to a pressure equivalent to 60 feet of seawater. Contact nearest recompression chamber facility or Navy diving command for arrangement to take this test.

Note: This test may be performed only after completion of medical screening, as outlined above. It is further recommended that the hyperbaric test be performed after completing the diver PST. The diver PST is not a prerequisite for a hyperbaric chamber test for the OFP application process; however, it may be a prerequisite for the command performing the test.

(6) Medical Waivers. Individuals who do not meet the medical standards in MILPERSMAN 1210-140 and reference (d) must submit a request for a waiver for the physical standards, per reference (d), to Navy Personnel Command (NAVPERSCOM), EOD Officer Assignment and Placement Branch (PERS-416) via:

(a) Officer's CO; and

(b) Bureau of Medicine and Surgery (BUMED),
Director, Undersea Medicine and Radiation Health (BUMED M3B3).

d. Eligibility for Security Clearance. Applicants must be eligible for a security clearance.

3. Application

a. **Content.** Applications for acceptance into the Navy OFP must include the following:

(1) CO's endorsement.

(2) Officer Biography. There is no format prescribed for the biography.

(3) Current officer summary record (OSR).

(4) Current performance summary record (part III).

(5) Four most recent fitness reports (FITREPs).

(6) Report of interview with a Navy OFP officer (interview with a Navy OFP officer serving on active duty who is a lieutenant commander or senior). Interview must be less than 2 years old at the time of submission. If an interview was conducted more than 2 years prior, an addendum from the original interview officer may be submitted with the original report. The applicant is not limited to one OFP officer interview and may submit additional interviews with the application package.

(7) Undergraduate academic transcript.

(8) Report of Graduate Record Exam (GRE) Score. Applicants are required to take the GRE and submit their scores. Test must be taken within 3 years prior to application. No minimum score is required by the selection board; however, GRE scores will be used to provide a quantitative breakout amongst

the applicants. Additionally, the applicant must meet the requirements of any Ocean Engineering Graduate Program for which they apply.

(9) Report of Diver PST. Test scores are valid for 1 year.

(10) NAVMED 6150/2 Special Duty Medical Abstract. Indicate "PQ" for dive duty and report of hyperbaric chamber pressure tolerance test. Individuals unable to meet the medical standards, as specified in reference (d), who are submitting a waiver to BUMED (M3B3) must also include their full diving medical examination to include DD 2808, DD 2807-1, and all supporting medical documentation. Do not send original documents. After BUMED (M3B3) review and endorsement, all supporting medical documentation must be removed from the application package and destroyed appropriately.

b. **Letter Format.** Applications for acceptance into the Navy OFP must be submitted via the applicant's commanding officer (CO) to Director, OFP (use proper letter format, see exhibit 1).

c. **Endorsement Format.** Use proper endorsement format (see exhibit 2).

d. **Personally Identifiable Information (PII).** Unless specifically directed otherwise, the applicant must remove all social security numbers from their application enclosures.

e. **Addresses.** The following mailing addresses will be used for Director, OFP and BUMED (M3B3):

Director, Ocean Facilities Program
Naval Facilities Engineering and Expeditionary Warfare Center
1000 23rd Avenue
Port Hueneme, CA 93043-4301

Bureau of Medicine and Surgery (M3B3)
Undersea Medicine and Radiation Health
7700 Arlington Blvd
Falls Church, VA 22042

f. **Submission Deadline.** The deadline for submission of an OFP application to the Director, OFP is 1 July of each calendar year. Applicants must plan for the time required to route the application through their chain of command and the time required

to mail their application. Additional time will be required if medical waivers are requested.

4. **Application Screening.** Submit the application package as indicated above with a PDF copy to Navy Personnel Command (NAVPERSCOM), Civil Engineering Corps Officer Branch (PERS-4413). An advance PDF copy should be sent directly to the Director, OFP. After submission of package, contact NAVPERSCOM (PERS-4413) to initiate a security clearance eligibility review.

5. **Training.** CEC officers with officer designator 5100 who voluntarily or involuntarily disenroll from the OFP training pipeline (basic dive officer training and ocean engineering graduate education) will be made available for reassignment by NAVPERSCOM (PERS-4413). Administrative action will be taken to cancel the agreement to extend the officer's obligated service and to determine the remaining active duty obligation. The officer will also be dropped from the Navy OFP. Requests to resume the OFP training pipeline may be made by letter to the Director, OFP via the officer's CO and will be considered on a case-by-case basis.

6. **Insignia.** Navy OFP officers are authorized to wear the "basic diving officer" insignia upon attainment of the diving officer qualification per MILPERSMAN 1210-140 and reference (f).

7. **Requalification**

a. The perishable skills of diving, which are inherent to the profession, are requirements of all Navy OFP officers, subspecialty 1103. Diving requalification will be conducted per MILPERSMAN 1220-260.

b. COs are directed to provide every opportunity for Navy OFP officer qualifications to be maintained in the proper proficiency and periodicity.

8. **Revocation and Reinstatement of Qualifications**

a. Officers may request removal of diving related Navy officer billet classifications (NOBCs) or additional qualification designators (AQDs) by sending a letter to NAVPERSCOM (PERS-416), via their chain of command and Director, OFP. Removal of the diving NOBCs or AQDs will disenroll the officer from the Navy OFP.

b. Revocation of diving officer designations may be considered only by an appointed board convened by the appropriate CO in the officer's chain of command. The board must have at least one Navy OFP officer with the rank of lieutenant commander or senior. The board must evaluate the operational ability, motivation, and reliability of officers in their performance of duty. The board's recommendation must be forwarded via the convening authority and Director, OFP to NAVPERSCOM (PERS-416) for final determination. NAVPERSCOM (PERS-416) will revoke the diving officer designation and disenroll the officer from the Navy OFP.

c. Officers may request reinstatement of former diving designation by sending a letter to NAVPERSCOM (PERS-416) via their CO and Director OFP.

Reference(s)	(a) OPNAVINST 1412.15
	(b) NAVPERS 15665I, U.S. Navy Uniform Regulations

1. **Policy.** Supply Corps officers serving within Navy Expeditionary Combat Command or naval special warfare community shall obtain the Navy Expeditionary Supply Corps officer (NESCO) warfare qualification while assigned to a qualifying billet per reference (a).

2. **Assignment of Designation.** Approved qualification shall be forwarded to Navy Personnel Command (NAVPERSCOM), Supply Assignments/Placement Branch (PERS-4412) via the appropriate type commander who will certify achievement of the required supply management certification standards. Upon receipt, NAVPERSCOM will assign the additional qualification designator (AQD) 93E to the qualified officer.

3. **Authority to Wear the Insignia.** Qualification, per reference (a), entitles an officer to wear the NESCO warfare insignia, see reference (b). Officers transferring into the Supply Corps who were previously authorized to wear other warfare specialty insignia may continue to wear these insignia per reference (b).

4. **Revocation of Qualification.** A NESCO will retain such qualification, unless revoked as follows:

a. A commanding officer or any immediate supervisor in command in the individual's chain of command may recommend revocation of NESCO designation when an officer's performance as an expeditionary logistician is deemed unsatisfactory.

b. Such a recommendation, with supporting rationale, shall be forwarded to NAVPERSCOM. The correspondence recommending the revocation shall be submitted via the officer concerned, and the officer shall be afforded the opportunity to submit a written statement concerning the matters set forth.

c. If the officer does not desire to submit a statement, that officer shall be directed to signify the following in writing:

(1) The correspondence has been read;

(2) He or she understands that if the recommendation is approved by Chief of Naval Personnel, it will be filed in his or her official military personnel file; and

(3) He or she does or does not desire to make a statement.

5. **Detachment for Cause (DFC)**. A recommendation for revocation of qualification shall not be made in lieu of DFC, nor shall recommendations automatically be included in cases of DFC. Revocation may be considered and recommended coincidentally with a DFC, but shall be handled administratively as a separate action by NAVPERSCOM.

			COM	(901) 874-4371

MyNavy Career Center	Phone:	Toll Free	1-833-330-MNCC (6622)
	E-mail:		askmncc@navy.mil
	MyNavy Portal:		https://my.navy.mil/

1. **Policy.** The Navy Personnel Command (NAVPERSCOM) assigns a designator for administrative purposes to each officer at the time of appointment in the Navy to reflect what the officer is qualified to perform. A board convened to consider applications from active duty officers for lateral transfer and redesignation between the Unrestricted Line, Restricted Line, and Staff Corps meets semi-annually, in April and in October. All changes of designator and lateral transfer of inactive duty officers are administratively done, without board action, by NAVPERSCOM (PERS-912).

2. **Applicability of this Article.** This article is applicable to Regular and Reserve officers desiring lateral transfer or change of designator. Change of designator from Reserve to Regular is governed by MILPERSMAN 1131-020. Redesignation of limited duty officers (LDOs) and chief warrant officers (CWOs) is addressed in MILPERSMAN 1212-020 and 1212-030.

3. **Changes of Designator for which NAVPERSCOM is Responsible.**
The following designator changes are the responsibility of NAVPERSCOM (PERS-4) and do not require formal board action:

a. Designator changes as a result of individual qualification within a community:

116X to 111X,
117X to 112X,
139X to 131X,

137X to 132X,
119X to 114X,
118X to 113X,
146X to 144X, and
164X to 161X.

b. Designator changes as a result of student officers (19XX) having completed professional requirements for appointments.

c. Designator changes as a result of NAVPERSCOM (PERS-4) or medical board action, NAVPERS 1212/1, Cover Sheet for Individual Request for Officer Designator Change, such as revocation or restoration of status.

d. Designator changes as a result of disenrollment from entry-level training programs. Officers who are disenrolled from entry-level training programs will be considered on a case by case basis for assignment per their preference as indicated in the message report of disenrollment, consistent with current service needs. Officers disenrolled from unrestricted-line-entry-level training programs shall normally be reassigned in the unrestricted line. Exceptions may be made when it is determined that the needs of the Navy may be met in the restricted line or a staff corps. Officers who are disenrolled from entry-level training programs may be released from active duty dependent on the needs of the Navy.

e. Officers designated for participation in the Engineering Duty Officer (ED) Option Program or the Oceanography Option Program at the time of initial appointment. A letter request must be sent via the commanding officer to the NAVPERSCOM (PERS-445 or PERS-449 as appropriate) indicating completion of the specified requirements of the program, including surface or submarine warfare qualification and requesting designator change from 11XX to 146X or 180X as appropriate.

f. Officers desiring a change of designator within the unrestricted line. Applications are required and should be sent to the NAVPERSCOM (PERS-4) via their commanding officer in proper letter form.

g. Officers redesignated as trainees in an unrestricted line warfare designator.

4. **Requirements for Lateral Transfer.** Lateral transfer between the Unrestricted Line, Restricted Line, and Staff Corps may be requested by active duty Regular and Reserve officers who meet the following general requirements:

a. Must have completed at least 24 months of active commissioned service above the grade of CWO4. An officer may not request transfer from the Unrestricted Line until within 6 months of completing obligatory service in the present community as a result of functional training received (training received that further enables an Unrestricted Line officer to perform their duties such as department head school). Officers desiring transfer between 13XX and 15XX communities can apply for exemption from this requirement.

b. Surface (11XX) officers who are under orders to Department Head School may not laterally transfer until completion of initial Department Head Tour.

c. Officers associated with the

surface (111X),
submarine (112X),
special warfare (113X),
aviation (13XX), and
special operations (114X)

communities shall have achieved warfare qualification before applying. Officers who are exempted from participation in warfare qualification programs must complete a minimum of 2 years of active commissioned service before applying. Applicants will be judged on the merit of their performance record and other professional qualifications achieved.

d. Must meet the physical standards appropriate to the grade as established by the Director of Naval Medicine/Surgeon General of the Navy (OP-093).

e. Must be of such age that total active commissioned service will not exceed 20 years upon reaching age 55. Officers requesting transfer to the Medical or Dental Corps must be able to complete 20 years active commissioned service by age 60.

f. Officers must possess at least a Baccalaureate Degree. Inasmuch as officers recommended for lateral transfer must compete with their contemporaries for promotion and duty

assignment, they should possess similar educational backgrounds. Specific educational requirements are set forth under each designator listed in this article.

g. Except for officers selected for ADO, Fleet Support, and JAG Corps, must agree to serve on active duty at least 2 years from the date of the designator change. ADO, Fleet Support, and JAG Corps officers must agree to serve on active duty at least 3 years.

h. For nuclear-trained submarine and surface officers:

(1) Submarine warfare officers must have completed a tour as department head or be senior to those so assigned.

(2) Surface warfare officers must have completed a tour in a LCDR-grade nuclear billet aboard a nuclear-powered ship or be senior to those so assigned. Except for Nuclear trained surface warfare officers applying to become nuclear trained engineering duty officers (EDO(N)).

i. If serving under an agreement for nuclear career continuation pay, must be within 1 year of completion of the obligation as an Unrestricted Line officer.

j. Eligible reserve officers on the active duty list in grades 0-4 and above must be willing to accept reappointment in the Regular Navy if tendered

5. Officers Transferring Between the Line and the Staff Corps.

All officers of the Line requesting transfer into a Staff Corps and all Staff Corps officers requesting transfer into the Line of the Navy or into another Staff Corps must be serving in a grade not above lieutenant commander. Grade limitations for Line officers requesting a change of designator within the Line are specified in the following blocks.

6. Eligibility Guidelines for Judge Advocate General's Corps (250X). Except for an officer who is attending law school under the Law Education Program, an applicant must:

a. be a graduate of a law school accredited by the American Bar Association and be a member of the bar of a Federal Court or the highest court of a State, a U.S. Territory, the District of Columbia, or the Commonwealth of Puerto Rico.

b. not have served more than 2 years and 6 months as a lieutenant commander.

c. agree to an entry grade service credit limitation (normally 4 years) at the time of appointment in the Judge Advocate General's Corps per SECNAVINST 1120.5A.

d. agree to serve on active duty for at least 3 years computed from the date of appointment in the Judge Advocate General's Corps. Applicants attending law school under the Law Education Program will serve the active duty obligation incurred as a result of participation in that program.

7. **Eligibility Guidelines for the Supply Corps (310X)**

a. Educational background should be in business, industrial engineering, or other disciplines with demonstrated quantitative orientation (i.e., engineering or mathematics). Although a degree in these fields of study is not mandatory for selection, strong consideration is given for these academic backgrounds. Candidates without these concentrations should consider taking additional business/quantitative courses to enhance their selection potential.

b. Applicants will be considered from any designator, but primary consideration will be given to warfare-qualified officers from the 111X, 112X, and 13XX designators. Strong performance records, when coupled with weapons systems experience, provide the most desirable mix of qualifications for transition into the Supply Corps.

c. Applicants must have completed at least 2 years of active commissioned service, but not more than 3 years as a lieutenant by the convening date of the board.

8. **Eligibility Guidelines for Civil Engineer Corps (510X)**

Limitations for Civil Engineer Corps (510X) are as follows:

a. Applicants should have a strong educational background in engineering or architecture.

(1) Engineering degrees must be accredited by the Accreditation Board for Engineering and Technology (ABET). The preferred fields of study are civil, mechanical, and electrical engineering. Other ABET-accredited engineering degrees may be considered on a case-by-case basis. Applicants holding a valid

certificate as an Engineer-in-Training will be given primary consideration.

(2) Architectural degrees must be accredited by the National Architectural Accrediting Board (NAAB).

(3) Transcripts must be included with application.

b. Applicants will be considered from any designator, but primary consideration will be to warfare-qualified officers from the 111X, 112X, and 13XX designators. Strong performance records, when coupled with a warfare specialty, provide the most desirable mix of qualifications for transition into the Civil Engineer Corps.

c. Applicants must have completed at least 2 years of active commissioned service but not more than 3 years as a lieutenant by the convening date of the board. Applicants with less than 5 years commissioned service will be given primary consideration.

9. **Eligibility Guidelines for Engineering Duty (146X)**

a. Undergraduate degrees should be in engineering or the physical sciences with evidence of academic excellence (normally a B-minus or better average with a class standing in the top third). Attainment of an MS or higher degree from an accredited college or university, or enrollment and satisfactory performance in a program at an accredited college or university, which leads to an MS, or higher degree, supersedes baccalaureate requirements. All courses involved in such graduate-level education shall be in an engineering or physical science field that is directly related to the responsibilities of the Naval Sea Systems Command or Space and Naval Warfare Systems Command. Specific curricula which qualify are those listed for the 14XX designator in the current OPNAVNOTE 1520 which promulgates information on the Navy's postgraduate education program.

b. The officer should be surface or submarine-warfare qualified.

10. **Eligibility Guidelines for Aeronautical Engineering Duty (Aeronautical Engineering, 151X)**

a. There are limitations for personnel applying for Aeronautical Engineering Duty. Applicants

(1) should possess a Master of Science degree in engineering or the physical sciences or possess a Bachelor of Science degree in engineering or the physical sciences in combination with a Master's-level degree in management or applied science. Preferred fields of study are aeronautical, electrical, mechanical engineering, or physics. Applicants currently selected for or enrolled in a post-graduate program, who will satisfy one of these requirements upon successful completion of the program, are considered eligible to apply.

(2) must be aviation-warfare qualified.

(3) should have at least 4 years of sea duty in fleet units with a sound and extensive background of operational experience.

(4) must have attained the rank of lieutenant but must not have served more than 3 years as a commander.

b. A waiver of the requirements listed will be considered for Reserve officers in the grade of lieutenant commander or below on inactive status who have a Bachelor of Science degree in engineering, computer science, or the physical sciences; are currently enrolled in a Master's degree program in management or applied science (or have demonstrated the capability of successfully completing such a program); have minimum of 2 years of experience in the aerospace industry or related government agencies; and are recommended for approval by the designator advisor (Commander, Naval Air Systems Command).

11. **Eligibility Guidelines for Aeronautical Engineering Duty (Aviation Maintenance, 152X)**. Preferred fields of study for Aeronautical Engineering Duty are business, engineering, and physical sciences. Applicants must:

a. possess a sound and extensive background in aviation maintenance in the operational force. Officers in a flying status are required to terminate their flying status before appointment.

b. be in the grade of commander or below.

12. **Eligibility Guidelines for Special Duty, Cryptology (161X)**

a. Preferred fields of study for special duty in Cryptology are engineering, science, mathematics, operations research, physics, information warfare, or computer science. Other fields of study will be considered on a case by case basis.

b. Applicants must be in the grade of lieutenant or below. Before appointment, must be eligible for access to Special Intelligence information based on a Background Investigation completed not more than 5 years before the year the application is made. Applicants not possessing the requisite access authority and clearance shall execute an SF-86, Personnel Security Questionnaire (BI/SBI) under OPNAVINST 5510.1.

13. **Eligibility Guidelines for Special Duty, Intelligence (163X)**

a. Preferred fields of study for special duty in Intelligence are engineering, science, history, political science, and international relations. Other fields of study will be considered on a case by case basis.

b. Applicants shall be in the grade of lieutenant or below. Although not a pre-requisite, previous experience in intelligence is preferred.

c. Before appointment, applicants must be eligible for access to Special Intelligence information based on a Background Investigation completed not more than 5 years before the year the application is made. Applicants not possessing the requisite access authority and clearance shall execute an SF 86, Personnel Security Questionnaire (BI/SBI) under OPNAVINST 5510.1.

14. **Eligibility Guidelines for Special Duty, Fleet Support (170X)**

a. Preferred fields of study are business, computer science, information systems management, electrical engineering, physics, mathematics, statistics, operations research and public administration.

b. Applicants will be considered from any designator; however, primary consideration will be given to warfare qualified officers from the 111X, 112X, and 13XX designators.

c. Prior experience and/or a Masters Degree is preferred in: base/station/installation/facilities management, transportation, military sealift, financial management, operations analysis, operations logistics (Logistics Support core competency); accessions processing, recruiting, manpower analysis, personnel systems, training systems (Manpower, Personnel and Training core competency); ADP management, information systems, communications, electronic warfare, information warfare, command and control, space systems operations or engineering, systems networking, electrical engineering, computer science (Space and Electronic Warfare core competency).

d. While strong leadership skills and a warfare specialty provide the most desirable mix of qualifications for transition into Fleet Support, non-warfare qualified 11XX or 13XX applicants with outstanding performance records in assignments relevant to the core competency elements listed above may be considered.

e. All applicants shall be in the grades Lieutenant (junior grade) to Commander. Requirements will determine quotas by grade and core competency.

15. Eligibility Guidelines for Special Duty, Public Affairs (165X)

a. Preferred fields of study for special duty in Public Affairs are public relations, communications, journalism or marketing.

b. Applicants shall be in the grade of Lieutenant Commander or below. Although a warfare qualification is desirable, it is not a requirement. Prior experience in a public affairs billet, or as a collateral duty public affairs officer, is encouraged but not required for a lateral transfer request.

16. Eligibility Guidelines for Special Duty, Oceanography (180X)

a. Preferred fields of study for special duty in Oceanography are meteorology or physical oceanography.

Acceptable fields of study are mathematics, physics, geophysics, or engineering with at least 1 year (30 semester hours) of courses in meteorology or oceanography. Acceptance for enrollment in the graduate study air-ocean science curriculum at the Naval Post-graduate School satisfies educational requirements.

b. Shall be in the grade of lieutenant commander or below and prior operational experience in a meteorology, oceanography, or hydrography billet is highly desirable.

17. **Eligibility Guidelines for Medical Corps (210X), Dental Corps (220X), Medical Service Corps (230X), and Nurse Corps (290X)**. Requirements are contained in SECNAV instructions concerning the appointment of officers in the Medical Corps, Dental Corps, Medical Service Corps, and Nurse Corps.

18. **Eligibility Guidelines for Unrestricted Line (11XX or 13XX)**. Applicants should not be above the grade of Lieutenant Commander.

19. **Lateral Transfer: Chaplain Corps**. Lateral transfer to the Chaplain Corps is not authorized. However, applications for lateral transfer from the Chaplain Corps will be considered and should be forwarded via the Chief of Chaplains (N1G).

20. **Application Package Contents**

a. Applications from active duty officers shall be submitted in proper letter form to the NAVPERSCOM (PERS-801G) via their commanding officer to be received 60 days prior to the convening date of the Selection Board.

b. Applications for lateral transfer or change of designator shall include the following:

(1) Designator(s) for which application is made listed in order of preference (a maximum of two may be requested). Reserve officers may request concurrent reappointment in the Regular Navy if they meet eligibility requirements stated in MILPERSMAN 1131-020. Applicants must ensure that their applications contain all the information required by both this article and by MILPERSMAN 1131-020.

(2) Date and place of birth.

(3) Source of commissioning under current appointment: NROTC (Scholarship or College Program), Naval Academy, OCS, AOCS, NESEP, ROC, direct appointment from civilian status, etc.

(4) Date of original commission.

(5) Date of rank (temporary and permanent, if applicable).

(6) Date of end of obligated service in the parent community.

(7) Applicants for Special Duty, Cryptology, (161X) and Intelligence (163X) must submit an SF 86, Personnel Security Questionnaire, with the application package. Upon selection to the 161X or 163X designator, a Special Background Investigation (SBI) must be initiated and redesignation is contingent upon the successful completion of the SBI and eligibility for Special Compartmented Intelligence access.

(8) Citizenship (if naturalized, include naturalization number).

(9) If designators 14XX or 151X are requested, a transcript of all college work completed is required with evidence of any degrees awarded indicated on the transcript. If designator 154X is requested, the following information should be provided: instrument rating, total flying hours, first pilot hours, first pilot hours within last 12 months, aircraft in which current (as of application submission date), last aircraft flown by type, total hours, date last flown, and aviation combat experience.

(10) Applicants whose physical qualification for Unrestricted Line duty might be revoked or applicants who are applying for transfer into the Unrestricted Line must include two copies of SF 88, Report of Medical Examination, and one copy of SF 93, Report of Medical History. Applications of those members who do not meet the published visual standards may be forwarded for consideration.

(11) Applicants associated with the surface, submarine, special warfare, special operations, and aviation communities shall validate the achievement of warfare qualifications and other significant qualifications. The date of qualification and title of the qualifying officer should be included.

(12) If designator 250X is requested, evidence of receipt of a law degree from an accredited law school and evidence of current good standing before an appropriate court, as indicated in the block concerning "Limitations for Judge Advocate General's Corps," in this article must be submitted.

(13) If designator 170X is requested indicate first and second choice of core competencies.

(14) If designator 510X is requested, a transcript of all college work completed is required with evidence of any degrees awarded indicated on the transcript.

(15) Reserve officers on the active duty list in grades 0-4 and above must state that they are willing to accept Regular appointment if tendered. Such applicants must also make sure their applications contain all information required by both this article and MILPERSMAN 1131-020.

(16) Additional information, which the applicant feels, should be brought to the attention of the selection board. Requests for waiver of any of the eligibility requirements specified in this article shall be thoroughly substantiated.

(17) The commanding officer's endorsement should discuss the motivation and potential of the applicant and provide a specific recommendation concerning the request.

(18) The following designator advisors shall be provided with a copy of requests for the designators indicated:

Designator Advisor	Command
Engineering Duty (146X)	Commander, Naval Sea Systems Command (Code 00Z)
Aeronautical Engineering Duty (151X) and Aeronautical Maintenance Duty Officer (152X)	Commander, Naval Air Systems Command (Code AIR 8.0P)
Special Duty, Cryptology (161X)	Commander, Naval Security Group Command
Special Duty, Intelligence (163X)	Commander, Naval Intelligence Command
Special Duty, Public Affairs (165X)	Chief of Information (Code 0I 07)
Special Duty, Oceanography (180X)	Oceanographer of the Navy
Judge Advocate General's Corps (250X)	Judge Advocate General (Code 61)
Medical Service Corps (230X)	Chief, Bureau of Medicine and Surgery (BUMED-51)
Civil Engineer Corps (510X)	Commander, Naval Facilities Engineering Command (Code SEABEE A1)

21. Selection Process

a. Applications for lateral transfer submitted under this article will be considered by the semi-annual selection board convened by the Secretary of the Navy that meets in conjunction with the Regular Navy Transfer Board in April and October. Applications received after the deadline dates will be referred to the next scheduled board. Results of the board's deliberations will be published by an ALNAV.

b. Reserve officers on the active duty list in grades O-4 and above selected for lateral transfer will be tendered regular commissions, if eligible, when Regular officer authorized strength within the gaining community permits. Reserve officers in [in grades O-3 and below who request lateral transfer or redesignation under this article] concurrent with reappointment in the Regular Navy may be tendered a Regular appointment depending on the recommendations of the Board. Active duty officers can expect assignment to a billet appropriate to their new designation within 6 months from approval of lateral transfer or change of designator or at projected rotation date (PRD), whichever occurs earlier.

22. **Number of Officers Who May Transfer.** The Navy Personnel Command may set limits on the number of officers transferring to and from each community per the needs of the service.

23. **Appointments and Redesignations.** Appointments and redesignations of applicants selected for lateral transfer or redesignation shall be made under SECNAVINST 1210.5A.

24. **Eligibility Guidelines for Inactive Duty Officers.** Inactive duty officers may request a change of designator or lateral transfer without formal board action if they satisfy the educational requirements of the requested community (refer to block describing "Limitations for Judge Advocate General's Corps," in this article), and the following grade limitations:

a. Shall be in the grade of commander or below for change or reappointment to designator 1525, 1615, 1635, 1655, or 2505.

b. Shall not have reached the third anniversary of the date of rank as commander as of the date of application for designators 14X5 or 1515.

c. Shall be in the grade of commander or below for change to designator 1805.

d. Shall not have reached the third anniversary of the date of rank as lieutenant as of the date of application for reappointment to designators 3105 and 5105.

e. Shall, if accessed by direct appointment, have served a minimum of 3 years in designator specialty as of the date of application.

25. **Submission Process for Inactive Duty Officers**

a. Inactive duty officers desiring a change of designator or lateral transfer shall submit requests to NAVPERSCOM (PERS-912).

b. Members not participating in a Naval Reserve Program shall forward requests via the Naval Reserve Personnel Center (NAVRESPERCEN).

c. Members attached to a Naval Reserve unit shall forward requests via their commanding officer, appropriate Readiness Commander or Naval Air Activity, Chief of Naval Reserve

(Code 22) and the designator advisor for the following designators:

146X,
151X,
152X,
161X,
163X,
165X,
180X, and
250X.

d. Members desiring to effect a change of designator to Chaplain, Medical Service, Dental, Medical or Nurse Corps must be processed for an appointment in the appropriate corps. Such requests are processed through a Navy Recruiting activity.

e. Members desiring to change their designator to Surface Warfare Officer (1115) must complete all requirements under OPNAVINST 1412.2G and be certified as qualified by the commanding officer of a commissioned ship to which attached for duty. The certification letter may be sent directly to NAVPERSCOM (PERS-912) for validation and filing in the record.

f. Nuclear-trained officers shall additionally submit their request via NAVPERSCOM (PERS-42) for screening and approval for transfer from the submarine and surface nuclear communities.

g. All other members desiring a change of designator shall forward requests via their commanding officer, appropriate Readiness Command or Naval Air Activity, Chief of Naval Reserve (Code 22), and the appropriate sponsor.

h. Requests for change of designator shall contain the following:

(1) Academic background or academic average and degree obtained.

(2) Previous civilian experience in specified field of interest, if any.

(3) Previous naval experience in specified field of interest, if any.

26. **Officers Who Do Not Fulfill the Requirements.** Officers who do not completely fulfill the stated requirements may apply and their applications will be considered per the needs of the service. Requests for waiver of any eligibility requirement in this article must be thoroughly substantiated.

27. **Officers Being Processed for Separation.** Applications for redesignation and lateral transfer will not be accepted from officers who are being processed for administrative separation.

MILPERSMAN 1212-020

REDESIGNATION PROCEDURES FOR LIMITED DUTY OFFICERS (LDO) AND CHIEF WARRANT OFFICERS (CWO) WITHIN THEIR RESPECTIVE COMMUNITIES

Responsible Office	BUPERS-319	Phone:	DSN COM	882-3044 (901) 874-3044
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

Reference	(a) OPNAVINST 1210.5B
------------------	-----------------------

1. Policy

a. This article is applicable to all limited duty officers (LDO) and chief warrant officers (CWO) of the Regular Navy and Navy Reserve on active and inactive duty.

b. Requests for redesignation will not normally be approved until after the initial 4-year obligation has been served in the designator in which originally appointed. LDOs may request redesignation to the unrestricted line, restricted line, or Staff Corps per reference (a) and [MILPERSMAN 1212-030](#).

2. Procedures

a. Applications. Applications for redesignation within LDO or CWO designators must be submitted in proper letter format to the Bureau of Naval Personnel (BUPERS) LDO/CWO Officer Community Management Branch (BUPERS-319) for all officers on active duty and to Navy Personnel Command (NAVPERSCOM) Reserve Officer Status Branch (PERS-911C) for reservists. Requests for change of designator should contain the following:

- (1) Designator for which application is made,
- (2) Qualification for requested designator,
- (3) Date of original commission or appointment,

(4) Date of rank (current grade),

(5) Agreement to remain on active duty for a period of 3 years following redesignation, or, for reserve officers, an agreement to remain in the Ready Reserve for a minimum of 2 years, and

(6) Any additional information that the applicant feels should be brought to the attention of the selection board.

b. Commanding Officer (CO) Endorsement. Upon receiving applications from LDOs and CWOs, COs must initiate a review of the applicants' health record by competent medical authority. Based on this review, the CO must state in the forwarding endorsement whether the officer is physically qualified. A statement identifying overweight applicants and indicating their height and weight must be included. The request should be submitted with supporting medical documentation if the officer is in a limited duty status or is considered in any other way physically unfit for unrestricted duty. The CO's forwarding endorsement must contain comments relative to the applicant's motivation and qualifications for redesignation.

c. Reservists. Change of designator requests for reservists should be sent via e-mail to pers-911c.fct@navy.mil. All packages should contain the following:

(1) Letter from member (see exhibit 1 for example),

(2) Command and immediate superior in command (ISIC) endorsement and or recommendation. **If the member is in the Individual Ready Reserve, no endorsements will be included,**

(3) Resume,

(4) Fitness reports (**last three, but no less than two**),

(5) Copy of college transcripts (**original not required**),
and,

(6) All other documentation (**any additional schools or information that the member feels is beneficial to the package**).

EXHIBIT 1
REQUEST FOR REDESIGNATION FOR INACTIVE DUTY OFFICERS

Date:

From: Rank, Name, USNR-R, Current Designator
To: Commander, Navy Personnel Command (PERS-911C)
Via: (1) Commanding Officer, Navy Reserve Unit
(2) ISIC
(3) as required

Subj: REQUEST FOR CHANGE OF DESIGNATOR TO (identify designator)

Ref: (a) BUPERSINST 1001.39F
(b) NAVPERS 15560D, Navy Military Personnel Manual

MILPERSMAN 1212-030

REDESIGNATION OF LIMITED DUTY OFFICERS

Responsible Office	BUPERS-3	Phone:	DSN COM FAX	882-2236 (901) 874-2236 882-2063
--------------------	----------	--------	-------------------	--

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) OPNAVINST 1210.5B (b) 10 U.S.C. (c) Public Law 96-513
------------	---

1. **Policy.** Per reference (a), a limited duty officer (LDO) may, upon application submission to Bureau of Naval Personnel (BUPERS) Military Community Management Department (BUPERS-3) via the commanding officer (CO), be considered for redesignation in one of the competitive categories listed below:

If the LDO is in...	then he or she will be considered for...
the line of the Navy,	unrestricted performance of duty in the unrestricted line or the restricted line of the Navy.
the Supply Corps or Civil Engineer Corps,	unrestricted performance of duty in the Staff Corps concerned.

2. **Qualification Requirements.** For an LDO to qualify for redesignation in one of the competitive categories listed above:

a. Requests may be submitted after completion of 48 months of commissioned service as an LDO,

b. **Not** have completed more than 28 years of active naval service by 31 October of the year in which application is made,

c. Be serving in a grade **not** above commander,

d. Meet the physical requirements applicable to other officers in the same grade and competitive category for which application is made,

e. Meet the warfare qualification of the competitive category requested in the case of applicants for the unrestricted line (e.g., eligibility for 1110 requires qualification as a surface warfare officer),

f. Have the necessary professional or graduate degree which may be required for the competitive category requested, as specified in [MILPERSMAN 1212-010](#), and

g. Be recommended by the CO as qualified for redesignation in the competitive category requested.

3. Selection Board

a. A board to consider LDOs for redesignation in the regular Navy meets semi-annually in February and August.

b. Requests must be submitted per [MILPERSMAN 1212-010](#) in proper format to BUPERS-3, via the CO, to be received 60 days prior to the convening date of the selection board.

4. Application Information. Requests for redesignation must contain the following information:

- a. Designator for which application is made,
- b. Qualification(s) for requested designator,
- c. Date of original commission as an LDO,
- d. Rank and date of rank,
- e. Agreement to remain on active duty for a period of 3 years following redesignation, and
- f. Any additional information the applicant believes should be brought to the attention of the selection board.

5. Review of Health Record

a. Upon receiving applications from LDOs, COs must order a review of the applicant's health record by competent medical authority. Based on this review, the CO must state in the forwarding endorsement whether the officer is physically qualified. A statement identifying overweight applicants, indicating their height and weight, must be included.

b. If the officer is currently in a limited duty status or is considered in any way physically unfit for unrestricted duty, the CO must obtain the treating provider's medical assessment and prognosis for the individual's return to a deployable status, and must submit the information to BUPERS-3. The CO's forwarding endorsement must contain comments relative to the applicant's motivation and qualification for redesignation.

6. **Assignment of LDOs Approved for Redesignation.** An LDO approved for redesignation must be assigned to the designator recommended by the board and approved by the Secretary of the Navy under reference (b), section 8139(f).

7. **Termination of LDO Status.** When redesignated for other duty, LDOs will have their LDO designation terminated, and they will become subject to the selection and retirement procedures as other officers originally appointed under reference (c), as amended, and in the competitive category in which they are redesignated. No change will be made or authorized in their lineal position and precedence solely as a result of the removal of the LDO designator.

MILPERSMAN 1212-040

ENGINEERING DUTY (ED) OPTION PROGRAM

Responsible Office	BUPERS-31	Phone:	DSN	882-3473
			COM	(901) 874-3473
			FAX	882-2063
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

Reference	(a) COMNAVSURFPAC/COMNAVSURFLANDINST 1412.1A
------------------	--

1. **Policy**. The Engineering Duty (ED) Option Program provides a steady accession source of warfare qualified officers into the ED community. Highly qualified officers are designated as surface warfare or submarine officers upon commissioning and redesignated as ED officers upon completion of specified career milestones, without board action.

2. **Applicability**. This article is applicable to active and reserve officers who have been designated as ED option officers at the time of their commissioning via the:

- a. United States Naval Academy
- b. Naval Reserve Officers Training Corps
- c. Officer Candidate School
- d. Seaman-to-Admiral Program
- e. Merchant Marine Academies

3. **Surface ED Option**

a. At service selection, a limited number of officers who select surface warfare may apply for the ED Option Program. Annual quotas will be determined by Deputy Chief of Naval Operations Manpower, Personnel, Training, Education (DCNO N1). ED option officers are required to qualify as a surface warfare officer and be within 6 months of promotion to O-3 prior to redesignation and transfer. During their initial tour(s),

officers are required to perform the full range of duties and responsibilities as their traditional surface warfare peers. Redesignation to the ED community will occur automatically upon completion of the prerequisites listed in subparagraph 7a below.

b. Officers redesignated to 1460 (ED in training) can expect to be detailed to post-graduate school in one of the approved ED technical curricula listed in exhibit 1, followed by assignment to an ED qualification tour.

c. Midshipmen and officer candidates applying for the Nuclear Surface Warfare Officer (SWO(N)) Program are not eligible for the SWO ED Option Program. SWO(N)s who wish to become ED officers must apply for lateral transfer to ED through the traditional lateral transfer board process.

4. Submarine ED Option

a. At service selection, a limited number of officers who select submarine warfare may apply for the ED Option Program. Annual quotas will be determined by DCNO N1. Submarine ED option officers will complete the same training track as regular submarine officers and will be assigned duties identical to those of regular submarine officers. Redesignation to ED will occur upon completion of the prerequisites listed in paragraph 8 below.

b. Between their division officer and department head tours, submarine ED option officers are required to complete a master's degree in one of the technical majors listed in exhibit 1. Normally, this master's degree will be attained by attending the Naval Postgraduate School, using a submarine officer community quota. If a submarine ED option officer has requested and been approved to attend the Naval Construction/Engineering Program at the Massachusetts Institute of Technology, an ED community quota will be used.

c. After redesignation to 146X, submarine ED option officers can expect to be detailed to an ED qualification tour.

5. Qualifications. Eligibility criteria and waiver authority may be found in [Program Authorization \(PA\) 101A](#) and [PA 101F](#).

6. Appointment. Officers are appointed as an ensign with designator 1160 or 1170. Surface and submarine ED options are assigned an additional qualification designator of "LOA."

7. Surface ED Option Execution

a. Surface ED option officers will **automatically** be redesignated in the restricted line and designated 1460 upon completion of the following prerequisites:

- (1) Surface warfare qualification, per reference (a),
- (2) Be within at least 6 months of promotion to lieutenant, and
- (3) Have a favorable record review conducted by an administrative screening panel convened by ED community management.

b. Surface ED option officers will not be redesignated if they have submitted their resignations to Navy Personnel Command (NAVPERSCOM) Distribution Management and Procedures Branch (PERS-451). Redesignation will occur if they subsequently withdraw their resignation.

c. Surface ED option officers who have an approved resignation may request to be redesignated to 1465 upon resignation to facilitate reserve affiliation. Officers wishing to serve in the Reserve Component as an ED officer should submit a letter to the Bureau of Naval Personnel (BUPERS) Military Community Management Department (BUPERS-3), requesting redesignation to 1465 upon resignation and include a copy of their approved resignation request. These requests will be reviewed by the BUPERS ED Officer Community Manager (OCM) (BUPERS-314C) and submitted to the Deputy Chief of Naval Personnel (BUPERS-00B) for approval.

d. Officers who desire to terminate their ED option and remain in the surface warfare community must submit a request to the BUPERS Surface/Special Warfare OCM (BUPERS-311) via BUPERS-314C. Both community managers must agree with the request. If the request is approved, officers may remain in the unrestricted line for the remainder of their careers at no penalty.

8. Submarine ED Option Execution

a. Submarine ED option officers may execute their option upon completion of the following prerequisites:

(1) Submarine warfare qualification (dolphins) per
[MILPERSMAN 1210-100](#)

(2) Completion of a department head tour on a submarine,
or when released by OPNAV Nuclear Propulsion Program Management
Branch (OPNAV N133) (submarine OCM)

(3) Favorable record review conducted by an
administrative screening panel convened by BUPERS-314C.

b. Submarine ED option officers should submit a letter
requesting redesignation to BUPERS-314C, via their commanding
officer, with a copy to NAVPERSCOM Nuclear Submarine Officer
Distribution Division (PERS-42). Letters may be submitted up to
9 months prior to their projected rotation date while serving on
their department head tour.

c. Failure to complete an ED graduate education program
leading to an approved subspecialty code between division
officer and department head tours terminates the submarine ED
option.

9. **Active Duty Obligation.** Upon redesignation to 1460,
officers incur a minimum service obligation of 2 years from date
of designator change, to be served concurrently with any other
obligations. Officers who terminate their ED option must still
satisfy their initial active duty obligation corresponding to
their commissioning source.

References	(a) COMNAVSURFORINST 1412.1C
	(b) Uniform Code of Military Justice (UCMJ) (2019)
	(c) OPNAVINST 1210.5B

1. Program Policy

a. The Information Warfare Community (IWC) Option Program provides a steady accession source of qualified surface warfare officers (SWO) into the IWC. The IWC officer communities that participate in this program are:

- (1) 1800 Oceanography (OCN)
- (2) 1810 Cryptologic Warfare (CW)
- (3) 1820 Information Professional (IP)
- (4) 1830 Intelligence (INTEL)

b. IWC Option Program accession quotas are limited in number and approved by the Chief of Naval Personnel per the annual fiscal year officer accession plan. Quotas are determined by the needs of the Navy and are allocated to each of the above communities. Under this program, highly qualified officers are initially commissioned into the SWO community. These officers are subsequently redesignated, without board action, to their respective IWC community upon completion of prerequisites outlined in paragraph 3 below.

2. **Applicability of this Article.** This article is applicable to active duty officers who have been selected for and commissioned into the IWC Option Program from the following commissioning sources:

- a. United States Naval Academy (USNA)
- b. Naval Reserve Officers Training Corps (NROTC)
- c. Officer Candidate School (OCS)
- d. Seaman-to-Admiral Program (STA-21)

3. **Qualifications.** Eligibility criteria may be found on the [Program Authorizations](#) (PA) 108A, PA 108B, PA 108C and PA 108D Web page located on the Navy Personnel Command Web site.

4. **Appointment.** Candidates selected for the IWC Option Program are commissioned as ensigns and initially designated as SWOs in training (1160).

a. **IWC Option Program Identification.** Navy Personnel Command (NAVPERSCOM), Surface Officer Distribution Division (PERS-41) will assign IWC Option Program officers an additional qualification designator (AQD), identify them as IWC option officers and record their affiliation with a specific IWC community. Community specific AQDs are:

- (1) OCN (1800) - LOD
- (2) CW (1810) - LOC
- (3) IP (1820) - LOB
- (4) INTEL (1830) - LOE

b. **IWC Option Program Officer Accounting.** Bureau of Naval Personnel (BUPERS), Information Warfare Community Branch (BUPERS-317) IWC officer community managers (OCM) will maintain the authoritative roster of all officers commissioned into the IWC Option Program. This listing will be coordinated with and informed by accession planners at USNA; Naval Student Training Command (NSTC); Navy Recruiting Command (NAVCRUITCOM); BUPERS, Surface Warfare Officers/Explosive Ordnance Disposal Warfare Officers Branch (BUPERS-311) OCM; NAVPERSCOM (PERS-41) and

NAVPERSCOM, Information Warfare Community and Foreign Area
Officer Assignments Division (PERS-47).

5. **IWC Option Program Redesignation Execution**

a. **Service Agreement/NAVPERS 1070/613 Administrative Remarks.** NAVCRUITCOM will ensure all service agreements for OCS accessed IWC Option Program officers reflect the timeline requirements detailed in subparagraph 5c below. USNA and NSTC will ensure their respective IWC Option Program officers read and sign [NAVPERS 1070/613](#) reflecting the timeline requirements in exhibit 1.

b. **Redesignation Prerequisites.** IWC Option Program officers will be **automatically** redesignated without board action into their respective IWC communities upon completion of the following prerequisites: Surface warfare qualification, per reference (a), and completion of one SWO division officer tour. Completion of this tour is usually within 3 years from date of commission.

c. **Timeline and Follow-On Assignment Availability.** IWC Option Program officers meeting the prerequisites listed above will normally be redesignated within 3 years of commissioned service.

(1) IWC OCM will notify SWO OCM, NAVPERSCOM (PERS-41) and NAVPERSCOM (PERS-47) of pending redesignation.

(2) IWC OCM will submit redesignation action to NAVPERSCOM, Career Progression Department (PERS-8) to execute administrative action for designation change.

(3) IWC OCM will notify SWO OCM, NAVPERSCOM (PERS-41) and NAVPERSCOM (PERS-47) when redesignation has been completed.

(4) Once redesignated, IWC officers will be made available by the surface warfare community for immediate transfer to their first IWC assignments.

d. **Exceptions**

(1) **Approved Resignation Request.** IWC Option Program officers will not be redesignated if they have a pending or approved resignation, to include unqualified or contingent

resignation, inter-service transfer, probationary officer continuation and redesignation or twice failure to select (2XFOS). If the resignation request is disapproved, the officer will be made immediately available for redesignation and transfer to the first IWC assignment.

(2) **Administrative Separation.** IWC Option Program officers will not be redesignated if they are currently under investigation for alleged offenses, under reference (b), or in the process of administrative separation.

(3) **Surface Warfare Career Sustainment.** IWC Option Program officers who desire to remain in the surface warfare community must submit a written statement to their respective IWC OCMs with a copy to the surface warfare OCM. The decision to allow an IWC Option Program officer to remain in the surface warfare community is at the discretion of the IWC OCM, in consultation with the SWO OCM, and will be made in the best interests of IWC community health. If the request is approved, the IWC OCM will inform the SWO OCM, NAVPERSCOM (PERS-41) and NAVPERSCOM (PERS-47). NAVPERSCOM (PERS-41) will remove the approved officer's AQD, and the officer will remain in the surface warfare community.

6. **Active Duty Obligation.** Per reference(c), upon redesignation to the IWC, IWC Option Program officers incur a minimum service requirement of 3 years from date of designator change to be served concurrently with any other obligations. Officers who remain in the surface warfare community must satisfy the initial active duty service obligation corresponding to their original commissioning source.

Exhibit 1

Service Agreement/NAVPERS 1070/613 Administrative Remarks

(DDMMYY): Per MILPERSMAN 1212-050, I understand that I have been selected for accession into the Information Warfare Community (IWC) Option Program. Per the IWC Program, I will be commissioned as an ensign and initially designated as a surface warfare officer (SWO) in training (1160) and be assigned an additional qualification designator (AQD) of (choose one of the following: "LOB for affiliation with the information professional community," "LOC for affiliation with the cryptologic warfare community," "LOD for affiliation with the oceanography community" or "LOE for affiliation with the intelligence community").

I understand that I will be automatically redesignated to (choose one of the following: "oceanography officer (1800)," "cryptologic warfare officer (1810)," "information professional officer (1820)" or "intelligence officer (1830)") upon completion of my surface warfare qualification, per COMNAVSURFORINST 1412.1C and completion of one SWO division officer tour.

Upon redesignation, I understand that I will incur a minimum service requirement of 3 years from the date of designator change to be served concurrently with any other obligations.

MILPERSMAN 1213-020

**SUSPENSION AND REMOVAL OF FOREIGN AREA
OFFICER (FAO) ADDITIONAL QUALIFICATION
DESIGNATORS (AQDs)**

Responsible Office	NAVPERSCOM (PERS-473C)	Phone:	DSN	882-3226
			COM	(901) 874-3226
			FAX	882-2744
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) OPNAVINST 1301.10B (b) DoDI 1315.20 (c) SECNAVINST 1920.6C (d) BUMEDINST 1300.2A (e) OPNAVINST 1300.14D
-------------------	---

1. **Definitions.** In this article the term "fully qualified foreign area officer (FAO)" refers to designated FAOs who have been awarded the FA(x) additional qualification designator (AQD) in recognition of meeting the criteria for FAO qualifications established per references (a) and (b). The FT(x) AQD is assigned to officers who are members of the FAO community, or have been selected for lateral transfer into the FAO community, but have not yet met the standards of a fully qualified FAO due to the need to complete initial FAO training. The terms "overseas assignability" or "world-wide assignability" are to be defined as an officer's eligibility for assignment to overseas in-country requirements within his or her designated area of responsibility (AOR).

2. **Suspension or Revocation of FAO AQDs**

a. Per reference (a), the goal of the FAO Program is to produce a cadre of officers with the skills required to manage and analyze politico-military activities overseas. Qualification for service as an FAO is therefore conditional and dependent upon an officer's ability to maintain

professional qualifications, eligibility for Top Secret/
Sensitive Compartmented Information security clearance and
overseas assignment throughout one's designated AOR per
reference (c) and MILPERSMAN 1301-227.

b. Suspension or removal of the FA(x) or FT(x) AOD for
reasons of performance, professional aptitude, or limitations to
overseas assignability will be considered only by a duly
appointed board convened at the recommendation of the FAO
Officer Community Manager (OCM). Procedures and guidelines for
board consideration of FAO qualifications, performance, and
worldwide assignability are to be governed by this article and
references (a) thru (e).

3. Grounds for Convening FAO Qualification Review Board (FQRB).

A FAO Qualification Review Board (FQRB) may be convened in
response to any of the following circumstances:

- a. Non-qualification after completion of initial training;
- b. Detach for Cause (DFC);
- c. Return to Service (RTS);
- d. Suspension;
- e. Reduction of security clearance;
- f. Non Judicial Punishment (NJP);
- g. Adverse Fitness Report (FITREP);
- h. Overseas Screen Failure of the service member; or
- i. Civil action proceedings.

This list is not all-inclusive. Consistent with the intent of
this requirement, other situations may warrant recommendations
from a FQRB. Additionally, higher authority may direct a FQRB
when deemed necessary.

4. Notification. The member will be notified in writing by the
FAO OCM at least 60 days prior to the convening of a FQRB. The
officer concerned may submit correspondence to the board via the
FAO OCM.

5. **FAO Qualification Review Board Composition.** The membership of each FQRB will depend on the circumstances that caused the FQRB to convene. Navy Personnel Command (NAVPERSCOM), Information Dominance Corps and Foreign Area Officer Assignments Division (PERS-47) will convene and chair the board. For boards that are convened in response to performance related measures (e.g., RTS, adverse FITREP, suspension or reduction of security clearance) required membership will also include the FAO OCM, FAO Detailer, FAO Policy Officer, and a NAVPERSCOM, Conduct and Separations Division (PERS-83) representative. For boards that are convened in response to significant medical conditions that result in overseas screening failure and potential disqualification from assignment within the designated AOR, membership will consist of the FAO OCM, FAO Detailer, FAO Policy Officer, and NAVPERSCOM, Career Progression Department (PERS-8) Medical Advisor.

6. **Recommendations**

a. The FAO FQRB and subsequent endorsers may recommend one of the following courses of action:

- (1) FA(x)/FT(x) AQD removal;
- (2) FA(x)/FT(x) AQD suspension;
- (3) AOR re-assignment;
- (4) Medical Evaluation Board (MEB); or
- (5) Release for lateral transfer into another community.

b. Once reports of DFC, NJP, civil action, or other adverse matter are entered into an officer's official military personnel file by the cognizant office at NAVPERSCOM, the FAO Community Manager may make a follow-on recommendation for removal or restoration of FAO AQDs.

c. In unique situations, the FQRB may conclude an officer's performance or conduct is so beneath that expected of a Navy officer as to warrant a recommendation for the officer to show cause for retention. In those circumstances, the FQRB will forward such recommendation to Commander, Navy Personnel Command (CNPC), as the Navy's Show Cause Authority, for consideration. Should CNPC concur with the recommendation, the FQRB will

forward CNPC's decision along with supporting documentation to NAVPERSCOM (PERS-8) for commencement of show cause proceedings.

7. **Final Approval Authority.** FQRB recommendations will be sent by the convening authority to the FAO Community Sponsor/Director of International Engagement (OPNAV (N52)) via the administrative chain of command for final determination. The officer concerned will be afforded the opportunity to respond to the recommendations of the board via correspondence with the FAO OCM.

8. **Appeals.** Appeals must be submitted by the member within 30 days of notification of the board's recommendation. Appeals will be submitted directly to the FAO Community Sponsor with an endorsement from the member's current chain of command at the time of notification. Decisions made by the Community Sponsor with respect to appeals and requests for reconsideration will be final.

9. **Loss of Eligibility for Overseas Assignment**

a. Per reference (d), overseas/remote duty suitability screenings will be valid for 1 year from the date of the initial screening completion unless any changes in conditions affecting suitability occur. Officers whose suitability screening has expired, or whose suitability status changes prior to transfer, shall arrange for re-evaluation for suitability per references (d) and (e).

b. Screening supports readiness by ensuring the service member can execute his or her military duties associated with the military occupation and assignment. Proper screening also reduces the incidence of early return from assignment, billet gaps, and unplanned expenditures of permanent change of station funds.

c. Per reference (a), FAOs are expected to exercise their occupational specialty and regional expertise by operating within the foreign countries or regions in which they specialize. Accordingly, FAOs must be able to satisfy the unique medical screening requirements for in-country assignments throughout their designated AOR.

d. Per reference (d), the FQRB may make a recommendation to convene a medical evaluation board for placing a FAO on temporary limited duty (TLD) when suitability screening

identifies a medical condition that precludes the member from serving in an overseas assignment or from meeting anticipated requirements of future assignments. The medical evaluation board will determine the appropriate disposition of the member, which may include TLD, if eligible, or referral to the physical evaluation board.

e. Per reference (e), suitability screening must be broad enough to detect a wide range of existing and potential problems. Some AORs may have screening requirements that are more thorough and or restrictive in nature than those contained in the NAVMED 1300/1 Medical, Dental, and Educational Suitability Screening for Service and Family Members. FAOs who are assigned to AORs that have stricter suitability screening requirements than those outlined in the NAVMED 1300/1 are expected to satisfy the higher of the two standards and be assignable throughout their designated AOR.

10. **Reinstatement of Qualification.** FAOs that have their AQD suspended or removed, may request reinstatement of their FAO qualification by sending a letter to FAO OCM, Staff Corps Branch (BUPERS-316) detailing what action has been taken to correct deficiencies that were identified by the FQRB. The FAO OCM will forward the request with endorsement via NAVPERSCOM (PERS-47) to the FAO Community Sponsor. Officers with requests approved by the FAO Community Sponsor will have their AQD restored and will be made available for detailing to a FAO assignment.

MILPERSMAN 1214-010

OFFICER SUBSPECIALTY SYSTEM

Responsible Office	NAVPERSCOM (PERS-45E)	Phone:	DSN	882-4992
			COM	(901) 874-4992
			FAX	882-2696

References	(a) NAVPERS 15839I, Manual of Navy Officer Manpower Personnel Classification, Volume I, Major Code Structures
-------------------	---

1. **Definition.** The Officer Subspecialty System is an integrated manpower and personnel classification and control system, which establishes criteria and procedures for identifying officer requirements for advanced education, functional training, and significant experience in various fields and disciplines. The Subspecialty System is used to identify those officers who acquire these qualifications. The subspecialty classification codes and the criteria for applying these codes are contained in reference (a).

2. **Qualification Criteria.** The qualification criteria for each subspecialty area are based upon advanced education appropriate to that specific subspecialty and/or significant experience gained by having served in billets designated as subspecialist's billets or requiring a broad use of skills that are closely related to a subspecialty field.

a. For an officer to be assigned a subspecialty code based upon advanced education, the information contained in the officer's transcript must be entered into the official record. For those officers participating in a full-time, fully-funded program at Naval Postgraduate School (NAVPGSCOL), this information is automatically sent to Navy Personnel Command (NAVPERSCOM), Subspecialty Management Branch (PERS-45E), for entry into the Navy's master personnel file and assignment of the applicable code.

b. Officers who have completed education through other programs should, upon completion of their graduate education program (and award of a post-graduate degree), ensure that a copy of their complete transcript, along with catalog course descriptions, is sent to **Director of Civilian Institutions**

Programs, NAVPGSCOL (Code 031) for review, assignment of the applicable subspecialty code, and inclusion in the Navy's master personnel file.

c. For assignment of a code based upon significant experience, an officer must have served in billets requiring broad use of the skills closely associated with a specific subspecialty field. Significant experience is generally defined as one or more tours of duty (usually 18 to 24 months) in a qualifying billet. Criteria specific to each subspecialty is issued by primary consultants listed in reference (a).

3. **Application Letter.** Active duty officers desiring to be considered for assignment of a significant experience code should submit a letter of application to NAVPERSCOM (PERS-45E) outlining specific substantiating information relative to experience and performance in the requested subspecialty. Applications shall be in proper letter format as shown here (use proper letter format):

From: (Grade, full name, SSN (XXX-XX-1234,last four only)/designator)
To: Commander, Navy Personnel Command (PERS-45E)
Via: (Immediate Senior or Chain-of-Command)

Subj: REQUEST FOR SIGNIFICANT EXPERIENCE SUBSPECIALTY CODE

Ref: (a) MILPERSMAN 1214-010
(b) NAVPERS 15839I, Manual of Navy Officer Manpower
Personnel Classifications, Volume I, Major Code
Structures

Encl: (1) Any relevant material necessary to elaborate qualifying
experience (i.e., Fitness Reports (FITREPS) describing
duties performed)

1. Per references (a) and (b), I request the subspecialty code (code number). I have been assigned at the (command name) for the past (number) months in a corresponding subspecialty coded billet. The unit identification code (UIC) and billet sequence code (BSC) of this billet are (xxxxx/xxxxx). My duties have included the following:

2. I feel I have gained significant experience in the area of (subspecialty title) and request this coding designation.

(Signature)

4. **Restricted Line (RL)/Staff Corps Officers.** Many subspecialty codes applicable to RL/Staff Corps officers are assigned based on completion of specific education achievements or training/certification programs. Applications from RL/Staff Corps officers shall be forwarded via the applicable primary consultant as specified in reference (a).

5. **Proven Subspecialties.** Proven subspecialties are assigned during the permanent change of station (PCS) order writing process. Unrestricted Line (URL) officers and fleet support officers who hold a subspecialty code and are currently in a subspecialty coded billet are automatically screened for assignment of proven subspecialties.

6. **Officer Subspecialty Codes.** Officer subspecialty codes appear on the Officer Distribution Control Report (ODCR). These documents are the most readily available sources for the officer and the command to verify the subspecialty codes assigned to the officer in the Navy's master personnel file.

	(b) SECNAVINST 5510.30C
	(c) COMNAVCRUITCOMINST 1130.8K
	(d) BUPERSINST 1326.4E

1. **Background.** The Aircrew (AIRC) and Aviation Rescue Swimmer (AIRR) Programs provide opportunities for recruits and fleet personnel to become career enlisted aircrew. This article applies to Active Component (AC), full-time Support (FTS), and Selected Reserves (SELRES) personnel. AIRC and AIRR Programs are 6-year obligation advanced technical fields that guarantee class "A" school, as well as follow-on advanced schools (Naval Aircrewman Mechanical (AWF), Naval Aircrewman Operator (AWO), Naval Aircrewman Tactical Helicopter (AWR), Naval Aircrewman Helicopter (AWS), or Naval Aircrewman Avionics (AWV)) for recruits. Applicants must volunteer for flying duty (see [MILPERSMAN 1220-020](#)), be capable of performing swim qualifications per reference (a), and pass an aviation flight physical.

2. **Qualifications Required**

a. **Age.** Applicants must be 30 years of age or less at the time of enlistment or reenlistment. Waivers for AC, FTS, and SELRES fleet volunteers will be considered by Bureau of Naval Personnel (BUPERS) Aviation Enlisted Community Manager (ECM) (BUPERS-323) or SELRES ECM (BUPERS-352), respectively, on a case-by-case basis. Initial accession age waivers will be considered by Navy Recruiting Command (NAVCRUITCOM) AIRR Program Manager (N323) on a case-by-case basis.

b. **Physical Conditioning.** AIRC and AIRR are high risk and physically demanding programs that require above average physical fitness standards and strong swimmer skills. Applicants must pass the Navy physical fitness assessment (PFA) with a grade of "satisfactory" in all categories prior to commencement of Naval Aircrew Candidate School (NACCS). Service members must pass a PFA with a "good" in all categories for their respective age and gender to graduate from NACCS. Additionally, this same standard must be maintained throughout the aircrew training cycle. Non-swimmers cannot successfully complete the program; therefore, they should not apply.

c. **Security Clearance Required.** Applicants must be adjudicated and be able to maintain a secret security clearance. Some billets may require a "top secret/sensitive compartmented information" security clearance and or Personal Reliability Program (PRP) as specified in reference (b).

d. **Armed Services Vocational Aptitude Battery (ASVAB).** Applicants must meet ASVAB requirement per current ASVAB naval message.

3. **AIRC and AIRR Statements of Understanding for Initial Accessions.** **ALL** initial accession applicants applying for the AIRC must read and sign the Aircrew Program Statement of Understanding (exhibit 1) via [NAVPERS 1070/613](#) Administrative Remarks entry. **All** initial accession applicants applying for AIRR must read and sign the Aircrew Program Statement of Understanding and the Aviation Rescue Swimmer Program Statement of Understanding (exhibit 2) via [NAVPERS 1070/613](#) entry. Classifiers must sign as witness, per reference (c), as part of the applicant's enlistment process. This document must be filed in the enlistment package forwarded to Recruit Training Command (RTC) when Service member is shipped. AIRR initial accession applicants must pass a physical screening test as per [MILPERSMAN 1220-410](#).

4. **AIRC and AIRR Statements of Understanding for Fleet Accessions.** **ALL** fleet volunteers and those converted or reclassified into AIRC must read and sign the Aircrew Program Statement of Understanding on [NAVPERS 1070/613](#) entry. **All** fleet volunteers and those converted or reclassified into the AIRR must read and sign the Aircrew Program Statement of Understanding and the Aviation Rescue Swimmer Program Statement of Understanding via [NAVPERS 1070/613](#) entry.

5. **Service School Assignments.** For all applicants, the AIRC and AIRR provide assignment to a class "A" and or "C" school (as applicable) in any of the career aircrew source ratings listed below. The specific training assigned is based on the Service member's qualifications, personal desires, and needs of the Navy.

Career Aircrew Source Ratings (new accessions and fleet volunteers)	AWF, AWO, AWR, AWS, AWV
Non-Career Aircrew Source Ratings (fleet volunteers only and assigned flight orders as per reference (d))	Cryptologic Technician Interpretive, Cryptologic Technician Technical, Cryptologic Technician Collection, Hospital Corpsman, Culinary Specialist, Mass Communications Specialist

6. **Training Cycle.** The training pipeline for **all** aircrew candidates is:

- a. RTC;
- b. NACCS, Pensacola;
- c. Aviation Rescue Swimmer School (ARSS), Pensacola (rescue swimmers only);
- d. Class "A" School, Pensacola (if required);
- e. Fleet replacement squadron (FRS) at various locations, or class "C" school, Fort Worth (FTS/SELRES only); and
- f. Initial assignment to include follow-on in-flight training.

7. **Terms of Enlistment.** Applicants enlist in the U.S. Navy as AC, FTS, and SELRES for 4 years and concurrently execute [NAVPERS 1070/621](#) Agreement to Extend Enlistment or [NAVPERS 1070/622](#), Agreement to Recall or Extend Active Duty for 24 months using the following narrative for entry:

"Training in the Aircrew Program and accelerated advancement to pay grade E-4 per [MILPERSMAN 1220-010](#). Accelerated advancement to E-4 is authorized only after successful completion of NACCS, class "A" school and fleet replacement squadron training. I understand that this extension becomes binding upon execution and may not thereafter be cancelled, except as provided for in [MILPERSMAN 1160-040](#)."

[NAVPERS 1070/621](#) or [NAVPERS 1070/622](#) must be executed on the day Service member is enlisted (initial accession). Fleet applicants must obligate 5 years per [MILPERSMAN 1306-618](#).

8. Apprenticeship and Pay Grade

a. Individuals accepted into the AIRC or AIRR who successfully complete FRS training or follow-on in-flight training and are awarded the appropriate aircrew Navy enlisted classification (NEC) code are authorized accelerated advancement to pay grade E-4 per reference (c).

b. New accessions accepted for AIRC and AIRR must be enlisted at pay grade E-1. This is not to preclude enlistment at pay grade E-2 or E-3 per reference (c). Fleet applicants are accepted in present pay grade.

c. If a Service member is disqualified from aircrew duties prior to advancement to pay grade E-4, eligibility for accelerated advancement to E-4 is terminated. This must not preclude advancement to E-2 or E-3 based on normal advancement criteria.

d. Accelerated advancement to pay grade E-4 requires a 6-year total active duty obligation. If a Service member is reduced in rate subsequent to accelerated advancement to E-4, there is no reduction in active obligated service.

e. Time in rate requirement is waived for accelerated advancement to pay grade E-4.

9. Disqualification and Disenrollment

a. Those who fail to remain qualified for this program will be disenrolled from aircrew training per reference (d). Applicants must be specifically counseled if they attrite, drop on request (DOR), request removal from flight status, refuse a

set of aircrew orders, non-volunteer for any other reason per reference (d), or are found not desirable for continuation in the Aircrew Program.

b. Cancellation of extension of enlistment for disenrollment from AIRC and AIRR must be executed per [MILPERSMAN 1160-040](#) and [1510-030](#).

c. Applicants advanced to E-4 who subsequently attrite do retain their extension obligation.

d. Aircrew and aviation rescue swimmer personnel who are permanently disqualified after being rated for flying duties and fail to meet all training requirements must be revoked "duty involving flight as a crewmember (DIFCREW)" or removed from the program per reference (d). In addition, members must submit a forced conversion package per [MILPERSMAN 1440-011](#) within 30 days of receipt of revocation message.

e. Sailors having executed orders for conversion who subsequently fail to complete the formal training required for conversion may be processed for separation per [MILPERSMAN 1910-133](#).

f. Fleet accessions or fleet air warfare qualified Service members (i.e., AWF, AWO, AWR, AWS, or AWV) disqualified for medical reasons must submit a forced conversion package per [MILPERSMAN 1440-011](#). If Service member is within one 3-year tour of Fleet Reserve eligibility, the ECM may, on a case basis, retain Service member in rating to meet Fleet Reserve eligibility requirements. Service member must submit Fleet Reserve request 18 months for E-6 and below and 24 months for E-7 through E-9 prior to 20-year mark. If Service member fails to apply for the Fleet Reserve, Service member must submit a forced conversion package per [MILPERSMAN 1440-011](#) within 30 days of the 18 or 24 month mark.

g. DOR, AIRC, and AIRR are volunteer programs. Per reference (d), participants must sign [NAVPERS 1070/613](#) entry stating "I Volunteer to Fly." A DOR, at any time during training (e.g., military entrance processing station, RTC, NACCS, ARSS, class "A" school, FRS, or any subsequent training thereafter), is cause for disqualification and disenrollment from AIRC and AIRR.

h. Admitted pre-service drug use must be processed per [MILPERSMAN 1306-618](#) and be considered case-by-case by the ECM as to whether or not the Service member will be disqualified.

i. Applicants must pass an official or mock Navy PFA with a "good" in all categories for their respective age and gender prior to graduation from each phase of their training cycles. Service members who fail to maintain a "good" in all categories for their respective age and gender throughout the aircrew training cycles will be disenrolled from aircrew training per reference (d).

j. Sailors who have been successfully pre-screened and interviewed for billets under PRP and do not volunteer for PRP duties at any time when assigned to a valid PRP billet must be revoked DIFCREW or removed from the program per reference (d).

10. **Disposition of Service Members Disenrolled**

a. AIRC and AIRR are voluntary programs, participants may be disenrolled or may DOR at any time. Service members must submit a forced conversion package, per [MILPERSMAN 1440-011](#), within 30 days of receipt of revocation message.

b. Service members revoked DIFCREW or disenrolled from the program for any reason will not be eligible for reinstatement for 24 months. Reinstatement will be considered by BUPERS-323 for AC or BUPERS-352 for FTS/SELRES on a case-by-case basis. Additionally, Service members who do not volunteer to fly will not be eligible for reinstatement per reference (d).

c. Process disenrolled personnel as follows:

(1) RTC. Use NAVCRUITCOM reclassification guidance.

(2) NACCS. NACCS attrites will be disqualified from AIRC and AIRR and made available to meet the "needs of the Navy." New accessions are reclassified per [MILPERSMAN 1236-020](#); however, assignment to class "A" school is not guaranteed.

(3) ARSS. Service members disenrolled from ARSS training are not eligible for automatic advancement to E-4 and will not be retained in the Aircrew Program. Service members who fail to complete the school for academic reasons will be disqualified from AIRC and AIRR and made available to meet the

needs of the Navy. New accessions must be reclassified per [MILPERSMAN 1236-020](#); assignment to class "A" school is not guaranteed.

(4) Class "A" School and FRS. Service members who fail to complete class "A" school or FRS for academic reasons are disqualified from the AIRC and will be made available to meet the needs of the Navy. New accessions are reclassified per [MILPERSMAN 1236-020](#).

(5) All aircrew-related NECs must be administratively removed by Navy Personnel Command (NAVPERSCOM) Aviation Distribution Branch (PERS-404) via NAVPERSCOM Enlisted Placement Management Branch (PERS-4013) for Service members who fail to meet all training requirements. For suspension and revocation procedures for disqualified career enlisted flyers and non-career aircrew refer to reference (d).

(6) Aircrew members who are not physically qualified or DIFCREW-revoked are not eligible for participation in a Navy-wide advancement exam, consideration by an advancement selection board, or advancement in any naval aircrew rating. Service members who have requested a waiver of medical standards by the Naval Aerospace Medical Institute will remain eligible for advancement until adjudication of waiver request.

11. **Application Submission**

a. Fleet AIRC and AIRR applicants submit an application through use of a [NAVPERS 1306/7](#) Electronic Personnel Action Request to ECM BUPERS-323 for AC or BUPERS-352 for FTS/SELRES via their commanding officers, citing this article as a reference.

b. Include in the application package:

(1) Flight physical,

(2) Second class swim qualification,

(3) Physical screening test for AIRR, per [MILPERSMAN 1220-410](#), for AIRR candidates,

(4) Last two evaluations (Service member must have at least 3.0 on all performance evaluation traits and have been

recommended for retention as "promotable" or higher within the past 24 months),

(5) ASVAB scores,

(6) Signed copies of the Aircrew and Aviation Rescue Swimmer Statements of Understanding for AIRR and signed copy of Aircrew Statement of Understanding for AIRC,

(7) Score "good" in all categories for their respective age and gender on most recent PFA,

(8) Secret security clearance, and

(9) Have no non-judicial punishment in the past 24 months.

Note: AIRR/rescue swimmer candidates must sign the Aircrew and Aviation Rescue Swimmer Statements of Understanding.

Exhibit 1
Aircrew Program Statement of Understanding
(Use proper letter format containing the following)

"[DATE]: I, [Service member's name], am volunteering for the Aircrew Program. I understand the following concerning rigorous physical requirements of the Aircrew Program:

1. I am volunteering for aircrewman duty, which necessarily includes naval aircrewman candidate school. If I voluntarily disenroll from training as an aircrewman student, I will no longer be eligible for further aircrew training.

Initial: _____

2. I can swim. Initial: _____

3. I must pass the Navy physical fitness assessment (PFA) with a "satisfactory" in all categories to enter aircrew school. Initial: _____

4. I must meet the following minimum physical fitness requirements to graduate from aircrew school:

a. Be able to perform extensive daily calisthenics.

b. Pass a Navy PFA with a "good" in all categories for my age and gender.

c. Swim:

(1) 1 mile in flight suit in 80 minutes or less using sidestroke, breaststroke, or American crawl.

(2) 100 yards in full flight gear (flight suit, boots, helmet, gloves, and deflated life preserver) using each of the survival strokes for 25 yards (sidestroke, breaststroke, elementary backstroke, and American crawl), followed immediately by a 5-minute drown-proofing (face-down prone float).

(3) In full flight gear, tread water for 2 minutes followed immediately by 3 minutes of drown-proofing.

(4) 200 yards (50 yards each using breaststroke, elementary backstroke, sidestroke, and American crawl).

(5) Jump from a 12-foot tower and then swim 15 yards underwater wearing flight suit and boots using a modified breaststroke, immediately followed by floating using trouser inflation techniques.

(6) 75-yard flight equipment swim using breaststroke only.

(7) 100-yard swim using 25 yards sidestroke, 25 yards breaststroke, 25 yards elementary backstroke, and 25 yards American crawl. Initial: _____
(I must be able to pass a Navy PFA with a score of "good" in all categories for my age and gender at any time during the "training cycle".)

Signature (Aircrew Volunteer): _____ Date: _____

WITNESSED: _____ Date: _____

(Commanding Officer, Executive Officer,
Command Master Chief, or Command Career Counselor)

Enclosure (1)

Exhibit 2

Aviation Rescue Swimmer Program Statement of Understanding

(Use proper letter format containing the following)

"[DATE]: I [Service member' name] am/am not [circle one] volunteering for training as a helicopter rescue swimmer. I understand rescue swimmers may be required to risk their lives during a rescue at sea. They are trained to conduct rescues efficiently, effectively, and safely. In most rescue situations, the swimmer leaves the helicopter and enters the ocean. Upon reaching the survivor, the swimmer removes the parachute and prepares the survivor for hook-up to the rescue device. A survivor in a state of panic may force the swimmer underwater, but techniques taught to the swimmer will help to overcome this resistance. Once the swimmer and survivor are in the aircraft, the swimmer provides advanced first-aid until medical assistance is available.

Initial: _____

1. In order to commence training at Rescue Swimmer School, I must be able to complete the following:

- a. 500-yard or 450 meter swim in 12 minutes or less.
- b. 1.5-mile run in 12 minutes or less.
- c. 42 push-ups in 2 minutes or less.
- d. 50 sit-ups in 2 minutes or less.
- e. 4 pull-ups in 2 minutes or less. Initial: _____

2. **To graduate** from Rescue Swimmer School, I must do the following during the course of training:

- a. 90 minutes of intensive calisthenics and 30-35 minute cross-country runs daily.
- b. 800-meter swim in 20 minutes wearing rescue swimmer equipment (mask, fins, snorkel, short wetsuit, and search and rescue (SAR) harness with deflated floatation).
- c. 400-meter buddy tow in 16 minutes wearing rescue swimmer equipment.
- d. 2000-meter swim in 50 minutes wearing rescue swimmer equipment.
- e. 8 pull-ups in a flight suit and boots within 2 minutes.
- f. Carry two 50-pound dumbbells 100 yards on flat terrain over 4 obstacles 12-14 inches in height within 2 minutes.
- g. Walk 1 mile with a MEDEVAC litter within 16 minutes.
- h. Swim 500 meters in SAR gear immediately followed by 400-meter buddy tow within 27 minutes.
- i. Weekly strength training with free-weights and machines.
- j. Successfully complete CPR for professional rescuer. Initial: _____

The Aircrew Program and, in particular, the aviation rescue swimmer training are both physically demanding and requires strong swimmer skills. My success will depend upon my own physical preconditioning program, which I have established for myself prior to reporting. I understand that I must first meet all requirements set forth for the Aircrew Program in addition to those for rescue swimmer training.

Signature (Aircrew Volunteer): _____ Date: _____

WITNESSED: _____ Date: _____

NAVAL AIRCREW WARFARE SPECIALIST (NAWS) DESIGNATION

Responsible Office	BUPERS-323	Phone	DSN	882-2074
			COM	(901) 874-2074
			FAX	882-2041
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) BUPERSINST 1326.4E
	(b) NAVEDTRA 43437, Personnel Qualification Standard for Naval Aircrew Warfare Specialist (NAWS) Common Core
	(c) CNAF M-3710.7
	(d) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupations Standards
	(e) NAVPERS 15665I, U.S. Navy Uniform Regulations

1. **General Enrollment Requirements.** General enrollment procedures for naval aircrew warfare specialist (NAWS) designation are:

a. Be qualified as a crew member per reference (a) and [MILPERSMAN 1220-010](#)

b. Must be in one of the eligible aircrew source ratings: AWF, AWO, AWR, AWS, AWV, CTI, CTT, HM, CS, and MC per [MILPERSMAN 1220-010](#)

c. Be assigned in a duty involving flying crew (DIFCREW) status or duty in a flying status not involving flying (DIFDEN)

2. **Procedures for NAWS Designation**

a. Commanding officers (CO) of aviation units, to include unmanned aerial vehicle commands, may award NAWS designations after ensuring criteria within this article and references (a) through (c) have been met. This authority may not be delegated. Per reference (a), a NAWS designation letter is prepared and

presented to the Service member when the NAWS insignia is awarded.

b. Only active Service members, on and after 1 July 1997, are eligible for certificates of designation. Designation may not be awarded retroactively.

3. **Revocation of NAWS Designation.** COs must revoke the NAWS designation from any Service member permanently removed from flying status per reference (a). Service members who are permanently disqualified from flying solely due to medical reasons will lose their NAWS designation, but retain the eligibility to wear the NAWS breast insignia. Any Service member temporarily removed from flying status will also lose their NAWS designation, but retain the eligibility to wear the NAWS breast insignia. All Service members losing their NAWS designation or eligibility to wear the NAWS breast insignia must be counseled by their CO regarding their specific Service member status.

4. **Reinstatement of Service Member Designation.** If a previously designated Service member is reinstated to duties involving flying, per reference (a), the Service member may apply for reinstatement of NAWS designation and eligibility to wear the NAWS breast insignia. Command-endorsed requests for reinstatement of the NAWS designation or right to wear the NAWS breast insignia are forwarded for review per reference (a). Service members may not wear the insignia until approval is received.

5. **Administrative Procedures**

a. When a Service member qualifies as a naval aircrewman, a permanent entry is made on [NAVPERS 1070/613](#) Administrative Remarks in NSIPS enlisted service record (ESR) and official military personnel file (OMPF) indicating the:

- (1) date of qualification,
- (2) type of aircraft in which qualification was received,
- (3) authorization from the Chief of Naval Personnel for awarding the NAWS designation, and
- (4) authorization to wear the NAWS breast insignia.

In all reports, records, or other correspondence concerning active NAWS qualified individuals, the naval aircrew warfare (NAC) designator must be included after the title or rate in the following manner "AWSC(NAC)." When spoken or addressed, the short title NAC will be referred to as aircrew warfare (e.g., AWO2(NAC) John Smith will be naval aircrewman operator second class, aircrew warfare, John Smith.) Correspondence concerning an inactive aircrewman does not require this identification.

b. When a Service member is disqualified from aircrew duty, a permanent entry must be made on [NAVPERS 1070/613](#) stating the reason for disqualification and rescinding of authorization to wear the NAWS breast insignia, except in the case of physical disqualification. The NAC designator must be cancelled and a personal diary entry to that effect must be made as follows:

"CH designator to NONE."

c. The assignment or removal of Navy enlisted classifications are made per references (a) and (d).

d. Proper entry of qualification or disqualification is made on special duty abstracts of the health record at the time of original physical examination and annual reexaminations thereafter. COs must be informed of the results of all physical examinations.

6. **ESR Entries**. The following permanent [NAVPERS 1070/613](#) ESR entries are used in conjunction with various requirements of the NAWS Program:

a.

"[DATE]: I, [Service member's name], volunteer for duty involving flying, and understand that I must maintain those qualifications specified by the Chief of Naval Operations and the Chief of Naval Personnel during the periods that I am actively assigned to such duties. This agreement must remain valid until such time as it is rescinded by me or that I am no longer qualified for such duties."
--

[Service member's Signature]

Witnessed:

b.

"[DATE]: I, [Service member's name] have been suspended from duty involving flying as a crewmember effective [DATE]. Authority: [fill-in]."

[Service member's Signature]

Witnessed:

c.

"[DATE]: [Service member's name] has been suspended from duty involving flying as a crewmember effective [date]. Revocation procedures initiated per BUPERSINST 1326.4E."

[Service member's Signature]

Witnessed:

d.

"[DATE]: [Service member's name] removed from duty involving flying as a crewmember effective [date]. Authority: [fill-in]."

[Service member's Signature]

Witnessed:

e.

"[DATE]: I, [Service member's name] no longer volunteer for duty involving flying. I fully understand that I am not eligible for requalification in the Aircrew Program on this or subsequent enlistments, and as a result of this disqualification, I am subject to reassignment."

[Service member's Signature]

Witnessed:

f.

"[DATE]: [Service member's name] is disqualified from duties involving flying by reason of [medical, nonvolunteer, performance, cause - specify]. Authority: [fill-in]."

[Signature of commanding officer]

[May not be signed by direction.]

g.

"[DATE]: [Service member's name], having been disqualified from duty involving flying, has been advised of [MILPERSMAN 1220-020](#), NAWS designator is hereby cancelled, authorization to wear the NAWS breast insignia has been rescinded (except for disqualification due to medical reasons), Service member NECs have been recommended for removal, rating conversion procedures initiated per [MILPERSMAN 1440-010](#) (for AW personnel only), and must be subject to reassignment due to such disqualification."

[May be signed by direction]

[NOTE: Adjustments to the above entry should be made based on the type of disqualification].

h.

"[DATE]: Per BUPERSINST 1326.4E, you are hereby provided advance notification of flight pay termination on or about [date] as a result of (Reason - i.e., permanent change of station transfer, billet deletion, etc.)."

[Authenticating Officer]

i.

"[DATE]: I, [Service member's name], have been advised this date of my flight pay termination effective [date] as a result of [reason]. This notification was provided per BUPERSINST 1326.4E."

[Service member's Signature]

7. **ESR Entries for Reenlistment.** The following permanent [NAVPERS 1070/613](#) entries must be carried forward on reenlistment of NAC as appropriate:

a.

"[DATE]: [Service member's name] volunteered for duty involving flying."

[Service member's Signature]

Witnessed:

b.

"[DATE]: Awarded designation as naval aircrew warfare specialist.
Authority [fill-in]."

[Service member's Signature]

Witnessed:

c.

"[DATE]: [Service member's name] was disqualified from duty involving
flying as a result of [reason]."

[Service member's Signature]

Witnessed:

d.

"[DATE]: [Service member's name] has accumulated the following hours
of training and operational flying total to date [fill-in]."

[Service member's Signature]

Witnessed:

8. **ESR Entry After Ground or Flight Training.** Upon successful completion of a ground or flight training course or syllabus, NAVPERS 1070/881 Training Education ESR entry and Qualification History must be made indicating the following:

- a. Date of completion of course
- b. Title and or identification number of course or syllabus
- c. Type of equipment or aircraft (include flight hours)

MILPERSMAN 1220-022

U.S. MARINE CORPS (USMC) COMBAT AIRCREW INSIGNIA AND DESIGNATION

Responsible Office	HQMC (ASM)	Phone:	DSN	224-1244
			COM (703)	614-1244
			FAX	224-1309

References	(a) Manual of the Medical Department (b) MARADMIN 589/06 (c) NAVPERS 15665I, U.S. Navy Uniform Regulations
------------	--

1. **Qualification.** Qualification for combat aircrewman (CAC) designation is as follows:

- a. Sailor must be a volunteer for combat aircrew duty.
- b. Be qualified per physical and psychological requirements of reference (a), using standards designated by the local unit's flight surgeon.
- c. Successfully complete the following:
 - Casualty Evacuation course of instruction (CIN B-300-5000).
 - N7/NP Physiology Training.
 - Local Marine Aircraft Wing designated courses of instruction.
- d. Be in receipt of Imminent Danger Pay during time of qualification.
- e. Be designated by the command (in writing) as a member of the flight crew in an aircraft participating in combat operations.

2. **Procedures for CAC Designation.** Members' qualification to wear the CAC insignia must be certified in writing by

- Marine Corps unit commanders, **or**
- Headquarters, U.S. Marine Corps (HQMC);
Director, Aviation Manpower Support Branch (ASM).

3. **Authority to Wear the Insignia.** Awarding of the CAC designation entitles the member to wear the CAC insignia per references (b) and (c). The proper designation is "CAC" placed in parentheses immediately after the member's rate abbreviation; i.e., HM3(CAC).

4. **Updating the Service Record:** When a member has been awarded the CAC designation, the following entry shall be made on the NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, in the member's service record:

"(Date) Awarded the Marine Corps Combat Aircrew (CAC) designator with (number and color) stars. Permanent retention is/is not authorized."
--

5. **Wearing CAC Insignia:** The CAC insignia will be worn per reference (c).

References	(a) DoD Instruction 1340.09 of 26 January 2018 (b) 37 U.S.C (c) DoD 7000.14-R, Department of Defense Financial Management Regulation (DoD FMR) (d) OPNAVINST 3501.225C (e) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classification and Occupational Standards, Volume II (f) NAVPERS 15665I, U.S. Navy Uniform Regulations (g) MCO P1020.34H, U.S. Marine Corps Uniform Regulations
-------------------	---

1. Policy

a. Training for static-line, military free-fall, and high altitude low opening (HALO) premeditated personnel parachute (P3) operations is accomplished by successful completion of the prescribed course of instruction while attending

(1) U.S. Army Basic Airborne Course,

(2) U.S. Army Basic Military Free-Fall Parachutist Course, or

(3) Other training certified by Commander, Naval Education and Training or approved by the Chief of Naval Operations.

b. The following personnel have essential P3 operations as a part of their military duty and must maintain qualification to receive hazardous duty incentive pay:

Navy Enlisted Classification (NEC) Codes	Navy Officer Designator Codes
OXXX	113X
MXXX	118X
772A	715X
773A	717X
790A	114X
	119X
	748X

2. **Definitions**

a. **P3 Operation.** An intentional, planned parachuting activity during which personnel wear a single or dual-harness parachute system, having at least one approved main parachute and one approved reserve parachute.

b. **Competent Orders.** Orders issued by:

(1) Commandant of the Marine Corps,

(2) Commander, Navy Personnel Command, or

(3) Commanders of units whose mission does not include P3 operations but have jump-qualified personnel in their command. In this circumstance, temporary additional duty (TDY) orders may be issued for jump-qualified personnel to a unit whose mission includes P3 operations to maintain qualification. These orders are for qualification purposes only and do not entitle the Service member to parachute pay.

3. **Static-Line Parachute Jumper.** A Service member of any rating or grade who meets the following requirements:

a. A volunteer for parachute jumping duty,

b. Qualified per the medical standards set by the Bureau of Medicine and Surgery (BUMED) at the time of designation and periodicity of physical thereafter,

c. Successfully completed formal military static-line parachutist training at Ft. Benning, GA or at a formal inter-Service training site, and

d. Assigned or attached by competent permanent change of station (PCS) or TDY orders to a military organization whose mission includes the requirement to engage in P3 operations.

4. **Free-Fall Parachute Jumper.** A Service member of any rating or grade who meets the following requirements:

a. Qualified as a static-line parachute jumper,

b. Qualified for unpressurized high altitude parachute jumping per the medical standards set by BUMED at the time of designation and annually thereafter,

c. Successfully completed the prescribed program of free-fall instruction at a formal inter-Service training facility, including a minimum of 10 military free-fall parachute jumps, at least 2 of which must have been conducted carrying full combat equipment (1 day and 1 night), and

d. Assigned or attached under competent PCS or TDY orders to a military organization whose mission includes the requirement for military free-fall parachute jumping or has the authorization to engage in P3 operations as a part of his or her military duty.

5. **HALO Parachute Jumper.** A Service member of any rating or grade who meets the following requirements:

a. Qualified as a static-line parachute jumper,

b. Successfully completed the prescribed program of HALO instruction at a formal inter-Service training facility, including a minimum of 16 HALO jumps, and

c. Assigned or attached under competent PCS or TDY orders to a military organization whose mission includes the requirement for HALO operations, or has the authorization to engage in P3 operations as a part of his or her military duty.

6. **Maintaining Qualifications**

a. Per reference (a), to qualify for parachute duty pay for a 3-month period, the Service member is required to jump at least once during the 3-month period. If a member is not able to perform at least one jump in a 3-month period due to reasons beyond the member's control, the member may jump twice during a 6-month period, including two jumps within the same month, to maintain pay eligibility for two consecutive 3-month periods. The following exceptions are waivers to the 3-month jump rule:

- (1) Non-availability of jump equipment or aircraft,
- (2) Attendance at military education or training of less than 179 days, or
- (3) Inclement weather.

b. Commanders, grade O-5 or above, may waive the jump requirement for one jump during a 12-month period. Service members must maintain their proficiency through refresher training, in-lieu of jumping, in order to retain eligibility for parachute duty pay during the waived period.

c. The appropriate commander, grade O-7 or above, may waive the minimum jump requirement when a Service member is unable to perform a jump due to combat operations or being operationally deployed. Upon returning from deployment, the member must complete airborne refresher training and jump within 3 months.

d. Service members must maintain their eligibility for parachute pay through the actual performance of a parachute jump, unless the minimum jump requirement is waived. If the member does not have a waiver and fails to meet the minimum jump requirement, the parachute duty pay will be discontinued and any overpayment or unearned portion of pay will be subject to repayment per reference (b), sections 373 and 1007, and reference (c), volume 16, chapter 3.

e. All officer and enlisted parachutists with an officer designator or NEC associated with a Navy community whose mission requires static-line, free-fall, or HALO operations (e.g., 1130/O26A SEAL, 1140/M04A EOD) should maintain qualifications when assigned to shore or neutral duties.

f. Service members who are assigned duty as a parachutist by competent orders outlined in subparagraph 2b(1) or 2b(2) above and maintain qualifications will receive parachutist pay, regardless of the billet to which the member is assigned.

NOTE: Specific requirements for incentive pay for parachute duty are found in reference (c), volume 7a, chapter 24.

7. Disqualification from Parachute Duty

a. Commanders will disqualify a Service member from parachute duty and remove his or her parachutist designator when the member:

(1) Is found permanently, physically, or psychologically disqualified for parachutist duty after a medical examination,

(2) Lacks the minimum operational qualifications for parachutist duty per reference (d) after a technical examination, and

(3) Is no longer a volunteer for parachutist duty, to which they may be assigned by proper authority, and a statement to this effect signed by the member is entered in his or her service record.

b. Once a Service member has been disqualified from static-line, HALO, or free-fall parachute duty for medical reasons, he or she is eligible to return to such duty upon determination that qualifications for such duty have been satisfied per the medical standards set by BUMED.

8. Commanders' Responsibility. Commanders will limit a previously HALO or free-fall qualified member to static-line when, after a technical examination, a member is determined to lack the minimum operational qualification for HALO or free-fall parachute duty per reference (d), but remains qualified to perform static-line parachute duty.

9. Recording and Reporting Parachutists Qualification and Disqualification

a. The assignment or removal of parachutist NEC codes will be conducted per reference (e).

b. [NAVPERS 1070/613](#) Administrative Remarks must be processed in line with [MILPERSMAN 1070-320](#). Specific service record and personnel accounting entries are listed in subparagraphs 9b(1) through 9b(5) below.

(1) When an enlisted member initially qualifies as a parachutist, a permanent entry on [NAVPERS 1070/613](#) will be made indicating the date of qualification, type(s) of aircraft in which qualified, unit at which the training was received, and the authority granting the right to wear the basic parachute insignia. The [NAVPERS 1070/613](#) will be filed in the official military personnel file (OMPF). The parachutist designator may be affixed to his or her rating in the following manner: PR2(PJ) and a personnel diary entry to that effect will be made as follows: "CH designator to (PJ)".

(2) When an enlisted member is disqualified for parachutist duty, a permanent entry on [NAVPERS 1070/613](#) will be made showing the reason for disqualification and filed in the OMPF. The parachutist (PJ) designator will be canceled and a personnel diary entry to that effect will be made as follows: "CH PJ designator to NONE".

(3) When an enlisted member initially qualifies as a free-fall parachutist, a permanent entry on [NAVPERS 1070/613](#) will be made indicating the date of qualification, type(s) of aircraft in which qualified, and unit at which the training was received and filed in the OMPF. The entry will also indicate whether or not the member is HALO qualified. The free-fall parachutist designator may be affixed to his or her rating in the following manner: PR2(FPJ) and a personnel diary entry to that effect will be made as follows: "CH designator to (FPJ)".

(4) When an enlisted member is disqualified for HALO or free-fall parachutist duty but is still qualified for static-line parachutist duty, a permanent entry on [NAVPERS 1070/613](#) will be made indicating the reason for disqualification and filed in the OMPF. The HALO or free-fall parachutist (FPJ) designator will be changed to static-line parachutist (PJ) and a personnel diary entry to that effect will be made as follows: "CH designator to (PJ)".

(5) When an enlisted member is disqualified for HALO or free-fall and static-line parachutist duty, a permanent entry on [NAVPERS 1070/613](#) will be made indicating the reason for disqualification and filed in the OMPF. The free-fall

parachutist (FPJ) designator will be canceled and a personnel diary entry to that effect will be made as follows: "CH FPJ designator to NONE."

c. Appropriate entry of qualification or disqualification will be made on special duty abstracts of the health record at the time of original physical examination and annual reexaminations thereafter. Commanders must be informed of the results of all physical examinations.

10. **Basic Parachutist Insignia.** The basic parachutist insignia consists of a breast insignia as prescribed by references (f) and (g). The right to wear the basic parachutist insignia is authorized for those members who:

- a. Have met the qualification requirements,
- b. Have not subsequently qualified for the Navy and Marine Corps parachutist insignia, and
- c. Whose right to wear such insignia has not been revoked.

11. **Navy and Marine Corps Parachutist Insignia.** The Navy and Marine Corps parachutist insignia consists of a breast insignia as prescribed by references (f) and (g). The right to wear the Navy and Marine Corps parachutist insignia is authorized for those members who have:

- a. Previously qualified for the basic parachutist insignia,
- b. Completed a minimum of five additional static-line or P3 jumps, under competent orders with a Navy or Marine Corps organization whose mission includes static-line or P3 jumping, with verification of such jumps for enlisted members documented on [NAVPERS 1070/613](#) filed in the OMPF, and
- c. Whose right to wear such insignia has not been revoked.

12. **Revocation.** In general, the provisions for revocation of naval aviator insignia will apply as related to revocation of authority to wear the basic parachutist insignia or the Navy and Marine Corps parachutist insignia.

13. **Commissioned Officers and Warrant Officers**

a. Qualifications and instructions for commissioned and warrant officers assigned parachute duty are identical to those for enlisted personnel as outlined in this article.

b. Parachutist qualifications attained while in an enlisted status will be carried over to the officer's service record.

14. **Other Services**. Parachutist qualification attained while in another Service will be carried over to the member's naval service record.

------------	--

1. Policy

a. The designation "qualified in submarines" represents an intensive personal effort to meet the high standards and special requirements of submarine duty. Only volunteers will be assigned to submarine training under normal circumstances. Non-volunteers will be assigned only when sufficient volunteers cannot be obtained.

b. Based on the investment of training costs and long planning time, assignment to submarine duty is not elective after issuance of a transfer directive leading to duty in submarines.

2. Eligibility Requirements. The specified eligibility requirements for submarine duty may be found in MILPERSMAN 1306-402.

3. Training Requirements

a. Basic Enlisted Submarine School is the basic training of enlisted members for submarine duty at Naval Submarine Base, New London, Groton, CT is a prerequisite for qualification in submarines for all enlisted ratings, with the exception of nuclear trained personnel. Commanding officers (COs) of submarines receiving enlisted personnel from this school must not consider them "qualified in submarines," nor consider their

training complete. Before being designated "qualified in submarines," each individual must pass an oral and practical examination that demonstrates sufficient knowledge of ship's systems and operating procedures pertaining to the submarine in which serving.

b. Personnel are not eligible to be designated "qualified in submarines" by the CO until they have served aboard a submarine for 6 months. The CO must ensure personnel have sufficient underway time to ensure the validity of the designation "qualified in submarines." Amplifying details for qualification are issued by the submarine force commanders.

c. Personnel serving in source ratings other than submarines who complete requirements for qualification in submarines while serving temporary additional duty on board a submarine may request a waiver of eligibility standards. The waiver request must be addressed to Navy Personnel Command (NAVPERSCOM), Nuclear Power/Submarine Distribution Branch (PERS-403) and endorsed by the submarine CO; a copy must be provided to the submarine force commander. If approved by NAVPERSCOM (PERS-403), submarine "designation 7 (SG)" will be assigned.

4. **Physical Requirements.** Before being assigned to a submarine, each enlisted member must meet the physical standards specified in reference (a).

5. **Submarine Qualification Designations.** Submarine qualification designations are defined below:

Designation 1 (SS)	Designated "qualified in submarines."
Designation 2 (SU)	Designated "in training for submarine qualifications."
Designation 5 (SQ)	Designated "qualified for submarines." Not planned for future assignment to submarine duty.
Designation 7 (SG)	Designated "qualified for submarines." Not in submarine source rating or Navy enlisted classification (NEC). Not detailed by the submarine community.
Designation 8 (SP)	Designated "previously assigned in submarines." Assigned only to those personnel disqualified for submarine duty and serving in a submarine support billet. Detailed by the submarine community, but not reassigned to submarine duty without prior approval from NAVPERSCOM (PERS-403).

6. **Designation 5 (SQ)**. (See note 1) Submarine "designation 5 (SQ)" will be assigned by NAVPERSCOM (PERS-403) to enlisted personnel in submarine source ratings who are qualified in submarines, but not expected to serve again in the submarine force. Personnel assigned "designation 5 (SQ)" designator are entitled to wear the enlisted submarine breast insignia. Personnel assigned "designation 5 (SQ)" must have the following permanent NAVPERS 1070/613 Administrative Remarks entry made and uploaded to their electronic service record (ESR) via Navy Standard Integrated Personnel System (NSIPS).

"(Date): Assigned enlisted submarine "Designation 5 (SQ)." Member entitled to wear the enlisted submarine breast insignia.

Authority: (Cite the source document notifying of "Designation 5 (SQ))."

Note 1: Personnel assigned "designation 5 (SQ)" or "designation 7 (SG)" who desire to return to submarine duty must formally request reinstatement using the procedures in MILPERSMAN 1306-416.

7. **Designation 7 (SG)**. (See note 1).

a. Submarine "designation 7 (SG)" will be assigned by NAVPERSCOM (PERS-403) for the following reasons:

(1) Conversion to a nonsubmarine source rating or to an NEC detailed outside of the submarine community.

(2) Approval of nonsubmarine source rating to be designated "qualified in submarines."

b. Personnel assigned "designation 7 (SG)" designator must have the following permanent NAVPERS 1070/613 entry made in their ESR via NSIPS.

"Date: Assigned enlisted submarine "designation 7 (SG)." Member entitled to wear the enlisted submarine breast insignia.

Authority: (Cite the source document notifying of "designation 7 (SG))."

8. **Designation 8 (SP)**

a. Submarine "designation 8 (SP)" may be assigned by NAVPERSCOM (PERS-403) to personnel disqualified from submarine duty. Each person disqualified is normally assigned to a submarine support billet for a 2-year tour of duty if a valid billet exists.

b. Submarine nuclear trained personnel who are physically disqualified from submarine duty will be assigned as a surface nuclear operator. No formal notification of "designation 8 (SP)" assignment is made by NAVPERSCOM (PERS-403) and service record entries are not required.

c. Assignment of "designation 8 (SP)" is for NAVPERSCOM assignment and tracking purposes only, but will reflect on a command enlisted distribution verification process (EDVP). Further guidance on "designation 8 (SP)" may be found in MILPERSMAN 1306-416.

9. **Submarine Qualification Insignia**

a. The submarine qualification insignia represents the completion of prescribed training and the successful qualification for submarine service. The insignia shows that the wearer has qualified for submarine duty, but does not necessarily indicate that the wearer is currently serving in the submarine force.

b. Enlisted members who have been "disqualified" from submarine duty must normally, by the same authority, have their privilege to wear the submarine insignia revoked. A member who has been physically disqualified for submarine duty may continue to wear the submarine insignia. Other unique circumstances may convince the submarine disqualification authority to leave intact a former submariner's privilege to wear the submarine qualification insignia.

10. **Use of Submarine Designations**

a. Submarine designations "SS" or "SU" must be placed in parenthesis immediately after the member's rate or rating abbreviation (e.g., MM2(SS), SA(SU)). All service record pages and all correspondence pertaining to the member thereafter must include the appropriate designation until such time as the submarine designator may be revoked.

b. A member who has received a submarine designator and is subsequently transferred from duty in submarines will normally retain the designator, unless removed or changed due to disqualification. Additionally, entitlement to wear the enlisted submarine warfare insignia remains until such time that entitlement is revoked.

c. When a member has been examined and is qualified for submarine duty, the following permanent NAVPERS 1070/613 entry must be made and uploaded to the ESR via NSIPS. Ensure this entry is permanent.

"(Date): Qualified in submarines this date and assigned enlisted submarine "designation 1 (SS)."
--

11. **Authority to Assign or Revoke Designations**

a. Only NAVPERSCOM (PERS-403) and submarine force commanders have authority to remove submarine designations. See MILPERSMAN 1306-416 for disqualification procedures. Submarine force commanders will act only on the cases of those personnel who are under their operational or administrative command. NAVPERSCOM (PERS-403) will act on all other cases.

b. Authority for assignment of any enlisted submarine designation is NAVPERSCOM (PERS-403), with exception of the assignment of "designation 1 (SS)" to those "designation 2 (SU)" personnel who complete requirements for "qualification in submarines." The authority for this designation change is granted to the submarine force commanders.

12. **Preservice Substance Abuse Policy**

a. The special safety and reliability aspects of operating submarines necessitate stringent substance abuse policies.

b. Preservice drug abuse waivers by personnel requesting entry into the Nuclear Field Program will be screened by the Office of the Chief of Naval Operations (OPNAV), Nuclear Enlisted Program (N133D). Waivers may be granted for preservice experimental marijuana use only.

c. Preservice drug abuse waivers (marijuana only) by personnel requesting entry into initial submarine training other than the Nuclear Field Program will be screened by the appropriate activity listed below:

(1) Commander, Navy Recruiting Command - for personnel in administrative chain of command specifically outlined in reference (b). Admission of preservice experimental use of marijuana by personnel in Delayed Entry Program is not waivable.

(2) NAVPERSCOM (PERS-403) - for personnel in all other commands. Waivers may be granted for preservice experimental marijuana use only.

d. Any time a waiver is granted for preservice drug abuse, the following permanent NAVPERS 1070/613 entry will be uploaded into the ESR via NSIPS.

"(Date): A preservice marijuana use waiver for submarine duty has been granted by (cite authority). I understand any future drug abuse will result in permanent submarine disqualification and processing for separation from naval service.

_____MEMBER _____WITNESS

e. Drug abuse waivers will not be granted for personnel with a history of in-service drug abuse desiring initial submarine training or for in-service drug abuse which occurs after commencement of initial submarine or nuclear field training.

f. Personnel disqualified from submarine duty for drug abuse are not eligible for reinstatement at any time.

g. Personnel disqualified for alcohol dependency may request reinstatement to submarine duty, per reference (c), within 3 years of the disqualification date. After 3 years, reinstatement will not be considered.

13. **Disqualification for Duty.** A CO may, at any time, recommend to the appropriate disqualification authority, via the administrative chain of command, that any enlisted member serving under the CO's command be declared disqualified for submarine duty for any reason other than as a substitute for appropriate disciplinary action in the case of disciplinary offenses. Disqualification must not be used in lieu of a recommendation for separation of a member from naval service when separation is warranted and appropriate. However, a member undergoing administrative or punitive separation proceedings

will be disqualified from submarines when such separation has been directed.

14. **Criteria for Removal of Submarine Designator.** There are two general categories of justification for removal of a submarine designator:

- a. Physical disqualification; and
- b. All other reasons; this category may include, but is not limited to:
 - (1) Inability or refusal to qualify or requalify in submarines;
 - (2) Substance abuse (alcohol or drugs);
 - (3) Loss of or inability to acquire a required security clearance, NEC, or limited access authority;
 - (4) Removal from the Personnel Reliability Program (PRP);
 - (5) Conscientious objector status; or
 - (6) Emotional instability.

15. **NAVPERS 1070/613 Entry for Physical Disqualification.** For personnel who are physically disqualified, the following permanent NAVPERS 1070/613 entry must be made and uploaded to ESR via NSIPS.

"(Date): Determined "not physically qualified" for submarine duty for reasons stated in medical record. The enlisted submarine "designator (SS)/(SU)" is hereby removed. (Member's last name) is entitled to wear the submarine breast insignia (if applicable). (Member's last name) may reapply to NAVPERSCOM (PERS-403) for restoration of the (SS)/(SU) designator when member once again satisfies the physical requirements of the Manual of the Medical Department for submarine duty.

Authority: (Cite the source document approving disqualification.)"

16. **NAVPERS 1070/613 Entry for Reasons Other than Physical.** For personnel who are disqualified for reasons other than

physical, the following permanent NAVPERS 1070/613 entry must be made and uploaded to ESR via NSIPS.

"(Date): Disqualified for submarine duty by reason of (state reason). The enlisted submarine "designator (SS)/(SU)" is hereby removed. (Member's last name) is not eligible for return to submarine duty at any future date and is not entitled to wear the submarine breast insignia (if deemed appropriate by the submarine disqualification authority).

Authority: (Cite the source document approving disqualification)."

17. **Reinstatement after Disqualification.** Per MILPERSMAN 1306-416, reinstatement to submarine duty after disqualification will be considered, with the following exceptions:

a. Per reference c, personnel disqualified from submarine duty for drug abuse are ineligible for reinstatement.

b. Per reference c, personnel disqualified for alcohol dependency must submit their request within 3 years of the submarine disqualification date for reinstatement.

MILPERSMAN 1220-050

ENLISTED SURFACE WARFARE SPECIALIST (ESWS) DESIGNATION

Responsible Office	CNO (N861C)	Phone:	DSN	222-4610
			COM	(703) 692-4610
			FAX	222-4635

References	(a) NAVPERS 15665I, U.S. Navy Uniform Regulations (b) OPNAVINST 1414.1D
------------	--

1. **Policy.** Enlisted members may voluntarily obtain Enlisted Surface Warfare Specialist (ESWS) qualification while assigned to a surface ship or afloat staff.
2. **Authority to Wear the Insignia.** Achievement of qualification entitles the member to wear the ESWS insignia per reference (a), and to use the Surface Warfare designation. The Surface Warfare designation is an "SW" placed in parentheses immediately after the member's rate abbreviation, i.e., MM3(SW), BMCS(SW).
3. **Updating the Service Record.** When a member has been qualified as an Enlisted Surface Warfare Specialist, an entry shall be made in the member's service record NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Qualified as an Enlisted Surface Warfare Specialist (ESWS) this date and assigned the Enlisted Surface Warfare (SW) designator."
4. **Updating the Evaluation.** Once qualification has been approved, relevant comments should be made in the member's next evaluation.
5. **Disqualification.** An enlisted member previously qualified shall be disqualified by an appropriate qualifying officer if that member fails to continue to meet the requirements set forth in reference (b). Formal notification of disqualification shall

be recorded in the member's service record NAVPERS 1070/613 as follows:

"(Date) Failed to maintain qualification as an Enlisted Surface Warfare Specialist (ESWS) in that (include specific rationale for disqualification). Member has been informed that as of this date (he or she) is disqualified and is no longer authorized to wear the ESWS insignia or use the Enlisted Surface Warfare (SW) designator."

6. Wearing EAWS Insignia

a. Achievement of qualification entitles the member to wear the Enlisted Aviation Warfare Specialist (EAWS) insignia prescribed in reference (a), and to use the Aviation Warfare designation. The Aviation Warfare designation is an "AW," placed in parentheses immediately after the member's rate abbreviation, i.e., AD3(AW), AMHC(AW).

b. An EAWS qualified individual shall use "(AW)" after the rating title.

7. Updating Service Records

a. When members have qualified as Aviation Warfare Specialist, an entry will be made in their service record as follows:

"(Date) Qualified as an Enlisted Aviation Warfare Specialist (EAWS) this date and assigned the EAWS (AW) designator."

b. Once qualification has been approved, relevant comments should be made in the member's next evaluation.

c. Members, once notified of their disqualification, shall have the specifics of this action entered in their service records with appropriate comments entered in the next periodic evaluation as follows:

"(Date) Failed to maintain qualification of an Enlisted Aviation Warfare Specialist (EAWS) by (include specific rationale for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear the EAWS insignia or use the (AW) designator as part of his/her rating."

8. **Requalification.** Requalification shall be per reference (b) as though disqualification had not occurred.

MILPERSMAN 1220-060

ENLISTED AVIATION WARFARE SPECIALIST (EAWS) DESIGNATION

Responsible Office	CNO (N889H)	Phone:	DSN	664-7738

			FAX	664-6969

Governing Directives	OPNAVINST 1414.2A
	NAVPERS 15665I, U.S. Navy Uniform Regulations

1. **Policy**. Enlisted personnel can voluntarily obtain Enlisted Aviation Warfare Specialist (EAWS) qualification by meeting the eligibility requirements of and following the procedures prescribed in OPNAVINST 1414.2A.

2. **Qualifications**. General qualification standards for EAWS are as follows:

a. Be professionally and militarily motivated as demonstrated by additional qualifications such as shipboard damage control, Personnel Qualification Standards (PQS), and Preventive Maintenance System (PMS) (where applicable).

b. Be professionally qualified (i.e., specific PQS requirements to perform duties successfully completed, etc.) as required by their commanding officer (CO).

c. Complete and qualify for all requirements as set forth in OPNAVINST 1414.2A.

d. Be recommended by the chain of command and approved by the CO.

NOTE: See "Updating Service Records" for information on proper entry requirements.

3. Disqualification

a. Once qualification is achieved Aviation Warfare Specialist will retain the designation unless disqualified for cause as determined by the CO.

b. Should an enlisted member previously qualified fail to continue to meet the requirements, then that member shall be disqualified by the member's CO.

c. See "Updating Service Records" for information on proper entry requirements.

4. Wearing EAWS Insignia

a. Achievement of qualification entitles the member to wear the Enlisted Aviation Warfare Specialist (EAWS) insignia prescribed in NAVPERS 15665I, and to use the Aviation Warfare designation. The Aviation Warfare designation is an "AW", placed in parentheses immediately after the member's rate abbreviation, i.e., AD3(AW), AMHC(AW).

b. An Enlisted Aviation Warfare Specialist (EAWS) qualified individual shall use "(AW)" after the rating title.

5. Updating Service Records

a. When members have qualified as Aviation Warfare Specialist, an entry will be made in their service record as follows:

"(Date) Qualified as an Enlisted Aviation Warfare Specialist (EAWS) this date and assigned the EAWS (AW) designator."

b. Once qualification has been approved relevant comments should be made in the member's next evaluation.

c. Members, once notified of their disqualification, shall have the specifics of this action entered in their service records with appropriate comments entered in the next periodic evaluation as follows:

"(Date) Failed to maintain qualification of an Enlisted Aviation Warfare Specialist (EAWS) by (include specific rationale for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear

the EAWS insignia or use the (AW) designator as part of his/her rating."

6. **Requalification.** Requalification shall be according to OPNAVINST 1414.2A as though disqualification had not occurred.

1. **Policy.** Enlisted Explosive Ordnance Disposal (EOD) members shall obtain the Enlisted Explosive Ordnance Disposal Warfare (EWS) Specialist qualification as outlined in reference (a).

2. **Updating the Service Record.** When a member has been qualified as an EWS Specialist, an entry shall be made in the member's service record on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Qualified as an Enlisted Explosive Ordnance Disposal Warfare (EWS) Specialist this date and assigned the (EWS) designator."

3. **Updating the Evaluation.** Once qualification has been approved, relevant comments should be made in the member's next evaluation.

4. **Authority to Wear the Insignia.** Achievement of qualification entitles the member to wear the EWS insignia per reference (b), and to use the EWS designation. The Explosive Ordnance Disposal Warfare designation is an "EWS" placed in parentheses immediately after the member's rate abbreviation, i.e., EOD2(EWS).

a. Members whose Navy Enlisted Classifications (NEC(s)) is/are removed for disciplinary and/or administrative action per MILPERSMAN 1220-200 are no longer authorized to wear the insignia.

b. Members who voluntarily remove their NEC(s) will not be authorized to wear the insignia.

c. Members whose NEC(s) is/are involuntarily removed as a result of a permanent physical disqualification are authorized to wear the insignia if recommended by member's commanding officer (CO) and approved by Bureau of Naval Personnel (BUPERS), Explosive Ordnance Disposal Community Manager (BUPERS-325C1).

5. **Disqualification.** An enlisted member previously qualified shall be disqualified by an appropriate qualifying officer if that member fails to continue to meet the requirements set forth in reference (a). Formal notification of disqualification shall be recorded in the member's service record on NAVPERS 1070/613 as follows:

"(Date) Failed to maintain qualification as Senior/Master Enlisted Explosive Ordnance Disposal Warfare (EWS) Specialist by (include specifics for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear the EWS insignia or use the (EWS) designator as part of his/her rate."

Members, once notified of their disqualification, shall have the appropriate comments entered in the next periodic evaluation.

------------	---

1. **Policy.** Special Warfare Operators (SEAL) shall obtain the Enlisted Special Warfare Operator (SEAL) designator as outlined in MILPERSMAN 1220-300.

2. **Updating the Service Record.** When a member has been qualified as a Special Warfare Operator, an entry shall be made in the member's service record on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Qualified as a Special Warfare Operator (SEAL) this date and assigned the (SEAL) designator."

3. **Updating the Evaluation.** Once qualification has been approved, relevant comments should be made in the member's next evaluation.

4. **Authority to Wear the Insignia.** Achievement of qualification entitles the member to wear the SEAL insignia per reference (a), and to use the SEAL designation. The Special Warfare Operator designation is the acronym "SEAL" placed in parentheses immediately after the member's rate abbreviation, i.e., S02(SEAL).

a. Members whose Navy Enlisted Classification(s) (NEC(s)) is/are removed for disciplinary and/or

administrative action per MILPERSMAN 1220-300 are no longer authorized to wear the insignia.

b. Members who voluntarily remove their NEC(s) will not be authorized to wear the insignia.

c. Members whose NEC(s) is/are involuntarily removed as a result of a permanent physical disqualification are authorized to wear the insignia if recommended by member's commanding officer (CO) and approved by Bureau of Naval Personnel (BUPERS), SPECWAR Enlisted Community Manager (BUPERS-324).

5. **Disqualification.** An enlisted member previously qualified shall be disqualified by an appropriate qualifying officer if that member fails to continue to meet the requirements set forth in MILPERSMAN 1220-300. Formal notification of disqualification shall be recorded in the member's service record on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Failed to maintain qualification as a Special Warfare Operator (SEAL) by (include specifics for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear the SEAL insignia or use the (SEAL) designator as part of his/her rate."

Members, once notified of their disqualification, shall have the appropriate comments entered in the next periodic evaluation.

MILPERSMAN 1220-100

-------------------	---

1. **Purpose.** This article discusses personnel aspects of the Navy diver (ND) rating. The following topics are covered:

<u>Topic</u>	<u>See Para.</u>
Rating Description	2
Suitability for Assignment	3
Rating Designation	4
Navy Enlisted Classification (NEC) Codes	5
Recruit, Non-ND Qualified Navy Veterans (NAVETS), and Other Service Veterans (OSVETS) Accessions	6
Rating Conversion Entry Requirements	7
Applying for Rating Conversion	8
Rating Conversion Screening Requirements	9
Rating Conversion Screening Process	10
Transfer To ND "A" School	11
Disenrollment from ND "A" School	12
Change of Rating	13
Forced Conversion	14
Reinstatement	15
Supervisory Status	16
Periodic Requalification	17
Advanced Diver Training	18
Disenrollment from Advanced Diver Training	19
ND Rating Description	Exhibit 1
Report of ND Rating Conversion Screening	Exhibit 2
Request for Master Diver Course	Exhibit 3

2. **Rating Description.** Navy divers (NDs) perform and supervise diving operations using all types of underwater breathing apparatuses including open circuit SCUBA, closed and semi-closed mixed gas underwater breathing apparatus, surface supplied air and mixed gas diving systems and equipment, and saturation diving systems. Their duties include explosive demolitions and small arms proficiency. Exhibit 1 and [Navy Expeditionary Combat Command Web site](#) provide comprehensive descriptions and information about a career in the ND rating.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the ND rating require strict adherence to eligibility criteria, procedures, and policy for conversion and assignment to the ND rating.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all members of the naval service, it is especially important that members assigned to duty involving the performance and supervision of Navy diving operations are of unquestioned

personal conduct, reliability, judgment, and observance of military regulations.

4. **Rating Designation.** Upon completion of

- a. ND Preparatory Course, CIN A-433-0101; and
- b. Second Class Diver, CIN A-433-0022

Enlisted personnel are awarded NEC M2DV and designated as ND. Recruit and fleet conversions are authorized accelerated advancement to E-4 (ND3) per MILPERSMAN 1510-030.

5. **Navy Enlisted Classification (NEC) Codes.** Enlisted ND personnel are designated by NEC codes per their qualifications. Reference (a) further describes each of the NEC codes.

- a. Second class diver, NEC M2DV
- b. First class diver, NEC M1DV
- c. Master diver, NEC MMDV

6. **Recruit, Non-Navy Diver Qualified Navy Veterans (NAVETS), and Other Service Veterans (OSVETS) Accessions.** The ND rating is designated as an advanced technical field (ATF) 6-year obligation program. Reference (b) provides entry requirements and policy for recruit, NAVET, and OSVET accessions.

7. **Rating Conversion Entry Requirements.** Conversion to the ND rating requires successful completion of ND "A" School. Approval to attend ND "A" School must be based on the needs of the community and determined by Bureau of Naval Personnel (BUPERS), Navy Diver Community Manager (BUPERS-324F). Except where specified "**no waiver**," BUPERS-324F may waive one or more entry requirements if the applicant is considered otherwise qualified. Due to the cost of permanent change of station (PCS) orders, historical high attrition training rates, and to prevent undue delay in training, commands and personnel submitting requests for conversion must strictly adhere to the policy and requirements specified in this article. Entry requirement references (a) through (i) can be found at **www.necc.navy.mil**.

- a. **Duty Status.** Must be on active duty.

b. **Schools - Previous attendance at Explosive Ordnance Disposal (EOD), ND, Special Warfare Boat Operator (SB), or Special Warfare Operator (SO) "A" School.** Members who are voluntarily or involuntarily disenrolled from EOD, ND, SB, or SO "A" School will normally require a minimum of a 2-year wait period prior to reapplying for EOD, ND, SB, or SO "A" School. Personnel who previously (voluntarily or involuntarily) disenrolled from ND "A" School that request to return to ND "A" School must include the following in the application:

(1) NAVPERS 1070/613 Administrative Remarks recommendation to return to training from the commanding officer (CO) of the respective ND "A" School course of instruction from which the member was disenrolled. **No waivers.**

(2) NAVPERS 1070/613 statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas. **No waivers.**

c. **Motivation.** Strong motivation, interest in the rating, and willingness to work diligently in the academic and operational training phases is required. **No waivers.**

d. **Gender.** Males and females are eligible.

e. **Age Requirement.** Must be 30 years of age or less as of date of application receipt at Navy Personnel Command (NAVPERSCOM), ND/EOD/SO Schools Coordinator (PERS-401DH).

f. **Rate.** Pay grades E-1 through E-5 are eligible. **No waivers.**

g. **Years of Service.** Must have 6 years or less of active service.

h. **Armed Services Vocational Aptitude Battery (ASVAB).** Must meet ASVAB requirement per current ASVAB NAVADMIN.

i. **Medical Requirements.** Must meet medical standards as specified in reference (c). Request for waiver of physical standards for personnel who do not meet minimum standards must be submitted per reference (c) and:

(1) **Via** the Service Member's CO;

(2) **Via** Bureau of Medicine and Surgery (BUMED), Director for Undersea and Special Operations (BUMED M3B3); and

(3) **To** BUPERS, Naval Special Warfare/Naval Special Operations (NSW/NSO) Community Manager (BUPERS-324).

j. **Hyperbaric Pressure Test.** The hyperbaric pressure test must be administered per reference (d). Hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

k. **Obligated Service (OBLISERV).** The OBLISERV requirement for fleet conversions attending ND "A" School is 36 months from class graduation date, or completion of previous OBLISERV, whichever is greater, unless released earlier by Chief of Naval Personnel (CHNAVPERS). COs must ensure applicants understand OBLISERV to train options specified in MILPERSMAN 1306-106 and reference (e). **No waivers.**

l. **Performance Standards.** Evaluation trait marks 3.0 or above in last 3 evaluation reports.

m. **Misconduct.** The applicant may not have a non-judicial punishment (NJP), court-martial conviction, or civil court conviction during the previous 12 months prior to the application.

n. **Security Clearance.** Attendance at ND "A" School requires eligibility for a secret clearance based on a national agency check with local agency and credit checks. **No waivers.**

o. **Physical Fitness.** Must pass the physical screening test per MILPERSMAN 1220-410. **No waivers.**

p. **CO Recommendation.** Must be recommended for initial training by the member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Apply for ND convert-in quota via Career Waypoints program.
2	Access the Navy Diver In-Service Recruiter's Web site at http://www.necc.navy.mil to schedule an interview and physical screening test (PST). Phone: 1-757-462-4316, Ext. 332 E-mail: eod.diver.motivator@navy.mil
3	Undergo screening process.
4	Receive Report of Rating Conversion Screening.
5	Assemble rating conversion package.
6	Mail or e-mail (encrypted) conversion package to: Navy Personnel Command (PERS-401DH) 5720 Integrity Drive Millington, TN 38055-5402 E-Mail: MILL ND EOD SB SO packages@navy.mil (E-mail is the preferred method.)

9. **Rating Conversion Screening Requirements.** Applicants must be screened by approved personnel and activity.

a. **Approved Screening Personnel.** Only a qualified master diver (NEC MMDV) must conduct the screening interview. An E6 and above first class diver (NEC M1DV) may administer the physical screening test.

b. **Approved Screening Activity.** Only commands with adequate facilities for screening applicants must conduct screening.

(1) An approved screening activity is any diving, EOD, SEAL, special warfare combatant-craft crewman (SWCC), or underwater construction technician (UCT) command; or Navy recruit training command. ND commands should be the priority screening activity as they relate to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel

must be coordinated through and approved by NAVPERSCOM (PERS-401DH) or NAVPERSCOM, Fleet Diver Detailer (PERS-401DC).

10. **Rating Conversion Screening Process.** The screening activity must ensure the following:

Step	Action	Per
1	Interview the applicant.	Para 10a
2	Conduct a diving medical examination.	Para 10b
3	Conduct a physical screening test.	Para 10c
4	Conduct a hyperbaric pressure test.	Para 10d
5	Submit a request for rating conversion.	Para 10e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing ND "A" School and subsequent ND career assignments. The interviewer must do the following:

(1) Discuss the nature of the ND rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record (ESR) to fully assess past performance, conversion's effect on professional development, potential for successfully completing ND "A" School, and identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. Member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the physical screening test.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete exhibit 2, Report of ND Rating Conversion Screening.

(a) All rating conversion entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's electronic service record could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the suitability to attend ND "A" School.

b. **Conduct a Diving Medical Examination.** Applicants must meet physical examination and standards per reference (c).

(1) **Approved Location.** The medical examination may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner.** Per reference (c), article 15-105, examinations may be conducted by any physician, but an undersea medical officer (UMO) or diving medical officer (DMO) must approve and review all examinations using DD 2807-1 Report of Medical History and DD 2808 Report of Medical Examination. BUMED (M342) can review and sign physical examinations for accessions performed by another credentialed medical provider in locations where a Navy UMO or DMO is not proximately available.

(3) **Medical Reports.** Results of the diving medical examination will be recorded on the following reports:

(a) DD Form 2807-1.

(b) DD Form 2808.

(c) NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire. This is used to report any interval changes to health history or physical exam since last valid periodic dive medical exam. Must be completed no later than 1 month prior to actual transfer to training and placed in Service member's medical record.

(4) **Validity.** The initial diving medical examination must be valid for a 24-month period. Candidates who have not reported to ND "A" School within the 24-month period must re-submit the following updated reports to NAVPERSCOM (PERS-401DH):

(a) DD Form 2807-1; and

(b) DD Form 2808.

c. **Conduct the Physical Screening Test.** The physical screening test is designed to assess the applicant's physical ability to handle physical stressors of the rating and undergo initial and advanced training.

(1) Administer the physical screening test per MILPERSMAN 1220-410.

(2) No alterations to the test are permitted. The test must be administered exactly as indicated.

(3) Testing: Physical screening test standards are identical for male and female applicants.

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (d).

e. **Submit a Request for Rating Conversion.** Upon satisfactory completion of the screening process, applicants will forward their request to NAVPERSCOM (PERS-401DH), via NAVPERS 1306/7 Enlisted Personnel Action Request.

(1) NAVPERS 1306/7 will reference MILPERSMAN 1220-100 and include the following statement:

"Per MILPERSMAN 1220-100, I volunteer for ND duty and request assignment to ND "A" School. I agree to serve on active duty for a period of 36 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified regardless of whether I retain qualification as a ND and NEC MXXX during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Required enclosures are listed below:

Enclosure 1	DD 2807-1 Report of Medical History
Enclosure 2	DD 2808 Report of Medical Examination
Enclosure 3	MILPERSMAN 1220-100, exhibit 2, Report of ND Rating Conversion Screening.
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 - E-6) for previous 3 years including any special or transfer evaluations.
Enclosure 5	Armed Services Vocational Aptitude Battery (ASVAB) scores as documented on NAVPERS 1070/604 Enlisted Qualifications History or NAVPERS 1070/881 Training Education and Qualification History
Enclosure 6	Hyperbaric Pressure Test results. Provide memorandum stating waiver justification if not completed.

11. **Transfer to ND "A" School**

a. **Physical Condition Verification.** The member's physical condition must be verified by performing the physical screening test approximately 30 days prior to transfer to ND "A" School per MILPERSMAN 1220-410. Test results **must** be placed in the Service member's ESR. Personnel who fail the physical screening test 30 days prior to transfer must retest approximately 15 days prior to transferring. If the member fails again, NAVPERSCOM (PERS-401DH) must be notified by e-mail within 24 hours of the failure, and the member's orders must be held in abeyance.

b. **Authorization.** A UMO or DMO is required to complete and sign NAVPERS 1200/6 no later than 1 month prior to actual transfer to training. Place original NAVPERS 1200/6 in the Service Member's medical record.

c. **Participation in Advancement Exams.** Conversion to the ND rating requires successful completion of ND "A" School per reference (g).

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel approved to attend ND "A" School by NAVPERSCOM (PERS-401DH) for rating conversion may compete for advancement in their present rating until the class convening date; however, personnel selected for

advancement to E-6 prior to class convening will lose eligibility to attend ND "A" School. Personnel selected for advancement to E-6 while under instruction at ND "A" School must be disenrolled from training.

d. **Disqualification Condition.** Personnel who have received orders to attend ND "A" School, but develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7, to include physical conditioning, medical, advancement to E-6, performance standards, NJP, or lack of security clearance eligibility, are required to notify NAVPERSCOM (PERS-401DH).

12. Disenrollment from ND "A" School

a. **Reclassification, Reassignment, and Suitability.** Members who voluntarily or involuntarily disenroll from ND "A" School initial training must:

(1) Be made available for reclassification or reassignment to their rating detailer. Members should contact their detailer as soon as possible; and

(2) Have a permanent NAVPERS 1070/613 entry made in their ESR and submitted to the official military personnel file (OMPF), stating the reason for disenrollment and a favorable or non-favorable recommendation from the CO of the course of instruction for which the member was disenrolled of suitability to return to ND "A" School in the future.

b. **OBLISERV.** Members disenrolled, where OBLISERV is required for instruction received, with approval of NAVPERSCOM, Enlisted Career Progression Division (PERS-81), may be permitted to execute a new:

(1) NAVPERS 1070/621 Agreement to Extend Enlistment; or

(2) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty.

Note: See MILPERSMAN 1160-040 for explanation of "instruction received."

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction must be canceled.

(1) For those members who accepted accelerated advancement, this OBLISERV must be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements must be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement Training.** If a member is disenrolled for any reason prior to entry into the training, a request may be submitted to NAVPERSCOM (PERS-81) for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement**

(1) Upon receipt of NAVPERSCOM (PERS-81) approval, COs or officers in charge (OICs) must:

Step	Action
1	Execute extension agreement.
2	Cancel old extension agreement.
3	Submit NAVPERS 1070/621 and or NAVPERS 1070/622 per reference (j).
4	Make a permanent NAVPERS 1070/613 entry (see below).

(2) The following permanent NAVPERS 1070/613, entry must be made in the member's ESR and submitted to the OMPF:

My active duty obligation remaining upon disenrollment from (school) has been explained to me per MILPERSMAN 1220-100. I understand that my active duty obligation has been established as (EAOS date).

Member's Signature

Witnessing Officer's Signature

13. **Change of Rating.** Personnel designated in the ND rating may request change of rating per MILPERSMAN 1440-010. Personnel are required to submit NAVPERS 1221/6 to BUPERS-324F to concurrently affect change of rating and removal of the ND rating related NEC.

14. **Forced Conversion.** Forced conversion is the involuntary change of rating directed by NAVPERSCOM and based on a member's loss of eligibility or suitability to further serve in his or her present rating as defined in MILPERSMAN 1440-010. Forced conversions must be conducted per MILPERSMAN 1440-010 and as further described in this article. Command master diver or immediate supervisor in command (ISIC) master divers may recommend forced conversion and revocation of ND rating NEC by submitting NAVPERS 1221/6 through their administrative chain of command to BUPERS-324F. Service Members assigned NEC 0000 have 30 days to request conversion to an undermanned rating per MILPERSMAN 1440-010, and command must remove advancement recommendation until member successfully converts to new rating. This revocation must not be used as a punitive measure, but based on the command or ISIC master diver's determination that the member is no longer suitable for assignment in the ND rating. NAVPERS 1221/6 must substantiate that determination by providing sufficient background and reasonable justification for removal of member's NEC. Recommendations to revoke NEC must include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

or

"The member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

and (if first statement used)

"The member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-NEC billet."

or

"The member is unsuitable for duty in diver/EOD/SEAL/SWCC/UCT commands. The member may not reapply for reinstatement for NEC MXXX and is unsuitable for duty in diver/EOD/SEAL/SWCC/UCT commands."

a. **Non-Performance of Duties.** Failure or unwillingness to perform duties required of the rating.

b. **Failure to Maintain Rating Eligibility:**

(1) Permanent revocation by Department of the Navy, Central Adjudication Facility (DON CAF) of the member's security clearance.

(2) Permanent physical disability.

c. **Professional Performance:**

(1) Willful dereliction of duty.

(2) Breaches in diving safety or regulations.

(3) Loss of command master diver's or CO's faith and confidence in the member's ability to exercise sound judgment, reliability, and personal conduct.

d. **Diving Salvage Warfare Specialist (DSW).** Failure to attain DSW qualification as specified in reference (h).

e. **Alcohol Abuse.** Personnel identified as having abused alcohol must be locally suspended from duty by their CO pending the outcome of screening, disciplinary action, or rehabilitation procedures as outlined in reference (i). At any time, during or upon completion of those proceedings, COs have the following options:

(1) If a counseling or rehabilitation program appears **likely to be successful**, the member must remain assigned to the command in a non-ND NEC status and will have a program developed per reference (i). Commands must submit NAVPERS 1221/6 to BUPERS-324F to effect suspension of the ND rating related NEC. Upon successful completion of the rehabilitation program, the CO may request reinstatement of the member's ND rating-related NEC.

(2) If **future alcohol abuse is considered likely** or the member **fails rehabilitation treatment**, the CO may certify that the member has no potential for further useful service and must initiate separation procedures. Commands must submit NAVPERS 1221/6 to BUPERS-324F to revoke the ND rating-related NEC.

(3) Personnel **voluntarily referring themselves** for treatment in the **absence of either an alcohol-related violation** (of local, State, or Federal law, or Uniform Code of Military Justice (UCMJ)) **or substandard service** who are found in need of treatment, will not be force converted. Member must retain NEC and all associated specialty pays, but be disqualified to supervise any diving operations until successful completion of treatment.

f. **Drug Abuse.** Members identified as having abused drugs as defined in reference (i), are not eligible for diving duty or future reinstatement. Members must be processed for administrative separation as specified in MILPERSMAN 1910-146 or MILPERSMAN 1910-142 (as appropriate). Commands must submit NAVPERS 1221/6 to BUPERS-324F to revoke the ND rating related NEC.

ADVISORY: Forced conversion from the ND rating must not be used as a substitute for required disciplinary and or administrative action. Particular consideration must be exercised to ensure that forced conversion is not used to transfer members to other duty when they do not clearly meet the established high standards for continued naval service.

15. **Reinstatement.** Personnel who were previously ND rated and force converted, or who had their NEC removed by administrative action, may request conversion back to the ND rating by submitting a change in rating request per MILPERSMAN 1440-010 via their present CO. If approved, COs must submit NAVPERS 1221/6 to BUPERS-324F to concurrently effect change of rating and reinstatement of the ND rating related NEC.

16. **Supervisory Status.** There are a few situations where personnel are unable to meet the physical standards for ND duties, to include diving and demolition operations, through no fault or lack of diligence on their part. In these few cases, personnel whose significant ND experience is of continued value to the Navy may apply for "supervisory status" designation and remain in the ND rating.

a. **Eligibility.** Personnel must be:

- (1) Master Diver, NEC (MMDV); and
- (2) Remain qualified for sea duty.

b. **Request Designation.** Request designation for "supervisory status" by submitting NAVPERS 1306/7 **via** their CO and BUMED (M3B3) **to** BUPERS-324F. Request must contain the following:

(1) Results of a recent diving physical examination as enclosure (1).

(2) A brief synopsis of previous NEC-related experience as enclosure (2).

c. **Designation.** BUPERS-324F must designate personnel in "supervisory status, non-diving," based on the following considerations:

(1) Favorable endorsement of the member's request by his or her CO.

(2) BUMED recommendation concerning waiver of physical standards.

(3) Number of personnel presently assigned in a "supervisory status, non-diving" must be limited to a maximum of 5 percent of an activity's onboard ND personnel.

d. **Disapproval.** If disapproved, the member must be force converted to another rating per paragraph 14 of this article.

e. **Tenure and Extensions.** Designation of personnel for "supervisory status, non-diving" must be made to coincide with required diving duty physical examination tenure. Extension of supervisory status must be requested to coincide with completion of diving duty physical examinations. Personnel designated "supervisory status, non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

f. **Sea Duty and Diving.** Personnel designated "supervisory status, non-diving" must **not normally** be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "supervisory status, non-diving" must not dive.

17. **Periodic Regualification.** Periodic regualification of ND personnel is necessary to maintain individual proficiency and unit capability. Personal safety, during hazardous operations, is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC Regualification.** For policy on specific NEC regualification refer to the following:

Topic	See MILPERSMAN
Diving Regualification	1220-260
Demolition Regualification	1220-280

b. **Documentation.** Documentation of diving operations is described in reference (d).

18. **Advanced Diver Training.** Volunteers for advanced diver training (NECs M1DV and MMDV) must satisfy specific requirements stated below, be physically qualified under article 15-66 in reference (c), and be recommended by their master diver (NEC MMDV) with CO's concurrence prior to assignment to advanced diver training.

a. **Diver First Class Training (NEC M1DV) Minimum Requirements.** Currently qualified as follows:

(1) Diver second class (NEC M2DV) with a minimum of two complete tours in an NEC M2DV billet. Candidates must have completed at least one tour at a regional maintenance center or mobile diving and salvage unit. Other tours may be at any command having divers assigned.

(2) Pay grade E-6 or above. Personnel in pay grade E-5 may apply for a waiver to attend advanced training. Waivers will be issued on a case by case basis by BUPERS-324F.

(3) Thirty-six months OBLISERV from class graduation date.

(4) Completion of diving salvage warfare personnel qualification standard (PQS) items as currently required by reference (h) and local command PQS.

(5) Completion of HEO2/Saturation Diver course of instruction via Navy E-Learning.

b. **Master Diver (NEC MMDV) Course:**

(1) Navy Diving Salvage and Training Center (NAVDIVSALTRACEN) conducts periodic master diver courses and is the only command authorized to qualify master divers.

(2) NAVPERSCOM (PERS-401DC) must annually screen the current personnel inventory of all E-7/E-8 first class divers for eligibility to attend Master Diver Evaluation Course (A-433-0019). Selected candidates will receive notification of their eligibility and be directed to submit an application to attend.

(3) Command or ISIC master divers of diving activities must recommend diver first class (NEC M1DV) personnel by endorsing their application for participation in the Master Diver Course as specified in exhibit 3, Request for Master Diver Course, providing the candidate fulfills all prerequisites below.

(4) NAVPERSCOM (PERS-401DC) and BUPERS-324F must annually review all submitted packages and categorize packages for attendance.

(5) Prerequisites:

(a) Served a minimum of 2 years from date of frocking or advancement to E-7;

(b) Be a qualified diver first class (NEC M1DV); and

(c) Served at least 4 complete tours as a ND. These tours must include three of the following (Three diverse type commands, **no waiver.**):

1 Underwater Ship Husbandry: Regional maintenance center, fleet maintenance activity, tender, or ship repair command;

2 Salvage command: Mobile Diving and Salvage Unit One or Two.

3 Naval special warfare: SEAL delivery vehicle team, United States Marine Corps (USMC) supporting command, or EOD command.

4 Specialized: Naval experimental diving unit, undersea rescue command, Naval Diving and Salvage Training Center or Naval Submarine School, Groton, CT.

(d) Be qualified at the highest level of diving supervisor at present command and must have been qualified as a surface supplied diving supervisor as a first class diver (NEC M1DV).

(e) Qualified diving salvage warfare specialist (DSWS) as first class diver and all required command qualifications at present command.

(f) No marks less than 3.0 on the below listed reports. Must be marked no less than "promotable" for advancement.

1 NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 - E-6);

2 NAVPERS 1616/27 Evaluation and Counseling Record (E-7 - E-9)

(g) Must have 36 months OBLISERV from class graduation date to fill a normal 36-month master diver tour.

(h) Successfully pass written Master Diver Course Pretest administered by NAVDIVSALVTRACEN. The validity of this test must be for 1 year from the date of letter notification of test results. Failure to maintain eligibility by annual completion of the test must remove individuals from consideration for training.

(i) Complete Salvage Diving Officer course of instruction via Navy E-Learning.

(6) Package Submission. Submit Request for Master Diver Course (exhibit 3) and completed package to NAVPERSCOM (PERS-401DC) with the following enclosures:

(a) Copy of ESR NAVPERS 1070/613 entry indicating the individual's designation as a qualified diving supervisor and DSWS.

(b) Copies of NAVPERS 1616/26, NAVPERS 1616/27; or regular, transfer, and special evaluations for last 5 years.

(c) Local screening/training process letters of completion.

(d) Awards and letters of recommendation and appreciation pertinent to determining performance, professionalism, potential, etc.

(e) Copy of NAVPERS 1070/613 temporary entry agreeing to satisfy 36 months OBLISERV from class graduation date.

(f) NAVPERS 1306/7 special duty request indicating a desire to participate in Master Diver Course

(g) Command or ISIC master diver recommendation letter. Recommendation must address candidate's leadership, supervisory abilities, and technical expertise.

19. **Disenrollment from Advanced Diver Training**

a. **Involuntary Disenrollment**

(1) **First Class Diver Training.** Members involuntarily removed from first class diver training for failure to meet physical or academic standards must retain their rating and NEC, and be made available to their detailer for assignment. These personnel will be required to return for first class diver training at the end of their next duty assignment. A second failure will result in NEC revocation, forced conversion into another rating, and assignment to a non-diving related billet.

(2) **Master Diver Evaluations.** Members involuntarily removed from master diver evaluations for failure to meet physical or academic standards must retain their rating and NEC, and be made available to their detailer for assignment. NAVPERSCOM (PERS-401DC) must reassign personnel to the Master Diver Evaluation Course based on the recommendation of the master diver evaluation panel.

b. **Voluntary Disenrollment**

(1) **First Class Diver Training.** Members who voluntarily disenroll from first class diver training for other than emergency reasons must have their NEC revoked, be force converted into a rating other than ND, and assigned to a non-diving related billet. Recommendation of valid justifications for disenrollment must be made by the training activity to BUMED (M3B3) for approval.

(2) **Master Diver Evaluations.** Members who voluntarily disenroll from master diver evaluations for other than emergency reasons must retain their rating and NEC, and be made available to their detailee for assignment. Additionally, members must not be recommended to apply for the Chief Warrant Officer Navy Officer Billet Classification (NOBC) (720X) Program. A note will be made in member's electronic service record. NAVPERSCOM (PERS-401DC) must not reassign personnel to the Master Diver Evaluation Course. Personnel disenrolling for emergency reasons may be reassigned to the course based on seat availability. Recommendation of valid justifications for disenrollment must be made by the training activity to BUPERS-324F for approval.

20. **Forms**

a. The following DD forms are available at:
<http://www.dtic.mil/whs/directives/infomgt/forms/dd/ddforms2500-2999.htm>.

(1) DD 2807-1 Report of Medical History.

(2) DD 2808 Report of Medical Examination.

b. The following NAVPERS forms are available at:
<http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>.

(1) NAVPERS 1070/613 Administrative Remarks.

(2) NAVPERS 1070/621 Agreement to Extend Enlistment.

(3) NAVPERS 1070/622 Agreement to Recall or Extend Active Duty.

(4) NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire.

(5) NAVPERS 1221/6 Navy Enlisted Classification (NEC) Change Request.

(6) NAVPERS 1306/7 Enlisted Personnel Action Request.

(7) NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 - E-6).

(8) NAVPERS 1616/27 Evaluation and Counseling Record (E-7 - E-9).

c. The NAVPERS 1070/881 Training Education and Qualification History is only available via Navy Standard Integrated Personnel System (NSIPS).

EXHIBIT 1

ND RATING DESCRIPTION

Navy divers perform salvage operations, harbor clearance and security, underwater ship repair, submarine rescue, saturation diving, and conduct diving operations with SEAL/EOD/Marine Corps diving units while using a variety of cutting edge diving equipment. Their duties include demolition, small arms proficiency, and the maintenance and repair of diving systems.

Candidates may volunteer for the Navy Diver Program during basic training at Navy Recruit Training Command (NAVCRUITRACOM), at "A" school, or at any time during their enlistment prior to their 6th year of naval service.

In-service recruiters (dive motivators) at NAVCRUITRACOM give presentations on the Navy Diver Program, conduct the physical training screening tests, and assist interested personnel with their applications.

Individuals who enter the Navy in the nuclear, advanced electronics, or other 5-year or 6-year enlistment programs are not eligible for the Navy Diver Program. Navy Diver training is physically and mentally demanding, but the individual who accepts the challenges is rewarded with extra pay for diving and demolition, plus extraordinary duty assignments.

What They Do:

- Underwater search and salvage operations, including harbor clearance and security.
- Underwater repair, welding, and inspections on ships and submarines.
- Deep saturation type diving operations.
- Serve as diving technical experts and conduct diving operations with Navy SEALs, EOD, Marine Corps divers, and other Department of Defense (DoD) components.
- Utilize state-of-the-art diving equipment, including SCUBA, rebreathers, saturation, and surface supplied air and mixed gas diving equipment.
- Participate in research and development of new diving techniques and procedures.
- Conduct hyperbaric medical treatments in both an operator and supervisor capacity.
- Support military and civilian law enforcement agencies.

EXHIBIT 1
ND RATING DESCRIPTION
(Continued)

Qualifications and Interests

Personnel who volunteer for Navy diver must be in excellent physical condition. Comfort in the water beyond good swimming ability and no aversion to confinement in close spaces is a must. The ability to perform detailed mechanical tasks under stress and or adverse conditions is important. Helpful attributes are a good memory, a high degree of intelligence, resourcefulness, and administrative capabilities. Navy diver candidates must be U.S. citizens eligible for security clearance.

Career Path After Recruit Training

Enlistees are taught the fundamentals of diving through formal Navy schooling and on the job training. After "A" school, Navy diver candidates attend second class diver training at Panama City, FL. Advanced first class diver, saturation diver, and master diver training are available during career progression stages.

School	Present Location	Approximate Training Time	Subjects	Training Methods
Diver Preparation	NAVCRUIT-TRACOM Great Lakes, IL	6 weeks	Basic electrical and engineering, water adaptability and physical fitness.	Group classroom and practical instruction.

EXHIBIT 1
ND RATING DESCRIPTION
(Continued)

ND "A" School	Panama City, FL	15 weeks	Air and mixed gas diving skills, underwater cutting and welding, demolition, underwater navigation, open and closed circuit diving equipment, hyperbaric chamber operations, advanced diving physics and medicine, underwater hydraulic tools, and other tasks associated with various mission types in the Navy diving community.	Group classroom and practical instruction.
------------------	--------------------	----------	--	--

EXHIBIT 1
ND RATING DESCRIPTION
(Continued)

After completion of second class diver training, graduates are assigned to a variety of assignments including salvage/harbor clearance detachments, ship repair units, and special warfare/special operations commands. After two tours, second class divers are eligible for advanced first class diver training. During a 20-year period, divers spend 50 percent of their time assigned to fleet units and 50 percent to shore stations. Advanced training opportunities complement a variety of interesting duty.

Working Environment

The motto of the Navy diver community is "We Dive the World Over". Because Navy divers may be assigned in any part of the world in any ocean at any depth, they also serve as the foremost diving experts across the entire DoD. Their environment will vary as widely as water

conditions; cold muddy water where underwater tasks can be completed by feel only or warm tropical waters clear enough to see for hundreds of feet, both in peaceful and hostile environments.

Opportunities

About 1220 men and women work in the ND rating. Qualified, self-motivated, and career-minded individuals have a good opportunity for entry into this rating.

Career Outlook

In the Navy diver rate, the ND will not only have the opportunity to learn and dive cutting-edge equipment, but will also work in a unique environment with highly motivated people. Currently, advancement opportunities are at an all time high and the future outlook is very good for growth.

The following civilian occupations are similar to the ND - second class diver job. For more information about these occupations, click on the civilian equivalent below.

Commercial Divers

EXHIBIT 2
REPORT OF ND RATING CONVERSION SCREENING

(Use proper letter format.)

From: (screening activity)
To: Commander, Navy Personnel Command (PERS-401DH)
Subj: REQUEST FOR NAVY DIVER (ND) RATING CONVERSION
Ref: (a) MILPERSMAN 1220-100

1. (rank or rate, name), currently attached to (member's present command), was screened for conversion to the ND rating as specified in reference (a).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date) (interviewer should include any significant findings pertinent to selection or non-selection of member for requested training.)

(1) Does the applicant totally understand the mission and scope of the rating? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during ND "A" school and what will be expected of him or her? Yes _____ No _____

(3) Is the applicant's motivation for entry into the rating a sincere desire for professional growth and achievement and not solely for the money, or as a method to escape his or her present circumstances, etc? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the ND rating? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede his or her ability to concentrate on and complete the training? Yes _____ No _____

b. Physical Screening Test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____min _____sec

EXHIBIT 2
REPORT OF ND RATING CONVERSION SCREENING
(Continued)

(2) Run Time: ____ min ____ sec

(3) Sit-ups: ____, Push-ups: ____, Pull-ups: ____

c. Hyperbaric Test conducted by: (name, rank, position, command or facility, date) or waived (state justification.)

d. Eligible for Secret security clearance based on a national agency check with local agency and credit checks (NACLC)? Yes ____
No ____

3. Based on (satisfactory or unsatisfactory) completion of this screening and per rating conversion entry requirements specified in reference (a), the member (is or is not) recommended for conversion to the ND rating. (If member is not recommended, state reason(s).)

MILPERSMAN 1220-101

U.S. MARINE CORPS (USMC) MARINE COMBATANT DIVER BREAST INSIGNIA AND DESIGNATION

Responsible Office	BUPERS 325 HM ECM	Phone:	DSN COMM FAX	882-3206 (901) 874-2981 (901) 874-2041
-------------------------------	----------------------	--------	--------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone: Toll Free	1-866-U ASK NPC
---------------------------------------	------------------	-----------------

References	(a) NAVMED P-117, Manual of the Medical Department (b) MARADMIN 142/02 (c) NAVPERS 15665I, U.S. Navy Uniform Regulations
-------------------	--

1. **Qualifications:** A list of qualifications for Marine
Combatant Diver (MCD) designation follows:

a. Member must be a special amphibious reconnaissance (RECON)
corpsman or special amphibious reconnaissance independent duty
corpsman.

b. Member must be a graduate from the Marine Combatant Diver
training course at Naval Diving and Salvage Training Center
(NDSTC), Panama City, FL from 1992 to present; or

c. Headquarters Marine Corps/unit approved oxygen diving
transition courses conducted prior to Feb 2002 and subsequent to,
a then authorized Navy SCUBA course.

2. **Awarding of the Insignia**

a. The Naval Diving and Salvage Training Center, Panama City,
FL will award the Marine Combatant Diver breast insignia upon

successful completion of the Marine Combatant Diver training course.

b. Qualified hospital corpsman (HM) RECON personnel who have previously completed the Marine Combatant Diver training course may submit a request along with supporting documentation to the Bureau of Naval Personnel, Enlisted Community Manager, Medical/Dental Branch (BUPERS-325) for consideration.

3. **Authority to Wear the Insignia:** Awarding of the Marine Combatant Diver designation entitles the member to wear the Marine Combatant Diver breast insignia, per references (a) through (c). The Marine Combatant Diver designation is "MCD" placed in parentheses immediately after the member's rate abbreviation (i.e. HM3 (MCD)).

4. **Disqualification:** Members whose navy enlisted classification code (NEC) (L02A/L11A) has been removed for disciplinary or adverse administrative action, per MILPERSMAN 1306-983, are no longer authorized to wear the insignia.

5. **Updating the Service Record**

a. When a member has been awarded the Marine Combatant Diver breast insignia, the following entry shall be made in the member's service record on NAVPERS 1070/613 Administrative Remarks stating:

"(Date) Awarded the Marine Combatant Diver breast insignia. Permanent retention is/is not authorized."

b. When a member's NEC is removed for disciplinary or adverse administrative action, the following entry shall be made in the member's service record on NAVPERS 1070/613, Administrative Remarks stating:

"(Date) Revoked the Marine Combatant Diver designation. Member is no longer authorized to wear the breast insignia due to disqualification."

-------------------	---

1. **Purpose.** This article discusses personnel aspects of the Navy Self-Contained Underwater Breathing Apparatus (SCUBA) Diver Program.

SCUBA Diving Program Topics and Cited Paragraph are Contained in the Following Table:

Topic	See Paragraph
Overview	2
Suitability for Assignment	3
Navy enlisted classification (NEC) and additional qualification designator (AQD) requirements	4
NEC and officer AQD	5
Applying for training	6
Screening requirements	7
Screening process	8
Transfer to SCUBA Diver Training	9
Disenrollment from training	10
Voluntary NEC removal	11
Involuntary NEC removal	12
Reinstatement	13
Revocation or reinstatement of AQD SD7	14
Insignia	15
Periodic requalification	16

2. **Overview.** SCUBA divers perform duties using SCUBA while conducting day and night general underwater searches, detailed ship-bottom searches, and routine inspections using an underwater compass, depth indicators, and associated underwater equipment. They must perform adjustments and field shop maintenance on SCUBA and underwater accessories and are required to understand diving gas laws and principles and recognize all types of decompression sickness and diving accidents.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the SCUBA Diver Program require strict adherence to eligibility criteria, procedures, and policy for training and assignment within the program.

b. **Professional Performance.** While the highest standards of personal conduct, reliability, and judgment are required of all Service members of the naval service, it is especially important that Service members assigned to duties involving the performance and supervision of SCUBA diving operations display unquestioned personal conduct, reliability, judgment, and observance of military regulations.

4. **NEC and AQD Requirements.** Awarding of NEC 840A and AQD SD7 requires the successful completion of SCUBA Diver Course (CIN A-433-0023) and can only be awarded when completed in its entirety. Approval to attend training will be based on the needs of the Navy and the billet for which the member is being assigned, requiring SCUBA qualification and as determined by competent authority at the applicant's command, per the requirements verified by the Office of the Chief of Naval Operations (OPNAV) Undersea Warfare Division (N97) Submarine Forces Diving Officer (N43311).

a. Except where specified "**no waiver**", Bureau of Naval Personnel (BUPERS) Enlisted Community Management Expeditionary Branch Navy Diver (ND) Enlisted Community Manager Technical Advisor (BUPERS-329G) may waive one or more entry requirements if the applicant is considered otherwise qualified.

b. Due to the cost of permanent change of station orders, historical high attrition training rates, and to prevent undue delay in training, commands and Service members submitting a request for training must strictly adhere to the policy and requirements specified in this article. Entry requirements for SCUBA Diver Course (CIN A-433-0023) are as follows:

- (1) **Active Duty.** Must be serving on active duty.
- (2) **Motivation.** Must demonstrate strong motivation, interest in SCUBA diving, and willingness to work diligently in the academic and operational training phases.
- (3) **Age Requirement.** Must be 30 years of age or less, as of date of application receipt.
- (4) **Pay Grade.** Open to officers, enlisted members (in the pay grade of E-3 and above), and qualified officer candidates (midshipmen, Naval Reserve Officers Training Corps candidates, etc.).
- (5) **Armed Services Vocational Aptitude Battery (ASVAB).** Must meet ASVAB requirements per reference (a).
- (6) **Medical Requirements.** Must meet medical standards per reference (b), article 15-102. Physical standards waiver requests for Service members who do not meet minimum standards must be submitted per reference (b), article 15-102. Waivers

will be submitted through the Service member's commanding officer (CO), via any applicable immediate superior in command or type commander and Bureau of Medicine and surgery (BUMED) Head, Undersea Medicine (N10F2) via Web Wave 2 to Enlisted Community Management Division (BUPERS-32), via BUPERS-329G.

(7) **Hyperbaric Pressure Test**. The hyperbaric pressure test is administered per reference (c). It may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

Note: Reference (c) is available via the Naval Sea Systems Command Web site <https://www.navsea.navy.mil/Home/SUPSALV/>

(8) **Obligated Service (OBLISERV)**. For enlisted candidates, the OBLISERV requirement for SCUBA diver training is 18 months from class graduation date or until completion of previous OBLISERV (whichever is greater), unless released earlier by the Chief of Naval Personnel. Officers incur no OBLISERV. COs of transferring activities must ensure applicants understand OBLISERV-to-train options per [MILPERSMAN 1306-106](#) and [MILPERSMAN 1306-604](#). OBLISERV requirement **waivers will not normally be approved**.

(9) **Performance Standards**. Must have evaluation trait marks 3.0 or above in last 3 evaluation reports.

(10) **Misconduct**. Applicants may not have a finding of guilt at non-judicial punishment hearing, court-martial, or civil court conviction during the previous 24 months prior to their application.

(11) **Security Clearance**. Attendance to SCUBA Diver Course (CIN A-433-0023) requires eligibility for a Secret clearance based on a national agency check with local agency and credit checks per reference (d). **No waivers**.

(12) **Physical Fitness**. Pass the physical screening test for diver first class (NEC M1DV) per [MILPERSMAN 1220-410](#). **No waivers**.

(13) **CO Recommendation**. Be recommended for initial training by the Service member's CO.

5. **NEC and Officer AQD Designation**

a. Upon completion of SCUBA Diver Course (CIN A-433-0023), members are awarded SCUBA diver designation. Enlisted and officer SCUBA divers are designated by NEC or AQD codes according to their qualification per references (e) and (f). Designation and description are listed in the following table:

Designation	Description
NEC 840A	SCUBA diver (enlisted)
AQD SD7	SCUBA diver (officer)

b. The CO, Naval Diving and Salvage Training Center must submit the following documents:

(1) For enlisted members, [NAVPERS 1221/6](#) Navy Enlisted Classification (NEC) Change Request to BUPERS Enlisted Community Management Support Branch (BUPERS-328), requesting award of NEC 840A at the completion of SCUBA Diver Course (CIN A-433-0023).

(2) For officers, a command endorsed memorandum listing all officer graduates (stating month and year the course was completed) to Navy Personnel Command (NAVPERSCOM) Nuclear Submarine Distribution Branch, Junior Officer Sea Detailer (PERS-421D), requesting awarding of AQD SD7 at the completion of SCUBA Diver Course (CIN A-433-0023).

6. **Applying for Training.** Applicants who are applying for SCUBA Diver Course (CIN A-433-0023) must take the following steps:

Step	Action
1.	Submarine Force U.S. Atlantic Fleet (SUBLANT) or Submarine Force U.S. Pacific Fleet (SUBPAC) personnel must notify Commander, SUBLANT or SUBPAC for quota (as appropriate).
2.	Complete a diving medical examination. SCUBA candidates will hand-carry medical and dental records to Navy Diving and Salvage Training Center when reporting aboard for training.
3.	Schedule an interview and physical screening test with a Navy Diver Training Program coordinator. Phone: Mid-Atlantic Regional Maintenance Center (RMC), Norfolk, VA, 1-757-400-0148

Step	Action
	Phone: Southwest RMC, San Diego, CA, 1-619-556-7130 Phone: Pearl Harbor Naval Shipyard and Intermediate Maintenance Facility (PHNSY & IMF) Hawaii, 1-808-473-8000 Ext: 4918 Phone: Southeast RMC, FL, 1-904-270-5126 Ext: 3076 Phone: Puget Sound Naval Shipyard (PSNS) & IMF Everett, Washington, 1-360-315-1389 Phone: Naval Base Guam (NAVBASE Guam), 1-671-339-7143 Phone: Ship Repair Facility (SRF)-Japan Regional Maintenance Facility (JRMF) Detachment. Sasebo, Japan, DSN 315-252-3641 Phone: SRF YOKOSUKA, Japan, DSN 315-243-7165, Phone: Explosive Ordnance Disposal Mobile Unit (EODMU) EIGHT Dive Locker, Rota, Spain, DSN 314-727-1925 Phone: Naval Submarine Support Facility (NSFF), Groton, CT, 860-694-2954 Phone: Pressurized Submarine Escape Trainer (PSET), Groton, CT, 860-694-3840
4.	Complete a hyperbaric pressure test
5.	Submit SCUBA diver training request per reference (g), figure 5-2

7. **Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** Only a qualified master diver (NEC MMDV) or diving warrant officer (designator 720X) will conduct the screening. If not available, contact BUPERS-329G for further guidance.

b. **Approved Screening Activities.** Only commands with adequate facilities for screening applicants will conduct screenings.

(1) Approved screening activities include:

(a) Diving,

(b) Explosive ordnance disposal (EOD),

(c) Special warfare,

(d) United States Marine Corps Special Operations and Force Reconnaissance commands,

(e) Underwater construction teams, and

(f) Navy recruiting training commands

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by the SUBLANT or SUBPAC diving officer.

8. **Screening Process.** The screening activity will ensure the following actions are performed:

Step	Action	Per
1	Conduct a diving medical examination	Subparagraph 8a
2	Conduct a physical screening test	Subparagraph 8b
3	Conduct a hyperbaric pressure test	Subparagraph 8c
4	Interview the applicant	Subparagraph 8d
5	Submit a request for training	Subparagraph 8e

a. **Conduct a Diving Medical Examination.** Applicants must meet physical examination and standards per reference (b), article 15-102. The initial diving medical examination will be valid for a 24-month period. Candidates who have not reported to SCUBA Diver Course (CIN A-433-0023) within the 24-month period, must re-submit an updated [DD 2807-1](#) Report of Medical History and [DD 2808](#) Report of Medical Examination to ND, EOD, and Special Warfare Operations (SO) School Coordinator (PERS-401DH), via MyNavy Career Center (MNCC).

(1) **Approved Location.** The medical examination may be conducted at hospitals or clinics capable of accomplishing or coordinating all required examination elements.

(2) **Medical Reports.** Results of the diving medical examination must be recorded on the following reports:

(a) [DD 2807-1](#),

(b) [DD 2808](#), and

(c) [NAVPERS 1200/6](#) U.S. Military Diving Medical Screening Questionnaire (used to report any changes to health history or physical exam since last valid periodic dive medical examination). Must be completed no later than a month prior to

actual transfer to training and placed in the Service member's medical record.

(3) **Approved Medical Examiner.** Per reference (b), article 15-102, examinations can be conducted by any physician, physician assistant, or nurse practitioner with current Department of Defense clinical privileges. An undersea medical officer (UMO) or undersea medical examiner (UME) must approve and review all examinations ([DD 2807-1](#) and [DD 2808](#)). BUMED [Lead](#) (N10F2) can assist with locating a Navy UMO in proximity to the candidate.

b. **Conduct the Physical Screening Test.** The physical screening test is designed to assess the applicant's physical ability to undergo initial and advanced training.

(1) Administer the physical screening test per [MILPERSMAN 1220-410](#).

(2) Alterations to the test are not permitted; the test must be administered exactly as indicated.

(3) Physical screening test standards are identical for all applicants.

c. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (c).

d. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character traits, background, motivation, and potential for successfully completing SCUBA Diver Course (CIN A-433-0023) and subsequent assignments. The interviewer will:

(1) Discuss the nature of the NEC requirements with the applicant to include training, duty assignments, operational employment, pay, etc.;

(2) Review the applicant's official military personnel file (OMPF) or electronic service record (ESR) to fully assess his or her past performance, potential for successfully completing SCUBA Diver Course (CIN A-433-0023), and identify traits which could be beneficial;

(3) Determine the applicant's comfort level in the water. Applicants must have considerable comfort level when in a waterborne environment (this should not be determined solely by the physical screening test);

(4) Review the applicant's physical screening test;

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver; and

(6) Complete the Report of SCUBA Diver Course of Instruction Screening (exhibit 1);

(a) All entry requirement waivers must be specified and supported with justification for approval;

(b) A negative response to any of the questions or traits identified in the applicant's OMPF or ESR could indicate unsuitability for the program; and

(c) Provide a positive or negative endorsement stating the suitability to attend SCUBA Diver Course (CIN A-433-0023).

e. **Submit SCUBA Diver Training Request.** Upon satisfactory completion of the screening process, applicant's command will send message request to SUBLANT or SUBPAC diving officer per reference (g).

NOTE: Prior to submission to SUBLANT or SUBPAC, applicant must have completed all medical screenings and finalized medical waiver(s), if required.

(1) [NAVPERS 1306/7](#) Electronic Personnel Action Request will reference [MILPERSMAN 1220-102](#) and include the following statement:

"Per NAVMED P-117, Manual of the Medical Department, article 15-102, I volunteer for SCUBA diver duty and request assignment to SCUBA Diver Course (CIN A-433-0023). I agree to serve on active duty for a period of 18 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Commander, Navy Personnel Command. I also agree to serve the period of minimum obligated service specified, regardless of whether I retain qualification as a SCUBA diver and NEC 840A during that period."

(2) [NAVPERS 1301/85](#) Officer Personnel Action Request.

(3) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(4) Required enclosures to NAVPERS 1306/7 and NAVPERS 1301/85:

Enclosure (1)	DD 2807-1 , Report of Medical History
Enclosure (2)	DD 2808 , Report of Medical Examination
Enclosure (3)	100, Report of SCUBA Diver Screening
Enclosure (4)	NAVPERS 1616/26 Evaluation Report and Counseling Record (E-1 through E-6) (accessible via OMPF), NAVPERS 1616/27 Evaluation Report and Counseling Record (E-7 through E-9), or NAVPERS 1610/2 Fitness Report and Counseling Record (W-2 through O-6) (accessible via OMPF) for previous 3 years, including any special or transfer evaluations or fitness reports
Enclosure (5)	ASVAB scores as documented on NAVPERS 1070/886 Member Data Summary (generated through Navy Standard Integrated Personnel System (NSIPS))
Enclosure (6)	Hyperbaric pressure test results. Provide a memorandum stating waiver justification if not completed
Enclosure (7)	Current cardiopulmonary resuscitation certification

9. **Transfer to SCUBA Diver Training**

a. The Service member's physical condition must be verified by performing the physical screening test approximately 30 days prior to transfer to SCUBA Diver Course (CIN A-433-0023). Test results will be placed in the Service member's ESR.

b. Service members who fail the physical screening test 30 days prior to transfer will retest approximately 15 days prior to transferring. If the Service members fail again, they will have their orders held in abeyance and commands must contact the SUBLANT or SUBPAC diving officer and or PERS-401DH (as applicable) via message.

c. A UMO or UME is required to sign the [NAVPERS 1200/6](#) no later than a month prior to actual transfer to training. Place original [NAVPERS 1200/6](#) in the Service member's medical record.

d. Commands with Service members who have received orders to attend SCUBA Diver Course (CIN A-433-0023) but develop any possible disqualifying factor, to include physical conditioning, medical, non-judicial punishment, court-martial, civil conviction, or security clearance eligibility are required to notify the SUBLANT or SUBPAC diving officer and PERS-401DH (as applicable) by message.

e. Service members are required to bring enclosures (1) through (7) per subparagraph 8e(4) to SCUBA Diver Course (CIN A-433-0023).

10. **Disenrollment From Training**

a. **Voluntary and Involuntary Disenrollments.** Service members who voluntarily or involuntarily disenroll from SCUBA Diver Course (CIN A-433-0023) will:

(1) Be made available for reassignment to their detailer as required, or if on temporary additional duty, returned to their command;

(2) Have [NAVPERS 1070/613](#) Administrative Remarks entry made in their ESR stating the reason for disenrollment and a favorable or non-favorable recommendation from the CO of the course of instruction for which the member was disenrolled for suitability to return to the SCUBA Diver Program in the future.

(a) [NAVPERS 1070/613](#) will cite "[MILPERSMAN 1220-102](#)" as the authority for this entry.

(b) These remarks will be signed as a "permanent" entry and submitted to their servicing transaction service centers or personnel offices for entry into NSIPS and ESR. The servicing transaction service center or personnel office will electronically submit the documents to the OMPF.

b. **OBLISERV**. Service members disenrolled where OBLISERV is required for "instruction received," with BUPERS-328's approval, may be permitted to execute a new [NAVPERS 1070/621](#) Agreement to Extend Enlistment or [NAVPERS 1070/622](#) Agreement to Recall or Extend Active Duty. See [MILPERSMAN 1160-040](#) for explanation of "instruction received" and [MILPERSMAN 1306-604](#), subparagraph 3b table, for OBLISERV requirements for schools.

c. **New Extension Agreement**. Upon execution of an extension, the previously executed extension agreement for the course of instruction will be canceled.

(1) For Service members who accepted accelerated advancement with a 1-year extension, this OBLISERV will be in addition to the previously agreed upon extension.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements will be executed from the date of disenrollment.

d. **Disenrollment Prior to Commencement of Training**. If a Service member is disenrolled for any reason prior to entry into the training, a request may be submitted per [MILPERSMAN 1160-040](#).

e. **Executing New Extension Agreement**. Upon receipt of BUPERS-328's approval, COs or officers in charge (OIC) will:

(1) Execute extension agreement;

(2) Cancel old extension agreement;

(3) Submit [NAVPERS 1070/621](#) and or [NAVPERS 1070/622](#) per reference (h); and

(4) Generate [NAVPERS 1070/613](#) entry within NSIPS and ESR and print, sign, and forward to NAVPERSCOM Records Management

Policy Branch (PERS-313) for inclusion in the Service member's OMPF as a "permanent" entry, citing this article as the authority per [MILPERSMAN 1070-320](#).

"My active duty obligation remaining upon disenrollment from (school) has been explained to me per [MILPERSMAN 1220-102](#).

I understand that my active duty obligation has been established as (expiration of active service date).

Member's Signature

Witnessing Officer's Signature"

11. **Voluntary NEC Removal**. Personnel holding NEC 840A may request removal of the NEC by submitting a [NAVPERS 1221/6](#) to BUPERS-328.

12. **Involuntary NEC Removal**

a. COs or OICs may recommend revocation of NEC 840A by submitting a [NAVPERS 1221/6](#) through their administrative chain of command to BUPERS-328. Recommendation for revocation must not be used as a punitive measure but based on the CO's or OIC's determination that the Service member is no longer suitable for assignment to NEC 840A duties and responsibilities. The [NAVPERS 1221/6](#) must substantiate that determination by providing sufficient background and reasonable justification for removal of the Service member's NEC. Recommendations to revoke NEC must include one or more of the following statements:

"The member is considered suitable for assignment to rate or rating billets not requiring NEC 840A."

"The member is considered unsuitable for reassignment and will be recommended for administrative separation by separate action."

"The member may reapply for reinstatement of NEC 840A after completing at least 2 years assigned to a non-NEC billet."

"The member is unsuitable for military diving duty in this or other military diving commands. The member may not reapply for reinstatement for NEC 840A and is unsuitable for duty at commands in a military diving capacity."

b. Primary reasons for revocation of NEC include (but are not limited to) the following:

(1) Failure or unwillingness to perform duties required of the NEC; and

(2) Failure to maintain NEC eligibility.

(a) Permanent revocation of the Service member's security clearance by the Defense Counterintelligence and Security Agency Adjudication and Vetting Services (DCSA AVS) ; and

(b) Permanent physical disability.

(3) Substandard performance as indicated by the following:

(a) Willful dereliction of duty;

(b) Breaches in diving safety or regulations; and

(c) Loss of CO's or OIC's faith and confidence in the Service member's ability to exercise sound judgment, reliability, and personal conduct.

(4) Service members identified as having misused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary action, or rehabilitation procedures per reference (g). At any time, during or upon completion of those proceedings, the CO has the following options:

(a) If a counseling or rehabilitation program appears likely to succeed, the Service member will remain assigned to the command in a non-diving status and will have a program developed per reference (g). Commands will submit a [NAVPERS 1221/6](#) to BUPERS-328 to effect suspension of NEC 840A. Upon successful completion of the rehabilitation program, the CO may request reinstatement of NEC 840A.

(b) If member continues to commit alcohol misuse or is determined to not have successfully completed a rehabilitation treatment per reference (i), the CO may initiate separation procedures per reference (j) for officers or [MILPERSMAN 1910-152](#) for enlisted members. Commands will submit [NAVPERS 1221/6](#) to BUPERS-328 to revoke NEC 840A.

(c) Personnel who voluntarily refer themselves for treatment in the absence (of either) credible evidence of an alcohol-related incident per reference (i) or substandard service and are found in need of treatment will not have their NEC removed but placed in a non-NEC status pending outcome of required treatment. Commands will submit [NAVPERS 1221/6](#) to BUPERS-328 to affect suspension of NEC 840A. Upon successful completion of the rehabilitation program, the CO may request reinstatement of NEC 840A.

(5) Service members identified as having misused drugs or wrongfully used a substance(s) in violation of reference (h) are not eligible for diving duty or future reinstatement. Service members will be processed for administrative separation per [MILPERSMAN 1910-146](#) or [MILPERSMAN 1910-142](#). Commands will submit [NAVPERS 1221/6](#) to BUPERS-328 to revoke NEC 840A.

Note: Removal of NEC 840A must not be used as a substitute for required disciplinary and or administrative action. Particular consideration must be exercised to ensure that NEC removal is not used to transfer Service members to other duty assignments when they do not clearly meet the established standards for continued naval service.

13. **Reinstatement.** Enlisted members who previously held NEC 840A and had their NEC removed by administrative action may request reinstatement by submitting a request via their present CO. If approved, the CO will submit [NAVPERS 1221/6](#) to BUPERS-328 to concurrently effect reinstatement of NEC.

14. **Revocation or Reinstatement of AQD SD7**

a. Officers may request removal of AQD SD7 by sending a letter to NAVPERSCOM (PERS-421D) via their CO.

b. Revocation of diving officer designations must be considered only by an appointed board convened by the appropriate CO or group commander in the officer's chain of command. The board must be comprised of a minimum of two officers appointed by the CO to evaluate the operational ability, motivation, and reliability of the officer in his or her performance of duty. The board's recommendation must be forwarded to PERS-421D via COMSUBPAC or COMSUBLANT for final determination.

c. Officers may request reinstatement of former diving designations by sending a letter to PERS-421D via their CO.

15. **Insignia**. Service members who have their NEC or AQD removed, either voluntarily or involuntarily, will **not** be authorized to wear applicable distinguishing insignia.

a. Members whose NEC or AQD is involuntarily removed as a result of a permanent physical disqualification are authorized to wear the insignia if such action is recommended by members' CO, submitted to BUPERS-328 for review, and approved by BUPERS-32.

16. **Periodic Regualification**. Periodic regualification of Service members holding NEC 840A or AQD SD7 is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualification without lapse.

a. **Specific NEC or AQD Regualification**. For policy on specific NEC or AQD regualification, refer to [MILPERSMAN 7220-090](#). Documentation of diving operations per reference (c).

(Use proper letter format)

COMMAND LETTERHEAD

1200
Code/Serial No
Date

From: (Screening activity)
To: Commander, Navy Personnel Command (PERS-401DH)
Subj: REQUEST FOR SELF-CONTAINED UNDERWATER BREATHING
APPARATUS DIVER TRAINING
Ref: (a) NAVPERS 15560D, Naval Military Personnel Manual
(MILPERSMAN)
1. (Rank or rate, name, DoD ID#), currently attached to
(Service member's present command), was screened for self-
contained underwater breathing apparatus diver training as
specified per reference (a), article 1220-102.
2. The Service member completed the screening as indicated
below:
a. Interview conducted by: (name, rank,+ position,
command, date (interviewer should include any significant
findings pertinent to selection or non-selection of Service
member for requested training)).
(1) Does the applicant completely understand the
mission and scope of the qualification? Yes _____ No _____
(2) Does the applicant fully understand the regimen of
SCUBA diver training and what will be expected of him or her?
Yes _____ No _____
(3) Is the applicant's motivation to become a SCUBA
diver a sincere desire for professional growth and achievement
and not solely for the money or as a method to escape present
circumstances, etc.? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements required of a SCUBA diver? Yes _____ No _____

EXHIBIT 1
Page 2 of 2

REPORT OF SCUBA DIVER COURSE OF INSTRUCTION SCREENING
(continued)

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede his or her ability to concentrate on and complete the training? Yes _____ No _____

b. Physical screening test conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Hyperbaric test conducted by: (name, rank, position, command or facility, date) or waived (state justification).

d. Eligible for Secret security clearance based on a national agency check with local agency checks and credit check? Yes _____ No _____

3. Based on (satisfactory or unsatisfactory) completion of this screening and per rating conversion entry requirements per reference (a), MILPERSMAN 1220-102, the Service member (will or will not) be recommended for SCUBA diver training. (If Service member is not recommended, state the reason(s).)

-------------------	---

1. **Purpose.** This article discusses personnel aspects of the explosive ordnance disposal (EOD) rating. The following topics are covered:

Topic	See Paragraph
Rating description	2
Suitability for assignment	3
Rating designation and authority to wear the insignia	4
Navy enlisted classification (NEC) codes	5
Navy veterans (NAVETS) and other Service veterans (OSVETS) accessions	6
Rating conversion entry requirements	7
Applying for rating conversion	8
Rating conversion screening requirements	9
Rating conversion screening process	10

Topic	See Paragraph
NAVPERS 1200/6 U.S. Military Diving Medical Screening Questionnaire	10
Transfer to EOD "A" School	11
Disenrollment from EOD "A" School	12
Change of rating	13
NEC revocation and forced conversion	14
Reinstatement	15
Supervisory status	16
Periodic requalification	17
Report of EOD rating conversion screening	Exhibit 1

2. Rating Description

a. EOD technicians locate, identify, render safe, and explosively dispose of foreign and domestic ordnance including conventional, chemical, biological, nuclear, underwater, and improvised explosive devices, enabling access during military operations in support of carrier and expeditionary strike groups, mine countermeasures, naval special warfare, and Army special operations forces (SOF). They provide training and assistance for military, federal, State, and local civilian law enforcement agencies in ordnance-related anti-terrorism and force protection procedures. EOD assignment involves the performance of hazardous duties involving demolition, diving, and parachute insertion.

b. All EOD technicians attend the EOD Preparatory Course, EOD Assessment and Selection Course, EOD Dive School, and Joint Explosive Ordnance Disposal (Common Core) and EOD Basic Navy (Underwater) courses of instructions.

c. Training and education are continued throughout EOD technicians' career through a combination of formal and informal processes including on-the-job skills training, attendance at various Service or SOF training, and civilian courses of instruction. Once qualified, EOD technicians can expect to spend the remainder of their career in the Expeditionary Community.

3. Suitability for Assignment

a. Accession Prerequisites. The distinct purpose and nature of duties involved in the EOD rating require adherence to

rating entry requirements, procedures, and policy for conversion and assignment to the EOD rating.

b. Professional Performance. While the highest standards of personal conduct, reliability, and judgment are required of all Service members, it is especially important that Service members assigned to duty involving the performance and supervision of EOD operations are of unquestioned personal conduct, reliability, judgment, and observance of military regulations.

c. Obligated Service (OBLISERV). Recruit candidates enlisting in the Navy with the intent to begin the EOD pipeline must satisfy OBLISERV requirements per reference (a) for initial accessions, and [MILPERSMAN 1510-030](#) and [MILPERSMAN 1306-604](#) for fleet-conversions.

d. Waiver Considerations. If not specifically stated, all waiver requests will be submitted via the Bureau of Naval Personnel (BUPERS) EOD Enlisted Community Manager (ECM) Technical Advisor (BUPERS-329F) for consideration.

4. Rating Designation and Authority to Wear the Insignia

a. Upon completion of the EOD "A" School training pipeline, enlisted members are awarded NEC code M02A and designated as an EOD technician. Recruits and fleet-conversions are authorized accelerated advancement to E-4 pay grade (EOD petty officer third class (EOD3)) per [MILPERSMAN 1510-030](#).

b. Achievement of the EOD designation and NEC M02A, M03A, or M04A entitles the member to wear the EOD breast insignia per reference (b), and use the EOD Warfare Specialist (EWS) designation for members who attain NEC M03A or M04A.

(1) Members whose EOD rating NEC(s) is (are) removed by administrative action as set forth in this article are no longer authorized to wear the breast insignia.

(2) Members whose EOD rating NEC(s) is (are) involuntarily removed as a result of a permanent physical disqualification are authorized to wear the insignia if such action is recommended by the members' commanding officer (CO) and submitted to BUPERS-329F for assessment and final approval.

5. **NEC Codes**

a. Enlisted EOD personnel are designated by NEC codes per their qualifications. Reference (c) further describes each of the NEC codes:

NEC	Designation
M00A	EOD apprentice
M02A	Basic EOD technician
M03A	Senior EOD technician
M04A	Master EOD technician

b. Additionally, enlisted EOD personnel's careers are tracked via the following NECs:

NEC	Designation
M04L	Master EOD technician leading petty officer
M04P	Master EOD technician leading platoon leading chief petty officer
M04C	Master EOD technician company leading chief petty officer
M04M	Master EOD technician command master chief

6. **NAVETS and OSVETS Accessions**. The EOD rating is designated as an advanced technical field program. Reference (a) provides entry requirements and policy for recruit, NAVET, and OSVET accessions. All applicants must adhere to all requirements within this article.

7. **Rating Conversion Entry Requirements**. Conversion to the EOD rating requires successful completion of EOD "A" School. Approval to attend EOD "A" School will be based on the needs of the EOD Community as determined by BUPERS-329F. Due to the cost of permanent change of station orders, high-risk training, high attrition training rates, and to prevent undue delay in training, commands and Service members submitting requests for conversion must strictly adhere to the policy and requirements specified in this article.

a. **Duty**. Must be in the Active Component.

b. **Schools**. With respect to fleet-conversions, Service members who have been (voluntarily or involuntarily) disenrolled from previous attendance of Navy diver (ND), air rescue, special warfare boat operator (SB), special warfare operator (SO), or

EOD "A" School will require a minimum of 2 years prior to reapplying for EOD "A" School (waiverable based on community needs). Service members who previously disenrolled (voluntarily or involuntarily) from EOD "A" School and request to return must include [NAVPERS 1070/613](#) Administrative Remarks statement in their application from the CO of the respective EOD "A" School course of instruction for which they were disenrolled, providing the recommendation to return to training (waiverable).

c. Age. Must be 30 years of age, or less, as of date of application receipt at Navy Personnel Command (NAVPERSCOM) ND/EOD/SO Schools Coordinator (PERS-401DH) (waiverable).

d. Rank. Must be in pay grades E-1 through E-5. Waiverable for E-6 members based on community needs.

e. Time in Service. Must have 6 years or less of active duty service as of the date of application received by PERS-401DH (waiverable).

f. Armed Services Vocational Aptitude Battery (ASVAB). Must meet ASVAB requirement per reference (a) and [MILPERSMAN 1306-618](#), paragraph 2 (waiverable).

g. Medical Requirements. Service members must meet medical standards as specified in reference (d), articles 15-102 and 15-105. If required, an approved medical waiver must be included with applicants' rating conversion application package. Medical waivers must be submitted by the Service members' CO per reference (d).

h. Hyperbaric Pressure Test. A hyperbaric pressure test will be administered per reference (e). Hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.

Note: Reference (e) is available via the Naval Sea Systems Command Web site: <https://www.navsea.navy.mil/Home/SUPSALV/>

i. OBLISERV. The OBLISERV requirement for EOD "A" School is 48 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by the Chief of Naval Personnel. COs must ensure applicants understand OBLISERV to train options specified in [MILPERSMAN 1160-040](#), [MILPERSMAN 1306-604](#), and reference (f).

j. Performance Standards. Service members must have evaluation trait marks of 3.0 or above in each of the evaluation reports covering the previous 3 years ("not observed" evaluations are to be included but are not used in the calculation of the evaluation average). For Service members with less than 3 years of service, submit all evaluations.

k. Misconduct. Service members must not have any non-judicial punishment, court-martial, or civil court conviction during the previous 12 months prior to the application.

l. Drug or Other Substance Misuse. Service members identified as having misused drugs, as defined in reference (g), or who wrongfully used a substance in violation of reference (h), may not apply for conversion to EOD **(no waivers)**.

m. Security Clearance. EOD "A" School requires eligibility for a Secret clearance based on a tier 3 investigation **(no waivers)**. Follow on EOD assignments require the following:

(1) A favorably adjudicated tier 5 investigation **(no waivers)**.

(2) Must meet reliability standards for assignment to the Personnel Reliability Program per reference (i) **(no waivers)**.

n. Physical Fitness. Must pass the physical screening test (PST) per [MILPERSMAN 1220-410](#) **(no waivers)**.

o. CO's Recommendation. Be recommended for initial training by the Service member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Access the Navy EOD ECM's Web site at: https://www.mynavyhr.navy.mil/Career-Management/Community-Management/Enlisted/Special-Operations/EOD/ and contact the ECM to schedule an interview and PST Phone: (901)874-2827 E-mail: eod_comm_mgr.fct@navy.mil
2	Undergo screening process
3	Receive report of rating conversion screening from screening activity (exhibit 1)
4	Assemble rating conversion package per subparagraphs 10e and 10f
5	Submit complete package to NAVPERSCOM SEABEE/SEAL/SWCC/EOD/Diver Distribution Branch (PERS-401) via e-mail to MyNavy Career Center (MNCC) Human Resources Service Center (HRSC) at: askmncc@navy.mil

9. **Rating Conversion Screening Requirements.** Applicants will be screened by approved personnel. Screening will normally be conducted by an EOD in-Service recruiter. If the in-Service recruiter is not available, screening may be conducted:

a. By a qualified master EOD technician, pay grades E-7 and above, or a qualified EOD officer;

b. If a master EOD technician or a qualified EOD officer is unavailable, by a qualified ND or SO of the same pay grade; or

c. If other than the above, the screener must be approved by the EOD ECM.

10. **Rating Conversion Screening Process.** Personnel conducting screening will ensure the following actions are taken:

a. Interview the Applicant. The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing EOD "A" School and subsequent EOD career assignments. The interviewer will:

(1) Discuss the nature of the EOD rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record (ESR) to fully assess past performance, conversion effect on professional development, potential for successfully completing EOD "A" School, and to identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. The Service member must have considerable comfort level when in a waterborne environment. This should not be determined solely by the PST.

(4) Review entry requirements with the applicant.

(5) Complete exhibit 1 (must be coordinated through and signed by the approved screener per paragraph 9).

(a) A negative response to any of the questions or traits identified in the applicant's ESR could indicate unsuitability for the program and should be annotated in exhibit 1.

(b) Provide a positive or negative endorsement, stating the suitability to attend EOD "A" School in exhibit 1.

b. Conduct a Diving Medical Examination. Applicants must meet physical examination and standards per reference (d), articles 15-102 and 15-105.

(1) Medical Reports. Results of the diving medical examination will be recorded on the following reports:

(a) DD 2807-1 Report of Medical History;

(b) DD 2808 Report of Medical Examination;

(c) NAVPERS 1200/6, used to report any interval changes to health history or physical examination since last valid periodic dive medical examination. Must be completed no later than 1 month prior to actual transfer to training and must be placed in Service member's medical record.

(2) Validity. The initial diving medical examination will be valid for the time period stated in reference (d), articles 15-102 and 15-105. Candidates who have not reported to EOD "A" School within the specified time period must re-submit updated [DD 2807-1](#) and [DD 2808](#) to PERS-401DH.

c. Conduct the PST. The PST is designed to assess the applicant's physical ability to undergo initial and advanced training. Administer the PST per [MILPERSMAN 1220-410](#). The PST will be valid for 6 months.

d. Conduct a Hyperbaric Pressure Test. The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (e). Waiverable for conversion application.

e. Submit a Rating Conversion Package. Upon satisfactory completion of the screening process, applicants will forward their completed application package to PERS-401 via MNCC HRSC.

Required enclosures for package:

Enclosure 1	NAVPERS 1306/7 Electronic Personnel Action Request requesting conversion with current CO's signature
Enclosure 2	NAVPERS 1070/613 recommendation to return to training from the CO of the respective "A" School from which the Service member was disenrolled (if applicable)
Enclosure 3	Personal statement addressing why the applicant wants to be an EOD tech. If previously disenrolled from "A" School, statement must also include background and reasons for disenrollment and what actions have been taken to correct deficiencies (limited to 500 words)
Enclosure 4	MILPERSMAN 1220-200 , exhibit 1, signed by an EOD in-Service recruiter
Enclosure 5	ASVAB scores as documented on NAVPERS 1070/604 Enlisted Qualifications History or Enlisted Training Education and Qualification History (generated through the Navy Standard Integrated Personnel System (NSIPS))

Enclosure 6	NAVPERS 1616/26 for previous 3 years (include all reports for Service members with less than 3 years of service), including any special or transfer evaluations. OSVETs must include respective Service performance evaluation equivalents
Enclosure 7	Member Data Summary (generated through NSIPS) showing proof of qualifications, language proficiency, college transcripts, and any professional accreditations, etc.
Enclosure 8	DD 2807-1
Enclosure 9	DD 2808
Enclosure 10	Hyperbaric pressure test results (provide memorandum stating waiver justification, if not completed during application process)

f. [NAVPERS 1306/7](#) must reference [MILPERSMAN 1220-200](#), be signed by the applicant's current CO, and include the following statement:

Per [MILPERSMAN 1220-200](#), I volunteer for EOD duty and agree to remain on active duty for a minimum of 48 months from EOD "A" School graduation. If I fail to graduate, I agree to fulfill OBLISERV as required by MILPERSMAN articles [1306-604](#) and [1160-040](#).

11. Transfer to EOD "A" School

a. Physical Condition Verification. The Service member's physical condition must be verified by performing the PST approximately 30 days prior to transfer to EOD "A" School per [MILPERSMAN 1220-410](#). The PST will be conducted per paragraph 9 of this article. Members who fail the PST 30 days prior to transfer will retest approximately 15 days prior to transferring. If the Service member fails again, his or her command must notify PERS-401 by e-mail within 24 hours of the failure and the Service member's orders will be held in abeyance.

b. Authorization. Per reference (d), all applicants must have [NAVPERS 1200/6](#) completed and signed by an undersea medical officer no later than 1 month prior to actual transfer to training. [NAVPERS 1200/6](#) should be added to the Service member's medical record.

c. Participation in Advancement Exams. Conversion to the EOD rating requires successful completion of EOD "A" School per reference (j):

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel ordered to EOD "A" School for rating conversion may compete for advancement in their present rating until the class convening date; however, personnel selected for advancement to the pay grade E6 prior to class convening may lose eligibility to attend EOD "A" School and must update BUPERS-329F.

d. Disqualification Condition. Personnel who have received orders to attend EOD "A" School who develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7, to include physical conditioning, medical, advancement to E-6, performance standards, non-judicial punishment, court conviction, or lack of security clearance eligibility, are required to notify BUPERS-329F.

12. Disenrollment from EOD "A" School

a. Reassignment and Suitability. Service members who voluntarily or involuntarily disenroll from EOD "A" School initial training will:

(1) Be made available for reassignment based on the needs of the Navy as determined by BUPERS Enlisted Community Management Division (BUPERS-32) or the Naval Education and Training Command Supply Chain Operations Department (N3); and

(2) Have [NAVPERS 1070/613](#) entry made in their ESR stating the reason for disenrollment and a favorable or non-favorable recommendation of suitability to return to EOD "A" School in the future from the CO of the course of instruction for which the member was disenrolled.

(a) [NAVPERS 1070/613](#) will cite "[MILPERSMAN 1220-200](#)" as the authority for this entry.

(b) These remarks will be signed as "permanent" entry and submitted to their servicing transaction service

center (TSC) and or personnel office for entry into NSIPS ESR, and the servicing TSC and or personnel office will electronically submit (E-Submission) the document in the official military personnel file.

b. OBLISERV. OBLISERV requirements will be met per [MILPERSMAN 1510-030](#), [MILPERSMAN 1306-604](#), and [MILPERSMAN 1160-040](#).

13. **Change of Rating**. Personnel designated in the EOD rating may request change of rating per [MILPERSMAN 1440-010](#). Personnel are required to submit [NAVPERS 1221/6](#) to BUPERS-329F to concurrently effect change of rating and removal of the EOD rating-related NEC.

14. **NEC Revocation and Forced Conversion**. Forced-conversion is BUPERS directed. Involuntary change of rating is based on Service members' loss of eligibility or suitability to further serve in their present rating as defined in [MILPERSMAN 1440-011](#). Forced conversions will be conducted per [MILPERSMAN 1440-011](#) and as further described in this article.

a. Submission of Recommendation for Forced-Conversion and NEC Revocation. COs may recommend forced-conversion and or revocation of the EOD rating NEC by submitting [NAVPERS 1221/6](#) NEC Change Request to BUPERS-329F. Commands must inform their immediate superior in command of recommended NEC removals to ensure awareness and tracking of EOD Community issues and trends.

b. Basis for Revocation. Per [MILPERSMAN 1440-011](#), revocation of the EOD rating NEC must not be used as a punitive measure, but based on the CO's determination that the Service member is no longer suitable for assignment in the EOD rating. COs should substantiate their determination by providing sufficient background and reasonable justification for removal of a Service member's NEC by submitting supporting documentation along with the [NAVPERS 1221/6](#).

c. Supporting Documentation. Supporting documentation must be submitted along with [NAVPERS 1221/6](#) and referenced in the "Amplifying Remarks" block at the bottom of the form.

d. Required Statements for NEC Revocation Recommendations. Recommendations to revoke an NEC must include one or more of the following statements:

"I have lost faith and confidence in the Service member's ability to perform the duties associated with or required by the member's current rating."

and

"The member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

or

"The Service member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action."

and

"If retained in the Navy, the Service member may reapply for reinstatement of NEC (fill-in) after completing at least 2 years assigned to a non-EOD NEC billet."

or

"The Service member is unsuitable for duty in ND/EOD/SEAL/SWCC/UCT commands. The member may not reapply for reinstatement for NEC M0"X"A."

The CO's statement should also articulate any other pertinent duty or NEC restrictions deemed applicable by the Service member's performance (e.g., naval parachutist, helicopter rope suspension technique/cast master, dive supervisor). Primary reasons for forced-conversion or revocation of NEC include, but are not limited to the following:

(1) Duties. Failure or unwillingness to perform duties required of the rating.

(2) Failure to maintain rating eligibility

(a) Permanent revocation by Department of Defense Consolidated Adjudications Facility of the Service member's security clearance, and or

(b) Permanent physical disability

(3) Performance

(a) Willful dereliction of duty;

(b) Breaches in ammunition, arms, explosives, parachute, ordnance, diving, or other mission-critical safety procedures or regulations; and or

(c) Loss of CO's faith and confidence in the Service member's ability to exercise sound judgment, reliability, and personal conduct.

(4) EWS Qualification. Failure to attain EWS qualification as specified in this article and reference (k).

(5) Alcohol Misuse. Personnel identified as having misused alcohol will be locally suspended from duty by their CO pending the outcome of screening, disciplinary action, or rehabilitation procedures per reference (g). At any time during or upon completion of those proceedings, COs have the following options:

(a) If **future alcohol misuse is considered likely** or the Service member **does not successfully complete rehabilitation treatment**, the CO may certify that the Service member has no potential for further useful service and must initiate separation procedures as appropriate. Commands will submit [NAVPERS 1221/6](#) to BUPERS-329F to seek revocation of the EOD rating-related NECs.

(b) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, State or federal law, or Uniform Code of Military Justice) **or substandard service** and are found in need of treatment, will not be force converted. Service members will retain NEC and all associated specialty pays but will be disqualified to supervise or conduct any operations until successful completion of treatment.

(6) Drug Misuse. Service members identified as having misused drugs, as defined in reference (g), are not eligible for future reinstatement. Service members will be processed for administrative separation per [MILPERSMAN 1910-146](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-329F to seek revocation of the EOD rating-related NEC.

(7) Other Substance Misuse. Service members who wrongfully used a substance in violation of reference (h) will be processed for administrative separation per [MILPERSMAN 1910-142](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-329F to seek revocation of the EOD rating-related NEC.

e. Documentation. When a forced-conversion is implemented, the command must annotate the conversion in the Service member's next evaluation.

f. Timeline to Request Conversion to Undermanned Rating. Service members whose EOD rating NEC have been revoked and who have been assigned NEC "0000" have 10 working days to request conversion to an undermanned rating per [MILPERSMAN 1440-011](#), and the commands must remove advancement recommendation until Service members successfully convert to a new rating.

Note: Forced-conversion from the EOD rating must not be used as a substitute for required disciplinary and or administrative action. Particular consideration must be exercised to ensure that forced-conversion is not used to transfer Service members to other duty when they clearly do not meet the established high standards for continued naval service.

15. Reinstatement. Service members who were previously EOD-rated and force-converted or had their NEC removed by administrative action may request conversion back to the EOD rating by submitting a change in rating request per [MILPERSMAN 1440-010](#) via their present CO. If approved, COs will submit [NAVPERS 1221/6](#) to BUPERS-329F for reinstatement of the EOD rating related NEC. Service members who have their **MO"X"A NEC** reinstated must meet minimum eligibility time requirement, per reference (k), prior to applying for next higher NEC. Eligibility date commences the date the NEC was reinstated.

16. Supervisory Status. There are a few situations in which Service members are unable to meet the physical standards for special operations and diving, through no fault or lack of diligence on their part. In these few cases, Service members whose significant EOD experience is of continued value to the EOD Community may apply for "supervisory status, non-diving" designation and remain in the EOD rating.

a. Eligibility. Service members must be designated as an enlisted EWS and remain qualified for sea duty.

b. Request Designation. Requests for "supervisory status, non-diving" should be included in the physical standards waiver request as outlined in reference (d).

c. Designation. BUPERS-32 will designate Service members in "supervisory status, non-diving" based on the following considerations:

(1) Favorable endorsement of the Service member's request by the CO;

(2) Bureau of Medicine and Surgery recommendation concerning waiver of physical standard;; and

(3) Number of Service members presently assigned in a "supervisory status, non-diving" at the Service member's activity. Service members designated "supervisory status, non-diving" will be limited to a maximum of five percent of an activity's onboard NEC-related billet allowance or less if the number may be detrimental to operational capability.

d. Disapproval. If disapproved, the Service member will be forced-converted to another rating per [MILPERSMAN 1440-011](#).

e. Tenure. Designation of personnel for "supervisory status, non-diving" will coincide with periodic diving duty physical examination tenure, or upon selection of orders to a different command.

(1) Re-designation must be requested in conjunction with required periodic physical examinations.

(2) If transferring during the normal tenure of diving duty physical examination, personnel designated "supervisory status, non-diving" may retain that status, with the concurrence of the gaining command.

f. Assignments. Personnel designated "supervisory status, non-diving" are assignable to all sea and shore duty billets, eligible for pay per their current NEC, and limited to performing non-operational supervisory duties only.

17. Periodic Requalification. Periodic requalification of EOD personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford

every opportunity for maintaining individual qualification without lapse.

a. Specific NEC Requalification. For policy on specific NEC requalification refer to the following articles:

Topic	See MILPERSMAN
Diving requalification	7220-090
Parachute requalification	1220-030
Demolition requalification	1220-280

b. Documentation. Documentation of diving operations is described in reference (e).

Code/Ser No
Date

From: (Screening Activity)
To: Bureau of Naval Personnel, BUPERS-329F
Via: Commander, Navy Personnel Command (PERS-410)

Subj: REPORT OF EXPLOSIVE ORDNANCE DISPOSAL RATING
CONVERSION

Ref: (a) NAVPERS 15560D, Navy Military Personnel Manual
(MILPERSMAN)

1. (rank or rate, name), currently attached to (member's present command), was screened for conversion to the explosive ordnance disposal (EOD) rating as specified in reference (a), [MILPERSMAN 1220-200](#).

2. The member completed the screening as indicated below:

a. Interview conducted by: (name, rank, position, command, date). (Interviewer should include any significant findings pertinent to selection/non-selection of member for requested training).

(1) Does the applicant fully understand the mission and scope of the rating? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during EOD "A" School and what will be expected of them? Yes _____ No _____

(3) Is the applicant's motivation for entry into the rating a sincere desire for professional growth and achievement and not solely for the money or as a method to escape applicant's present circumstances, etc.? Yes _____ No _____

EXHIBIT 1
REPORT OF EOD RATING CONVERSION SCREENING
(continued)

(4) Does the applicant have the ability to adapt to the requirements of the EOD rating? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede applicant's ability to concentrate on and complete the training? Yes _____ No _____

b. Physical Screening Test conducted by: (name, rank, position, command, date).

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Hyperbaric test conducted by: (name, rank, position, command/facility, date) or waived (state justification).

d. Eligible for Secret security clearance based on a National Agency Check with local agency and credit checks (NACLC)? Yes _____ No _____

3. Based on (satisfactory/unsatisfactory) completion of this screening and per rating conversion entry requirements specified in reference (a), [MILPERSMAN 1220-200](#), the member (is/is not) recommended for conversion to the EOD rating. (If member is not recommended, state reason(s).)

References	(a) DoD Instruction 1340.09 of 26 January 2018 (b) 37 U.S.C. (c) DoD 7000.14-R, Department of Defense Financial Management Regulation (DoD FMR)
-------------------	---

1. **Policy.** Personnel holding the following Navy enlisted classifications and officer designators perform duty involving demolition of explosives as part of their military duty and must maintain qualification in order to receive hazardous duty incentive pay (HDIP):

Navy Enlisted Classifications
OXXX
MXXX
758B
B16A
B17A
B18A

Officer Designators
113X
118X
715X
114X
119X
648X
748X

2. Definitions

a. **Demolition Operation.** Per reference (a), subparagraph 3.4.e.(1), demolition duty is duty performed by members who engage in the following activities under competent orders:

(1) Demolition using explosive objects, obstacles, or other explosives, or recover and render harmless, by disarming or demolishing, explosives which have failed to function as intended or have become a potential hazard;

(2) Participate as students or instructors in instructional training including in the field or fleet for the duties described in subparagraph 2a(1) above, provided live explosives are used in such training;

(3) Participate in currency training including that in the field or fleet for the proficiency of skill in the duties described in subparagraph 2a(1) above, provided explosives are used in such training; or

(4) Experiment with or develop tools, equipment, or procedures for the demolition and rendering harmless of explosives provided live explosives are used.

b. **Competent Orders.** Orders issued by:

(1) Commandant of the Marine Corps,

(2) Commander, Navy Personnel Command, or

(3) Commanders of units whose mission does not include demolition operations but have demolition-qualified personnel in their commands. In this circumstance, temporary additional duty orders may be issued for demolition-qualified personnel to a unit whose mission includes demolition operations to maintain qualification. These orders are for qualification purposes only and do not entitle a Service member to demolition pay.

3. Maintaining Qualifications

a. A member who is assigned to demolition duty by competent orders and performs such duty during the month involved is eligible provided preparation, placement, and detonation of live explosives are involved. If the member fails to meet the monthly minimum demolition requirement, the demolition duty pay will be discontinued and any overpayment or unearned portion of

pay will be subject to repayment per reference (b), sections 373 and 1007, and reference (c), volume 16, chapter 3.

b. Sailors unable to perform demolition duty due to an injury or illness which is not the result of the Sailor's own misconduct may continue to receive demolition HDIP.

c. HDIP for demolition duty is \$150 per month. Prorating the monthly demolition duty pay is required for Service members who fail to satisfy the eligibility requirements for the pay for the entire month. The amount of demolition duty pay authorized for qualifying service during a day or portion of a day will be the amount equal to 1/30th of the monthly amount.

d. Whenever feasible, performance of demolition duty requirements will include underwater placement of explosives. Routine demolition training or operations count for requalification purposes.

e. Service members who are assigned to demolition duty by competent orders outlined in subparagraph 2b(1) or 2b(2) above and who maintain qualifications will receive demolition pay, regardless of their assigned billets.

----------------------	---

1. **Purpose.** This article discusses personnel aspects of the special warfare operator (SO) rating (sea, air, land (SEAL) operator). The following topics are covered:

Topic	See Paragraph
Rating Description	2
Suitability For Assignment	3
Rating Designation	4
Navy Enlisted Classification (NEC) Codes	5
Recruit, Navy Veterans (NAVET) and Other Service Veterans (OSVET) Accessions	6
Rating Conversion Entry Requirements	7
Applying For Rating Conversion	8

Rating Conversion Screening Requirements	9
Rating Conversion Screening Process	10
Transfer To SO "A" School	11
Disenrollment From SO "A" School	12
Change Of Rating	13
Forced Conversion	14
Supervisory Status	15
Periodic Requalification	16
SO Rating Description	exhibit 1
Report of SO Rating Conversion Screening	exhibit 2

2. **Rating Description.** SEALs are responsible for the training, preparation and execution of special operations in maritime, urban, desert, jungle, arctic and mountain environments. SEALs are experts in:

- a. special operations tactics,
- b. missions,
- c. mission planning,
- d. cultural awareness,
- e. small-unit leadership,
- f. operational risk management,
- g. tactical, operational, and strategic thinking,
- h. tactical communications,
- i. tactical air control/terminal guidance,
- j. combat diving and SEAL delivery vehicle operations,
- k. paradrop operations,
- l. small boat operations,
- m. tactical ground mobility,
- n. small arms and crew-served weapons,
- o. fast roping and rappelling,

- p. demolitions and explosive breaching,
- q. tactical combat medicine and trauma care,
- r. intelligence gathering and interpretation,
- s. transportation and logistics, and
- t. chemical, biological, radiological, and nuclear defense measures.

Note: The SO rating is sea-duty intensive. Exhibit 1 and the [SEAL](#) Web site provide a comprehensive description and information about a career in the SO rating.

3. **Suitability for Assignment**

a. **Accession Prerequisites.** The distinct purpose and nature of duties involved in the SO rating require adherence to eligibility criteria, procedures and policy for conversion and assignment to the SO rating.

b. **Professional Performance.** While the highest standards of personal conduct, reliability and judgment are required of all Service members, it is especially important that Service members assigned to duty involving the performance and supervision of SO operations are of unquestioned personal conduct, reliability, judgment and observance of military regulations.

c. **Obligated Service (OBLISERV).** Recruit candidates enlisting in the Navy with the intent to begin the SO training pipeline must satisfy OBLISERV requirements as directed by reference (a).

4. **Rating Designation**

a. SO "A" school training pipeline consists of the following required sequenced courses:

(1) Naval Special Warfare Preparatory Course (NSW PC),
CIN K-431-0350, CDP 04WF

(2) Basis Underwater Demolition/SEAL Training (BUD/S)
Orientation, CIN K-431-0037, CDP 173K

(3) BUD/S, CIN K-431-0024, CDP 169K

(4) SEAL Qualification Training (SQT), CIN K-431-0059,
CDP 754F

(5) Cold WX, CIN K-431-0098, CDP 659S

(6) Navy Parachute, Static Line, CIN A-431-0135, CDP
757K

(7) Navy Parachute, Free Fall, CIN A-431-0136, CDP 757M

b. Upon completion of the SO "A" school training pipeline, enlisted personnel are awarded NEC O26A and designated as an SO. Recruit and fleet conversions are authorized accelerated advancement to E-4 (SO3) per [MILPERSMAN 1510-030](#).

5. **NEC Codes**. Enlisted SO personnel are designated by NEC codes per their qualifications. Reference (b) further describes each of the NEC codes:

NEC	Designation
O26A	SO/SEAL, NEC O26A
O23A	SEAL delivery vehicle pilot/navigator/dry deck shelter operator
O91A/O92A	naval special warfare medic

6. **NAVET and OSVET Accessions**. The SO rating is designated as an advanced technical field program. Reference (a) provides entry requirements and policy for recruit, NAVET, and OSVET accessions.

7. **Rating Conversion Entry Requirements**. Conversion to the SO rating requires successful completion of SO "A" school. Approval to attend SO "A" school will be based on the needs of the community and determined by the Bureau of Naval Personnel, Special Warfare Enlisted Community Manager (ECM) (BUPERS-324). Except where specified "**no waiver**," BUPERS-324 may waive one or more entry requirements if the applicant is considered otherwise qualified. Due to the cost of permanent change of station orders, high risk training, historic high attrition training rates, and to prevent undue delay in training, commands and personnel submitting request for conversion must strictly adhere to the policy and requirements specified in this article.

- a. **Duty.** Must be in the Active Component.
- b. **Schools.** Service members who are (voluntarily or involuntarily) disenrolled from previous attendance of air rescue, explosive ordnance disposal (EOD), Navy diver (ND), special warfare boat operator (SB), or SO "A" school will require a minimum of 2 years prior to reapplying for SO "A" school. Personnel who previously (voluntarily or involuntarily) disenrolled from SO "A" school and request to return to SO "A" school must include the following in their application:
- (1) [NAVPERS 1070/613](#) Administrative Remarks statement, recommendation to return to training from the commanding officer (CO) of the respective SO "A" school course of instruction for which the Service member was disenrolled. **No waivers.**
 - (2) [NAVPERS 1070/613](#) statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas. **No waivers.**
- c. **Age Requirement.** Must be less than 29 years of age as of date of application receipt at BUPERS-324.
- d. **Rank.** Must be in pay grades E-1 through E-5.
- e. **Time in Service.** Must have 6 years or less of active duty service as of the date of application receipt at BUPERS-324.
- f. **Armed Services Vocational Aptitude Battery (ASVAB).** Must meet ASVAB requirement per current ASVAB NAVADMIN.
- g. **Medical Requirements.** Service members must meet medical standards as specified in reference (c). If required, an approved medical waiver must be included with applicant's rating conversion application package. Medical waivers must be submitted by the Service member's CO to BUPERS-324 via the Bureau of Medicine and Surgery (BUMED), Undersea Medicine and Radiation Health (M5/50M2).
- h. **Hyperbaric Pressure Test.** Administered per reference (d). Hyperbaric pressure test may be waived if a hyperbaric chamber facility is not accessible due to geographic isolation.
- i. **OBLISERV.** The OBLISERV requirement for SO "A" school is 51 months from class graduation date or until completion of

previous OBLISERV, whichever is greater, unless released earlier by the Chief of Naval Personnel. COs must ensure applicants understand **OBLISERV to train** options specified in [MILPERSMAN 1160-040](#) and reference (e). **No waivers.**

j. **Performance Standards.** Service members must have evaluation trait marks of 3.0 or above in each of the evaluation reports covering the previous 3 years ("not observed" evaluations are to be included, but are not used in the calculation of the evaluation average). For Service members with less than 3 years of service, submit all evaluations.

k. **Misconduct.** Service members must not have nonjudicial punishment, court-martial, or civil court conviction during the previous 12 months prior to the application.

l. **Security Clearance.** SO "A" school requires eligibility for a secret clearance, based on a national agency check with local agency and credit checks or tier 3 (T3).

m. **Physical Fitness.** Must pass the physical screening test (PST) per [MILPERSMAN 1220-410](#). **No waivers.**

n. **CO's Recommendation.** Be recommended for initial training by the Service member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Apply for SO convert in quota via Career Waypoints Program.
2	Access the NSW in-service recruiter's Web site to schedule an interview and PST. Phone: 1-888-USN-SEAL E-mail: scoutteam@sealswcc.com
3	Undergo screening process.
4	Receive report of rating conversion screening.
5	Assemble rating conversion package.
6	E-mail (encrypted) conversion package to: SEALSWCCECM@navy.mil All e-mails must be encrypted.

9. **Rating Conversion Screening Requirements.** Applicants will be screened by approved personnel and activity.

a. **Approved Screening Personnel.** A qualified SEAL or special warfare combatant-craft crewman (SWCC) E-6 and above or NSW officer is preferred to conduct the screening. If a SEAL or SWCC is unavailable, a qualified EOD or ND E-6 and above can conduct the screening. Approved screening personnel must submit PST scores to NSW SEAL SWCC scout team for official recommendation letter.

b. **Approved Physical Screening Activity.** Only commands with adequate facilities for screening applicants will conduct screening.

(1) An approved screening activity is any diving/EOD/SEAL/SWCC/UCT command or Navy Recruit Training Command (NAVCRUITRACOM). NSW commands should be the priority screening activity as it relates to the applicant's primary mission and capability.

(2) Screening conducted by other commands due to geographic isolation or absence of approved screening personnel must be coordinated through and approved by the Naval Special Warfare Center SEAL SWCC scout team's office.

10. **Rating Conversion Screening Process.** The screening activity will ensure the following:

Step	Action	Per
1	Interview the applicant	Para 10a
2	Conduct a Diving Medical Examination	Para 10b
3	Conduct a PST	Para 10c
4	Conduct a Hyperbaric Pressure Test	Para 10d
5	Submit a Request for Rating Conversion	Para 10e

a. **Interview the Applicant.** The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing SO "A" school and subsequent SO career assignments. The interviewer will:

(1) Discuss the nature of the SO rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record (ESR) to fully assess past performance, conversion's effect on

professional development, potential for successfully completing SO "A" school, and identify traits which could be beneficial to the community.

(3) Determine the applicant's comfort level in the water. Service member must have a considerable comfort level when in a waterborne environment.

(4) Determine the applicant's physical fitness level.

(5) Review entry requirements with the applicant to determine which requirements are met and which requirements require a waiver.

(6) Complete exhibit 2 Report of SO Rating Conversion Screening signed by NSW SEAL SWCC scout team representative.

(a) All rating conversion entry requirement waivers must be specified and supported with justification for approval.

(b) A negative response to any of the questions or traits identified in the applicant's ESR could indicate unsuitability for the program.

(c) Provide a positive or negative endorsement stating the applicant's suitability to attend SO "A" school.

b. Conduct a Diving Medical Examination. Applicants must meet physical examination and standards per reference (c).

(1) **Approved Location.** The medical examinations may be conducted at hospitals, clinics, or dispensaries capable of accomplishing or coordinating all required examination elements.

(2) **Approved Medical Examiner.** Per reference (c), examinations can be conducted by any physician, but an Undersea Medical Officer (UMO) or Diving Medical Officer (DMO) must approve and review all examinations/reports. BUMED (M3/50M2) can review and sign physical examinations for accessions performed by another credentialed medical provider where a Navy UMO or DMO is not proximately available.

(3) **Medical Reports.** Results of the medical examination will be recorded on the following reports:

(a) [DD 2807-1](#) Report of Medical History,

(b) [DD 2808](#) Report of Medical Examination and

(c) [NAVPERS 1200/6](#) U.S. Military Diving Medical Screening Questionnaire. Used to report any interval changes to health history or physical exam since last valid periodic dive medical exam. Must be completed no later than 1 month prior to actual transfer to training and placed in Service member's medical record.

(4) **Validity.** The initial medical examination will be valid for the time period stated in reference (c). Candidates who have not reported to SO "A" school within the specified time period must re-submit an updated [DD 2807-1](#) and [DD 2808](#) to BUPERS-324.

c. **Conduct the PST.** The PST is designed to assess the applicant's physical ability to undergo initial and advanced training. PST will be valid for a period of 6 months.

(1) Administer the PST per [MILPERSMAN 1220-410](#).

(2) No alterations to the test are permitted. The test must be administered exactly as prescribed in [MILPERSMAN 1220-410](#).

d. **Conduct a Hyperbaric Pressure Test.** The hyperbaric pressure test is designed to determine if the applicant can successfully adapt to increased atmospheric pressure without adverse physiological reaction. This test is conducted in a hyperbaric recompression chamber per reference (d).

e. **Submit a Request for Rating Conversion.** Upon satisfactory completion of the screening process, applicants will forward their request to BUPERS-324 via [NAVPERS 1306/7](#) Electronic Personnel Action Request.

(1) [NAVPERS 1306/7](#) will reference [MILPERSMAN 1220-300](#) and include the following statement:

"Per [MILPERSMAN 1220-300](#), I volunteer for SO duty and request assignment to SO "A" school. I agree to serve on active duty for a period of 51 months from class graduation date or until completion of previously obligated service, whichever is greater, unless released earlier by Navy Personnel Command (NAVPERSCOM). I also agree to serve the period of minimum obligated service specified, regardless of whether I attain qualification as an SO and NEC 026A during that period."

(2) COs are required to provide a statement concerning the applicant's suitability for type of training and assignment to duty.

(3) Enclosures. The following are required enclosures for package:

Enclosure 1	DD 2807-1 Report of Medical History
Enclosure 2	DD 2808 Report of Medical Examination
Enclosure 3	MILPERSMAN 1220-300 , exhibit 2 Report of SO Rating Conversion Screening
Enclosure 4	NAVPERS 1616/26 Evaluation Report and Counseling Record for previous 3 years (or all for Service members with less than 3 years of service), including any special or transfer evaluations
Enclosure 5	ASVAB scores as documented on NAVPERS 1070/604 Enlisted Qualifications History
Enclosure 6	Hyperbaric pressure test results (provide memorandum stating waiver justification if not completed)
Enclosure 7	NAVPERS 1070/613 Administrative Remarks recommendation to return to training from the CO of the respective "A" school course of instruction from which the Service member was disenrolled
Enclosure 8	NAVPERS 1070/613 statement outlining reasons for previous disenrollment and actions taken to correct identified problem areas (limited to one page)
Enclosure 9	Military awards, qualifications, and letters of recommendation pertinent to determining performance, professionalism, and potential. Proof of language proficiency, college transcripts, and any professional accreditations, etc. (if applicable)

11. Transfer to SO "A" School

a. **Physical Condition Verification.** The Service member's physical condition must be verified by performing the PST

approximately 30 days prior to transfer to SO "A" school per [MILPERSMAN 1220-410](#). The PST will be coordinated through the NSW scout team on the Navy [SEAL/SWCC](#) Web site. Test results will be placed in the Service member's ESR. Personnel who fail the PST 30 days prior to transfer will retest approximately 15 days prior to transferring. If the Service member fails again, NAVPERSCOM, SEABEE/SEAL/SWCC/EOD/Diver Distribution Branch (PERS-401DH) will be notified by e-mail within 24 hours of the failure and the Service member's orders must be cancelled.

b. **Authorization.** A UMO or DMO is required to complete and sign [NAVPERS 1200/6](#) no later than 1 month prior to actual transfer to training. Place original [NAVPERS 1200/6](#) in the Service member's medical record.

c. **Participation in Advancement Exams.** Conversion to the SO rating requires successful completion of SO "A" school per reference (f).

(1) Personnel under instruction for conversion on scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel ordered to SO "A" school for rating conversion may compete for advancement in their present rating until the class convening date; however, personnel selected for advancement to E-6 prior to class convening may lose eligibility to attend SO "A" school.

d. **Disqualification Condition.** Personnel having received orders to attend SO "A" school who develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7, to include physical conditioning, medical standards, advancement to E-6, performance standards, nonjudicial punishment or lack of security clearance eligibility, are required to notify PERS-401DH by message.

12. **Disenrollment from SO "A" School**

a. **Reclassification/Reassignment and Suitability.** Service members who voluntarily or involuntarily disenroll from SO "A" school initial training will:

(1) Be made available for reclassification or reassignment to their rating detailer. Service members should contact their detailer as soon as possible.

(2) Have [NAVPERS 1070/613](#) entry made in their ESR stating the reason for disenrollment.

b. **OBLISERV.** Service members disenrolled where OBLISERV is required for instruction received, with approval of NAVPERSCOM, Career Administration Division (PERS-81), may be permitted to execute a new [NAVPERS 1070/621](#) Agreement to Extend Enlistment or [NAVPERS 1070/622](#) Agreement to Recall or Extend Active Duty.

Note: See [MILPERSMAN 1160-040](#) for explanation of "instruction received."

c. **New Extension Agreement.** Upon execution of an extension, the previously executed extension agreement for the course of instruction must be cancelled.

(1) For those Service members who accepted accelerated advancement, this OBLISERV will be in addition to the 1-year extension incurred for accelerated advancement.

(2) OBLISERV for instruction cannot exceed the number of months of the original extension agreement. OBLISERV requirements must be executed from the date of disenrollment.

d. **Disenrollment Prior to Training Commencement.** If a Service member is disenrolled for any reason prior to entry into the training, a request may be submitted to PERS-81 for cancellation of OBLISERV agreement.

e. **Executing New Extension Agreement**

(1) Upon receipt of PERS-81 approval, COs or officers in charge must take the following steps/actions:

Step	Action
1	Execute extension agreement
2	Cancel old extension agreement
3	Submit NAVPERS 1070/621 and or NAVPERS 1070/622
4	Make a NAVPERS 1070/613 entry (see below)

(2) The following [NAVPERS 1070/613](#) entry is required:

My active duty obligation remaining upon disenrollment from (school) has been explained to me per [MILPERSMAN 1220-300](#). I understand that my active duty obligation has been established as (expiration of active obligated service date).

Service member's Signature

Witnessing Officer's
Signature

13. **Change of Rating.** Personnel designated in the SO rating may request a change of rating per [MILPERSMAN 1440-010](#). Personnel are required to submit [NAVPERS 1221/6](#) Navy Enlisted Classification (NEC) Change Request to BUPERS-324 to concurrently effect change of rating and removal of the SO rating related NEC.

14. **Forced Conversion.** Forced conversion is BUPERS-directed. Involuntary change of rating is based on a Service member's loss of eligibility or suitability to further serve in present rating as defined in [MILPERSMAN 1440-011](#). Forced conversions will be conducted per [MILPERSMAN 1440-011](#) and as further described in this article. COs may recommend forced conversion/revocation of the SO rating NEC by submitting [NAVPERS 1221/6](#) to BUPERS-324; commands must inform their immediate superior in command (ISIC) of recommended NEC removals up to echelon II level in order to ensure awareness and tracking of NSW community issues and trends. Service members assigned NEC 0000 have 30 days to request conversion to an undermanned rating per [MILPERSMAN 1440-011](#), and the command must remove advancement recommendation until Service member successfully converts to a new rating. This revocation must not be used as a punitive measure, but based on the CO's determination that the Service member is no longer suitable for assignment in the SO rating. [NAVPERS 1221/6](#) must substantiate that determination by providing sufficient background and reasonable justification for removal of Service member's NEC; this may be accomplished by either including sufficient background information within [NAVPERS 1221/6](#) or by way of submitting supporting documentation (e.g., a preliminary inquiry) along with [NAVPERS 1221/6](#). If supporting documentation will be submitted along with [NAVPERS 1221/6](#), it should be referenced in the block "Amplifying Remarks" at the bottom of the form. Once the SEAL NEC has been revoked, the Sailor may not reapply for that NEC. Recommendations to revoke NEC must include one or more of the following statements:

"I have lost faith and confidence in the Service member's ability to perform the duties associated with or required by their current rating."

and

"The Service member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)"

or

"The Service member is considered unsuitable for reassignment and will be recommended for administrative discharge by separate action. If retained in the Navy, the Service member may not reapply for reinstatement for NEC 026A"

or

"The Service member is unsuitable for duty in diver/EOD/SEAL/SWCC/UCT commands. The Service member may not reapply for reinstatement for NEC 026A."

The CO's statement should also articulate any other pertinent duty or NEC restrictions deemed applicable by the Service member's performance (i.e., special operations forces medic, joint tactical air controller, special operations parachute rigger, etc.). Primary reasons for forced conversion/revocation of NEC include, but are not limited to:

a. **Duties.** Failure or unwillingness to perform duties required of the rating.

b. **Failure to maintain rating eligibility.**

(1) Permanent revocation by Department of Defense, Consolidated Adjudications Facility of the Service member's security clearance.

(2) Permanent physical disability.

c. **Performance**

(1) Willful dereliction of duty.

(2) Breaches in ammunition, arms, and explosives, parachute, ordnance, diving or other mission-critical safety procedures or regulations.

(3) Loss of CO's faith and confidence in the Service member's ability to exercise sound judgment, reliability and personal conduct.

d. **SEAL Qualification.** Failure to attain SEAL qualification as specified in [MILPERSMAN 1220-085](#).

e. **Alcohol Abuse.** Personnel identified as having abused alcohol will be locally suspended by their CO from duty pending the outcome of screening, disciplinary action or rehabilitation procedures as outlined in reference (g). At any time during or upon completion of those proceedings, COs have the following options:

(1) If **future alcohol abuse is considered likely** or the Service member **fails rehabilitation treatment**, the CO must certify that the Service member has no potential for further useful service and must initiate separation procedures as appropriate. Commands must submit [NAVPERS 1221/6](#) to BUPERS-324 to seek revocation of the SO rating-related NEC.

(2) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, state, or Federal law; Uniform Code of Military Justice) **or substandard service** and are found in need of treatment, will not be force converted. Service member will retain NEC and all associated specialty pays, but be disqualified to supervise any operations until successful completion of treatment.

f. **Drug Abuse.** Service members identified as having abused drugs, as defined in reference (h), are not eligible for future reinstatement. Service members will be processed for administrative separation as specified in [MILPERSMAN 1910-146](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-324 to seek revocation of the SO rating-related NEC.

g. **Other Substance Abuse.** Service members who wrongfully used a substance in violation of paragraph 5c of reference (i) will be processed for administrative separation as specific in [MILPERSMAN 1910-142](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-324 to seek revocation of the SO rating-related NEC.

Note: Forced conversion from the SO rating must not be used as a substitute for required disciplinary and or administrative

action. Particular consideration must be exercised to ensure that forced conversion is not used to transfer Service members to other duty when they clearly do not meet the established high standards for continued naval service.

15. **Supervisory Status**. There are a few situations in which personnel are unable to meet the physical standards for SO duties; to include diving, parachute, and demolition operations; through no fault or lack of diligence on the Service member's part. In these few cases, personnel whose significant SO experience is of continued value to the Navy may apply for "Supervisory Status" designation and remain in the SO rating.

a. **Eligibility**. Personnel must be designated as an SO SEAL.

b. **Request Designation**. Request designation for "Supervisory Status" by submitting [NAVPERS 1306/7](#) via CO and BUMED (M3/50M2) to BUPERS-324. Request must contain the following information:

(1) Results of a recent diving physical examination as enclosure (1) and

(2) Brief synopsis of previous NEC-related experience as enclosure (2)

c. **Designation**. BUPERS-324 will designate personnel in either "Supervisory Status, diving" or "Supervisory Status, Non-diving," based on the following considerations:

(1) Favorable endorsement of the Service member's request by the CO,

(2) BUMED recommendation concerning waiver of physical standards and

(3) Number of personnel presently assigned in a "Supervisory Status, Diving" or "Supervisory Status, Non-diving" at the Service member's activity. Personnel designated "Supervisory Status, Diving" or "Supervisory Status, Non-diving" will be limited to a maximum of 5 percent of an activity's onboard diving-related billet allowance or less if the number may be detrimental to operational capability.

d. **Disapproval.** If disapproved, the Service member will be force converted to another rating per [MILPERSMAN 1440-011](#).

e. **Tenure and Extensions.** Designation of personnel for "Supervisory Status, Diving" or "Supervisory Status, Non-diving" must be made to coincide with required diving duty physical examination tenure. Extension of "Supervisory Status" must be requested to coincide with completion of diving duty physical examinations. Personnel designated "Supervisory Status, Diving/Non-diving" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of diving duty physical examination.

f. **Assignments.** Personnel designated "Supervisory Status, Diving" are assignable to sea duty, eligible for diving pay per their current NEC and limited to performing supervisory, inspection and re-qualification dives only per [MILPERSMAN 1220-260](#).

g. **Sea Duty and Diving.** Personnel designated "Supervisory Status, Non-diving" will not normally be assigned to sea duty, unless the number of divers in a full diving status at an activity is sufficient to conduct safe diving operations. Personnel assigned in a "Supervisory Status, Non-diving" must not dive.

16. **Periodic Requalification.** Periodic requalification of SO personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualifications without lapse.

a. Specific NEC Requalification. For policy on specific NEC requalification refer to the following:

Topic	See MILPERSMAN
Diving Requalification	1220-260
Parachute Requalification	1220-030
Demolition Requalification	1220-280

b. Documentation of diving operations is described in reference (d).

EXHIBIT 1
SO RATING DESCRIPTION

Special warfare operators (SO) perform maritime and land-based special operations in urban, desert, jungle, arctic, undersea, and mountain environments. Duties include combat diving, paradrop operations, small boat operations, tactical ground mobility, small arms and crew-served weapons, fast roping, rappelling, explosives, communications, trauma care, intelligence gathering and interpretation and chemical, biological, radiological, and nuclear explosive defense measures, and counter proliferation.

Naval special warfare (NSW) scout team and Navy Recruit Training Command (NAVCRUITRACOM) give presentations on the Navy's SEAL Program, conduct the physical training screening tests and assist interested personnel with their applications. NSW scout team has personnel located in Coronado, CA and Little Creek, VA. Call 1-888-USN-SEAL or refer to the Navy [SEAL/SWCC](#) Web site for more information.

A more stringent physical examination and medical screening is required of SEAL Program candidates. Applicants' entrance medical examinations will be reviewed for diving qualifications and further physical screening tests will be given at NAVCRUITRACOM and at the Basic Underwater Demolition/SEAL (BUD/S) "A" school.

BUD/S training is physically and mentally demanding, but the individual who accepts the challenge is rewarded with extra pay for diving, parachuting, and demolition; plus, extraordinary duty assignments.

Career Path After Recruit Training				
Enlistees are taught the fundamentals of NSW through formal Navy schooling and on the job training. BUD/S "A" school candidates attend 5 phases of training at Coronado, CA and various other locations.				
School	Present Location	Approximate Training Time	Subjects	Training Methods
NSW Preparatory	Great Lakes, IL	8 weeks	Physical and psychological preparation for BUD/S training	Group instruction, classroom and practical

BUD/S Orientation	Coronado, CA	3 weeks	Physical and psychological preparation for BUD/S training	Group instruction, classroom and practical
Basic Underwater Demolition/SEAL (BUD/S)	Coronado, CA	21 weeks	Physical conditioning, small boat handling, diving physics, basic diving techniques for open and closed circuit scuba, land warfare, weapons, demolitions, communications , and hydrographic reconnaissance	Group instruction, classroom and practical
Parachute Training	San Diego, CA	4 weeks	Basic skills required for combat static line and military freefall parachuting	Group instruction, classroom and practical
SEAL Qualification Training	Various	22 weeks	Core NSW tactical knowledge and skills	Group instruction, classroom and practical
During a 20-year period, SEALs spend about 70 percent of their time assigned to operational teams and 30 percent to shore stations. Advanced training opportunities in marksmanship, demolition, weapons, diving, communications, intelligence, parachuting, foreign language and a variety of other advanced skills provide the flexibility for specialization to complement a variety of interesting duty assignments.				

For SEAL challenge information, see reference (b), volume 5, chapter 2, section 1.

What They Do

- Special operations are characterized by the use of small units

with very unique capabilities to conduct surgical military actions that are beyond the capability of conventional military forces.

- SEALs master maritime special operations, with a combination of specialized training, equipment, and tactics.
- SEAL medics (special operations combat medics) provide combat trauma medical support during all operations, while also serving as SEALs.

Qualifications and Interests

SEAL challenge candidates should be mature, motivated, self-assured and self-confident, willing to follow orders, and able to work under stressful and hazardous conditions. They should be in excellent physical condition and motivated to withstand the rigorous physiological demands imposed by the maritime environment. The ability to swim and withstand fatigue is a major factor in successful completion of the training. Other necessary characteristics needed are good study habits and learning skills, knowledge of arithmetic and basic algebra, mechanical skills, and manual dexterity. Applicants must be U.S. citizens eligible for a security clearance.

Working Environment

SEALs perform special operations missions from fixed-wing aircraft, ground mobility vehicles, helicopters, ships, and submarines. They may be exposed to urban, arctic, desert, or jungle environments; including survival in enemy controlled areas and all water conditions. They may also perform administrative and foreign training missions in a wide variety of climates throughout the world.

Since Navy programs and courses are revised at times, the information contained in this section is subject to change.

Exhibit 2
Report of SO Rating Conversion Screening
(Use proper letter format)

From: (Screening activity)
To: Commander, Navy Personnel Command (PERS-401DH)
Subj: REQUEST FOR SPECIAL WARFARE OPERATOR (SO) RATING
CONVERSION

Ref: (a) [MILPERSMAN 1220-300](#)

1. (Rate First MI last name), currently attached to (Service member's present command), was screened for application for assignment to SEAL training following the procedures specified in reference (a).

2. The Service member completed the screening as indicated below:

a. Interview conducted by: (name, rank/rate, position, command, date). (Interviewer should include any significant findings pertinent to selection/non-selection of Service member for requested training.)

(1) Does the applicant totally understand the mission and scope of the program? Yes _____ No _____

(2) Does the applicant fully understand the training regimen during initial training and what will be expected of them? Yes _____ No _____

(3) Is the applicant's motivation for entry into the rating a sincere desire for personal growth, achievement, and not solely for the money or as a method to escape their present circumstances, etc.? Yes _____ No _____

(4) Does the applicant have the ability to adapt to the requirements of the desired community? Yes _____ No _____

(5) Is the applicant mentally prepared for the arduous training? Yes _____ No _____

(6) Does the applicant have any financial, marital, or other hardships that would impede their ability to concentrate on and complete the training? Yes _____ No _____

b. PST conducted by: (name, rank, position, command, date)

(1) Swim Time: _____ min _____ sec

(2) Run Time: _____ min _____ sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. Pressure test conducted by: (name, rank, position, command/facility, date) or waived (state justification).
Pressure test (results to be included as application package) contained in enclosure (1).

d. A secret clearance investigation has been initiated or successfully completed: () Yes () No

3. Based on (satisfactory/unsatisfactory) completion of this screening the Service member (is/is not) recommended for (type training). (If Service member is not recommended, state reason(s).)

MILPERSMAN 1220-350

ASSAULT BOAT COXSWAIN QUALIFICATIONS

Responsible Office	NAVPERSCOM (PERS-402B)	Phone:	DSN	882-3713
			COM (901)	874-3713
			FAX	882-2637

1. **Eligibility**. All enlisted members, except Hospital Corpsman and Dental Technicians, are eligible for qualification as assault boat coxswain.

2. **How to Qualify**. Each command is responsible for developing an examination and observing practical factors from the following criteria: (**NOTE:** Landing craft is defined as a craft which is specifically designed for beaching, unloading or loading on the beach, and retracting.)

a. **Examination**

(1)	Nomenclature. Use of hull fittings/equipment. Capacity of cargo/personnel maneuvering and special hull characteristics. Fuel capacity and fuel endurance of landing craft.
(2)	Procedures for starting engine, normal/maximum safe motor temperatures. Stopping/securing engine. Operation of bilge pumps/sand traps.
(3)	Boat signals, identification flags and insignia. Boat identification paddles in connection with ship-to-shore movement. Control vessels signals/signal procedures. Debarkation communications/visual designations. Voice radio procedures.
(4)	Standard formations: Distance/speeds employed in assembly/rendezvous area/assault waves. Procedures for boat group commanders and control vessels.
(5)	Special maneuvering rule and precautions observed during landing and retraction through surf. Procedures for rigging boat for salvage and maneuvering to avoid fouling of propellers with tow lines.
(6)	Identify beach markers and buoys.
(7)	Procedures for transferring personnel/equipment to LVT's direct or via transfer barges; procedures at transfer line.

b. Practical Demonstration

(1)	Perform coxswain duties, supervise boat crew in hoisting/lowering operation, rig/secure all gear in landing craft, follow procedure in handling all types of cargo.
(2)	Handle a landing craft in protected waters, coming alongside, casting off from a vessel or pier. Observe all safety measures applicable to operation of the boat/equipment.
(3)	Use and identify boat signals, boat identification flags, insignia in connection with ship-to-shore movement.
(4)	Maintain assigned station in all phases of ship-to-shore movement, employing knowledge of standard formations, distance/speeds in assembly/rendezvous area. Steer by compass/observe rules of the road.
(5)	Beach boat through moderate surf and retract, singly and in assault wave formation using proper rudder and engine procedure.
(6)	Rig, use, secure anti-broaching lines. Demonstrate how to rig a broached landing craft for salvage. Proper use of engines to avoid fouling tow lines in assisting salvage boat.
(7)	Render first aid, rig stretcher slings, and use other methods of hoisting casualties.

3. Documentation

a. Members who demonstrate proficiency in practical factors and pass the written examination will be qualified as an assault boat coxswain and assigned the proper Navy Enlisted Classification (NEC) code.

b. Commands are to document the qualification on the NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualification History of the service record and submit NAVPERS 1221/1 (Rev. 6-92), Navy Enlisted Classification Code Change Recommendation to the Enlisted Personnel Management Center (EPMAC) (Code 52) to record/remove the NEC.

4. Requalification

a. Qualification shall continue in effect for 1 year from the date on which qualified. To avoid lapse of qualification upon expiration of 1 year, requalification may be accomplished at any time. Such requalification will supersede the previous

qualifications and shall be effective for 1 year from date of accomplishment.

b. Requirements for requalification shall be the same as for the original qualification.

MILPERSMAN 1220-360

DAMAGE CONTROL SCENE LEADER QUALIFICATIONS

Responsible Office	NAVPERSCOM (PERS-402A)	Phone:	DSN	882-3602
			COM	(901) 874-3602
			FAX	882-2734

References	(a) NAVEDTRA 43119-I Personnel Qualification Standard (PQS) for Damage Control (DC)
-------------------	---

1. Requirements

a. All enlisted members are encouraged to qualify as damage control scene leaders. To qualify members must complete the Personnel Qualification Standard (Damage Control Emergency Parties Qualification Standard) NAVEDTRA 43119-I.

b. Qualification of damage control scene leader shall be entered on NAVPERS 1070/604 (Rev. 7-91), Enlisted Qualifications History of the member's service record.

2. Continuation

a. The command is responsible for maintaining continued qualification. A member not assigned to or performing duties as a damage control scene leader for a period of 1 year, must be requalified before assignment as a scene leader.

b. Requalification is subject to the same requirements as the original qualification.

MILPERSMAN 1220-370

ENLISTED EXPEDITIONARY WARFARE (EXW) SPECIALIST DESIGNATION

Responsible Office	CNO (N85)	Phone:	DSN	222-1574
			COM	(757) 692-1574
			FAX	(757) 692-1514

References	(a) OPNAVINST 1414.7
	(b) NAVPERS 15665I, U.S. Navy Uniform Regulations

- Policy.** Enlisted members E-5 and above shall obtain the Enlisted Expeditionary Warfare (EXW) Specialist qualification while assigned to a qualifying unit as outlined per reference (a). Enlisted members E-4 and below may voluntarily obtain EXW qualification while assigned to a qualifying unit and who meet eligibility requirements.
- Authority to Wear the Insignia.** Achievement of qualification entitles the member to wear the EXW insignia per reference (b), and to use the EXW designation. The Expeditionary Warfare designation is an "EXW" placed in parentheses immediately after the member's rate abbreviation, i.e., MM3(EXW), BMCS(EXW).
- Updating the Service Record.** When a member has been qualified as an EXW Specialist, an entry shall be made in the member's service record NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks as follows:

"(Date) Qualified as an Enlisted Expeditionary Warfare (EXW) Specialist this date and assigned the (EXW) designator."
- Updating the Evaluation.** Once qualification has been approved, relevant comments should be made in the member's next evaluation.
- Disqualification.** An enlisted member previously qualified shall be disqualified by an appropriate qualifying officer if that member fails to continue to meet the requirements set forth

in reference (a). Formal notification of disqualification shall be recorded in the member's service record NAVPERS 1070/613 as follows:

"(Date) Failed to maintain qualification of an Enlisted Expeditionary Warfare (EXW) Specialist by (include specific rationale for disqualification). Member has been informed that, as of this date, he/she is disqualified and is no longer authorized to wear the EXW insignia or use the (EXW) designator as part of his/her rating."

Members, once notified of their disqualification, shall have the appropriate comments entered in the next periodic evaluation.

6. **Re-qualification**. Re-qualification shall be accomplished per policy guidance issued in reference (a).

1. **Purpose.** This article discusses personnel aspects of the special warfare boat operator (SB) rating (special warfare combat crewmen (SWCC)). The following topics are covered:

Topic	See Paragraph
Rating Description	2
Suitability for Assignment	3
Rating Designation and Authority to Wear the Insignia	4
Navy Enlisted Classification (NEC) Codes	5
Recruit, Navy Veterans (NAVET), and Other Service Veterans (OSVET) Accessions	6
Rating Conversion Entry Requirements	7
Applying for Rating Conversion	8
Rating Conversion Screening Requirements	9
Rating Conversion Screening Process	10
Transfer to SB Class "A" School	11

Disenrollment from SB "A" School	12
NEC Revocation/Force-Conversion	13
Supervisory Status	14
Periodic Requalification	15
Report of SB Rating Conversion Screening	exhibit 1

2. Rating Description

a. SBs, otherwise known as SWCCs, are specially selected and trained special operations forces (SOF) who operate Naval Special Warfare (NSW) combatant and other craft in maritime, coastal, and riverine environments. They conduct special operations such as over-the-beach and other insertion/extraction of SOF; waterborne guard post; maritime interception operations/visit, board, search and seizure; coastal patrol and interdiction; special reconnaissance; and foreign internal defense, with or without sea-air-land (SEAL) or other SOF.

b. All SWCCs attend Basic Crewman Selection and Basic Crewman Training (BCT) at the NSW Center. Upon completion of BCT, all SWCCs undergo Crewman Qualification Training. Those who graduate are awarded the basic crewman insignia, which signifies a qualified SWCC, and earn the SB Navy rating. After graduation, select members will continue for additional advanced training to become SOF medics, while all other graduates will report to their first operational special boat team.

c. Training and education is continued throughout their careers through a combination of formal and informal processes including on-the-job skills training, attendance at various service or SOF training courses, and civilian courses of instruction. Once qualified, SWCCs can expect to spend the remainder of their career in the Special Operations Community.

3. Suitability for Assignment

a. Accession Prerequisites. The distinct purpose and nature of duties involved in the SB rating require adherence to eligibility criteria, procedures, and policy for conversion and assignment to the rating.

b. Professional Performance. While the highest standards of personal conduct, reliability, and judgment are required of all Service members, it is especially important that Service members assigned to duty involving the performance and

supervision of SB operations exemplify unquestioned personal conduct, reliability, judgment, and observance of military regulations.

c. Obligated Service (OBLISERV). Recruit candidates enlisting in the Navy with the intent to begin the SB training pipeline must satisfy OBLISERV requirements as directed by reference (a).

d. Waiver Considerations. If not specifically stated, all waiver requests will be submitted via the Bureau of Naval Personnel (BUPERS) (NSW) Enlisted Community Manager (BUPERS-324) to the Office of the Chief of Naval Operations (OPNAV) NSW Program Manager (OPNAV N137) for consideration.

4. Rating Designation and Authority to Wear the Insignia

a. Upon completion of the SB "A" School training pipeline, enlisted personnel are awarded Navy enlisted classification (NEC) code 052A and designated as an SB (SWCC). Recruits and fleet conversions are authorized accelerated advancement to E-4 (SB3) per [MILPERSMAN 1510-030](#).

b. Achievement of the SB designation and NEC 052A entitles the member to wear the SWCC warfare insignia per reference (b) and use the SWCC designation. The acronym "SWCC" will be placed in parentheses immediately after the member's rating abbreviation, e.g., SB2(SWCC).

(1) Members whose SB rating NEC(s) is/are removed by administrative action as set forth in this article are no longer authorized to wear the insignia.

(2) Members whose SB rating NEC(s) is/are involuntarily removed as a result of a permanent physical disqualification are authorized to wear the insignia if such action is recommended by member's commanding officers (CO), submitted to BUPERS-324 for review, and approved by OPNAV N137.

5. NEC Codes. Enlisted SB personnel are designated by NEC codes per their qualifications. Reference (c) further describes each of the NEC codes:

NEC	Designation
052A	Special Warfare Combat Crewman (SWCC)
091A/092A	Naval Special Warfare Medic

6. **Navy Veteran (NAVET) and Other Service Veteran (OSVET)**

Accessions. The SB rating is designated as an advanced technical field program. Reference (a) provides entry requirements and policy for recruit, NAVET, and OSVET accessions. All applicants must adhere to all requirements within this article.

7. **Rating Conversion Entry Requirements**. Conversion to the SB rating requires successful completion of SB "A" School. Approval to attend SB "A" School will be based on the needs of the NSW Community as determined by BUPERS-324. Due to the cost of permanent change of station orders, high risk training, high attrition training rates, and to prevent undue delay in training, commands and personnel submitting requests for conversion must strictly adhere to the policy and requirements specified in this article.

a. **Duty**. Must be in the Active Duty Component.

b. **Schools**. Service members who are (voluntarily or involuntarily) disenrolled from previous attendance of Air Rescue, Explosive Ordnance Disposal (EOD), Navy Diver, SB, or Special Warfare Operator (SO) "A" Schools will require a minimum of 2 years prior to reapplying for SB "A" School. Personnel who previously (voluntarily or involuntarily) disenrolled from SB or SO "A" School who request to return to SB "A" School must include a [NAVPERS 1070/613](#) Administrative Remarks statement in their application from the CO of the respective SO or SB "A" School course of instruction from which they were disenrolled, providing the recommendation to return to training.

c. **Age**. Must be less than 31 years of age as of the date that BUPERS-324 receives the member's application.

d. **Rate**. Must be in pay grades E-1 through E-5.

e. **Time in Service**. Must have 6 years or less of active duty service as of the date that BUPERS-324 receives the member's application.

f. **Armed Services Vocational Aptitude Battery (ASVAB)**. Service members must meet ASVAB standards as specified in [MILPERSMAN 1306-618](#).

g. Medical Requirements. Service members must meet medical standards as specified in reference (d), article 15-105. If required, an approved medical waiver must be included with applicant's rating conversion application package. Medical waivers must be submitted by the Service member's CO per reference (d).

h. OBLISERV. The OBLISERV requirement for SB "A" School is 48 months from class graduation date or until completion of previous OBLISERV, whichever is greater, unless released earlier by the Chief of Naval Personnel. COs must ensure applicants understand OBLISERV to train options specified in [MILPERSMAN 1160-040](#), [MILPERSMAN 1306-604](#), and reference (e).

i. Performance Standards. Service members must have evaluation trait marks of 3.0 or above in each of their evaluation reports covering the previous 3 years ("not observed" evaluations are to be included, but not used in the calculation of the evaluation average). For Service members with less than 3 years of service, submit all evaluations.

j. Misconduct. Service members must not any have non-judicial punishment, court-martial, or civil court conviction during the previous 12 months prior to application.

k. Drug or Other Substance Abuse. Service members identified as having abused drugs, as defined in reference (f), or who wrongfully used a substance in violation of reference (g) may not apply for conversion to SB.

l. Security Clearance. SB "A" School requires eligibility for a secret clearance based on a tier 3 investigation.

m. Physical Fitness. Must pass the physical screening test (PST) per [MILPERSMAN 1220-410](#).

n. CO's Recommendation. Be recommended for initial training by the Service member's current CO.

8. **Applying for Rating Conversion.** Applicants who are applying for rating conversion must take the following steps:

Step	Action
1	Visit the NSW Assessment Command (NSWAC) Website to schedule an interview and PST. Web site: www.sealswcc.com
2	Assemble a rating conversion package per this MILPERSMAN article. Visit the NSW ECM Web page on the MyNavyHR Web site for specific submission dates and supplemental information.
3	Submit complete package, via encrypted e-mail, to the conversion application inbox: SEALSWCCECM@navy.mil . All packages must be encrypted.

9. **Rating Conversion Screening Requirements.** Applicants will be screened by approved personnel. Screening will normally be conducted by the NSWAC. If NSWAC personnel are not available, screening can be conducted:

- a. By a qualified SEAL or SWCC, E-6 or above, or an NSW officer;
- b. If a SEAL or SWCC is unavailable, by a qualified EOD or ND E-6 and/or above Service member; or
- c. If other than the above, the screener must be approved by the NSWAC.

10. **Rating Conversion Screening Process.** Personnel conducting screening will ensure the following actions are taken:

a. Interview the Applicant. The interview is necessary to examine and evaluate each applicant's character, traits, background, motivation, and potential for successfully completing SB "A" School and subsequent SB career assignments. The interviewer will:

(1) Discuss the nature of the SB rating with the applicant to include training, duty assignments, operational employment, career development, pay, advancement, etc.

(2) Review the applicant's electronic service record (ESR) to fully assess past performance, conversion effect on professional development, potential for successfully completing

SB "A" School, and to identify traits that could be beneficial to the community.

(3) Review entry requirements with the applicant.

(4) Complete exhibit 1, Report of SB Rating Conversion Screening. Completion of exhibit 1 must be coordinated through and signed by the NSWAC.

(a) A negative response to any of the questions or traits identified in the applicant's ESR could indicate unsuitability for the program and should be annotated in exhibit 1.

(b) Provide a positive or negative endorsement in exhibit 1 stating the applicant's suitability to attend SB "A" School.

b. Conduct a Medical Examination. Applicants must meet the physical examination and standards per reference (d), article 15-105.

(1) Medical Reports. Results of the medical examination will be recorded on the following reports:

(a) [DD 2807-1](#) Report of Medical History

(b) [DD 2808](#) Report of Medical Examination

(2) Validity. The initial medical examination will be valid for the time period stated in reference (d), article 15-105. Candidates who have not reported to SB "A" School within the specified time period must re-submit an updated [DD 2807-1](#) and [DD 2808](#) to BUPERS-324.

c. Conduct the PST. The PST is designed to assess the applicant's physical ability to undergo initial and advanced training. Administer the PST per [MILPERSMAN 1220-410](#). The PST will be valid for 6 months.

d. Submit a Rating Conversion Package. Upon satisfactory completion of the screening process, applicants will forward their completed application package to BUPERS-324 through an approved Department of Defense encrypted method. Required enclosures for package include the following documents:

Enclosure 1	NAVPERS 1306/7 Enlisted Personnel Action Request requesting conversion with current CO's signature
Enclosure 2	NAVPERS 1070/613 Administrative Remarks recommendation to return to training from the CO of the respective "A" school from which the Service member was disenrolled (if applicable)
Enclosure 3	Personal statement addressing why applicant wants to be an SB. If previously disenrolled from "A" school, statement must also include background and reasons for disenrollment, and what actions have been taken to correct the deficiencies (limited to one page).
Enclosure 4	MILPERSMAN 1220-400 Exhibit 1, Report of SB Rating Conversion Screening, signed by the NSWAC
Enclosure 5	ASVAB scores as documented on Enlisted Qualifications History or Enlisted Training Education and Qualification History
Enclosure 6	NAVPERS 1616/26 Evaluation Report and Counseling Record for previous 3 years (include all reports for Service members with less than 3 years of service) including any special or transfer evaluations. OSVETs must include respective Service performance evaluation equivalents.
Enclosure 7	Member Data Summary form printed from the Navy Standard Integrated Personnel System (NSIPS) showing proof of qualifications, language proficiency, college transcripts, and any professional accreditations, etc.
Enclosure 8	NSIPS Award Record, Navy Department Awards Web Service, official printed form or awards citations
Enclosure 9	Letters of recommendation pertinent to determining performance, professionalism, and potential
Enclosure 10	DD 2807-1 Report of Medical History
Enclosure 11	DD 2808 Report of Medical Examination

e. [NAVPERS 1306/7](#) Enlisted Personnel Action Request will reference [MILPERSMAN 1220-400](#), be signed by the applicant's current CO, and include the following statement:

Per [MILPERSMAN 1220-400](#), I volunteer for SB duty and agree to remain on active duty for a minimum of 48 months from SB "A" School graduation. If I fail to graduate, I agree to fulfill OBLISERV as required by MILPERSMAN articles [1306-604](#) and [1160-040](#).

11. **Transfer to SB "A" School**

a. Physical Condition Verification. The Service member's physical condition must be verified by performing the PST approximately 30 days prior to transfer to SB "A" School per [MILPERSMAN 1220-410](#). The PST will be coordinated through the NSWAC. Personnel who fail the PST 30 days prior to transfer will retest approximately 15 days prior to transferring. If a Service member fails again, Naval Personnel Command (NAVPERSCOM) SEABEE/SEAL/SWCC/EOD/Diver Distribution Branch (PERS-401) will be notified by e-mail within 24 hours of the failure; the Service member's orders will be held in abeyance.

b. Participation in Advancement Exams. Conversion to the SB rating requires successful completion of SB "A" School per reference (h).

(1) Personnel under instruction for conversion on the scheduled date of examination are prohibited from taking any advancement examination.

(2) If otherwise qualified, personnel ordered to SB "A" School for rating conversion may compete for advancement in their present rating until the class convening date; however, personnel selected for advancement to E-6 prior to class convening may lose eligibility to attend SB "A" School.

c. Disqualification Condition. Personnel having received orders to attend SB "A" School who develop any possible disqualifying condition contrary to rating conversion entry requirements outlined in paragraph 7 above, to include physical conditioning, medical standards, advancement to E-6, performance standards, non-judicial punishment, court conviction, or lack of security clearance eligibility are required to notify BUPERS-324.

12. **Disenrollment From SB "A" School**

a. Reassignment and Suitability. Service members who voluntarily or involuntarily disenroll from SB "A" School training will:

(1) Be made available for reassignment based on the needs of the Navy as determined by BUPERS Enlisted Community Management Division (BUPERS-32) or the Naval Education and Training Command Supply Chain Operations Department (N3).

(2) Have [NAVPERS 1070/613](#) entry made in their ESRs stating the reason for disenrollment.

b. OBLISERV. OBLISERV requirements will be met per [MILPERSMAN 1306-604](#) and [MILPERSMAN 1160-040](#).

13. **NEC Revocation and Forced-Conversion**. Forced-conversion is BUPERS directed. Involuntary change of rating is based on Service members' loss of eligibility or suitability to further serve in their present rating as defined in [MILPERSMAN 1440-011](#). Forced-conversions will be conducted per [MILPERSMAN 1440-011](#) and as described in this article.

a. Submission of Recommendation for Forced-Conversion and NEC Revocation. COs may recommend forced-conversion/revocation of the SB rating NEC by submitting [NAVPERS 1221/6](#) NEC Change Request to BUPERS-324. Commands must inform their immediate superior in command of recommended NEC removals in order to ensure awareness and tracking of NSW Community issues and trends.

b. Basis for Revocation. Revocation of the SB rating NEC must not be used as a punitive measure, but based on the CO's determination that the Service member is no longer suitable for assignment in the SB rating. COs should substantiate that determination by providing sufficient background and reasonable justification for removal of a Service member's NEC by submitting supporting documentation along with the [NAVPERS 1221/6](#).

c. Supporting Documentation. If supporting documentation will be submitted along with [NAVPERS 1221/6](#), it should be referenced in the block, "Amplifying Remarks," at the bottom of the form.

d. Ineligibility for NEC Reapplication. Once a Sailor's SB rating NEC has been revoked, the Sailor may not reapply for that NEC.

e. Required Statements for NEC Revocation Recommendations. Recommendations to revoke an NEC must include one or more of the following statements:

"I have lost faith and confidence in the Service member's ability to perform the duties associated with or required by the member's current rating."
--

and

"The Service member is considered suitable for assignment to rate or rating billets not requiring NEC (fill-in)."

or

"The Service member is considered unsuitable for reassignment and will be recommended for administrative separation by separate action. If retained in the Navy, the Service member may not reapply for reinstatement of NEC 052A."

or

"The Service member is unsuitable for duty in Diver/EOD/SEAL/SWCC/UCT commands. The Service member may not reapply for reinstatement of NEC 052A."

The CO's statement should also articulate any other pertinent duty or NEC restrictions deemed applicable by the Service member's performance (e.g., (SOF) medic, joint terminal attack controller, special operations parachute rigger, etc.). Primary reasons for forced-conversion or revocation of NEC include, but are not limited to, the following:

(1) Duties. Failure or unwillingness to perform duties required of the rating.

(2) Failure to Maintain Rating Eligibility

(a) Permanent revocation of the Service member's security clearance by Department of Defense Consolidated Adjudications Facility, and or

(b) Permanent physical disability

(3) Performance

(a) Willful dereliction of duty,

(b) Breaches in ammunition, arms and explosives, parachute, ordnance, or other mission-critical safety procedures or regulations, and or

(c) Loss of CO's faith and confidence in the Service member's ability to exercise sound judgment, reliability, and personnel conduct

(4) SWCC Qualification. Failure to maintain SWCC qualification as specified in this article and reference (i).

(5) Alcohol Abuse. Personnel identified as having abused alcohol will be locally suspended from duty by their CO pending the outcome of screening, disciplinary action, or rehabilitation procedures outlined in reference (f). At any time during or upon completion of those proceedings, COs have the following options:

(a) If **future alcohol abuse is considered likely** or the Service member **fails rehabilitation treatment**, the CO must certify that the Service member has no potential for further useful service and must initiate separation procedures as appropriate. Commands must submit a [NAVPERS 1221/6](#) to BUPERS-324 to seek revocation of the SB rating-related NECs.

(b) Personnel who **voluntarily refer themselves** for treatment in the **absence of either an alcohol-related violation** (of local, State, Federal law, or Uniform Code of Military Justice) or **substandard service** and are found in need of treatment will not be force-converted. Service members will retain NECs and all associated specialty pays, but will be disqualified to supervise any operations until successful completion of treatment.

(6) Drug Abuse. Service members identified as having abused drugs, as defined in reference (f), are not eligible for future reinstatement. Service members will be processed for administrative separation as specified in [MILPERSMAN 1910-146](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-324 to seek revocation of the SB rating-related NEC.

(7) Other Substance Abuse. Service members who wrongfully used a substance in violation of reference (g) will be processed for administrative separation as specified in [MILPERSMAN 1910-142](#). Commands must submit [NAVPERS 1221/6](#) to BUPERS-324 to seek revocation of the SB rating-related NEC.

f. Timeline to Request Conversion to Undermanned Rating. Service members whose SB rating NECs have been revoked and who have been assigned NEC 0000 have 10 working days to request

conversion to an undermanned rating per [MILPERSMAN 1440-011](#). The command must remove advancement recommendation until Service members successfully convert to a new rating.

Note: Forced-conversion from the SB rating must not be used as a substitute for required disciplinary and or administrative action. Particular consideration must be exercised to ensure that forced-conversion is not used to transfer Service members to other duty when they do not clearly meet the established high standards for continued naval service.

14. **Supervisory Status**. There are a few situations in which personnel are unable to meet the physical standards for special operations duties, through no fault or lack of diligence on their part. In these few cases, personnel whose significant SB experience is of continued value to the NSW may apply for "Supervisory Status" designation and remain in the SB rating.

a. Eligibility. Personnel must be designated as an SB (SWCC).

b. Request Designation. Requests for "Supervisory Status" designation must be included in the physical standards waiver request outlined in reference (d).

c. Designation. BUPERS-32 will designate personnel in "Supervisory Status, Special Operations Duty" based on the following considerations:

(1) Favorable endorsement of the Service member's request by the CO,

(2) Bureau of Medicine and Surgery recommendation concerning waiver of physical standards, and

(3) Number of personnel presently assigned in a "Supervisory Status, Special Operations Duty" at the Service member's activity. Personnel designated "Supervisory Status, Special Operations Duty" will be limited to a maximum of 5 percent of an activity's onboard NEC-related billet allowance or less if the number may be detrimental to operational capability.

d. Disapproval. If disapproved, the Service member will be forced-converted to another rating per [MILPERSMAN 1440-011](#).

e. Tenure. Designation of personnel for "Supervisory Status, Special Operations Duty" will coincide with periodic special operations duty physical examination tenure. Re-designation must be requested in conjunction with required periodic physical examinations. Personnel designated "Supervisory Status, Special Operations Duty" may retain that status, dependent upon the receiving command's requirements, if transferred during the normal tenure of special operations duty physical examination.

f. Assignments. Personnel who are designated "Supervisory Status, Special Operations Duty" are assignable to sea duty, eligible for pay per their current NECs, and are limited to performing non-operational supervisory duties only.

15. **Periodic Regualification**. Periodic regualification of SB personnel is necessary to maintain individual proficiency and unit capability. Personal safety during hazardous operations is directly related to proficiency. COs are directed to afford every opportunity for maintaining individual qualifications without lapse. For policy on specific regualification refer to [MILPERSMAN 7220-114](#).

Ser XX/
Date

From: Commander, Naval Special Warfare Assessment Command
To: Chief of Naval Personnel (BUPERS-324)

Subj: **REQUEST FOR CONVERSION TO THE SPECIAL WARFARE BOAT
OPERATOR RATING**

Ref: (a) NAVPERS 15560D, Naval Military Personnel Manual
(MILPERSMAN)

1. (Rate First MI last name), currently attached to (Service member's present command), was screened for application for assignment to Special Warfare Combat Crewman (SWCC) training following the procedures specified in reference (a), [MILPERSMAN 1220-400](#).

2. The Service member completed the screening as indicated below:

a. Interview conducted by: (name, rank/rate, position, command, date). (Interviewer should include any significant findings pertinent to selection or non-selection of Service member for requested training.)

(1) Does the applicant totally understand the mission and scope of the program? () Yes () No

Comments:

(2) Does the applicant fully understand the training regimen during initial training and what will be expected of him or her? () Yes () No

Comments:

Subj: **REQUEST FOR CONVERSION TO THE SPECIAL WARFARE BOAT
OPERATOR RATING**

(3) Does the applicant fully understand the historical chances of success in the desired training, as well as obligation service requirements per MILPERSMAN if he or she is unsuccessful? () Yes () No

Comments:

(4) Is the applicant's motivation for entry into the rating a sincere desire for personal growth and achievement and not solely for the money or as a method to escape his or her present circumstances, etc.? () Yes () No

Comments:

(5) Does the applicant have the ability to adapt to the requirements of the desired community? () Yes () No

Comments:

(6) Is the applicant mentally prepared for the arduous training?

(7) Does the applicant have any financial, marital, or other hardships that would impede his or her ability to concentrate on and complete the training? () Yes () No

Comments:

b. Physical screening test (PST) conducted by: (name, rank, position, command, date)

(1) Swim time: _____min _____sec

(2) Run time: _____min _____sec

(3) Sit-ups: _____, Push-ups: _____, Pull-ups: _____

c. A secret clearance investigation has been initiated or successfully completed: () Yes () No

Comments:

Subj: **REQUEST FOR CONVERSION TO THE SPECIAL WARFARE BOAT
OPERATOR RATING**

3. Based on this screening, Service member: () is () is not qualified to apply for special warfare boat operator (SB) training. (Explain positive or negative recommendation)

Comments:

4. Based on subjective assessments, Service member: () is () is not recommended for SB training. (Provide comments explaining positive or negative recommendation)

Comments:

5. The applicant is responsible for including this document as enclosure (4) when applying for SB training.

- [MILPERSMAN 1220-400](#), Special Warfare Boat Operator (SB)
Rating

1. **Overview**

a. Physical Screening Test (PST). The sea-air-land (SEAL), special warfare combatant-craft crewmen (SWCC), explosive ordnance disposal (EOD), Navy diver (ND) and aviation rescue swimmer (AIRR) physical screening test (PST) must be completed as a single event. All candidates must meet the minimum scores listed below to receive an officer or enlisted contract and maintain eligibility in their respective program throughout the initial training pipeline. **Candidates will complete each required physical event according to the standards outlined in paragraph 2 below and followed in the sequence listed below:**

- (1) 500 yard swim;
- (2) 10-minute rest;
- (3) Maximum push-ups in 2 minutes;
- (4) 2-minute rest;
- (5) Maximum curl-ups in 2 minutes;
- (6) 2-minute rest;
- (7) Maximum pull-ups no time limit;
- (8) 10-minute rest; and
- (9) 1.5 mile run.

b. Minimum Scores. All candidates must meet the minimum standards for their respective programs at each phase of the selection and training pipeline. Minimum scores are subject to change via this medium. It should be stressed that candidates should strive to achieve significantly more than the minimum standards listed below:

- (1) AIRR PST Minimum Standards:

Swim	12:00
Push-ups	42

Curl-ups	50
Pull-ups	4
Run	12:00

(2) EOD PST Minimum Standards:

Swim	Swim + Run <21:00
Push-ups	50
Curl-ups	50
Pull-ups	6
Run	Swim + Run <21:00
NOTE: Swim and run combined must be equal to or less than 21 minutes. Individually, the run or swim time cannot be more than 12:30	

(3) ND PST Minimum Standards (M2DV):

Swim	12:00
Push-ups	50
Curl-ups	50
Pull-ups	6
Run	11:30

(4) ND PST Minimum Standards (M1DV):

Swim	12:30
Push-ups	50
Curl-ups	50
Pull-ups	6
Run	12:30

(5) SEAL PST Minimum Standards:

Swim	12:30
Push-ups	50
Curl-ups	50
Pull-ups	10
Run	10:30

(6) SWCC PST Minimum Standards:

Swim	13:00
Push-ups	50
Curl-ups	50
Pull-ups	6
Run	12:00

2. Event Standards and Test Procedures

a. Swim Event

(1) The swim event is a timed 500 yard (450 meter) swim. For special warfare operator (SO), special warfare boat operator (SB), EOD, and ND, the swimmer must use the side-stroke or the breaststroke. Both strokes must be conducted without an overhand recovery (i.e., the swimmer's hand must remain below the surface of the water). AIRR candidates may use the American crawl, sidestroke, or breaststroke.

(2) The event will only be conducted in a standard 25 or 50 yard/meter swimming pool.

(3) The uniform for the swim portion may be any swimsuit.

(4) The swim event will be conducted as follows:

(a) The swimmers enter the water;

(b) The timer will signal the start;

(c) The candidates will call out the lap number as each lap is completed;

(d) Swimmers may push-off from sides with their hands and feet after each pool length;

(e) Resting is permitted by conducting survival float or by treading water. Candidates may not stand on the bottom of the pool, or hang on the side of the pool or lane lines;

(f) Goggles or facemasks are optional, but swimmers may **not** use swim caps, ear plugs, fins, snorkels, a wet suit, or flotation and or propulsion devices;

(g) Upon completion of the final lap, the candidate will call out "time" and the timer will call out the time to the nearest second; and

(h) The candidate then reports the event time to the recorder.

(5) The swim event is ended if the candidate:

(a) Completes the prescribed distance;

(b) Receives or requires assistance from a lifeguard or other person;

(c) Uses an overhand recovery at any time (unless screening for AIRR only); or

(d) Uses the bottom, side of the pool, or lane lines to stand or rest.

b. Push-up Event

(1) The push-up event will be conducted per reference

(a). Push-ups executed by the candidate using improper form should not be counted towards the candidate's total.

Figure 1: The "up" position of the push-up. Notice that the arms are straight and the back, buttocks, and legs are in line.

Figure 2: The "down" position of the push-up. Notice the arms form right angles and the back, buttocks, and legs are in line. The upper portion of the arms should be parallel to the deck.

(2) Push-ups should be performed on a firm (or suitably padded) level surface.

(3) Push-ups must be performed as follows:

(a) The candidate will begin in a "front-leaning rest" position with the palms of the hands placed on the deck directly beneath or slightly wider than the shoulders. Both feet must be together on the deck;

(b) The back, buttocks, and legs must be straight from head to heels and must remain so throughout test. The toes and palms of the hands must remain in contact with the deck. The feet must not contact a wall or other vertical support surface;

(c) The timer will signal the start for the candidate and call out 15-second time intervals until 2 minutes have elapsed;

(d) The candidate must lower entire body as a single unit by bending the elbows until the arms form right angles and the upper arms are parallel to the deck;

(e) The candidate shall return to starting position by extending the elbows, raising the body as a single unit until the arms are straight; and

(f) The candidate may only rest in the "up" position while maintaining arms, back, buttocks, and legs in a straight position.

(4) Push-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the candidate's partner. Incorrect push-ups will not be counted. Candidates will receive a verbal warning for any incorrect push-ups. Results for an event ending in less than 2 minutes will be the number of push-ups properly performed at the time of termination.

(5) The event is ended if the candidate:

(a) Touches the deck with any part of his or her body except for the hands and feet;

(b) Raises one or both hands or feet off the deck or ground;

(c) Fails to maintain back, buttocks, and legs in a straight line from head to heels; or

(d) Receives more than two verbal warnings for executing incorrect procedures.

c. Curl-up Event

(1) The event must be conducted with a partner on a level surface, using a blanket, mat, or other suitable padding.

Figure 3: The "down" position of the curl-up. Notice the partner holding the member's feet. Any other means of securing the member's feet is not authorized. The candidate's buttocks and feet must remain flat on the ground throughout the curl-up

Figure 4: The "up" position of the curl-up. Notice that the elbows touch the thighs no more than 3 inches below the knees while the hands remain in contact with the shoulders or chest.

(2) Curl-ups are conducted as follows:

(a) The candidate will start by lying flat on his or her back with knees bent (so the feet are flat on the ground). The arms will be folded across and touching the chest with the hands touching the upper chest or shoulders;

(b) The candidate's feet must be held to the deck by a partner's hands. Any other means of securing the member's feet is not authorized.

(c) The timer will signal the start for the candidate and call out 15-second time intervals until 2 minutes have elapsed;

(d) The candidate curls body up, touching the elbows to his or her thighs no more than 3 inches below the knees while keeping the hands in contact with the chest or shoulders;

(e) After touching the elbows to his or her thighs, the candidate lies back, touching the lower edge of the shoulder blades to the deck; and

(f) The candidate may rest in the up or down position, but the hands must remain touching the upper chest or shoulders at all times.

NOTE: When in the "up" position, the candidate may only rest with the elbows touching the thighs, not on top of his or her knees.

(3) Curl-ups are repeated correctly as many times as possible in 2 minutes and are counted aloud by the candidate's partner. Incorrect curl-ups shall not be counted. Candidates will receive a verbal warning for any incorrect curl-ups. Results for an event ended in less than 2 minutes shall be the number of curl-ups properly completed at the time of termination.

(4) The event is ended if the candidate:

(a) Lowers his or her legs;

(b) Raises the feet off the deck or ground;

(c) Lifts the buttocks off the deck or ground;

(d) Fails to keep his or her arms folded across and touching the chest;

(e) Fails to keep his or her hands in contact with the chest or shoulders;

(f) Remains in the down position for more than 5 seconds; or

(g) Receives more than 2 verbal warnings for executing incorrect procedures.

d. Pull-Up Event

(1) The event must be conducted at a pull-up bar.

(2) The proctor will inform the candidate to begin the event. At that time, the candidate mounts the bar.

Figure 6: The "down" position of the pull-up.
Notice that the arms are fully extended.

Figure 7: The "up" position of the pull-up.
Notice that the chin is even with the top of the bar.

(3) Pull-ups are conducted as follows:

(a) The candidate will mount the bar, starting with the arms and shoulders fully extended in a dead hang;

(b) The candidate must pull his or her body up until the chin is even with, or above, the top of the bar;

(c) The candidate must not use lateral, forward, or backward "kipping" motion while performing a pull-up.

(d) After the chin has passed the bar, the candidate must return to the starting position to complete the repetition;

(e) The candidate may rest in the starting position at any time. Both hands must remain on the bar for the duration of the event; and

(f) The event is completed when the candidate dismounts the bar.

(4) Pull-ups are repeated correctly as many times as possible and are counted aloud by the candidate's partner.

(a) Incorrect pull-ups will not be counted.

(b) Candidates will receive a verbal warning for any incorrect pull-ups.

(c) Results for an event, will be the number of pull-ups properly completed.

(5) The event is ended if the candidate:

(a) Touches anything other than the horizontal portion of the pull-up bar,

(b) Removes his or her hands from bar, or

(c) Receives more than two verbal warnings for executing incorrect procedures.

(6) The candidate will report the push-ups, curl-ups, and pull-ups he or she completed to the recorder after completing the pull-up event.

e. Run Event

(1) The run is a timed 1.5 mile run to be completed as quickly as possible. The uniform for the timed run is running shoes, t-shirt, and shorts.

(2) The event must be conducted on a flat, solid surface as follows:

(a) The candidate will stand at start line;

(b) The timer will signal the start and call out time intervals until the completion of the test;

(c) The candidate calls out lap number when passing the timer;

(d) Upon completion of the final lap, the candidate will call out "time," and the timer will call out the time to the nearest second; and

(e) The candidate will report his or her time to the recorder.

(3) The event is ended if the candidate:

(a) Stops running or walking other than to retie his or her shoelace, or to remove foreign objects from the shoes;

(b) Deviates from prescribed course; or

(c) Completes the 1.5 miles.

MILPERSMAN 1221-021

NAVY ENLISTED CLASSIFICATION (NEC) CODE AWARD AND REMOVAL PROCEDURES

Responsible Office	BUPERS-328	Phone:	DSN 882-4465 COM (901) 874-4465
---------------------------	------------	--------	------------------------------------

MyNavy Career Center	Phone: Toll Free 1-833-330-MNCC (6622) E-mail: askmncc@navy.mil MyNavy Portal: https://my.navy.mil/
----------------------	--

Reference	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards, Volume II
------------------	--

1. **Purpose**. This article establishes Navy-wide procedures for submitting a request to award, remove, or archive a Navy enlisted classification (NEC) code.

2. **Policy**. Personnel are automatically assigned NECs upon satisfactory completion of applicable courses through the Corporate Enterprise Training Activity Resource System (CeTARS) if all prerequisite requirements are met as outlined in reference (a). This ensures faster NEC assignments and reduces paperwork at the command level. NECs earned through on-the-job training, job qualification requirements, personnel qualification standards, factory training, and or non-Navy training are not automatically assigned. In these cases, recommendations for assignment of NECs should be forwarded to the Bureau of Naval Personnel (BUPERS) Community Management Support Branch (BUPERS-328) by submitting [NAVPERS 1221/6](#) Navy Enlisted Classification Change Request. [NAVPERS 1221/6](#) provides a standard format for naval activities reporting NEC data for inclusion into the Navy Standard Integrated Personnel System (NSIPS).

3. **Instructions.** NECs may be awarded, removed, or archived as follows:

a. To request an award of an NEC, personnel must meet the requirements of reference (a), chapter 4, and submit [NAVPERS 1221/6](#) to BUPERS-328.

b. To request a removal or archival of an NEC code, submit [NAVPERS 1221/6](#) with the endorsement of the commanding officer or officer in charge to BUPERS-328.

4. **Submission of Requests.** Requests may be submitted via e-mail or mail. If submitting a request for the same NEC for more than one member, enter "see attached" in blocks 1 and 2 of [NAVPERS 1221/6](#). Attach a list containing the rating, name, and assigned unit identification code (if different than block 4) of all members. Block 14 must contain the e-mail address for the point of contact.

a. Send e-mail requests to askmncc@navy.mil

b. Mail requests to:

BUREAU OF NAVAL PERSONNEL

MILPERSMAN 1221-030

PURPOSE AND SCOPE OF NAVY PERSONNEL CLASSIFICATION SYSTEM

Responsible Office	NAVMAC (Code 10)	Phone:	DSN COM FAX	882-6220 (901) 874-6220 882-6475
---------------------------	---------------------	--------	-------------------	--

References	(a) NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards (b) NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications
-------------------	--

1. **Introduction.** The Navy classification system and the supporting occupational structures provide the means to identify skills and capabilities of personnel, as well as the Navy's requirements for these skills and capabilities. This system facilitates the following:

- Personnel planning, procurement, and selection for training.
- Development of training requirements.
- Promotion, distribution, assignment, and the orderly call to active duty (ACDU) of inactive duty personnel in times of national emergency or mobilization.

2. **Mission.** Navy Manpower Analysis Center (NAVMAC) is tasked to collect, process, and analyze occupational information involving job content and tasking of enlisted ratings and officer specialties within the Navy. To accomplish this mission NAVMAC administers the following:

- Navy Enlisted Occupational Classification System (NEOCS)
- Navy Officer Occupational Classification System (NOOCS)

3. **Definition.** Classification encompasses the following:

a. Classification of **personnel** which is the collection, evaluation, recording, dissemination, and use of information

regarding the aptitudes, abilities, education, training, work experience, and qualification of members.

b. Classification of **billets** which is the collection, evaluation, recording, dissemination, and use of significant occupational information for presenting characteristics, definitions, qualifications, requirements, and standards for naval billets.

4. Classification System

a. NEOCS/NOOCS structures are revised on a continuing basis to

- utilize individual versatility and specialization, and provide needed occupational flexibility in the naval organization;
- recognize individual differences and enhance career opportunities; and
- keep abreast of technological developments and the resultant operational requirements of both fleet and shore activities.

b. Commanding Officer, NAVMAC is the Executive Secretary, and provides the recorder and administrative/technical services for the NEOCS and NOOCS boards.

c. NAVMAC publishes the following manuals (references (a) and (b)) in support of NEOCS and NOOCS:

- (1) **NAVPERS 18068F, Manual of Navy Enlisted Manpower and Personnel Classifications and Occupational Standards**
Volume I, Navy Enlisted Occupational Standards
Volume II, Navy Enlisted Classifications (NECs)
- (2) **NAVPERS 15839I, Manual of Navy Officer Manpower and Personnel Classifications**
Volume I, Major Code Structures
Volume II, The Officer Data Card

5. **NEOCS**. Provides the means by which all Navy enlisted personnel are classified and supports enlisted personnel planning, procurement, training, promotion, distribution, assignment, and mobilization within the classification system.

NEOCS consists of the **Enlisted Rating Structure** and its supplement, the **NEC Structure**.

a. **Enlisted Rating Structure** - Reference (a), Volume I

(1) The enlisted data collection and study point for **all** Navy ratings and occupational areas. Updates to Occupational Standards (OCCSTDs) are accomplished through the Navy Occupational Analysis Process which determines the occupational quality of enlisted manpower requirements using data collection tools.

(2) Consists of:

- **occupational fields** (i.e., broad groupings of similar occupations);
- **ratings** (i.e., occupational specialties); and
- **rates** (i.e., a paygrade within a rating).

(3) Provides a framework for enlisted career development and advancement, and is the primary administrative means for classifying and identifying enlisted personnel.

(4) Enlisted ratings are **established** or **disestablished** with the approval of Secretary of the Navy (SECNAV) and **implemented** by Navy Personnel Command (NAVPERSCOM). Any changes would be based on:

- technological advances;
- administrative requirements;
- recommendations received from the fleet, bureaus, personnel managers, and warfare sponsors within the Office of Chief of Naval Operations (OPNAV) and systems commands; and
- research studies, and recommendations made by the NEOCS board.

b. **NEC Structure** - Reference (a), Volume II

(1) The NEC system, of which the NEC coding system is a part, supplements the enlisted rating structure in identifying personnel on active or inactive duty and billets.

(2) NEC codes identify a non-rating-wide skill, knowledge, aptitude, or qualification that must be documented to

identify both personnel and manpower authorizations for management purposes. Additionally, an NEC can be used to identify special circumstances or situations with approval via the NEOCS process.

(3) NAVPERSCOM is responsible for the formulation and implementation of the NEC coding system.

(4) Navy Enlisted Classifications (NECs) shall be reviewed and verified for accuracy and currency upon detachment, receipt, change in rate or rating, separation, reenlistment, transfer to the Fleet Reserve, or retirement.

6. **NOOCS**. The method the Navy uses to identify skills, education, training, experience, and capabilities related to both officer personnel and manpower requirements. This system forms the basis for officer personnel planning, manpower management, procurement, training, promotion, distribution, career development, and mobilization.

a. Reference (b) (two volumes published quarterly, each issued separately) explains NOOCS codes and other code structures and established abbreviations used to identify the qualitative needs for officer manpower, and for reporting and recording officer qualifications and other personnel data.

b. The NOOCS Board serves as the central point for changes to the NOOCS. Activities proposing establishment, deletion, or revision to NOOCS subsystems should send recommendations via the appropriate chain of command.

c. **Reference (b), Volume I** consists of four major subsystems:

(1) The **Designator (DESIG)/Grade (GR) structure** consists of designators and paygrades that provide a framework for officer career development and promotion. This structure is the primary administrative means for classifying, identifying, and documenting officer manpower resources and requirements.

(a) The **DESIG** structure identifies primary naval specialty qualifications, associated legal and specialty categories, and competitive categories for promotion.

(b) The **GR** structure identifies occupational levels associated with the scale of naval officer paygrade and rank.

(2) The **Navy Officer Billet Classification (NOBC)** structure functionally describes general occupational duties.

(3) The **Subspecialty (SSP)** structure identifies postgraduate education (or equivalent training and/or experience) in various fields and disciplines.

(4) The **Additional Qualification Designation (AQD)** structure identifies additional qualifications or skills not included in the other NOOCS structures.

d. **Reference (b), Volume II** contains a description of the Officer Data Card (ODC), a listing of non-occupational manpower and personnel codes which provide foreign language data elements, ship and station, service school, education, and other identifiers. The ODC (which is prepared for ACDU officers only) is available for review online at www.bol.navy.mil.

7. **Support of Deputy Chief of Naval Operations (DCNP) (Manpower, Personnel, Training, and Education) (N1)**. NAVMAC supports the DCNP (N1) mission by:

a. **developing and issuing notices** on major NEOCS and NOOCS changes;

b. **acting as Navy point of contact (POC)** for all Department of Defense (DoD) merger/feasibility studies, which involve rating/requirement commonalities;

c. **conducting special surveys** for the DoD Interservice Training Review Organization (ITRO) and supporting DoD requirements for joint occupational studies;

d. **providing support** to the Naval Education and Training Professional Development and Technology Center (NETPDTC) and the Health Sciences Education and Training Command (HSETC);

e. **conducting systematic reviews** of the enlisted occupational rating structure to assess the scope, OCCSTDS, NEC codes, and special qualifications to develop initial recommendations for improvement;

f. **maintaining the Navy officer and enlisted occupational databases and histories;** and

g. **verifying rating data** contained in Navy Training System Plans (NTSPs).

8. **Role of Commands and Activities**. Commands and activities provide assistance in achieving the objectives of NAVMAC by facilitating data collection efforts and by ensuring the timely completion and return of data. Support for this data collection effort is key to ensuring the quality of information used in manpower, personnel, and training decision-making within claimancies of the United States Navy.

MILPERSMAN 1223-010

ENLISTED PAYGRADES AND TITLES

Responsible Office	NAVMAC (Code 10)	Phone:	DSN	882-6220
			COM	(901) 874-6220
			FAX	882-6475

1. Enlisted Paygrades and Titles

a. The enlisted paygrades with their general titles and abbreviations are listed below in order of precedence.

b. The term "**Petty Officer**" (PO) applies to a member of the Navy in paygrades **E-4 through E-9**. The rating title or abbreviation may be substituted for the words "Petty Officer" or letters "PO", **except** in cases where that abbreviation would precede the abbreviation for a paygrade **between E-7 and E-9** (other than the Master Chief Petty Officer of the Navy (MCPON)). In those cases, the rating abbreviation for **Chief Petty Officer (CPO)**, "**C**" shall precede an "**S**" for **Senior Chief Petty Officer (SCPO)**, or "**M**" for **Master Chief Petty Officer (MCPO)**. Examples are: Master Chief Boatswain's Mate (BMCM) and Boatswain's Mate Second Class (BM2).

Paygrade	Title
E-9	Master Chief Petty Officer of the Navy (MCPON)
E-9	Master Chief Petty Officer (MCPO)
E-8	Senior Chief Petty Officer (SCPO)
E-7	Chief Petty Officer (CPO)
E-6	Petty Officer First Class (PO1)
E-5	Petty Officer Second Class (PO2)
E-4	Petty Officer Third Class (PO3)
E-3	General Apprenticeship (No Abbreviation)
E-2	General Apprenticeship, Apprentice (No Abbreviation)
E-1	General Apprenticeship, Recruit (No Abbreviation)

2. Master Chief Petty Officer of the Navy (MCPON). The title of "**Master Chief Petty Officer of the Navy**" (MCPON) has been established in paygrade **E-9**, and is designated the **senior enlisted member of the Navy**.

3. Rates. The **apprenticeships** are referred to as **rates**. When the general title or abbreviation for a paygrade **between E-4 and E-9** is combined with a rating, it is referred to as a **rate**.

MILPERSMAN 1236-010

ARMED FORCES CLASSIFICATION TEST (AFCT) ADMINISTRATION AND PROCEDURES FOR NAVY PERSONNEL

Responsible Office	NETC (N55)	Phone:	DSN	604-5103
			COM	(703) 604-5103
			FAX	604-6973

MyNavy HR	Phone: Toll Free	1-833-330-MNCC (6622)
	E-mail:	https://www.mynavyhr.navy.mil
	MyNavy Portal:	https://my.navy.mil/

1. Policy

a. The Armed Forces Classification Test (AFCT) is the in-service version of the Armed Services Vocational Aptitude Battery (ASVAB) test, and is used to qualify current enlisted military personnel (Active or Reserve Component) for reclassification. Navy personnel may improve their qualifications for a rating conversion or other desired career options by improving their scores via AFCT retest.

b. Navy personnel may retest periodically using the AFCT, but their most recent scores will be their official scores of record retained in their enlisted master file (EMF), even if lower than previous scores. AFCT scores will not replace Service members' initial enlistment ASVAB scores in the reenlistment eligibility data display generated by the Defense Manpower Data Center (DMDC).

2. Authorization to Administer AFCT

a. Naval Education and Training Command (NETC) Navy Testing Sciences Division (N55) is the test control office and AFCT program manager for the Navy. Navy sites wishing to administer the AFCT must obtain authorization and test materials from NETC (N55).

b. Authorization is limited to larger platform ships (e.g., nuclear aircraft carriers, general purpose amphibious assault ships, or multipurpose amphibious assault ships), personnel support detachments (PSD), and Navy Reserve activities (NRA).

If needs warrant, other sites may be considered, but they must have a minimum of 50 military personnel permanently assigned, sufficient full-time staff, and infrastructure to administer and properly safeguard AFCT materials. Waivers will be considered on a case-by-case basis. Test sites are authorized to test Sailors and all other Service members.

c. Navy commands are encouraged to request authorization to administer the test in order to increase availability and accessibility of the AFCT for military personnel. However, only one site within a 150-mile geographical area should be established to avoid redundancy with other Navy or Department of Defense (DoD) AFCT sites. All command requests to establish an AFCT site must be endorsed via the command's immediate superior in command (ISIC). Upon request, a template for establishing a test site is available from NETC (N55) via e-mail at: NavyAFCT@navy.mil or AFCThelpdesk@navy.mil

d. Navy AFCT sites have been established at sea and ashore in locations throughout the world to ensure adequate retesting of Navy personnel desiring to expand their career and or rating conversion opportunities. Once a command has been designated as an AFCT site, it is expected that the site will continue to offer testing opportunities to Sailors and other Service members until such site has been authorized to terminate testing. A request to terminate testing must be submitted to NETC (N55), via the ISIC, with justification (e.g., decommissioning of command) explaining why the command wishes to cease AFCT testing. If testing termination is approved, the Navy AFCT site must conduct a closeout inventory and return all testing materials to NETC (N55) within 30 days of termination.

3. **AFCT Administration**

a. All test booklets, answer sheets, scoring keys, and other associated classification test material are controlled items. Commanders of AFCT sites are responsible for the control and security of all testing material in their custody per MILPERSMAN 1236-030. They will issue written instructions to ensure the establishment of sound security and compromise prevention measures as follows:

(1) Authorized Navy and other Service AFCT sites must designate a test control officer (TCO) who will obtain test materials and accept responsibility for proper safeguarding and handling material per [MILPERSMAN 1236-030](#). TCOs must be

commissioned officers or civilians (GS-07 or above). A copy of the designation letter will be forwarded to NETC (N55) no later than 30 days after assignment.

(2) TCOs are authorized to designate test administrators (TA) to assist with the administration of the AFCT. TAs must be a chief petty officer or above or civilian GS-05 or above, and cannot assume the responsibilities of the TCO. Pay grade waivers will be considered on a case-by-case basis. A copy of the designation letter will be forwarded to NETC (N55) no later than 30 days after assignment.

(3) Individuals who hold a position in the testing process (e.g., TAs) may not test during their assigned period, and for a period of 6 months following their reassignment without approval from NETC (N55).

b. The AFCT is available on paper (in versions 18F and 19G) at Navy AFCT sites and on computer at most other DoD Military Service sites. Navy personnel may take either test format at any service site.

4. **AFCT Inventory**

a. Navy AFCT sites are required to designate a TCO and must certify their TCOs and TAs (if applicable) annually. Every Navy AFCT site must also conduct an annual inventory, listing all serial numbers of test materials currently in custody and verifying that all test materials are accounted for and have not been compromised. These inventories are due to NETC (N55) no later than 30 September each fiscal year. The standard AFCT inventory report will be provided by NETC (N55) with the test site approval letter.

b. Upon relief of a TCO, a joint turnover inventory of all testing material will be conducted by the current TCO and the person relieving the TCO. This turnover inventory and a copy of the TCO designation letter will be forwarded to NETC (N55) within 30 days of appointment.

5. **AFCT Prerequisites**

a. Navy personnel desiring to take the AFCT must have written authorization from their command which affirms a legitimate reason for testing (e.g., to qualify for a rating conversion or special program) and confirms scholastic

improvement since the ASVAB or AFCT through achievement of at least one of the following:

(1) Passed the U.S. citizenship test, or obtained an accredited U.S.-based high school diploma or general educational development (GED).

(2) Completed Online Academic Skills Course, available at: <https://www.dantes.doded.mil/EducationPrograms/PrepFORcollege/Refresher.html>

(3) Completed an educational software course (e.g., Plato) or a college or correspondence course in math, science, English, history, or social studies.

Note: Completion of Navy "A" or "C" schools or Navy correspondence courses does not meet the above conditions. Service members desiring a retest must satisfy above criteria for each retest.

b. Navy personnel are prohibited from taking any local or practice test which contains actual ASVAB test material, and from enrolling in any non-DoD-approved program intended to prepare students for taking the AFCT.

6. **Frequency of Testing.** Navy personnel may repeat the AFCT only after their most recent scores post to their EMF. However, no Service member may repeat the AFCT less than 30 days since his or her last test, regardless of format, whether paper or computer-based. Personnel repeating a Navy paper-based test (versions 18F or 19G) must take the alternate version with each subsequent test session, or their test session will be invalidated.

7. **AFCT Results Posting**

a. The process for grading and posting AFCT scores differs, depending on the version taken:

(1) **Computer-Based AFCT.** Members taking a computer-based AFCT will have their EMF updated electronically by Navy Personnel Command (NAVPERSCOM) Records and Data Quality Maintenance Division (PERS-33) via monthly data transfers from DMDC. If new scores do not appear within 30 days of testing, Service members should obtain a report from the test site or contact NETC (N55) to request a score validation letter of

their most recent test. This letter may be submitted to a PSD or an NRA for posting of the new scores to their EMF.

(2) **Paper-Based AFCT.** All Navy Service members taking a paper-based AFCT must have their answer sheets sent via fastest traceable means to:

Commander Naval Education and Training Professional Development Center (NETPDC) Code N321 6490 Saufley Field Road Pensacola, FL 32509

b. NETPDC will transmit Service members' AFCT test results to the Navy Enlisted Advancement System (NEAS). NEAS information transmittals update the EMFs, which then feed into Service members' Navy Standard Integrated Personnel System (NSIPS) electronic service record. Scores for Active Component Sailors should be uploaded to the EMF within 30 days. PSDs have the ability to process an NSIPS transaction to update Sailors' EMF. Reserve Component Selected Reserve Sailors must take their letters to their NRAs to process an NSIPS-Reserve transaction.

8. **AFCT Inquiries**. Questions regarding the Navy AFCT Program (e.g., template or waiver requests, mailing instructions) must be directed to NETC (N55) at: AFCTHelpdesk@navy.mil or NavyAFCThelpdesk@navy.mil.

MILPERSMAN 1236-020

POST ACCESSION RECLASSIFICATION PROGRAM

Responsible Office	OPNAV (N13)	Phone:	DSN	224-6863
			COM	(703) 614-6863
			FAX	224-6502
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) OPNAVINST 1220.2
-------------------	----------------------

1. Definition

a. As a general rule, the Post Accession Reclassification Program is a continuation of the enlisted classification process that begins before each member enlists in the Navy. Per reference (a), the Navy enlisted accession supply chain is managed by Bureau of Naval Personnel (BUPERS), Production Management Office (PMO) (BUPERS-00C2) that is responsible for executing the Post Accession Reclassification Program per Deputy Chief of Naval Operations (DCNO), Manpower, Personnel, Training and Education (OPNAV (N1)) total force objectives and policies.

b. Sailors who have completed Basic Military Training (BMT), but have not completed their initial Navy skills pipeline training (e.g., "A" school preparation courses, "A" school, "C"-school, etc.), and have not reached their first fleet assignment since initial entry into naval service, will be processed as follows:

- (1) Reclassified per reference (a) and PMO guidance; or
- (2) Processed for administrative separation (if warranted per MILPERSMAN 1910-100).

c. All recruits and most dropped students will receive the benefit of a one-on-one interview by an enlisted classifier at the supporting Personnel Support Activity Detachment (PERSUPPDET). These interviews are required for personnel ineligible for initial contract guarantee or selected for a new

rating at Navy Recruit Training Command, and for students dropped at initial "A" school training.

2. **Purpose.** Purpose of the Post Accession Reclassification Program is to:

- a. Optimize Navy accession assets to meet OPNAV (N1) strategic manning goals; and
- b. Ensure Sailors are being placed into career paths for which they are best suited.

3. **The Enlisted Classifier**

- a. The enlisted classifier must be supported by the servicing PERSUPPDET and the training activity. The enlisted classifier will comply with BUPERS-00C2 post accession reclassification guidance and policies set forth by DCNO, Military Personnel Plans and Policy (OPNAV (N13)).
- b. The enlisted classifier, with the necessary training in vocational counseling and in the unique position of trust on behalf of the Navy, will interview and counsel the member as to the best course of action given the circumstances. The purpose of the enlisted classification interview is as follows:

- (1) Document the events, make appropriate service record entries, and ensure corporate pay and personnel systems are updated.

- (2) Arrange additional training for the member (if appropriate).

NOTE: Any PERSUPPDET providing reclassification services for training activities will provide these services using an assigned **PS-2612** or civilian equivalent. BUPERS-00C2 shall be informed of this designation.

4. **Not Eligible for Assignment to Another "A" School.** The following categories are not eligible for assignment to another Class "A" school:

- a. Dropped from a second Class "A" School.

b. Dropped for disciplinary reasons (may be re-interviewed on a case basis at the request of the training activity).

5. **Dropped for Academic Reasons.** A member dropped from Class "A" School for academic reasons, and not excluded by above categories, will be considered for reassignment to a second school for which member is qualified, and for which there is a Navy need. The member must be eligible in all respects for the second school (i.e., test scores, security clearance, obligated service (OBLISERV) requirements, etc.). No waivers are authorized for assignment to a second Class "A" School.

6. **Interview** The enlisted classifier will conduct the reclassification interview per reference (a).

MILPERSMAN 1236-030

SAFEGUARDING ENLISTED CLASSIFICATION TEST MATERIAL

Responsible Office	OPNAV (N13)	Phone:	DSN	225-4449
			COM	(703) 695-4449
			FAX	227-7751

-------------------	---

1. **Policy.** Enlisted classification test materials, including examination questions and answers, are official information and warrant protection under statutory requirements or in the public interest. This article sets forth minimum protection and control and applies specifically to all enlisted classification test materials such as the following:

a.	Armed Forces Classification Test (AFCT)
b.	Armed Services Vocational Aptitude Battery (ASVAB)
c.	Defense Language Aptitude Battery (DLAB)
d.	Navy Advanced Programs Test (NAPT)
e.	Radio Code Aptitude Battery (RCAT)

2. **Labeling and Handling**

a. All tests (including examiner's copy) and scoring keys are designated "For Official Use Only" and must be so labeled.

b. Test answer sheets must be handled as "For Official Use Only."

c. Handling of unwrapped tests, scoring keys, copies of tests, and completed answer sheets after test administration must be limited as follows:

ACTIVITY (authorized by Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training and Education Division (N13) to hold enlisted classification tests)	TEST CONTROL OFFICER (TCO) (by written order of the commanding officer or readiness commander)	TEST ADMINISTRATOR (testing and grading)	ENLISTED CLASSIFICA- TION TESTS
Personnel Support Activity Detachments	Officer in Charge	Assigned Enlisted Classifier (PN-2612) (exception - designated in writing by TCO) NOTE: Also determines retesting eligibility	AFCT ASVAB DLAB RCAT
Navy Recruiting Districts (NRD)	A commissioned officer	See reference (a) for NAPT administration and grading	NAPT
Naval Reserve Readiness Command (NAVRESREDCOM)		The assigned Enlisted Classifier (PN-2612) NOTE: Also oversees activity Enlisted Classifiers	ASVAB DLAB RCAT
Naval Air Station (NAS)			
Naval Air Facility (NAF)			
Naval Air Reserve (NAVAIRES)			
Naval Reserve Center (NAVRESCEN)	Classification Coordinator	Classification Coordinator Reserve Activity assets who meet the requirements of reference (b) or (c).	
Naval and Marine Corps Reserve Center (NMCRC)			
Naval Air Reserve Center (NAVAIRESCEN)			

3. **Accounting for Materials.** Enlisted classification test materials must be carefully accounted for and stored as specified in this article when not in use.

a. A log must be kept on access to classification test materials with the below minimum information entered:

(1)	Time and date safe opened and closed.
(2)	Who had access.
(3)	Test materials removed and returned.
(4)	Reason removed and returned.
(5)	A positive indication that all materials are accounted for.
(6)	Daily entries as to whether or not the safe was opened.

b. Inventory shall be by:

(1)	Serial number.
(2)	Number of each item on board.

c. Other inventories will be per reference (a) and (d).

d. After testing, but prior to the departure of the examinee(s), all test materials will be collected (i.e., test booklet, answer sheet, scratch paper, pencils, etc.) and handled as follows:

(1)	The test booklet will be given a page-by-page check.
(2)	All pencil marks will be erased from the test booklet before it is used again.
(3)	Copies that are too marked-up or deteriorated beyond use will be destroyed as prescribed in this article and reported as destroyed on the next semi-annual Classification Report. (Exception: NAPT materials held by NRDs shall be returned to (OPNAV), Nuclear Enlisted Program (N133D).

4. Travel

a. Enlisted classification test materials must not be taken to geographical locations other than the one designated an enlisted classification site by Chief of Naval Operations (CNO) or Commander, Naval Reserve Force (COMNAVRESFOR) (i.e., enlisted classification test materials shall not be taken on road trips without proper authorization).

b. Requests to perform travel with enlisted classification test materials must be forwarded to OPNAV (N13) via the chain of command and must state:

(1)	the specific reason and justification for travel;
(2)	that test materials will remain in personal custody of those persons authorized to handle such materials;
(3)	that the travel can be completed in less than 1 day;
(4)	that a safe is available at the testing site to which travel is desired;
(5)	that no one except the TCO, enlisted classifier, or enlisted coordinator (for naval Reserve activities) has access to the safe;
(6)	that local funding of the travel is available; and
(7)	that no other reasonable means exists to accomplish the desired testing.

c. For NRDs, for all regulations regarding traveling with the NAPT, refer to reference (a).

5. Transfer

a. Enlisted classification test materials must not be transferred between activities unless specifically authorized by OPNAV (N13).

b. For Naval Reserve activities, enlisted classification test material custody must not be transferred between activities unless specifically authorized by:

(1)	COMNAVRESFOR (Code 22A6) for air activities.
(2)	COMNAVRESREDCOM for surface activities, with a copy to COMNAVRESFOR (Code 22A6).

6. Replacement

a. Replacement test materials must be requested by letter stating the reason for the test materials requested.

(1)	For NRDs - a letter of request must go to OPNAV (N13) via Commander, Navy Recruiting Command, Millington, TN.
(2)	For Naval Reserve activities - a letter of request must go to COMNAVRESFOR (Code 22A6) via the proper chain of command (i.e., NAVRESREDCOM/NAS/NAF/NAVAIRES).

b. Old test materials must be destroyed per this article upon receipt of replacements (except NAPT test materials held by NRDs, which shall be returned to OPNAV (N133D)).

7. Transmittal

a. Transmittal of test materials (except blank answer sheets) must be as follows:

(1)	By registered mail.
(2)	Packages of classification test materials must be: <ul style="list-style-type: none">• double wrapped,• tape sealed, and• accompanied by a delivery receipt for all test materials.
(3)	The inner and outer envelopes must reflect the address of both the sending and receiving commands.
(4)	The inner wrapper must be plainly marked: <ul style="list-style-type: none">• on the tape seal, and• on both sides at the top and bottom, and• at both ends, "TO BE OPENED ONLY BY PERSONNEL AUTHORIZED TO HANDLE NAVAL MILITARY PERSONNEL TEST MATERIAL."

b. Upon receipt and determination by the receiving activity that the package contains test materials and prior to removal of the marked wrapping, it must be delivered only to the designated enlisted classification test control officer to preclude the possibility of compromise.

8. Storage. Minimum storage requirements for test materials are as follows:

a.	Non-portable metal file cabinets with a locking bar, or safes that have a 3-tumbler combination security lock or equivalent must be used. For NAPT storage requirements, refer to reference (a).
b.	For combination locks, the lock combination shall be periodically changed as prescribed for classified material containers.
c.	For NRDs, refer to reference (a) for regulations regarding storage of the NAPT while traveling.

9. Destruction

a. Destruction of test materials must be by burning or shredding and must be accomplished under the supervision of personnel designated to handle test materials, who must certify:

(1)	date of destruction;
(2)	title of material;
(3)	NAVPERS number;
(4)	serial number; and
(5)	number of copies destroyed.

b. The certification shall be retained by the responsible custodian of test materials until 2 years after the test series is canceled.

c. For naval Reserve activities, test material destruction must be reported to NAVRESREDCOM (for surface) and COMNAVRESFOR (Code 22A6) (for air) on the next semi-annual classification report.

d. For the NAPT, scratch paper used during the test must be accounted for by the test grader, but may be destroyed immediately by shredding or burning without the destruction certification specified in 9a above.

10. Compromise or Loss

- a. Compromise or loss of any enlisted classification test material must be reported by both message and letter as follows:

(1)	Brief message to OPNAV (N13) (with information addressee as appropriate) within 24 hours of discovery.
(2)	Letter to OPNAV (N13) reporting missing, lost, or stolen Government property (via the appropriate chain of command) providing: <ul style="list-style-type: none">• pertinent information about the loss or compromise;• specific corrective action taken to preclude recurrence;• findings of fact; and• recommendations of the investigator.

- b. An investigation is required in all cases of compromise, probable compromise, or loss of enlisted classification test material.

MILPERSMAN 1300-010

FLAG LEVEL REVIEW CONCERNING PERSONNEL ASSIGNMENT

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

1. Policy

a. Officers in command may request a flag level review of a member's assignment when normal avenues of appeal have been exhausted.

b. A request for a flag level review may be made only by officers in command and only after prior attempts to reach a solution by consulting with the appropriate assignment branch head and division director have been exhausted.

2. Request Submission. If resolution cannot be achieved at the division director level, a request for a flag level review may be submitted in either message or letter format to Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4), with information copies to the chain of command. The minimum information required from the commanding officer (CO) requesting the flag level review is

- a. the member's name,
- b. social security number (SSN),
- c. specific reasons the CO believes the member was unfairly treated,
- d. the results of the command's discussions with the appropriate assignment branch head and division director, and
- e. any additional information considered pertinent.

3. **Responsibility of NAVPERSCOM (PERS-4)**

a. Commands will be informed if the flag level review request does not contain all of the necessary information, and the request will be held in abeyance until the command submits the required correspondence. Flag level reviews will be conducted only when the command supports the individual's case.

b. If a flag level review is conducted, the appropriate assignment/placement division will provide detailed input, which will include a chronological chain of events with supporting documentation, via the appropriate division director to NAVPERSCOM, Distribution Management Division (PERS-45).

c. NAVPERSCOM (PERS-45) will investigate the circumstances surrounding the assignment issue and recommend appropriate action to NAVPERSCOM (PERS-4) via the cognizant division director.

d. NAVPERSCOM (PERS-4) will respond to the authority requesting the flag level review, providing results of the review. The cognizant division director will be provided a copy of the response, and the case file will be retained by NAVPERSCOM (PERS-45).

References	(a) DoDI 1000.17 of 30 Oct 13 (b) OPNAVINST 3006.1 (c) DoDI 4000.19 of 25 Apr 13 (d) JAGINST 5800.7F (e) OPNAVINST 5450.209D (f) DoD 7000.14-R-11A, DoD Financial Management Regulation (DoD FMR)
-------------------	--

1. **Purpose**. This article defines the roles and responsibilities for assignment of and providing administrative support to Sailors detailed to organizations outside the DoD.

2. **Background**

a. Reference (a) establishes policy and provides the general guidelines for the management and administration of military members supporting non-DoD organizations. The use of DoD members to support non-DoD organizations is monitored by the Office of the Secretary of Defense (OSD), and all new positions must be approved or acknowledged by the Executive Secretary, OSD. Sailors selected for assignment to duties outside DoD are to be screened carefully, and should be able to complete the requested assignment without curtailment or extension. Members on their final tour, prior to retirement or separation, will not normally be assigned outside the DoD. All details will be for the minimum possible duration, and extensions may be considered on a case-by-case basis. Sailors should not be detailed outside the DoD for any period that exceeds 4 consecutive years.

b. MILPERSMAN 1300-060 establishes the procedures for the procurement, accounting, and administration of Sailors performing duty with the Army, Air Force, and Coast Guard (USCG); and defines the duties and responsibilities of an administrative commander. Sailors assigned to the USCG, which falls under the Department of Homeland Security, are covered under MILPERSMAN 1300-035 and 1300-060.

c. MILPERSMAN 1320-140 establishes the reporting policy for permanent changes of station (PCS), and defines the administrative commander and associated responsibilities for assisting Sailors assigned to permanent duty stations where there is no Navy administrative command (e.g., outside DoD organizations). The term "administrative support" in this article refers to all specified and implied administrative responsibilities delineated in MILPERSMAN 1300-060 and 1320-140, as well as those listed below.

d. Command Personnel/Pay Administrative Support System (PASS) coordinator (CPC) responsibilities are described in MILPERSMAN 1000-021. Sailors assigned outside the DoD will utilize the Navy regional commander, or designee, as their CPC.

e. Reference (b) addresses the Navy regional commander's responsibility for personnel accountability (PA) in conjunction with catastrophic events. PA applies to all Sailors, regardless of where assigned, and is a shared responsibility between organizations (Navy and host outside DoD organization) and the individual.

f. Reference (c) establishes policy, assigns responsibilities, and prescribes procedures for support agreements.

g. Reference (d) implements the Navy's Manual of the Judge Advocate General (JAGMAN), which discusses and names the various court-martial convening authorities.

h. Reference (e) details the mission, which includes assignment functions and tasks of Commandant, Naval District Washington, as the general court-martial convening authority with administrative duties over the national capital region.

3. Responsibilities

a. **Office of the Chief of Naval Operations (OPNAV), Joint Manpower Requirements (N123)** will analyze outside DoD manpower requests and coordinate with OSD, the Office of Assistant Secretary of the Navy (ASN), Manpower and Reserve Affairs (M&RA) (as needed), Navy Personnel Command (NAVPERSCOM), and or other stakeholders to formulate Navy's recommendation to the Executive Secretary, OSD. OPNAV (N123) will update the Total Force Manpower Management System database, assigning regional commander's unit identification codes (UICs) as a parent and or immediate superior in command UIC(s) (if appropriate).

b. **NAVPERSCOM** will annotate PCS orders for Sailors assigned to non-DoD activities with administrative support arrangements, to include points of contact for the respective Navy region and any additional offices providing support services within the Navy region assigned.

(1) **NAVPERSCOM, Enlisted Distribution Division (PERS-40)** is responsible for ensuring enlisted Sailors are detailed into outside DoD billets, and will ensure documentation of PCS orders by the applicable detailers, per MILPERSMAN 1320-140, with administrative commander designation.

(2) **NAVPERSCOM, Staff and Restricted Line Officer Career Management Division (PERS-44)** is responsible for placing officers into outside DoD billets, ensuring documentation of PCS orders by the applicable detailers, per MILPERSMAN 1320-140, with administrative commander designation, and ensuring no such details take place without proper authorization.

(3) **NAVPERSCOM, Distribution Management Division (PERS-45)** is responsible for making changes to orders' text that assigns an administrative commander, which will be provided by NAVPERSCOM (PERS-44).

(4) **Bureau of Naval Personnel (BUPERS), Financial Operations Branch (BUPERS-704)** is responsible for collection, reconciliation, and reimbursement of pay and allowances received by Sailors working outside the DoD.

c. **Assignment of Department of Navy (DON) Personnel to Congressional Staffs.** Personnel will not be detailed or otherwise assigned to committees of Congress or to the personal staffs of members of Congress, unless such assignment is

pursuant to an established congressional fellowship program, or in the case of an assignment to perform duties for a specific duration in a specific program. DON activities are not authorized to establish independent congressional fellowship programs. In the case of an assignment to perform duties for a specific duration in a specific project, the assignment must be approved in advance by the Navy Comptroller or Chief of Legislative Affairs (as appropriate) and ASN (M&RA).

d. **Commander Navy Installations Command (CNIC) regional commanders, as Administrative Commanders** are responsible for providing or ensuring administrative support to personnel detailed outside the DoD per reference (e). Based on current policy and courts-martial convening authorities, codified in reference (d), the CNIC regions are generally best positioned to perform this function. In order to enable efficient communication in areas affected by catastrophic events, PA must be via a geographic PA reporting chain, which may entail a reporting relationship that is outside the traditional operational and or administrative chain of command. CNIC establishes PA procedures and exercises administrative control over all Navy regions. Regional commanders will designate the PA reporting chain to outside DoD Sailors.

e. **Administrative Commanders.** The activity to which a member is directed to "report if present, otherwise by message, for administrative purposes" is responsible for performing all functions necessary to support reporting personnel as defined in MILPERSMAN 1300-060 and 1320-140. Normally, the activity to which a member reports for duty will also be the member's administrative command. However, when a member is assigned to a permanent duty station where there is no naval administrative command (e.g., joint or unified commands, civilian universities or laboratories, other Government agencies, and foreign Governments) the orders will direct the member to report to the nearest senior naval command for administrative purposes. The administrative commanders' responsibilities include, but are not limited to, the following:

(1) Performing records management, keeping electronic service and pay records, processing PCS orders, and leave accounting. For administrative commands supported by PASS for personnel, pay, or both; the above functions (as appropriate) will be performed by the supporting personnel support detachment (PERSUPP DET).

(2) Preparing and retaining accurate, up-to-date reports and forms on Service members. For administrative commands supported by PASS, the servicing PERSUPP DET will prepare and retain certain reports and forms.

(3) Reporting personnel statuses and accountability, per reference (d), Personnel Tempo System (PERSTEMPO), and casualty assistance, unless otherwise specified in the orders.

(4) Executing performance and discipline functions, and military non-judicial punishment (as applicable).

(5) Processing career progression actions (e.g., promotions, advancements, retirements, separations) and providing career counseling.

(6) Processing security clearance actions.

(7) Supporting Navy college authorizations and general military training.

(8) Conducting Government Travel Credit Card Program management. Providing funding for Navy related TDY travel (e.g., emergency leave, hospitalization etc.) and preparing TDY travel orders.

(9) Providing 21st Century Sailor support to include, but not limited to, equal opportunity advice, complaint processing, personal fitness assessment, urinalysis, sexual assault prevention and response, substance abuse support, and suicide prevention support.

f. **Sailors** are responsible for contacting their administrative commander upon checking into their outside DoD organization. Sailors are also responsible for keeping administrative databases (Defense Enrollment Eligibility Reporting System (DEERS), Navy Family Accountability and Assessment System (NFAAS), milConnect Web site, PERSTEMPO) up-to-date and responding to PA exercises and events. Outside DoD Sailors are responsible for knowledge of and complying with reference (b) and reporting their status as required by their administrative commander and per CNIC established PA procedures. Enlisted Sailors will complete sections A, B, and D2 on NAVPERS 1306/92 Special Program Screening, which may be accessed using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Required obligated service for this program is 36 months.

4. Generating Orders

a. Orders for all Sailors assigned outside the DoD in the national capital region must contain the following text:

MEMBER DIRECTED: ACTION REQUIRED (AFFECTS ADMINISTRATIVE SUPPORT): PER OPNAVINST 5450.209D, SAILORS ASSIGNED TO AN OUTSIDE DOD ORGANIZATION **INSIDE THE NATIONAL CAPITAL REGION (NCR)** WILL REPORT TO NAVAL DISTRICT WASHINGTON COMMAND ADMINISTRATION DIRECTORATE FOR CHECK-IN PURPOSES. NAVAL DISTRICT WASHINGTON COMMAND ADMINISTRATION DIRECTORATE IS LOCATED AT 1411 PARSONS AVENUE SE, BLDG. 101, 3RD FLOOR, WASHINGTON NAVY YARD DC 20374-5001. COMMAND ADMINISTRATION REPRESENTATIVES MAY BE REACHED AT (202) 433-0288/4657 OR (202) 685-1879/8035. MEMBER IS DIRECTED TO UPDATE NFAAS ([HTTPS://NAVYFAMILY.NAVY.MIL](https://NAVYFAMILY.NAVY.MIL)) AND DMDC MILCONNECT ([HTTPS://WWW.DMDC.OSD.MIL/MILCONNECT](https://WWW.DMDC.OSD.MIL/MILCONNECT)) SEMI-ANNUALLY AND AS NEEDED WHEN CHANGES OCCUR. SAILORS ARE ALSO REQUIRED TO OBTAIN PERSONNEL ACCOUNTABILITY REPORTING POINTS OF CONTACT FROM CNIC REGIONAL COMMANDER IN THE EVENT OF A MAN-MADE OR NATURAL DISASTER PER OPNAVINST 3006.1. SAILORS MAY NEED TO OBTAIN A COMMON ACCESS CARD READER TO ENSURE ACCESS TO THESE WEB SITES AND TO REPORT MONTHLY PERSTEMPO IF NOT REPORTED BY THE ADMINISTRATIVE COMMANDER.

b. Orders for Sailors assigned outside the DoD not in the national capital region must contain the following text:

MEMBER DIRECTED: ACTION REQUIRED (AFFECTS ADMINISTRATIVE SUPPORT): PER MILPERSMAN 1320-140, SAILORS ASSIGNED **OUTSIDE THE NATIONAL CAPITAL REGION** TO AN OUTSIDE DOD ORGANIZATION WHERE A COMMAND'S ADMINISTRATIVE SUPPORT IS NOT ESTABLISHED WILL CONTACT THEIR COMMANDER, NAVY INSTALLATION COMMAND (CNIC) REGIONAL COMMANDER OR REPORT TO THE NEAREST SENIOR NAVAL COMMAND FOR ADMINISTRATIVE SUPPORT PURPOSES IF DESIGNATED. A LISTING OF CNIC REGIONAL COMMANDERS IS AVAILABLE AT THE WEB SITE (LOWERCASE): [HTTP://WWW.CNIC.NAVY.MIL/MAP.HTML](http://WWW.CNIC.NAVY.MIL/MAP.HTML). MEMBER IS DIRECTED TO UPDATE NFAAS ([HTTPS://NAVYFAMILY.NAVY.MIL](https://NAVYFAMILY.NAVY.MIL)) AND DMDC MILCONNECT ([HTTPS://WWW.DMDC.OSD.MIL/MILCONNECT](https://WWW.DMDC.OSD.MIL/MILCONNECT)) SEMI-ANNUALLY AND AS NEEDED WHEN CHANGES OCCUR. SAILORS ARE ALSO REQUIRED TO OBTAIN PERSONNEL ACCOUNTABILITY REPORTING POINTS OF CONTACT FROM CNIC REGIONAL COMMANDER IN THE EVENT OF A MAN-MADE OR NATURAL DISASTER PER OPNAVINST 3006.1. SAILORS MAY NEED TO OBTAIN A COMMON ACCESS CARD READER TO ENSURE ACCESS TO THESE WEB SITES AND TO REPORT MONTHLY PERSTEMPO IF NOT REPORTED BY THE ADMINISTRATIVE COMMANDER.

c. Except in unusual cases, orders for officers assigned to non-DoD agencies and activities must contain reimbursable accounting data.

(1) The following wording will be added to the orders:

"Pay, allowances, and cost of travel are originally chargeable to MPN (accounting data for travel (reimbursable accounting data line)) and ultimately reimbursable from non-DoD agency, activity, or foreign Government case number."

(2) Reimbursement will be based on rates and procedures established in references (c) and (f), section 0102 Policy and Procedures.

(3) ASN (M&RA) publishes reimbursable accounting data guidelines for non-DoD agencies and activities of foreign governments. BUPERS-704 receives specific reimbursable guidelines for non-DoD organizations from support agreements.

(4) The following personnel texts (PTEXTS) will be included in the orders:

P34025: SELECTIVE SERVICE SYSTEM, STATE DEPARTMENT, U.S. COAST GUARD, ARMS CONTROL AND DISARMAMENT AGENCY, FEDERAL AVIATION AGENCY, MERCHANT MARINE ACADEMY, NATIONAL SCIENCE FOUNDATION (NAVY ANTARCTICA), NATIONAL AERONAUTICS AND SPACE ADMINISTRATION, DEPARTMENT OF ENERGY, MARITIME ADMINISTRATION, AND OTHERS.

P34035: NO-COST MOVE, USE INSTEAD OF P34025.

(5) Further assistance for application of reimbursable accounting data and the above PTEXTs is available from NAVPERSCOM, Distribution Management Division (PERS-455D).

d. DoD instructions permit billing at one standard rate and reference (f) state work will be charged using the annual military composite standard pay rates for personnel working outside the DoD. This standard rate is charged for reimbursement, regardless of actual pay received by the Sailor.

(1) In order to determine the reimbursable charges, the disbursing office holding the member's pay record is required to submit a monthly letter report to NAVPERSCOM for each officer assigned to a reimbursable billet.

(2) All matters concerning reimbursables will be addressed to BUPERS-704.

MILPERSMAN 1300-060

ADMINISTRATION OF NAVAL MEMBERS PERFORMING DUTY WITH THE ARMY, AIR FORCE, OR COAST GUARD

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-4185
			COM	(901) 874-4185
			FAX	882-2693

	NAVPERS 1611/2-2 (Rev. 06/03), Performance Assessment of a Flag Officer - Vice Admiral

1. Guidance

a. This article establishes the procedure for the procurement, accounting, and administration of Navy members performing duty with the Army, Air Force, or Coast Guard.

b. This article does not pertain to administration of naval members assigned to international staffs, joint staffs, joint activities, joint agencies, or joint committees (reference (a) pertains).

2. Request Procedures

a. Requests for Navy members to perform duty with the Army, Air Force, or Coast Guard will be addressed to Chief of Naval Operations (CNO) indicating the billet description, number, grade, length of tour, and special qualifications desired.

b. Upon approval of the request, Chief of Naval Personnel (CHNAVPER) will be responsible for any additional liaison required in connection with the administration and personnel matters affecting such members. This activity will normally be located in close proximity to the Army, Air Force, or Coast Guard activity and is hereinafter referred to as the **administrative commander**.

c. When the designated administrative commander is serviced by a Pay/Personnel Administrative Support System (PASS) office, the administrative functions will be assigned as described in MILPERSMAN 1320-140 as circumstances warrant.

3. **Administrative Commander Duties.** The administrative commander is responsible for custody and maintenance of the member's service record, dissemination of Department of the Navy (DON) directives and publications, issuing instructions and appropriate forms for required Navy reports, and providing necessary administrative assistance to the Navy member. Personnel accounting responsibilities will be assigned by CHNAVPER. Changes in the personal status of the Navy member, i.e., marital status, children, address, or such other data required to be entered in personnel records will be processed throughout the administrative commander.

4. **Tours of Duty.** The normal tour of duty with the Army or Air Force for Navy members is 24 months inclusive of training. Maximum tour lengths will be 36 months. Tours with the Coast Guard will vary from 18 to 24 months. Exceptions or adjustments to tour lengths will be based on mutual agreement between the participating services. If a tour of duty other than 24 months is desired or if a tour must be shortened, CHNAVPER will notify the proper Army, Air Force, or Coast Guard authorities sufficiently in advance in order to maintain continuity within the command and to provide orderly planning for a relief. When a billet is no longer required or a change in the billet requirement is desired, the commanding officer (CO) of the Army, Air Force, or Coast Guard activity will notify CHNAVPER of the change a minimum of 6 months in advance of the effective date.

5. **Governing Provisions for Members Performing Duty with the Army, Air Force or Coast Guard.** Navy members will be governed by the following provisions, with concurrence by Departments of the Army, Air Force, and Coast Guard:

a. In general, Army, Air Force, and Coast Guard COs should exercise court-martial jurisdiction over Navy personnel under their command only when the subject individual cannot be delivered to Navy for appropriate disciplinary action without manifest injury to the service or services involved. Accordingly, an Army, Air Force, or Coast Guard CO may initiate appropriate court-martial action to avoid manifest injury; however, in such event, CHNAVPERS and the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or the Commandant of the Coast Guard should be notified of such proposed action before the court-martial is convened. In all other cases, when it is determined that disciplinary action should be taken by court-martial, a request shall be made to have the Navy member concerned relieved from duty with the respective service. Such request, with full supporting data, should be forwarded to CHNAVPERS via the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or Commandant of the Coast Guard. COs must use due diligence to comply with the requirements for speedy trial under reference (b), Rules for Courts-Martial (R.C.M.) 707.

b. As a matter of policy, nonjudicial punishment (NJP) under provisions of reference (c) should not be imposed by a commander of one service upon a member of another service. When it is determined that such action should be taken for a Navy member serving with the Army, Air Force, or Coast Guard, a request shall be made to CHNAVPERS to have the member concerned relieved from duty with the respective service or to have the member concerned ordered to temporary additional duty (TDY) with the administrative commander or with the geographically nearest Navy commander whose CO is authorized to impose NJP. Such request shall be made to CHNAVPERS via the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or the Commandant of the Coast Guard. The request shall set forth a summary of the circumstances and a recommendation as to whether to retain the individual at the Army, Air Force, or Coast Guard command. When both such transfers are impractical, and the need to discipline the Navy member concerned is deemed urgent, the Army, Air Force, or Coast Guard CO may impose such punishment. Such CO shall, using discretion, determine if such transfers are impractical and whether the need to administer the punishment is urgent; however, when such reference (c) jurisdiction is exercised over a member of the Navy by an Army, Air Force, or Coast Guard CO,

a report of the circumstances, including the grounds for the aforementioned determinations, will be made to CHNAVPERS via the Army Adjutant General, the Air Force Assistant Deputy Chief of Staff for Military Personnel, or the Commandant of the Coast Guard as soon as practical.

c. This article does not limit an Army, Air Force, or Coast Guard CO in the use of nonpunitive measures not intended to become part of the permanent record of the Navy member concerned.

6. Disposition of Official Correspondence

a. Official correspondence initiated by Navy members, such as requests for change of duty or schools shall be sent to CHNAVPERS via the appropriate channels of the Army, Air Force, or Coast Guard. Navy members serving with the Air Force Training Command shall send such correspondence via Commander, Naval Education and Training Command (NETC). A copy of such correspondence shall be sent to the administrative commander for filing in the member's service record.

b. Granting of leave will be controlled and leave authorization issued by the CO of the Army, Air Force, or Coast Guard activity. All requests for leave will be forwarded by the CO of the Army, Air Force, or Coast Guard activity to the administrative commander to verify the member's leave balance. The administrative commander shall inform the requesting activity by return endorsement, prepare a NAVCOMPT 3065 (2-83), Leave Request/Authorization, and send Part 3 to the requesting activity. Upon return of the Navy member from leave, Part 3 of the leave authorization, with the hour and date of departure and return noted, will be sent to the administrative commander.

c. The Navy member will continue to receive pay support from the Defense Finance and Accounting Service (DFAS) Cleveland Center, Navy regional finance centers, and other Navy disbursing officers while performing duty with the Army, Air Force, or Coast Guard. The administrative commander will determine the appropriate finance office for this purpose.

d. Health records of Navy members will be maintained by the medical facility that maintains the health records for members of the Army, Air Force, or Coast Guard activity. When Navy members are hospitalized in Army or Air Force medical facilities, the appropriate service Clinical Record Cover Sheet

will be used to record such treatment. Upon completion of hospitalization, the original Clinical Record Cover Sheet will be filed in the Navy member's health record and one copy sent to:

Chief
Bureau of Medicine and Surgery (BUMED-481)
Navy Department
Washington, D.C. 20372-5120

e. Navy members shall follow reference (d) and wear Navy uniforms appropriate to those prescribed for personnel of the Army, Air Force, or Coast Guard for the local geographical area in which stationed. In combat areas or where the wearing of the Navy uniform would be inappropriate, Navy members may wear appropriate Army, Air Force, or Coast Guard uniforms if provided at no expense to the member. When such clothing is worn, proper Navy insignia shall be worn.

7. **Disposition of Orders.** Upon reporting and detaching, the CO of the Army, Air Force, or Coast Guard activity will send one copy of the Navy member's orders with endorsements to CHNAVPERS and one copy to the administrative commander. TDY orders in connection with Army, Air Force, or Coast Guard matters will be originated and funded by the respective service to which the Navy member is attached. CHNAVPERS will fund and issue orders to Navy members for Navy-sponsored TDY.

8. **Reports Submitted by COs.** COs of Army, Air Force, and Coast Guard activities shall submit officer and chief petty officer (CPO) fitness reports and enlisted evaluation reports on Navy members using **NAVPERS 1610/2** and **NAVPERS 1616/26**, per reference (e). (Exception: **NAVPERS 1611/2-1** and **NAVPERS 1611/2-2** shall be used for fitness reports on flag officers and flag selectees.) Evaluation forms of other services shall not be used. The administrative commander shall ensure that supported activities are aware of reporting requirements and due dates, and shall provide forms, instructions, and advice as necessary.

9. **Service Awards.** Army, Air Force, and Coast Guard COs may determine the eligibility of Navy members for campaign and service awards that have identical Army, Air Force, Coast Guard, and Navy requirements. Recommendations for campaign and service awards peculiar only to the Navy will be submitted to CHNAVPERS. In the case of personal decorations and citations for

outstanding heroism or achievement, Army, Air Force, and Coast Guard COs may submit recommendations via official channels to the proper authority.

MILPERSMAN 1300-070

ADMINISTRATION OF ARMY AND AIR FORCE MEMBERS PERFORMING DUTY WITH THE NAVY

Responsible Office	OPNAV (N13F)	Phone:	DSN COM	(312) 664-6267 (703) 604-6267
---------------------------	--------------	--------	------------	----------------------------------

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

Reference	(a) Manual for Courts-Martial United States, Paragraph 13 (b) Uniform Code of Military Justice (UCMJ), article 15 (c) Army Regulation 623-3 Evaluation Reporting System (d) AR 623.3 (e) Army Regulation 690-400, Chapter 4302, Total Army Performance Evaluation System (f) DA PAM 623-3 Evaluation Reporting System
------------------	--

1. **Purpose.** This article provides guidelines for commanding officers (CO) of naval activities in the procurement, accounting, and administration of Army and Air Force members performing duty with the Navy. Nothing in this article is intended to pertain to the administration of Army or Air Force members assigned to the following:

- a. International staffs;
- b. Joint staffs;
- c. Joint activities;
- d. Joint agencies; or
- e. Joint committees.

2. Process

a. A CO requiring the services of Army or Air Force members (officer or enlisted) must submit a request for an allowance to Chief of Naval Operations indicating:

- (1) Billet description;
- (2) Billet number;
- (3) Grade;
- (4) Branch of Service;
- (5) Justification for assignment; and
- (6) Whether duty will be of a continuing nature.

b. Upon approval of the request, a representative of the Department of the Army or the Department of the Air Force will coordinate the request and issue an allowance within the ceiling allowed by the respective Service. Strength accountability for Army members on duty with the Navy will be maintained by the Army unit to which attached, except for those members accounted for by the Adjutant General; Headquarters, Department of the Army.

c. Upon approval of an allowance and when available, the appropriate Service will order members to the naval activity for assignment by the CO.

3. Tour Length

a. See table for normal tours of duty with the Navy.

Branch of Service	Minimum	Maximum
Army	18 months	36 months
Air Force	24 months inclusive of training	36 months

b. Adjustments of tour lengths will be based on mutual agreement between the departments of the affected Services.

4. Billet Requirement. When a billet is no longer required or a change in the billet requirements is desired, the CO of the naval activity must notify Chief of Naval Personnel (CHNAVPERS)

of the changes a minimum of 6 months advance of the incumbent's projected rotation date (PRD). Parent Navy commands will submit DA 872 Requisition for Individual Officer Personnel, 6 to 10 months prior to incumbent's PRD to ensure a replacement officer is identified. DA 872 may be accessed by using the following Web address:
http://armypubs.army.mil/eforms/DA0001_to_DA1299_1.html.

5. Administrative Policy

a. Each member of the Army or Air Force assigned to a permanent tour of duty with the Navy will be attached to a parent service unit for administration. This unit, referred to in the Army as the administering agency and in the Air Force as a carrier unit, will be designated in assignment orders by each member's Service.

b. Personnel records of officers and enlisted members will be in the custody of and maintained by the administering agency or carrier unit. Changes in personal status of Army or Air Force member (i.e., marital status, children, address, or such other data required to be entered in personnel records) will be handled through the administering agency or carrier unit.

6. Correspondence

a. Correspondence initiated by Army or Air Force members will be forwarded, via the CO of the naval activity, to the designated agency or carrier unit which will take action or endorse the correspondence to the respective department for further action (requests for change of duty, schools, promotions, etc.).

b. Correspondence concerning relief of members and other matters requiring action on departmental level will be sent to CHNAVPERS for action.

c. Copies of all official correspondence will be forwarded to the administering agency or carrier unit. Information which would normally be brought to the attention of all Army or Air Force members (i.e., copies of publications, regulations, and required blank forms) will be provided by the administering agency or carrier unit to the naval activity (as necessary) for dissemination to and administration of Army and Air Force members.

7. **Leave Authorization.** Granting of leave will be controlled and the leave authorization issued by the CO of the naval activity. All requests for leave for Army members will be forwarded by the CO of the naval activity to the administering agency for a check of the member's record to determine if sufficient leave credits permit taking leave. The administering agency will inform the CO of the naval activity by return endorsement. Upon return of the member from leave, the original leave authorization, with the hour and date of departure, and return noted, must be sent to the administering agency.

8. **Pay Support**

a. Army members will continue to receive pay support from an Army finance and accounting officer while performing duty with the Navy. The administering agency will determine the appropriate finance office for this purpose.

b. Pay records for Air Force members must be maintained by the carrier unit or the Air Force accounting and finance office at the nearest military personnel flight or military personnel section for Defense Finance and Accounting Services (DFAS) transactions.

9. **Medical Care**

a. Health records of Army and Air Force members will be maintained by the medical facility which maintains the health records for members of the naval activity.

b. The Air Force carrier unit will notify Air Force members when physical examinations are required. These examinations must be conducted by a medical officer of any branch of the Armed Forces, and must be recorded on SF 88 Medical Record - Report of Medical Examination. Two copies of this report must be forwarded to the carrier unit. SF 88 may be accessed by using the following Web address:
<http://www.gsa.gov/portal/forms/type/SF>.

10. **Clothing and Equipment for Army Members.** Enlisted Army members will receive necessary clothing and equipment or replacement thereof, through a system to be arranged by the CO of the naval activity, the administering agency, and the senior Army officer performing duty with the Navy command.

11. **Discipline.** Army and Air Force members performing duty with the Navy will be governed by the following provisions, concurred in by the Departments of the Army and Air Force:

a. In general, jurisdiction by a Navy CO over personnel of the Army or Air Force should be exercised **only** when the accused cannot be delivered to the Army or Air Force without manifest injury to either Service (see reference (a)). Accordingly, a Navy CO may initiate appropriate court-martial action to avoid manifest injury to either Service.

(1) No such court-martial will be convened for a member of the Army or Air Force; however, without prior notification of CHNAVPERS.

(2) In all other cases, when it is determined that disciplinary action should be taken by court-martial, a request must be made to the Department of the Army or the Department of the Air Force via CHNAVPERS to have the member concerned relieved from duty with the Navy. Such requests should contain full supporting data.

b. As a matter of policy, nonjudicial punishment (under the provisions of reference (b)) should not be imposed by a commander of one Service upon a member of another Service. When it is determined that nonjudicial punishment should be administered, a request must be made to the Department of the Army or the Department of the Air Force via CHNAVPERS to have the member concerned relieved from duty with the Navy, or ordered to temporary additional duty (TAD) with the administering agency or carrier unit, or with the nearest Army or Air Force command whose CO is authorized to impose nonjudicial punishment.

(1) When both such transfers are impractical, and the need to discipline the Army or Air Force member concerned is deemed urgent, nonjudicial punishment may be imposed by the appropriate Navy CO who must, in their discretion, determine when the required impracticality of transfer and urgency of discipline exist.

(2) A report of these determinations, the reasons therefor, and the circumstances surrounding the punishment must be made to the Department of the Army or the Department of the Air Force via CHNAVPERS as soon as practical.

Note: This article does not limit a Navy CO in the use of non-punitive measures which a CO is authorized to use to further the efficiency of the command, such as exhortations, disapprovals, criticisms, or oral admonitions or reprimands not intended to become part of the permanent record of the member concerned.

12. **TAD**. Upon reporting and detachment of an Army or Air Force member, the CO of the naval activity must send one copy of the member's orders with endorsements to CHNAVPERS and one copy to the administering agency or carrier unit. TAD orders in connection with Navy matters will be originated and funded by the CO of the naval activity to which Army or Air Force members are attached. The Department of the Army or the Department of the Air Force must fund and issue orders to Army or Air Force members for Army or Air Force sponsored TAD.

13. **Efficiency Report for Army Personnel**

a. The administering agency will request the CO of the naval activity to submit an efficiency report using DA Form 67-9 U.S. Army Officer Evaluation Report and reference (c) on the annual report date for each Army officer assigned. Navy raters will prepare Army personnel evaluations per reference (d); for Army civilian evaluations use reference (e). DA Form 676-9 may be accessed by using the following Web address: http://armypubs.army.mil/eforms/DA0001_to_DA1299_1.html.

b. Efficiency reports for other than annual periods (detachment of the reporting senior, detachment of the officer, and other cases as prescribed in reference (c)) will be initiated by the CO of the naval activity and sent to the administering agency in the same manner as described above. The distribution of DA Form 67-9 and reference (c) to the appropriate naval activity will be the responsibility of the administering agency.

c. The administering agency will request the CO of the naval activity to submit (on dates required) an enlisted efficiency report using DA 2166-8 NCO Evaluation Report, DA 2166-8-1 NCOER Counseling and Support Form, and reference (c) and (f) for each Army enlisted member assigned. DA 2166-8 and 2166-8-1 may be accessed by using the following Web address: http://armypubs.army.mil/eforms/DA1300_to_DA2199_1.html. Such reports must be initially prepared by

(1) a member who has supervised the Army member for a minimum period of 30 calendar days; and

(2) who is pay grade E-6 or above, and at least one pay grade higher than the Army member.

d. Each report must be reviewed by a warrant or commissioned officer in the direct line of supervision and sent to the administering agency for processing. Distribution of DA 2166-8, and reference (c) and (f) to the naval activity is the responsibility of the administering agency.

14. **Performance Report for Air Force Personnel**

a. It is the responsibility of the Air Force carrier unit to request the CO of the naval activity to complete AF 707 Officer Performance Report (LT Thru COL) at the appropriate times for each Air Force officer assigned. AF 707 may be accessed by using the following Web address: <http://www.e-publishing.af.mil/>.

b. The instructions for preparing the report will be furnished by the carrier unit. The effectiveness report should be originated by the immediate supervisor of the Air Force officer, endorsed by the immediate supervisor of the preparing official, and forwarded to the carrier unit.

15. **Receipt of Naval Awards**

a. Recommendations for Army members to receive Navy awards for heroism or meritorious service/achievement must be sent to the following address for concurrence prior to approval:

Adjutant Department of the Army Attn: ACPB-AB Washington, D.C. 20310

Eligibility of Army members for service awards, campaign medals, and qualification or special skill badges (applicable to all services or peculiar only to the Department of the Army) will be determined by the administering agency. Navy service awards and qualification or special skill badges may be awarded to Army members without referral to the Department of the Army.

b. COs of naval activities may present awards or letters of commendation to Air Force members attached to their command as prescribed by Navy directives.

c. One copy of the announcement of such an award must be sent to the administering agency or carrier unit for inclusion in the member's record.

16. **Expiration of Enlistment for Army Personnel**

a. The administering agency will notify the CO of the naval activity 3 months in advance of the expiration of enlistment for Army enlisted members assigned. The CO of the naval activity will send this information to CHNAVPERS, indicating the desires of the member as to

- (1) reenlistment for other duty;
- (2) separation; or
- (3) reenlistment for the same duty.

b. In the case of reenlistment for the same duty, the recommendation of the CO of the naval activity will also be included.

17. **Personnel Casualty Report.** The administering agency or carrier unit may be contacted in the event of death or serious/very serious injury, per MILPERSMAN 1770-010, of an Army or Air Force member. The casualty must be reported using the procedure outlined in MILPERSMAN 1770-030.

MILPERSMAN 1300-081

INTERSERVICE TRANSFER OF AN OFFICER OUT OF THE NAVY

Responsible Office	NAVPERSCOM (PERS-8331)	Phone:	DSN COM FAX	882-2085 (901) 874-2085 882-2621
---------------------------	---------------------------	--------	-------------------	--

NAVPERSCOM CUSTOMER SERVICE CENTER	Phone:	Toll Free	1-866-U ASK NPC
---------------------------------------	--------	--------------	-----------------

References	(a) 10 USC (b) DoD Instruction 1300.4 of 27 Dec 06 (c) NAVSO P-6048, DoD Military Pay and Allowance Entitlements Manual (d) DoD Instruction 1312.03 of 6 Oct 06
-------------------	--

1. Policy

a. Under reference (a), section 716 the President may, within authorized strengths, transfer any commissioned officer with the officer's consent from the:

- (1) Navy,
- (2) Army,
- (3) Air Force,
- (4) Marine Corps,
- (5) Coast Guard,
- (6) National Oceanic and Atmospheric Administration (NOAA), or
- (7) Public Health Service (PHS),

and appoint the officer in any of the other Uniformed Services, except for Reserve officers on inactive duty. The interservice transfers are approved by the Secretaries concerned, or a designated representative, for the President.

b. In the case of an inactive duty officer, Navy Personnel Command (NAVPERSCOM), Reserve Officer Status Branch (PERS-911) is designated approval authority.

c. The transfer must be within authorized strength limitations of the gaining Uniformed Service and must be mutually agreed upon by the two departments concerned, that the transfer is in the best interests of the national defense. Interservice transfers will be disapproved if either the gaining or losing department does not concur.

2. **Conditions of Transfer.** Implementing regulations state the following:

a. Transfers are normally made only between equivalent services, that is, Reserve to Reserve and Regular to Regular. (The NOAA commissioned corps does not have a Reserve component.)

b. The opportunity for interservice transfer is offered to those officers who are especially qualified to contribute to the success of another Uniformed Service without interruption to their service careers. While the authority for interservice transfers is used primarily in the technical fields to permit the fullest possible use of individuals with critical or unusual skills, it is not restricted to technical specialists.

c. Release of a commissioned officer for an interservice transfer under reference (b) does not constitute a release from, or fulfillment of, the Uniformed Service obligation established by reference (a), section 651; however, additional service performed after transfer is counted toward fulfillment of the Uniformed Service obligation.

d. Upon transfer, the officer is credited with the total amount of service accrued as of the date before the transfer.

e. No transfer is made without the request or written consent of the officer concerned.

f. If a commissioned officer transferring between two military services is on a select list for promotion to the next higher grade under reference (a), section 624, the secretary of the military department concerned will integrate the officer into the promotion list of the gaining military service based on

the officer's date of rank in their current grade in the losing military service.

g. Except for commissioned officers in the PHS and officers previously awarded constructive service credit, a commissioned officer on extended active duty will continue to hold the same grade and date of rank held in the losing Uniformed Service.

3. **Basis for Denial.** Interservice transfers are considered on a case-by-case basis and may be denied if the officer:

a. Has not completed all obligated service (OBLISERV) prescribed in the officer program through which accessed and which was incurred by the officer in consideration for being tendered an initial appointment.

b. Has not completed all OBLISERV for funded education programs including:

- (1) Naval Academy;
- (2) Naval Reserve Officer Training Corps (NROTC);
- (3) Armed Forces Health Professions Scholarship (AFHPS);
- (4) Uniformed Services University of Health Sciences (USUHS); and
- (5) Equivalent funded education programs.

c. Has not completed OBLISERV incurred for advanced education or technical training requiring additional OBLISERV including:

- (1) Postgraduate education,
- (2) Service school or college,
- (3) Law school,
- (4) Medical residency,
- (5) Flight training,
- (6) Naval flight officer training, and

(7) Equivalent education programs.

d. Has not completed OBLISERV incurred for:

(1) Transfer to the Regular Navy;

(2) Lateral transfer between competitive categories or designators;

(3) Entering a program; or

(4) Receiving an incentive pay, continuation pay, or bonus.

e. Is serving in a competitive category, designator, or other authorized officer classification in which NAVPERSCOM determines that significant personnel shortages result in compelling necessity for retention.

f. Is serving in designators 2100, 2200, 2300, or 2900 and seeks transfer to the Marine Corps or Coast Guard, since those services do not have an equivalent medical service.

g. Has been officially notified of permanent change of station (PCS) orders (telephone call, telegram, postcard, letter, or receipt of orders), or has executed PCS orders and has not served the required period of time at the new duty station as prescribed in MILPERSMAN 1920-200.

h. Is a Navy Reserve Full Time Support officer (FTS) on active duty who has been issued Release from Active Duty (RAD) orders, unless the interservice transfer request is received by NAVPERSCOM, Officer Favorable Separations Section (PERS-8331) at least 6 months in advance of the scheduled release date.

i. Is a probationary Navy officer on active duty who has attrited from a Navy training program and does not have prior service in the gaining service.

j. Has failed selection for promotion to the next highest grade, for the second time, before submitting a request for transfer to another Uniformed Service.

k. Has been notified of mandatory retirement for any reason.

l. Has applied for transfer to the gaining service within the last year.

m. Is subject to administrative separation processing which has been initiated or the officer has adverse information pending.

4. **Application Process**

a. Regular officers desiring transfer to another Uniformed Service must submit applications in letter form at least 6 months, but not more than 9 months, in advance of the desired detachment month. This lead time is necessary to provide for:

(1) A contact relief;

(2) Minimize gapping of the billet; or

(3) To process requests from the time of receipt until favorable endorsement by Secretary of the Navy (SECNAV); and

(4) Forwarding of the request to the gaining service.

b. Requests will be addressed as follows:

To SECNAV.

Via the commanding officer (CO) and NAVPERSCOM (PERS-8331).

Copy to (not via) each level of the administrative chain of command through the Fleet Commander (PAC or LANT) of the unit to which the officer is assigned.

If the officer is in a drill status, the request must include endorsements from the officer's chain of command.

c. A Reserve officer on inactive duty desiring transfer to another service component must have that gaining service submit DD 368 (Nov. 94), Request for Conditional Release, to NAVPERSCOM (PERS-911).

5. **CO's Responsibility.** The CO must follow the steps listed below:

Step	Action
1	Forward the request within 10 days.
2	Certify that the information provided in the officer's interservice transfer letter is correct.
3	Indicate in the forwarding endorsement whether the transfer would, in CO's opinion, be in the best interest of the national defense.

6. **Request Initiated by the Gaining Service.** Requests may be initiated by the gaining service. These requests should be submitted as follows:

Through the secretary of the gaining department and NAVPERSCOM (PERS-8331).
To SECNAV.

The request must be accompanied by consent to the transfer from the naval officer concerned. The request should include sufficient justification to show that the transfer is in the best interest of the national defense and the officer.

7. **Personal Data.** The personal data contained in the requests is used by appropriate authorities to evaluate the proposed transfer. The disclosure of this information is voluntary; however, failure to provide sufficient justification may result in the disapproval of the request or extensive delays in processing.

8. **Active Duty Transfer Request Contents.** Requests should include the following information:

- a. Applicant's last, first, and middle name.
- b. Grade, date of rank, frocked rank.
- c. Branch of service.
- d. Command to which presently assigned.
- e. Total active federal commissioned service.
- f. Summary of any previous interservice transfers.
- g. Age and place of birth.

- h. Citizenship and how acquired.
- i. Summary of military duties performed.
- j. A complete statement of professional or technical qualifications and educational background.
- k. Reason for requesting transfer.
- l. Home address.
- m. Daytime telephone number, DSN and commercial, if available.
- n. Contingent resignation, including the following statement:

"I hereby tender my resignation from the (U.S. Navy, U.S. Navy Reserve) and request that it be accepted contingent upon final approval of my application for transfer to the (specify service) and effective as of the day preceding my acceptance of an appointment in the (specify service)."

- o. Scheduled date of separation from active duty (if any).
9. **Request Enclosure**. Requests must have the following information attached to the application as enclosures:

- a. Current DD 2808 (10-05), Report of Medical Examination; original and one copy. If requesting transfer for aviation programs, include the following information on DD 2808: Block 60-refraction and Block 62-prism diversion, buttock-leg length, and sitting height.
- b. A copy of chest X-ray and Electrocardiography - EKG.
- c. Current DD 2807-1 (3-07), Report of Medical History; original and one copy.

10. **Closeout of Navy Records**

- a. Upon final approval of an interservice transfer from the Navy, the termination of the Navy commission and subsequent reappointment in the gaining Uniformed Service is completed without interruption of the continuity of the officer's total

service. Officers so transferred are credited with the total amount of unused leave and service accrued as of the date before the transfer. The gaining service forwards the applicant's initial appointment and the first duty orders to NAVPERSCOM (PERS-8331). These documents are then forwarded to the officer as enclosures to the NAVPERSCOM orders accepting the officer's resignation from the Navy and are executed the day following separation from the Navy.

b. Navy records are closed out as follows:

(1) **Health and Service Records.** The original health (medical and dental) and original service record are closed and forwarded under letter of transmittal to NAVPERSCOM (PERS-8331). The mailing envelope is marked "DO NOT OPEN IN MAIL ROOM - INTERSERVICE TRANSFER." Copy 7 of the DD 214 (8-09), Certificate of Release or Discharge from Active Duty, is inserted in the health record. A copy of the health record is reproduced and given to the officer for delivery to the gaining service.

(2) **Leave.** Per reference (c), accrued leave is not payable in the case of an officer executing an interservice transfer. The number of days of accrued leave is noted in the remarks section of the DD 214 to assist the gaining service in accurately crediting the officer's leave account.

(3) **Endorsement.** Separation orders are endorsed as required.

(4) **Pay and Allotments.** Pay records and pay allowance entitlements are processed and computed under the instructions contained in pay directives and Navy travel instructions. A possibility exists that an officer's allotment payments may be interrupted during the transfer process. The transferring officer should ensure that direct payments are made for insurance premiums for any period, which may elapse, between the dates Navy allotments are stopped and the date allotments are started by the gaining service.

(5) **Transfer Withdrawal.** If the officer desires to withdraw an interservice transfer before accepting the commission in the gaining service, the CO must inform NAVPERSCOM (PERS-8331) by e-mail upon receipt of the withdrawal request and forward the written request with endorsement within 10 days.

The gaining service is notified by NAVPERSCOM (PERS-8331). Once the request to withdraw the original request is received, NAVPERSCOM (PERS-8331) will return the original request package to the officer.

(6) **Reserve officers.** For Reserve officers not on active duty, NAVPERSCOM (PERS-911) will complete the discharge upon receipt of a copy of the member's gaining service oath of office. The order-issuing authority will cancel any reserve orders in effect on the date of discharge and forward medical records to the Department of Veterans' Affairs (VA) per MILPERSMAN 6150-010.

11. **Rank and Status.** The following conditions apply to officers who have transferred out of the Navy:

a. A Regular Navy officer transferred out of the Navy under this article, except for physician, dentist, nurse, or medical service corps officer, continues to hold the same rank and date of rank as that held in the Navy the day before the transfer. The officer is placed on the active duty list of the gaining Uniformed Service under regulations of the gaining Uniformed Service.

b. A Reserve Navy officer on active duty (FTS) or inactive duty, except for a physician, dentist, nurse, or medical service corps officer, transferred out of the Navy under this article is awarded a permanent Reserve grade and the date of rank as determined by applying the amount of service accrued in the Navy to the appointment laws then in effect for the gaining Uniformed Service. The officer is placed on the active duty list following regulations of the gaining service.

c. In the case of a physician, dentist, nurse, or medical service corps officer, federal service already served will be considered in the constructive service credit, as if the time was served in the gaining service, per the law governing promotion, seniority, and retirement in that service.

d. A commissioned officer awarded constructive service credit, who does not transfer to the same or a comparable professional category, loses any constructive service credit granted per reference (d). The officer must be renominated by the President and confirmed by the Senate in an appropriate grade commensurate with total active commissioned service.

No commissioned officer is transferred from one Uniformed Service and appointed to another, with a precedence or relative rank higher than held on the day before such transfer per (reference (a), section 716).

-------------------	--

1. Policy

a. Per reference (a), section 651, the President may, within authorized strengths, transfer any commissioned officer, with the officer's consent, from the United States:

- (1) Army,
- (2) Air Force,
- (3) Marine Corps,
- (4) Space Force,
- (5) Coast Guard, or
- (6) Public Health Service to any of the other Uniformed Services.

b. The Secretaries concerned, or a designated representative for the President, approve the inter-Service transfers, except for Reserve officers on inactive duty.

c. The inter-Service transfer must be within the authorized strength limitations of the gaining Uniformed Service and, by mutual agreement of the two departments concerned, be in the best interests of the national defense. Inter-Service transfers will be disapproved if either the gaining or losing Service does not concur.

2. **Request from Officers on Active Duty.** Officers on an active duty list of another Uniformed Service submitting requests for inter-Service transfer into the Navy are discussed in this article. Bureau of Naval Personnel (BUPERS) Military Community Management Department (BUPERS-3) must receive applications no later than 9 months in advance of the requested transfer date. Preferred method to send request is through e-mail: bupers3-ist.fct@navy.mil and the alternate method is through mail:

Bureau of Naval Personnel (BUPERS-3) ATTN: BUPERS-31 Bldg. 453 Room 238 5720 Integrity Drive Millington, TN 38055-0003

3. **Active Duty Application Contents.** Applications must contain the information required and comply with the format prescribed by the parent Uniformed Service per references (b) through (e). Additionally, the following information and documents must be included:

ACTIVE DUTY APPLICATION CONTENTS	
a.	Conditional release from parent Service. Note: The Marine Corps' conditional release must be approved by the Commandant of the Marine Corps
b.	Verified statement from parent Service headquarters that the officer concerned has neither failed selection for promotion in present grade, nor had his or her name been removed from a promotion list
c.	Source of original commission
d.	Current DD 2808 Report of Medical Examination (original and one copy)
e.	Current DD 2807-1 Report of Medical History

f.	Resume of flying experience (aeronautical applicants only) including: (1) Date Service member entered training for original aeronautical rating (2) Rating held and date it was awarded (3) Total flying time (4) Total jet time
g.	A verified statement of service
h.	One of the statements of understanding shown in the paragraphs below
i.	A digital copy of the officer's master personnel record

4. Delegation of Authority

a. The Secretary of the Navy is responsible for approving or disapproving inter-Service transfer requests, which was delegated to the Deputy Chief of Naval Operations for Personnel, Manpower, and Training (CNO N1). Per reference (f), authority to approve or disapprove all inter-Service transfer requests was further delegated to Deputy Chief of Naval Personnel (DEP CHNAVPERS).

b. In the event the delegation authority changes, the approval process will update to the newly revised authority. In the case of no delegated authority, the responsibility for approving or disapproving reverts to the Secretary of the Navy.

5. Approval Process. Officers should send their applications to DEP CHNAVPERS at the address shown in paragraph 2 for processing, review, and evaluation.

IF ...	THEN ...
DEP CHNAVPERS disapproves request,	The disapproved application will be returned to BUPERS-31 with a memorandum noting disapproved, which will be forwarded by BUPERS-31 to the parent Service and member concerned
DEP CHNAVPERS approves request,	The approved package will be sent to Navy Personnel Command (NAVPERSCOM) Board Administration Branch (PERS-804) for preparation and submission of the scroll to the Office of the Secretary of Defense and the Senate for approval, as required. Once the approved scroll is received, it is sent to NAVPERSCOM Officer Accessions and Promotions

	Branch (PERS-806) for appointment documents, which PERS-806 will send to the Service member via the parent Service. NAVPERSCOM Career Management Department (PERS-4) will prepare active duty orders, obtain appointment documents from PERS-806, and coordinate the transfer with the parent Service.
--	--

b. If an officer enters the Navy on active duty, is subject to placement on the active duty list, and would be eligible for consideration by a promotion selection board as an "in-zone" or "above-zone" eligible officer within a year of placement on the active duty list, he or she will be deferred unless he or she specifically request consideration. The officer may waive this deferment and request consideration for promotion, in writing, as specified in the naval administrative (NAVADMIN) message which announces the officer's eligibility. Requests must be received no later than the convening date of the board.

6. **Statement of Understanding for Officers on Active Duty.**

Officers on active duty must read and sign the following statement of understanding:

"I understand that if my request is approved, I will be required to serve at least 4 years of active service in the Regular Component and retain my commission for a minimum of 8 years at the option of the Service. I understand my active duty obligation, permanent grade, and date of rank will be that assigned to me by NAVPERSCOM upon appointment. I understand that if this transfer is for flight training, I will incur a minimum service obligation corresponding to chapter 37, section 653 of U.S. Code, Title 10 law. I further understand that, as an officer on active duty, I may be assigned to a government-sponsored training program or directed on permanent change of station (PCS) orders to meet the needs of the Service. If I am required to undergo such training or PCS, I understand this additional active service may be served concurrently with the initial period of minimum required service."

(signature of officer)
(typed name, grade)

7. **Applications from Officers on Inactive Duty**

a. Applications for appointment into the U.S. Navy Reserve (USNR) may be made by officers on inactive duty of another Service without interruption to their career.

(1) Reservists must initiate the inter-Service transfer process through an USNR officer recruiter.

(2) Officers on inactive duty will normally be transferred in the grade held in their parent Service on the day before transfer.

(3) If the officer is on a promotion list to the next higher grade per reference (a), section 14308, the officer will be added to the Reserve active status list based on the officer's date of rank in his or her current grade in his or her current branch of Service.

(4) Per reference (e), an officer who has failed to select for promotion one or more times in his or her present grade or has been notified of mandatory retirement processing is ineligible to apply for an inter-Service transfer.

(5) Navy officer recruiters will do the following:

(a) Serve as the initial point of contact for inactive duty officers, except for aviators and flight officers seeking duty in a flight status, considering inter-Service transfer into the Navy.

(b) Assist the officer, as necessary, with completing [SF-86 Questionnaire for National Security Positions](#).

(c) Schedule, as necessary, an applicant's required medical examination with a military entrance processing station.

(d) Obtain Commander, Navy Recruiting Command (NAVCRUITCOM) (COMNAVCRUITCOM) "physically qualified" determinations.

(e) Witness and sign NAVPERS 1000/4 Officer Appointment Acceptance and Oath of Office into the USNR.

(f) Following appointment in the USNR, affiliate approved officers with a drilling USNR unit.

8. **Inactive-Duty Application Contents**. Requests are subject to the appropriate directives of the respective Service. At a minimum, the following information must be included:

INACTIVE DUTY APPLICATION CONTENTS	
a.	Name (applicant's last, first, and middle names)
b.	Department of Defense identification number and designator or military occupation specialty
c.	Current grade, date of rank, military occupation specialty, and designator for which the Service member is applying
d.	Branch and component
e.	Present assignment (organization to which presently assigned)
f.	Service (total years of commissioned service (active and reserve)
g.	Previous inter-Service transfers (summary of any previous inter-Service transfers)
h.	Birth (date and place of birth)
i.	Citizenship (citizenship and how acquired)
j.	Summary of duties (summary of military duties performed)
k.	Education and qualifications (brief statement of educational credentials and military and civilian professional or technical qualifications)
l.	Reason for requesting transfer
m.	Recruiter's contact information (rank, name, phone number, and e-mail address (if applicable))
n.	Contingent resignation including the following statement: "I hereby tender my resignation from the (specify component) and request that it be accepted upon final approval of my application for transfer to the (specify component) and be effective as of the day before the date of my acceptance of the appointment in the (specify component)."

o.	<p>The following documents will be enclosures to the official letter request:</p> <ol style="list-style-type: none">1. Current DD 368 Request for Conditional Release approved by officer's Reserve Component headquarters or authorized personnel command per reference (b)2. Resume3. Last three fitness reports4. DD 214 Certificate of Release or Discharge from Active Duty (if applicable)5. Verified statement from officer's Reserve Component headquarters of the officer's grade, date of rank, military occupation specialty, and number of failed selections for promotion in current grade6. Complete up-to-date microfiche or digital record, or entire paper copy of service record to complete an accurate statement of service7. Defense Information System for Security printout indicating current security clearance or a completed SF 86 Questionnaire for National Security Positions. If clearance is not current and SF 86 is not completed, include legal action, pending legal action, convictions, or financial delinquencies since the last security clearance investigation. The Information Warfare Community requires a completed sensitive compartmented information suitability pre-screen with the local Naval Information Forces Reserve readiness center's special security officer.8. DD 2807-19. Current DD 280810. COMNAVCRUITCOM "physically qualified" or "not physically qualified" letter (as applicable)11. Latest point-capture report from the officer's Reserve Component
----	--

	<p>12. For aviator and flight officers requesting aviation duty, the following additional items are required:</p> <ul style="list-style-type: none">a. Current DD 2992 Medical Recommendation for Flying or Special Operation Duty (flight physical examination)b. OPNAV 3710/37A (07-05) Anthropometric Data Measurement Recordc. SF 507 Medical Record as a continuation of SF 93 Report of Medical History (note "Special Aviation Applicant" on block 6 of SF 93)d. Naval Operational Medical Institute's endorsement stating the officer is physically qualified for aviatione. Current aeronautical ratingf. Endorsement from the Reserve command possessing the available flying billet to which the individual will be assignedg. Endorsement from the wing commander of the unit to which the officer will be assigned <p>13. Medical Corps, Dental Corps, Medical Service Corps, or Nurse Corps applicants who are applying for a clinical sub-specialty will include a favorable credentials verification letter from the Bureau of Medicine and Surgery Centralized Credentials and Privileging Department in their application package.</p>
--	--

9. **Submission and Approval Process.** Applications will be submitted through Personalized Recruiting for Immediate and Delayed Enlistment Modernization II (PRIDE Mod II) to NAVCRUITCOM's Navy Veteran Program Manager (N31) who will then forward the application to NAVPERSCOM Reserve Officer Status Branch (PERS-911). PERS-911 will coordinate a review of the application with BUPERS Reserve Officer Community Management Branch (BUPERS-351) for evaluation and recommendation per this article and reference (b).

a. If NAVPERSCOM disapproves the application, PERS-911 will notify COMNAVCRUITCOM by letter via PRIDE MOD II, and file the application without further action.

b. If NAVPERSCOM approves the application, PERS-911 will notify COMNAVCRUITCOM by letter via PRIDE MOD II, to request the NAVPERS 1000/4 from NAVPERSCOM Career Progression Division (PERS-80) and coordinate the transfer with PERS-911 and the parent Service.

PERMANENT CHANGE OF STATION (PCS) ENTITLEMENT POLICY - GENERAL AND SPECIFIC POLICIES

Responsible Office	OPNAV (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

References	(a) JFTR, Volume 1, Chapter 5
------------	-------------------------------

1. **General Policy.** Service members who are ordered to make a permanent change of station (PCS) move are entitled to personal travel and transportation allowances per reference (a).

a. No command will deny any member of travel and transportation allowances or entitlements associated with PCS movement of a Service member from one permanent duty station (PDS) to another.

b. PCS and PDS are defined per reference (a), Appendix A.

c. Issuance of a PCS order does not, in and of itself, carry travel and transportation entitlements. The orders must be read to determine if there is, in fact, a change of permanent station and not just a change of activity.

2. **Definition of "In Proximity."** PDS's are "in proximity" to each other when they are both in an area ordinarily serviced by the same local transportation system, and Service members could reasonably commute daily from home to either PDS. An example follows.

3. **Example**. A Service member receives PCS orders to detach from the Navy Yard, Washington D.C. and to report to a place located 3 miles outside the Washington, D.C. corporate limits.

a. The Service member could commute daily to the new PDS from the same residence occupied while assigned to the old PDS (Washington, D.C.).

b. There is no entitlement to movement of household goods (HHG); the Service member is not entitled to personal travel and transportation allowances incident to the transfer. No travel time is provided; basic allowance for housing is not stopped.

c. If the Service member relocates the household, there would still be no PCS entitlements, other than personal travel and transportation allowances of the Service member unless:

(1) The gaining commanding officer issues a statement that the relocation was necessary as a direct result of the PCS; and

(2) Appropriate accounting data is provided by Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4).

4. **Rules for PCS Entitlements.** Use the rules in the table below to determine what PCS entitlement actions are appropriate for a number of specific PCS situations:

WHEN...	AND...	THEN...	THEN SEE ...
a member is transferring between two non-shipboard activities/unit identification code (UIC)s and/or units located at the same PDS location in the 48 contiguous United States and the District of Columbia (CONUS),		the member is not making a change of permanent station, and no PCS entitlements will be provided. Entitlements remaining from PCS moves will be provided.	
the member's household relocation is mission essential and in the best interest of the government,		a local move of HHG may be authorized by the commanding officer by issuing a statement that such a local move is necessary as a direct result of the transfer,	Reference (a), Para. U5355-B1.
dealing with the dislocation allowance (DLA),		PCS includes relocation of a household due to military necessity or government convenience within the corporate limits of the same city or town in connection with a transfer between activities,	MILPERSMAN 7220-220 and reference (a), Para. U5630.
a member transfers between two non-shipboard activities or units in proximity to each other but not at the same PDS,		the member is not entitled to personal travel and transportation allowances, and is not automatically entitled to HHG shipment, dependent travel and transportation, or DLA,	JFTR, reference (a), Para. U5100.

WHEN...	AND...	THEN...	THEN SEE ...
the gaining commanding officer does not issue a statement that HHG shipment is mission essential and in the best interest of the government,	appropriate accounting data is not provided by NAVPERSCOM (PERS-4) in the PCS order,	shipment of HHG is not authorized in connection with a PCS between PDSs in proximity to each other.	
the PCS order does not have the appropriate accounting data,		a request for a modification to the PCS order must be submitted to NAVPERSCOM (PERS-4), prior to executing the orders to obtain the accounting data,	order modification request procedures.
PCS orders are issued between ships in the same home port or between a ship and a shore activity in the vicinity of the same home port,		they may be issued without accounting data for HHG shipment or dependent travel and transportation.	
a household relocation is to occur, including local moves,	accounting data was not issued in the PCS order,	a request for a modification to the PCS order to include appropriate accounting data must be sent to NAVPERSCOM (PERS-4) prior to executing the orders,	MPM 1320-311 for order modification request procedures.

MILPERSMAN 1300-110

PERMANENT CHANGE OF STATION (PCS) ENTITLEMENT POLICY - DETERMINING EFFECTIVE DATE OF PCS ORDERS

Responsible Office	OPNAV (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members
------------	--

1. **Introduction.** The effective date of permanent change of station (PCS) orders is important for determining entitlements for transportation of dependents and shipment of household goods (HHG).

a. The basic definition of the effective date of PCS orders is contained in reference (a), Appendix A.

b. For orders amended, modified, canceled, or revoked, the effective date will be per reference (a), para. U2140-A.

2. **Effective Date for Specific Types of Orders.** The effective date of orders for specific types of orders is as given in the table below:

WHEN orders involve...	THEN effective date is the date...	AND see...
a change in home port of a ship, ship-based staff, or other afloat-based mobile unit,	announced by Chief of Naval Operations (CNO), normally by message.	
a change of permanent duty station (PDS) location of a shore-based mobile unit,	following the announcement of the change by the CNO on which the member must commence travel to the new station for the purpose of remaining and performing normal duties. This is regardless of whether the travel is commenced before or after the announced effective date of the change.	
release from active duty,	of release.	
a unit which has received an official alert notice that it would be moved to a restricted PDS outside the United States and that movement is contemplated to commence within 90 days after such alert notice was received,	such orders are received by the servicemember,	reference (a), paras. U5222-D and U5240-D.
removal of restrictions from a restricted area,	travel of dependents actually begins after the date restrictions are removed,	reference (a), para. U5222-D.
unusual/emergency circumstances or evacuation,	the dependents are actually removed from the overseas station or area involved,	reference (a), para. U5240 or Chapter 6.
dependents retained at previous duty station,	of the current PCS order,	reference (a), paras. U5203-A and U5222-D.

MILPERSMAN 1300-120

PERMANENT CHANGE OF STATION (PCS) ENTITLEMENT POLICY - ISSUING CHANGE OF HOMEPORT CERTIFICATES

Responsible Office	OPNAV (N13)	Phone:	DSN	225-3322
			COM	(703) 695-3322
			FAX	225-3311

References	(a) Joint Federal Travel Regulations (JFTR)
-------------------	---

1. **Policy.** The change of homeport of a ship, mobile unit, or afloat staff is a permanent change of station (PCS), except for Service member travel. The commanding officer may issue a change of homeport/PDS certificate. For sample format see MILPERSMAN 1306-1800.

2. **Restrictions on Issue of Homeport Change Certificates.**
Table below contains the restrictions to issuance of a homeport change certificate:

WHEN...	THEN...	AND ALSO SEE...
the member is entitled to and plans to ship household goods (HHG) or a privately owned vehicle (POV) incident to the change,	the member will be issued a change of homeport certificate.	
the member has been issued, or expects to be issued PCS orders,	the member will not be issued a change of homeport certificate.	
the member has less than 90 days obligated service remaining on the effective date of homeport change,	the member will not be issued a change of homeport certificate. Separation or relief from active duty orders may be issued immediately.	
the member's service can be spared,	the member will be transferred for separation.	

WHEN...	THEN...	AND ALSO SEE...
the member's service cannot be spared,	the member will be required to accompany the ship/staff to the new homeport/PDS,	MILPERSMAN 1910-102 and MILPERSMAN 1306-1800 for authorization for early separation of enlisted personnel due to homeport change.
the member extends the present enlistment or reenlists prior to being detached from the unit and other criteria, such as non receipt of orders, are met,	a change of homeport certificate can be issued.	
the member has the official homeport change notification authorizing the member to proceed to the old homeport and then to the new homeport when necessary to assist in the movement of dependents, shipment of HHG, or to bring the member's privately owned conveyance (POC) to the new homeport,	the commanding officer may issue a PCS travel authorization,	reference (a), paragraph U5120-F. Also see NOTE 1 below.
the member is permanently assigned aboard a ship, whose homeport is changed to the port of overhaul or inactivation,	the member may elect periodic travel between the overhaul port and former homeport instead of PCS entitlements,	reference (a), paragraph U7115. . Also see NOTES 2 and 3 below.
the initial assignment of a homeport is made, i.e., when the ship is placed in commission,	the commanding officer of a pre-commissioning unit may not issue a homeport change certificate. Instead, PCS orders must be issued.	

NOTE 1: This also applies to a newly commissioned ship when the ship's homeport is different from the member's old PDS.

NOTE 2: Periodic travel accrues under reference (a) and also applies to a ship that is undergoing overhaul or inactivation at a place other than its homeport, that is, the homeport is not changed.

NOTE 3: Periodic travel entitlements may only be provided to Service members whose dependents reside in the reasonable commuting area of the former homeport. The entitlement applies to all Service members who have dependents within the reasonable commuting area of the former homeport. The former homeport need not be specified as the ship's homeport on the Service member's orders. Instead of member travel, dependents may travel to the overhaul or inactivation port with limited reimbursement. See reference (a), paragraph U5222.

MILPERSMAN 1300-130

PERMANENT CHANGE OF STATION ENTITLEMENT POLICY - GENERAL REIMBURSEMENT RULES FOR POC TRAVEL

Responsible Office	OPNAV (N13)	Phone:	DSN COM FAX	225-3322 (703) 695-3322 225-3311
--------------------	-------------	--------	-------------------	--

References	(a) Joint Federal Travel Regulations (JFTR)
------------	---

1. **Basis for Rules.** The general reimbursement rules for privately owned conveyance (POC) travel incident to permanent change of station (PCS) travel are based on the official mileage provided in the Defense Table of Distance (DTOD) multiplied by the mileage rate and the number of privately owned conveyances authorized for PCS travel. The number of travelers in a POC has no relationship to the mileage rate. PCS Monetary Allowance in Lieu of Transportation (MALT)/mileage is paid based on the POC. If two or more members under PCS orders travel together in the same POC, only the owner/operator of the POC may claim MALT/mileage. Both are authorized flat rate per diem.

2. **Reimbursement Rules.** Use the rules contained in the table below to determine entitlement to reimbursement for POC travel during PCS moves:

WHEN...	THEN...	AND...
member and dependents travel between permanent duty stations in one POC,	the per mile rate paid is for one POC per reference (a).	
the member travels separately from dependents,	the member is paid a per mile rate,	the payment for dependents is a per mile rate. COMMENT: No specific authority for more than one POC is needed as the group; the dependents in this case are using only one POC. per diem is also paid.

WHEN...	THEN...	AND...
member and dependents travel together using two POCs or; if five or more dependents travel together using more than two POCs,	the per mile rate (See reference (a), paragraph (U2605) for two POCs is paid, unless authority is granted for payment based on over two POCs.	
permission is received under reference (a), for use of more than two POCs,	payment may be made for use of more than two POCs by the group traveling together,	the per mile rate is paid for each POC based on the number of authorized POCs.
there are five or more travelers in the group,	commanding officers may approve payment for the use of more than two POCs by a group traveling together as long as there are an adequate number of qualified dependent drivers.	
a dependent needs special accommodations,	commanding officers may also approve payment. See reference (a).	
less than five travelers are involved,	payment for use of more than two POCs is unlikely.	
a member believes that a valid reason exists for needing more than two POCs for less than five travelers,	the member may submit a request via the member's commanding officer to the member's detailer for a final determination by PERS-451H, either prior to or after execution of orders. Details must be provided. Owning a compact car(s) is not a valid reason.	
in the situations described per reference (a), paragraphs U5205-A2c or U5205-A2e, dependents travel separately from the member due to official reasons,	reimbursement for such travel will not be made, unless supported by a statement from the member certifying the circumstances involved,	doubtful situations will be sent to the member's commanding officer for resolution.

COMMAND SPONSORSHIP OF DEPENDENTS AT OVERSEAS DUTY STATIONS - APPLICABILITY AND DEFINITIONS

Responsible Office	CNO (N130E)	Phone:	DSN	224-5635
			COM	(703) 614-5635
			FAX	225-3311

References	(a) NAVSO P-6034, Joint Federal Travel Regulations (JFTR), Volume 1, Uniformed Service Members, Chapter 5 (b) DoD Instruction 1315.18 of 12 Jan 2005
------------	---

1. **Applicability.** This article is applicable to all active duty (ACDU) Navy personnel assigned to, ordered to, or who request transfer to permanent duty at an overseas permanent duty station (PDS) **outside** the contiguous 48 United States and the District of Columbia (continental United States (CONUS)). This includes personnel ordered overseas in connection with a change of homeport or PDS location.

2. **List of Terms to be Defined.** For the purpose of this article, the terms and their definitions listed below apply:

Acquired dependent
Appropriate military commander
Appropriate overseas commander
Command-sponsored dependent
Dependent entry approval
Formerly command-sponsored dependent
Noncommand-sponsored dependent

3. **Acquired Dependent**

a. An acquired dependent is an individual who becomes a dependent through birth, marriage, adoption, or other action during the course of a Navy servicemember's current overseas tour of duty.

b. The term does not include those individuals dependent upon the servicemember or children born of a marriage that existed before commencement of the current overseas tour.

c. In servicemember-married-to-servicemember situations, a servicemember separating from the service becomes an acquired dependent of the servicemember remaining on ACDU on the day of separation.

d. A dependent, returned early for personal reasons from an overseas area under references (a) and (b) will, however, be treated as an acquired dependent upon return to the overseas area at personal expense.

4. Appropriate Military Commander

a. The appropriate military commander is normally the commander authorized to grant dependent entry approval for the overseas area. See reference (b).

b. For those areas for which prior approval for dependent entry is not required, the appropriate overseas commander is the authority for authorizing command sponsorship.

c. The appropriate overseas commander, as defined below, is the appropriate military commander for servicemembers who request dependent entry approval after reporting to the overseas PDS.

5. Appropriate Overseas Commander. The appropriate overseas commander is the commanding officer (CO) of the servicemember's overseas PDS, except where the area or appropriate military commander has issued supplementary instructions restricting such authority.

6. Command-Sponsored Dependent

a. A command-sponsored dependent is a dependent

(1) whose servicemember sponsor is authorized to serve the accompanied tour in an area that has an accompanied tour prescribed,

(2) whose servicemember sponsor is granted authorization for dependents to be present in the vicinity of the overseas PDS, and

(3) who is residing with the servicemember at the overseas PDS.

b. If a servicemember's spouse is command-sponsored, children born of that marriage during the current tour of duty are command-sponsored at birth.

7. **Dependent Entry Approval**

a. Dependent entry approval is a procedure for authorizing dependents to enter overseas PDSs.

b. In those areas designated as requiring dependent entry approval, such approval allows dependents to travel to the overseas PDS at government expense and constitutes command sponsorship.

8. **Formerly Command-Sponsored Dependent.** Formerly command-sponsored dependent is a dependent who

a. was command-sponsored; and

b. temporarily continues to reside in the vicinity of the overseas PDS at which command sponsorship was conferred following PCS transfer of the sponsor; or

c. permanently continues to reside in the vicinity of the overseas PDS at which command sponsorship was conferred while the dependent's sponsor serves a consecutive unaccompanied overseas tour in another country, serves a dependent restricted tour, or is assigned to unusually arduous sea duty at a different PDS or homeport.

9. **Noncommand-Sponsored Dependent.** Noncommand-sponsored dependent is a dependent, residing in an overseas area, who is not command-sponsored, including formerly command-sponsored dependents and dependents residing at an Office of Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130) approved overseas designated place of residency.

MILPERSMAN 1300-170

COMMAND SPONSORSHIP OF DEPENDENTS AT OVERSEAS DUTY STATIONS - CRITERIA AND STATUS

Responsible Office	OPNAV (N130E)	Phone:	DSN	224-5635
			COM	(703) 614-5635
			FAX	225-3311

References	(a) DoD Instruction 1315.18 of 12 Jan 2005 (b) Joint Federal Travel Regulations(JFTR)
------------	--

1. **Policy**. Navy Service members, regardless of rank or length of service, may elect the accompanied or unaccompanied tour in overseas areas with an accompanied tour prescribed. If the accompanied tour is elected, the Service member may have dependents command-sponsored.

2. **Criteria**. Per reference (a), in order for dependents to be command-sponsored by the appropriate military commander, the Service member must meet the following criteria, as applicable:

a. **Accompanied-by-Dependents Tour**: Be assigned to a location where an accompanied-by-dependents tour is authorized, and the member agrees to serve the prescribed accompanied tour.

b. **Dependents Permanent Duty Station (PDS) Vicinity Presence**: Be granted authorization by the appropriate military commander for dependents to be present in the vicinity of the overseas PDS.

c. **Contractual Obligated Service (OBLISERV)**: Have sufficient contractual OBLISERV to complete the accompanied-by-dependents tour.

(1) **Exception**: Exception to serve less than the accompanied-by-dependents tour length on an intra-theater consecutive overseas tour must be requested from Secretary of the Navy (SECNAV) via Chief of Naval Personnel (CHNAVPERS). For exceptions that result in an overseas tour of 12 months or less, the Office of the Principal Deputy, Under Secretary of Defense (Personnel & Readiness) must approve the request.

(2) A shorter tour length granted as an exception shall require an enlisted Service member to serve until expiration of active obligated service.

(3) See MILPERSMAN 1300-180 regarding change in status and prohibitions relating to command sponsorship.

d. **Projected Rotation Date (PRD) Extension:** Request PRD extension, if needed, to complete the appropriate accompanied-by-dependents tour.

e. **Overseas Suitability Screening:** Have all dependents meet overseas suitability screening requirements so that they may be command-sponsored and transported to the overseas PDS at Government expense.

f. **Military Couple Situation:** In Service member-married-to-Service member situations, children born of that marriage may travel under either, but not both, parent's permanent change of station (PCS) orders. Either Service member may apply for command sponsorship for the children providing the criteria above has been met.

g. One Service member parent could be entitled to dependent travel and transportation allowances, overseas station allowances, and dislocation allowance (DLA) at the with-dependent rate, while the other Service member parent receives a second housing allowance at the without-dependents rate.

h. The entitlement to dependent travel and transportation allowances, DLA, and cost-of-living allowance (COLA) is independent of which member claims the dependents for housing allowance purposes, per reference (b). See MILPERSMAN 7220-220, 7220-240, 1300-090, and 1300-100.

3. Granting/Rescinding Command Sponsorship Status

a. Determination of command sponsorship will be made a matter of record.

b. Command sponsorship shall be effective from the date of determination and shall not be retroactively granted, i.e., dated prior to the Service member's request, for any reason.

c. Command sponsorship carries with it travel and transportation entitlements and shall not be rescinded while the dependents are at the overseas PDS except with the authorization of SECNAV via Chief of Naval Operations (CNO) (N13). Such authorization to rescind command sponsorship will not affect transportation entitlements but will affect station allowance payment and use of dependent support facilities at the overseas PDS.

			FAX	225-3311

References	(a) Joint Federal Travel Regulations (JFTR), Volume I, Chapter 5 (b) DoDI 1315.18
------------	--

1. Intra-Theater Assignments and Moves

a. Personnel reassigned under permanent change of station (PCS) orders between units ashore and or afloat units at the same overseas location, or other homeports in the same country, shall retain the command-sponsored status for their dependents, if previously conferred.

b. Members reassigned under permanent change of assignment orders with no new permanent duty station (PDS) identified, shall retain command sponsorship for their dependents at the overseas PDS. The Department of Defense (DoD) Comptroller General has ruled this situation does not constitute a PCS. The overseas PDS remains, until a new PDS is ordered.

c. If the consecutive overseas tour is an intra-theater move as the result of a base closure or similar action:

(1) Service members accompanied by command-sponsored dependents, who are moved involuntarily from one overseas PDS to another, shall have their dependents command-sponsored at the new PDS, regardless of the length of the consecutive tour.

(2) The new PDS, however, must have an accompanied-by-dependents tour prescribed in order for dependents to accompany the Service member.

2. Prohibitions and Limitations

a. In no case may dependents be command-sponsored in the overseas area unless the Service member has sufficient contractual obligated service (OBLISERV) to complete the prescribed accompanied-by-dependents tour. See MILPERSMAN 1300-170 for exceptions.

b. Dependents that existed on the effective date of orders, that elected initially to travel to the overseas PDS, must be command-sponsored prior to travel in order to travel to the overseas PDS at Government expense.

c. In no case may dependents be command-sponsored in an area:

(1) For which no accompanied-by-dependents tour is prescribed; or

(2) Declared as a "dependent restricted" area by the Assistant Secretary of Defense (Force Management and Personnel).

3. Acquired/Tourist/Returnee Dependents

a. In the case of:

(1) Locally acquired dependents; or

(2) Dependents who initially arrive in the vicinity of the overseas PDS at no cost to the Government while taking up residence with the evident intent to set up a permanent household, the appropriate overseas commander may, upon application by the member, grant command sponsorship to the dependents if the member meets the command sponsorship criteria per MILPERSMAN 1300-170. Specifically, the member agrees to serve the prescribed accompanied tour and has the service retainability to do so. Command sponsorship will be granted as soon as the member has the retainability. If the member is already serving the equivalent of the accompanied tour of the PDS location, command sponsorship shall be immediate upon acquiring the dependents or upon arrival of the dependents in the overseas area.

b. Children born to command-sponsored dependent spouses are command-sponsored at birth. Children born to command-sponsored

dependents that are not the spouse of the member, are not eligible for sponsorship unless they become legal dependents through separate legal action. These infants may be provided medical care as DoD and service regulations permit.

c. In cases of adoption, sponsorship is effective on the date of placement in the house, including pre-adoptive placement prior to final adoption.

d. In cases where one member of a Service member-married-to-Service member couple separates from the service, the separating member may be command-sponsored the day following separation, provided the remaining member is serving the accompanied tour length and the separating member did not travel back to continental United States (CONUS) at Government expense at the time of separation. To facilitate sponsorship for the separating member, commands should enable that member to conduct out-processing at the overseas PDS.

e. Dependents, who return to an overseas PDS after having been early returned from the overseas area under reference (a), Para U5222, may be command-sponsored only after

(1) The Service member obligates to serve 24 months after returning; and

(2) All other command sponsorship criteria are met.

4. Changing Tour Election

a. If, after electing an "all others" tour, the Service member desires dependents to be command-sponsored in the overseas area:

(1) The Service member's commanding officer (CO) will reverify the suitability of dependents; and

(2) Command sponsorship may then proceed as outlined above as long as dependent travel and transportation of household goods (HHG), or a mobile home at Government expense has not occurred per reference (a), Para U5203.

b. Service members who:

(1) Elect unaccompanied tours; and

(2) Have their dependents moved to a designated place at Government expense, cannot have their dependents transported to the vicinity of the overseas PDS at Government expense in connection with that tour.

c. This does not preclude a second movement of dependents or HHG from a designated place to the overseas area in connection with an accompanied tour election, when a previously issued denial of entry approval, for a period of 20 or more weeks, led to the move.

5. **When Dependent Entry Approval is Required**

a. Approval by the appropriate military commander for a member to have dependents present in the overseas area, dependent entry approval constitutes command sponsorship of dependents.

b. This form of command sponsorship is only valid for dependents:

(1) Who have successfully completed suitability screening; and

(2) Whose member sponsor is eligible for command sponsorship of dependents.

c. See reference (b) for specific dependent entry approval information.

6. **When Dependent Entry Approval is not Required**

a. For those areas for which dependent entry approval is not required, the distribution authority, by directing the PCS transfer confers command sponsorship on dependents who have successfully completed suitability screening.

b. Members must still elect the accompanied-by-dependents tour for dependent travel to the overseas PDS to be at Government expense.

References	(a) Joint Federal Travel Regulations (JFTR)
	(b) DoDI 1315.18 of 12 Jan 2005

1. **Policy Applicability.** The policies addressed below apply to command sponsorship and dependent/household goods (HHG) transportation at Government expense.

2. **Traveling at Government Expense**

a. Only command-sponsored dependents that were dependents on the effective date of orders may travel at Government expense. See reference (a), Appendix A for definition of effective date of orders.

b. Dependent travel at Government expense will not occur if the dependents are not sponsored, the member has less than 12 months remaining on station after dependents are scheduled to arrive in the vicinity of the permanent duty station (PDS), or the member has received permanent change of station (PCS) orders to a different PDS.

c. **Exception:** The exception is provided in reference (a), chapter 5 or chapter 6, pertaining to moves from non-command-sponsored to command-sponsored areas or evacuation.

3. **Limitation on Shipping HHG**

a. Shipment of HHG shall not be provided to an overseas area unless the Service member has at least 12 months scheduled

to remain on the tour after the scheduled arrival of the HHG, except as noted above.

b. The Deputy Assistant Secretary of the Navy , Military Personnel Policy may grant exceptions on an individual basis and in cases involving organized unit moves. Such requests should be forwarded via Office of the Chief of Naval Operations (OPNAV (N13)).

4. Temporary Denials of Sponsorship or Entry

a. If command sponsorship or dependent entry approval is temporarily denied for a period of 20 or more weeks from the date the Service member reports to the port of debarkation for the overseas PDS, travel, and transportation entitlements for dependents to a designated place in the continental United States are contained in reference (a), Chapter 5.

b. Commanders, temporarily denying command sponsorship or dependent entry approval, will indicate the period of denial, less than 20 weeks or 20 weeks or more, and will address any entitlements which accrue as a result.

c. Temporary denial of command sponsorship makes the overseas area "restricted" within the meaning of reference (a), for members and dependents concerned during the operative period of the denial. The subsequent granting of command sponsorship or dependent entry approval lifts the "restricted" status, and transportation may be provided if the provision of above paragraph 3, Limitations on Shipping HHG, is satisfied.

d. As required per reference (b), approval of the Assistant Secretary of Defense (Force Management and Personnel) (ASD (FM&P)) will be obtained by the overseas command, via the appropriate chain of command, when the presence of all command-sponsored dependents in a location becomes undesirable and authority is sought to withhold permission for any further movement of command-sponsored dependents to the location.

5. Unaccompanied to Accompanied Tour Change. If a Service member is ordered to an overseas location that does not have an accompanied tour prescribed, the Service member may, after an accompanied tour is prescribed by ASD (FM&P), request the accompanied tour.

a. If that tour is authorized, travel and transportation of dependents and shipment of HHG may be authorized to the overseas PDS regardless of previous movement at Government expense to another location. See paragraphs 2 and 3 regarding requirements for dependent travel and shipment of HHG at Government expense.

b. The Service member must have sufficient obligated service for and agree to serve the prescribed accompanied tour.

c. The conditions of MILPERSMAN 1300-170 must be satisfied before command sponsorship is granted.

MILPERSMAN 1300-200

COMMAND SPONSORSHIP OF DEPENDENTS AT OVERSEAS DUTY STATIONS - POLICIES ON OVERSEAS STATION ALLOWANCES

Responsible Office	OPNAV (N130E)	Phone:	DSN	224-5635
			COM	(703) 614-5635
			FAX	225-3311

References	(a) Joint Federal Travel Regulations(JFTR), Volume 1, Uniformed Service Members, Chapters 5 and 9
------------	---

1. **Policy Applicability.** The policies specified below apply to command sponsorship and overseas station allowances.

2. **General Station Allowance Policy.** Reference (a) provides general overseas station allowance policy guidance.

3. **Policy for Command-Sponsored Dependents.** Personnel will receive station allowances per reference (a), on behalf of dependents, if the dependents are command-sponsored.

4. **Policy for Formerly Command-Sponsored Dependents**

a. Personnel may request designated place of residency status and associated station allowances per reference (a), for dependents who were formerly command-sponsored and

(1) remain at the old permanent duty station (PDS) during the member's subsequent tour (this location becomes a designated place), or

(2) move to an outside continental United States (OCONUS) designated place from the servicemember's old overseas PDS during the member's subsequent tour.

Requests for designated place status must be sent to Office of Chief of Naval Operations (OPNAV), Pay and Compensation Branch (N130) for approval, and circumstances must meet the requirements of reference (a).

b. These formerly command-sponsored dependents are eligible for subsequent travel and transportation from the overseas PDS where they remained, or from the designated place to which they were moved at government expense.

c. The servicemember is entitled to station allowances at the with-dependent rates based on the old PDS where they remained or, if moved, for the designated place overseas per reference (a).

5. **Loss of Status**. Dependents shall not be considered command-sponsored

a. after permanent change of station (PCS) detachment of the servicemember, or

b. upon arrival at an overseas designated place.

6. **Temporary Continuation of Allowances**. In circumstances where dependent travel from an OCONUS PDS is delayed due to circumstances beyond the control of the member, continuation of station allowances (Overseas Housing Allowance (OHA) or Cost of Living Allowance (COLA)) may be requested from Navy Personnel Command (NAVPERSCOM), Distribution Management and Procedures Branch (PERS-451H)

7. **Status under Status of Forces Agreement (SOFA)**. The servicemember and the dependents shall be advised of the dependents' status under the governing SOFA or other bilateral agreements when there is a change in sponsorship status. See MILPERSMAN 1300-210 concerning noncommand-sponsored dependents.

-------------------	--

1. **Policy Applicability.** The policies specified below apply to noncommand-sponsored dependents.

2. **Transportation Eligibility**

a. They are ineligible for transportation at Government expense.

b. Exception: Exception is provided per reference (a), Chapters 5 and 6.

3. **Space Available Transportation.** Space available transportation may be provided in some instances, details provided per references (b) and (c).

4. **Station Allowance Eligibility.** Service members are ineligible for the overseas station allowances on behalf of noncommand-sponsored dependents. See MILPERSMAN 1300-200 for exceptions regarding formerly command-sponsored dependents and overseas-designated place of residency.

5. **Medical Services.** All noncommand-sponsored dependents shall be furnished medical service as provided by law.

6. **Use of Support Facilities.** Noncommand-sponsored dependent use of exchange, commissary, Government quarters, schools, and other on-base facilities will be governed by Status of Forces Agreements, applicable bilateral agreements, and policy of the appropriate military commander.

SUITABILITY FOR OVERSEAS/REMOTE DUTY ASSIGNMENT AND SUITABILITY REPORTING

Responsible Office	NAVPERSCOM (PERS-454)	Phone: DSN COM E-mail:	882-3867 (901) 874-3867 overseas_screening@navy .mil
MyNavy Career Center		Phone: Toll Free E-mail MyNavy Portal	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) OPNAVINST 1300.14E (b) OPNAVINST 1300.20A (c) SECNAVINST 5300.39B (d) BUMEDINST 1300.2B (e) 8 U.S.C. (f) DoD Instruction 1315.18 of 28 October 2015 (g) DoD Instruction 1315.19 of 23 June 2023 (h) OPNAVINST 1752.2C (i) OPNAVINST 6110.1K (j) SECNAVINST 1740.4A (k) Joint Travel Regulations (JTR) (l) OPNAVINST 1740.5D (m) 10 U.S.C.
-------------------	---

1. **Policy**. Per references (a) through (f), overseas screening is a requirement for all Service members and dependents transferring to overseas or remote duty, whether the transfer is from the continental United States (CONUS) to CONUS remote duty, CONUS to overseas outside continental United States (OCONUS), OCONUS to CONUS remote duty, or from OCONUS remote duty (sea or shore) to OCONUS remote duty (sea or shore). Per reference (g), Service members assigned to Hawaii and Alaska with dependent(s) enrolled in the Exceptional Family Member Program (EFMP) will require screening for the EFMP dependent(s) per [MILPERSMAN 1300-700](#).

2. Procedures

a. Commanding Officer (CO) responsibility

(1) The responsibility for determining suitability for overseas service rests with the CO of the transferring command.

(2) The CO will ascertain, per references (a) through (f), whether Service members or dependent(s) possess any:

(a) performance,

(b) disciplinary,

(c) financial,

(d) psychological,

(e) medical, or

(f) other attributes which would preclude them from conducting themselves as suitable representatives of the United States (U.S.) in a foreign country.

(3) In all cases, the CO must sign [NAVPERS 1300/16](#) Report of Suitability for Overseas Assignment. This authority will not be delegated, except to the acting CO or to the officer in charge of isolated detachments.

(4) For training commands and flag staffs, division directors, no lower than a commander (O-5), may be delegated as the approving official. Commands exercising this option must provide a memorandum of understanding or delegation to Navy Personnel Command (NAVPERSCOM) Distribution Management Division (PERS-45).

(5) Per reference (d), the CO of the transferring (parent) command must ensure each Service member's screening is initiated within 3 business days of receipt of transfer orders, and is required to be fully completed within 30 days of receipt of transfer orders or overseas screening notification, and each dependent is screened within 60 days. Medical, dental and educational screening should not be delayed and may be completed concurrently. Service members and dependents will not transfer until satisfactory completion of the suitability screening process and issuance of official area clearance.

(6) If there is a delay, or when results of screening are pending, the transferring command will notify NAVPERSCOM Deployability Assessment and Assignment Branch (PERS-454) via Bureau of Naval Personnel (BUPERS) Online (BOL) within the overseas screening module or via naval message if BOL is not accessible.

b. Determining Suitability. This determination begins with the Service member's selection for assignment to overseas duty and ends with the CO's endorsement of the Service member and dependents' suitability for overseas or remote duty with the command's update of status via BOL overseas module. Suitability screening includes reviewing the Service member's service record, evaluating the medical and dental fitness of the Service member and their dependent(s) per reference (d), and conducting a review of any potential disqualifying issues. If a disqualifying issue is identified on the [NAVPERS 1300/16](#) and the CO determines a waiver is warranted, an unsuitable report will be submitted via BOL with justification and or amplifying information supporting waiver recommendation in the "member comments" section of BOL. The Service member will be considered unsuitable and is not authorized to transfer until a waiver authorization is obtained from appropriate NAVPERSCOM authority as outlined in subparagraphs 10a through 10b(2)(h) below.

c. Unsuitability Due to Medical Reasons. Any Service member found unsuitable due to medical reasons must be identified via naval message sent to PERS-454 for adjudication and potential action (see exhibit 2). Service members with orders to operational duty will be required to complete an overseas screening and an operational duty screening per [MILPERSMAN 1300-800](#).

d. Records Review and Interviews. A face-to-face interview including the CO of the transferring command, the Service member, and dependent(s) is highly desirable. If this is not feasible, the CO must ensure such an interview is conducted by an experienced, knowledgeable representative. For officers, the interviewer should be a senior officer. For enlisted personnel, the interviewer may be a senior enlisted advisor. For enlisted personnel, the command master chief (CMC), chief of the boat, or senior enlisted leader of the transferring command will endorse the overseas assignment. Upon request by the CO, a skilled interviewer (such as a command career counselor (CCC), CMC, Navy social worker, or specified fleet and family service center (FFSC) staff member) may also be included in the interview

process to determine overseas suitability. Part 1 of [NAVPERS 1300/16](#) will be completed prior to sending the Service member and dependent(s) to a Navy medicine readiness and training command (NAVMEDREADTRNCMD) with medical cognizance (MEDCOG) for completion of the medical and dental suitability review.

e. Completion of [NAVPERS 1740/6](#) Department of the Navy Family Care Plan Certificate and Annual Certification. Dual-military married couples with dependents, single parents, and Service members in a blended family (the Service member has custody of a child(ren) from a previous relationship) are required to complete [NAVPERS 1740/6](#) per reference (e). See MILPERSMANs [1610-015](#), [1910-124](#), and [1300-1000](#) for guidance on Service member's failure to complete [NAVPERS 1740/6](#).

f. Briefing. Brief the Service member and dependent(s) on Standard Installation Topic Exchange Services (SITES) data available during command review. Provide the Service member with the name and number of the FFSC relocation assistance managers (RAM) to obtain a SITES data package containing living conditions information about the prospective overseas duty station. Further guidance is available at <https://www.militaryonesource.mil/moving-housing/oconus-moves>.

3. **Suitability Decision Factors.** The CO of the transferring command must ensure the following factors are addressed and used as the basis for the overseas suitability decision.

a. Medical Fitness. The Service member and dependent(s) must have a full medical history screening which includes interviews with a medical screener and thorough medical records review per reference (d). Documented medical conditions which preclude overseas assignment or would be complicated by overseas assignment are disqualifying.

(1) Medical treatment facilities (MTF) are required to utilize the following forms per reference (d):

(a) [NAVMED 1300/1](#) Medical, Dental and Educational Suitability Screening for Service and Family Members

(b) [NAVMED 1300/2](#) Medical, Dental, and Educational Suitability Screening Checklist and Worksheet

(c) [DD 2807-1](#) Report of Medical History

(d) [DD 2792](#) Family Member Medical Summary (for each family member enrolled in the EFMP)

(e) [DD 2792-1](#) Early Intervention/Special Education Summary (for each school-aged dependent child enrolled in the EFMP)

NOTE: Locally-generated forms are not authorized.

(2) Per reference (d), the transferring MTF will make a suitability inquiry with the gaining MTF and or operational platform when any shaded block on [NAVMED 1300/1](#) is checked. This is a crucial step in the screening process that requires confirmation that the gaining MTF and operational platform can accept and treat the Service member's medical condition(s). For operational screening, refer to [MILPERSMAN 1300-800](#). It is the Service member's responsibility to report any medical status changes to his or her screening MTF. **If the medical status changes after screening, but prior to transfer, the Service member or dependent(s) will be re-evaluated for suitability.**

NOTE: If dependent(s) are medically unsuitable, the Service member may be required to serve an unaccompanied tour.

(3) Service members and dependents who use TRICARE network providers for suitability screening must coordinate with their Navy MEDCOG MTF's overseas suitability screening coordinator and beneficiary counseling and assistance coordinator (as listed in the MEDCOG Responsibility Guide in reference (d), enclosure (6)) prior to using a TRICARE provider to ensure TRICARE will cover any costs associated with the screening. [NAVPERS 1300/16 Part II](#) must be signed by the Navy MTF. Final recommendation for suitability of the Service member or dependent(s) by a non-Navy MTF or non-MTF civilian health care provider **will not be accepted.**

(4) Dependents who require medical screening and reside where TRICARE or Department of Defense (DoD) medical facilities are unavailable, or who utilize third party insurance, will satisfy the medical overseas and remote duty screening requirements listed on [NAVMED 1300/1](#) and are responsible for forwarding completed forms to the Navy MEDCOG MTF listed in reference (d). Service members are responsible for any costs associated with this requirement if costs are not already covered under current TRICARE medical coverage.

NOTE: An entrance physical meets requirement for medical component of overseas screening 12 months from the time performed to the execution of the overseas orders.

b. Dependent(s) Suitability

(1) All dependents accompanying Service members will be screened to ensure suitability for overseas or remote duty assignment. Dependents' suitability must be determined before they can be granted dependent entry approval (DEA). When dependents are not co-located with the Service member, are enrolled in a civilian health care program such as TRICARE, or receive medical care at an Army, Air Force, Coast Guard, or United States Public Health Service MTF, suitability screening may be completed by a non-Navy MTF with the coordination of a Navy MEDCOG MTF listed in reference (d), enclosure (6), for final review. Only a Navy MTF can provide a recommendation regarding the capabilities at a gaining Navy MTF and or operational platform, make overall final recommendation for suitability of the Service member or dependents, and sign Part II of [NAVPERS 1300/16](#).

(2) If the Service member's dependent(s) refuse to be screened, refer to paragraph 6 below.

NOTE: Unscreened dependents cannot be provided government-funded travel OCONUS per [MILPERSMAN 1300-210](#).

(3) If, during the overseas screening process, a Service member's dependent is identified as having medical or educational needs that require recurring care, the dependent(s) must be enrolled in the EFMP. **The screening process should not be delayed while waiting for an EFMP categorization.** Refer to [MILPERSMAN 1300-700](#) and reference (g) for EFMP guidance.

NOTE: Changes in medical status of dependent(s) after screening may result in an early return (ER) or early return of dependents (ERD) from the overseas location after transfer (see [MILPERSMAN 1300-306](#) for information on ER and ERD).

c. Dental Fitness

(1) When a Service member is assigned dental class 3, the transferring medical and dental treatment facility will ensure any ongoing care or treatment can be provided at the

ultimate activity. Class 3 situations will be addressed prior to overseas or remote assignments.

(2) Elective orthodontic treatment may cause an assignment liability and may be disqualifying for overseas assignment.

(3) Service members ordered to the following locations must not have any dental defects which are likely to require extensive or prolonged treatment:

(a) Isolated overseas locations,

(b) Remote CONUS stations with limited dental capabilities listed in paragraph 4 below and reference (d), and

(c) Standing North American Treaty Organization (NATO) Maritime Groups 1 and 2 (unit identification codes 66141 and 3220A).

(4) Dependents' dental screening will be obtained from the nearest MTF or military dental facility and will not usually be a disqualifying factor in determining suitability for overseas activities where dental facilities exist. However, if dependents' dental problems disqualify them for transfer to an overseas area, the Service member may be required to serve an unaccompanied tour. Per reference (d), dependents' dental examinations may be performed by a non-MTF civilian provider, if current within the past 6 months. However, the dental screening must be completed at the MTF screening office. Dental care will be available to dependents to the extent that overseas dental capabilities and requirements permit. Overseas dental activities are staffed to a level only to maintain oral health for Service members and dependents.

(5) Service members and dependents with dental braces or implants installed may be ineligible for overseas assignment if the overseas dental care facility cannot provide dental implant services.

d. Family Advocacy. Service members and dependents who are nominated for overseas assignments and are involved in open Family Advocacy Program (FAP) cases or require follow-on action must complete all screening requirements and coordinate with the gaining command prior to final determination of suitability for overseas duty. The intent of this screening is to ensure

families are not placed at risk through assignment to isolated duty or stressful locations. Families identified as having met the criteria for a FAP incident are disqualified from overseas assignment while in treatment. Exceptions may be made on a case-by-case basis, based on written recommendation of the local family advocacy representative (FAR) or clinical site director and with the gaining command's concurrence. Per reference (h), revocation of command sponsorship, overseas screening or ERD, or recommending permanent change of station (PCS) orders for the sponsor Service member may be concluded by the local FAR or MTF healthcare provider. The clinical case staff meeting (CCSM) must make treatment recommendations to the command and forward recommendations to Navy Installations Command Family Readiness Division (N91) to coordinate with NAVPERSCOM Post Selection Board Matters and Security Branch (PERS-833) or NAVPERSCOM Officer Performance and Separations Branch (PERS-834) to flag the Service member's records to restrict personnel actions and moves until the case is resolved or treatment is completed. An assignment control flag restricting transfers or PCS moves is placed by recommendation of the CCSM on domestic and child abuse incidents for personnel who require a temporary flag and is normally removed within a year from the date the flag is set.

This flag is not utilized for officers.

e. Physical Fitness. Failure of physical fitness assessment(s) (PFA) may impact suitability determination. See latest PFA guidance and reference (i) for further guidance.

f. Drug-Related Problems. Service members and dependents with a documented history of drug misuse or drug-related offenses within the last 24 months are unsuitable for overseas duty.

g. Alcohol-Related Problems. Service members and dependents with a documented history of alcohol misuse or dependency, to include driving under the influence, within the last 24 months are unsuitable. Service members and dependents who do not successfully complete an aftercare program must be reported as unsuitable.

h. Sex Offenses. Per reference (f), Service members or dependents convicted of a sex offense will not be assigned overseas. COs will ensure members are screened using <https://www.nsopw.gov/en/>.

i. Psychiatric Disorders. Service members or dependents who have had one period of inpatient hospitalization, or have a history of extensive outpatient psychiatric treatment and have medical documentation demonstrating therapeutic efficacy by a behavioral health provider for a period of a year, may be suitable for overseas assignment. Service members or dependents with two or more hospitalizations for psychiatric disorders may be considered unsuitable for overseas assignment. Dependents who require continued mental health care must be enrolled in the EFMP and concurrence from gaining MTF is required per reference (f).

j. Performance. Service members with a history of unsatisfactory or below standard performance (any marks below 3.0, except for PFA-related performance) in the last 24 months will be considered unsuitable for overseas assignment.

k. Disciplinary History. Service members with a history of courts-martial, non-judicial punishment (NJP), or involvement with civil authorities in the previous 24 months will be considered unsuitable for overseas assignment.

l. Pregnancy. Women (Service members or dependents) who are in their third trimester of pregnancy (7 to 9 months) will not be transferred overseas. Arrival at the overseas ultimate duty station must be prior to the 28th week of pregnancy. Women who will be in the third trimester at time of transfer will be eligible to be screened 6 weeks after delivery of newborn children. Newborn children will also be screened at that time. Pregnant women are not to be transferred, during any stage of pregnancy, to any other location where obstetric and pediatric care is not available. Notification of Service members' pregnancy must be submitted to PERS-454 and include expected date of delivery. Female Service members transferring overseas will be screened for pregnancy per reference (d) prior to transfer. Pregnant E-3 and below single Service members are unsuitable for OCONUS assignment per [MILPERSMAN 1300-1306](#). Women who become pregnant overseas may be required to travel on temporary duty to a birthing center.

m. Financial Stability

(1) E-5 and Above. Serious financial problems or indebtedness which have not been reconciled, or a documented history of indebtedness (e.g., bankruptcy) over a period of the last 3 years, may be considered disqualifying per reference (j).

(2) E-4 and Below. A debt-to-income ratio will be performed by the command financial specialist or FFSC counselor per reference (a) to ensure the proposed overseas assignment will not pose an undue hardship on the Service member's financial circumstances. Based on limited employment opportunities, the spouse's current income cannot be used to determine future debt-to-income ratio unless the spouse can provide proof of employment in the overseas location. If debt-to-income ratio is 30 percent or greater, the Service member is unsuitable for overseas assignment.

n. Service Member and Dependent Characteristics. Motivation for accepting an overseas assignment, expectations about the duty and the culture, and certain attitudes and attributes are important indicators of successfully completing an overseas tour. In addition to the items discussed above, when conducting the suitability assessment interview with Service members and dependents, care must be taken to assess personal and dependent characteristics and attitudes.

o. Single Mothers Assigned to the Middle East Region. Some Middle Eastern countries have local laws that prohibit the assignment of single mothers and unwed pregnant females to these countries. Verification of local laws must be conducted before approving the assignment of single mothers. Verification can be completed via <https://www.fcg.pentagon.mil/fcg.cfm>.

p. Obligated Service (OBLISERV). Ensure enlisted Service members obtain minimum service requirement or OBLISERV within 30 days of receipt of PCS orders per Bureau of Naval Personnel (BUPERS) transfer orders and [MILPERSMAN 1306-106](#). **Use of [NAVPERS 1070/613](#) Administrative Remarks in lieu of extensions or reenlistments is not authorized for overseas locations.** Officers who execute orders are obligated to the DoD area tour length for overseas shore duty or the prescribed sea tour for sea duty per [MILPERSMAN 1301-110](#). Enlisted Service members holding selective reenlistment bonus (SRB) awardable skills and or ratings per latest naval administrative (NAVADMIN) message, who must reenlist to meet OBLISERV prior to reaching SRB awardable zone, should contact BUPERS Enlisted Community Management Support Branch (BUPERS-328) for guidance.

NOTE: Members who request to separate or retire while assigned to overseas tours will be held to the completion of the prescribed tour length.

q. Non-U.S. Citizen Dependents. It is important to inquire regarding U.S. citizenship status for accompanying Service member's dependent(s).

(1) If accompanying dependent(s) is not a U.S. citizen, the Service member and dependent(s) should be informed immediately of reference (e) policy regarding expeditious naturalization for dependents. This law allows military dependents to apply for U.S. citizenship prior to normal eligibility time requirements by waiving physical presence and residence requirements for U.S. citizenship. If a dependent desires naturalization no earlier than 180 days prior to departure abroad, the Service member or dependent(s) must submit entry approval for overseas assignment and military travel orders to their transaction service center (TSC). TSC office staff will complete [DD 1278](#) Certificate of Overseas Assignment to Support Application to File Petition for Naturalization. Applicants for naturalization must submit [DD 1278](#) to U.S. Citizenship and Immigration Services to expedite their naturalization. **This form is the only document that can be used to expedite naturalization.** Further information regarding expeditious naturalization of dependents is available via the following offices:

(a) Office of the Judge Advocate General Legal Assistance Policy Branch (Code 16) at (202) 685-4637 or [https://www.jag.navy.mil/organization/code 16 immigration info.htm](https://www.jag.navy.mil/organization/code%2016%20immigration%20info.htm), or

(b) U.S. Citizenship and Immigration Services Military Help Line at 1-877-247-4645 or militaryinfo@uscis.dhs.gov.

(2) Non-U.S. citizen dependents who are not authorized a military passport and desire to travel with the Service member to an OCONUS location will require a valid passport. Passage through an intermediate OCONUS location may also require a valid passport and travel authorization for each country traveled through. The Service member and dependent(s) will have to coordinate with all nations concerned, as well as the nation of citizenship, for required documents.

4. Screening Requirements for Personnel Assigned to Remote CONUS Locations

a. Remote Locations. Based on accessibility of health care services, the Bureau of Medicine and Surgery and PERS-45 have designated the following locations in the United States as remote. These locations require an overseas and remote screening per this article and reference (d):

Alaska	Kodiak
California	Bridgeport, China Lake, San Clemente Island, San Nicolas Island
Florida	Key West
Hawaii	Barking Sands
Nevada	Fallon
West Virginia	Sugar Grove

b. Dental Readiness. Class 3 dental status personnel are not normally suitable for remote assignment due to limited dental capabilities.

5. Military Member Married to Military Member. Per [MILPERSMAN 1300-1000](#), regardless of each Service member's pay grade, the tour of duty overseas for a married Service member whose spouse is also a member of the Military Services will be as follows:

a. Married Service members accompanied or joined by command-sponsored dependent(s) will serve the accompanied tour length.

b. Married Service members assigned to, or living in the same overseas location or locale, will serve the accompanied tour when such a tour length is authorized for the duty station. The lack of concurrent travel, whether a result of personal reasons or operational requirements, may not have an impact on the stipulation that each Service member of a military couple must, at a minimum, serve the accompanied tour length. If one spouse arrives on station later than the other, the second arriving spouse's tour will not be cut short to match projected rotation date with the first arriving spouse.

c. Married Service members assigned to different locations will serve the unaccompanied tour length. However, when the said Service member establishes a joint residence (e.g., reside together), they will serve the accompanied tour length, when

such a tour is authorized for the location or locale where they are residing.

d. If a Service member marries another Service member while both are assigned overseas, their original tours will be maintained. Exceptions to this policy are Service members who voluntarily agree to serve the longer tour.

6. Dependent Considerations

a. Definition. Command-sponsored (authorized) dependents are defined as dependents of entitled Service members of the U.S. Military Services for whom entry approval (from the appropriate military commander) has been received per [MILPERSMAN 1300-150](#) through [1300-210](#).

b. Counseling. COs will ensure Service members are thoroughly counseled regarding the risks involved in formulating premature plans for movement of dependents. During this review, Service members should be specifically cautioned if they desire their dependent(s) to accompany them, the dependent(s) should not move until final disposition of entry approval has been received from the overseas regional commander.

c. Dependent Entry Approval (DEA). Upon completion of overseas screening, the transferring command must submit DEA requests for Service members who have elected an accompanied tour. Message template for requesting DEA, as well as additional guidance, can be found at <https://www.mynavyhr.navy.mil/Support-Services/Distribution-Management/Dependent-Entry-Approval/>. Additional guidance can be found on the DoD Electronic Foreign Clearance Guide Web site <https://www.fcg.pentagon.mil/fcg.cfm>.

d. Entry Approval Denied and Family Relocation Desired. Service members whose dependent(s) are denied entry approval and desire to relocate their dependent(s) to a designated place other than the contiguous U.S. should be advised that approval from the Office of Chief of Naval Operations (OPNAV) Military Pay and Compensation Policy Branch (OPNAV (N130C)) is required. Designated place packages should be sent via e-mail to OPNAV (N130C). Information on required documentation and the current e-mail distribution can be found at the OPNAV (N130C) Web site: <https://www.mynavyhr.navy.mil/References/Pay-Benefits/N130C/>.

e. More than Three Dependents. Service members with more than three dependents may require a waiver from the regional commander for their dependents to be command-sponsored at the overseas location. Current exceptions include Japan and Hawaii (no limit on number of dependents) and Europe (more than four); all other countries require waivers from regional commanders for entry approval.

f. Non-Screened Dependents. Dependents who do not or refuse to screen are not authorized government-funded travel per [MILPERSMAN 1300-210](#). In such cases, the following action is required:

(1) Report of Suitability for Overseas Assignment. Record the results using [NAVPERS 1300/16](#) and interview the member to identify existing conditions that are likely to preclude the Service member from completing the overseas assignment.

(2) Administrative Remarks. Make the following permanent [NAVPERS 1070/613](#) entry (use of the Navy Standard Integrated Personnel System (NSIPS) electronic service record (ESR) is mandatory unless not available to the customer command):

"I have indicated all known conditions of my dependent member(s) that may interfere with me serving the appropriate tour length. I understand that any pre-existing disqualifying dependent member's screening factors cannot serve as the basis for my early return to CONUS from overseas. If later, my dependent member(s) desire to accompany or join me overseas, I understand they must be screened and dependent entry approval granted (where applicable) before they leave CONUS. I understand I will be required to serve the appropriate tour length per Joint Travel Regulations or prescribed Navy sea tour."

Member's Signature

Witnessed: _____

F. Last
Rank, USN, Personnel Officer

(3) **Completed and Signed NAVPERS 1070/613.** Once the [NAVPERS 1070/613](#) has been completed and signed, file one copy with the command pay and personnel administrator (CPPA) files and forward the original to the supporting TSC for NSIPS ESR

verification and electronic submission to the official military personnel file (OMPF).

7. **Defense Enrollment Eligibility Reporting System (DEERS)**

Verification. DEERS verification must be conducted on all dependents being transferred overseas to ensure potential problems are resolved before seeking medical treatment.

8. **Custody Agreements.** Divorce decrees concerning custody and control of dependent children may impact whether dependents are moved at Government expense and entitled to overseas station allowances. Divorce decrees issued by a court of competent jurisdiction may require the Service member or spouse to obtain court approval, if not stated in the divorce decree, for removal of dependent(s) from CONUS per reference (k).

a. **Forms Completion.** Overseas screening cannot be processed until DD 93 Record of Emergency Data (located in NSIPS electronic service record (ESR)), is completed.

b. **Detailed Information Required.** The authority to grant DEA lies with the overseas regional commander. The regional commander may have questions concerning the custody and control of dependent(s); therefore, this information should be detailed in the remarks section of the DEA request.

9. **Overseas Screening Process After Member Arrives at Overseas Permanent Duty Station.** Once a Service member has reported aboard an overseas command and is requesting command sponsorship for acquired dependent(s), or dependent(s) decide to accompany the member at a later date, it is the responsibility of the Service member's command to initiate and approve the screening process per this article.

10. **Screening Requirements Waivers.** While the importance of adherence to overseas or remote screening requirements cannot be over-emphasized, waivers may be granted on a case-by-case basis as conditions warrant.

a. Upon completion of the overseas or remote screening interview, if a Service member is not qualified for overseas assignment but the CO believes a waiver is in order, an unsuitability report must be submitted via BOL with justification and amplifying information in the Service member's comments section describing why a waiver is recommended. The Service member will be **considered unsuitable and is not**

authorized to transfer until a waiver authorization is obtained from NAVPERSCOM. If a waiver is approved, the transferring command will update BOL to reflect that the Service member is suitable and input "waiver approved by (name and title of approver) on (approval date)" in the comments section. See exhibit 4 for a recommended waiver request template.

b. The transferring CO **does not** have waiver authority. NAVPERSCOM is the final authority for all suitability waivers as outlined below:

(1) Fitness Reports and Evaluations Issues. Waiver requests for evaluations and fitness reports issues will be routed via the gaining command CO. Approval authority is the appropriate detailing division director.

(2) Legal-Related Matters. Waiver requests for legal-related issues, to include child custody matters, will be routed via the region staff judge advocate (SJA) to the gaining command for compliance with status-of-forces agreement (SOFA). Approval authority is Assistant Commander NAVPERSCOM for Career Management (PERS-4).

(a) NJP-Related (Drug or Alcohol) Issues. Waiver requests for alcohol or drug-related issues will be routed via SJA to the gaining command for compliance with SOFA. The Service member must successfully complete treatment and aftercare program. Approval authority is PERS-4.

(b) NJP-Related (Non-Drug or Alcohol) Issues. Waiver requests for NJP related issues will be routed via the gaining command CO. Approval authority is the respective detailing division director.

(c) Issues for Dependents. Waiver requests for dependents relating to drugs, alcohol, and or criminal matters will be routed via the SJA to the gaining command for compliance with SOFA. Approval authority is PERS-4.

(d) PFA Waivers. All PFA waiver requests must comply with governing NAVADMIN(s) and reference (i). Per reference (i), requests must be submitted via the respective detailer for routing. Service members with obligation to complete the proposed overseas assignment will not require a waiver. All other Service members will require waivers.

Contact respective detailer before submitting PFA waivers for further guidance.

(e) Financial-Related Issues. Financial-related issues will be documented per reference (1) and routed via the gaining CO. Approval authority is the respective detailing division director.

(f) Family Advocacy-Related Issues. Waiver requests will be routed via the gaining CO and FFSC. Approval authority is PERS-4.

(g) All Other Issues. Waiver request will be routed via the gaining CO. Approval authority will be determined on a case-by-case basis by NAVPERSCOM.

(h) Pre-Service Moral Waiver. Pre-Service moral waivers are no longer applicable for overseas assignments.

(3) Personally Identifiable Information. Waiver packages containing personally identifiable information must be protected per the Privacy Act of 1974.

11. **Reporting**. The responsibility for properly reporting Service members' and dependents' suitability for overseas or remote assignment rests with the CO of the transferring command, who will complete the following:

a. Time Requirements. Ensure each Service member and dependent transferring to an overseas or remote location is screened and a status update is submitted within 30 days for the Service member and 60 days for dependents upon receipt of the transfer directive (i.e., letter of intent or PCS orders). All report updates and final determination will be posted via BOL. Commands at sea that experience connectivity problems may submit a report via naval message to PERS-454 utilizing the format in exhibit 1.

NOTE: Delaying the reporting of unsuitability creates gaps, do not delay reporting.

b. Overseas Screening Notification Message. Notification messages are released to the transferring command for delivery to the Service member in conjunction with orders. The notification message is issued to begin the overseas or remote

screening process and defines the timelines for completing a suitability determination.

12. Reporting Procedures

a. Report Suitability

(1) Report pending updates and final suitability determination of overseas or remote screenings via BOL <https://www.bol.navy.mil/>.

(2) Only personnel assigned a BOL access level of CCC or higher will have access to the overseas or remote screening application to input the command's suitability determination.

(3) Prior to submitting the final suitability report within BOL, the following documentation is required:

(a) [NAVPERS 1300/16](#) must be completed and signed by the Service member's CO.

(b) Part II of [NAVPERS 1300/16](#) must be signed by the MTF CO, executive officer, or officer in charge.

b. Report Unsuitability. When reporting unsuitability, state the reasons why the Service member is unsuitable.

(1) If unsuitability is for medical reasons, obtain the appropriate international classification of diseases (ICD-10) code from the servicing MTF **(do not include any other medical diagnosis or treatment information)**. Include what action has been taken (e.g., limited duty (LIMDU), physical evaluation board (PEB)); and state when the Service member will be fit for duty or provide assignment limitations utilizing the format in exhibit 2. **For Service members found unsuitable**, provide the following information:

(a) ICD-10 code(s);

(b) Additional information from the MTF;

(c) Specific limitations;

(d) Prognosis for improvement;

(e) LIMDU or PEB status;

(f) Provider's name, rank, telephone number, and e-mail address; and

(g) CO's recommendation.

(2) Dependent Suitability Status (if applicable):

(a) If unsuitable, provide the reason

(b) If the reason is medical, obtain the appropriate ICD-10 code from the servicing MTF

(c) If found medically unsuitable, enrollment in the EFMP is required

(3) Waiver requests must be submitted by the detaching CO via BOL and cited on [NAVPERS 1300/16](#), part IV. See paragraph 10 above for further guidance on waivers.

(4) If submitting a pending report, include the applicable reasons for the delay in the comments block. If the delay is a result of dependent's determination, proceed with the Service member's suitability screening while awaiting the dependent's outcome. Additionally, if waiting for an EFM categorization, do not delay the screening process for the Service member or the dependent(s). Send the medical issue to the gaining MTF and verify if services are available per reference (d). If the services are available and the gaining MTF accepts the condition, do not designate the Service member unsuitable due to an EFM category.

NOTE: When a Service member's dependent is unsuitable to go overseas, commands will only mark the dependent as unsuitable in BOL and the Service member as suitable, as appropriate. The command will put a comment in the Service member's information in BOL stating the dependent is unsuitable. The respective detailee may make a determination whether the Service member will proceed with unaccompanied orders or whether orders may be canceled.

c. Distribution of Completed Overseas or Remote Screening Forms. Once completed and endorsed by the CO, the command will:

(1) File the original and maintain for a minimum of 2 years.

(2) Submit one copy to the supporting CPPA. Final ticketing and or travel advances will not be made by the supporting TSC without receipt of a properly completed [NAVPERS 1300/16](#).

(3) Ensure a copy is attached to the Service member's "original orders" and direct the Service member to hand-carry the copy for delivery to their ultimate duty station.

d. Limited Duty Officer (LDO), Chief Warrant Officer (CWO), or Commissioning of Personnel With Active Enlisted Records. For enlisted personnel being commissioned and have orders to an overseas location, submit the overseas or remote screening via BOL and ensure the "LDO/CWO" button is selected.

NOTE: Failure to select the "LDO/CWO" button for any enlisted Service member who is pending commissioning as a naval officer of any type may result in an automatic overseas screening deficiency report.

13. Change of Suitability Determination. Once a Service member has been successfully screened by the transferring command, if any subsequent information, misconduct or emergent medical condition renders the Service member or dependent(s) unsuitable (occurring at the transferring command or at any intermediate activity en route), hold orders in abeyance and notify the respective NAVPERSCOM detailee immediately. Ensure the Service member and dependent(s) are aware of their responsibility to report any circumstances that may change their suitability status immediately to avoid disciplinary action under references (d) and (m).

NOTE: Transferring command and TSC will ensure Service members sign [NAVPERS 1070/613](#), utilizing exhibit 3, stating no change has occurred with the Service member and dependent(s) since the original completion of the screening. This will be done during the checkout process prior to transfer.

NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) DoD Instruction 1315.18 of 12 Jan 05 (b) OPNAVINST 1300.15A (c) OPNAVINST 1300.14D (d) Joint Federal Travel Regulations, Volume 1, Uniformed Service Members (e) OPNAVINST 1754.2C (f) OPNAVINST 6000.1C (g) OPNAVINST 1740.4C (h) BUPERSINST 7040.6A
-------------------	---

1. **Purpose.** The purpose of the Early Return/Reassignment Program is to ensure the availability and continuity of care for military dependents currently stationed outside the continental United States (OCONUS), or remote locations within the continental United States (CONUS) listed in MILPERSMAN 1300-304, where required care is **not** available through military or civilian resources. The program is designed as a means through which members may be returned to a non-remote CONUS location for required care due to unusual circumstances per references (a), (b), and (c).

2. **Types of Reports/Requests.** There are four different types of reports/request for issues that are identified for personnel assigned overseas or at CONUS remote locations.

a. **Overseas Screening Deficiency Report (OSDR) only.**
Submitted when a member and/or dependent(s) arrive overseas with a discrepancy that occurred during the screening process or was not identified during the screening process. This report documents the screening deficiency but does not require an early return as the overseas command intends to allow the servicemember and dependents to remain overseas.

b. **Overseas Screening Deficiency Report/Request for Early Return (OSDR/ER).** This request/report is used when the member and/or dependent(s) arrive at an overseas/remote location with a disqualifying condition that should have been detected in the overseas screening, and the care required is beyond the capabilities of local resources. With this request the intent is to Early Return the entire family.

c. **Early Return (ER) Request.** This request is used when a condition develops after the member's or dependent's arrival and care is beyond local resources. This request is also used when a medical screening condition was identified during the screening process and the gaining Medical Treatment Facility (MTF) waived the disqualifying condition as treatable; however, after arrival the condition worsened, or is determined to have been misdiagnosed and is now beyond the local MTF capabilities.

d. **Early Return of Dependents (ERD) Only**

(a) This request is submitted when the servicemember will remain overseas and the family is returned to CONUS for reasons authorized in reference (d), par. U5900. Dependent information and destination of travel is required. **NOTE:** Family members that are returned to CONUS under the ERD program will not be able to rejoin the service member at government expense until the servicemember is issued the next set of permanent change of station (PCS) orders.

(b) If a service member has been issued orders to a new duty station, the dependents are authorized travel on the new orders per reference (d), par. U5200. Do not submit an ERD request when PCS orders have already been issued.

3. **Transfer/Assignment Decision.** Navy Personnel Command (NAVPERSCOM) will decide each case on its own merits. If request for early return/reassignment is approved, ensure the appropriate service record entry is completed on NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks, indicating reason for submission of request. Enlisted assignments will be per requisition priority and sea/shore rotation to valid billets of member's rate. Assignments made due to exceptional family member issues do not alter sea/shore rotation.

4. **Exceptional Family Member(s) (EFM(s)).** Members with EFM(s) will complete forms per MILPERSMAN 1300-700. Enrollment in the

EFM program is mandatory per reference (e) and must be completed prior to submission of an early return/reassignment request.

5. **Early Return is not a Discipline Substitute.** This procedure shall not be used as a means of transferring personnel in lieu of appropriate disciplinary or administrative action, i.e., nonjudicial punishment (NJP), courts-martial, administrative separation processing, etc.; but shall be restricted to those cases where transfer is the only feasible solution; or the issue is causing, or will cause, problems with the host nation.

6. **E-3 and below Personnel**

a. As stipulated in MILPERSMAN 1300-304, E-3 and below with dependent(s), or E-3 and below personnel who are pregnant, will not normally be assigned OCONUS.

b. If an E-3 or below member is found to be pregnant or have dependents upon arrival, submission of an OSD/Request for Early Return or Early Return of Dependent must be submitted immediately. Servicemembers in paygrades E-3 and below that moved dependents to an overseas location without approval must be counseled that dependents will be returned but servicemember may have to complete the assigned tour.

7. **Medical Issues.** Members with medical issues which require hospitalization for which the local MTF cannot provide the appropriate care or treatment should use the medical evacuation (MEDEVAC) process instead of the Early Return/Reassignment Program.

a. Enlisted only. For pregnancies of members that occur after arrival at new permanent duty station (PDS), submit a pregnancy avails (DP availability) report.

b. Enlisted only. If a member detaches an old PDS while pregnant or becomes pregnant en route and reports to the new overseas PDS and an early return/reassignment is deemed appropriate, submit a DP availability and OSD/Request.

c. Officers only. If an officer detaches an old PDS while pregnant, or becomes pregnant en route, and reports to the new overseas PDS, and an early return/reassignment is deemed appropriate, submit the request/deficiency via BUPERS ONLINE (BOL).

8. **Pregnancy.** Reference (f) contains policies and procedures regarding pregnant members.

9. **Single Members and Military Married to Military.**

Information relative to single members and military married to military with dependent(s) is contained in reference (g).

10. **Requirements and Procedures for Submitting a Report or Request on BOL**

a. Each of the reports requires extensive information that will need to be collected prior to submission. The following information will be required based on the type of request/report:

SSN: (Full SSN will be required for system verification.)
Name:
Rank:
Rate/Designator:
Unit Identification Code (UIC) member is assigned:
Was a copy of NAVPERS 1300/16 (2-03), Report of Suitability for Overseas Assignment filed in service record or transfer package?:
Have you contacted the transferring command to obtain a copy of the screening?:
Was a copy of NAVMED 1300/1 (Rev. 6-06), Medical, Dental and Educational Suitability Screening for Service and Family Members filed in medical record(s)?:
Have you contacted the transferring MTF to obtain a copy of the screening?:
UIC of command that screened member and/or family:
UIC of MTF that screened member and/or family (only for medical issues):
Were dependents screened at the same facility as service member?:
Identify MTF screener for family:
Is enrollment in EFM program completed?:
Select from one of the categories provided on BOL that best fits the issue regarding the discrepancy:
Was the member aware of disqualifying factors prior to transfer?:
Should these reasons have been detected in the overseas screening process?:
Should dependents have been enrolled in EFM Program prior to transfer?

Command PLAD:

b. Once the command has compiled all of the above information for the Member and/or dependents being early returned, a command representative with command career counselor

(CCC) or above access will need to log into BOL and select the OVERSEAS/IA Screening Tab. At the top of the overseas screening menu page there will be a menu which will list Early Return application; select this option (this is not available to CONUS non remote location). After submitting the request, return to the application to view status and final determination.

c. Requests will be submitted expeditiously to allow for coordination of timely medical, educational, or other support services not readily available at the current duty station. An understanding of all the factors that necessitated the request is required prior to making a decision. Inclusion of additional information to ensure clarity and provide justification for submitting the request is strongly recommended; however, to protect the privacy of the member and/or dependents use only ICD 9 codes to identify medical issues.

d. When it is determined that it is necessary to return dependents to CONUS without the service member, submit Early Return of Dependents (ERD) via BOL. Once the approval and line of accounting are posted to the BOL Web site, create a Standard Transfer Order (STO) utilizing reference (h), Chapter 3, Section A for officers or Section B for enlisted. On the STO, cite Early Return of Dependents authorization as reference (d), par. U5900-D2e and U5905-C for HHG U10410; and utilize the line of accounting provided by NAVPERSCOM.

e. Ships or Submarines at sea with limited connectivity to BOL can use Exhibit 1 to submit reports. NPC will input the information into the BOL application and respond via the overseas screening application. It is imperative complete POC information be provided, including E-Mail, so that the command POC can be contacted.

OVERSEAS TOUR LENGTHS AND TYPES

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-4518 (901) 874-4518
---------------------------	--------------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

References	(a) DoD Instruction 1315.18 of 28 Oct 15 (b) NAVSO P-6034, Joint Travel Regulations (JTR) (c) DIA Directive 1350-100 Duration of Tours at Attaché Stations of 27 June 2017 (d) OPNAVINST 1300.15A
-------------------	---

1. **Key Billets**. Key billets are reserved for only those positions in which the continued presence of an officer, warrant officer, or senior enlisted Service member (E-8 or E-9) is determined to be absolutely essential to the mission of the activity, unit, or the U.S. presence in that area. Assignment to key billets must require Service members to serve the accompanied tour length, even if the Service member declines to serve the tour accompanied. Key billets will be established only at overseas duty stations where the accompanied tour length is at least 24 months per reference (a).

2. **Overseas Tour Lengths**. Overseas tour lengths are the standard tours of duty established for specific locations outside the continental U.S. (OCONUS) per references (a) and (b).

a. **Commencement of Tour**

(1) Time Creditable. An overseas tour begins with the day of departure from the continental U.S. (CONUS) and ends with the day of return. Authorized leave taken en route to an overseas duty station will be excluded from the computation.

(2) Overseas duty for Service members on board vessels during a change of homeport from CONUS to OCONUS, including commissioning of a vessel to be homeported OCONUS, commences on

the effective date of the homeport change, regardless of location of the vessel on that date.

b. **Adjusted Tour Lengths.** Service members who report on unaccompanied orders to an overseas area that allows accompanied tours, then are later joined by dependent(s) at the Service member's expense, will have their tour adjusted to the accompanied tour length or an additional 1 year on board, computed from the date command sponsorship is granted, whichever is longer.

Note: Commanding officers (CO) must report command sponsorship and request tour length adjustment from Navy Personnel Command (NAVPERSCOM), Career Management Department PERS-4XX (appropriate detailer code).

c. **Shortened Tour Length.** Tours must meet Department of Defense (DoD) overseas tour lengths. Service members may be reassigned up to 60 days prior to completion of the full tour length and be considered as having completed the full tour.

Note: Service members assigned to 12-month overseas tours will serve the full 12-month tour.

d. **Officer Only**

(1) Overseas Homeports. Tour length for ships and squadrons homeported overseas will normally be followed per [MILPERSMAN 1301-110](#) or exhibit 1 below.

(2) Hawaii and Alaska. Hawaii and Alaska have a minimum tour of 36 months with no mandatory rotation date established. Shore tours will be 36 months (or other DoD area tour specified). Sea tour lengths guidance is followed per [MILPERSMAN 1301-110](#).

(3) DoD Area Shore Tour. Officers assigned to overseas shore duty must be ordered to serve the applicable DoD area shore tour. Exceptions to this policy are contained in reference (a) and include, but are not limited to, Service members assigned to the Defense Attaché System (reference (c)), government-to-government contracts Personnel Exchange Program (PEP) (reference (a)), and medical officers assigned per reference (a) and outlined in [MILPERSMAN 1301-110](#).

e. **Enlisted Only**

(1) Hawaii and Alaska Tour Lengths. Projected rotation dates (PRD) for enlisted Service members assigned to duty in Hawaii and Alaska will coincide with their assigned sea shore flow (SSF) per applicable SSF NAVADMIN, but in no case for less than 3 years.

(2) Nuclear Qualified and Trident Technicians. Tour lengths for enlisted nuclear qualified operators and enlisted trident technicians are currently excluded from the provisions of this article. Tour lengths for such Service members will be dictated by situational requirements.

(3) Submarines Permanently Homeported in Guam and Nuclear Trained Sailors on Nuclear Aircraft Carriers (CVN) Permanently Homeported in Japan. Tour length for enlisted Service members assigned to submarines permanently homeported in Guam or on CVNs permanently homeported in Japan will be 36 months.

f. **PEP Tours.** Per reference (a), PEP tours are normally 24 months, PEP tours in a flying status will be 30 months (24 months plus 6 months of training).

3. **Overseas Tour Length Types and Options.** During the interview conducted per [MILPERSMAN 1300-300](#) through [1300-304](#), Service members must be given the opportunity to elect whether they desire to be accompanied by family member(s) in an overseas area that is authorized accompanied tours or serve in an unaccompanied status.

Note: Dependents are not authorized in areas indicated by "N/A" in the accompanied tour length column in appendix Q of reference (b) or exhibit 1 below.

a. **Types.** Overseas tour length types are as follows:

(1) **Accompanied with Family Member(s).** Tour length assigned to Service members accompanied or joined by command-sponsored family member(s).

(2) **Unaccompanied (All Others).** Tour length assigned to single Service members or those who either voluntarily or involuntarily are not accompanied by command-sponsored family member(s).

b. **Service Record Entries.** The CO must ensure the following electronic service record entries made when the Service member indicates a decision has been reached regarding options available.

(1) **For accompanied tours,** make the following entry on [NAVPERS 1070/613](#) Administrative Remarks:

"I fully understand the contents of MILPERSMAN 1300-308 and have elected the accompanied (with family member(s)) tour prior to my transfer from my present duty station."

Member's Signature

Witnessed: _____
G. Jasper
CDR, USN, Personnel Officer

(2) **For unaccompanied (all others) tours,** make the following entry on [NAVPERS 1070/613](#):

"I fully understand the contents of [MILPERSMAN 1300-308](#) and have elected the unaccompanied (all others) tour prior to my transfer from my present duty station. I also understand, per Joint Travel Regulations, family member(s) travel to overseas duty station at Government expense is not authorized.

Member's Signature

Witnessed: _____
C. Poullard
CDR, USN, Personnel Officer

c. **Change from Unaccompanied to Accompanied.** If, after choosing an unaccompanied (all others) tour and orders have been endorsed accordingly, and the Service member desires the longer accompanied (with family member(s)) tour, the Service member must request command sponsorship and dependent entry approval prior to submitting PRD extension. Service member must submit request to NAVPERSCOM (PERS-4XX) (appropriate detailer code) using [NAVPERS 1306/7](#) Electronic Personnel Action Request for enlisted memo or [NAVPERS 1301/85](#) Officer Personnel Action Request for officers.

(1) The request will not normally be approved in any instance where the Service member has already been furnished transportation of family member(s) or household effects at Government expense to a place designated by the Service member.

(2) If the request is approved, a modification of the Service member's PRD routed via division director. [NAVPERS 1070/613](#) entry must be made by the personnel support detachment.

(3) All requests to change tour length must be per references (a) and (b).

d. **Tour after Early Return of Family Member(s).** Service members whose family member(s) were furnished early return transportation from the Service member's overseas duty station under the provisions of references (a), (b), and (d) will be required to complete the prescribed accompanied tour.

4. **Tour Adjustments**

a. Requests for adjustments of overseas tours must be submitted to the Service member's detailer (see paragraph 2 above).

(1) After orders are executed, tours may not be shortened to change from accompanied to unaccompanied, unless travel by dependents and household goods movement has not yet occurred.

(2) Tour lengths that are changed subsequent to orders execution may incur indebtedness to the Government due to the change in station allowances caused by the tour adjustment.

b. Such requests must contain sufficient information to facilitate an accurate determination. Examples of situations when PRDs require adjustments are as follows:

(1) Correction of erroneous PRDs

(2) Family member(s) arriving in a "tourist status" or are newly acquired and subsequently become "command sponsored" family member(s)

(3) Service member voluntarily elects to extend the tour.

5. **Consecutive Overseas Tour (COT)**. A COT occurs when a Service member executes an assignment order from one overseas assignment to another as defined in reference (a).

a. **Eligibility.** Service members under COT orders will normally serve the full DoD area shore tour or full prescribed sea tour on both the initial and follow-on tours (either accompanied or all others (as appropriate)).

(1) For COTs (costed PCS orders), the tour will be ordered for the DoD tour listed in reference (b), appendix Q, SECNAV prescribed sea tours or exhibit 1 below (accompanied or unaccompanied) as appropriate. A request for waiver may be submitted to NAVPERSCOM (PERS-4) for a determination when two full tours cannot be completed. For waiver requests, each tour must be at least the unaccompanied tour length.

(2) Family member(s) are entitled to COT leave travel only when they

(a) are an eligible dependent as defined in reference (b), appendix A;

(b) are command sponsored for both tours; and

(c) they will accompany the Service member during both tours.

b. **In-place Consecutive Overseas Tour (IPCOT).** IPCOT is a subset of COT. Service members serving on an accompanied or unaccompanied tour may request an IPCOT before completing the initial tour, including voluntary extensions of that tour. The Service member is agreeing to serve another tour within the local commuting area of the original permanent duty station, whether it is an accompanied or unaccompanied tour. Waivers are not authorized for IPCOT.

c. **COT/IPCOT Leave Travel.** Service members assigned to COTs may travel between assignments under provisions of reference (b). Refer to [MILPERSMAN 1050-410](#) for execution and deferral information.

Exhibit 1

Navy-Specific Overseas Sea Duty Tour Lengths

1. DoD area tour lengths are listed in reference (b), appendix Q. The following Navy-specific overseas sea tour lengths are exceptions to the standard DoD area tour length for the area or unit as authorized per reference (a).

2. Nuclear trained Service members are presently being assigned for 24 months, regardless of tour election to overseas duty on performance monitoring teams, in radiological control divisions, and nuclear planner or nuclear repair billets in overseas home-ported tenders in Guam.

Country, Area, or Command	Accompanied	Unaccompanied
Guam		
-Submarines	36	36
-Nuclear trained on board submarine tenders	24	24
Italy		
-Pachino Target Range at Marza (47201)	N/A	12
Japan		
-Nuclear trained on board USS <i>Ronald Reagan</i>	36	36
-COMEXSTRIKGRU, White Beach, Okinawa (55308)	24	18
Bahrain		
-All Sea Duty Commands (Type 4 and TAC D)	24	18

-------------------	--

1. **Voluntary Overseas Tour Extensions**. An extension of an overseas tour is an authorized voluntary/involuntary increase beyond the appropriate (accompanied or unaccompanied) tour prescribed for the area.

a. Officer and Enlisted:

(1) Requests for overseas extensions are encouraged, but must be considered on a case-by-case basis. An important factor to be considered is whether other members of the same rank/rating desire rotation overseas and are otherwise qualified.

(2) Requests should be submitted not more than 18 months, but not less than 9 months, prior to current projected rotation date. All requests must include a positive recommendation by the commanding officer indicating the desirability of the member's continued service overseas.

b. Enlisted only:

(1) For extensions of less than 12 months, forward requests on NAVPERS 1306/7 (01/03), Enlisted Personnel Action Request to appropriate Navy Personnel Command (NAVPERSCOM) detailer.

(2) The Overseas Tour Extension Incentive Program (OTEIP) may apply for enlisted personnel requesting extensions beyond 12 months. Refer to MILPERSMAN 1306-300 for additional information.

(3) Enlisted personnel (first termers are not eligible) attached to Guam or Diego Garcia homeported ships, who extend their tours by at least 1 year on Guam or Diego Garcia homeported ships, will receive double sea days credit for the period of the 1-year extension. Additionally, members may be eligible to receive OTEIP benefits for the 1-year extension as outlined in MILPERSMAN 1306-300.

c. **Officer only:** Forward requests to the appropriate assignment officer.

2. **Involuntary Overseas Tour Extensions.** Before involuntary extensions are imposed, members shall be given the opportunity to extend voluntarily their enlistment or contract periods to provide sufficient obligated service to complete a minimum tour of duty. Involuntary overseas tour extensions may be assigned only by NAVPERSCOM under the following circumstances:

a. The voluntary or involuntary extension of a member serving an overseas tour of duty in a "key Military Assistance Advisory Group position" (as defined in reference (a)) will be subject to the approval of Assistant Secretary of Defense (International Security Affairs).

b. The voluntary or involuntary extension of a member serving an overseas tour of duty with a defense agency under the above provisions will be subject to the concurrence of the defense agency.

c. The maximum period that members may be involuntary extended at an overseas site is 180 days.

d. Maximum involuntary extension of sea duty aboard vessels which operate in an overseas area for a contemplated period of 1 year or more, despite having continental United States (CONUS) homeports, will be 3 months.

MILPERSMAN 1300-312

UNITS TRANSITIONING TO OVERSEAS LOCATIONS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN	882-3516
			COM	(901) 874-3516
			FAX	882-2693

1. Policy

a. As soon as it becomes known that a sea unit will change status, the Manning Control Authority (MCA) or Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness Support Branch (PERS-4013) will direct the commanding officer of the unit to provide NAVPERSCOM a listing of all personnel who are planned to be on board on the effective date of the change.

b. The listing will identify personnel who

(1) **do** desire to remain on board to complete an overseas tour (volunteer (VOL)),

(2) **do not** desire to remain on board (non-volunteer (NON-VOL)), and

(3) are not qualified for overseas service per this article and applicable directives (non-qualified (NON-QUAL)).

c. In each case, special procedures will be developed by NAVPERSCOM to provide replacements for all NON-QUALs and as many NON-VOLs as possible.

2. Transitioning Categories. Transitioning of units to overseas locations shall be considered in two distinct categories:

a. **Category 1.** Transition from continental United States (CONUS) to an overseas location.

b. **Category 2.** Transition from an overseas location to CONUS incident to overhaul, conversion, or aircraft transition, and return to previous overseas location.

3. Manning

a. It is desirable that units transitioning to overseas locations be manned with VOLs to the maximum extent feasible; however, it is often necessary to retain some NON-VOLs on board to fill key billets during the transition period, to maintain crew stability, and to man units per specified manpower level when sufficient VOLs are not available.

b. Detailed guidance for determining VOL/NON-VOL status of personnel, tour lengths, obligated service (OBLISERV) requirements, phased rotation plans, and eligibility for transportation of family members will be provided to the transitioning unit by letter or during a Crew Manning Conference.

4. Tour Lengths

a. **Category 1.** The following guidelines pertain to tour lengths for personnel assigned to transitioning units in category 1.

(1) **VOLs.** Personnel who desire to accompany the transitioning unit to the new overseas location will complete the appropriate accompanied (with family members) tour, or unaccompanied (all others) tour for the area.

(a) Members who elect to bring their family member(s), privately owned vehicles (POV), or household goods (HHG) must remain attached to the unit for a minimum period of 1 year subsequent to the scheduled arrival of family members/POV/HHG at the overseas location, to receive these entitlements.

(b) Enlisted personnel will ensure OBLISERV requirements have been met per MILPERSMAN 1306-106 and will be based on the effective date of the change of homeport/permanent duty station (HP/PDS). It is emphasized that personnel shall have sufficient OBLISERV, prior to departure of the transitioning unit from CONUS, for the tour length elected (i.e., Accompanied or All Others).

(2) **NON-VOL** personnel who are required to remain on board during the transition period will not have their projected rotation date (PRD) involuntarily extended.

(a) NON-VOLs who choose to have their family member(s) accompany them to the new overseas location will be considered VOLs and have their PRDs adjusted to reflect an accompanied (with family member(s)) tour, or prescribed sea tour, whichever is least.

(b) NON-VOLs who elect to bring their POV or HHG must remain attached to the unit for a minimum period of 1 year subsequent to the scheduled arrival of POV or HHG at the overseas location, to receive these entitlements.

b. **Category 2.** Since overhaul, conversion, or aircraft transition periods vary from 6 months to a period in excess of 17 months, transitioning units in category 2 must be considered an exception to the normal transition policy. Normally, units returning to CONUS will receive a change of HP/PDS notice which will assign, for the purpose of travel entitlements, a CONUS HP/PDS. Specific guidelines and procedures for personnel in category 2 will be provided to the transitioning unit by letter, or during the Crew Manning Conference.

MILPERSMAN 1300-314

DIEGO GARCIA ASSIGNMENTS

1. Policy

a. Navy's practice of not assigning both members of a service couple to Diego Garcia simultaneously will continue.

b. All members currently assigned or under orders to Diego Garcia will be counseled that accompanied quarters are not available, nor will provisions for joint occupancy be made.

c. **Enlisted Only:**

(1) All follow-on assignment guarantees, per provisions of MILPERSMAN 1306-200, will be void if action on part of the member (e.g., marriage) prevents the member from completing a normal tour on Diego Garcia.

(2) All members currently assigned or under orders to Diego Garcia will be required to make the following entry on NAVPERS 1070/613 Administrative Remarks:

"I have read and fully understand the provisions of MILPERSMAN 1300-314. I am aware that follow-on assignment guarantee, authorized by MILPERSMAN 1306-200, will be invalid should an action on my part (e.g., marriage) prevent my completion of a normal tour on Diego Garcia as prescribed."

Member's Signature

Witnessed:

J. Christopher
CDR, USN, Personnel Officer

2. **Marriages on Diego Garcia**

a. Although marriage between military personnel on Diego Garcia is not prohibited as a matter of policy, continued assignment of both members on Diego Garcia cannot be accommodated.

b. The following guidelines regarding marriages are established:

(1) When marriages occur between Navy members assigned on Diego Garcia, including marriages entered into during off-island visits and continental United States leave, one member of the new couple will be immediately reassigned off-island duty based on Service needs.

(2) If marriage occurs between a Navy member and the member of another service, the Navy member will be immediately assigned off-island duty based on Service needs.

(3) If marriage occurs between a Navy member and a host national, third country national, civil service employee, or civilian contractor employee, the Navy member will be immediately assigned off-island duty based on Service needs.

-----------	---

1. **Policy**. Dependent entry approval (DEA) is a Navy process to obtain permission from an area commander to bring dependents into a specific area. Approval/disapproval is based on Status of Forces Agreements (SOFA); family support capabilities and/or limited local support based on geographically isolated areas; and is only required for the areas listed on the Navy Personnel Command (NAVPERSCOM), Distribution Management and Procedures Branch (PERS-451) website at <http://www.npc.navy.mil/CommandSupport/DistributionManagement/Procedures/Dependent+Entry+Approval.htm>. DEA is an area commander responsibility and all questions regarding DEA should be directed to the designated action address listed on the NAVPERSCOM (PERS-451) website. **DEA must be used in conjunction with additional information/requirements in references (a) and (b).**

2. **Requests**. All personnel executing permanent change of station (PCS) orders who desire to have family members accompany them to the locations listed on the above NAVPERSCOM (PERS-451) website must submit a request for DEA upon completion of overseas screening (MILPERSMAN 1300-300 applies). **The request must be submitted at least 4 months prior to arrival.**

3. **Requirements and Procedures**. Dependent entry requirements and procedures can be found on the above NAVPERSCOM (PERS-451) website. This information is posted for the convenience of the area commanders. Area commanders or their designated representative are responsible for the information and may contact **Commander, Navy Personnel Command (COMNAVPERSCOM), Millington, TN; E-mail Pers451@navy.mil**; to update this website.

4. Personnel Exchange Program (PEP) Dependent Entry. Navy personnel ordered overseas with the PEP should liaise with the gaining command to determine if DEA is required.

MILPERSMAN 1300-318

SCREENING AND REDEPLOYMENT/DEMOBILIZATION PROCEDURES FOR GLOBAL WAR ON TERRORISM SUPPORT ASSIGNMENT (GSA) , OVERSEAS CONTINGENCY OPERATIONS (OCO) SUPPORT ASSIGNMENT (OSA) , INDIVIDUAL AUGMENTATION MANPOWER MANAGEMENT (IAMM) , AND RESERVE COMPONENT (RC) MOBILIZATION ASSIGNMENTS

MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) BUMEDINST 1300.3A (b) OPNAVINST 3060.7C
-------------------	--

1. **Purpose.** To outline screening, redeployment, and demobilization policy and procedures for the following assignments for officer and enlisted personnel per references (a) and (b):

- a. Global War on Terrorism Support Assignment (GSA)
- b. Overseas Contingency Operations Support Assignment (OSA)
- c. Individual Augmentation Manpower Management (IAMM)
- d. Reserve Component (RC) Mobilization

2. **Policy.** Expeditionary, redeployment, and demobilization screening is required for all individual augmentees (IA) (e.g., GSA, OSA, IAMM, and RC mobilization). This screening is comprised of two separate parts, medical and dental, and administrative.

- a. Expeditionary Screening
 - (1) Medical and dental

(a) [NAVMED 1300/4](#) Expeditionary Medical and Dental Screening for Individual Augmentee and Support Assignments to Overseas Contingency Operations (OCO)
<https://www.med.navy.mil/directives/Pages/NAVMEDForms.aspx>.

(b) Any required area of responsibility (AOR) theater-specific medical screening forms ([NAVMED 1300/5](#) through [NAVMED 1300/11](#)) and all other applicable medical screening forms can be found on the Bureau of Medicine and Surgery (BUMED) Web site <https://www.med.navy.mil/directives/Pages/NAVMEDForms.aspx>.

(c) [DD 2795](#) Pre-Deployment Health Assessment (Pre-DHA). Pre-DHA is required for IAs deploying outside the continental United States (OCONUS) for more than 30 days to a location without a military medical treatment facility (MTF) or when required by the combatant command or operational commander. Completion will be no earlier than 120 days prior to the expected date.

(2) Administrative. The administrative portion of the expeditionary screening consists of the following:

(a) [NAVPERS 1300/21](#) Medical Suitability Certification

(b) [NAVPERS 1300/22](#) Mobilization Deployment Screening Checklist

(3) Additional Policies and Guidance. For more information and guidance on the IA process (including business rules and advancement policies and procedures), Service members are encouraged to review the current information available on the Navy Personnel Command (NAVPERSCOM) Web site:
<https://www.mynavyhr.navy.mil/References/Instructions>.

b. Redeployment and Demobilization Screening

(1) Medical and Dental

(a) [NAVMED 1300/13](#) Redeployment/Demobilization Medical and Dental Screening for Individual Augmentee Returning From Overseas Contingency Operations Support Assignments

(b) DD 2796 Post-Deployment Health Assessment (PDHA). DD 2796 is required for Sailors who deploy OCONUS to a location without a MTF for greater than 30 days. The purpose of this screening is to review each Service member's current physical health, mental health or psychosocial issues commonly associated with deployments, special medications taken during the deployment, possible deployment-related occupational and environmental exposures, and to discuss deployment-related health concerns. DD 2796 must be completed within 30 days of departing theater.

(c) DD 2900 Post Deployment Health Re-Assessment. A DD 2900 is required for Sailors who deploy OCONUS to a location without an MTF for greater than 30 days. DD 2900 must be completed within 90 to 180 days post-deployment at parent command.

(d) Serum samples for testing (i.e., human immunodeficiency virus) collected at local MTF for deployment health surveillance

(e) Medical referrals and forms at the nearest MTF

(2) Administrative. The administrative portion of the redeployment and demobilization screening consists of sections 3, 4, and 5 of NAVPERS 1300/22.

Note: For more information and guidance on the redeployment process, Service members are encouraged to review the current information available on the following U.S. Fleet Forces Command (USFF) link (Sailor/Redeployment tab):
<https://www.usff.navy.mil/ia>.

3. **Background**. Since the beginning of the Global War on Terrorism, the Navy has deployed Sailors on a temporary basis to the various combatant commanders as IAs in support of OCO. Improper expeditionary and redeployment screening causes undue hardship on Service members and imposes additional burdens on commands. The establishment of standardized expeditionary screening and redeployment and or demobilization requirements are necessary to ensure Navy IA personnel are properly screened for expeditionary assignments and for their return to parent commands. Standardized redeployment and demobilization processing mandates compliance with IA Program directives to ensure Navy IA Sailors receive uniform access to a wide range of Sailor support resources, programs, and services. NAVPERS

[1300/22](#) is a comprehensive expeditionary and redeployment and demobilization screening checklist that standardizes medical and dental and administrative processing of IAs from start to finish of the IA deployment cycle.

4. **Responsibilities**. Four separate order processes are utilized for IA assignments (GSA, IAMM, OSA, and RC mobilization). Each operates in parallel to meet the Navy's contingency manpower GSA or OSA requirements. While the majority of Active Component requirements can be filled utilizing the GSA or OSA process, the choice of which process to use can also be driven in part by what is in the best interest of each individual Service member or as required by operational needs. All prospective IA Sailors receiving orders under one of the four systems must be screened per the procedures contained in this article.

a. GSA. Sailors receive standard permanent change of station (PCS) orders to Expeditionary Combat Readiness Center (ECRC) Norfolk, VA. GSA Sailors also receive either temporary duty (TDY) or intermediate temporary duty (ITDY) orders issued by NAVPERSCOM Full-Time Support Distribution and Augmentation Division (PERS-46), detaching them temporarily from ECRC locations for training, transportation, and deployment to the ultimate IA location. The Sailor's command at the time of initial PCS orders notification (i.e., detaching command) is ultimately responsible for completion of all IA screening requirements per this article and applicable references. Upon IA mission completion, Sailors proceed as ordered to either ECRC Norfolk or ECRC Forward Detachment Sembach (Warrior Transition Program). The Sailor's command (i.e., gaining command as annotated in PCS orders) is ultimately responsible for ensuring completion of all IA redeployment-screening requirements per this article and applicable references.

b. OSA. The OCO OSA Program is for active duty enlisted Service members and supersedes enlisted GSA starting in fall 2010. Like GSA, OSA orders are executed at the end of a Sailor's normal PCS tour; however, OSA Sailors receive temporary additional duty (TEMADD) orders from the existing command so that a Sailor and family will maintain the traditional parent command relationship for Sailor and family support. To accomplish this, if Sailors elect and are accepted for an OSA, they will be administratively extended at their present duty station for the period of the IA plus an additional 60 days. The 60 days will allow completion of post-deployment health

assessments, PCS move preparation, etc. The Sailor's command (i.e., parent command) is ultimately responsible for completion of all IA screening requirements per reference (b) and applicable references. Upon IA mission completion, Sailors will report to ECRC Norfolk or ECRC Forward Detachment Sembach as directed by redeployment orders. The Sailor's command (i.e., gaining command as annotated in PCS orders) is ultimately responsible for ensuring completion of all IA redeployment screening requirements per this article and applicable references.

c. IAMM. Sailors remain assigned to their permanent duty station (PDS) for the duration of the IA assignment. IAMM Sailors receive either TDY or ITDY orders issued by PERS-46, detaching them temporarily from their PDS for training, transportation, and deployment to the ultimate IA location (returning to the same PDS upon completion of the IA). The Sailor's command at the time of initial TDY or ITDY orders notification (i.e., parent command) is ultimately responsible for completion of all IA screening and redeployment requirements per this article and applicable references.

d. RC Mobilization. RC Sailors receive mobilization orders for training, transportation, and deployment to the ultimate IA location. Navy reserve activities (NRA) and Navy operational support centers (NOSC) are responsible for ensuring the completion of sections 1 and 2 of the expeditionary screening checklists for RC Sailors assigned to their command. Approximately 90 days prior to end of mission date, RC Sailors will receive demobilization orders. NRAs and NOSC are responsible for ensuring the completion of the redeployment and demobilization screening checklists sections of the [NAVPERS 1300/22](#).

5. Procedures

a. Authority. The policies and procedures in this article and those outlined in reference (a) will be utilized for all expeditionary IA assignments.

Note: [NAVMED 1300/1](#) Medical, Dental and Educational Suitability Screening for Service and Family Members will **not** be utilized for IA screening.

b. Parent Command Responsibilities. It is the responsibility of the Service member's current commanding

officer (CO) to ensure expeditionary screening is conducted per this article and applicable references. Command individual augmentee coordinators (CIAC), as well as other command assets, will advise, direct, and assist IA deployers in completing all administrative, medical, training, and other requirements in preparation for their upcoming assignments. Commands will also provide each IA Service member with the information listed in references (a) and (b), as well as instructions on how to download and print the IA expeditionary screening checklists, the Individual Augmentee Sailor Handbook, and the Individual Augmentee Family Handbook.

c. IA Action. IAs must complete all components of the expeditionary screening (medical and administrative) prior to obtaining their COs' signature. The IA must initiate both medical and dental and administrative components upon receipt of orders, allowing sufficient time for medical and dental clearance. Early identification (and correction if possible) of disqualifying factors will improve individual readiness. Prior to end of mission, during the boots-on-ground period, IAs must complete section 3, the Pre-Demobilization Checklist of [NAVPERS 1300/22](#) for in-theater/ultimate duty station CO/Officer-in-charge (OIC) sign-off. IAs will complete section 4, Demobilization Processing, while at ECRC. IAs will complete section 5, NRA/NOSC (RC) or Parent Command (AC), for final CIAC sign-off.

d. MTF Action. Per reference (a), for expeditionary screening, MTF COs and OICs (or MTF designees) will ensure completion of [NAVPERS 1300/21](#) and ensure correct medical data is entered in the deployment section of the Medical Readiness Reporting System (MRRS) upon completion of medical screening. [NAVMED 1300/4](#) and required AOR specific forms will be filed in the Service member's medical record. Per reference (a) for redeployment/demobilization screening, MTF COs and OICs, or MTF designees will ensure completion of [NAVMED 1300/13](#) and ensure entry of correct medical data is entered in the deployment section of the MRRS upon completion of medical screening. MTF COs and OICs, or MTF designees will assign readiness team IA suitability screening coordinators (IASSC) to assist the ECRC OICs and command CIAC in completing post-deployment readiness requirements.

Note: Local MTF IASSC will complete [NAVMED 1300/13](#) and ensure entry of appropriate medical referrals in the Service member's medical record.

e. CO Action. COs must review the completed, signed [NAVPERS 1300/21](#), any medical waivers, and the completed [NAVPERS 1300/22](#) before signing. COs must ensure that Service member's expeditionary screening suitability is reported via [BUPERS Online \(BOL\)](#) (login is required) within 30 days of the date-time-group on the orders. Suitability will be reported using the Overseas/IA Screening application from the [BOL](#) menu.

(1) For GSA Sailors. Report suitability via the "Detaching Orders" link.

(2) For OSA, IAMM, and RC Mobilization Sailors. Report suitability via the Augmentation Screening Input link. When filling-out this information, the detaching command is the parent command unit identification code (UIC) responsible for the Sailor and the gaining command UIC should be the ultimate UIC listed in the TEMADD orders. Upon completion of IA mission, ECRC must review the completed and signed [NAVPERS 1300/22](#) and any medical or dental requirements before releasing the Service member to his or her parent command and report redeployment status via the Navy and Marine Corps Mobilization Processing System (NMCMPs).

Note: Commands that do not report screening status via [BOL](#) within 30 days of the date-time-group on the orders will receive a delinquency message. Compliance will be monitored by PERS-46 and enforced by USFF.

f. Sailor's Accompanying Documentation and Additional Screening. Medical and dental records with individual medical readiness documentation, hard copies of [NAVPERS 1300/21](#) and [NAVPERS 1300/22](#), and copies of medical waivers must accompany Service members during the ECRC in-processing week. Sailors will undergo additional screening and review of the expeditionary medical and dental and administrative checklists upon reporting to ECRC. Upon IA mission completion, [NAV MED 1300/13](#) must be retained in the Service member's medical record. Service member must detach from ECRC with his or her medical record, dental record, and [NAVPERS 1300/22](#).

g. CIAC Records. A copy of the [NAV MED 1300/13](#), [NAVPERS 1300/21](#), and the [NAVPERS 1300/22](#) screening forms will be held by the CIAC for a minimum period of 2 years.

6. **Resources**. The following Web sites contain valuable information on the IA process, including the required

expeditionary screening checklists, IA handbooks, links to the ECRC, frequently asked questions, and family readiness:

Expeditionary Combat Readiness Center (ECRC)	https://www.necc.usff.navy.mil/ecrc
Navy Personnel Command (NAVPERSCOM)	https://www.mynavyhr.navy.mil
Bureau of Medicine and Surgery (BUMED)	http://www.med.navy.mil/directives/Pages/default.aspx

MILPERSMAN 1300-320

NUCLEAR WEAPONS (NW) PERSONNEL RELIABILITY PROGRAM (PRP) PRELIMINARY SUITABILITY SCREENING

Responsible Office	SSP (SP31)	Phone:	COM DSN	(202) 433-7766 288-7766
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

Reference (s)	(a) SECNAVINST 5510.35C (b) DoDM 5210.42, Nuclear Weapons Personnel Reliability Program Manual, 13 Jan 15 (c) SECNAV M-5510.30, DON Personnel Security Program (d) Uniform Code of Military Justice (UCMJ)
----------------------	---

1. **Policy.** The safety, security, and reliability of nuclear weapons are of paramount importance to the security of the United States. The Personnel Reliability Program (PRP) preliminary suitability screening process is designed to ensure that only those personnel who have demonstrated the highest degree of reliability, trustworthiness, personal conduct, and integrity are assigned to PRP duties.

2. **Responsibility.** The responsibility for PRP preliminary suitability screening of personnel to determine their suitability for assignment to a PRP billet rests with the commanding officer (CO) of the transferring command. The CO must ensure members receiving orders to billets requiring PRP certification undergo PRP preliminary suitability screening under the provisions of this article and references (a) and (b) using NAVPERS 1300/27 PRP Preliminary Suitability Screening. NAVPERS 1300/27 may be accessed using the following link: <http://www.public.navy.mil/BUPERS-NPC/REFERENCE/FORMS/NAVPERS/Pages/default.aspx>. The results (suitable or unsuitable) must be forwarded to the gaining command and rating detailer by naval message, using the format in exhibit 1, within the time limits prescribed below. This authority will not be delegated, except to "acting" COs or officers-in-charge of isolated detachments. For training commands, an O5 division director may be delegated as the approving official.

3. **Applicability.** Personnel who have been selected or have received orders for assignment to a billet requiring PRP certification must receive PRP preliminary suitability screening, unless the member is currently certified in the PRP. The intent of this article is to eliminate personnel early in the transfer process who are clearly not fit for assignment to PRP positions. Full PRP certification of the member is not the intent.

a. PRP preliminary suitability screening is required for the following categories:

(1) **Personnel at Formal Courses of Instruction.** Members attending initial training (e.g., "A" School) who have been selected for follow-on assignment requiring PRP certification will undergo PRP preliminary suitability screening at the first available opportunity in their training program per reference (a). In addition to the requirements of reference (a), NAVPERS 1300/27 will be used to assist with the PRP preliminary suitability screening. Training commands will also document PRP preliminary suitability screening on OPNAV 5510/414 Nuclear Weapon Personnel Reliability Program (PRP) Screening and Evaluation Record per reference (a). NAVPERS 1300/27 will be attached to OPNAV 5510/414 and forwarded to the gaining PRP command. PRP preliminary suitability screening conducted at a previous training command (e.g., "A" School, Basic Enlisted Submarine School, Submarine Officer Advance Course, etc.) satisfies the requirement and need not be performed by follow-on schools (e.g., "C" School, P-WEPS pipeline, etc.). OPNAV 5510/414 may be accessed by using the following Web address: <https://navalforms.documentservices.dla.mil/>.

(2) **Non-PRP Personnel Transferring to Formal Training Requiring PRP Preliminary Suitability Screening.** The Catalog of Navy Training Courses (CANTRAC) identifies courses of instruction or training requiring PRP preliminary suitability screening prior to transfer. CANTRAC may be accessed by using the following link: <http://www.netc.navy.mil/Development.htm>. COs will ensure designated members are screened per this article using NAVPERS 1300/27. PRP preliminary suitability screening completion is documented on a temporary NAVPERS 1070/613 Administrative Remarks (using the format in exhibit 2). This document will be forwarded in the Service member's transfer package and submitted to the servicing personnel office for entry into the electronic service record (ESR). A naval message to the training command is not required.

(3) Non-PRP Personnel Transferring to a PRP Position.

Non-PRP personnel at either PRP or non-PRP commands who are in receipt of orders to a PRP billet require preliminary suitability screening for the PRP. COs will ensure designated members are screened per this article using NAVPERS 1300/27. The PRP preliminary suitability screening results must be reported suitable or unsuitable via naval message, using the format in exhibit 1, to the gaining command and the applicable detailer within 30 days of receipt of orders. Results of the PRP preliminary suitability screening must also be documented, per reference (a), on a temporary NAVPERS 1070/613 using the format in exhibit 2. NAVPERS 1300/27 will be attached to OPNAV 5510/414 and then forwarded to the gaining PRP command.

b. PRP preliminary suitability screening is not required for members currently serving in a PRP billet since they are under continuous evaluation. If the member is suspended from the PRP, the CO will inform the gaining activity and applicable detailer at Navy Personnel Command of the member's PRP status and anticipated resolution within 30 days of receipt of orders.

PRP Preliminary Suitability Screening Applicability Overview				
Category	Prescreen	NAVPERS 1300/27	Exhibit 1	Exhibit 2
Training (paragraph 3a(1))	Yes	Yes	No	No ⁽¹⁾
Non-PRP going to training (paragraph 3a(2))	Yes	Yes	No	Yes
Non-PRP going to PRP billet (paragraph 3a(3))	Yes	Yes	Yes	Yes
Current PRP (paragraph 3b(1))	No	No	No ⁽²⁾	No

Note 1: Exhibit 2 is required only if the member is found to be unsuitable for the PRP.

Note 2: Message is required to inform the gaining command that member is currently in the PRP under continuous evaluation.

4. PRP Preliminary Suitability Screening Criteria and Process.

Conduct PRP preliminary suitability screening per this article and references (a) and (b) using NAVPERS 1300/27. The designated PRP preliminary suitability screener will thoroughly review the

member's service record, Joint Personnel Adjudication System (JPAS) record or the Defense Information System for Security (DISS) record, medical and dental records, and conduct a personal interview. Report PRP suitability in the format provided in exhibits 1 and 2 (as required). PRP preliminary suitability screeners are not required to be in the PRP, but are required to be trained in Privacy Act and personally identifiable information (PII) requirements. Mandatory annual PII training for users of DON information systems fulfills the requirement for Privacy Act and PII training. PII training is available through My Navy Portal, Total Workforce Management System, MarineNet, and the Department of the Navy Chief Information Officer Web site, which may be accessed by using the following link: <http://www.doncio.navy.mil/PIIcourse/>.

a. **Authorization for Disclosure of Medical or Dental Information.** If not already completed, the member must fill out OPNAV 5510/419 Nuclear Weapons Personnel Reliability Program Authorization for Disclosure of Medical and Dental Information, prior to the PRP preliminary suitability medical screening process. OPNAV 5510/419 Nuclear Weapons Personnel Reliability Program Authorization for Disclosure of Medical and Dental Information may be accessed using the following link: <https://navalforms.documentservices.dla.mil>. Once completed, OPNAV 5510/419 must be maintained in the Service member's transfer package until arrival at the gaining PRP command.

b. **Military Personnel Record Review.** All available personnel records, including the ESR and the official military personnel file (OMPF), will be reviewed for adverse information as defined in references (a) and (b).

c. **Personnel Security Investigation (PSI).** Nominated members must meet the security requirements as defined in references (a), (b), and (c) for their proposed position. For the purposes of this article, PSI results (the actual report of the PSI) must not be requested or reviewed by the transferring command. This will be accomplished by the gaining PRP command.

d. **STR (Medical and Dental) Review.** Nominated members must be physically and mentally suitable for PRP assignment.

(1) The PRP preliminary suitability medical screener must verify that the member has completed and signed OPNAV 5510/419 prior to conducting any medical record screening. DD 2807-1 Report of Medical History must be used for the medical portion of

the PRP preliminary suitability screening process, which may be performed by any physician, physician assistant, nurse practitioner, or independent duty hospital corpsman. DD 2807-1 may be accessed by using the following Web address: <http://www.esd.whs.mil/Directives/forms/>. Preliminary medical screeners must review and become familiar with the Bureau of Medicine and Surgery (BUMED) PRP preliminary training presentation available on the Joint Knowledge Online (JKO) Web site located at: [https://intelshare.intelink.gov/sites/jko/prp/sitepages/PRP Pre-screening.aspx](https://intelshare.intelink.gov/sites/jko/prp/sitepages/PRP_Pre-screening.aspx) prior to conducting the medical screening process. Preliminary PRP medical screeners are not required to be qualified or designated as CMA or PRP medical personnel.

(2) Any medical information of a concerning nature that is not obviously disqualifying, but requires adjudication by PRP CMA prior to PRP certification, is not required to be further investigated by the transferring command. Training commands having access to an appropriately PRP trained and qualified CMA may (if time permits) have the concerning medical information adjudicated by a CMA.

(3) Health Insurance Portability and Accountability Act and Privacy Act regulations must be observed when reviewing medical records. Due to the sensitivity and confidential nature of these records, access must extend only to those who normally work with these records and have completed the requisite Privacy Act and PII training. All PRP preliminary suitability screeners must protect health information and ensure that the provisions of the Privacy Act are not violated.

e. **Personal Interview.** The purpose of the interview is to assess whether the member has a positive attitude toward nuclear weapons-related duties, determine the member's willingness to work with nuclear weapons or nuclear weapons-related material, and to identify and or discover any additional information that would disqualify the member from PRP-related duties.

5. **Suitability or Unsuitability Determination.** Determine suitability or unsuitability for PRP based on JPAS or DISS, OMPF, medical and dental record review, personal interview, and any other reliable information available (i.e., chain of command, chaplain, Drug and Alcohol Program Advisors, etc.). If the member is found to be unsuitable, in addition to the reporting requirements in paragraph 3 of this article, PRP disqualification requirements in reference (a) must be followed including:

- (a) Letter to Director, Strategic Systems Programs (SP31);
- (b) Permanent NAVPERS 1070/613 entry (for enlisted personnel) or a letter to Navy Personnel Command (NAVPERSCOM), Post Selection Board Matters Branch (PERS-833) (for officers); and
- (c) Other appropriate administrative actions (depending on the circumstance). The permanent NAVPERS 1070/613 format in exhibit 2 satisfies this requirement.

6. **Reporting Procedures**

a. **Preliminary Screening.** Initiate the PRP preliminary suitability screening process immediately upon receipt of orders.

b. **Report Suitability.** Report the suitability determination of PRP preliminary suitability screening using exhibits 1 and 2 within the time constraints provided in paragraph 3. Do not include sensitive medical information when reporting PRP suitability and ensure Privacy Act requirements are met.

c. **Copy of Enlisted or Officer Screening.** In all cases, a copy of the completed NAVPERS 1300/27 and exhibit 2 (where applicable) will be included in the Service member's transfer package.

7. **Change of Suitability Determination.** If any subsequent information renders the member unsuitable, (occurring at the transferring command, any intermediate activity, or enroute), hold orders in abeyance and notify the applicable detailee at Navy Personnel Command immediately. Ensure the member is aware of his or her responsibility to report any circumstances that may change his or her suitability status immediately to avoid disciplinary action under reference (d), article 107 (false official statements) for failing to do so.

8. **Policy Support.** Questions about PRP policy and PRP preliminary suitability screening requirements may be forwarded to (NIPRNET) prp@ssp.navy.mil or (SIPRNET) prp@ssp.navy.smil.mil.

PRP PRELIMINARY SUITABILITY SCREENING/NAVPERS 1070/613 ADMINISTRATIVE REMARKS

COMMANDING OFFICER, NAVAL STATION ANYTOWN (UIC 12345)

DDMMYYYY: Member has been prescreened for suitability in the Nuclear Weapons Personnel Reliability Program (PRP) per provisions of DoDM 5210.42 and SECNAVINST 5510.35C and is recommended/not recommended (circle one) for duties involving nuclear weapons.

A.B. SEA, CDR, USN
Commanding Officer

(if recommended for a PRP position)

DDMMYYYY: I have read and understand the qualifying and disqualifying criteria for the Personnel Reliability Program (PRP) contained in DoDM 5210.42 and SECNAVINST 5510.35C.

MEMBER'S SIGNATURE/DATE

(if not recommended for a PRP position)

DDMMYYYY: DISQUALIFIED for assignment to nuclear weapons positions.

I have read and understand the qualifying and disqualifying criteria for the Personnel Reliability Program (PRP) contained in DoDM 5210.42 and SECNAVINST 5510.35C. I understand that I am not qualified for assignment to nuclear weapons positions and the PRP due to my inability to meet the PRP standards.

I also understand that I have the right to appeal this decision per SECNAVINST 5510.35C and that there is no statute of limitation for submitting the request.

MEMBER'S SIGNATURE/DATE

Witnessed:

A.B. SEA, CDR, USN
Commanding Officer

MILPERSMAN 1300-400

DISLOCATION ALLOWANCE (DLA) AND SECRETARY OF THE NAVY FINDS (SECNAVFIND)

Responsible Office	NAVPERSCOM (PERS-451H)	Phone:	DSN	882-4198
			COM	(901) 874-4198
			FAX	882-2693

References	(a) NAVSO P-6034, Joint Federal Travel Regulations , Chapter 5
------------	---

1. Policy

a. A dislocation allowance (DLA) is payable to

(1) a member **with** family members, when family members perform an authorized move in connection with a permanent change of station (PCS);

(2) a member **without** family members, when not assigned adequate government quarters upon reporting at a new permanent duty station (PDS) and occupies private quarters; or

(3) incident to an evacuation.

b. A member is not entitled to more than one DLA payment during any fiscal year unless Secretary of the Navy finds (SECNAVFIND) exigencies of the service require more than one PCS move during the same fiscal year.

c. Requests for a SECNAVFIND must be submitted at an early date, as approximately 4 weeks are required for processing.

2. **SECNAVFIND not Required.** Secretary of the Navy (SECNAV) has determined the following events are exigencies required by the Navy and when a **second or subsequent** PCS results from them, payment of DLA can be made without a SECNAVFIND.

a. Change of homeport, including the initial homeport assignment, of a ship or afloat staff. The Chief of Naval Operations (CNO) message promulgating the homeport/PDS change is

the SECNAVFIND approval and is to be referenced as such in any Homeport Change Certificate.

b. Deactivation of a ship or activity.

c. Transfer of a member **from outside the United States to a hospital in the United States** for observation and treatment.

d. Transfer of a member **within the United States to a hospital in the United States** for observation and treatment, provided

(1) the commanding officer (CO) of the receiving hospital issues a statement the treatment will be of a prolonged duration, and

(2) the member's CO requests a permanent replacement for the hospitalized member as an operational necessity.

e. Transfer of a member to, from, or between duty under instruction (DUINS) at courses of instruction at military installations, or civilian educational institutions controlled and managed by one or more of the uniformed services.

f. When the PCS transfer order states "SECNAVFIND NOT REQUIRED," or emergency evacuation of family members as provided in reference (a).

3. **SECNAVFIND Submittal Procedures for Navy Personnel Command (NAVPERSCOM)**. Detailers and assignment officers with PCS order writing authority are required to determine the need for a SECNAVFIND for each assignment.

a. If required, they will submit a SECNAVFIND request (see Exhibit 1) to NAVPERSCOM, Distribution Management and Procedures Branch (PERS-451H) and obtain approval before issuing PCS orders.

b. NAVPERSCOM (PERS-451H) will staff the SECNAVFIND and submit it to NAVPERSCOM, Assistant Commander Navy Personnel Command (ACNPC) for Career Management (PERS-4).

c. When NAVPERSCOM (PERS-4) response is received, NAVPERSCOM (PERS-451H) will inform the detailer/assignment officer so the appropriate SECNAVFIND statement can be included in the orders.

d. When a PCS order is issued that would entitle a member to a second or subsequent payment of DLA in the same fiscal year, one of the following statements will be included in the accounting section of the orders:

(1) "SECNAVFIND APPROVED" when the approval is obtained before the orders are issued.

(2) "SECNAVFIND PENDING" when orders must be issued before the SECNAV approval is received. When the approval is received, the member will be notified via message or letter of the SECNAVFIND approval.

(3) "SECNAVFIND NOT REQUIRED" when it is determined a SECNAVFIND is not required.

4. SECNAVFIND Submittal Procedures for Individual Commands

a. When PCS orders are received for a member and it is determined at the command level that a SECNAVFIND is required, but the PCS orders do not indicate a SECNAVFIND is approved, pending, or not required, the member's CO will request a SECNAVFIND from NAVPERSCOM (PERS-451H) utilizing Exhibit 1.

b. Under no circumstances will any PCS order entitling a member to a second or subsequent DLA payment in one fiscal year be executed without a SECNAVFIND determination stated in the orders, or until specifically approved in advance by NAVPERSCOM (PERS-451H).

5. SECNAVFIND Master File. NAVPERSCOM (PERS-451H) will maintain the master file of SECNAVFIND requests for statistical and record purposes. Each record in the master file will contain the following:

a. Copy of all requests for SECNAVFINDs.

b. Copy of all correspondence between NAVPERSCOM (PERS-451H), detailers, assignment officers, and external activities pertaining to each SECNAVFIND.

c. Comeback copy of all SECNAVFIND requests returned from NAVPERSCOM (PERS-4).

EXHIBIT 1

SECNAVFIND REQUEST

(Use proper letter format containing the following:)

From: Activity, Division Director, or Branch Head
To: Commander, Navy Personnel Command (PERS-451H))

Subj: REQUEST FOR A SECNAVFIND

Ref: (a) MILPERSMAN 1300-400

1. Per reference (a), request a SECNAVFIND for the member named below. The following information is provided:

a. Name, rank/rate, last four numbers of SSN, designator, corps, and service.

b. Date of each detachment and activity's name and location from which detached in same fiscal year where entitlement to dislocation allowance was involved.

c. Present duty station.

d. New duty station.

e. Entitled to with/without family members' payment.

e. Date of detachment from present duty station.

f. Reason for transfer to new duty station.

g. Other pertinent information (state why transfer has to occur this fiscal year, special circumstances Secretary of the Navy would need to make a decision, etc.).

MILPERSMAN 1300-500

REASSIGNMENTS FOR HUMANITARIAN REASONS (HUMS)

Responsible Office	NAVPERSCOM (PERS-40HH)	Phone: DSN COM FAX E-mail	882-3542 (901) 874-3542 882-2647 Mill_pers-40hums@navy.mil
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) OPNAVINST 1754.2F (b) NAVSO P-6034, Joint Travel Regulations, Volume 1, Uniformed Service Members
-------------------	---

1. Policy

a. Detailing authorities are aware of the hardships that confront Navy families and the additional aggravation imposed by long absences of Service members from their families. Emergency leave frequently provides sufficient time to alleviate such hardships; however, when Service members require more time than leave can provide and have a chance of resolving the hardship within a reasonable period, reassignment for humanitarian reasons (HUMS) may be requested.

b. A request for reassignment will not be disapproved because a Service member is needed in duties assigned. This article contains the general guidelines concerning application and assignment options available.

2. Screening by Service Member's Command

a. Prior to considering HUMS reassignment for Service members assigned overseas, review [MILPERSMAN 1300-306](#) to see if early return might be a more appropriate course of action.

b. Assignment procedures and resources available to Service members whose family member(s) require continued access to specialized treatment or educational facilities are contained in reference (a).

c. If time is a significant factor in a Service member's hardship and the need for expeditious handling is evident, commanding officers (COs) may render invaluable assistance by establishing an internal screening process to determine whether a request for HUMS assignment is warranted.

(1) The screening process listed in this article should be tailored to the individual command's size and include members such as chaplains, doctors, senior officers, and chief petty officers to evaluate the case, provide command assistance, and recommend required action.

(2) If it is determined that a request for HUMS assignment is warranted, the preparation of such requests must be screened for clarity, accuracy, and comprehensiveness to preclude unnecessary delays in administrative processing.

3. Processing by Navy Personnel Command (NAVPERSCOM)

a. Once NAVPERSCOM receives a HUMS assignment request, NAVPERSCOM, Enlisted Distribution Division (PERS-40HH) will administratively process **enlisted** requests and NAVPERSCOM, Career Management Department (PERS-4) will administratively process **officer** requests.

b. A board, consisting of senior officers and chief petty officers, will review all cases and consider them on an individual basis with the final determination based solely on the information and documentation submitted.

c. NAVPERSCOM will notify parent commands, via naval message, of any discrepancy causing requests to be held in abeyance. Packages not corrected within 60 days of receipt will be cancelled, and parent commands will be notified via naval message.

4. Basic Criteria for Determining Humanitarian/Hardship Situations. The Service member's request must show the hardship meets the following established criteria for eligibility for HUMS reassignment:

a. A severe hardship exists that is not normally encountered and resolved by other Service members of the naval Service;

b. The hardship occurs or has been excessively aggravated since the Service member has been serving on active duty;

c. The problem affects the Service member's immediate family. Immediate family is defined as a spouse, child, stepchild (if the stepchild is in fact dependent upon the Service member), parent, parent-in-law, brother, sister, stepparent, or other person acting in loco parentis for a period of 5 years before the Service member became 21 years of age or any bona fide dependent to the Service member;

d. There are no other family member(s) or relative(s) who are capable of providing necessary assistance;

e. The Service member has made every reasonable effort to alleviate the hardship and it cannot be reasonably alleviated through leave (including emergency leave if the Service member is overseas), correspondence, power of attorney, or by other professional people (e.g., lawyers, counselors, clergy, doctors, psychiatrists, etc.);

f. The Service member's presence is required for specific reasons other than for morale or financial purposes alone;

g. The hardship is resolvable within a reasonable period (normally 6-12 months); and

h. If hardship involves illness of a dependent of the Service member, enrollment in the Exceptional Family Member Program must be initiated prior to submission of HUMS reassignment request.

5. **Special Considerations.** The following circumstances involving the applicant's family members normally warrant special consideration when it is determined that the Service member's presence is essential to alleviate the problem and it is solvable within a reasonable period (not an all inclusive list):

a. Death of applicant's spouse or child,

b. Divorce when the Service member has court awarded custody of the children and time is needed to make arrangements for their permanent care, or

c. Severe illness (physical or mental) resulting in the affected person's hospitalization or scheduled hospitalization.

6. **Humanitarian Reassignments Not Considered Within the Purview of this Article.** Requests that are not within the purview of this article will not be approved. Examples include:

a. Financial or business reasons (including the operation of family business),

b. Indebtedness,

c. Personal convenience,

d. Attending to or assisting persons not identified as immediate family,

e. Children in school (exception is made for children requiring specialized education),

f. Part-time employment of Service member or employment of spouse,

g. Service member's physical or mental condition,

h. Settling of estates (use leave or liberty, other family member(s), or a lawyer),

i. Being a single parent; raising children is considered a long-term situation and should normally be considered for a hardship discharge or parenthood discharge (refer to [MILPERSMAN 1910-110](#) and [1910-124](#)),

j. Service member has bought or owns a home,

k. The death of a parent where other family member(s) are surviving,

l. Threatened separation or divorce action, or normal anxiety or depression due to military assignments, or

m. Normal pregnancy, threatened miscarriage, breech birth, Cesarean section, or Rhesus (Rh) incompatibility.

7. **Costed Humanitarian Reassignment.** All approved HUMS assignments will be considered fully funded permanent change of

station travel for Sailor and dependents. Service members will renegotiate for follow-on orders at the completion of HUMS.

a. Service Members Serving on Sea Duty

(1) If Service members are within 6 months of completion of a prescribed sea tour (PST), they may be reassigned in the area desired for a normal shore duty tour if an authorized billet is available.

(2) If Service members have more than 6 months remaining on PST, consideration may be given for assignment to a special tour for HUMS on a case-by-case basis; however, in such cases an authorized billet must exist for the Service members in the area desired. Such assignment will be approved only when there is ample evidence the hardship can be resolved in a reasonable period.

(3) Upon completion of the special tour, the Service members will be reassigned to either a sea or shore duty activity. The reassignment decision will be based on the amount of time the Service members have remaining on PST, sea or shore requirements, etc.

(4) All enlisted Service members will have their sea duty commencement date (SDCD) adjusted for periods of HUMS assignment.

b. Service Members Serving on Shore Duty

(1) Consideration may be given for an extension beyond the normal tour at the present duty station. Such extensions will be determined on a case-by-case basis, but will not normally exceed 6 months.

(2) Consideration may be given for reassignment to a desired shore activity for the remainder of a normal tour, provided there is an authorized billet available in the area desired. When such reassignment is authorized, the Service members' projected rotation date (PRD) will be adjusted (if applicable) to allow a minimum of 12 months at the new command.

8. **Indefinite Hardship.** When there is evidence that a severe hardship cannot be resolved within a reasonable period of time (1 year or more) or when the demands of the hardship

situation will not permit Service members to perform their duties in a proficient manner, they should consider requesting one of the following options per [MILPERSMAN 1910-110](#), [1920 080](#), and [1920-090](#) (as appropriate):

- a. hardship discharge
- b. release from active duty
- c. retirement (if eligible)
- d. resignation

9. **Inter/Intra-Fleet Transfers.** If a Service member is encountering a hardship that an inter/intra-fleet transfer could resolve and is otherwise ineligible for such inter/intra-fleet transfer, member may receive an eligibility requirement waiver under the criteria established for HUMS assignment.

10. **Reassignment While in Limited Duty (LIMDU) Status.** HUMS reassignments will be considered on a case-by-case basis for Service members while in accounting category code "105" LIMDU status.

11. **HUMS Reassignments Beyond Expiration of Active Obligated Service (EAOS).** Enlisted Service members may not reenlist or extend while serving on a HUMS assignment without approval from PERS-40HH.

12. **Procedures for Urgent Hardship Cases**

a. **Emergency Leave.** Emergency leave will normally be authorized for all hardship cases of an urgent nature. When granting emergency leave, especially from overseas, COs should ensure Service members are aware of the contents of this article, and in the event they subsequently desire to request HUMS reassignment, they may contact any naval activity in the area of their leave address to request administrative support.

b. **Letter Request.** Message requests are discouraged because they generally do not contain sufficient information for proper evaluation and determination. Normally, the immediate urgency will be satisfied by granting emergency leave, with instructions to submit a letter request from the Service member via the naval activity nearest the Service member's leave address. Commands should review reference (b), chapter 7, part

H, and chapter 5, part C, (where applicable) in conjunction with emergency leave.

c. **Requests While in Leave Status.** Requests submitted while in a leave status will be submitted to NAVPERSCOM via the CO of any naval activity in the vicinity of the Service member's leave address. Copies, to include enclosures (when required), will be submitted to the Service member's CO for review and endorsement (as appropriate). The CO of the Service member's parent command is required to endorse requests. Message endorsements are acceptable for deployed units.

(1) If the amount of leave granted is insufficient to enable submission of a request for HUMS reassignment, the assisting activity should direct a request for extension of leave to the Service member's parent command or (in applicable cases) to the next intermediate reporting station as directed in the Service member's leave authorization or transfer order. Do not request leave extensions from NAVPERSCOM.

(2) When a bona fide emergency hardship exists that meets the criteria for reassignment and insufficient time remains to request extension of leave or further leave would cause the Service member to be in excess of leave (i.e., more than 30 days or in excess of that which could be earned in Service member's remaining obligated service (OBLISERV)), the assisting command will send a message to the Service member's parent command with the following information:

(a) A brief, meaningful explanation of the hardship, along with the following statement:

"unless otherwise directed, the Service member will be retained on board 15 days in a no-cost temporary additional duty (TEMADD) status pending decision of Navy Personnel Command."
--

(b) Effective time and date of retention.

(3) Final determination of a Service member's retention at an assisting command rests with the Service member's CO at the permanent duty station.

(4) If retention is authorized, the Service member will be issued TEMADD orders or an endorsement of present orders, which will include the statement in subparagraph 12c(2)(a) above concerning no-cost.

(5) TEMADD will not exceed 15 days. Every effort will be made to ensure the request is prepared and forwarded in a timely manner. Final disposition will be attempted on each case prior to expiration of leave/departure from leave address or detachment from TEMADD.

(6) If the Service member does not have service, health, and dental records in possession, **do not** request these from the parent command prior to receiving disposition of the request.

(7) In the case of a disapproved request, the Service member will be detached in a leave status within 3 working days to return to the parent command or to report to the new duty station. If immediate detachment is not possible (e.g., port calls), all concerned should be notified for the reason why the Service member is not being detached by message.

(8) This article is not authorization for a CO to issue TEMADD or temporary duty (TEM DU) orders to a Service member for the purpose of proceeding to the area of a hardship and gathering documentation for submitting a request; the Service member must use leave for that purpose.

13. Submission of Requests for HUMS

a. Requests for HUMS reassignment will be sent to the following:

(1) **Officer** - Cognizant assignment division within PERS-4.

(2) **Enlisted** - PERS-40HH or scan to e-mail: mill_pers-40hums@navy.mil.

(3) **Enlisted Full Time Support (FTS)** - NAVPERSCOM (PERS-40HH) or scan to e-mail: mill_pers-40hums@navy.mil.

(4) **Mobilized Reservists** - NAVPERSCOM, Full-Time Support Distribution and Augmentation Division (PERS-46).

b. Required information and formats for requests and endorsements are provided in exhibits 1 and 2. When service records are not available, necessary information should be obtained by interviewing the Service member involved; the endorsement should reflect this information. Incomplete

requests or requests containing insufficient information on which to base a decision will be held in abeyance at NAVPERSCOM until the information is provided and cancelled if not corrected within 60 days.

14. **Supporting Statements Required for Service Member's Basic Letter Request for HUMS.** Prior to initiating a request for HUMS reassignment, the Service member will obtain the following statements as enclosures to the basic request (this may not be an all inclusive list). Each statement made in the request must be backed with a written statement from a professional who is aware of the hardship.

a. A statement from the immediate family member(s) experiencing the hardship indicating the nature of the hardship and why the Service member's presence is considered mandatory,

b. Statements from all immediate family member(s) stating what assistance they are providing or can provide, or reason assistance is unavailable,

c. Statements from one or more responsible citizens who have personal knowledge of the situation,

d. If illness is involved, a current (within 2 months) statement is required from the attending physician. Medical terminology within the statement should be defined to a degree sufficient to allow a layman to understand the nature of the illness. The statement must include the **diagnosis** and **prognosis**, and if hospitalization is involved, the probable **length of hospitalization**. The life expectancy of the family member concerned should also be included (if applicable). When mental illness is involved, the physician's statement should include pertinent background information concerning the patient's mental health and the possibility and probability of a recurrence. Allergies suffered by member(s) of the family due to climatic conditions normally will not constitute a basis for a change of assignment. Evaluation will include the following:

(1) Current morbidity or mortality trends for the disease or medical condition,

(2) Prognosis for recovery from the disease or solution of medical condition, and

(3) Expected results to be achieved from the assignment and whether the problem can be satisfactorily resolved without assignment.

e. If the request is based upon a physically or mentally handicapped dependent, the sponsor will be counseled to consult with the local health benefit counselor (HBC) at the nearest naval medical center or medical center of Service involved if treatment is other than Navy. The HBC can work with the attending physician(s) to determine where prescribed treatment or special schooling may be obtained. In all such cases, a statement from the HBC will also be included. Commands should ensure Service members are briefed that HBCs are available to assist them. Reference (a) provides guidance as to long-term problems involving handicapped dependents.

f. Statements are to be forwarded from social workers who have investigated the home situation (where applicable). Commands should initiate such investigations through the local health welfare agency or the American Red Cross (if necessary and appropriate).

g. If the hardship involves divorce action and or custody of dependent children, a current statement from the attorney involved, indicating court dates (if applicable). Copy of all previous and current separation, divorce, and custody documents must accompany the request.

h. If release from active duty or resignation is requested, statements of prospective employment and current financial situation will be included.

i. Statements from law enforcement agencies, schools, lawyers, etc. will be included as the request warrants.

15. **Contents of Service Member's Basic Letter Request for HUMS.**
The basic request will be submitted in naval letter format to include enclosures indicated in exhibit 1.

a. Paragraph and subparagraph headings will be included in all cases.

b. If information is not available or not applicable, indicate so under the appropriate heading.

c. If the Service member is in a leave status and the service record is not available, copies, for the purpose of submission, will be completed by interviewing the Service member concerned and a notation made to this effect.

d. The basic request must contain the following information:

(1) The locality where the assignment is requested and type of assignment being requested,

(2) A description of the hardship or humanitarian problem,

(3) A detailed description of what has been done to alleviate this hardship or humanitarian problem prior to submission of this request,

(4) A brief statement or plan outlining how reassignment of the Service member will either alleviate or resolve the hardship or humanitarian problem to allow the Service member to return to a normal rotational pattern,

(5) The names, addresses, and ages of the Service member and his or her family member(s),

(6) The names, addresses, ages, and relationship of all other immediate family member(s) (including parents, brothers, and sisters), regardless of location,

(7) The location of household goods and rough estimate of total weight,

(8) The attending physician's name, area code, and telephone number,

(9) The dates of any previous requests for reassignment for HUMS and or hardship discharge,

(10) A statement as to whether or not a hardship discharge is requested in the event the request for HUMS reassignment is not approved. Ensure Service member is briefed on the provisions of [MILPERSMAN 1910-110](#), [1920-080](#), and [1920-090](#),

(11) Location of records and personal effects, and

(12) Telephone number where Service member may be contacted.

16. **Enclosures to be Forwarded With Service Member's Basic Letter Request.** In addition to the statements required in paragraph 15, the following enclosures will be attached to the basic request: (If Service member is in a leave status and the service record is not available, copies, for the purpose of submission, must be completed by interviewing the Service member concerned and notation made to this effect.)

a. Up-to-date, signed NAVPERS 1070/602 Dependency Application/Record of Emergency Data (located in Navy Standard Integrated Personnel System (NSIPS)) and

b. Complete copies, with all enclosures, of any previous hardship discharge(s).

17. **CO's Endorsement.** The CO's endorsement will be submitted, using exhibit 2 format, and must contain the following information. (Requests that are incomplete or contain insufficient information on which to base a decision will be held in abeyance up to 60 days at NAVPERSCOM until the information is provided or the package is cancelled. "By direction" is not authorized for CO endorsements.)

a. A definite recommendation (i.e., approval, disapproval, for consideration, etc.) or, if in the CO's opinion, assignment to TEMDU HUMS and or assignment for HUMS is not the answer to the problem, a recommendation as to the proper course of action. The Service member's performance of duty should not be the basis for recommending approval or disapproval, nor is that factor considered by the board,

b. A brief synopsis of applicant's case and any new information not contained in the applicant's request that the CO has learned by personal interview or other contact.

(1) Include a statement as to what assistance has been provided by the command and local Navy and civilian agencies (e.g., clergy, social workers, HBC, Navy Wives Club, Navy Relief, American Red Cross, etc.). Ensure these agencies (when appropriate) have been contacted to give assistance.

(2) Provide information if Service member has required previous special consideration, leave, etc., due to this problem or similar circumstances.

c. Applicant's disciplinary status or pending disciplinary action. Cases of Service members awaiting disciplinary action will be held in abeyance by NAVPERSCOM until disciplinary action has been resolved,

d. Applicant's current duty status (i.e., on board for duty, on board in a leave status, or on board for further assignment or transfer, etc.),

e. Miscellaneous personal data to include date Service member reported aboard present duty station, date reported aboard assisting command (if applicable), active duty service date, and PRD. If service record is not available, obtain data by interviewing Service member involved and indicate in this paragraph (ensure EAOS, SDCCD, and shore duty commencement date is included for enlisted Service members),

f. If applicant is on leave, give date leave commenced and date, time, and place of expiration; estimated time and date of departure from leave address in order to comply with leave orders; leave address; area code and telephone number where applicant may be reached; whether or not leave extension is being requested; and status of request. Provide statement of current leave balance.

Note: If applicant is not on leave, but granting leave is anticipated, include the data stated in subparagraph 17f).

g. Information concerning OBLISERV remaining as a result of advancement, school, etc. (if any),

h. Homeport or permanent duty station,

i. Activity dates such as dates of forthcoming deployments, completion of deployment, etc. Do not classify endorsement; use approximate dates (if necessary),

j. State whether or not the command assisting in submission of the request has facilities to process separation of Service member, and, if not, the nearest separation activity that could process separation,

k. If applicant desires consideration for hardship discharge, include a breakdown of earnings and withholdings from current pay record, and

l. Name and telephone number (DSN and COM with area code) for a point of contact (POC).

18. **Request for Reconsideration**. If the Service member desires reconsideration of a disapproved request, a formal letter request from the Service member with command endorsement and additional substantiating documentation is required. Disapproved requests will be kept on file with NAVPERSCOM for 6 months. Reconsideration requests need not contain documents submitted with original request if the 6-month period has not passed.

19. **Request for Assignment on Permissive Orders**. Service members who request transfer at the Government's expense that cannot be approved, may request an assignment on permissive orders. Such requests, with substantiating documents, should indicate expected period of hardship, whether the transfer will alleviate the hardship, whether the duty station is within commuting distance of the place where the hardship exists, and that Service member agrees to bear all expenses involved.

20. **Assignment Procedures**. Directive (cost) orders will be issued when a Service member is being permanently reassigned and the following conditions are met:

a. The Service member is being assigned to a vacant billet requiring Service member's rank or rate or designator or Navy enlisted classification code, and

b. The Service member has been assigned to the current duty station 1 year or more.

21. **Extension of TEMDU HUMS**. Requests for extension of TEMDU HUMS will be granted on a case-by-case basis. Requests must be submitted at least 1 month prior to expiration of current TEMDU HUMS assignment. They will be forwarded by the command to which the Service member is attached for TEMDU HUMS to NAVPERSCOM. It is essential that included substantiation be current. An availability report will be enclosed with the extension request.

22. **Administration of Service Members on TEMDU HUMS**

a. Activities receiving Service members on board for TEMDU HUMS will gain them immediately via NSIPS.

b. When the hardship ceases to exist or has been alleviated before completion of the period of TEMDU assigned, the activity to which the Service member is assigned for TEMDU HUMS will promptly submit an availability report to NAVPERSCOM (as appropriate).

23. **Service Members on TEMDU HUMS Desiring to Remain on Active Duty**

a. **Officers.** Officers who desire to remain on active duty will forward their requests to NAVPERSCOM (assignment officer), via their COs, 6 weeks prior to completion of the assignment. (Unless the hardship that generated the TEMDU HUMS has been alleviated or ceased to exist, retention on active duty normally will not be authorized.)

b. **Enlisted.** Enlisted Service members will not be allowed to reenlist or voluntarily extend their enlistment, unless specifically authorized by NAVPERSCOM.

(1) This restriction is applicable to Service members whose enlistment or enlistment, as extended, expires within 6 months after PRD of TEMDU HUMS assignment.

(2) Service members who desire to reenlist or extend their enlistment must forward their requests to PERS-40HH, via their COs, 6 weeks prior to completion of assignment.

(3) Unless the hardship that generated the TEMDU HUMS has been alleviated or ceased to exist, reenlistment or extension normally will not be authorized.

(4) When NAVPERSCOM has directed the CO to make a permanent [NAVPERS 1070/613](#) Administrative Remarks entry stating that a Service member's record is to be flagged and that member is not to be reenlisted or extended on active duty without prior PERS-40HH approval:

(a) Such an entry does not automatically preclude the Service member's reenlistment, but is intended to require NAVPERSCOM to reevaluate cases, which involve hardships of

sufficient duration to jeopardize the Service member's future assignability.

(b) If the Service member does not desire reenlistment and is separated at EAOS, COs must ensure that reenlistment code "RE-4" is issued, unless otherwise directed by NAVPERSCOM.

24. **Reassignment of Service Members at Expiration of TEMDU HUMS**

a. Service members on TEMDU HUMS will be considered for reassignment approximately 1 month prior to the scheduled completion of their temporary assignments.

b. Six weeks prior to the Service member's HUMs expiring, activities will interview the Service member to determine if the hardship has been resolved before submitting an availability message to NAVPERSCOM.

c. Service members coming off TEMDU HUMS will be considered immediate rollers and must select from priority billets as offered by the Service member's rating assignment detailer. If Service members coming off TEMDU HUMS orders fail to accept orders offered by their detailer within 30 days of availability date, the detailer will issue "needs of the Navy orders" for immediate transfer to a valid billet per sea/shore flow and other current directives.

EXHIBIT 1

BASIC LETTER FOR HUMS REASSIGNMENT/EXTENSION
(Use the proper letter format containing the following:)

From: Rank/Rate, First, MI, Last, USN
To: Commander, Navy Personnel Command ((PERS-40HH) (for enlisted Service Members) and PERS-4 (for officers))
Via: Commanding Officer,

Subj: REQUEST FOR REASSIGNMENT OR EXTENSION FOR HUMANITARIAN REASONS

Ref: (a) MILPERSMAN 1300-500

Encl: (1) Copy of updated NAVPERS 1070/602 Dependency Application/Record of Emergency Data
(2) Complete copies, with all enclosures, of any previous requests submitted for HUMS reassignment or hardship discharge (if applicable)

(List all letters and documents as individual enclosures.)

1. Request: I request to be assigned/extended in the area of () or (temporary duty (TEM DU) humanitarian reasons (HUMS)/normal tour of shore duty/special shore tour) for the reasons indicated below:

a. Description of hardship: (A complete and meaningful description of the hardship without reference to enclosures, which ensures all information addressees are adequately advised of the existing hardship.)

b. Description of action taken: (A detailed description of what has been done to alleviate this hardship/humanitarian problem, prior to submission of this request.)

c. How applicant expects to alleviate or resolve the hardship if request is approved: (A brief statement outlining how reassignment of the Service member will either alleviate or resolve the hardship/humanitarian problem.)

2. Necessary information to facilitate decision:

a. Names, addresses, and ages of the Service member and dependent(s).

b. Names, addresses, and ages of all other immediate family member(s): (Parents, brothers, and sisters are to be listed, regardless of location.)

c. Location of household goods and rough estimate of total weight.

d. Service member's work and home area code and telephone number.

e. Attending physician's name, area code, and telephone number.

f. Dates of any previous requests for reassignment for HUMS and or release from active duty, or resignation for HUMS.

g. "I understand that if my request for TEMDU HUMS is granted, my assignment will be effected at no cost to the Government and I am aware of the restrictions stated in [MILPERSMAN 1300-500](#)."

h. Hardship discharge statement:

(For enlisted Service members not eligible for retirement) "Having been briefed on the contents of [MILPERSMAN 1910-110](#) and [1920-200](#) I desire/do not desire release from active duty should this request for reassignment/extension for HUMS be denied."

(or)

(For officers not eligible for retirement) "Having been briefed on the contents of [MILPERSMAN 1910-110](#) and [1920-200](#) I desire/do not desire resignation should this request for reassignment/extension for HUMS be denied."

(or)

(If Service member has sufficient military service that would allow retirement, transfer to the Fleet Reserve, or is within 6 months of eligibility for retirement or transfer to the Fleet Reserve) "I desire/do not desire consideration for retirement or transfer to the Fleet Reserve should this request for reassignment/extension be denied."

i. Include application for retirement or Fleet Reserve as an enclosure if Service member desires consideration.

j. Location of records and personal effects.

3. PRIVACY ACT STATEMENT:

The authority to request this information is derived from 5 U.S.C. section 301 and departmental regulations. The purpose of this request is to request transfer and or discharge due to dependency or hardship reasons. The information is used to determine approval or disapproval for the requested status. The application is completely voluntary; however, failure to provide the required information will result in an inability to process the request and the Service member will not be able to receive the requested status.

(Service member's Signature)

Copy to:

Commanding Officer (if request submitted while in a leave or TEMADD status.)

EXHIBIT 2

**CO's ENDORSEMENT OF HUMS REASSIGNMENT/EXTENSION REQUEST
(Use the proper letter format containing the following:)**

FIRST ENDORSEMENT on (Basic letter - completely identified)

From: Commanding Officer,
To: Commander, Navy Personnel Command (PERS-40HH for enlisted
Service members, PERS-4 for appropriate detailee for officers)

Subj: REQUEST FOR REASSIGNMENT or EXTENSION FOR HUMANITARIAN
REASONS

1. Commanding officer's (CO's) recommendation. A definite recommendation (i.e., approval, disapproval, for consideration, etc.). If, in the CO's opinion, assignment to temporary duty (TEM DU) humanitarian reasons (HUMS) and or assignment for HUMS is not the answer to the problem, a recommendation as to the proper course of action should be provided. The Service member's performance of duty should not be the basis for recommending approval/disapproval, nor is that factor considered by the board.

2. CO's synopsis, assistance provided thus far, and other pertinent information. A brief synopsis of Service member's case and any new information not contained in the Service member's request, which was obtained from the CO's personal interview or other contact. Include a statement as to what assistance has been provided by the command and local Navy and civilian agencies (i.e., clergy, social workers, health benefits counselor, Navy Spouses Club, Navy Relief, American Red Cross, etc.). Ensure these agencies (when appropriate) have been contacted to give assistance. Provide information if the Service member has required previous special consideration (e.g., leave), etc. due to this problem or similar circumstances.

3. Service member's disciplinary status or pending disciplinary action. Cases of Service members awaiting disciplinary action will be held in abeyance by Navy Personnel Command until disciplinary action has been resolved.

4. Service member's current duty status (i.e., on board for duty, on board in a leave status, on board for further assignment, or for further transfer, etc.

Commanding Officer's Signature

Copy to:
Service member

MILPERSMAN 1300-600

TWILIGHT TOURS

Responsible Office	NAVPERSCOM (PERS-40)	Phone	Toll Free	1-800-U ASK NPC
MyNavy Career Center		Phone:	Toll Free	1-833-330-MNCC (6622)
		E-mail:		askmncc@navy.mil
		MyNavy Portal:		https://my.navy.mil/

1. **Purpose.** This article sets forth eligibility criteria for Service members requesting assignment to the area of their choice, on their last tour of active duty, who will complete 30 or more years of active duty upon the completion of that tour.

2. **Eligibility**

a. **Officers.** Officers eligible for voluntary non-disability retirement, per MILPERSMAN 1810-020, with 27 or more years of service are eligible for assignment under the provisions of this article.

b. **Enlisted.** Enlisted members eligible for voluntary non-disability retirement per MILPERSMAN 1810-010 (i.e., members who will complete either 30 years of active duty day-for-day or 30 years of active service computed by including constructive service, less minority enlistment constructive service credit, earned prior to 1 January 1978) are eligible for assignment under the provisions of this article. Enlisted personnel with more than 27 years of service who have not requested a twilight tour may do so.

(1) Members previously transferred to the Fleet Reserve who are serving on active duty are placed on the "Retired List" without application per MILPERSMAN 1820-010.

(2) Fleet reservists on active duty are ineligible for reassignment under the provisions of this article, even though they have been on continuous active duty for their entire period of service.

(3) Members approaching retirement eligibility who are currently serving a tour of overseas duty are cautioned that

requirement to complete the Department of Defense (DoD) area tour may disallow their eligibility to request a twilight tour, if it will result in exceeding 30 years and their rate or rating is not approved for retention beyond 30 years.

3. **Choice of Assignment.** Although needs of the Navy must prevail, Service members may request assignment to the geographic area of their choice (specific cities, localities or units may be identified). Overseas areas may be requested; however, members will be required to complete the applicable DoD accompanied or all others tour for the area to which assigned.

a. **Officers.** The final tour of duty prior to retirement should reflect personal preference, provided a billet requirement exists in the area requested.

(1) Normally, assignments will be to duty at sea or shore, except when officers are completing normal tours of shore duty and their services are required at sea or overseas.

(2) Officer shortages preclude assignment in excess of allowance.

b. **Enlisted.** The final tour of duty prior to retirement should reflect personal preference, provided a billet requirement exists in the area requested. Service members will be assigned per their normal sea/shore flow to an activity within the geographic area of their choice, provided a valid requisition for their rate and rating is available.

4. **Request Procedures**

a. **Regular Navy.** Service members eligible for voluntary retirement who desire reassignment under the provisions of this article must submit applications for retirement as prescribed in MILPERSMAN 1810-010 and 1810-020 (as applicable).

(1) Officer requests for reassignment must be submitted via [NAVPERS 1301/85](#) Officer Personnel Action Request.

(2) Enlisted requests for reassignment must be submitted via [NAVPERS 1306/7](#) Electronic Personnel Action Request.

(3) Requests should be forwarded at least 9 months, but no more than 12 months in advance of the requested commencement of twilight tour.

b. **Reserve.** Full-time support Service members who will complete at least 30 years of active duty service, and desire reassignment under the provisions of this article must submit applications for transfer to the Fleet Reserve as prescribed in MILPERSMAN 1830-040.

(1) Requests for reassignment must be submitted in letter format and forwarded as an enclosure to the Service member's request for transfer to the Fleet Reserve.

(2) Requests should be submitted at least 9 months, but no more than 12 months in advance of the desired commencement of the twilight tour.

5. **Commanding Officer (CO) Responsibility.** COs must promptly forward all requests from eligible Service members and submit per this article, to the Navy Personnel Command (NAVPERSCOM), Career Management Department (PERS-4) applicable detailer.

a. **Enlisted High Year Tenure (HYT) Waiver.** Approval of twilight tours beyond 30 years require a separate [NAVPERS 1306/7](#) requesting an HYT waiver for the amount of time a Service member will exceed 30 years. If an HYT waiver is denied, the twilight tour request will not be granted.

b. **Questionable Eligibility.** Should doubt exist as to the Service member's eligibility, the request will be promptly forwarded and a determination will be made by the PERS-4 applicable detailer. If the CO's endorsement recommends disapproval of such request, the reason for disapproval must be stated in the endorsement to assist the applicable detailer with making a decision.

6. **Cancellation or Modification of Date of Retirement.**

Requests for cancellation or modification of retirement date, or requests for retention on active duty in a retired status, submitted by Service members who have been reassigned under the provisions of this article will not normally be approved.

Note: Only in exceptional circumstances, involving severe hardship or critical designator or rating shortage, will the Secretary of the Navy revise the date of retirement, or NAVPERSCOM retain retired personnel on active duty.

MILPERSMAN 1300-700

EXCEPTIONAL FAMILY MEMBER PROGRAM (EFMP)

References	(a) SECNAVINST 1754.5B (b) OPNAVINST 1754.2F (c) DoD Instruction 1315.19 (d) Uniform Code of Military Justice (UCMJ) (e) Individuals with Disabilities Education Act (IDEA) (f) BUMEDINST 1300.2B (g) 10 U.S.C. §1781
-------------------	---

1. **Policy.** Detailing authorities are sensitive to hardships that confront Navy families and difficulties imposed by the long absence of members from their families.

a. When a Sailor's family member is identified as having a chronic medical, mental health, or special education need, the Sailor will enroll the family member in the Exceptional Family Member Program (EFMP). Chronic conditions for EFMP purposes are those conditions expected to last 6 months or longer. Some conditions may warrant temporary enrollment lasting 6-12 months.

b. Enrollment in the EFMP is mandatory. The individual enrolled must be an authorized (enrolled in Defense Enrollment Eligibility Reporting System) family member who resides with the member (unless on an unaccompanied tour) and who has a chronic medical, mental health, or educational condition requiring more than routine primary care. Enrollment helps ensure the availability of required medical and educational services at future assignment locations. The EFMP is a detailing tool that ensures service availability, but **cannot** validate the quality of those services. Additional information regarding the EFMP may be found in references (a) through (c).

c. The location and timing of a member's assignment must be carefully managed while enrolled in the EFMP. Officer and enlisted detailers will work with the Navy member to develop a career path that permits normal sea and shore rotations.

d. While not always feasible, every attempt will be made to coordinate the Sailor's career progression needs with the special needs of the family member. The EFMP **does not** preclude members from:

- (1) Sea duty;
- (2) Normal sea/shore rotation;
- (3) Unaccompanied assignments;
- (4) Global support assignments;
- (5) Standing watches;
- (6) Performing normally assigned duties; or
- (7) Advancing to the next pay grade and rank.

e. Ultimate responsibility for enrolling in the EFMP rests with the Service member. Per reference (c), Sailors failing to enroll or knowingly provide false information are subject to articles 92 and 107 of reference (d).

2. Background

a. The EFMP was established in compliance with reference (e) and Department of Defense (DoD) policy, which require early intervention, special education, and related services for children with disabilities attending or eligible to attend DoD schools overseas.

b. In September 1988 the Navy expanded the EFMP **to include all authorized family members** (spouse, child, stepchild, adopted child, foster child, or dependent parent) residing with the Service member who have:

- (1) Physical, intellectual, or emotional disability; or
- (2) Long-term chronic medical condition that requires special medical or educational services.

c. The EFMP

(1) Confirms the availability of medical, early intervention, or special education services at overseas locations;

(2) Ensures availability of medical services at isolated continental United States (CONUS) locations;

(3) Identifies members requiring assignment to CONUS facilities adjacent to major medical facilities; and

(4) Identifies members eligible for stabilization assignment per reference (g).

3. **Enrollment Procedures.** Service members must enroll eligible family members using DD 2792 Family Member Medical Summary and appropriate addenda, and DD 2792-1 Special Education/Early Intervention Summary at: http://www.esd.whs.mil/Directives/forms/dd2500_2999/. The medical treatment facility (MTF) EFMP coordinator may assist the Service member or adult family member with the enrollment process.

a. Completion of DD 2792.

(1) **Demographics/Certification.** Information must be completed and signed by the member, spouse, or guardian of minor children and verified by an MTF EFMP coordinator. Personal notes and or additional information may be included.

(2) **Medical Summary.** Information must be completed and signed by a military or civilian medical provider if the family member has a physical disability or long-term chronic medical condition. A signed medical summary **must be** included for all children, even when no medical condition is apparent.

(3) **Addendum 1 - Asthma/Reactive Airway Disease Summary.** Information must be completed and signed by a military or civilian medical provider if the family member has a history of asthma or reactive airway disease. Mark **N/A** across addendum if no asthma/reactive airway disease exists.

(4) **Addendum 2 - Mental Health Summary.** Information must be completed by a military or civilian mental health provider if the family member has a history of mental health

conditions. Mark **N/A** across addendum if no mental health condition exists.

b. DD 2792-1 must be completed and signed by an early intervention or school official.

(1) A legible copy of the current Individualized Family Service Plan and Individualized Education Plan **must be** submitted.

(2) A letter or report from the school may be included.

(3) If enrolling a school-age child with medical needs only, the school must endorse the appropriate section of DD 2792-1 to verify that special education is not required.

(4) DD 2792-1 is required for all dependent children ages 3-18.

c. Service members or adult guardians must review the forms and addenda prior to signature to ensure the information is accurate and complete, and retain a copy for future update requirements.

d. If the Service member is stationed within an area serviced by an MTF, the MTF EFMP coordinator will forward the forms, addenda, and any accompanying documents (after reviewing them for accuracy and completeness) to the appropriate central screening committee (CSC) via the EFMP utility in the Navy Family Accountability and Assessment System (NFAAS).

e. If the Service member is stationed within an area not serviced by an MTF and a civilian health care provider completes the forms, the member will forward the EFMP forms directly to the appropriate medical cognizance as outlined in enclosure (6) of reference (f).

Note: Do not send forms directly to Navy Personnel Command (NAVPERSCOM), Exceptional Family Member Program (PERS-456).

4. **Submission Procedures.** EFMP enrollment applications must be forwarded to the appropriate CSC via the EFMP utility in the NFAAS based on the EFMP's current place of residence.

a. For members with EFMPs who reside **east of the Mississippi; in the European, South American, Middle Eastern, and African areas; and in the Atlantic/Caribbean region:**

Navy Medicine East EFMP Central Screening Committee
Naval Medical Center
620 John Paul Jones Circle
Portsmouth, VA 23708-5900

b. For members with EFMPs who reside **west of the Mississippi in CONUS, Canada, Alaska South Pacific, Asia, and Hawaii:**

Navy Medicine West EFMP Central Screening Committee
Naval Medical Center
34520 Bob Wilson Drive
San Diego, CA 92134-2102

c. MTF health care providers refer family members for EFMP enrollment when a condition warranting enrollment is identified (reference (f) contains a list of enrollment conditions, but it is not all inclusive). This may occur during routine health care, suitability screening, or when an individual self-identifies a condition.

d. The appropriate CSC promptly reviews the EFMP application, recommends enrollment/non-enrollment and forwards the application to NAVPERSCOM (PERS-456) via the EFMP utility for final action.

e. Further program guidance and general information may be obtained by contacting the EFMP manager at the following address and phone numbers:

Navy Personnel Command
Exceptional Family Member Program (PERS-456)
5720 Integrity Drive
Millington, TN 38055
Toll Free: 1 (866) 827-5672
COMM: (901) 874-2435
DSN: 882-2435

f. Questions regarding assignments and orders must be addressed to the member's detailee.

5. **Categories.** The CSC validates that enrollment is appropriate and recommends one of the following categories to NAVPERSCOM (PERS-456):

a. **Category 1.** No assignment restrictions. Enrollment is for monitoring purposes due to medical or educational needs. If orders are for overseas or remote duty, the family must successfully complete suitability screening.

b. **Category 2.** No CONUS assignment restrictions. Outside of the continental United States (OCONUS) and remote assignments may be restricted if the qualifying condition cannot be supported due to the nonavailability of required services. If orders are for overseas or remote duty, the family must successfully complete suitability screening.

c. **Category 3.** Some CONUS and OCONUS assignments may be limited based on diagnosis and requirements. If orders are for overseas or remote duty, the family must successfully complete suitability screening.

d. **Category 4.** Normally, no overseas assignments. CONUS assignments only and must be near major medical areas, including Hawaii and Alaska. The family member's special medical condition or educational needs require assignment to billets within a 2-hour drive under most conditions to access specialty care. This may be an MTF or a civilian TRICARE facility.

e. **Category 5:** The EFMP meets criteria for stabilization to remain in a particular geographic location, if the sponsor chooses. The family member's needs are highly specialized, complex, or severe, requiring continuity of care. Sponsors may be required to take unaccompanied assignment to meet mission requirements if resources are not available for the EFMP at the gaining duty location.

f. **Category 6.** Temporary category. The medical or educational condition requires a stable environment for 6 months to 1 year due to ongoing treatment or diagnostic assessments. This category must be updated within 1 year to receive permanent category or disenrollment.

g. Assignments are based on the EFMP's requirements listed in the current enrollment case file in NFAAS and the availability of resources at the gaining duty geographical location.

6. **Final Process.** NAVPERSCOM (PERS-456) EFMP Manager:

- a. Reviews the enrollment recommendation made by the CSC and consolidates with all other available information;
- b. Flags the detailing record, which notifies the detailee of EFMP status;
- c. Reviews the EFMP enrollment when PCS orders are proposed to ensure the availability of resources at the gaining assignment location.

7. **Updating Enrollments.** Enrollment updates are due every 3 years from the date the current enrollment is approved by NAVPERSCOM (PERS-456). Exceptions are as follows:

- a. Category 6 (temporary category) must be updated within 6-12 months of enrollment
- b. There is a change in medical diagnosis or new diagnosis
- c. There is a change in early intervention or special education needs
- d. There is a change in the custody status of a minor child enrolled in the EFMP

8. **Disenrollment.** Disenrollment may be requested when any of the following situations occur:

- a. Special medical, early intervention, or educational services are no longer required for a family member as validated by a physician/school official.
- b. An updated DD-2792 and DD 2792-1 (as applicable) will be submitted through the MTF EFMP coordinator and reviewed by the appropriate CSC who will determine if EFMP no longer meets the criteria to remain enrolled.
- c. In the event of divorce, loss of custody, or death of the EFMP; the CO or delegated signature authority must submit a naval letter on command letterhead to NAVPERSCOM (PERS-456). Required information includes:

(1) First name and relationship to the sponsor of the EFMP (in case of multiple EFMPs or step-children);

(2) Type of document cited (divorce decree or custody order signed by a judge, death certificate, or other official documentation that shows change in dependency status);

(3) Effective date of the change; and

(4) In cases involving children, indicate who has residential custody of the EFMP.

Note: Separation from a spouse is not grounds for disenrollment from the EFMP. Disenrollment for divorce may only be completed upon final dissolution of marriage.

d. In all cases ensure that an updated NAVPERS 1070/602 Dependency Application/Record of Emergency Data is prepared per MILPERSMAN 1070-270.

e. Family members enrolled in the Incapacitated Dependent Program to continue ID card privileges for children over age 21 should also be enrolled in the EFMP to ensure future assignments are properly screened for the incapacitated family member.

9. **Family Members Identified after Issuance of Orders**

a. If NAVPERSCOM assignment orders have already issued, overseas/remote duty suitability screening must be conducted concurrently with EFMP enrollment per reference (f).

b. If suitability screening cannot be completed prior to the member's scheduled transfer date, the member's command must notify NAVPERSCOM:

(1) Career Management Department (PERS-4),

(2) Enlisted Distribution Division (PERS-40),

(3) Distribution Management and Procedures Branch (PERS-451), and

(4) appropriate detailer

via BUPERS online (BOL) to request the orders be held in abeyance pending completion of overseas/remote duty suitability screening. Activities without BOL access may submit a naval

message. The message must address the status of the EFMP application.

10. **Early Return of EFMPs.** When an EFMP is identified overseas or at a remote duty location, requests for early return/reassignment of the member and family must be initiated when the medical or educational condition exceeds the capabilities of the overseas/remote duty location MTF. Refer to MILPERSMAN 1300-306 for additional information.

11. **Humanitarian Assignments.** In the event a hardship affecting immediate family members requires more time than emergency leave can provide, a Service member has the option of applying for a Humanitarian Assignment (HUMS). EFMP enrollment must be initiated prior to submission of a HUMS request if the hardship involves one of the Sailor's bona fide dependents. Refer to MILPERSMAN 1300-500 for additional information.

References	(a) BUMEDINST 1300.2A (b) NAVMED P-117, Manual of the Medical Department (c) SECNAVINST 1850.4E (d) SECNAVINST 5300.30D
-------------------	--

1. **Purpose.** To establish the requirement for commanding officers to perform an operational screening after a member in their command receives permanent change of station (PCS) orders to operational duty.

2. **Policy.** Operational screening determines suitability of Sailors transferring to Type 2 or 4 duty (enlisted) and Type C or D duty (officer). This does not alleviate the requirement to complete overseas screening per MILPERSMAN 1300-300. For Sailors transferring to Type 4 or D duty and found unsuitable due to a medical condition, once overseas screening has been reported per MILPERSMAN 1300-300, commands are directed to report unsuitability findings utilizing Exhibit 1 of this article.

a. The responsibility for operational screening lies with the Sailor's parent command. Screening Military Treatment Facility (MTF) responsibilities are outlined per references (a) and (b). Parent commands will ensure operational screenings are completed and reported per reporting requirements in para. 3.

An operational screening must be completed no later than 30 days after a Sailor is under orders to operational duty.

b. For enlisted members transferring to an operation command (type 2) within their first year of active duty, the Navy's entrance physical examination will be considered to satisfy the requirement for an operation screening. Overseas screening, per MILPERSMAN 1300-300, is still required to be completed for all orders to Type 3, 4 or 6 duty.

c. All officers assigned to Type/TAC 2/C will complete an operational screening prior to transferring to the operational unit. Overseas screening, per MILPERSMAN 1300-300, is still required to be completed for all orders to Type 3, 4 or 6 and TAC O and D (except HI and AK) duty.

d. For Sailors who have been disqualified from any program (e.g., submarine, nuclear, air crew duty etc.) due to medical limitations and are requesting conversion, an operational screening must be completed prior to any conversion/lateral transfer request being considered. Ensure submarine disqualification or medical waiver process has been completed prior to submission of the operational screening report.

3. **Reporting Requirements.** For enlisted personnel found able to return to duty after temporary limited duty (TLD) or "Fit for Continued Naval Service" by the Physical Evaluation Board (PEB), responsibilities are outlined per MILPERSMAN 1306-801 and reference (a).

a. For medical limitations identified during operational screening, the screening MTF must forward a suitability inquiry for the Sailor to the medical officer for the operational platform to ensure the condition will not interfere with the Sailor's ability to perform in the operational environment per this article and reference (a).

b. If a delay in operational screening is anticipated, notify the gaining command and Navy Personnel Command (NAVPERSCOM) Enlisted Distribution Division (PERS-40BB) (for enlisted), or the applicable officer detailee, utilizing Exhibit 1 with a "status pending" message stating the reason for delay and anticipated completion date.

c. For Sailors found **Suitable**, the transferring command will document suitability screening using Exhibit 2 and attach to transfer package.

d. For Sailors found **Unsuitable**:

(1) The transferring command will notify the gaining command and NAVPERSCOM (PERS-40BB) for enlisted or the applicable officer detailee using Exhibit 3.

(2) Ensure report of unsuitability contains the following:

(a) Detailed reason(s) for the finding to include ICD-9 code(s).

(b) Recommendations from the screening MTF regarding medical limitations, prognosis, and indicated administrative actions (e.g., placement on TLD and referral to PEB).

(c) Recommendation from the commanding officer.

4. **NAVPERSCOM Action**. Upon receipt of an unsuitable for operational duty message, NAVPERSCOM (PERS-40BB) will place the Navy Enlisted Classification (NEC) code "0090" (Not Operationally Suitable) in the Sailor's Enlisted Master File (EMF).

a. **For enlisted Sailors**, disposition recommendations will come from the respective detailee and enlisted community manager (ECM). NAVPERSCOM, Enlisted Distribution Division (PERS-40MM) will liaise with the NAVPERSCOM, Medical Programs Division (PERS-82) to coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

b. **For officers**, recommendations will come from the respective detailee or placement officer. PERS-451 will liaise with the NAVPERSCOM, PERS-82 to coordinate with Bureau of Medicine and Surgery (BUMED), force medical officers, ship medical officers, and overseas MTFs as required for those cases where assignment determinations for different type platforms cannot be readily made.

c. **For both officers and enlisted**, one of the following actions will result if the Sailor is not placed on TLD or referred to PEB:

(1) If a prospective gaining command with medical capabilities appropriate for supporting the Sailor's limitations can be identified, assignment orders will be issued.

(2) If a valid requirement exists at the current command, retain the member until expiration of active obligated service or minimum service requirement, unless needs of the Navy dictate otherwise.

(3) **For enlisted Sailors only**, one of the following additional actions may result:

(a) As dictated by needs of the Navy, an enlisted Sailor may be allowed to extend or reenlist provided the Sailor can be detailed per MCA priorities. This is different from the option cited in paragraph 4c(2) in that it allows Sailors who are unsuitable for some operational jobs to go to other hard-to-fill jobs.

(b) The Sailor will be instructed to contact their command career counselor (CCC) regarding submission of a conversion package to NAVPERSCOM, Career Administration Division (PERS-81). COs and CCCs should be aware that most Navy ratings require a Sailor to be world-wide assignable and if the Sailor has been found to be operationally unsuitable, the request for conversion may be disapproved.

(c) If none of the above options apply, the enlisted Sailor's command will be directed to initiate administrative separation (ADSEP) processing, per MILPERSMAN 1910-120, by reason of "not worldwide assignable."

5. **Administrative Separation (ADSEP)**

a. Sailors administratively separated by reason of being "not world-wide assignable," per MILPERSMAN 1910-120, **must not** have a disability as defined per reference (c).

b. If an administrative board is required prior to a separation determination, the administrative board may not

disregard or change the diagnosis of a medical officer. Sailors can introduce evidence as to the impact that such diagnosis may have on their potential for productive future naval service.

6. **Human Immunodeficiency Virus (HIV) Personnel**. Personnel enrolled in the HIV Program are governed per reference (d) and are not subject to this article.

NAVY EXPEDITIONARY INTELLIGENCE COMMAND (NAVEXINTCOM)

Responsible Office	NAVPERSCOM (PERS-408)	Phone:	DSN	882-3841
			COM	(901) 874-3841
			FAX	882-2650

MyNavy Career Center	Phone: Toll Free	1-833-330 MNCC (6622)
	E-mail:	askmncc@navy.mil
	MyNavy Portal:	https://my.navy.mil/

Reference	(a) 18 U.S.C.
------------------	---------------

1. **Purpose.** To establish requirements for screening and selecting applicants prior to the issuance of permanent change of station orders to Navy Expeditionary Intelligence Command's (NAVEXINTCOM) sea and shore components.

2. **Background.** NAVEXINTCOM sea duty operational billets require duty in arduous and combat environments. Duty is frequently isolated, independent, and involves deployment with various organizations engaged in operations at sea, on the ground, in the air, expeditionary, and littoral zones. NAVEXINTCOM's shore duty staff billets are responsible for the organization, staffing, training, certifying, sustaining, and equipping in support of the command's operational billets. To ensure mission accomplishment, it is essential that both NAVEXINTCOM's sea and shore components (unit identification codes (UIC) 33800 and 40623) recruit, assess, and select the "right" Sailors for the "right" billets.

a. **Designation**

(1) The screening requirements in this article pertain to NAVEXINTCOM Sailors assigned to the following positions:

(a) Tactical counterintelligence (CI) and human intelligence (HUMINT) collectors,

(b) Tactical electronic warfare operators,

- (c) Expeditionary intelligence analysts, and
- (d) Information system operations.

(2) Intelligence specialists (IS), cyber warfare technicians (CWT), cryptologic technicians (collection) (CTR), cryptologic technicians (technical) (CTT), and information systems technicians (IT) will be assigned to one of the positions identified in subparagraphs 2a(1)(a) through 2a(1)(d). These individuals are trained and equipped to provide a wide variety of HUMINT and tactical information operations support, including electronic warfare and select computer-network operations.

b. **Exception.** The screening requirements in this article do not apply to non-information warfare support personnel (i.e., personnel specialists, yeomen, logistics specialists, and gunner's mates).

c. **Location.** Billets are located at NAVEXINTCOM, Dam Neck, Virginia (UIC 33800 and UIC 40623).

d. **Tour Lengths.** Duties with NAVEXINTCOM are classified as type 2 sea duty (UIC 40623) and type 1 shore duty (UIC 33800). Due to the extensive amount of training involved within the sea UIC, the minimum tour length is 48 months or the corresponding sea and shore flow (whichever is greater) with an additional 12-month option to be executed via an approved [NAVPERS 1306/7](#) Electronic Personnel Action Request no later than 15 months to current projected rotation date. Shore UIC Sailors will follow their current shore duty requirement per their rating's sea and shore flow.

e. **Obligated Service (OBLISERV).** Required OBLISERV for this program is 48 months for the sea UIC.

f. **Weapons.** Sailors must achieve and maintain qualifications on various individual weapons. Reference (a), section 922, prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. This policy also applies to any felony crimes and general and special court-martial convictions that otherwise meet the definition of a "crime of domestic violence." **Any member disqualified from handling or training on weapons is not eligible for duty at NAVEXINTCOM's sea duty UIC.**

3. Requirements or Qualifications

a. Eligible Personnel. This article applies to the CTR, CTT, CWT, IS, and IT ratings assigned to NAVEXINTCOM.

b. Applicant Requirements. Candidates must meet the following additional requirements:

- (1) Must volunteer for assignment;
- (2) Have no non-judicial punishment or military or civil convictions, other than traffic violations, in the past 2 years from date of application;
- (3) Have no alcohol incidents during the past 2 years;
- (4) Be recommended by current chain of command, NAVEXINTCOM, and NAVEXINTCOM CI/HUMINT functional lead or cryptologic warfare officer functional lead (as applicable);
- (5) Qualify for and maintain eligibility for a Government travel charge card (GTCC). Loss of eligibility for a GTCC may result in disqualification and subsequent termination from NAVEXINTCOM;
- (6) Be eligible to receive a Top Secret/Sensitive Compartmented Information security clearance;
- (7) Have no physical fitness assessment failures during the past 3 years from date of application;
- (8) Have a current State driver's license; and
- (9) Complete an operational duty screening per [MILPERSMAN 1300-800](#) in addition to the screening outlined in this article. Completion of [NAVPERS 1306/92](#) Special Program Screening is not required due to coordination of screening between the Sailor's current command and NAVEXINTCOM.

4. Termination. Sailors who no longer volunteer for assignment to NAVEXINTCOM will submit a [NAVPERS 1306/7](#) to Bureau of Naval Personnel Command (BUPERS) Information Warfare Community Branch (BUPERS-327) via Navy Personnel Command (NAVPERSCOM) Information Warfare Distribution Branch (PERS-408) requesting termination, and will be made available for immediate transfer. Sailors who fail to maintain qualifications or demonstrate documented

substandard conduct or performance will be subject to the NAVEXINTCOM's de-screening process. De-screened Sailors will be made available for immediate transfer.

5. **Screening Information.** Detailed screening information may be obtained through the following contacts:

a. For enlisted ratings: NAVEXINTCOM Senior Enlisted Leader, Leading Chief Petty Officer, or NAVEXINTCOM Operations Director (N3) at (757) 492-0832/8478.

b. For officers: NAVEXINTCOM N3 at (757) 492-8484.

COASTAL RIVERINE FORCE (CRF)

Responsible Office	NAVPERSCOM (PERS-40) (PERS-41)	Phone:	DSN COM	1-866-U ASK NPC
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

References	(a) CORIVFORINST 1500.1 (b) OPNAVINST 6110.1J (c) NETC P1552/16 (d) 18 U.S.C. §922
-------------------	---

1. **Purpose.** To promulgate qualification requirements and assignment policy for Sailors ordered to the Coastal Riverine Force (CRF). This article applies to all officer and enlisted members of the Active Component (AC), Full-Time Support (FTS), and Selected Reserve (SELRES) communities within the Navy.

2. **Program Background.** The CRF is responsible for providing combatant commanders mission ready forces fully capable of executing a complete spectrum of missions such as riverine operations, patrols, escorts, surveillance, interdiction, perimeter and harbor defense, high value escort, security teams, and other missions. Reference (a) further discusses the challenges of maritime operations and lists evolutions classified as high risk.

3. **Screenings.** Candidates for assignment in the CRF must complete all of the following:

a. Operational duty screening as outlined in MILPERSMAN 1300-800.

b. CRF duty medical screening as outlined in paragraph 6 of this article and NAVMED 1300/14 Coastal Riverine Force Duty Medical Screening Questionnaire. NAVMED 1300/14 may be accessed by using the following Web address:
[http://www.med.navy.mil/directives/ExForms/NAVMED%201300%2014%20\(11%20Jan%202013\)%20RE.pdf](http://www.med.navy.mil/directives/ExForms/NAVMED%201300%2014%20(11%20Jan%202013)%20RE.pdf).

c. NAVPERS 1300/26 Coastal Riverine Screening, which may be accessed using the following Web address:
<http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>.

In addition to the special screening qualification reporting requirements, outlined at Exhibit 1 Special Program Suitability/Unsuitability Report in MILPERSMAN 1306-900, an information copy will be provided to Coastal Riverine Group ONE (COMCORIVGRU ONE) or Coastal Riverine Group TWO (COMCORIVGRU TWO) (as appropriate).

4. **Boat Operations.** Duty will require high-tempo boat operations on high-speed combatant craft and other types of vessels.

5. **Tour Length.** Enlisted personnel assigned to billets in the CRF will be assigned as sea/shore rotation or sea/shore flow dictated for each respective rating. Personnel who cannot complete a prescribed tour (short periods, normally 6 months or less) due to high year tenure restrictions may request a waiver to tour length requirements. Forward waiver requests on command letterhead or by naval message to COMCORIVGRU ONE or COMCORIVGRU TWO (as appropriate). Waiver requests must contain full justification and rationale for waiver consideration. Waiver requests must be formally and favorably endorsed by the member's current parent command to be considered. COMCORIVGRU will forward waiver recommendation to the Sailor's respective detailee. Detailee will coordinate order release per distribution policies.

6. **Requirements and Qualifications.** The requirements and qualifications contained in this article apply to all officer and enlisted personnel being screened for assignment to any sea duty or shore duty CRF billet. Personnel being considered for assignment to a CRF training and evaluation unit must also meet the requirements of MILPERSMAN 1300-804. Minimum requirements - Prospective members of the CRF must meet the following requirements:

a. **Citizenship.** Must be a U.S. citizen, this requirement will not be waived.

b. **Physical Standards.** CRF training and mission requirements are arduous and require members to operate in austere environments while wearing heavy body armor and or

carrying significant loads of field equipment or weapons for long periods of time. Sailors must not have any physical condition(s) that would preclude them from meeting this requirement (e.g., chronic back or shoulder problems, knee problems, etc). Transferring commands are directed to ensure the servicing medical organization completes NAVMED 1300/14 Coastal Riverine Force Duty Medical Screening Questionnaire as part of the member screening process. NAVMED 1300/14 may be accessed by using the following Web address:
<http://www.med.navy.mil/directives/Pages/NAVMEDForms.aspx>. For questionable cases or for more information on screening, contact COMCORIVGRU ONE Medical Department at (619) 437-9856 or COMCORIVGRU TWO Medical Department at (757) 967-2531 (as appropriate).

(1) Members must have passed their most recent three physical fitness assessments (PFAs) (not applicable to new accessions and recent "A" school graduates who have not participated in three PFAs). New accessions and recent "A" school graduates must have passed most recent PFA prior to assignment to CRF per standards promulgated in reference (b). If Sailors are being released from a period of limited duty, (e.g., fit for duty and world-wide assignable) they must complete and pass a PFA with no waiver for any event. Additionally, Sailors must have passed the most recent three PFAs prior to assignment to limited duty status with no waiver of any event.

(2) CRF personnel commonly operate at night or in lowlight conditions, and require normal color vision to correctly distinguish running lights and navigational aids. Therefore, color blindness and night blindness are disqualifying medical conditions for CRF duty. This requirement will not be waived.

c. Swimmer Qualifications. All personnel will be required to achieve swimmer qualifications as promulgated below for assignment to the CRF. AC and FTS personnel must be qualified as second class swimmers prior to assignment to the CRF. It is the responsibility of the transferring command to ensure this qualification has been achieved, and the date of this qualification is clearly documented in the member's record prior to a member executing orders to the CRF.

(1) Selected Reserve (SELRES) personnel are required to achieve successful qualification as a second class swimmer within 12 months of being assigned to a CRF unit. As discussed in reference (c), "the second class swimmer qualification is used as an entry-level requirement for Small Boat Operators." Failure to achieve second class swimmer qualification within 12 months of assignment will result in disqualification to serve in the CRF, and will result in the member being de-screened and transferred out of the CRF.

(2) Swimmer Qualification Waivers. Swimmer qualification waivers may be requested on a case-by-case basis. Forward waiver requests on command letterhead or by naval message to COMCORIVGRU ONE or COMCORIVGRU TWO (as appropriate). Waiver requests must contain full justification and rationale for waiver consideration. Waiver requests must be formally and favorably endorsed by the member's current parent command to be considered. COMCORIVGRU will forward waiver recommendation to the Sailor's respective detailee. Detailee will coordinate order release per distribution policies.

(3) Members reporting without the required swimmer qualifications or an approved waiver are not eligible for CRF duty and must be de-screened and made available for PCS reassignment out of the CRF.

d. **Travel Passports.** Members must complete and submit all applications for an official U.S. Government passport prior to transfer. Since the State Department will only issue passports for members traveling to countries that require a passport, local Navy passenger transportation offices will accept a letter of intent in lieu of actual orders. For assistance obtaining an intent to travel letter, contact COMRIVGRU ONE Administrative Department at (619) 437-9808, COMCORIVGRU TWO Administrative Department at (757) 492-8825, or (757) 492-8822 (as appropriate). Due to longer periods of time between operational deployment (dwell time) for the reserves, SELRES will not be required to obtain a passport until notified of deployment or missions traveling to countries that require a passport.

e. **Security Clearance.** All members must currently hold a Secret clearance.

(1) First term members reporting from initial schools are not required to have a finalized clearance determination,

but are required to have proof that SF 86 Questionnaire for National Security Positions has been submitted and is pending adjudication. It is incumbent on the training commands to ascertain any issues that would preclude a member from being granted a security clearance and make a local commanding officer's determination on security clearance eligibility and follow-on assignments to the CRF.

(2) Members currently assigned to the CRF who have their Secret clearance removed, revoked, or denied by the Defense Central Adjudication Facility or other appropriate authority will no longer be eligible for CRF duty, and will be descreened and transferred from the CRF. This requirement is not waivable.

f. **Driver's License.** Members must possess a valid state driver's license; this requirement is non-waiverable.

g. **Non-Judicial Punishment (NJP) and Military or Civilian Convictions.** Members must not have had any alcohol-related incidents, NJP, or military or civilian convictions, excluding minor traffic violations, within the past 12 months. Waivers may be granted on a case-by-case basis. Forward waiver requests on command letterhead or by naval message to COMCORIVGRU ONE or COMCORIVGRU TWO (as appropriate). Waiver requests must contain full justification and rationale for waiver consideration. Waiver requests must be formally and favorably endorsed by the member's current parent command to be considered. COMCORIVGRU will forward waiver recommendation to the Sailor's respective detailer. Detailer will coordinate order release per distribution policies.

h. **Obligated Service (OBLISERV).** Required OBLISERV for this program is 36 months. Members with 17 or more years of active service will not be authorized voluntary transfer to the Fleet Reserve or Retired List prior to the completion of a minimum 36-month tour. A permanent NAVPERS 1070/613 Administrative Remarks entry will be made, certifying the member understands and agrees to this requirement.

i. **Financial.** All members must qualify for and maintain eligibility for a Government travel charge card (GTCC). It is recognized that the majority of first term members reporting from initial schools will not have been issued a GTCC. In these cases, it is incumbent on the training command to ascertain any issues that may preclude a member from being issued a GTCC, and

make a local commanding officer's determination as to whether the member should continue on to duty with the CRF. Loss of eligibility for or inability to obtain a GTCC will result in disqualification and transfer from the CRF.

j. **Firearms.** CRF personnel must achieve and maintain qualifications on various individual and crew-served weapons, and weapon systems. Per reference (d), the 1996 Lautenberg Amendment to the Gun Control Act of 1968 prohibits access to firearms by persons convicted of any misdemeanor crime of domestic violence. This policy also applies to convictions of felony crimes and convictions of offenses at general or special courts-martial that otherwise meet the definition of "crime of domestic violence." Any member not currently qualified to handle or train on weapons is not eligible for initial entry or continued duty in the CRF.

MILPERSMAN 1300-804

ASSIGNMENT TO COASTAL RIVERINE FORCE (CRF) TRAINING EVALUATION UNIT (TEU)

Responsible Office	NAVPERSCOM (PERS-40)	Phone:	DSN COM FAX	882-4360 (901) 874-4360 882-2027
	NAVPERSCOM (PERS-41)	Phone:	DSN COM FAX	882-3927 (901) 874-3927 874-2757
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Purpose.** To promulgate eligibility and qualification requirements for assignment to coastal riverine force (CRF) training and evaluation units (TEUs).
2. **Program Background.** The CRF is responsible for providing mission ready forces fully capable of executing a complete spectrum of missions (e.g., riverine operations, patrols, escorts, surveillance, interdiction, perimeter and harbor defense, high value escort, security teams, and other missions) for combatant commanders. The TEUs were established to provide critical training for CRF units that will facilitate successful execution of mission requirements. The CRF has two TEUs - Coastal Riverine Group ONE (CORIVGRU-1) located in San Diego, CA and Coastal Riverine Group TWO (CORIVGRU-2) TEU located in Virginia Beach, VA.
3. **Applicability.** Requirements contained in this article apply to officer and enlisted personnel being screened for assignment to UICs 80006 (CORIVGRU-1 TEU) and 47117 (CORIVGRU-2 TEU).
4. **Requirements**
 - a. Officers:
 - (1) Shall meet all requirements and complete screening processes contained in MILPERSMAN 1300-803.

(2) Shall possess or be eligible for additional qualification designator (AQD) BX3. Officers not possessing or not eligible for AQD BX3 are **not** eligible for assignment.

b. Enlisted Personnel:

(1) Shall meet all requirements and complete screening processes contained in MILPERSMAN 1300-803.

(2) Shall be qualified for and authorized to wear one of the following enlisted warfare devices:

(a) Enlisted expeditionary warfare (EXW) specialist;

(b) Seabee combat warfare specialist (SCW);

(c) Special warfare combatant-craft crewman (SWCC);

or

(d) Fleet Marine force enlisted warfare specialist (FMFEWS)

NOTE: The intent of this requirement is to ensure Sailors with expeditionary experience are assigned to the TEU to support critical training for deploying forces. In those cases where there are insufficient personnel with one of the above qualifications in the assignment window, waivers may be granted on a case by case basis, taking into consideration the nominee's operational experience. Address waiver requests to CORIVGRU-1, Administrative Department (N1), COM: (619) 437-9434 for UIC 80006 or CORIVGRU-2, Administrative Department (N1), COM: (757) 396-0602 for UIC 47117.

5. **Additional information.** It is important to note that while TEUs are designated type 1 shore duty for rotational purposes, members will spend extended periods of time in a temporary additional duty status away from the permanent duty station conducting, coordinating, and evaluating field training evolutions, and attending schools and required training.

MILPERSMAN 1300-807

NAVY EXPEDITIONARY LOGISTICS SUPPORT GROUP (NAVELSG) TYPE 2 SEA DUTY COMPONENTS

Responsible Offices	NAVPERSCOM (PERS-40)	Phone: DSN COM	882-3569 (901) 874-3569
--------------------------------	-------------------------	-------------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil
----------------------	---	--

References	(a) RESPERS M-1001.5 (b) BUMEDINST 1300.2B (b) OPNAVINST 6110.1K (c) NAVADMIN 307/17 (d) 18 U.S.C.
-------------------	--

1. **Purpose.** To establish qualification requirements and assignment policy for Sailors ordered to Navy Expeditionary Logistics Support Group (NAVELSG) type 2 sea duty components consisting of Navy expeditionary logistics regiments (NELR) and Navy cargo-handling battalions (NCHB). This article applies to all Navy officer and enlisted members of the Active Component (AC), Training and Administration of the Reserves (TAR), and Selected Reserve (SELRES).

2. **Program Background.** NAVELSG regiments and battalions are responsible for providing combatant commanders with mission ready, rapid world-wide deployable forces that are fully capable of executing a complete spectrum of missions such as maritime cargo handling, expeditionary ocean and air terminal operations, expeditionary fueling capabilities, expeditionary support services, personnel and equipment defensive capabilities, and other specialty missions.

3. **Screening**

a. **AC and TAR.** For AC and TAR Sailors, the responsibility for NAVELSG billet screening lies with the Sailor's parent command.

b. **SELRES**. For SELRES Sailors, the gaining NAVELSG command is responsible for the completion of applicable screening requirements. NAVELSG will submit requests for transfer of de-screened SELRES Sailors to Commander, Navy Reserve Forces Command (COMNAVRESFORCOM) via a personnel move request per reference (a).

4. **Screening Requirements**. Navy expeditionary operations often require aggressive training programs to prepare personnel to perform mission essential, high-risk tasks in various environments. Members must satisfactorily complete screening requirements per [MILPERSMAN 1300-800](#), with special attention given to reference (b), enclosure (3).

a. **Alcohol**. Members must not have had any alcohol-related incidents within the past 24 months. Waivers may be granted on a case-by-case basis. Waiver requests must contain full justification, be formally and favorably endorsed by the parent command, and forwarded to NAVELSG.

b. **Psychotropic Medication**. Medications capable of affecting the mind, emotions, and behavior are considered psychotropic. These medications are commonly prescribed to alter chemical levels in the brain, which impact mood and behavior. Conditions that are frequently treated using these types of medication include depression, anxiety, attention deficit hyperactive disorder, bipolar, and other mental disorders. Use of these medications is not necessarily a disqualifying factor. All prescribed medications need to be listed on [NAVMED 1300/1](#) Medical, Dental, and Educational Suitability Screening for Service and Family Members per reference (b) and forwarded to NAVELSG's Medical Department for suitability determination. Members taking medications that cannot be prescribed for more than 30 days at a time will be disqualified. Members with conditions that are required to be assigned within 50 miles of a medical treatment facility will not be considered.

5. **Tour Length**

a. **AC and TAR**. Enlisted personnel assigned to billets onboard NAVELSG type 2 sea duty components are required to complete a full sea-shore flow tour (AC), prescribed sea tour (TAR), or 48 months, whichever is greater.

b. **SELRES**. SELRES enlisted personnel do not utilize the sea-shore flow assignment policy and must adhere to COMNAVRESFORCOM assignment policy per reference (a).

6. **Requirements and Qualifications**. The requirements and qualifications contained in this article apply to officer and enlisted personnel being screened for permanent change of station assignment to NAVELSG regiments or battalions, unless stated otherwise. Prospective members must meet the following requirements:

a. **Physical Standards**

(1) Regiment and battalion training and mission requirements are arduous and require members to operate in austere environments while wearing heavy body armor and or carrying significant loads of field equipment and or weapons for long periods. Sailors must not have any physical condition(s) that would preclude them from meeting this requirement (e.g., chronic back or shoulder injuries, knee injuries, etc.). Transferring commands are directed to ensure servicing medical organizations complete and pay special attention to the requirements contained in reference (b), enclosure (3). For questions concerning individual cases or further screening information, contact NAVELSG's Medical Department at (757) 256-1375.

(2) Members must have passed all physical fitness assessments (PFA) within the last 2 years (not applicable to new accessions and recent "A" school graduates who have not participated in PFAs). New accessions and recent "A" school graduates must have passed most recent PFA per reference (c) prior to assignment. Members being released from a period of limited duty must complete and pass a PFA (with no waiver for any event) before transferring to their prospective commands.

b. **Government Passport**. Members will be required to obtain an official U.S. Government passport. Any circumstances preventing a member from obtaining a Government passport is disqualifying. Members who lose the ability to retain a Government passport while assigned will be "de-screened" and the transfer process will be initiated. Fees incurred are reimbursable.

c. **Security Clearance**. Members must be eligible for a secret clearance. It is recognized that the majority of first-

term members reporting from initial schools will not have a finalized clearance determination; however, an investigation must be opened and initial screening completed prior to transfer. In these cases, it is incumbent that the training command ascertains any issues that would preclude a member from being granted a clearance and for commanding officers to determine whether the member should continue assignment onboard an NELR or NCHB. Members currently assigned to either NELRs or NCHBs who have their secret clearance removed or revoked by the Defense Counterintelligence and Security Agency, or other appropriate authority, will no longer be eligible for continued assignment. Those members will be "de-screened", and their transfer process will be initiated.

d. **Driver's License**. Members must possess a valid State driver's license or obtain one within 6 months of reporting.

e. **Non-Judicial Punishment (NJP) and Military or Civilian Convictions**. Members must not have any NJP or military or civilian convictions, excluding minor traffic violations, within the past 12 months. Waivers may be granted on a case-by-case basis. Waiver requests must contain full justification and must be formally and favorably endorsed by the member's parent command. Forward waiver requests to NAVELSG.

f. **Obligated Service (OBLISERV)**. Reference (d) details required OBLISERV for AC and TAR assignments to this program. Per subparagraphs 5a and 5b of this article, the minimum required tour length is 48 months or normal sea tour, whichever is greater. Members with 17 or more years of active service will not be authorized voluntary transfer to the Fleet Reserve or Retired List prior to the completion of a minimum 36-month tour. A [NAVPERS 1070/613](#) Administrative Remarks entry will be made, certifying the member understands and agrees to this requirement.

(1) Split tours requiring transfer prior to 36 months are not authorized.

(2) Members who will meet high year tenure prior to 36 months on board will not be considered for this assignment.

(3) SELRES members will be assigned per reference (a).

g. **Financial**. Members must qualify for and maintain eligibility for a Government Travel Charge Card (GTCC). It is

recognized that the majority of first-term members reporting from initial schools will not have been issued a GTCC. In these cases, the training command must ascertain any issues that would preclude a member from being issued a GTCC and for commanding officers to determine whether the member should continue assignment onboard an NELR or NCHB.

h. **Firearms**. NELR and NCHB personnel must achieve and maintain qualifications on various individual and crew-served weapons systems. Per reference (d), section 992(g)(9), the 1996 Lautenberg Amendment to the Gun Control Act of 1968 prohibits access to firearms by persons convicted of a misdemeanor crime of domestic violence. This policy also applies to convictions of felony crimes and convictions of offenses at general or special courts-martial that otherwise meet the definition of "crime of domestic violence." Any member disqualified from handling or training on weapons for any reason is not eligible for initial entry or continued duty onboard any NELR or NCHB.

MILPERSMAN 1300-996

ASSIGNMENT TO NAVAL CRIMINAL INVESTIGATIVE SERVICE

Responsible Office	NAVPERSCOM (PERS-405)	Phone:	DSN COM	882-4870 (901) 874-4870
MyNavy Career Center		Phone: Toll Free	1-833-330-MNCC (6622)	
		E-mail:	askmncc@navy.mil	
		MyNavy Portal:	https://my.navy.mil/	

References	(a) OPNAVINST 6110.1J (b) SECNAV M-5510.30 of Jun 2006 (c) NAVPERS 15665, Navy Uniform Regulations (d) OPNAVINST 3591.1F
-------------------	---

1. Background

a. Naval Criminal Investigative Service (NCIS) Headquarters Washington, DC is the echelon 2 command fulfilling the criminal investigative, counterintelligence, combating terrorism and protective service missions for the Secretary of the Navy and the U.S. Navy and Marine Corps (afloat, ashore and in cyberspace).

b. Personnel assigned to NCIS offices are Active and Reserve Component, civil service employees and contractors. Assigned personnel are expected to adhere to strict standards that will not jeopardize their security clearances or impugn their integrity in any manner. Military members must be able to work in a diverse and large organization while largely operating independently.

c. Personnel assigned will have ample opportunity to pursue personal and professional growth. There are many intangible rewards in being assigned to the Navy's premier law enforcement agency. Members who are looking for a challenging and extremely rewarding assignment are encouraged to apply.

d. Location. Billets are located at NCIS offices worldwide.

e. **Authorization to Apply.** First tour Sailors (officer and enlisted) are not authorized to apply due to the nature of the assignment and requirement to operate independently.

f. **Weapons.** Master-at-arms serving in Navy enlisted classification (NEC) P02A - investigator and NEC P09A - protective service billets must maintain qualification in various assigned weapons.

g. The following Navy occupational specialties are currently eligible for assignment (i.e., subject to additions and deletions):

Enlisted
builder (Seabee ratings)
construction electrician
cryptologic technician (linguist)
cryptologic technician (networks)
gunner's mate
intelligence specialist
information systems technician
legalman
logistics specialist
master-at-arms
mass communications specialist
Navy counselor
personnel specialist
utilitiesman
yeoman
Officer
unrestricted line officer (1050-coded billets)
120x special duty officer (human resources)
181x special duty officer (cryptologic warfare)
183x special duty officer (intelligence)
250x Judge Advocate Generals Corps
64xx, 681x, 683x limited duty officer
74xx, 783x chief warrant officer

2. **All Officer and Enlisted Personnel Applying for NCIS Duty**

a. To qualify for assignment to NCIS, applicants must:

(1) Be in or selected for pay grade E-5 and above,

(2) Complete an NCIS background investigation. NCIS Military Program Manager will provide selected members, who are identified as applicants, with all applicable forms,

(3) Complete NCIS 2M (military) screening with a favorable adjudication prior to execution of orders,

(4) Have passed the last two most recent physical fitness assessments (PFA), per reference (a), with a minimum overall score of "Good," no failures within the past 3 years (waiverable). Complete and pass a PFA with no waivers before the application, if completing a period of limited duty,

(5) Be a U.S. citizen and possess, at a minimum, a secret clearance (non-waiverable). Some billets require the member to hold a current single scope background investigation (SSBI) for top secret (TS) and sensitive compartmented information (SCI) access prior to transfer per reference (b),

(6) Have no alcohol-related incidents, nonjudicial punishment, courts-martial or civil convictions (excluding minor traffic violations) within the past 48 months (non-waiverable),

(7) Qualify for and maintain eligibility for a Government travel charge card (GTCC). Loss of eligibility for a GTCC may result in disqualification and subsequent reassignment from NCIS,

(8) Not previously been assigned to NCIS and subsequently disqualified, regardless of length of time since previous duty; waivers will not be considered,

(9) Have tattoos within standards, see reference (c),

Note: All waivers must be sent to Director, Navy Criminal Investigative Service (DIRNAVCRIMINVSERV QUANTICO VA). Use message format contained in [MILPERSMAN 1306-900](#), exhibit 2 (as applicable). Waiver requests must contain full justification and rationale for consideration. Waiver requests for tattoos must also include pictures of the member in the Navy service uniform and business casual attire displaying tattoos, along with close up photos of each visible tattoo. Photos will be sent via e-mail to: ncisomsadmin@NCIS.NAVY.MIL.

(10) Have a strong command of the English language (oral and written), and

(11) Have received a minimum of 3.0 on all performance traits and a recommendation for retention on the last three regular performance evaluations.

Note: A member may be descreened from NCIS assignment at any time, even after orders have been executed. If descreened, member will be removed from the billet and made available for assignment via the detailing process.

b. Pay grade substitutions are not authorized for this program without NCIS, Office of Military Support (01AM) approval.

c. Required obligated service is 36 months, with the exception of Bahrain duty.

3. Specific Requirements for Personnel Desiring Assignment to NEC P02A and NEC P09A Billets. Personnel:

- a. must possess a valid driver's license (non-waiverable),
- b. must have qualified as sharpshooter or above, per reference (d), on their last two Navy handgun qualification courses,
- c. loss of NEC P02A status will result in disqualification and subsequent reassignment from NCIS,
- d. must pass a panel review conducted by NCIS within 9-12 months of projected rotation to NCIS,
- e. must have normal hearing, vision (correctable to 20/20) and color and depth perception,
- f. loss of NEC P09A will result in disqualification and subsequent reassignment from NCIS,
- g. must present a clean, fit and well-groomed appearance while in uniform or business casual attire (e.g., slacks and polo shirt),
- h. must hold a current SSBI or initiate an SSBI for TS and SCI access prior to transfer, per reference (b),

i. must have passed last two PFAs with an overall minimum score of "Excellent" with no waivers of any events and

j. must have received a promotion recommendation of must promote or higher on last two regular evaluations (waiverable).

4. Specific Requirements for Personnel Desiring Assignment to NEC K13A Navy Tactical Counter-Intelligence (CI) and Human Intelligence (HUMINT) Specialist Billets. Personnel must:

a. hold a current SSBI for TS and SCI access prior to transfer,

b. be a graduate of the Marine Air Ground Task Force, CI/HUMINT School,

c. be enlisted information warfare specialist qualified prior to screening (waiverable),

d. have completed one successful operational tour as a CI/HUMINT specialist,

e. possess a valid driver's license (non-waiverable),

f. maintain a "Good" or higher on past four physical readiness tests,

g. possess GTCC (loss of eligibility for GTCC will result in disqualification and subsequent reassignment from NCIS),

h. be willing to submit to a CI polygraph examination,

i. pass a panel interview conducted jointly with NCIS and Naval Intelligence Activity within 9 months of projected rotation to NCIS. Individuals selected for a CI specialist billet must demonstrate an aptitude to successfully work in complex and challenging operational environments, exercising sound judgment. Interview may be conducted at the NCIS field office closest to the candidate or via video teleconference if the candidate is not located in the National Capital Region.

Note: Those individuals selected for a CI specialist billet with NCIS will receive advanced CI training at the Joint Counterintelligence Training Academy.

5. Specific Requirements for Personnel Desiring Assignment to Enlisted Information Warfare Community Billets. Personnel must:

- a. have qualified as an information warfare specialist prior to assignment and
- b. hold a current SSBI for TS and SCI access prior to transfer.

MILPERSMAN 1300-1000

MILITARY COUPLE AND SINGLE PARENT ASSIGNMENT POLICY

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-4185 (901) 874-4185
---------------------------	--------------------------	--------	------------	----------------------------

MyNavy Career Center	Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/
----------------------	---	--

Reference	(a) SECNAVINST 1920.6D
------------------	------------------------

1. **Policy.** Chief of Naval Personnel supports the co-location of Navy members married to other military members. Every reasonable effort will be made for military couples to move together and establish a joint household whenever possible.

a. Assignments will be made to fill valid Navy requirements with consideration to the needs of the military family and the losing and gaining activities' manning; therefore, co-location and immediate reassignment may not always be possible.

b. Co-location of Navy members with members of other uniformed Services or Services of other countries are more difficult and may not always be possible. Spouse co-location policy does not provide for assignment to duty near a civilian spouse, including civilian Government employees.

c. While there is no established maximum distance between duty stations for co-location, 90 driving-miles should be used as a guide when considering co-location requests. In the Pacific Northwest, due to the geographical limitations presented by the Puget Sound, co-location duty station pairings should generally be on the same side of the sound (e.g., Whidbey Island with Everett or Bremerton with Bangor constitutes co-location; Whidbey Island with Bremerton requires excessive commuting time and is not considered co-location).

d. Any assignment preventing military couple co-location must be approved by Assistant Commander, Navy Personnel Command (NAVPERSCOM) for Career Management (PERS-4).

2. **Requests.** Navy members desiring co-location must each submit a one-time request, with command endorsement, to their

detailers noting their military couple status, Service of spouse, and spouse's detailer's contact information.

a. Forms. Officer requests must be submitted on [NAVPERS 1301/85](#) Officer Personnel Action Request. Enlisted requests must be submitted on [NAVPERS 1306/7](#) Electronic Personnel Action Request. Enlisted members are encouraged to submit co-location preferences prior to the [MyNavy Assignment](#) application cycle.

b. Agreement Required. Navy members married to other Navy members must include a copy of their spouse's request to expedite communication between respective detailers. For Navy members married to members of other Services, a statement from the inter-Service spouse indicating concurrence for co-location, and the contact information for their detailer or Service equivalent must accompany the co-location request. Both members must be in agreement that co-location is desired. If not in agreement, Navy members will be detailed consistent with prescribed sea and shore tours (PST), obligated service and retainability requirements, recently acquired skills, milestones, and training.

c. Co-location - High Priority. Once requested, spouse co-location becomes the member's highest priority for every duty preference and will be given due consideration during the assignment process. If a couple does not desire co-location for a specific assignment, both members must communicate to their respective detailers that co-location is not a priority. Co-location will again be considered a high priority for the subsequent assignment.

d. Co-location - Not Always Possible. Members should be aware that due to the difficulties involved in spouse co-location, fulfilling duty preferences for geographical location, or type of duty or unit, may not be possible. Additionally, there may be other restrictions such as host nation's laws or status of forces agreement (SOFA) that preclude some military couples from co-location overseas.

e. Couples Not Presently Collocated. Military couples who are not presently co-located, are recently married, or were not previously identified as a "military couple" can request reassignment consideration to achieve co-location, provided the following criteria are met:

(1) Member requesting to be transferred has completed at least a year on board current duty station at the time of the transfer, and (if required) a contact relief is available. Every effort will be made to achieve co-location within a year of the request; however, requirements regarding time on station, PST, obligated service, retainability, recently acquired skills, and training will all be considerations of the request.

(2) Neither member is currently under orders to go into a training status. If one or both members are going into a training status, and co-location cannot be achieved, the requests will be kept on file to facilitate spouse co-location at the completion of the training assignment.

(3) There are no host nation laws or SOFA restrictions outside the continental United States (OCONUS).

(4) A valid billet requisition for which the member is qualified is available.

(a) Sea and shore flow will be maintained whenever possible.

(b) When both members are eligible for sea duty, the spouse with the least amount of sea duty will normally be assigned sea duty; however, military couples comprised of new accession or first-term members may be involuntarily assigned to simultaneous sea duty.

(c) Military couples with dependents are required to maintain a current and workable family care plan.

f. OCONUS. When one member is already on an OCONUS Department of Defense tour, that member's projected rotation date (PRD) will be extended to match the PRD of the authorized joining spouse.

g. Changes in Marital-Status Before Execution of Issued Orders for Navy Members

(1) Issued orders will remain in effect when a marriage occurs. Modification may be considered if it will not result in a gapped billet, adversely affect the gaining command's readiness, or preclude the use of recently acquired skills or training. If the member's orders are not modified, he or she

will be required to execute orders. Co-location action will be considered after a year on board new duty station, if co-location is still desired.

(2) If child(ren) custody is shared between two military members, both may be detailed to maintain PST and co-location.

(3) If co-parenting with a civilian, members may be considered for an assignment where he or she can reside close to their child(ren) when granted 50 percent of the designated parenting-time with the primary custodial parent named in the divorce decree (if the member was married to the co-parent) and the court-ordered child custody decree, or the court-ordered child custody decree (if not married to the co-parent).

h. Co-location After Training. Members requesting training must be advised that they may not be eligible for spouse co-location consideration in conjunction with the training assignment. Members completing training will be assigned to an appropriate tour for the newly acquired skills, which may preclude or limit spouse co-location consideration for the duration of the post-training assignment.

3. Restrictions. Military couples will not be permanently assigned to the same ship or shipboard deployable command (e.g., tender with multiple unit identification codes or carrier and its associated carrier air wing).

a. Same Reporting Senior. Members will not be assigned to the same command ashore with the same reporting senior without the gaining commanding officer's concurrence.

(1) Unusual circumstances may result in a couple being temporarily assigned to the same afloat activity.

(2) This subparagraph does not require transfer of the members to rectify such a temporary situation.

b. Same Ship or Shipboard Embarking Command. In the case of a member on shipboard duty who marries another member assigned to the same ship or the same shipboard embarking command, the member who has completed the larger percentage of his or her PST will normally be reassigned as soon as possible; however, adverse impact on the ship's readiness may necessitate the transfer of the spouse.

c. Involuntary Assignment. Military couples will not normally be involuntarily assigned to a simultaneous sea duty tour (type duty code "2" or type-duty assignment code (TAC) C, or type duty code "4" or TAC D). Military couples will also not normally be involuntarily assigned to simultaneous permanent shift-work duty assignments. Military couples may be involuntarily assigned with one member assigned to a sea duty tour while the spouse member is assigned to permanent shift-work.

(1) When both members of a military couple are first-termers or initial accessions, both members may require assignment to simultaneous sea duty or simultaneous permanent shift-work consistent with the needs of the Navy and the member's training.

(2) Members who marry while on sea duty will be required to complete their sea tour, unless assigned to the same ship or the same shipboard embarked command.

d. One Member on Sea Duty and One Member on Shore Duty. Whenever possible, PRDs will reflect a rotation in which one member will be on sea duty while the spouse is on shore duty, and their PRDs will be matched to facilitate future co-location requests. It is imperative that military couples with dependents maintain a current and workable family care plan, that can be utilized when needed.

e. Simultaneous Sea Duty. Members requesting spouse co-location that results in simultaneous sea duty must complete [NAVPERS 1070/613](#) Administrative Remarks through their command with the statement indicated below and forward a copy to their detailee with their spouse co-location request. The original [NAVPERS 1070/613](#) must be forwarded to the servicing personnel office for entry into Navy Standard Integrated Personnel System (NSIPS) as a permanent record and submission to the member's official military personnel folder using this article as the authority.

Date: "I have read and understand the military couple assignment policy contained in MILPERSMAN 1300-1000. I understand that simultaneous sea duty (type duty code "2"/TAC C or type duty code "4"/TAC D) with my spouse requires me to complete the normal tour length of my assignment. If applicable, my spouse and I have developed a family care plan which will be utilized when necessary."

Member's Signature

LCDR, USN, Personnel Officer

4. **Options If Assignment Within Immediate Area of Spouse Is Not Available.** In the event reassignment of a member to the area of spouse's present assignment is not feasible and spouse's reassignment is not desired or also not feasible, PERS-4 will normally disapprove the member's request. The following options may be offered:

- a. Resubmission in 6 months for reconsideration.
- b. Assignment to the nearest available requirement within area of spouse's present assignment.

NOTE: Acceptance of subparagraph 4b option will require the member to serve a minimum 24-month tour at the activity; therefore, the member will not be eligible for reassignment during that period in the event a requirement nearer to spouse's duty station becomes available.

5. **Assignment of Military Couple to Isolated Duty Stations.**

The assignment of married dual-military couples to isolated duty stations where an unaccompanied tour is directed may be authorized on a voluntary basis (except Diego Garcia) when in compliance with this article.

- a. Such assignment is with the understanding that both members will be treated as individual Service members and living quarters for joint residence may not be available.
- b. Isolated duty areas are dependent-restricted, and dependents are not authorized.

c. Requests for co-location will not be considered, unless the members are married at the time of request. Exceptions may be granted for those rare cases in which members engaged to be married are assigned to a command where marriage is not allowed (e.g., Diego Garcia), and the couple desires co-location on their follow-on tour.

6. **Immediate Family Reassignment to Different Activities.**

Requests for reassignment from active duty members of an immediate family who no longer desire to serve together at the same activity, must receive favorable consideration, provided there are no overriding military needs for the retention in the same unit.

a. Requests for reassignments to be separated from a member of the same family must reference this article.

(1) Officer requests must be submitted on [NAVPERS 1301/85](#).

(2) Enlisted requests must be submitted on [NAVPERS 1306/7](#).

b. Unless specifically requested, members of an immediate family serving together must not be reassigned until they become eligible for normal rotation, or until their reassignment is required to meet needs of the Service.

7. **Single Parents.** Single parents are assigned using the same procedures as other Service members.

a. Navy Personnel Command recognizes the unique situations that occur when single parents are assigned to some types of duty and duty locations; however, a preferential assignment policy regarding single parents would be discriminatory toward other members.

b. When it is determined that assignment to sea duty would involve hardship not normally encountered by other members of the naval service, a request for discharge or release to inactive duty may be submitted.

(1) Officers. For hardship discharges, refer to reference (a).

(2) Enlisted. For hardship discharges, refer to
[MILPERSMAN 1910-110](#). For parenthood discharges, refer to
[MILPERSMAN 1910-124](#).

MILPERSMAN 1300-1100

IMMEDIATE FAMILY MEMBER ASSIGNMENT OR REASSIGNMENT POLICY

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-4518 (901) 874-4518
-------------------------------	--------------------------	--------	------------	----------------------------

References	(a) DODI 1315.18 of 12 Jan 05 (b) OPNAVINST 1300.15A
-------------------	---

1. **Policy**. This article outlines the procedures for submission of requests for assignment or reassignment of members of the same immediate family serving on active duty in the U.S. Navy in other than hostile fire areas and establishes requirements to be met for submission of such requests.

a. Policies governing deferment of Navy personnel from duty in hostile fire zones are contained in references (a) and (b).

b. For the purposes of this article, family members include father, mother, sons and daughters, and all sisters and brothers in the following categories:

- (1) A brother or sister of whole blood.
- (2) A brother or sister of half blood.
- (3) A brother or sister by adoption.

c. All personnel desiring shipboard or deployable unit family duty are required to sign the following NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks page entry:

Date: "I understand the potentially hazardous implication of family duty but desire this assignment."

Member's Signature

CDR, USN, Personnel Officer

d. Commander, Navy Personnel Command (COMNAVPERSCOM) has no objection to assignment in the same area of two members of the same immediate family where an **officer and enlisted person** are involved, providing the transfer is not to the same military command, and there are at least two commands in the immediate areas.

2. Requirements for PCS Transfer. Chief of Naval Personnel (CHNAVPERS) supports the assignment of members of the same immediate family serving on active duty in the U.S. Navy. Every reasonable effort will be made for same immediate family members to serve together whenever possible.

a. Assignments will normally be made to fill valid Navy requirements, considering the needs of the military family as well as the manning of the losing and gaining activities; therefore, immediate reassignment may not always be possible. Members requesting transfer to serve with a member of an immediate family must be otherwise eligible for reassignment under current distribution directives (i.e., near projected rotation date (PRD)) and meet the following criteria:

(1) Urgent service requirements do not preclude approval.

(2) The receiving activity has an authorized requirement for the rank/designator/rate/rating/Navy Enlisted Classification code (NEC) concerned.

(3) The member requesting transfer has sufficient obligated service (OBLISERV) or minimum service retainability to serve the applicable tour at the activity requested. Due to the lengthy qualification time involved with nuclear propulsion plants, nuclear trained personnel are required to have sufficient OBLISERV remaining to serve a minimum of 24 months on board the receiving command.

(4) Neither member is in receipt of permanent change of station (PCS) orders.

(5) Member must have a clear record for the previous 12 months.

b. Except for personnel in recruit or student status, 1 year at the current duty station prior to the requested date of transfer.

c. Requests submitted more than 6 months in advance of eligibility for transfer will be returned to originator.

3. **Request**. Request for assignment to duty with another member of the immediate family shall be submitted to each service member's detailee, via both members' commanding officer (CO) for endorsement. Include a copy of the other family member's request to facilitate communication between the respective detailers.

a. Officers will submit requests via NAVPERS 1301/85 (Rev. 08-05), Officer Personnel Action Request.

b. Enlisted personnel will submit requests via NAVPERS 1306/7 (Rev. 01-03), Enlisted Personnel Action Request.

c. Requests from non-designated (SN/FN/AN) personnel shall be addressed to Navy Personnel Command (NAVPERSCOM), Enlisted Personnel Readiness and Support Branch, (PERS-4013) via the CO.

d. All requests must include the following information:

(1) Requested date of transfer.

(2) Rate/warfare designator/first name, initial, last name/branch of service/SSN (last four digits); PRD; duty station and homeport (if applicable) of the other family member.

4. **Forwarding Endorsement**. Each CO shall make comments and recommendations specifically addressing the desirability of having the family members serve together, and ensure completion of the required NAVPERS 1070/613 for ship or deployable unit duty if applicable.

References	(a) SECNAVINST 5800.11B (b) OPNAVINST 1752.2B (c) DoD Instruction 1315.18 of 28 October 2015 (d) NAVSO P-6034 Joint Travel Regulations (JTR)
-------------------	---

1. Program Background

a. When concerns for the safety and the well-being of Service members and or their dependents dictate a transfer prior to their normal projected rotation date, a safety transfer may be authorized. Safety transfers include, but are not limited to:

- (1) Temporary duty at CO's discretion,
- (2) Permanent change of activity (PCA),
- (3) Permanent change of station (PCS) to a unit within the same command,
- (4) Unit on the same installation, and
- (5) Unit in a different geographic location.

b. For reservists, a transfer or reassignment includes:

- (1) Provisions to perform inactive duty training on different weekends or times other than the alleged offender and
- (2) Provisions to perform inactive duty training with a

different unit and or Navy Reserve activity in the home drilling location to ensure undue burden is not placed on the Service members or their family by a transfer.

2. **Safety Transfer Request**

a. Situations warranting consideration for safety transfers include, but are not limited to:

(1) Victims or witnesses of offenses covered under reference (a),

(2) Family Advocacy Program cases covered under reference (b),

(3) Victims of violent crimes and

(4) Instances in which threats have been made against a Service member, the Service member's military spouse, or dependents covered under reference (c).

b. Safety transfer requests are reviewed and adjudicated on their individual merits by Navy Personnel Command (NAVPERSCOM), Deployability Assessment Branch (PERS-454). Disapproval authority resides with Commander, NAVPERSCOM. Send all requests via e-mail to: expd_trf.fct@navy.mil. Encrypt all safety transfer-related e-mail communications whenever practicable.

c. Safety Transfer for Dependents Only. Travel and transportation of dependents are authorized under certain circumstances outlined in reference (d), chapter 5. If the member's dependents meet the criteria outlined in reference (d), chapter 5, and they must be moved for personal safety reasons, the personnel office or supporting personnel support detachment of the member's command will issue a letter authorizing for travel and transportation on command letterhead using the template that will be provided by NAVPERSCOM (PERS-454).

3. **Safety Transfer Procedures**. Safety transfers of Service members must also include their dependents and or military spouse (as applicable). Make every reasonable consideration and effort to minimize disruption to the Service member's normal career progression.

a. The request may be initiated by the Service member,

command, or investigative agency per reference (c). Submit the request in writing using exhibit 1, and include the reason(s) for the request.

b. Dependents desiring to request a safety transfer should contact member's command or the applicable investigative agency, using exhibit 2 for this request.

c. Upon receipt or initiation of a written safety transfer request, the commanding officer (CO) must:

(1) Document the date and time the transfer request is received or initiated. The CO must approve or disapprove a Service member's request for a PCS or PCA transfer within 72 hours of receipt. The decision to approve the request must be immediately forwarded to NAVPERSCOM (PERS-454) to process PCS or PCA transfers. Approval for temporary assignment will be made by the CO per temporary duty (TDY) travel orders, MILPERSMAN 1320-314. Use exhibit 3 to request PCS.

(2) Consider the following factors in making the decision to approve the transfer or recommend disapproval:

- (a) Reason for request to transfer,
- (b) Nature of the request,
- (c) Operational necessity, including unique situational requirements in deployed areas,
- (d) Service member's input (as applicable) and
- (e) Any other pertinent circumstances and or rationale for the transfer.

(3) Ensure the Service member is fully informed of the potential impacts that the transfer or reassignment may have on career milestones and timelines (i.e., requalification, performance evaluations, etc.).

d. Approval. Once the CO decides to approve the transfer, forward the request, along with the CO's recommendation as to where the member should be transferred, to NAVPERSCOM (PERS-454) via e-mail to expd_trf.fct@navy.mil, where it will be processed and retained on file for a period of 3 years.

e. Disapproval. The CO must immediately forward any recommendation for disapproval of a safety transfer request and the reason(s) for the recommendation (in writing) to the first flag/general officer or senior executive service (SES) equivalent (as applicable) in the Service member's chain of command or SES (as applicable). The flag/general officer or SES equivalent must approve or disapprove the request within 72 hours of receipt of the command-level disapproval recommendation, and forward the determination to NAVPERSCOM (PERS-454) via e-mail to expd trf.fct@navy.mil, where it will be processed and retained on file for a period of 3 years.

f. Requests Initiated by the Service Member. If at any time the requesting Service member elects not to proceed with a safety transfer request, the request must be formally withdrawn by the Service member using exhibit 5. The CO will then forward all documents to NAVPERSCOM (PERS-454) via e-mail to expd trf.fct@navy.mil, where the Service member's withdrawal of the safety transfer request will be retained on file for a period of 3 years.

g. Reference (d) contains information concerning PCS and PCA entitlements and allowances.

References	(a) Uniform Code of Military Justice (UCMJ) (b) 10 U.S.C. §673 (c) NAVSO P-6034, Joint Travel Regulations (JTR) (d) SECNAVINST 5800.11B (e) DoD Instruction 6495.02 of 28 March 2013 (f) SECNAVINST 1752.4C (g) OPNAVINST 1752.1C (h) USD(P&R) Memorandum of 10 February 2020 (i) DoD Instruction 6400.06 of 2 August 2007 (j) H.R. 5515 John S. McCain National Defense Authorization Act for Fiscal Year 2019, Section 536
-------------------	---

1. Expedited Transfer Policy

a. Service members who are victims of certain offenses stipulated in reference (a) may request a temporary reassignment within or outside their unit or a permanent change of duty station prior to their normal projected rotation date per references (b) through (i). The eligible offenses, to include attempts to commit these offenses, consist of only those listed in paragraph 1 (table) below:

Expedited Transfer Eligible Offenses		
Offense	Uniform Code Military Justice (UCMJ) article if offense occurred before 1 Jan 2019	UCMJ article if offense occurred on or after 1 Jan 2019
Sexual assault	120, 125, 134	120, 134
Stalking	120a	130
Other sexual misconduct	120c	120c
Wrongful broadcast or distribution of intimate visual images	117a	117a

b. The enactment of reference (j) has expanded the expedited transfer policy to include Service members' ability to request an expedited transfer if they have adult military dependent who has made an allegation of sexual assault that is not domestic abuse-related. Refer to reference (i) for situations that fall within the purview of domestic abuse. Service members may request an expedited transfer on behalf of their adult military dependent if:

(1) The adult dependent is over the age of 18 years old as noted on the Service members' [NAVPERS 1070/602](#) Record of Emergency Data/Dependency Application, and

(2) The victim has filed an unrestricted report through a [DD 2910](#) Victim Reporting Preference Statement in the Sexual Assault Prevention and Response (SAPR) Program, and

(3) The sexual assault suspect is a Service member or if the suspect has a military connection (e.g., adult military dependent, works for Department of Defense (DoD) as a civilian employee (appropriated and non-appropriated fund employees) or is a government contractor), or the alleged sexual assault occurred on a DoD installation or facility.

c. The expedited transfer policy is intended to address situations in which Service member victims or adult military dependents feel safe, but uncomfortable, in their current environment (e.g., victim may be experiencing ostracism and retaliation), and to assist the victims' recovery by moving the victims to a new location.

d. Issues involving Service member victims' or adult military dependents' safety are **not** handled through an expedited transfer. If Service members or adult military dependents fear for their life or physical safety, a safety transfer may be requested per [MILPERSMAN 1300-1200](#).

e. An expedited transfer includes, but is not limited to:

(1) Temporary or permanent move to a different department, division, or unit within the current command, or

(2) Temporary or permanent move to a different command within or outside the current command's geographical area.

f. For Reserve Component Service members, transfers or reassignments include:

(1) Provisions to perform inactive duty training, when possible, on different weekends or times other than the alleged offender, and

(2) Provisions to perform inactive duty training with a different unit and or Navy Reserve activity in the home-drilling location to ensure undue burden is not placed on Service member victims or their families by a transfer.

g. An expedited transfer of a Service member will also include the Service member's military spouse and authorized dependents (as applicable), unless the Service member specifies otherwise. If the active duty spouse does not want to transfer with the victim Service member, the spouse and Service member's commander will submit an electronic [NAVPERS 1306/7](#) Personnel Action Request (ePAR) via MyNavy Portal or [NAVPERS 1301/85](#) Officer Personnel Action Request (officers) providing a reason for the exception and forward the request to the respective Navy Personnel Command (NAVPERSCOM) Career Management Department (PERS-4) detailing branch. Orders issued for a military spouse may be delayed up to 90 days.

h. Every reasonable consideration and effort must be made to minimize disruption to the Service member's or active duty spouse's normal career progression. NAVPERSCOM Deployability Assessment and Assignment Branch (PERS-454) will take into consideration all recommendations and preferences in reaching a final assignment decision.

i. Per reference (h), when Service members request expedited transfers on behalf of their adult military dependents, requests will include both the Service member and the Service member's dependents, even if they are geographically separated. A Service member may request that:

(1) Only his or her dependent(s) be transferred, or

(2) Their dependent(s) will be transferred expeditiously and the Service member's transfer will be delayed (e.g., the Service member may be deployed and wants to finish the deployment term, or the Service member is in training and wants to complete the training).

j. PERS-454 will ultimately determine whether the Service member will be transferred at the same time as the dependent(s).

Note: For overseas or operational assignments, coordination with additional offices may be required.

2. Expedited Transfer Applicability

a. A Service member may request an expedited transfer if:

(1) He or she is a victim of sexual assault and has filed an unrestricted report of sexual assault per references (e) through (g), or

(2) He or she is a victim of stalking, other sexual misconduct, or wrongful broadcast or distribution of intimate visual images and has filed a report with a military criminal investigation organization (MCIO), or

(3) He or she has an adult military dependent who has filed an unrestricted report of sexual assault through a [DD 2910](#) in the SAPR Program and the sexual assault suspect is a Service member, or if the suspect has a military connection (e.g., adult military dependent, works for DoD as a civilian employee (appropriated and non-appropriated fund employees) or is a government contractor), or the alleged sexual assault occurred on a DoD installation or facility. See reference (h).

b. Applicable Service members may request an expedited transfer at any time in their naval careers. The Navy does not limit the number of expedited transfer requests a Service member may make over the course of a naval career.

c. Applicable Service member victims must be informed of the option to request temporary reassignment within or outside their units or transfer from the commands to which they are assigned.

3. **Transfer Options**. An expedited transfer may be accomplished by a temporary or permanent reassignment from the Service member victim's current command by one of the following methods:

a. Temporary duty (TEM DU) (within or outside of local geographical area). The commanding officer (CO) may:

(1) Reassign the Service member victim or the alleged offender to a different division or workspace within the same command, or

(2) Temporarily reassign either the Service member victim or alleged offender to another local command, or

(3) Temporarily reassign either the Service member victim or alleged offender to another command outside the local geographic area.

b. Permanent change of assignment (PCA) within the local geographic area or permanent change of station (PCS) outside the local geographic area, which includes:

(1) PCA transfer (at Service member victim's request only) within the local geographic area reassigns the Service member to a different command on or off the current installation or within the same geographical area (e.g., cross-decking between local ships, squadrons, commands, etc.) and may or may not require PCS funding. All PCA and PCS orders will be issued by PERS-454.

(2) PCS transfer out of the local geographic area reassigns the Service member to a different command in a new geographic location, and

(3) A PCS transfer affected through modification to existing PCS orders or through modification of negotiated orders that have not been issued. Once the expedited transfer request is approved for a Service member possessing PCS orders, the command may request a modification of the orders for an immediate or earlier than directed PCS transfer.

4. Roles and Responsibilities

a. Losing CO

(1) Must notify the losing sexual assault response coordinator (SARC) and the Service member victim in writing when the expedited transfer decision is made to ensure continuity of advocacy services and capture of required data in the Defense Sexual Assault Incident Database (DSAID).

(2) Immediately send notification to PERS-454 to begin processing the transfer.

(3) Assign personnel, within the command (if possible), to assist Service member victims with approved expedited transfers with any out-processing required for PCS moves, to include facilitating transportation, as necessary.

(4) Ensure Service members with approved PCA or PCS transfers receive a detachment evaluation, fitness report, or other evaluation. No mention of reason for transfer will be made within the evaluation.

(5) Advise the Service member victim of the requirement to have an "intake meeting" with the gaining CO if the Service member victim seeks continued advocacy, legal, or healthcare (mental health or other medical) services at the new location, or if the investigation or legal proceeding involving the Service member victim's report is ongoing at the time of the transfer.

(6) Notify the Service member victim of the requirement to have a single "outbrief meeting" with the losing SARC and an "intake meeting" (to be arranged by the losing SARC) with the gaining SARC. After the "intake meeting" with the gaining SARC, the Service member victim can decide whether to continue advocacy services at the new location.

(7) Ensure the Service member victim is scheduled for an "outbrief meeting" with the losing SARC, so that the losing SARC can answer any remaining questions the Service member victim may have about the transfer process or facilitate any further scheduling.

(8) For sexual assault cases, per reference (g), when an expedited transfer is approved, the Service member victim's

losing CO must notify the gaining command's CO.

(9) For stalking, other sexual misconduct, and wrongful broadcasting cases, if there are ongoing investigations and or legal proceedings, when an expedited transfer is approved, the Service member victim's losing CO must inform the gaining CO of the status of the open investigation and ongoing legal proceedings.

b. Losing SARC

(1) Must meet with the Service member victim to "out-brief" and address any SAPR questions about the transfer process. During the out-brief, the losing SARC will inform the Service member victim that:

(a) The Service member victim's case will be transferred to the installation SARC, or for United States Marine Corps (USMC), the command SARC, at the gaining location for a mandatory "intake meeting." At installations with more than one SARC, the "lead SARC" will be designated as the gaining SARC for the purposes of the expedited transfer and the "intake meeting." Explain that the purpose of the "intake meeting" with the gaining SARC is to help the Service member victim understand the full range of support options at the new installation, facilitate appointments with mental health, medical, advocacy, legal services, or other response personnel at the new location, and help answer any questions the Service member victim may have. Also explain that after the "intake meeting" with the gaining SARC, the Service member victim may decline any further SAPR services.

(b) The Service member victim may be required to have an "intake meeting" with the gaining CO, if the Service member victim seeks continued advocacy, legal, or healthcare (mental health or other medical services) at the new location, or if the investigation or legal proceeding involving Service member victim's report is ongoing at the time of the transfer.

(c) The "intake meeting" with the gaining CO and the "intake meeting" with the gaining SARC will not occur at the same time without explicit consent from the Service member victim. The losing SARC will inform the Service member victim in advance that the communications with the gaining SARC and gaining CO in a joint meeting will not be privileged under Military Rule of Evidence 514.

(2) Will facilitate the scheduling of the "intake meeting" with the gaining SARC, taking into account the Service member victim's leave and transfer and travel time. The losing SARC will provide the Service member victim with the gaining SARC's name and contact information, to include the address of the gaining SARC's office, as well as an appointment date and time.

(3) Follows existing procedures to transfer the case in DSAID to the gaining SARC after all information on the expedited transfer has been annotated. Losing SARCs are not required to obtain Service member victim's consent to transfer the case on the [DD 2910](#) and will leave section 7, "Victim Consented to Transfer of (Restricted Report/Unrestricted Report) Case Documents to Another SARC," of the [DD 2910](#) blank.

c. Gaining SARC

(1) Will follow up with the Service member victim regularly to ensure the "intake meeting" occurs. During the "intake meeting," the gaining SARC will explain the full range of support options at the new installation, facilitate appointments with mental health, medical, advocacy, legal services, or other response personnel, and help answer any questions the Service member victim may have. The gaining SARC will also explain that after the "intake meeting," the Service member victim may decline any further SAPR services.

(2) The gaining SARC will coordinate with the gaining CO for a separate CO "intake meeting," if required (criteria explained above).

(3) The gaining SARC will update the Service member victim's case in DSAID per the Service member victim's decision for continued services.

d. PERS-454

(1) Will process requests for expedited transfers, taking into consideration location preferences and recommendations by Service member's chain of command. Every reasonable effort to minimize disruption to the normal career progression of the Service member and Service member's military spouse (as applicable) will be made. PERS-454 will take into consideration all recommendations and preferences but will make final assignment decisions after consultation

with the Service member victim and based upon valid billet availability.

(2) In most circumstances, expedited transfers to a different installation are completed within 30 calendar days from the date the transfer is approved by the Service member's command and submitted to PERS-454. Expedited transfers to a new duty location that do not require a change of station move are normally completed within 1 week from the date the transfer is approved by the Service member's command and received by PERS-454.

Note: Overseas and operational assignments may require additional time based on screening requirements.

(3) PERS-454 will notify the Service member's point of contact (POC) if none of the three requested locations are available. PERS-454 will issue orders if the Service member agrees to other available options in a valid billet, in a location that meets the Service member's career pathway and medical needs.

(4) PERS-454 will notify the losing and gaining commands of the orders and request positive confirmation of receipt from the gaining command prior to execution of the orders.

(5) Orders pursuant to this article are official and must be treated as such. Execution of PCS, PCA, or TEMDU orders by the requesting Service member will constitute acknowledgement that the expedited transfer request has been approved and fulfilled.

(6) All correspondence related to expedited transfer requests, approvals, denials, or withdrawals must be forwarded via e-mail to PERS-454 at expd_trf.fct@navy.mil, regardless of action taken by the command.

(7) All expedited transfer related e-mail communication with PERS-454 must be encrypted whenever practicable.

(8) Reference (c) contains information concerning entitlements and financial guidance.

5. Procedures

a. Service Member's Action. An expedited transfer request must be initiated in writing by the eligible Service member, including expedited transfer requests made on behalf of a Service member's adult military dependent, and submitted via his or her CO. The request (see exhibits 1 and 2) must include Service member's:

- (1) Reason(s) for the request,
- (2) Top three location preferences, and
- (3) Military spouse and dependents (as applicable).

b. CO's Action. Upon receipt of a written expedited transfer request, the Service member's CO must:

(1) Document the date and time the expedited transfer request is received and make an approval or disapproval recommendation of the request within five days of receiving the request. The CO must consider all facts and circumstances surrounding the case and the basis for the expedited transfer request.

(2) If the request is filed by a Service member victim who made an unrestricted report of sexual assault, immediately notify the SARC of the expedited transfer request.

(3) Verify through consultation for sexual assault cases - The SARC for SAPR cases or Family Advocacy Program (FAP) case manager for FAP cases, that an unrestricted report of sexual assault was filed by the Service member victim requesting an expedited transfer. Stalking, other sexual misconduct, or wrongful broadcasting cases - local MCIO where a report of the offense(s) was filed by the Service member victim requesting an expedited transfer.

(4) Determine if the report is credible (i.e., reasonable grounds to believe an offense occurred) based on advice of the supporting staff judge advocate, or other legal advisor concerned, and the available evidence based on information in an MCIO investigation (if available). If the CO recommends disapproval of an expedited transfer request due to the lack of a credible report, the grounds on which it was disapproved must be documented. A CO can always transfer a

Service member victim on other grounds (e.g., on humanitarian grounds) through a process outside the expedited transfer process. A presumption must be established in favor of transferring the Service member victim once a determination has been made that the report is credible.

(5) Do not delay the determination due to the non-availability or pending results of any investigation.

Note: For court-martial cases in which the accused Service member has been acquitted, the standard for approving an expedited transfer still remains whether or not a credible report has been filed. The CO must consider all the facts and circumstances surrounding the case and the basis for the expedited transfer request.

(6) Take into consideration the Service member's input before making a decision involving a temporary or permanent transfer and the location of the transfer.

(7) Consider the following factors in making the decision to approve the transfer:

- (a) Service member's reason for request to transfer,
- (b) Nature and circumstances of the offense,
- (c) Whether a temporary transfer would meet the Service member's needs and the operational needs of the unit. Unique situational requirements in deployed areas should also be considered,
- (d) Training status and any limitations of the Service member requesting the transfer,
- (e) Availability of positions within other units on the installation,
- (f) Status of the investigation and the potential impact on the investigation and future disposition,
- (g) Any issues with movement of the Service member's spouse and dependents,
- (h) Resources the Service member will need regular access: counseling, victims' legal counsel, SAPR, other, or not

applicable,

(i) Career path and other pertinent circumstances or facts, and

(j) Potential transfer of the alleged offender instead of the Service member requesting the transfer.

1. Commanders have the authority to request the transfer of the alleged offender. This reassignment or removal must not be taken as a punitive measure, but solely for the purpose of maintaining good order and discipline per reference (b), within the Service member's unit.

2. Once a Service member has been identified as an alleged offender, a transfer may occur at any time.

(8) Ensure Service members are counseled regarding:

(a) Reasonably foreseeable career impacts,

(b) Potential effect of the transfer or reassignment on the investigation and case disposition,

(c) Effect on bonus recoupment (e.g., if they cannot work in their specialty field),

(d) Other possible consequences of granting the request,

(e) Service member victims may be required to return for prosecution of the case, if the determination is made that prosecution is the appropriate command action, and

(f) Coordination with additional offices may be required for overseas or operational assignments.

c. Approval. If the CO approves the expedited transfer request, the following must be forwarded via encrypted e-mail to PERS-454 at expd_trf.fct@navy.mil for processing. All documents will be retained on file for a period of 3 years from date of approval, including:

(1) The CO's written endorsement or action taken (exhibit 3) regarding the Service member's transfer request;

(2) DSAID case number (for SAPR cases);

(3) Fleet and Family Support Management Information System (FFSMIS) case number (for FAP cases);

(4) MCIO case number for offenses covered by reference (a), articles 120a, 120c, and 117a; and

(5) The Service member's request (exhibit 1), or the request on behalf of his or her military adult dependent (exhibit 2).

(a) For sexual assault cases: The CO must ensure the applicable SARC and or FAP POC and MCIO POC are notified of the approval of the Service member's transfer request.

(b) For stalking, other sexual misconduct, and wrongful broadcasting cases: Only for open cases, the CO must ensure the applicable MCIO POC is notified of the approval of the Service member's transfer request.

d. Disapproval. If the CO recommends disapproval of the expedited transfer request, the CO's written recommendation for disapproval and justification (exhibit 4) regarding the Service member's transfer request; DSAID case number for SAPR cases; FFSMIS case number for FAP case; MCIO case number for offenses covered by stalking, other sexual misconduct and wrongful broadcasting; and the name and information of the applicable POC, along with the Service member's request (exhibit 1 or 2, as applicable), must be forwarded to the first flag or general officer or senior executive service (SES)-equivalent (as applicable) in the requesting Service member's chain of command for higher level review and final decision. The request will be forwarded to the immediate superior in command if the Service member's CO is a flag officer.

(1) The flag or general officer or SES-equivalent must provide written approval or disapproval (exhibit 5) of the request within five days of receipt of the command-level recommendation.

(2) The flag or general officer's or SES-equivalent's approval or disapproval must be immediately forwarded (within five days of receipt of command-level recommendation) via encrypted e-mail to PERS-454 at expd_trf.fct@navy.mil where it

will be processed and retained on file for a period of 3 years from date of endorsement.

e. Withdrawal. If at any time the requesting Service member elects not to proceed with an expedited transfer request, the request must be formally withdrawn by the Service member in writing to the CO (exhibit 6). The CO will forward a written letter (exhibit 7), along with the Service member's written withdrawal via encrypted e-mail to PERS-454 at: expd_trf.fct@navy.mil. In the event the Service member subsequently desires an expedited transfer at a later date, the process must be reinitiated by the Service member, using the process outlined in this article.

Note: A Service member may not withdraw a request made on behalf of an adult military dependent who is the victim of sexual assault (non-domestic abuse related), without consent from the adult military dependent.

Exhibit 8
Commanding Officer (CO) Checklist for Expedited Transfers

A. Receiving an Expedited Transfer Request	
1. Has the CO received a written expedited transfer request (exhibit 1) from the Service member?	YES <input type="checkbox"/> NO <input type="checkbox"/>
2. Has the time and date received been noted on the original document to establish the start of the five day time frame?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3. Has the CO consulted with a staff judge advocate (SJA) representative to determine the credibility of the unrestricted report of sexual assault or military criminal investigation organization (MCIO) report on stalking, other sexual misconduct, or wrongful broadcast or distribution of intimate visual images?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3a. For sexual assault cases: Did the CO immediately notify the sexual assault response coordinator (SARC)?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3b. For sexual assault cases: Did the CO consult with the SARC/Family Advocacy Program (FAP) point of contact to verify an unrestricted report is documented in DSAID/FFSMIS? DSAID/FFSMIS case number: _____	YES <input type="checkbox"/> NO <input type="checkbox"/>
3c. For stalking, other sexual misconduct, or wrongful broadcast or distribution of intimate visual images cases: Did the CO consult with local MCIO to verify a report is documented? Case/Report number: _____	YES <input type="checkbox"/> NO <input type="checkbox"/>
4. Has the CO considered the following factors in determining approval of the request?	
4a. Service member's reason for requesting the transfer?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4b. Nature and circumstances of the offense?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4c. Whether a temporary transfer will meet the Service member's needs and the operational needs of the unit? (situational requirements should be considered)	YES <input type="checkbox"/> NO <input type="checkbox"/>
4d. Training status and limitations of the Service member?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4e. Availability of positions within other units on the installation?	YES <input type="checkbox"/> NO <input type="checkbox"/>

4f. Status of the investigation and the potential impact on the investigation and future disposition of the offense after consulting with the Naval Criminal Investigative Service and the supporting SJA?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4g. Any issues with the Service member moving spouse and dependents?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4h. Resources the Service member will need regular access: e.g., medical counseling, victims' legal counsel (VLC), sexual assault prevention and response (SAPR), FAP?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4i. Any other pertinent circumstances or facts?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4j. Transfer of the alleged offender (Service member) (instead of the Service member requesting the transfer).	YES <input type="checkbox"/> NO <input type="checkbox"/>
5. Has the Service member been counseled regarding:	
5a. Reasonable foreseeable career impacts?	YES <input type="checkbox"/> NO <input type="checkbox"/>
5b. The potential effect of the transfer or reassignment on the investigation and case disposition?	YES <input type="checkbox"/> NO <input type="checkbox"/>
5c. Is the Service member receiving a bonus for this assignment? If yes, further coordination is required with NAVPERSCOM Deployability Assessment and Assignment Branch (PERS-454).	YES <input type="checkbox"/> NO <input type="checkbox"/>
5d. Other possible consequences of granting the request?	YES <input type="checkbox"/> NO <input type="checkbox"/>
6. Does the Service member still wish to proceed with the expedited transfer?	YES <input type="checkbox"/> NO <input type="checkbox"/>
B. If CO approves:	
1. For sexual assault cases: Has the losing command's SARC/FAP and MCIO point of contact been notified of the expedited transfer request?	YES <input type="checkbox"/> NO <input type="checkbox"/>
2. Have you drafted an endorsement per exhibit 3?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3. Have you provided the Service member and SARC with a copy of the signed version of exhibit 3?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4. Forward exhibits 1 or 2, as applicable, and exhibit 3 to PERS-454 via expd_trf.fct@navy.mil within five days.	YES <input type="checkbox"/> NO <input type="checkbox"/>
5. For sexual assault cases: Has the losing command's SARC/FAP and MCIO point of contact been notified of the expedited transfer request?	YES <input type="checkbox"/> NO <input type="checkbox"/>

6. Was the Service member advised of the requirement to have a single "outbrief meeting" with the losing SARC and an "intake meeting" (to be arranged by the losing SARC) with the gaining SARC.	YES <input type="checkbox"/> NO <input type="checkbox"/>
7. Has the mandatory "outbrief meeting" with the losing SARC been scheduled?	YES <input type="checkbox"/> NO <input type="checkbox"/>
8. Has the Service member been advised of the requirement to have an "intake meeting" with the gaining CO if the Service member victim seeks continued advocacy, legal, or healthcare (mental health or other medical) services at the new location, or if the investigation or legal proceeding involving the Service member victim's report is ongoing at the time of the transfer.	YES <input type="checkbox"/> NO <input type="checkbox"/>
9. (For open cases only) For stalking, other sexual misconduct, or wrongful broadcast or distribution of intimate visual images cases: Has MCIO point of contact been notified of the expedited transfer approval?	YES <input type="checkbox"/> NO <input type="checkbox"/>
C. If CO recommends disapproval	
1. Have you disapproved the expedited transfer? (signed exhibit 4)	YES <input type="checkbox"/> NO <input type="checkbox"/>
2. Have you notified the Service member of the disapproval?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3. Have you forwarded the Service member's expedited transfer request and your written justification for disapproval/action (exhibits 1 or 2 and exhibit 4) to the first flag or general officer or senior executive service-equivalent within five days of receipt of the expedited transfer request?	YES <input type="checkbox"/> NO <input type="checkbox"/>
D. First Flag Officer (FFO)/General Officer (GO) Review	
1. Has the Service member's expedited transfer request (exhibit 1 or 2), command endorsement (exhibit 4) and FFO, GO, or SES recommendation (exhibit 5) been forwarded to PERS-454 via expd_trf.fct@navy.mil within five days of receipt of command-level endorsement?	YES <input type="checkbox"/> NO <input type="checkbox"/>
E. Orders	
1. Has the Service member been notified of orders to preferred location? If yes, go to section F below.	YES <input type="checkbox"/> NO <input type="checkbox"/>

2. (If applicable) Has the Service member been notified that (his or her) preferred locations are not available and PERS-454 has a valid billet in a location that meets the Service member's career pathway, medical needs, including mental health and comfort level? If yes, go to step E.	YES <input type="checkbox"/> NO <input type="checkbox"/>
2a. Does the member accept the orders to the alternate location? If yes, go to G. If no, go to F.	YES <input type="checkbox"/> NO <input type="checkbox"/>
2b. (For open cases only) For stalking, other sexual misconduct, wrongful broadcast or distribution of intimate visual images cases: Has MCIO point of contact (POC) been notified of the expedited transfer approval?	YES <input type="checkbox"/> NO <input type="checkbox"/>
F. Withdrawal of Expedited Transfer	
1. Has the Service member elected to withdraw the request for expedited transfer? If no, go to step F.	YES <input type="checkbox"/> NO <input type="checkbox"/>
2. Was the request for expedited transfer withdrawal (via exhibit 6) submitted to you?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3. Did the CO notify PERS-454 (via exhibit 1 or 2 (as applicable), 6 and 7) of the Service member's decision to withdraw (his or her) request?	YES <input type="checkbox"/> NO <input type="checkbox"/>
G. Orders Issued	
1. Have you informed the Service member of (his or her) orders and anticipated detach and report time frame?	YES <input type="checkbox"/> NO <input type="checkbox"/>
2. For sexual assault cases: Have you notified the SARC/FAP, MCIO POC, and SJA of the orders, gaining command information, and anticipated detach and report timeframe?	YES <input type="checkbox"/> NO <input type="checkbox"/>
2a. (For open cases only) For stalking, other sexual misconduct, or wrongful broadcast or distribution of intimate visual images cases: Have you notified applicable MCIO POC and SJA of the orders, gaining command information, and anticipated detach and report time frame?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3. For sexual assault cases: Have you notified the gaining CO per references (e), (g), and (h)?	YES <input type="checkbox"/> NO <input type="checkbox"/>
4. For stalking, other sexual misconduct, or wrongful broadcast or distribution of intimate visual images cases: For cases with ongoing investigations and or legal proceedings, have you notified the gaining CO of the status of the open investigation and or legal proceedings?	YES <input type="checkbox"/> NO <input type="checkbox"/>

H. Checkout Process	
1. Has the Service member been encouraged to checkout with the MCIO agent, FAP, and or VLC where applicable?	YES <input type="checkbox"/> NO <input type="checkbox"/>
2. Has the Service member completed the mandatory "outbrief" with the SARC?	YES <input type="checkbox"/> NO <input type="checkbox"/>
3. Has the Service member met all requirements for transfer? (Overseas screening, operational screening, etc.) Note: For overseas or operational assignments, coordination with additional offices may be required.	YES <input type="checkbox"/> NO <input type="checkbox"/>
4. Has the Service member received a detaching evaluation or fitness report?	YES <input type="checkbox"/> NO <input type="checkbox"/>
I. Losing and Gaining SARC's Responsibility for Approved Expedited Transfer	
1. Did the Service member receive the "outbrief" and were SAPR questions addressed about the transfer process? During the outbrief meeting, was the following covered:	YES <input type="checkbox"/> NO <input type="checkbox"/>
1a. The case will be transferred to the SARC at the gaining location for a mandatory "intake meeting."	YES <input type="checkbox"/> NO <input type="checkbox"/>
1b. Did the losing SARC explain that the purpose of the "intake meeting" with the gaining SARC is to help the Service member victim understand the full range of support options at the new installation, facilitate appointments with mental health, medical, advocacy, legal services, or other response personnel at the new location, and help answer any questions the Service member may have?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1c. Does the Service member understand that after the "intake meeting" with the gaining SARC, the Service member may decline any further SAPR services?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1d. Did the losing SARC explain to the Service member that he or she may also be required to have an "intake meeting" with the gaining CO, if he or she is seeking continued advocacy, legal, or healthcare (mental health or other medical) services at the new location, or if the investigation or legal proceeding involving Service member's report is ongoing at the time of	YES <input type="checkbox"/> NO <input type="checkbox"/>

the transfer?	
1e. Did the losing and gaining SARC advise the Service Member that the "intake meeting" with the CO and the "intake meeting" with the gaining SARC will not occur at the same time without explicit victim consent, in which SARCs will inform the Service member victim in advance that the communications with the gaining SARC and gaining CO in a joint meeting will not be privileged under Military Rule of Evidence 514?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1f. Did the losing SARC facilitate the scheduling of the "intake meeting" with the gaining SARC, taking into account the Service member victim's leave and transfer/travel time?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1g. Did the losing SARC provide the Service member with the gaining SARC's name and contact information, to include the address of the gaining SARC's office, as well as an appointment date and time?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1h. Did the losing SARC follow existing procedures to transfer the case in DSAID to the gaining SARC after information on the expedited transfer has been annotated? Note: Losing SARCs are not required to obtain Service member victim consent to transfer the case on the DD 2910 and will leave Section 7, "Victim Consented to Transfer of (RR/UR) Case Documents to Another SARC," of the DD 2910 blank.	YES <input type="checkbox"/> NO <input type="checkbox"/>
1i. During the "intake meeting," did the gaining SARC explain the full range of support options at the new installation, facilitate appointments with mental health, medical, advocacy, legal services, or other response personnel, and help answer any questions the Service member had?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1j. Did the gaining SARC explain that after the "intake meeting," the Service member may decline any further SAPR services?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1k. Did the gaining SARC coordinate with the gaining CO for a separate CO "intake meeting," if required using the criteria explained above (1e)?	YES <input type="checkbox"/> NO <input type="checkbox"/>
1l. Has the gaining SARC ensured the case management group (CMG) at the gaining installation will review the Service member victim's case at the CMG meeting per existing DoD policy.	YES <input type="checkbox"/> NO <input type="checkbox"/>

1m. Did the gaining SARC update the Service member's case in DSAID per the Service member victim's decision for continued services?	YES <input type="checkbox"/> NO <input type="checkbox"/>

MILPERSMAN 1300-1300

ASSIGNMENT OF ACTIVE DUTY PERSONNEL WITH BLOODBORNE PATHOGENS (BBP)

Responsible Office	NAVPERSCOM (PERS-454)	Phone: DSN COM	882-4734 (901) 874-4734
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

References	(a) DoD Instruction 6485.01 of 7 June 2013 (b) SECNAVINST 5300.30F (c) OPNAVINST 1300.20 (d) DoD Instruction 1332.45 of 30 July 2018 (e) SECNAVINST 5211.5F (f) NAVMED P117, Manual of the Medical Department October 2020 (g) SECNAVINST 1850.4F
-------------------	---

1. **Policy**. Assignment policy for personnel infected with bloodborne pathogens (BBP) is governed by references (a) through (c). This policy outlines the assignment and distribution processes for active duty Service members infected with a BBP. The policy that outlines the assignment and distribution process for Navy Reserve Service members infected with BBP can be found in reference (b). The procedures outlined herein ensure that Service members (Active Component and full time support) infected with BBP have the opportunity to fill valid operationally and overseas billets.

a. Service members who have a BBP will be retained in the Service unless they demonstrate an unfitting medical condition(s). Service members who demonstrate an unfitting medical condition(s) shall be referred to the Integrated Disability Evaluation System (IDES) per reference (d).

b. Assignment restrictions cannot be imposed on BBP-infected Service members, except as delineated by this article and by reference (b). Any proposed changes in assignment policy which affect BBP-infected Service members must be coordinated

with Navy Personnel Command (NAVPERSCOM), Deployability Assessment and Assignment Branch (PERS-454) per reference (b).

2. **Definition.** BBP: Pathogenic microorganisms, transmitted via human blood, which cause disease in humans. They include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV), and human immunodeficiency virus (HIV).

3. **Confidentiality.** Maintaining the confidentiality of Service members infected with BBP is absolutely essential. Correspondence, electronic mail (e-mail), and verbal or phone discussions regarding BBP-infected Service members will be limited to the following personnel: the BBP-infected Service member, personnel within NAVPERSCOM who have a demonstrated need to know in order to perform their duties and assign these Service members, the commanding officer (CO) of the proposed gaining command, and the senior medical officer or senior medical department representative of the proposed gaining command. Strict compliance with the provisions of the Privacy Act is required per reference (e).

a. E-mails regarding BBP-infected Service members containing names, Social Security numbers, Department of Defense Identification/Electronic Data Interchange Personal Identifier (DODID/EDIPI) or other Personally Identifying Information (PII) shall be digitally-signed and public key infrastructure-encrypted.

b. Hard-copy correspondence must be pre-coordinated before mailing to PERS-454. If used, all hard-copy correspondence regarding BBP Service members which contains names, Social Security numbers, DODID/EDIPI or other PII will:

(1) Be double wrapped with the inner layer marked as Controlled Unclassified Information (CUI) and include a SF-901, CUI cover sheet should be used.

(2) Be mailed to only those with an official need to know,

(3) Be sent via a mailing service that can provide tracking information, and

(4) Be handled and destroyed per Department of Defense privacy directives.

4. **Assignment Procedures.** The Assistant Commander, Navy Personnel Command for Career Management (PERS-4) will coordinate policy and assignment for Service members infected with BBP. Service members with BBP may not be assigned or reassigned without PERS-454 approval.

a. Personnel with a BBP infection will be detailed according to the normal assignment policies (i.e., sea/shore flow and career progression) and will be screened for assignment in exhibit (1). PERS-4 detailers will coordinate with PERS-454 for all orders affecting BBP.

b. Any questions regarding assignments should be referred to PERS-454.

c. HIV:

(1) When a Service member is initially identified as having HIV during overseas screening, operational screening, or in the normal course of healthcare services, the Navy Bloodborne Infection Management Center (NBIMC) will notify PERS-454 and the Service member's CO.

(2) For a new diagnosis of an HIV positive member, the CO will arrange for the timely notification of the Service member per reference (b).

(3) A newly diagnosed HIV-positive Service member will be placed on temporary limited duty (TLD) upon checking into the HIV Evaluation Treatment Unit per references (b) and (e). COs may contact PERS-454 via points of contact listed. Upon reaching stability, the Service member will be screened by the NBIMC and complete a medical assignment screening as outlined in [MILPERSMAN 1300-800](#), Transfer of Personnel to Operational Duty (Operational Screening). Service members who require more than 12 months of TLD will be referred to the IDES per references (c) and (e). If qualified, rating conversion or lateral transfer may be an additional option, refer to [MILPERSMAN 1440-010](#), Conversion Authorization; and [1440-011](#), Forced Conversion; for enlisted personnel and current naval administrative (NAVADMIN) message for officer lateral transfer.

(4) Newly diagnosed Service members must be thoroughly educated on their condition and the permanent assignment limitations outlined in exhibit 1 due to their medical status, to include possible port visit restrictions by host nations.

For the most current information on country restrictions on entry, stay, and residence of HIV-positive persons to ensure he or she understands the scope of countries with restrictions that may be applicable to Outside continental United States (OCONUS) or operational assignment.

d. Chronic Hepatitis:

(1) Service members initially diagnosed with chronic hepatitis B or C will be placed on TLD until dispositioned by either infectious disease or gastroenterology. Treatment will follow appropriate clinical guidelines.

(2) Service members with chronic HBV or HCV who go beyond 12 months of treatment, have failed treatment, who are not candidates for treatment, or who have complications from the infection which impair their ability to perform the required duties of rate, rank or office, will be referred to the IDES.

5. **Procedures for OCONUS or Operational Orders.** Service members with a BBP infection will be detailed according to the normal assignment policies (i.e., sea/shore flow and career progression) and will be screened for assignment to commands described in exhibit 1. Due to potential austere environments and limited medical facilities, Service members with a BBP will not be considered for overseas individual augmentee tours or remote duty assignments.

a. The Service member will acknowledge during the screening process that additional personnel will need to know of their medical condition(s). BBP Service members will also acknowledge that they may be prohibited from taking liberty, leave, or temporary duty in countries that have entry restrictions applicable to persons with BBP, such as HIV.

b. For the most current information on country restrictions, the Service member should visit the following Web sites: www.hivtravel.org and <https://travel.state.gov/content/passports/en/country.html>.

c. Assignment applications:

(1) Enlisted members will follow regular procedures of MyNavy Assignments (MNA) System entry.

(2) Officers will contact their detailers directly.

d. If the Service member is not medically cleared from NBIMC after 12 months of TLD, they will be referred to IDES per reference (e).

6. **Responsibilities**. All personnel must ensure that Service member medical information is protected per the Health Insurance Portability and Accountability Act and the Privacy Act (as appropriate). Adherence to the process timelines for OCONUS and operational orders is very important to Navy command manning levels and prioritization of outstanding requisitions.

a. Service member:

(1) Enlisted Service members will negotiate orders via MNA.

(2) Officers will contact detailers directly.

b. PERS-454:

(1) Execute BBP assignment policy.

(2) Coordinate with NBIMC.

(3) Coordinate assignment with detailers and Service members.

(4) Inform prospective CO of Service members' assignment to their commands.

c. Detailer:

(1) Coordinate with Service member and PERS-454 for assignments.

(2) Notify PERS-454 if a Service member who negotiated orders to an operational assignment is found unsuitable.

d. NBIMC:

(1) The NBIMC will provide guidance to commands upon initial detection of Service members who are positive for a BBP.

(2) The NBIMC will provide formal notification of approval or disapproval to PERS-454 for operational duty

utilizing exhibit 2. Exhibit 2 will be scanned into appropriate electronic health record for review.

(3) The Bureau of Medicine and Surgery (BUMED) Resource Management Department will provide travel for initial evaluation and treatment of BBP active duty Service member.

(4) The NBIMC and treating HIV evaluation and treatment units will ensure all newly diagnosed and unstable BBP Service members are placed on TLD and/or referred to IDES as outlined above.

(5) Per reference (f), chapter 15, personnel in special communities such as aviation duty, diving duty, special warfare, or submarine duty who are diagnosed HIV-positive, require a BUMED waiver of medical standards to continue in these programs.

e. Screening command:

(1) Ensure the Service member has been approved through the overseas screening or operational screening process per reference (g), [MILPERSMAN 1300-300](#), Overseas/Remote Service General Information; [1300-302](#), Suitability and Selection for Overseas Service; [1300-304](#), Suitability for Overseas Assignment Screening and Reporting; [1300-800](#) and [1306-801](#), Enlisted Assignment Screening for all BBP conditions. Exhibit 2 will be used as formal clearance for operational duty in regards to the BBP specifically.

(2) For the most current information on country restrictions, the screening command should visit the following Web sites: www.hivtravel.org and <https://travel.state.gov/content/passports/en/country.html>.

f. Prospective commands will notify PERS-454 regarding acceptance of assignment, within 48 hours of notification of prospective gain. Any command inquiries, regarding personnel with BBP, should be referred to PERS-454 for response coordination.

EXHIBIT 1

**LIST OF COMMANDS ELIGIBLE FOR OVERSEAS OR OPERATIONAL ASSIGNMENT
OF MEMBERS WITH BLOODBORNE PATHOGENS (BBP)**

1. The following OCONUS medical facilities are capable of providing medical services to members with identified BBP:

NAVAL HOSPITAL ROTA SPAIN
NAVAL HOSPITAL NAPLES ITALY
NAVAL HOSPITAL SIGONELLA ITALY
NAVAL HOSPITAL GUAM MARIANA ISLAND
NAVAL HOSPITAL YOKOSUKA JAPAN
NAVAL HOSPITAL OKINAWA JAPAN
NAVAL HOSPITAL GUANTANAMO BAY CUBA
NAVAL HEALTH CLINIC HAWAII HAWAIIAN ISLAND (TRIPLER Army Medical Center)

2. Service members with BBPs can be detailed to operational assignments and sea duty squadrons that have a permanently assigned medical officer. No Fleet Marine Force billets will be authorized.

EXHIBIT 2

NAVY BLOODBORNE INFECTION MANAGEMENT CENTER (NBIMC) OPERATIONAL /OVERSEAS SCREENING

1. This Service member requires additional screening for operational/overseas duty. I have determined that this member's medical suitability with consideration of ONLY his or her bloodborne pathogen condition is (approved/not approved) for operational/overseas duty. Member's screening is valid for 6 months prior to receipt of orders. If it is determined that the member is not suitable for operational duty he or she will be directed to be placed on TLD until he or she can successfully screen for operational duty. If it is determined that the Service Member has been non-deployable for a period equal to or greater than 12 months, who have failed treatment, or who have complications from the infection which impair his or her ability to perform the required duties of rate, rank or office will be directed to be referred to the Integrated Disability Evaluation System (IDES).

2. For further discussion of this matter, the Officer in Charge, NBIMC can be reached at dha.bethesda.j-11.mbx.nbimc-oic@mail.mil.

OIC NBIMC

MILPERSMAN 1300-1306

ACTIVE DUTY PREGNANCY POLICY AND PLACEMENT PROCEDURES

Responsible Office	NAVPERSCOM (PERS-454)	Phone:	DSN COM	882-3867 (901) 874-3867
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

Reference(s)	(a) COMNAVRESFORINST 6000.1E (b) SECNAVINST 1000.10A (c) OPNAVINST 6000.1C (d) COMFLTFORCOM/COMNAVPERSCOMINST 1300.1A (e) NAVMED P-117, Manual of the Medical Department (MANMED) (f) OPNAVINST 1220.1E
---------------------	--

1. **Purpose.** This article standardizes procedures for the assignment, accountability, and disposition of active duty (Active Component and Full Time Support), enlisted and officer, pregnant military personnel (hereafter referred to as Service members). Refer to reference (a) for Reserve Component pregnant Service members.

2. **Background.** Per reference (b), pregnant Service members are fully participating members of the Navy team. Pregnancy is a natural event that can occur in the lives of Service members and is not a presumption of medical incapability. Pregnancy could, however, affect a command's operational readiness by temporarily limiting a Service member's ability and availability to perform all assigned tasks.

3. **Definitions**

a. **Distribution Navy Enlisted Classification Code (DNEC)**
0054 - A code that is assigned by Navy Personnel Command (NAVPERSCOM), Deployability Assessment Branch (PERS-454) to a pregnant enlisted Service member upon receipt of official notification of pregnancy, in receipt of operational deferment orders, or a Service member who remains onboard a shore tour and

is within 9 months of her original projected rotation date (PRD). Service members with DNEC 0054 will have their PRDs automatically adjusted to 12 months post-delivery by PERS-454. However, if the Service member's initial PRD was equal to or greater than 12 months post-delivery, the PRD will remain unchanged and the Service member will not be assigned DNEC 0054.

b. **Pregnancy (Class "DP" Availability (AVAIL))** - Per MILPERSMAN 1306-1702, a DP AVAIL is a request from a command to make an enlisted pregnant Service member available for operational deferment permanent change of station (PCS) orders. A DP AVAIL is also required for students to continue training at a school activity due to pregnancy, and students who will complete current course of instruction, but not attend further training. Additionally, a new DP AVAIL is also required for Service members attached to a non-operational activity when an assigned pregnancy tour length will exceed the Service member's PRD. Lastly, a new DP AVAIL is to be submitted for subsequent pregnancies during assigned pregnancy tour.

c. **Non-Operational Commands** - For officers, officer onboard type assignment code (TAC) S, O, A, or H are non-operational. For enlisted, type duty 1, 3, and 6 are non-operational.

d. **Operational Commands** - For officers, TAC C or D are operational. For enlisted, type duty 2 or 4 are operational.

e. **Official Notification of Pregnancy** - Per reference (c), commanding officer (CO) or officer in charge (OIC) must be notified of pregnancy in writing, and as soon as possible, but no later than 2 weeks after official notification by health care provider (HCP).

f. **Operational Deferment Tour** - The period of time from official notification and placement of pregnant Service members from an operational command to a non-operational command. A Service member who gives birth will be deferred from all transfers (e.g., PCS, temporary additional duty, etc.) to operational assignments for the duration of pregnancy, delivery, and 12 month period following delivery or 6 month period following stillbirth or neonatal demise (infant death 0-28 days following birth).

g. **Operational Deferment Tour Termination Request** - At any point following completion of maternity leave, Service members may request to terminate their 12-month postpartum operational deferment in order to return to an operational command (TAC C or D (officers) or type duty 2 or 4 (enlisted)). Requests must be initiated by the Service member, per reference (c), using NAVPERS 1301/85 Officer Personnel Action Request or NAVPERS 1306/7 Enlisted Personnel Action Request which may be accessed using the following Web address: <http://www.public.navy.mil/bupers-npc/reference/forms/NAVPERS/Pages/default.aspx>. Service members must initiate requests, per reference (c), using NAVPERS 1301/85 Officer Personnel Action Request or NAVPERS 1306/7 Enlisted Personnel Action Request. Requests will be accompanied by an endorsement from the Service member's primary care manager or obstetric provider to ensure there are no medical issues associated with returning to TAC C and D (officer) or type duty 2 or 4 (enlisted) duty. Requests will be granted on a case-by-case basis by the cognizant detailer.

h. **Waiver to Remain on Board** - A request from the member to remain onboard an operational command during the period of pregnancy and 12 months post-delivery. The waiver must be submitted to the cognizant detailer for officers or PERS-454 for enlisted. The waiver must include endorsements from the Service member, the CO or OIC, and the HCP. All endorsements must be on command letterhead. The Service member may request at any time to cancel the waiver, necessitating transfer to shore.

4. **Responsibilities**

a. **CO or OIC (Operational Commands):** Must designate (in writing) a qualified and trained deployability coordinator to work in concert with the medical treatment facility (MTF) to report and track all pregnant Service members.

b. **CO or OIC (Non-Operational Commands):**

(1) Must designate (in writing) a qualified and trained deployability coordinator to work in concert with the MTF to report and track all pregnant Service members.

(2) Must ensure compliance with MILPERSMAN 1050-435 for administration of maternity leave.

c. Command Deployability Coordinator (Operational Commands) :

(1) Process, track, and monitor Service members identified as pregnant by MTFs. Be responsible for receipt of official notification of pregnancy, notifying the chain of command.

(a) Process DP AVAILS (when required) for pregnant enlisted Service members, per MILPERSMAN 1306-1702, and send copy of the DP AVAIL to pregavail-tld@navy.mil.

(b) Send a copy of the officer's pregnancy notification from the servicing MTF to PERS-454 functional mailbox at: mil DAOPers-454@navy.mil.

(2) Report all pregnant Service members that are returned early from outside of the continental United States (OCNUS) into Bureau of Naval Personnel (BUPERS) Online (BOL). It is essential to maintain close liaison with MTFs and PERS-454.

(3) Comply with all requirements regarding the management of pregnant Service members outlined in this article, references (b) through (e), and all associated relevant instructions.

(4) Ensure, as operational requirements dictate, the pregnant Service member does not remain onboard for deployments after notification of pregnancy or after the 20th week of gestation, if ship is in port or command is not deploying without an approved waiver per reference (c). Service members may not remain onboard an operational command if either the Service member or the unborn child(ren)'s health may be jeopardized (e.g., potential exposure to electricity, hazardous fluids, heavy lifting, hazardous noise levels, etc.).

(5) If the Service member requests a waiver to remain onboard an operational command, the complete package must be received, processed, and adjudicated by the cognizant detailer for officers or PERS-454 for enlisted before the 20th week of gestation. Packages will be rejected if the pregnant Service member's postpartum period (i.e., 12 months post-delivery) exceeds the current PRD, unless the Service member waives the portion of the operational deferment period that exceeds PRD.

(6) During this process, if a Service member is identified through the MTF as no longer being pregnant, the following actions must take place:

(a) For enlisted Service members, if a DP AVAIL was submitted and the Service member's orders have not been released, submit a cancellation DP AVAIL to PERS-454 to e-mail: pregavail-tld@navy.mil.

(b) For enlisted Service members, if a DP AVAIL was submitted and the Service member's orders have been released, a Navy message requesting cancellation of orders must be submitted to the appropriate rating detailer. Also, a termination of pregnancy tour requirement (DY) AVAIL must be entered into the Navy Standard Integrated Personnel System per MILPERSMAN 1306-1702.

(c) For officers, notify PERS-454 via e-mail: mil DAOPers-454@navy.mil and the cognizant detailer for order modification as necessary.

(7) Ensure all pregnant Service members' data (officer or enlisted) are entered into the Medical Readiness Reporting System (MRRS) upon official notification of pregnancy.

d. Command Deployability Coordinator (Non-Operational)

(1) Process, track, and monitor Service members identified as pregnant by MTFs. Be responsible for receipt of official notification of pregnancy, notifying the chain of command and processing DP AVAILs (when required) for enlisted pregnant Service members, per MILPERSMAN 1306-1702, and send copy of the DP AVAIL to e-mail: pregavail-tld@navy.mil.

(2) Send a copy of the officer's pregnancy notification from the servicing MTF to PERS-454 functional mailbox at: mil DAOPers-454@navy.mil.

(3) Report all pregnant Service members that are returned early from OCONUS into BOL. It is essential that coordinators maintain close liaison with MTFs and PERS-454.

(4) Comply with all requirements regarding the management of pregnant personnel outlined in this article,

references (b) through (e), and all associated relevant instructions.

(5) Ensure all pregnant Service members' data (officer or enlisted) is entered into the MRRS upon official notification of pregnancy.

e. MTF Deployability Coordinator

(1) Be designated in writing as a deployability coordinator per reference (e), chapter 18 (formally known as a limited duty (LIMDU) coordinator).

(2) Ensure completion of temporary NAVPERS 1070/613 Administrative Remarks per reference (c).

(3) Ensure all pregnancies are entered into MRRS.

(4) Report when a Service member is no longer pregnant to the command deployability coordinator.

f. Service Members

(1) Are expected to balance the demands of a naval career with their family plans and responsibilities per reference (c).

(2) Must seek confirmation of pregnancy by a military HCP or civilian HCP in cases of inaccessibility to a MTF as soon as possible after pregnancy is suspected.

(3) Must notify their CO or OIC of a pregnancy as soon as possible, but no later than 2 weeks after notification of pregnancy by the HCP. This will facilitate planning a replacement requisition if the Service member is at an operational command.

(4) Must report as soon as possible after confirmation of pregnancy to the supporting MTF to establish a prenatal care program.

(5) Are required to notify NAVPERSCOM when they are at a non-operational command and are within 12 months of their PRDs as follows:

(a) Enlisted Service members must submit DP AVAIL, per MILPERSMAN 1306-1702, requesting a PRD extension to complete the 12-month post-delivery operational deferment with one of the following:

1 Associated official notification of pregnancy if pre-delivery; or

2 Birth certificate if post-delivery.

(b) Officer Service members must request a PRD extension to complete the 12-month post-delivery operational deferment, unless they plan to submit an operational deferment waiver, per reference (c), by notifying their cognizant detailers with one of the following:

1 Associated official notification of pregnancy if pre-delivery; or

2 Birth certificate if post-delivery.

(6) Are required to contact their detailers within 12 months of expiring operational deferment to seek deployability when they are in an operational deferment status.

(7) Who experience a spontaneous non-elective abortion should seek evaluation by their HCP to determine the appropriate convalescent leave period needed to return to a deployable status. Service members who have a third trimester loss, who give birth to a stillborn child, or have a neonatal demise are entitled to 6 months of operational deferment consistent with return to physical readiness standards per reference (c). Pregnancy and parenthood status must be made known to designated command officials while ensuring the Service member's privacy.

(8) Who are participating in an infertility evaluation and treatment program are required to notify their commands with a letter from their HCPs to include the duration of the treatment and the potential dates for minor procedures.

5. Pregnant Service Members Assigned to a Temporary Limited Duty (TLD) or Physical Evaluation Board (PEB)

a. Upon receipt of official notification of TLD (e.g., LIMDU) or PEB status, the command must adhere to MILPERSMAN 1301-225 for officers or MILPERSMAN 1306-1200 for enlisted, along with any other pertinent directives associated with the member's medical status. The period of pregnancy will take precedence over any period of TLD or PEB.

b. Service members will be medically screened for continuation in a TLD or PEB status 42 days after delivery and processed per MILPERSMAN 1301-225 or 1306-1200 and any other pertinent directives.

6. Pregnant Service Members Overseas

a. Unless waived, all single E-3 and below Service members who become pregnant overseas must be returned to CONUS. Single pregnant E-3 and below Service members may request to remain OCONUS via a waiver through NAVPERSCOM, Enlisted Distribution Division (PERS-40) via PERS-454 with CO or OIC endorsement, after completion of a personal financial review with a command financial specialist. Other considerations include, but are not limited to, occupational considerations, social support, and Service member preference. A DP AVAIL must be submitted on all single E-3 and below Service members who are identified as pregnant while OCONUS, including Hawaii and Guam.

b. E-4 and above single Service members who become pregnant OCONUS will remain OCONUS, unless the Service member is assigned to a remote location and or obstetrics/gynecology care is unavailable, in which case submission of a DP AVAIL is required. If appropriate care is not available, the local MTF must provide written notice to the Service member's CO or OIC stating that care exceeds the capabilities of the local MTF, thus necessitating an Early Return Request message, per MILPERSMAN 1300-306, to CONUS.

c. The MTF must furnish a notification of pregnancy to the Service member's CO or OIC. The deployability coordinator or command career counselor must enter all pregnant Service members who are returned early from OCONUS into BOL. High risk pregnancies, as identified by the MTF, will be returned to CONUS per MILPERSMAN 1300-306.

7. **Second or Subsequent Pregnancy Tours.** Service members who become pregnant while assigned to an operational deferment tour at a non-operational command will notify their chain of command as soon as possible, but no later than 2 weeks after notification of pregnancy by the HCP. Per MILPERSMAN 1306-1702, upon receipt of official notification of pregnancy from the MTF, the command must submit a DP AVAIL requesting adjustment of the enlisted Service member's PRD. Pregnant officers will notify their cognizant detailers to request PRD adjustments.

8. **NAVPERSCOM (PERS-454) Process**

a. **Placement Policy.** PERS-454 is the central coordinator for the placement and assignment of pregnant enlisted Service members. The function of this central coordination point is to equitably distribute pregnant enlisted Service members.

b. **Placement Processes.** Upon receipt of DP AVAIL, PERS-454 will review the placement and assignment options. Per reference (d), a pregnant enlisted Service member assigned to this status will be placed in an excess refillable requisition billet provided by NAVPERSCOM based on the following guidelines:

(1) Prior to recommending assignments to the rating detailer, PERS-454 will consider the previous medically unrestricted (ACC 100) area type code, the Service member's rating, and the equitable distribution of pregnant enlisted Service members in a geographical area.

(2) Members are assigned in close proximity to an MTF capable of providing the required care.

(3) To satisfy PCS cost constraints, as well as personnel requirements, other factors are considered in making assignments, including the location of dependents, the Service member's past type duty, expiration of active obligated service, and any medical considerations (e.g., high risk pregnancy) identified by the MTF.

(4) PERS-454 will coordinate with NAVPERSCOM, Nuclear Power/Submarine Distribution Branch (PERS-403) to ensure nuclear-trained enlisted Sailors are placed at nuclear shore commands for their pregnancy tours.

c. Pregnant officers must notify their detailers. The detailer will coordinate officer placement.

9. **Nuclear Trained Service Members.** Per reference (f), nuclear trained Service members who are not assigned duty associated with the operation, maintenance, or supervision of a nuclear propulsion plant whose tour exceeds the nominal tour length (36 months), will be evaluated by Office of the Chief of Naval Operations (OPNAV), Nuclear Propulsion Program Management Branch (N133D) for nuclear proficiency.

10. **Spouse Collocation.** This process, which is managed by the members' detailers, is considered during operational deferment tour placement per MILPERSMAN 1300-1000.

11. **Reenlistment/Extension While in DNEC 0054.** An enlisted member who has been coded as DNEC 0054 must be processed for retention pursuant to MILPERSMAN 1160-030 and 1160-040. At no time will DNEC 0054 prohibit the processing of a reenlistment application. Additionally, the mere existence of pregnancy does not guarantee retention beyond current EAOS.

-------------------	---

1. Policy

a. Per reference (a), permanent limited duty (PLD) is the continuation on active duty of medically unfit Active Component or Training and Administration of the Reserve Service members. When a Service member is found unfit by the Physical Evaluation Board (PEB), he or she will be separated or retired per reference (a). Chief of Naval Personnel (CHNAVPERS) may determine that a Service member's service obligation or unique expertise and experience justify the continuation of an unfit Service member in a PLD status.

(1) A Service member who is continued on active duty per this article will be granted disability benefits, if eligible, based upon the degree of disability at retirement or separation.

(2) The term "limited assignment" means assignment with appropriate limitations based upon the specific disabilities in each case. Specific limitations on duty assignments for Service members classified as PLD may be directed by Service headquarters. A Service member will not be placed in a PLD status solely to increase monetary benefits.

b. CHNAVPERS may retain Service members found unfit in a PLD status for a requested period for:

(1) Enlisted education and training programs to include: Enlisted Education Advancement Program, initial and advanced skill training schools that require obligation beyond initial

enlistment contract, nuclear power field programs, advanced electronic field programs, and advanced technical field programs or similar programs. CHNAVPERS may waive the service obligation on a case-by-case basis when, as a result of the disabling condition, the Service member can no longer perform required duties of any billet. This will not be a factor in PLD qualification or disqualification.

(2) Funded education programs including the U.S. Naval Academy; Naval Reserve Officers Training Corps; Armed Forces Health Professions Scholarships; Uniformed Services University of Health Sciences and equivalent funded education programs; and advanced education or technical training requiring additional obligated service, including postgraduate education, service school or college, law school, medical residency (including fellowships), flight training, naval officer training, and equivalent programs. CHNAVPERS may waive the service obligation on a case-by-case basis when, as a result of the disabling condition, the Service member can no longer perform required duties of a valid funded billet.

c. CHNAVPERS will refer all Service members continued in a PLD status for a period in excess of 12 months to the Disability Evaluation System (DES) for re-evaluation prior to the expiration of PLD period. After consultation with a DES attorney, the Service member may elect the re-evaluation be completed through the Integrated DES (IDES) or legacy DES process. New conditions will be evaluated during the re-evaluation. The medical treatment facility completing the re-evaluation will send the Medical Evaluation Board report to the PEB a minimum of 6 months before the completion of the PLD period or at such time as the PLD is otherwise terminated.

2. Roles and Responsibilities

a. CHNAVPERS

(1) Delegates authority to Deputy Chief of Naval Personnel (DEP CHNAVPERS) to approve all PLD requests.

(2) Makes final approval or disapproval on all PLD requests recommended for disapproval by DEP CHNAVPERS.

b. **Navy Personnel Command (NAVPERSCOM) Deployability
Assessment Branch (PERS-454)**

(1) Process PLD requests, taking into consideration PEB commentary, command endorsement, PEB findings, Service member's request and all recommendations and preferences. In most circumstances, PLD requests are completed within 60 calendar days from the date the request is endorsed by the Service member's command and submitted to PERS-454.

(a) All correspondence related to PLD requests, approvals, denials, or withdrawals must be forwarded via e-mail to PERS-454 at permanentlimdu@navy.mil, regardless of action taken by the command.

(b) All PLD-related e-mail communication with PERS-454 must be encrypted whenever practicable.

(2) Notify NAVPERSCOM Medical Benefits Division (PERS-95) if Service members on the Temporary Disability Retirement List or Permanent Disability Retired List need their end of active service extended.

(3) Refer to [MILPERSMAN 1300-1400](#). For Service members retained after being found unfit by PEB will be placed in ACC 105 and assigned a Deployability Category Code 4P1.

(4) Update PLD related details in Veterans Tracking Application.

c. **PERS-95**

(1) Liaise directly with PERS-454 for all known PLD cases still in processing to adjust end of service dates to allow time for PLD adjudication prior to personnel separation date.

(2) Liaise directly with PERS-454 for adjudicated PLD cases to properly adjust end of service dates to match start of disability retirement period with end of PLD status.

d. **Navy Medicine Readiness and Training Command**

(1) Assist parent command and PLD personnel in acquiring appointments on a priority basis.

(2) Maintain separate case files for PLD personnel to assist in identification and processing.

(3) Ensure Service members continued in PLD status in excess of 12 months receive a medical re-evaluation to be submitted to the PEB a minimum of 6 months prior to the completion of the PLD period.

e. **Command**. Submit command endorsement to PERS-454 within 15 days from initial notification of informal findings or formal findings. Command endorsement will include approval or disapproval recommendation to a Service member's PLD status that his or her employment is justified as being of value to the naval service. Justification must state criteria as per reference (b). As each case is individually considered, justification criteria is necessary for approval.

f. **Legal Counsel**. Advise members of the procedural requirements involved in submitting a PLD request if the member has not already been denied this request by Service headquarters.

g. **Service Member**. A Service member must submit a request within **15 calendar days** from initial notification of formal findings to make his or her election of options.

3. **Procedures**

a. **Service Member's Action**. A PLD request must be initiated in writing by the eligible Service member and submitted to PERS-454 via his or her commanding officer (CO). The request must identify specific reasons for remaining on active or reserve duty. Requests are due to PERS-454 within 15 calendar days of initial notification of informal PEB or formal PEB findings. The request (see exhibits 1 and 2) must include Service member's:

(1) Request letter;

(2) Command endorsement;

- (3) Finding of the PEB proceedings; and
- (4) PEB commentary.

b. **Commanding Officer's (CO) Action**

(1) Upon receipt of a written PLD request, the Service member's CO must make an approval or disapproval recommendation of the request within 5 business days. The CO must consider all facts and circumstances surrounding the case and the basis for the expedited transfer request.

(2) Forward request via e-mail to PERS-454 at permanentlimdu@navy.mil, regardless of action taken by the command.

c. **Service Member's Withdrawal.** If at any time the requesting Service member elects not to proceed with a PLD request, he or she must formally withdraw his or her request, in writing, to the CO (exhibit 3). The CO will forward a written letter (exhibit 4), along with the Service member's written withdrawal via unencrypted e-mail to PERS-454 at: permanentlimdu@navy.mil.

-------------------	--

1. **Purpose.** This article provides the procedures for the assignment, accountability, follow-up care, and disposition of officer and enlisted personnel to or from a limited duty (LIMDU) status for medical reasons.

2. **Definitions**

a. Abbreviated Medical Evaluation Board Report (AMEBR). [NAVMED 6100/5](#) Limited Duty AMEBR is a detailed summary of a Service member's medical condition(s) dictated by the attending physician. An AMEBR is required to be submitted electronically in the LIMDU Sailor and Marine Readiness Tracker (LIMDU SMART) and is used to recommend a member on a first or additional periods of LIMDU. An AMEBR is also used to place a Service member on LIMDU for referral to the Department of the Navy Physical Evaluation Board (PEB) as part of the Disability Evaluation System (DES). [NAVMED 6100/6](#) Return of a Patient to Medically Unrestricted Duty Status from Limited Duty is used to return a Service member to medically unrestricted duty after a period of LIMDU and to identify any duty or assignment

limitations. [NAVMED 6100/5](#) and [NAVMED 6100/6](#) are completed electronically in the appropriate LIMDU tracking system (i.e., LIMDU SMART).

NOTE: An AMEBR is not to be confused with a special function eMEBR which is a form submitted in LIMDU SMART specifically to refer a Service member to a PEB.

b. Deployability Category (DCAT) Code. DCAT identifies a Service member's deployability status. DCAT delineates the deployability category assignment of varying conditions (e.g., medical, legal, humanitarian assignment, pregnancy, etc.) into categories reportable to leadership and visible to personnel with an official need to know (Navy Personnel Command (NAVPERSCOM) detailers and other staff, etc.).

c. Deployability Coordinator. Per references (a) and (b), every command and medical treatment facility (MTF) must appoint in writing a single point of contact to act as the command deployability coordinator. Commands with 50 or more LIMDU personnel are encouraged to appoint a command deployability coordinator as a primary duty. Deployability coordinators must not be in a LIMDU status. Close liaison between parent commands and MTFs is critical to ensure accurate accounting, tracking, medical treatment, and expeditious movement of LIMDU personnel through the transient pipeline.

d. Disability Evaluation System (DES). DES is the mechanism for determining "fitness for duty" for continued naval service, separation, or retirement of Service members because of disability per references (c) and (d). DES processes include the legacy DES and the Integrated Disability Evaluation System (IDES). DES is initiated through the PEB.

e. Limited Duty (LIMDU). LIMDU is defined as the assignment of a Service member with certain medical limitations or restrictions concerning the duties the Service member may perform in a duty status for a specified time. LIMDU is divided into two separate categories: temporary limited duty (TLD) and permanent limited duty (PLD).

f. [NAVMED 1300/3](#) Medical Assignment Screening (MAS). MAS is a short and concise medical screening form to specifically review a Service member's medical condition(s) and determine whether a Service member is world-wide assignable (WWA) after completion of a PEB and the DES.

g. Medical Evaluation Board (MEB). A MEB is a panel of providers attached to a MTF with a commander or commanding officer designated to hold "convening authority" (CA) for LIMDU assignment. MEBs make recommendations to the CA for determining whether a member needs assignment to LIMDU.

h. Operational Screening (Sea Duty Screening). After a LIMDU Service member is found fit for medically unrestricted duty and is in receipt of permanent change of station (PCS) orders to an operational command, the Service member must complete operational screening per [MILPERSMAN 1300-800](#) and overseas screening per [MILPERSMAN 1300-306](#), as applicable.

i. Physical Evaluation Board (PEB). A fact-finding board evaluates all cases of disability on behalf of a Service member and the Service per applicable laws, guidance, and directives. The PEB adjudicates the nature, cause, degree of severity, and permanency of a Service member's disability. The board evaluates the condition of the Service member against the physical requirements of his or her office, grade, rank, or rating. The potential outcomes of a Service member being reviewed by a PEB include administrative dismissal if the case does not meet eligibility criteria for referral, a finding of "fit for duty" and continued naval service, or a finding of "unfit for continued naval service" and subsequent separation or retirement of the Service member.

j. Permanent Limited Duty (PLD). PLD is the continuation on active duty or in the Ready Reserve of a Service member determined "unfit for continued naval service" in a LIMDU capacity as a result of the DES process. A Service member may request a waiver for PLD under reference (c). If approved the Service member will remain on active duty for a specified time. Service members approved for PLD must be placed in an appropriate DCAT with a projected rotation date (PRD) which corresponds with the approved PLD date. Once placed in a PLD status, the member may remain at the current command or be assigned to a valid billet as directed by fleet manning control authority priorities. Assignment must be made to an area where required medical care is available.

k. Temporary Limited Duty (TLD). A Service member is assigned a TLD status when a medical officer expects the Service member to be able to be returned to medically unrestricted duty in a reasonable period of time (12 months or less and based on the medical condition(s)). Service members assigned to a TLD

status will be placed in an appropriate DCAT code and their PRDs will be adjusted to correspond with the expiration of TLD date.

3. Policy

a. Approval of LIMDU Requests. The MTF CA approves all LIMDU requests if the LIMDU period will not result in an extension of LIMDU beyond 12 consecutive months and the Service member is expected to return to a medically unrestricted duty status at the completion of the LIMDU period. Periods of LIMDU will be condition-based, meaning the length of the LIMDU period will correspond with the treatment provider's estimated timeframe for the Service member to recover and return to medically unrestricted duty. At any time, per reference (b), NAVPERSCOM Deployability Assessment and Assignment Branch (PERS-454) senior medical officer may direct the cognizant MTF CA to place a Service member on LIMDU, direct referral to a PEB, or recommend administrative separation processing for a condition not amounting to a disability (CnD).

b. Conclusion and Expiration of LIMDU. With the exception of cases referred to a PEB, LIMDU concludes when a Service member is returned to **medically unrestricted duty** by a MEB or upon expiration of LIMDU. If a Service member's medical LIMDU status is not updated prior to the expiration of LIMDU, PERS-454 will change the Service member's DCAT code to reflect the Service member's LIMDU is expired and the Service member will be considered deployable and eligible for orders.

c. Fit Finding by PEB. Service members processed through the DES and retained in the Military Services due to being found fit for continued naval service by the PEB must be placed in an appropriate DCAT and undergo all required screenings. A Service member may be returned to a PEB if the condition(s) for which the Service member was found fit worsens or another condition requiring referral to the DES is identified.

d. Retention Waiver for Non-Deployability. Service members who are in a LIMDU status for greater than 12 consecutive months must be reviewed for retention by PERS-454. Recommendation for retention will be based on the Service member's ability to perform appropriate military duties commensurate with his or her office, grade, rank, rate, rating, or skill and the likelihood the Service member's medical condition(s) will allow him or her to return to medically unrestricted duty. When the medical condition(s) will not allow Service members to return to

medically unrestricted duty, the Service members must be directed to a PEB and the DES or be recommended for administrative separation.

e. Request for Separation, Retirement, or Transfer to Fleet Reserve. LIMDU will not prohibit personnel from requesting separation, retirement, or transfer to the Fleet Reserve.

(1) LIMDU will not delay personnel with an approved separation, retirement, or request for Fleet Reserve transfer. Personnel pending separation or retirement will not be delayed unless approved by NAVPERSCOM Officer Performance and Separations Branch (PERS-834) (for all legal or performance-flagged officer records); Officer Retirements Branch (PERS-835) (for officer statutory retirements); Distribution Policy and Procedures Branch (PERS-451) (for officer separations) or Bureau of Naval Personnel (BUPERS) Enlisted Military Community Management Division (BUPERS-32) (for enlisted personnel), or other codes as appropriate. Approval may be considered if the Service member is either hospitalized or accepted to the DES for disability processing prior to the release or retirement date per reference (b) and [MILPERSMAN 1830-030](#).

(2) An officer with a pending statutory retirement or separation date deemed physically unfit by a military physician must request in writing to defer his or her statutory date. The request is sent to Assistant Secretary of the Navy Military and Reserve Affairs (ASN (M&RA)) via PERS-835 for retirements or via PERS-451 for separations per reference (d).

NOTE: Deputy Chief of Naval Personnel is authorized to approve a deferral request for a maximum of 30 days for any officer's statutory or mandatory retirement or separation date. Any requested deferral beyond 30 days must be submitted to ASN (M&RA) for adjudication and final decision.

f. LIMDU Central Coordination. PERS-454 is the central coordinator for the placement and assignment of LIMDU personnel. The function of this central coordination point is to distribute LIMDU personnel. Upon receipt of availability PERS-454 will review placement and assignment options. A Service member assigned to TLD will be placed in a valid requisition provided by NAVPERSCOM based on the following guidelines:

(1) TLD is authorized locally by the CA responsible for the MTF initiating TLD. PERS-454 will review all cases requiring additional TLD in excess of 12 consecutive months.

(2) Service members are assigned to an MTF within proximity capable of providing the required care.

(3) In addition to PCS costs and personnel requirements, other factors are considered in making assignments to include location of dependents, Service member's past type duty, and physical restrictions imposed by an MEB.

(4) For enlisted personnel: prior to recommending assignments to the assignment control authority (ACA) (the member's detailing team), NAVPERSCOM will consider the number of personnel assigned to an activity, readiness impact, and the distribution of TLD personnel in a geographical area per reference (e).

4. Roles and Responsibilities

a. Bureau of Medicine and Surgery (BUMED)

(1) Ensure all TLD periods, pregnancies, and DES cases are entered into the Medical Readiness Reporting System (MRRS), the current TLD computer tracking system (e.g., legacy DES and LIMDU SMART), Veterans Tracking Application (VTA), or replacement systems as required.

(2) Collaborate with PERS-454 and other stakeholders in the development of all TLD training programs per reference (b).

b. NAVPERSCOM

(1) PERS-454

(a) Direct the cognizant MTF CA to place a Service member in a TLD status, direct a Service member's case be entered into the DES and referred to a PEB, or recommend administrative separation for a CnD per reference (b);

(b) Develop and implement the use of DCAT codes for system input, tracking, and reporting of Service members' deployability statuses;

(c) Maintain an accurate roster of command deployability coordinators through receipt of official designation letters from each command;

(d) For enlisted Service members found fit for full duty and WWA following a period of TLD, submit an availability via the Navy Standard Integrated Personnel System (NSIPS) per [MILPERSMAN 1306-1702](#);

(e) Ensure timely and accurate accounting category code (ACC) and DCAT code assignments are made for officer and enlisted Service members when placed in or removed from a TLD status;

(f) Make appropriate NSIPS entries and DCAT code changes for all Service members requiring changes to ACC 105 or from ACC 105 to ACC 100 when applicable;

(g) Ensure Service members assigned TLD while on a normal shore tour (NST) are retained on board with an ACC change to 105 via NSIPS; and

(h) Ensure Service members' PRDs are adjusted as needed based on proposed LIMDU expirations.

(2) Officer Detailers

(a) When approved by PERS-454, assign officers to duty compatible with the physical limitations dictated by the LIMDU AMEBR form;

(b) Ensure officers currently assigned to shore duty remain at current duty station. No PCS orders are required. PERS-454 will assign appropriate DCAT codes and change the officers' ACC from 100 to 105 in NSIPS. The PRD will only be adjusted for those assigned to an NST when the TLD expiration date exceeds the PRD; and

(c) Ensure officer detaches from types 2, 3, and 4 duty, or type assignment codes (TAC) C and D duty. PCS orders will be issued by the assignment officer detaching the officer from present duty (ACC 100 in most cases) and direct officer to report to duty ashore in a TLD status (ACC 105 and appropriate DCAT). The officer will be assigned to a valid billet if available; otherwise, assignment will be made to a 9999 billet sequence code. The officer's PRD will be set to the month and

year at the approved TLD period's expiration as indicated by PERS-454. If the officer has been issued PCS orders prior to LIMDU and if medical treatment is available at the next duty station, the officer may continue to execute the PCS orders. PERS-454 will assign an appropriate DCAT code to reflect LIMDU status. ACC will be managed by PERS-454 for officers who do not require orders.

NOTE: Any deviation from policy requires PERS-454 approval.

(3) Enlisted Detailers

(a) When approved by PERS-454, the Service member will be assigned to duty compatible with the physical limitations dictated by the LIMDU AMEBR.

(b) Ensure enlisted Service members currently assigned to shore duty remain at current shore duty stations. No PCS orders are required. PERS-454 will assign the appropriate DCAT code, change the Service member's ACC from 100 to 105 in NSIPS, and adjust the PRDs for those assigned to an NST when the TLD expiration date exceeds the PRD. Nuclear and submarine Service members will be handled per subparagraph 6d of this article.

(c) For Service members assigned to operational duty, PERS-454 will coordinate with NAVPERSCOM Enlisted Distribution Division (PERS-40) to place the Service member in a valid LIMDU billet per the YH availability received (see subparagraphs 4d(9)(c) and 4d(10) below for more information).

NOTE: Any deviation from policy requires PERS-454 approval.

c. MTF

(1) Develop steps to ensure assignment of TLD periods are based on BUMED's recommended recovery period for the specific medical condition. Condition-based duration LIMDU must not exceed 12 consecutive months;

(2) Enter all TLD cases into LIMDU SMART or the replacement system and all DES cases into VTA. Update member's status in MRRS;

(3) Assist command deployability coordinators and TLD Service members with obtaining appointments on a priority basis;

(4) Establish local procedures to ensure the Service member reports to the MTF patient administration office immediately upon recommendation for placement on, extension of, or removal from TLD;

(5) Immediately inform the Service member's parent command upon determination the Service member is to be processed for TLD. Ensure MRRS and LIMDU SMART are updated within 24 hours for PERS-454 visibility following CA approval;

(6) Ensure deployability coordinator conducts monthly meetings with tenant deployability coordinators to review current cases, discuss potential problems, and analyze existing processes;

(7) Provide training to tenant command deployability coordinators and view access to LIMDU SMART, MRRS, and relevant programs;

(8) Provide deployability coordinator assistance when parent commands are unable to schedule appointments;

(9) Provide guidance to medical providers assigning TLD. At any time during a period of TLD, the attending medical officer may make one of the following determinations:

(a) Service member is able to return to medically unrestricted duty,

(b) Service member requires additional TLD not to exceed 12 consecutive months (TLD exceeding 12 consecutive months requires NAVPERSCOM (PERS-454) approval), or

(c) Service member requires referral to a PEB.

(10) Ensure all cumulative TLD periods of 12 consecutive months or less are approved by the cognizant MTF's CA;

(11) When TLD cases are returned to medically unrestricted duty, the AMEBR requires signature from the cognizant MTF CA. MTF CA signing of [NAVMED 6100/6](#) must be completed no more than 5 working days from the date a Service member was returned to medically unrestricted duty;

(12) Ensure providers make return to medically unrestricted duty determinations and recommendations of additional TLD or PEB no later than 30 days prior to the expiration of TLD;

(13) Ensure Service members on TLD complete face-to-face medical reevaluation 30 days prior to the end of their TLD periods and determine one of the following:

(a) The Service member is able to return to medically unrestricted duty,

(b) The Service member is recommended for an additional period of TLD (not to exceed 12 months consecutively),

(c) The Service member requires referral to a PEB,
or

(d) The Service member requires administrative separation processing for a CnD.

(14) If a Service member is recommended for additional periods of TLD that exceed 12 consecutive months, forward the case via LIMDU SMART to PERS-454 for review, waiver consideration, or other action;

(15) Ensure MTF deployability coordinator reports all TLD and DES cases in MRRS and LIMDU SMART; and

(16) Comply with all PERS-454 directives to place Service members in a TLD status, referral to the DES, and or recommendation for administrative separation processing within 30 days of notification. Any additional information or adjudication appeal requests must be submitted to PERS-454 within 30 days.

d. Command

(1) Ensure TLD Service members report for all scheduled appointments and remain available for all follow-up care. Comply with the following guidelines:

(a) TLD Service members will not be assigned on temporary additional duty or temporary duty (TDY) outside the

geographic area of the primary care provider without medical clearance.

(b) Coordinate the scheduling of appointments with TLD Service members and cognizant MTF.

(c) For Service members on TLD, ensure leave requests (other than emergency leave) are coordinated with the command deployability coordinator and do not conflict with medical appointments.

(2) Monitor Service members in temporary or permanently non-deployable status and maintain close liaison with their respective command career counselors on issues of expirations of hard/soft end active obligated service (SEAOS) or mandatory separation while on TLD, DES, or PEB in line with reference (b). Contact BUPERS-32 for enlisted personnel and PERS-451 for officers for guidance concerning Service members with an expired SEAOS or mandatory separation date during a period of TLD, DES, or PEB. Navy Reserve activities will monitor Selected Reserve personnel.

(3) Designate a command deployability coordinator to function as liaison for the Deployability Program and send a copy of the official designation letter to the servicing MTF and PERS-454 at mill DAOPers-454@navy.mil. Commands with 50 or more LIMDU personnel are encouraged to appoint a command deployability coordinator as a primary duty and assign collateral deployability coordinators on a 1:50 ratio to assist in the management of LIMDU personnel.

(4) Per reference (b), commands will use written counseling and fitness reports or performance evaluations to document a Service member's failure to comply with responsibilities to maintain individual readiness (e.g., missing medical or dental appointments or intentional failure to disclose status affecting deployability).

(5) Upon Service member's hospitalization, maintain close liaison with the MTF and hospital. If required TDY orders may be issued for a period of hospitalization. If PCS orders are required, contact PERS-454 for coordination.

(6) Assist Service members in scheduling necessary appointments prior to expiration of TLD by coordinating with the MTF deployability coordinator. The parent command deployability

coordinator is responsible for obtaining TLD members' medical evaluation status no later than 30 days prior to the expiration of TLD.

(7) For Service members under orders who are subsequently placed on TLD, submit an order cancellation request message to the applicable detailer if follow-on assignment is not compatible with physical limitations or near an MTF.

(8) Ensure the completion of a MAS (documented on [NAVMED 1300/1](#) Medical, Dental, and Educational Suitability Screening) when applicable. A MAS is required upon a determination of "fitness for continued naval service" by a PEB. This action must be completed within 15 days of a PEB finding a member "fit". Submit an "assignment limited" message to PERS-454 within 24 hours of MAS completion. "Fit" findings without any assignment limitations must be submitted to personnel support detachment (PSD) or transaction service center (TSC) as per [MILPERSMAN 1306-801](#).

(9) Submit a message report for Service members assigned to overseas duty (type duty codes 3, 4, or 6 or TACs C and D) to the appropriate ACA (detailing team), copy PERS-454, comment on the availability of required medical care at the overseas activity and on the Service member's abilities to be used effectively on board with current condition(s) during the TLD period,

(a) If required medical care is available and the Service member's condition does not prevent him or her from being used productively on board during the period of TLD, comply with procedures identified for Service members assigned to shore duty (type duty code 1 or TAC S).

(b) For officers, if required medical care is not available or the Service members' current condition(s) prevent their effective use on board during the period of TLD, commands will submit an "early return" request via BUPERS Online (BOL) and coordinate with their detailers for orders as per [MILPERSMAN 1300-306](#).

(c) For enlisted personnel, if required medical care is not available or the Service members' current conditions prevent their effective use on board during the period of TLD, commands will submit a YH availability report (a class "Y" availability to place member on TLD or refer to PEB) and an

"early return" request via BOL as per [MILPERSMAN 1306-1702](#) and [MILPERSMAN 1300-306](#).

(10) For enlisted personnel, ensure YH availabilities, submitted via encrypted e-mail to pregavail-tld@navy.mil, contain the following:

(a) Physical limitations and or geographical limitations;

(b) Family members' location, if applicable;

(c) For overseas locations, include in remarks whether local treatment facilities can provide adequate medical care and submit an "early return" request via BOL; and

(d) (Optional) any special circumstances (e.g., Service member's current household goods status, etc.) or whether the command would like to recommend a specific unit for the Service member's assignment.

(11) Command's activity manning manager will coordinate with NAVPERSCOM Placement Management Branch (PERS-4013) to ensure TLD Service members with ACC 105 and corresponding DCAT codes are staffed to an appropriate billet per ACA business rules.

(12) For nuclear-trained enlisted personnel, complete requirements and forward documentation. The Service member's command will ensure the member completes all medical requirements needed to determine fitness for duty onboard submarines and or fitness for duty involving exposure to ionizing radiation and that documentation is forwarded to the servicing PSD, TSC, or personnel office. Screening is completed by the Office of the Chief of Naval Operations (OPNAV) Nuclear Enlisted Community Management Team (OPNAV N133D) for nuclear-trained operators. Nuclear-trained surface and nuclear-trained submarine Service members must not be made available from LIMDU until screened by OPNAV N133D prior to expiration of their LIMDU period per references (f) and (g).

(13) For Nuclear-trained enlisted community

(a) Required Notification for Examinations and or Screening. The servicing PSD, TSC, or personnel office for a Service member assigned to LIMDU will ensure the Service member

and command are aware of all required physical examinations and or screening in time to be completed prior to the expiration of the LIMDU period per reference (g).

(b) Documentation to OPNAV N133D for Nuclear-Trained Operators. The servicing PSD, TSC, or personnel office submitting the availability for assignment to a LIMDU status on a nuclear-trained surface or nuclear-trained submarine member must forward a copy of the medical board report, with enclosures, to OPNAV N133D by separate correspondence.

e. PSD or TSC

(1) Ensure regular gain and travel transactions are processed for all Service members with LIMDU orders,

(2) If the Service members are recommended for referral to the PEB, Service members' commands will forward all final PEB disposition paperwork to PSD or TSC,

(3) Ensure timely and accurate ACC assignments are made for officer and enlisted Service members when they are placed in or removed from a PEB status,

(4) For enlisted Service members found fit for full duty and WWA following a period of PEB fit finding, submit a YJ availability report (a class "Y" availability submission for return to duty or fit for full duty by PEB without assignment limitations) through NSIPS per [MILPERSMAN 1306-1702](#), and

(5) Make appropriate NSIPS entries for all Service members gained in or changed to PEB ACC 355.

f. Service member

(1) Report to the MTF patient administration office immediately upon being recommended for placement, extension of, or removal from LIMDU,

(2) Attend all required medical appointments. All medical appointments for a Service member in a LIMDU status must be attended as directed by the medical officer. Any time there is a change in LIMDU status, the Service member must report it to his or her local chain of command and the command deployability coordinator within 24 hours, and

NOTE: Missing a medical appointment may be punishable under the Uniform Code of Military Justice per reference (h) .

(3) If the Service member is executing PCS orders and is hospitalized en route, the gaining command and Service member (if able) must contact the originating detailee and PERS-454 for an order modification.

5. **Forms**

a. NAVMED 6100/1 Medical Board Report Cover Sheet. A medical administrative document that reports on the present state of health of a Service member and provides a considered clinical opinion regarding a Service member's physical fitness for duty. This form is found and completed electronically in the LIMDU SMART System.

b. NAVMED 1300/3 Medical Assignment Screening. A medical administrative document for active duty Service members to return to medically unrestricted duty or identify assignment limitations after a PEB. This screening is for Navy active duty Service members only and requires complete demographic information including name, rank or grade, and Social Security number.

c. NAVMED 6100/5 Limited Duty Medical Evaluation Board Report. An abbreviated report is used to assign Service members to TLD. This form is used to refer Service members to a PEB. This form is found and completed electronically in the LIMDU SMART System.

d. NAVMED 6100/6 Return of a Patient to Medically Unrestricted Duty from Limited Duty. This form is found and completed electronically in the LIMDU SMART System.

e. NAVPERS 1300/16 Report of Suitability for Overseas Assignments. Page 3 of this form is used to identify medical suitability of the Service member.

f. NAVPERS 1221/6 Navy Enlisted Classification Change Request. This form removes or changes the NECs that identifies enlisted personnel trained as nuclear propulsion plant operators and supervisors.

6. **Procedures**

a. Upon Notification of a Service member's Enrollment into IDES.

(1) For Service members assigned to shore duty, PSD or TSC will change ACC from 100 or 105 to 355. PERS-454 will assign appropriate DCAT code. See subparagraph 6d of this article for nuclear and submarine personnel assignment.

(2) For Service members in receipt of orders, PSD or TSC will change ACC from 100 or 105 to 355. For officers, the ACC will not be changed to ACC 105 until ACC 355 is available.

(3) Members found to be "assignment limited" will be assigned the appropriate DCAT code by PERS-454. PERS-454 may direct one of the following actions:

(a) Recommend administrative separation processing for a CnD,

(b) Additional LIMDU, or

(c) Referral to the PEB

b. Upon Receipt of a Completed AMEBR or Return of Service member to Medically Unrestricted Duty:

(1) MTF. When a Service member is determined by the cognizant MTF to be able to return to medically unrestricted duty, no more than 5 working days may elapse between return to medically unrestricted duty, CA signature, and notification to the command deployability coordinator. All determinations for return to medically unrestricted duty require CA signature. If a Service member was found "fit for duty" and fit for continued naval service by a PEB, the parent command will ensure the Service member completes a MAS within 15 days of the PEB findings. Forward completed assignment screening to PSD or TSC within 24 hours.

(2) PSD or TSC. PSD or TSC will ensure LIMDU gain and travel transactions are processed for all Service members with ACC 105 orders.

(3) PERS-454

(a) Assignment of Members Returned to Medically Unrestricted Duty. Service members, assigned to or who are currently on shore duty, will have the period of LIMDU applied to their NST. If the LIMDU is completed before expiration of their assigned PRD, the PRD will not be adjusted. Post-LIMDU assignments will follow normal sea/shore flow.

(b) Personnel Retained After Being Found Unfit by PEB (PLD). PERS-454 will place Service members in ACC 105.

(c) Personnel with Approved Retirement or Fleet Reserve Dates. For Service members able to return to medically unrestricted duty and who have approved retirement or Fleet Reserve dates or are beyond high year tenure, no availability is required. PERS-454 will assign appropriate DCAT code and change ACC to 100.

c. Early Separation. Refer to [MILPERSMAN 1910-216](#) and [MILPERSMAN 1910-218](#) as appropriate.

d. Policy for Enlisted Nuclear-Trained **and** Submarine Service members on LIMDU. Nuclear-trained surface, nuclear-trained submarine, and non-nuclear-trained submarine Service members require additional screening and administrative processing for assignment to or from a LIMDU status. **All** of the above Service members, regardless of sea/shore type duty code or type assignment code, must be made available (class YH availability) for assignment to LIMDU with a PRD established for the length of the LIMDU period.

(1) Procedures. To eliminate delays in returning Service members to full duty, appropriate actions must be immediately executed and meticulously tracked to ensure all requirements are completed in a timely manner.

(2) Medical Evaluation. All nuclear-trained surface, nuclear-trained submarine, and non-nuclear-trained submarine Service members detached for hospitalization or LIMDU must be expeditiously evaluated by an undersea medical officer to determine potential for continued service in the nuclear field or submarine force. If nuclear field or submarine disqualification is appropriate, the Service member's parent command must submit the disqualification finding and [NAVPERS](#)

[1221/6](#) Navy Enlisted Classification Change Request per reference (i).

(3) Inquiries. Inquiries related to screening status or requirements for all nuclear-trained enlisted personnel should be directed to OPNAV N133D.

MILPERSMAN 1301-100

OFFICER DISTRIBUTION - OVERVIEW

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-3516 (901) 874-3516
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC
Reference	(a) BUPERSINST 5720.7E (b) SECNAVINST 5211.5E			

1. Introduction

a. The Chief of Naval Personnel (CHNAVPERS) is the single point of contact at the Washington headquarters level for all matters relating to the distribution of naval personnel. Navy Personnel Command (NAVPERSCOM), Millington, TN, performs officer personnel distribution and career development functions in support of CHNAVPERS mission.

b. MILPERSMAN articles 1301-100 through 1301-110 cover general distribution and assignment rules. MILPERSMAN 1301-112 through MILPERSMAN 1301-906 pertain to specific issues for officer distribution and assignments:

Topic	See MILPERSMAN
Officer Distribution - Process	1301-102
Officer Distribution - General Tour Lengths and Rotations	1301-104
Officer Distribution - Time on Station	1301-106
Officer Distribution - Retainability	1301-108
Officer Distribution - Prescribed Sea Tour and Recommended Shore Tour Lengths	1301-110

2. **Mission.** The mission of all officer distribution divisions within NAVPERSCOM, Career Management Department (PERS-4) is twofold:

a. To assign the best qualified officers to meet needs of the Navy as defined by the approved officer billet file.

b. To assign officers to billets which develop their professional expertise so that the officer corps as a whole embodies leadership, technical, and managerial skills necessary to achieve the Navy's mission.

3. **Background.** Manpower and personnel policies pertaining to the officer corps are driven by requirements determined by CHNAVPERS.

a. NAVPERSCOM is responsible for the administrative management of inventory, in quantity and quality, to meet these requirements. The development and optimum employment of a qualified, motivated work force is a universal, multi-faceted challenging task; it is a particular challenge in the highly competitive, closed system (i.e., accessions only at the bottom) characteristic of the officer corps. Inventories must be kept in line with requirements and, at the same time, the individual officer must be provided with a meaningful and professional development pattern. The proper, balanced professional development of the officer corps is directly dependent on establishment of reasoned, mutually supportive policies, and adherence to these policies in the distribution process.

b. NAVPERSCOM (PERS-4) maintains and manages the inventory of officer personnel through the distribution process. With respect to officer personnel policies, NAVPERSCOM (PERS-4) works closely with the Office of the Chief of Naval Operations (OPNAV), Manpower, Personnel, Training, and Education Policy Division (N13), which has primary responsibility for development of personnel policies and plans in support of Navy forces.

4. **Detailing.** Each duty assignment is governed by the **needs of the Navy, career needs of the individual, and desires of the individual**. Assignment officers consider these three areas before determining an officer's assignment.

a. **Needs of the Navy.** Needs of the Navy are the primary consideration in each officer's assignment and override all other factors. These needs are met by filling a valid billet requirement with the best officer available. Command requirements are screened by the **placement officer** (who represents the command) and furnished to the **assignment officer** (who represents the individual officer).

(1) A valid billet requirement starts out as the officer allowance for each activity, then is further defined by amplifying information such as naval officer billet classification codes, additional qualification designators, billet sequence codes, etc.

(2) When assigning an officer to a billet, the best-qualified officer is the one who meets the billet requirements and is available. Some of the factors affecting the selection of a particular officer follow:

- (a) Time-on-station of incumbent;
- (b) Time-on-station of relief;
- (c) Retainability of relief;
- (d) Minimum tour for separation of incumbent;
- (e) Permanent change of station costs;
- (f) Completion of Department of Defense tour; and
- (g) Utilization of specialized training.

(3) Due to high priority "needs of the Navy" requirements, some officers are assigned to billets perceived to be outside normal career progression. Assigning to or extending officers in billets which require a unique ability or expertise (e.g., foreign language, qualification in an out-of-production weapons platform, or certain minority/equal opportunity tours) may, if not properly documented, adversely impact an officer's career.

(a) To ensure "no other options" assignments are properly documented and brought to the attention of promotion and selection boards, assignment officers will submit a letter of explanation (Exhibit 1) to NAVPERSCOM (PERS-4) for signature.

(b) Officers who are short-toured in order to fill a key billet will also receive a letter of explanation to prevent possible misinterpretation by a selection board. Furthermore, these officers must obtain a retainability waiver from NAVPERSCOM (PERS-4).

(c) A copy of this letter will be forwarded to NAVPERSCOM, Records Management Policy Branch (PERS-313) for filing in the officer's official military personnel file (OMPF) under field code 03.

b. **Career Needs of the Individual.** Operational, technical, and managerial areas of development are key elements in every officer's career progression. Warfare specialty development is essential to the unrestricted line officer and is incorporated in the Professional Development System. This system is structured to develop officers who are capable of performing in key technical and managerial assignments, as well as warfare/staff specialties.

(1) Each officer community has a basic career path that develops its officers to assume positions of increasing responsibility. Within a career path, there is a great deal of room for flexibility among assignments to achieve the desired results. Depending on the community, officers must obtain certain qualifications during their career.

(2) Career development information can be found on Navy Personnel Command's Web site at:
<http://www.public.navy.mil/bupers-npc/officer/Pages/default2.aspx>

c. **Desires of the Individual.** The desires of the individual, although listed third, are important. In this area, the morale of the officer, and in many instances the family, is affected.

(1) The working spouse factor is specifically considered in the assignment process; however, the employment status of the spouse does not take priority over the needs of the Navy or the career needs of the individual. Throughout an officer's career, there may be a requirement for the officer to take an assignment that maintains career progression and forces the member to serve an unaccompanied tour overseas or to choose to become a geographical bachelor in the contiguous United States.

(2) The decision by a spouse to accept paid employment, to attend school, to participate voluntarily in activities related to the naval service, or to do none of these will not be influenced by the preferences or requirements of the Navy. In

addition, neither this decision, nor the individual's marital status will have an effect on assignments or selection boards.

(3) Desires of the individual are human factors, which are considered when dealing with the personal lives of individuals, particularly in an all-volunteer environment; however, the needs of the Service remain paramount.

5. **Personal Contact and Assignment Commitments.** It is the policy of NAVPERSCOM to encourage personal contact between detailers and individuals. This personal contact can be in the form of written correspondence, visits, and telephone calls. Active communication will help ensure all aspects of the detailing process are clear.

a. **Officer Data Cards.** Contact your detailer to update any changes to your personal information and identify any errors you find in your OMPF. Specifically, send fitness reports to NAVPERSCOM, Performance Evaluations Division (PERS-32), awards to Navy Department Awards Web Service, and official sealed transcripts to NAVPERSCOM, Joint Officer Management and Education/Subspecialty Branch (PERS-450).

(1) The officer data card (ODC) is converted to a database management system in the Officer Assignment Information System (OAIS), which is used by both assignment and placement officers in the detailing process.

(2) Officers should review their ODC annually. The ODC provides up-to-date information as it appears in the officer master file (OMF). It is imperative that the information contained on the ODC is accurate, current, and complete; as this is the same information that is utilized by assignment and placement officers.

(3) Some of the OMF data is also printed on the officer summary record and used for selection boards.

b. **Detailer's File.** Assignment officers maintain a detailer's file containing items of interest on each constituent.

(1) The file is initiated when an officer receives initial orders to active duty and should be kept electronically. The detailer file is composed of the officer's current

assignment and contact information, and a record of any e-mails or telephone conversations with the assignment officer, including the officer's follow-on assignment preferences, and any other pertinent information and memoranda that needs to be filed.

(2) Both the officer's packet and the personal folder, which comprises the detailee's file, are passed on to successive assignment officers as the officer advances to the next career milestone, whether via billet or rank.

c. Recording Communications With Constituents in the Detailer's File and OAIS. Occasionally, it is reported that an assignment officer made a commitment to an individual or provided advice in a telephone conversation that has become difficult to support in terms of current policy. To ensure sufficient documentation exists when a reconstruction of the events is attempted, detailers avoid verbal commitments or statements of unpublished policy, unless the verbal communications is immediately followed up in writing. A copy of the written communication is retained in the detailee's file and a summary of each telephone conversation with a constituent is recorded in OAIS, or in a Microsoft Outlook file (.pst file). Detailers do not have the authority to commit to an assignment that does not comply with MILPERSMAN 1301-104 through MILPERSMAN 1301-110 requirements.

d. Follow-on Assignment Commitments. Assignment officers may make a commitment for a follow-on assignment to officers being detailed to "hard-fill" assignments and unaccompanied tours in order to make them more palatable. Such commitments are only made with placement concurrence. **When discussing future assignments with an officer, the assignment officer will make it clear whether the discussion does or does not constitute a commitment. Any commitment will be confirmed in writing via letter or e-mail.** The individual officer will be made aware that any commitment is made on the condition there will be no significant change in force levels or requirements. Placement officers do not have the authority to commit to an assignment that does not comply with MILPERSMAN 1301-104 through MILPERSMAN 1301-110 requirements.

e. Warfare Qualified Officers Who Refuse Sea Duty Assignment. Occasions may arise when a warfare-qualified officer, for either personal or professional reasons, may decide

to refuse a sea duty assignment. If all appropriate avenues of recourse have been exhausted by the officer (e.g., correspondence, flag review, humanitarian request, etc.) and the officer still refuses sea duty or takes any action which would prevent qualification for a subsequent sea duty assignment, warfare qualification revocation advisement actions will be taken by the appropriate assignment division.

(1) An official letter (Exhibit 2) will be sent to the officer, signed by the assignment division director, outlining the reasons for possible warfare qualification revocation with a warning that further action on the part of the officer to avoid a sea duty assignment will be sufficient grounds for the revocation.

(2) Such notification will be signed by the division director, and a copy of the letter filed in the officer's personal folder retained by the detailee.

f. **Detailee Field Trips.** Division directors will coordinate trips with local sponsoring commands to ensure promulgation of an upcoming visit. All available means should be pursued to communicate trip details and maximize detailee/constituent interaction.

(1) In addition to the schedule, names, and responsibilities of detailers, the notification will include brief comments on anticipated discussion topics and will request maximum participation from local commands. Detailers maintain close liaison with respective community managers and retention team members, both before and after field trips, to ensure constituent concerns are heard and matters involving personnel policies and retention initiatives are addressed with one voice by NAVPERSCOM representatives.

(2) Detailee and retention team trip reports are exchanged routinely between divisions. Divisions will amplify issues of common interest.

(3) Detailee field trip team leaders will invite counterpart community managers to accompany them on visits on a case-by-case basis once firm trip arrangements have been made.

6. **Information Release/Review.** Officers attached to NAVPERSCOM (PERS-4), in acting as agents of NAVPERSCOM, are entrusted with

authority per references (a) and (b) to review service records of officers. Indiscriminate use of records for detailing purposes will be avoided. Officers not attached to NAVPERSCOM (PERS-4) may **not** review records other than their own, unless they have a specific need to know per their duties. Bureau of Naval Personal (BUPERS), Office of Legal Counsel (BUPERS-00J) should be consulted for all matters regarding "for official use only" and requests for data on multiple records.

a. Officers attached to NAVPERSCOM (PERS-4) may **not** show/provide records to officers outside NAVPERSCOM (PERS-4), with the exception of constituents who may be shown their own record by the assignment officer.

(1) Personnel assigned to NAVPERSCOM (PERS-4) will be familiar with the provisions of the Privacy Act. BUPERS, BUPERS-00J is charged with Privacy Act coordination within NAVPERSCOM.

(2) Authority for exceptions to these policies must be obtained from Commander, Navy Personnel Command via the appropriate chain of command.

(3) NAVPERSCOM, Performance Evaluations Division (PERS-32) is the responsible agent for all fitness report information at NAVPERSCOM.

(4) Requests for military and personnel strength data outside the BUPERS enterprise must be referred to the appropriate officer community manager within BUPERS, Military Community Management (BUPERS-3). No such data may be released by an officer assigned to NAVPERSCOM (PERS-4).

EXHIBIT 1

SAMPLE LETTER OF EXPLANATION FOR NO OTHER OPTIONS ASSIGNMENT

(Use the proper memorandum for the record format
containing the following.)

MEMORANDUM FOR THE RECORD

Subj: LETTER OF EXPLANATION ICO (OFFICER'S NAME/RANK/DESIG)

1. This memorandum is to alert statutory and administrative boards to the special nature of the assignment of (officer's name) to (command and location) due to needs of the Navy.
2. Although this assignment might be considered out of the mainstream of (officer's name) professional development, it was absolutely necessary due to higher priority requirements. This was a bona fide "needs of the Navy" detail. This assignment must be viewed favorably and positively with regard to (officer's name) overall performance record and the sensitive nature of the billet. (Provide additional background information or tailor specific detail above as necessary).
3. NAVPERSCOM (PERS-313) will ensure this memorandum for the record is entered into the member's official military personnel file.

(NAVPERSCOM (PERS-4) signature)

EXHIBIT 2

SAMPLE WARFARE REVOCATION ADVISEMENT LETTER

(Use the proper letter format containing the following.)

From: Commander, Navy Personnel Command (PERS-4)
(Director, (appropriate division), (PERS-4))
To:
Subj: ADVISEMENT OF POSSIBLE WARFARE QUALIFICATION REVOCATION
PROCEEDINGS
Ref: (a) Official notification of sea duty assignment
(b) MILPERSMAN 1210-090 (for Surface Warfare Officer)
MILPERSMAN 1210-100 (for Submarine Warfare Officer)
MILPERSMAN 1610-020 (for Aviation Warfare Officer)
MILPERSMAN 1210-220 (for Special Warfare Officer)

1. Reference (a) officially notified you of your pending sea duty assignment to _____. Since you have indicated you intend to refuse this assignment, I must advise you that further actions on your part to avoid this assignment (or to prevent qualification for this or any subsequent sea duty assignment) will constitute sufficient grounds to commence warfare qualification revocation proceedings per provisions of reference (b).

2. It is very important that you weigh the impact of your decision to refuse sea duty and the effect it will have on your future in the Navy. Please notify your detailer of your decision as soon as possible.

OFFICER DISTRIBUTION - PROCESS

Responsible Office	NAVPERSCOM (PERS-451)	Phone:	DSN COM	882-3516 (901) 874-3516
NAVPERSCOM CUSTOMER SERVICE CENTER		Phone:	Toll Free	1-866-U ASK NPC

1. **Policy.** The officer distribution process is cyclic in nature; an incumbent vacating a valid billet leads to assignment of an officer to the vacated billet.

a. The common cue for action is an officer with an approaching projected rotation date (PRD).

b. The assignment officer recognizes that an officer will be available for a new assignment and will need to be proposed.

c. Placement officers review billets within their purview and screen officers in those billets who have approaching PRDs.

d. Collectively, these billets represent the pool of billets to which rotating officers must be assigned.

2. **Background.** Officer distribution is the assignment of specific naval officers to fill the identified requirements of the service. The basic officer distribution process consists of identifying and placing a requirement (placement) and the assignment of an officer to fill the requirement (assignment).

a. Placement officers at Navy Personnel Command (NAVPERSCOM) represent the commands under their cognizance in the distribution process. Placement officers are charged with the responsibility of properly executing the policies of NAVPERSCOM and ensuring the best match between billet requirements and officer qualifications.

b. The assignment officer, also referred to as a detailer, represents the officer's interests in the distribution process. Assignment officers are responsible for ensuring that career needs and personal interests of each officer are served fairly. Distribution is made on a career community basis.

3. Assignment Process Cycle

a. **Gaining placement officer posts billet for fill.**

(1) Placement officers utilize Online Distribution Information System (ODIS), Officer Assignment Information System (OAIS), or other tools to identify PRDs that require posting. Brief posting notes are used whenever necessary to amplify the requirements for a particular billet. Placement officers post billets for relief at least 9 to 12 months before a relief is required on board, or earlier if necessary. When a billet is occupied, the posting is based on the incumbent's PRD and the billet desired for a relief. The placement officer, based on current inventory and billet fill priority, determines whether the billet can be gapped and the length of the gap beyond which the assignment officer is obligated to fill. When officers are being proposed to 1000/1050 billets, the placement officer liaises with the NAVPERSCOM, Allocation and Statistics Branch (PERS-452).

(2) In the case of new activities/ships/submarines under construction, the fill date will be based on billet funding established by the budget submitting office (BSO) or the ship's phasing plan and the BSO.

(3) When the incumbent is separating from the Service, the fill date will be the month prior to the date of separation, minus any separation leave approved by the command (separation leave is for planning purposes and fill dates will not be governed by command approval of such requests), and the posting will contain the words "RESIG," "RETIREMENT," "RAD," or others (as appropriate).

b. **Assignment officer proposes officer to gaining placement for assignment to the billet.**

c. **Gaining placement officer then does the following:**

(1) Accepts proposal, constructs training track (if required), and reviews the order for accuracy.

(a) To ensure maximum attention to each officer action, placement officers should keep their action queues as brief as possible. If, because of unusual circumstances, a proposal cannot be decided upon and orders initiated within a

reasonable period of time, then the proposal is rejected with feedback to the originating detailer stating why the proposal could not be acted on.

(b) Proposals requiring informal board approval are not made until the board sheet has been signed by the approving authority. If placement officers receive a proposal via OAIS in advance of an approved board sheet, they will return the proposal to the assignment officer.

(c) In the same way, proposals to fill nominative billets are completed in OAIS once the nomination is approved.

(d) Proposals that require courtesy contact, via phone or e-mail, are approved or rejected as quickly as possible and are initiated without delay. Once courtesy contact is initiated, placement officers leave the proposal in their hold queue for a period of not more than 5 working days, after which, hearing nothing to the contrary, they assume concurrence by the gaining command and process order documents to send the proposal to losing placement review.

(e) Training tracks will be constructed per billet specialty training and other directives. Placement officers must make every effort to keep pipelines as short and simple as possible. Unless certain information is available, the estimated date of detachment (EDD) will be assumed to be the middle of the month of availability. To ensure that officers are able to take delay in reporting (DELREP) when authorized, leave periods should be front-loaded. Only if a significant pipeline compression can be affected should the leave be broken up or scheduled for the end of the pipeline. Following the same logic, once the pipeline is complete the officer should be ordered to the gaining command without delay with the estimated date of arrival (EDA) at the gaining command, normally the same month in which the last intermediate activity ends, except when a school graduates at the end of the month or when a command's deployment complicates travel arrangements. To conserve Navy operation and maintenance funds which pay for temporary duty (training less than 20 weeks), permanent change of station (PCS) orders will be per MILPERSMAN 1320-314.

(f) Forwarding the proposal to losing placement carries the assumption that the gaining placement officer may

not have access to the proposal again, and that all requirements for orders, including the confirmation of quotas, have been met.

(2) Rejects Proposal. Rejected proposals are followed up by a phone call, e-mail, or visit to the originating detailer.

d. Once the proposal is accepted, the placement officer will make the incumbent available for transfer.

(1) Officers will be made available for transfer as soon as their reliefs have been accepted and orders processed through OAIS. In determining the date of availability, placement officers take into account the entire pipeline of the relief, including leave and travel, 10 days for face-to-face turnover, and time on station requirements. When the EDA cannot be determined within the reporting month, it will be assumed to occur at the end of the month, and the incumbent will be made available for transfer in the following month.

(2) Availability of officers at a command will not be postponed for any reason without a timely, written request from the officers or their command, and approved by the assignment and placement officers for all commands affected. In particular, the practice of informally holding officers in excess to smooth out "wardroom continuity" or to meet a scheduled command milestone is discouraged.

(3) If the orders of an officer's relief are cancelled, the assignment and placement officers concerned will immediately confer regarding a new relief and the cancellation or postponement of the officer's availability until that time.

e. Losing placement officer conducts losing placement review and approves detachment of officer from present activity.

(1) Having made an officer available for transfer, the placement officer becomes, with regard to that officer, losing placement. The losing placement review is the last opportunity the losing placement officer has to ensure that a proper turnover has been provided.

(2) When conducting a losing placement review, the placement officer first examines the complete details of the assignment, both for the incumbent and for the relief. Not all

circumstances surrounding a detachment are apparent from the availability month; therefore, the use of activity texts (ATEXTs) and personnel texts (PTEXTs) in orders and the EDA at intermediate activities must be closely examined. ATEXTs, which are automatically generated by OAIS, describe general information or a requirement that the officer should know about a particular activity. PTEXTS relate directly to the officer and contain information concerning an officer's instructions or obligations when reporting to a new command.

(3) On approving a losing placement review, the placement officer annotates the unit staffing report for the detaching activity with the EDD and the name of the gaining command.

(4) Disapproval of a losing placement review causes the proposal to be returned to the gaining placement officer for further action. The gaining and losing placement officers discuss the circumstances surrounding the disapproval and attempt to reach an agreement on the continued processing of the proposal. If the agreement requires changes to the training tracks, the gaining placement officer makes those changes prior to rerouting the proposal to losing placement. If the agreement requires a change to the ultimate unit identification code or billet sequence code, or the EDD must be changed to a date earlier than the officer's current availability date, the gaining placement officer rejects the proposal and a new proposal must be initiated. If an agreement cannot be reached, the gaining placement officer must reject the proposal.

(5) Conflicts will be resolved, per the policy stated above, or will be forwarded for resolution to the first common superior in the NAVPERSCOM chain of command.

(6) When conducting a losing placement review for an officer being ordered from command, the losing placement officer ensures the immediate superior in command and other cognizant commands are included in all applicable communication venues.

f. Assignment officer completes orders and forwards for review and transmission.

Note: Per MILPERSMAN 1301-100, the placement officer is the representative for the command and is primarily responsible for ensuring that the right officer with the necessary training and

qualifications is in the right billet. Under no circumstances will the placement officer hold release from active duty, resignation, or retirement requests because a suitable relief is not available when the request is submitted, per the administrative procedures (e.g., within 9-12 months of the detachment month for resignation) outlined in MILPERSMAN 1920-090 Release From Active Duty (RAD) Procedures, 1920-200 Officer Resignation Procedures, or 1810-020 Submission of Application for Voluntary Retirement from Active Duty). If the request is not submitted within the timelines delineated in the appropriate MILPERSMAN article, the placement officer can recommend disapproval due to lack of relief.

4. Control of the Assignment/Placement Interface. During the above cycle, officers are considered under the control of the placement officer from the time they are proposed and accepted for a new assignment until the time they are made available for transfer.

a. During the rest of the cycle, they are considered under the control of the assignment officer. When officers are under the control of the assignment or placement officer, their status is not changed (e.g., availability cancelled, PRD changed, or assignment cancelled) without the concurrence of the controlling officer.

b. Particularly in fast developing situations, assignment and placement officers cooperate to ensure optimum use of all officers actually available. Although the needs and desires of the individual are taken into account, the readiness of the affected command takes priority in any conflict, with operating forces having priority over the shore establishment. This means that whenever possible, billets afloat will not be gapped and the relief of officers will include the required 2 weeks (10 working days) for face-to-face turnover.

c. To prevent breakdowns in the officer distribution cycle, assignment and placement officers must take particular care with assignment/placement interface; namely, with postings, proposals, availabilities, and losing placement reviews. Although officer assignments are usually managed with the year and month as a standard unit, to minimize time lost during transition, the actual date of report or detachment will be used (if known) or else estimated and considered, allowing for the full DELREP the situation and officer's status permits.

5. **Urgent Reassignment Action (URA) (Rip-to-Fill)**. When the urgency of filling a billet justifies the reassignment of officers in advance of their normal rotation date without a relief, the placement officer owning the urgent fill billet must initiate the URA. Assignment officers may also initiate a URA.

a. If the URA is approved, the losing placement officer and the assignment officer will coordinate so the losing command and individual are notified as close together as possible.

b. Losing placement will post the vacated billet for fill.

c. Orders will be prepared in the normal manner.

d. Detailers and placement officers will not make any promises to the constituents until all applicable waivers are approved by Assistant Commander Navy Personnel Command, Career Management Department (PERS-4) or Deputy, Career Management Department (PERS-4B) (as appropriate).

6. **Reassignment Due to Officer Billet Cuts**. Congressional, service or other decisions often necessitate fiscal year end strength reductions. Essentially, strength reductions equate to billet cuts. It is very likely some of the billets cut will have officers serving in them. In these instances, the following guidelines apply:

a. Cognizant placement officers will make those officers assigned to billets which have been cut available for reassignment within 90 days of the date that the billet funding was removed. The officer must be reassigned to a valid billet within the same activity. Where appropriate, an officer in a cut billet can serve as the replacement for an officer departing the command.

b. All other reassignments will be made by the cognizant assignment officer in the following priority order per NAVPERSCOM (PERS-4) guidance:

(1) To a billet in the same geographic area (low-cost move). Department of Defense (DoD) overseas tour-length requirements must be observed. Assignment officers will query shore assignment coordinators from other divisions to determine whether they are holding 1000/1050 billet fill decisions for the same geographic area.

(2) To a billet in a different geographic area (cost move). If, in the judgment of the assignment officer, such action would harm the officer concerned; or, if PCS budget constraints/DoD tour-length requirements are involved, then the assignment officer may periodically review these cases to confirm that conditions which prevented reassignment are still valid.

7. **Unfunded "QUAD-9" Billets.** Detailers and placement officers with constituents that count against command manning, but are not performing the duties and responsibilities of the job, may be assigned to an unfunded billet (referred to as a quad-9 billet).

a. Placement officers contacted by commands that require additional manning (not a permanent billet) may request quad-9s through NAVPERSCOM (PERS-452). These billets will require compensation and must be approved through the quad-9 approval process.

b. Members may be assigned to non-compensated quad-9 billets for limited duty; "on control" by NAVPERSCOM, Career Progression Department (PERS-8); or moved for adverse separation purposes (normal separations will not be moved to a quad-9 billet).

8. **Officers under the Control of Assignment by NAVPERSCOM (PERS-8).** When notified by NAVPERSCOM, Officer Performance and Separations Branch (PERS-834) that an officer is "on control," the placement officer annotates the Unit Staffing Report accordingly and will not permit that officer's status to be changed without the permission of NAVPERSCOM (PERS-8).

a. If more than 2 months elapse, with no further notification from NAVPERSCOM (PERS-8), the placement officer requests a status report via the cognizant assignment officer. The fact that an officer is on control is not disclosed outside NAVPERSCOM.

b. Upon receiving written notification from NAVPERSCOM (PERS-834) that Assistant Secretary of the Navy for Manpower and Reserve Affairs has directed an officer's separation, NAVPERSCOM (PERS-834) will do the following:

(1) Prepare separation orders with routing to both placement officer and detailer.

(2) If authority to separate an officer is received by NAVPERSCOM (PERS-834) prior to the 15th of the current month, separation orders will normally indicate the current month.

(3) If authority to separate an officer is received after the 15th of the current month, separation orders will normally direct separation during the next month.

c. Upon receiving written notification from Deputy Chief of Naval Personnel that a detachment for cause (DFC) has been decided, the detailer and placement officer will review the case to see if PCS is directed in the DFC determination. If PCS is directed, the assignment process will occur as directed.

MILPERSMAN 1301-104

OFFICER DISTRIBUTION - GENERAL TOUR LENGTHS AND ROTATIONS

Responsible Office	CNO (N131)	Phone:	DSN	223-2303
			COM	(703) 693-2303
			FAX	223-1189

References	DODD 1315.7 of 9 Jan 87
------------	-------------------------

1. **Policy.** Officer tour lengths are established within the constraints of Office of the Secretary of Defense (OSD) policy, needs of the service, professional career development, and where feasible, the desires of the individual. Other important factors include personnel inventory, number of ships/commands available or projected, future requirements, and fiscal constraints. While appropriate weight is allotted to each of these factors, officer career patterns must also be maintained to ensure development of required Navy leadership and expertise.

a. Officer tour lengths for overseas (outside continental United States (OCNUS)) assignments are made per Department of Defense (DOD) area tour lengths. These tour lengths are addressed in MILPERSMAN 1300-306.

b. Basic guidance relating to efficiency, readiness, and permanent change of station (PCS) costs is provided and is integral to all personnel reassignment decision-making:

(1) The primary reassignment consideration will be an officer's current qualifications to fill a valid requirement and the officer's ability to be productive in that position.

(2) Qualified volunteers who meet time-on-station (TOS) requirements shall be considered first for any reassignment. The qualified member with the greatest TOS will normally be selected. Qualified non-volunteers who meet TOS will be selected before qualified volunteers without sufficient TOS.

(3) Careful consideration will be given to permanent change of station (PCS) costs when selecting an officer for an assignment. When other considerations are not overriding, each

assignment will be completed with the least expenditure of PCS funds.

(4) Sequential training assignments will be consolidated geographically to the maximum extent practicable. To minimize impact on the individual's account, sequential training may be performed in a TAD status prior to detaching from the old or after reporting to the new duty station, if the training site is collocated with the old or new duty station.

(5) Reassignments within the continental United States (CONUS) will not be made solely for retirement.

c. Reduction of personnel turbulence and PCS cost initiatives give tour length adherence high level attention. Shore tour lengths for career personnel will normally be a minimum of 3 years. Authorized exemptions are listed in paragraph 2 below. Career development criteria necessitate that some Unrestricted Line (URL) officer warfare specialists will not be toured ashore for excessive periods between sea tours. As a general policy, shore tours in excess of 36 months for lieutenant commander (LCDR) and below, and 48 months for commander (CDR) and above, are the exception rather than the rule.

2. **Projected Rotation Date (PRD).** Establishment of the PRD will be determined by the detailee/assignment officer at the time orders are issued.

a. **Establishing a PRD.** A PRD is generated each time an officer is assigned to a new duty station and represents the month and year in which the rotation of the officer is planned.

(1) PRDs will be established to start the month an officer reports on board the command (CONUS) or the month the officer departs CONUS for an overseas assignment.

(2) PRDs are to be assigned in consonance with existing DOD Directive 1315.7. Adherence to PRD is defined to be a window 1 month prior to or 3 months after the initially assigned PRD (i.e., that PRD assigned as a result of issuance of PCS orders). This definition does not apply to initial orders from a training command (including attrites), decommissionings, retirements, resignations, relief for cause, and humanitarian reassignments.

(3) An assigned PRD is a relatively firm date as it forms the basis for the annual PCS funding allocation. Although it is recognized that there will be some exceptions based on career

development requirements and overall needs of the service, these exceptions will be minimal and will be carefully reviewed by Navy Personnel Command (NAVPERSCOM).

b. **PRD Changes.** Due consideration is given and liaison conducted with the placement officer prior to considering a change to a PRD, especially when that change results in a tour being shortened. Close liaison and cooperation between assignment officers and placement officers ensures an orderly turnover of personnel in each activity.

(1) Adherence to PRDs predicated on established tour length policies is considered mandatory.

(2) When these exceptions occur, or in other cases when there is no other alternative, a PRD may be changed to a date outside the previously defined adherence window using the procedures contained in this article.

(3) Requests for adjustments of overseas tours PRDs shall be submitted by letter to NAVPERSCOM. Such requests must contain sufficient information to facilitate an accurate determination. Examples of situations when PRDs require adjustments are as follows:

(a) Correction of erroneous PRDs.

(b) Personnel reporting without family member(s), with movement of family member(s) subsequently authorized.

(c) Family member(s) arriving in a "tourist status" or are newly acquired and subsequently become "command sponsored" family member(s).

(d) Return of family member(s) not at the option of member nor as a result of misconduct.

(e) Member voluntarily elects to serve accompanied tour.

c. **Advancing the PRD** to an earlier fiscal year for a funded PCS move will not normally be granted due to PCS budget considerations.

3. **Officer Rotation of Duty, Afloat and Ashore.** Detailed officer tour length policy guidance is contained in MILPERSMAN 1301-110. The following policy applies to the assignment of personnel from/to billets requiring forward deployments:

a. The goal is to prevent assignment of personnel from a deployed unit to another deployed unit without a reasonable period of time between deployments.

b. Personnel should not be assigned without their consent from one deployable unit to another if the assignment would result in the following:

(1) Forward deployment (greater than 4 months) to be followed by a forward deployment (greater than 4 months) with less than a 6-month interval between the deployments.

(2) Forward deployment of more than 6 months out of the most recent 12 months.

c. Officer assignment/placement officers verify deployment status for personnel being transferred from one deployable unit to another utilizing Officer Assignment Information System (OAIS) screen A/P-9. For those assignments requiring the member's consent, assignment officers will log the member's consent in OAIS screen A-25.

4. **Split Tours.** Split tours are unprogrammed reassignments within the same geographic location as the present duty station at **no cost** to the government.

a. Split tours are applicable to both sea and shore assignments, and must remain consistent with the needs of the service and career development of the individual.

b. All split tour requests will be submitted to and approved by the cognizant assignment division director at NAVPERSCOM.

5. **Tour Extensions.** On a case-by-case basis, tour extensions at present duty stations for up to a maximum of 1 year may be requested at least 6 months prior to the PRD.

a. Approval of tour extensions will be based on a variety of factors such as officer career timing, availability of a relief, and requirements for other priority fills. Extensions will not be granted to allow officers to avoid their next career milestone.

b. Extensions for more than 12 months will be reviewed with caution and approved only under the most unusual circumstances.

c. Officers may request tour extensions and adjustments by sending a written request via their chain of command to the appropriate assignment branch, NAVPERSCOM (PERS-4XXX). The request should contain an explanation and any unusual circumstances that could assist NAVPERSCOM in determining a decision.

(1) Requests should be submitted 6-12 months prior to PRD or requested tour adjustment date.

(2) Officers must have completed 1 year at present duty station (for extension, 1-year area tours accepted) prior to submitting requests.

(3) Reporting senior's endorsement should contain a recommendation and any pertinent items relating to the reasons for the request.

d. All letters of approval for extensions will be caveated so an unforeseen "needs of the service" situation, which would necessitate shortening a previously granted extension could only be viewed as reasonable and understandable by all parties concerned. Letters of approval of PRD extensions will contain the following caveat:

"This approval of your tour extension request is based upon a review of your preferences, present billet requirements for officers of your seniority and experience, and your level of professional development. You may expect reassignment in (month), (year); however, in the event that unforeseen billet requirements arise prior to your new tour completion date, you may be considered for reassignment earlier than currently anticipated. If shortening of this extension becomes necessary, you will be given as much advance notice as possible in order to lessen the personal impact on you."

6. **Minimum Tour for Separation (MTS)**. Having determined that the United States Navy (USN) officer has retainability for a PCS move, notification of intent to issue/issuance of orders obligates the officer for the MTS at the new duty station.

a. This is the minimum specified time that the officer shall complete at the new duty station in order to defray the high PCS costs attendant to the move.

b. At this point, the emphasis on compliance shifts to completing the DOD or Secretary of the Navy (SECNAV) prescribed tour length (PTL). MTS requirements are the same as those for retainability contained in MILPERSMAN 1301-108.

7. **Prescribed Tour Length (PTL)**. PTLs, as provided in MILPERSMAN 1301-110 are set by SECNAV for sea duty assignment and by DOD for all others.

a. PRDs, if set in error, are not an authorization to move an individual prior to completion of the PTL.

b. In order to expend PCS funds, either the PTL must be satisfied or appropriate waiver approval must be obtained.

8. **Attendance at Service Colleges**. Career officers are screened for service colleges after promotion to O-4, O-5, and O-6, but are assigned as students only after completing current tours of duty.

MILPERSMAN 1301-106

OFFICER DISTRIBUTION - TIME ON STATION (TOS)

Responsible Office	OPNAV N131	Phone: DSN COM	664-5037 (703) 604-5073 nxag_n131e@navy.mil/
MyNavy Career Center		Phone: Toll Free E-mail: MyNavy Portal:	1-833-330-MNCC (6622) askmncc@navy.mil https://my.navy.mil/

1. **Requirements.** Time-on-station (TOS) applies primarily to consecutive continental United States (CONUS) shore tours. TOS is established to stabilize the lives of members and their family members and to reduce permanent change of station (PCS) costs. Department of Defense (DoD) requires members serve 36 months or more at a geographic location before receiving a cost PCS move. One or more activity tours in the same geographic location may be used to satisfy the 36-month minimum area tour.

a. The standard "minus 1/plus 3-month" projected rotation date (PRD) detailing window remains in effect; however, a PCS move 1 month early (for example, at 35 months on a 36-month tour) requires a TOS waiver approved by Assistant Commander, Navy Personnel Command (NAVPERSCOM) for Career Management (PERS-4). This window provides latitude and efficiency for matching members to available reassignments. The assignment officer will make very attempt to meet the actual PRD month.

b. Members ordered to commanding officer (CO) or executive officer (XO) billets ashore and moves necessitated by "career development and progression" must meet TOS requirements. A PERS-4 waiver is required, if necessary.

2. **Exemptions.** Certain CONUS PCS move types are exempted from the TOS requirement by specific DoD exemptions. These exemptions include the following reassignments:

a. To DoD overseas tour, a 2-year minimum Navy activity tour at CONUS sea/shore is required prior to transfer overseas.

b. From sea duty activity - sea duty tour lengths are set by Secretary of the Navy (SECNAV) per [MILPERSMAN 1301-110](#).

c. To sea duty activity - a 2-year minimum Navy activity tour at sea/shore is required prior to transfer to sea duty.

d. From duty under instruction (DUINS) (instruction 20 weeks or greater) - Tour length dependent upon length of instruction.

e. To DUINS - 24 months required at shore activity; a full sea tour is required coming from sea duty. (Exception: If transferring from a training activity, subparagraph 2d above applies.) PERS-4 division directors may waive this requirement on a case-by-case basis (not to be delegated).

f. Disqualification - security, professional, special weapons, and medical.

g. Humanitarian reasons.

h. From unit undergoing major weapon system change or unit conversion.

i. From unit designated new construction or undergoing homeport change.

j. Spouse collocation - for CONUS, requires 1 year at losing command for collocating spouse; the other spouse, if also transferring, must complete TOS requirement or **SECNAV recommended prescribed sea tour per those listed in [MILPERSMAN 1301-110](#)**. For overseas, a PERS-4 waiver is required.

k. First-termers - defined as O-1 and O-2 officers.

(1) Shore-to-shore with less than 3 years TOS require PERS-4 division director waiver approval on a case basis (not to be delegated).

(2) CONUS - officers transferring to DUINS require 24 months prior to a PCS move from a shore activity and a full sea tour prior to transfer from a sea activity. Orders in exception of this policy will be approved on a case-by-case basis by the respective PERS-4 division director (not to be delegated).

(3) Overseas - overseas first-termers must comply with DoD overseas tour lengths. Orders in exception of this policy (including assignment to DUINS) must receive a curtailment waiver approval from PERS-4.

l. Office of the Secretary of Defense, Office of the Joint Chiefs of Staff, or Defense Agency activity tour lengths are limited by statute.

m. SECNAV-designated tours to validate specialized professional credentials for doctors and lawyers before independent duty (**not** a general exemption for professional development).

n. Separation.

o. Nuclear billets under Naval Sea Systems Command (NAVSEASYS COM) Nuclear Propulsion (NAVSEA-08) cognizance (24-month minimum tour regardless of prior assignment or location).

p. Skill conversion (designator change).

3. Waiver Requests

a. For PCS orders that do not meet the 36-month TOS requirement and are not specifically exempted by this article, the assignment officer must obtain flag-level waiver approval. The following guidelines apply:

(1) Deputy Assistant Commander, NAVPERSCOM for Career Management (PERS-4B), officer assignments approval is required when members have less than 36 but more than 24 months TOS.

(2) PERS-4 approval is required when members have less than 24 months TOS.

b. A waiver can be generated in the Officer Assignment Information System (Version 2) (OAIS2) "WAVR" screen.

(1) When submitting a waiver request, assignment officers must ensure that specific, succinct justification comments are provided.

(2) PCS cost predictions are generally based upon anticipated completion of prescribed tours. Analysis of the total PCS cost of each waiver must be included for the approval process.

c. "Up front" CONUS TOS waivers can be approved only for officers being ordered to tours as follows:

(1) CO (2-year minimum tour required).

(2) Medical department specialties identified in
[MILPERSMAN 1301-110](#) (tour lengths as indicated).

MILPERSMAN 1301-108

OFFICER DISTRIBUTION - RETAINABILITY

Responsible Office	CNO (N131)	Phone:	DSN COM FAX	223-2303 (703) 693-2303 223-1189
---------------------------	---------------	--------	-------------------	--

1. **Background.** Retainability is the minimum obligated service (OBLISERV) an officer must have to qualify for issuance of cost permanent change of station (PCS) orders. Cost PCS orders cannot be issued unless retainability is met.

2. **Policy.** Retainability covers the period from the date of reporting for duty at the new duty station.

a. The following table lists the minimum requirements.

TRANSFER FROM	TRANSFER TO	RETAINABILITY
CONUS Shore or Sea	CONUS Shore Duty	2 Years
CONUS Shore	CONUS Sea Duty	1 Year
Anywhere	OVERSEAS Sea or Shore Duty	DOD Area Tour
Overseas	CONUS Sea or Shore Duty	1 Year

b. Nuclear-qualified officers assigned billets under Naval Sea Systems Command (NAVSEASYS COM) (NAVSEA-08) cognizance are 2 years.

c. Retainability and prescribed tour length (PTL) are not interchangeable terms. Both are satisfied prior to order writing.

(1) The retainability requirement is met in relation to the next PCS assignment.

(2) The PTL requirement is satisfied for the existing tour assignment.

3. **Letter of Intent (LOI).** Satisfaction of the retainability requirement for **all** cost orders is required. Factors that affect retainability are the letters of intent of Regular and Reserve officers and the resignation and release from active duty (RAD) requests of Regular and Reserve officers.

a. Where an officer's minimum service requirement (MSR) extends beyond the officer's current projected rotation date (PRD), an LOI may be used to notify Navy Personnel Command (NAVPERSCOM) the officer does not desire to remain on active duty beyond MSR.

b. An LOI shall be received by NAVPERSCOM no later than 6 months prior to the first day of the officer's PRD month. An LOI may be received after this time but does not preclude PCS orders notification prior to receipt of the LOI. This in no way restricts detailee-constituent communications at any time.

c. The LOI does not preclude issuance of PCS orders, provided the requested release date, which is the MSR unless earlier date approved by Assistant Secretary of the Navy for Manpower and Reserve Affairs (ASN (M&RA)), permits the officer to meet the retainability requirement for PCS orders to the next duty station.

d. The LOI must be followed by a tender of resignation/RAD or request to retire. This tender must be received at NAVPERSCOM 9 months prior to the MSR (9 months prior to an earlier date if approved by the ASN (M&RA)) to allow for processing, including adjustment of the PRD in Officer Assignment Information System Version 2 (OAIS2) and identification of a timely relief.

4. Attaining Retainability

a. USNR Officers

(1) Retainability for United States Naval Reserve (USNR) officers is equal to the MSR or obligation incurred as a result of accepting orders. The obligation incurred upon approval of a voluntary extension of active duty of definite duration is equal to the time requested by the member.

(a) Absence of a RAD request prior to the first day of the sixth month before the month of an officer's PRD will be construed as an officer's request to be retained beyond MSR.

(b) Officers can then be issued orders and will have retainability for not less than the minimum tour for separation MTS at the next duty station.

(2) If a USNR officer executes orders, the earliest time the officer may be released from active duty at the new duty station as a voluntary release from active duty (VOLRAD), without a waiver, **is the MTS date**. Although an officer may be retained

on active duty until completion of PTL, it has been common practice to approve releases upon completion of MTS, provided the request meets other OBLISERV and submission requirements. This policy will remain in effect unless Deputy Chief of Naval Personnel (DCNP) determines by competitive category/designator that significant personnel shortages are a compelling military necessity for retention. In the absence of a request for release, the officer will serve the full PTL.

(3) USNR Officer order writing decision matrix is as follows:

Retainability	Write Orders	Tour Length/Action
MSR > or = PTL	Yes	PTEXT P73043
MTS < or = MSR < PTL	Yes	PTEXT P73043
MTS < or = MSR	Yes	PTEXT P73044 (Note 1)
MSR < MTS	Yes	PTEXT P73043 (Note 2)
MSR < MTS	No	Extend PRD to MSR and retain onboard. (Note 1)

Note 1: Letter of intent or approved RAD.

Note 2: No letter of intent or approved RAD. Less than 6 months from PRD.
