MEMBER REGISTRATION

Anyone can register for a free DVIDS account. U.S. Government personnel who wish to submit Public Affairs, Visual Information, or Combat Camera content to DVIDS must select the category of "Military Public Affairs/Combat Camera" and utilize their official government email for registration.

Account Type

- Military Family Member
- Media/Reporter/Blogger
- Military Personnel
- Military Public Affairs/Combat Camera
- U.S. Government Service
- Friend of the Military
- Retired Military

MEMBER REGISTRATION: MILITARY PERSONNEL

Congratulations! You are now registered as Military Personnel (Non-Public Affairs or Combat Camera). In addition to being able to download high-resolution photos and videos, you can take advantage of the following features and benefits:

- **Faces From the Front** - *Faces From the Front* is a public affairs program designed to tell the individual stories of troops serving around the globe to the American people through multiple venues and media. Formerly part of the Army's *Operation Tribute to Freedom* program, *FFTF* is now administered by the Defense Visual Information Distribution Service (DVIDS). Every week, DVIDS selects service members with compelling stories to profile. DVIDS Media Relations Specialists then pitch those profile stories to hometown, veteran and defense media outlets with the goal of placing the profile article and generating interview opportunities. DVIDS also shares the profile via social media and posts it to the DVIDS public website.
- **Follow a unit, military journalist, operation or topic** - Get alerts when DVIDS receives news or imagery content about the units, people or subjects that are of interest to you.
