SECTION 2: PRIMS RELATED QUESTIONS

Q: The previous command did not place a Sailor's PFA record in a "TRANS" UIC status in PRIMS. How do I get the Sailor's PFA record in a "TRANS" UIC status to be gained?

ANS: It is the responsibility of the CFL/ACFL to place members in a transfer status. The previous CFL shall be contacted to arrange transfer of the affected PFA record. Requests for PRP Office to place a member in the "TRANS" UIC status must include documented proof of failed contact (e.g., email attempts) to the previous CFL. Being underway or deployed is not sufficient reasoning for PRP Office to act on behalf of a command.

REF: PRP Guide-7

Q: What should I do to remove an ACFL's PRIMS access who longer require access?

ANS: CFL shall submit a memo requesting ACFL role removal, including the reason, to askmncc@us.navy.mil when that access is no longer required.

REF: PRP Guide-7

Q: Considering the CY26 Navy PRP updates, are there any required PRIMS actions that the CFL/ACFL must take for members enrolled in the FEP prior to January 1, 2026?

ANS: Yes. Members enrolled in the FEP prior to January 1, 2026 must be disenrolled and re-enrolled to ensure FEP records are properly maintained and accurate.

REF: PRP Guide-7

Q: I can't find my course completion certificate. What can I do?

ANS: Submit a copy of your electronic training jacket (ETJ) indicating 8CFL NEC. Submission of the ETJ is good for five years from date of NEC award.

REF: PRP Guide-7

Q: I am a drilling reservist and was denied the CFL role. What can I do?

ANS: COMNAVRESROCOM policy allows only the NRC CO/OIC to designate and maintain the CFL role. SELRES may apply for the ACFL role via the NRC CFL. All ACFL PRIMS access requests must be submitted by the CFL.

REF: CNRFC PRCO at CNRFC_FORCE_HEALTH_N9@US.NAVY.MIL

Q: If I request numerous UICs on my CFL PRIMS access letter (i.e., exceeding 50); do I have to list ALL the CFLs with access to those UICs on the letter?

ANS: Yes. Only ONE CFL can have PRIMS access to a UIC. Therefore, one CFL must be removed to give another CFL access to those UICs.

REF: PRP Guide-7

Q: When requesting CFL access, do I need to submit a designation letter?

ANS: No. The required documentation for CFL PRIMS is consist of the following: CFL PRIMS Access Letter, CFL Certificate or CNIC confirmation email and CFL SAAR, which are then submitted to MNCC at .

REF: PRP Guide-7

Q: Why did I lose my PRIMS access when I've had it for months without issue?

ANS: PRIMS is developed to automatically delete/remove the PRIMS role (e.g. CFL/ACFL) of a Sailor who's PFA record is placed into a transfer status. Common issues include:

- CFL/ACFL provides training using a live record and places a CFL/ACFL into transfer status. Alternately, utilize the applicable PRIMS Training Course at <https://www.mynavyhr.navy.mil/Support-Services/Culture-Resilience/Physical-Readiness/PRIMS-Training/>.
- Incoming CFL/ACFL receives PRIMS access prior to arriving at their new command and is subsequently placed into transfer status by the previous command.

REF: PRP Guide-7

Q: When my CFL is on leave, can PRP place me into a transfer status?

ANS: CFL/ACFLs are responsible to gain and transfer a Sailor's PFA Record to and/or from the command.

REF: PRP Guide-7

Q: I submitted my PRIMS access request prior to transferring to my new command and was subsequently placed into transfer status. How do I get my PRIMS access back?

ANS: New access documents must be submitted to askmncc@us.navy.mil.

REF: PRP Guide-7

Q: If I need to add more UIC(s), do I submit ONLY the NEW UIC(s) required, or do I have to list the previous UIC(s) as well?

ANS: Both. The primary UIC and any ADDITIONAL UICs must be documented on the CFL PRIMS access letter and SAAR (in block 13) to be assigned.

REF: PRP Guide-7

Q: What should I do if my SAAR gets returned due to not opening?

ANS: Submit the SAAR via DODSAFE <https://safe.apps.mil@navy.mil> and email to askmncc@us.navy.mil along with the required items below:

- DODSAFE LINK (to pick-up documents)
- CLAIM ID
- RECIPIENT CODE
- CLAIM PASSCODE

****PLEASE DO NOT SELECT A SPECIAL ENCRYPTION CODE!**

Note: Set pick-up expiration for a minimum of 7 days to allow adequate time for processing.

Q: Should CFLs and ACFLs be designated on the same designation letter?

ANS: No. CFLs and ACFLs have different roles, so the letter formatting requirements are different. Therefore, they must be submitted separately.

REF: PRP Guide-7

Q: Is there an example of the ACFL designation letter:

ANS: No. Refer to your Admin department for a standard designation letter.

Q: Can I run a report to find PFA summary data for my command?

ANS: Yes. PFA Reports are now located in one central location for PRIMS users. As the PRP Office develops and post reports, the users will be able to export/download, print, and save to a location created by CFL/ACFLs.

REF: PRP Guide-7, CFL PRIMS Training Course

Q: After being placed in a transfer status, why can't I (CFL/ACFL) see my command contacts when I am REGAINED to my UIC?

ANS: The system is designed to strip/remove access when placed in a transfer status; even if REGAINED. Submit all new required documents to askmncc@us.navy.mil.

REF: PRP Guide-7

Q: I'm a new CFL/ACFL. What do I need to submit to gain access to PRIMS?

ANS: For step-by-step guidance on completing DD Form 2875, refer to the CFL or ACFL PRIMS training courses available on the PRP webpage.

REF: PRP Guide-7

Q: Once my CO/OIC signs my designation letter and my SAAR is complete, where should I submit my documentation for PRIMS access?

ANS: askmncc@us.navy.mil

REF: PRP Guide-7

Q: Why is my LOC with Data Load Widget submission being returned so often?

ANS: The data load widget can only be submitted as a CSV file and has a specific format that must be used so that all the information can be uploaded correctly. Please refer to the "Data Load Widget Directions" file on the PRP webpage for step-by-step instructions on how to fill out the file. Failure to do so will result in the file being returned for re-work.

REF: PRP Guide-7, PRP Webpage

Q: My CSV file uploads, but I am not receiving any notification or feedback on the document I uploaded?

ANS: Before uploading a CSV file, check your profile/user account and ensure your email address is correct in Salesforce. Follow the instructions below to check what email address is listed:

- Locate the **Eagle symbol** on the top right side of the salesforce page when in PRIMS, when you hover over the Eagle, it says "**View Profile**", click select
- Then select "**settings**". This will take you to the "**personal information**" page.

- There you will see a line item listed as “**Email**” - this is where you need to ensure your entire email is correct. Make any edits as necessary.
- Go to the bottom of the personal information page and select “**Save**”. If you fail to save your work, it will be lost.
- Return to the Home page and menu to start the CSV upload process.
- If you still do not get the results of your upload in and email notification, please check your junk folder.
- Still no results found? Please utilize Tier-0 self-service in MNP or Tier-1 MNCC/HRSC trouble desk and request they submit a MNHR_eCRM_Tier2_HELPDESK trouble desk ticket to address the issue.
- **REF: PRP Guide-7**

Q: If I was the CFL and now I’m designated as an ACFL, what do I need to do to change my PRIMS access?

ANS: All new documents for the new role must be submitted as a “**MODIFICATION**” to askmncc@us.navy.mil for processing. The SAAR should be marked as “Modification” vice “Initial” and “Yes” in block 13 (already have a Salesforce account).

REF: PRP Guide-7

Q: I have a Sailor who made a mistake on their PARFQ. How can that be corrected?

ANS:

- If an edit to the PARFQ does not require the Sailor to present to the Medical Department to complete medical screening, CFL can edit the Sailors PARFQ.
- For an edit to the PARFQ where there is the potential intent of Sailor avoiding medical screening, CFL is to direct Sailor to seek proper medical screening to reduce the risk of injury.
- CFL accepts an inherent risk when editing a PARFQ on behalf of a Sailor.
- CFL has only one opportunity to make an edit to a Sailor’s PARFQ.

REF: PRP Guide-7, CFL PRIMS Training Course

Q: What do I need to do if my record was “accidentally” placed in a transfer status and my permissions were stripped?

ANS: You must resubmit all **NEW** CFL or ACFL documents to askmncc@us.navy.mil.

REF: PRP Guide-7, CFL/ACFL PRIMS Training Courses

Q: What is Physical Readiness Information Management System (PRIMS)?

ANS: PRIMS is the authoritative database for all physical readiness data on Active Component (AC) and Reserve Component (RC) Navy Service Members.

REF: PRP Guide-7

Q: Who can gain access to PRIMS?

ANS: The only authorized users within PRIMS are: Command Fitness Leaders (CFLs), designated Assistant Command Fitness Leaders (ACFL 1 or ACFL 2), Special Users, and Read-Only (e.g. Physical Readiness Control Officer (PRCO), Echelon, Command Triad, Command Administrative/Personnel Officer, and Command Career Counselor).

REF: PRP Guide-7

Q: Why won't all Assistant Command Fitness Leaders have access to PRIMS?

ANS: The number of ACFLs having PRIMS access is adjusted per command size due to a limited number of licenses available.

REF: PRP Guide-7

Q: What documentation is required to gain access to PRIMS?

ANS: To gain access to PRIMS, the following documents must be provided via email to the PRP Office at: askmncc@us.navy.mil

- CFLs: CFL Certification Course Certificate, CFL PRIMS Access Letter and SAAR (DD2875) Form
- All other authorized users: Command Designation Letter and SAAR (DD2875) Form

REF: PRP Guide-7

Q: What is required on the SAAR (DD2875) Form?

ANS: Step by step directions for filling out the SAAR form can be found under the "PRIMS TRAINING" tab to the left-hand side of the PRP webpage. Click the link to the appropriate PRIMS Training Course according to your role.

REF: PRP Guide-7; CFL PRIMS Training Course

Q: Where can I find my PFA summary data?

ANS: PFA Summary data can be obtained via the member's MyNavy Portal account as follows:

- Log into the MyNavy Portal
- Click on the "Career & Life Events" drop down tab and select "Performance"
- When Performance comes up, click on the "View my PRIMS Dashboard"

REF: NAVADMIN 251/22

Q: I completed my PFA at my last command, but the data was not updated before I detached. How do I get my PFA data updated?

ANS: The command at which the PFA was conducted (not the new command) is responsible for record update via the Letter of Correction (LOC) process/submission.

REF: PRP Guide-1

Q: How do I correct discrepancies in my PFA data?

ANS: In order to correct a Sailor's PRIMS PFA record, an LOC must be drafted by the CFL, signed by the CO/OIC, and forwarded to askmncc@us.navy.mil along with supporting documentation.

REF: PRP Guide-1

Q: How do I update my command information?

ANS: PRP is working with developers to provide future functionality that allows for a CFL to manually edit their command information as needed. To update command information in the meantime, you must submit a request for assistance to HYPERLINK "mailto:askmncc@us.navy.mil". Your request must include::

- Correct names, emails, and phone numbers for the CO, XO, CMC, and CFL.
- A specific list of every UIC you are responsible for. Please list each one individually.

Once submitted, MNCC will forward these cases to the MNHR eCRM IT Tier 2 team for action and update.

Q: How do I transfer or gain a member?

ANS: PRIMS training is available in a Learning Management System (LMS) training environment and provided step-by-step instructions regarding the transfer or gain of a member's PFA record. Refer to the PRIMS Training tab located on the left-hand side of the MyNavy HR PRP webpage.

REF: PRP Guide 7, CFL/ACFL PRIMS Training Courses

Q: Where can I find info/instructions on how to upload a CSV file?

ANS: The CSV file (aka: Data Load Widget) info can be found within the PRIMS Library tab (PRIMS Document Library) under "FILES" tab on the home screen. ANS: No. Only the CFL/ACFL documents are required for PRIMS access.

REF: PRP Guide-7

Q: What is a modification SAAR Form?

ANS: A modification SAAR Form is required when requesting a change to a previously submitted SAAR Form. These changes include: PRIMS role (ACFL to CFL in the same command); adding additional UICs, etc. Step by step directions for filling out the SAAR form can be found within the CFL/ACFL PRIMS Training Courses located on the PRP webpage under the PRIMS TRAINING tab on the left-hand side of the screen

REF: PRP Guide-7

Q: As a new PRIMS user (i.e., CFL/ACFL, Special User), is there any PRIMS training available prior to, and after, gaining access?

ANS: Yes. PRIMS training courses for CFL, ACFL, and Read-Only roles are located on the PRP webpage under the “PRIMS TRAINING” tab on the left-hand side of the screen.

REF: PRP Guide-7

Q: Why can't I sign the member's PARFQ after inputting it in the system?

ANS: Usually due to inputting/editing data, saving it, and trying to go back in to edit. CFL has ONE opportunity to enter a new PARFQ and/or edit a member's submitted via MNP PARFQ. Once the CFL is locked out of edits to the PARFQ, an LOC is required with pertinent documentation.

REF: CFL PRIMS Training Course

Q: Why am I receiving the error “insufficient access rights on cross-reference” when trying to gain a member?

ANS: Usually this error happens when (1) the member has not been gained to your UIC, (2) the ACFL/CFL has lost access to that UIC due to inactivity. This error may also happen when trying to save a BCA, PARFQ or Medical Waiver.

Q: Why do I get an “incomplete” when I enter a member's Medical Waiver?

ANS: “Incomplete” error usually occurs when the CFL/ACFL puts in scores (BCA/PRT) before inputting the Medical Waiver. CFL/ACFL must enter the Medical Waiver, BCA, and PRT in that order to avoid getting the “incomplete”.

Q: What do I need to do to have my CFL/ACFL account “REACTIVATED”?

ANS: Send an email to with the PRIMS users DODID and a screenshot of error message. MNCC will forward the request to the MNHR_eCRM_Tier2_HELPDESK queue. with the PRIMS users DODID and a screenshot of error message. MNCC will forward the request to the MNHR_eCRM_Tier2_HELPDESK queue.

****Error messages can range from:**

- REACTIVATION (did not log in over 30 days)

REF: PRP Guide-7

Q: Why do I get an error message when trying to enter PFA data on the Sailors in my command?

ANS: The most common error is insufficient access which means your permission sets as CFL/ACFL are not associated with your assigned UICs, or you are attempting to update a record in TRANS that has not yet been gained. To correct this, you need to first ensure the members PFA record is gained to your UIC. If the issue persist, then contact for resolution.
