New! Combat Fitness Assessment (CFA)

In accordance with **OPNAVINST 6110.1 (series)**, Combat Arms personnel must participate in scheduled CFA cycles unless medically waived, in a pregnancy or postpartum status, or prohibited by operational requirements. Combat Arms personnel include:

- ✓ Naval Special Warfare (NSW; SEAL and Special Warfare Combat Crewman (SWCC))
- ✓ Explosive Ordnance Disposal (EOD)
- ✓ Fleet Diving (Navy Divers and Diving Officers (Chief Warrant Officer Designator 720X))

CFAs must be administered by a qualified Command Fitness Leader (CFL) and/or Assistant Command Fitness Leaders (ACFLs).

How It Works

CFL administers the CFA as outlined in the OPNAVINST 6110.1 (Series) and PRP Guides.

Combat arms personnel participate in the scheduled CFA.

CFL records CFA results on the appropriate score sheets and enters data into PRIMs.

Overview of Medical Waiver

Med Waiver Guidance

Medical waivers are authorized for Sailors with an injury or illness, or for Sailors recovering from a surgical or medical procedure that prevents them from participating in the Official Navy FA before the end of the Official Navy FA cycle.

You can create and edit medical waivers in PRIMS for your Sailors to:

- ✓ Properly track who received a waiver.
- ✓ Ensure Sailors are meeting the conditions and restrictions outlined in their waiver.
- ✓ Maintain accurate records to determine Sailor eligibility to participate in the FA and under which specific conditions.

For additional guidance, see **PRP Guide-6** within the Guides section of the **MyNavy HR Physical Readiness** site.

How It Works

The Sailor is not physically cleared for one or more events during medical screening.

The CO/OIC endorses the medical waiver.

The CFL adds the medical waiver in PRIMS.

The Commanding Officer (CO)/Officer in Charge (OIC), Authorized Medical Department Representative (AMDR), Command Fitness Leader (CFL), and individual Sailors have responsibilities regarding medical waivers.

CO/OIC

- Designate an AMDR in writing to make recommendations on the FA medical waivers.
- Approve or Disapprove all command FA Waivers.
- Refer Sailors who receive medical waivers for a Medical Record Review (MRR) via the Medical Evaluation Board (MEB) process.

AMDR

- Must be appointed in writing by the CO/OIC.
- Review all positive PARFQs and recommend medical waivers.
- Facilitate uploading a copy of the NAVMED 6110/5 and/or PARFQ into the Electronic Health Record.
- Make PFA medical recommendations to the CO via NAVMED 6110/5.

CFL

- Ensure all Sailors have proper medical screening/clearance prior to CFA participation.
- Ensure Sailors requiring medical evaluation & clearance based on PARFQ responses report to medical.
- Review medical waiver recommendations and documents.
- Ensure CO/OIC approved FA Waivers for the current cycle are documented in PRIMS.
- PRIMS calculations require the medical waiver be entered prior to the BCA and PRT/CFT data. Failure to do so will cause the Sailor's PRT to reflect "Incomplete," and an LOC will be required for correction.

Sailor

- The member is responsible to seek medical attention for medical issues that limit or affect their physical readiness prior to the official CFA.
- The PARFQ must be completed in MNP for each official CFA cycle prior to participation in the CFT.

The screenshot shows the 'Medical Waiver Cycle 2 2026' form in edit mode. The form is divided into several sections: 'Med Waiver Warning Message', 'Medical treatment/therapy', 'Comments', and 'System Information'. The 'Medical treatment/therapy' section includes a list of items with checkboxes: 'Inability to obtain BCA Measurement', 'Pull Ups Waived', 'Push-ups Waived', 'Cardio Waived', and 'CFT Swim Waived'. The 'Comments' section has a text area for 'Enter comments here if required.' The 'System Information' section is currently collapsed. On the right side of the form, there are three summary cards: 'PARQs for Parent Fitness Ass... (0)', 'BCAs for Parent Fitness Asses... (1)', and 'Fitness Tests for Parent Fitness... (1)'. Each card displays specific details like 'Cycle 2 2026', 'BCA Name: BCA-0006750857', 'BCA Date:', 'FT Name: FT-0006715840', 'FT Date:', and 'Final Category: INCOMPLETE'. At the bottom of the form, there are navigation controls: a left arrow, a right arrow, and a series of dots (the first four are blue, the last one is grey).

The waiver is updated and edit mode is closed.

Maintaining Physical Readiness

Maintaining physical readiness affects your Sailors' and the command's overall health and mission readiness. Not meeting physical readiness standards may have significant consequences on a Sailors career, including but not limited to:

- ✓ Inability to apply for certain job assignments
- ✓ Inability to advance or promote
- ✓ Retention eligibility

How It Works

CFL drafts and publishes the official 10 Week Notice.

CFL/ACFL conducts BCA in accordance with policy and ensures the Official BCA Score Sheet is filled out completely.

CFL reviews and retains original written documentation and enters BCA data in PRIMS.

How to Use This Tutorial

Tip: Use your **Mouse or Tab** to move between interactive elements and **Enter** to activate a selection.

- Use the **Navigation panel** on the left to move between lesson sections.
- Select the **Home** icon at any time to return to the course start page.

BCA Policy Reminders

CFLs have a **45-day window** to test a Sailor who is fully participating in the CFA. The testing window begins on the date that the Sailor's BCA was performed (Day 1), and the Sailor's CFT must be completed before Day 46.

For instances where a Sailor has a medical waiver on any portion of the CFA, the medical waiver must be entered into PRIMS before adding the BCA and/or CFT.

The official BCA is the first and only BCA authorized once the command CFA cycle has begun. Once the official BCA has been completed, BCA retests are not authorized.

Editing a BCA in PRIMS

Command CFL/ACFL roles are allowed a limited number of edits to correct CFA data that is entered incorrectly, such as:

- ✓ Data entry errors
- ✓ Editing Medical Waivers

Combat Fitness Test (CFT)

CFT Guidelines

In accordance with **OPNAVINST 6110.1 (series)** and Navy Physical Readiness Program standards, all Sailors assigned to Naval Special Warfare, EOD, Fleet Divers and Diving Officers will participate in the Command Fitness Assessment (CFA).

Note: All results must be accurately recorded and submitted through PRIMS within mandated timelines.

CFT Guidance

Combat Arms personnel must participate in scheduled CFA cycles unless medically waived, in a pregnancy or postpartum status, or prohibited by operational requirements.

How It Works

CFLs and/or ACFLs administer the CFT.

Sailor completes the 4 identified CFT events in sequence.

CFL records results on the appropriate CFT score sheet and enters data into PRIMS.

How to Use This Tutorial

Tip: Use your **Mouse or Tab** to move between interactive elements and **Enter** to activate a Selection.

- Use the **Navigation panel** on the left to move between lesson sections.
- Select the **Home** icon at any time to return to the course start page.

Quick Steps

As a CFL, you must understand the administrative requirements for CFTs. Review these key facts about CFT administration and procedures:

- 1 CFAs must be administered by a qualified Command Fitness Leaders (CFLs) and/or Assistant Command Fitness Leaders (ACFLs).
- 2 CFTs must be administered by Combat Arms personnel qualified as CFLs and/or ACFLs.
- 3 The CFT consists of the specified modalities in the following sequence.

✓ Swim ✓ Push-Ups ✓ Pull-Ups ✓ Run

Note: All modalities must be completed during a single session.

For additional guidance, see **PRP Guide-5B** within the Guides section of the **MyNavy HR Physical Readiness** site.

The screenshot shows the PRIMS2 interface. At the top, there is a search bar with the text "Q 1234567890". Below the search bar, there are several tabs: "PRIMS2", "Home", "Contact Records", "Fitness", "Reports", "Files", "PARFQs", "FEP Enrollments", and "Reports". A hand cursor is pointing at the "Fitness" tab. The main content area is divided into several sections: "PRIMS - Coordinator Message", "FA Data Load Widget" (with "Upload Files" and "Load FA Data" buttons), "Command Authorizations" (with a "Search for UIC" field), and a "Next" button. On the right side, there are three panels with "Next" buttons, each containing text about authorizing ACFLs and searching Command Information by UIC. At the bottom of the interface, there is a row of 10 circular indicators, with the first one being blue and the others grey.

Step 1 of 10: In the **Search** field, type the **DODID**, then press the **Enter** key.
