

# NAVY PAY AND PERSONNEL SUPPORT CENTER OPS ALERT

Ser N3: 004-20

System Update: WHAT'S NEW FOR YOU NSIPS 1.4.19.0 VERSION 2

Release Date: 2/7/2019

Effective Date: Immediately

**BLUF:** There have been multiple updates and system enhancements incorporated into Navy Standard Integrated Personnel System (NSIPS) 1.4.19.0 Version 2 and the Command Pay and Personnel Administrator (CPPA) User Role. Remember the new URL for NSIPS access: <https://www.nsips.navy.mil>. System enhancements and new functionality was deployed on 25 January 2020.

## Discussion:

- With the release of NSIPS 1.4.19.0 system enhancement include:
  - Record of Emergency Data/Dependency Application (RED/DA) updates (see attachment for details)
  - NSIPS System Access Authorization Request (SAAR)
  - Retirement and Separations changes (see attachment for details)
  - Availabilities (added PERS Codes)
  - Service Dates (Functionality of PRD, and ACC)
- Previously CPPA's were limited in their ability to create, process and use NSIPS. The following are new additions to the new CPPA role:
  - Command Pay and Personnel Administrator (CPPA) Phase II
    - Electronic Service Record
    - Create Transactions
    - Pending Transactions
    - Orders Processing
  - Command Pay Personnel Administrator (CPPA) Phase III
    - Create Transactions
    - Pending Transactions
    - Report
- For further details see attachments: **What's New For You NSIPS Release 1.4.18.0, NSIPS Release 1.4.19.10 Version 2** for inclusive list of CPPA user role updates.

## What this means to you:

- Additional training will be provided to help CPPA's understand how to navigate the new functions.
- The addition of these navigation functions will increase the speed of pay and personnel transactions originating from the individual commands.
- This will ensure a standardized and streamlined transaction process across the PAYPERS domain.

**FUTURE UPDATES TO CPPA USER ROLE ACTIVITY REPORT & GAIN IS FORTHCOMING**
