This screenshot shows a form titled '* Select Action'. It contains two radio button options: 'View Command Information' and 'Edit Command Information'. The 'Edit Command Information' option is selected, indicated by a blue dot. Below the options are two buttons: 'Previous' and 'Next'. The 'Next' button is highlighted in blue. Red arrows point to the 'Edit Command Information' radio button and the 'Next' button.

2. Type your UIC and then click "Next"

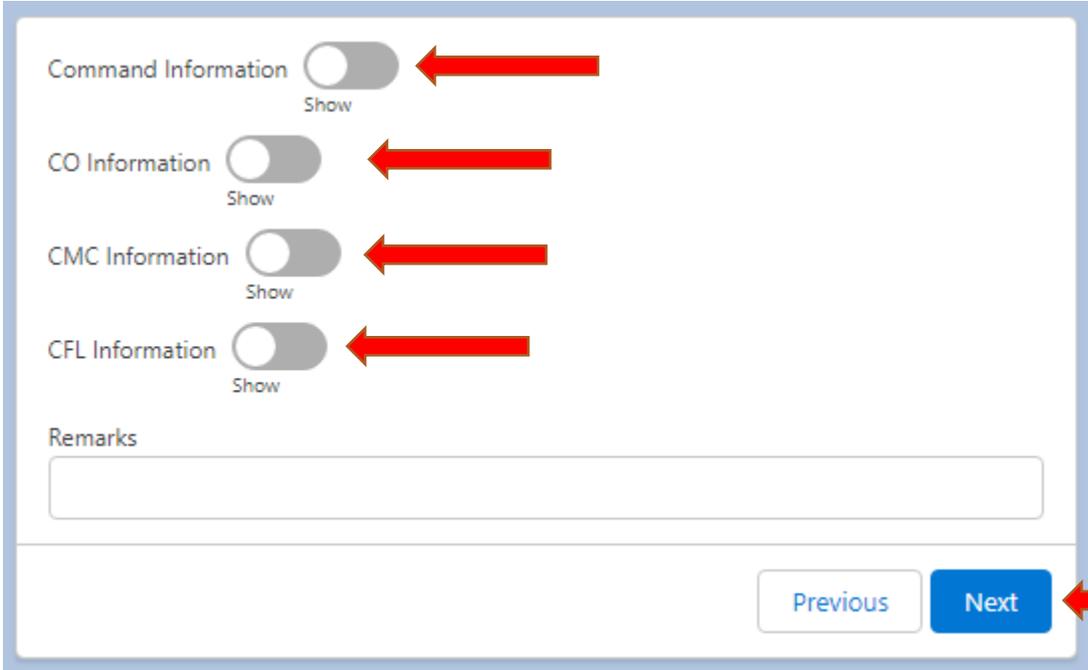

* Search For UIC

Type your UIC

Previous Next

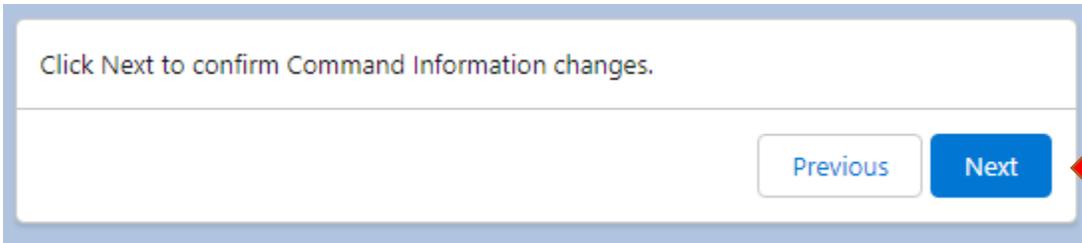

This screenshot shows a form titled '* Search For UIC'. It features a search input field with a magnifying glass icon on the left and a close 'X' icon on the right. The text 'Type your UIC' is entered into the search field. Below the search field are two buttons: 'Previous' and 'Next'. The 'Next' button is highlighted in blue. Red arrows point to the search input field and the 'Next' button.

3. PRIMS will display command information for the UIC you clicked. Toggle the “show” button to display the Command, CO, CMC and CFL information. Update information and then click “Next”

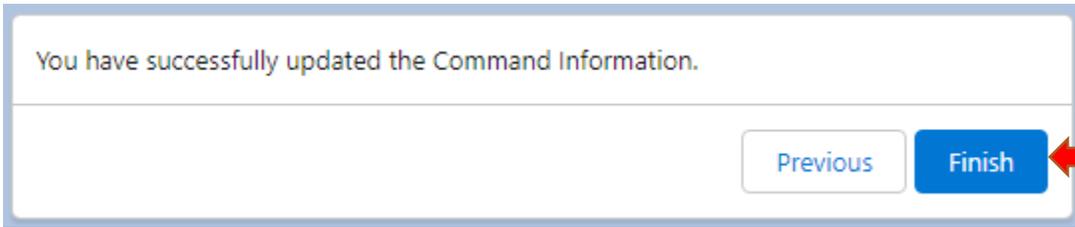

The screenshot shows a form with four toggle switches, each labeled with a type of information and a "Show" button. Red arrows point to each of these "Show" buttons. Below the toggles is a text input field labeled "Remarks". At the bottom right, there are two buttons: "Previous" and "Next". A red arrow points to the "Next" button.

4. Click “Next” to confirm Command Information Changes

The screenshot shows a confirmation message: "Click Next to confirm Command Information changes." Below the message is a text input field. At the bottom right, there are two buttons: "Previous" and "Next". A red arrow points to the "Next" button.

5. Click “Finish” to successfully update the Command Information.

The screenshot shows a success message: "You have successfully updated the Command Information." Below the message is a text input field. At the bottom right, there are two buttons: "Previous" and "Finish". A red arrow points to the "Finish" button.
