

# NAVY PAY AND PERSONNEL SUPPORT CENTER OPS ALERT

Ser N3: 005-24

## PROCEDURE UPDATE: **NSIPS UNIT ADMINISTRATION MODULE UPDATE BY CPPA**

Release Date: 2/7/2024

Effective Date: Immediately

**BLUE:** Command Pay and Personnel Administrators (CPPA) are tasked with updating their command's UIC(s) points of contact (POC) information in the Navy Standard Integrated Personnel System (NSIPS) Unit Administration module.

**DISCUSSION:** The NSIPS Unit Administration module provides a central place for CPPAs to maintain key command POC information (triad and administrative POCs). This information provides MyNavy Career Center (MNCC), Transaction Service Centers (TSC), Regional Support Centers (RSC), Type Commanders, and pay and personnel professionals reliable contact information for key command stakeholders, enabling better and faster communication when trying to resolve personnel and pay inquiries or issues.

**UPDATING UNIT ADMIN INFORMATION:** To update command UIC(s) information, CPPAs will navigate in [NSIPS](#) to Main Menu > Unit Administration > Admin UIC Information, then complete the following steps for each UIC over which they have responsibility.

- In "Department", type UIC and click "search."
- In "UIC Data" tab, update Commanding Officer's information.
- In "UIC Address/Telephone" Tab, update Commanding Officer, Executive Officer, CMC/SEL, Personnel Office, Lead CPPA, CPPAs (up to 10 CPPAs may be listed), Duty Phone, and other command POCs as applicable.
- Update "RUIC Info" and "RUIC IDT Data" if applicable.

**CPPAs should update their Unit Admin information when:**

- Reporting onboard.
- Any changes occur to command triad and command POCs.
- As a best practice, CPPAs should verify the accuracy of Unit Admin info semi-annually.

The Unit Administration module allows for CPPAs to update command POCs for UICs to which they have security access. Additionally, CPPAs may search any UIC Navy-wide and find the POC information for another command, enabling efficient and timely communication when required to resolve pay and personnel issues between commands.
