SECTION 2: PRIMS RELATED QUESTIONS

Q. My .csv file uploads, but I am not receiving any notification or feedback on the document I uploaded?

ANS: Before uploading a .csv file, check your profile/user account and ensure your email address is correct in Salesforce. Follow the instructions below to check what email address is listed:

- Locate the **Eagle symbol** on the top right side of the salesforce page when in PRIMS2, when you hover over the Eagle, it says “**View Profile**”, click select
- Then select “**settings**”. This will take you to the “**personal information**” page.
- There you will see a line item listed as “**Email**” - this is where you need to ensure your entire email is correct. Make any edits as necessary.
- Go to the bottom of the personal information page and select “**Save**” *If you fail to save, your work it will be lost.*
- Return to the Home page and menu to start the .csv upload process.
- If you still do not get the results of your upload in and email notification, please check your junk folder.
- Still no results found, please utilize the Tier 0 self-service in MNP or tier 1 MNCC/HRSC trouble desk and request they submit a MNHR_eCRM_Tier2_HELPDESK trouble desk ticket to address the issue.

Q. If I was the CFL and now I’m designated as an ACFL, what do I need to do to change my PRIMS access?

ANS: All new documents for the new role must be submitted as a “**MODIFICATION**” to primis@navy.mil for processing. The SAAR should be marked as “Modification” vice “Initial” and “Yes” in blk 13 (already have a Salesforce account).

Q. Why do I get an “incomplete” when I enter a member’s Medical Waiver?

ANS: “Incomplete” error usually occurs when the CFL/ACFL puts in scores (BCA/PRT) before inputting the Medical Waiver. CFL/ACFL must enter the Medical Waiver, BCA, and PRT in that order to avoid getting the “incomplete”.

Q. I have a Sailor who made a mistake on their PARFQ. How can that be corrected?

ANS:

- If an edit to the PARFQ does not require the Sailor to present to the Medical Department to complete medical screening, CFL can edit the Sailors PARFQ.
- For an edit to the PARFQ where there is the potential intent of Sailor avoiding medical screening, CFL is to direct Sailor to seek proper medical screening to reduce the risk of injury.
- CFL accepts an inherent risk when editing a PARFQ on behalf of a Sailor.
- CFL has only one opportunity to make an edit to a Sailor’s PARFQ.

Q. What do I need to do if my record was “accidentally” placed in a transfer status and my permissions were stripped?

ANS: You must resubmit all **NEW** CFL or ACFL documents to PRIMS@navy.mil. Refer to Guide 7 for what documents you need to submit.

Ref: PRP Guide 7

Q. What is Physical Readiness Information Management System Two (PRIMS-2)?

ANS: PRIMS-2 is the authoritative database for all physical readiness data on Active Component (AC) and Reserve Component (RC) Navy Service Members.

Ref: PRP Guide 7

Q. Who can gain access to PRIMS-2?

ANS: Per Guide 7, *“The only authorized users within PRIMS-2 are: Command Fitness Leaders (CFLs), designated Assistant Command Fitness Leaders (ACFL 1 or ACFL 2), Special Users.*

Ref: PRP Guide 7

Q. Why won’t all Assistant Command Fitness Leaders have access to PRIMS-2?

ANS: The number of ACFLs having PRIMS-2 access is adjusted per command size due to a limited number of licenses available.

Ref: PRP Guide 7

Q. What documentation is required to gain access to PRIMS-2?

ANS: To gain access to PRIMS-2, the following documents must be provided via email to the PRP Office at: PRIMS@navy.mil:

- **CFLs:** CFL Certification Course Certificate, CFL PRIMS Access Letter and SAAR (DD2875) Form
- **ACFLs** SAAR (DD2875)Form
- **All other Authorized Users:** Command Designation letter and SAAR (DD2875) Form

Ref: PRP Guide 7

Q. What is required on the SAAR (DD2875) Form?

ANS: Step by step directions for filling out the SAAR form can be found at: [Accessing PRIMS-2: Complete a SAAR](#)

Ref: PRP Guide 7

Q. Where can I find my PFA summary data?

ANS: PFA Summary data can be obtained via the member’s MyNavyPortal account as follows:

- Log into the MyNavy Portal
- Click on the “Career & Life Events” drop down tab and select “Performance”
- When Performance comes up, click on the “View my PRIMS Dashboard”

Ref: NAVADMIN 251/22

Q. How can I fill out my PARFQ in PRIMS-2?

ANS: Sailors will complete their PARFQs electronically via MyNavy Portal, on the MyRecord link. Only PRIMS-2 authorized users (e.g. CFL) can input a PARFQ that is blank or make one correction to a PARFQ (that was submitted through MNP) in PRIMS-2, if approved by the Commanding Officer.

Ref: NAVADMIN 251/22

Q: I completed my PFA at my last command, but the data was not updated before I detached. How do I get my PRT Cycle info updated?

ANS: Per Guide 1, *“The command at which the PFA was conducted (not the new command) is responsible for record update via the Letter of Correction (LOC) process/submission.”*

Ref: PRP Guide 1

Q. How do I correct discrepancies in my PFA data?

ANS: Per Guide 1, *“In order to correct a Sailor’s PRIMS PFA record, an LOC must be drafted by the CFL, signed by the CO/OIC, and forwarded to the PRP office along with supporting documentation.”*

SECTION 3: GENERAL QUESTIONS

Q. What nutrition resources and/or expertise is available to support Sailors at my command with their physical readiness?

ANS: The MyNavyHR [Navy Nutrition](#) webpage contains many credible nutrition resources as well as the [Navy Registered Dietitian Nutritionist \(RDN\) Locator](#).

Q. Can a detachable fan be used on the Rower and/or Bike while conducting the PRT?

ANS: No. No additional equipment is authorized on approved alternate cardio machines.

Q. Why does the PRP Office return my SAAR Form?

ANS: To ensure the SAAR Form is forwarded to eCRM for account creation, it must be correctly filled out otherwise PRP will return the form for correction. Common errors are: Block 14 not checked, IA training not completed in the current FY, putting data in blocks that should be left blank, digital signatures not obtained.

Q. What is a modification SAAR Form?

ANS: A modification SAAR Form is required when requesting a change to a previously submitted SAAR Form. These changes include: PRIMS role (ACFL to CFL in the same command); adding additional UICs, etc. Step by step directions for filling out the SAAR form can be found at: [Accessing PRIMS-2: Complete a SAAR](#)

****SAAR Form must be annotated as a “Modification” vice “Initial.”**

Q. Why did I lose access to PRIMS?

ANS: CFL/ACFLs are required to log in every 30 days, or they risk losing their access to the UICs assigned to them in the system. Loss of access could result in the CFL/ACFLs submitting a new SAAR Form.

Q. Why do I get an error message when trying to enter PFA data on the Sailors in my command?

ANS: The most common error is insufficient access which means your permission sets as CFL/ACFL are not associated with your assigned UICs, or you are attempting to update a record in TRANS that has not yet been gained. To correct this, you need to ensure the members PFA record is gained to your UIC or contact the PRP Office via PRIMS@navy.mil for a resolution.

Q. As a new PRIMS-2 user (i.e., CFL/ACFL, Special User), is there any PRIMS 2 training available prior to, and after, gaining access?

ANS: CFL/ACFL training course can be located on the Physical Readiness webpage at: [PRIMS-2 Training \(navy.mil\)](#)

Q. Why can't I sign the member's PARFQ after inputting it in the system?

ANS: Usually due to inputting/editing data, saving it, and trying to go back in to edit. CFL has ONE opportunity to enter a new PARFQ and/or edit a member's submitted via MNP PARFQ. Once the CFL is locked out of edits to the PARFQ, an LOC is required with pertinent documentation.

Q: Why am I receiving the error “insufficient access rights on cross-reference” when trying to gain a member?

ANS: Usually this error happens when (1) the member has not been gained to your UIC, (2) the ACFL/CFL has lost access to that UIC due to inactivity. **This error may also happen when trying to save a BCA, PARFQ or Medical Waiver.**

Q: How do I process a check out that has not completed a PFA prior to leaving the command?

ANS:

- If current command is in their Command Cycle, and there is ample time to test member before member leaves, conduct the PFA in full prior to leaving and document member before transfer of PFA record.
- If current command is not in the Command Cycle, and there is not time to complete the PFA on the member, and member will not have ample time to complete a full PFA upon arrival at the ultimate PCS duty station - Capture the member's official BCA in PRIMS 2 and document the PRT participation as PCS.
- If current command is NOT in their command cycle, and member has time to complete the PFA at final PCS location, Transfer the PFA record so that the gaining CFL can gain and administer the PFA for the member upon arrival.

Q: Will requests sent via a personal (none DOD) email account be processed?

ANS: No. All requests/inquiries in relation to the PRP office must be sent via a DOD email account. The PRP office does **NOT** process any requests from a personal email address due to CUI material.

Q: What do I need to do to have my CFL/ACFL account “REACTIVATED”?

ANS: Send an email to askmncc.fct@navy.mil with the PRIMS-2 users DODID and a screenshot of error message. MNCC will forward these requests to the MNHR_eCRM_Tier2_HELPDESK queue.

****Error messages can range from:**

- Certificate verification failed
- Insufficient Privileges
- NO-ACCESS: Unable to find a user
- REACTIVATION (did not log in over 30 days)
