# Regional Support Centers

RSCs are each responsible for CPPA training and command engagement in specific geographical areas. RSCs provide CPPA indoctrination and refresher training – training sessions may be in person, virtual, or individualized to a command. RSCs notify CPPAs and commands of changes to policies and procedures, scheduled system outages, and other important information. RSCs provide feedback to command leadership when appropriate on CPPA performance and repeated or significant issues affecting Sailor pay. This feedback may take the form of individualized feedback to specific commands via phone call or email, or more generally through base tenant command meetings and broadcast emails.

## RSC Areas of responsibility – CONUS, Alaska, and Hawaii

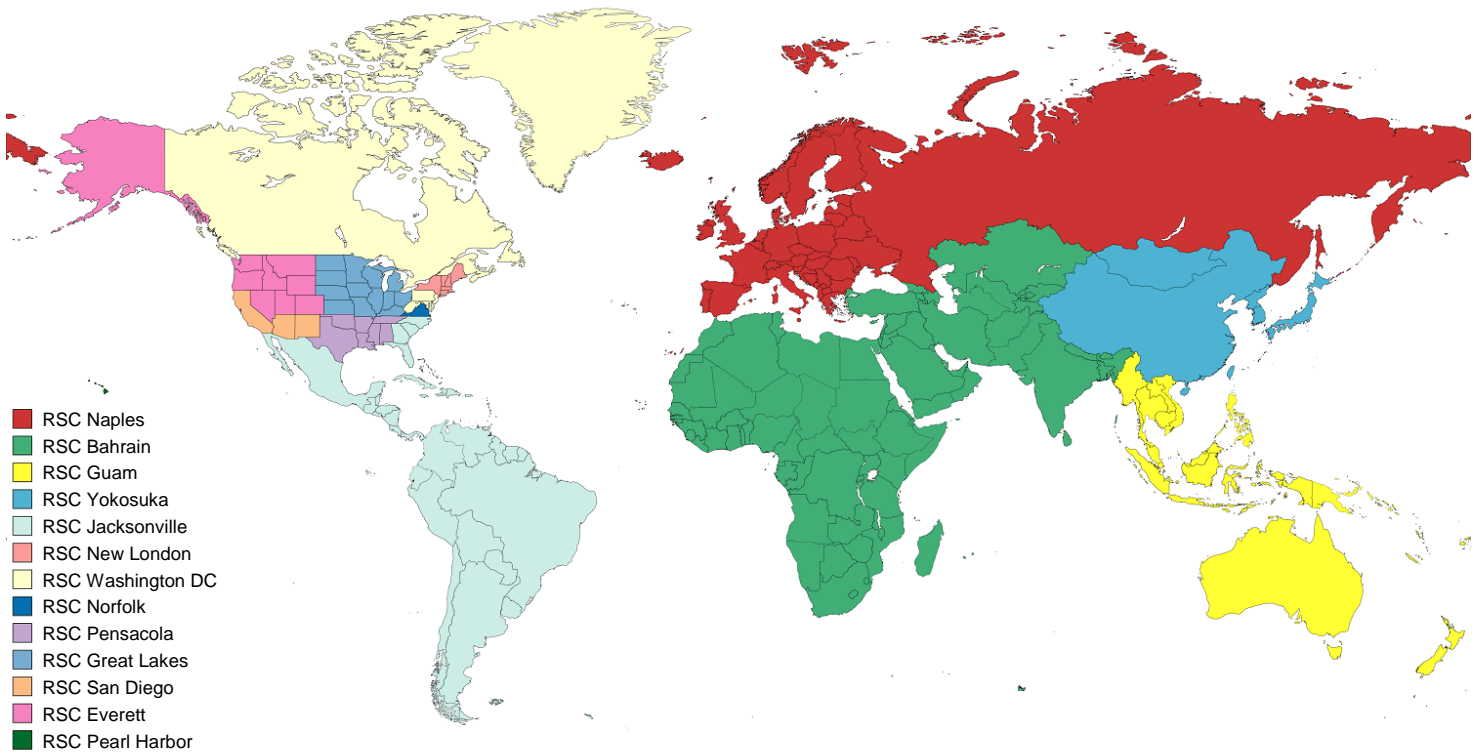

- RSC Everett
- RSC San Diego
- RSC Pensacola
- RSC Jacksonville
- RSC Norfolk
- RSC Washington DC
- RSC New London
- RSC Great Lakes
- RSC Pearl Harbor
